(0) RESULTS: (For all hits claimed on ship targets and for land targets of special interest, draw diagram, top or side view or both, as appropriate showing type and location of hits. For all targets give location and effect of hits, and identify by numbers above. Use additional sheets if necessary).

The target area assigned was supposed to include A/A positions on the East side of a Mill. Hone were found but all bombs and rockets dropped and fired on hillside. Target Co-Ordinator was in a hole that day and not in the air and regretted lack of further detailed information. Weather bad.
