NO. 63.

DECLARES DEATH DUE TO POISON

EXPERT EVIDENCE AT TRIAL OF CRIPPEN

Doctor Unable to Determine Sex of Mangled Body Found in Cellar

(Times Leased Wire.) London, Sept. 16.—Witnessed for the crown to-day administered another blow to the crumbling evidence against Dr. H. H. Crippen, the American dentist, when they admitted that they could not determine the sex of the mangled body found in the basement of the Crippens' Islington home.

The witnesses were Dr. W. W. Wilcox and Dr. B. H. Spillbury, experts employed by the government. Dr. Wilcox examined parts of the body found in the Crippen home for traces of poison and discovered traces of hyoscine, which he said caused death.

Questioned to-day as to the sex of the body, Dr. Wilcox said he believed it was "probably female."

Answering the questions of Arthur Newton, representing the defence, he admitted that he could not tell definitely. He said he had made a microscopic examination of the parts of the body found but that nothing in the structure of the tissues examined indicated sex.

During the questioning of the experts on this point, Dr. Crippen and Miss Ethel Levene, who sat together in the prisoners' dock, exchanged glances and a shadow of a smile crossed the doctor's face when the witnesses admitted that they could not say whether the body found was that of a man or a woman.

Though the prisoners were allowed to sit together to-day, the court ordered again that they should not converse with each other. This restriction was removed a few days ago and the fact that it has again been ordered caused the belief that the crown feels that its case is falling, and will make another effort to get the expert to testify against the man with whom she fled to America.

"Persons who knew her believed that Mrs. Crippen died through hyoscine poisoning," testified Dr. Wilcox. "The dose, evidences of which were discovered in the parts of the body found in the Crippen home, while somewhat more than that required to bring about fatal results, indicated expert judgment in preparing. I did not find any other cause for death. I am satisfied that death followed the taking of the poison within an hour."

Dr. Wilcox testified that the poison probably had been administered through the mouth and not hypodermically. He said he had examined five jars containing parts of the body and had discovered approximately two-sevenths of a grain of hyoscine. He admitted that it was impossible to tell how long the body had remained in the basement.

(Concluded on page 16.)

PREMIER BOTHA Defeated by Sir P. Fitzpatrick in South African election.

FAMOUS FARM IS TO BE SOLD

PATERSON PROPERTY WILL BE SUBDIVIDED

His Honor the Lieut. Governor to Dispose of Holdings in Fraser Valley

Widespread attention has been attracted by the announcement, just made, that Hon. T. W. Paterson, lieutenant-governor, has decided to dispose of his beautiful 100-acre tract in Delta district, just to the west of Port Mann, the new C. N. P. city on the banks of the Fraser.

Practically all the land is in a high state of cultivation, but on account of its proximity to the growing railway centre its value in five-acre blocks for residential purposes is far greater than as a farm for the production of local fruit and vegetables.

The property is famous throughout the province, and its fields of grain are familiar to all who have to drive or take the train through that district. It is just to the west of Port Mann and overlooks the Fraser river, the bridge spanning the stream and the city of New Westminster, as well as a large section of neighboring country.

The C. N. R. line to Seattle and the branch to Cloverdale run right past the tract, while the British Columbia Electric tramline, now being built to Chilliwack, passes the westerly boundary of the property.

Nearby, and just west of the bridge over the Fraser river, the street railway company is spending \$100,000 in erecting cararks, repair shops and wharves, so that the subdivision is one of the best located and most advantageous in that section.

The five-acre blocks are to be put on sale at the offices of John McLeod & Co., 516 Pender street west, Vancouver, on Monday morning, November 3, at 9 o'clock. The price asked by the holders is \$100 per acre, in terms. One of the novel arrangements laid down in connection with the sale of the subdivision is that purchasers may secure the services of the owners in having their blocks kept in a high state of cultivation for two years.

BANDIT KILLS CHINAMAN.

Bisbee, Ariz., Sept. 16.—Armed posses to-day are scouring the canyons and desert sections near the Mexican line for the bandit who killed an unarmed Chinese early to-day after robbing him and a companion of \$50.

The murder was committed in the outskirts of Bisbee shortly after midnight. The highwayman, it is thought, will try to escape into Mexico.

NEW CHILEAN BATTLESHIPS.

London, Sept. 16.—The time in which tenders will be received for the construction of two battleships for the Chilean navy has been extended to October 15. As there is a possibility that the specifications which now require that the guns and certain machinery be of English design and manufacture may be modified, it is thought American shipyards will bid for the contract.

OPPOSES ANNEXATION.

Berkeley, Cal., Sept. 16.—By a vote of nearly 3 to 1, the plan to annex Berkeley to Oakland was defeated yesterday. The official count, practically completed to-day, fixes the figures at 4,909 against and 1,402 for the proposition. Interest in the election was so keen that out of a registration of 7,272, 5,410 votes were cast.

WINNIPEG PUBLIC BATHS.

Winnipeg, Sept. 16.—The library and baths committee has endorsed a wide-spread petition for the erection of public baths costing \$50,000. This ensures the adoption of the scheme.

ELECTIONS IN SOUTH AFRICA

NATIONALIST MAJORITY OVER UNIONISTS

Premier Botha Defeated—Dr. Jameson Elected in Two Constituencies

Capetown, Sept. 16.—The returns of the elections for the parliamentary representation of United South Africa, available up to midnight last night, show the position of the opposing parties to be: Nationalists, 39; Unionists, 26; Independents, 5; Labor, 1.

General Botha, whose sudden decision a month or two ago to contest the seat of Sir Percy Fitzpatrick, the leading Progressive, was the political sensation of the day, has been defeated. Sir George Farrar has captured a seat in opposition to the late minister of finance, Mr. Hall.

From the results it is apparent that Capetown is solidly Unionist. Dr. Jameson, who had already won an unopposed seat at Albany, was returned for the Capetown harbor division by a vote of 1,411 to 602 over his Nationalist opponent, Mr. Herbert.

Speaking at Pretoria after the declaration of the poll, the premier said: "I shall do my utmost to stamp out radicalism."

Over one-third of the members of the Union Assembly were returned without opposition. Of these eleven are members of the Afrikaner Bond, nine are Het Volk and eight Unionists, the latter being all in Cape Colony. The unopposed returns include: Dr. Jameson for Albany, Mr. Merriman for Victoria-West, Mr. Sauer, minister of railways for Alhambra North, Dr. Smutt (who was a member of Dr. Jameson's ministry) for Fort Beaufort, Mr. Graf for Namaqualand, Mr. Fischer (minister of lands) for Bethlehem, Mr. Hertzog (minister of justice) for Smithfield and Mr. Walton (formerly treasurer general of the Cape) for Port Elizabeth.

The Unionists contested 15 seats in the Cape, 21 in the Transvaal and 5 in the Orange River Colony or province, as it becomes under the new order of things.

TRADES CONGRESS ELECTS OFFICERS

W. GLOCKING, OF TORONTO, AGAIN PRESIDENT

Resolution Regarding Bonuses Causes Breeze at Session at Port Arthur

(Special to the Times.) Port Arthur, Ont., Sept. 16.—This is the first piece of fire introduced into this congress, said one of the delegates yesterday when there was a little breeze blowing at the first session of the Trades and Labor Congress in Port Arthur. President Glouceking saying "we are clean so far, let us not descend to personalities."

The bone of contention was the introduction of a motion against introducing Chairman of Resolutions Campbell said that as that was a part of the labor platform he did not see the use of wasting time on it.

Delegate Flanders: "In what part of your constitution does the secretary find anything against bonusing?" Delegate Pettipiece: "By your usual trickery you are trying to."

Delegate Flanders: "What trickery? I am not in the chair." The chair was being temporarily taken during the momentary absence of President Glouceking by Delegate Franco, Mr. Franco is a French delegate from Montreal, and the manner in which he put the motion and subsequent amendment of non-realism was not intelligible to some of the audience.

Delegate Somerville: "We want this congress, whether it is part of the labor platform or not, to go on record whether we are in favor of bonusing or not."

Giving to a misunderstanding some voted "yes," when they meant "no," and confusion ruled for a few seconds, until finally it was straightened out by it being moved and seconded that the previous question be reconsidered. (Concluded on page 16.)

DR. JAMESON Leader of the Unionist party in South Africa.

GEORGIAN BAY CANAL PROJECT

Dominion Government Will Be Urged to Take Up Work as State Undertaking

(Special to the Times.) Ottawa, Sept. 16.—It is stated that the Georgian Bay Canal project will likely be a prominent feature of discussion at the forthcoming session. Although a private company has the charter to do this work, influence is being brought to bear to have the government take up the work as a state undertaking. The main argument advanced is that the revenue derived from the development of water power would be sufficient to pay the interest on the cost of the undertaking. It is known that the movement for a definite decision in the matter has some very influential support.

MAY REMAIN ABROAD.

(Special to the Times.) Montreal, Sept. 16.—Credence is given in semi-official circles to the report that Mr. Shurett, now absent in Rome, will not return to Canada to resume the duties of papal legate. For some time past, Father Lepelletier, superior general of the Sulpicians, has been in Canada, making an extensive tour throughout the Dominion. In certain quarters this prolonged stay is regarded as an indication of the possibility of his appointment to the legation at Ottawa replacing Mr. Shurett.

TO ORGANIZE BRANCHES OF VETERANS' ASSOCIATION

Col. Thomas Scott Leaves Winnipeg on Tour of Cities in Northwest

(Special to the Times.) Winnipeg, Sept. 16.—Col. Thos. Scott, ex-M. P., chairman of the organization committee of the Imperial Veterans' Association of Canada, and commander of the Veterans' Brigade, left Winnipeg to-day on a long and important tour through the west. He goes first to Calgary where he will arrive on Saturday evening. His purpose is to organize branches of the association, and it is hoped to include all veterans now living in the west. He will afterwards visit Edmonton, Medicine Hat, Regina, Almonte and other points where companies will be established.

Mr. John McDougall, of Calgary, has been appointed honorary chaplain of the veterans while Very Rev. Dean Saragout of Qu'Appelle has been appointed chaplain of the St. Paul Veterans' Brigade.

CHOLERA IN ITALY.

Rome, Sept. 16.—Five new cases and two deaths from cholera have been reported in southeastern Italy.

HUNTER KILLED NEAR MALAHAT

CHESTER YOUNG IS SHOT BY ACCIDENT

Thirteen Boys in Party—Colin Wood, Unloading Gun, Causes Death of His Friend

The shooting season which opened yesterday was marked by the death of Chester Young, who was shot and killed while hunting in the Malahat Mountain district.

The perpetrator of the deed, which is held to have been accidental, is a young man named Colin Wood, who was out hunting with Chester Young and a party of boys. Wood is now held by the provincial police, and is locked up at the city police station pending an enquiry, which will be held by the coroner.

Chester Young was about 18 years of age. He went shooting yesterday with Wood in the Malahat district. In the hunting party there were altogether 13 young fellows. The names of those who made up the party, in addition to the deceased and Wood, are: H. C. Young, a brother of deceased, V. Ray, W. Butler, C. Butler, L. Heegan, E. Richardson, H. Richardson, F. Richardson, W. Titzer and D. Scharschmidt.

Deceased was shot through the body with a .34 bullet which entered from the front and over the left lung. He was a son of the postmaster at Keating's. The lad lived a short time after being shot, but died on the mountain side before medical aid could be secured. The body was conveyed to the home.

Superintendent of Provincial Police Hussey this morning conducted an enquiry at the provincial police offices, where some of the members of the shooting party attended. The accident occurred about 5.30 p.m. yesterday, when the day's shooting was practically over, and the party was making its way to the water side with a view to crossing Tod Inlet and gaining the road to Keating's. The news of the fatality was telephoned to the city last night.

Colin Wood is employed as an engineer at the Tod Inlet cement works. He is 23 years of age. His parents reside in Victoria. The thirteen young fellows, the eldest of whom was Pitzer, who is about 26, went out yesterday for the day's shooting, and were close together when the accident occurred. Wood was standing five or six yards from deceased, emptying the chamber of his rifle when the discharge occurred. All the boys who were present say the shooting was accidental.

An inquest will be held to-morrow afternoon at Keating's at 3 o'clock by the coroner.

COURT OF ARBITRATION.

The Hague, Sept. 16.—The first meeting of the International Court of Arbitration to hear the Orinoco claims case in dispute between the United States and Venezuela will be held on October 20th.

WILL REACH THE TWO MILLION DOLLAR MARK

All Building Records in the History of Victoria Will Be Broken the Present Year

Permits have been issued by the building inspector to Peter S. Turner, for a dwelling to be erected on Linden avenue to cost \$1,500 and to Mrs. A. Barker for a dwelling on Grant street to cost \$1,500.

There is no diminution in the remarkable activity in building now to be noted. All records have been broken by the figures of the permits issued since the opening of the present year. The total is \$1,725,830, compared with \$1,573,420 for the whole twelve months of last year, this being an increase of over \$150,000 in excess of the largest total for any one year in the history of the city.

There is therefore every reason to believe that this year's aggregate value of buildings for which permits have been issued will be well in excess of the two million dollar mark.

CLAIMS REWARD.

Seattle, Wash., Sept. 16.—John Taub, a clerk in a Seattle hardware store, is on his way to Louisville, Ky., to-day to claim the \$13,000 reward offered for the capture of Joseph Wendling, the accused slayer of little Alma Kellner. Wendling was in Seattle just before he went to California, where he was captured. Taub spotted the man here and persuaded the city detectives to go to the house where Wendling was staying to arrest him. Wendling had become suspicious, however, and had fled. Taub's lawyers declare that the big reward rightfully belongs to him as he gave the first information that led to the fugitive's apprehension.

NEW MANOEUVRE GROUNDS.

Vancouver Barracks, Wash., Sept. 15.—General Marion P. Maus, commander of the department of the Columbia, with a party, to-day left for Southern Oregon points, including Klamath Falls, for the purpose of inspecting the annual manoeuvres of regular and state troops. Heretofore the encampments have been held at American Lake near Tacoma.

HAS NARROW ESCAPE.

Nampa, Ida., Sept. 16.—After twice escaping death by the narrowest of margins and indirectly being responsible for the injury of two trainmen, the 4-year-old daughter of Mr. and Mrs. H. C. Mills, of Pittsburg, Kas., en route to her home with her parents without a bruise to remind her of her experiences.

The child fell from the vestibole of the eastbound passenger train, No. 6, the train was travelling at a rate of 40 miles an hour. Her parents saw her fall and were so paralyzed with terror that they forgot to stop the train. When the express pulled into Colwell, Jack Crews and Edwin Murray, two railroad employees, were sent back to find the child.

They mounted a light speeder and soon afterwards found the little girl unharmed seated on a pile of cinders. They were returning toward Caldwell when Mr. M. K. his wife and two husky

laborers swung around a sharp curve on a handcar. A collision resulted, Crews, Murray and the child were hurled some distance and the girl fell over a small cliff. Crews and Murray were so badly hurt that they were removed to a hospital at Caldwell, but the child was uninjured.

TOUR BY AEROPLANE.

Boston, Sept. 16.—Aeroplane tours to be conducted on similar plans to those governing automobile tours are embraced in a proposition announced by Charles J. Glidden, originator of the Glidden tours for automobiles. Mr. Glidden has offered a valuable trophy to the national council of affiliated automobile clubs to be competed for annually under such rules as the national council may prescribe. It is planned that the initial tour should start from the Harvard Boston aviation field in 1911.

MEET WISHES OF PARENTS

PUPILS MAY ATTEND THE NEAREST SCHOOL

School Board Makes Concession on Complaints From North End of City

At last evening's meeting of the school board Superintendent Paul directed attention to several complaints which parents in the eastern portion of the city have made relative to the present boundaries fixed to regulate school attendance. In that section bounded by Quadra street, King's road, Cook street and Tolmie avenue, there are many who object to having to send their children to the George Jay school, when the North Ward school is nearer at hand.

After some debate the board decided that children from the section contained within the above boundaries may elect to attend either the George Jay school or the North Ward school, but once the election is made the parents must abide by it.

In this connection Trustees Staneland and Riddell objected to the delay which has occurred in connection with the installation of the heating system in the new Moss street school. The contractors are the Pacific Sheet Metal Works. The work should have been completed by August 1. The delay has put the board in an awkward position, as pupils who should be in attendance at Moss street have had to be sent to other schools.

It was decided that the matter should be taken up by the buildings and grounds committee and that a visit will be paid to the school to-day in an endeavor to ascertain the reason for the delay.

Some doubt having arisen in regard to the question of title to the Hillside avenue school property, the question will be referred to the educational department.

Trustees Jay, McNoll and Staneland were appointed a committee to take up with the city council the drafting of the agreement provided for in the by-law recently passed approving of the Spring Ridge site for the new high school. The question of plans for the building will be considered at an early date and an architect appointed. Mr. Willis, principal of the high school, will be taken into consultation.

The superintendent and the buildings and grounds committee will consider the question of moving some of the smaller buildings at the rear of the Central school grounds and the re-arrangement of the classes.

At the suggestion of the directors of the B. C. Agricultural Association the board will request the educational department that Tuesday, Sept. 27, be made a holiday so that that date may be made Children's Day at the exhibition.

The request of C. E. Berkley, scoutmaster, "B" troop, Boy Scouts, that the assembly hall in the North Ward school be allowed for the use of the sports was referred to the superintendent for report. On the suggestion of Trustee Riddell an estimate of cost of erecting a building on the grounds of the George Jay school for a manual training centre and for fixing up a room for a similar purpose at the South Park school was referred to the building and grounds committee.

Mr. McLeod, a graduate of Dalhousie College, was appointed first assistant at the South Park school at a salary of \$80 per month. Miss Freeman and Messrs. Murray and Burgess were also appointed to the staff at salaries of \$52.50, \$70 and \$90 respectively. Tenders for the supply of electric light fixtures for the George Jay school will be called for at once.

MILL DESTROYED.

Como, Que., Sept. 15.—Hodgson's lumber mill and 400,000 feet of lumber were burned here yesterday afternoon, causing a loss of \$50,000. The village was at one time in danger of being wiped out.

PROPOSED ABOLITION OF STATE PARLIAMENTS

Bill Has Been Introduced in Australian House of Representatives

Melbourne, Sept. 15.—A bill for the abolition of the state parliaments and the unification of Australia under one central government has been introduced in the House of Representatives. The measure provides for the division of the Commonwealth into sixteen provinces, something after the manner of the parliamentary divisions of Great Britain. The prospects of the bill passing are remote. Besides, it is without influential backing.

Reporting on the public service of the Commonwealth, the public service commissioners state that there is a lack of a sufficiently strict medical supervision of candidates. The result is that during the year \$110,000 was paid in salaries to officers on sick leave.

The New South Wales state parliament has been dissolved by proclamation and a general election is about to be held. The issue is a clear-cut fight between the Liberal and Labor parties.

BRITISH AVIATOR WINS SPEEDS TEST

Flies Nearly Mile a Minute in a Monoplane, Defeating Glenn Curtiss

Boston, Mass., Sept. 16.—Driving his Bieriot monoplane approximately a mile a minute, Claude Grahame White, the English aviator, brought to a successful close his first American engagement by defeating Glenn H. Curtiss, the American aviator, and world's speed champion in the air, in a special watch speed test at the Harvard aviation field at Atlantic. He defeated Curtiss by 16 3/5 seconds in a five and one-quarter mile race. He thereby won the \$3,000 Harvard cup and made a new speed mark for the field by going the course in five minutes 47 4/5 seconds.

Mr. White also added to his winnings the John Hays Hammond cup, the second prize for a special bomb throwing contest. Ralph Johnstone, the Wright aviator, took the first prize, the Boston cup.

Yesterday was the concluding day of the Harvard aviation meet, and it was marred by the first noteworthy accident of nearly a fortnight's flying. Mr. A. V. Roe, an English flyer, who has had bad luck with his triplanes, wrecked his second machine and was painfully hurt.

CONTRACTOR RESTRAINED FROM CUTTING TIMBER

Trespasses on Limits on Skeena River and Cut Timber Without Permission

Vancouver, Sept. 16.—Mr. Justice Clement yesterday issued an injunction restraining D. Rankin, a Grand-Trunk Pacific contractor, from further trespassing on certain timber limits at Hardscrabble, 113 miles from the mouth of the Skeena river, on the Grand Trunk Pacific right-of-way. The limits belong to S. S. Rogers, and it was alleged that Rankin had gone ahead cutting timber on the property made a road through it and erected buildings thereon. It was alleged further that Mr. Rankin had a contract for the Grand Trunk Pacific construction and also to cut cordwood for the steamboats on the Skeena river, and that \$5,000 worth of timber had already been cut down. It was declared that the railroad had ordered Rankin to go ahead and cut a road through the property and he had acquiesced. He had not looked up the records to find who owned the timber rights, but had taken the evidence of local people on the matter.

Interrogated by counsel for Mr. Rankin if he would stop construction on this part of the Grand Trunk Pacific by granting the injunction, Justice Clement said: "I would stop anybody if they interfered with other people's rights. If a railroad will persist in going on people's land without first going through the regular expropriation proceedings it must take the consequences."

WARD SYSTEM AT RUPERT.

Prince Rupert, Sept. 15.—The city council has passed the by-law dividing the city into two wards. The dividing line is, roughly speaking, Fulton street. The line leaves the waterfront in the G. T. P. wharf section, following Sixth street to Second avenue. It continues along Second avenue to Fulton; follows that street to Ninth avenue and passes along the alley between blocks 42 and 43 in section five.

Ward one is to be the section westerly of this line, while ward two will be that easterly of the line.

Ward one will elect three aldermen, while ward two will elect five. The assessment in ward one is about \$6,000,000, while that in ward two is about \$8,000,000.

It was explained at the meeting that the municipal act requires the division of the city into wards.

CANNON'S LAST TERM.

Portland, Ore., Sept. 16.—"Speaker Cannon will never be speaker of the house again," said Congressman W. R. Ellis, of the second congressional district of Oregon. "Mr. Cannon will not lie down under this," said Ellis, "but it is generally understood that he can never succeed here. Even his closest friends and political supporters do not assert that he ever again will succeed to the speakership. I find that there is an inclination to favor some younger man; a conservative who will serve to draw together the breach in the Republican party."

WM. W. NORTHCOTT, Purchasing Agent. City Hall, Sept. 14th, 1910.

HEALTH DEPARTMENT Inspector's Office

Victoria, B. C., Sept. 12, 1910.

The following is the result of butterfat tests made by the City Inspector during the months of July and August, 1910 from samples of milk taken from the carts of the different vendors doing business in the City of Victoria, in accordance with By-Law No. 349.

Table with columns for Vendor Name and Butterfat Percentage. Includes entries for R. E. Knowles, Vickery & Burgess, A. Lohr, G. Rogers, McGregor, Crosier, Merser, Sims Bros., C. E. King, Victoria Creamery, E. & T. Raper, Bishop & Clark, Snelcote, Victoria Dairy, Pure Milk Supply, J. Bayliss.

Paving Craigflower Road, Arm Street and Belmont Avenue.

The Municipal Council of the Corporation of the City of Victoria having determined that it is desirable to construct permanent sidewalks of concrete on both sides of Collinson Street, between Cook Street and Truth Street, and to construct curbs, gutters and boulevards (including maintenance) on said street, and that the said work shall be carried out in accordance with the provisions of the Local Improvement General By-law and amendments thereto, and the City's Engineer and City Assessor having reported to the Council in accordance with the provisions of section 4 of said by-law, upon each and every of said works of local improvement giving statements showing the amounts estimated to be chargeable in each case against the various portions of real property to be benefited by the said works and the reports of the City Engineer and City Assessor

GERMAN OFFICER ARRESTED IN ENGLAND

Taken Into Custody While Sketching Fortifications at Portsmouth

London, Sept. 16.—Lieut. Helma, the alleged German spy, was arraigned in the Farnham police court yesterday charged with having committed a felony in obtaining information concerning the Portsmouth defences for the purpose of communicating the same to another state. He was arrested while engaged in sketching the fortifications.

Prosecutor Bodkin, at the outset of the proceedings, disclaimed any intention of representing the prisoner as the agent of Germany, but said it was evident that Helma's object in securing the information was to promote his personal advancement. The case was adjourned to September 20th.

APPLES FOR THE KING.

North Yakima, Wash., Sept. 16.—Six boxes of delicious apples will leave North Yakima, with a consignment of other fruit, for the English market, as a gift to King George from Robert Stanton of this city. The apples are sent at the instance of English friends of Mr. Stanton.

Trouquois—Tourist excursions Wednesdays and Saturdays. For information telephone 511.

HEALTH DEPARTMENT Inspector's Office

NOTICE IS HEREBY GIVEN that the said reports are open for inspection at the office of the City Assessor, City Hall, Douglas Street, and that unless a petition against any proposed work of local improvement above mentioned, signed by a majority of the owners of the land or real property to be assessed for such improvement, and representing at least one-half of the value of the said land or real property, is presented to the council within 15 days from the date of the first publication of this notice, the Council will proceed with the proposed improvement upon such terms and conditions as to be by-law in that behalf regulate and determine.

The Municipal Council of the Corporation of the City of Victoria having determined that it is desirable to construct permanent sidewalks of concrete on both sides of Collinson Street, between Cook Street and Truth Street, and to construct curbs, gutters and boulevards (including maintenance) on said street, and that the said work shall be carried out in accordance with the provisions of the Local Improvement General By-law and amendments thereto, and the City's Engineer and City Assessor having reported to the Council in accordance with the provisions of section 4 of said by-law, upon each and every of said works of local improvement giving statements showing the amounts estimated to be chargeable in each case against the various portions of real property to be benefited by the said works and the reports of the City Engineer and City Assessor

PREDICTS DEMOCRATIC VICTORY.

New York, Sept. 16.—That the lower house of the next congress will be controlled by the Democrats is the belief of former Congressman James E. Watson of Indiana, who is here after having campaigned for the Republicans in eleven states. Watson figures that the Democrats will control the house by a majority of thirty.

"The Republicans are confronting an acute situation," said Watson. "We are losing congressmen from Maine to California. In all the states I visited, I found dissatisfaction. Thousands believe that the best way to express this dissatisfaction is to vote the Democratic ticket."

"I honestly believe that Roosevelt did not make a single Insurgent convert during his western trip."

What a Great Man Said to the Great American People.

Parisian Sage is a discovery of a celebrated scientist, who spent the best years of his life in perfecting this great hair tonic. In giving his recipe to the American people he said, "Parisian Sage is the most delightful hair-dressing in the world, but it is more than a hair dressing. It cures dandruff by killing the germs that infect the roots of the hair; it stops falling hair; it gives vigor and strength to the hair roots." Dr. E. Campbell sells Parisian Sage at 50 cents a large bottle and guarantees it to do all that is claimed for it, or your money is refunded. If you do not reside near a druggist who sells Parisian Sage, send 50 cents to Giroux Mfg. Co., Port Erie, Ont., and a bottle will be sent you all charges prepaid.

Tenders for Brass Goods, Pipe and Fittings.

Tenders will be received by the undersigned up to 4 p. m. on Monday, 2nd of October, 1910 for building the Dallas road sea wall in accordance with plans, specifications and conditions which can be seen at the office of the undersigned.

If the initials B & K are not printed in red on the sack, refuse them. Buy to-day from your Grocer.

Most Economical. No Hulls.

INTERIOR PRINTER, DEAD.

Nelson, B. C., Sept. 15.—The funeral of the late Charles H. Ink was held here to-day. Deceased was for many years foreman of the Daily News, and in partnership with the late John Houston founded the Donald Truth in 1888. Two years later, with Mr. Houston, he commenced the publication of the Miner, now the Nelson News. Later the Nelson Tribune was started by them. He was president of the local Typographical Union, and was a famous shot. He is survived by a wife, two sons and two daughters.

THE SUPPRESSED REPORT.

Hon. Dr. Young, minister of education, was interviewed by the morning paper in regard to the reports of the University Site Commission, which a semi-official rumor says was presented several months ago.

"Up to the present we have not received the report, nor have we had any intimation of what its contents will be. Before the educationalists who have the matter in hand left the city at the end of July, their chairman, Dean Weidon, stated that the report would be forwarded to us in the course of a few months. We expect to receive it before the end of the present month.

Before the commission left Victoria, one of its members intimated that the report was practically ready and only needed to be formally drawn up. And since that time, as the Times has been informed, an intimation has been given the premier that he can have the report whenever he wants it.

What is the question with which the commission of "wise men from the east" have been wrestling with now for nearly half a year. The selection, not of a site, but of the city, town, village or district in which the university will be located, and in which the government will have to select the site. This problem does not require much time to solve.

to solve this problem in simple proportion. It would be a reflection upon their intelligence to insinuate anything of the kind.

The fact is the government is not dealing frankly and openly with this question. There is a conspiracy of silence—a suppression of information—a withholding of report.

The commission can have no object in thus trifling with the question. Who can say the same of the government?

VIEW OF M'BRIDE. Mr. R. B. Cooke, the representative of the Toronto Star writes the Sir Wilfrid Laurier party, writes entertainingly about the visit to Victoria.

BORDEN'S FAITH.

Addressing some of his followers in Toronto the other day, R. L. Borden is reported to have "confidently affirmed his faith in the success of the Conservative party at the next federal elections."

The Conservative leader's worries on account of the National Transcontinental Railway and the Canadian navy are superfluous. From his standpoint the inextricably confused conditions in the ranks behind him are more pressing.

HON. GEO. GRAHAM ON THE PLATFORM.

The speeches of the Minister of Railways and Canals during the recent tour of Sir Wilfrid Laurier were among the conspicuous features of that memorable trip.

"It is no easy task to rise at a quarter past ten o'clock and hold an audience of three thousand persons with a discourse on railway building. Yet that is exactly what Mr. Graham did at Saskatoon, at Humboldt, at Regina and a dozen other points.

A sad accident has once more marred the opening of the shooting season. No one apparently was to blame in the matter. It was like the accidents at the annual Fourth of July celebrations, simply a result of the system.

A letter in to-day's issue signed "Not a Lawyer" deals with the Fort Street widening question in a commonsense manner. It certainly seems to the man on the street that the lawyers are making a mountain out of a mole hill.

PERSONAL.

Mrs. William C. Todd will be "at home" on Thursday, Sept. 22nd, at "Wilmot," St. Charles street.

Grand Trunk Pacific steamships now make quick runs to Vancouver, leaving here at midnight on Thursdays and Sundays.

W. Shaver, Tibbury, Ont., with his son, is spending a few days in this city. He appears to be much impressed with Vancouver Island, and especially with Victoria.

Sir Hugh Beaver, London, and Mr. Gledow, late of the Indian forest service, having completed an investigation of forest conditions in this province, have left for Seattle on their way to California, where they will study the redwoods.

W. Marchant, inspector of customs, returned yesterday from an official visit to Queen's. He was much pleased with the development of that part of the country and thinks that between Ashcroft and Barkerville will become a great dairying section.

Hon. H. E. Young returned by yesterday afternoon's boat from the Mainland, where he attended the school trustees' convention at Kelowna and the opening of the anti-tuberculosis sanitarium at Tranquille, and formally opened a handsome new public school at Vernon.

D. P. Roberts, lately appointed provincial inspector of electrical plants and energy, arrived in Victoria yesterday afternoon from his former home, London, Ontario, where he has been city electrical engineer. He returned to Vancouver on the midnight boat and takes up the duties of his office to-day.

OXFORD REFORMS.

The proposals for the internal reconstruction of Oxford university, put forward by Lord Curzon and the Hebdomadal council, have already met with considerable adverse criticism at Oxford and elsewhere.

NIGHTINGALE MEMORIAL.

The proposal to found a nurses' memorial in England to the late Miss Florence Nightingale, which has been put forward by J. G. Walwright, the treasurer of St. Thomas's hospital, London, is the outcome of a number of letters received from nurses and people interested in nursing all over the country.

PRESS OPINIONS.

The Hague Decision. The decision of The Hague tribunal it is to be hoped will end a long-standing source of friction between the United States and Great Britain.

Important Discovery. Messrs. Russell and Hutchinson, before the British Association meeting at Sheffield, announced that as the result of long experiment they had discovered a micro-organism which destroys the bacteria essential to the fertility of the soil.

Tramps and Protection. New York is complaining of a plague of tramps and beggars who swarm all over the city, to the great annoyance of householders and the public.

Harmonious Nation. We trust that Sir Wilfrid will remain at the head of the state many more years, and that the last years will be his chief crown of glory.

Fishing for Concessions. Mackenzie and Mann should do well in the whole business if their success in fishing for concessions from Calgary may be taken as a criterion of their ability in this industry.

BOWSER A FAILURE.

There is said to be an arrangement for a shuffle of portfolios in the British Columbia cabinet, the scheme being to depose Mr. Bowser from the Attorney-Generalship, in which he has been a conspicuous failure.

Grand Trunk Pacific steamships now make quick runs to Vancouver, leaving here at midnight on Thursdays and Sundays.

W. Shaver, Tibbury, Ont., with his son, is spending a few days in this city. He appears to be much impressed with Vancouver Island, and especially with Victoria.

Tele. 425 and 430.

Some folks filter their drinking water, thereby showing a praiseworthy consideration for family health. Filtering alone, however, will not and does not produce pure drinking water. Other folks boil it and by so doing endeavor to rid the water of impurities; but even boiling the water will not make it absolutely pure. Tests made show that a few hours after cooling boiled water will contain millions of bacteria, which thrive on the bodies of those killed by boiling.

Drink "White Rock" and you will drink an absolutely pure water that has never come in contact with deadly germs and microbes.

"White Rock" is a little more expensive than inferior mineral waters, but well worth the extra cost on account of its purity and deliciousness, sparkling, health-giving flavor.

Your dealer can supply you with pints or splits for home use.

Exhibition excursion to Ganges Wednesday, 21st. Fare \$2.50.

The crosscutting plant, which has been out of commission for some time is now in running order again, but the daily supply of blocks for Douglas street is somewhat inadequate, and consequently there is a delay in the paving work. The grading of Yates street is being rushed and the sidewalk work is well under way.

Last Saturday's issue of the Canada Gazette contains notice of the issue of letters patent to R. F. McLennan, J. A. Harvey, K. C. and L. W. Stone, Vancouver; L. W. Shattford, M. P. Hedley, and Reuben Cross, Spokane, Wash., as the B. C. Portland Cement Co., Ltd., with a capital of \$500,000.

Messrs. Dinsdale & Malcolm, the contractors, have broken ground for the new station and freight sheds which are to be erected on Blanchard street for the Victoria & Sidney Railway Company. The station building, though a comparatively small structure, will be very pretty in design and elegantly fitted up, marble being utilized to a considerable extent in the main entrance. The contract price for the station and buildings is in the neighborhood of \$18,000.

Little of importance is stated for consideration at this evening's meeting of the streets, sewers and bridges committee of the city council. The city engineer will report on the question of the expense of extending the sewerage system to Hollywood Park and the laying down of cement sidewalks in that sub-division, which is being rapidly built up; and the board will consider the plans which have been approved by the public works engineer for the sea wall to be erected along the foreshore at Dallas road, tenders for which are now being called for.

Flasks For The Shooting Season

Even if you do not, as a rule, touch liquor, it is well to carry something of this kind in case of accident. Be wise and select one of our Brandy or Whisky Flasks.

SPECIALLY PUT UP FOR HUNTERS.

Quality can always be depended upon at this store. So also can price; it is the lowest possible for the best and purest brands. If not as we say, money will be cheerfully refunded at any time.

OBITUARY RECORD

The remains of the late William Began were interred in Ross Bay cemetery this morning, the funeral taking place at 9:30 o'clock from the Hanna chapel. Services were conducted at the parlors by Rev. Jos. McTav.

Last evening the death occurred at the family residence, 821 Courtney street, of the infant son of Mr. and Mrs. H. C. Funk. The funeral took place this afternoon from the B. C. Funeral Furnishing Company's parlors. Interment was made in Ross Bay cemetery.

To-morrow morning the funeral of the late Harold Ernest Thompson, the three-year-old son of Mr. and Mrs. William Thompson, will take place at 10 o'clock from the family residence, 225 Ontario street. Services will be conducted both at the house and graveside by Rev. A. N. Miller.

At the family residence, 2616 Rock Bay avenue, the death occurred yesterday afternoon of Ernest George William Dinsley, aged four years. He was the son of Mr. and Mrs. George W. Dinsley, who have the heartfelt sympathy of their many friends. The funeral takes place on Sunday afternoon at 2:30 o'clock from the family residence and a few minutes later at the First Congregational church. Rev. H. A. Carson will conduct the services.

Captain Thompson, of the C. P. R. steamer Otter, has the sympathy of the entire community in the sad bereavement which has just befallen him. His beloved wife, Mrs. Agnes Thompson, passed away last evening at the St. Joseph's hospital after a month's illness. She was born in Aberdeen, Scotland, and had only recently come to this city. Mr. Thompson is now on the west coast and until he returns to this port no arrangements for the funeral will be made. The body is reposing at the Victoria undertaking parlors.

CYMRORDRON SOCIETY.

This Welsh society held its regular monthly meeting in the Sir William Wallace hall last evening, the president, A. Petch, in the chair. Seven new members were admitted and were placed on the roll.

The report of the picnic committee was submitted and showed a balance in hand.

A committee was appointed to get up a grand opening of the winter sessions, to be held on the third Thursday in October.

The following ladies and gentlemen contributed music, songs and recitations: Miss Soowcroft, Mrs. McLaren, Miss Thomas, Ernest Petch, Mr. Roberts, Mr. Thomas, and the president. Cakes and coffee were afterwards served, the meeting coming to a close with the singing of the National Anthem.

JEWISH SABBATH SERVICES.

Regular Sabbath services will be held every Friday evening at Temple Emanuel, corner of Pandora avenue and Richmond street. Rabbi Joseph Ziskler will conduct the services, and tonight will deliver a discourse on "The Scope of Israel's Religion," his text being from Prov. XXIV 15-17. Members, their families and friends are requested to attend. The services begin at 7:30 sharp. Everybody is welcome. Seats are free and there are no collections.

CHORUS GIRL'S GIFTS

HOLDS UP COMPANY

Customs Demands Duty at Seattle
—Victorian the Donor of Pearls

(Times Leased Wire.)

Seattle, Wash., Sept. 15.—Because an enthusiastic Englishman in Victoria presented a pearl necklace worth \$1,000 to a chorus girl in a travelling musical comedy company, the United States customs officers in this city are holding the twenty-one trunks of the show in appraisers' stores here to-day, while the advance agent is on the verge of madness because the identity of the little show girl is unknown.

The show entered the United States yesterday, and the customs inspectors, having been tipped that the necklace was genuine, will not release the company's effects until the chorus girl declares her gift and pays the duty which is \$600. The company is due to open here Sunday.

The ADVANCE MAN

At the Victoria.
Laughter is more infectious than any disease, and is the one big example of a tonic that is catching, and this is never more the case than with that joy-maker, "Are You a Mason?" It has three acts, and each seems to go one better than the previous in laughter-making, and it is credible if there was a fourth act it would leave the audience in convulsions.

The Huron L. Blyden company have certainly made a big reputation whilst they have been in Victoria, but it is a certainty that in this comedy they have reached the very acme of their success as producers of comedy. Although only stock company prices rule for this comedy, theatre-goers will find it better than a majority of road shows that they pay a dollar and a half to see. If one wants to forget their troubles and have two hours filled with the heartiest of laughter, they should be sure to see "Are You a Mason?" either to-night, Saturday matinee or Sunday evening, and feel that they have had the time of their life. There is a big advance sale.

Chorus Girl Contest.
This evening at the Lyceum the management will offer a feature which has proved in the past a decided hit

ALICE WARD.
With Hunt's Musical Comedy Company at the Lyceum.

among theatre-goers, a chorus girl contest, in which each girl does some specialty, a prize to be awarded according to the judgment of the audience, whose approval is shown by applause. Another big production will be seen next week, entitled "A General Mixup."

Claman Company Coming.
The well known Claman players, with their own ten-piece feature band and orchestra, will open at the Victoria theatre on Monday evening in that intensely amusing comedy, "Two Married Men." There has been no better attraction offered to play-goers this season than the laughter-provoking offerings of Chas. E. Schilling.

A postoffice has been established at Fort George, with Warren De Beck as postmaster. The office existing under that name has been changed to South Fort George.

Excursion to Ganges Harbor exhibition Wednesday, 21st inst. V. & S. Railway and Steamer Inquiries. Train leaves Victoria 7:45 a.m. This will be a pleasant outing among the Thousand Islands. A large number of entries have been made, and a lengthy programme of sports has been arranged by the committee.

Prompt Despatch

POLICE TAKE ACTION AGAINST TEX RICKARD

San Francisco, Sept. 16.—Tex Rickard, who under an injunction restraining the police from interference has been exhibiting the pictures of the Jeffries-Johnson fight here, was charged to-day with violation of the ordinance relating to moving pictures. Rickard appeared in police court to-day. The warrant was sworn to yesterday by District Attorney Fickert. Rickard gave himself up last night.

An automobile used to convey dirt in Paris carries two five-ton hoppons on a platform, which may be dumped separately on either side.

New York, Sept. 16.—Believing that the revised rules will make football as dangerous as it has been heretofore, the school board has announced that the game will be permitted in the New York schools this season. The new rules, the board holds, have eliminated the objectionable features.

San Francisco, Sept. 16.—Johnny Frayne and his manager, Charlie White, left last night for New Orleans, where Frayne will take Owen Moran's place in a 10-round bout with Harlem Tommy Murphy on October 1.

New York, Sept. 16.—Willis Hoppe yesterday accepted George Slosson's challenge for a 500 point billiard match at 1:1 ball line. The match will be played in New York November 25th.

TOURS FOR ROYAL LACROSSE PLAYERS

Minto Cup Holders Not Eligible in Olympic Games 1912—Nationals Play Six Matches

At the next meeting of the New Westminster lacrosse club the question of sending the team to the Swedish Olympic games in 1912 will likely be considered.

New Westminster would go to the Olympic games of 1912. There has been an impression abroad for a long while here that the New Westminster team was a pro organization and the Olympic games are amateur or nothing.

It may come about, however, that the team may be invited to tour Australia. An Australian newspaper man now living in Vancouver has made this suggestion to the press of his native land, and it was probably received with serious consideration from the sporting authorities, there.

New Zealand this summer did the handsome thing financially for four touring football teams. One American, one English and two New Zealand leagues played there to enormous crowds, the English Northern Union team receiving \$35,000 as their share of the gate money.

If the Westminster team is invited there need be no misgivings as to the profitable results of the trip, and it is time that a Canadian aggregation of some kind become the guests of Australia. The final decision will be determined very largely by the result of the series of games with the Nationals.

For the trifling guarantee of \$7,000 the National lacrosse team of Montreal will perform in six games on the Pacific coast, including the two Minto cup games Saturday and Saturday week. Odolphe Lecours, president of the Nationals, yesterday clinched the deal at New Westminster and the appearance of the Minto cup challengers, no matter whether they are successful or not in the cup games, at the annual Royal City exhibition is assured.

The exhibition management had a long conference with the National representatives. Manager, Charlie Welsh of the world's champions and President Con Jones of the Vancouver club met in New Westminster yesterday, and the deal was made. The exhibition purchased the Nationals' share of the Minto cup games and undertook the heavy guarantee, the Nationals agreeing to play four games at the direction of the exhibition people after the Minto cup series.

The games will be played on the dates already announced. It is likely that two of the exhibition games will be played in Victoria, while the other two will take place in New Westminster during the exhibition. Either the Vancouver or Westminster teams will play the Nationals in the extra four games.

Newsy Lalonde, the National, who played with the Vancouver professionals last season, is the only player on the Frenchmen's team who has ever played in the west.

J. B. A. A. TO HAVE TWO RUGBY TEAMS

Prospects Bright for Season—Al. Jeffs is Captain—Club Dance Soon

Al. V. Jeffs, the 1909-10 captain of the James Bay Athletic Association Rugby football team, was re-elected at last evening's meeting to lead the local clubmen in their matches this season, and he will have control over the athletes that sport the navy blue during the 1910-11 season.

As his assistant, the vice-captain will be Wm. N. Kennedy, the carman, who is a valuable man on the football field. John P. Sweeney, last year's vice-captain, was elected secretary for the ensuing year with requests to arrange games with mainland teams as soon as possible. With Kennedy, Jeffs and Sweeney on the executive committee will be Adair Carss and Leo Sweeney.

What was easily the best attended of enthusiastic Rugby football meetings of the year was the congregation of athletes last evening at the club over the causeway. Three dozen Rugbyites crowded the meeting room, and all were of the opinion that practice should start without delay. It was decided that two teams be formed this year and that the secretary write to the various athletic clubs and schools and endeavor to arrange for a junior or intermediate league. If sufficient teams can be obtained a set of medals or other valuable trophies will be hung up for competition.

In a few weeks the J. B. A. A. rugger will hold their initial match in the form of a practice game against the sailors from the Algerine, who are already training for the contest.

What will be the first big Rugby J. B. A. A. dance of the season will be held about the first week of the coming month. It will be an invitation affair, and these will be issued without delay. The committee appointed last evening to look after the dance were: A. V. Jeffs, John P. Sweeney, Wm. N. Kennedy, V. K. Gray, Leo Sweeney, A. Carss, Byron Johnson and S. Winsby.

FINAL SATURDAY SOCCER PRACTICES

Two Games to Try Out New Men—Other Clubs Are Holding Work-Outs

The final practices of the soccer clubs will take place to-morrow afternoon, when practically every club will be engaged trying out new men for the last time in a full game before the opening of the season.

The schedule as it has been drawn will stand, with eight clubs entered. The Garrison wisely did not entertain the proposal offered by the Esquimalt for joining forces, and these two teams, as surmised when it was announced, Esquimalt had sent a delegate to the Garrison, will play independently.

The principal matches to-morrow are between the Garrison eleven and the Victoria West club team. The match takes place at the Work Point barracks and new men will be found in both teams.

In the Victoria West eleven are several of last year's back division, but the line-up contains many new names in the forward list. The Garrison should be able to pick a first class team from the number of men at the barracks, and it has been reported that the soldiers will have a strong team this winter, because there are several new men here from the east.

At Oak Bay the Foresters and the Bays will play a practice game with new men being tried out on both sides. The Bays have several new players who at practice have given a good account of themselves, but the Foresters line-up is an unknown quantity at present.

The North Ward teams will play together to-morrow. Cedar Hill is holding a practice at Cedar Hill; Empress team and the Esquimalt eleven are practising also, but independently of one another.

SPORT NOTES

If there is a soccer football player employed at Hanna's undertaking parlors, will he please call on Sam Lorimer, the captain of the J. B. A. A. soccer team. If he does not show up soon Sam will be the thinnest man playing football. It is this way:

George Okell, that bright boy from Victoria West, met Sam Lorimer five nights ago and, in talking over club prospects, George told Sam that Victoria West had all the men the club wanted, but if the Bays wanted a good man, George knew where there was one.

Sam, although he has signed up fairly well, is still on the look-out for

something very good, and asked George for the address.

George gave it. "He's at Hanna's undertaking parlors," said George, who has a way of looking over his glasses, so that Sam, didn't quite know if George's player was the sort that would be live enough for the J. B. A. A.

Sam is worried nearly to death. George met him again last night and asked him if he had got the man from Hanna's. When Sam tried to size up George's indicator, it just looked the same as if George was serious, and he told Sam it was no joke; there was a first-class soccer player at Hanna's undertaking parlors for sure, Sam said: "You get out."

Now Sam is wondering. He hates to lose that soccer player, but he won't take any chances on falling to such an easy stall as the smiling George has put up. Last night he said: "I won't go up to Hanna's, and yet I believe George is telling the truth. Anyhow I won't fall for a Victoria West bluff."

Now, then, will that soccer player at Hanna's undertaking parlors please call on Sam Lorimer, because Sam is losing his condition worrying over the problem.

The trustees of the Mann cup, the new gold trophy studded with jewels which D. D. Mann, the Canadian Northern vice-president, presented at the beginning of the lacrosse season for amateur teams, have announced the dates for the first matches. Vancouver will play at Toronto on October 1. The V. A. C. boys leave the Terminal City on Sunday night and will have a full week's rest after reaching Toronto.

John L. Sullivan, who is showing at the Vancouver Pantages with Jake Kilrain this week, says that Sam Langford and Tommy Burns would make a good match, and the Boston tar-baby would have a good chance, but that with John Johnson, Langford would have no chance at all.

The Vancouver motor club has been organized with 29 members who have paid their fees. The club will be represented at the convention for automobilists to be held in Seattle to-morrow. T. S. Baxter is the first president of the club.

North Ward senior and intermediate soccer teams will practice to-morrow at the North Ward park. The practice was called at the meeting of the club last night. A notice is on the notice board calling on all members to attend.

The North Ward players will have the pleasure of electing two captains to-morrow afternoon. The election is to take place before the practice commences, and there must be a captain elected for the seniors and another for the intermediates.

Jas. Baird won this year's open golf championship on the famous St. An-

draw links, in Scotland, and is coming to this country to enter the big tournaments in which a professional may compete. He is probably the most finished golfer in Europe, and it will be interesting to note the difference, if there is any, between the noted Scotchman and the United States first flight players.

A meeting of the football club of the George Jay school was held on Tuesday afternoon for the purpose of organizing for the soccer season. The officers elected were as follows: Hon. president, George Jay; president, John Cummings; vice-president, Clement Sears; secretary-treasurer, Robert Livingstone; executive committee, Thackeray Plows, Elgin Collinge and Robert Cummings. The boys of this new institution are going in for football strong this season and hope to be represented in both the school divisions with winning teams. Regular practices are being held and in a short time the teams will be selected. The colors of the school will be scarlet and myrtle-green and at all games in which the Geo. Jay teams compete, these colors will be much in evidence.

There will be a practice game between Oak Bay and Beacon Hill elevens at the latter's grounds, commencing at 2:30 to-morrow afternoon. The following are requested to be present to represent the Hills: Robertson, Wales, Greig, Hilger, Barber, C. Wilson, Thomas O'Rourke, Lindsay, Noble, James Betch and Robson Elliot.

Splendid Opportunity For Starting a Motor Delivery Service

There is nothing of this kind in the city, and to any person wishing to start such business we offer a splendid opportunity to do so.

We have five touring cars which we will convert into delivery motor vehicles, and will give specially easy terms. These cars are all in good order and are absolutely of modern construction.

If you can see your way clear in opening up such a business, it will pay you to investigate this special offer.

SOUTHERN COLLEGE

BEAT BARBARIANS

California Rugby Men Develop Three-Quarter Line—Surprise Spectators

San Francisco, Sept. 15.—The California varsity backs made a great hit with the occupants of the bleachers at California field on their first appearance in competition since they returned from the Antipodes. The Barbarians never had a look-in from beginning to end and though the city clubmen offered a sturdy defense they were defeated by a much superior team by a score of 9 to 0.

Most of the battle was waged between the two packs, where there was little to choose, but when the blue and gold backs, halves and three-quarters started a passing rally the ball invariably found a resting place near the Barbarian line. These spectacular passing bouts delighted the onlookers who realized that the boys were demonstrating their improvement gained through experience in Australia and New Zealand.

NELSON SHIELDS.

Lord Strathcona Speaks of Work as Great Service to Empire—Arrangements for Distribution.

Agreed as the venerable High Commissioner for Canada is, he has a gleam in his eye that penetrates the future; and as the future of any people is wrapped up in its youth, Lord Strathcona has, of late, had the youth of Canada much in his mind. This is seen in many ways. His benefactions to McGill and other educational bodies, his munificent gift for physical culture, and his part in a great educational movement which is just now crystallizing into definite form, by the arrival of the representative of the British and Foreign Sailors' Society in Toronto, which is to be the headquarters of the Nelson Shield scheme, all go to prove his many-sided interest.

held by the successful scholar for the year. It was clearly not only the naval glory of Nelson's career, but the great lessons of contemporary history that Lord Strathcona had in mind. When he received the first of the special shields struck for Canadian schools at the Mansion House, London, he said: "It would be difficult to think of a greater service to the British Empire than to have the thought of its sons and daughters annually directed to the sea, its sailors, and its ships, and what the nation owes to its brave sons."

Educational and non-military is the supreme note. The shields are made of pure Nelson copper from the "Victory" and the "Foudroyant," without alloy. They are works of art. On the upper corners are the oak and maple leaf. In the upper centre is a representation of the "Victory" under full sail. In the lower centre is a bust of Lord Nelson, on one side of which is his immortal signal, and on the other the date of Trafalgar Day. At the bottom, upon the scroll, are the following words: "Made of copper from H. M. Ships 'Victory' and 'Foudroyant.' Presented by Lord Strathcona and Mount Royal, G.C.M.G., through the British and Foreign Sailors' Society, for Canadian Schools." The letters, "E. R. V.H." were added by his Majesty's command, when the copper taken from the "Victory" in her recent accident was devoted to the purposes of the society.

Lord Strathcona's personal interest and generosity have given to Canada a preference in the organization of the shield scheme for schools. The only other part of the Empire which has been touched with systematic effort is the colony of Natal, and that was undertaken as a hobby by Rev. Alfred Hall of Durban, who has been brought over to carry out the Canadian project. In an interview in London with the High Commissioner, his lordship expressed the keenest interest in the proposals which are now being submitted to ministers of education and principals of universities, colleges and schools, by Mr. Hall.

"LAND REGISTRY ACT."

In the Matter of an Application for a Duplicate Certificate of Title to Lot 18, Shawanigan District. Notice is hereby given that it is my intention, at the expiration of one month from the date of the first publication hereof, to issue a Duplicate Certificate of Title to said land, issued to Samuel Henry Kunn on the 15th day of February, 1908, and numbered 7102.

S. V. WOOTTON, Registrar-General of Titles, Land Registry Office, Victoria, B.C., the 15th day of August, 1910.

SHERRITT GRADED A SENIOR PLAYER

Registrations Close This Week in Soccer League—Amateur Matter Shelved for a Time

The motion of the Victoria and District Association football league, allowing Sherritt to play second division soccer with the Baraca football club, was at last night's meeting of the league, rescinded, and Sherritt, if he plays this season, will have to play with a senior club.

The question of the league affiliating with the amateur union was brought up again, and discussed without any result being obtained. The forces are divided on the question and it was finally set over until the secretary had communicated with the Island league officials to ascertain if the Island league clubs will be in the amateur

union, or otherwise. This is as good as shelving the matter indefinitely, for the Island league clubs are not at present in existence in Victoria, and those from Nanaimo and Ladysmith have spoken plainly on this head previously, deciding to play football under the English rules.

The league decided that all senior playing grounds must be "topped" this winter. Senior clubs will have to find goal nets also. The second division clubs are not compelled to find goal nets but must employ goal umpires.

The junior league entries are to remain open two weeks longer before the schedule is made up. All registration forms for senior and second division must be in the hands of the secretary this week. A. Dakers, of North Ward, was given a second division permit, which, however, may be revoked at the will of the executive. Dakers has not played for five years, and if he proves to be a good player still he will be shifted into the senior ranks.

A cubic foot of aluminum weighs less than 70 pounds, a cubic foot of cast iron 450 pounds, and a cubic foot of copper 550 pounds.

THERE IS A REASON

FOR THE BIG OUTPUT OF SHOES AT THE OLD COUNTRY BOOT STORE

Don't think it is because we advertise in the newspapers merely, but OUR CUSTOMERS ADVERTISE US, TOO. They are delighted with the footwear they buy here and they TELL THEIR FRIENDS. CONFERENCE OF CANADIAN CLUBS

CONSTITUTION REVISED AT TORONTO MEETING

Association Non-Partisan and Non-Sectarian—To Improve Dominion Day Celebrations

A revised constitution was adopted at the second conference of the Association of Canadian Clubs at St. George's Hall, Toronto. After some discussion an amendment was passed inserting a clause to the effect that the association should be a non-partisan and non-sectarian organization.

The delegates, who represented about twenty-five Canadian Clubs in all parts of Canada, and who were presided over by W. H. D. Miller, of Montreal, discussed a resolution passed by the Moncton, N. B., club, suggesting that efforts be made to inaugurate a more adequate plan for the celebration of Dominion Day throughout Canada.

The convention finally adopted a motion of E. F. Survevor of Montreal, to the effect that the motion of the Moncton club be approved, that the various clubs endeavor to improve the celebration of Dominion Day in their own locality and report at the next conference when a suitable plan for the whole of Canada might be adopted.

The consideration of a proposal to erect a monument to General Wolfe at his grave in Greenwich, England, was adjourned. Miss Hurlbut, representing the Women's Canadian Club of Montreal, thought that the Canadian Clubs should not take up such a proposition involving the collection of money from their members.

"BRICK TRUST" INDICTED AT CHICAGO

Four Individuals and Three Companies Accused of Violating Anti-Trust Law

Chicago, Sept. 15.—The so-called "brick trust" was indicted by the federal grand jury, charged with violation of the Sherman anti-trust law.

Those indicted are: D. V. Purlington, resident of the Perington Paving Brick Company of Galesburg, Ill.; C. J. Burr, president of the Barr Clay Company of Reading, Ill.; H. S. Jenkert, secretary of the Metropolitan Paving Brick Company of Canton, O.; William F. Brennan, Chicago, sales agent for the companies.

The companies represented by the foregoing individuals also were indicted.

It is alleged that annual meetings were held at which prices were fixed. An unusual story lies back of the return of the indictments. Brennan, the sales agent, was prominent politically. D. J. Christopher was an inspector employed by the city to pass on paving brick. Brennan is alleged to have taken Christopher's wife, Mrs. Allison Christopher, into partnership in the sales agency. A year ago, Inspector Christopher lost his position with the city and Mrs. Christopher sued Brennan for what she alleged was her share in the profits of the agency. She lost the suit, but carried the matter to the authorities. She and her husband were witnesses before the grand jury.

A metal clip has been invented to hold and squeeze sections of lemons at a dining table without the user's fingers becoming soiled.

Hay's Hair Health

Never Fails to Restore Gray Hair to its Natural Color and Beauty.

No matter how long it has been gray or faded. Promotes a luxuriant growth of healthy hair. Stops its falling out, and positively removes dandruff. Keeps hair soft and glossy. Will not soil skin or linen. Will not injure your hair. Is not a dye.

D. E. CAMPRELL & CO

MILLINERY OPENING

The Misses Herd, the popular and enterprising milliners of "The Hat Shop," Yates street, held their formal fall opening yesterday, when hundreds of exquisite creations from the very latest Paris and New York models were shown.

A very beautiful Watteau picture shape of black velvet with the favorite French facing of pale shell pink was much admired. The splendid black plumes rose gracefully from the front and sloped to the rear and a bow beneath the brim at the back was in accord with the curled and puffed coil-fure of the day, for hair dressing and millinery must certainly follow certain lines or the whole effect will be most unbecoming.

Into this season's millinery has crept an entirely new note with a cap-like Russian turban slanting over the eyes with a pointed effect in front, suggestive of a visor, and rising high at the back with crests of plumes.

A lovely mauve picture hat of French beaver with draped brim of softly blending appliqued satin ribbon, and large plumes carrying out the same color scheme was very much admired and deservedly so.

The "Broadway," which is sure to be one of the hits of the season, is shown with its high, narrow crown and brim fitting very closely to the head, and a large and very high bow standing directly in front.

Feather hats and turbans are shown in great variety and will be found very smart and becoming.

A lovely mauve picture hat of French beaver with draped brim of softly blending appliqued satin ribbon, and large plumes carrying out the same color scheme was very much admired and deservedly so. But quite the smartest turban was of close-fitting satin in the new blue shade, trimmed with large braided tapestry rosettes set on bands of fur.

TRIBESMEN KILLED

Melbourne, Sept. 15.—According to advices from Perth, an inter-tribal fight has taken place amongst the aborigines of the northwest, resulting in the deaths of twelve and the wounding of twenty-five. A punitive expedition of police has been despatched against the natives.

UNITED STATES AND ART

According to the London Times New York correspondent, during the last fiscal year works of art valued at \$21,000,000 have been imported into America.

Comforters are a luxury these chilly nights, and when bought at our low cash prices an inexpensive luxury. Prices 30c, 41.25 and \$1.65, and up to \$9.50. Robinson's Cash Store, 512 Yates street.

COMFORTABLE AND DRESSY.

Dark blue crepe de chine makes a charming and serviceable frock suitable for so many occasions. Here is a charming model, with tunic to knees. The foundation skirt is finished at foot with eight tucks, and the tunic has a cluster of five just below hips. Near the bottom is a band of soutache braid, in self-tone, matching that used to form yoke and sleeve bands on bodice. Front and back of bodice are tucked, and the girls is blue chiffon velvet.

**The Evening
Chit-Chat**

BY RUTH CAMERON

Do you know who your next door neighbors are? Have you ever done any little act of kindness to them? How perfectly absurd that must sound to my country and suburban readers. About like asking, "Do you eat three meals a day and go to bed at night?"

But you see those queries aren't meant for them at all, but for those unfortunate folk the city dwellers, whose lack of neighbors always makes me think of the old couplet: "Water, water, everywhere, nor any drop to drink."

The absolutely heartless way in which folks in the city live for years, jammed together side by side, or more likely over and under each other, without taking the slightest interest in the sorrows and happiness that transpire so close to their own, is perfectly extraordinary to me.

I was recently visiting a woman who lives in a large apartment house in the city. She has an apartment on the third floor. We were climbing the stairs one day when I noticed a black streamer on the door of one of the apartments in the first floor.

"My dear, look," I cried, "someone is dead. Why, you didn't tell me anyone was ill."

"I didn't know it," answered my friend. Later I found by inquiry that the crepe was for the mother of the family, that she had been ill for several weeks with typhoid fever and that she had three small children.

As far as I could find out, none of the other tenants had in any way interested themselves in their neighbor's trouble. Two other families in the same apartment, with whom my friend was acquainted, were as surprised as she at the death in their midst.

Now I know that if that family had lived in the town where I live, or any town like it, all the neighbors—for at least half a mile around would have known of its trouble, and would have tried to do something to help out.

They would have carried the delicacies of their table and garden to the sick mother. They would have helped amuse and take care of the children. They would have shared the doctor's words of encouragement with the father with a sympathy and interest that would have helped to make him feel less lonely.

And chief among those to try to do something kind I know my city friend would have been, for she is a very kind and generous woman. It is only that the city's cruel and thoughtless habit of unneighborliness has her, like all the rest, in its grip.

I know just exactly what the city dweller is going to answer to this arraignment. She is going to say "that in this city where people are constantly coming and going, and where there are so very many, it is impossible to make friends of all the people about you."

Granted, city dweller. I'll go a step further and even admit that it would be undesirable, even if it were possible, to make FRIENDS of all the people about you. I don't believe in more profusely FRIENDSHIPS any more than you do.

But you can take a little interest in them, know a little about them, be ready to help them in trouble, treat them as if you were living among human beings like yourself and not among creatures of an alien race, can't you?

You can make neighbors of them, can't you? And if you want a definition of that word or any further suggestion as to how to be neighborly, I refer you to a source so great I need not name it, and to a definition that you have probably already read a dozen times.

Ruth Cameron
CANADIAN MAGAZINE.

The leading article in The Canadian Magazine for September is entitled "Napoleon's Burial and Exhumation." It takes the form of some reminiscences of a gentleman who was born in Saint Helena and who witnessed both ceremonies and is edited by Doctor A. H. U. Colquhoun, deputy minister of education for Ontario. The article is well illustrated. Another well illustrated contribution is "Saint John, the City of Loyalties," by Emily P. Weaver. Another of those interesting histories of some of our famous mining camps, is told by Harold Sands in a well illustrated article entitled "Bonanzas of the Sierran." Ernest McGaffey contributes an entertaining account of "The Red Men of Vancouver Island." The stories in this issue are also of a high order.

SOCIAL AND PERSONAL

F. B. Pemberton is in Vancouver for a few days.

J. Goldbloom, Vancouver, visited this city yesterday.

Mrs. Roy Troup, Seattle, is visiting friends in this city.

Ormond McDonald returned from Seattle yesterday on the Iroquois.

J. A. Cunningham left for the Terminal city last night on business.

Hon. W. J. Bowser returned to Vancouver last night on the Charming.

L. Bates Van Decar is among the Vancouver business men visiting this city.

F. H. Shepherd, chief inspector of mines, spent yesterday in this city on business.

J. H. Lawson, Jr., returned from Vancouver yesterday on the Princess Charlotte.

G. W. Mead went over to Vancouver last night to spend a few days there on business.

Jas. Fairful returned from a short visit to Seattle yesterday afternoon on the Iroquois.

Mr. and Mrs. Worsnop have returned to Vancouver after a short stay with friends here.

W. L. Clarkson was among last night's passengers on the Charming for the mainland.

W. G. Breeze, who has been spending a few days here, returned to the Terminal city last night.

A. Williams of A. Williams & Co., real estate agents, is confined to the Royal Jubilee hospital.

Percy Bannerman was among the passengers on the Iroquois from the Sound yesterday afternoon.

Miss Fairful, who has been visiting in Seattle for the past few days, returned yesterday to this city.

Capt. A. J. Daltan returned from the Terminal city yesterday after spending several days there on business.

Miss Clara Nichols has left for Masset, Queen Charlotte Islands, to assume the principalship of the public school.

Mrs. Farquhar Macrae and her little daughter Betty are spending a month with Mrs. G. D. Brynner, New Westminster.

Miss Daisie Jones, who has been visiting friends in Vancouver for some time, returned to this city yesterday afternoon.

G. W. Newton was among the passengers which arrived on the Princess Charlotte from the Terminal city yesterday afternoon.

Miss Nellie Parson, daughter of H. G. Parson, M. P., Golden, has resumed her studies in this city. Mr. Parson accompanied her to the Capital.

Lieut.-Governor and Mrs. Paterson were among the passengers on the Princess Charlotte, which arrived from the Terminal city yesterday afternoon.

Mrs. Thomas Hooper, Belleville street, who has been spending the summer with relatives in the eastern and prairie provinces, is expected home shortly.

Mr. and Mrs. Gordon E. Corbould, New Westminster, announces the engagement of their daughter, Miss Claire Corbould, to Mr. T. W. Anderson, C. E., of Ottawa.

The marriage of Mr. Alfred Geoffrey Jeffrey, of this city, and Miss Alberta Mitchell, Brandon, Man., was celebrated last evening at the parsonage of the Metropolitan Methodist church. Rev. T. E. Holling officiated. The

young couple will take up their residence on Trutch street.

Mrs. Carmichael, of this city, was the guest of honor at a very smart luncheon given by Mrs. Marpole, Vancouver, on Wednesday. The covers were laid for eight and the decorations very beautifully carried out.

Mr. and Mrs. H. G. Lincoln and daughter, who have been visiting Mr. Lincoln's mother, Mrs. James Thompson, Broughton street, returned to their home in Vancouver last evening.

The citizens of Kelowna tendered a banquet on Wednesday evening to those in attendance at the school trustees convention. Hon. Price Ellison was present as a guest of honor, and addressed the meeting. Capt. D. McIntosh, Victoria, was also present.

Mrs. F. A. McDiarmid, wife of the city solicitor, will receive for the first time since her arrival in Victoria on Thursday, September 22nd, at her residence, 317 Douglas street, opposite Beacon Hill park. Thereafter she will receive on the third Tuesday of each month.

The monthly social of the Y. F. S. C. E. of St. Paul's church, Victoria West, was held on Wednesday evening at the residence of John Cotford, 202 Dundas street. There was a good attendance of members and their friends, and a delightful impromptu programme of music, interspersed with recitations and games, was much enjoyed. Dainty refreshments were served at the close.

The Misses Norma and Gladys Spencer, daughters of Mr. and Mrs. Chris Spencer, who left on Monday for Columbia College, New Westminster, were presented prior to their departure with two very pretty hat-pins, as a token of appreciation from the Sunday school of James Bay Methodist church, in which both have for long been faithful workers. The presentation, which was made by Mr. Davey, superintendent, took place at the banquet given to the Sunday school committee last week in the school-room of the church. The tables, which were laden with good things, were very prettily decorated with sweet peas and ferns, and presided over by the teacher training class.

CANADA MONTHLY.

That the plough pulls the locomotive is a truth that may sound paradoxical at first glance, but in Canada Monthly (formerly Canada-West) for September, Elliott Flower makes it the basis of the leading article, "To the Pole by Rail." Mr. Flower opens with the startling suggestion that in a few years Canadians may be planning their summer vacation, if not at the North Pole, at least well up in the Arctic Circle, and prophesies strings of wheat-laden box-cars where now the last will buffalo undisturbed road. The country that will grow wheat for twenty successive years, without a single failure will undoubtedly draw the lines of shining steel behind its plough, as long as men eat bread.

In the same number Will D. Ingersoll has a tender little story, "The Last Drive," Frank Mantle offers a character-study of Dr. Robertson and Prof. W. J. Black, under the title of "The Men Who Lead the Farmers," and M. O. Hammond tells in "The Barfleur Prints of Laurier," something about the sleepy little town of St. Leo, where the Premier was born and spent his boyish years. "Winning Bread and Waiting for Butter," is the simple and

"Iced" Tea How to Make It

Use about one-quarter more of the dry leaf than you would when making tea to be served hot. Pour on boiling water and allow tea to steep five minutes (all the good can be extracted in that time). Pour off the tea into another vessel and allow it to cool gradually.

Never use any artificial means of cooling until ready to use; then ice and lemon may be added.

Don'ts

Don't pour hot tea on ice. If you do its delicious flavor will be dissipated. Don't put hot tea in the refrigerator to cool. If you do it will spoil in short order. Iced tea should be made two hours before serving, to give it time to gradually cool.

Ask your grocer for "Salada" Tea or send for a free trial package. We mail it without charge. Say whether you use Black, Mixed or Green Tea and the price you pay per pound.

"Salada" Tea Co.

WHITE LINER IS AHEAD OF TIME

EMPRESS OF CHINA

DUE 11 A.M. TO-MORROW

Was 400 Miles Off Port This Morning—Other Liners Due Next Week

R. M. S. Empress of China reported to the Dominion government wireless station, "Triangle Island," at 8:30 a.m. to-day when 400 miles off this port. The white liner, which left Yokohama on the 11th, is a few hours ahead of schedule time, and will arrive here at 11 o'clock to-morrow morning. The Bank liner Tedhill, which sailed from Yokohama for Victoria and Puget Sound on the 14th and is due next Thursday, has 150 tons of freight for B. C. consignees. The steamship is bringing no passengers, but has a valuable cargo which includes 910 tons of freight for Seattle, 600 tons for sixteen points and 140 bales of silk.

The Canadian-Australian liner Marama, which sailed from Sydney on August 29th, left Honolulu on Tuesday and it is due here September 21st.

CITY OF PUEBLA IN
Pacific Coast Steamer Arrived Last Night From San Francisco.

After an uneventful trip from the Golden Gate the steamer City of Puebla arrived last night with 104 passengers, 9 of whom landed here. The Puebla had a heavy cargo and discharged about 150 tons of local freight before proceeding to Seattle. Among those who disembarked here were: T. H. Mullen, Miss G. Dove, Miss F. Russell, Mrs. A. Amman and A. T. Charlton.

CRITICIZE JAPANESE
ANTARCTIC EXPEDITION

Members of Scott's Party in Kobe Say Lieut. Shirase's Plans Are Fallacious

Advices from Kobe, Japan, by the Tamba Maru, which arrived to-day, state that a controversy has broken out in Japan over the conflicting opinions of Lieut. Bruce and Cecil H. Meares, of the Scott Antarctic expedition, and Lieut. Shirase, who is to head the Japanese expedition.

The Britishers, who are in Kobe after purchasing 19 ponies and 31 dogs for Scott, contend that the preparations of the Japanese officer are quite inadequate for the work which will confront him. Shirase has stated that he will discover the South Pole and return home within a year, which the Scott men ridicule. They point out that Shirase intends to equip an expedition of one-tenth of the Scott expedition and will carry rice as the chief article of diet. That meat is required to keep even a Japanese alive in the Antarctic regions; that Shirase has not provided for sufficient scientific specialists; and that he does not understand the difficulties which have to be surmounted are among the points raised by Messrs. Booth and Scott in an interview which was obtained from them by a Japanese newspaper.

The two officers will join Scott's ship, the Terra Nova, at Lyttelton, New Zealand, early in November. The vessel is expected to sail south on the 15th of that month. Following the criticisms of the British explorers the Japanese government has officially disclaimed any connection with Shirase's expedition.

DANGEROUS DERELICT
New York, Sept. 16.—The notorious derelict, the corvessa barque Crown, which was reported by Captain McCord, of the tank steamer J. A. Chanslor, is still drifting around the mid-Atlantic. The destroyer Seneca, of the revenue cutter service, has returned to New York after an unsuccessful search after the abandoned windjammer. The Seneca left the metropolis on August 7th and cruised more than 1,600 miles, zigzagging a course that extended from 29.19 to 23.30 south latitude, and from 81 to 12 degrees west longitude, going as far south as the Bahama banks. Then the course, showing for the probable drift of the Crown, was reversed, but to no purpose.

TAMBA MARU IN FROM YOKOHAMA

N. Y. K. LINER DELAYED BY STORM AND FOGS

Director of Japanese Prisons a Passenger—The Cargo is a Light One

Over forty hours late the N. Y. K. liner Tamba Maru, Capt. Sato, arrived in port this morning shortly after 8 o'clock. On the voyage from Yokohama the Japanese steamship encountered a heavy gale which lasted for over 36 hours and delayed her fully a day. Of the west coast yesterday the liner ran into a dense fog and Capt. Sato decided to anchor her off the Swire Bank until it cleared.

The Tamba Maru brought a light cargo of 2,652 tons, of which 120 tons were landed here, and 122 passengers. The latter including 12 saloon and 19 second class. Among the miscellaneous freight was a large shipment of sugar, 442 packages of raw silk 31 bales of silk goods, 100 lbs. of waste silk and 8,762 packages of tea.

Dr. S. Ogawa, director of Japanese prisons, was among the passengers. He is attended by H. Takayasu and K. Okaeda, two Buddhist priests, who will accompany him to Washington, D. C., where he will attend a congress on prison reform.

Twenty-seven Chinese for Victoria, 7 Chinese and 22 Japanese for Vancouver, and 1 saloon passenger landed here. Thirty-six Orientals are booked for points in the United States.

After discharging local freight the Tamba Maru proceeded during the forenoon to Seattle.

NOTICE TO MARINERS

A life-saving station, established by the government of Canada in Banfield Creek, Barkley Sound, is equipped with a motor lifeboat and the latest life-saving appliances.

The station consists of a lifeboat house with quarters in the same building for the crew, and is situated on the west side of the entrance to Banfield Creek.

A life-saving station has also been established in the bottom of Pachena Bay, eastward of Cape Beale. Lat. N. 48 deg. 47 min. 40 sec., long. W. 125 deg. 6 min. 44 sec.

The station is situated in the east corner of the head of Pachena Bay, just above high water mark.

This station is supplied with a surf boat, but has no separate crew, being worked in connection with the station at Banfield.

On 1st August, 1910, a fixed white post-lantern light was established on Spire Island and reef beacon, Revillagigedo Channel, Alaska. Lat. N. 55 deg. 16 min. 6 sec., long. W. 131 deg. 30 min. 12 sec.

The light is elevated 35 feet above the water, and is visible from all points of approach, except between the bearings of N. 38 deg. W. and N. 53 deg. E., where it is obscured by the lantern shelter house.

On 1st August, 1910, a fixed white post-lantern light was established 15 feet above the water, on a shelf attached to the eastern wall of a small white building on a rocky knoll immediately eastward of East Clump, northern shore of Gravina Island, Alaska. Lat. N. 55 deg. 20 min. 40 sec., long. W. 131 deg. 41 min. 20 sec.

On 1st August, 1910, a fixed white post-lantern light was established on a white shelf attached to a tree at the western end of Channel Island, Tongass Narrows, Alaska. Lat. N. 55 deg. 23 min. 49 sec., long. W. 131 deg. 45 min. 52 sec.

The light is elevated 11 feet above the water, and is visible from all points of approach, except between the bearings of S. 18 deg. W. and S. 33 deg. W., where it is obscured by the high portion of the island.

The light shown from the lighthouse on Prospect Point at the entrance to the First Narrows, Burrard Inlet, has been changed from a fixed white light to an eclipsed light, visible 8 seconds and eclipsed 3 seconds alternately. The illuminating apparatus is dioptric of the fifth order, and the illuminant petroleum vapor, burned under an incandescent mantle.

The gas-lighted beacon on the northern shore of the west entrance of the First Narrows, Burrard Inlet, has, owing to the intended widening of the channel, been moved to a new position, standing on a hill. Lat. N. 49 deg. 18 min. 53 sec., long. W. 122 deg. 8 min. 32 sec.

The beacon consists of a rectangular concrete foundation, on which is erected a steel cylindrical tank standing on a steel frame-work, and surmounted by a

pyramidal steel frame supporting the lantern, the whole painted black.

A fog bell, operated by machinery, has been placed on the concrete base of the beacon. It will, during thick or foggy weather, be sounded at short intervals.

TENDERS

TENDERS addressed to the undersigned at Ottawa, and endorsed on the envelope "Tender for lighthouse and buoy steamer" for the Pacific Coast, will be received up to noon of the

THIRTY-FIRST DAY OF OCTOBER, 1910, for the construction of a Twin Screw Steel Lighthouse and Buoy Steamer for the Pacific Coast, to be delivered at Victoria, B. C., of the following leading dimensions, namely—length between perpendiculars 200 feet, breadth 38 feet, depth 12 feet 6 inches, draft 11 feet 6 inches, and speed 12 knots per hour.

Plans and specifications of this steamer can be seen at the Department of Marine and Fisheries, Ottawa, at the office of the Collector of Customs, Toronto, Collinswood and Midland, and the Agencies of the Department of Marine and Fisheries at Montreal, Quebec, Victoria, B. C., Halifax and St. John, N. B.

Plans and specifications can be procured by application from the Purchasing and Contract Agent, Department of Marine and Fisheries, Ottawa, and from the Agent of this Department at Victoria, B. C.

Each tender must be accompanied by an accepted bank cheque in favor of the Deputy Minister of Marine and Fisheries equal to 10 p. c. of the whole amount of the tender, which cheque will be forfeited if the successful tender declines to enter into a contract with the Department or fails to complete the steamer. Cheques accompanying unsuccessful tenders will be returned.

The Department does not bind itself to accept the lowest or any tender.

Newspapers copying this advertisement without authority from the Department will not be paid.

KILLED BY TRAIN

Washington, Sept. 16.—While trying to board a southbound suburban car into the city, where she intended to purchase the final articles for her trousseau, Mrs. Eliza E. Williams, who was to have been married soon to Warren K. Jessup of Los Angeles, was struck yesterday by a northbound trolley car and instantly killed. Her husband was run down by a freight train several years ago and killed within sight of their home.

GOLD ROBBERS ARE STILL AT LIBERTY

Mounted Police Asked to Assist in Running Down Men Who Stole Bullion

(Times Leased Wire.) Seattle, Wash., Sept. 16.—The Alaska-Pacific Express Company is expected to offer a reward of \$10,000 to-day for the arrest of the robbers who made away with \$57,000 in gold bullion, part of a shipment of \$170,000, from Fairbanks, Alaska, which was missing when the steamer Humboldt arrived in Seattle. The gold was consigned to the local assay office. In addition to the theft of the bullion, nearly \$20,000 in gold was stolen from registered pouches on board the ship. A score of federal marshals, agents and Pinkertons are here working on the mystery and the Canadian Northwest Mounted Police at Dawson in the Yukon have been called upon to aid.

SALMON MARKET

Great Demand for Present-Season's Pack—Prices Are Ruling High. Although canned salmon opened this season at an advance on the highest recent opening prices, yet realizations of futures during the week have advanced a dozen for Alaska reds and for pinkies 75c per dozen here and 5c per dozen Puget Sound. Even at these advances it is hard to get any stock, for in nearly every instance canners have to pro-rate on their deliveries this year, cutting down makes firms, fortunate in getting salmon, wary in selling to others until they see how much their regular trade will take. Pickled salmon is higher for spot and will open higher for 1910 pack. The last sale of Alaska red in barrels was at \$9 per barrel, and the buyer says that ten days ago he wanted to fill an order but could not find a seller. A report is current that one parcel of over 1,500 barrels was badly stowed and is no good or subject to condemnation if offered for sale.

The pack of canned salmon on this Coast this year will be around 3,700,000 cases, but, as stated above, all has been sold in 1909. The pack of Puget Sound sockeyes this year aggregates 66,252 cases 1-lb. talls, 86,284 cases 1-lb. flats, and 128,691 cases halves, making a total of 281,227 cases of 48 pounds to the case. The pack of British Columbia and Puget Sound combined aggregate 816,312 cases, against 1,570,185 cases last year.

The English markets are very strong and tending up, according to the London Grocers' Gazette, August 21st, which says: During the week the American packers have named their prices for domestic use for the United States, and as those are several shillings higher than are at present ruling on the spot here, considerable buying of new season's British Columbia pack has resulted. There is much more activity on the spot, and in the confident expectation that prices for new season's will be much higher, and in view of the short pack, business has been done in Alaska at an advance of 6d. The demand from the country continues exceptionally good, and there is every indication that the market will be a strong and advancing one, especially for 1-lb. flats. The Celtic has arrived at Liverpool with 1,000 cases.

WEATHER BULLETIN

Daily Report—Furnished by the Victoria Meteorological Department. Victoria, Sept. 16.—5 a. m.—The pressure is low over the Canadian western provinces and the North Pacific states, and cloudy weather is very general. Rain has fallen in Western Oregon and Washington, and a thunderstorm occurred at Walla Walla; rain fell also in California, Nevada and Utah.

Forecasts. For 24 hours ending 5 p. m. Saturday. Victoria and vicinity—Light to moderate winds, chiefly cloudy and cooler, with showers. Lower Mainland—Light to moderate winds, chiefly cloudy and cooler, with showers.

Observations at 5 a. m. Victoria—Barometer, 29.85; temperature, 51; minimum, 30; wind, 4 miles S.; weather, cloudy.

New Westminster—Barometer, 29.88; temperature, 52; minimum, 52; wind, 4 miles E.; weather, cloudy. Kamloops—Barometer, 29.88; temperature, 44; minimum, 44; wind, calm; weather, clear. Barkerville—Barometer, 29.90; temperature, 36; minimum, 34; wind, 6 miles S. W.; weather, clear. Saanichton—Barometer, 29.96; temperature, 52; minimum, 48; wind, 10 miles W.; rain, 0.4; weather, part cloudy. Prince Rupert—Barometer, 29.94; temperature, 48; minimum, 48; wind, 4 miles S.; weather, cloudy. Edmonton—Barometer, 29.76; temperature, 42; minimum, 40; wind, 4 miles S.W.; weather, clear. Winnipeg—Barometer, 29.92; temperature, 58; minimum, 56; wind, 20 miles S.; weather, part cloudy.

Victoria Daily Weather. Observations taken 5 a. m., noon and 5 p. m., Thursday. Temperature. Highest 68. Lowest 48. Average 58. Bright sunshine, 7 hours 12 minutes. General state of weather, fair and smoky.

DRY FARMING

Congress to Be Held in Spokane Early Next Month. The four western provinces of Canada and nearly every state west of the Missouri river will have exhibits of dry land products at the Dry-Farming Exposition and Interstate Fair at Spokane, October 3-9. Delegates will represent every province and state, and besides there will be numerous delegates from the cities, counties and commercial organizations. From Canada alone at least 250 delegates are expected; Mexico is sending official delegates and a number of farmers; Hungary is sending a minister of agriculture and five delegates; and Russia and Austria are to be represented.

In addition to that, the central eastern states are greatly interested in the coming congress, as the experience with the drought of 1910 has been a severe one and the lesson is before all these farmers that they must adopt better methods of tillage and moisture conservation. The programme is to be of a very practical nature. There will be some leading speeches by noted scientific agriculturists, not only of the United States but of foreign countries, and a great deal of time will be devoted to practical talks and institute work for the benefit of the farmer delegates.

MARICOPA OIL COMPANY OF LOS ANGELES, CALIFORNIA

Under Canadian Control Capital \$1,000,000

What Our Neighbors Are Doing

(Extract From the California Oil World.)

2 Maricopa, Aug. 31.—The Midway Northern Oil Company operating an eighty-acre lease in the northern quarter of Section 22, 12-23, has made a contract to deliver its oil to the New Centre and Anaconda Oil Companies, which supply two railroads and a small refinery in the north part of the state. The Midway Northern has laid 12,000 feet of pipe connecting its wells with the receiving tanks at the New Centre loading racks, has installed a large pump and expects to commence to deliver not later than Saturday. S. M. Warmbath, secretary and manager of the Midway Northern, states that the oil will net the company 47 1/2 cents per barrel. The Midway Northern finished its well about six weeks ago at a depth of 1905 feet and has since put in an eight and a quarter inch agitating string. The well flowed recently for four days, producing from 1700 to 2200 barrels per day, the oil testing 19, 3-10 B. It is expected that when the well thoroughly cleans itself out that it will have a production of about 2500 barrels per day. The company has let a contract to J. M. Latta at Maricopa for a standard 34-foot rig for well No. 2 and has placed orders for a new boiler and engine. Drilling the second well will commence within thirty days.

This Company owns a lease of 60 acres in Section 32, 12-23, in the very midst of the Gusher Territory of the Maricopa-Sunset Field on a royalty to the owners of 1-7 of the oil produced.

Our property actually adjoins that of the Midway Northern to which the annexed press extract refers.

We have now about eight hundred feet to drill. A similar well should be obtained at about the same depth on our property.

Such a production with a similar contract would enable this Company to EARN A DIVIDEND OF 2 CENTS MONTHLY, OR 24 CENTS PER SHARE PER ANNUM ON ITS FULL CAPITAL.

With such prospects, are you not buying dollar bills for 50 cents.

LATEST TELEGRAM. BAKERSFIELD, California. September 12, 1910. In field to-day splendid progress on Maricopa. Expect to bring in big flowing well by fifteenth October or near that date. (Signed) W. F. P. FOGG.

Price To-day, 50c per \$ Share Fully Paid and Non-Assessable

Denver, Sept. 16.—Michael Siften, a Polish laborer, who came to Denver from Pueblo a few days ago, related to Chief Armstrong of the Denver police a remarkable tale of a series of murders alleged to have been committed in Pueblo several years ago. Siften claims to be able to account for a dozen mysterious disappearances and crimes. He did not tell them before, he said, because of fear. The alleged crimes, he says, were committed at a boarding house, which is an ex-convict, but says he was railroaded to prison by members of a "gang" who wanted to get rid of him.

LOCAL BOTANIST NOW HAS RIVAL

INTREPID COLLECTOR VISITS INTERIOR ASIA

Seven Hundred Varieties of Plants
 Hitherto Unknown Growing in
 Hon. Vicary Gibbs' Garden

The search for new flowers or plants is always an interesting one. E. A. Wallace, the manager of Flew's Gardens in this city, has done a great deal of this work and he can tell stories by the hour of the adventures which he encountered in South America and other countries. The following story of a search for new plants in the interior of Asia is from the Daily Chronicle:

A gold medal has been awarded by the Royal Horticultural Society for a exhibit of new plants raised at Aldenham House, Herts, from seeds sent home from China and shown by the Hon. Vicary Gibbs.

The story of these wonderful plants, hitherto unknown to botanists, is of a romantic character. The seeds were collected by the distinguished botanist, Mr. E. W. Wilson, who travelled through Northern and Western China, on behalf of Mr. Vicary Gibbs and some American horticulturists, in search of new treasures of the flower kingdom and plant life.

His wanderings led him into wild districts of China never before visited by Europeans. He made friends, and in some cases had to avoid the enmity of the Chinese hill tribes. He suffered many hardships and perils. With his caravan of twenty-five guides and carriers he climbed great and unexplored mountains, made his way through vast virgin forests, and lived among uncivilized Chinamen in the most remote and desolate regions of that great empire. He had no other object but the discovery of new plants; he risked his life and health because that ambition led him onwards and lured him into the wildest spots, and his toil was rewarded with the discovery of an immense number (at least 1,000) of new and rare plants.

One of Mr. Wilson's first great journeys was through the Chin-ling-shan region, near the big Changtze plain, where the range was clothed with a dense jungle and brushwood. Descending to this valley he crossed over to the territory of one of the semi-independent tribes, and obtained the friendship of the chief, who allowed him to traverse his country freely. This region was previously unknown botanically, and Mr. Wilson found many new specimens.

Reaching the Chinese city of Tuna, the traveller after a rest crossed the river and for twenty-five days cut his way through to Tattien-lu, traversing the territories of several tribes who own but a shadowy allegiance to the Emperor of China and live in barbaric liberty. The roads were but mountain tracks and crossed great ranges rising to 15,000 feet, where the scenery is described by him as "wild and entrancing." For many days he was in the silence and the beauty of the great virgin woods, and with axes his companions hewed their way through the undergrowth, sleeping at night under magnificent birches, with a rich orange-colored bark, which grow to a height of 100 feet, and have a gigantic girth.

In another journey Mr. Wilson passed through the wilderness behind Mounts Omi and Wa, and in the savage scenery of the steep cliffs and crags found many new treasures. On the lower ranges charcoal burners have destroyed all the forests, leaving in its place a dense jungle of shrubs. But from 7,000 to 10,000 feet Mr. Wilson found an absolutely impenetrable forest of bamboos.

Wet through day after day, with bedding and clothing drenched, sleeping in the dirty huts of the Chinese charcoal burners at night, and enveloped by dense mists, Mr. Wilson found his journey was not one of pleasure, but in the interests of science he climbed the mountain of Wa Wu, unvisited previously by any foreigner, and of which for 4,000 feet on four sides the walls are sheer like those of a vast rock-fortress.

On Mount Wa he found among other wonderful plants a variety of Lonicera hispida, with enormously large flowers, creamy yellow in color, and some plants with rich maroon flowers and scarlet fruits over a foot in length.

As the result of these wanderings in China, Mr. Wilson sent 1,000 different varieties of seed to Mr. Vicary Gibbs, and under the direction of Mr. Edwin Beckett, the well-known horticulturist, who superintends the great gardens at Aldenham House in Hertfordshire, no fewer than 700 varieties have been raised into hardy and thriving plants.

Used in Canada for over half a century—used in every corner of the world where people suffer from Constipation and its resulting troubles—

Dr. Morse's Indian Root Pills,
 stand higher in public estimation than any others, and their ever-increasing sales prove their merit. Physicians prescribe them.
 25c. a box.

The collection is of a most interesting and astonishing kind. A great many forms of Chinese blackberry are growing in profusion in these gardens, and one which is already fruiting is especially peculiar because of its large white fibrous fruit. It was tasted by our representative, who found it sweet and pleasing to the palate.

One interesting plant pointed out was a Chinese rubber tree, which grows to a great size and should give a rich sap. Here, perhaps, is a new source of fortune in rubber.

A Chinese variety of the Judas tree, upon which Iscariot is said to have hanged himself, a plant called Paulownia, with giant leaves, a Chinese horse chestnut, a great tulip tree, Chinese vines growing most luxuriantly, and an immense number of new plants blooming already with flowers that have never before been seen in the Western world (and some with fragrances that would terrify all but botanists) have been successfully reared in Mr. Vicary Gibbs' garden, from the seeds which were secured on the adventurous journeys by Mr. Wilson.

TAFT WILL TREAT ALL REPUBLICANS ALIKE

President to Follow Usual Rule With Regard to Federal Patronage

Beverly, Mass., Sept. 16.—President Taft's views on the question of patronage are outlined in a letter signed by Secretary Norton, and was endorsed by the president. Politicians say the letter is an attempt to turn the progressive activities into a channel where they will do the most good. It is not announced to whom the letter was addressed, but it is generally understood that the recipient is a standpat congressman from Iowa. The letter follows:

"The president directs me to express to you and your friends the appreciation of the work and powerful assistance extended to the administration from the beginning, contributing much to the legislative and other success of the party. The president recognizes that your efforts were wholly disinterested and that you fought steadily and generously for what you believed his interests and the welfare and success of the party.

"While Republican legislation was pending certain Republicans were opposing it, and the president felt it his duty to the party and to the country to withhold patronage from certain senators and congressmen who seemed opposed to the administration's efforts to carry out the promises of the party platform.

"That attitude, however, ended with the primary elections and nominating convention, where the voters had opportunity to declare themselves. The people have spoken.

"As the party faces the fall elections the question must be settled by Republicans of every shade of opinion, whether the differences of the last session are to be perpetuated or forgotten.

"The president recognizes that in certain cases the expression of feeling has been so bitter as to make it difficult in some instances for the factions to come together and work loyally for the party. As stated in his letter to the congressional campaign committee, he believes that this cannot be done. The president is confident that you will meet local conditions and state issues in this spirit, and that you will write to your friends and ask them to do likewise.

"The president feels that the value of federal patronage has been greatly exaggerated. The refusal to grant it probably has been more useful to the men affected than the appointments would have been in preliminary skirmishes.

"In certain states, like Wisconsin and elsewhere, the president has been willing, in the interest of what leaders believed was party success, to make certain discriminations, but he has concluded that it is his duty now to treat all Republican congressmen and senators alike. Without distinction he will now follow the usual rule in Republican congressional districts and states and follow the recommendations of congressmen and senators, no matter what their shade of political opinion, only requiring that the men recommended be of good character, competent and best fitted for the particular office to which they seek appointment."

Many Republicans are inclined to consider the letter a bid for the leadership of the progressives, and regard it as the death knell of "standpatism."

Washington, D. C., Sept. 16.—The Insurgents here are elated over the letter of President Taft restoring patronage to them. They are frankly glad to get the patronage back.

It is predicted here that the change on the part of the administration will not alter the attitude of the Insurgents. It is believed that the overwhelming insurgent victories in Kansas, Iowa, Wisconsin, California and Washington have made it seem expedient to the administration political advisers to drop the fight that they have waged on the progressives and start a "get together movement."

CONDEMNNS WOMEN SMOKERS.

Pittsburg, Pa., Sept. 16.—Declaring that young women of the fashionable eastern seminaries and finishing schools are the best patrons of the cigarette dealers, the woman's organization of the National Association of Retail Druggists has adopted resolutions condemning women smokers. Mrs. William Lee, president of the organization, said that an eastern tobaccoist had asserted that the college girls were among his best cigarette customers.

CLEVELAND'S POPULATION.

Washington, D. C., Sept. 16.—The census bureau announces that the population of Cleveland, according to the federal census is 569,683. This is an increase of 45.9 per cent. over the figures for 1900, and makes Cleveland the sixth city in the country in point of population.

What Other People Think

THE ALLAN CASE.

To the Editor: Allow me to call your attention to what ex-President Roosevelt said in his speech in Columbus, Ohio, September 12th, on law and order: "Every citizen has a duty to maintain it. The first requisite of justice is the establishment of law and order. We to the man, official or private citizen who does not realize this. We should abhor the conduct of a public servant falling to do his duty in this regard, and we must equally condemn ourselves, the people who are as much responsible as the public servants. If they are content with the mere establishment of law and order and fail to learn whether justice has been denied, we should use the whole power of the government to right this wrong."

The above is the forcible opinion of a man that has held the highest position in America. Allow me to refer to some of the tragedies that have taken place in the last few years in this province. Ralph Sutton, when out hunting near Genoa, Cowichan, when moving through some brush was shot dead by another hunter under the impression it was a deer that disturbed the brush. He did not wait to make sure what it was as he should have done. Mrs. Sutton received the paltry sum of \$50 in remuneration. Those Williams was shot dead by a companion hunter within a few yards of the cabin where they parted. This was another case of not seeing what he shot at, and three young orphan children were left to mourn the loss of a father. Two hunters were camped on Golden Mountain close to the road with a dog close to them. A headlight hunter came along with his light which revealed the eyes of the dog. Thinking it was a deer or some other wild animal he fired and dangerously wounded one of the sleepers, who shouted out "I am shot," but the perpetrator, like the one that shot Mr. Allan, went on his way, and it has never been made known to the public who he was. The next case of this kind was the shooting of Mr. Allan by some one unknown and too cowardly to acknowledge the great wrong he had done, although pleaded to do so by a kindly woman through the press, and asked to be a man and acknowledge his guilt. Then Hedley shot and dangerously wounded Mr. Fry, but had the manliness to do his best for the victim. Neither of those hunters knew what they were shooting at and it is to be hoped it was not done intentionally. It must be criminal negligence not to know what they were shooting at.

Passing the shooting tragedies we come to other failures of justice. Some young fellows maltreated a Chinese youth on Fort street, drying him under a car and he lost a leg. Nothing was done to the perpetrators and the public never found out who they were. But the greatest tragedy of them all was the Point Ellis bridge disaster. The bridge was repaired a short time before the disaster happened, yet a beam or stringer on the north side had such a slight hold on the bent that the great part of the overloaded car came on it. It slipped off, allowing the weight to come on the other stringers, causing them to collapse and the car with its human load of over 100 passengers went down in the waters of the harbor and fifty-six lives were lost, bringing grief and mourning to dozens of homes here and at other places. Who was responsible for this stupendous blunder? Who was the overseer of the repairs? Surely there must have been some one! Was there no criminal negligence there? Was there any other name for it? It seems that criminal negligence is not known by the administration of justice in British Columbia.

There are other instances where the failure of justice happened in this province. A respected citizen and a hero of the Crimean war was badly wounded by having a glass tumbler thrown at him. A short time before the same thing happened in Nanaimo and the perpetrator was sent up for three months, but the perpetrator of the offence in Victoria was never punished. Who it was I did not know, although I had my suspicion, for Mr. Higgins commenting on the affair in the Colonist remarked again and again: "Surely it was not the attorney-general" that was guilty. A grievous injustice had been done to Mr. Allan and it will not down and will come up again and again.

until justice will be done. If the administration of the law is not more justly and better enforced than it has been in the past and the officers and people fail to do their duty, Judge Lynch with his faggots and rope and rifle bullets will appear on the scene. Who is to blame for those failures of justice. Surely it is not the police or the superintendents of police. Mr. D. W. Higgins said, "surely it is not the attorney-general." Then it must be the fault of the people and the administration of justice in British Columbia. British people have always had the reputation of carrying out the laws impartially. Surely in this most British province of Canada we should not fail to regain our reputation and maintain it. Let it once be known that criminal negligence will be punished and that ten years in the penitentiary awaits the individual that shoots at something, not knowing what he shoots at, and kills a human being, and he will never be allowed to carry a gun again, then there will be fewer accidents or lives lost.

By all means open up a subscription list as proposed by Mr. Peirson in the interest of Mr. Allan getting justice. I will stand five dollars towards it.
W. A. ROBERTSON.

WIDENING SCHEME MUST (7) BE DROPPED.

To the Editor:—If the news item under the above heading in Thursday's Colonist is to be read seriously as a specimen of the manner in which Victoria tries to extend herself, then one ceases to wonder at the success of half a dozen Swines in holding us at bay for a quarter century. The article in question would lead us to believe that the lawyers assembled were unanimously of opinion that the work could not be proceeded with. This is far from being the case. At least one of them puts down the objection to the by-law as "rubbish," and probably Mr. Mann concurs. We do not expect unanimity from lawyers. Even judges are known to disagree on points more or less vital, and the only thing we are sure of is that decisions of the highest courts nearly always correspond to the dictates of common sense.

Now the paragraph in the Colonist article that contains the objection reads as follows: "The opinion is held that in view of the existing sidewalk by-law (1904) the owners who are paying the yearly assessments have a vested right in the walks and sidewalks thereof as laid down for the full term of 10 years, while the debenture holders have an absolute charge upon the existing properties in the condition in which they were when the debentures were sold."

As to the first clause: The Fort street frontage owners have undoubtedly a right to the benefits of their present sidewalks at a fixed frontage rate for four more years. Some of the Fort street owners have undoubtedly a right to the benefit of their present buildings and gardens to their present street line, supposedly for all time. The four-year right to a sidewalk and the perpetual right to certain buildings and gardens are alike expropriated for the good of the city. In the case of buildings and improvements, the value of same will be paid in the sacrificing owner and the costs levied proportionately on those who benefit. In the case of sidewalk rights there appears to be no need of compensation or assessment, for the parties who sacrifice are the parties who benefit, in exact proportion to the frontage they own. That is to say, if lot 1 were compensated for the four-year loss of the old sidewalk, lot 1 would be assessed \$100 to pay for same. The assessment would automatically cover the compensation.

As to the second clause: The debenture holders are not injured by either the destruction of the old sidewalk or the sale or conveyance to the city of a strip of land. The debenture holders have a four-year charge against certain lots, based on frontage value and guaranteed by the city. If the lot owner conveys a frontage strip to the city or a side strip to a neighbor or a back strip to anyone else, the debenture holders lose neither security nor sleep over the matter. The debenture holder has no direct interest in the sidewalk as property, and can make no protest when parts of same are destroyed for the purpose of placing manholes or hydrants, or for building carriage drives or lane connections, or for the purpose of opening new cross streets or railways, all of which things would be illegal and impossible according to the legal opinions cited.

It would, of course, be possible for a debenture holder of a useful or humorous turn of mind to obtain an injunction against the widening of a street or the building of a Pemberton block, on the plea that no such widening or such block existed when debentures were issued. But what could be gained by such an argument? To anticipate difficulties of this sort is

not cautious, nor exactly cowardly, but it does remind one of a one-eyed male balking at shadows in the moonlight.
NOT A LAWYER.
AGAINST SHOOTING.
To the Editor:—Allow me to thank you for your stalwart stand against those heartless hunters who, at the first flush of autumn, commence their furious rage of the woods and stay without discrimination both young and old of the feathered inhabitants. As you say, many of the birds which fall in quivering agony at the shot of the incogitators' "stems" are too little to suffer the wounds and find—alas! all too late—that their confidence in the conscience-biped who rules the animal kingdom is misplaced. You say that this rapine can "only be excused on the ground of hogchasing." To this, although I greatly appreciate most of your sentiments and thrill at the broad humanity of your plea for temperance, I must take exception. Such slaughter cannot be excused on any grounds, not even on the grounds of hogchasing. It seems strange that any man who has felt baby hands about his face or who, if denied this happiness, has even once watched the tender devotion of a loving mother to her child, can, without hesitancy and without remorse, raise to his shoulder an ugly gun and deliberately kill the baby birds of the countryside. Again thanking you for your courageous denunciation of this unpardonable practice, allow me to remain,
A MOTHER.
BOY SCOUT MOVEMENT.
Prince Rupert, Sept. 15.—The Boy Scout idea, as originated by General Baden-Powell, has spread all over Canada, and the latest place to be interested in the movement is Prince Rupert. Dr. Keddie is one of the most enthusiastic advocates. He gives many convincing reasons why the project should be encouraged and brought to us as well as developed stage as it has in Vancouver and Victoria.

NO MORE TORTURE FROM ECZEMA
Relief Quick and Cure Certain When **DR. CHASE'S OINTMENT** is Used
There is no form of itching skin disease which can defy the extraordinary curative powers of Dr. Chase's Ointment.
This is a strong statement and is only made after years of experience with the use of this preparation in the most horrible cases of eczema which you could imagine.
Relief from the terrible itching comes with the first few applications, and then it is a question of patiently applying the ointment and watching the natural process of healing which is set in operation by this great healer.
There are lots of cures to refer to, but what you want is actual trial in your own case, when you will soon realize that there is no disputing the wonderful healing power of Dr. Chase's Ointment.
If you have Eczema or any form of itching skin disease don't let an hour pass before sending for this treatment. Sixty cents a box, all dealers, or J. J. Mansson, Bates & Co., Toronto.

OWNERS WILL INSTALL ADDITIONAL MACHINERY

Much Gold is Being Mined on Group of Claims at Gleanersville

White Horse, Y. T., Sept. 15.—Dr. P. F. Scharnschmidt, who visited Atlin recently, spent several hours at the scene of quartz operations at Gleanersville, the property working being what was formerly known as the Engineer group, but which was allowed to revert by the original owners and which was later located by the parties now operating it.

A three stamp mill is located on the property but the stamps are of extra size, the three being equal to from six to eight ordinary stamps. With the small mill in operation an average of \$1,000 per day in gold is being taken out. The day Dr. Scharnschmidt was there last week the day's run yielded four pounds and five ounces. The owners contemplate installing additional machinery in the near future.

Dr. Scharnschmidt owns a claim adjoining the property being so successfully worked and he has four men at work and will continue development work all winter. Indications are that his property is fully as rich as that of his neighbors.

WEDDED AT LADYSMITH.

Ladysmith, Sept. 15.—At the home of Mrs. Wm. A. Smith, First avenue, on Tuesday evening Rev. T. Wilkinson united in marriage Mr. Martin Davidson of Ladysmith, and Miss Ethel Louisa Scoble of Nanaimo. Mr. Davidson is a grandson of Mr. and Mrs. Smith, his parents also living in the city. Miss Katie Davidson was bridesmaid and the groom was supported by Mr. R. Scoble, brother of the bride.

It is claimed for a new electrical melting pot for glass that it keeps its contents at a perfectly even temperature.

A. M. GREGG
REAL ESTATE, INSURANCE, ETC.
620 JOHNSON ST.

GARFIELD ROAD—House, 7 rooms, modern conveniences, 2 large lots 60 x 132 each. Stone and brick foundation. Barn and twelve fruit trees. Price \$4,700. One-third cash, balance arranged.

Near McPHERSON STREET, Victoria West, house, 4 rooms. This house is in splendid condition and ready to move into. Close to car and has a fine view. Price only \$1,450. \$450 cash, balance one and two years.

JEWELRY BUSINESS for sale. This jewelry business is one of most centrally located in the city. 75 cents on the dollar. Owner leaving the city. DOUGLAS STREET, 11-15 acres close to end of car line, 124 feet facing on Douglas Street. Price \$2,150. \$250 cash, balance one, two and three years at 7 per cent.

MANCHESTER ROAD, large house, very strongly built on large lot, modern in every way. Snap at the price, \$4,700. Easy terms. Will take two city lots as part payment.

Ice and water made an attempt here impossible. A little further on a smooth dry crevice was passed. A third seemed to offer a chance, although the crumbling rock offered no secure foot and hand holds, and once loosened precipitated down the steep mountain wall by the quick ascent would render a return by the same gap very doubtful if not impossible. Mr. Ellis, however, ascended this third crevice, taking a chance of finding a different way to return, which he fortunately subsequently discovered.

The summit was reached at about 2 o'clock in the afternoon. It was found to rise to an altitude of 12,125 feet, and there was no evidence whatever of the peak ever having been climbed. Mr. Ellis after making his records placed them in a bottle and deposited them in a cairn which he hastily built. Mount Hammond is the loftiest peak yet conquered in the Selkirks, its nearest rival, Mount Dawson, near Glacier, 11,113 feet. Paradise mine was reached again at 7 o'clock in the evening.

Mount Hammond was named in honor of the late Herbert Carlyle Hammond of Toronto, a public-spirited man who for years was interested in the development of British Columbia and was largely interested in the Paradise and other mines.

EXPERIENCE

THE DOCTOR: "Ah! rest, rest and lovable. Give him a Steadman's Powder and he will soon be all right."

Steadman's Soothing Powders

CONTAIN NO POISON

IMPORTANT INDUSTRY.

New Westminster, Sept. 15.—One of the most important industries in British Columbia of which little is heard is the manufacture of fertilizer and oils from fish offal. Not many years ago the bays and rivers and all the public swimming beaches during the fishing season were covered with fish heads, tails and offal of salmon which was thrown overboard from the fishing canneries on the coast. A provincial law forced the cannery owners to tow the offal out to sea in scows, which they did, but it was only brought back by the tide and scattered everywhere. It was well known that the best of fertilizer and oil could be extracted from the fish but many fishing seasons passed before a plant was started. Almost the first one was that of the Canada Fish Products Company, known in Ladner as the Offery, on Lulu Island, directly opposite to Ladner. The plant has been in operation for some time and this year secured the offal from eighteen canneries. The company has two tug boats, the Ena and the Linda, to gather the offal, which is stored on the wharves of the canneries. This season the plant was put in operation on July 1 but with the end of the sockeye fishing season the plant will be closed.

During the time the plant has been in operation over 100 tons of valuable fertilizer and 172 drums of oil have been extracted from the parts of fish.

NANAIMO PIONEER DEAD.

Nanaimo, Sept. 15.—The death occurred in the city yesterday morning of Mrs. Jane Vipond, wife of George Vipond, Wallace street. Mrs. Vipond had been in failing health for some months. The deceased was a resident of the district for the past 36 years. With her husband she left the Old Country in 1868, and landed in the United States just two days after the assassination of President Lincoln. They settled in Illinois for a time, finally coming here 36 years ago. They went first to Wellington where they resided about 16 years, and then came to Nanaimo, where they have lived for the past 20 years. The deceased was a native of Gosforth, England, aged 65 years, and is survived by her husband and a family of one daughter and seven sons, namely: Mrs. D. G. Alexander of Wallace street; Joseph W., also of Wallace street; George of Vancouver; James of Duncan; Robert and John of Victoria; and Sierperdon and Thomas of Wellington.

FIREMAN INJURED.

Vancouver, Sept. 15.—A sudden blaze in the Pantorium Cleaning and Dyeing establishment at the corner of Gore avenue and Keefer street, besides making things hot and dangerous for the residences in that vicinity, resulted in injury to one of the firemen from No. 1 hall, G. Gurney, who had his ankle broken by falling from a ladder. The injury though painful, was not particularly serious. The damage to the building and contents will amount to close on \$2,000.

FIRE INSURANCE WRITTEN AND MONEY TO LOAN.

PLACERS WILL YIELD RICH RETURNS

Northern Districts of Province Offer Splendid Field for Mining Operations

Prince Rupert, Sept. 15.—Dr. R. E. McKechnie, of Vancouver, and his brother, Eberts McKechnie, now also a resident of Vancouver, have left for their homes after a delightful outing in the northern interior of the province.

With a double purpose in view, that of enjoying an outing and of looking over the northern interior of the province, the brothers set out several weeks ago. They made their way in from Prince Rupert by way of the Skeena river, pushing their course into the region about Manson lake, now known to few others than the mining prospectors, and proceeded well on in the direction of Parsnip river. At Slate creek they had the opportunity of seeing what is being done on the property of the old 4rd company. The week under the charge of the manager, Mr. Beach, is not being pushed forward at a very rapid rate at present as the company are delaying operations until somewhat better transportation facilities are afforded.

Speaking of the outlook in that country they are agreed that one of the greatest mineral sections in the province is awaiting its turn to be opened up. Dr. McKechnie, who is well acquainted with the province, has no hesitation in pronouncing the area which will be opened in the northern interior as excellent, that which is to be found in the southern portion of British Columbia. The character of the country lends itself more easily to transportation. There are vast areas of level and rolling land through which it is not difficult to proceed. While it is a land of immense distances there is not the same difficulties in the way of mountains as in some of the other parts of the province.

It will, in his opinion, be a district that will be productive of vast returns from its deep placers. His brother pointed out that practically every stream in that country carried color. There are immense riches undoubtedly hidden away there and the opening up of the country by the providing of the means of communication will be followed by rich returns from the gold mining. The Grand Trunk Pacific will assist in no small way in the work of opening it up. It is a country, however, that will give the richest returns from the use of machinery, and at the present time this cannot be transported owing to the prohibitive rates.

NOTICE

"NAVIGABLE WATERS PROTECTION ACT"

Notice is hereby given that John Raymond, of the City of Victoria, British Columbia, is applying to His Excellency the Governor-General of Canada in Council for approval of the plans and descriptions of site, of works proposed to be constructed by him in Victoria Harbor, immediately fronting the S.E.A. Block 4, Heckley Farm, Victoria, B. C., and has deposited the said plans and descriptions of site with the Minister of Public Works at Ottawa, and a duplicate thereof with the Registrar General of Titles in the Land Registry Office, Victoria, B. C., and that the matter of the said application will be proceeded with at the expiration of one month from the time of the publication of this notice in the "Canada Gazette."

Solicitor for the Applicant, 1111 Government St., Victoria, B. C.

Dated this 26th day of July, 1910.

TRADES CONGRESS
ELECTS OFFICERS
 (Continued from page 1.)

when, with President Glocking again in the chair, the resolution against bousing was reaffirmed.
 Delegate Mills made a strong plea for a strict boiler inspection resolution. He said that last year in the United States there were 10 boiler explosions, and during the year 200 lives were lost and over 1,000 injured from that cause. Ninety-seven per cent. of these explosions were put down to shortage of water, but at times it was not a shortage of water when the crown sheet had been found to be no thicker than a piece of brown paper.
 Secretary Draper said that he thought some mention should be made of the omission of Solicitor O'Donohue's name from this bill to assist in its being passed.

The Secretary: "Is Mr. O'Donohue in the hall?" (A voice: "He is.")
 Secretary Draper: "Mr. O'Donohue went twice to Ottawa last year. He has been getting \$2,000 a year from this congress. I told him this year to charge a fee for whatever work he did from on a postage stamp and for writing a letter. Thus his bill was under \$500, representing a saving of \$1,500 when we paid him a yearly salary. As a member of the executive committee I am going to employ Solicitor O'Donohue only when I find I can't get on without him. Mr. O'Donohue asked for a raise in salary some time ago and we refused it. Laymen certainly do us up sometimes."
 Delegate Quessell, returning to the resolution, said that they could not afford to have a man come off a farm, shovel shavings away from a locomotive fire-box for a week or two, and then because he had a pull somewhere see him elevated to the position of boiler inspector.

The election of officers resulted as follows: President, Wm. Glocking, Toronto; vice-president, Gustave France, Montreal; secretary-treasurer, P. M. Draper, Ottawa; delegate to the American Federation of Labor, R. P. Pettipiece, Vancouver; Officers for British Columbia: Vice-president, J. C. Watters, Victoria; committee, R. P. Pettipiece, Vancouver; R. H. Stoney, New Westminster; H. Kempster, Revelstoke.

The congress started on the home stretch of its twenty-sixth annual convention this morning, and as a rule were quickly disposed of. Discussions are very brief, most of those who had come prepared to make lengthy speeches already having delivered them. A resume of some of the resolutions concurred in follows:
 By Delegate Campbell, of the telegraphers, to make arrangements for an international peace conference of labor bodies to end all internal warfare.
 By Benson, of Vancouver, to get government pensions for the blind, and for legislation requiring greater care in the erection of scaffolds and temporary floor on which men are required to work.
 By J. W. Pigg, of Fort William, to abolish the practice of using troops on labor disputes.
 By Gus French, of Montreal, approving of the principle of co-operative stores, etc.

By M. E. Morton, of Port Arthur, for legislation requiring the heating of vestibules of street cars, the same as interiors, for the protection of conductors.

By M. E. Morton, of Port Arthur, for legislation requiring the heating of vestibules of street cars, the same as interiors, for the protection of conductors.

REGISTRATION OF VOTERS

As Monday, September 26th, will be the last day on which application for registration will be received, all men of twenty-one years or over whose names were not on the list at the time of the last provincial election are urged to apply without delay to any one of the following: Harvey Combe, registrar of voters; J. Kingham, Lee & Fraser, A. B. McNeill, R. L. Drury and R. B. McMicking.

TO OPEN LINE

ON OCTOBER 1
 (Continued from page 1.)

the intention of the E. & N. Railway Company to push their line north of Comox and Campbell River in the near future. Contracts for clearing of right-of-way were let some time ago to Contractors Stevens & Sabin, of Victoria, for the section from Union Bay to Oyster River and south to Parksville, the point of junction with the Alberni branch now under construction.

A large survey party of the E. & N. Railway Company is now engaged on the Quinsam River running the Comox line north. Where the tidewater terminus for the present will be is not disclosed, but it must necessarily be south of Seymour Narrows. Ultimately the line will be carried through to Quatsino as previously declared by the management of the company. The work of constructing a line of railway as far as the 56th parallel, that is, Campbell River, will be comparatively cheap, with easy gradients and good alignment.

 NICKEL AND COPPER, \$10.00 and **\$12.00**
 And an exceptionally fine one at **\$20.00**

Something About Rocking and Morris Chairs

For real solid comfort there is nothing like a good rocking chair. The new fashioned, new-fangled, modern kind don't seem to belong to the same class. We have a nice lot of rockers just unpacked out of one of our carloads; they are beautifully finished, with upholstered cushions in velour and verona, in different colors, and best of all, they are marked at very reasonable prices.
 We are advertising these chairs now so that we may have sufficient space to advertise the remainder of this big shipment. Come in and sit down in these chairs and see how you like them.
MASSIVE ROCKER, Early English finish, upholstered seat and back, \$8, \$6.50, \$5.50
GOLDEN OAK finish, \$8.50 and \$5.50
MORRIS CHAIRS, solid golden oak, quarter cut, spring seat, upholstered, loose cushions, Price \$15.00
SOLID GOLDEN OAK, quarter cut, upholstered in verona \$20.00
EARLY ENGLISH quarter cut oak, upholstered in verona, \$18 and \$15.00
 We enjoy every possible condition to make your buying here profitable to you. No larger, no more varied assortment of furniture shown in the West, and our facilities for buying at rock bottom prices always count in the selling.

The QUESTION ANSWERED
 Have you ever used our Ladies' Rest Room on the second floor? If not, when you are down town to-day drop into the store and go up to Floor No. 2 and see how you like it.

You Will Appreciate Our Prices the More Once You Have Compared Quality

DECLARES DEATH DUE TO POISON
 (Continued from page 1.)

The witness also testified that he had examined and analyzed specimens of the soil near the body and found a powder mixed with carbolic acid which he said was undoubtedly that used by the morgue keeper. He said that in the soil there were traces of hyoscin and arsenic.
 Dr. Wilcox said that a piece of a pajama pocket had been found in the cellar ground grave. The material was like pajamas worn by Mrs. Crippen, he said, but differed in color. The difference in color might be accounted for by the action of the soil on the cloth.

Inspector Dew, calm, imperturbable and mysterious, answered as briefly as he could the questions of the lawyers, and related his story of the case against Dr. Crippen and the chase across the Atlantic, which ended in the doctor's final capture.
 "When I first began investigating the case," said Dew, "and talked to Crippen, I did not intend to arrest him. I did not believe that he told me the truth about his wife's disappearance, but it did not occur to me, you know, that his wife had been murdered."
 Dew said that when he began his investigation there was nothing direct

ed suspicion against Dr. Crippen, and that he believed some other explanation than murder could be found for the woman's disappearance. It was not until he had accepted the promise of Dr. Crippen not to run away, and not until the portions of a human body were found in the basement of the Crippen home, and the American dentist had disappeared, that he became thoroughly imbued with the idea that there had been a murder, and that Crippen probably was guilty.
 After Dew's testimony was concluded, the hearing adjourned until Wednesday.

It is believed Dr. Crippen and Mile. Lemeve will be bound over for trial.
CHARGES AGAINST INSPECTOR.
 San Francisco, Cal., Sept. 15.—A storm of protest and widespread gossip followed to-day on the trail of the charges filed against Immigration Inspector John E. Gardner, whose official head was made a target yesterday by Immigration Commissioner Hart H. North.
 Gardner's friends say the charges are an attempt by North to direct criticism which lately has been made of his department from himself. The charges set forth are that Dr. Gardner is guilty of aiding and abetting the landing of Chinese immigrants. Dr. Gardner has been connected with the bureau of Chinese immigration for 30 years.

SYLVESTER'S HENFOOD FOR POULTRY
 Is the food of the day, containing everything that the laying hens require for the production of eggs. Thousands are using it; why not you? \$2.25 per 100 lbs.
