In compliance with current copyright law, the Etherington Conservation Center produced this replacement volume on paper that meets ANSI Standard Z39.48-1984 to replace the irreparably deteriorated original.

1999

# INTRODUCTORY.

THE Ninth Volume of the Gloucester Directory contains some improvements over former issues, to which we call the attention of our patrons.

It will be noticed from the statement below that there has been a large increase in names (737) within the past two years, and the addition of over 2000 new names shows a favorable growth of the city. The Street Directory has been thoroughly overhauled and re-arranged in a convenient form for reference, and the re-numbering of some of the principal streets renders the *new* Directory indispensable to the public.

A complete Business Directory of Rockport is also given. Much other valuable information of a miscellaneous character has been added, increasing the book over thirty pages. To those who have encouraged us by their patronage in advertising and subscriptions, we return our thanks.

SAMPSON, DAVENPORT, & CO.

# GLOUCESTER STREET DIRECTORY.

GIVING the location of the Streets, Places, Parks, Squares, etc., and showing what other streets and places run from them, or across them, with the number at which they intersect, taken from the official records.

From this list, the location of any number on a street can be easily ascertained; as, for instance, wishing to know at what part of Prospect Street No. 87 is located, you look at Prospect Street, page 20, and find that Elm Street runs from 81, and Chestnut Street from 93, showing that 87 would come on the right, between Elm and Chestnut.

# ALBERTYPE.

---

The Albertype process, as now perfected, stands pre-eminent amongst the numerous photo-mechanical methods for the

PERMANENCY, BEAUTY, AND UNIFORMITY  
OF ITS RE-PRODUCTIONS.

---

«Scientific, Historical and Medical Societies»

Will find it specially adapted to the illustration of their

Reports, Fac-Similes of Objects of Scientific Value,  
MANUSCRIPTS, DOCUMENTS, &c.

---

IT IS EXTENSIVELY USED BY PUBLISHERS FOR THE ILLUSTRATION OF

*GENEALOGIES, MAGAZINES,*

COMMERCIAL CATALOGUES,

AND OTHER PUBLICATIONS.

---

In all cases, as when STEEL ENGRAVINGS, PAINTINGS, PHOTOGRAPHS, &c., are re-produced, the prints will be found to combine all the finish of the original, in detail, with the permanency and equality of an ink impression.

---

Specimens and Estimates furnished on application.
