Introductory note. The following administrative instructions extend to June 30, 1946, the harvesting season for grapefruit, sweet limes, and "sour" and "bittersweet" oranges produced in the area regulated by the Mexican fruitfly quarantine. This action is taken to permit the harvesting of the large crop of fruit which has been retarded due to transportation conditions, and is deemed safe inasmuch as sterilization of grapefruit from Cameron, Hidalgo, and Willacy Counties will continue to be required during the extended period.

§§ 301.64-4b and 301.64-5a *Administrative instructions relative to the Mexican fruitfly quarantine.* Pursuant to the authority conferred upon Chief of the Bureau of Entomology and Plant Quarantine by paragraph (a) of § 301.64-5 (Notice of Quarantine No. 64), it is hereby ordered that the harvesting season for grapefruit, sweet limes, and "sour" and "bittersweet" oranges be ex-

PART 1404—BAKERY PRODUCTS
WEIGHT OF BAKERY PRODUCTS

War Food Order 1, as amended (10 F.R. 5347), is further amended by adding immediately after paragraph (q) the following new paragraph:

(r) *Weight of bakery products.* No baker shall make or sell any variety of bread or rolls the baked weight of which is more than 90 percent of the baked weight of such variety as produced by such baker on March 15, 1946, or if such variety was not produced on that date, then on the latest date prior to March 15, 1946, such variety was produced: *Provided, however,* That the baked weight of any bread or rolls produced under this provision shall be subject to a tolerance of not more than 2 percent: *And provided further,* That any baker who because of equipment difficulties cannot reasonably comply with the foregoing requirement is exempted therefrom without the necessity of application to the Administrator on condition that on or before June 10, 1946, he files with the Administrator a statement of the facts with respect to his equipment difficulties and the reasons why he cannot reasonably comply. Any such exemption may be revoked by the Administrator by a specific order if he determines that compliance may reasonably be required. Every baker shall use wrappers, packages or labels indicating plainly the correct weight of products of changed weight manufactured under this order: *Provided, however,* That a baker who does not ordinarily wrap, package or label his products, and is not required by law to do so, is exempted from this requirement if he gives notice to the persons to whom delivery is made of the reduced weight of such products. In the event that any baker cannot obtain such wrappers, packages or labels or have those on hand corrected to show the changed weight for use on current production, then such baker may, during the period required to obtain new wrappers, packages or labels, use existing

stocks or stocks on order on May 31, 1946, of wrappers, packages and labels: *Provided,* Such baker furnishes to each retail establishment to which bread or rolls so wrapped, packaged or labeled are delivered by him a sign or card, of sufficient size to be clearly noticeable to customers, containing print of a size which will be clearly legible, reading as follows:

NOTICE OF REDUCTION IN WEIGHT OF BREAD AND ROLLS

As part of the Famine Emergency Committee program and by order of the Secretary of Agriculture (War Food Order No. 1) the weight of all bread and rolls has been reduced by 10 percent. It is impossible to obtain a new supply of packaging materials in the short time available, and these products are being packaged with the materials now on hand. The labels do not indicate the correct weight and it is the purpose of this notice to insure that you are fully informed as to the true weight. The packaging of these products in the manner described is limited to the duration of the emergency famine campaign.

(If the percentage is more than 10 percent such percentage shall be shown.) No baker shall deliver any bakery product so wrapped, packaged or labeled to a retail establishment unless such sign or card is prominently displayed where bakery products are offered for sale in such establishment. No baker shall deliver any bakery product so wrapped, packaged or labeled to any person other than a retail establishment unless he gives written notice to the person to whom delivery is made of the facts set forth in such sign or card.

These provisions shall be applicable to goods sold or transported in interstate commerce, as well as to goods sold or transported within the limits of a single state.

This amendment shall become effective at 12:01 a. m., e. s. t., June 1, 1946. With respect to violations, rights accrued, liabilities incurred, or appeals taken, prior to said date, under War Food Order No. 1, as amended, all provisions of said order shall be deemed to remain in full force for the purpose of sustaining any proper suit, action, or other proceeding with respect to any such violation, right, liability, or appeal.

TEMPORARY SUSPENSIONS OF SERVICE BY AIR CARRIERS (EXCEPT ALASKAN AIR CARRIERS)

Adopted by the Civil Aeronautics Board at its office in Washington, D. C., on the 21st day of May 1946. (Amendment No. 1 of Revised § 238.6 of the Economic Regulations)

The Civil Aeronautic Board acting pursuant to the Civil Aeronautics Act of 1938, as amended, particularly sections 205 (a) and 401 thereof, hereby makes and promulgates the following regulation:

1. Effective May 21, 1946, paragraph (e) of § 238.6 of the Economic Regulations is amended to read as follows:

(e) *Disposition.* The Board will grant such application if it finds that such temporary suspension of service is in the public interest. In case a certificate of public convenience and necessity contains a condition or limitation requiring service to a point on each trip or schedule operated on a route or a route segment by the holder of such certificate, an application based upon the fact that the air carrier operating certificate of the holder does not authorize service to such point through any airport convenient thereto with any type of aircraft then regularly being used or proposed to be used by the holder will be granted only if the Board finds that such temporary suspension of service will not substantially change the character of the service for which the certificate of public convenience and necessity was granted and is otherwise in the public interest. PART 1499—COMMODITIES AND SERVICES

[SR 14D, Amdt. 12]

SCRAP CHEWING TOBACCO

A statement of the considerations involved in the issuance of this amendment has been issued and filed with the Division of the Federal Register.

Supplementary Regulation 14D is amended in the following respects:

1. The following sentence is added to section 4 (a) (1) (i): "The above prices for the 2¼-ounce item may be adjusted to the applicable amounts in Table A, below, as if such prices had been established under section 1499.2 of the General Maximum Price Regulation".

2. Section 4 (a) (2) is amended to read as follows:

(2) *For same package contents.* Any manufacturer of an item of scrap chewing tobacco, the maximum list price, established by the General Maximum Price Regulation, and the March 1942 stated retail price of which are listed in columns 2 and 3, respectively, in Table A, below, may adjust those prices to the new maximum list prices and maximum retail prices shown on the same line under columns 4 and 5, respectively, of such table.

TABLE A

Col. 1	Col. 2	Col. 3	Col. 4	Col. 5
Variety	Maximum list price per dozen packages established by General Maximum Price Regulation (March 1942 list price)	March 1942 stated retail price per package	Maximum list price per dozen packages after June 3, 1946	Maximum retail price per package after June 3, 1946
Plain-----	\$0.48 .95 .99 1.00	\$0.05 .10 .10 .10	\$0.68 1.34 1.39 1.40	\$0.07 .14 .14 .14
Sweetened.	.96 1.23 1.44	.10 .13 .15	1.25 1.54 1.92	.13 .16 .20

¹ Or 2 for 25¢.

(i) Any manufacturer who desires to adjust his maximum list price for an item of scrap chewing tobacco, not covered by columns 2 and 3, of Table A, above, shall apply by letter to the Office of Price Administration, Tobacco Section, Washington, D. C., for authority to establish an adjusted maximum list price for the item. The letter shall state:

(a) His maximum list price per dozen packages, as established under the General Maximum Price Regulation, together with applicable discounts and allowances, for the item, and his March 1942 stated retail price per package.

(b) The quantity of package contents or package size.

After receipt of the application, the Price Administrator will, by order, establish maximum prices for the applicant and subsequent sellers of the item, which are in line with the maximum prices established by this section. Maximum prices so established may be revoked or modified by the Price Administrator at any time.

3. A new section 4 (a) (3) is added to read as follows:

SEC. 4. (a) (3) *Adjustments of manufacturers' maximum prices for private brands of scrap chewing tobacco.* An owner of a private brand of scrap chewing tobacco and the manufacturer of the brand may pay and receive whatever price they may agree on for the private brand of scrap chewing tobacco supplied to the private brand owner; provided, that the private brand owner may not use any increased price which he agrees to pay his manufacturer as a basis for an increase in his maximum prices for such private brand.

4. Sections 4 (b) to 4 (h) are redesignated sections 4 (c) to 4 (i), respectively, and a new section 4 (b) is added to read as follows:

(b) *Increases in maximum prices established by orders issued under 4 (a) (1) (ii) and 4 (a) (2) (ii).* After June 3, 1946 maximum list prices and maximum retail prices established by orders issued under 4 (a) (1) (ii) and 4 (a) (2) (ii), above, prior to June 3, 1946 may be adjusted upward by the following amounts:

(1) The maximum retail prices for items of sweetened scrap chewing tobacco and plain scrap chewing tobacco shall be multiplied by the factors 1.15 and 1.165, respectively.

(2) The resulting retail price shall be rounded off to the next highest full cent.

(3) The new maximum list price shall bear the same relationship percentage-wise to the maximum retail price produced by (2), above, as the list price established in the order issued under 4 (a) (1) (ii) and 4 (a) (2) (ii), above, to the retail price established in such order.

Example: Order issued under 4 (a) (1) (ii) established maximum retail price of 17¢ and manufacturer's list price of \$1.63 for an item of sweetened scrap chewing tobacco weighing 2½ ounces.

Step 1. Retail price of 17¢ established by order multiplied by 1.15 (factor for sweetened scrap) equals 19.55¢.

Step 2. Next highest full cent is 20¢, the new maximum retail price.

Step 3. Old maximum list price \$1.63 was 79.9% of old maximum retail price of \$2.04 per dozen packages. Therefore, new maximum list price is 79.9% of new maximum retail price of \$2.40 per dozen packages. $\$2.40 \times 79.9$ equals \$1.9176, which may be rounded off to \$1.92 as the new maximum list price per dozen packages.

Before a manufacturer places new maximum prices established by this paragraph in effect, he shall apply by letter to the Tobacco Section of the Office of Price Administration, Washington, D. C. The letter shall contain the manufacturer's calculations on his items of scrap chewing tobacco as in the example given above, and the resulting new maximum prices for such items.

If the Office of Price Administration makes no objection to the proposed new maximum prices within fifteen days of its receipt of such letter the manufacturer may take the increases in maximum prices in accordance with the calculations made in his letter after giving the notice prescribed by paragraph 4 (e), below.

5. In redesignated paragraph 4 (c), "(d)" in the first sentence is amended to read "(e)". In the last sentence the words "or (b)" are inserted after the words "(a) (1) or (2)".

6. In redesignated paragraph 4 (d), "(d)" in the first sentence is amended to read "(e)" and the following sentence is added to redesignated paragraph 4 (d): "When the allowed price increase results in a price ending in a half cent for a single package, the maximum retail price for a single package may be increased to the next highest full cent but the retailer must give each purchaser the option of buying at least two packages of the item of scrap chewing tobacco at the multiple unit price."

7. The first sentence is redesignated paragraph 4 (e) is amended to read as follows: "Every seller (other than a retailer) of an item of scrap chewing tobacco, the maximum list price and maximum retail price of which have been adjusted in accordance with (a) or (b), above, shall give the following written notice on or before his first delivery to a purchaser after the seller has made such adjustment."

8. In redesignated paragraph 4 (g) the first sentence is amended to read as follows: "Maximum prices established by (a) (1) or (2), or (b), above, are exclusive of state and local taxes upon tobacco products."

9. The following definition is added to redesignated paragraph 4 (i): "General Maximum Price Regulation" as used in this section 4 does not include Supplementary Regulation 14D or Revised Supplementary Regulation 14.

This amendment shall become effective June 3, 1946.

NOTE: All reporting and record-keeping requirements of this amendment have been approved by the Bureau of the Budget in accordance with the Federal Reports Act of 1942.

Issued this 27th day of May 1946.

EMPLOYMENT OF MINORS BETWEEN 16 AND 18 YEARS OF AGE IN OCCUPATIONS INVOLVED IN OPERATION OF POWER-DRIVEN HOISTING APPARATUS

NOTICE OF HEARING ON PROPOSED FINDING AND ORDER

Whereas, section 12 (a) of the Fair Labor Standards Act of 1938 (Act of

June 25, 1938, c. 676, 52 Stat. 1060, U. S. Code, tit. 29, sec. 201) prohibits the shipment or delivery for shipment of goods in commerce, as defined in the act, which are produced in establishments situated in the United States in or about which within 30 days prior to the removal of such goods therefrom any oppressive child labor has been employed; and

Whereas, section 3 (1) of the said Act which defines oppressive child labor provides in part as follows:

(1) "Oppressive child labor" means a condition of employment under which (1) any employee under the age of 16 years is employed by an employer . . . in any occupation, or (2) any employee between the ages of sixteen and eighteen years is employed by an employer in any occupation which the Chief of the Children's Bureau in the Department of Labor shall find and by order declare to be particularly hazardous for the employment of children between such ages or detrimental to their health or well-being; . . .

and

Whereas, the Chief of the Children's Bureau issued on November 3, 1938, a regulation prescribing the Procedure Governing Determinations of Hazardous Occupations; ¹ and

Whereas, pursuant to the said regulation, an investigation has been conducted with respect to the hazardous nature of occupations involved in the operation of power-driven hoisting apparatus with special reference to the employment of minors between 16 and 18 years of age; and

Whereas, a report of the investigation, entitled Occupational Hazards to Young Workers (Report No. 7—The Operation of Hoisting Apparatus) has been submitted to the Chief of the Children's Bureau, copies of which will be sent upon request directed to the Office of the Children's Bureau, United States Department of Labor, Washington, D. C., showing that:

1. Many minors under 18 years of age are being injured in operating or assisting in the operation of hoisting apparatus.

2. The number of industrial injuries caused by hoisting apparatus is substantial in comparison with industrial injuries in general.

3. Injuries due to hoisting apparatus are relatively severe, resulting in a disproportionately high number of deaths and permanent disabling injuries.

4. Injuries due to hoisting apparatus occur not only to the operators but also to those assisting in the operation of hoisting apparatus and to other employees.

5. The hazards of operating or assisting in the operation of hoisting apparatus tend to be greater for young persons than for more mature persons because young persons usually lack the characteristics of caution and judgment needed to operate hoisting apparatus safely.

6. The hazards to minors of operating hoisting apparatus is recognized by minimum-wage standards for the employment of young workers imposed by State

¹ Published in the FEDERAL REGISTER, vol. 3, p. 2640, under the heading Title 29—Labor, Chapter IV.—Children's Bureau—Child Labor—Part 421, Procedure Governing Determinations of Hazardous Occupations.

laws, and in nationally recommended safety codes; and

Whereas, the Chief of the Children's Bureau, under the authority of section 3 (1) of said act proposes to issue a finding and order in the form set forth below relating to occupations involved in the operation of power-driven hoisting apparatus.

Now, therefore, notice is hereby given of a public hearing to be held on June 25, 1946, commencing at 10 a. m. in room 7129, United States Department of Labor Building, 14th Street and Constitution Avenue, Washington, D. C., before a presiding officer to be designated hereafter, at which interested parties will be given opportunity to appear and to be heard with respect to the said report and proposed finding and order. All parties desiring to appear at the hearing are requested to notify the Children's Bureau at least 5 days prior to the date fixed for hearing. Any interested party who is unable to appear in person or by representative may submit a written comment or brief to the Children's Bureau not later than the day prior to the date fixed herein for said hearing in order that the same may be made part of the record of the hearing.

Proposed Finding and Order

[Hazardous Occupations Order 7]

§ 422.7 *Occupations involved in the operation of power driven hoisting apparatus—(a) Finding and declaration of fact.* By virtue of and pursuant to the authority conferred by section 3 (1) of the Fair Labor Standards Act of 1938¹ and pursuant to the regulation prescribing the Procedure Governing Determination of Hazardous Occupations;² an investigation having been conducted with respect to the hazards for minors between 16 and 18 years of age in employment in occupations involved in the operation of power-driven hoisting apparatus and a report of the investigation having been submitted to the Chief of the Children's Bureau;

Now, therefore, I, Katherine F. Lenroot, Chief of the Children's Bureau of the United States Department of Labor, hereby find and declare that the following occupations involved in the operation of power-driven hoisting apparatus are particularly hazardous for minors between 16 and 18 years of age:

- (1) Work of operating an elevator, crane, derrick, hoist, or high-lift truck.
- (2) Work of loading or unloading a freight elevator or riding on a freight elevator in conjunction with such work or with the transportation of materials.
- (3) Work of assisting in the operation of a crane, derrick, hoist, or high-lift truck by preparing the load for lifting, signaling the operator, unhooking the load after lowering and similar work usually performed by crane hookers,

chasers, hookers-on, riggers, rigger helpers, and the like.

(b) *Definitions.* As used in this order:

(1) The term "elevator" shall mean any power-driven hoisting or lowering mechanism equipped with a car or platform which moves in guides in a substantially vertical direction. The term shall include both passenger and freight elevators (including portable elevators or tiering machines), but shall not include dumbwaiters or unattended automatic-operation elevators.

(2) The term "crane" shall mean a power-driven machine for lifting and lowering a load and moving it horizontally, in which the hoisting mechanism is an integral part of the machine. The term shall include all types of cranes, such as cantilever gantry, crawler, gantry, hammerhead, ingot-pouring, jib, locomotive, motor-truck, overhead traveling, pillar jib, pintle, portal, semi-gantry, semi-portal, storage bridge, tower, walking jib, and wall cranes.

(3) The term "derrick" shall mean a power-driven apparatus consisting of a mast or equivalent members held at the top by guys or braces, with or without a boom, for use with a hoisting mechanism or operating ropes. The term shall include all types of derricks, such as A-frame, breast, Chicago boom, gin-pole, guy, and stiff-leg derrick.

(4) The term "hoist" shall mean a power-driven apparatus for raising or lowering a load by the application of a pulling force that does not include a car or platform running in guides. The term shall include all types of hoists, such as base-mounted electric, clevis suspension, hook suspension, monorail, overhead electric, simple drum, and trolley suspension hoists.

(5) The term "high-lift truck" shall mean a power-driven industrial type of truck used for lateral transportation that is equipped with a power-operated lifting device usually in the form of a fork or platform capable of tiering loaded pallets or skids one above the other. Instead of a fork or platform, the lifting device may consist of a ram, scoop, shovel, crane, revolving fork, or other attachments for handling specific loads. The term shall mean and include high-lift trucks known under such names as fork lifts, fork trucks, fork-lift trucks, tiering trucks, or stacking trucks, but shall not mean low-lift trucks or low-lift platform trucks that are designed for the transportation of but not the tiering of material.

This order shall not justify noncompliance with any Federal or State law or municipal ordinance establishing a higher standard than the standard established herein.

This order shall become effective on August 1, 1946 and shall be in force and effect until amended or repealed by order hereafter made and published by the Chief of the Children's Bureau.

Dated at Washington, D. C., this 23d day of May 1946.

Chief of the Children's Bureau.

2. Paragraph (d) is amended by adding thereto the following undesignated paragraph:

Upon issuance of any amendment to this order which either adds an article to those already listed in paragraph (a) or changes the retail ceiling price of a listed article, the manufacturer or wholesaler, as to such article, must comply with the preticketing requirements of this paragraph within 30 days after the issuance of the amendment. After 60 days from the issuance date, no retailer may offer or sell the article unless it is preticketed in accordance with the requirements of this paragraph. Prior to the expiration of the 60 day period, unless the article is so preticketed, the retailer shall comply with the marking, tagging and posting provisions of the regulation which would apply in the absence of this order. However, the pricing provisions of this order or of any subsequent amendment thereto shall apply as of the effective date of the order or applicable amendment.

3. A new paragraph (h) is added to read as follows:

(h) In connection with each delivery under this order, the manufacturer shall state on his invoice, or on an attachment thereto, his "unadjusted price" for each article. "Unadjusted price" means the manufacturer's ceiling price prior to any adjustments under Supplementary Order 131 plus the amount by which such adjustments exceed 20% of that ceiling price.

This amendment shall become effective May 24, 1946.

Issued this 24th day of May 1946.

[MPR 188, Order 17]

**BOXSPRINGS AND HAND-TIED BOXSPRING
CONSTRUCTIONS**

ADJUSTMENT OF MAXIMUM PRICES

For the reasons set forth in an opinion issued simultaneously herewith, and filed with the Division of the Federal Register; and pursuant to § 1499.159e of Maximum Price Regulation No. 188, it is ordered:

Sec.

1. Articles covered by this order.
2. Manufacturers' maximum prices.
3. Maintenance of normal production.
4. Manufacturers' reports.
5. Maximum prices for sales at wholesale; or to commercial and institutional users.
6. Invoices to purchasers for resale.
7. Notification to purchasers for resale.
8. Retailers' maximum prices.
9. "Branded articles."
10. Credit charges.
11. Terms of sale.
12. Relationship of this order to other orders or regulations.
13. Revision of maximum prices.
14. Revocation or amendment.
15. Effective date.

SECTION 1. Articles covered by this order. This order covers all boxsprings and hand-tied boxspring constructions.

SEC. 2. Manufacturers' maximum prices—(a) Determination of maximum prices. Manufacturers shall continue to determine their maximum prices for articles covered by this order under the same regulation and pricing provisions applicable before this order was issued.

(b) *Increase factor.* Manufacturers may increase, by 16 per cent, their maximum prices (exclusive of any permitted increases) properly established under Maximum Price Regulation No. 188 for sales to all persons except household consumers.

(c) *"Adjusted maximum price".* A manufacturer's "adjusted maximum price" is the highest of the following three amounts:

(1) His maximum price properly established under Maximum Price Regu-

lation No. 188 increased by 16 percent in accordance with paragraph (b) of this section.

(2) His maximum price properly established under Maximum Price Regulation No. 188 or Order No. 4332 under that regulation, plus any increases in that maximum price permitted by an OPA order,¹ other than this order.

(3) His maximum price properly established under section 5 of Supplementary Order No. 118.

A manufacturer may make sales and deliveries at or below his adjusted maximum price computed under this section.

(d) *"Unadjusted maximum price".* A manufacturer's "unadjusted maximum price" for his sale of an article covered by this order is 89 percent of his actual selling price for the article (before making discounts, allowances and other price differentials, including PMS—premium money payments).

SEC. 3. Maintenance of normal production. An order may be issued under this section denying a manufacturer permission to adjust his maximum prices by all or part of the increase factor specified in section 2 when it appears to the Price Administrator, on the basis of information available to the Office of Price Administration, that: (a) the manufacturer has discontinued production of the low-end models which he made and delivered during the period from July 1, 1940 to June 30, 1941; or (b) the manufacturer has decreased the proportion of low-priced to high-priced models which he made and delivered during the period from July 1, 1940 to June 30, 1941, so that his present or prospective production is not representative, in that respect, of his production during that period.

The average price at which the manufacturer's production of each article will be sold shall be a consideration in determining the amount, if any, of the increase which will be granted such a manufacturer.

SEC. 4. Manufacturers' reports. (a) Before delivering an article covered by this order, each manufacturer shall file a report with the Office of Price Administration, Washington 25, D. C., which report shall set forth the following:

- (1) The date of the report.
- (2) The manufacturer's name and address.
- (3) The model designation of the article.
- (4) The specifications of the article.
- (5) The manufacturer's "adjusted maximum price" for sales of the article to each class of purchaser (as defined in section 2 of this order).
- (6) The manufacturer's terms, discounts, allowances, and other price differentials in effect during March 1942 or thereafter properly established under the applicable OPA regulation.

The report must be filed by every manufacturer of articles covered by this order, regardless of the provision under

which his maximum prices were established or adjusted.

¹ This refers to Supplementary Order No. 118, and to orders issued under Revised Supplementary Order No. 119, or under Supplementary Order No. 133, and Order No. A-2 under Maximum Price Regulation No. 188.

which his maximum prices were established or adjusted.

NOTE: Section 9 sets forth additional information required with respect to "branded articles."

(b) No manufacturer may sell an article covered by this order at a price higher than 89 percent of his adjusted maximum price for the particular sale, (as defined in section 2), unless the report specified in (a) has been filed.

SEC. 5. Maximum prices for sales at wholesale; or to commercial and institutional users—(a) Sales covered by Maximum Price Regulation No. 590. This paragraph (a) modifies the pricing provisions of Maximum Price Regulation No. 590 with respect to articles covered by this order. Unless the context otherwise requires, the definitions in Maximum Price Regulation No. 590 apply to the terms used in this paragraph.

(1) *Adjusted maximum price.* The adjusted maximum price of a wholesaler whose sales are covered by Maximum Price Regulation No. 590, for sales to each class of purchaser of an article covered by this order is the "net cost" of the article (based on his supplier's unadjusted maximum price) plus 80 percent of the dollar-and-cent difference between his supplier's unadjusted maximum price and the wholesaler's actual invoice cost, multiplied by the wholesaler's appropriate "category markup." For the purposes of this subparagraph (1) "supplier's unadjusted maximum price" and "wholesaler's actual invoice cost" refer to those amounts as they appear on his supplier's invoice after all discounts except cash discounts.

(2) *Unadjusted maximum price.* The "unadjusted maximum price" of a wholesaler whose sales are covered by Maximum Price Regulation No. 590 is the price determined by multiplying the "net cost" of the article (based on his supplier's unadjusted maximum price) by the wholesaler's appropriate "category markup." However, if the wholesaler's selling price for the article is below the "unadjusted maximum price" computed in this way, the "unadjusted maximum price" which must appear on the wholesaler's invoice for that article is the same as the wholesaler's selling price.

If, in accordance with section 4 or 7 of Maximum Price Regulation No. 590, a wholesaler elects to sell an article at his "highest price charged during March, 1942," instead of at the price found by applying his "category markup" to his "net cost," the "unadjusted maximum price" which must appear on the wholesaler's invoice for that article is the same as his selling price.

If, in accordance with section 3a of Maximum Price Regulation No. 590, a wholesaler adopts, as his own, the manufacturer's maximum price to a particular class of purchaser, the "unadjusted maximum price" which must appear on his invoice for the article is the same as the manufacturer's "unadjusted maximum price" for sales of that article to the same class of purchaser.

(b) *Sales not covered by Maximum Price Regulation No. 590; and sales to*

commercial and institutional users. This paragraph (b) sets forth the methods by which persons making sales at wholesale, which are not covered by Maximum Price Regulation No. 590, shall determine their maximum prices. A person who purchases a boxspring from the manufacturer, and resells it to a hospital, hotel, or any other commercial or institutional user, shall also determine his maximum price under this paragraph.

(1) *Adjusted maximum prices.* (i) A seller who must determine his maximum price under this paragraph (b), who delivered or offered for delivery during March 1942 an article which meets the definition of "most comparable commodity" contained in § 1499.3 (a) of the General Maximum Price Regulation, except that it need not be currently offered for sale, shall find his adjusted maximum price according to the method and procedure set forth in that section by adding the same markup which he had on that comparable article to the total of:

His supplier's unadjusted maximum price, as it appears on his purchase invoice; and

80 percent of the dollar-and-cent difference between his supplier's unadjusted maximum price and the seller's actual invoice cost.

The seller may make sales covered by the General Maximum Price Regulation, at prices at or below his adjusted maximum price computed in this way.

The determination of a maximum resale price in this way need not be reported to the Office of Price Administration. However, each seller must keep complete records showing all the information called for on OPA Form 620-759, with regard to how he determines his maximum resale price. These records shall be kept available for inspection by the Office of Price Administration, for so long as the Emergency Price Control Act of 1942, as amended, remains in effect.

(ii) If the seller cannot determine his adjusted maximum price under (i), he shall apply to the Office of Price Administration for the establishment of his adjusted maximum price under § 1499.3 (c) of the General Maximum Price Regulation. The application shall, in addition to the information specifically required by that section, also give the following information:

His supplier's unadjusted maximum price as it appears on his purchase invoice.

His actual invoice cost.

An adjusted maximum price established in this way will be in line with adjusted maximum prices established generally under section 6 of this order.

(2) *Unadjusted maximum Prices.* (i) A seller who must determine his maximum price under this paragraph (b), who delivered or offered for delivery during March 1942 an article which meets the definition of "most comparable commodity" contained in § 1499.3 (a) of the General Maximum Price Regulation, except that it need not be currently offered for sale, shall find his "unadjusted maximum price" according to the method and procedure set forth in that section by adding the same markup which he had

on that comparable article to his supplier's unadjusted maximum price as it appears on his purchase invoice.

(ii) If the seller cannot determine his unadjusted maximum price under (i), he shall, at the time he applies for an adjusted maximum price to the Office of Price Administration under paragraph (b) (1) (ii) of this section also, apply for the establishment of an unadjusted maximum price. Unless such an unadjusted maximum price is established, he may not make sales of the article even though his adjusted maximum price is properly established.

SEC. 6. *Invoices to purchasers for resale.* (a) Every person who delivers an article covered by this order to a purchaser for resale (except a retailer making a "cross-stream sale" covered by section 9 (b) of Maximum Price Regulation No. 580) shall furnish to the purchaser an invoice or other written evidence of sale, containing the following:

(1) The name and address of both the seller and purchaser, and the date of sale.

(2) The name, number, or other identification of each article sold.

(3) The quantity of each article sold.

(4) The seller's unadjusted maximum price for each article sold.

(5) The actual selling price of each article sold.

(6) The nature and amount of any additional charges.

(7) The terms of sale.

(b) An article covered by this order may not be sold at a price higher than 89 percent of the seller's adjusted maximum price for the particular sale, unless the information specified in items (4) and (5) of the preceding paragraph is separately stated on the invoice or other written evidence of sale, and unless the seller's unadjusted maximum price is so identified.

(c) The seller shall retain a copy of such invoice or other written evidence of sale, for inspection by the Office of Price Administration for so long as the Emergency Price Control Act of 1942, as amended, remains in effect.

(d) A retailer making a cross-stream sale to another retailer must furnish the purchaser with the proper invoice required by section 9 (b) of Maximum Price Regulation No. 580. If the cross-stream sale is made in accordance with section 9 (b) (1) of Maximum Price Regulation No. 580 the seller must also state on his sales invoice his supplier's unadjusted maximum price for each article covered by this order which appears on the invoice.

NOTE: The provisions of this section are modified by section 9 with respect to transactions involving "branded articles."

SEC. 7. *Notification to purchasers for resale.* At the time of, or prior to, the first invoice to each purchaser for resale showing a maximum price adjusted in accordance with this order, the seller shall notify the purchaser in writing that:

(a) If he is a wholesaler he must determine his maximum resale prices for articles covered by this order under

section 5 of Order No. 17 under § 1499.159e of Maximum Price Regulation No. 188.

(b) If he is a retailer he must determine his maximum resale prices for articles covered by this order under section 8 of Order No. 17 under § 1499.159e of Maximum Price Regulation No. 188; or, if the article is a "branded article" under section 9 of that order; or if his sale is to a commercial or institutional user, under section 5 of that order.

SEC. 8. *Retailers' maximum prices—*
(a) *Retailers whose sales are covered by Maximum Price Regulation No. 580.* If the retailer determines his maximum price under Maximum Price Regulation No. 580, he shall calculate his maximum price following the rules set forth in that regulation, by using a "net cost" based on his supplier's "unadjusted maximum price" as it appears on his purchase invoice.

(b) *Retailers whose sales are covered by the General Maximum Price Regulation.* If the retailer determines his maximum prices under the General Maximum Price Regulation, his maximum price for sales of an article covered by this order shall be computed as follows:

(1) A retailer who delivered or offered for delivery during March 1942 an article which meets the definition of "most comparable commodity" contained in § 1499.3 (a) of the General Maximum Price Regulation, except that it need not be currently offered for sale, shall determine his maximum resale price by adding to his supplier's unadjusted maximum price (as it appears on his purchase invoice) the same markup which he had on that comparable article, according to the method and procedure set forth in that section.

(2) The determination of a maximum resale price under (1) need not be reported to the Office of Price Administration. However, each seller must keep complete records showing all the information called for on OPA Form 620-759, with regard to how he determines his maximum resale price. These records shall be kept available for inspection by the Office of Price Administration, for so long as the Emergency Price Control Act of 1942, as amended, remains in effect.

(3) If a retailer cannot determine his maximum resale price under (1), he shall apply to the Office of Price Administration for the establishment of his maximum resale price under § 1499.3 (c) of the General Maximum Price Regulation. The retailer's application shall, in addition to the information specifically required by that section, also give the following information:

(i) His supplier's unadjusted maximum price.

(ii) His actual invoice cost.

(iii) A retailer's maximum price established under this subparagraph (3) will be in line with retailer's maximum prices established generally under this order.

NOTE: If the article being priced is a "branded article" its retail ceiling price is fixed by section 9.

SEC. 9. "Branded articles." This section sets forth the changes and additions to the other provisions of this order, applicable to transactions involving "branded articles".

(a) *Definition.* An article covered by this order is a "branded article" if:

(1) It was advertised at a uniform retail price, during or prior to March 1942; and

(2) It is identified by a brand or company name; and

(3) During or prior to March 1942, it generally was sold at retail at the advertised uniform retail price.

(b) *Retail ceiling price.* (1) The maximum price for sales of a branded article by a retailer to an ultimate consumer is the retail ceiling price which the manufacturer has calculated, and has properly stated on the tag attached to the article.

(2) Each manufacturer shall calculate the retail ceiling price of his branded article in the following manner: He shall multiply by 172 percent his highest f. o. b. factory or f. o. b. warehouse l. c. l. maximum price for sales of the particular article to retailers, after deducting cash discounts, rounding the result to the nearest twenty-five cents.

(c) *Manufacturers' reports.* Before first offering a branded article covered by this order, for sale after the effective date of this order, each manufacturer shall file a report with the Office of Price Administration, Washington 25, D. C., which report shall set forth the information specified in section 4 (a), and also:

(1) The brand name of the article.

(2) The retail ceiling price of the article.

(d) *Invoices to purchasers for resale.*

(1) If the branded article is sold by a manufacturer to a retailer, the invoice required by section 6 (a) of this order shall set forth all the information required by that section, except that it shall not set forth the manufacturer's unadjusted maximum price but shall instead state the retail ceiling price of the article in the following form (with the blank properly filled in).

OPA Retail Ceiling Price—\$-----

(2) If the branded article is sold to a wholesaler, the invoice required by section 6 (a) of this order shall, in addition to the information set forth in that section, also state the retail ceiling in the following form (with the blank properly filled in).

OPA Retail Ceiling Price—\$-----

(3) If the branded article is sold by a wholesaler to a retailer, the invoice required by section 6 (a) of this order shall set forth all the information required by that section, except that it shall not set forth the seller's unadjusted maximum price.

(4) If the branded article is sold by a retailer to another retailer (cross-stream sale) the seller shall furnish the purchaser only with the proper invoice required by section 9 (b) of Maximum Price Regulation No. 580.

(e) *Tagging by manufacturers.* On and after June 10, 1946, no manufacturer shall deliver any branded article unless it has attached to it a durable tag or label

which shall state in clearly readable print, the brand name of the article, and the following statement with the amount properly filled in:

OPA Retail Ceiling Price—\$-----
This Tag May Not Be Detached Until After Delivery to the Consumer

SEC. 10. Credit charges. Charges for the extension of credit may be added to the maximum (ceiling) retail prices established by this order only to the extent permitted by this section.

(a) Sellers who in March 1942 collected a separately stated additional charge for the extension of credit on sales of any article covered by this order, or similar types of articles may collect a charge for the extension of credit on sales under this regulation, not exceeding such charge in March 1942 on a similar sale or similar terms to the same class of purchaser. Sellers who did not so state and collect an additional charge may collect a charge for the extension of credit only on installment plan sales; and the charge shall not exceed the separately stated additional charge collected for the extension of credit on a similar sale or similar terms to the same class of purchaser in March 1942 by the seller's closest competitor who made such a separately stated charge.

An installment-plan sale, as used in the above paragraph, means a sale where the unpaid balance is to be paid in installments over a period of either (1) six weeks or more from the date of sale in the case of weekly installments, or (2) eight weeks or more in the case of other than weekly installments.

(b) All charges for the extension of credit shall be quoted and stated separately. Any charge which is not quoted and stated separately or which otherwise does not conform to this section, shall for the purpose of this regulation be considered to be part of the price charged for the article sold.

(c) No seller may require as a condition of sale that the purchaser must buy on credit.

SEC. 11. Terms of sale. Every seller of an article covered by this order must maintain all terms, discounts, allowances, and other price differentials (including PMS—premium money payments), in effect during March 1942, or which have been subsequently properly established under Office of Price Administration regulations or orders.

SEC. 12. Relationship of this order to other orders or regulations—(a) *Maximum Price Regulation Nos. 188, 580 and 590.* The provisions of this order supersede the provisions of Maximum Price Regulation Nos. 188, 580 and 590, only to the extent that they are inconsistent with the provisions of these regulations.

(b) *Revised Supplementary Order No. 119, Supplementary Order Nos. 118 and 133, or Order No. A-2 under Maximum Price Regulation 188.* Manufacturers may continue to adjust their maximum prices in accordance with the increase permitted under Revised Supplementary Order No. 119, Supplementary Orders Nos. 118 and 133 or Order No. A-2 under Maximum Price Regulation No. 188, in-

stead of the increase factor specified in section 2.

If a seller's maximum prices are adjusted under one of these orders instead of under this order, he must nevertheless comply with the invoicing, reporting, tagging and notification provisions of this order. These provisions supersede any contrary provisions contained in any individual order issued to any seller.

SEC. 13. Revision of maximum prices. Any maximum price adjusted under this order may be revised by the Price Administrator whenever he determines that such adjusted maximum price is not in line with the level of October 1941 prices increased by 16 percent, giving due consideration to the manufacturer's customary price relation to other manufacturers in the industry.

SEC. 14. Revocation or amendment. This order may be revoked or amended by the Price Administrator at any time.

SEC. 15. Effective date. This order shall become effective on May 30, 1946.

NOTE: The reporting and recording keeping provisions of this order have been approved by the Bureau of the Budget in accordance with the Federal Reports Act of 1942, as amended.

Issued this 27th day of May 1946.

Administrator.

[MPR 188, Amdt. 1 to Rev. Order 4332]

NEW SMALL-VOLUME MANUFACTURERS

RULES TO OBTAIN CEILING PRICES

For the reasons set forth in an opinion issued simultaneously herewith, and filed with the Division of the Federal Register, and pursuant to § 1499.159b of Maximum Price Regulation No. 188, *It is or-*

dered, That Revised Order No. 4332 be amended in the following respects:

1. Section 2 is amended to read as follows:

SEC. 2. *Scope of this order.* This order provides simplified rules which eligible new small-volume manufacturers may use to obtain ceiling prices instead of using the Third or Fourth Pricing Methods of Maximum Price Regulation 188. The provisions of this order may also be used by any eligible manufacturer to obtain new ceiling prices to take the place of ceiling prices which had been established under Maximum Price Regulation 188, whether by order or otherwise on or after September 1, 1944. All the other provisions of Maximum Price Regulation 188 continue to apply to manufacturers obtaining ceiling prices under this order.

Not all new small-volume manufacturers of products covered by Maximum Price Regulation 188 may use this order. Manufacturers of the following products may not use the provisions of this order:

- (1) Dry cell batteries.
- (2) Fountain pens and mechanical pencils.
- (3) Household aluminum cooking utensils.
- (4) Ice boxes.
- (5) Inner-constructions for upholstered dual purpose sleeping equipment.
- (6) Innerspring mattresses.
- (7) Lawn mowers.
- (8) Metal double deck beds.
- (9) Metal cots (folding and rollaway).
- (10) Small electrical appliances.
- (11) Upholstered dual purpose sleeping equipment.
- (12) Household furniture.
- (13) Luggage.
- (14) Lamps.
- (15) Wheel goods.
- (16) Venetian blinds.

However, manufacturers of any of the products listed above and numbered (1) through (11) (except small electrical appliances) who previously established ceiling prices for a particular article under this order before March 20, 1946, may continue to use such ceiling prices. Manufacturers of other products who established ceiling prices under this order for a particular article prior to the effective date of any amendment to this order which adds these products to the list contained in this section may continue to use such previously established ceiling prices. New small-volume manufacturers of small electrical appliances are subject to the provisions of Order No. 6 under § 1499.159e of Maximum Price Regulation No. 188.

2. A new sentence is added at the end of the first paragraph of section 4 to read as follows: "Once you have determined a ceiling price for a particular article under this section, you may not refigure your ceiling price for the same article, except as you are required to do so by section 7 of this order."

3. Section 6 is amended to read as follows:

SEC. 6. *When you may sell at the proposed price.* Unless OPA notifies you not to do so, you may begin to sell and deliver articles at your new ceiling price 20 days

after you mailed your report to OPA. However, if within the 20 day period OPA asks you to furnish additional information you may not begin to sell and deliver at your new ceiling prices until 20 days after the day you mail the information which OPA has requested. OPA may at any time order any of your ceiling prices to be decreased if it finds that you did not calculate them correctly, or if it finds that they are based on material prices which are higher than supplier's ceiling prices (as provided by section 4(b) or on labor rates which are higher than the prevailing locally established rates for labor of similar types or if for any other reason it finds that your ceiling prices are unduly out of line with the ceiling prices of other small-volume manufacturers. OPA will notify you if it finds any errors which you have made in computing your ceiling prices which have resulted in the computation of a lower ceiling than that to which you are entitled. OPA may revoke your ceiling prices entirely if it finds that you were not eligible to fix your ceiling prices under this order.

This amendment shall become effective on the 3d day of June 1946.

Issued this 27th day of May 1946.

Administrator.

POTOMAC EDISON CO. AND POTOMAC LIGHT AND POWER CO.

MEMORANDUM FINDINGS, OPINION AND ORDER

At a regular session of the Securities and Exchange Commission, held at its office in the City of Philadelphia, Pennsylvania on the 24th day of May A. D. 1946.

The Potomac Edison Company ("Potomac") is an electric utility company, a registered holding company and a subsidiary of American Water Works and Electric Company, Inc., and of The West Penn Electric Company, also a registered holding company. Potomac Light and Power Company ("Light"), also an electric utility company, is a direct subsidiary of Potomac.

Potomac and Light filed a joint application and declaration and amendments thereto under the Public Utility Holding Company Act of 1935, proposing a refinancing of the preferred stock of Potomac and the transactions discussed below relating to the recapitalization of Light. On January 9, 1946, the Commission issued its Findings and Opinion and Order in this proceeding granting and permitting effectiveness to those portions of the application and declaration relating to the refinancing by Potomac, subject to certain terms and conditions, and reserving jurisdiction over those portions of the application and declaration concerned with the proposed changes in the capitalization of Light and the proposed transactions relating thereto¹ until such time as the record with respect thereto should be completed by applicants-declarants. The record has now been completed.

As at September 30, 1945, Light's capitalization consisted of \$613,330.94 principal amount of demand notes, \$89,802.63 principal amount of open account indebtedness, 3,500 shares of 6% Cumulative Preferred Stock, par value \$100 per share, and 21,500 shares of common stock, par value \$100 per share. All of these obligations and securities are owned by Potomac and pledged under the indenture securing Potomac's outstanding bonds except 2,178 shares of the 6% Cumulative Preferred Stock of Light which are publicly held. The preferred stock of Light, is redeemable on any dividend date (dividends are payable on February 1 and August 1) on 60 days' prior notice at the par value thereof and accrued dividends to the date of redemption.

¹ The Potomac Edison Company, et al., — S. E. C. — (1946), Holding Company Act Release No. 6362; see also Holding Company Act Release No. 6369 (1946).

The proposed transactions, which would result in Light's having no securities outstanding except common stock, all held by Potomac, are as follows:

(a) Light will issue 1,322 additional shares of its common stock to Potomac in exchange for the 1,322 shares of 6% Cumulative Preferred Stock of Light now owned by Potomac. The balance of the 6% Cumulative Preferred Stock (2,178 shares) held by the public will be called for redemption on August 1, 1946.

(b) Light will discharge its indebtedness to Potomac aggregating \$703,133.57 principal amount, by a payment from Light to Potomac in cash of the principal amount thereof plus interest accrued to date of payment.

(c) Light will issue and sell 9,178 additional shares of its common stock to Potomac for \$917,800 in cash. Light will apply such cash and additional treasury funds to the redemption of its publicly held preferred stock and the discharge of its indebtedness to Potomac.

The 10,500 additional shares of common stock of Light to be acquired by Potomac, in connection with the foregoing transactions, will be pledged under the indenture securing Potomac's bonds in lieu of the presently pledged indebtedness and shares of preferred stock of Light.

Light, a corporation organized in 1916 under the laws of the State of West Virginia, operates both hydro-electric and steam generating plants and serves electricity to consumers principally in the towns of Martinsburg, Shepherdstown, Hedgeville, Petersburg, Romney, Moorefield, Harpers Ferry, Keyser and Piedmont, West Virginia. It also leases and operates certain electric properties of Northern Virginia Power Company, an associate company, serving the towns of Charles Town, Millville, Shenandoah Junction, Berkeley Springs and Great Cacapon, West Virginia. The properties of Light are interconnected with those of Potomac.

The proposed acquisition by Potomac of 10,500 additional shares of the common stock of Light has been approved by the Public Service Commissions of Maryland and of West Virginia. Counsel for the companies have represented that none of the other transactions require State commission authorization.

We find that the proposed issue and sale of common stock by Light satisfy the requirements of subsections (c) (1) and (g) of section 7, that no adverse findings pursuant to subsection (d)

should be made, and that it is not necessary or appropriate to impose special conditions pursuant to subsection (f) thereof. The proposed acquisition, retirement and redemption by Light of its presently outstanding indebtedness and shares of preferred stock, and the proposed acquisition by Potomac of additional shares of the common stock of Light comply with the applicable standards of sections 10, 12 (c) of the act and the applicable rules thereunder; we find that these transactions will serve the public interest by tending towards the economical and efficient development of an integrated public-utility system. The proposed sales by Potomac to Light of indebtedness and shares of the preferred stock of Light, and the proposed pledge by Potomac of the additional shares of Light's common stock to be acquired by Potomac, meet the standards of sections 12 (d), 12 (f) and the applicable rules thereunder. Accordingly,

It is ordered, That the portions of the joint application-declaration herein over which jurisdiction was heretofore reserved be and they are hereby granted and permitted to become effective forthwith, subject to the terms and conditions prescribed in Rule U-24.

By the Commission.
