PRICE FIVE CENTS

VOL. 62 NO. 141

VICTORIA, B. C., THURSDAY, JUNE 14, 1923

C. P. R. TO PROCEED WITH CONSTRUCTION OF TERMINAL BLOCK

Imposing Office Structure to Be Built on Belleville Street Will Cost \$200,000 and Will Conform In Architectural Beauty With Government Administrative Pile and Empress Hotel.

In conformity with plans laid down several years ago, the Canadian Pacific Railway proposes to shortly go almad with the construction of the new marine terminal building on Belleville at

Definite confirmation of the company's proposals relative to the new building could not be secured to-day in view of the fact that Capt. J. W. Troup, manager of the C. P. R. coastwise steam-

ship services, was out of the city.

It was learned in authoritative quarters, however, that the company plans to proceed almost immediately with the handsome new terminal, the designs for which were prepared several years ago. The building will cost in the neighborhood of \$200,000.

Rotarians Map Out Plans for

Modern T. B. Institution

Here

Imposing Setting.
F. M. Rattenbury, who designed the Provincial Parliament Buildings and the Empress Hotel, which provide such a magnificent architectural setting at the head of Victoria's Inner Harbor, is the designer of the new Canadian Pacific terminal build-

ing to be erected here.

The imposing panorama will be completed with the erection of the fine building which the C. P. R. plan to construct in connection with its steamer terminals at this port. Cast Stone Construction.

The C. P. R. building will be four stories, with three stories rearing from the Belleville Street front, and will be constructed of cast stone, according to the present plans.

All the administrative offices of the B. C. Coast Steamship Service of the Canadian Pacific Railway will be housed in the new building, which will be erected on the site of the existing two-story frame, structure.

Organizated Appeacaches.

Plans for establishing a thorsurvivors to immigration officials when the craft was brought into quarantine to-day.

Three of the fifteen Chinese survivors were taken to the hospital at Ellis Island. The remainder were detained pending an investigation.

Organizated Appeacaches.

will be erected on the site of the will be existing two-story frame structure.

Ornamental Approaches.

The original plans called for the beautifying of the approaches to the beautifying of the approaches to the by, the construction of ornamental concrete overhead approaches linking up the wharves.

The new building will be of the most modern type and of fireproof construction.

The appropriations for the construction of the building were made some time ago and the plans are complete.

It was reported hers to-day that the C. P. R. planned to commence construction of the building within few weeks.

It was reported hers to-day that the C. P. R. planned to commence construction of the building within few weeks.

In the first report of the affair, given by one of the Chinese who acted as spokesman, to immigration officials who went out to the craft, no mention was made of the battle reported in the dispatch above.

Under the plan proposed, Botarian Dr. The Rotary Club, he asserted, was the logical organization to sponsor the stablishment of such an institution. Under the plan proposed, he said, it would be possible through the clinic to conduct an extensive tuberculosis and an interpreter was summoned.

It was reported hers to-day that the C. P. R. planned to commence construction of the building within few weeks.

In the first report of the affair, given by one of the Chinese who interest the club to-day. The Rotary Club, he asserted, was the logical organization to sponsor the seal, it would be possible through the clinic of ound nothing of cargo or papers, the world was made of the building within the conduct an extensive tuberculosis, he last the construction of the building within the conduct an extensive tuberculosis, he last twenty Chinese had bargained with the owner of the sea.

It was stated by the Chinese spokesman that twenty Chinese had bargained with the owner of the sea.

QUEBEC VILLAGES DESTROYED BY FIRE

Two Wiped Out; Several Sawmills Elsewhere Burned

Forest Fire Losses Also in New Brunswick

Quebec, June 14 .- (Canadian Press)-Two villages completely wiped out, several sawmills and probably a couple of dozen or more houses burned down, farms ruined and sheds by the score Sir reduced to small heaps of ashes, farm implements destroyed and mmense tracts of valuable timberland laid waste, represent, Sir Arthur Conan Doyle arrived in the chief losses due to forest fires in Victoria to-day with his family in

last reports that it was impassable. The fires which have been burning from Stockholme, Me. toward the St. John River, have come within two or three miles of the New Brunswick boundary. Industry in the entire district is at a standstill.

Every available man in the northern country is engaged in fighting the fires.

VOLCANOES OF ITALY ARE ACTIVE

Naples, June 14.—The eruption of Mount Vesuvius continues intermittently, the voicano going through short periods of rest followed by hours of violent activity. The same phenomenon is occurring at Stromboli. The high cone of that voicano, especially during the night, seems to be the centre of a gigantic fireworks display? Similar activity is also taking place in Mount Etna.

Polish Ship With 200 Youths Aboard Overdue at Havre

Havre, June 14.-Fears are entertained for the safety of the Polish training school ship Levow, with 200 midshipmen aboard. The vessel is overdue here twenty-four hours.

A terrific gale, the most severe in many months, is causing interruption to the ferry service from Havre to Dover and Trouville, across Havre Roads,

NINE KILLED IN BATTLE ON SHIP

Three White Men, Negro and Five Chinese Lost Lives Plot Had Been Made to Land Chinese in U. S.

New York, June 14.-The crew of four men and five Chinese passengers missing from the two-masted British schooner Mary Beatrice of Nassau, which was found drifting off Sandy Hook last night, were killed in a battle of pistols and axes, ac cording to stories told by the Plans for establishing a thor- survivors to immigration offi-

would be possible through the clinic to conduct an extensive tuberculosis to survey and "build a wall around every tubercular case and look after him until he is able to look after him until he is able to look after himself."

In the treatment of tuberculosis, he pointed out, it is often necessary to give assistance to the patient's dependents. This work could be carried on through the clinic organization, he stated.

"The ignorance of the people on health matters is appalling," Dr. Hall declared. "Magic words, hyppotism, trickery and other mediaeval methods are still used."

"The tubercular accommodation at the Jubilee Hospital now is inadequate," Dr. F. M. Bryant stated. He told of the needs of the hospital in the treatment of tuberculosis and urged the Club to undertake the clinic scheme.

Arthur Conon Doyle Is C. HOWARD SMITH Visitor to City With MAY BE PRESIDENT Family

Attend Banquet of Manufacturers

Toronto, June 14.—The election of C. Howard Smith, of Montreal, as president of the Canadian Manufacturers' Association for the ensuing year is regarded as a "practical certainty this morning. Mr. Smith was first vice-president last year. The election will take place at moon and the results will be announced later in the day.

This morning the convention heard the reports of the commercial intelligence and educational committees. There were also addresses by leading exporters, followed by the discussion of amendments to various by-lays. To-night, under the chairmanship of the newly-elected president, the melligence of the association with the mellight. Colonel Harry Cockshutt, Lieut.-Governor of Ontario; Hon. Sir George Fuller. Premier of New South Wales; Hon. H. S. W. Lawson, premier of Victoria, Australia; Hon. G. P. Graham, Minister of Railways and Canale; R. W. Dalton, senior British trade commissioner in Canada, and J. R. Shaw, past president of the association.

2,469 EMPLOYEES OF RAILWAYS IN ITALY DISMISSED

Rome, June 14.—Premier Mus-solini's policy of retrenchment and economy was drastically continued to-day when 2,469 railroad men-were dismissed. Some had reach-ed the age limit and some were adjudged inefficient.

LADY MARY CAMBRIDGE BECOMES MARCHIONESS OF WORCESTER

London, June 14.—Lady Mary Cambridge, a niece of Queen Mary, and the Marquis of Worcester were married to-day in St. Margaret's Church, Westminster. The King and Queen, Queen Alexandra and many other notable persons were present.

The Marquis of Worcester is the heir of the Duke of Beaufort, of Badminton Clausesterships.

BRITAIN AWAITS RUHR REPLY FROM THE FRENCH

Paris, June 14.-A note from Lord Curzon, British Foreign Minister, asking what was meant by "passive resistance" with regard to Germany's attitude in the Ruhr district and whether if there were a cessation of such resistance the French would be Ontario. Nomination day in the willing to modify the Ruhr occupation, was before the French rural and urban ridings in the Cabinet when it met this morning.

It was indicated after the meeting that there probably would be no response for a day or two.

> LIFEBELTS FROM BIRMINGHAM CITY **FOUND OFF COAST**

Two lifebelts marked "Birmingham City, of New York," were found yesterday at different points near Pachena, west coast of Yancouver Island, according to news reaching The Times to-day from Banfield.

The belts were in good condition and did not appear to have been long in the water, it was reported.

The freighter Birmingham City is operated by the Isthmian Lines between New York and British Columbia ports.

She left Vancouver on May 26 last for London Liverpool and Avonmouth via the Panama Canal.

It is possible that the belts may

of tracks washed out,

bridges down, farm buildings

bridges down, farm burnings burned by lightning in the midst of a torrential downpour, traffic on the Canadian National disrupted, and growing crops rooted out by the storm. No report of loss of life has been received.

McDonald in the Supreme Court this morning: Frederick Richard Marshall, a returned soldier farmer of the district is suing the Wawanesa Mustual Insurance Company, of Wawanesa, Manitoba.

J. B. Clearihue with W. T. Straith appeared for the plaintiff, and H. B. Robertson, K.C., for the defendant.
Plaintiff sues to recover the amount of a fire assurance policy on a frame dwelling used as a barn, and produce destroyed by fire, July 6, of last year, the claim totaling \$1,000. The defendants paid intocourt \$29,05, the value of the chattels.

Counsel for plaintiff said plaintiff, a returned soldier, filled in a blank application form with an agent of the company, in September, 1921, for insurance on his house, barn and contents of the barn after telling the agent that the property belonged to the Land Settlement Board and the Board had insurance on the house. The policy came back with plaintiff was property and the Board had insurance on the house. The policy came back with plaintiff was properly came back with plaintiff was properly came back with plaintiff was properly selected the Sands Funeral Parlors held at the

insurance on his house, barn and contents of the barn after telling the agent that the property belonged to the Land Settlement Board and the Board had insurance on the house. The policy came back with plaintiff named as owner. The agreement of sale with the Land Settlement Board calls for insurance to the full amount of buildings on the land.

Signed Blank Application.

Defendant stated that when the agent called they viewed the barn and furniture in the house and estimated the produce, set a two-thirds value on it which was the amount the company insured for and he agreed to insure for that amount. He filled in a blank application form which the agent said he would fill in at the end of the day. He told witness he was short of application forms but would send him a copy. He never received a copy. In the fire which swept the settlement the barn and the produce was a total loss. The house and furniture was not destroyed.

Alien Property Custodian

Ottawa, June 15.—The disposal of shares in Canadian contonaires which were selzed by the Custodian of Alien Property of the United States during the war period may be decided by a test case in the Canadian courts, to which the United States would be a party.

Right Hon. Arthur Meighen questions for Lomer Goulin, Minister of Justice, in the Commons yesterday afterneon regarding his recent visit to Washington.

Sir Lomer eaid the object was to press for the settlement of Canada's claims against the United States in reference to the seizure of certain properties by the Custodian. The Canadian Government had been advised to try and settle the matter without litigation and with this end in view the Canadian representatives had conferred with the Secretary of State of the United States.

It had been agreed that the United States would be a party to a test case in the Canadian courts if it were decided to make one. It was the intention of the Government to proceed with the matter along these lines.

Sir Lomer explained that the certificates seized by the Alien Property Custodian of the United States, were shares and bonds of Canadian companies which were owned by enemies residing in Germany and deposited with different institutions in the United States.

Agreement.

"It was agreed," said Sir Lomer, "that to expedite matters we were to institute one or two cases in Canada, assigning one or two companies to appear before such court to be instructed to deliver to the Canadian should be given to the later of the United States.

Training of Missionaries

The report stated that much more attention should be given to the

United States.

"It was agreed," said Sir Lomer, "that to expedite matters we were to institute one or two cases in Canada assigning one or two companies to appear before such court to be instructed to deliver to the Canadian Government certificates for the same stocks. The United States Government would appear so that the judgment would be binding upon the United States Government and upon the company. This we found most satisfactory."

"On the whole," Sir Lomer concluded, "we consider that we have accomplished something and we hope that after a short delay we shall get the securities to which we are entitled."

educational system and to aim at high quality rather than quantity. Normal to sum at high quality rather than quantity. Normal to sum at high quality rather than quantity. Normal that to a limit, assigning one or two costs in Canada assigning one or two companies to appear of the report stated that much more attention should be given to the training of missionaries for the grow at present ill-equipped for the rather has been at the end of 1922 amounted to \$252,809, an increase of \$86,100 or this year. The fotal required to carrier you the work without expansion is \$613,669. The amount voted by the board at its meeting last October was \$564,066. This appropriation was still cruther reduced in February to \$490,000, an amount so inadequate that the missionaries were forced to appeal for a larger sum. In April the missionaries were forced to appeal for a larger sum. In April the missionaries were forced to appeal for a larger sum. In April the missionaries were forced to appeal for a larger sum. In April the missionaries were forced to appeal for a larger sum. In April the missionaries were forced to appeal for a larger sum. In April the missionaries were forced to appeal for a larger sum. In April the missionaries were forced to appeal for a larger sum. In April the missionaries were forced to appeal for a larger sum. In April the missionaries to appeal for a larger sum. In April the missionaries to appea

for 1923, thus making the total apportionment \$525,000.

While this extra grant gives relief, yet it will be necessary to sacrifice some of the work slowly built up," said the report. "Certain missionaries on furlough are being detained an extra year because of lack of funds; others whose furloughs are due are forced to remain in the field. "The cause is the unavoidable increase in maintenance of the work without a proportionate increase in contributions from the church in Canada. The remedy is obvious—greatly increased gifts from the membership of the church, every congregation raising its share," continued the report. "The inspiring opportunities should be sufficient challenge and plants are under way for telling the facts to the people in the confident hope that the response will be satisfactory, when the situation is understood. The board appeals to the whole church not to desert the men and women overseas, but to stand back of them loyally in their effort to procalim the principles and ideals of Christ."

HEATED DEBATE ON PROHIBITION HEARD IN TEXAS

Austin, Tex., June 14.—The Texas Senate practically repudiated the action of the House of Representatives in its stand against the New York prohibition enforcement repeal late yesterday, when it adopted a resolution declaring the legislatures of the various states have the right to pass such laws as they deem advisable without being subject to condemnation by the Texas lawmaking body. The vote on the resolution was 14 to 11 and followed a heated debate on the prohibition question.

SIR ARTHUR CONAN DOYLE.

Sherlock Holmes has delighted and captivated readers and playgoers of all ages in many parts of the world. His capacity to detect whether Dector Watson had taken his morning shave in an indifferent light, whether the absence of an important button betrayed the neglectful or absent wife, always interested his huge audience and held it spellbound until the disappearance of the last semblance of mystery in the case upon which he chanced to be engaged. Because of this seem- in the interests of the tuberculous. ingly intimate acquaintance which the people of Victoria, in common with peoples everywhere, ssess with this mythical and altogether extratending a cordial welcome to the great author and publicist who was responsible for his creation and the direction of his startling methods of crime

Sir Arthur Conan Doyle does not come to Vietoria to accept popular plaudits for his creative genius as exemplified by Sherlock Holmes. His visit to this continent is concerned with psychic research and his lecture this evening will undoubtedly reveal the distinguished author in a role for which many years of diligent study and thought have eminently equipped him. He will expect some in his audience to disagree with his theories in connection with the spirit world; many equally eminent men of different views have chosen to differ and to explain their reasons for so doing. But it can be set down that the conclusions which Sir Arthur has reached are not merely the result of an intelligent endeavor to get into touch with the "great beyond" for the sake of the sensation that it might bring to a mind and intellect already steeped in great scientific attainment; they are on the contrary the result of honest purpose in the cause of humanity in general. Consequently the sceptic will manifest a reverent respect for the opinions to which Sir Arthur gives expression, for the proofs in which he has the utmost faith, because he knows that the eminent author's great intellect has been seriously at

WHY ALL THE POTHER?

It is hard to realize why there should be so much turmoil in the City Council over the pro-posal for a simple reorganization of the civic ad-ministrative machinery. The Council is com-posed of hard-headed business men, who within the limitations imposed by an obsolete system have given the city a good administration. All that has been recommended in principle is the adoption of methods which every one of them would adopt, because he would have to, if he were running a private business establishment of the same magnitude. The proposal as we understand it is to appoint a controller who would be the permanent manager of the city's business, his posi-tion being analagous to that of the deputy head of a Government department. He would be the operating service. This would relieve the Council of much of the detail of administration and enable it to devote more consideration to matters of civic policy. It would establish a definite line of division between the legislative and administrative branches of our civic service, whereas they are now often confused with one another, and it would give a certain measure of continuity of policy in stead of the variations which now follow the yearly changes of our councils. We would imagine that this is what the Council would prefer in its own interests. Certainly no efficiently conducted Government department anywhere could be operated for a month on any other basis.

In view of the large number of tourists from Southern California who will come to Victoria and Vancouver Island points this Summer, it is of interest to learn from A. F. More, and it would been taken there should be no sentiment about dealing with the "fool" who deliberately jeopar-dizes his own and the lives of his workmates.

Mr. Manson has explained to the injured Senhage.

Mr. Manson has explained to the injured Senhage of our councils. We would imagine that this letter was not intended to cast any ators that his letter was not intended to cast any interests. Certainly no efficiently conducted Government department anywhere could be operated for a month on any other basis.

British Columbia the Council would prefer in its own interests. Certainly no efficiently conducted Government department anywhere could be operated for a month on any other basis. chief link between the Council, who actually con-

RUSSIA BACKS DOWN.

After a good deal of palaver and a tedious interchange of notes Great Britain and Russia can call themselves commercial friends once more. As we pointed out the other day, if Leonid Krassin could be given a fairly free rein in the process of negotiation many of the mistakes of his superiors at Moscow would be considerably minimized. It now transpires, and advices from London definitely indicate it, that his diplomatic tact has prevented what might have led to a very uncom

fortable situation between the two countries. Russia's climb down seems to have included her consent to remove most of the features of her campaign abroad and at home to which Lord Curzon maintained the stoutest objection. The offensive Weinstein hotes have been withdrawn and compensation will be paid in respect of the seized trawlers. On the question of Soviet propaganda a compromise seems to have been reached; but it provides for the removal of the chief of-fender from Kabul to another point. On the other hand Great Britain and the Empire in genother hand Great Britain and the Empire in general will take no part in designs that are hostile to the Soviet Government. In other words there shall be trading and good faith without pin pricks. If Russia keeps to her bargain it will benefit her and benefit Britain. If the former breaks her word she has everything to lose. The British Empire will not crack on Soviet bad faith.

A final understanding is a matter of consider

nasses of manual workers and proletarians in general are getting hot under the collar as they begin to see the width of the gulf that separates them from their own precarious mode of living and the comparative luxury in which the "ruling classes" live and move. No doubt Moscow has also perceived this.

DR. YOUNG HONORED.

British Columbians in general and the Provincial Government in particular will be gratified to learn that Dr. H. E. Young has been elected Vice-President for this Province of the Canadian President for this Province of the Canadian Tuberculosis Association. Apart from its meaning as a general recognition of the service which Dr. Young has rendered to public health the honor so conferred bears eloquent testimony to his active efforts in behalf of the tuberculous population of this part of the Dominion.

It would be an excellent thing if the Legislander of t

ture at its next session would take into consider-ation the work of the Provincial Board of Health and give authority for a larger appropriation. Under present conditions Dr. Young is obviously handicapped in his educative campaign by a stern necessity to look at every dollar before it is spent. While this may be quite right, since every possible economy is absolutely necessary; at the same time there is still a great deal of work to be done

We shall also hope that the Legislature will deal with the establishment of T. B. clinies in various parts of the Province. So far there is only one such free institution, and that was estabordinary person, they find especial interest in ex- lished and is operated by popular subscription. It cannot be argued that provision of this kind is not in the interests of economy. The preservation of the human asset is a highly important, in fact the most important, obligation imposed upon any government. To ignore it or only partially discharge it is poor business.

OBVIOUS.

One of our correspondents points out that it is useless for L. R. Steel investors to send good money after bad. He relies upon the judgment of the financial editor of Toronto Saturday

Night for this conclusion.

If it were not for the fact that some people do not seem to know when they have been bitten deeply enough we should have thought the reply to an inquiry which our correspondent quotes would been quite unnecessary. As it is it is just as well that those who do not seem in a position to look after their money should be warned again to keep what they have and "let it out for hire" only after they have been fully satisfied about the nature and worth of the investment offered to

We took occasion to point out some time ago that the prospect of improving the shareholders outlook in the case in question, by the payment of further money, was unfavorable. Our Toronto contemporary merely adds its opinion to

NOTE AND COMMENT

The Owen Sound Sun-Times says that one of Canada's most imperative needs is cheaper transportation. That's just what everybody says when the holiday season comes round.

We are told that there is nothing to worry about as far as Vancouver Island's coal supply is concerned. For the next three hundred years our fire places will be able to get local supply That lets us out.

Once more we are informed that Germany is almost ready to pounce upon France with a secretly trained army. Neither France nor any other country will be very much worried over this newest "sensation."

British Columbia the assistance it requires from such an honorable body.

OUR CONTEMPORARIES

TOO BAD HE DIED.

Saskatoon Star:—Sherlock Holmes is dead, says Conan Doyle. It's a pity someone can't persuade him the adventures of the great detective were much more entertaining than the spook chronicles his creator now gives the world.

GET DOWN TO BUSINESS

Vancouver Sun:—If Germany and France put as much hard work into honest consideration of the reparations problem as they do in vilifying each other and perpetuating hatred against each other, this reparations business would have been settled up peaceably long ago.

IRELAND CONSIDERABLY IMPROVED.

Ottawa Citizen:—The fact that President Cosgrave, or the Irish Free State addressed an open-air political meeting at Kilkenny on Sunday last is an indication that matters are assuming a more normal aspect in Ireland. For a president to have exposed himself a few months ago with irregulars amoushed in every nook and glen would have been to court disaster.

to the Soviet Government. In other words there shall be trading and good faith without pin pricks. If Russia keeps to her bargain it will benefit her and benefit Britain. If the former breaks her word she has everything to lose. The British Empire will not crack on Soviet bad faith.

A final understanding is a matter of considerable importance to the authorities at Moscow at this stage. There are already murmurs that the WHY NOT REVIVE ARBOR DAY?

shortly for the International Typographical convention at Atlanta,
Georgia, to which Mr. Gallup is a
delegate.

Most of the roads in Washington
and Oregon are paved better than
that in California, they think, but in
the Golden State with new construction there is a tendency to considerable improvement. That improvement has been accelerated by the decision to impose a tax of two cents
per gallon on gasoline. As a consequence the road programmes in California are developing, and the paving is being widened out in many
places. There is still a stretch of
macadam from Redding, Cal., to the
Oregon line to be paved, but the surface is in good shape.

Their tour, Mr. Moore stated, has
been greatly simplified by the splendid organization of the Southern
California Automobile Club, a powerful organization with a membership
of 200,000, which gives considerable

California Automobile Club, a power-rul organization with a membership of 206,000, which gives considerable benefits to its members, and supplied strip maps covering the whols route. This service is to be repeated when Messrs. Moore and Gallup so East overland to Atlanta in the near future.

future.

Mr. Moore said travellers on the Pacific Highway would welcome the steady progress made in the replacement of temporary by permanent bridges, which would be of great

Arrangements for the dinner and dance to be given at the Chamber of Commerce Auditorium Friday evening by the Civil Service Association in honor of Queen Dora Rolls are now complete. All the queens of the Frolic and their maids of honor have been invited to attend. Tickets may be obtained from members of the Social Committee of the Civil Service Association.

The function is one to honor Miss Dora Rolls who carried the colors of the Civil Service in the recentrace for the Maytime throne. Her reign, though brief, was attended by every felicity, and her seccession from the throne, say her supporters, will be marked with every regal.

WELCOMED TO-DAY

Miss Bina M. West and Big Party Entertained at **Butchart Gardens**

Butchart Gardens

Representative of one of the biggest organizations of women in the world with its 300,000 members, delegates of the Women's Benefit Association, more familiarly known as the "Maccabees," arrived in Victoria to-day from Seattle. Mrs. Lillian P. Hodgson, Provincial Deputy, Mayor Hayward, and Mrs. Jacklin, commander of Review No. 1, and Mrs. Emma J. Garrett, collector for the same Review; Mrs. Bloor, commander of Review No. 11; Mrs. Stevens, commander of Review No. 13; Mrs. Ritchie, collector of Reviews, Nos. 11 and 18; Mrs. Laing, commander of the junior branches of the three Reviews; and Miss Reid, president of the Girls' Summer Camp Club, were among the local committee which greeted the visitors at the wharf. The afternoon was taken up with a visit to the Butchart gardens and other beauty spots.

Pageant in Seattle.

The successful convention of which the final sessions are to be held in

The successful convention of which the final sessions are to be held in this city to-morrow have been conducted in Seattle during the past few days. The Seattle Times thus describes the pageant which was the outstanding feature of the Seattle programme.

scribes the pageant which was the outstanding feature of the Seattle programme:

"While a score of uninvited gentlemen sat in the galleries and marveled at the sight, 500 women and girls put on a gay and colorful pageant in the Arena yesterday afternoon, forming the feature of the Women's Benefit Association's state meeting here. More than a thousand women, members of the association from Seattle and over the state, watched the pageant from reserved sections of the huge auditorium. "Under the eyes" of Gov. Louis B. Hart, Miss Bina M. West, supreme commander of the association and representatives of the national association, costumed women and girls unfolded in allegory the history of the association, costumed women and girls unfolded in allegory the history of the association, Governor Hart made a short address of welcome. "Nations, represented by women in distinctive national dress, states, territories and provinces, represented by attractive girl trumpeters, led by "Miss America" (Dr. Edith V. C. Moore, Seattle), and Miss Canada" (Mrs. J. R. Wallace, Vancouver, B. C.), opened the procession.

"Stages in the career of the Women's Benefit Association, from its foundation in 1892 to, the present were represented by groups of women. Preflapper periods were depicted by women garbed in hourglass waists, fiy-away hats, full trailing skirts, princess gowns that fitted like gloves from neck to wrist and Merry Widow hats.

"The present period, opened by two girls clad in khaki, followed by war nurses and black-creped war mothers, showed the association's srowth to its now more than 270,000 membership. The membership of some 19,000 juniors was represented by groups of little girls costumed as rosebuds.

"A display drill, performed by teams of women clad in cream and gold uniform capes and skirts and

Tacoma, are registered at the Empress Hotel.

Messrs. Austin C. Taylor, and A. McQueen, of Vancouver, are staying at the Empress Hotel.

Mr. and Mrs. John J. Donnelly, of San Diego, California, are registered at the Empress Hotel.

Miss Dot Riddell, of St. Joseph's Hospital, is spending her vacation visiting with friends in Vancouver, Mrs. C. S. Pearson has returned to Sardis from Victoria after a three weeks' visit with her brother.

Besides being a great success financially the dance proved most enjoyable and many congratulations were received by the convenex, Mrs. Frank Cashell, the energy president of the Victoria Liberal saccolation, and Mr. Morant, Crackeell, the energy of Heaven, were received by the Casumast Brackeel and the Society was in charge of t

Has No Fear of Ghosts, Spectral Hands and

Every step that Sir Arthur Conan Doyle has taken in the field of psychic research has been followed closely by Lady Doyle, who arrived In his opinion she is possessed of the rarest mediumistic powers. Sir Arthur must invariably work through a medium, while his wife, possessing mediumistic powers of her own, claims to have direct communication with the other side. She is a persis

a perpetual spring of happiness, en ergy and youth. It is not the grim or horrible thing one might imagine plasmic faces they are so sure they see. Their children—Denis, Malcolm and Jean, aged fourteen, twelve and ten-prefer the family seances to anything else in their young lives. And this does not exclude their plea-

And this does not exclude their plea-sure in the Sherlock Holmes stories.
"Our children could teach the clergymen of to-day a whole lot," Lady Doyle remarked proudly as Denis, a big, healthy-looking lad, re-sembling his father, came into her room to kiss her goodby on his way to the "movies." Their children go-everywhere with them. At each of Sir Arthur's lectures three eager young faces can be seen in a box watching the tall figure on the plat-form.

Home Loving Woman

Home Loving Woman.

Lady Doyle is a home-loving woman, with a sweet, charming manner, and velvety eyes that are soft until some one attacks her husband or his cause. They flame with indignation as she takes his part. Sir Arthur rarely replies to criticism. He is tolerant and remote from it. But his wife, quick and sensitive, cannot bear to listen to the attacks of those who never have given the question a moment's study.

"Far from overstating his case, my

or nurse. It was stated that in 1920, one district in Alberta had had an infant death rate of 150.4 per 1,000, and upon examination, it had been found that of 525 births in the year, there had been no physician present at 487.

GAVE CERTIFICATES AT STRAWBERRY VALE W. I. GARDEN PARTY

W. I. GARDEN PARTY

The grounds of the Mental Home, Wilkinson Road, was the scene of a most enjoyable garden fete yesterday afternoon organized by the Strawberry Vale Women's Institutes. Dr. Warnock, Deputy Minister of Agriculture, opened the affair at 3 o'clock in the presence of many interested patrons. The attractive stalls did a brisk business.

An interesting feature was the presentation by Dr. H. E. Young of certificate and prizes to members of the Little Mothers' League and the Home Nursing and Hygiene class of the Institute, Certificates were presented to the following Little Mothers' League members: Jessie Lytle, Marjoris Fink, Kathleen Greenwood, Winnie Greenwood, Dorothy Cummings, Mary Cudemore, Margaren Hardy, Helen Cochrane, Jean Murray, Ida Knowles, Lillian Rolands, Elleen Bennett, Marie Fisher and Dalsy Bell. Miss, Dalsy Bell received the first prize for 100 per cent proficiency and Miss Jessie Lytle the second. Members of the class of the institute receiving certificates included Mrs. Fiora Cummings, Mrs. Minnie Jones, Mrs. Maria Bennett, Mrs. Alice Foster, Mrs. Cochrane, Miss Phyllis Cummings, Miss Winnie Greenwood, Mrs. Annie Williams, Miss Doris Greenwood, Mrs. Val Boyd, Mrs. Jessie Hall, Miss Marjorie Foster.

Hatley Park and "Gonzales" Garden Parties Aided Deserving Causes

Yesterday's cool breezes and cloudy skies proved little deterrent to the success of the two garden parties staged for the philanthropic work of two active organizations and supporters of both causes were generous in number. A crowd estimated from the gate receipts at over one thousand journeyed out to Hattey Park to enjoy the beauties and, in cidentally, to swell the funds of the Florence Nightingale Chapter, T. O. D. E., while enthusiastic supporters of the work of the Ladies' Guild for Sallors leaf their patronage to the delightful affair staged in the lovely old gardens of "Gonzales." St. Charles Street.

A Beauty Spot.

Tally-ho, jitney and private car had its place in the stream of traffic working its way to Hattey Park.

A Beauty Spot.

Tally-ho, jitney and private car had its piace in the stream of traffic wending its way to Hatley Park. Throughout the afternoon the visitors feasted their eyes on the panorama of beauty unfolded in this fine estate. The Japanese garden, rose gardens, the formal Italian garden and the wild section vied with each other in appeal, while the magnificent seascape of lagoon and distant hills presented an every-varying charm.

The model out-buildings, including the spotlesg dairy with its shining and up-to-date sanitary equipment, and the stables with their modern arrangements, attracted many visitors, both old and young. When the ocular attractions began to pall, the inner man found delicious refreshment in the "Bound House" where Mrs. Catterall and a bevy of untiring assistants dispensed "the cup that cheers." Mrs. H. F. Crowe, the regent, acted as general convener, and Mrs. Kyrle Symons and a group of the members presided at the gate.

Facts about non-skid tires on all four wheels

THE dream of every tire engineer has been to produce a tire with the traction of a non-skid tread combined with the steering ease of a plain tread. In Dominion Royal Cord Tires that combination

On the rear wheels Dominion Royal Cords give all the traction and holding power against side slip that a non-skid tread can give.

On the front wheels the Dominion Royal Cord tread runs straight and true without "climbing" ruts or crowned road bed.

You can increase your mileage by the interchange of tires, front to rear, when the latter become worn; you have no steering trouble and you have the better appearance of a uniform set of tires.

To these advantages add the extra dependability and er service — without extra cost — which you get in

\$11,800,000 FOR Hon. J. A. Robb, Minister of Trade Hon. J. A. Robb, Minister of Trade and Commerce, admitted there had been congestion last year at the eastern ports toward the close of the season. He reminded Mr. Millar there had been discrimination in freight rates in the upper lakes long before congestion occurred. As to the question of diverting ships from Montreal to Quebec, the Minister pointed out that the shippers could route their grain where they thought best, and shippers had experience of Quebec elevators in former years not very profitable to them.

Commons Approves Appropriation for Construction Work

Cost When Completed Will Be \$80,000,000

Ottawa, June 14.—An estimate for construction work on the Welland Ship Canal for the current year, amounting to \$11,800,000, was approved by the Commons after an

Ottawa, June 14.—An estimate for construction work on the Welland Ship Canal for the current year, amounting to \$11,500,000, was approved by the Commons after an hour's debate.

Will Cost \$80,000,000
T. L. Church, Conservative, Toronto North, asked when the canal would be finished.

Hon. G. P. Graham, Minister of Railways and Canals, stated that no section of the canal was yet completed. About \$34,000,000 had been expended so far and the cost would be \$80,000,000 altogether. It was expected the cunal would be \$80,000,000 altogether. It was expected the cunal would be completed in 1927.

W. M. German, Liberal, Welland, urged carrying the canal through to tide water. The Government should approach the United States Government to discuss the feasibility of the St. Lawrence Deep Waterway, he said.

To East End of Lake Ontario

sproach to United States Government should approach the United States Government to discuss the foasibility of the St. Lawrence Deep Waterway, he said that a cost of not said that a cost of not J. T. Milliar, Frogressies, Qu'Appelle, and the completion of the Well-land Canal would enable large lake and the completion of the Well-land Canal would enable large lake the said that a cost of not less than \$80,000,000 for the Well-land Canal would enable large lake the said that a cost of not less than \$80,000,000 for the Well-land Canal would enable large lake the season of the State and the completion of the Well-land Canal in the said that a cost of not season and the said that a cost of not less than \$80,000,000 for the Well-land Canal in the latter race all types will be sent. present, said Mr. Millar.

Large contracts had a queer way of doubling and trebling themselves, continued Mr. Millar, and here they had one that looked as if it would, leafore completion, reach three times the figure of the original estimate. He could not see why certain members anticipated getting so much benefit from the opening of the Welland Canal. The Minister had asserted that a request for the speeding up of the work had come from prairie farmers, but his (Mr. Millar's) party, which was in touch with the farmers of the prairies, had heard no such claim made.

A very little study of the facts would convince members that the time when Fort William would become an ocean port was far removed, be said if they ninned.

time when Fort William would become an ocean port was far removed,
he said. If they plunged hurriedly
into the opening of a St. Lawrence
route, they might find themselves in
the same position as they did with
the Welland Canal.

In conclusion, Mr. Miliar advised
the Government that if there was a
bumper crop on the prairies this year
elevator capacity at Montreal should
be increased and floating elevators
provided to transfer grain from one

Cuticura Heals Face Disfigured With Itchy Eczema

"Ecsema broke out in watery pimples on my face and head. Later my cheeks and head became so bad that they were covered with large scales. The itching and burning were so severe that I could not sleep at night. My face was badly disfigured. My hair became dry and lifeless and fell out so that I had to have it cut off close to my scale.

VICTORIA YACHT CLUB HAS NEW STAR YACHTS

Will Compete For Pacific Coast Championship on July 1 at Vancouver; Successful Year Anticipated; New Members Wanted; Three New Star Models Completed by R. S. Stephens Have Successful Trials

The yachting season this year for Victoria Yacht Club is going to be a most successful one. Three new Star model yachts of the latest type have recently been completed for members of the club and will be entered this year for the Pacific Coast championship.

These three new yachts of the new popular design, which the Seattle and Vancouver clubs have also had built, have already shownspeed in regattas. Official and unofficial trials have been given them and they have shown up very well, the vessels being easily managed in strong winds.

the vessels being easily managed in strong winds.

The Milky Way, owned by Major Buck and H. D. Payne, is of the same size and dimensions as the Mintaka, owned by W. E. Adams, and the Star model recently completed for the Cowichan club. The Milky Way is 23 feet over all and carries 285 square feet of canvas. The three craft were built by R. S. Stephens, of Victoria, while the sails were cut by Jeune Bros. also of this city.

The yachts are of the Marconi rig type, which was first tried out in 1919 on Long Island sound. The Marconi was not a success in 1919, but 1920 found no other Marconi rigs among the Stars though the rig was then optional. The use of a club on jib was also optional and was tried out by several with varied results. On the wind in a blow it helped but in light air or running it was a disadvantage. The majority never adapted the jib boom, but several still use it in heavy weather. In 1921 a sudden change in sentiment regarding Marconi was found, and the majority of yachtsmen toward the end of the season favored the straight mast without spreaders and got from this the best results.

To Enter Events

The International Regatta, which

To Enter Events

LEAVE FOR ORIENT

Leaving for the Orient aboard the Empress of Asia, which will sail at 5.30 o'clock standard time to-morrow, will be Commissioner William Eadle, late territorial commander for the Salvation Army in Canada West.

The Commissioner bade farewell from this city last September, and returned to Scotland, his native country. He has been convalescing for some months owing to indifferent health, but now that he is fully recovered the General has appointed him to the important position, command in Japan. The commissioner is accompanied by his wife and daughter. Canal.

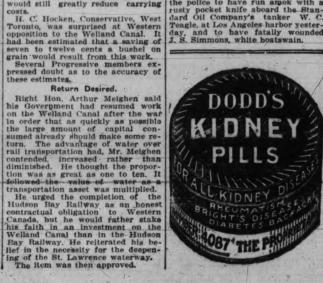

"The St. Lawrence is the logical route for carrying grain to seaports," said Mr. Church, in conclusion. A. J. Lewis, Progressive, Swift Jurrent, thought it opportune to ob-ect to such expenditure at the pre-ent time, when there was a popula-ion of only 9,000,000 over-burdened tion of only 9,000,000 over-burdened with taxation.

Referring to the effect of the Welland Canal on carriage rates, Mr. Graham said the fact of this work bringing cargoes 200 miles nearer to tidewater was bound to reduce freight rates. If the St. Lawrence River was never deepened, the Welland Canal would still greatly reduce carrying costs.

Opposes Expenditure.

BOATSWAIN WOUNDED

Los Angeles, June 14.—James S. McKenzie, negro seaman, was said by the police to have run amok with a rusty pocket knife aboard the Standard Oil Company's tanker W. C. Teagle, at Los Angeles harbor yesterday, and to have fatally wounded J. S. Simmons, white boatswain.

Makura Will Discharge Her Liquor at Suva

Vancouver, June 14 .- Due to the enforcement of the new prohibition regulations in the United States, and because she was not scheduled to arrive at Honolulu till after June 10 the Canadian-Australian Royal Mail liner Makura, inbound from Sidney, N. S. W., will put off her surplus liquor at Suva, in order to conform with the American dry law at Honolulu. This will mean that no liquor will be sold in the vessel's saloons for almost half the trip from Australia to Victoria. is no other port at which she can secure liquor until she comes to Victoria.

A regatta will be held Saturday in first introduced on the Pacific

Five Stowaways Are Overcome By Coal Gas in Place of Concealment

Marcus Hook, Pa., June 14.—The sugar freighter Santa. Theresa brought in a tragic story when it dropped anchor off Gloucester immigration station near here to-day.

During the voyage from Havana five stowaways died of heat and coal asphyxiation in the bunkers of the vessel. Four other stowaways were rescued and to-day were taken to the immigration station.

When the Santa Theresa sailed from Cuba Friday the five men crawled into the bunkers next to the boilers. When the ship had been at sea two days, stokers noticed a peculiar/odor. When they showled away, the coal they found the first of the stowaways.

They kept on until they reached the other side of the builkhead next to the boilers, where they stumbled over one of the dead men. Then they found the other four lying close together. They had been overcome by coal gas and roasted to death by the heat.

INTER-COASTAL SERVICE WILL BE COMPLETED

New York, June 14.—Despite unsettled conditions in shipping circles, the International Mercantile Marine Company will go shead with its plans for the Panama-Pacific Line linking New York with Los Angeles and San Francisco via the Panama Canal, P. A. S. Franklin, president of the company, said as he sailed on the Belgenland. He said shipping conditions generally would not improve until affairs in Europe are on the mend.

Struck Sandbar Off Coast of Japan Yesterday Afternoon

Tokio, June 14-The Canadian Pacific liner Empress of Australia, which went ashore on a sand bank near Uraga in a heavy mist yesterday afternoon has been refloated

near Uraga in a heavy mist yesterday afternoon has been refloated under its own steam and is entering the harbor of Yokohama, according, to late dispatches. The Empress was bound from Vanconver to Hongkong, and was approaching Yokohama, when she struck the sand bank. Tugs have been sent out from Yokohama and Urga to ald her.

The Empress of Australia left Victoria for Japan and China two weeks ago with a new master, Captain W. Dixon Hopcroft, on the bridge. The vessel's regular skipper. Captain S. Robinson, was called to Montreal before the big steamer sailed, and Capt. Hopcroft, who is the relief master of the fleet, took his place. He has the reputation of being an experienced and dependable mariner, and has a longer term of transpacific service behind him than any other master in the Canadian Pacific fleet, barring Capt. Robinson. Until coming ashore about twelve months ago, he was in command of the Empress of Russia.

The Australia is one of the two biggest ships on the Pacific, being exceeded in size only by the Empress of Capada. She is 590 feet long, 75.2 feet in beam, 41.5 feet in depth, and has a gross measurement of 20,400 tons. She has been plying on the Pacific for the past year only.

The stranding of the Australia is the first mishap of any description suffered by any of the Canadian Pacific Oriental liners in many years. The last cavality, a serious one, was in 1911, when the Empress of China

secured the contract.

In announcing the contract to-day Yarrows stated that the Malahat would arrive in port to-morrow morning. She is at present lying in Vancouver, where she has been discharging cargo. The vessel, it will be remembered, is a five-masted auxiliary schooner, being built here during the war.

On her arrival here she will be hauled out on the marine ways and given a general survey. As to the amount of repairs to be done, it has not yet been ascertained.

Called For Repairs.

The S.S. Bakersheld, which anchored

Called For Repairs.

The S.S. Bakersfield, which anchored in the Royal Roads yesterday afternoon, proceeded on her way to the Orient after making minor repairs. She was in communication with Yarrows, Ltd., but it was found that she could make her own repairs. The vessel had developed slight engine trouble, but nothing to justify, her turning back for repairs. The Bakersfield is a United States Shipping Board vessel.

Too Many Lumber-Loading Vessels for Lumber Handlers

Tacoma, June 14.—On account of the number of vessels handling lumber here Tuesday there was a scurry for lumber handlers, but in spite of need of men several of the coasters went shy on full crew to assist in loading. With the departure of some of the craft to-day it is anticipated that the shortage of workers will be relieved to an extent.

In the list of ships taking lumber

that the shortage of workers will be relieved to an extent.

In the list of ships taking lumber here to-day were the Lake Frances, Admiral Sebree, Port Angeles, W. R. Chamberlain Jr., and the Thomas Crowley loading for California ports; the Aymeric loading for Australia and the Santa Paula, Teelken and Blue Triangle loading for the East Coast and Australia, while the Romulus was topping off her grain cargo with lumber for Peru and Chile.

The Quinault, Lake Cayuga and Florence Luckenbach are expected to be loading here for California and East Coast ports to-morrow.

The Tolken, bound for Australia and the Santa Paula for the East Coast were expected to get away yesterday afternoon. The Tolken will take out about 2,000 tons of box shooks, besides lumber and general cargo.

San Francisco, June 14.-Organiza

The schooner Malahat, built by the Cameron Genoa Mills Shipbuilding Company in 1917, will pay Victoria a visit once again. This time she is coming for repairs, Yarrows having secured the contract. In announcing the contract to-day Yarrows stated that the Malahat would arrive in port to-morrow morning. She is at present lying in vancouver, where she has been discharging cargo. The vessel, it will be remembered, is a five-masted auxiliary schooner, being built here

er vessels recently purchased.

The Pacific Mail liner President Taft arrived here to-day twenty-four hours ahead of its schedule between Manila and San Francisco. The time between the two ports, which is said to be a record for the ressel, was seven days, eight hours and twenty-seven minutes. Captain John Moreno is in command. With a capacity cargo the steamer Manoa arrived yesterday from Honolulu. The cargo consisted mostly of raw sugar, canned plneapples and bananas. Several noted passengers were aboard the Manoa, among whom were Brigg-General W. D. Potter, of the Hawaiian National Guard, and Prof. K. C. Leebrick, of the University of Hawaii.

A reduction in eastbound rates from Pacific Coast ports to Gulf of Mexico ports on certain California commodities was announced by Zac T. George, general manager of the Pacific Coast for the Luckenbach Steamship Line. The rates become effective July 9 and affect canned goods, beans, rice and peas in carload lots, and dried fruit in boxes and bags. It was said the reduction was only nominal.

The President Lincoln, under command of Capt. Ryland Dennen, salled for the Orient to-day.

CAN YOU understand office routine? Can you put a business letter into a file without losing it? Can you spell separate and do you know what to do with commas? If you can do all of these things, my daughter, your services are needed. Put an ad. in our classified columns and secure a temporary or permanent position.

ARCH DEFENDER SHOE

BOUQUET FOR POLICE

T. E. Costain, of Vancouver, has written a letter to the Victoria Police Department in which he states it is a credit to the City of Victoria to have such a fine class of officers on the police force." Mr. Costain goes on to express thanks for the courtesy and assistance rendered by the police when he was in Victoria recently. His daughter who is subject to lapses of memory followed by spells of unconsciousness, was taken care of by the Victoria Police when she came to the city recently.

The local examinations in music The local examinations in music, held by McGill University Conserva-torium of Music in Victoria, com-mence on Monday, June 18, the visit-ing examiner being Dr. A. C. Perrin, Dean of the Faculty of Music of the University.

FRECKLE-FACE

Sun and Wind Bring Out Ugly Spots

Here's a chance, Miss Freckleface, to try a remedy for freckles
with the guarantee of a reliable concera that it will not cost you a penny
unless it removes the freckles; while
if it does give you a clear complexion the expense is triffing.

Simply get an ounce of Othinedouble strength—from any druggist
and a few applications should show
you how easy it is to rid yourself of
the homely freckles and get a beautiful complexion. Rarely is more than
one ounce needed for the worst case.

Be sure to ask the druggist for the
double strength Othine as this
strength is sold under guarantee of
money back if it fails to remove
freckles. (Advt)

Victoria West People Succeeding in Fight for Their Park

Describing the proposed Saanich Day celebration at Elk Lake on July 2, as "really a sports day for the children," Trustee McWilliam last night secured from the Saanich School Board a grant of \$25 towards a prize list.

The Saanich school board last night voted \$150 towards the cost of widening the Island Highway in front of the Craigflower school, should the Council decide to proceed with the Improvement. The board considered the heavy traffic a menace to children attending the school.

The North and South Saanich Agricultural Society was last night voted \$25 towards the prize list of the school sports to be held during the annual exhibition at Saanichton. The board also decided to declare a general school holiday for these sports, provided the Department of Education agrees.

A meeting of the retail merchants of this city has been called this afternoon, and will be held at the Domininon Hotel. At this meeting, important business matters will be discussed. Those who wish to attend, and it is essential that as many as possible be there, are asked to be on hand at 4 p.m.

Nanaimo newspapers announce that J. H. Hasenfratz, of this city, has won the Chevrolet car drawn for under the auspices of the Native Sons-of B. C. at Nanaimo on June 2. The lucky man happened to be visiting in Nanaimo when he bought the licket, No. 2478, and now he has gone up-island to claim the car.

At the Saanich school board last night the Esquimalt and Nanaimo Railway spur line from Victoria West Park seemed almost certain to-day as a result of an open-aim meeting at the park seemed almost certain to-day as a result of an open-aim meeting at the park seemed almost certain to-day as a result of an open-aim meeting at the park seemed almost certain to-day as a result of an open-aim meeting at the park seemed almost certain to-day as a result of an open-aim meeting at the park seemed almost certain to-day as a result of an open-aim meeting at the park seemed almost certain to-day as a result of an open-aim meeting at the park seemed almost c

Cyril Baker Is Wanted to Lead Lacrosse Team

After One Man to Direct Club and Make It a Winner; Enthusiastic Meeting

Cyril Baker, former Mann Cup star nd all-around athlete, is to be asked take full charge of the Victoria osse team. Not only will he pick

the team, but he will be expected to direct it on the field and arrange all details in connection with its general management.

At a meeting of the Victoria Lacrosse Club held last evening the whole standing of the team, which falled so badly before the Squamish Indians on Saturday evening last, was thrashed out. The meeting was the largest attended of any held by the club in years, and many frank statements were made.

It was felt that there were too many men giving their advice as to what men should play, how they should play and what they should do. This could only be overcome by appointing one man to be responsible for everything, it was argued.

Teh meeting looked about for a man capable of carrying out these onerous duties, and the unanimous choice fell upon Cyril Baker. He was not present last night, but a, committee, headed by "Billie" Moresby, president of the club, was appointed to wait on Cyril to-day.

The lacrosse players all feel that Cyril is the man for the job. He has had pienty of experience in lacrosse, and is one of the best home players the city has ever produced. He would be out helping Victoria hunt the Mann Sup to-day only for the fact that he has a bad knee and cannot depend upon it.

Bring on Youngsters.

The Victoria Lacrosse Club will give every youngster in town a chance to catch a place on the team. It has arranged to hold a practice at the Stadium on Saturday evening, in which teams embracing the veterans and the young blood will compete. Angle McInnes will capital one squad and Everett Taylor will lead the other team.

The game is expected to prove very

Angie McInnes will captain squad and Everett Taylor will lead the other team.

The game is expected to prove very interesting and the public will be admitted free of charge.

The teams will be as follows:
Blues—Simpson, Menzies, E. Norton, Kroeger, Moses, Wingert, Huxtable, Passmore, Jenner, M. Norton, M. Hicks, H. Cameron, Fred Nobbs, A. McInnes (captain), and Segelabra. Reds—Gravlin, Sweeney, Taylor (captain), Redgrave, Popham, Johnson, Rickerson, Russell, Humber, Goodacre, A. McGregor, Coulter, Husselton, Alexander and Moore.

BECKENHAM TENNIS

Beckenham, Eng., June 14.—Miss Leslie Bancroft, of Boston, was eliminated from the women's singles of the Kent lawn tennis tournament when she was de'eated in the fourth round yesterday by Miss Elizabeth Ryan, in straight sets, 6-0, 6-2.

William M. Johnston, the California star, survived the third round of the men's singles by defeating H. K. Lester, 6-3, 7-5.

In the second round, men's doubles, Johnston, paired with Wallis Meyers, Johnston, paired with Wallis Meyers, defeated R. M. Hotham and Lord Charles Hope, 6-1, 7-5.

Miss Eleanor Sears, of Boston, was eliminated from the women's singles by Miss C. J. Walters, 7-9, 6-2, 6-1.

In the first round of the mixed Beckenham, Eng., June 14.—Miss eslie Bancroft, of Boston, was

6-2, 6-1.

In the first round of the mixed doubleg Colonel A. Dudley and Mrs. Molla B. Mallosy defeated J. R. Bennett and Mrs. Bennett, 6-1, 6-0.

In the second round Miss Eleanor-Goss and A. Wallis Myers defeated E. Hawthorn and Mrs. Head, 7-5, 6-4.

ond division players. Entries for both cups close on June 16 at 3 p.m.
No entry will be accepted after that date. Entry money must be in the hands of the secretary on or before Saturday. The draw will be made following the close of entry. The length of the game will be 41 shots. The usual good play was seen at the Willows on Saturday. J. Scoular and D. McMillan put up a good exhibition of quolting, J. Leiper being the winner by beating A McMillan in the final, the score being 21-18.

TRAPSHOOTING.

St. Thomas, Gat. June 24. C. Cammage Ridgeton, shooting from the 21-yard handicap mark yesterday, won the Grand International Trapshooting Handicap arak yesterday, won the Grand International Trapshooting Handicap event breaking 95 targets out of a possible 100.

ZBYSZKO PINS HUGE

Chicago.* June 13.—Stanislaus
Zbyszko, former heavyweight wrestling champion, defeated Renato Cardini in two out of three fails at the Coliseum here last night. Zbyszko won the first fall with a clutch and further Nelson hold, in 47 minutes and 19 seconds.

The second fall went to Cardini, who won t with a double arm hold in 20 minutes and 21 seconds. Zbyszko won the third with a clutch and toe hold in 6 minutes, 55 seconds.

Wiadek Zbyszko, younger brother of Stanislaus, defeated Victor Soldat with a flying mare in 10 minutes and 25 seconds.

Seconds.

Los Angeles, June 13.—Bert Colima, of Whittier, claimant to the Pacific Coast middleweight championship, defeated Frank Farmer, of Tacoma, Wash, in the main event at Vernon Arens last night. The logger of the Northwest had the advantage in weight, height and reach, and put up a good fight, but Colima won on his eleverness.

Sailor Ritter, 158 pounds, defeated Sailor Ritter, 158 pounds, defeated Sailor Ritter, 158 pounds, defeated Sailor Ritter, 168 pounds, defeated Sailor Ritter, defeated Sailor Ritter, defeated Sailor Ritter, defeated Sailor Ritter, def

EAGLES AND C. P. R. MEETING IN TOUGH BALL GAME TO-NIGHT

Amateur baseball fans will flock to the Stadium this evening to see the battle between the Eagles and C.P.R. This is expected to prove one of the toughest and hardest games that has been staged in the amateur league this season.

Both clubs are bent on winning. The C.P.R. is particularly keen in view of the two recent defeats handed out by the Eagles. Another loss for the railroaders would seriously menace their chances of winning the pennant. Norm Forbes is to do the hurling for the C.P.R., as Manager Copas does not wish to take any chances in losing the game. "Red" McDonald will more than likely do the flinging for the Eagles.

The game has been talked about extensively by the fans during the past couple of days, and the biggest attendance of the season is looked for. The game will start at 6.30 o'clock.

Squamish Natives Anxious to Take Lead in Lacrosse Race for Mann Cup

Vancouver, June 14.—Native Sons of Canada. wearers of Vancouver's colors in the race for the Mann Cup, will play their second home game of the season at Athletic Park this evening, when the Squamish Indians furnish the opposition.

Under the guardianship of Andy Paull, the North Shore squad has returned from Victoria, where they trimmed the Capital City hopefuls nine to nothing, and they expect to furn in their second win of the season at the expense of the Sons.

"We cannot afford to lose this game," said Manager Bert Davison to his beavered athletes, "so get into shape and do your darndest."

The Sons held their final workout last night at the park. It is rumored that they will have a couple of new faces in the lineup this week, but Manager Davison remains silent on the question.

Foley in the Pink
Lorne Foley, one of the Natives'
mainstays, is in the pink of condition
these days, and the performance he
has turned in during the first three
games of the season has caused his
supporters much pleasure. He will
be out again to-night, and if he continues to travel in the same shape
he will undoubtedly be rated high
among the league performers.
Elmo Ems is also going in great
shape, and he is figured as one of the
best goal-getters on the Sons' side.
Referee Ernie Murray has had
things fairly easy to date in the B.C.
Coast League series, and it is hoped
that all will continue as peacefully as
before. Andy Pauli declares that his
souad is in excellent shape, and that
they will give the Sons more than a
run for their money. Following is the
league standing:

Major League Race Is Very Keen Just Now

Hornsby's Return Helps St. Louis: Giants Drop Another; Yankees Pick One

New York, June 14.—Competition in major league baseball is keener right now than it has been at any

The season is approximately one-third finished and both New York third finished and both New York teams are at the top of the heaps, but no one would predict how long they will remain there. The Giants dropped the first of a series to Cincinnati yesterday 4-3, while Pittsburgh was beating the Phillies 4-2. Roger Hornsby's return to the game after an absence of three weeks was stimulating to St. Louis, and Boston took another beating 3-2, while Brooklyn downed Chicago 8-4. In the American New York shook off its lethargy and took the opening game from St. Louis 5-0, but Philadelphia also won and still is only three games beyond the league leaders.

Boston took advantage of Wash-

only three games beyond the league leaders.

Boston took advantage of Washington's off-day and climbed a notch' by downing Chicago again 10-9.

New York, June 14.—All the trading ability of managers of the big league baseball clubs are in full play to-day. This is the day when all clubs must cut down their rosters to a limit of 25 and after midnight, they will be unable to trade with each other until next season.

Dempsey and Gibbons Snapped in Action at Their Training Camps

The principals in the heavyweight battle at Shelby, Moht, of Jay, v., sengaging in stiff training exercises these days. The top picture shows. Tommy Gibbons, the challenger (left), mixing with Bud Gorman, one of his numerous sparring partners. At the bottom is Jack Dempsey, world's champion (left), exchanging punches with his giant negro sparring partner, George Geofrey. Both fighters will be kept working hard until within a few days of the fight, when they will ease down and wait for the gong to call them into action on Independence Day.

English Youth Leads Field In Golf Meet

C. A. Whitcombe, 20-Year-Old Pro From Bath, Shoots a 70 In Morning Round of British Open Championship and a 76 In Afternoon; Walter Hagen Recovers and Is One Stroke Behind Whitcombe on Two Rounds; A. G. Havers Ties With 146

Troon, June 14.—C. A. Whitcombe, a 20-year-old professional from Bath, led the field with a score of 70 when all the players in the British open golf championship here had completed the first half of the first round this noon.

Last year at Sandwich Whitcombe finished fifth in the open championship with a score of 303 for the 72 holes, and in the

qualifying round for the tournament he was one of the three who led the field with aggregates of 146 for the 36 holes.

Joe Kirkwood, the Australian champion, was second with 72.

The next three competitors were tied with scores of 73 each.
Walter Hagen, the titleholder, was separated from the leader by
six strokes and nine competitors
when the afternoon round began.
Four others were tied with Hagen at

AEROPLANE GOLF IS

Chicago Aviators to Drop Balls On Or Near Green and Players Will Hole Out

Players Will Hole Out

Chicago. June 14.—An aeroplane golf match is to be held soon by the Olympia Country Club, in celebration of the opening of its fourth 18, hole links, making it the largest golf club in the United States. The contest, which will be played by two aviator members of the club, assisted on the ground by nine amateurs on one side and nine professionals on the side and nine professionals on the more side and nine professionals on the professionals, while J. McCurran, the other air golfer, will drop balls for his team. The golfers on side was not provided the strength of the morning eighteen Whitcombe slipped a little in the afternoon round, shooting a 76, which gave him a total of 146 and left him in a tie with Havers a low man.

the professionals, while J. McCurfile ran the other air golfer, will drop
for he ground will be stationed at the
soles where each is to play before
the aviator players start to "drive"

PUBLIC LINKS GOLF

New York, June 16.—The entry list for the national public links championship to be held at Washington, June 26 to 29; has closed with 112 municipal stars representing 21 cities in all parts of the country, listed for competition, the United States Golf Association announced to-day.

Sparring Partner Says Demp-sey Hits Hardest But Gibbons Punches More Often

sey. I don't think I did. We were at close range when I landed on his eye.

"After boxing Gibbons I have changed my mind about him not having a chance against the champ.
"Dempsey hit me hardest because we were fighting.
"But Gibbons hit we twice to Dempsey's once and I couldn't hit him squarely.
"I don't suppose my opinion amounts to much because I am just a sparring partner.
"Gibbons had me dizzy from so many punches that I was weaker after a couple of rounds with him than I was with Dempsey.

Besten to Punch
"Gibbons keeps popping you with a left hand. He beats to the punch so you can't start or get your balance.
"Judging from my experience with both I am convinced of this—Dempsey is going to see a lot of gloves when he comes to Shelby.
"My clash with Dempsey turned out to be a regular fight—with Gibbons it was boxing."

SIR A. CONAN DOYLE'S LECTURE

to the cinema world was as a writer and producer.

She had been acting with great success at the Maly and Imperial Theatres in Warsaw prior to her first lim venture. She had received several offers to appear in pictures but the engagements offered would have taken her away from Warsaw and she refused them. She was something of a film "fan," however, and was interested in their technique.

This interest finally gave way to fascination and she decided to produce a photoplay. She conceived an idea for a plot, wrote it out in continuity form, and proceeded to produce it. She called it "Love and Passion." It was so out of the ordinary that Paul Davidson, the Berlin producer, made her an offer to work for his company at such atrong inducements that she was unable to refuse. It was but a short time thereafter that her DuBarry startled the world into the knowledge that a new star endowed with beauty, 'intelligence and mimetle genius, had arrived in the film firmament.

ROYAL VICTORIA

Like many of her previous pic-tures. Nell Shipman is author of her latest one, "The Grub-Stake," which is the attraction again to-day at the Royal. Few people know the Northwest and Alaska better than the versatile actress-author. She has visited every part of it, including the Arctic, Circle. On one of her trips she met a weman known as "Daw-son" Kate, a woman of the dance

The Famous English Comedy Hit

"A SISTER TO ASSIST'ER"

You will roar with laughter at Jim 'Arris, Gladys and Alf, Cheery Aristocrats of the Slums of London, characters of long standing fame throughout England.

After 11 years of unbroken success on the London music hall stage, now being released in motion pictures in England and Canada at the same time. IT'S A TREAT!

ROYAL VICTORIA THEATRE WEEK

Now Playing at Columbia

The Feature Attraction at the Columbia this week-end.

halls just as she is in the new pic-ture. She "rolled her own," took her whisky straight and was loved by everyone from one end of the Yukon to the other. Underneath her rough exterior beat a heart of gold. This fascinating character plays a large part in the story of "The Grub-Stake."

DOMINION

Talk about starting at a life work early. Register full credit for Ethel Grey Terry, of Jack Pickford's cast in "Garrison's Finish" an Allied Producers and Distributors Corporation release, showing at the Dominion Theatre. She made her debut on the stage at the age of three months. It was required that she get across the footlights a good lusty flow. She succeeded and she has get across the footlights a good lusty flow. She succeeded and she has other role requirements ever since, and has been a prominent figure on the screen for the last nine years.

In most of the pictures in which she has appeared the last two years she has played "leads" and has been featured in several. But in this latest Jack Pickford feature, she is playing a somewhat "heavy" role. Critics-proclaim her interpretation in "Garrison's Finish" as he best.

Misse Terry distinguished herself on the stage especially during her two years' affiliation with David Belasco for whom she appeared in the all-star cast presenting "The Lilly," a Broadway hit. She is the daughter of Lillian Lawrence, a well-known stock leading woman who remained popular at the Castle Square Theatre for eight consecutive neasons and it was her mother who carried her (in arms) through the order of her debut at the tender age of ninety days. Miss Terry has had four years in dramatic stock and she has the distinction of being the first artist to'ever speak a line in the Los Angeles Little Theatre.

"Diana of the Crossways"
Will Be Screen Feature at Capitol Next Week

Capitol Next Week

Patrons of the Capitol will have opportunity next week of seeing one of the best of British made pictures that have lately come to Canada, in "Diana of the Crosswaya." a picture produced version of the famous story by George Meredith, the tale of a clever and beautiful woman who could not stand alone, a picture palpitating with life, with the brilliant. Witty love menaced heroine played by Fay Compton. The picture was produced by Mr. Denison Clift, one of the foremost of British Directors, who has in "Diana" given Miss Fay Compton one of her greatest screen opportunities and her acting will compare favorably with the finest of American screen stars. Miss Compton is supported by a brilliant West End Cast which includes Henry Victor, J. Fisher White, Ivo Dawson, Reginald Fox, E. Dagnall, J. R. Tozer and Harding Steerman.

ENGLISH SUCCESS COMING TO ROYAL

The famous English comedy success, "A Sister to Assister 'Er." which comes to the Royal Victoria Theatre next week, is somewhat along the lines of the big English success of a few years back, "Three-Live Ghosts."

The principal character, Mrs. May, is at times erminiscent of that other English charlady, who made the biggest hit of all the characters in "Three Live Ghosts," however, Mrs. May is ar superior to the former, as she is rightly famed in the London music halls as one of the greatest fun merchants ever seen in England. When she is sober she is a hilarious character that would bring shricks of laughter from any audience, but when she is "apply blotto," she is joyous beyond all imagination. Every move and every word sends audiences into hysterics of joy, and when "A Sister to Assist Er" plays at the Royal next week, it will be hard to distinguish this popular theatre from a music hall of old London during a performance of this famous English comedy hit, which ran there for eleven years with unbroken success.

Sleep is more important than food

Scientists tell us that life can be sustained longer without food than without sleepsleeplessness is starvation in the first degree. Yet many who insist on clean, wholesome, nourishing food think but little about the quality of sleep they get. They are willing to spend their nights on a spring and mattress carelessly selected and hastily bought.

But there is a way to be assured of better slee and the joy of physical fitness that follows it-Use Simmons sleep equipment.

Simmons "Banner" Spring

Before you go to bed tonight, see what your spring and mattress are like. Carry the mental picture to your furniture dealer's and compare what you have with the buoyant and flexible comfort of the Simmons "Banner" Spring and the Ostermoor Mat-tress. Set your own value on the sleep, health and energy their luxury insures. You pay two cents a night for years of service.

See the "Banner." Examine the whole line of Simmons springs. They are economical because they do not sag or break down, but keep their life and resiliency for many years. Priced, like Simmons quality beds and mattresses, to suit any family budget.

Look for the Simmons Label. Beware of imitations

WOMAN'S BENEFIT ASSOCIATION

Starts Its 31st Year of Service to Women and the Home

2643 Local Units in 56 States and Provinces Operate as Service Centers for the Largest Fraternal Benefit Society Composed Exclusively of Women in the World

IN THIS day of "big business" with examples of great accomplishment on every hand, size alone attracts scarcely more than passing interest. The Woman's Benefit Association which is now celebrating its 30th Anniversary in this city, however, is an organization unique in the realm of great achievement.

Idealistic and humanitarian in its purposes, it is in-Idealistic and humanitarian in its purposes, it is intensely practical and constructive in application. It operates on a sound business basis which assures results, but through its activities runs a spirit of friend-liness and fraternalism which wins the love and admiration of everyone who comes in contact with it. It is international in its scope, extending from Alaska to the Rio Grande and from Coast to Coast, but the application of its benefits is localized to conferm to the conditions existing in every community. tions existing in every community.

And it is an organization made up entirely and exclusively of women! No man has ever sat on its executive board; there is not a man among its not in the besterment of women and the preservation of the home, and its success is a tribute to the broad vision and outstanding executive shifts of a woman. standing executive ability of a woman.

Miss Bina M. West founded the Woman's Benefit Association thirty years ago. Life insurance for women was then a new idea, but under Miss West's leadership the Association grew steadily until it had spread into every state in the Union and province of Canada. Today even Alaska has its members, and it has crossed

Protection of the Home

To preserve the home intact by providing death and disability protection for women is the purpose of the Woman's Benefit Association, and it has found many avenues of practical service to help achieve this end. Insurance for women, of tremendous importance in itself, is supplemented by extensive work along the lines of health promotion. The beautiful ritualistic work and social activities of each Review, or local unit, make it a social center for its members. There are summer camps and girls clubs for the younger members, and a Junior organization for the children. Mothers may enroll their babies in the Cradle Roll and receive assistance in their care, and throughout all its manifold assistance in their care, and throughout all its manifold activities the Woman's Benefit Association makes for the building of character, for health, and for good

Protection is given at cost, based on the same statistical tables used by all the leading life insurance companies. Only the necessary expense of operation is added to this basic charge, and operating as it does along fraternal lines, this cost is minimized. In the Life Benefit Department are 252,000 members. Their insurance is protected by a reserve of \$16,500,000, softly insurance in government and municipal bonds. safely invested in government and municipal bonds. Nearly \$200,000,000 of insurance is in force, and more than \$23,000,000 has been paid to beneficiaries. The fraternal benefit society composed exclusively of women in the world, but its large membership and ample reserves place it high among all life insurance compe

preservation of life and health, and that disease prevention through health promotion is more beneficial still. To this end the Woman's Benefit Association maintains Health Centers for its members where any member may come for examination and treatment freu of charge. Each Health Center is in charge of a competent Health Supervisor and fully equipped with all modern facilities for examination and first aid treatment, and through these centers a never-ending work of apreadand through these centers a never-ending work of spread-ing information conducive to good health is carried on. There are five Health Centers already established in the Coast States, two in California, one in Oregon and two in Washington, and there will be one or more in British Columbia, in the near future. There are at present thirty-one Health Centers in operation altogether, and the rapid extension of this work will soon place one in every city of the country.

Hospital Service

Going hand in hand with this work and extending fraternal service one step farther, hospital service in the event of illness is given free of charge to needy members. This service, established seven years ago, is now in effect in every state, reaching rural as well as city

members. Through the Hospital, Fraternal and Relief Fund maintained by the Association thousands of mem-bers incapacitated by illness or age and in financial need are cared for every year.

Summer Camps for Girls

The W. B. A. Summer Camps and Girls' Clubs for the younger members are extremely popular and successful as a means of gratifying the love for out door life every young person feels, and inculcating the spirit of fraternity in the young women of the country. Summer Camp Clubs have been organized from Coast to Coast and camps are maintained at suitable places where members may spend their, vacations. Some of these Summer Camps have accomodations for one hundred girls and are filled to capacity all summer long. This summer there will be six or more State Camps in operation'and many local camps where thousands of girls will spend healthy, happy and inexpensive vacations. Swimming, rowing, and the other usual camp activities are supplemented by basket ball, study of local trees and plants, choral singing, folk and aesthetic dancing, and other recreations under competent instruction,

and every facility is provided for a perfect out-of-doors vacation in comfortable, sanitary surroundings. The Association provides the camps, camp sites, camp managers, cooks and other helpers, relieving the girls of any semblance of work during vacation hours and all expense except the actual cost of their food.

During the winter the Summer Camp organizations remain active as Girls' Clubs and hold frequent social gatherings and entertainments. In these Camps and Clubs the younger members of the Woman's Benefit Association organize and find an abundance of fun and healthy recreation. Any member of a Summer Camp Club is privileged to attend any W. B. A. Camp in

Junior Members

The Junior organization is made up of the children of The Junior organization is made up of the children of the members and provides the means for frequent social gatherings and entertainments dear to both the children and their mothers. It also gives Junior protection, and in helping provide a healthy training and environment for the coming generation and teaching the little opes the spirit of fraternalism the W. B. A. is doing much to make good future citizens.

Social Centers

The work of the Association is carried out through its more than 2,600 local organizations or Reviews throughout the United States and Canada. There are twenty Reviews in British Columbia with an enrollment of nearly two thousand members, six in Vancouver, three in Victoria and many more in the territory tributary to them. Each Review is a social center and club for its members, managing its own local affairs and acting as a "service center" through which the work of the central organization finds expression.

For Better Citizenship

Regret is sometimes expressed for the tendency toward the disintegration of the home which is said to be taking place in America. It is indeed illuminating, then, and encouraging to all who accord the home its true importance to society to find this large and influential body of women operating on a business-like basis and achieving such notable success in strengthening the home ties. The Woman's Benefit Association is not a reform organization. It is organized to do practical, constructive work and does it. It exists to make American homes safer for women and children and functions in a hundred practical ways to preserve inviolate the intangible things which raise the home above the status of a dwelling place. Its benefits are extended to every walk and age of life. It advocates no political belief or religious creed. Its qualifications for membership are only good character and sound body, and any such woman who wishes her home to be preserved intact should she, who is its very heart, be removed by death, may find therein the protection and the advantages to health and happiness which she seeks. Such women will find in the Woman's Benefit Association congenial friends waiting to welcome them, and are invited to write to Miss West or Mrs. Aydelotte for further information.

THE TIMES DAILY PICTURE PAGE

GENTLEMEN, I PROTEST!—You can have your old Shrine convention if you want to and you can come around here to see me, but please leave off those funny red hats with the tassel. They scare me. Our Infant Interpreter tells us that is what Barney Old Coyote is saying. Barney is the youngest of the Indians at Washington, D. C., for the Shrine convention.

JACK'S THERE-General Pershing had the Shrine convention come to him, as it were, since Washington is his official resi-dence. He's a member of the Sesostris Temple, Lincoln, Neb.

GUARDING NATION'S HEALTH AT EASTERN GATEWAY. Every-person who comes into Canada from abroad must be examined for infectious diseases. One of the largest quarantine staffs is stationed at Father Point. Above a quarantine officer is shown examining the crew of a big oil tanker bound for Montreal. Below is Dr. Aylen, in charge of the station. On the right is the Point au Pere lighthouse, which can be seen forty miles away.

INFORMAL - You couldn't ask such a wealthy and exclusive sort of fellow as John D., Jr., for a more informal pose than this. The oil magnate is in jersey and tights for the opening of a squash court atop the Whitehall Building in New York.

WILHELM AND HERMINE RECONCILED.—Just to prove that they really are good friends again, Mr. and Mrs. Wilhelm Hohemzollern smillingly face the camera as they stroll, arm in arm, like young lovers, through the wooded grounds of Doorn House, returning to their home after a walk to the village of Doorn—the ex-Kaiser's second visit to town since his marriage. SCHOOL DAYS " LECTOR SCHOOL BY DWIG

UNUSUAL PHOTO—Pope Pius is modest and camera-shy, but he stopped for the photographer to snap this unusual view of him in the gardens of the Vatican.

NO CHEEK TO CHEEK STUFF HERE.—Strangle holds are nil when she's wearing the new Modesty Bumper. If he doesn't ing. But the French innovation being demonstrated in Chicago by Bee Thompson and O. F. Sterling isn't taking very well with the younger set, 'tis said.

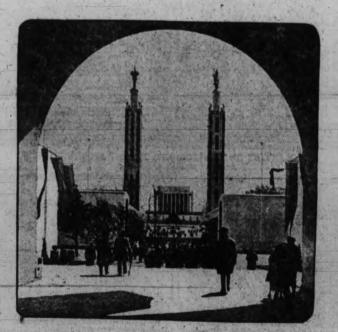

WE AIN'T GOT FUN, HAVE YOU?—"Rhythmical Gympastics, they call this stuff in Dresden, Germany. It gives rhythm to the culture of the body ennobling the entire art of life and impregnating it with beauty of grace. All of this, if you gather what we mean, is the "plastic of music," according to the feed-box information that was imported with the tintype.

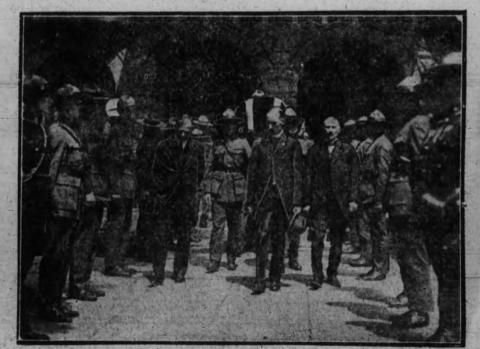

TIRE-SWING-When tire tires out, dont throw It away. It will make an excellent swing for the kiddles.

ZR I NEARING COMPLETION.—This inside view of the ZR-., U. S. Naval dirigible now under construction at Lakehurst, N. J. is taken from the stern. Although much work is still to be done, the first trial flight is planned for July.

BODY OF THE LATE POLICE SERGT. JOHN URQUHART, who was killed by Leo Rogers, being borne to the grave in Toronto, followed by members of the Ontario provincial police.

man for shouting at the C.P.R. docks. Chilton was used as Crown witness in each case. One man said Chilton was advertising drives for 50c and the other for twice that amount, said witness. Green was acquitted and Tubman fined \$5. Chief Fry said he heard the shouts from Government Street. Patrick Pearson, chagred with failure to drive prudently, pleaded not guilty and was remanded until Street, Patrick Pearson, chagred with failure to pay the poil tax of everymale member in his employ. Hee Kee, a Chinaman, blanched visibly but promised to go at once and do so. He had intended doing it, but the collector had not come to collect, he said.

B. C. INDUSTRIES PAY ROLL
REACHES \$100,000,000
MARK

(Continued from page 1.)

"One of the industries showing a falling off is that of the breweries, the production of builders' materials, coal mining, coast shipping, contracting, explosives and chemicals, manufacture of house furniture, laundries, manufacture of leather and fur goods, oil refining, paint manufacture, ship building, smelting, and public utilities.

TALLYHO RATE WAR

A renewal of the tallyho rate war was heard in the city police court to-day when, acting on the word of An-gus Chilton, who was charged and convicted recently of shouting his wares for hira, the Crown prosecuted Harry Green and Frederick G. Tub-

and the Dominion convention in Vancouver, June 30 to July 7. The letter to the 900 organizations in Canada states that inashuch as Victoria ought to have been the place chosen for the convention, it is only right that the veterans should at least visit the capital city of British Columbia and see the various attractions here. It is expected that should the plans of the Victoria and Island Publicity Bureau, as suggested, be followed out in full, there will be a great number of visitors here from the different returned men's bodies of the Dominion.

bold it. The Court granted leave for the resealing of the probate in respect to the property owned here and for which Henry G. W. Dinkelspiel, of San Francisco, is attorney.

MR. AND MRS. IRWIN

LOSE SMALL BOY

Brief reference was made in a telegraphic item last week to the drowning of Dennis, three-year-old son of Mr. and Mrs. H. S. Irwin both of whom are well known here.

Mrs. Irwin arrived at Surf Inlet on Thursday of last week from Victoria to join Mr. Irwin. The next day they were preparing their residence for occupancy and the little lad wandered away for a few minutes. On looking or him they were unable to locate the boy and made the shocking discovery that he had apparently fallen in the nearby lake. They found a board with which he had been playing floating on the surface of the water. Dragging operations were instituted, but without success in recovering the body from the water which was very deep.

Mr. Irwin was former district forester at Prince Rupert. Mrs. Irwin formerly Miss Elsel Taylor, was a done time a member of the Prince Rupert teaching staff. Mr. Irwin formerly Miss Elsel Taylor, was at one time a member of the Prince Rupert teaching staff. Mr. Irwin has located this year at Surf Inlet with the J. R. Morgan Co., Ltd.

some misunderstanding arose some time ago about our decision, and therefore hasten to assure the people of Victoria that there is no intention to withdraw from a pleasant association and profitable connection directly with Vancouver island.

Mr. McMillan declared that his inspection had convinced him of the fact that business in Western Canada was on the up-grade.

DANCE SCHEDULED FOR **JUVENILE FORESTERS**

Courts Excelsior and Canada of the Juvenile Foresters are looking forward to a jolly time in the Forester's Hall, Broad Street, next Thursday evening when the Rose Carnival Dance will be held.

The occasion will mark a complimentary dance to the little folks who will appear in beautiful costumes of roses of all shapes and designs. This affair is under the care of the Juvenile committee of management and given for the Juveniles of both courts and for their little friends. The grand march for the fancy dressed ones will take place at \$ p. m. and they will hold the floor until 9 p.m. at which hour the adults will take possession.

During the evening fee cream and strawberries will be served.

The object of the dance is to assist in raising funds to give the youngsters a good time at their annual picnic this year. Handsome prizes will be awarded the boys and girls in best rose costumes or rose decorated dresses.

A meeting will be held commencing at 7.30 p.m. at which announcements will be made regarding the time and place of the annual picnic to, be held next month.

The uniform worn by the boys last year in the parade on the fiftieth anniversary celebration in Victoria was so much admired by the Vancouver Foresters that they have written the secretary, Mrs. V. Holmes requesting that a sample be forwarded to Vancouver in order that suits may be made for a team of Juvenile Foresters to wear during their drill work to be put on at the B. C. District Convention of Foresters to be held on the third Monday in August, in Vancouver.
