ORIENTAL PROBLEM ON PACIFIC COAST ISSUE AT OTTAWA

Complete Discussion Wanted by New Westminster Member

Claimed Orientals Menace in Large Cities

Ottawa, April 11.—W. G. McQuarrie, Conservative member for New Westminster, will ask Prime Minister Mackenzie King in the Commons this afternoon for a special day to be appointed for a complete discussion of the Oriental problem in Canada, particularly on the Pacific coast.

Interest in Question. To the Canadian Press to-day Mr. McQuarrie said he had been asked by several members to try to secure such a discussion on account of the extreme interest now being taken in the question. "I think it is important enough to be given right of way as soon as we convene after the Easter recess," said Mr. McQuarrie. He added that a Toronto laundry proprietor had told him that Orientals were now taking \$30,000 a week from that city each week in line of business.

RAISING FUNDS FOR DELEGATION

Public Bodies Recognize Value of Drydock Construction to Community

The various public bodies are rallying to aid in defraying the cost of the Victoria drydock delegation, which will leave the city on Thursday, in order to be in Ottawa in time for the resumption of the session after the Easter holidays.

Victoria will grant \$1,000, and Oak Bay \$500. The Saanich Council will not meet until Thursday to deal with the application. Esquimalt Council has voted \$250 for the expense of its delegate, T. J. Bonar, an expander, who took a keen interest in the drydock during his recent political campaign.

The Vancouver Board of Trade has been informed from Ottawa that the Federal Government will secure additional information before proceeding further with dock construction on the Pacific Coast.

A message to the Vancouver World says the Government will proceed with the subsidy granted for the Vancouver dock, on the ground that the work is not one of government construction, but a private enterprise, involving an expenditure of about \$170,000 per year in subsidies. The message, however, forecasts some variations in the contract. A considerable amount of money is being expended for the information of members of the Government before the delegation leaves Victoria for the Capital.

TEXT OF BRITISH NOTE PUBLISHED

London Times Approves Diplomatic Note to Washington

London, April 11.—The text of the British note accepting the claim of the United States Government for maintenance costs for the American army of occupation in Germany, is published this morning. Commenting on the British reply, The Times says: "It is a pleasure in these troubled days of international rivalries and misunderstandings to be able to approve wholeheartedly to a diplomatic note. We are thankful the foreign office has given adequate expression of the feelings of the British nation without the reserve and halting evasions which too often mar our intercourse with our best friends."

"It is a matter of course, that the expenses of the Americans should be remembered and as Marquis Curzon (the Foreign Secretary) says, it would be impossible to question this right. We wish all moral claims could be so frankly and simply recognized."

The British Government's note says the Foreign Ministry is communicating with the governments of France and Belgium, hoping that a speedy agreement can be reached for the most convenient method of securing the desired ends.

KILLED BY FALL FROM FREIGHT TRAIN; WAS STEALING RIDE

St. Mary's Idaho, April 11.—William Boreford, aged 17, of Millicent, Alberta, is dead here as the result of injuries he sustained when he fell underneath the wheels of a moving freight train last Sunday. Boreford told physicians before he died in a local hospital yesterday that he was faint from hunger because of having been without food for three days and was stealing a ride on the train. Both legs were severed by the wheels and he was otherwise injured.

HENRY FORD WINS IN IRELAND; GETS LAND CONCESSIONS

Cork, April 11.—The City Corporation to-day decided by a vote of 18 to 13 to grant Henry Ford the site of his tractor factory here in fee simple. With the Corporation recently issued a threat of eviction, Mr. Ford sent a cable message to the effect that unless he was granted the land in fee simple, he would move the factory elsewhere.

A Cork dispatch early in March said all construction work and installation of equipment at the Ford factory had been discontinued in consequence of the Cork Corporation's action in calling on the company to comply with certain conditions of its lease, one of which was said to provide that the firm employ a minimum of 2,000 men for five years.

LORD MAYOR OF DUBLIN SEEKS TO CREATE UNITY

Belfast, April 11.—Lord Mayor O'Neill, of Dublin, has issued invitations to prominent leaders of the opposing parties to Southern Ireland to meet for discussion of the entire political situation with a view to reaching unity, it was learned here this afternoon. It is stated on reliable authority that Michael Collins has accepted the invitation.

Eamonn de Valera, Charles Burgess, Michael Collins and Arthur Griffith all accepted the Lord Mayor's invitation.

REDISTRIBUTION MAY COME BEFORE HOUSE

Expected to Be Introduced During Present Session

Ottawa, April 11.—(Canadian Press)—It is likely that the House of Commons will debate the advisability of redistribution this session. J. T. Shaw, Progressive, West Calgary, has placed a resolution on the order paper. "That in the opinion of this House a redistribution of seats should be introduced during the present session of Parliament."

Mr. Shaw's resolution probably will bring on an interesting debate in view of the Premier's recent announcement that redistribution could hardly be dealt with this session.

Shaw's habeas corpus resolution placed on the Order Paper by William Irvine, Labor, East Calgary.

"That in the opinion of this House a defeat of a Government measure should not be considered as a sufficient reason for the resignation of the Government unless followed by a vote of lack of confidence."

ARBUCKLE CASE GOING TO JURY

Testimony is Concluded To-day in Third Trial

San Francisco, April 11.—Testimony was concluded to-day in the third Roscoe C. (Fatty) Arbuckle manslaughter trial. Closing arguments are expected to take the rest of the day's session and most of tomorrow, the case probably going to the jury to-morrow afternoon.

Yesterday marked the opening of the fifth week of the third trial on a charge of manslaughter against Arbuckle. The sessions were occupied by both sides in the piecing together of bits of evidence tending to complete the chains of testimony and when the court adjourned the defence had concluded its case.

The State had the first inning, offering by way of sur-rebuttal, Mrs. Minnie Buck, of Los Angeles, who testified as maid for Miss Virginia Rappe, for whose death the prosecution asserts Arbuckle is responsible, and never saw her ill.

Mrs. Bertha L. Behr, of Los Angeles, testifying for the defence, asserted that she had overheard Mrs. Joseph Harbeck, star witness for the prosecution, say on one occasion that Miss Rappe had been ill.

Fred Krueger and Neal Kelly, Los Angeles chauffeurs, declared that they were present when Harold Ford, also a State witness, had told a group of persons that Miss Rappe had an attack while in his car. Ford, a driver for Frank Keenan, movie star, who had been Miss Rappe's chauffeur for five months, swore he had never seen her ill. Krueger and Kelly said they asked Ford why he had testified as he did in view of his knowledge of Miss Rappe's attacks, and he replied, they asserted, that he did not want to displease his employer, Mr. Keenan, who had been a very good friend of Miss Rappe.

MARRIAGES MADE IN SPIRIT WORLD

But No Births, Says Sir Conan Doyle

Creator of "Sherlock Holmes" at New York

New York, April 11.—There are marriages in the spirit world, but no births, Sir Conan Doyle declared yesterday.

The celebrated English creator of "Sherlock Holmes" who has come to America to lecture on matters psychic made this statement in giving reporters a more intimate view of the next world as he conceived it, on his arrival in the steamship Empire.

Marrriages, he said, were on a higher level than in this world. They constitute the mating of affinities, he added, and always continue happily. Indeed, he said, there was a very complex form of society of the world hereafter.

Senses Too Gross. Sir Arthur said that the great agreement among spirits of various nationalities as to life in the spirit world will be one of the strongest proofs of the existence of such life. He added that the spirit world was all about us but that it was expressed in colors and sounds which our senses were too gross to understand.

Sir Arthur said that some ministers taught it was hard to get in Heaven, but said a normally decent person could not keep from going there at his or her death.

He said that the object of life was to spiritualize ourselves and that riches and successes here did not count against that.

DOCKERS' STRIKE MAY BE AVERTED

Longshoremen and Operators Hold Conference To-day

Vancouver, April 11.—With the completion of arrangements for a conference between representatives of the International Longshoremen's Union and the Shipping Federation in the office of Captain J. R. Stewart, secretary of the federation, prospects for a settlement of the trouble and the averting of a general strike on the waterfront next Saturday seemed brighter to-day.

The request of the dockers for a conference, following the ultimatum of the employers to the effect that a new schedule would be put into effect on Saturday next whether accepted by the men or not, was not being considered upon receipt by the ship operators, but after further discussion it was agreed that the dockers would be given a hearing.

PENSIONS WILL STILL BE PAID AT PAR IN CANADIAN CURRENCY

Ottawa, April 11.—Pensions, payable to former members of the Imperial forces, with pre-war domicile in Canada, will continue to be paid in Canadian currency until there is a decision on this matter from the special committee on pensions, insurance and soldiers' civil re-establishment, which has been formed in May last year for the purpose of acquiring shares in four insurance companies. Referring to an imposing list of assets contained in the prospectus last July, the receiver declared that these assets had then ceased to exist as interest-bearing securities. The assets were now estimated at \$2,925, the liquidator stated, and the liabilities exceeded \$1,500,000.

The meeting refused to listen to a solicitor who attempted to speak on behalf of the directors. Thereupon two directors endeavored to reply to angry questions until a shareholder asked what the directors considered their duty to be. The receiver interposed "we all know what were the directors' duties," he said, "and we are very much satisfied with the way they have been performed in this case."

HOSPITAL PATIENTS BECAME HYSTERICAL

Tragic Scene Followed Treatment by French Specialist

Shell Shocked Soldiers' Terrible Experience in London

Toronto, April 11.—What was intended as a triumphant finale to Dr. Coue's sensational auto-suggestion campaign in England, resulted in a near tragedy in a neurological hospital just outside London, Eng., according to a special cable to the Mail and Empire. The cable says:

"Lady Beatty, who is responsible in a great measure for Coue's presence in England, introduced the famous expert to patients but was forced to flee from the lecture room when shell shocked soldiers were plunged into hysterics. Writings and shrieking, the soldiers flung themselves on the floor, the doctors and nurses being unable to pacify them."

The tragic outcome followed Coue's treatment of one patient who declared to himself that he was suffering from a severe headache. John Withers, a soldier suffering from bodily tremors, was the next patient.

Piercing Shrieks. Suddenly while Coue was passing his hands over the soldier's body, Withers gave piercing shrieks, writhed and twisted himself like a contortionist and threw himself on the floor. The effect on the rest of the patients was instantaneous. Man after man groaned and shrieked, gripped with uncontrollable hysteria. A witness said the scene was indescribably hellish.

"Lady Beatty, standing near Withers, attempted to calm him but her efforts were of no avail. For a few days, the patient was in a state of hysteria, but she was forced to make a hasty retreat."

"Coue has left for France. The hospital authorities said Sunday night that all the patients had recovered from the temporary hysteria."

RESERVE RAILWAY PLAN IS REJECTED

Railway Board Turns Down Common-user Track

Plan to Connect Car Tracks With Railways

Plans for establishing a common-user track on the Reserve, where cars could be transferred from the Esquimalt and Nanaimo Railway system to the C. N. R. system have been rejected by the Dominion Board of Railway Commissioners, the civic authorities have been informed.

Rejection of the common-user track scheme by the Railway Board will not affect the Johnson Street bridge project adversely, City Engineer F. M. Preston explained to-day. The bridge project was continued in such a way that it will be possible to link the E. C. Electric Railway Company's tracks in the city up with the tracks of the railway system and with the Ogden Point piers, Mr. Preston stated.

To carry B. C. Electric freight cars over to the Reserve, a third rail is being installed on the east side of the new bridge now. Thus it will be possible for an electric engine, drawing a heavy train of cars, to carry freight from Ogden Point to the Reserve where freight could be loaded on C. P. R. or C. N. R. trains, provided the necessary connections were made at the wharves, Mr. Preston said. The street car system and its extension to the Reserve in this way would serve the purposes of the proposed common-user track which was turned down by the Railway Board he added.

HOUSE TO RESUME SESSION ON APRIL 19

Ottawa, April 11.—On motion of the Premier, it was decided yesterday that when the House of Commons adjourns to-day it will stand adjourned until Tuesday, April 19, instead of Tuesday, April 18, as originally proposed.

SHAREHOLDERS IN AN ANGRY MOOD

Equitable Fire Insurance Directors Under Fire

London, April 11.—(Canadian Press Cable)—Angry scenes occurred yesterday at a meeting of the creditors and shareholders of the City Equitable Fire Insurance Company, Ltd., one of the subsidiary companies of which Gerard L. Bevan who disappeared from London last January, was president. The official receiver explained that the company was formed in May last year for the purpose of acquiring shares in four insurance companies. Referring to an imposing list of assets contained in the prospectus last July, the receiver declared that these assets had then ceased to exist as interest-bearing securities. The assets were now estimated at \$2,925, the liquidator stated, and the liabilities exceeded \$1,500,000.

The meeting refused to listen to a solicitor who attempted to speak on behalf of the directors. Thereupon two directors endeavored to reply to angry questions until a shareholder asked what the directors considered their duty to be. The receiver interposed "we all know what were the directors' duties," he said, "and we are very much satisfied with the way they have been performed in this case."

SPANISH AVIATORS RESUME BOMBING OF MOROCCAN REBELS

Madrid, April 11.—A renewed activity in Spanish aviation in the operations against the Moroccan rebels is reported in an official statement which recounts the bombing of villages in the vicinity of Fez de la Gomera. The village of Caserio was set on fire by bombs.

UTILITY BOARD MAY BE REVIVED

Premier Considers Establishing Public Service Authority

Would Settle Disputes Between B. C. E. R. and Municipalities

Representatives of Mainland municipalities appeared before Premier Oliver and the Hon. A. M. Manson, Attorney-General, to-day, and asked that the Government declare its intention of establishing somebody with authority to settle disputes between the B. C. Electric Railway Co. and municipalities.

They urged that if the Government would make such a declaration it would have considerable effect at Ottawa in connection with the opposition of the municipalities to the proposed extension of the railway.

Mr. Manson asked what the position of the municipalities would be if conditions were allowed to remain as they are until legislation could be effected.

Would Present Definite Plan. The municipal representatives said they thought there would be no difficulty in the way of the municipalities agreeing to such a proposal, but they would take it up and get a definite answer from their municipal boards.

The Premier explained that the position of the Government is that it will take the responsibility of establishing an authority with jurisdiction over these disputes between the B. C. Electric and the municipalities, but the understanding that present conditions remain until legislation can be effected.

ROTARY CHIEFS VISIT VICTORIA

Heads of International Rotary Pay City Flying Visit

Crawford C. McCullough, head of the International Rotary movement, accompanied by Mrs. Perry, secretary of the International Rotary organization, arrived in Victoria to-day from Seattle on their way East. The heads of international Rotary were here to-day by Lester Patrick, President of the Victoria Rotary Club, and a large number of Victoria Rotarians, but as they are returning to their homes in Eastern Canada, Mr. McCullough will commence immediately to prepare for the International Rotary Convention in Los Angeles next Summer.

Mr. McCullough is the second Canadian to be honored by the office of International Rotary President—an office which directs an organization active now in nearly every part of the civilized world. He was chosen head of the vast Rotary organization at the international convention in Edinburgh last Summer.

RICH HAUL MADE BY ITALIAN ROBBERS

Catania, Sicily, April 10.—Bank robbers made a rich haul here last night when they rifled the safe in the local branch of the Banco di Sicilia, making away with nine million lire in banknotes (about \$486,000 at present exchange). The doorkeeper and two watchmen have been arrested.

ILLINOIS CITY SWEEP BY FLOOD

Area of 25 Blocks at Beardstown Affected

Beardstown, Ill., April 11.—Blown into a fury by high winds which sprang up about 9 o'clock this morning, the Illinois River forced its way through Beardstown's levees at 11 o'clock to-day, flooding twenty-five city blocks under a four-foot sheet of water.

MISUNDERSTANDING DECLARES MANNERS

Admits Receiving Money to Purchase Oil Stock

Gives Interview Following Arrest at New Orleans

(Special to The Times.) New Orleans, April 11.—Guy Manners, fifty-eight, short story writer, globe trotter, and a native of Great Britain, was placed under bond of \$1,000 when arraigned before United States Commissioner Browne Monday on a charge of using the mails to defraud. He was arrested by postal inspectors Saturday.

According to postal inspectors, Manners was arrested upon complaint of persons living in Seattle, Washington, and several Canadian cities. These complaints, the inspectors declared, charge Manners with having accepted large sums of money with which to purchase oil stock or leases of oil properties in Mexico. Because of his wide experience as a traveler and his alleged knowledge of conditions in Mexico, a part of the money was sent through the mails in July, 1920, but up to date no options or leases of oil properties in Mexico have been obtained, postal inspectors charge.

Says Can Clear Himself. Interviewed at his studio at 529 St. Anne Street, Manners asserted the charges are simply a misunderstanding and that he will be able to clear himself of all suspicion within a few days. He did receive money with which to purchase or lease oil properties in Mexico, Manners said, but the total is only \$1,500. He had traveled extensively in Mexico during more peaceful conditions and flattered myself that I was acquainted with conditions. I was in Tampico, Mexico, in July of 1920, but I never saw any of the oil properties of friends prevented me from investing the money I had received. I traveled back to Texas, determined to await a better market for the oil. In 1921, however, my wife gave birth to a son and I postponed a trip I had contemplated making into Mexico. Her health was affected by the childbirth and I value my wife more than any oil properties or alleged friends. In October of 1921 she recovered her health and we came to New Orleans. I was determined to provide for my wife and then set out for Mexico. My plans were halted by the arrival of postal authorities."

His Career. Manners declared that he was born in Simla, India. He was educated in England. At the age of twenty-three, being afflicted with a spirit of wanderlust, Manners declared he started out to see the world. For twenty-five years, he said, "I have tramped, ridden and flown on earth's surface, went swimming in the blue waters of the Southern Pacific, traversed the Mediterranean Sea, fished in the Red Sea and swam and thrived on the Dead and Caspian Seas. I have been half frozen in Arctic and Antarctic wastes, and have lived in the more temperate climes, in fact, I can truthfully say that I have been on every country on the face of the earth and have sailed on every sea. During that time I have written romance, fiction, tragedy, comedy and high-brow articles for magazines in America and England. I lectured for the Red Cross during the war and tried desperately to get into service. I was hardly more than a fit figure in the prime of health and a fit figure in command, but they told me I was too old, told me to go and lecture. I did. I would have scrubbed floors, I would have done anything for a living."

Atmosphere. Since coming to New Orleans, Manners declared, he had had several stories accepted by American magazines. He is at present working on a brochure dealing with the points of interest in the city of New Orleans, which he called "Atmosphere." But it is up to Judge Foster in the United States District Court to decide whether Manners can resume his wanderings on the face of the earth or dream of past exploits while serving time in the federal prison at Atlanta, Georgia.

TAGORE ESTABLISHES A UNIVERSITY IN PROVINCE OF BENGAL

Calcutta, April 11.—Sir Rabin-drath Tagore, Indian philosopher and poet, who recently returned to his motherland from Europe, has established at Shantiniketan, in the province of Bengal, a university which promises to become one of the leading centres of Oriental culture. The name is Visva-Bharati Parishat, and among its objects are to bring together the scattered cultures of the East.

ALBERTA PREMIER HERE TO PLAY GOLF

Hon. H. Greenfield, Premier of Alberta, and Hon. J. H. Brownlee, Attorney-General of his province, are spending a few days in Victoria to rest after a strenuous legislative session at Edmonton.

Almost all their time is being devoted to golf at the Colwood and Oak Bay courses. The Premier and the Attorney-General are keen golfers, and are making the most of their opportunity to enjoy Victoria golf links. They are staying at the Oak Bay Hotel. It is their first visit since the Farmers' Government in Alberta, was organized.

Lloyd George Is Dominant Figure At Genoa Parley

Prompt Intervention of British Prime Minister and Firm Attitude of Italian Premier Averted Break Which Would Have Seriously Affected Deliberations of Conference:

Durable Peace Before Disarmament, But Unless Conference Leads to Disarmament It Will Be Failure, British Premier Says.

Genoa, April 11.—George Tchitcherine, head of the Russian Soviet delegation to the Economic Conference, issued a statement to-day declaring it useless to discuss the reconstruction of Europe without also discussing disarmament.

Amelioration of present conditions is impossible while the "imperialistic countries" continue vast expenditures for the maintenance of large armies, he said.

Genoa, April 11.—Consideration of the Russian question by the International Economic Conference and Financial Conference began to-day with the meeting of the Russian commission appointed yesterday by the conference chairman, Premier Fausta of Italy.

The clash between the Russians and French at the opening yesterday was still the subject of excited comment as the delegates gathered to-day. Allied diplomats believe that only the prompt intervention of Prime Minister Lloyd George of Great Britain and the firm attitude of the chairman averted a break which would have seriously affected the coming deliberations. Announcement by George Tchitcherine, head of the Soviet delegation, that Russia was prepared to support any proposals that would avert war or lighten the burden of armament was accepted as a fling at the French military policy by Louis Barthou, with another declaration that France would refuse to discuss disarmament at Genoa.

ARMISTICE PROPOSALS REJECTED BY GREEKS

Athens, April 11.—A telegram to the Eschwege Telegraph from Smyrna says Greek headquarters there has categorically rejected the proposals for an armistice with the Turks in so far as they deal with the removal of the Greek army from the line between Afium-Karahissar and Eski-Shehr.

His Career. Manners declared that he was born in Simla, India. He was educated in England. At the age of twenty-three, being afflicted with a spirit of wanderlust, Manners declared he started out to see the world. For twenty-five years, he said, "I have tramped, ridden and flown on earth's surface, went swimming in the blue waters of the Southern Pacific, traversed the Mediterranean Sea, fished in the Red Sea and swam and thrived on the Dead and Caspian Seas. CONFERENCE ON EIGHT-HOUR DAY

Inter-Provincial Conference Under Consideration

Ottawa, April 11.—The calling of an inter-provincial conference to discuss the eight-hour day and other conventions of the International Labor Conference held at Washington under the aegis of the League of Nations in October and November, 1919, is now being considered, it was said in the House yesterday in reply to a question by A. W. Neill, independent, Comox-Alberni.

Mr. Neill also asked if the Government was prepared to authorize the eight-hour day on all Government contracts. The reply stated that the practice with respect to works performed for the Dominion Government requires that the working hours shall be in conformity with the practice of the law of the locality.

"Since the provinces are understood to have the representation of the convention under consideration, in the opinion of the Government, a change of practice or policy at the present time would only identify himself and to prejudice the position of the provinces in dealing with this matter," the reply concludes.

Difficult Task To Represent King Is Byng's Opinion

Hamilton, Ont., April 11.—Speaking here last night at a reception which wound up a heavy day's programme, Lord Byng said that while it was easy to act as a servant of the King, it was a difficult task to represent him. "There are one or two things with which a Governor-General may possibly identify himself and one is the boyhood of your great Dominion." It would be his ambition in five years of service in the Dominion to make the boyhood of Canada into fine Canadians.

CANADA'S NEW HIGH COMMISSIONER TO LONDON BANQUETTED

London, April 11.—(Canadian Press Cable)—An unusually large attendance is assured for the Canada Club's banquet to-night on Hon. P. C. Larkin, the new High Commissioner for Canada in London. It will be given at the Hotel Cecil, since his arrival in this city. Sir Hamar Greenwood, chief secretary for Ireland, another Canadian, will preside at the dinner, and His Royal Highness the Duke of York will attend.

After quiet was restored appointments were announced for the conference on verification of credentials, the Russian question, finance, economic questions and transport.

RESTORATION OF PENSION RIGHTS

Government to Restore Status of G. T. P. Employees

Ottawa, April 11.—The Government has undertaken negotiations to secure restoration of the pension rights of employees and ex-employees of the Grand Trunk Railway, who were deprived of those rights because of participation in the strike of 1916. This information was given to the House last night by the Prime Minister, Hon. W. L. Mackenzie King, and was greeted with applause from Liberals and Progressives.

The Government had been in negotiation with the proper parties "to remedy this long-standing injustice," the Premier said. If it was not possible to bring about the remedy by negotiation, the Government was prepared to bring down legislation before the House, which would restore the Grand Trunk employees and ex-employees to their status and pension rights.

BRADFORD BEATEN BY BRISTOL CITY IN CLOSE GAME

London, April 11.—(Canadian Press)—In a Second Division soccer match, Bristol City defeated Bradford 1 to 0.

A Danger Signal—Tender and Bleeding Gums

Healthy teeth cannot live in diseased tissue. Gums tainted with Pyorrhoea are dangerously diseased. For not only the teeth are affected, but Pyorrhoea germs seep into the body, lower its vitality and cause many ills.

Pyorrhoea begins with tender and bleeding gums. Then the gums recede, the teeth decay, loosen and fall out, or must be extracted to rid the system of the poisonous germs that breed in pockets about them.

Four out of five people over forty have this disease. But you need not have it. Visit your dentist often for tooth and gum inspection. And keep Pyorrhoea away by using Forhan's For the Gums.

Forhan's For the Gums will prevent Pyorrhoea—or check its progress—if used in time and used consistently. Ordinary dentifrices cannot do this. Forhan's keeps the gums hard and healthy, the teeth white and clean. If you have tender or bleeding gums, start using it today. If gum-shrinkage has already set in, use Forhan's according to directions, and consult a dentist immediately for special treatment.

PLASTER CAST OF FOOTPRINTS TAKEN

Arrest in Robbery From Residence of City Prosecutor

Unusual Method of Obtaining Clue Utilized

Plaster casts made of footprints in the earth by the burglar, who on the evening of March 28 broke into the upper rooms of the residence of City Prosecutor C. L. Harrison in the Highlands while the occupants of the house were in the room directly underneath, resulted in Edward Baker being charged with the offence this morning. Valuable booty was secured by the burglar.

The accused had been held by the city police on a vagrancy charge, and when that charge was withdrawn this morning, Chief Syme, of the Oak Bay police, immediately preferred the charge of breaking and entering. J. A. Alkman arose and announced that he resented his client's arrest on a charge of vagrancy when he had \$50 in his possession, being held by the police pending the working up of the present charge. "The whole procedure is not in accordance with British justice," declared Mr. Alkman.

Chief Syme explained that plaster casts had been made of the footprints made by the burglar, and the case would be tried on circumstantial evidence as the boots of Baker exact-

Bowser Called Upon to Resign Leadership of Conservative Party

Kamloops, B. C., April 11.—Kamloops Conservative Association by resolution passed at a meeting of the association calls on W. J. Bowser, provincial Conservative leader, to resign the leadership of the party two months before the party convention which will be held in a Coast city in June. The resolution was adopted after a full and free discussion. A copy of the resolution is being sent to Mr. Bowser and all Conservative associations in the Province.

It was the opinion of the meeting as embodied in the resolution that there should be a free and untrammelled choice of a leader, which was considered impossible while Mr. Bowser remained the de facto leader, by reason of the fact that no candidate would attempt to oust him as leader. The resolution expressed the association's appreciation of Mr. Bowser's services to the party.

POWERFUL LIQUORS FOR JEW FEASTS

Vodka and Vishnick Ordered By Liquor Board

Russian Fire-water Strong Here Yet; 90% Alcohol

Vodka, one of the most fiery drinks known to mankind, and until it was banned by the Bolsheviks, the popular beverage of Russia, has been ordered for British Columbia liquor stores, it is learned to-day at the Liquor Control Board offices.

Most of the vodka for B. C. which has been ordered by Reginald E. Hose, secretary of the Liquor Board, is 90 per cent alcohol. But for those who do not like their vodka so strong, Mr. Hose has brought in a smaller quantity which is 80 per cent alcohol.

Vodka is distilled from barley, wheat and potatoes.

Along with the consignment of vodka, the Board is bringing in a quantity of vishnick, another form of Northern European fire water and almost as enlivening in its effects as vodka. This vishnick, it was explained by Liquor Board officials to-day, is brought in because some who have been accustomed to such strong drinks prefer a rye product and vishnick is made from pure rye.

These exotic drinks will be carried chiefly by the Liquor Board in Vancouver. They have been introduced here by the Liquor Board at the request of the Jewish Rabbi of Vancouver, who claimed that Jews in B. C. cannot properly celebrate some of their historic festivals without the drinks they were accustomed to in Europe. Because the supply of these drinks is limited it is likely that they will be supplied to persons only on order from the Jewish Rabbi, who has been satisfied that the liquor is to be used in a proper way to celebrate.

For Jewish celebrations the Liquor Board is also unloading special consignments of Cognac, Medoc, Muscat, Alicante and Sauternes.

At the liquor offices it was said that these liquors to Jewish celebrations would be sold at special cut rates, ranging from \$1.75 for the wines to \$3.50 for the cognac. The vodka prices will likely be held around \$3 and \$3.25 a bottle because of the limitations on distribution.

ly fitted the casts, and were identical in other respects.

Mr. Harrison will not return to the city until next week, and the case was therefore stood over until Tuesday. Bail was granted in the sum of \$2,000 in two sureties of \$1,000 each.

Baker had two revolvers when arrested. He passed under the alias of Edward Burns, according to police statements to-day.

WAS FIRST WHITE MAN

Late William Irvine Was Born in Old Hudson's Bay Fort Here.

William Irvine, the first white man born in Victoria, died yesterday at the Jubilee Hospital at the age of seventy-one years. Mr. Irvine was born in the old fort in 1851, the son of Mr. and Mrs. J. Irvine, his father being a member of the staff of the Hudson's Bay Company. During his younger days the late Mr. Irvine lived on the family farm at Cedar Hill. He moved into the city on marriage and served for some time on the Provincial and City police forces afterwards being employed in the City works department.

A few years ago he retired and returned to the old homestead where he remained until a few days ago when he was taken ill and entered the Jubilee Hospital. The late Mr. Irvine was a member of the local Post of Native Sons of British Columbia. He is survived by his widow five sons, Charles, Frederick, Kenneth and Douglas of this city; Earl of Los Angeles, and three daughters, Mrs. W. B. Minkler and Mrs. L. Glazan of this city, and Mrs. C. Drow of Seattle. The funeral will be held from the B. C. Funeral Chapel on Thursday, proceeding to St. Luke's Church, Cedar Hill, where the Rev. W. Carroll will conduct the services. Interment will be made in St. Luke's cemetery.

LECTURE TO-NIGHT

Professor Alfred Eckhart Zimmerman will address the Members Forum of the Chamber of Commerce this evening at the Chamber of Commerce auditorium on the subject of "The International Outlook."

The lecture will begin promptly at 8 o'clock and all members of the forum and their friends are invited to attend. The lecture will be particularly interesting, as Professor Zimmerman is an exceedingly able and noted lecturer.

WILL TALK PUBLICITY.

M. J. Carrigan, director of the tourist and information bureau of the Seattle Chamber of Commerce, in charge of the expenditure of the \$100,000 publicity fund to advertise Seattle and the Puget Sound territory, including Victoria, will address a joint luncheon meeting here next Wednesday of the directors of the Victoria Chamber of Commerce and Victoria and Island Publicity Bureau, George I. Warren announces.

OBITUARY RECORD

A large congregation of sympathizing friends attended the funeral yesterday of Clarence Philip Kennedy, the infant son of Mr. and Mrs. Duncan K. Kennedy, of 1034 Linden Avenue, which was held yesterday at 1:30 from the Sands Funeral Chapel. Rev. Dr. Sippell officiated. There was a large and beautiful floral offering.

Mrs. A. H. Russell, lately residing at 715 Courtney Street, died this morning at the Provincial Royal Jubilee Hospital at the age of 64 years. She was a native of Wisconsin and a widow. The remains are reposing at the B. C. Funeral Chapel pending funeral arrangements.

DESCRIBES CENTRE SCHEME TO CLUB

Kiwanians Hear How Amusement Building Would Function

Mrs. H. P. Hodges Addresses Weekly Luncheon

In a concise and clear cut address to the Kiwanis Club at the regular luncheon at the Dominion Hotel to-day Mrs. H. P. Hodges, outlined the tentative plans for the projected Amusement Centre.

It was useless to talk "Blue Ruin" and to bemoan the lack of activity in the city, held the speaker. Too long had the citizens been content, she said to put the matter up to the various governments and other bodies. It was time for concerted action on the part of the citizens themselves, she argued.

Cost of Proposal.

The Amusement Centre could be built for some \$250,000, or less now with the fall in labor prices and a drop in the cost of materials, Mrs. Hodges said this figure sounded immense until one realized the project in all its ramifications. The Amusement Centre could be built on bonds issued with the first series returnable in twenty-five years. The annual upkeep of the Centre would be in the neighborhood of \$100,000, and its income would be about the same figure at the commencement. After five years the Centre would be the property of Victoria, and would be a money making project, apart entirely from its use as a much needed attraction to the tourist who is now afforded little but scenery to entertain him while in this city.

The Scheme.

In outlining the plans for the Amusement Centre Mrs. Hodges stated that the ground floor would comprise a large salt water swimming pool, which could be divided into three sections. One section would be for ladies, another for beginners and children, and the main portion for aquatic carnivals.

The swimming pool could be covered over with a movable sectional floor, which would provide accommodation in the building for conventions of 10,000 delegates, she pointed out. Tiers of seats would rise to the second story, giving an excellent auditorium for musical attractions, which would then become possible at popular prices.

On the third and top floor, would be a promenade 50 feet wide running the entire circumference of the building, with numerous other facilities to take care of meetings of the various associations in the city. A sloping ramp to bring cars up to the second story could be arranged, the whole forming an admirable feature for dances, banquets and other public functions.

Some Contrasts.

In presenting the plans for the Amusement Centre the speaker referred to the loss of one million dollars at the Esquimalt Draydock site,

combined action in arousing these filtering and excretory organs to healthful activity.

Mrs. Albert Brunet, R.R. No. 1, Ottawa, Ont., writes:

"I have used Dr. Chase's Kidney-Liver Pills for the past two months, having been afflicted with kidney trouble. I used two doctors' medicine previous to this, without any good results. A friend told me to use Dr. Chase's Kidney-Liver Pills, and the second box made me feel a good deal better. I have now used about six or eight boxes, and am completely relieved. I shall always praise Dr. Chase's Kidney-Liver Pills, and tell my friends about the benefit they have been to me."

Mrs. Hodges stated that this city had spent \$70,000 for this year alone in unemployment relief. Of the latter figure \$20,000 was in straight doles, and all of it was unproductive. Victoria possessed unsurpassed scenic attractions, an equable climate, and nothing was lacking but amusement to hold the tourist once he came here.

Tourists now did not stay in the city, for even the splendor of the vista from Beacon Hill Park began to pall if it were not relieved by some other and alternative amusement. If the city went behind this project Victoria would have nothing to fear in respect to attractions for holding the travelers, and many would settle. Population was the need of the moment, and industries would follow.

Warm applause greeted the speaker at the conclusion of her address.

Why You Should Use

Abbey's EFFERVESCENT SALT

A Torpid Liver, a Constipated or Dyspeptic condition, is the real cause of the ordinary "indisposition".

If these conditions are neglected, even temporarily, they lead to an entire derangement of the system, and cause Biliousness, Headaches, Gas in the Stomach, Heartburn, Acidity and an impure condition of the blood.

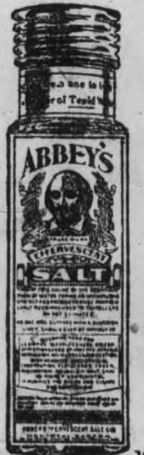

"ABBEY'S EFFERVESCENT" is the ideal preparation to use in order to avoid these conditions. It fulfils Nature's requirements as Nature intended.

"ABBEY'S EFFERVESCENT" is also a Diuretic, increasing the excretions from the Kidneys, and is most beneficial in all Kidney Troubles.

It keeps the complexion clear by natural means only.

"ABBEY'S EFFERVESCENT" is agreeable and pleasant to the taste—and is suited to the use of every member of the family.

CAR WAS WRECKED ON ISLAND HIGHWAY BY CARELESS DRIVER

Nanaimo, B.C., April 10.—While driving home from Qualicum yesterday afternoon, James Richards, of Victoria, was involved in an accident which completely wrecked the Ford car driven by Richards.

Driving along Comox Road, near the junction of East Wellington Road, the car left the highway and plunged into a ditch. A considerable distance into the brush, and finally brought up against a stump, a complete wreck, Richards was taken to hospital, where it was found that his injuries were of a slight nature. He was afterwards arrested by the police and appeared before Magistrate Potts, charged with driving a car while under the influence of liquor, the case being adjourned until this afternoon, Richards being allowed out on \$2,000 bail.

At the Odd Fellows' whist drive held on Saturday night 112 players took part, and the following were the prizewinners: 1st, Fort No. 22—Mrs. West; Mrs. Cavalek; Mr. Hamilton; Mr. Parkinson; 2nd, Fort No. 10—Mrs. Murray; Mrs. Millburn; Mr. Marsh and Mr. Docherty; 3rd, Fort No. 27—Mrs. Race; Mrs. O'Leary; Mr. Sharp and Mr. J. HOUSE WITNESSED CURIOUS DIVISION

Break in Ranks Follows Labor Motion

Ottawa, April 11.—The House yesterday witnessed a curious division. It was on a private member's motion, and found on the one side Premier King and his cabinet, the great majority of Liberals, Right Hon. Arthur Meighen, all his followers and a minority of the Progressives.

On the other side were Mr. Crerar, the greater part of his followers, 13 Liberals, an Independent and the two Labor members.

The division came on a motion by J. S. Woodsworth, Labor, Winnipeg Centre, to confine the activities of the Royal Canadian Mounted Police to "territories not included in any province of Canada."

The resolution was seconded by Miss Agnes MacPhail. Debate thereon occupied practically the whole afternoon, the resolution being finally defeated by 108 to 47, a majority against of 61.

Mr. G. G. Graham, Minister of Militia, intimating in the course of the debate that reductions in the strength of the Royal Canadian Mounted Police were planned, and that, as far as was practicable, the activities of the force would be confined to the unorganized territories.

To this the Prime Minister added that there were some on the Liberal side of the House who thought that the old Northwest police should be distinct from the Dominion police, and that this was one of the matters now under consideration by the Government.

From the Government side of the House, however, the further point was pressed that the passing of this resolution would merely embarrass the Government in the work of reorganization.

"It is not part of the business of the Federal Government," said Hon. T. A. Crerar, "to do police work in the provinces, and it is in my opinion ground that I think the activities of the Royal Canadian Mounted Police should be confined to the unorganized territory."

Speaking in his motion, Mr. Woodsworth said it was generally recognized that excellent work had been done by the Northwest Mounted Police in the policing of unorganized territory and pioneer settlements. However, after the war there came a transformation in the character of the force and the mounted police were asked to look after suspected alien enemies, and also after those suspected of sedition and those connected with industrial disputes. He believed it was a mistake to say that there had been an abuse of power. Literature had been seized on general grounds. As an instance, a library belonging to a man who was now an alderman of Calgary, had been seized by the mounted police and he had been unable to find what had been done with it, much less to secure its return.

He had been informed that part of this library was now in possession of the mounted police in Calgary. Books seized in this way are a considerable number had been burnt in the public incinerator. A Carter, a religious minded man, had rescued one of these books and brought it to Mr. Woodsworth; that was a copy of "The Life of Jesus." Myers' history of Canadian wealth had been seized in the library at Regina. This book had previously been related by the Grain Growers' Guide and it was based largely on information obtained in the library of parliament. He did not know whether it was considered undesirable for the people to learn how big fortunes were being built up in Canada. He did not know which of the provinces had been seized by Federal force enforcing the laws within its boundaries. He knew that the provinces of Manitoba, Saskatchewan and Alberta, in a great majority of cases, resented the restriction of the Dominion board of the Grand Army of United Veterans as late as February 11, last, which declared for the demilitarization of the Mounted Police; there was no further necessity for them in organized territory.

REAL ESTATE BOARDS TO MEET

Golf Tournament to Be Held at Del Monte

San Francisco, April 11.—When the golfers of America start on their journey to San Francisco next month to attend the annual convention of the National Association of Real Estate Boards they will bring, in addition to convention manuscripts their golf clubs.

The reason is that the San Francisco Real Estate Board has announced throughout the country that it will stage a post-convention golf tournament on the Del Monte course for a perpetual San Francisco trophy. Scores of motor trips to Monterey, in the tournament, and rivalry is running high among various groups to see which city will have the honor of carrying off the trophy the first year.

WILL INVESTIGATE COAST FISHERIES

Member for Comox-Alberni Advocates Control Board

Ottawa, April 11.—The standing committee of the House on marine and fisheries is to investigate the fishery conditions in British Columbia, and particularly the depletion of salmon in the Fraser River. W. G. McQuarrie, Conservative, New Westminster, brought the question up in the House last night, with a motion of reference to the committee indicated.

He said the present position of the British Columbia fisheries was one of the chief reasons why he was in Parliament. He had studied the fisheries for thirty years, and had watched the big runs, when the canneries were unable to handle all the fish brought to them. To-day, pessimism was rife. Fishermen were cold and hungry. The big salmon runs were a thing of the past, and if the condition became worse, canned salmon would become so scarce as to be entitled to a place in the British Museum.

Mr. McQuarrie dealt at length with the effect of the coming of Japanese fishermen to British Columbia. These people now practically monopolized the fishing industry, and they were getting larger numbers of licences each season. The trouble was that though a Japanese must be naturalized, he never seems to die, and thus his licence was in use many years after his death.

Hon. Ernest Lapointe, Minister of Fisheries, said the problem was international in character, and could be dealt with only by joint action between Canada and the United States. However, Mr. Lapointe had no objection to the resolution carrying.

W. M. Duff, Lunenburg, Liberal, wanted the fees from fishery licences reduced or abolished. The fisheries should not be used as a means of raising revenue.

A voice—"would you give licences to an Oriental without a fee?" "I would not give an Oriental a licence at all," answered Mr. Duff.

A. W. Neill, Independent, Comox-Alberni, urged destruction of sea lions to save the salmon, and also that a fishery control board be named for the British Columbia fisheries, even if that board were only advisory. He would also prohibit the use of traps and seine nets, which were being operated by the cannery men. Unless these practices were stopped it was useless to refer the matter to a committee, "because there would be no subject to discuss in a few years."

W. J. Ward, Progressive, Dauphin, made a plea for the inland fisheries, where fishermen were at the mercy of American interests, who "fleece them at both ends."

The motion before the House was declared carried.

**"CHINATOWN GERTIE"
DIES IN NEW YORK**
New York, April 11.—"Chinatown Gertie," one of the city's underworld figures until eleven years ago, when she became a Salvation Army worker, is dead.

One blizzard night in 1911 "Gertie" weary of her miserable existence purchased a phial of poison and sauntered down the Bowery toward her quarters. She stopped at Pell Street, an entrance to Chinatown, where a Salvation Army band was conducting a meeting. She threw the phial in the snow and followed them.

And so "Gertie," pickpocket and concert hall woman, was converted.

Sunday she conducted a meeting on the Bowery, told the story of her life and converted several human derelicts.

Sunday night she died of heart disease.

DOWN TO CASES.

Although the Genoa Conference is little more than a day old the head of the Soviet delegation has issued a statement in which he declares that it is useless to discuss the reconstruction of Europe without discussing disarmament.

Whether we like it or not we shall have to admit that the Soviet view is one to which every economic expert would subscribe without hesitation. As long as Russia remains under arms and constitutes herself a menace to the rest of Europe every Continental army will stand to attention and Germany's relations with the Soviet will possess promise of a still more sinister alliance than that of commerce or industrial exploitation.

With Russia alone lies the initiative. If she means what one is asked to believe she means from the tone of the statement issued by M. Tchitcherin she can offer to disband the "red" army and consent to the conditions by which she may earn the fullest measure of political recognition from the Allied powers.

It may be that the British Empire could get along without the trade of Russia. John Bull and his family would probably continue to exist with fair prosperity if—as one contemporary puts it—"Russia were to continue in her present course until impoverishment became complete and pestilence completed the extermination of the Russian people."

TO-NIGHT'S ADDRESS.

By reason of the intimate part which he was privileged to play at the recent Geneva and Washington Conferences the address which Professor Zimmermann will deliver to the members of the Chamber of Commerce and the general public this evening should be one of absorbing interest to all those who are following international events at long range.

EVERYBODY AFFECTED.

During the course of his speech to the House of Commons on Monday Mr. Lloyd George effectively laid to rest that familiar theory that one part of the world could live unto itself. This is his comment in part:

"The world is one trade unit. Customers, our customers, depend upon their sales to pay for the goods that we sell them. The trade of Europe is of the greatest importance, not merely directly, but indirectly, and unless you are prepared to restore the trade of Europe as a whole our purchasers will not be in a position to pay for the commodities which they get from us. That applies to India, to Australia, to Argentina, and every part of the world."

The Prime Minister inquired whether any of his friends who were not actually engaged in business with Europe realized the enormous difficulty of trading with a country whose exchange fluctuates, not merely from month to month, or weekly, but from day to day.

PAY TAXES EARLY.

General support should be accorded the Mayor in his efforts to induce the taxpayers of Victoria to make their payments on this year's levy as quickly as possible. Six per cent. is the consideration offered as the price of the convenience that the City would derive from the revenue that could be withheld for the full period of grace. The interest is fair and the City Council will require all the available capital that it can obtain through its legitimate channels during the remainder of the present fiscal year. This much co-operation should not be difficult to guarantee. It looks like good business for both parties to the arrangement.

JOB ON PRAIRIE FARMS.

If there are fifteen hundred men in British Columbia in need of work and in possession of the ordinary physical qualifications they can go to Saskatchewan and earn good wages until after the harvest has been gathered. As Minister of Labor for this Province Mr. Manson has been able to conclude arrangements by which those who desire to take advantage of Saskatchewan's call for help can get to Calgary and Edmonton for eleven dollars and the rest of the journey for half a cent a mile. We do not suppose for one moment that every man who is out of employment in British Columbia would be able to make a showing on a prairie farm; but it goes without saying that there should be at least fifteen hundred foot-loose and able and willing to take on the sort of work that awaits. They would derive immediate benefit and the general situation throughout this Province would be relieved to that extent. And it should not be forgotten that brawn and intelligence applied to the soil under the expert tuition of the Saskatchewan farmer should stimulate a "back to the land" movement.

THE LAND FIRST.

Everybody will agree with the Canadian High Commissioner when he aligns himself against mere quantitative immigration. This country needs every bona-fide settler it can get; but they must be settlers in every sense of the term—settlers upon the vast open spaces that await the coming of the plough and settlers into the doctrines of Canadianism. It is comforting to soliloquize upon the theory of a doubled population and a halved per capita debt. Unfortunately, however, unless the additional citizenry is gifted in the rural sciences or is ready to do battle with virgin conditions and conquer them the solution of our national problems will be brought no nearer. The general trek must be landwards and not citywards. The people of the Old World must be told this in plain language. If that be the course followed Great Britain and Continental Europe can send us many of the number we require.

PORTFOLIO TRANSFERRED.

It would be a brave man who would accuse Premier Oliver of laziness. Ever since he succeeded to the position he now holds he has labored under a heavy attack of portfolioitis. As Prime Minister, Minister of Railways, and Minister of Industries, he

has never found time hang heavily on his hands. By transferring the last-named to the Minister of Finance he will be in a position to devote more time to the duties of his own office and such spare moments as he may have to that little detail of public business which is popularly known as the P. G. E. It is fitting that the functions of the Department of Industries should be under the supervision of Mr. Hart for the reason that some fairly large sums on loan are of direct concern to the Treasury.

NOTE AND COMMENT

Labor's troubles in Great Britain seem to have shifted from the industrial to the political world. It takes a fair amount to run a campaign of education; but it costs a good deal more to finance long strikes with a million or so involved.

LLOYD GEORGE IS DOMINANT FIGURE AT GENOA PARLEY

He now saw no reason why the conference should not accomplish its end. The principal committee, which is known as "Commission No. 1," met under the presidency of Foreign Minister Schanzer, of Italy. Its work is the most important of all, as it has to do with the practical application of the resolutions adopted by the Allies at Cannes and settle upon details as to how they are to be worked out. It appeared obvious that Russia would be the biggest feature of this body's work.

MARRIAGES MADE IN SPIRIT WORLD

Detroit and Toledo had been very successful in communicating with spirits in London. Sir Arthur, who claims to have communicated through mediums with more than a score of departed, said mediums had guardian angels, special spirits with whom they usually communicated and that when they wished to get in touch with other spirits these guardian angels served as masters of ceremonies.

ACCEPTS PRESIDENCY

Montreal, April 11.—E. A. Robert, president of the Montreal Tramways Company, Ltd., has accepted the presidency of the Quebec Railway, Light and Power Company.

SETS RECORD FOR MILK PRODUCTION

Ingersoll, Ont., April 11.—Newton Chambers, a young Holstein breeder, has a three-year-old heifer which he believes has broken the Canadian record for milk production. The test covered a seven-day period and in a single day in a single day the milk produced was 112.5 pounds. In seven days she produced 789.05 pounds of milk and 34.69 pounds of butter. She is granddaughter of a former world's champion.

CANADIAN HEARING OF STILLMAN DIVORCE CASE OPENS IN CAMERA

Montreal, April 11.—The Canadian hearing in the Stillman divorce case opened here yesterday in camera. The evidence to be presented here was collected by Mrs. J. A. Stillman to rebut evidence adduced by her husband alleging misconduct between her and Fred Beauvais, an Indian guide, at the Grand Anse Summer home of the Stillmans in 1918. The Stillman divorce case chiefly involves the paternity of two-year-old Guy Stillman.

MINISTER TO MAKE STATEMENT ON YEAR'S RAILWAY OPERATIONS

Ottawa, April 11.—Hon. W. C. Kennedy, Minister of Railways, will make his statement on the year's operation of the Canadian National Railways this afternoon. The Premier announced just before the House of Commons adjourned last night. Following the railway statement the House will go into committee on the main estimates.

FREE FOR ALL VOTE ON LABOR MOTION

Ottawa, April 11.—The division list showing how each of the members voted yesterday afternoon on the Woodsworth resolution to abolish the Royal Canadian Mounted Police from the organized provinces of the Dominion is as follows: Liberals, 21; nay, 18. Conservatives, 2; nay, none. Independent, 1. Total yeas, 47; nays, 18.

RAILWAY DEFICIT IS GIVEN AT \$56,673,934

Ottawa, April 11.—(Canadian Press)—Hon. W. C. Kennedy, Minister of Railways, announced in the House of Commons that the deficit (including fixed charges) on the Canadian National Railways last year was \$56,673,934, as against \$67,595,959 for the previous year.

SYMPATHY EXTENDED TO LADY EATON BY DIRECTORS OF C.P.R.

Montreal, April 11.—At a meeting of the board of directors of the Canadian Pacific Railway, held here yesterday a resolution of sympathy was tendered to Lady Eaton and family, and regret was expressed at the death of Sir John Eaton. Sir John was a director of the company. No steps were taken at the meeting to fill the vacancy caused by the death.

RUSSIAN OBJECTION

Genoa, April 11.—At this afternoon's meeting of the principal committee which is to consider Russian affairs, Foreign Minister Tchitcherin, of Russia, protested against the presence of the Roumanian and Japanese delegates, because Roumanian was occupying Bessarabia and Japan was occupying portions of Siberia.

HEATED DISCUSSION

The discussion became so heated that Mr. Lloyd George declared emphatically that if such an outrageous spirit was going to prevail it might be as well immediately to break up the conference, the principal object of which was to readmit Russia and Germany to the European family.

Topics of Wide Interest On Provincial I.O.D.E. Agenda for Debate

Annual Meeting of Provincial Chapter at New Westminster, April 26, 27 and 28; Many Delegates Expected.

Resolutions concerning the teaching of undenominational religious instruction in the schools, the daily saluting of the flag in the schools, the "pooling" of delegates from districts to the Provincial annual and quarterly meetings in order to save expense, and the mischief-making articles emanating from the Hearst International Feature Service, are among the many topics of interest to the community as well as to the Order which will be considered at the forthcoming annual meeting of the Provincial Chapter, of the Imperial Order Daughters of the Empire. The sessions will be held at New Westminster on April 26, 27 and 28 and delegates from the Municipal and Primary Chapters throughout the province will be in attendance.

STATE CONVENTION INVITES KUMTUKS Local Club Honored by Washington Business Women

The Kuntuks Club at its business meeting last evening received a cordial invitation to send delegates to the Washington State Federation of Business Women's Clubs, which is to meet in annual convention at Wenatchee, in the Yakima Valley, on May 12 and 13. The written invitation was heartily endorsed by Miss Govanlock, a member of the Seattle Business Women's Club, who attended the meeting and extended a personal invitation to the club members to this convention. The club is considering the question of accepting the invitation and sending delegates, feeling that such an action would do much to cement the bonds of friendship between Canadian and American business women.

It was unanimously decided to inaugurate a series of monthly evening suppers to be followed by a business meeting. This would be additional to the usual fortnightly luncheon and would supersede the present evening meetings. It was felt that this course would make the evening gatherings more attractive to those who are unable to attend the luncheons.

In future one or two members of the club will attend each meeting of the City Council in order to become acquainted with civic business and methods. Mrs. Watkins being appointed convener of the committee in charge of this branch of the work. Miss Taylor suggested that the club members should engage in a series of hot cross buns, eggs, jam and fruit for distribution among the poor children of the city. Such gifts if left at the rooms over the market building on Thursday will be distributed to the kiddies for Easter. This appeal is a special one, and in no way affects the need for warm garments and shoes for men and children, which is always in demand for needy cases among the sick and distressed.

The regents and officers of the Municipal Chapter of New Westminster and Burnaby will entertain the executive and delegates to luncheon on Thursday, April 27. The regent of the Municipal Chapter of New Westminster will also entertain the executive and delegates to tea on Thursday afternoon, April 27 at the home of Mrs. J. C. Armstrong, Merrivale Street, New Westminster. A conference is arranged between the Educational Secretaries for Friday, April 28, at 9:45 a.m. Standard Bearers of Municipal and Primary Chapter, and delegates representing Provincial Primary Chapters will meet the Standard Bearer of the Provincial Chapter at 9:45 a.m. Thursday, April 27.

FRIENDLY HELP APPEALS FOR BUNS

The Friendly Help Association is making a special appeal for donations of hot cross buns, eggs, jam and fruit for distribution among the poor children of the city. Such gifts if left at the rooms over the market building on Thursday will be distributed to the kiddies for Easter. This appeal is a special one, and in no way affects the need for warm garments and shoes for men and children, which is always in demand for needy cases among the sick and distressed.

HELD SUCCESSFUL LAYETTE SHOWER

Gratifying Response at Camosun Chapter's Meeting Yesterday

Practically three layettes and \$3 in cash was the excellent result achieved by the "shower" held by the Camosun Chapter, I. O. D. E., in aid of the maternity bag work following its regular meeting yesterday afternoon. This collection will be handed over to the Municipal Committee for distribution to cases of distress in the city.

Mrs. Goulding Wilson's generous offer to loan her charming home for a bridge-tea to be given by the Chapter in aid of the V. O. N. funds early in May was gratefully accepted and committees were appointed to make the arrangements as follows: Refreshments, Mrs. Campbell and Mrs. Watson; bridge tables, Mrs. Goulding Wilson, Mrs. A. F. Griffiths, Mrs. Miles. Mrs. Wriglesworth, Mrs. Miles and Miss Taylor kindly volunteered to decorate the soldiers' graves at Easter. Mrs. Phillips, the regent was appointed the delegate to represent the Chapter at the annual meeting of the Provincial Chapter at New Westminster. Mrs. Deane was elected Councillor in the stead of Mrs. Collison, who resigned from that office. The meeting passed a standing vote of sympathy to Mrs. L. Glazan, a member, in her recent bereavement. At the conclusion of the business session and a social hour was enjoyed.

Glaxo
"Builds Bonnie Babies"
GLAXO is fresh, absolutely pure milk in powdered form, standardized, easily digestible, and free from the dangers so commonly associated with ordinary raw milk. It contains no malt, no flour, no starch, no adulterants or preservatives; it is composed entirely of the solids of milk and nothing else. It is, therefore, the food for infants, in those cases where mothers' milk is for any cause unobtainable.
Glaxo is sold by Druggists throughout Canada.

VICTORIA WOMEN'S INSTITUTE
The first of the bi-monthly meetings of the Victoria Women's Institute was held on Friday afternoon, under the direction of Mesdames Taylor, Wilkinson, Boucher and Black. It took the form of a social and instructive meeting. Solos were rendered by Mesdames Hodgson, Welch and Black, which were much enjoyed. Guessing of advertisements caused some amusement and brain activity. Winner of first prize was Mrs. Schmetz, and the booby was given to Mrs. Savory. Mrs. Sadler gave a very enjoyable and instructive talk on rabbit raising and showed some fine pelts and articles made from the furs, of all colors and sizes. All presents were delighted with the handsome exhibits. Tea was served later.

Miss F. G. Kerney, has left Devonshire House, and taken up her residence at 845 Michigan Street.

Mrs. Arthur Paget, of Victoria, was the guest of honor at a tea given recently by Mrs. F. Mitchell Elkins, of Vancouver.

Hon. J. D. and Mrs. MacLean entertained at five tables of bridge at their home on Victoria Avenue, Oak Bay, on Friday evening.

Mr. and Mrs. Roland Christy have returned to Victoria from their honeymoon trip, and are now residing at Deal Street, Oak Bay.

Mr. and Mrs. Tupman, of Orillia Street, are receiving congratulations on the birth of an infant daughter on Saturday evening.

Mr. and Mrs. Humphrey Baynes, who have been in England for the past six months, have returned to reside in their home at Albert Head.

Mr. William Arnew and Miss Agnew, have returned to their home, "Shu-hum," Rockland Avenue, after wintering in California.

Mrs. R. Marpole, of Oak Bay, who has been recuperating from an attack of influenza, is visiting Mrs. R. Chesbire Janlan in Vancouver.

Miss Dorothy Scott has returned from Winnipeg, where she has been visiting with friends for the past two months.

Mrs. J. L. Davidson, who has been visiting in the city for the past few weeks, has returned to her home in Vancouver.

Capt. and Mrs. C. C. Cator were the guests of honor at a dinner party given by Sir Frank and Lady Burnard on Friday evening at their home at Sea Terrace, Esquimalt.

Mrs. F. M. Rattenbury, Beach Drive, entertained at the tea hour on Saturday, in honor of the 85th birthday of Mrs. Howard, a few old friends of the guest of honor.

Miss Ruth McBride and Miss Helen Goward, are spending a short holiday at Cowichan, as guests of Captain and Mrs. Marshall Beck.

Mrs. J. W. de B. Farris, left this afternoon for Vancouver, where she will attend a special meeting of the "Ladies' Club." She expects to return to the city on Friday.

Mrs. D. M. Eberts, who has been visiting in Vancouver and New Westminster, is expected home tomorrow. Master David Rothwell is accompanying Mrs. Eberts to spend his Easter holidays at "Hopedene," George Road.

Mrs. V. S. MacLachlan, convener of the committee on the subject, recommended that a trained psychologist make a survey of some school district, as in the lower mainland near Vancouver, with a view to obtaining figures from which the percentage of sub-normal children in the Province could be obtained. To secure this end she suggested that the Local Councils, Women's Institutes, I. O. D. E., W. C. T. U., and other women's bodies co-operate in the matter. Mrs. MacLachlan was empowered by the Council to make further investigations along these lines with a view to securing concerted action.

During the discussion Miss Wark, the police woman, cited the case of a mentally defective boy on this Island who had been in the institution for eleven years and girls, showing the danger in allowing sub-normals to be at large.

Educational "Frills." Miss Cann gave a report as convener of the education committee, following which Mrs. J. D. Gordon deplored the tendency of the city to cut down on the cost of education and at the same time spend many thousands of dollars in advertising.

Good schools she claimed were the best advertisement a city could have. The so-called "frills" she declared were not the domestic economy and manual training classes, but the obsolete lists of books and similar "relics of the middle ages" included in the school curricula. The educational system, she declared, should be devised with a view to training the young to the positions for which they were best fitted in life.

Street Car Accidents. During the afternoon Mrs. H. W. Graves referred to the recent accidents which have occurred in street cars and suggested that the insertion of a glass panel in the whole length of the car doors and the inclusion of handles outside as well as inside would permit the driver to see passengers on alighting and do much to minimize the present danger. The secretary was instructed to write to this effect to the B. C. Electric Co.

A resolution in regard to the drug traffic menace on the Island are also being sent to other Local Councils for endorsement. It was decided to hold a rummage sale in aid of the Council's finances on May 6.

Monteith, Mr. Wilkerson, Mr. J. N. Anderson, Mr. W. J. Sargent, Mr. Alex. Bell, Mr. R. H. Gray and other representatives on the Island are also leaving today to attend the session, Mrs. J. C. Wilson, Mrs. T. H. Brown, Mrs. Aitken, Mrs. H. A. Goward and Miss Frances Whillans, will accompany the representatives on the trip.

Mrs. Rowlands, of Phoenix Place, and Mrs. Evans, have returned from a trip to Coquitlam, Vancouver and Seattle.

Marriageable Women in China usually wear their hair in a long single braid, in which is entwined a bright scarlet thread. The thread indicates that the maiden is awaiting a life partner.

Mr. C. C. Ferguson, general manager of the Great West Life Assurance Company, who has been a guest in the city for the past few weeks, will leave to-night for Vancouver, to attend Provincial Association of the Company's representatives, to be held on Thursday, Mr. J. THE LOVE PETAL

By NANCIBELLE HALE

"I knew that you meant all the time," laughed Emory, reaching over and passing his hand caressingly under her chin tilting it upward so that he looked into her eyes which tonight were like brown velvet.

"I just wanted to hear you talk," he added. "I'm crazy about your voice."

Neata rose from her chair. She flushed. Beautiful as she was, she never seemed to become accustomed to compliments. Sometimes she even doubted their sincerity.

"You must not say all those wonderful things to me, Emory. You are a flatterer without conscience. I fear I know where I would like to go tonight—to the Village. I have never been there, except to dine at the inn, and that, to me, does not seem to optimize the spirit of the place. At least, it is different from what I expected to find. Can't we go to some truly Bohemian place? I'd like to know if half of the things I hear about such haunts are true."

"We'll try it," said Pinnell. "It has been an age since I was there."

They travelled down to Christopher Street, and across to Washington Square, in the centre of which rises the arch which is probably less frequently seen but, through the medium of moving pictures, is better known to out-of-town residents than any object of art within the confines of Manhattan.

"Let's leave the car here and walk around," Neata suggested when they reached the corner of Grove Street.

Up and down the narrow streets they walked. They stopped and gazed admiringly at curious, twisted brass ornaments, dust-covered, lying in a window of a dark, deserted shop.

They passed the "Green Switch," the "Pig and Whistle" and sauntered on until they came to Sonia's. In the window on a background of yellow crepe paper were displayed boxes of cigars, the papers of which were painted purple and gold and inscribed with Sonia's monogram. There were blue and green candles molded in Venetian patterns and a smock of coarse, porous cloth resembling bagging which had been painted in a hectic design of red and orange and black.

They pushed back the door and entered. The room was tiny and unoccupied. In its centre was a long table heaped high with books, candles, fancy cards, odd baskets and stacks of cigarettes. Strings of beads of all shades and sizes hung from the door which opened to another apartment and which was curtained with yellow silk. The walls were plastered with clippings and newspapers.

"Neata, waiting for some one to appear, looked closer and saw that the clippings were reports of various unconventional doings of this mysterious Sonia. It was obvious that she luxuriated in the disapproval of the public—court criticism. . . . It made little difference whether it be good or bad. She was wise—Sonia—she appreciated the value of publicity. She had, apparently, taken for her motto—"Be talked about—it matters not what is said, so long as you are not forgotten."

The yellow curtain was flung back and there stood the owner of the shop—a woman unlike any Neata had ever seen. She was large, olive-skinned and she walked with a languorous grace. Standing out from her head was a stock of hair thicker than Neata had believed could possibly grow on a human head. It gave its owner a wild appearance—there was something of the tiger about her. Her wide-set eyes were greenish-brown. They hid effectively behind a curtain of dulness any secrets which her soul might possess.

"Is there anything you wish?" she asked listlessly. Her voice was deep, guttural and unmusical.

"Do you want some cigarettes?" Emory asked.

"No," answered Neata. "I don't smoke, you know. I almost feel like excusing myself for this neglected part of my education. Every one I know smokes, and the look at me in such an accusing fashion, half-pitying, it seems, when I refuse a cigarette that I find it necessary to blame my poor old throat for this defection. I am not a prude, and I think it perfectly all right for those who wish to do it, but somehow I cannot bring myself to do it—I don't believe there can be any actual pleasure in seeing smoke curling out of one's mouth."

"The candles are very nice," said Sonia. She stated the fact baldly—she was not urging them to buy. She seemed to take absolutely no interest in them. She gave no evidence of caring whether or not they made a purchase.

Neata stared at her wonderingly. Could this woman be roused? Was she as secretive, as bafflingly Oriental, as she appeared, or was she a poseur who had cleverly adopted this role to attract the gullible?

"I want these beads," said Neata, choosing a string of blue bangles.

"Very well," Sonia was indifferent. Her expression was stolid. She placed the beads in a white cardboard box, snapped an elastic band around the parcel and handed it to Neata. She accepted the parcel in her large brown hand and slipping the money in the pocket of her orange-colored smock, turned and passed behind the curtain.

THE SANDMAN STORY FOR TONIGHT

A SWIMMING MATCH

Mr. Fox took to his heels on land and so did all the other four-footed animals, while Mr. Drake waddled away as fast as he had come.

"I thought there was something going on when I saw you creep out from under the poultry house," Mr. Dog told Mr. Drake the next day. "So I barked and got the master out and we followed. Did you want Mr. Fox to have a nice supper?"

"No, I wanted one myself. Mr. Frog

Mr. Fox's mind works very fast when he sees a chance to get a nice dinner, and as he listened he thought that a race would mean that Mr. Drake would very likely gobble Mr. Frog before he had gone very far because Mr. Frog would never dream that Mr. Drake had in his mind anything but to beat him, swimming across the pond.

"I think I will get into this race myself," thought Mr. Fox, walking leisurely down to the edge of the pond, and as Mr. Drake was on the other side, of course, he was not afraid of Mr. Fox, and he waited to hear what he had to say.

"I sometimes swim a bit myself," said Mr. Fox not even looking in the direction where Mr. Drake stood. "Now I always did love to race, and if you can get up a good swimming match, Mr. Frog, count me in, please."

Mr. Frog blinked and looked very wise. "It is a swim as swim can match, you understand," he said, meaning that he would dive and swim under water, and that the others could swim as they liked, but he was certain he would beat them to the other side of the pond and win the race.

Mr. Fox and Mr. Drake agreed to this, and so word was sent out that on the first bright moonlight night the race was to take place.

When the moon was high and the animals and wood dwellers for miles around were lined up on the bank of the pond, the moon was big and bright and the pond as smooth as a pool can be.

Mr. Fox and Mr. Frog stood on the bank ready to start, but Mr. Drake was not there and Mr. Fox remarked that it would not be at all interesting for him if Mr. Drake did not join the race.

Mr. Coon and Mr. Possum on the bank began to laugh, but a look from Mr. Fox silenced them, and just then Mr. Drake came waddling as fast as he could down the path, from the road. "I am sorry," he said, "but I had to wait until my wife was asleep; she is to set against having me out at night alone."

Mr. Owl, who was sitting in a tree by the pond and was to start the swimmers with a hoot, called out that they must get ready to start.

Mr. Drake had his mind on Mr. Frog and Mr. Fox had his mind on Mr. Drake, and neither of them heard steps coming through the woods "Ho-o-o!" called Mr. Owl.

He had hardly reached the end of the path, when down the path came Mr. Dog with a bound and behind him Mr. Man and "Bang!" went a gun "The race was on, but not on the pond. Mr. Frog dived out of sight,

FOR CHAPPED HANDS ROUGH SKIN

PIMPLES ON FACE DIDN'T LIKE TO GO OUT

Those nasty little pimples that break out on the face and other parts of the body are simply indications that the blood is out of order and requires purifying.

There is only one way to get rid of this obnoxious skin trouble, and that is by giving the blood a thorough cleansing which can best be done by that old reliable blood medicine.

BURDOCK BLOOD BITTERS

and when the blood is purified the pimples will vanish and you will have a clear, healthy complexion.

Miss Mary E. Flanagan, R. R. No. 3, Stella, Ont., writes: "I suffered for about two years with pimples and blotches breaking out on my face. The doctor said it was caused by bad blood. My face was so bad I didn't like to go out among a crowd of people. One day I was talking to a friend, and she advised me to get a bottle of Burdock Blood Bitters and try it. I just took three bottles, and there was not a blotch or pimple of any kind left. Some of my friends asked me what I had used and I said, 'Burdock Blood Bitters chased them.'"

B. B. B. has been on the market for the past 45 years, so you are not experimenting with some new and untried remedy.

SEEK TO FIX SCOPE OF SHORT INQUIRY

Council to Draw Up Plans for Finance Enquiry

What will Dr. Adam Shortt do when he arrives here this month to investigate Victoria's financial affairs?

This was the question which worried the City Council last night when the aldermen were officially informed that Dr. Shortt was about to leave Ottawa for Victoria. Finally the Finance Committee was asked to figure out just what kind of an inquiry Dr. Shortt should conduct.

Mayor Marchant suggested that the public-spirited gentlemen who are advancing the money to pay Dr. Shortt should be consulted about the scope of the inquiry. This aroused Alderman E. S. Woodward, who declared that these gentlemen had no more right to influence the investigation than any other citizens. He objected to any suggestion of this sort.

The Mayor said he expected that the gentlemen who were financing the inquiry would take a leading part in laying data before Dr. Shortt.

ESQUIMALT CHOOSES BOOTH AS DELEGATE

Liberal Standard Bearer in Constituency Will Go to Ottawa on Drydock Case

T. E. Booth, of Nanaimo, will be official spokesman for the Esquimalt Council at Ottawa, when the drydock committee interviews the Federal Government after Easter. The Council last night appointed him after Robert Leckley had reported on behalf of a special committee which has been inquiring into the matter.

On motion of Councillor Young, the Council contributed \$250 towards Mr. Booth's expenses. Councillor Porter remarking, "I don't think the ratepayers will kick about this appropriation."

Mr. Booth will be equipped by the Municipality with a long array of figures and other data as to Esquimalt's point of view and the effect of abandonment of the dock will have on the municipality.

PREMIER SURPRISED AT LEGAL COSTS

Hard to Believe Small Affair Runs Into So Much

Dewdney People Want Government to Take Dykes

Premier Oliver returned Monday to the Parliament Buildings after his conference at the end of last week with owners of land in the Dewdney Dyking District and a personal inspection of the district. Accompanied by the Hon. W. H. Sutherland, Minister of Public Works, the Premier went to Mission.

"We proceeded to Hatfield where we inspected the damage done by high water in 1920 which resulted in protracted litigation between Messrs. Morrison and the Dewdney Dyking Commissioners," the Premier said.

"It is almost unbelievable that such a small matter should have led to such an enormously expensive lawsuit, the legal costs of which, I am informed, will run between twenty and thirty thousand dollars, and there is still a possibility of the appeal being made to the Privy Council."

"The people there are praying for the Government to take over the management of the dyking area, and very largely blame the Commissioners for their present position. I am advised that last year a tax of approximately \$3 per acre was levied for the maintenance of the dykes, but only a portion of the amount levied was collected and the land owners are now appealing to the Government for financial aid and also for some relief which will prevent future litigation."

Even were the dyking area placed under an Inspector of Dykes, as petitioned for by the land owners, this of itself would not prevent future litigation or in any way relieve the present financial situation. It is represented that the Commissioners have not and cannot secure sufficient moneys to make necessary repairs and provide for the necessary operation of the pumps for the coming season.

"In other words, they are asking the Government to come to their relief to the extent of thirty or thirty-five thousand dollars immediately something which the Government has no legislative authority to do."

Looks Too Costly.

"After examining the Dewdney area, we proceeded to Nicomen Island and we found that our worst fears of the continued erosion of the banks of the river were fully justified. Near McDonald's Landing the dyke for three or four hundred yards has entirely disappeared, and in an ordinary high year will flood a large portion of Nicomen Island. The situation is most deplorable. The Dominion Department of Public Works has abandoned its attempt to cut a channel through the gravel bar on the South side of the river opposite McDonald's Landing, and the general outlook for the future as far as Nicomen Island is concerned is very gloomy indeed."

"The whole position in respect to these dyking areas will be very carefully considered by the Executive Council. I am, however, more confirmed than ever in the opinion which I formed some two years ago that the revenue of the Province is entirely inadequate to cope with the situation."

Open New Hospital.

The party returned to Mission between one and two o'clock, and after lunch at the Mission Hotel, the Minister of Public Works, accompanied by the District Engineer, proceeded to the examination of roads in the Dewdney district, and the Premier met the Hon. Mr. Barrow at the Victoria Ferry and proceeded to Abbotsford where a large number of people had assembled to take part in the ceremony of opening the new hospital at Abbotsford.

"This hospital is very beautifully situated on high ground a short distance from the centre of the town, is a very substantially constructed building and is in charge of Miss Campbell a matron," the Premier went on. "The building has been erected very largely by popular subscription, over \$20,000 having been subscribed for that purpose."

Miss Mackenzie of the E. C. University, Mrs. Ralph Smith, M.P.P., and the Hon. Mr. Barrow and the Premier were the speakers at the ceremony.

After the opening of the hospital, Miss Mackenzie, Mrs. Smith, Mr. Barrow and the Premier were entertained at dinner by the Masonic Lodge of Abbotsford. Only very short speeches were made at the dinner as it was necessary for some of the party to take the 7.17 train to Vancouver.

MODERN STEERING GEAR WILL BE DEMONSTRATED HERE

Johnson-Fries Marine Construction Co. May Establish Agency in This City

A. C. Fries, vice-president of the Johnson-Fries Marine Construction Company, Ltd., is in this city with a view to establishing an agency both here and in Vancouver for his company.

The Johnson-Fries Marine Construction Company was incorporated in December, 1919, to manufacture a pneumatic steering gear for vessels, of their own design. A pneumatic steering gear was installed on the S. S. Henderson, Shaver Transportation Company, in September of 1920, being a stern wheeled river steamer plying in river trade.

Demonstrations were given on the Willamette and Columbia Rivers in November, 1920, under inspection by the U. S. Marine Inspection department, Lloyd's American Bureau, Emergency Fleet Corporation and other units. The device is approved by Lloyd's, London, states Mr. Fries, and is characterized as a distinct advance on previous arrangements. It is said to be simple in design, and less expensive in operation than the normal type of gear.

H. F. Alexander Will Be Welcome Addition to Coastal Passenger Services

The H. F. Alexander, now outfitting at New York for the coastal freight and passenger trade of the Admiral Line, will sail for San Francisco on May 27. When she leaves the H. F. Alexander will be one of the fastest and most suitably equipped passenger craft in the Admiral Line service. She was formerly the U. S. S. Columbia, a United States Naval Administration vessel, and previously the Great Northern.

The H. F. Alexander is to be used between Seattle, San Francisco and San Diego, in passenger and freight service, along the coast. One of the first trips of the new craft is to be the Shriners excursion to the Hawaiian Islands in June, following the convention of the Mystic Shrine in San Francisco in that month.

PINE TREE STATE IN WITH BUMPER CARGO FROM ORIENT

Pine Tree State Has Fair Passenger List and Heavy Mails

Freight Movement Shows Improvement

With over 5,000 tons of cargo, one of the heaviest freight movements yet carried by her class, the Admiral liner Pine Tree State, Captain M. M. Jensen made port from the Far East today. The liner arrived at Quarantine shortly after 2 o'clock, and came along side the Outer Docks shortly after 3 o'clock. On board are 121 first class passengers and 175 steerage. The passenger list of the Pine Tree State is remarkable owing to the fact that the C. P. O. S. Empress of Asia cleared from Yokohama one day ahead of the Admiral liner, also carrying an excellent passenger list.

The cargo on the Pine Tree State is an indication of the growth of freight movements, which heretofore have been light.

Some of the Passengers.

The Pine Tree State carried a fair passenger list, with many holiday makers from the Orient, coming for tours of the United States and Canada, for periods of from one to six months. Among the passengers from the Orient are: Mrs. V. G. Madden, wife of the assistant manager of Alexander and Baldwin, Limited, Kobe, and two children; Edwin J. Dingle, editor of the China and Far East Finance and Commerce Weekly; H. A. Hawthorne, an American lumber merchant of Seattle, who has spent the last six months on a business trip in Japan; Mrs. J. S. Rex Cole and child. Among other passengers are: W. K. Grove, H. L. Phillips, Mrs. Margaret Mungall and Miss Mungall.

The Edmore, another Admiral line craft, is due on Sunday for Vancouver, with 5,700 tons of hemp from Manila.

MET BAD WEATHER

Seattle, April 11.—The barquentine Aurora, which sailed down the Strait of Juan de Fuca from Port Angeles on Sunday, found the heavy gale off Cape Flattery too severe to weather and put back to port to await more favorable conditions.

POLITICIAN AT BERTH

Seattle, April 11.—The Harrison Direct Line freighter Politician, Capt. A. B. Sandiford, arrived from Europe via coast ports yesterday. She will discharge 800 tons of cargo here, and commence loading outward to-morrow.

Along the Waterfront

MADE PORT TO-DAY FROM ORIENT

The Admiral liner Pine Tree State docked shortly after 3 p. m. from Far Eastern points, with heavy cargo, mails and fair passenger list.

WILL USE ARCTIC SHIP IN TRADE

SS. Roosevelt to Be Operated in Northern Waters by Seattle Men

Seattle, April 11.—Percy S. Laing announced here to-day he had incorporated the Percy S. Laing Steamship Company, the object of which is to put the former Polar ship Roosevelt, used by Rear-Admiral Peary, into commission and operate it between Seattle and the Okhotsk sea in Siberia. The vessel, which is at present moored in Seattle harbor, will be used in a regular freight and passenger service to the north. The first sailing will be May 5. The service may be extended to include the Gulf of Anadir, it was said.

SHIPPING AGENTS WILL NOT ATTEND RATE CONFERENCE

San Francisco, April 11.—Shipping Board managing agents of San Francisco will not be represented at the trans-Pacific rate conference which will open at Portland to-morrow and doubt was expressed here whether any of the Board's Pacific Coast representatives would be present.

Local officials of the Shipping Board also stated that the Pacific Mail Steamship Company and Struthers and Barry would not be represented because several foreign lines had served notice that they would not attend.

Delegates to the conference from San Francisco will represent the Toyoko Kaiseha, Robert Dollar Company, Java Pacific Line and the China Mail Steamship Company.

Chairman A. D. Lasler, of the Shipping Board, notified local officials, they announced, refusing permission to managing agents of the Board to attend the conference.

WILL OPEN TOURIST LODGES AT JASPER NATIONAL PARK

Canadian National Making Provision for Accommodation of Travelers

C. F. Earle, local passenger agent for the Canadian National Railway Steamship lines here, has received advices from Osborne Scott, general passenger agent, of the construction of tourist lodges at Jasper National Park. The innovation is designed to meet the needs of the traveler who is sightseeing in this beautiful park and provide accommodation for an adequate stop-over, so that more of the scenic beauties of the park may be viewed.

A modern tourist camp, commanding a wonderful view of all the prominent peaks, is now under construction on the shores of Beautiful Lake Beauvert at Jasper National Park, writes Mr. Scott.

A new camp will open June 15 to September 15, 1922. It will consist of several lodges which will be up-to-date in every particular, including running water, electric light, sanitary arrangements. Each building will have four bedrooms with double or single beds, sitting room and there will be accommodation for seventy-five guests. There is also being erected a central lounge building with open fire place and furnishings of rustic design and requisite to the comfort of guests. A dancing pavilion is already located on the site.

The erection of these lodges will meet the increasing demand for accommodation at Jasper Park. That the tourist tide will flow through the Jasper Park gateway to and from the Pacific Coast this season is assured.

SCOTS WILL COME FOR AGRICULTURE

Interesting Party Arrives at St. John, N.B., From Barra, West Hebrides

An interesting party of agriculturists arrived last week on the Canadian Pacific liner Tunisian at St. John, N.B., including Donald MacPhee, Angus MacDonald, Duncan MacDonald, Donald MacDonal, Roderick MacNeil, Angus MacLean, Donald MacKinnon, Donald MacLean, John MacLean, John MacNeil, John MacKinnon, Donald MacKechnie and Alexander MacDonald, from Barra, West Hebrides, and were met by Rev. Father Angus MacDonald, of Chatham, Ontario, and they are proceeding to that city. Ten of them had their pipes with them and skirled merrily at Sherbrooke, en route to Montreal. This party was met at St. John and accompanied in Montreal by Captain Andrew MacDuff, of the C. P. R. Department of Colonization and Immigration, and Donald J. Cable, passenger agent. Atlantic ports, from which point this party of Scotsmen have come to make their homes in Canada, is an historic island with a population of but several thousand persons. Castle Bay, one of the safest harbors in the Minch, is the fishing port of Barra. In the centre of the bay, on a rock, the ruins of Kismul Castle represent the once impregnable stronghold of the MacNeils. It was a chief of Kismul, according to legend, who refused to accept Noah's hospitality, as "the MacNeils had a boat of his own."

WILL SPOT MISSES

Aeroplane to Be Used in Target Practice

San Diego, April 11.—Shells fired from the turret gun of the Pacific fleet battleships at target rafts ten to fourteen miles distant will be "spotted" by seaplanes and aeroplanes of the air squadron about forty miles southwest of San Pedro beginning to-morrow. The naval airmen were busy last week recording hits and misses of the battleships at short range battle practice.

BAY CHIMO NOT YET HEARD FROM

Hudson's Bay Co. Steamer Will Be Used in Arctic Seas For Fur Posts There

The Bay Chimo, a former German vessel, now owned by the Hudson's Bay Company, is on the way up from San Francisco for William Head, and was expected to have made quarantine by to-night. Advices early this morning stated that no word had yet been received, which leaves the arrival of the steamer to-night in doubt. The Bay Chimo was purchased by the Hudson's Bay Company as a trader for the northern posts, and is now on her maiden run out from Great Britain. She will be overhauled on this coast, and put into operation as soon as possible.

Preliminary work on the outfitting of the Lady Kindsley is now well under way, and that schooner will soon be ready for her annual cruise to the fur posts in the Arctic to Coronation Gulf. The schooner Lady Kindsley will sail in the early summer, to complete her round before the ice shuts in again for the long northern tie-up.

PASSENGER TRAVEL GROWING TO EUROPE

Many Canadians Sailing for Old Country and European Points

Passenger bookings for the Old Country and Europe are growing heavier, as the season advances. The Canadian Pacific S. S. Entertained Aged Men.—Members of the Young People's Society of St. Columba Church descended on the Home for Aged Men last evening and gave the excellent entertainment which was much enjoyed by the inmates. Those contributing to the programme were the Misses Gardner, MacNaughton, Barrett, Clark, Adam, and Mrs. Levey. A community song and chorus was a popular feature. At the close of the programme delicious refreshments were served and the appreciation of the inmates for the kindly thought prompting the visit was expressed by Superintendent McIntosh.

Why Spring Brings Out Freckles and Eruptions

The sudden appearance of freckles, slight eruptions or the lines at this season is attributed by scientists to the "actinic ray," which is unusually active during the Spring months. Where the skin is so affected by this influence, it will procure an ounce of ordinary merozolized wax at any drug store, apply a little of it before retiring, like cold cream, the trouble can easily be overcome. When the wax is washed off next morning, minute flaky skin particles come with it. Freckles, pimples, and other cutaneous blemishes, the new surface is smooth, clear, fresh looking, youthful. No harm or inconvenience accompanies this simple treatment.

PATRICK COURTNEY IS REMANDED UNTIL THURSDAY

Patrick Courtney, the chauffeur arrested in connection with the collision between his big Studebaker car and a Ford driven by Mr. Boushadow on the Island Highway near Colwood Sunday evening was this morning remanded by Magistrate Jay until Thursday at 11 o'clock. Accused is out on \$500 bail.

The charge is one of failing to give his name and address to the occupants of the damaged car.

KIWANIS REVIEW MANY ACTIVITIES OF PAST WEEK

J. H. Beatty, president of the Chamber of Commerce, and A. E. Foreman were guests at the Kiwanis luncheon to-day, the former congratulating the club on its progressive stand on civic questions. Mrs. Charles Wilson was heard in two engaging solos, being heartily applauded. William Paterson acted as chairman of the entertainment committee, the drawing going to the winner of a guessing contest, with the question being the number of bolts in a glass jar.

J. W. Spencer, president of the club, read a letter of thanks from E. B. Paul, Principal of the Victoria College, in which the recent entertainment of the Kiwanis Club to the students was warmly appreciated. B. C. Nicholas, the delegate of the local club to the Portland club during the recent celebration of Canadian Week, gave an account of his journey, in which he paid a high tribute to the hospitality of the Portland club.

NAMED MUNICIPAL AUDITORS.

In succession to the late J. S. Floyd, the Oak Bay Council last evening appointed A. F. Griffiths and F. C. Holden as municipal auditors. Both are well-known chartered accountants of this city.

A. and Navy Veterans.

The Army and Navy Veterans will hold their general monthly meeting on Thursday evening next, at 8 o'clock, the Dominion president, Major Marsden, will be present. Matters of importance will be discussed and it is to be hoped that the members will make every endeavor to be present at a meeting of the Provincial Command which will be held in the boardroom at 11 o'clock on Thursday morning, when the delegates from the British Columbia units will attend.

In County Court.

In the case of Rostkley vs. Lunde tried by Judge Lampan in the County Court this morning plaintiff was given judgment for \$75, balance due on the purchase of a motor launch. T. M. Miller appeared for the plaintiff and P. J. Sinnott for the defendant. Sinnott claimed that the boat was not what it was represented to be at the time of sale but the Court held there was no evidence of warranty. "This exemplifies many cases that are brought before me where people try to prove that second-hand engines and other articles are as good as new," said His Honor.

PEGGY MAKES HIT IN HER NEW SHOW

It Is Just Life Vaudeville; Lots of Music and Girls

Miss Peggy Lewis opened her new show at the Pantages Theatre last night with a real girl and music entertainment and lots of light, life, color and humor.

The new show is a series of short acts and sketches produced in the manner of a vaudeville show.

The beauty chorus is one of the features. It is made up of Nellie Dooley, Gerlie Hunt, Dot Pomfret and Pearl Merryfield.

Syd Crossley is the funniest thing who has operated in a local company for some time. He has all the skill and assurance of the comedian of long experience, and besides he has

Capitol—"The Speed Girl."
Dominion—"The Green Temptation."
Variety—"The Thief."

the only neck of its kind on the stage, big and long, which he twists and stretches into all sorts of gosa-like formations.

Joe Haig, R. Bullock and Frank O'Rourke are some of the others who enliven the show with their singing and dancing.

"Peggy's Movies" and the posing pictures were two numbers which brought the house down with a storm of applause at the opening show.

A full orchestra under Tony Jensen, former orchestra leader on the Pantages circuit here, provides the musical accompaniments.

The show is given twice nightly at 7 and 9 o'clock with Wednesday and Saturday matinees.

DOMINION

A good detective story; a colorful picture of Apache life in their underground haunts in Paris; a charming star in several beautiful dances; the regeneration of a woman who by force of circumstances, first appears in the story as a thief, and a group of highly interesting characterizations portrayed by a cast of favorites, including Mahlon Hamilton, Theodore Kosloff, Neil the opening show.

The story is a thriller, and the posing pictures were two numbers which brought the house down with a storm of applause at the opening show.

A full orchestra under Tony Jensen, former orchestra leader on the Pantages circuit here, provides the musical accompaniments.

The show is given twice nightly at 7 and 9 o'clock with Wednesday and Saturday matinees.

CAPITOL

The thrill which doesn't show on the screen is frequently felt by the players and staff of a moving-picture company. Such an occurrence took place during the filming of "The Speed Girl," Realar's newest picture, starring Bebe Daniels, which will be shown at the Capitol Theatre all week.

One of the motorcycle officers—formerly employed in a studio as assistant director—entered into pursuit scenes with a vim that left nothing to be desired. While he was rounding a turn at about 45 miles per hour, he found himself unable to keep in the road and went off into a stone pile.

He was thrown into the air, and the spectators gasped with horror, thinking him seriously injured, as his machine turned a somersault and landed beyond. Running to him, the other members of the company found that he was only bruised and shaken—nothing broke except the motorcycle, which had its front wheel "jazzed" so that it had to be hauled home.

Unfortunately, the tumble, which would have added a great thrill to the picture, happened just outside the field of the lens, and no one was more disappointed than the officer when he was told that his "flop" hadn't registered on the film.

Miss Daniels has an exceptionally good cast with her in "The Speed Girl," which is by Elmer Harris, with scenario by Douglas Doty. Theodore Von Eltz is leading man, and Walter Hiers has a good role.

The Larry Semon comedy special "The Show" which is also shown this week, is a comedy that could justly be called a special feature production. It is the biggest laugh-maker that the Capitol has ever made and the most expensive comedy production of the season.

The popular vocal number, "Bebe's 'Thy Wind'" sung by Bebe Daniels, soprano, and William Draper tenor, is rendered during the presentation of a delightful song scene which is a decided novelty.

VARIETY

Pearl White thrilled big audiences at the Variety Theatre yesterday, when she appeared for the first time in the William Fox production "The Thief," based on Henri Bernstein's play that was a big success in New York, London and Paris.

Miss White shows greater histrionic ability with every new picture. "The Thief" is not only pleasing and thrilling from a story standpoint, but it is beautiful photographically and scenically. It is evident that William Fox is giving Miss White the best stories he can obtain for her and is spending money lavishly to stage her productions.

FEW FOLKS HAVE GRAY HAIR NOW

Druggist Says Ladies Are Using Recipe of Sage Tea and Sulphur.

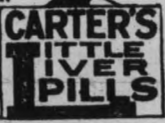

Hair that loses its color and lustre, or when it fades, turns gray, dull and lifeless, is caused by a lack of sulphur in the hair. Our grandmother made up a mixture of Sage Tea and Sulphur to keep her locks dark and beautiful, and thousands of women and men who value that even color, that beautiful dark shade of hair which is so attractive, use only this old-time recipe.

Nowadays we get this famous mixture improved by the addition of other ingredients by asking at any drug store for a bottle of "Wyeth's Sage and Sulphur Compound," which darkens the hair, so naturally, so evenly, that nobody can possibly tell it has been applied. You just dampen a sponge or soft brush with it and draw this through your hair, taking one small strand at a time. By morning the gray hair disappears; but what delights the ladies with Wyeth's Sage and Sulphur Compound is that, besides beautifully darkening the hair after a few applications, it also brings back the gloss and lustre and gives it an appearance of abundance.

MARK TWAIN CLASSIC IS SCREEN TRIUMPH

"A Connecticut Yankee" Is Produced at Royal

In "A Connecticut Yankee in King Arthur's Court," by Mark Twain, William Fox presents on the screen another great literary classic. A large audience at the Royal Victoria Theatre, where this special production opened an engagement yesterday, showed keen appreciation of the work and an enthusiasm seldom witnessed in a picture house.

Mark Twain never wrote anything funnier than "A Connecticut Yankee" or anything more representative of the spirit of America. It is the challenge of the New World to the old. The principal character, Martin Cavanaugh, is a typical Yankee with a long line of New England ancestors. He has heard a good deal about the glories of the good old times, and when he is suddenly transplanted to King Arthur's Court he has an opportunity to find out the truth for himself. He discovers not only that the plumbing of King Arthur's castle is bad and that it is awkward to live without telephones, railroads, automobiles and other things, but also that he is more than a match for the Knights of the Round Table in personal courage and fighting ability.

There are many laughs in the film play as in the book. The most has been made of every situation. The sumptuous settings presented by the director, Emmett J. Flynn, are marvels of beauty.

THE MATCH MAKER

Commencing to-morrow the very popular stock company at the Princess Theatre will produce for the first time in Victoria, another clever comedy drama entitled "The Match Maker." This play was written for Dan Sully who was known as the most popular of all Irish comedians up to the time of his death a few years ago. "The Match Maker" was his last starring vehicle. Previous to "The Match Maker" he was seen season after season in "The Rosary," which play has already endeared itself to Victoria theatre goers, especially as it was done with Henry Leland in the Dan Sully role of the priest. Mr. Leland will assume the character part of the priest originally played by Dan Sully and will without doubt score another great success.

The scenes of the play are all laid in the West—in a frontier settlement and serves to introduce western characters that have never failed to create good material for both drama and comedy. The cast for the play is of such length that every member of the company has a chance for excellent work. As an added attraction several musical numbers will be introduced. These will be offered by Wm. Campbell, Earl Moore, Lily Dooley and Earl Moore. Picturesque scenery makes a fine frame for the story, and this has been provided by the company's scenic artist, Mr. Firth. He is, by the way, a native of Victoria, and his work in the Princess stage settings of late. A special matinee of "The Match Maker" will be given on Saturday, and this play should provide good entertainment for the children on account of its broad comedy.

HELPFUL HINTS ON SPRAYING

The manufacturers of Kero-Spray, the most effective and inexpensive spray on the market, gives the following useful hints on spraying.

Fruit trees should be thoroughly sprayed as soon as Spring weather hatches out the eggs of insects. It should be done just as the leaves break and before the bloom develops. Use Kero-Spray, applied with any good sprayer. A gallon makes 25 gallons of spray at a cost of \$1.25. In quantities the price is \$2 and special price on larger quantities.

For rose bushes, shrubs and other plants spray as soon as the leaf develops and throughout the season as the first signs of insect life appears. Thorough spraying in Spring will save constant spraying later. Apply with sprayer or a whisk being sure to get on under side of leaves and buds. Kero-Spray comes in large bottles (making 5 gallons) for garden use.

SAYS COUGHLANS DO NOT INTEND TO PAY UNION WAGES

John Coughlan & Sons, of Vancouver, do not intend to pay union wages to their workmen. If they secure the contract to complete the new Johnson Street Bridge, the City Council was informed by Alderman E. S. Woodward last night. "We might as well tell them that we intend to have this clause in the specifications and don't intend to be hoodwinked," said Alderman Woodward. "I intend, so far as I am concerned, to see that this clause is enforced."

PLENTY OF WORK ON PRAIRIE, CITY TOLD

There will be plenty of work on the Prairies this Spring for all men who go there from British Columbia. Mayor Marchant informed the City Council last night after a conference in the afternoon with J. D. McNiven, Deputy Minister of Labor.

The Council decided to go ahead with its plan to assist unemployed men to go to the Prairies to secure farm work. The assistance will be given in such a way that the City will be able, in some cases at least, to collect from men so aided the money advanced to them next Fall.

PROTEST GRANTS TO ORGANIZATIONS WHILE PEOPLE SUFFER IN CITY

It is not just for the City Council to vote large sums as grants to various organizations while there is widespread unemployment and distress here, the Unemployed Council declared in a letter to the City Council last night. The letter protested a grant of \$25,000 to the Victoria and Island Publicity Bureau, \$5,000 to the B. C. Agricultural Association and \$1,000 to the Y. M. C. A.—a total of \$31,000.

ALLEGED LEADER OF BANDIT GANG TAKEN

Redwood City, Calif., April 11.—Police last night questioned Arnold Thompson, alleged leader of the gang who raided the Julian Hart home in Menlo Park the night of March 1 and escaped with \$25,000 worth of wines and liquors and \$10,000 worth of silver. Thompson was captured at his wife's home. Two other alleged members of the gang were arrested shortly after the robbery and three more are being sought.

VANCOUVER ISLAND NEWS

COURTENAY-COMOX GOLF COURSE IS NOW PLANNED

Courtenay, April 11.—Mr. Meakin, an experienced engineer from Victoria, has inspected the proposed golf course on the Robb estate, Comox with the committee and considers that it is a first class course. Enough ground has been reserved for an 18-hole course, but at the present time a 9-hole course is contemplated, and Mr. Meakin says it can be laid out for \$3,300. The executive committee, consisting of Capt. Guthrie, Capt. Richardson and Messrs. Tom Graham and Shillock, have the details of selling of bond in hand in order to finance the work.

SIDNEY NEWS.

Sidney, April 10.—R. L. Pickering, of Victoria, yesterday passed through Sidney with Mrs. Pickering and their family for their new home on Lopez Island, where Mr. Pickering is taking over the position of Superintendent of the Interstate Telephone Co., which operates in that district. Mr. Pickering is a telephone and electrical man of much experience, being an employee for a number of years of the Northern Electric of Montreal. On arriving on the Pacific coast he entered the service of the B. C. Telephone Co., occupying many responsible positions with that corporation, including local manager at Duncan, B. C., and later for over three years local manager at Sidney, where he had complete control over the plant, commercial and traffic departments. The Keating exchange coming under his charge as well. Mr. Pickering spent the last year of the war with the Canadian Explosives Co., of James Island. He was a member of the Board of Trade while in Sidney and was a good booster for the town and everyone wishes him all kinds of success.

Mr. Jas. Robertson, of Vancouver, representing the F. F. Shurley Co., Ltd., of St. Catharines, Ont., saw manufacturers, was in Sidney Thursday on a business trip.

The S. S. Canadian Rover, Capt. A. Forson, finished loading about midnight on Wednesday and left for Union Bay early Thursday morning.

A veritable fleet of launches loaded with sacks of clams surrounded the local wharf approaches on Thursday morning, all the cargo going to the Sanchi Canning Co., who are slowly catching up with the demand on their output.

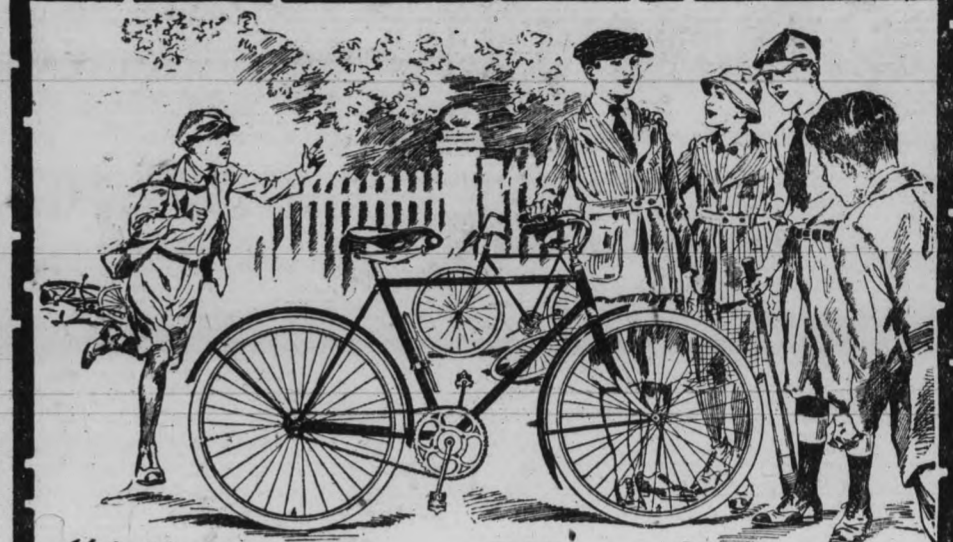

The Royal William Packing Co., of Roberts Bay, Sidney, received a lot of crabs Thursday.

They shipped 50 cases of crab meat and a few crates of cooked crabs to Seattle recently by the Canadian Pacific Railway.

The launch Otagi III, of New Westminster, from the West Coast, where it is in service as a fish carrier, arrived in Sidney Friday evening and anchored for the night. The Otagi III, proceeded on her way to Stevenson Saturday morning.

"All the Boys Want a Ride on My New C.C.M."

TOMMY STEVENS has one big kick— All the boys want to ride his new C. C. M. bicycle.

Tommy says, "The fellows pester the life out of me. Before one of them has finished a ride, some other fellow is

Coaxing for a Turn They all seem to like my new C. C. M. a lot better than their own bikes."

Aside from this one kick, Tommy is tickled to death with his new bicycle.

He admits he can hardly blame the fellows for wanting to ride it. It runs so much easier. And when the boys ask him why, Tommy tells them about the

C.C.M. Triplex Hanger It reduces friction. And there's a freedom from those mean "tight and loose" spots often developed by other hangers.

Tommy says, "It makes a C. C. M. bicycle run so smooth and easy you'd almost think you were riding down grade. And I can feel the Triplex fairly sizzle with power and pull away like mad when I hit her up!"

Boys! Girls! Have you ridden a C. C. M. Bicycle with the C. C. M. Triplex Hanger? Get your father to go to the dealer's with you and see one.

The New Models Are Beauties

The last word in bicycle style and smartness. Wonderfully smooth enamelling that fairly sparkles. And the "bright as sunshine" nickelling is done over copper so it can't rust.

All C. C. M. Bicycles have the New Hercules Positive Drive Coaster Brake—the kind that coasts farther and has no clumsy side arm.

The C. C. M. is "A Real Bicycle for a Real Boy."

And there's a special one that the boy won't outgrow. Equally good for a lad of nine or a youth of twenty. Step into a C.C.M. dealer's and ask to see the C. C. M. 18-in. Curved Bar Model.

Prospects Are For Successful Season

President Heydler, of National League, Says That Five Clubs Have Chance to Win Pennant, While Other Three May Spring Surprises — Opens To-morrow

New York, April 11.—"All prospects point to another successful baseball season," said President John A. Heydler of the National League yesterday in discussing the outlook in the senior association.

"The National League will open its forty-seventh annual pennant race on Wednesday, in possession of world championship honors, well balanced clubs and the confidence and following of baseball patrons in both east and west," he continued, "and I feel safe in predicting high class play, a close race and a fair share of the patronage which in the past has caused baseball to be termed the national sport."

Five Clubs Have Chance.
 "At least five clubs in our league have a chance to win the 1922 pennant, and since nothing is certain in baseball any one of the other three may spring a surprise and confound even the experts. The New York club, as winner of the world's series last year, carries its strength and prestige over into the new season. But it cannot be taken for granted that the game will repeat."

"Boston, Pittsburgh and St. Louis, on the showing in 1921, must be given a chance, and I am inclined to believe that these clubs are stronger to-day than was the case seven months ago. If Brooklyn gets off to a good start its pitching staff will carry the club far."

Look Out For Washington.
 Washington, April 11.—Strengthened by the acquisition of Roger Peckinpaugh, former shortstop and captain of the champion New York team, and addition of several promising pitchers, the Washington Americans face the opening of the season practically assured a first division berth and regarded as a contender for the pennant.

Walter Johnson, who usually pitches the opening game for the locals, will not be expected to carry the load this year. His training has been retarded by illness, but he is rapidly rounding into form and looks forward to a successful season.

George Mogridge, leading left-hander of the league last season, probably will oppose the Yanks in the first game. This pair of pitching stalwarts will be supported by Erickson, Zachary and Courtney, holdovers from last year, and Francis, Phillips, Gleason and Brillheart, the latter an eighteen-year-old left-hander whose work this Spring has been exceedingly good.

Boston Teams Resting.
 Boston, April 11.—The Boston Red Sox arrived home from their southern trip to-day to prepare for the opening game of the season with Philadelphia to-morrow.

After being defeated 14 to 13 by Baltimore yesterday, the Braves went to Philadelphia to-day to rest in preparation for the opening game there to-morrow. It was announced that Oeschger would pitch for Boston.

Cobb Will Go To Bat.
 Cleveland, April 11.—Manager Cobb will participate in at least part of the opening game of the American League season to-morrow. Cobb declared to-day that he will go to bat in the first inning, after which he will retire to the bench in favor of another player.

Cleveland got what Manager Speaker pronounced their best work-out of the year yesterday. It was their first appearance on the home grounds.

St. Louis Team Confident.
 St. Louis, April 11.—St. Louis is sending two well-balanced clubs into the pennant race of the National and American Leagues this season, and it is believed they will be pennant contenders. The local Nationals, third last year, evidently aim to outstrip Pittsburgh and New York by powerful batting. Nearly all of the team's regulars hit well above 300 last year, including Roger Hornsby, 1921 champion.

Finishing third last season, Manager Fohl, predicts his American League team will make a better showing this season by virtue of a better infield.

Regulars Are Sick.
 Three regulars of the St. Louis Nationals may not be in the line-up against the Pittsburgh team in the opening game of the National League here to-morrow.

Centerfielder Mueller, First-Base-man Fournier and Shortstop Lavan, will not be able to play for several days, according to the club's physicians. Mueller and Fournier are suffering from injured legs, while Lavan has not fully recovered from illness.

New York Interested.
 New York, April 11.—With three major league baseball teams within its grasp, played by members of the United Services' Golf Club, last Sunday, Mrs. Parry proved the winner, being one down to bogey. Miss Cuss was the runner-up, two down.

This is the third time Mrs. Parry has won the Vesey Cup competition and the trophy now becomes her property, by the terms of the competition.

weakness in vital departments in their Spring games. Should the Giants falter this season they will do so because of pitching. There was quite a display of over-confidence at the New Orleans camp of the Yankees, but a series of humiliating defeats by St. Louis and Brooklyn checked this. Without Ruth and Meusel, the Yankees are not a particularly strong team, but the club has the strongest pitching staff in the game in Mays, Hoyt, Jones, Shawkey and Bush.

Brooklyn's victories over the Yankees on return trip from the southern training camp have given the critics reason to believe that the strengthened pitching staff and infield give Brooklyn an excellent chance to finish in the first division in the National League.

The team's greatest strength is in the box. Brooklyn will carry nine pitchers all season.

Faber To Start Game.
 Chicago, April 11.—The Chicago Americans were home to-day to round out their Spring training with a short session at their park. Manager Gleason planned to send Faber to the mound to-morrow in hopes of taking the opening game of the season from the St. Louis Browns.

The Chicago Nationals, rained out yesterday at Indianapolis, will engage the American Association there to-day, weather permitting. From Indianapolis the team will go to Cincinnati to open the season with the Reds.

Poor Old Boston.
 Boston, April 11.—In this city of world champion baseball teams in other years, enthusiasts find little in the world's series of Red Sox or Braves to suggest league leadership.

The Red Sox will be watched with interest everywhere to see the effect of the off-season trades.

DEMPESEY IS OFF TO LOOK OVER EUROPE

Will Follow the Path of Troops, and Will Look for Some Fighting

Not Much Danger to the Battalion He Will See; Will Be Away Three Months

New York, April 11.—In his invasion of Europe, Jack Dempsey, who sells on the Aquitania to-day, will be emulating the habit which most of the American world heavyweight champions have become addicted to since John L. Sullivan took England by storm.

The Dempsey party will land at Southampton and proceed to London by rail to look around. Jack Kearns, the champion's manager, has no definite plans, but from a perusal of the reports the group is carrying, it appears that none of the numerous lands of Europe is likely to be missed. Manager Kearns, Joe Benjamin, Pacific Coast lightweight and friend Cook kept hanging on and Beckett had trouble pushing the fight. Cook, however, appears to have nothing. Carpenter sent him to dreamland in four rounds. Carpenter holds two knockouts over Beckett so it does not look as though there is much to worry Dempsey.

Dempsey expects to spend three months in Europe.

ENGLISH SCRAPPERS WIN MONTREAL BOUTS

Billy Wells Outpointed Kid Thomas; Charley Brown Defeated Girardin

Montreal, April 11.—In a feature fight of the boxing show put on at the Denis Theatre here last night, Billy Wells, welterweight champ of England, now located in New York, made his first appearance in a ring on this continent and easily outpointed Jack "Kid" Thomas, local fighter in a ten-round bout. Thomas's gameness alone saved him from a knockout in the last three rounds.

In the semi-final, Charley Brown, London, England, featherweight, was awarded the decision over George Girardin, local fighter, in their ten-round bout. Brown weighed 122 pounds and Girardin 124.

MRS. PARRY WINS THE VESEY CUP OUTRIGHT
 In the ladies' competition for the Vesey Cup, played by members of the United Services' Golf Club, last Sunday, Mrs. Parry proved the winner, being one down to bogey. Miss Cuss was the runner-up, two down.

This is the third time Mrs. Parry has won the Vesey Cup competition and the trophy now becomes her property, by the terms of the competition.

Series Proposed to Determine Lacrosse Champions of Canada

Winnipeg, April 11.—The Manitoba Lacrosse Association has made a proposal to the other lacrosse organizations in Canada for a championship series next fall.

The Manitoba body suggests that the eastern winners play in Winnipeg not later than September 23 and the winners go to the coast to engage the Mann Cup holders not later than September 30. The city holding the games would be expected to put up a reasonable guarantee to the visiting team.

As an alternative the coast champions would play in Winnipeg and the winners travel east for the finals.

Ten-man lacrosse is suggested and not more than 15 in the party.

Expect Keen Competition In Road Race on Friday

Seven entries have been received so far for the annual G. W. V. A. road race which is to be held on Good Friday. Other entries are expected within the next few days and undoubtedly there will be big strings of athletes abreast of the starter on Friday.

The Crusaders who produced last year's winner, Jimmy Buckler, will again be out in force. They have entered five runners including Buckler, Ernie Gill, Lawrence Everett, Norman Young and T. Snowden. The First Presbyterian Church will have two entries, Fred Tooby and Charles Thompson.

Course is changed.
 A change has been made in the course this year. The route to the top of the Four-Mile hill was found to be altogether unfavorable last Good Friday. Motor cars were continually cutting in between the runners and the climb at the Four-Mile hill was very severe on the runners.

This year runners will start from the G. W. V. headquarters, Easton Street, proceeding along Fort Street, then on to the Uplands, to the Cadboro Bay where a turn to the left will be made, continuing along to Hillside, to Douglas Street, to Fort and a final sprint to headquarters.

Officers were elected at the last meeting of the G. W. V. A. to look after the Good Friday fixture. The following will conduct the race: Strater, D. Martyn; timekeeper, H. Wilkerson; judges, Ross Napier and Comrade Crease; clerks of the course, Comrades Ben Taylor, Food, Min Bryson, E. Jones; chairman of the committee, Comrade Prescott and Secretary Comrade Lynch.

All entries are to be addressed Secretary Lynch, at the G. W. V. A. headquarters, Law Chambers Building. The entrance fee will be 25 cents. All entries close on Thursday at 5 p.m.

Prizes.
 Many prizes have been donated by various stores in the city for the race in addition to the silver cup that goes to the winner. The firms which have donated are as follows: Hudson's Bay, a handsome black leather travelling bag; Plimley & Ritchie, a fishing basket; Peden Bros. leather wallet; The Bootery, a pair of running shoes; David Spencer and the Victoria Sporting Goods have also promised prizes for the winners.

A meeting of the chief executive will be held to-night at 7 o'clock, in the club rooms, when final arrangements for the road race will be concluded.

CHELSEA TAKES GAME FROM HUDDERSFIELD

London, April 11.—(Canadian Press Cable)—Football games played in the Old Country yesterday resulted as follows:

First Division.
 Everton 0, Preston 0.
 Chelsea 1, Huddersfield 0.
Third Division—Southern Section.
 Bristol Rovers 0, Gillingham 3.
 Aberdare 0, Merthyr 0.

Rugby League.
 Neath 5, Gloucester 4.

London, April 11.—(Canadian Press)—In a Northern Union rugby match played yesterday Leeds defeated Halifax 20 to 5.

COLWOOD LADIES TO PLAY MEDAL MATCH

The monthly medal competition will be played by the ladies of the Victoria Golf and Country Club on Thursday, April 13. Members will choose their opponents for this medal competition.

SCHOOLS PLAYING OFF FOR FOOTBALL TITLE

Arrangements have been made to hold the play-off for the Junior school football championship to-morrow afternoon at 2.30 o'clock at the Royal Athletic Park. The teams which will compete are: Oaklands and Sir James Douglas. These teams met yesterday afternoon and although they struggled for twenty minutes overtime they were unable to break the tie. Capt. Whedden will referee to-morrow's game.

C. P. R. BOWLING.

In a match played last night, the E. & N. engineers defeated the Empress Hotel "A" team by 24 pins. R. Hillier bowled high for the engineers with 191 pins.

LADIES' GAME APRIL 26

The final game in the Ladies' City Basketball League will not be played on Saturday, April 15, as announced previously. The date for the deciding game will be Wednesday, April 26. The game will be staged in the V. H. A. Hall, Broad Street.

Two Soccer Games Down For Holiday

LALLY CLAIMS BOYS TO-DAY ARE SCARED AND MUCH TOO LAZY

Montreal, April 11.—Joe Lally, veteran Cornwall lacrosse booster and enthusiast, was about the only one to hit the well-known nail on the head in a lacrosse haul-over, over the week-end, when a flock of notables in the bustling atmosphere diagnosed the reason for the condition of national game. "The youngsters of to-day are too darned lazy," said Lally. "They don't play lacrosse because it's too rough and tough. There are too many pink-tea experts, too much jazz dancing, too much that is soft and slushy in life to-day. It's the spirit of the times—laziness."

There's a lot of truth in what Joe says, but if he thinks that the West does not possess a lot of hustling lads who can be termed as "hard as nails" he is just about to take a visit to some of the school grounds in Victoria and see how the youngsters are taking to the national game of lacrosse. One school at present has fifty lacrosse sticks and five lacrosse balls in continuous use.

COLWOOD CLUB ARRANGES MATCHES FOR HOLIDAY

The Colwood Golf and Country Club has arranged two competitions for the holidays. On Good Friday there will be 36 holes, mental play, with an entrance fee of 50 cents and the usual prizes.

On Easter Monday a mixed foursome competition will be held. The entrance fee will be 50 cents a couple with the usual prizes.

The Colwood Golf and Country Club has arranged two competitions for the holidays. On Good Friday there will be 36 holes, mental play, with an entrance fee of 50 cents and the usual prizes.

CRICKET WILL BOOM IN CITY THIS YEAR

Wednesday League Completes Arrangements for Very Promising Season

Eight Teams May Play; Saturday Players Will Be Allowed to Perform

Cricket is again going to take its place as one of the premier Summer sports in the city, and the coming season will see its popularity greater than ever. With a full programme in the Saturday League, and Wednesday League that will be allowed to play games during the holiday.

Vancouver Footballers Busy.
 Vancouver, April 11.—Vancouver representative soccer teams will be seen in action on three different fields on Good Friday. The Mainland All-Stars will clash with an eleven picked from the Upper Island League. This game will be played at Athletic Park. Another team will journey to Victoria to battle the best that can be selected from the Victoria and District League. A third team will go up the Fraser Valley to Langley to play the pick of the Fraser Valley League. Three strong elevens have been picked by local officials and, although the team to play at Athletic Park is considered the first one, there is little to choose between the three of them.

The contest at Athletic Park will be played at 2 o'clock so as to allow the islanders to catch the boat to Nanaimo. A return match will be played at Nanaimo on Saturday the local team leaving here on Saturday morning and returning via Victoria, on Sunday night.

The Metropolis First journeyed to Cumberland over the week-end and suffered a 2-1 defeat. The locals put up a very spirited game and it was an even break over most of the route.

Nanaimo's flashy soccer team which played here a week ago has been eliminated from the play-off for the Brackman-Ker Cup which holds the same position in Upper Island football circles to the Jackson Cup in Victoria. The feat was performed by the Ladiesmith intermediates by 1-0. This Ladiesmith second team is reported to be one of the sweetest outfits that a spectator's eye ever rested upon. It has now won its way into the final.

LEONARD AGREES TO PUT UP HIS TITLE

Agrees to Meet Either Dundee, White or Kansas July 4 at Michigan City

New York, April 11.—Benny Leonard, world's lightweight boxing champion, will defend his title at Michigan City, Ind., on July 4, his manager announced last night. His opponent will be either Johnny Dundee, Charlie White or Rocky Kansas.

Tender Disqualified.
 New York, April 11.—Lew Tender, Philadelphia lightweight, was disqualified for fouling in the seventh round of his match to-night with Charley Pitts, of Australia. The referee awarded the decision to Pitts.

Miske Stops Shade.
 Youngstown, Ohio, April 11.—Billy Miske, St. Paul heavyweight, won a technical knockout over Bill Shade, of California in the second round of a scheduled 12-round bout here last night.

Miske floored Shade twice in the first round, the bell saving him. After Shade had been knocked down twice in the second round the referee stopped the bout.

DAVE SHADE MATCHED

Kenosha, Wis., April 11.—Dave Shade, San Francisco, who knocked out Pinky Mitchell in Milwaukee recently has been booked for a ten-round match here on May 1, with Dennis O'Keefe, of Chicago, by promoter W. J. Garrison. Five C's, one of two school teams, and possibly a Retail Clerk's team.

Mets and Wests Will Clash in Island League Fixture Good Friday Morning, While "Rep" Teams of Vancouver and Victoria Will Appear in Afternoon — Pick Team To-night

Chicago, April 11.—Charley Paddock, whirlwind sprinter of Los Angeles Athletic Club, will be challenged to compete with Loren Murchison, of the Illinois Athletic Club, in a series of races to determine the dash championship, if the plans of the Illinois A. C. materialize.

These old rivals, the two leading clubs in this city, have figured in many thrilling tussles in the past and they will look up in what will be their finals on Friday.

Both teams will turn out their strongest sides and the game should be fast and exciting over the whole route.

There will only be one other game here in the Island League, South Wellington being due to pay a visit within the next week or two.

The "Rep" Game.
 On Friday afternoon the much talked of game between the representatives of Victoria and Vancouver will be played. The kick-off will be at 3 o'clock. The scene of the game is supposed to be the Stadium, but owing to the fact that the Royal Athletic Park will not be utilized, it is possible that the officials of the V. D. F. A. will switch to the more suitable ground.

The V. D. F. A. is meeting to-night to select the team which will meet the Vancouver squad. This team which is being picked from the Combination League will not doubt be able to give a good account of itself as the team which is coming over from Vancouver is one of the three all-star teams which have been picked to play games during the holiday.

The St. Andrew's have the same record to array against the Presbyterians that pulled the trick on the K. of C. The team will be: Guards, Colby and Dave Barclay; centre, Bill Erickson; forwards, Willoughby and Squires, while Dowell will take the bench.

The following will be the referees for the engagements: First, Lewis Patt; and the third encounter, Hopkins.

HERCOVITCH WRENCHED HIS KNEE IN SCRAP

New York, April 11.—Moe Hercovitch, Canada's welterweight champion, hurt his knee so badly in the third round of his scheduled 12-round bout with Jimmy O'Gally in Harlem last night that he was unable to respond to the bell for the fourth round. The men were exchanging blows at a furious pace in the third round when Moe's foot became entangled and he toppled to the floor. It was a fast bout up to the accident with but little to choose between the men.

BILL BRENNAN WILL MEET BILLY MISKE

Boston, April 11.—The State Boxing Commission to-day gave its permission for a heavyweight bout between Bill Brennan and Billy Miske at the Boston arena on May 1.

TRYING TO ARRANGE RACES BETWEEN STARS

Chicago, April 11.—Charley Paddock, whirlwind sprinter of Los Angeles Athletic Club, will be challenged to compete with Loren Murchison, of the Illinois Athletic Club, in a series of races to determine the dash championship, if the plans of the Illinois A. C. materialize.

These old rivals, the two leading clubs in this city, have figured in many thrilling tussles in the past and they will look up in what will be their finals on Friday.

Both teams will turn out their strongest sides and the game should be fast and exciting over the whole route.

There will only be one other game here in the Island League, South Wellington being due to pay a visit within the next week or two.

COMPLETE OPENING ROUND TO-MORROW

Three Games Will Be Played in City and District Basketball Tournament

The City and District basketball tournament will provide an extra programme of basketball games on Wednesday night at the Y. M. C. A.

Three games will conclude the first round of the "knock out" series.

In the first game of the evening the Huskies are billed to meet the Crusaders, while the second game will introduce a new team when the Jordan River clan mixes with the Y. M. C. A. The feature game of the evening will not doubt be provided by St. Andrew's and the First Presbyterian squad. This will conclude the evening programme and settle the teams to enter in the concluding round of the tourney. The first game will start at 8 o'clock.

MacVicar, forwards; McKeech, forwards; Webster and McKinnon, forwards; Mills and Dowds.

The Jordan River team will bring the fastest squad the city has seen on the West Coast for their initial appearance in this league, while the Y. M. C. A. team having already been successful in previous appearances to repeat their performance. The following represent Jordan River: Guards, Lea and Cummins; centre, Charles Peterson; forwards, Leed and Ingham; reserves, Walker and Holmwood. Here is the Y. M. C. A. delegation: Guards, Young and Harwood; centre, Kennedy; forwards, McKeech and Hopkins, with Johnny and Bill Peden on the bench.

The First Presbyterians are clinging to their old reliable team which has pulled them to so many championships. They are paging the following players: Guards, Bob Whyte and Norman Forbes; centre, Eddie Albin; forwards, Webster and McKinnon; Hudson and Streeter will be the reserves.

The St. Andrew's have the same record to array against the Presbyterians that pulled the trick on the K. of C. The team will be: Guards, Colby and Dave Barclay; centre, Bill Erickson; forwards, Willoughby and Squires, while Dowell will take the bench.

The following will be the referees for the engagements: First, Lewis Patt; and the third encounter, Hopkins.

HIGH JUMP RECORD FOR CO-EDS BROKEN

Kingston, Ont., April 11.—The Queen's University high jump record for ladies was broken on Saturday in the Queen's Gymnasium given by the Queen's co-eds. Miss Anna Rose, a freshman, cleared the bar at four feet four inches, breaking the record of four feet three inches which was made last year by Miss Barrington.

ZBYSZKO WAS LITTLE TOO ROUGH, BUT WON

Port Arthur, Texas, April 11.—Stanislaus Zbyszko, former heavyweight wrestling champion, defeated Joe Petroff here last night. Zbyszko wrenched Petroff's leg in a hold that won the first fall in one hour and 27 minutes and the latter was unable to start the second fall.

ARRIVALS RELIEVE
ONION SHORTAGE

Other Consignments Due Tomorrow; Local Cauliflower on Market

With a scarcity of Australian brown onions on the market, shippers in Vancouver unloaded the Australian product first, Victoria receiving her consignment early Monday morning. This is the only allotment received as yet from the Makura which is docked in Vancouver, but the New Zealand butter and frozen meat is expected to arrive. In place of the market price quoted on the onions \$8.50 was the figure recorded down.

The new arrival of butter is expected to be the same price, no word being yet received as to it being a cheaper grade. The frozen carcasses have not yet received a quotation. Eggs remained the same, but the demand is increasing on this product as the Easter season draws near, and it is thought that only another two or three days will see the price on the hen product rise in rate. The California cauliflower, the imported variety is being replaced by the local produce which was introduced on the wholesale row this morning at a range price of \$2 to \$3 per dozen, which is a lower figure than the California variety. Radishes, California mint, parsley, all registered a decline in price while green onions fluctuated and reduced their price from 90 cents to 75 cents. Raleigh seed potatoes have been popular on the market the last three days and the stock is getting scarce with no prospects of further supplies but other seeds have been secured to fill their place.

Ontario cheese reported a drop in price to-day but stillations which is generally scarce about this time of year again jumped their old quotation, now demanding 28 cents. Alberta butter is expected to arrive on the market again this week having been absent from the list for some considerable time. The quotations have been revised as follows:

TO-DAY'S TRADING
IN WINNIPEG MARKETS

Winnipeg, April 11.—The local wheat market was extremely dull to-day, owing in part to lack of news from Southern markets occasioned by wire trouble, but the undertone remained firm. May and July closed 1 1/2 lower, Argentine cables were strong, while Liverpool cables were more or less indifferent. Private cables on the whole were regarded as rather slow.

There was a little inquiry for cash wheat, and the offerings were more liberal. The demand was more to take care of tonnage for the opening of navigation shipments rather than any improved export business. Spreads were about unchanged. Cash rates were still narrowing time, waiting for the congestion to be removed from the lead of the lakes. There was an improved demand for cash oats, but other grains were unchanged, with spreads a little lower.

Table with columns: Open High Low Close, May, July, etc.

OLD WHEAT PRESSING
FOR SALE TO-DAY

Chicago, April 11.—Owing to pressure of old wheat on the cash market there was considerable weakness displayed in the May futures to-day. The market was under some pressure to the more distant months, and July wheat closed about 2 cents lower. Cash markets were weak, and exports here were considered as overdone. The close was heavy and at the low point of the day.

WAITING ATTITUDE
IN STOCKS

(By Burdick Bros., Ltd.)
New York, April 11.—Considerable realising was indulged in in the stock market in the first hour, but the demand for issues proved sufficient to absorb the foregoing, and the list, generally speaking, resumed its advance with good momentum. Evidence in the rail department of the list. The publication of the U.S. Steel tonnage for the end of March, showing an increase of 35,000 tons, had a stimulating effect on the steel group, and U.S. S. & B. and others advanced quite vigorously in the afternoon dealings. In contrast with the advance with good momentum, the market was rather slow in the way of realizing sales for a while.

BETTER SHIPMENTS
HAVE BEEN DELAYED

Australian Onions on Delivery First; Retailer Disappointed

Retailers were surprised and disappointed to-day with the announcement that no shipments of butter had arrived from Vancouver where the Makura is unloading. It is evident that the Australian brown onions are being shipped before any other freight. No news regarding the new shipment of butter has been received and retailers were much put out on account of the delay, the butter stock being in a fairly low condition. Weather has been the cause of the delay in the dairy market, consignments of butter from across the line not having arrived yet. This consignments was needed to bring the present shortage over until the Prairie Provinces were in a position to supply B. C. Alberta butter, however, will be on the market during the latter part of this week but in small quantities as the cows have not been out to pasture for long. Egg prices are holding out firm. The present shortage commodity are expected at the close of the week owing to the Easter demand, but the cold and stormy weather prevalent throughout the district recently.

Fish is plentiful on the market considering the season, but excellent weather conditions have been favoring fishing near Alberta helping the supply out greatly. The Lenten season will be concluded this week, and reductions in practically every line of fish can be expected, as the demand will be lowered considerably, and the weather conditions generally change for the better after Easter. Numerous changes were registered on the vegetable section to-day, while Artichokes were marked on the list as a new arrival. The quotations have been revised as follows:

Table with columns: Purer or Better Ice Cream, Can't Be Made

When we heard of the newly discovered process for making carbonated ice cream, we immediately investigated it. We have always made the finest ice cream money, brains and the purest ingredients can produce.

We know the error of freezing ice cream in common air, which is not perfectly pure. As when we learned that a scientist had discovered a way to freeze ice cream in sterile, pure, germ-free atmosphere we knew he had solved the greatest problem of ice cream sanitation.

We secured the rights to manufacture ice cream under the carbonated process. It is an expensive method, but it adds a maximum of safety to ice cream and, incidentally, it makes a much more delicious ice cream, richer, more flavorful.

When you buy our Royal Dairy Carbonated Ice Cream for the kids, YOU KNOW IT IS SUPER-PURE. Insist that your dealer provide it. He can get it if he hasn't it already.

COUNCIL ASKS HALT IN POLICE BOARD'S CLOSED SUNDAY PLAN

Want Postponement Pending Action by Ottawa on Law Amendment

Mayor Fights Interference by Aldermen, But Gets No Support

Postponement of the plan to inaugurate closed Sundays here was suggested to the Police Commission and Attorney-General Manson by the City Council last night over the sole opposition of Mayor Marchant. The Commission was asked to put off the new Sunday observance scheme until it could find out what the Federal Government intended to do with the Council's request that all cities should have power to administer the Lord's Day Act as it saw fit.

The Resolution.
This resolution, proposed by Alderman Gillespie, was passed by the Council:

"Whereas the Lord's Day Act is causing controversy and agitation among the public; and whereas this Council passed a resolution (which has already been unanimously adopted by the 1921 Board of Police Commissioners) containing amendments to the Act which, if granted, would meet the existing difficulties;

"Be it resolved that the Attorney-General and Police Commissioners be requested to defer action in the present situation until a reply has been received from Ottawa, and that the City Clerk be instructed to forward a copy of this resolution to the Hon. A. M. Hanson and the Police Commissioners, with a request that they will grant the same his favorable consideration."

"This is in no way an attempt to take a fall out of the Police Commissioners," Alderman Gillespie explained. "I will stand behind the Commissioners, whatever they do."

Favors Amendment.
"I certainly will back up the Commissioners, but I believe the Lord's Day Act should be amended so that the different communities shall be able to decide the matter for themselves," said Alderman Todd. "If that Act were enforced we would not have a 'blue Sunday' but a dead, jet black Sunday! I do not think it is wise that communities should not be allowed to decide this question of Sunday observance themselves. The position of the Police Commission under the Act leads to disaster. This is not an attempt to interfere with the Commissioners, but merely to get the law changed."

Alderman Woodward said he could not see much wrong with present Sundays here from a labor standpoint and emphasized the desirability of plebiscites on such questions as that of Sunday closing.

Alderman Perry asserted that the Police Commission was quite able to take care of its own affairs without a plebiscite between annual elections.

Mayor's Opinion.
The Mayor fought vigorously against interference by the Council in Police Board affairs. "It is right for one body to try to force its will upon one body elected for certain purposes," he asked and added that the Council appeared to be acting as Magistrate J. O. Coughlan's Police Board was acting in financial matters—"poking its nose in where it had no business."

"It will not affect the question one iota anyway," the Mayor warned. "Isn't it wisest anyway that the Commissioners run their own business?" he asked and the commissioners came here and suggested what we should do about the improvement tax you would say, 'nothing doing.' Should they not say the same when you want to change the present Sunday which appears to be perfectly reasonable," Alderman Leeming remarked.

The Suggested Amendments.
The amendments to the Lord's Day Act which the Council asked the Federal Government to introduce some time ago are:

"As regards cities and municipalities of the Province of British Columbia, having a population of ten thousand, or over, and having a proportion of Police Commissioners, the discretionary powers herebefore in this clause set out, of the Attorney-General of the Province, shall be vested in the Board of Commissioners of Police, of the said British Columbia City, or municipality, providing that:

"(a) In any such British Columbia City or municipality, upon petition by ten per cent of those qualified to vote at the annual election for municipal council, a referendum vote shall be taken at the next following annual election, upon enforcement or otherwise, in whole or in part, in that community, of any part of the Act."

"(b) The decision of the majority voting at such referendum shall be communicated, in writing, by the returning officer, to the Board of Commissioners of Police and to the Chief of Police of said city or municipality and such referendum decision shall immediately supersede and cancel previous conflicting ruling or decision of the Board of Commissioners of Police."

"(c) Such referendum decision not to be cancelled, varied, or altered, excepting by further referendum vote."

TOWN PLANNING IN CITY URGED; BROADEN LAUNDRY AREA HERE

A general town planning scheme which would insure home owners that no factories would be built near their houses and factory owners that their operations would not be curtailed was advocated by Alderman E. S. Woodward at the City Council meeting last night. The Council, however, did not go ahead with any such plan but contented itself with enlarging the laundry area so that a new laundry could be opened at the premises in James Bay. The laundry area, as a result of the Council's amendment to the Laundry By-law which takes in the district about Laurel Point.

"Although the James Bay district has rapidly been declining as a residential district, it is the highest assessed area in the city," Alderman

Leeming declared in discussing conditions in James Bay. "The only existing industrial area."

H. B. ROBERTSON, K.C. APPOINTED CITY COURT COUNSEL

Will Represent City in Law Cases; Solicitor Is Overworked

H. B. Robertson, K. C. of Barnard, Robertson, Heistman and Tait, was appointed by the City Council last night to the position of city counsel to represent the City in all court cases. His salary was fixed at \$125 a month.

Appointment of Mr. Robertson was recommended by the Finance Committee, which explained that City Solicitor H. S. Pringle was fully occupied with routine legal matters and had not time to represent the corporation in court in all cases. In the past, he explained, the City had to pay large bills to various lawyers to assist Mr. Pringle in court cases and by retaining Mr. Robertson at a monthly salary it would be possible to save considerable money.

"We can congratulate ourselves on securing counsel so eminent," said Alderman F. S. Woodward, chairman of the Finance Committee.

COUNCIL WARNED POLICE PROSECUTOR FIGHT STILL ON

Reeve Lockley Tells Esquimalt Council Further Steps Pending

Receiving advice from H. A. Maclean, K.C., that the appointment of a public prosecutor rested with the Municipal Council and not with the Board of Police Commissioners, the Esquimalt Council last night confirmed its previous selection of G. H. Sedger for the office.

Mr. Maclean based his opinion upon the wording of Section 414 of the Municipal Act, which provides for appointment of a chief of police and constables and other officers and assistants." Mr. Maclean said he could not see that the public prosecutor came under his classification. He found in Section 410 which provides that all members of the police force, which he considered would include a Board nominated prosecutor shall take a specific oath "to serve well and truly in the office of police constable," a further endorsement of his opinion as to the location of Police Commission authority.

"On the other hand, the power of the Municipal Council to appoint officers is very wide," he notes, pointing out that authority to appoint officers necessary for the carrying on of good government is wide enough to authorize the appointment of a police court prosecutor. "A consideration therefore, of all the above-mentioned provisions of the Municipal Act leads me to the conclusion that it is the Municipal Council and not the Board of Police Commissioners that has power to appoint a police court prosecutor."

Upon this letter the Council decided to carry out its decision to appoint Mr. Sedger, and a number of legal accounts pending were then passed, over protests by Councillors Bridle and Pomeroy, these dealing with legal advice given the Commissioners on the charges made by ex-Chief Palmer against the Police Board at the Rex Theatre last year and the appearance of Mr. Finland in Court last month. Opponents of paying these accounts charged the former to be personal expenses of the Board and the latter as illegal.

Reeve Lockley stirred up the whole matter again by saying "Gentlemen, now you have adopted your course, I must tell you the Police Board are not satisfied, they will get advice of their own, as they believe Mr. Sedger not entitled to be carrying out of police court prosecutions."

Councillors Bridle and Pomeroy protested, the former suggesting that an injunction should be taken out against the Commissioners by the Council. Councillor Wilson advised that the whole question be submitted to the Attorney-General, but Councillor Bridle professed to believe that the onus of referee would be rejected by the Provincial law expert. The whole question was then left in abeyance pending further action by the Commissioners.

PLAN SHAKE UP IN CITY FINANCE DEPARTMENT SOON

Council, in Patrick's Absence, Adopts Sinking Fund Report

Blame Officials for Diversions; Bring Tax Dates Forward

After saddling all blame for sinking fund diversions upon City Comptroller J. L. Raymur and City Treasurer E. C. Smith, the City Council, changing its mind on the subject again, adopted the now celebrated sinking fund report last night and decided to go ahead with a re-organization of the City's Finance Department.

The Council refused some time ago to adopt the sinking fund report drawn up by a committee which conducted an inquiry into the handling of sinking funds in past years. The report was shelved at the suggestion of Alderman Joseph Patrick. Last night, when Alderman Patrick was not present, the framers of the document brought it up again, and it was adopted by a majority decision.

When the Mayor laid the report before the Council again Alderman Reginald Hayward protested against blaming officials for the illegal handling of sinking funds.

"The Council refused some time ago to adopt the sinking fund report drawn up by a committee which conducted an inquiry into the handling of sinking funds in past years. The report was shelved at the suggestion of Alderman Joseph Patrick. Last night, when Alderman Patrick was not present, the framers of the document brought it up again, and it was adopted by a majority decision."

When the Mayor laid the report before the Council again Alderman Reginald Hayward protested against blaming officials for the illegal handling of sinking funds.

"It's pretty tough to blame the officials for all this," said Alderman Hayward. "I am informed that it is the general and known policy of the former council to handle sinking funds in this way, using them as seemed best. Under the circumstances it seems hardly fair to blame it all on the officials."

Mayor Marchant replied that the officials undoubtedly had tried to do what they considered best for the city. The only evidence that members of the old council knew about sinking fund diversions was the statement of Ex-Mayor Porter, who had said he had a general knowledge on the subject, the Mayor explained. The city treasurer and comptroller, he added, had protested that they had acted in accordance with the wishes of the Council.

Alderman Woodward, chairman of the committee which investigated the sinking fund situation, held that the committee's censure of the officials was very light. He said that City Comptroller Raymur still believed that no money had been diverted and consequently was still "unrepentant."

What they had known before. If the real sinking fund situation had been known years ago the City Council would have been brought face to face with its position and would have been forced to seek a solution, Alderman Leeming declared. The fact that the true condition had been withheld from the public had delayed action.

Alderman Todd complained that the Council had never been warned of the sinking fund situation by its officials, who thus deserved censure.

Re-Organization Planned.
The clauses in the sinking fund report which provide for a re-organization of the Civil Finance Department and lay the blame for sinking fund troubles upon the City Comptroller and Treasurer are as follows:

1. That the city comptroller and city treasurer be instructed to see that the requirements of the various acts governing municipal finance, be strictly complied with.

2. That the auditor be instructed to report and advise at the earliest possible moment on the best system of accounting, applicable to the needs of the municipality, and to make such suggestions for the reorganization of the treasury department as he may deem advisable in the interests of efficiency.

3. That the Council place on record its strong disapproval of the irregular practices adopted by the city treasurer and city comptroller for a number of years prior to 1921, and its belief that such methods have tended to obscure from the public the real state of the city's finances, and to

postpone the adoption of effective remedies.

Want More Accommodation.
4. That the existing accommodation of the accounting department is quite inadequate and that better facilities would result in greater efficiency and economy.

5. That the period for collecting taxes on real estate be brought forward each year by one month, until May 31st is reached, commencing with September 30th of the present year, or that in the alternative, legislation of two levies during the year, the first to be not later than May 10th, and the second to be not later than September 30th.

WOULD HAVE BRIDGE CONTRACT LET TO LOWEST BIDDER

Chamber of Commerce Directors Sympathetic With Coughlan's Efforts

At the regular weekly luncheon yesterday held at Spencer's, Norman Yarrow resigned from the Directorate of the Chamber of Commerce having one year to serve. He explained his action to be due to inability to give as much time to the work involved as he believed it merited. It was with general expressions of regret that the resignation was accepted.

The B. C. Home Products Bureau wrote asking the support of the Chamber of Commerce to its representations to the Victoria City Council in favor of consideration of the tender of the Coughlan Ironworks for the fabrication of the remainder of the Johnson Street Bridge.

J. L. Beckwith denounced as "filibuster" and "nonsense" the arguments advanced by City Engineer Preston against the experience of the Vancouver concern. President Beatty remarked "The Manufacturers' Association in this letter points out that everyone with the requisite plant should be welcomed as a bidder while George McGregor remarked 'For the life of me I cannot understand this receipt against Coughlan's.'"

Norman Yarrow declared "I understand the complaint to be that Coughlan's never have made a bascule bridge; well, Engineer Preston never put in bridge foundations before. Very inconsistent, to say the least."
