e. Inclosure 1 to Letter, Hqs I Corps, file AG 004 BA dated 17 December 1947, subject: "Clarification of Status of Oil Storage Facilities Presently in Use by Occupation Forces".

2. In compliance with reference 1a, above, the following information is submitted, in an effort to clarify the status of the Sasebo Munitions Department.

BASIC: Ltr, Nagasaki Mil Govt Team, subj: "Status of the Sasebo Munitions Department", dtd 8 March 49.

a. The Sasebo Munitions Department consisted of fourteen (14) different installations as indicated in inclosure 1. These installations were not placed on reparations as they were not part of the Sasebo Naval Arsenal, but part of the Sasebo Naval Station. The Sasebo Naval Station was comprised of seventy (70) departments with installations located all over Kyushu.

b. In Nagasaki Prefecture the following departments were selected for reparations under reference 1h above.

(1) Sasebo Naval Yard (27-6)

(2) Sasebo Naval Arsenal (27-3)

(3) 21st Naval Air Depot (Sasebo Branch) (27-2)

(4) Kawatana Naval Arsenal (27-1)

(5) 21st Naval Air Depot, Omura (27-4)

c. In compliance with reference 1d above, the Sasebo Naval Yard (27-6) was combined with the Arsenal to which it is adjacent. Therefore, the Sasebo Naval Arsenal (27-3) now includes the Sasebo Naval Yard.

d. In compliance with reference 1g, above, the oil storage facilities listed in inclosure 2 were placed on reparations in December 1947; these oil storage facilities were formally a part of the Sasebo Munitions Department. This headquarters had received no instructions or information regarding the inclusion of the other nine departments (see inclosure 1) on the reparations list.

e. In the latter part of 1945 and early 1946, the 10th Marine Division released 706 machine tools and 1,000 machine tool accessories to the Japanese Home Ministry. Subsequently this equipment has been scattered all over Kyushu (see inclosure 13).

f. The only equipment belonging to the Sasebo Munitions Department, which has not been released to the Japanese Home Ministry is listed in inclosure 12.

BASIC: Ltr, Nagasaki Mil Govt Team, subj: "Status of the Sasebo Munitions Department", dtd 6 March 49.

2. It is the opinion of this headquarters that only oil storage facilities of the Sasebo Munitions Department are subject to reparations.
