# REPORT OF THE SCHOOL COMMITTEE.

---

STATEMENT OF SCHOOLS, TEACHERS EM-  
PLOYED, ETC.

---

CENTER SCHOOL.

Vera A. Chapman.

No. of pupils enrolled	31
Total membership	30
Average “	25.3
Average attendance	23.4
No. over 15 years	1
“ under 5 years	1
“ between 7 and 14 years	17
No. of weeks school	34

Charles R. Burt, Louise A. Clapp, Evlyn H. Hathaway have neither an absent nor tardy mark during the year, and many of the other pupils have lost but two or three days, which shows that the parents of the children have been interested in the school as well as the children. The teacher has also been much interested in the pupils and several have this year entered the higher grade schools.

### NORTH EAST.

Mabel L. Flint.

No. of pupils enrolled	13
Total membership	12.55
Average “	12.13
“ attendance	10.8
No. of pupils over 15 years	0
“ “ under 5 years	0
“ “ between 7 and 14 years	13
No. of weeks school	34

This is the first time in many years that there has not been any in the school not absent nor tardy, and some years there have been several. Many of the pupils have been kept at home on account of the scarlet fever, but by prompt care on the part of the parents it was prevented from becoming an epidemic through the school.

## LOUDVILLE SCHOOL.

Mary C. Powers.

No. of pupils enrolled	35
Average membership	29.31
“ attendance	26
No. of pupils over 15 years	3
“ “ under 5 years	0
“ “ between 7 and 14 years	26
No. weeks school	36

Irving Vias has been absent but one half day and has no tardy mark. Alice Connolly has but one day absent and no tardy mark. There has been quite a saving to the town in the cost of maintaining this school during the past year and we feel highly pleased in securing a teacher who has given so good satisfaction to take the place of the former teacher who has done such thorough and successful work for so many years.

## HILL SCHOOL.

Louisa W. Congdon.

No. of pupils enrolled	15
Average membership	12.50
“ attendance	11.66
No. of pupils over 15 years	0
“ “ under 5 years	1
“ “ between 7 and 14 years	10
No. weeks school	34

Raymond S. Bartlett and Mary Graves have but one

day absent on the register and only one tardy mark each. Several others have been absent but two or three days and have no tardy mark. Some pupils have been transferred to other schools which make the difference between the number enrolled and the average membership.

### NORTH-WEST SCHOOL.

Flora E. Torrey.

No. of pupils enrolled	15
Average membership	10 67
“ attendance	8 95
No. of pupils over 15 years	0
“ “ under 5 years	0
“ “ between 7 and 14	13
No. of weeks school	34

We have been very fortunate in securing as comfortable a place for this school after the schoolhouse burned, and the delay was only for a few days. The location was so near the center of distance that none of the pupils were greatly inconvenienced.

### SOUTH SCHOOL.

Flora B. Collins.

No. of pupils enrolled	14
Average membership	10 59
“ attendance	9 60
No. of pupils over 15 years	0

No. of pupils under 5 years	0
“ “ between 7 and 14 years	13
No. of weeks school	34

There has always been more damage done to this school-house than to any other in town. For the past season the teacher has been more or less troubled by some one, who had a key to the door, going in and erasing work she had put on the blackboard for the next day and putting on characters that were a disgrace to the ones who did it. A new door has been put on and a different lock.

The balance in the treasury will all be needed to pay the running expenses of the schools through the remainder of the school year, and, as the treasurer has already stated, can be used for no other purpose. We have received from the state a blank requiring us to state every item for which the state money has been used, and unless the whole amount can be accounted for it will probably affect the amount which the state has given the town.

The selectmen, together with the school committee, met at the place where the old schoolhouse stood, and after examining the grounds around that and the ground on the other side of the highway finally decided that the site where we have located the new building was nearer the center of travel for all who have pupils to send and much better protected from the wind.

We have now a building sufficiently large to accommodate all the pupils, and should the town ever conclude to sell any part of the lot bought of Mr. F. N. Kneeland they can reserve enough land for a large play ground for the pupils. Mr. Hathaway has also given us a right to a very nice spring of cool water only a short distance from the schoolhouse and we feel that the town is very fortunate in being able to procure so good a location.

# REPORT

OF THE

## Superintendent of Schools

---

*To the School Committee:*

*Gentlemen:—*

I respectfully submit the annual report of the Superintendent of Schools for the past year.

At the opening of the schools in September there were few changes in the teachers. The teachers who have not before taught in town are:

TEACHER	SCHOOL	WHERE EDUCATED
Eva M. Smith	Center	Framingham Normal
Ruth J. Bridgman	Northwest	Northfield Seminary

The following statistics are taken from the reports of the teachers at the close of the school year 1907-1908, ending last June:

## REPORT FOR 1907—1908.

School	Whole Number	Average Membership	Average Attendance	Per Cent. of Attendance
Center	31	25.30	23.40	92
Hill	15	12.50	11.66	93
South	14	10.59	9.60	90
Northeast	13	12.13	10.80	89
Northwest	15	10.67	8.95	83
Loudville	35	29.31	26.00	88
Totals	123	100.50	90.50	

The report from Loudville includes the pupils from Northampton and Easthampton.

The Loudville school has been under the control of the Westhampton School committee for the year which this report covers. According to an agreement, the annual expense of maintaining the school is divided among the towns of Northampton, Easthampton and Westhampton in proportion to the number of days of attendance by the pupils of the three towns.

## ATTENDANCE FOR 1907—1908.

Westhampton	2146 days.
Northampton	2032 “
Easthampton	373 “
Total	4,551 days.

The cost of the school for the year was as follows:

5 tons of Coal from Northampton	\$34 75
Supplies, Easthampton	29 86
Janitor	10 00
School's share of instruction in music	25 00
Teacher's salary	360 00
Wood	3 00
School's share of Superintendent's salary	9 08
	<hr/>
Total	\$471 69
Westhampton's share of expense	\$222 42
Northampton's " " "	210 6
Easthampton's " " "	38 66

There has been no change in the general character of the work. As in the past, we try to make a constant improvement in the standard of the schools, and to put especial emphasis on the studies that seem to be of the most importance to the pupils. Several pupils expect to enter high schools next September.

Respectfully submitted,

W. D. MILLER
