DECLASSIFIED E.O. 12065 SECTION 3-402/NNDC NO. 71303

(c) Midget truck

The insufficiency of organs of transportation in neighbourhood, is most weak-point to rebuilte destructed districts after War-calamities, on the point of these conditions, the presentation of midget truck is very effective to the Nations and so this factry has the suitable system to do it.

Fence-forcb, before long time, this factory must take up anyone of enterprisments as chiefproductive subject.

Midget-truck is that most powerfull candidate.

I have received this factory and inventory for the Home Ministry on this date 28 Nov 45
