### KEY POINTS:

- How do we address illiteracy, encyclopedia is a northerner concept
- Expanding new formats, more creative (audio, VR, ...)
- DIY & TED are good examples of different new ways.
- Easy steps would be to address disabilities
- Internet is the new TV for a lot of population
- Providing offline knowledge services/products.
- Our current content is at a high school to university level when world education level is way below that
- Digital literacy increases providing a gamified experience
- More visual experience
- How do we surface curated content that's not on wikipedia "Lost in commons"

### CONCLUSIONS/RECOMMENDATIONS/ACTIONS (IF ANY):

We identify 3 main broad issues:

- content understandability
  - content distribution and formats  
↳ visualization
  - including non written / non academic
- How to
