LUDENDORFF AND HITLER CAPTURED IN MUNICH

Here and There

Something To-day About Bank Clearings and Climates; Henry Ford \$17,000,000 More Bulish on Canada

Just read these figures: Victoria bank clearings for week ending Nov. 8, \$3,974,244 Clearings for corresponding week last year... 1,931,900

You remember also that bank clearings for last month showed an increase of 14 per cent over the total for October, 1922.

Miss Winnifred Wilkins, formerly of Montreal, now of Long Beach, has been comparing climates. She has something to say which British Columbians living on the Coast might as well know.

Miss Bell sends this: "I have spent seven years in California, from 1916 to 1923. There are many good points in California, so why delude people about the other points?"

"We have here green grass and a few hardy varieties of flowers and also a few hedges. The trees in most cases retain their leaves in the winter time.

"But we also have green grass, flowers, leafy trees and beautiful shrubs in Vancouver and Victoria, B.C., all winter long.

"IN VICTORIA IT BECOMES VERY FEW DEGREES COLDER THAN DOWN HERE. So why boast of California?"

"In our wonderful Canada we have many climates, but many people who reside in California believe Canada to be frozen up most of the year. One has to show proof of our Canadian Pacific cities to prove what Victoria and Vancouver are like.

"LAST YEAR, IN VICTORIA WE HAD LESS RAIN THAN IN PASADENA. Pasadena had 29 inches of rain; Victoria had 26 inches.

"We average in California four months of uncomfortable weather each year, cold damp and foggy. This has been our experience during the last seven years, and we have tried many parts of Southern California and so are able to judge fairly.

"In 1915, Christmas time, or rather, two days after Christmas, it rained every day for six weeks. And that wasn't all of the rain we had that year. But after coming from a climate not quite so flood-like we were rather discouraged.

"In 1913 there was a big freeze; many orange ranchers lost thousands of dollars.

"The same happened in 1916 and in nearly every second year since. But last year the freeze was so bad that in many cases near Pasadena, Redlands and Riverside, the orange trees were frozen as well as the fruit, trees being so badly frozen that they had to be replaced by new ones.

"WE NEED TO BOOM CANADA—NOT TO LIE ABOUT IT. WE SHOULD ADVERTISE VICTORIA MORE as a winter resort. Then many Canadians who desire mild winter weather would not be carried away by over-advertised California."

That from Miss Wilkins is encouraging and useful to know.

Better still, it is that she has had it all published in a Montreal newspaper. There are a good many things about this coast which newspapers don't know.

Henry Ford, probably greatest manufacturer of the age, announces in Toronto extensions to his Canadian plants, involving \$7,000,000.

"This is only a start," he adds. "Eventually another \$10,000,000

P. G. E. PROBE WILL GO TO BOTTOM OF EVERY CHARGE AND EVERY DOLLAR SPENT

Railway Directors Had Started Most Complete Investigation Before Opposition Launched Railway Attack, Premier Reveals; Auditors Instructed to Investigate All Accusations

The Oliver Government has ordered a searching investigation into the affairs of the Pacific Great Eastern Railway. This inquiry, carried on by Price, Waterhouse & Company, chartered accountants, will go to the bottom of every dollar paid out by the railway to the Northern Construction Company, builders of the Government-owned line.

The investigation also will sift each of the fifty-four charges of wrongdoing in railway administration made by General A. D. McRae's Third Party in its organ, The Searchlight.

W. K. Esling, chief railway critic of the Opposition, will be given every opportunity, under a resolution passed by the P.G.E. directors, to examine the books of the railway, with the assistance of his own accountant.

With these striking announcements Premier Oliver to-day answered demands of the Conservative Opposition for light on P.G.E. matters. In a statement made to an astonished House as the Legislature opened this afternoon, the Premier revealed for the first time the full plans of his Government to give the people of British Columbia full and complete information on every phase of the P.G.E.'s operations. The Government, he showed, has nothing to fear from the most exhaustive investigation.

Decision to conduct a complete investigation into railway finances, he declared, had been reached November 5 and instructions to Price, Waterhouse & Company to go ahead November 6. This was before the Opposition started its drive on railway affairs. The Premier laid before the House a copy of instructions given to the auditors by Hon. J. D. MacLean, Minister of Railways, on that date.

This letter instructs the auditors "to probe to the bottom each and every disbursement made by the railway company to the Northern Construction Company. It also instructs the auditors to investigate fully every one of the fifty-four charges made by the Provincial Party."

To Sift Every Charge Dr. MacLean's instructions, to Price, Waterhouse & Company, to sift every charge of wrongdoing in railway administration "to the bottom" runs as follows: (Concluded on page 11.)

DISCUSS RESULTS OF CONFERENCE

British Expressing Views on Trade Preference Plans

Lloyd-Greame Predicts Big Canned Salmon Trade

London, Nov. 9 (Canadian Press Cable)—With the close of the Imperial Conference will come a balancing of its accomplishments. However, comment on this necessarily will be restricted until the conference decisions are formally issued to the public next Monday. Rather is it to the Economic Conference with its announcement of increased preference that attention is turned.

The Free Traders attack the proposed greater preference on wines as hitting the consumer again and as being "another step to full-blooded preference."

The Daily Express, which lately has been arguing that a preference without a duty on wheat or meat is a preference without a soul, declares in its headlines to-day that the Empire Premier has been defeated and it challenges "Mr. Baldwin's half-and-half preference."

Hopeful Policy The Morning Post offers the following comment on the British preference:

"The British Government has thus made a notable advance in a hopeful policy. We have to regret only, and as regret is useless, we need not waste time at present—that they have

(Concluded on page 8.)

will be needed in Canada to care for the growing volume of business." Henry Ford is far-seeing, keen and resourceful, as well as daring. That is a fairly definite opinion, backed by money, of the possibilities of this country in the immediate future.

LOYD GEORGE IS FOR FREE TRADE

Declares Premier Baldwin's Protection Policy "Incredible Folly"

Makes Statement on Arriving Home From North America

Southampton, Nov. 9.—Right Hon. David Lloyd George, who arrived here this morning on the liner Majestic, characterized Premier Baldwin's recent pronouncement regarding protection as "incredible folly" and "an insult to the intelligence of the nation," in the course of an interview with newspaper reporters who met him at the dock. He expressed the view that protection was impossible without the taxation of food, and said he accepted Mr. Baldwin's "challenge" on the issue.

Noisy Reception Mr. Lloyd George was given a noisy reception when he appeared on the deck of the Majestic. Cheers and crowds awaited his arrival outside. (Concluded on page 2.)

LASSEN VOLCANO IN CALIFORNIA IS IN ERUPTION AGAIN

Red Bluff, Cal., Nov. 9.—Lassen Peak, the only active volcano in the continental United States, has been in eruption since early this morning. A rising volume of smoke and steam can be seen from Red Bluff. This is believed to be the biggest eruption for several years.

BANK OFFICIALS ARE IN CUSTODY

Former Home Bank Men Held by Sheriff in Toronto

Speedy Trial Refused; Bail Not Yet Renewed

Toronto, Nov. 9.—Immediately following the refusal of Mr. Justice Smith, presiding in the criminal assize court here to-day, to grant them a speedy trial on the conspiracy charges preferred against them in connection with the suspension of the Home Bank, nine former directors and officials of the institution placed themselves in the custody of the sheriff of York County, and through their counsel asked that they be placed on trial. Application was first made to Judge Depton, the senior police court magistrate and one of the county judges, but he declined to exercise any jurisdiction in the matter of meeting their request.

Two Refusals Judge Emerson Coatsworth, Senior York County Judge, was then appealed to, but after considerable argument, he also refused the application.

Counsel for the defendants asked the judge to grant bail to the accused, but he also refused the application, and the defendants were compelled to remain in the custody of the sheriff's officers.

In event that their efforts for bail are unsuccessful before noon to-morrow it is very probable they will be forced to remain in custody until Tuesday next, and will have to partake of their Thanksgiving dinner in jail. (Concluded on page 2.)

ONLY A LIMITED INQUIRY, SAY FRENCH

Paris Insists on Reparations Restrictions U.S. Has Rejected

French See But Little Likelihood of an Inquiry

Paris, Nov. 9.—A semi-official statement issued by the French Foreign Office through the Havas Agency shows that the French Government insists upon the limitations to the expert reparations inquiry, which have been rejected by Secretary Hughes.

Paris, Nov. 9.—The fact that the French Ambassador to the United States, M. Jusserand, requested a delay in publication of Secretary Hughes' declaration regarding the proposed expert reparations committee is taken here as indicating that the United States will decline to participate in the committee. The chances of the committee being organized consequently are regarded as the slightest.

Beyond 1930 It is learned from other sources that Ambassador Jusserand, in telegraphing the Foreign Office respecting his conversation with Secretary of State Hughes yesterday, said that Mr. Hughes attached much importance to the belief that the inquiry into Germany's capacity to pay should not be limited to her capacity up to 1930, but should be allowed to extend as far beyond that year as the committee of inquiry might find expedient.

Secretary Hughes is described as saying toward the close of his conversation with M. Jusserand that a meeting of experts under the conditions laid down by the French Government would be useless. It was then that M. Jusserand requested the Secretary to delay any public announcement until he had time to communicate with M. Poincare. Secretary Hughes agreed to this, it is stated.

Prepared For Refusal While Premier Poincare's decision to make no modification in his terms has not been announced here, the semi-official communique indicating (Concluded on page 2.)

TWO ARE HURT IN COLLISION

Train at Courtenay Smashed Automobile

One Woman Pulled From Under Train Wheels

Special to The Times Courtenay, Nov. 9.—The car H. S. Baker was driving last evening collided with an Esquimalt & Nanaimo Railway train at Courtenay station.

In the car were Mr. and Mrs. Baker, Mrs. Moore, and three children. Mrs. Baker is suffering severely from shock and is much bruised. Mrs. Moore is severely cut about the face. The others escaped injury.

When the car overturned Mrs. Baker rolled under the wheels of the train, but was snatched out of her peril by her husband. The car is completely wrecked.

CANADIAN NATIONAL TELEGRAPH REVENUE SHOWS INCREASE

Ottawa, Nov. 9.—The net operating revenue of the Canadian National Telegraphs increased from \$129,950 for the year 1921 to \$402,429 in 1922, according to figures compiled by the Dominion Bureau of Statistics.

The net operating revenue of the Canadian Pacific Railway Telegraphs decreased from \$1,810,506 in 1921 to \$1,688,639 in 1922.

LIVED TO BE 113 The Dalles, Ore., Nov. 9.—Mary Seymour, the last of the Wasco tribe of Indians, which once inhabited the basin where The Dalles is now located and from which Wasco County was named, died in her teepee yesterday at the age of 113 years.

PLANS READY FOR NEW FERRY SLIP IN INNER HARBOR

Work on Puget Sound Navigation Dock Here to Start Early in New Year

Company's Engineer in City This Week Arranging For Scheme

Plans are being made for an early start by the Puget Sound Navigation Company for the construction of a ferry slip in the Inner Harbor here at which it is proposed to berth the ferry Sioux, which will be operated on the Port Angeles-Victoria run next Summer. Supervising Engineer George H. Lent was in Victoria this week surveying the property with the company's engineer.

Mr. Lent assured local representatives that plans will be made immediately and tenders invited here for the construction of the ferry slip. Actual building of the slip will go forward next year.

The location is a good one, according to the supervising engineer. The Puget Sound Navigation Company's dock will be reconducted and the ferry slip built. The dock is on the city side of the Causeway.

Frequent Service Mr. Lent, in speaking of the ferry boat Sioux, which is to be reconducted, (Concluded on page 2.)

DEC. 10 MAY BE ELECTION DATE

That Day Mentioned For Contest in Britain

London, Nov. 9.—Circles close to Premier Baldwin favor December 10 as the date for the general election on the protection issue, according to The Daily Mail. With equal assurance The Daily Express says no election is contemplated next month.

The question of appealing to the country on the protective tariff issue will be discussed at a Cabinet meeting to-day and perhaps a final decision will be made.

This is Lord Mayor's Day, when the famous Lord Mayor's "Show Lumber" through the streets of London, its antique pageantry relieved by an infusion of modern troops and tableaux representing scientific discoveries.

Glasgow Conservatives Meanwhile the Government has received an uncomfortable reminder of the division which the tariff proposals have emphasized in the ranks of the Conservative Party. The Glasgow Herald, one of the great Conservative newspapers of the North, to-day declared emphatically against the Premier's scheme. It protests against "the party being launched on an enterprise which it can not succeed without disaster to the country, and cannot fail without disaster to the party."

This is taken to mean that Mr. Baldwin will have been delaying the organization of the Conservative Party in Great Britain, against him if he appeals to the country in this issue—a position calculated to create thought in Government quarters.

WIRELESS CHAIN PROGRESS URGED

Economic Conference Suggests Erection of Empire Links

London, Nov. 9 (Canadian Press Cable)—Early removal of the difficulties which have been delaying the establishment of the Imperial wireless chain is urged in a resolution adopted at the final sitting of the Economic Conference to-day.

The several Governments of the Empire, the resolution says, "should take immediate action to remove any differences which are delaying the establishment of the wireless chain, while providing adequate safeguards against the subordination of public to private interest."

The chief difficulties at present, it is understood, lie in the differences between the British Postmaster-General and the Marconi Company over stations.

PREMIER KING TO RECEIVE FREEDOM OF SHEFFIELD

London, Nov. 9 (Canadian Press Cable)—Premier King will go north on Monday to receive an honorary degree from Edinburgh University. On Tuesday he will receive the freedom of Sheffield. He will go to Paris later in the week.

WORD IS DUE ON GRAIN ELEVATOR

Men Behind Movement Confident Elevator Will be Erected Here

Optimism runs high as a result of recent developments that Victoria will have a grain elevator erected so that the port will by next year, secure its share of the ever increasing grain business of western Canada. Definite announcement is expected from Ottawa regarding the use of the terminals before the end of the month and men behind the movement state that Victoria is assured an elevator. The Chamber of Commerce and the Provincial Government have been vigorously behind the movement to secure a grain elevator for this port.

At the recent Royal Commission inquiry in grain handling facilities, Victoria's qualifications as a grain port were presented in a strong case prepared by R. T. Elliott, and the effective campaign to make Victoria a grain port, it is confidently hoped, will be realized before the end of the month.

Victoria visitors returning from the prairies in the last few months speak of the desire shown among the farmers to ship grain west and come back enthusiastically behind the movement to secure for Victoria its fair share of the vast amount of business that a grain elevator will bring to the port.

(Concluded on page 2.)

SOUTHERN CHINESE TROOPS SURROUNDED

Crisis in Conflict Between North and South

Supporters of Chen Killed in Canton

Canton, Nov. 9.—A crisis in the conflict between the Northern and Southern Chinese troops in Kwangtung Province apparently has been reached. Canton is under martial law and the troops of Sun Yat Sen, South China leader, have been surrounded by forces of General Chen Chung Ming at Sheklung.

As a result of the chaos which prevailed in Canton all traffic has been ordered suspended after 7 o'clock each night. Piracy and looting are rampant. Hotels and private residences are being searched for supporters of Chen Chung Ming, who are promptly shot when found. Many officials are leaving the city.

General Executed Citizens of Canton and coolies are being commandeered at the rate of several hundred a day by the military forces. A considerable quantity of arms, munitions and flags have been seized and confiscated.

Out of Funds Sun is reported to be in desperate need of funds.

A report is in circulation that Sun's troops commandeered the ferry launch Lee Fook reported missing Wednesday after leaving Dumbell Island for Hongkong with Chinese who were conveying \$10,000 to that city.

Defections from Sun's forces have been reported for some time. Last week four cruisers attached to his organization declared their independence and attempted to leave Canton. Two were successful and two failed to get away because of shallow water.

FRENCH PREMIER CONFERS WITH HIS WAR MINISTER

Paris, Nov. 9.—Premier Poincare this morning received War Minister Maginot and Minister of the Interior Manoury.

BAVARIAN OUTBREAK SUPPRESSED WITH ARREST OF LEADERS

German Federal Troops Capture General Ludendorff and Adolph Hitler in Ministry of War Building in Munich; Von Poehnder Also Put Under Arrest

Berlin, Nov. 9.—General Ludendorff and Adolph Hitler, leaders of the Bavarian revolt, have been captured by federal troops.

Berlin, Nov. 9.—The outbreak in Munich has been suppressed. Former Police Chief von Poehnder, one of the leaders of the movement, who had been appointed one of the Governors of Bavaria, has been arrested. General Ludendorff and Adolph Hitler have barricaded themselves in the Ministry of War Building. All the other buildings are held by the regular Bavarian Government under Premier Von Knilling.

London, Nov. 9.—A Central News dispatch from Berlin says following message has been received from Munich:

"The 'putsch' is considered to have ended. Ludendorff and Hitler have barricaded themselves in the War Ministry building, which is surrounded by troops. Von Poehnder, who had assumed the Premiership of the new Government, has been arrested. The Reichswehr are loyal to the Berlin Government."

LIQUOR SALES ALMOST MILLION A MONTH IN D.C.

Government Stores Take in \$5,717,624 From March 31 to September 30

B.C. Pays Huge Sums to Federal Government For Liquor Imported

Liquor sold by Government stores in British Columbia from March 31 to September 30 of this year amounted to \$5,717,624. October returns, which are incomplete, amount to \$930,193. Over the six-month period, therefore, the Government's liquor sales were slightly under the estimate of \$1,000,000 a month.

This information has been laid before the Legislature by Attorney General A. M. Manson, in answer to questions from Conservative members.

Since the Liquor Control Board commenced operations on June 15, 1921, up to October 31, the sum of \$5,641,469 has been paid or is due the Federal Government for excise or other duties in respect of liquor purchased by the board. Mr. Manson's figures show:

It is shown that during the year ending March 31 last \$1,922,797 worth of liquor was manufactured in British Columbia, which was purchased by the Government, and the value of the liquor manufactured outside British Columbia and purchased during that period was \$3,871,902.

The monthly sales of liquor in Vancouver stores were: April, \$276,724; May, \$303,323; June, \$324,962; July, \$327,381; August, \$349,693; September, \$348,554; October, \$348,922, a total of \$2,276,632 for seven months. No figures on the Victoria stores are given.

GERMANY MAY HAVE CIVIL WAR

That May Result From Bavarian Attempt, Say London Observers

Monarchy Planned, With Bavaria Dominant State

London, Nov. 9.—Civil war in Germany is regarded here as the only logical outcome of the rebel action in Munich, and on the face of news hitherto received, such a result is considered inevitable.

The ultimate purpose of the Hitler-Von Kahr-Ludendorff combination is not yet apparent, but all advices reaching London seem to point to an attempt to restore the monarchy in Germany.

Prussia as the dominant state. The name of Prince Rupprecht or other members of the Bavarian royal family do not appear in any dispatches reaching here, and whether they are included in the plans of the conspirators can be only conjectured at present.

Little except official news is likely to get out of Berlin for many hours in view of the rigid censorship established as soon as news of the "putsch" reached the capital.

EUROPEAN EXCHANGE RATES FELL TO-DAY IN UNITED STATES

New York, Nov. 9.—Foreign exchange rates fell at the opening of to-day's market as a result of the situation in Germany. Demand sterling dropped more than three cents to \$4.60, a new low record for the year. New lows for the year were established also by Spanish pesetas, Norwegian and Danish kroner and Holland guilders, while French and Belgian francs declined sharply.

DISARMED AND ARRESTED

Amsterdam, Nov. 9.—Telephone messages from various parts of Germany received by the Exchange Telegraph Company here assert that the Bavarian coup d'etat is doomed to failure.

Dr. von Kahr, General von Lossow and Herr Effer, who agreed last night under the compulsion of Adolph Hitler's army to become members of the new Cabinet, have withdrawn; the advices declare. The three ordered the arrest of General Ludendorff and Hitler.

It is reported the principal leaders of the Nationalist troops in the Hamburg headquarters at Munich already have been disarmed and arrested.

HUNGARIAN ARRESTED

Interesting reports also have been received concerning the arrest of a member of the Hungarian Parliament who is said to have concluded a secret agreement with Hitler and Ludendorff regarding joint action at Munich and Budapest. A formal treaty has been drawn up, stipulating the measures to be taken on the outbreak of the revolution.

A list of the members of the projected Bavarian and Hungarian Cabinets was also discovered.

The Munich outbreak is therefore not regarded here as a separate action as it seems to have been intended as part of an extensive reactionary movement, if the foregoing reports are accurate.

BERLIN QUIET

Berlin, Nov. 9.—The Berlin chief of police issued a statement this afternoon declaring "that a calm in Berlin, and there is no reason to anticipate disorders."

Communication Interrupted

Berlin, Nov. 9.—The situation in the interior remained quite confused this morning and nothing was shown of what might have transpired during the night as communication with Munich was interrupted last midnight and had not been restored.

Arrested in Budapest Budapest, Nov. 9.—Deputy Ullas was arrested yesterday charged with conspiracy in an attempt to overthrow the Government. (Concluded on page 2.)

Allied Council Considers the New German Situation

Paris, Nov. 9.—The Inter-Allied Council of Ambassadors has been summoned to meet at 5 o'clock this afternoon to consider the situation in Germany.

DEMONSTRATION BY CRACOW WORKERS

Funerals of Men Killed During Strike Riot Held
Warsaw, Nov. 9.—The situation in Cracow, where earlier in the week twenty persons were killed in a riot growing out of the railroad strike, is still causing anxiety.
The striking railway workers, who are disobeying the orders of their union to return to work, formulated fresh demands. The first of these was amnesty for those responsible for the trouble at Cracow and for the persons who killed the Polish officers in the clash between the military and the mob. The second demand was for a fortnight's wages.
The Government has refused to comply.
The funerals of the Socialists and Communists killed during the trouble are to be held this afternoon and will be the occasion of a great manifestation by Labor.

LLOYD GEORGE IS FOR FREE TRADE

The dock gates to escort the British War Premier through the streets, but the combined journalistic forces of Southampton and London stormed the liner itself to get the former Prime Minister's impressions of Canada and the United States. Mr. Lloyd George looked over the imposing array of journalists and remarked: "It's like the other side."
The ex-premier said he accepted Premier on politics immediately, asking his opinion on Premier Baldwin's pronouncement at Plymouth regarding protection.
"Judging from the brief reports I have seen, I think it is a most incredible pronouncement, a piece of intelligence of the nation, to feed the starving masses with the starchy, dewed straw of the last century with every grain of state-manship beaten out of it," replied Mr. Lloyd George.
The ex-premier said he accepted Mr. Baldwin's challenge on free trade or protection as a domestic issue.
"Your platform will be a free trade platform as before," he was asked. "Certainly," he readily replied. "The whole difficulty is an old difficulty. You can not have protection without taxing food, and I am absolutely certain the people of this country will not consent to food taxes."

ONLY A LIMITED INQUIRY, SAY FRENCH

that the French Government insists upon them is taken to mean that Ambassador Jusserand has been informed to-day in that sense, and that the French public is being prepared for the refusal of the Washington Government to accept an inquiry to take part in the expert inquiry.
Vote Needed
The French Foreign Office communication referred to affirms that the French constitution does not allow the Government of the republic, without a vote of Parliament, to authorize the Reparations Commission to reduce the German payments already agreed and approved by Parliament. The French Government's position is that it would be valueless to try to establish Germany's internal and external resources because Germany re-established her financial situation that would completely alter her capacity to pay, requiring a fresh examination into the question.

MARCH ON MUNICH

The message also says the Bavarian Reichswehr are marching on Munich, and this is supported by wireless telegrams from Nuremberg declaring the troops in South Bavaria have been ordered toward Munich, but that they are not to enter the city.
The message concludes with the statement that von Lossow "expects to master the movement."
An ordinance published by the commanding officer of the Fifth Military Section corroborates the wireless advices from Nuremberg and Stuttgart that von Kahr and von Lossow are opposing Hitler.

POLICE AND TROOPS

The ordinance adds that the Reichswehr have been mobilized and with the assistance of the state police will prevent the movement from spreading, but that meanwhile the Reichswehr will oppose interference from any illegal organizations in this task. The formation or concentration of any "armed protection" associations will be repressed as high treason.

PLANS READY FOR NEW FERRY SLIP IN INNER HARBOR

tioned in the new year, says that an agreement will be given. The vessel is a staunch steamboat and makes good speed. Her time from Port Angeles, says the supervising engineer, will be about one and a quarter hours from dock to dock. Now that the Pacific Highway has been completed from Portland to Seattle, making a good paved highway from California to the Pacific Northwest there is no reason why the tourist travel to Victoria and Vancouver island should not be double that of last year.

HUGH O. RORISON DIED IN MOOSE JAW

Moose Jaw, Nov. 9.—Hugh O. Rorison, seventy, former Mayor and sole survivor of the Moose Jaw disaster of 1884, died yesterday. He was born in Fitzroy, Ont. A brother lives in Vancouver.

Cuticura Soap
Clears the Skin and Keeps it Clear
To Enlarge Pores So Intimate is the Present Condition

THANKSGIVING TIME EVEN FOR TURKEYS

kind-hearted decision had been reached as a result of the poor demand for turkeys for the holiday at the first of next week. The weather is too good this season for people to be thinking about turkeys. He added that they will come back all the sooner for their Christmas turkey, because of the fact that they are more interested in other things now, including golf, than in turkey. Another thing which Mr. Dickson said influenced the axe-man in favor of a temporary reprieve is the fact that turkeys are not yet fat enough, and who would think of buying a skinny turkey?
"Another month will fix them, however," Mr. Dickson added.
For persons who must have their Thanksgiving turkey and cranberry sauce, however, there are a few around town. They can be obtained at about 55 to 60 cents a pound for the local ones. There are very few imported.

DISCOVERY OF COMET REPORTED AT COPENHAGEN

London, Nov. 9.—The Royal Observatory at Greenwich has received notification from Dr. Reinhold, of Copenhagen, of the discovery on October 31 of a new comet in the thirteenth magnitude. It is moving southward near the constellation Aries.

MUSKRATS AT COWICHAN LAKE

Lake Cowichan, Nov. 8.—The Hatchery staff, who have been engaged for the last few days in collecting Spring salmon ova in the Cowichan River at Duncan, have now returned to the lake. A rise in the river has enabled the salmon to negotiate the Skutumpah Falls, and follow up the river to the lake, and the collection of eggs will be continued up here until the run is over.
A consignment of ten muskrats has been received by Mr. G. B. Simpson, game warden for this district. These animals have been liberated in a suitable spot on the Shaw Creek game reserve. It is probable that a further consignment will be liberated in Grant's Lake at a later date. Muskrats increase very rapidly, and there seems to be no reason why they should not do well here, and in the course of time spread over the district and prove of great benefit to trappers.

BANK OFFICIALS ARE IN CUSTODY

Special Crown Prosecutor D. L. McCarthy left the court soon after the trial of the accused until the January assizes, and was not present when defence counsel made their applications to the county judges for a speedy trial. It will be necessary for Mr. Justice Smith to see the other counsel engaged in the case before a high court judge in order that bail may be renewed.
The nine defendants who are in custody at the courthouse are R. P. Ough, S. Casey Wood, J. F. M. Stewart, J. B. Brusell, directors; O. G. Smith, chief accountant; Sidney H. Jones, auditor, and E. A. Calvert, General Manager, all of Toronto; G. A. Barnard and Lieut.-Colonel Clarence Smith, directors, of Montreal.
E. J. Daly, President of the Home Bank, who is the tenth defendant, did not appear in court owing to illness.

TORONTO THIEVES TOOK GOWNS AND FURS WORTH \$12,000

Toronto, Nov. 9.—Burglars smashed their way into two stores in Toronto early this morning, stole about \$12,000 worth of furs, cloths and gowns and made their escape without interference.
A rich haul of \$7,500 worth of fur coats was taken from Dvoretzky Brothers' fur store. The Regent Tailor Store was forced open and \$4,000 worth of dresses, gowns and cloths was taken.

HOME BANK NOTES TO BE DESTROYED

Toronto, Nov. 9.—Authority for the destruction of the notes of the Home Bank of Canada has been given by the Supreme Court of Ontario, and will take place at the Canadian Bank of Commerce before a representative of the court next Thursday.
The Master has also made an order allowing the provisional liquidator to continue some seven actions commenced by the Home Bank in the Supreme Court of British Columbia. These actions involve an aggregate sum of about \$40,000.

ELDERLY VANCOUVER MAN WAS KILLED ON HIGHWAY

Vancouver, Nov. 9.—One fatal and three non-fatal automobile accidents occurred in the dense fog which descended on Vancouver last night. The fatality occurred on Kingsway, and the body of the victim, who was an elderly man, has not been identified.
The driver of an incoming New Westminster automobile stage, Cheney L. Campbell, is held by police under \$7,500 bail to answer a charge of manslaughter.

A NUGGET DECISION

Toronto, Nov. 9.—Ownership of the \$100,000 silver nugget which was found on a claim in the Gillie mine limit is to be decided at a court sitting at Halesbury on December 1, according to a ruling of December 1, by Justice Hovay yesterday.

CHURCHILL RAISES WAR PROBLEM AGAIN

Britain Now Discusses What Should Have Been Done in East
Easy to be Wise After the Event, Reuters Dispatch Points Out
By Reuters, Ltd.
Special Dispatch to - The Victoria Times.
London, Nov. 9.—Winston Churchill, in the second volume of his book on the war, raised a question of first class interest. In November, 1914, the front in France ran from the Channel to the Jura, and a stalemate had been reached. There were no flanks to be turned in the west, and since a frontal attack is the clumsiest method of war, soldier and statesman naturally looked about for flanks elsewhere.

DISCOVERY OF COMET REPORTED AT COPENHAGEN

London, Nov. 9.—The Royal Observatory at Greenwich has received notification from Dr. Reinhold, of Copenhagen, of the discovery on October 31 of a new comet in the thirteenth magnitude. It is moving southward near the constellation Aries.

MUSKRATS AT COWICHAN LAKE

Lake Cowichan, Nov. 8.—The Hatchery staff, who have been engaged for the last few days in collecting Spring salmon ova in the Cowichan River at Duncan, have now returned to the lake. A rise in the river has enabled the salmon to negotiate the Skutumpah Falls, and follow up the river to the lake, and the collection of eggs will be continued up here until the run is over.
A consignment of ten muskrats has been received by Mr. G. B. Simpson, game warden for this district. These animals have been liberated in a suitable spot on the Shaw Creek game reserve. It is probable that a further consignment will be liberated in Grant's Lake at a later date. Muskrats increase very rapidly, and there seems to be no reason why they should not do well here, and in the course of time spread over the district and prove of great benefit to trappers.

BANK OFFICIALS ARE IN CUSTODY

Special Crown Prosecutor D. L. McCarthy left the court soon after the trial of the accused until the January assizes, and was not present when defence counsel made their applications to the county judges for a speedy trial. It will be necessary for Mr. Justice Smith to see the other counsel engaged in the case before a high court judge in order that bail may be renewed.
The nine defendants who are in custody at the courthouse are R. P. Ough, S. Casey Wood, J. F. M. Stewart, J. B. Brusell, directors; O. G. Smith, chief accountant; Sidney H. Jones, auditor, and E. A. Calvert, General Manager, all of Toronto; G. A. Barnard and Lieut.-Colonel Clarence Smith, directors, of Montreal.
E. J. Daly, President of the Home Bank, who is the tenth defendant, did not appear in court owing to illness.

TORONTO THIEVES TOOK GOWNS AND FURS WORTH \$12,000

Toronto, Nov. 9.—Burglars smashed their way into two stores in Toronto early this morning, stole about \$12,000 worth of furs, cloths and gowns and made their escape without interference.
A rich haul of \$7,500 worth of fur coats was taken from Dvoretzky Brothers' fur store. The Regent Tailor Store was forced open and \$4,000 worth of dresses, gowns and cloths was taken.

ELDERLY VANCOUVER MAN WAS KILLED ON HIGHWAY

Vancouver, Nov. 9.—One fatal and three non-fatal automobile accidents occurred in the dense fog which descended on Vancouver last night. The fatality occurred on Kingsway, and the body of the victim, who was an elderly man, has not been identified.
The driver of an incoming New Westminster automobile stage, Cheney L. Campbell, is held by police under \$7,500 bail to answer a charge of manslaughter.

A NUGGET DECISION

GOLD FOR GERMAN NATIONALIST EFFORT
Part of Gold Credits Abroad Totaling \$3,000,000,000 Available
Heads of Some German Industries Desire Monarchy Again
Paris, Nov. 9.—German accumulations of gold credits abroad, part of which would be available for financing a nationalist revolution, are estimated by persons in close touch with international banking interests at the equivalent of about \$3,000,000,000. Some of this is on deposit to the credit of the Government, but the greater part is to the credit of the heads of German industries who are more in sympathy with the monarchist movement.
Of the total, \$200,000,000 is in London banks, according to a British official now in Paris, who is in constant touch with the bankers. It is estimated that equal amounts are in the United States, while \$200,000,000 more is divided among depositors in Holland, Switzerland and the Scandinavian countries.

CANADIAN TRADE EXHIBITION IS SEEN IN FRANCE
Paris, Nov. 9.—The Canadian trade exhibition at Tuilleries was inaugurated yesterday by Premier Poincare, who was received by Sir Lomer Gouin.
Premier Poincare inspected the trade exhibits, hearing with interest the explanations given by Senator Beaulieu. He warmly congratulated the organizers of the exhibition.

JUGO-SLAVIA SENDS DEBT MISSION TO UNITED STATES
Belgrade, Nov. 9.—The Government has appointed a commission to go to the United States and discuss Jugoslavia's war debt, which amounts to approximately \$60,000,000 with interest.

U.S. TEAM AHEAD IN INTERNATIONAL MATCH
Had Lead of Two and a Half Points Over Canadian Golfers at Noon
At noon to-day the United States international golf team were leading the Canadian representative team by a margin of 2 1/2 points.
Six holes still making the round of the eighteen holes. The winner of the match will be presented with the Lieutenant-Governor's Cup, emblematic of the championship.

## CANADA'S REVENUE SHOWS INCREASE

Total For Seven Months \$10,000,000 Above Last Year  
Net Debt is Greater Than a Year Ago

Ottawa, Nov. 9 (Canadian Press)—The current revenue of the Dominion for the seven months of the fiscal year ended with October showed an increase of over \$10,000,000 as compared with the corresponding months of the previous year, while expenditures on consolidated fund showed a reduction of \$2,000,000. The net debt of the Dominion at the end of October was \$11,000,000 less than at the end of the previous month, but \$17,000,000 greater than at the end of October, 1922.

The total revenue for the seven months ended with October was \$247,000,000, as compared with \$236,000,000 a year ago. The expenditures on current account up to the end of October this year totaled about \$155,000,000, as compared with \$157,000,000 in 1922. The expenditures on capital account for the seven months of the present year were \$6,500,000, as compared with \$7,000,000 for the similar period in 1922.

### October Revenue

For the month of October the revenue on current account was a little over \$34,000,000, as against a little less than that sum in October, 1922. The expenditures on current account for October last were a little over \$20,000,000, as compared with a little over \$17,000,000 in October, 1922. The expenditures on capital account in October were a little over \$1,000,000, as against a little over \$2,000,000 in October a year ago. The net debt of the Dominion on October 31 stood at \$2,386,524,833, as compared with \$2,398,247,453 at the end of September and \$2,369,759,925 at the end of October, 1922.

## RESOLUTIONS ARE TO BE PUBLISHED

Imperial Conference Came to an End Last Night

London, Nov. 9.—Following the formal ending of the sessions of the Imperial Conference last night, and the last session of the Economic Conference to-day, the official text of the resolutions adopted will be issued next Monday. It may be forecast the resolutions will not indicate any organic change in constitutional relations; in fact, no constitutional proposals of a sweeping nature appear to have been brought forward at all. In matters of foreign policy there is no change in the existing machinery.

As seen from the Canadian point of view, the results of the Imperial Conference were summed up by a member of the Canadian delegation as follows:

1. A much clearer understanding of the Canadian position as to Imperial relations.
2. Recognition of equality and independent initiative in matters peculiar to one part of the Empire coupled with willingness to cooperate in matters of common concern.
3. The clearing up of the present position of the Dominions in respect to making treaties, with the unanimous understanding reached along the lines adopted by the Canadian Government from the Treaty of Versailles to the Hallbut Treaty.
4. Recognition by the Admiralty for the first time of the principle of Dominion navies.
5. Emphasis on the responsibility of each part of the Empire for its own defence.
6. Recognition that it is for the Parliament and people of each part of the Empire to decide on the measure of its own defence preparations.

In the Economic Conference, the chief gains to Canada lie in an increased preference, in the probability that as a result of the conference discussions Canadian shipping traders with Great Britain will be freed from British taxation of profits made here, and further in the probable concessions by the British Government in the administration of the regulations under which Canadian cattle are admitted.

Under the preference proposals, Canada benefits chiefly by the new preferential rates on canned salmon, fresh apples, sugar, tobacco and wines. The last named was added by the British Government yesterday. The proposal is two-fold, namely:

- First, to double the existing preference on wines of more than thirty degrees proof. The duty on such Empire wines is to be two shillings a gallon, compared with six shillings a gallon on foreign wines.
- Second, to increase from thirty to fifty per cent the present tariff of the surtax of twelve shillings six pence per gallon on sparkling wines.

Canada's It is claimed that, under the new preferences, coupled with the existing preferences, Canada will receive on her exports to the British market preferential treatment equal to that of any two of the other Dominions. Canada followed her traditional policy of not demanding preferences. At the same time, on invitation of the British Government, Canada indicated where the first British proposals were not adequate.

Economic Committee Yesterday the Economic Conference adopted a formal resolution, Canada still dissenting, providing for the formation of an Imperial economic committee. The committee under the resolution is to consist of four members from Great Britain, two from each of the Dominions and India and two also representing the Crown Colonies and Protectorates.

### FOUR-YEAR SENTENCE

Prince Rupert, Nov. 9.—Convicted of a murder in the result of the death of J. Hirata, a Japanese named N. Nichida was sentenced to four years' imprisonment by Mr. Justice D. A. McDonald in a case concerning the Prince Rupert Asahi yesterday. Nichida claimed Hirata had been slandering his sister. He stabbed Nichida during a quarrel in a bunkhouse at Buckley Bay.

## HARDING'S WORK IS COMMENDED

Resolution on Washington Conference at Christian Unity Meeting at Buffalo

Buffalo, N.Y., Nov. 9.—With all the Canadian delegates refraining from voting, the Conference on Christian Unity yesterday adopted a resolution praising the late President Harding for "his conference for the limitation of armaments" and Secretary of State Hughes for his work at the conference and expressing confidence in the leadership of President Coolidge.

A sharp debate preceded the adoption of the resolution, which was objected to on grounds that it was not broad enough because of the number of Canadian delegates attending the conference.

## BACK FROM CANADA AS STOWAWAYS

Two Young Britishers Had Come to Work in Prairie Harvest Fields

London, June 8.—(Canadian Press Cable)—An echo of the complaints made by a number of British would-be harvesters on the Canadian prairies this past season was heard in the Bowditch court, where two of the returned young men were charged with having been stowaways on the Cunard liner Antonia. Frederick Wilkinson, a motor mechanic, and Ronald Shaw, both natives of Hull, being the accused.

Counsel for Wilkinson and Shaw stated in court that both young men had been misled by advertisements in a Yorkshire paper regarding harvesters in Canada. Shaw's passage to Canada had been paid by his father, who deposited £10 in behalf of his son in a Winnipeg bank, but Shaw was left stranded in Winnipeg with only a dollar in his pocket. He had found thousands of young men there from Great Britain in the same unfortunate condition, the lawyer said.

### Not Allowed to Work

The officers of the Antonia refused to allow Shaw to work for his passage back to England, hence he concealed himself in the vessel, the lawyer continued.

Shaw's father could have paid the fare easily and instead of throwing the young man into a felon's cell, the company might have proceeded by way of summons under the Merchant Shipping Act, he said. The company's legal representative said he hoped the authorities would take steps to prevent persons being lured to Canada by false promises, which must be known as incapable of being fulfilled.

The magistrate remarked that there was no reason why the shipping company should be victimized. He bound the accused over for twelve months under the Probation Act.

## RICHARD NICOSIA DIED IN NEW YORK

Formerly Director of San Carlo and Other Opera Companies

New York, Nov. 9.—Concluding the final chords of "The Miserer" on a piano in his studio, Richard Nicosia, widely known as an operatic coach and director, was seized with apoplexy and died soon afterward. Mr. Nicosia once was director of the English Aborn Opera Company, the Creator Opera Company and the San Carlo Opera Company. Many singers of the Metropolitan and Chicago Companies were tutored by him.

## TEN-YEAR SENTENCE GIVEN AT VERNON

Vernon, B.C., Nov. 9.—"I only regret that the man who sold you whisky are not here to be sentenced with you," said Mr. Justice Morrison yesterday, in passing sentence of ten years in the penitentiary on Charlie Louie, an Indian, thirty-eight, convicted of manslaughter. An assize jury had found Louie guilty of killing his wife with a jack knife, but added a strong recommendation to mercy because the Indian was under the influence of liquor when the killing took place.

### INSPECTIONS BY FIRE CHIEF URGED

Edmonton, Nov. 9.—Declining to attach blame to any individual in connection with the Montrose Apartment block fire last Sunday, in which four children lost their lives, a coroner's jury last evening brought in a verdict after hearing evidence for three days.

The jury found that the fire was of unknown origin, and that the block was not built according to the code granted by the city. It recommended that the fire chief and fire marshal be instructed to make inspections as provided for by the Fire Prevention Act, and see that their recommendations are carried out. It also commended two citizens, E. J. Thompson and E. J. Hart, for their assistance in saving the lives of some of the occupants.

### GIVEN SUSPENDED SENTENCE

Vernon, B.C., Nov. 9.—Eric Stanley, aged seventeen, who was found guilty of attempted murder, but pleaded guilty of arson, was released on suspended sentence at the end of the trial yesterday. The boy came to Canada from England under the auspices of the Salvation Army, which will hold itself responsible for his conduct during his

At, Per Pair, \$1.50

TAX ON RAILWAYS BROUGHT \$943,557  
Dividend Between Ontario Government, Municipalities and Hospitals  
Toronto, Nov. 9.—Ontario netted \$943,557 from taxation upon railway mileage during the fiscal year just closed. This amount included small sums of arrears.  
Of the total amount, \$266,404 is available for distribution among the various municipalities, \$120,884 on a cash basis and most of the remainder on a basis of ten cents per patient in municipal hospitals. The rest goes to the consolidated revenue fund of the province in accordance with the various deductions provided in the Railway Act.

FREAK EGG ON ONTARIO FARM  
Wilton, Ont., Nov. 9.—Walter Dixon, of Nelson, has a hen which is not satisfied with exceptionally large-sized eggs, but is trying a new stunt. Yesterday she laid an egg which is a freak. Inside the large outer shell, which was very thin and filled with water albumen, floated a second perfect egg with a pasty shell and larger in size than the ordinary hen's egg.  
VERY HIGH TIDE IN NEW BRUNSWICK BAY CAUSED DAMAGE  
Hopewell Hill, N.B., Nov. 9.—Not for years has there been so high or destructive a tide in Shepody Bay as that which prevailed yesterday, when long stretches of dykes were carried away and large areas of marsh flooded.  
Driven by a violent gale from the southwest and influenced by the new moon, the waters rose to unusual heights. The Canadian National Railway line of the Shepody Marsh suffered considerable damage.

BANK THUGS HELD CITIZENS AT BAY  
Ten Bandits Staged Wild West Robbery in Ogden, Kansas  
Ogden, Kan., Nov. 9.—Eight or ten bandits in Wild West fashion held this town of 500 inhabitants at bay for two hours early yesterday while a blast after blast was set off at the door of the vault in the Ogden State Bank.  
Guards stationed outside the bank kept up a heavy fire until their companions inside finally gained access to the vault and looted it. Then, shouting derisively, the bandit gang walked to their two motor cars which had been left on the edge of the city.  
Bank officials estimate the loss is approximately \$24,000.  
Telephone, telegraph and electric light wires were cut by the bandits before the raid.  
No trace of the robbers has been found.

INSPECTIONS BY FIRE CHIEF URGED  
Edmonton, Nov. 9.—Declining to attach blame to any individual in connection with the Montrose Apartment block fire last Sunday, in which four children lost their lives, a coroner's jury last evening brought in a verdict after hearing evidence for three days.  
The jury found that the fire was of unknown origin, and that the block was not built according to the code granted by the city. It recommended that the fire chief and fire marshal be instructed to make inspections as provided for by the Fire Prevention Act, and see that their recommendations are carried out. It also commended two citizens, E. J. Thompson and E. J. Hart, for their assistance in saving the lives of some of the occupants.  
GIVEN SUSPENDED SENTENCE  
Vernon, B.C., Nov. 9.—Eric Stanley, aged seventeen, who was found guilty of attempted murder, but pleaded guilty of arson, was released on suspended sentence at the end of the trial yesterday. The boy came to Canada from England under the auspices of the Salvation Army, which will hold itself responsible for his conduct during his

DAIRY INDUSTRY IN CANADA CHANGES  
Ottawa, Nov. 9. (Canadian Press)—Three important changes have taken place in the dairy industry of Canada in the last two decades, according to a review of Canadian dairying just published by the Dominion Department of Agriculture. These are a decrease in the output

minority. He was employed on a farm at Salmon Arm. Evidence showed that he accidentally wounded his employer's wife, Mrs. T. W. Hall, through the discharge of a shot gun. Convicted that he had killed her, the boy in terror set fire to the ranch house, Mrs. Hall jumped from a window to safety, and later recovered from the gunshot wounds.

of factory cheese, an increase in creamery butter production and an increase in condensed milk products.  
The production of factory cheese has fallen off from 220,823,000 pounds in 1900 to 134,639,000 pounds in 1922, while creamery butter increased from 36,066,000 to 146,563,000 pounds, and the value of condensed milk products rose from \$269,520 to \$6,329,225, all during the same double decade.  
There also have been striking changes in the distribution of the dairy industry throughout the country. The dairy provinces, instead of being importers of butter as previous to 1910, are now exporting this farm product to Eastern Canada and British Columbia markets. With the increase in population in the prairie provinces have come an increase in the number of cows and the establishment of creameries. The number of cows in Manitoba, Saskatchewan and Alberta in 1910 was 427,671, compared with 1,109,388 in 1922. The total quantity of butter pro-

NOT SERIOUS DIVERSIONS

Before the republic finally settles down into something approaching permanent stability Germany will discover that a number of her citizens consider themselves fully capable of leading the country out of the wilderness into which the former Kaiser led it.

A BIG INDUSTRY

The communication of the Associated Amusements of British Columbia to the Provincial Government in support of their petition for a reduction of the amusement tax to five per cent.

FRIENDLY WARNING

If Premier Baldwin is unmoved by the prospect of defeat at a general election on the protection issue his equanimity is obviously not shared by all his followers or even by some influential elements of the Conservative press.

CLEANING UP

Germany has cleaned up \$2,000,000,000 at the expense of foreign speculators in the German mark. But that was merely an incident to her big bill, the wiping out of her domestic debt by the degradation of her currency.

TOMORROW'S TAG DAY

To-morrow's "poppy" tag day will be an assured success before the first coin is dropped into the collecting box. In the first place the Armistice Period Committee has made perfect arrangements and the occasion is one of particular significance.

Note and Comment

It may yet pay the Central Government at Berlin to grab one or two of the old military leaders and put them where they can not get into mischief.

Those people in this Province who have never heard of the Pacific Great Eastern Railway cannot attribute their lack of information to scant references to the line in the Legislature.

In spite of some of the earlier suggestions that the Dominion Premier would be compelled to forego many of the entertainments planned for them they seem to have had quite a good time after "business hours."

In his retiring address as President of the Vancouver Canadian Club Colonel J. S. Tait said that there is an effort afoot to "promote an aggressive spirit of super-nationalism among certain native-born Canadians who would go so far almost as to deny the rights of citizenship to those not born within the confines of the Dominion."

Some Thoughts for To-day

The kings of modern thought are dumb. Matthew Arnold. One thing is forever good; That one thing is Success. Emerson. Society having ordained certain customs, Men are bound to obey the law of society, And conform to its harmless orders. Thackeray.

Our Contemporaries

TOOK TO COVER Calgary Albertans:—The U.F.A. party was elected on a policy of prohibition. At the very first time the policy is attacked the members of the government with one exception take to cover and decline to speak.

THE GLOOM CENTRE Farmers' Advocates:—The centre of gloom in Western Canada bids fair to be transferred from Alberta to Manitoba this year. Alberta's crop will probably be three times that of 1922, while in Manitoba the crop promises somewhere about two-thirds.

CRUELTY ON THE STAGE Manchester Guardian:—Almost any week in our great cities one may see heart-breaking performances by animals in music halls, and the bill which is to limit these is not yet through parliament, and in its latest draft it falls short of the ideal. Anyone who has watched the complacent, unprotesting crowds for whom the animals go through their misery will know what a lot of waking up public opinion still requires.

INSIST ON QUALIFYING Montreal Herald:—Mussolini, the Crownless Premier of Italy, has given a common practice about the same consideration that he did to the constitutionally made government of his country. When the Bologna University wished to get the usual college-degree, he flattered glory by conferring a degree upon him, he figuratively said practically what the great English dictator did. "Remove that bauble." He told them he would take their degree when he had passed an examination and prepared a thesis. What heresy!

START AMUSEMENT CENTRE

To the Editor,—I was glad to see Mr. Reginald Hincks's letter re the Compton Players, but while we are writing letters and deeply regretting that such a talented actor and his company should be leaving our city, why do not some of the many influential citizens of Victoria make it possible for the Compton Players to remain? Cannot the amusement centre we hear so much about be started at once? Victoria is a lovely city, but we are allowing material things to crush out our love of art and literature. ELIZABETH ALLIOTT, 5123 Foul Bay Road.

A STEEL INDUSTRY

To the Editor,—According to published reports in New York of October 31, 1923, U.S. Steel Corporation made a net profit of \$47,028,480 for three months ending September 30 last, in spite of the adoption of the eight-hour day in place of twelve, and yet some people are endeavoring to crush out our love of art and literature. ELIZABETH ALLIOTT, 5123 Foul Bay Road.

The Victoria Chamber of Commerce holds up its hands in terror if any company should dare start an enterprise that will come into competition with long established iron firms who have control of this market for so long. Are the citizens of this Province and the Government to be told how they are to run their business, with whom they shall deal, what business they shall or shall not engage in, when they may start, if ever, by Eastern and foreign steel interests? Citizens of British Columbia, is it not time we were getting out of our swaddling clothes and taking men's places. The above statements should be more particularly emphasized owing to the fact that an intelligent and enlightened element of our Province, viz., the Associated Boards of Trade of Vancouver Island, with of course, the exception of our esteemed Victoria friends, have endorsed this great project after much careful inquiry and consideration. Think it over. JOHN W. COBURN, President Associated Boards of Vancouver Island, Nanaimo, B.C., Nov. 7, 1923.

THE SEWER AGREEMENT

To the Editor:—As one of the delegates of the Saanich Municipal Council last Monday evening requesting the council to postpone the election, I notice reference made that the delegates were asked to have the election deferred until January, and that the delegates were satisfied with the settlement.

I wish in all fairness to correct such an impression. The delegates in no way committed themselves to having another election in January, what they did want was the election postponed until the next year, an opportunity to ascertain all the facts as to any liability Saanich had, or had not, to pay on the northwest sewer. As one of the delegates I pointed out to the council that the electorate of Saanich would never endorse an agreement whereby they had to build sewers in the City of Victoria at Saanich expense, before any connection could be made with any Saanich sewer system.

I further pointed out that the Saanich electorate would not endorse an agreement where the Saanich sewerage would be limited in its quantity entering the Victoria sewers as set out under that agreement in 1919. I also pointed out that provided the contemplated sewer system expected to be installed in Saanich, might run into one or two million dollars before its completion, and that Reeve Watson in reading communications between councils did not read a section where this contemplated Saanich sewer system was subject and had to comply with the local improvement provisions, where the cost of the proposed sewer system area was borne and levied at two-thirds on the sections benefited, and one-third on the whole of Saanich municipality, the farming districts, who would receive no benefit from its installation.

No council has any right to saddle a liability on a municipality without the endorsement of the electorate. Time and again I have in 1922 at public meetings called Reeve Watson's attention to clause ninety-six of the Municipal Act. Yet in the face of the powers limiting councils to the current revenue of the year in which a council is elected, I with many others have time and again heard Reeve Watson declare from the public platform he could incur unlimited obligations. Yet at that council meeting at Royal Oak he said he would not like to be in the boots of those opposing the passage of the 1920 agreement, which he fathered and brought into existence, and which the electors of Saanich a few weeks after its birth slaughtered at the first election it was submitted to them. The electors of Saanich want no favors from Victoria. They are at all times ready to meet Victoria on a fair and equitable agreement, and are not to be intimidated by any chestnut they may have to pay dear for not playing in Victoria's back yard, because they are asked, on demand to fork over \$63,000, a so-called obligation, which the electors of Saanich repudiated by an overwhelming majority at the polls in 1920, the only opportunity they ever had to exercise rights. The Saanich Council had no authority in 1920, outside of submitting their agreement for the approval of the electors of Saanich municipality.

It is now suggested to secure the consent of the Legislature now in session to amend the Municipal Act to make an illegal so-called obligation valid, whose ratifiers were not implicated in its contraction. If the Saanich Council assumes the right of imposing money obligations without the sanction of the ratepayers outside of the current revenue for the year they are elected, it would be reverting to the days of absolute despotism.

In the name of the Saanich Ratepayers' Association I respectfully request that this letter of explanations be published in your columns, so the impression created that the delegates of the Saanich Ratepayers' Association were satisfied to have another election on the 1920 agreement in January is not in accordance with the facts, and not a fair report of what took place. J. M. KELLIE, A delegate from Ward Seven to the Saanich Central Ratepayers' Association to the Saanich Council, Monday, January 6, 1923, 516 George Road West, November 7, 1923, Victoria, B.C.

AT \$11.85 — Fashionable Tuxedo Suits. Heavy Overcoats of shower-proof tweed.

Lots more Overcoats besides the above

## MANSON, BARING FACTS OF DRUG CASE, DENIES PLOT TO OUST POLICE

Echoes of the recent drug trial in this city were heard in the Legislature late yesterday afternoon, when Attorney-General Hon. A. M. Manson rose on a question of privilege and told how he had forced the trial of Mounted Police officers to a conclusion. Mr. Manson referred to an article appearing in The Vancouver Sun last Monday. This, he said, gave the impression that there was a plot afoot to oust the Royal Canadian Mounted Police from this Province, and that Eccles, Smith and Fernandez were victims of a conspiracy.

He denied that any such thing had happened, asserting that he had a very high opinion of the Mounted Police, and criticized The Sun for permitting such apparent propaganda to appear in its columns. The person who gave the reporter the account was no doubt in on a conspiracy himself, said Mr. Manson. He explained that some time ago a report came to Victoria that members of the Mounted Police were en route to Victoria to investigate drug trafficking. Steps were taken to arrest three men and it was stated that the customs officials had notice to go on with the arrest. The report was that the customs officials were not to give evidence and the cases would be withdrawn.

Insisted on Probe  
"I deemed it in the interests of the public to have those charges investigated," continued the Minister. "City Prosecutor Harrison drew my attention to the fact that there was a case. I went into the matter and having a great regard for the Royal Canadian Mounted Police, gave serious consideration to whether or not the charges should be withdrawn. I deemed it proper to proceed and the fact that the customs officials were of certain men might be endangered through action of Chinese drug interests and so I suggested a Royal Commission."

"The matter dragged along and I say so advisedly, and no decision was reached. Then it appeared that the Deputy Minister of Justice did not intend to pay counsel for me. I inquired that I thought a thorough inquiry should be made. I got no answer and then I sent an ultimatum and finally heard through Mr. E. P. Davis, K.C., that my counsel would be paid. He was to act, but I did not think he should act in view of the fact that he had appeared for one of the accused in the police court.

Investigation Justified  
"I wrote Mr. Davis to that effect and went on with the case and it would seem to me we had some warrant for the investigation, considering that Magistrate Jay found the three men guilty as charged. True, there is an appeal pending on a stated case.

The Attorney-General again stated that the Royal Canadian Mounted Police held a high place in the opinion of the country and it was in the best interests of all that the drug charges should be tried. He intended to instruct Mr. Harrison to appear before the commission with all the evidence he had. Mr. Manson concluded with the remark that there certainly was no plot to oust the Mounted Police.

## P.G.E. PROBE WOULD SAVE GOVERNMENT, CONSERVATIVE SAYS

John McRae, Conservative member for Yale, speaking in the Legislature yesterday, urged the Government to hold a thorough investigation into all matters pertaining to the P.G.E. Railway. He said this was the only way the Government could make itself secure. If the Premier and his supporters refused to hold the inquiry the people must conclude that there was something to hide and the Government would be "through."

On the other hand, Mr. McRae assured the House that if the investigation were held and everything was shown to be in order "every Liberal would be returned to power." He said an investigation was the way

to put General A. D. McRae and his third party out of business. He protested against the personal property tax and expressed pleasure that the Government intended bringing down an eight-hour bill which would never regret such a step, he said.

Mr. McRae urged the Government to assist the farmer in finding markets for his produce. He explained that some time ago a report came to Victoria that members of the Mounted Police were en route to Victoria to investigate drug trafficking. Steps were taken to arrest three men and it was stated that the customs officials had notice to go on with the arrest. The report was that the customs officials were not to give evidence and the cases would be withdrawn.

Insisted on Probe  
"I deemed it in the interests of the public to have those charges investigated," continued the Minister. "City Prosecutor Harrison drew my attention to the fact that there was a case. I went into the matter and having a great regard for the Royal Canadian Mounted Police, gave serious consideration to whether or not the charges should be withdrawn. I deemed it proper to proceed and the fact that the customs officials were of certain men might be endangered through action of Chinese drug interests and so I suggested a Royal Commission."

## GOVERNMENT HAS NO P.G.E. PLAN, ESILING CHARGES

No Doubt About Premier's Personal Honesty, Chief Railway Critic Admits

Satisfactory reports on the operations of the Pacific Great Eastern Railway during the last year, under Hon. J. D. MacLean, form the worst indictment on record of the administration of the Government-owned line under Premier Oliver as Minister of Railways, W. K. Esling, Conservative member for Rossland, and chief Conservative railway critic, asserted in the Legislature yesterday when the Opposition renewed its attack on the Government's railway policies.

"During the four years of the Oliver-Buckworth regime, when the Premier was Minister of Railways, operating losses to the end of October, 1922, totaled \$1,308,000," Mr. Esling pointed out. "Then Dr. MacLean announces that last year there was a saving on operating costs of \$250,000, and an increase in revenue of \$50,000."

"You might sweep away all other charges about the management of the P.G.E. in the face of that. You could not find any more direct indictment of the Premier than that one statement by the present Minister of Railways. The Premier lost \$1,308,000 in four years. And then a physician comes in and says \$250,000. It is like so well it is this indictment by the Minister of Railways."

Wants Definite Policy  
Mr. Esling congratulated Dr. MacLean on improvements in the operations of the P.G.E., but attacked him for failing to announce a definite policy on the extension of the road to the north.

Mr. Esling attacked various phases of Mr. Oliver's work as Minister of Railways, declaring that he had failed to secure estimates of work on the railway and had not called for tenders for work costing \$10,000,000.

during the month of September. The expenditures reached \$7,351 for the month, including \$228 for insurance and \$49 for repairs, which should have been distributed over an entire year. Making these allowances, the operating profit reaches over \$5,000. At the end of the month \$13,536 was due from the Trail smelter on shipments. On September 1 the advance balance on operations was \$8,546, while on October 1 it was \$3,556 for the entire period since operations

were resumed. It is practically certain that October operating profit will wipe out the adverse balance and place the company in a better position than it has ever enjoyed. There has been some shortage of water of late, but it is hoped by the management that the new supply from Briggs Creek, contract for which has been let, will be available before suspension of milling operations, which is usual at this time of the year, becomes necessary.

### NEARLY \$60,000 FOR BIBLE

New York, Nov. 9.—A record high price for a Gutenberg Bible, the first book printed from movable type, was paid yesterday when Carl H. Pforzheimer broker and collector of rare manuscripts, bought for slightly less than \$60,000 the copy known as the Mazarin Bible, once included in the library of Cardinal Mazarin.

# DR. THACHER'S GREAT TONIC BRINGS QUICK RELIEF IN NUMEROUS TESTS

### HIS PRESCRIPTION IS GIVING HAPPINESS TO THOUSANDS

### Stubborn Cases of Indigestion, Nervousness, Constipation and Run-Down Health Yield to Celebrated Vegetable Tonic.

With hundreds of persons now telling of their own personal experiences as evidence of relief, there is little wonder that druggists throughout this section report a marked increase in the use of the great vegetable tonic made famous by Dr. H. S. Thacher, distinguished American physician.

DR. H. S. THACHER  
Celebrated American Physician who Proved that Symptoms such as those described in this article can be relieved quickly with purely vegetable ingredients and without the treacherous use of dangerous or habit forming drugs.

Test after test has been made! Reports in more than 500 cases of record indicate that Dr. Thacher's tonic gives quick relief in cases of indigestion, nervousness, constipation and a general run-down condition of the system.

Records of leading druggists show that of every 2000 bottles sold there has been an average of less than two returns. Yet every bottle of Dr. Thacher's Tonic (known as Dr. Thacher's Liver and Blood Syrup) is sold with the understanding that the purchase price will be returned without question unless this tonic gives quick, complete satisfaction.

Following are reports taken at random from the best cases of record. All descriptions are confined to the statements of those who actually used it. Names, addresses and complete information regarding these tests will be furnished those personally interested.

**CHRONIC CONSTIPATION**  
Case 42—Mrs. J. M. Jones, 2108 1/2 St. I moved thoroughly but often enough to keep the system properly cleaned. Frequently suffered from sick headache, indigestion and annoying pains. Dr. Thacher's Liver and Blood Syrup did not pain or grip like harsh cathartics, but induced a pleasant, gentle and thorough movement of the bowels. As the dosage was gradually cut down the patient's bowels continued to move regularly and the patient was soon able to leave off the tonic entirely. I struck the keynote of my troubles. I am never bilious, 'headachy' or 'disy' now. My

**NERVOUSNESS**  
Case 52—Because of her nervous condition this woman was unable to get refreshing sleep or properly digest meals. Food scoured on her stomach, bloated her and did not give her the proper amount of nourishment. Her nerves became so "unstrung" she could do only the lightest kind of housework. From the very first day she began taking a spoonful of Dr. Thacher's Liver and Blood Syrup in a wineglass of water after meals, her appetite increased, digestion improved and she appeared to be getting more nourishment from her meals. Her complexion showed a healthier and more attractive color and she looked much better in every way. "I feel fine," she said. "I can now do my housework and walk to the market without feeling tired. My nerves are steady, my meals are relaxed and my digestion is splendid. I get plenty of sound restful sleep and wake up morning after morning feeling cheerful and full of energy. This splendid tonic did wonders for me."

**TRY THIS TONIC UNDER GUARANTEE**  
Take a tablespoonful of Dr. Thacher's Liver and Blood Syrup after the next few meals. Notice the quick difference in the way you feel, sleep and eat. This vegetable tonic increases strength, energy and vigor. Your money will be returned at once unless you feel complete satisfaction. You are the only judge—and your actions as to its merits in your case will not be questioned.

### Could Dr. Thacher Quickly Help You Feel Fine Again?

Did you ever stop to consider why on certain days you feel well, cheerful and full of pep—and other times when you wake up dull, tired and "headachy"—why people suffer at times from indigestion, constipation, nervousness and the many symptoms of a sluggish liver and acid condition of the stomach and blood? There is a cause! And your trouble CAN BE CORRECTED, often quickly, if you start the right treatment in time. Read the article on the left showing how Dr. Thacher's Tonic has been accomplished in 500 actual tests of record.

bowels invariably move twice every day and I feel so much better."

**NERVOUSNESS**  
Case 52—Because of her nervous condition this woman was unable to get refreshing sleep or properly digest meals. Food scoured on her stomach, bloated her and did not give her the proper amount of nourishment. Her nerves became so "unstrung" she could do only the lightest kind of housework. ## NEWS AND NOTES FROM THE MINES

The Cork  
An operating profit of \$4,989 was made by the Cork-Province mine during September, according to a statement issued by W. H. Burgess, secretary-treasurer of the company, in Vancouver, B.C. The latter says: According to a statement just issued by W. H. Burgess, secretary-treasurer, Cork-Province Mines, Limited, operating on the south fork of Kaslo Creek, nine miles from Kaslo, Sticam district, B.C., an operating profit of \$4,989 was made

Ottawa, Nov. 9.—The output of coal from Canadian mines during August amounted to 1,585,000 short tons, an increase of sixty per cent over the tonnage for the previous months. The output in Nova Scotia increased 87 per cent; Alberta, 98,000 tons; British Columbia, 3,000 tons, and Saskatchewan, 1,000 tons.

IN WOMAN'S DOMAIN

SUCCESSFUL BAZAAR AIDS ST. JOSEPH'S

Substantial Sum Realized by W.A. Yesterday; Attractive Wares
Considerable stimulus was given to the efforts of the Women's Auxiliary at St. Joseph's Hospital through the substantial sum effected by yesterday's successful bazaar. The affair was held in the premises formerly occupied by Dr. Fraser, and throughout the afternoon a throng of eager buyers filled the rooms and congregated around the many attractive stalls.

DISTINGUISHED VISITORS SNAPPED ON PRINCESS ADELAIDE

This interesting photograph shows Dame Clara Butt with Lord and Lady Cranworth, of Suffolk, England, who are visitors in the city for a few days in the course of a pleasure trip. Dame Butt left for Vancouver with her party last evening, en route for the East.

SOCIETY PERSONNEL

Mr. and Mrs. Harry Brien motored down from Duncan yesterday and returned home to-day.
Mr. and Mrs. Wm. Orr and Miss May Orr sailed last night on the Ruth Alexander for California.
Mrs. Jackson, of Beaven Street, accompanied by her daughter, Miss Dorothy Jackson, are leaving for Vancouver to spend the week-end.
Mr. and Mrs. Ray Orr, of Vancouver, who have been guests at the Empress Hotel for a few days, have left on a motor trip up the island.
After spending the summer on a survey party on the Queen Charlotte Islands, Mr. Allan McNally has returned to his home in Victoria.
Mrs. Dan Gordon, of Cumberland, is spending a few days in Victoria, and is the guest of Mr. and Mrs. Frank Sehl, West Street.
Major and Mrs. Selden Humphreys, who have been the guests of Mr. and Mrs. W. F. Brougham in Vancouver for the past week, have returned home to Victoria.
Mr. and Mrs. W. M. Lawrence, accompanied by Mr. Jim Lawrence, left to-day for Vancouver, where for the week-end they will be the guests of their son and daughter-in-law, Dr. and Mrs. Grant Lawrence.
Mrs. Charles Conyers, Wellington Avenue, has as her guest her mother, Mrs. Hasty, who recently arrived by motor from California to visit in Victoria.
Mr. Clifford Edgar, of Brawley, California, arrived by motor in Victoria this week, having come up to attend the wedding of his sister which takes place shortly.
A number of the Up-Island visitors have been in the city for the recitals by Dame Clara Butt and her distinguished party. The Butt party left here last evening for Calgary where their next engagement will be held.
Hon. Jacques Bureau, after leaving Victoria Monday evening, proceeded direct to Salmon Arm and the intention of going South, his itinerary including points in the Okanagan and Boundary districts.
At the home of Mrs. O. M. Brown, Moss Street, on Wednesday evening the young ladies of the "Optimist" Class of the First Baptist Church were hostesses at a shower in honor of Miss Mabelle Edgar. In addition to individual gifts, a handsome hand painted china chocolate set was presented to Miss Edgar from the class. Among those present were Miss Mabelle Edgar, the Misses Grace Gladys and Phyllis Elliott, Olga Hare, Gertrude Thorpe, Beryl Cox, Hazel Clyde, Jessie Pollard, Edith Green and Laura Burbidge.

ROYAL COUPLE TO ACT AS SPONSORS

Duke and Duchess of York to Attend Serbian Christening
London, Nov. 9.—The Duke and Duchess of York will represent the royal family at the wedding of Prince Paul of Serbia and at the christening in Belgrade for the son of the Crown Prince of Yugoslavia.
The Duke and Duchess of York, who are to act as sponsors (Koom and Koomitza) to the infant Prince, will take the leading part in the ceremony of Orthodox baptism. The Koom, with the Koomitza standing beside him, presents the child to the officiating priest in this case the Patriarch of Serbia, and holds a richly decorated wax candle while the immersion takes place. He also recites the Creed, and after the bestowal of the name, receives his godson again into his arms until the end of the service.
The usual gift of the Koom is a gold coin, and that of the Koomitza a suit of clothes. The parents give to the Koom a set of hand-embroidered underwear, and to the Koomitza a dress length of hand-woven tissue. A special fabric of white silk, interwoven with a gold thread, is being prepared for the Duchess of York.

ST. COLUMBA BAZAAR

Presbyterian Church to Have Many Novel Features at Dec. 9 Sale
The Ladies' Aid Society of St. Columba Presbyterian Church, Okanagan, arranged to hold their Christmas bazaar and sale of work in the Sunday Schoolroom on Wednesday, December 5. The choir have volunteered to assist the ladies by providing the candy booth and also help collect articles for other booths. The Young People's Society have been asked to provide an Aunt Sally and arrange the decorations. Mrs. M. G. Moore is general convener, and the following ladies are in charge of the different departments. Plain sewing, Mrs. A. W. Elliot; novelties, Mrs. Rachel Meadows; handkerchiefs, Miss Gardner; baby articles, Mrs. A. C. Gillling; orange tree, Mrs. Agar; home cooking and tea, Miss Small and Mrs. Forrest. There will be a beautifully decorated doll table, as well as many other attractive features.

SHAKESPEAREAN RECITAL

Tickets for the Shakespearean recital announced by Victoria College for Tuesday, November 13, can be obtained from students of the college and at Terry's, Fort Street. Miss Canna will give an illustrated address entitled "Some Studies in Shakespeare," and Francis Compton will recite from those plays. The entertainment, which will be held in the ballroom of Alexandra House, will begin at 8.30 p.m.

FAMOUS SINGERS LEAVE

Dame Clara Butt and the assisting artists went a tumultuous reception at their final concert at the Capitol Theatre last evening. One of the most impressive numbers on the programme was Elgar's "Land of Hope and Glory," sung by Dame Butt with the orchestral accompaniment. The distinguished musicians left last night for Vancouver from where they will travel East in their private car, "Superb." Yesterday afternoon a delegation from the Royal Society of St. George called on the party at the Empress Hotel, when Mrs. T. K. Leach, on behalf of the society, presented Dame Butt with a bouquet of red and white carnations.

Y.W.C.A. SALE OF WORK

All is bustle and activity at the Y.W.C.A. headquarters to-day, where the various booths, etc., for the sale of work to be held to-morrow afternoon are in course of erection. A peep into boxes containing the articles to be offered for sale disclosed some wonderful creations of the needle. The members of the committees in charge of the affair are most enthusiastic, and hope for great success to crown their efforts for this most worthy cause, viz. the starting of a Summer camp for girls. Mrs. Schofield will open the bazaar promptly at 3 o'clock.

YOUR HOME AND YOU

Overdoing the Favorite Dish
She was a very young wife and mother—so young that she and her baby daughter both wore their hair bobbed and everyone looked astonished that she should have a baby at all. She was a very young cook, too, and hadn't yet got beyond the point where half of her culinary experiments turned out to be woeful failures.
She certainly could make wonderful queen of puddings, though her youthful husband snatched his lips over it the first time she made it, and declared it the finest dish he had ever eaten. She grew pink with pride, and had it again two days later. He was enthusiastic about it again, and made almost as much as she could. He had the first time, not quite so much fuss, you know, but nearly as much. She had it again at the end of the week. This time he merely said:
"Ah, queen of puddings to-night."
When she served the dish again a few days later he said nothing at all. He ate it heartily, and even scraped the last bit from his dessert glass—but he said nothing at all. The very young cook gazed at him long and silently, and her eyelids narrowed wisely. It was three weeks or more before queen of puddings

Grandmother to be Influence of Future

Toronto, Nov. 9.—Miss Julia Lathrop, founder and administrator of the Children's Bureau of the United States, and who has been named as one of the twelve greatest women of her country, speaking here at a luncheon given in her honor by the Toronto League of Women Voters said: "Sometimes when I look into the future, I think that the great influence then will be the grandmother." Continuing, she spoke of the women and the vote in the United States, and explained that there were 25,000,000 voting women. When this new, inexperienced and politically ignorant body was given the vote and became the women electorate, an emergency institution came into being, namely, the League of Women Voters, a national organization which had decided that the first problem before them was one of education, and study classes in colleges and universities had been instituted for that purpose, and had become of enormous importance.

Copies of the petitions to the Premier, regarding the acquiring of part of the Cameron Lake timber, and the passing of a bill for the preservation of scenic and historical features throughout the Province are at the DeCo-Art Studio, Fort and Government Streets. Representatives of women's organizations are requested to call and sign them as soon as possible.

### ROBBED AND JABBED WITH BUTCHER KNIFE

#### Chinese Girl Sentenced to Two Months' Jail Term For Theft of \$30

The adventures of Tong Fat raised the city police to-day to a pitch of excitement, unusual in recent times. Tong Fat told the court that he was grappled from behind and that, while he sought to retain a gold watch and chain, a roll of bills was forcibly removed from his pocket. The witness blamed Tong Shee, an elderly Chinese woman for the incident. When he protested, said Tong Fat, he was dug in the back with the point of a six-inch butcher's knife, and ejected.

Tong Shee, audibly incensed with the complaint for his share in the proceedings, stated that the roll of bills referred to, \$30, was her own. Taking the stand Chief Fry told of being called in to settle the dispute. He found the butcher's knife, and between \$100 and \$200 in gold, silver and notes in various caches around the house. He found one roll of \$30 which answered to the general description of that lost by the complainant.

The court imposed a two months' term on Tong Shee. The \$30 would be returned to Tong Fat, and the remainder of the money to the accused. L. C. Mills appeared for the accused, who faces a charge in the juvenile court, where she will be accompanied by Tong Fat, jointly charged with acts likely to contribute to juvenile delinquency.

### RED PEPPER FOR RHEUMATIC PAIN

Red Pepper Rub takes the "ouch" from sore, stiff, aching joints. It cannot hurt you, and it certainly stops that old rheumatism torture at once.

When you are suffering so you can hardly get around, just try Red Pepper Rub and you will have the quickest relief known. Nothing has such concentrated, penetrating heat as red peppers. Just as soon as you apply Red Pepper Rub you will feel the tingling heat. In three minutes it warms the sore spot through and through. Pain and soreness are gone. Ask any good druggist for a jar of Rowles Red Pepper Rub. Be sure to get the genuine, with the name Rowles on each package. (Adv.)

### NEWS IN BRIEF

A meeting of the Victoria branch of the Prohibition Association will be held at the Y.W.C.A. to-night at 8 o'clock.

To-morrow will be the last day for the exhibition of water colors by Patton Winter at Fletcher Bros. store on Douglas Street.

The card party which was to have been held to-night under the auspices of the Craigflower Parent-Teacher Association has been postponed until next Friday evening.

The Oak Bay Liberal-Conservative Association will meet this evening at St. Mary's Hall, Oak Bay, to elect officers for the ensuing year. Hon. W. J. Bowser, K.C., leader of the Opposition, will speak. H. W. R. Moore will preside.

The Liberal-Conservative Association of Ward Two will meet in the rooms of the association, Campbell Building, this evening. Election of officers will be the main business of the evening. Joshua Hinchcliffe, M.P., and Mayor Gus Lyons will speak.

Those willing to help sell poppies on Saturday, Armistice Day, will please call at room five, Surrey Block, to-day, or any time Saturday. It is hoped that many will volunteer for this good cause, as all the money raised will go towards comforts for the boys in hospital.

Breaking plate glass in a window fronting Yates Street thieves last night made an entry into the premises of The Commonwealth, a clothing store at 508 Yates Street. A hand and half rack was taken, the back being found later at the corner of Broad and Yates Streets. The police were notified.

The regular monthly meeting of the Toimie Parent-Teacher Association was held on Wednesday night in the Toimie School. The association decided to enter a protest at the forthcoming Central Parent-Teacher Association against the closing of Saanich schools on June 15 to allow the children of Saanich to pick berries.

Under the auspices of the Women's Educational Club, Mrs. Mary Ellen Smith, M.P.E., will deliver a lecture on her recent trip to England in Centennial Church, Friday evening at 8.15. This is Mrs. Smith's first public appearance since her return from abroad. A splendid musical programme has been arranged by the committee in charge.

At the get together social held last evening at the Surrey Block, a very pleasant time was spent by members of the "Futuristic Veterans" Association and their friends. The following artists performed: Mr. and Mrs. Ingledew, E. Impett, G. Porter and T. Abbott and Miss Davis, Wilkinson and Duncan. The evening was concluded by dancing, music being furnished by Mr. Briggs.

An excellent programme marked the annual reunion of the Victoria West Brotherhood, held this week in the hall of the Victoria West School. The program featured the "Burial of the Unknown Soldier" and "Jack Cornwell, V.C. in commemoration of Armistice Day. The presentation was made by Mrs. Curtis Sampson, municipal regent, and Mrs. R. W. Sayer, regent of the chapter, and other members were present at the interesting little ceremony.

An interested audience listened with appreciation to the address on "Life and Death in Ancient Egypt" given by M. Alexander Moret, the famous Egyptologist, under the auspices of the Alliance Francaise last evening. The speaker explained in detail the ancient and mysterious surroundings the burial rites in Egypt and the doctrine of immortality. The president, Mrs. O. M. Jones, introduced the speaker and Mme. Sanderson-Moquin, moved the vote of thanks.

Due to congestion caused by extended liquor trials in the city, police court to-day with illegal possession of two willow grouse in closed season. W. Hughes was fined \$20. The accused admitted the offence, though he claimed it was necessary to save them from decomposition. The bottling of the evidence was a little unusual, held the court, but ordered the bottled solely to be sent to the Home for the Aged and Infirm.

This afternoon at 2.15 the Valentine Harvey Deaconson, Honorary Chaplain presented to Victoria West school copies of the two pictures "The Burial of the Unknown Soldier" and "Jack Cornwell, V.C. in commemoration of Armistice Day. The presentation was made by Mrs. Curtis Sampson, municipal regent, and Mrs. R. W. Sayer, regent of the chapter, and other members were present at the interesting little ceremony.

### WANT OFFICIAL TO ADMINISTER REAL ESTATE ACT

#### Agents Protest at Operations of Unlicensed Salesmen Suggested Several Changes on Succession Duties

Following charges of lax administration of the Real Estate Agents Licensing Act, members of the Victoria Real Estate Agents Exchange at their quarterly meeting yesterday decided to make strong representations to the Provincial Government that an official be placed in charge of the administration of the Act, suggesting the name of J. A. Dougherty, provincial superintendent of insurance.

Legislation along this line is sought during the present session of the Legislature, together with legislation on succession duties, which were also discussed at the meeting.

Regarding succession duties strenuous criticism was levelled at the present law. It was stated that many property owners in Victoria were in ignorance of the fact that on their death their property was liable to revert to the Crown because of the fact that owners were not notified when cautions were registered by the Provincial authorities at the land office. Recommendations were submitted along the following lines:

"That in future any certificate of title issued by virtue of transmission should have clearly endorsed upon it the subject of the proposed succession duty (if such is the case), so that this liability can be discovered by simply searching in Land Registry office.

"That in cases where cautions have been lodged the amount due to the Government be apportioned proportionately among the several proprietors so that it is possible for owners to clear them individually.

"That the equity of a mortgage be respected by the Government to the extent that a Government writ for succession duty, income tax or anything else shall only have priority to the mortgage when and to the extent that the indebtedness is directly connected with the mortgage's security."

During the discussion on the Licensing Act criticism was voiced against unlicensed agents doing business. It was suggested that a bill be introduced securing a license it was claimed the Real Estate Agents' License Act might as well be annulled. The Real Estate Agents' Association, however, were not securing the protection to which they were entitled. It was extremely desirable, speakers said, that agents should be licensed, as well as licensed, and it should be made illegal for any agent who was not licensed to sue for a commission. A clause in the Act against unlicensed agents was also mentioned, necessary to curtail the operations of fly by night agents and curbstone, and to raise the tone of the real estate profession.

Reduction of fees to the following basis was called for: \$10 for cities of a population of 25,000 and over; \$5 for cities of a population of 5,000 and over; \$2.50 for cities of a population of under 5,000.

### ACQUITTAL MEETS LIQUOR CHARGES

#### Unroborated Evidence of Spoor Constables Not Sufficient, Says Court

The acquittal of Allan Ferguson in the city police court to-day, charged with illegal sale of liquor to two special constables in the recent liquor raids, was received with murmurs of approbation from the rear of the court-room. Some spectators started to clap, but they were silenced by a call to order.

In a brief oral judgment Magistrate Jay ruled that while he did not wish to discredit the evidence given by Special Constables E. A. Killip and William Harrison, employed by the Liquor Control Board, at the same time he did not feel it safe to convict on such testimony without corroboration. However, little the term might be liked, the special constables were filling the role of stool pigeons and their testimony was not corroborated by independent witnesses. Allan Ferguson was thereupon freed. R. C. Lowe appeared for the defence.

The acquittal of the case marks the second of the series of liquor raids operated by the city police recently. The first trial, concerning other accused, resulted in a conviction and the imposition of a fine on other accused. Judgment is pending in the third hearing, that of charges against John Ferguson and William Harrison. Apparently only six cases concerning other and separate accused have yet to be heard.

### MOOSE LODGE WILL HOLD CHURCH PARADE

Sunday next being Armistice Day, the Loyal Order of Moose, Victoria Lodge 396, together with the women of Moosehead Legion and the Junior Order of Moose, will attend church service at 10.30 a.m. at the Moosehead Church. The parade will leave the Hudson's Bay building at 10.30 a.m. promptly, and headed by the Moosehead Legion, will proceed by Douglas Street and Gorge Road to the church. Rev. Clem Davies will preach on "Fraternality."

Those who do not take part in the parade are asked to be in their seats by 10.45 a.m.

Two minutes period of silence will be observed. It is anticipated that there will be a record attendance.

### U.S.-BRITISH FRIENDSHIP FOR PEACE OF WORLD

#### Lieut.-Col. Robertson British American League Speaker

A bond of friendship between Great Britain and the United States was forged during the war which it was essential should be maintained for the future prosperity and peace of a war-torn universe, Lieut.-Col. E. A. Robertson told members of the British American League in an address on diplomatic relations between the two countries during the war, at a luncheon meeting at Spencer's dining room this afternoon. The friendship previously established and strengthened during the war, he advocated as something which they should do their best to strengthen.

During his address the speaker spoke in the highest terms of praise of the efforts of the late Walter H. Page, the American Ambassador at that time. He described him as one of the greatest statesmen of his time. His health broke down under the great strain and he was just as much a casualty of the Great War as a soldier who lost his life on the battlefields.

He criticized the acts of President Wilson and some of his associates during the war but said there were thousands in the United States whose friendship to Great Britain was true and with other leaders there would have been a very different situation. The commencement of the war broke out, adopted an attitude of neutrality, which was what Britain had hoped for, but the strange attitude of the United States, who were the United States, were urged to be neutral at heart. Great Britain did not resent the neutrality, but it did resent the implication that she was equally to blame.

In spite of President Wilson's plea there were thousands of American citizens who while they maintained their stand of neutrality, did not stifle their feelings. Among them was Walter H. Page, the American Ambassador at that time, who would never know how much they owed to Mr. Page for his work during the war. He and Sir Edward Grey jointly smoothed matters over many occasions when a rupture was threatened. Mr. Page recognized that Germany was in the wrong and Great Britain was justified.

The speaker referred to the Declaration of London, the document drawn up setting forth rules on blockades and neutral rights, which was never accepted by the United States. Sir Edward Grey had threatened. Sir Edward Grey had threatened a rupture was threatened. Mr. Page recognized that Germany was in the wrong and Great Britain was justified.

### APATHY THREATENS LEAFY MEMORIAL

#### Future of Memorial Avenue is in Jeopardy; Character of Buildings Criticized

The future of Memorial Avenue is in jeopardy, unless the municipalities agree to support the project through their councils recommending to the incoming councils to place adequate funds in the estimates, the scheme will collapse.

The Memorial Avenue committee, headed by Brigadier-General R. Clark, learned this in the course of a full discussion of the subject by the Victoria-Saanich beaches and parks committee this morning.

General Clark, after presenting a memorandum on the matter, which had expressed the hope that the joint committee would undertake the work, stated that the apathy of people who should regard the memorial as a sacred duty was most discouraging to the committee.

Defence Committee

Alderman Todd pointed out to the deputation that it was not creditable to the citizens to have a memorial in honor of the memorial. He did not agree with the aldermen that the joint committee had been negligent, because from the start the committee had been in the habit of full discussion of the subject by the Victoria-Saanich beaches and parks committee this morning.

#### Hospital Board Asks C.P.R. and Hudson's Bay Company to Aid

When E. W. Beatty, K.C., president of the Canadian Pacific Railway, was in the city in September, a committee composed of the following directors, George McGregor, Charles Williams, James Forman and D. J. Angus, waited on Mr. Beatty and asked him for support for the Jubilee Hospital building fund.

Now that the time has arrived, a telegram on the subject was forwarded to-day to Mr. Beatty. He asked the C.P.R. to start the fund with a substantial contribution. In view of the fact that Mr. Beatty is director of the company in Montreal, sympathetic response is expected.

The Hudson's Bay Company will also be appealed to in view of the fact that a committee made similar representations to Sir Augustus Nanton, chairman of the Canadian board of the company on the same occasion. Sir Augustus came to the city with Mr. Beatty's party.

The campaign details for the hospital are proceeding satisfactorily, and when the A list canvass begins on Monday encouraging response is anticipated.

### NEW LAMP BURNS 94% AIR

#### Beats Electric or Gas

A new oil lamp that gives an amazingly brilliant, soft, white light, even better than gas or electricity, has been tested by the U. S. Government and 25 leading universities and found to be superior to 10 ordinary oil lamps. It burns without odor, smoke, noise, soot, or soot, and is simple, clean, safe. Burns 94% air and 6% common kerosene (coal oil).

The inventor, G. A. Johnson, 579 McDermot Avenue, Winnipeg, is offering to send a lamp on 10 days' FREE trial, or even to give one FREE to the first user in each locality who will help him introduce it. Write him to-day for full particulars. Also ask him to explain how you can get the agency, and without experience or money make \$250 to \$500 per month.

Royal City Gopher Is Crowned First Champ Of Senior Golf Body

L. A. Lewis With Total of 157 For 36 Holes Wins Championship With Three Strokes to Spare Over J. E. Wilson, Victoria, and T. S. Lippy, of Seattle; Lippy Set Record For Association, Making Round Yesterday in 77; Champion Is Well-Known Athlete

New Westminster has gathered in its first golf honor. For half a century the Royal City has been a factor in the athletic life of this Province, but this is the first time that it has sprung into the golfing limelight.

Yesterday afternoon one of its honored citizens, L. A. Lewis, was crowned champion of the Senior Northwest Golfers Association. He won the title after two days of spectacular play. On Wednesday he completed the first eighteen holes of the championship in seventy-eight, which was looked upon as a marvelous performance, and yesterday he proceeded to give the veterans another eye-filling when he stroked over the second eighteen holes in seventy-nine. This gave him a total of 157 for the thirty-six holes, a most splendid exhibition for a man who is fifty-nine years of age.

Mr. Lewis won with three strokes to spare. Tied for second place were J. E. Wilson, of Victoria, and T. S. Lippy, of Seattle, each with 160. Mr. Wilson has an 80 for each round, while Mr. Lippy took an 83 on Wednesday but over the rough with a record-breaking 77 yesterday.

Outstanding Performance Mr. Lippy's performance was one of the outstanding features of the tournament. He eclipsed by one stroke the round of Mr. Lewis on Wednesday. Although he was five strokes down on Mr. Lewis when he teed off yesterday morning, Mr. Lippy was determined to win the championship for the United States. He played well and only once was in trouble. He required a seven at the thirteenth, but came right back and got three on the next two holes. He made eleven of the holes in par.

His card was as follows: Out ..... 445545434-38 In ..... 354733464-39

Mr. Lewis, the first champion of the association, is well known in Victoria. Old-timers will recall the noted athlete of that city who played lacrosse here in the early twenties. Not only was Mr. Lewis one of the smartest stick-handlers the Royal City ever turned out, but he started on the track on the football field and in tennis. Now that he has passed the age for participation in these more aggressive games, Mr. Lewis has turned his attention to golf and is making just as great a success of it as he did of all the other games which he took up.

Mr. Lewis's second round yesterday was as follows: Out ..... 553654334-38 In ..... 555633454-41

The threat of the Class "A" golfers to carry off the championship failed when their standard-bearer, R. W. Gibson, of Victoria, could do no better than repeat with an 84 yesterday, which gave him a total of 168 for the two rounds, pretty smooth for a man who is not far from his seventieth birthday. Mr. Gibson finished up in fifth place. Those who completed the two rounds in better than 80 were as follows: L. A. Lewis, New Westminster, 157; J. Wilson, Victoria, and T. S. Lippy, Seattle, 160; J. Collins, Seattle, 166; W. Wilson, Victoria, 168; J. Sobey, Seattle, 169; F. Van Tyle, Seattle, 171; J. A. Sayward, Victoria, and A. S. Kerry, Seattle, 172; J. R. Waghorn, Vancouver, 174; A. C. Flumerfelt, Victoria, and A. W. Tidmarsh, Seattle, 175; A. Schofield, Seattle, 176; O. J. West, Seattle, 178; J. Canvan, Victoria, and C. S. Birch, Vancouver, 179.

Only One Prize Each Owing to the fact that no golfer was allowed to win more than one prize the committee had to go to some trouble to pick out the winner in some of the classes. Mr. Lewis, for instance, was entitled to three prizes but owing to the ruling could only take the championship.

J. E. Wilson won the runner-up's prize and T. S. Lippy, who was tied with Mr. Wilson, took the best net prize with 132. Other prizes were as follows: Best net in A class, A. C. Flumerfelt, Victoria, 132.

Best net in B class, Dr. Garech, Victoria, 135.

Best net in C class, J. Sobey, Seattle, 133.

Best net for first 18, Josiah Collins, 80.

Best net for first 18, Judge Lampman, 87.

There was a tie between four players for the best gross for the second 18, and a tie between two players for the best net. Announcement of these prize winners will be made officially to-day.

Table with 4 columns: Name, 1st, 2nd, Total. Lists golfers and their scores.

GOOD, CLEAN MILLWOOD Lewis is Winner London, Nov. 8.—Ted "Kid" Lewis, writer-champion of England, last night defeated Fred Archer, on points, in a twenty-round contest.

Wests to Oppose Esquimalt With a Weakened Team

Peden and Wale on Injured List; Stillwell Will Play Back; Other Games

Only two First Division games are on to-morrow's soccer card owing to the fact that the Moose have had their match postponed. On account of several of their players being on the injured list the lodgemen find it impossible to field a team against the Sons of England whom they were scheduled to play.

However, the two games that are down for decision will be exceptionally close and should provide plenty of good football. The league-leading Wests will meet the fast traveling Esquimalt team and there should be plenty of excitement. Since their victory over the Veterans last Saturday the suburban boys are quite confident that they will be able to trim the green-shirts. This is quite a hard task, however, but if they are successful they will have the honor of handing the green-shirts their first defeat of the season.

Wests Get One, Lose Two The Wests will have a new face on their team to-morrow. Stillwell will be playing full-back along with Sid Sherratt and from the latest rumors this new man is quite a flash. This man will be his first appearance in this city but he has played in Vancouver.

Tommy Peden, the star centre forward of the Wests, and "Shorty" Wale, the snappy half-back, are still both on the injured list and will not be able to appear in a uniform to-morrow. The other match will be played at Beacon Hill between the two tall-end teams, the Wards and the Navy. One of these elevens is at last going to get a mark in the win column. The Navy has been defeated five times, while the Wards have been trounced thrice.

The draw for to-morrow is as follows: First Division Wests vs. Esquimalt, at Royal Athletic Park, Referee, Lock. Wards vs. Navy, at Beacon Hill. Referee, Robbins. Veterans a bye.

Junior Division Oaklands vs. Saanich Thistles, at Central Park, Referee, Oliver. Victoria Wests vs. High School, at Victoria West Park, Referee, W. Cull.

Junior matches start at 2.30 p.m. The teams will be as follows: Victoria Wests—Shandley, Stillwell and S. Sherratt; Baker, Thomas and Popham; J. Sherratt, Mulcahy, Youson, Muir and Waddington. Esquimalt—Nichol, J. Watt and Carmichael; Mesher, Jones and Bendall; Stewart, J. Watt, Warren and Frampton.

OUR MAIL BAG

A Rugby Matter To the Sports Editor—In reply to T. M. Miller's open letter in your paper of Tuesday, a referee of the league has written me, condemning the referees of the senior rugby games. I think the readers of your paper would appreciate a few words in their defence. Gordon Cameron is without a doubt a splendid referee but refereeing intermediate games is a decidedly different matter from the senior games. Mr. Miller should know, as he was out to see both games. The intermediates are all young boys learning the game and as such a referee has to be lenient. They need all their energy to play the game and would rather win on their merits than by their wits, whereas some of the older and more experienced players apparently try to rattle the referee, making his job anything but pleasant, and it is certainly a most difficult matter to lay down the law to men who want to both play the game and referee to suit themselves at the same time.

It is only when some players who seem to think that if the referee blows his whistle for an infringement on their side that it is a personal matter and they will handle it for themselves. I trust all players of rugby will consider this a timely warning and help the referee out, otherwise it will be but a matter of time before the referee give up their own time to further the game of rugby and I think they are to be commended for this kind of criticism. Referees and players would be well advised to acquaint themselves with the rules before condemning the referee's decision. As a spectator and player of rugby I have repeatedly seen fans show surprise at a decision which was absolutely correct. They do not hesitate to "tell the world" what a rotten referee the official is, whereas they may not know anything about the game at all.

Mr. Miller might be well advised to attend the Rugby Union meeting and see the championship of the Pacific Coast where it can be properly staged, he stated amid loud applause from the rest of the American players. "Victoria is the home of golf on the coast and for many years the best players on the coast were to be found here. Victoria started and organized the Senior Northwest Golfers' Association, and although given very short notice put on the first championship in a most commendable manner. The weather has been wonderful, we could not have found better anywhere and the hospitality has been great. We wish to pay tribute to Victoria by asking that the next championship be staged here."

Other speakers arose and expressed the same sentiments and under the avalanche the Victorians captured and agreed to stage the next championship. At a subsequent meeting of the tournament committee, it was decided that the championship of the Pacific Coast would be held at the links of the Colwood Golf and Country Club, although no date was set it is expected to be held in February.

The Pas Dog Race Will Be Held Late Next February

The Pas, Man., Nov. 8.—The dog derby, the classic of the American continent, will be run again, it was decided at a meeting of the Derby Association, which was held at the Pas, last night. The date has not been announced, but will likely be in the latter part of February. Dr. R. D. Orok was re-elected president of the association. Frank Burns, of Toronto, donor of the cup which was won outright by Charles Morgan last year, was elected a life patron.

STAR GOALIE WHO WILL REJOIN COUGARS

HEC FOWLER popular goaltender who has decided to come to the coast again and guard the nets for Victoria this winter in race for Coast championship. Hec is due to arrive here to-morrow.

Seniors Insisted That City Stage Tournament

Honor Is Conferred Upon Victoria By Senior Golfers' Association, Who State That Victoria Is Best Place on Coast for Championship; Tournament Next Year Will Be Held at Colwood Golf Club; Re-elect Officers

Victoria is to be the scene of the 1924 tournament of the Senior Northwest Golfers' Association.

Although the first championship was awarded to this city and has just been completed at the Victoria Golf Club, the members of the association actually insisted at the annual meeting held yesterday afternoon that the second tournament be awarded to Victoria.

At the outset the Victoria members took exception to the attitude of the outsiders, explaining that they thought it would be in the best interests of the association to have the championship held in a different city each year. It would also give the Victorians a chance to make a visit to a neighboring town each year, they contended.

There were plenty of speakers who opposed this action. The American representative, wished to make it clear that it was not with the intention of shirking responsibility on their part or that they would not like to let the tournament in any of their cities, but they stated that Victoria was the only place where it could be staged properly.

A Strong Advocate Josiah Collins of Seattle, vice-president of the association, strongly advocated that Victoria again be granted the championship. "Victoria is the only place on the Pacific Coast where it can be properly staged," he stated amid loud applause from the rest of the American players. "Victoria is the home of golf on the coast and for many years the best players on the coast were to be found here. Victoria started and organized the Senior Northwest Golfers' Association, and although given very short notice put on the first championship in a most commendable manner. The weather has been wonderful, we could not have found better anywhere and the hospitality has been great. We wish to pay tribute to Victoria by asking that the next championship be staged here."

Other speakers arose and expressed the same sentiments and under the avalanche the Victorians captured and agreed to stage the next championship. At a subsequent meeting of the tournament committee, it was decided that the championship of the Pacific Coast would be held at the links of the Colwood Golf and Country Club, although no date was set it is expected to be held in February.

Rep Rugby Team Looks Forward to Keen Battle

Capitals Tackle 'Varsity in Vancouver To-morrow in McKechnie Cup Series

"I think we have a good chance to pull off a win. The team looks to be very strong and if we don't make the grade 'Varsity will know that they have been in a battle."

So thinks Boss Johnson, captain of the Victoria rep rugby squad, which leaves on to-night's boat for Vancouver to play in the first McKechnie Cup game of the season. The Capitals will stack up against the 'Varsity fifteen, which has won the trophy for the past three years. The Capitals will be very strong for the game, but it is expected that before the rep game is played the team will be bolstered considerably as new material is coming along which will be ripe for the higher company by that time.

Tackle Low, Boys The Capitals are taking over a very heavy, powerful scrum which moves rapidly. The backs are all good and at the openings they made they should fly through for a score. As long as the boys remember to tackle low, the fleet 'Varsity men will be bothered considerably as a tendency on the part of the Capitals in past games to try and get their man around the neck.

The team will be as follows: Full-back—Boss Johnson; captain (J.B.A.A.). Three-quarters—Totty and Munsey (J.B.A.A.), Taylor (Garrison) and Bendat (J.B.A.A.). Five-eighths—Adams (Wanderers), Half-backs—Goodacre and Parker (Wanderers). Forwards—Colman and Gregg (Wanderers), Pendry (Garrison), Oland (Navy), Money (Wanderers), E. Brynolfson and W. Brynolfson (J.B.A.A.), Reserves—Travis and McLean (J.B.A.A.) and Wengert (Garrison).

The team held its final work-out last night at the Forest show building and proved to be in excellent shape for the game.

One exhibition senior game and one intermediate game will be played to-morrow. The civilian and service players in the senior league have picked teams and will meet at the Cranmore Road grounds at 3 o'clock. The service team will be as follows: Marsh, Russell, Ward, Freeman, Robertson, Bell, Lewis, Blis, Winger, McDougall, Little, Crump, Barnes and Hall; reserves, Bryson and Weir.

The only intermediate League rugby game is played to-morrow between the J.B.A.A. and the Oak Bay Wanderers at Oak Bay at 3 o'clock. The game between the Normal School and the Brentwood College, which is scheduled for to-morrow, has been postponed until the middle of the week, as most of the players of these teams will be away for their Thanksgiving holidays.

The game at Oak Bay is bound to be very fast as both teams have been training through the week. The Oak Bay Wanderers are now at the head of the league but each captain of the Bays to-morrow, both teams will be on an equal footing with a total of five points each. If the Wanderers come out the victors they will be in the lead with a good chance for the championship.

The Bays are putting on a strong team in an effort to administer the first defeat to the league leaders. The intermediate players are playing a fine class of rugby this year, the teams are very keen, the play is fast, and it is to the credit of all that no rough work takes place. The referee became so hard and furious last week that a number of players are still on the injured list and each captain hopes to have his regular players out for to-morrow's game. Gordon Campbell will referee.

The Oak Bay Wanderers will line up as follows: Fullback, Graham, three-quarters, Grubb, Estabrook, Goodacre, Walls; halfbacks, Wenman, Miller; forwards, Mathewson, Devereux, Cooper, Hays, Bowker, Beck. Officers: Honorary president, Wenman; H. Greaves, Holt.

WITH THE BOWLERS

At the bowling alleys last night the Colonist played four men and took the low score of their opponents, defeated the Pressman by ninety-nine pins, winning both games. Hawkins, for the Colonist, made high score of the evening with 350 pins. The scores follow: The Colonist

BATTLE TO DRAW San Pedro, Cal., Nov. 8.—Frankie Grandetta, of Portland, Ore., and "Jockey" Joe Dillon, of New York, fought a fast draw in the main event of the fight card staged at the chief petty officers' club here last night. In the semi-final, Sammy Santos, 128 pounder, from San Diego, kayoed Paeky McMillan, of Los Angeles, in the fourth round.

Hockey Players Put Through Their Paces

Two Workouts Yesterday Put Edge on Players; Clem Loughlin and Frederickson Joined Cougars at Last Night's Practice and Both Were In Great Form; "Yannigans" Win Game, Speck Shooting Three of Their Goals

Close to 300 hockey fans and skaters watched the Cougars work out last night at the local ice palace. It was the second workout of the day. Two teams, the "Yannigans," captained by Frank Frederickson, and the "Nannigans," captained by Lester Patrick, were picked up and put through a hard game which proved close and exciting. Frank Frederickson showed some remarkable bursts of speed and was responsible for three of his team's goals. Lester Patrick, in goal for the Nannigans, made some great stops and continually drew applause from the gallery. His team, however, came out at the short end of a five to three score.

Bill Speck, the flashy wing player who came from Calgary, performed for the first time yesterday and proved to be a very neat hockey player, who packs a wicked shot. He demonstrated his skill by making openings by sagging the hem for the "Nannigans" three times. Trihey, Speck and Harry Meeking played great combination on the forward line, and had the Yannigans defence continually guessing. Clem Loughlin and Slim Halderman made some great end to end rushes and kept Lester continuously worried.

Jimmy Gibson and Hart worked well with Frederickson in the forward line of the "Yannigans," and were continually bombarding the opposing goalie. Gibson had the fans on their toes several times by his flashy playing and back checking. He certainly carries a wicked shot, and the Nannigans will be asked of another forward line that can always hit the mark.

The team line up as follows: Nannigans—Lester Patrick, Gordon Meeking, Thompson, Harry Meeking, Trihey and Speck. Yannigans—Vic Gravin, Clem Loughlin, Slim Halderman, Frederickson, Gibson, Hart and Dieldal.

Calgary, Alta., Nov. 8.—What Calgary hockey fans believe will be the greatest aggregation of puckchases that ever represented this city will leave here Saturday for Winnipeg, where they work out in preparation for 1923-24 campaign. Eddie Oatman, former captain of the Victoria Cougars, will be in charge of the Tigers, and in the party will be Charlie Reid, Herb Gardner, Marvin Dugan, Foster Martin, Ernie Anderson, Johnny Louks and Bernie Morris. Louks played for Calgary's junior team last winter and is making his debut in professional ranks. Morris has been with Seattle for years. The Tigers will be augmented upon their arrival in Winnipeg with Crawford, Benson and Galt. The Bengals (tribe) will undoubtedly meet with a warm reception in Manitoba, as six of the players had their hockey tuition in Winnipeg.

Seattle, Nov. 8.—Gordon McFarlane, obtained by the Seattle Hockey Club, of the Pacific Coast Hockey Association, from Calgary in a trade for Bernie Morris, reported here yesterday. McFarlane is a right hand shot and will fit into the Seattle team like a regular, it was said. "Smoky" Harris, who was scheduled to arrive last Monday, was also in Seattle. He will probably arrive and report for practice to-day. Winnipeg, Nov. 8.—The Ottawa Senators, world's professional hockey champions, will participate in a four-team tournament commencing here tomorrow night, according to arrangements made by the city. The opening match will be between Edmonton and Calgary. On November 19 Regina and Ottawa will play. The Ottawa Senators and Calgary will play their second game on November 22, and Ottawa and Regina will complete their series on November 24. A sudden death game on November 28 between the winners on total goals of each two-game series will wind up the tournament.

Winnipeg, Nov. 8.—The Edmonton Eskimos, Western Canada Hockey League champions, have had three good games on the Amphi-theatre rink and are gradually getting into shape for the Winter's campaign. Ever since the Edmonton players are present with the exception of Arbour and Winkler, who are expected in a day or two, when serious training will be started and the athletes will be asked to work out twice a day. Harry Oliver, of the Calgary Tigers, is also working out with the Eskimos. The Calgary and Regina teams are expected along early in the week to start training, which will be wound up with a series starting November 11.

Victoria "High" Scores a Hockey Win Over Oak Bay

The Victoria High School girls opened their girls' hockey season yesterday when they clashed with the Oak Bay High School in the first game for the Thompson cup. The Victoria girls were successful in their attack, scoring two goals to nil. From the start the Oak Bay girls pressed hard, and Gwen Noel, the Victoria goalie, was called in to save some fast shots, but she proved unbeatable, and the play shifted to the other end of the field. The winners then secured their first goal when as the result of a complete rush Minnie Briggs slipped the ball past the opposing goalie for the first tally of the game.

At the commencement of the second half the Victoria forwards defeated the play into their opponent's territory, and fought hard to obtain another goal, but the Oak Bay defence proved sound, and kept their opponents at a safe distance. However, as the result of a melee in front of the Oak Bay goal-mouth Mabel Harris shot the ball into the goal for the High's second and last goal. The teams were as follows: Victoria High School—Gwen Noel, Gladys Marchant, Margaret Harris, Marjorie Campbell, Ruby Cobbett, Iola Worthington, Hilda Stray, Mabel Harris, Minnie Briggs, Mary Cassidy and D. Basset. Oak Bay High School—B. Payne, M. Brynolfson, R. Hayman, D. Thomas, M. McConan, H. Ferguson, E. Clark, F. Whitney, B. Schofield, A. Payne and D. Rines.

RUGBY PLAYER DIES

Boston, Mass., Nov. 9.—Leonard P. Stearns, twenty-two, a tackle on the University of New Hampshire football team, died at a hospital here yesterday from injuries received in a game with the Lowell football team at Durham, N.H., Saturday. Stearns was prominent in the victory of his team by 47 to 0.

NATIONAL LEAGUE MEETS

New York, Nov. 9.—J. A. Heyliger, president of the National League, today issued a call for a meeting of the club owners to be held in Chicago on December 10. This session will be preceded by a meeting of the board of directors.

Miss Sayward Again Chosen to Lead the Ladies of Colwood

The annual general meeting of the Ladies Associate Members of the Colwood Golf and Country Club was held yesterday evening at the Sprout-Shaw school. In reviewing the activities of the past year, the captain, Miss Sayward, showed that an unusual amount of work had been done in the way of club matches and inter-club matches; but the chief work during the year had been the furnishing of the new clubhouse, which was undertaken by the ladies' committee. The following officers were elected for the ensuing year: Captain, Miss Sayward; secretary, Mrs. Wainwright; Miss Mara, Mrs. Campbell and Miss Noonan.

The captain's prizes for the American tournament were presented at the close of the meeting, Mrs. Abel being the winner in this competition and Mrs. Morton the runner-up. A hearty vote of thanks was tendered the captain for her untiring efforts during the past year and for the excellent manner in which she had discharged her duties. A vote of thanks was also tendered the various officers.

## ACROSS THE BAY

Barrow reveals cost of Sumas scheme; work nearly complete.  
No criminal responsibility in Steel crash, Manson says.  
Burde insists beer sold in B.C. is unhealthy.  
Timbermen ask royalty reduction; fear crippling of industry.  
Mackenzie considers himself insulted; was called Conservative.

Full facts of the Sumas Reclamation Scheme, showing the amount of money spent so far on the project, have been laid before the legislature by E. D. Barrow, Minister of Agriculture.

Cost of the scheme up to the end of September, Mr. Barrow says, has been \$2,738,079.05, divided as follows: Main contract, \$1,490,524.30; Sumas River Dam, concrete foundation, power-house, sluiceways, etc., \$837,660.88; machinery, \$118,190.27; McGillivray Creek and Wilson Creek Dam, pump-house, equipment, motors, etc., \$47,069.97; power-line, \$21,994.48; Special Force Account, including emergency work, loss on temporary dam, 1922 and other special work ordered by Engineer, \$90,063.31; right-of-way purchase, \$56,267.48; fencing, \$13,495.81; engineering—previous to contract \$42,571.57, during project \$79,319.55; maintenance and Vedder River clearing, \$30,087.28; miscellaneous, \$5,793.89; administration Commission, \$11,601.24; new Commission, \$7,322.71; interest, \$85,915.87; total, \$2,738,079.05. Moneys held back on contract and Sumas Dam included above, \$50,968.54.

Work has been substantially completed except for a portion of the lake canal, Mr. Barrow says. The remaining expense will depend upon an engineering survey now in process. He adds that no estimate cost of the scheme per acre was given to the Sumas farmers. The first estimate of the cost of dykes, canals and ditches, he states, amounted to \$1,500,000, but this did not include the estimate for the main dam and pumping plant, the cost of which could not be determined until later.

**No Criminal Responsibility**  
Attorney-General A. M. Manson has informed R. H. Pooley, Conservative member for Esquimalt, that the victims of the L. R. Steel Company's crash brought their case before the legal department and had asked for an investigation as to whether the company had complied with the laws of British Columbia and as to any criminal responsibility of the directors and officials of the company.

Mr. Pooley asked if the Attorney-General intended to proceed with an investigation. The answer was: "The company complied with the laws of British Columbia and no criminal responsibility has been divided."

The Minister of Railways has informed the member for Rosland that the November salary of A. E. Buckworth, former Deputy Minister of Railways, had not been paid, and in accepting Mr. Buckworth's resignation it was not agreed that the Department was to pay him salary for November. The question if it were correct that Mr. Buckworth had left for Mexico he received the answer that there was no official knowledge in the Department.

**Burde and Beer**  
Major R. J. Burde, Independent member for Alberni, is not worried by the brewers' challenge to him to prove that beer sold in British Columbia contains arsenic. Major Burde told the Legislature yesterday of a Victoria citizen who asserted that he had been ill in bed for two weeks following the consumption of beer sold here. Major Burde said he understood that the Attorney-General's Department intended to analyze British Columbia beer to find out just what it does contain.

**Ask Royalty Cut**  
Urging the Government to reduce timber royalties, a delegation representing the Timber Industries Council, and headed by W. McNeill, managing director, interviewed Hon. T. D. Pattullo, Minister of Lands, yesterday. Unless royalties were cut down from the present fixed assessment, the industry would be badly crippled, the lumbermen said.

Mr. Pattullo said no statement could be made regarding the Government's attitude, but the matter would receive further consideration.

**Young Member Annoyed**  
Ian Mackenzie, Liberal member for Vancouver, rose from his seat in the Legislature yesterday and admitted that he was annoyed. He said that "The Colonist had described him as the Conservative member for Vancouver and had added the further damaging statement that he had attended a 'whist drive of Conservatives in Victoria and distributed prizes."

"The matter is serious enough, Mr. Speaker," Mr. Mackenzie protested when roars of laughter greeted his complaint. "This morning I met with rebuffs from my friends on the Government side of the House and with warm greetings from the Conservative side."

**Organize Committee**  
J. A. Buckham, Liberal member for Columbia and Government whip, has been elected chairman of the Public Accounts Committee, a position which he has held for some years.

H. F. Kergin, Liberal member for Atlin, is secretary of the committee.

**New Fire Rules**  
An Act to amend the Official Guardians' Act has been introduced by Attorney-General Manson. Provision will be made in this Act to pay three per cent. interest on infants' estates which are administered by the Government. In the past no interest has been paid.

A second bill brought down last evening amends the Fire Marshals' Act. Hon. J. D. MacLean explained that a decision was given last year by Judge Howay curtailing the powers of the Fire Marshal in condemning old and rotten buildings. The Act will also provide for an appeal from the county judge on questions of law but not on questions of fact.

**Tells of Brankin's Speech**  
In answer to a question asked by Mr. Bower, Hon. J. D. MacLean states that D. B. Brankin, superintendent of the Industrial and Sub-normal Boys' School, addressed a meeting of the Children's Aid Society on November 7th. Mr. Bower wanted to know if it was the custom for civil servants to be allowed to address public meetings of a political nature.

The Minister stated that Mr. Brankin had been asked to speak to a Nanaimo audience on the Children's Aid Society work. Later he accepted the invitation of the Rotary Club of the Children's Aid Society, the meeting being set for the same evening that a meeting was to be addressed by Mr. Sloan. Those in charge of Mr. Brankin's meeting suggested that as they could not get two large audiences in one evening, Mr. Brankin should deliver his address at the large meeting. This was done.

The Minister said it was not the practice to permit civil servants to address political meetings.

**Cattle Figures**  
To date the Department of Agriculture has supplied 1,312 head of cattle to cattle clubs throughout the Province, their value being \$96,100. Hon. E. D. Barrow, Minister of Agriculture, informs the House.

Agricultural imports from foreign countries into this Province for the past few years were valued at 1918, \$2,455,000; 1919, \$4,314,000; 1920, \$7,123,000; 1921, \$5,640,000; 1922, \$4,173,000.

Agricultural imports from other provinces amounted to 1918, \$18,480,000; 1919, \$18,590,000; 1920, \$18,902,000; 1921, \$15,329,000; 1922, \$12,970,000.

## P.G.E. PROBE WILL GO TO BOTTOM OF EVERY CHARGE AND EVERY DOLLAR SPENT

(Continued from page 1)

"6th November, 1923. Messrs. Price, Waterhouse & Company, Chartered Accountants, Bank of Nova Scotia Bldg., Vancouver, B. C.

"Dear Sirs: I am in receipt of your letter of the 2nd instant and the terms outlined therein are satisfactory, it being understood that you will make a full and complete audit of all transactions between the Pacific Great Eastern Railway Company and the Northern Construction Company in connection with the contract entered into September 28th, 1918, and amendments and additions thereto.

"In carrying out this audit it is desired that you shall probe to the bottom each and every disbursement made by the Railway Company to the Northern Construction Company; that all vouchers bear evidence of having been examined and certified to by responsible officials of the Railway Company, and that there be incorporated in your report a statement showing all moneys paid to the Construction Company in this connection.

"I hand you herewith a copy of Pamphlet No. 5 issued by the Provincial Party of British Columbia which contains a number of charges reflecting on the manner in which this contract was carried out by officials of the Pacific Great Eastern Railway Company and you will find marked thereon pages 4 to 46 a number of paragraphs, 54 in all, in regard to which it is desired you should give special attention in carrying out the audit with a view to its being ascertained whether or not the charges contained in this special section, or in any other portion of Pamphlet No. 5 are founded on fact.

"Start Audit November 8  
"It is understood that you will commence this audit on the morning of Thursday, the 8th instant, which will be convenient to the Railway Department.

"All vouchers pertaining to the contract in question are in the custody of Mr. D. M. Campbell, Chief Clerk of the Railways Department, who has ascertained whether or not the charges contained in this special section, or in any other portion of Pamphlet No. 5 are founded on fact.

"Yours truly,  
"J. D. MACLEAN,  
"Minister of Railways."  
Give Esling Full Opportunity  
The Directors of the P.G.E.—Dr. MacLean, Hon. A. M. Manson and Hon. John Hart—passed a resolution yesterday granting Mr. Esling the right to investigate railway finances with the assistance of an accountant, the Premier revealed in his statement to the House this afternoon.

The Directors' resolution reads as follows: "Whereas the Member of the Legislature for Rosland has, by notice of motion, in the Legislative Assembly, intimated a desire to examine, in company with an accountant, the monthly estimates of the Northern Construction Co. in connection with the construction of the Pacific Great Eastern Railway.

"And whereas it is desirable that all reasonable facilities be given to the said Member so to do.

"And whereas the Directors have already ordered a complete audit of the accounts of the Railway as between the said Railway and the Northern Construction Co., Ltd., by Price, Waterhouse & Co., Chartered Accountants.

"Therefore be it resolved, that the said Member be permitted, accompanied by a Chartered Accountant, to examine the said monthly estimates and all the accounts of the Northern Construction Co. with the Pacific Great Eastern Railway; provided, however, that the said examination shall not interfere with, hinder or delay the completion of the said audit by Price, Waterhouse & Co., now in progress, which it is desired to have completed at the earliest possible date, so that the same may be laid before the Legislative Assembly; and

"Further, that a copy of this resolution be sent to the said Member for Rosland."

**FIVE WERE KILLED WHEN BOILER IN SHIP EXPLODED**  
Kingston, Jamaica, Nov. 9.—The fourth engineer and four colored stokers were killed and four other members of the crew injured, three seriously, by the explosion of a boiler of the Jamaica Fruit and Shipping Company's steamship Princess May, en route from Port Antonio to New York.

# AT THE THEATRES

## Charles Jones Here in New Columbia Hit

One of the cleanest, strongest and speediest stories of the screen year has turned up at the Columbia Theatre, where "Skid Proof," Charles Jones' latest William Fox starring feature, started a three-day engagement yesterday. Not only does the story contain many unique threads, but it entwines these threads about the main idea in a most natural and charming manner. The transcontinental auto race, for the supremacy of the world, is the pivot of the story. The scenes begin with the shot which starts the competing auto-racers. No boring introduction here.

You are seemingly projected right into the hot excitement of the race just as the picture opens. Then the tide carries you further, higher. Two airplanes, the first without cognizance of the presence of the second, are introduced. One of the racing machines, far below, stops suddenly. The driver had been bribed. The owner of the halted machine occupies the first air yacht. In the second is the briber of the auto pilot. The first descends to discharge the treacherous driver. The betrayed owner of the ill-fated entrant of this famous race finds a young man-

Jack Darwin. Darwin is an expert automobilist. He has remarkable ability to drive racing cars. Hired to finish the race given up by the first faithful pilot, Darwin does so and loses.

Later, when Jack Darwin meets the beautiful Nadine, the movie actress, for whom he falls as flat as a pancake at first sight, his flirtship is howlingly funny.

Later, when Jack Darwin, Earl Metcalf and other admired screen-players support Charles Jones. Both photography and settings uphold the standard raised by the story and cast.

## Farewell Week at Playhouse Attracts Appreciative Crowds

The farewell week of Francis Compton and his popular company, presenting "The School for Scandal," is attracting large houses to the Playhouse. This magnificent play, one of the world's great literary works, is proving that plays that are really worth while can still find a great many people who are ready and anxious to patronize them. "The School for Scandal" is so excellently mounted and costumed by Mr. Compton, and so delightfully acted by him

and his company that it is altogether one of the most brilliant productions ever seen in Victoria. It reflects the greatest credit on Mr. Compton that he has had the pluck and enterprise to attempt to produce a play of the magnitude and importance of "The School for Scandal," and that he has been able to register with it the greatest success of his seasons here. The advance bookings this week are in excess of those of any previous week, and early reservations are advised.

## Canadian Starts "Why Worry" Club Under Harold Lloyd

Are you troubled with landlortitis, almonia, olophobia, or any other malady that is turning your dimples into wrinkles?

Are you wearing the scowl that won't come off and are you a disbeliever that the voice with the smile wins?

If so, you probably will not be interested in the formation of the "Why Worry Club of North America," which has just been formed in New York, according to advices received in Victoria to-day.

Harold Lloyd has been named president of this extraordinary organization and has wired his acceptance of the post to O. G. Clonkey, of Toronto, Can., who instituted the club.

The precepts of the organization as set forth in their incorporation papers are as follows:

The seal of the club is the common variety used on every document that looks official or otherwise.

The emblem of the club is a smile that won't come off.

The motto of the club is "Never put off until to-morrow what can be extended for sixty days."

Members who are in the undertaking business shall be known as "dumb men."

Club members will not express their opinions, but will send them by parcel post.

There are five essentials of a happy home. The first is a good cook and the other four are money.

The song "Yes, We Have No Bananas" is not the official hymn.

If all men are born equal, how is it that some manage to get on the police force?

If you cast your bread upon the water, it will either come back to you or obstruct the navigation.

A doctor's bill is the hardest thing the patient has to swallow.

The members shall be known to each other as "dumbells" or "dumb" for short.

In the event of fire, flood, earthquakes, volcanoes, tidal waves, or trying to get the telephone operator the member shall smile and say "Why Worry" incidentally, Lloyd's comedy, "Why Worry" is now playing its second week at the Dominion Theatre here.

## Theatre Crowded Again For Butt

Another enthusiastically demonstrative house greeted Dame Clara Butt and Kennerly Rumbold at their final concert here at the Capitol Theatre last night. Every seat in the house was sold.

The programme of this year's Clara Butt tour had the addition of W. H. Squire, cellist, who gave five numbers last night, including Poppers' "Papillon" and Samartini's "Old Italian Love Song."

Ivor Newton was encored for his piano recital numbers. The remarkably fine toned piano used during the evening was a concert grand of the Old Firm of Heintzman & Co., Ltd.

## Big Fight Films Shown Next Week at Columbia Theatre

First local showing of the Dempsey-Firpo fight, which took place at New York September 12, will be offered as the feature screen attraction next week at the Columbia Theatre.

In view of the tremendous interest evinced in the big fight, in which Dempsey proved the victor over the "Bull of the Pampas" in a furious and grilling scrap, it is expected that crowded houses will witness the depiction of the great fight when the film is shown here during the coming week.

The Dempsey-Firpo fight picture will be screened on Monday, Tuesday and Wednesday at the Columbia here.

## Musical Profession Pays Remarkable Tribute to Dupre

Some of the most remarkable tributes ever paid a virtuoso have been paid to Marcel Dupre, the famous Notre Dame organist.

His own associates in the profession have called him "the greatest living organist," and the New York Globe remarked, after his New York debut last season, "Dupre is undoubtedly a serious competitor for this lofty honor." The American Organist, an eminent professional magazine, said: "Dupre is a genius for whom it is almost impossible to find sufficient praise." The Diapason, the official organ of the National Association of Organists, reported: "Dupre was magnificent, and his success instant and impressive. The effect of his recital was overwhelming."

During his brief visit to America last season Dupre was the guest of honor at some fourteen public and private luncheons, dinners and functions during the space of five weeks. Never, so it is said, has an organ virtuoso been the recipient of such a general tribute from members of his own profession. Local organists and lovers of organ music are on tiptoe to hear Dupre when he plays here at the St. Andrew's Cathedral on Sunday, November 18. Admission to this recital, which commences at 8 o'clock, will be by ticket, now on sale at Fletcher Bros. and up to Saturday.

 WORK WHILE YOU SLEEP

who makes love to a beautiful woman and at the same time remains true to his real sweetheart?—and who, despite all these things, still remains a hero?

This is the entirely different sort of hero that Richard Barthelmess is introducing on the screen at the Royal Theatre next week, in his adaptation of Charles Abbott's "The Bright Shawl," the John S. Robertson production, adapted from Joseph Hergesheimer's gripping romance "Cuba in the Days Before It overthrew the yoke of Spanish tyranny."

Barthelmess, if all reports are to be believed, is a mighty convincing and realistic hero at the same time. Also a very much beloved one.

And as the young American who has thrown himself on the side of the Cuban rebels, he is mightily admired for his tremendous courage and audacity even by the officers of the Spanish crown, despite the fact that he is a beautiful Spanish dancer—to gain valuable information for the rebels.

Fight? He crosses swords with the expert swordsmen in Cuban fights until he drops from utter exhaustion, and is so greatly respected by his enemy that his life is saved by a photograph. "The Bright Shawl," presented by Inspiration Pictures Inc. through Associated First National Pictures, will eclipse the popularity of any story achieved in magazine and book.

## Superannuation Fund Increases

Detailed figures showing how money has been spent under the British Columbia Government's Superannuation Scheme, were laid before the Legislature by Hon. J. D. MacLean, Provincial Secretary.

He showed that cash in the treasury under the Superannuation Act amounted to \$525,932.29 in April, 1923. A year previously the fund amounted to \$260,458.14. This amount was increased by contributions by government employees to the amount of \$120,372.81, and by employers to the amount of \$120,372.81. Other contributions, including loans made by the Government, brought the total up to \$525,932.29.

On March 31, 1923, thirty-four superannuation allowances, granted under the Superannuation Act, were paid to the amount of \$173,594.97. The superannuation allowance account had a credit balance of \$12,741.13 or \$8,879.16 in excess of the liabilities in connection with the allowances outstanding.

During the year a number of employees left the service, either by death, resignation or dismissal. Returns of the amounts standing at their credit in the fund were made, totaling \$188,888.88.

In his arrival report, Civil Service Commissioner W. H. MacInnes makes an interesting comparison between the present value of those allowances amounting to \$173,594.97. The superannuation allowance account had a credit balance of \$12,741.13 or \$8,879.16 in excess of the liabilities in connection with the allowances outstanding.

During the year a number of employees left the service, either by death, resignation or dismissal. Returns of the amounts standing at their credit in the fund were made, totaling \$188,888.88.

In his arrival report, Civil Service Commissioner W. H. MacInnes makes an interesting comparison between the present value of those allowances amounting to \$173,594.97. The superannuation allowance account had a credit balance of \$12,741.13 or \$8,879.16 in excess of the liabilities in connection with the allowances outstanding.

## New Plan For Pensioning Government Employees Shows Good Results

Detailed figures showing how money has been spent under the British Columbia Government's Superannuation Scheme, were laid before the Legislature by Hon. J. D. MacLean, Provincial Secretary.

He showed that cash in the treasury under the Superannuation Act amounted to \$525,932.29 in April, 1923. A year previously the fund amounted to \$260,458.14. This amount was increased by contributions by government employees to the amount of \$120,372.81, and by employers to the amount of \$120,372.81. Other contributions, including loans made by the Government, brought the total up to \$525,932.29.

On March 31, 1923, thirty-four superannuation allowances, granted under the Superannuation Act, were paid to the amount of \$173,594.97. The superannuation allowance account had a credit balance of \$12,741.13 or \$8,879.16 in excess of the liabilities in connection with the allowances outstanding.

**BIG ENTRY LIST FOR POTATO SHOW**  
 More Exhibits in Every Class Than at Previous Provincial Show

Ottawa, Nov. 8.—That the chief menace to forests is the destruction of young growth by fire and that the only method of remedying the situation is through public education and the imposition of heavy penalties for setting fires was the statement of Mr. MacLachlin, a prominent lumberman of the Ottawa Valley, before the Royal Commission on Pulpwood here yesterday.

Questioned as to what he thought of the most valuable lumber in Canada, Mr. MacLachlin declared that owing to the large amount of pulp it yielded, and to its comparatively rapid growth, spruce was, in his estimation, the more valuable to-day.

Forestry Association

The educational work of the Canadian Forestry Association was outlined yesterday morning before the commission by Robson Black, its manager. Mr. Black said the aim of the association was to organize public opinion in favor of better protection of forests. Nine-tenths of forest fires were the result of human carelessness. It was intelligent interest in the value and beauty of trees. This was done by means of public lectures, newspaper publicity and motion pictures. In addition to which the association held a travelling forest exhibit this year. The public were shown forest products and given talks on forestry. Literature was also distributed.

## SAYS TOP OF ANTY B.C. PEOPLE WORK OVER EIGHT HOURS A DAY

## Many Labor Fifteen Hours, Neelands Shows; Minimum Wage For Boys

Over 34,000 people in British Columbia are working more than forty-eight hours a week, or eight hours a day, R. H. Neelands, Labor member for South Vancouver, informed the Legislature yesterday, when he urged the introduction of an eight-hour day into industry, action to end unemployment, and a minimum wage for boys.

Mr. Neelands, speaking from the report of the Department of Labor to show that 8,000 people in British Columbia work nine hours a day; 10,700 work ten hours; 331 work twelve hours; 456 work fourteen hours; 546 work fifteen hours a day; one man works ninety-one hours a week; one ninety-four and one 104 hours a week.

"The test of any economic system must be, 'Does it better the goods?' Mr. Neelands declared. "Does it give the people a good world to live in? When we look about us we see the amount of misery, want and suffering, how on the one hand we have a large portion of the people working hard under unhealthy conditions and for low wages and a great number who would work but are unable to procure it; and on the other hand some living in idleness and so rich that they are at a loss to devise ways and means of spending their ill-gotten wealth, we cannot but say that capitalism has failed to give the people a good world to live in. Not only has capitalism failed to provide a decent standard of living for those in work, but is responsible for war and all its attendant evils as well as for the number of workers being out of employment."

**Change Social Order**

"Our mission," he asserted, "is to devote our energies towards bringing about a change in the social order which will make this world a better place in which to live by eliminating a condition where with some are in endless suffering while others are rolling in luxury."

The Government, Mr. Neelands charged, has failed utterly to deal with unemployment. "At every turn we have found how inadequately the Government has met the situation," he said. "After a long period of huck-passing, he declared, the Government offered nothing better than doles and so-called 'relief work.'"

"Now is the time for the Government to take such steps as will protect the workers against sickness and unemployment as well as injury," he declared.

**Work or Maintenance**

He regretted that the Government had announced no plans for caring for unemployment. "Work or adequate maintenance is the demand labor makes upon the Government," he said. "We will continue to press for its full acceptance by the Government may be in power so long as this evil remains to torment workers and their families."

Mr. Neelands blamed the Shipping Federation for the fact that the Vancouver longshoremen's strike had not been settled.

"Should it not be much better," he asked, "that we should be approaching the whole question in a more intelligent manner if some effort were made to return the natural increase of our population as well as the immigrants voluntarily come to this land?" he asked in referring to Canada's efforts to secure new immigrants. He quoted census figures to show that Canada not only failed to hold the immigrants who entered this country in the last ten years, but also lost 244,000 of the natural increase.

Mr. Neelands advocated a minimum wage for boys. He declared that many unscrupulous employers were employing boys to do the work ordinarily done by women so as to avoid the women's minimum wage law.

**Frequent washing chaps your hands**  
 Housework makes frequent washing necessary—keep your hands smooth and white with this healing preparation

**YOU** can have smooth, white hands—level to touch and look at—no matter how much you use them at household tasks.

Every time you wash your hands, apply Jergens Lotion, a clouded, silvery liquid, deliciously fragrant, which soothes and softens your skin the moment you apply it.—Why? Because it contains two of the most healing skin restoratives known—benzoin and almond.

Benzoin has been used in medicine from time immemorial for its wonderful effect in healing the skin. Almond oil and white oil. Use Jergens Lotion whenever you wash your hands or face. It is instantly absorbed—leaves not a trace of stickiness. 50 cents in any drug store or toilet goods counter. Or send for large quantities from The Andrew Jergens Co., Limited, 173 Sherbrooke St., Perth, Ont.

# THE TIMES DAILY PICTURE PAGE

**ENGLAND-GERMANY.**—Chancellor Stresemann (left) of Germany is shown talking with the noted English labor leader, H. D. Morel. Photo was taken in Berlin, where Morel went to discuss labor difficulties of Europe.

**FIRST PICTURE OF RACE—BLUENOSE WINS FIRST!**—The Canadian Bluenose won from America's Columbia in the first race for the Fisherman's Trophy off Halifax. Photo shows an exciting moment during the race, with Bluenose leading. Note the aeroplane in the sky.

**TRAGEDY BEHIND SMILE.**—One wouldn't think she had a care in the world. Yet now this winsome lass is facing trial on a manslaughter charge in Seattle. She's Winnifred Gibbons, 19-year-old divorcee, who, police declare, fired the shot that killed Harry Laclede, an advertising man. She fired, the authorities say, into a crowd of men on a roadhouse porch when none answered her pleas for aid in repairing her car.

**HON. A. K. MACLEAN** has been appointed president of the Exchequer Court, succeeding the late Sir Walter Cassels.

**AMAZING!**—Inoculation against smallpox is nothing new. Why, it was common in 300 B.C., according to Dr. G. W. McCoy, director of the hygienic laboratory of the United States Public Health Service.

**PALS.**—The kids and the pups came into their own in Cincinnati the other day. Hundreds of them took part in the boys' dog parade. And here we behold the winners of the first prize—7-year-old Howard Harding and his dog, "Rags." Judges said they were typical of the American youngster and his canine pal.

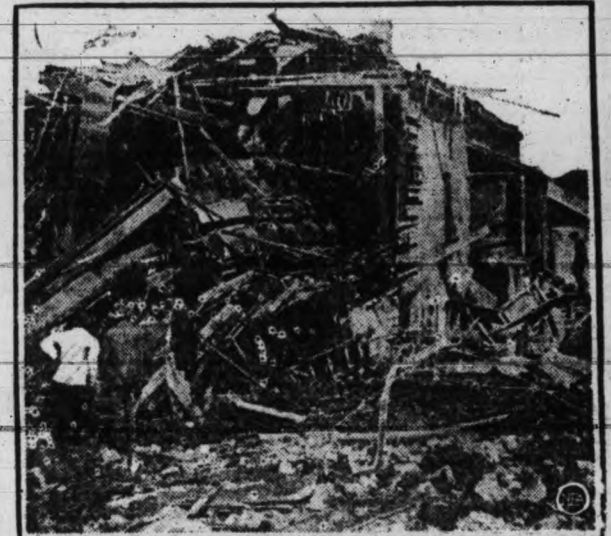

**AND NOW THEY WALK ON WATER.**—Strolling across San Francisco Bay! Sounds incredible, to be sure. Yet D. F. Sheldon (left), of Ventura, Calif., and Rev. W. W. Reilly, of Weatherville, Calif., are doing it here. Walking tandem in water skis, invented by Sheldon's brother, A. N. Sheldon, Ventura rancher, the two men made the trip from shore to shore. Now they're getting ready to hike across the English Channel.

**THE END.**—The famous Washington Elm in Cambridge, Mass., under which George Washington took the oath to command the American army, has fallen. Photo shows it across a high tension wire. The tree will be chopped up, and a piece given each state.

**PROTECT HEALTH OF THE WORLD.**—Seven health officers of the Health Division of the League of Nations recently arrived on this continent and now are in Boston to study conditions there. Left to right, back row: Dr. Eugene R. Kelley, Commissioner of Massachusetts Health Department; Dr. E. Anderson of Norway; Dr. L. Van Boeschel of Belgium. Seated: Dr. M. M. Seymour of Canada; Dr. Charles Porter of England; Dr. Francesco Piccininni of Italy; Dr. H. Hunziker of Switzerland; Dr. L. Aubland of France.

**IN BLAST'S PATH.**—This is the aftermath of a cotton gin explosion at Greenville, Ala. At least three men are known to have been killed. A dozen others were injured. A passenger train, with several hundred on board, passed the scene only a minute or so before the blast occurred. The track at the point was blown to bits. And parts of the boiler were hurled through a room in a nearby hotel.

## SCHOOL DAYS By DWIG

WHY WE DREAM DREAMS

**GOVERNOR.**—Mayor John Hylan of New York City, after a long illness, once more is able to "be up and about." He was very sick, and at one time his recovery was uncertain.

**MRS. MINTA DURFEE ARBUCKLE** is suing for divorce from her husband, Roscoe "Fatty" Arbuckle, former motion picture comedian, alleging desertion and non-support.

**CAPTAIN RHEBA CRAWFORD**, Salvation Army lassie, who created a sensation on Broadway recently when her meeting was broken up by the police, is resting in Florida, preparatory to another campaign.

**BUFFALO STEAK.**—How the meat of the 2,000 buffaloes, to be slain at Wainwright, Alberta, will be cooked in a barbeque.

**THE GLEANERS.**—It took a policeman to hold the line against a band of German peasants, who are seen anxiously waiting for the farmers to finish the harvest that they may pick up what is left in the fields.

A gift that is also a handsome piece of furniture;  
A gift that adds refinement to the home;  
A gift that shows the noble sentiment of the donor.  
Prices and terms to suit and your choice of KNABE, WILLIS or CHICKERING

**JAMES BAY CHURCH TO BURN MORTGAGE**

**Fine Congregational Effort Rewarded With Success**

Through the united and enthusiastic efforts of members and friends of the James Bay Methodist Church a mortgage of more than \$5,000 has been lifted. The mortgage had been reduced by \$2,000, interest paid up and provision made for discharging the whole within two years.

However, the mortgage changed hands, and the trustees suddenly found themselves confronted with foreclosure.

Rev. Dr. Saunby, the pastor, discussing the situation remarked: "They accepted the challenge with faith and courage, and in less than a week, through the most hearty co-operation of the congregation, half the amount in cash was forthcoming and in another two weeks the mortgage was lifted. This speaks volumes for the bravery and self-sacrifice of this little band of Christians. Thanks are also due to several friends in other congregations who contributed not a little to make this triumph possible."

During next Sunday special thanksgiving services will be held. In the evening there will be a platform meeting at which Messrs. Davey and Dilworth, of the Prince Rupert, will deliver appropriate addresses. Special music will be given both morning and evening.

On Monday evening the Ladies' Aid will give a social and entertainment with a delightful programme. A special feature of the evening will be the burning of the mortgage. All the friends of the church throughout the city are cordially invited. There will be a thanksgiving offering.

LOOKING TO B.C. FOR NEWSPRINT Hearst Interests Favorably Impressed After Inspection of Plants

The Hearst party which recently visited British Columbia is greatly impressed with the inland waters, and with the character of the men engaged in the lumber industry. Daniel Charles, representing the Hearst interests, stated this morning.

Mr. Charles is the news print expert of the Hearst publications on the Pacific coast. William Randolph Hearst owns five daily newspapers, all of large circulation, on the Pacific seaboard, and the company is buying about 150,000 tons of newsprint per annum on the coast.

The company, Mr. Charles stated, is taking all the paper available from the Ocean Falls and Powell River plants, and also buys from three other mills on the American side to fill its contracts.

**Esquimalt May Run Bus Lines to Link City**

Disappointed at the decision of the B. C. Electric Railway Company that it will not route its cars over the Johnson Street Bridge at the present time, Esquimalt may consider licensing a system of private or municipally owned buses to operate between the city and that township. It is intimated by Reeve Lockley. After an inspection which he will make as soon as the traffic section

**PREDICTION OF EARTHQUAKES HOPE OF SCIENTISTS**

Washington, Nov. 9.—Earthquake records cannot be used directly in predicting earthquakes, the Weather Bureau announces, but study of a collection of these records throws a great deal of light on the nature of earthquakes generally, and it is hoped that at some future time this information may lead to successful methods of prediction. The Hawaiian volcanic observatory of the Weather Bureau utilizes these records and has been instru-
