It is suggested that reply to the attached letter from the Chinese Mission be worded approximately as follows:

"Attention is invited to paragraph 2, of Section XVII of the Final Protocol of the Universal Postal Convention at Paris, 5 July 1947, which reads in part as follows:

> 'Germany, Japan and Korea, temporarily precluded from acceding to the Convention and Agreements may accede to these Acts, without submitting to the formalities prescribed by Article 3, when the time is considered opportune by the responsible authority.'

"Japan was afforded and accepted the opportunity to adhere to the Convention, including the Parcel Post Agreement, by the Supreme Commander for the Allied Powers. Official notification of adherence of the Japanese Government to the Universal Postal Convention and to the Parcel Post Agreement was transmitted to the Government of the French Republic in Paris through the United States Government on 23 August 1948.

"The Japanese Government has been advised as to the request contained in paragraph 3 of the reference memorandum and the exchange of parcel post has been discontinued for the present."

MEMORANDUM FOR: Supreme Commander for the Allied Powers
Attention of Civil Communications Section

THROUGH: Foreign Liaison, G-2, GHQ

SUBJECT: Exchange of Parcel Post between China and Japan

1. The Ministry of Communications, China, has received a letter from the Japanese Post Office, reference number 112/FMS-27, dated 9 September 1948, proposing exchange of parcel post between Tokyo and Yokohama post offices in Japan, and Shanghai and twenty-five major post offices in China, as of 1 September 1948.

2. The said Ministry has pointed out that the Agreement for Exchange of Parcel Post made before the war between China and Japan was declared null and void when the Sino-Japanese war broke out; that Japan is not a signatory to the International Parcel Post Agreement concluded last year in Paris; that normal post business has not yet been resumed since the termination of the war, and that since the said proposal has not been sanctioned by General Headquarters of the Supreme Commander, payment of balances due either post office can not be effected.

3. In view of the above, the Mihistry of Communications, China, considers that the proposal mentioned in the reference letter from the Japanese Post Office to exchange parcel post between China and Japan can not be accepted at present. It is requested that the Japanese Government be notified accordingly.

FOR THE CHIEF OF THE MISSION:

1. The Ministry of Communications, Japan, has received a letter from the Japan Post Office, reference number ITS-2MT\5LL, enclosing a booklet entitled "Japanese Post Offices", prepared by the Japanese Post Office and published on 1 September 1946.

2. The Ministry has also informed the Allied Powers that Japanese Post Offices in Japan, Manchuria and Korea will be closed on 1 September 1946.

3. The Ministry has requested that the Allied Powers be informed that Japanese Post Offices in Japan will open for business on 1 October 1946.

4. In view of the above, the Ministry of Communications, Japan, requests that the Supreme Commander, Allied Powers, authorize the reopening of Japanese Post Offices in Japan, Manchuria and Korea. It is suggested that Japanese Post Offices be reopened on 1 October 1946.

1. Reference is made to Par. 2a, letter from Headquarters 500th Army Postal Unit, subject; "Handling of Registered and Insured Mail by Unit Mail Clerks", so much as reads "as each article is delivered, the Unit Mail Clerk shall require the addressee to sign both copies of Form 922 to acknowledge receipt of the article".

2. A discussion of the above cited paragraph between Maj. Aland Theatre Postal Section and Capt. Chandler, Foreign Liaison, resulted in a suggestion by Maj. Aland that the Mission authorize by letter, a representative, either Japanese or Mission member to pick up and sign for all official, registered and insured mail for the Mission and the members thereof.

3. It is requested that the suggestion made above by Maj. Aland be confirmed in writing to Foreign Liaison for the protection of the personnel handling the mail, and as an interpretation enabling this section to make this deviation from the above quoted regulation.

Reference is made to the recent discontinuance of the Philippine-Ryukyus Command courier service between Manila and Tokyo.

It is requested that a check be made of all outgoing classified and unclassified mail from Manila to determine whether or not any of the addressees are using PAO channels for the transmission of their personal correspondence. Particular attention should be given to mail addressed to persons in Japan, in which the writer suggests that packages be sent to addresses in the Philippines, who in turn forward the packages to Japan. Effort should be made to ascertain whether or not any of the addressees are receiving packages from persons in the United States, using PAO channels.

SUBJECT : Customs examination of mail addressed to U.K.L.M.

1. With reference to recent conversation Mr. Dunham-Mr. Westlake regarding a sealed bag addressed to this Mission, (which was presumed to have been opened by the Customs because a fee was charged by the Japanese Post Office), the following particulars are given:

(a) The bag was numbered X62 and labelled in the same manner as the enclosed labels on a later bag.

(b) The contents of the bag according to the invoice should have been
1 parcel numbered TOK/26
1 parcel numbered TOK/25
6 Cotton Gravures
6 Port of London
2 Photos.

Of these, only the two parcels have been delivered and the bag itself and remaining contents have not been delivered.

2. Under present circumstances exception is taken to official mail being examined by the Japanese Customs and it would be appreciated if the Japanese Government could be instructed not to open sealed official bags addressed to this Mission.

TO: General Headquarters,

FROM: The Canadian Liaison Mission,
TOKYO.

REFERENCE: AG 400 (10th January 1948) GD.

1. The directions contained in your memorandum under reference have been noted and will be complied with. However, it is felt that some special attention should be given to the circumstances under which this mission is supported.

2. The Canadian Liaison Mission is entirely dollar supported. United States dollars are bought in New York with Canadian dollars and the prevailing exchange rate is paid thereon. United States dollars are forwarded through the National City Bank for use of the Mission here. The Mission is logistically supported by British Commonwealth Occupation Force organizations but since at the moment it does not have access to sterling credits, it is necessary to exchange dollars for BCOF military scrip with which to buy the bulk of our supplies. The Mission is attempting to establish a sterling credit which will relieve to some extent our need for the use of dollar credits but there is no indication as to when a satisfactory arrangement can be made final. In order to supplement basic rations, it is necessary at times to import foodstuffs from either Canada or the United States and naturally these are paid for from our dollar credits. Your memorandum under reference does not seem to provide for our particular circumstance and therefore we wish to acquaint you with our needs in the event that we might encounter difficulties

DECLASSIFIED
Authority 795006

in future in procuring United States Military Scrip.

3. Recently we have experienced difficulty in procuring postal money orders at United States Army Post Offices. Since the Mission is dollar supported entirely, it would seem reasonable that its members should be allowed to make purchases in the United States provided they do not in any way run counter to the regulations set out by General Headquarters. The only method by which Canadian dollars can be made use of in Japan is by changing them into United States dollars and then changing the latter into United States Military Scrip. It seems reasonable that scrip procured in this manner could be remitted either to Canada or to the United States by postal money order as the most convenient method at hand. For the limited amount of purchasing done by individual members of the Mission, it would seem unreasonable to set up a large number of separate bank accounts, each of very modest size, here in Tokyo. It is therefore requested that we be allowed to make use of United States postal money orders when necessary.

4. It would be appreciated if information further to your memorandum under reference could be supplied this Mission in the light of the circumstances set out above.
