DICKEY'S CREME DELIS

This admirable preparation improves and preserves the cuticle to a degree which is absolutely astonishing. Society ladies, who take a proper degree of pride in their personal appearance, use it exclusively, and the dressing-table of no boudoir can be considered complete if Dickey's Creme de Lis is not found on it. Its constant use will render any skin soft and beautiful.

INTRODUCTORY

BLUE BOOK has always been deemed an essential adjunct to the literature of every prominent family in the leading Eastern Cities and European Capitals; and in supplying this undoubted want, we feel assured of doing a duty to society which will be appreciated.

In submitting this publication to our subscribers, we have endeavored to give a full and complete list of the society people of San Francisco, Oakland, etc., and of those whose position or wealth has made their names familiar; together with their City and Country residences. It also contains a list of the names and addresses of the California Colony in New York and vicinity, together with their Summer Residences.

The Reception Days of society ladies in San Francisco are, in most cases, given, but when not mentioned, we desire to call attention to the following: Monday is the Reception Day at all Hotels and Boarding Houses, with the exception of the Berkshire, which has both Monday and Thursday; and the Bella Vista, Thursday. Tuesday for Nob Hill, (California street) and Taylor street to the North. Wednesday for Rincon Hill, South Park and streets near the Mission. Thursday for Pine, Bush, Sutter, and parallel streets south (a few having Tuesday), and the greater part of Van Ness Avenue. Friday for Pacific Avenue, the upper part of Van Ness Avenue and streets west of Van Ness Avenue as far as the Presidio.

In the Oakland Division will be found those living in Oakland, Berkeley, Alameda, Fruitvale, and a few at San Leandro and San Lorenzo.

As there are many gentlemen prominently identified in Commercial and Social Circles in this city who reside in Oakland or adjacent towns, their names will be found classified in their respective divisions.

We particularly desire to call attention to the *Additional List*, which contains not only names received too late for classification, but also changes of residences made since the printing of the main portion.

THE GENUINE "Oxford" S. S. Teachers' Bibles

The Press and Pulpit of AMERICA and GREAT BRITAIN pronounce it the BEST AND MOST COMPLETE BIBLE PUBLISHED.

Paris Exhibition, 1889, HIGHEST AWARD. The grand prize for general excellence and TWO GOLD MEDALS for special excellence in paper and binding were awarded to the GENUINE "OXFORD" BIBLE.

The GENUINE "OXFORD" BIBLE is celebrated for its STRENGTH OF BINDING AND PAPER, WONDERFULLY CLEAR TYPE, EXCELLENCE OF FINISH, EXCEEDINGLY LOW PRICE.

"THE OXFORD HELPS are exceedingly clear and equal. The information is accessible in form and admirable in quality.

"Perhaps the best I can say in behalf of the latter is, that those Teachers and Helpers who worked with me in ascertaining the capabilities of all the editions, the "Oxford," the Queen's Printer's, and The New Bagster Comprehensive, have unanimously chosen the "Oxford" for their own use. This is no doubt partly owing to the superior beauty of the "Oxford" binding and get up, and still more perhaps to the superiority of the 'Oxford India Paper' which is very great.

"The India Paper of the "Oxford" is much more opaque, and the type much clearer than in the corresponding editions of either of its competitors."—*The Worker's Monthly*, Feb. 1890.

Be Beautiful

Every Lady Owes it to Herself to be as Beautiful as Possible

A Perfect Complexion Can be Acquired

Madame A. Ruppert's World-Renowned Face Bleach positively removes by natural methods all discolorations of the skin, is not a cosmetic—but a thorough skin tonic—cleaning the callous pores of the skin of their poisonous

fillings, leaving them clear for the free passage of the blood's impurities, which nature demands be exuded from the blood, through the pores to the surface.

My method of treating skin diseases appeals to the most intelligent—and has the endorsement of eminent medical authority. Do not understand that *Face Bleach* destroys healthful color or gives you a "washout" appearance, as the word "bleaching" would imply—but on the contrary, it restores natural color—is in no way harmful—but positively beneficial to the most delicate complexion, and almost a necessity.

Face Bleach is guaranteed in every instance to remove Freckles, Tan, Moth Patches, Blackheads, Blotches, Pimples, Roughness, Eczema (wrinkles not

caused by facial expression included), and in fact, any and all discolorations or blemishes, leaving the skin clear, smooth and firm, proof against sun or weather, thus preventing tan or sunburn. Thousands of the best ladies of the land will testify to the truth of the above statement.

Mme. A. Ruppert's world-renowned **Face Bleach** is put up in an 8-ounce glass-stoppered bottle, with name and address blown in the bottle, labeled with facsimile of photograph and signature of MME. A. RUPPERT, New York City. None other genuine. Face Bleach is never sold in bulk or in any other style bottle or label, either by my own agents or druggists. Price, single bottle, \$2; three bottles (usually required to clear the complexion), \$5. Sent to any part of the world securely packed, plain wrapper, on receipt of price. Send 4 cents postage or call for catalogue and particulars.

DR. CAMPBELL'S

HEART REGULATOR

The Supreme Palliative

IN

Organic Cardiac Affections

The Radical Specific

IN ALL

Functional Heart Derangement

Acts magically in Palpitation, Difficulty of Breathing, Sense of Suffocation, Pain in the Region of the Heart, Faintness, Constriction across the Chest, Inability to Lie Down, Spasms, Restlessness, Great Anxiety, and a feeling "as if about to die" Cold Sweat, Wakefulness, NERVOUSNESS, Paleness, etc., etc. It regulates *Excessive* action of the heart, *Quiets the Nerves*, and facilitates *Active Circulation of the Blood*. A dose at bedtime gives refreshing sleep.

If you have Heart Disease in any form keep this preparation by you for instant use. It will save life.

Dr. Campbell will pay ONE THOUSAND DOLLARS as forfeit, it, on investigation, any of the subjoining evidence be fraudulent or fictitious. Also the SAME AMOUNT if a particle of MORPHINE, OPIUM, CHLORAL, DIGITALIS, ACONITE, ETHER or any Dangerous Ingredient can be found in its composition.

Warranted Purely Vegetable

In Use the Past 30 Years

ITS EQUAL UNKNOWN

Doubly valuable to dwellers in the country. A TREATISE ON HEART DISEASE, together with hundreds of testimonials from those who for the past 20 years have made DR. CAMPBELL'S HEART REGULATOR their main earthly reliance for LIFE, will be sent free by mail to any name and address.

No. 433 SECOND AVENUE, N. Y., May 22d, 1890.

For seven years I have been a great sufferer from Aggravated Heart Disease, so that at times it was with great difficulty that I could walk. I had intense pains in my left breast, and felt as though I must die from suffocation. For years I did not know what a night's rest was. Sleep I could not, but would pass night after night sitting up in a chair. My family physician could do nothing for me, and sent me to the professors of the New York Medical College, but they also utterly failed to relieve or benefit me. One day some months ago, my daughter brought home a bottle of Dr. Campbell's Heart Regulator, I was just then having one of my bad spells, and the first dose she gave me afforded INSTANTANEOUS relief, and since that time I have used some four bottles more, and can truly say I believe to their use I owe my life. My heart affection troubles me now so little that I hardly notice it. I shall be glad to verify this statement, which I have long wished to make, to any one calling on me.

MRS. ANNIE GROVES.

A Dresden China Complexion

SUPREME BEAUTY

EXALTS the MINDS

AND SATURATES

the SOULS OF MEN

VISIONS OF BEAUTIFUL WOMEN

Will persistently float in the mind and heart of every masculine! BRAIN, SOUL, SPIRIT and even WEALTH will NOT outweigh the *wrong sort* of EPIDERMIS, which, socially speaking, must be considered the most important portion of the human anatomy. To BEAUTY, peerless beauty, MANKIND bends the knee.

If your skin be sallow, disfigured by blackheads, pimples, eruptions or other blemish, in

DR. CAMPBELL'S

Safe ● Arsenic ● Complexion ● Wafers

You have a SURE and CERTAIN remedy. "PURE BLOOD" dominates that perfection of HEALTH which is MIRRORED on the SKIN, as is the effect of "fertilization" shown upon the sickly tree by the BRIGHTER TINT which the leaves take on. Turn over a "new leaf," leave paints, powders and bleach to Ah Jee, the Chinese laundryman. Read the Bridgeport letter below (address the writer if you doubt), and do likewise:

A DRESDEN CHINA COMPLEXION

West 30th Street lady writes: "Since using DR. CAMPBELL'S SAFE ARSENIC WAFERS I have acquired so clear a "pink and white" skin that my husband (?) actually compliments me on possessing a COMPLEXION rivaling DRESDEN CHINA. Kindly send me another dozen boxes before 2 p. m., as we start to-night for Saratoga."

BRIDGEPORT, Belmont County (Ohio) gentleman writes; "I cannot find any other preparation one-half as good for PURIFYING THE BLOOD as DR. CAMPBELL'S ARSENIC COMPLEXION WAFERS. They are without doubt the VERY BEST blood remedy in the market. Please send me six more boxes by first mail." W. W. REED.

FARGO AVENUE, BUFFALO, (N. Y.) lady writes: "Please send me three dollars' worth of DR. CAMPBELL'S ARSENIC COMPLEXION WAFERS, and oblige a CONSUMPTIVE who is being GREATLY benefited by their use."

LEXINGTON (VA.) lady writes: "I find there is NOTHING to take the place of DR. CAMPBELL'S WAFERS for the COMPLEXION and SKIN, and I shall use them constantly in the future. Enclosed find \$5 for six boxes."

FIFTY MINUTES' RIDE FROM SAN FRANCISCO

by the ferry and cars of the San Francisco and North Pacific Railroad via Point Tiburon; or by the North Pacific Coast Railroad via Sausalito. Both routes crossing the Bay opposite the Golden Gate and running close to Alcatraz Island. The climate of San Rafael is not equaled by that of any other place on the Coast.

AS A SUMMER RESORT

it is an agreeable change from the fogs and smoke of San Francisco, and its warm equable climate makes it one of the most desirable resorts in California. It has not the oppressive heat of inland towns; yet it is protected from fogs and cold by the surrounding mountains.

AS A WINTER RESORT

for Eastern visitors, or for others desiring comfortable winter quarters, it has not an equal in the world. Its close proximity to San Francisco, the rapid and frequent communication with the large city, its warm winter days, and withal a magnificent hotel with every comfort and convenience that modern ideas can suggest, the RAFAEL has become the most popular Hotel in the State.

LA VERITÉ TOILET BAZAAR

SAN FRANCISCO

TOILET CREATE PREPARATIONS

All Toilet Preparations prepared under the direct supervision of a Competent Pharmacist

After many years' study of the needs of the ladies of this Coast, La Verité Bazaar has been established, where ladies can find the latest novelties in recherché toilet requisites for the hair, face, hands and form.

LA VERITÉ MEDICATED VAPOR COMPLEXION BATHS

FOR THE FACE, NECK AND HANDS

A luxury hitherto unknown to the ladies of this city. By its gentle and soothing action removes from the pores the effects of poisonous cosmetics, rendering the skin smooth, white and soft, and preventing the formation of wrinkles. By its purifying and healing qualities will remove all imperfections, such as Freckles, Blackheads, Pimples, Moth Spots, and discolorations of the skin. We guarantee to do this, and failure money will be refunded. A skin as fine as a pivot-flower holds in its healthy state an amount of grease that requires heat to expand the pores to allow of the secretions being carried off. Is delightful and refreshing to take, you will be astonished at the soft, transparent effect achieved. Highly recommended by the medical profession.

**LA VERITÉ ALMOND CREATE
LA VERITÉ MILK OF ROSE AND ALMOND
A DELIGHTFUL FACE DRESSING**

Ladies' Hairdressing and Manicure Departments. Hairdressing, Dyeing, Bleaching, Brushing, Shampooing, etc. We furnish competent artists to attend ladies at their homes by the month or for special occasions. We most respectfully solicit a trial.

The California Colony in New York

Within some years past quite a number of San Franciscans have removed to the City of New York, and now form what is known there as the California Colony. It was not deemed by the publishers of the Blue Book that it would be complete without the names and addresses of these former residents, especially as many of them are at best only temporarily removed from their Pacific Coast homes. Accordingly these names and addresses have been secured and are here presented for the information of our readers, together with the names of Californians now resident in other Eastern cities.

Cosmos Club

Club Building, 317 Powell Street

The Cosmos Club was organized in 1881 and incorporated in 1883. The membership is extensive, and the number of Army and Navy members is greater than in any of the other Clubs. The aim of the organizers to keep this Club the most select in the city has been pre-eminently successful, and its position as such is generally conceded. Every three months the members have a banquet in their elegantly furnished clubhouse.

SOCIETY LIFE

It is an invariable rule with "Society that knows" when entertaining their friends to use the best of everything that can be procured. When you depart from that time-honored custom, you lay yourself open to very unpleasant criticism, and often from sources you would and should least expect. To command success, every detail must be looked into, the sending of invitations, the decorating of the rooms, the programme of entertainment, which must be varied and not too long, and last and not the least, the supper and refreshments, and when you reach that point procure the finest brands of Champagnes, Clarets and Sauternes, and you could not do better in that case than to make your selections at Em. Meyer & Co's, at Nos. 413 and 415 Pine street, where the best of everything in that particular line can be had—a fact well known to our Connoisseurs and Society leaders.

The Bohemian Club

Club Rooms, 130 Post Street

The Bohemian Club was organized April 1, 1872. It was instituted for the association of gentlemen connected professionally with literature, art, music, the drama, and to those having appreciation of the same. The membership is limited to 600. The "High Jinks" held on or about the last Saturday evening of each month is the distinctive feature of this Club.

Concordia Club

Rooms, Corner Post Street and Van Ness Avenue

The Concordia Club was organized in 1864. It is the principal Jewish Society in the city, and composed chiefly of wholesale merchants. The rooms are only open evenings and Sundays, and the entertainments consist of monthly and bi-monthly receptions. The regular meeting of the members is held on the first Wednesday of each month. The financial standing of the Club is excellent. They are now located in their new and elegant quarters as above.

The Olympic Club.

Rooms and Gymnasium at Alcazar Building, 120 O'Farrell St.

The Olympic is the oldest and one of the best athletic clubs in the United states. It was founded in 1869 and the history of the organization has been one of uninterrupted prosperity. The accommodations for members are unsurpassed. Although the building they now occupy is large and commodious, owing to the constant increase of the membership and the consequent addition to the funds, the club has contracted for the erection of a new building, to be owned by them, and which, when completed, will excel both in its size and appointments any similar construction in this country.

There are 17 Charter, 75 Life and nearly 1,300 Active Members.

The Club comprises about 160 members, including some of the most prominent people in the city. The grounds are conveniently located, under lease for 10 years, and have three asphalt courts, a clubhouse with dressing-rooms, shower bath facilities and reading-room; a driveway on the Bush street side enables carriages to enter the grounds. Tournaments are held in the Spring and Fall of each year, and on Saturday afternoons, Club day, games are always in progress.

The grounds are open every day in charge of a keeper; and visitors are welcome at any time.

NAPA SODA SPRINGS

The LEADING SPA

OF CALIFORNIA

Climate Uniform and Agreeable, Free from Malaria and Cold Sea Air, Health-Giving Natural Mineral Water, Natural Scenery Unsurpassed, Grand Mountain Landscape, Fragrant with Flowers, Health, Beauty, Satisfaction

For beauty of natural scenery, pleasant climate the year round, solidity of improvements and healthfulness of natural mineral water the noted NAPA SODA SPRINGS has no equal in the entire United States. Its natural advantages are rare and unsurpassed. Its pure sparkling springs of water, dry atmosphere, clear and balmy sunshine, even temperature, gentle breezes in the hottest seasons, varied and extensive views of mountains, plain and watered landscape and sweet aroma of fruit and flowers, make it a gratifying haven of rest for the pleasure seeker and a paradise for the invalid. Here the sojourners may treat themselves to most exhilarating Napa Soda Water baths—hot or cold—and drink the delightful natural beverage from fountains that flow on forever. The costly structures that adorn the premises are built of the solid rock, and will prove as enduring as the mountains on which they stand. Winter and Summer alike the place holds its charms and welcomes both the well and ailing. It stands on the mountain side one thousand feet above the valley. Oranges, lemons, palms, figs and olives, as well as other fruits and ornamental trees line its paths and beautify its broad acres, while the air is fragrant the year round with the incense of blooming flowers. The sunlight penetrates every sleeping-room, there are gas and water in every building, a music-hall for concerts and dancing, and billiards and ten-pin alleys for ladies and gentlemen. There is a fascination about the varied attractions of NAPA SODA SPRINGS that holds strangers and visitors by its charm and makes them bide at this point long beyond their allotted time. The place contains over one thousand acres and is a princely abode for pleasure-seekers as well as those in feeble health. OPEN ALL THE YEAR ROUND. Address,

HORD & KINZLER, MANAGERS

This New and Elegant Hotel was opened for the
Reception of guests December 1, 1890

It is unquestionably *the* hotel of the Coast. The building is owned and built by the Macdonough estate, and neither time, money nor labor has been spared to make the hotel meet every demand of its patrons. The architect was originally J. M. Wood, of Chicago, but during the last year the building has had the personal supervision of Mr. E. F. Preston, the attorney for the estate. The style of architecture is Romanesque—round towers at the two ends fronting Bush street. The material used in construction is pressed brick and terra cotta. The general appearance of the building is severely chaste, and its correct outlines are a pleasing contrast to the broken lines and projecting windows seen in the majority of houses in this city. The hotel has eight entire stories; the ninth is a half story in the towers, from which a magnificent view is obtained, and considered already the choice location in the house. The finishing throughout is in hard woods, selected especially for this purpose and cut quartering, which gives the most beautiful markings of the grain. The lumber was bought in Chicago, cut, polished and carved there and sent here ready for use. The ninth, eighth and seventh floors are finished in natural oak, the sixth and fifth in red birch, the fourth and third in sycamore, the second in bird's-eye maple, and the ground floor in antique oak. The furniture of the rooms is in woods to match the wood finish. The hotel contains one hundred and thirty-five guest rooms, fitted up in the most complete manner, all *en suite*. The walls are finished in stippled oils in the most delicate tints, selected to harmonize with the colors of the carpets, and blending from wall tint to a lighter shade in the ceiling. The effect is soft and subdued, and is an immense improvement on the usual white wall. The wooden mantels are of the latest style, and the rooms are lighted with handsome bronze electroliers, arranged for the burning of gas as well.

The bath-rooms connected with the apartments have tiled floors and porcelain tubs. The plumbing is of the most approved pattern, all piping nucased and the system of ventilation perfect. There is not a single dark or inside room in the house. On the upper floor is a spacious ball-room, with supper-room attached, and in the tower at the west end is a delightful sitting-room for ladies.

The *loggia*, or seventh floor, is so called from the small balconies on which the front windows open. This is one of the many inviting features of the new hotel. The balconies are reached through long French windows, with stationary glass either side, thus giving admittance to a generous supply of sun and light. Filled with

plants and trailing vines the little balconies will be miniature hanging gardens, and be a delightful lounging place on a summer afternoon or moonlight night. When ready for occupation the hotel will be furnished throughout. The carpets will be of the finest material—Wilton in the choice rooms, others and halls in Moquette. The reception and ladies' reading-rooms, on the second floor, which are finished in bird's-eye maple of a satin-like texture are model apartments. The furniture of the reception rooms and private parlors are covered with magnificent brocades and Aubison tapestries, and the reading and writing room is fitted up with all the concomitants that can be desired. At the east end of the second floor are the billiard-room and the private dining-rooms, finished in antique oak. In the center of the hall is the promenade or balcony, which overlooks the spacious lobby below, and where the hotel guests can enjoy a postprandial stroll without the trouble of going on the street.

On the ground floor, in the center of the building, is the main office, handsomely finished in antique oak. Across one end is an immense fireplace, with carved oak panels and pillars. At the different openings into the office are panels of oak two and a half feet wide and nine feet high with beautiful markings. To the right of the office is the gentlemen's reading-room finished in Moorish arches and oriental fretwork and on the left is the smoking room. The broad oaken staircase winds up from the side, and next is the elevator opposite which is a cozy reception room for ladies with a street entrance. This avoids the publicity of walking through the office. At the extreme left of these rooms, opening from hall and street, also from a rear hall in the hotel is the Cafe, 125 feet long, finished in oak with mirror panels and tiled floor. At the end of the Cafe there are two round windows or grills, back of which a band of music will be stationed during dining hours. The table service of the Cafe is the same as that of the Cafe Savarin, the best appointed in New York—Baccarat cut-glass, rolled china and silver service. The Cafe will be governed by the most stringent rules, no ladies unaccompanied by escorts being admitted after five o'clock. The management proposes giving San Francisco a Delmonico, so that anyone wishing the best can find it, something hitherto impossible, hence it will compete with nothing on the Coast.

The electric system is simply perfect: The lighting is from a plant in the basement of the hotel, where there are three 80-horse-power engines with 2,500 lights and also an arc-light machine. The dynamos are interchangeable, consequently the giving out of one cannot affect the lighting of the hotel, as the power will be at once supplied from another machine. In every room are return call-bells, one to the bell-boy's room on the same floor and one to the general office. Each room is also supplied with an automatic fire alarm. The danger from fire is rendered *nil* by the extreme precautions taken. In every hall are standing reels of fire hose, and the building is fire-proofed from floor to floor with concrete and iron lathing, so that no open space was left before putting up the partitions. There are also fire-escapes from the outside of the building.

The hotel will be under the management of Joseph Hord and A. F. Kinzler, who are thoroughly *au fait* in all matters pertaining to establishments of this kind, having many years' experience with the first houses of New York City. San Francisco will have for the first time a perfect hotel, built and furnished in the most complete manner—one that will challenge comparison with those of the Eastern cities, and of which the residents here may well be proud. The cuisine is of a peculiar excellence and service perfect.

DO YOU DEAL IN

REAL ESTATE

IF SO IT

WILL PAY YOU

to consider this. We can reach your present customers in a telling way, and we can tell what you may have to say to many prospective customers.

In our extensive development of our publication we have provided a department for REAL ESTATE. The announcements in this department will be preceded each by a full page

of carefully prepared literary matter suiting to the month and fitly prefacing the advertisements of this department.

To a **LIVE** real estate man to whom, continually, people are coming and offering property, a widely circulated publication like ours offers a special chance of reaching good investors.

BECAUSE it is widely circulated among **prospective** Californians from our **New York and Chicago** branch offices.

BECAUSE it is fascinating to these prospectors in its descriptive and illustrative matter.

BECAUSE it is vital to them in its **Time Tables** and other data, as matters of reference.

BECAUSE inviting preservation by its typographical and statistical merits, it becomes an active **immigration agent** in itself and cannot fail to attract attention to any wide-awake advertisement you may insert regarding Lands and Real Estate for Sale in **California** and throughout the **Pacific Coast**.

We therefore solicit your advertisement, submitting you herewith a sample fac-simile cover for

BANCROFT'S RAILWAY GUIDE

and requesting a prompt decision, that you may secure space therein.

The Portland Rowing Association

This Association is an incorporated institution, and its duration, in the Articles of Incorporation, is placed at fifty years. It was incorporated Nov. 13, 1879, and re-organized April 3, 1880. Its object is the mental and physical improvement and training of young men. It owns a fine boat house and a number of shells, pleasure boats, outriggers, etc., and among its membership are included the representative young men of Portland Society. During the summer the boat house is a favorite resort of all who like aquatic sports, and the club holds an annual regatta, at which prizes are competed for by the several crews which the club can muster.

The Concordia Club

This Club, which is the most prominent Jewish social organization in the city, was organized in October, 1878, and includes the best Jewish citizens of Portland among its membership. It is constantly adding to its list of members and is in a most flourishing condition; a project is now on foot to erect their own building. The present club-rooms, however, are handsomely fitted up and conveniently located in the Mulkey Block, corner Second and Morrison streets.

The Willamette Rowing Club

This is the oldest institution in the city, or for that matter in the whole north-west, whose object has been aquatic sports, especially rowing. The Club was organized in 1877. Among its prominent early members were Messrs. James Laidlaw, W. W. Francis, George Good, H. G. McDonald, James S. Reed, George Piper, K. Macleay and other gentlemen who have always been prominent in amateur sporting matters. Until 1889 the Club had always rented quarters with the different boat houses along the river, but last year built for themselves a very commodious and substantial boat house which at present is moored at the foot of Stark Street, near the Ferry Landing. Its position and means of access are the most convenient that can be procured. The house is illuminated by electric lights, has convenient dressing-rooms and bathing facilities, and being the most centrally located, affords what is very desirable in a Club of this kind, accessibility to its benefits and pleasures.

The Club possesses several four oar shells, one of which was built by the famous Salter Bros. of Oxford, England; and another is the lightest and fastest model which Waters Bros. have ever turned out. Also a number of singles and doubles.

Up to the present year the Club has fostered shell rowing, but has found it necessary with its largely increasing membership to add new pleasure boats, and this spring nearly a dozen have been added.

The entrance fees and dues of the Willamette Club are a very small sum in comparison to those usually demanded by Clubs of this character, the entrance fee being \$10.00, and the annual dues \$1.00 per month during the rowing season, and 50c per month during the winter.

Application for membership can be made to any of the Club's officers. The present membership of the Club is about 100, and its working force is greater than it has ever been. The Club aims to hold its regatta about mid-summer, when it offers prizes for its own members and also for outside competition. Several of the Willamette's members are also members of other boating associations in the city, but having cast their lot with the Willamette have maintained their allegiance to the old organization. The charter members of the Club are mostly Englishmen, and the membership has always been composed largely of Britishers and Colonials. The present Captain, Mr. Charles H. Gallien, is a New Zealander, and has had a large experience in amateur racing in that country.

It is rumored that during the coming winter the Club will build for itself a larger house with gymnasium and all possible accessories for a metropolitan boating Club.

The list of members below is the enrollment June 1, 1890.

The * Wasp

PUBLISHED BY

The Wasp Publishing Company 27 Main Street, near Market
* * SAN FRANCISCO

SAMUEL W. BACKUS, MANAGER

THE WASP is the Oldest Cartoon Paper in Colors in the United States, having been established in 1876, antedating all of the leading satirical weeklies.
 The motto of the WASP is

“ Independence, Candor, Point ”

Its aim is solely to amuse. It receives contributions of literary matter from all parts of the United States and gives its readers the best that can be had for money.

The WASP is a deadly foe of shams of all sorts and sizes, in and out of politics or society or anything or anywhere else. The WASP is never dull nor lazy nor sleepy, but keeps moving, and is not only up to the times, but occasionally gets a step or two in advance of the vanguard.

The WASP has now the largest circulation of any weekly paper published west of the Rocky Mountains and reaches every part of the Pacific Coast as well as every State and Territory of the Union.

The rapid increase in the circulation of the WASP during the past twelve months is the marvel of journalistic circles, and its improvement in all branches has been commented on by the press in glowing terms. It is now conceded to be the equal of *Judge*, *Puck* or *Life* in the matter of illustrations, and in its literary department it is the superior of any weekly paper in California. The WASP has three of the best canvassers in the country constantly traveling and visiting all sections of the Pacific Coast, advertising and circulating the WASP and rapidly increasing its already large list of subscribers.

THE WASP IN THE NORTHWEST

The WASP now has three of the best men in the profession traveling in its interests. We have extended our connections largely in the great Northwest and Oregon. Washington and British Columbia are being systematically canvassed for subscriptions to the *oldest* cartoon paper in colors in the United States.

Our circulation in that great and growing section is now much larger than *Puck* and *Judge* combined, as the WASP reaches them much earlier than the Eastern publications, and is greatly preferred by reason of the fact of its Western flavor and snap.

ILLUSTRATED PAPERS ARE RARELY DESTROYED

In most cases they are preserved and bound. Your advertisements are therefore seen more and read more than in any other class of papers and do PROTRACTED service.

The Inimitable Colored Cartoons, by Saulburg and Nappenbach, have given the "Wasp" a National Reputation.

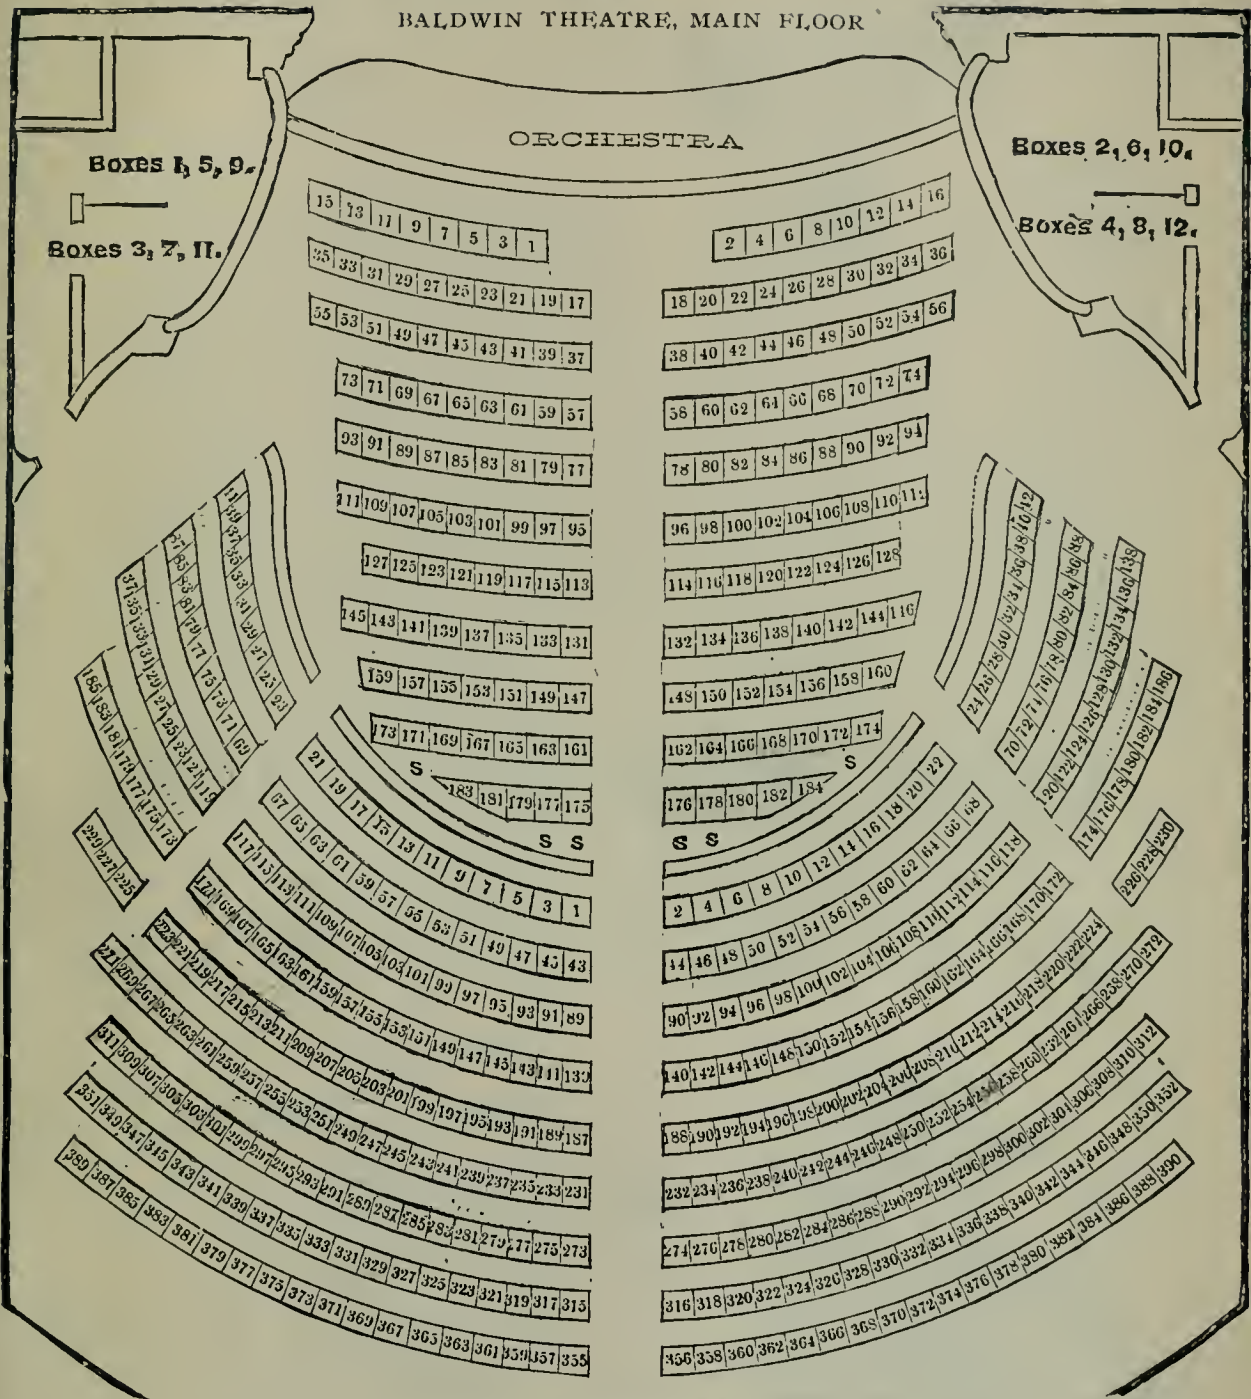

AS AN ADVERTISING MEDIUM

The WASP is without a RIVAL, reaching, as it does, every city and town in the United States, Canada, England and the Australian Colonies. It is the peer of any advertising medium in the world.

Subscribe for the WASP and you will get a hundred times the worth of your money in fresh, hearty and clean humor. Advertise in the WASP and you will duplicate your profits. Telephone No. 530.

KA-TI-LA CREAM

BALDWIN OPERA HOUSE.

San Francisco, April 25, 1890

I have much pleasure in giving testimony in favor of the KA-TI-LA CREAM which several of the ladies of our troupe have been using in the past eighteen months. When in Denver in 1889, *Miss Jesse Bartlett Davis*,

Miss Carlotta Malconda, *Miss Juliette Corden* and *Miss Josephine Bartlett* tried the cream and were so much pleased with it that most of the ladies and some of the gentlemen tried it, and with the most gratifying results. It softens the skin and removes all bad effects from the use of powders and cosmetiques which have to be used largely in theatrical business. It is also an excellent preventive for chapped hands or lips, and we find the greatest comfort in using it the last thing at night after facing a cold wind. I found it an excellent remedy for ear-ache and catarrh of the ear by just inserting in the ear on a little cotton.

THE CHARM

of music doubtless depends upon the "savage" who plays as certainly as upon the one to be "soothed". Of course some people "strum," and never will be musicians; others delight in musical study and to these, anxious to secure in Church, School-room or Home a first-class Piano or Organ, we offer our assortment of Beautiful Instruments at satisfactory prices.
