

WIKIDATA LAB XXII

WIKIPROJECT COVID-19

This training aims to share resources and capabilities for the integration of Wikidata and other Wikimedia projects, in particular Wikipedia.

In this event, part of the Wikidata Lab series, there will be a presentation and a sequence of practical activities on how we can work on the Wikiproject COVID-19 and will cover the justification of the wikiproject, the challenges on modeling the information, data-feeding automatization and transclusion possibilities.

The event is aimed at training the community of editors of Wikimedia projects. The presentation and coordination of the training will be performed by the wikimedian Tiago Lubiana, in english.

The event will be held online. If you are interested in participating in the event, please register on the registration page. No registration fee. Unlimited vacancies.
