SUBJECT: Inventory of Gasoline in Kyushu

TO : Kyushu Central Liaison Office
Fukuoka, Kyushu

1. It is desired that this headquarters be furnished no later than 10 January 1947 a report of physical inventory of gasoline in Kyushu.

2. The inventory should represent a physical check of all gasoline in Kyushu not already in the custody of ultimate consumers; i.e. - any gasoline not reported will be considered in the custody of an ultimate consumer, no further sale or distribution to other agencies being contemplated.

3. The physical inventory as reported should indicate actual quantities of gasoline, (not in the posession of ultimate consumers) physically present in the Island of Kyushu as of 2400, Friday, 20 December 1946.

a. Report shall be in terms of liters, together with gallone equivalents.

4. Effective 0001, Saturday, 21 December 1946 and until other wise notified, it is desired that a report be submitted to this headquarters on Saturday of each week indicating daily receipts and shipments of gasoline into and out of Kyushu for the previous (not current) week (Sunday through Saturday): e.g. - the reports for Saturday 21 December 46, will be submitted 28 December 46; the reports for week ending Saturday 28 December 46 will be submitted 4 January 47, etc.

a. Reports shall be brief, indicating receipts into Kyushu as Part 1 of report, and shipments out of Kyushu as Part 2 of report.

b. Each part of report (1 and 2), will indicate for each receipt and/or shipment:

SUBJECT: Gasoline Situation

TO : Commanding General, Headquarters Eighth Army, APO 343

THROUGH: Channels

1. In compliance with Eighth Army telephone message relayed by I Corps and quoted in Kyushu Military Government Region Headquarters TWX, TOO: 181510/I Cite One, Plain Priority, the following report largely obtained from the Petroleum Distribution Company on the gasoline situation is submitted.

A. Date and quantity of gasoline arrivals and shipping points from which received:

Date	Quantity	From
16 Oct.	26,072 gal.	Itozaki Tank Station, Hiroshima Ken
17 Oct.	15,850	Saitozaki Tank Station, Fukuoka Ken
31 Oct.	5,283	Saitozaki Tank Station, Fukuoka Ken
12 Nov.	26,349	Hikoshima Tank Station, Fukuoka Ken
13 Nov.	6,855	Saitozaki Tank Station, Fukuoka Ken

B. Contractors engaged on construction of Kanoya Air Base report they received 10,520 liters of gasoline between 15 October and 15 November. The contractors declared they were receiving little more than half of allotment but that it was adequate for present needs. The Petroleum Distribution Company reported delivery to the contractors of 1,287 gallons in the same period. Because of the deadline for submission of this report the discrepancy between the figures cannot now be reconciled fully but some gasoline is believed to have been assigned to the contractors by the Public

DECLASSIFIED E.O. 12065 SECTION 3-402/NNDG NO. 775013

[redacted]

Peace section of the Prefectural Police Department from the amount set aside for "common trucks and civilian cars".

C. Complete allocations and distributions follow. Allocations are for full month, distribution for last 15 days of October and first 15 days of November. It should be noted that lumber deliveries were largely for shipment to Occupation Forces in Korea.

For the Use of	Allocated for Oct.	Distributed 15-31 Oct.	Allocated for Nov.	Distributed 1-15 Nov.
Agriculture	291 gal	172 gal	560 gal	475 gal
Reclamation	528	422	528	158

SUBJECT: Gasoline Survey

TO : Commanding Officer, Kyushu Military Government Region, Headquarters & Headquarters Detachment, APO 929

1. Submitted herewith is special report covering period 16 October 1946 to 15 November 1946 as required by TWX Region, subject: same as above, dated 18 November 1946.

2. A detailed statement of the gasoline situation in Kumamoto Ken so far as it pertains to the Japanese civilian activities for the month proceeding 15 November 1946 is as follows:

a. All gasoline is handled by the Petroleum Distribution Company of Kumamoto Ken and comes under the direct jurisdiction of the Home Ministry Section of the Prefectural Government.

(1) Gasoline shipped to the Petroleum Distribution Company is as follows:

Date Received	Amount Received	Shipping Point
Oct 25 '46	5,000 liters	Kumanosho
Nov 4 "	12,360 "	Saitozaki Pet.Co. (Fukuoka)
Nov 5 "	15,000 "	" " "
Nov 11 "	11,000 "	" " "
Nov 15 "	14,400 "	Misumi
Surplus Japanese Army Gasoline Carried over from Last Month	73,000 "	Oguni, Aso-gun
Total	130,760 "	

DECLASSIFIED E.O. 12065 SECTION 3-402/NNDG NO. 775013

b. The break-down on gasoline received is as follows:

(1) Used by Japanese contractors and government agencies engaged in Military projects:

Name	Amount Used	Amount Allotted
Liaison Office	3,430 Liters	
Hauling coal to RSO		
Highway Maintenance Section	8,370 "	
Special Construction Section	29,651 "	
Prefectural Motor Pool for trucks leased to contractors engaged in Military projects.	18,856 "	
Kyushu Transportation Co. for trucks leased to contractors engaged in Military projects.	47,117 "	
Total	107,157 "	61,880

(2) Gasoline used for Japanese civilian economy:

Sanitation Section	185 "	
Food Ration Section	4,513 "	
Kumamoto Travel Bureau	138 "	
Mizuta Contractor	120 "	
Inada Contractor	70 "	
Iida Contractor	195 "	
Fiber Control Company	625 "	
Kumamoto Canning Ass'n	405 "	
Foreign Affairs Section	27 "	
Kumamoto Sweet Potato Ass'n	397 "	
Nippon Transportation Co.	53 "	
Prefectural Motor Pool	738 "	
Kyushu Transportation Co. for trucks used to transport food ration.	9,500 "	
Kyushu Transportation Co. for bus transportation	5,938 "	
Total	22,904 "	15,290

DECLASSIFIED E.O. 12065 SECTION 3-402/NNDG NO. 775013

3. Contractors working on Military projects were getting all gasoline required by them for the entire reporting periods. However, to enable the Petroleum Distribution Company to furnish contractors all that they required for the remainder of November will necessitate an additional 200 drums which has been requisitioned from the Petroleum Distribution Company at Fukuoka.

Commanding Officer, Oita Mil Govt Team
Commanding Officer, Saga Mil Govt Team

1. The following telephone message was received this date from I Corps, quoting a telephone conversation between G-4 Sections of Eighth Army and I Corps.

Army to Corps -- "As usual Japanese mis-understood the directions in reference to issue of gasoline and only wired a few prefectures to issue gasoline to contractors working on airfields. Yesterday afternoon 29 October SCAP required them to tell all prefectures to release gasoline to all contractors working on U.S. Army projects regardless of previous allocation. We are having our Military Government people follow this up from here and it would be wise to have your Military Government people follow up from your end. Let us know if the Japanese fail to get these instructions and why they didn't receive them. The mining bureau is handling this. Military Projects have priority over all other projects in the issue of gasoline."

Corps to Army -- "We will inform you of results on this end. It is my understanding that the Japanese are to release the gasoline in accordance with the amount specified, as needed by the contractors."

Army to Corps -- "That is correct."

2. Information is desired by this headquarters as to whether the Japanese authorities for your prefecture have been properly informed through their own Japanese channels as requested of the Central Government Officials by SCAP on 29 October 46.

DECLASSIFIED E.O. 12065 SECTION 3-402/NNDG NO. 775013

3. It is desired that your headquarters determine the extent to which these instructions are being carried out by Japanese authorities, and advise this headquarters of your findings as concerns the issuance of gasoline to all contractors working on U.S. Army projects.

4. Report should be submitted to reach this headquarters by letter prior to 12 November 46.

1. References are made to the following:

a. Letter this headquarters, file AG 463.7 (MG) dated 5 July 1946, subject: "Sale of Petroleum to Japanese Government".

b. Letter this headquarters, file AG 463.7 (MG) dated 7 August 1946, subject: same.

2. The allocations of petroleum products to be delivered at Sasebo for the months of October, November and December are as follows:

a. Navy Special Fuel:	October	62,900	bbls
	November	75,500	" (31,500)
	December	81,800	"
b. Navy Diessel 7-0-2:	October	-	
	November	-	6307
	December	63,000	bbls.

3. Quantitative receipts will show gross barrels, temperature and net barrels at 60 degrees Farenheit. Temperature of oil will be taken at the beginning and completion of each delivery. The average of the two readings will be used to determine the multiplier for correcting the volume of petroleum to 60 degrees Farenheit.

4. Delivery of the above products will be taken by the Petroleum Distribution Control Company as agent for Boeki Cho of the Imperial Japanese Government at U.S. operated bulk storage depots, or at shipside or from tankers for transfer into Petroleum Distribution Control Company operated shore terminal. The agent of this Company authorized to accept delivery and execute quantitative receipts can be identified by power of attorney, issued by Mr. H. Horie, President of the Petroleum Distribution Control Company.

HEADQUARTERS THIRD ENGINEER COMBAT BATTALION
Office of the Commanding Officer

A. P. O. #24
Kokura, Kyushu

15 August 1946

SUBJECT: Increased Allocation of Gasoline

TO : Petroleum Distribution Control Company, Prefectural Government, Fukuoka, Kyushu

THRU : Commanding General, 24th Infantry Division, APO 24 (Attention: G-4)

1. Attention is invited to paragraph 3, Operational Directive No. 66, Headquarters Eighth Army, 10 July 1946, which states that the petroleum products import program is based upon consideration of all Japanese requirements and the needs for performance of work for Occupational Forces are included in such requirements.

2. For the month of August, sixty four thousand (64,000) liters of gasoline were allocated to all of Fukuoka Ken, of which one thousand two hundred and eighty (1,280) liters were allocated to the construction of the cantonment for 24th Division Artillery at Hakata.

a. That the above amount is insufficient, is evidenced by the deadlining of sixty five (65) trucks belonging to the contractor at Hakata for lack of fuel.

b. Other contractors in Fukuoka Ken are in similar straits.

3. This situation unless corrected, will cause a very serious slowing down if not a partial shut down of essential construction work.

4. Request that you initiate a letter to your higher Headquarters requesting an increased allocation of gasoline or else investigate possibilities of a more equitable distribution of the present allocation.

For the Division Engineer:

/s/ Frank B. Smith
/t/ FRANK B. SMITH

1. Returned to your Headquarters for action through Petroleum Distribution Control Company, Prefectural Government as stated in basic letter.

2. Operational Directive No. 66, Hq Eighth Army, dated 10 July 1946 states:

"1. Reference is made to Circular Number 213, this headquarters 10 July 1946.

2. The issue, sale and/or loan of petroleum products to Japanese civilians or Japanese contractors performing work for the Occupational Forces and for use in their own equipment are prohibited.

3. The petroleum products import program for civilian needs is based upon consideration of all Japanese requirements and the needs for performance of work for Occupational Forces are included in such requirements.

4. Individual Japanese requirements for all purposes are obtained through civilian distribution agencies in accordance with Japanese procedures and regulations governing domestic rationing and sale. Information on rationing and sale of petroleum products is obtainable at the local agencies of the Petroleum Distribution Control Company and Japanese concerned should be so advised."

3. It is desired that every effort be made to assist the Japanese in obtaining the needed additional gasoline through the established Japanese channels. If the additional supply is not obtained after reasonable effort, it is suggested that a report be submitted through Military Government Channels to higher Headquarters together with a request that such assistance as is possible be secured through the medium of the Japanese Central Government to make the needed supplies available.

4. Copy of telegram this Headquarters is inclosed for your information as pertaining to Asniya Air Field.

Gasoline

HEADQUARTERS
KUMAMOTO MILITARY GOVERNMENT TEAM
KUMAMOTO, KYUSHU, JAPAN

RFH/rf

APO 929
17 July 1946

Serial No: 49

SUBJECT: Japanese Gasoline.

TO : Commanding Officer, Kyushu Regional Military Government Headquarters & Headquarters Detachment, APO 929.

1. A special investigation has been made into the allotment of gasolines of Kumamoto Ken of Japanese army and navy origin, to other Kens in Kyushu Island. It has been ascertained through this investigation, that from the period 1 Dec 1945 to 30 June 1946, this, the Kumamoto Ken, has received as its allotment 250 barrels of the 500 barrels previously allocated for consumption in the Ken. These 250 barrels contained approximately 13,209 gallons of gas which were supposedly taken from other stocks other than Japanese army and navy supplies turned back to the Home Ministry by the occupation forces.

2. At the present time, the amount of gasoline on hand in Kumamoto Ken including all stocks amounts to approximately 206,000 gallons; of this amount the Petroleum Distribution Company whose main office for Kyushu Island is located in Fukuoka City has instructed the office in Kumamoto Ken of the Petroleum Distribution Company to ship 56,000 gallons of the 206,000 gallons on hand for use in Fukuoka and Kagoshima Kens, of which Kagoshima Ken is to receive one third or approximately 19,000 gallons, Fukuoka to receive the remainder, or 37,000 gallons.

3. It is also understood that during this investigation, the basis upon which gasolines are shipped into Kens is on the number of vehicles and factories located within that Ken. Vehicles further broken down into use for food transportation, coal transportation, passenger, lumber and essential commodities.

4. If the shipment of 56,000 gallons is made within the next few weeks, there will be left in this Ken of Kumamoto, approximately 150,000 gallons of gasoline. At the present time, Kumamoto Ken is consuming approximately 110,000 gallons per

DECLASSIFIED E.O. 12065 SECTION 3-402/NNDG NO. 775013

month, used in the following manner; - for the occupation forces, hauling of foods, hauling of coal in Asakusa-gun, for transportation, the hauling of lumber for the occupation forces, and other essential commodities used in everyday life.

5. It is requested that if in any way possible shipments of gasoline could be stopped from being taken from the stocks in Kumamoto Ken, that it will prolong the use of transportation system in this Ken. If shipments still continue from this Ken with nothing being supplemented from other Kens with the 206,000 gallons of gas on hand at the present time, there is approximately two months' supply. From experiences in the past as to shipments of the necessary items into Kumamoto Ken, which have been nil, this Ken, if shipments out continue so far as fuels are concerned, will by 30 September have their transportation system at a standstill.

6. It is strongly requested that this matter be taken into consideration with the Petroleum Distribution Company's Head Office at Fukuoka City.

L. C. WIGGINS
Major, AGD
Commanding

DECLASSIFIED E.O. 12065 SECTION 3-402/NNDG NO. 775013

BASIC: Ltr, Kumamoto Mil Govt Team, Serial No. 49, subj: "Japanese Gasoline", dtd 17 Jul 46.

1st Ind LAW/enh

KYUSHU MIL GOVT REGION HQ & HQ DET, APO 929, 24 July 1946.

TO: Commanding Officer, Kumamoto Mil Govt Team

1. Concerning facts outlined in basic communication, a conference was held with Mr. Sawaki, of the Kyushu Central Liaison Office and Mr. Shimizu, Chief of the General Affairs Section of Japan Petroleum Distribution Company, Kyushu - Yamaguchi area. A representative of the latter's office will immediately meet with the Kumamoto representatives of the Japan Petroleum Distribution Company and outline future distribution plans as concern Kumamoto Prefecture. In all probability this meeting will have been held prior to your receipt of this communication.

2. The following table indicates the status of gasoline distribution for July for all prefectures in Kyushu.

Estimated Distribution of Gasoline for July '46

Prefecture	Regular Quota	Estimated Add. Quota	Total	Stock as of 30 June '46	Surplus or Shortage	Remarks
Fukuoka	511	180	691	80	-611	
Oita	103	40	143	160	+17	
Saga	67	20	87	51	-36	
Nagasaki	212	60	272	23	-249	
Kumamoto	122	50	172	699	+527	Other stocks at Ogumi amount to about 430 KL
Miyazaki	126	50	176	35	-141	
Kagoshima	149	50	199	39	-161	
TOTAL	1290	450	1740	1087	-654	Figures in KL

3. It is to be noted that distribution of petroleum products is a decision of the Japanese Government through the Japan Petroleum Distribution Company. An attempt is being made by higher headquarters to meet insufficiences by various methods including importation. Accordingly, it is not desirable that any changes in distribution be effected by any organization not representative of the Japanese Government. If inadequacies in distribution systems are noted, such information and recommendations should be forwarded through channels to higher headquarters for final action.
