## 緒 言

編製貨價統計。有一最困難之點。則標準貨品之選擇是也。銷行最廣之牌號。其代表同種貨品之力量。比較的自最充足。故本刊所選標準。向來以此爲要件。惟各貨身骨高下不等。其價格之變動。亦未必完全一致。假令標準牌號偏於上身貨物。則中下身之市價。將無由窺見其趨勢。縱大致可期無誤。而曲折究難詳盡。所以除繁銷貨外。不得不按貨質之精粗。分選相當之標準。本刊疋頭呢絨一門。從本期起釐正項目。重行編製。即本諸上述之旨趣者也。其他類似各貨。如洋酒食物。染料等等。俟改編就緒。當次第修正。

上海爲華洋貿易之樞紐。亦爲各種工業之中心。故進口貨之銷路。概有本街與客帶兩大區別。銷本街者。又或專限於本埠。或通行於各處。其銷客帶者亦然。例如五金一項。本外埠流通之種類花色。卽不盡相同。本刊所選標準。向側重本街用途。不免失之偏頗。本期起重加訂正。大部分改以客銷之繁簡爲準繩。蓋其轉售於他埠及內地者。視本埠有過之而無不及也。

石棉品前列雜類。茲改列建築材料類。其新加入者。有電料。馬達。及上海物價指數表等。指數作法詳去年第一季季刊。不贅錄。

本刊遵章贈閱。如承有關係各官署。機關。學校。團體。及各大商家索閱。請簽字。蓋章。書明詳細地址。卽行郵寄。每期以贈足二千冊爲止。

## ANNOUNCEMENT

In compiling statistics of prices, people meet a common difficulty in the selection of representative commodities. This quarterly has hitherto chosen those chops which have the widest demand so as to have a fair representation of the group. But as a commodity is usually supplied with various grades, we can not expect here a same line of price movement among different kinds. As a matter of fact, the tendency of superior goods is by no means identical with secondary and inferior ones. In order to be comprehensive and fairly represented our method of selection must be wide enough and includes various grades of commodities.

Having this purpose in view, we have re-arranged piece and woollen goods in this issue. Other groups such as wine, canned goods, aniline dyes, etc. will follow the same course of revision.

Shanghai is an international market as well as a center of industry. Imports fall generally into local marketable goods and outport demanding articles. For instance, in metals the description of those having main local sales differs from those demanded largely by outports. This quarterly has paid attention to the former kinds, but hereafter more emphasis will be laid on the latter which, we believe, has a wider scale of representation.

Asbestos being formerly classified into miscellaneous goods is transposed to building materials. The new contents are electric supplies, motor and the Shanghai index number of prices whose method of compilation was fully explained in the January-March issue of last year.

This quarterly is authorized for free distribution. Copies will be mailed gratis to government offices, schools, business houses and other institutions upon receipt of their application. The number of copies for free distribution is limited to 2,000 volumes in every issue.

卷 一

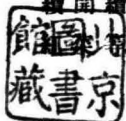

市 況 說 略

糧 食

存多到旺。市氣平疲。洋麵到數計達二百二三十萬包之多。各路去胃均呈飽象。客幫不敢落手。充斥市上。售價頻跌。二月間所到美粉。粉質粗劣。價比坎拿大粉尤小一錢左右。全季除二月末三月初大連、營口、天津各幫稍有動辦。市情略略轉好外。均陷呆滯之境。小麥到貨雖不若洋麵之盛。為數亦在百餘萬包。但多廠家自用。且有大連哈爾濱學處消納半數。定進廠家亦不願貶價出貨。然趨勢並不見佳。二月間尙開四兩有零。三月低降一錢餘乃至二錢不等。查續定期麥四月交貨者。則在三兩八錢半左右云。

海 味

今春海味營業。較去冬為遜。蓋因川粵戰事未已。商賈歛迹。而日遭震災。收捕減色。除魷魚、海帶稍有進口外。餘皆寥寥。市價增漲。銷路停滯。三閱月中以三月市面稍形活動。走銷較好。海帶、帶絲到貨頗旺。價格步軟。客幫觀望。銷路呆滯。二月末來貨稍稀。然存底豐厚。雖一時價稍轉俏。旋即回跌。麒菜一月間價尙平穩。嗣因產地價漲。滬亦漲騰。各行存底枯竭。若來源不接。勢必再漲。魷魚存底豐厚。銷路呆滯。市價未能上升。惟夾油存乏。三月間廣幫、汕頭幫稍有動辦。為數均少。市價仍疲。冬菰因產地價漲。滬亦隨升。以後續開續漲。價格始終堅定。價之高昂。為數年所未見。餘如魚翅、海參、

## 糖

本季糖市。以一月銷場爲最盛。價格雖昂。各幫咸皆動辦。繼因舊歷年關結束。公會交易。進出兩無。三月荷蘭價跌。日匯亦趨跌勢。申地隨之而落。銷出之數殊不見旺。茲分述如次。

日本貨 東白各幫動辦。市面堅俏。一月銷去八萬餘包。當時銷路猛進。期貨亦開出頗巨。江、浙、漢口等處採辦爲多。舊歷年關既渡。產地價格增漲。滬地隨之堅砌。更兼東匯頻跌。各商因而觀望。期貨祇開二萬餘包。現貨中上擋來源盛旺。成交寥若晨星。市面頓形清淡。

太古貨 車白一月間價較去臘增漲二錢。開出七千餘包。嗣後續開。價又增進。惟開出之貨。多屬下擋。荷價見軟。各行咸無進意。價格擯而不跌。銷路呆滯。

荷蘭貨 荷赤成交尙多。本季計開出三萬六千餘包。期貨居多。市情穩固。荷白存底豐厚。開出較少。嗣因地價頻跌。荷赤行家多不顧問。三月間祇拋出新貨三千袋。須八九月交貨。價亦頗廉。荷白底貨。多賤價出售。以廣推銷。價遂愈趨愈下。三月末較三月初約跌四五錢左右。

呂宋青 價格頗廉。後因貨寡。三月祇成交六十包。尙係陳貨。地價雖跌。滬市仍堅。

## 洋酒食物

香檳酒 本季市況。極其沉寂。雖毛姆、老思老達等有少數交易。然與前季相較。則不逮遠甚。蓋因時令關係也。

白蘭地 麥退爾交易甚少。海內斯於一月間因舊歲定貨尙未到埠。市間存貨又不充足。大有供不應求之勢。惟值陰歷歲末。本埠

商家例須結束。外埠亦早經採購齊備。市間僅有零星買賣。而無大宗交易。故市面得保平穩之象。迨一月之末。法匯步漲。法廠電訊定貨加價。市面略趨漲風。然交易甚微。亦無若何影響。至二三兩月間。本埠之外。客幫亦從事採運。但以市面存貨不多。價格微漲。然不數日即有新貨抵埠。旋亦恢復原狀。本季之末。法匯日縮。價仍堅挺。

爲四格酒 銷路如常。價格無甚變動。其中當以順發紅牌、哈味、道生、常海、黑白等銷場爲最暢。

華達克 華達克類似我國之高粱酒。惟俄人喜飲之。自大批俄難民來滬以後。其銷路頗形擴大。故本季交易。頗呈活潑之象。

罐頭水果及蔬菜 台爾蒙各種罐頭水果及蔬菜。本季到貨甚多。市價無甚漲落。惟銷路因存貨充斥。頗形呆滯。

代乳粉 好力克代乳粉銷路素稱暢旺。但自勒克吐瑾風行以後。暗中大受影響。本季銷路頗爲減色。而勒克吐瑾幾有一日千里之勢。

## 棉 花

一月 本埠交易清淡。良以銀根短縮。時局不寧。及各紗廠都減工停工之故。除日本出口商略有採購外。華商方面購買力殊弱。至於棉價趨疲。實因海外之掣肘。美國因最近殘餘五千萬包（每包五百磅）無可消納。而消費最多之英國則苦於印度及遠東市氣之呆滯。購胃銳減。至於東方之日。歐西之法。咸困於外匯不利。意興索然。我國及德、俄諸邦。內亂頻仍。購買力更弱。實使美棉下趨之主因也。

二月 印、美、英棉市跌風更熾。而日本紗市亦呈疲弱。於是直接間接使我棉市陷於停頓狀態之中。交易寥寥。即紅盤亦黯無色彩。

然世界及我國原棉。決不至因一時之低跌而貶其真正之需要與價值。故以本埠而言。下等棉花固隨世潮而並疲。上等棉花猶能維持其地位。而各路存底實虛。紗廠方面亦本其需要之量。從事採購。外商進胃亦不弱。足見本埠棉市不可謂之沉悶已甚也。三月本埠棉市由穩定而入堅挺。其主因。一為紗市活動。各廠現需暢旺。一為外電起色。人心興奮。但美棉自身實漲跌靡定。不如本埠市面之穩固也。

## 棉 紗

一月 雖承陽歷年關之後。客幫現貨銷路仍形暢旺。公會小包。交易亦佳。雖印、美原棉趨疲。與夫東京一帶地震復作。三品暴落十元以上。及臘底銀根緊迫之關係。不無減色。然各地存底。枯窘已極。而紗廠方面競以停工聞。故現需之急。實為普遍之現象。遂使飄搖不定之紗市。屹然堅定。

二月 適逢陰歷年關。市氣閑散。其尤甚者。則因海外英、美棉市瀕跌不已。致數月來穩定不變之滬市。終難與世界大勢抗衡。雖新歲紅盤尚能維持。入後則漸漸疲軟。

三月 客路因存底虛空。需要急切。爭先採購。踴躍異常。於是上月疲軟之勢頓變。沈悶之紗花得以復蘇。縱當海外花紗續續報跌之時。而此間猶能保持其漲風。惜乎俱有轉移全球棉貨之英、美棉市。愈呈猛跌之勢。於是東方紗市。不得不受其影響。於本季之末。竟同趨一輒矣。

## 正 頭

### (一) 西 貨

人心不振。市氣閑散。綜其主因。約有四端。(一) 孟徹斯德出

價始終堅定。難於投合。(二)舊歷年關。銀根倍緊。而各客幫又均返里度歲。停止交易。(三)海外花紗狂跌。(四)時有政局上之謠詠。人心懈怠。叫莊及各行號爲此環境與時節所牽掣。均陷於窘境。惟於此疲呆之市面中。叫莊尙較佳勝。一月間市價。猶能逐步上騰。頗有活潑之趨勢。蓋漢口、甯波、高麗諸幫。待需孔急。採購尙多。設孟市稍能讓步。則此間當更形起色。其中以元羽綢、泰西緞爲堅穩。原布、漂布均趨漲風。惜不旋踵市面頓變。漂布、元羽綢曾驟跌四五錢不等。而交易之清淡。實使本季減色不少。迨三月間。天津、青島、長江各幫。均漸活動。牛莊之於白貨。甯波之於原布。俱感興趣。於是各貨稍稍回漲。本季乃得較佳之尾聲。(共計成交三十七萬一千五百三十五疋。)至於定貨方面。更形寂寞。客幫雖有買意。但互相觀望。以待市面之進展。故一月間僅各種花色貨及漂布、洋紗稍有交易。粗布由牛莊、天津採運。價稍上升。及三月北方河港開凍。又值久疲之餘。稍有動辦。南方如長江流域亦稍活動。然均成交不多。不足挽回衰頹之市氣也。

## (二) 東貨

客幫不動。銷路平平。細布於一月間存底過少。來源不旺。東洋市面又復報漲。價乃向上。花色貨則隨西貨市面下趨。清淡異常。良由年終銀根短縮故也。其後各幫去胃甚佳。惜爲花紗下跌與西貨呆滯所影響。致各種花色貨。無力維持其騰漲之市面。三月間更因匯兌變動。交易益形寥落。價格混亂異常。細布、洋標雖濟南幫稍有採購。札藍素綢山東幫略有走銷。然較諸本廠各貨。則不免相形見絀矣。

## 呢 絨

一月 市氣不甚活動。而內地各幫。均停止採辦。加以市價趨跌。開

盤未能堅定。薄貨曾有幾度回躍。然起伏盤旋。跌多漲少。至於厚貨。倍形蕭條矣。

二月 承上月疲勢。仍不易復振。紅盤開價。尙稱平穩。交易亦稍活動。徒以人心不佳。售價不能向上。入後則多數貨色大盤低落。如德記、和豐、元直貢呢及人字嗶嘰、尤形顯著。獨榮泰頭號元直貢呢到貨既少。各路需要又殷。供不敷求。市價略硬。今春業呢絨者大都虧蝕云。

三月 交易較佳。去胃以本街客幫爲主。惜成交之額不多。如嗶嘰、直貢呢、羽紗等。僅屬零星交易。而來源湧擠異常。致貨價仍舊下趨。

### 綢 緞

本季市況。實堪樂觀。交易順暢。市價堅挺。來源不充。各貨步步騰漲。始因時逢年關。沉寂一時。東緞等專銷本街及客路者。成交稀少。但入後則氣象頓新。大有欣欣向榮之勢。花香茂、洋紡、軟緞、重縐及緞條縐等。西人紛紛購製。而本國士女對於新到之織銀閃色緞、金銀織花緞、毛葛、拷花緞、印花縐等。醉心其花色之豔麗。迥非國產所能比擬。故皆競相添購。走銷之迅速。實堪驚異。至本街及各幫如天津、北京、等處。對於花色縐貨採辦亦頗熱烈云。

### 麻 袋

新袋交易寥寥。市面沉滯。斜文袋向銷洋莊。惟近因不甚合用。竟無去胃。新藍巾袋除蕪湖採運外。殊鮮交易。新綠巾袋。大連、烟台裝運尙多。市面較好。價亦稍挺。

舊袋市情較爲滿意。單雙嘜藍巾綠巾兩種。均由沉靜而活動。於三月間內銷既盛。價格趨漲。糖斜文袋則一月間銷路獨旺。入後

平平。惟以缺貨之故。價仍鋒俏。因此波及銷路寥寥之洗斜文袋。亦起色不少云。

十一行新麻布。二月間天津幫裝購百餘件後。僅有零星交易。

## 五 金

按查本處所發表物價指數。五金一項。本季總指數爲一九九·七。較前季增高一九五點。較去歲本季增高三一二點。較之去年夏秋兩季。亦均見增。驟視之。本季市況。似有可觀。但詳察內情。竟與吾人以相反之景象。茲爲便於觀察起見。列表如次。

季 節	十三年春季	十二年春季	十二年夏季	十二年秋季	十二年冬季
銅 類	一二六·六	一三四·五	一五八·七	一四二·三	一三三·六
鋼 鐵 類	一二四·〇	一三三·二	一三六·七	一三八·〇	一三六·七
鉛 類	二〇七·八	一八六·九	一七三·一	一七五·五	一八七·七
鋅 類	一〇七·八	一二六·六	一五八·四	一六〇·四	一二五·五
錫 類	二四七·五	二一二·五	二二三·一	二一四·六	二一五·八
鎊 類	三八四·三	二一七·五	二四八·六	二三三·九	二八一·九
平均指數	一九九·七	一六八·五	一七九·八	一七七·五	一八〇·二

就上表以觀。鋼鐵、銅、鋅類均較去年爲低。錫、鉛略漲。鎊則大漲而特漲。竟比去年春季增高三分之一有奇。然則本季總指數之增高。殆爲鎊之特殊勢力所支配之結果也。（查五金一項。除純鎊係國產不在內外。進口總數。據十一年海關貿易冊所載。約計關平四千餘萬兩。錫、鉛類不過約占關平二百餘萬兩。其大宗品物以鋼鐵類爲最多。銅類次之。）至鋼鐵貨品下落之原因。固不止一端。但其主要點。當不外以下數端。（一）年來兵匪交作。川、湘、滇、黔、閩、粵諸省。時平時亂。推銷區域縮小。所可恃者。惟北方數省。本季一二月適值陰陽歷歲首年終。客幫莊客。均須歸號結束。加以在泳港期中。銷路減少。（二）本季末月北幫莊客紛紛蒞滬。例須生意發旺。但邇

來各埠商業凋零。對申匯兌又形不利。故均不肯多辦。(三)去歲東鄰震災時。獲利甚巨。一般無識商人。目爲有大利可圖。紛紛向外訂貨。計算時期。大抵均於季內到埠。以致現貨充斥。(查一月末滬地存貨竟達三百五十餘萬担。二月末所存亦有三百卅餘萬担。三月存貨較少。約計二百八十餘萬担。)供過於求。加以西匯迭縮。售盤之跌落。遂如江河日下矣。至於錫錫等之暴漲情況。亦爲年來所罕觀。不可不略爲記述。純錫產自湖南。今春到貨甚稀。廠盤又迭次增加。而滬上及內地各印務局。廣爲搜買。演成供不應求之象。售價之扶搖直上。實基於此。錫類市面。疲滯已久。今春之據而抬頭者。始因香港、新加坡等處產額減少。繼以產地工人同盟罷工。滬市愈傳愈緊。各幫爭先搜買。售價遂驟然高翔。獲利之豐。大有駕於歐戰時之勢。入三月後漲風稍平。緣奧州錫蘭諸口岸。均有大批到貨故也。鉛市雖不若錫錫之旺。但亦較往昔爲勝。太古青鉛開售最高時。爲十五兩。最低亦須十一兩六五。回溯去歲同季。最高價不過十四兩。至一昨年同季市價。則益不及其最高價。與本季最低價相較。尙差〇·六五。其低者更無論矣。所以致此之由。原於去歲市氣不佳。廠盤迭增。購訂者少。入春以來銷路驟暢。進口不多。求過於供。宜其價格之日見上升。然錫、錫、鉛市氣雖好。究屬少數。絕無挽救五金全局之可能也。

## 木 材

本季市况。平均價格。較上季爲高。各個相較。十七品中。除美松未有上下。柚木、留安、白藤栗、黃藤栗、桂木、亞克、板條、枕木見漲外。餘均下落。分月而論。以二月份售價爲最高。銷亦最旺。三月次之。一月爲最低。茲將各貨售價升降及推銷狀況。約略述之。查各貨中銷路最大而最占勢力者。當推美松。自去歲東鄰震災後。到貨較少。滬上

存底。一時見薄。市亦堅挺。入本季後。到貨驟多。查南北兩市美松存貨達三千餘萬尺。售價則因陰歷年底。本埠營造。承包各種工程甚多。新春天氣晴明。各項工程動工。需材頗急。內地客幫。進胃亦強。去路甚為浩大。故未致下落。東洋木材去胃不佳。但來源告乏。是以有進無退。惟白松略見跌落。因建松代替。致銷路絕無也。柚木來價高昂。留安到貨雖較東木為多。銷亦略旺。價稍上升。新加坡紅白板到貨過多。硬木市氣沉寂。企口板受美松到旺之影響。銷又不暢。故皆下落云。

### 煤

本季三閱月中。各煤市況。皆不甚佳。從大勢觀察。尤不如前季。以比往年亦多遜色也。三月份到貨甚稀。洋棧底存。除統煤、煤屑外。白煤與塊煤等貨。空虛異常。故各方雖有所採購。而無多量現貨供給。致市面不能活動。茲再分類敘述如下。

白煤 一三兩月。盤價時漲時落。銷路倏暢倏呆。二月份則形勢頗趨悲觀。因到貨大旺。而去胃有限。市價跌多漲少。本埠同行目光大都看落。不願着手購進。致走動益形呆滯。柳江煤明雖堅穩。暗實鬆動。惟山西煤因杭屬各幫皆在旺採之時。故賣價時見抬高也。

烟煤塊 頭二三號各貨。自去年以來。市面久不活動。本季一月中依然無發展之象。二月之上半月尤為不利。新手、高松、二枚、福島、多久、等煤。價格低落。銷路之呆。殆為前此所無。入三月後。形勢漸佳。市價亦徐徐回高。蓋因前月市面不振。煤商多不敢定貨。故底存空虛。購買者偶一增加。走場輒覺活動。價格故能回僑。國煤之火車塊。因市價低廉。需要者甚為樂購。各輪船公司採辦之彭格煤。於三月間竟達五千餘噸。

**統煤** 統煤市况最爲惡劣。各貨做開。動輒下跌。二號貨如木屋瀨、針金、新野、中島、新目尾、宮夏、等貨。在二月中稍爲活動。頭號三號等貨。則三月以來。交易沈寂異常。內地與本埠各工廠。進胃皆甚呆滯。客幫及本埠同行。更無大宗購進。銷路較之前季減少十分之四。比之去年更減少十分之七。其疲滯之原因。蓋由於各工廠減少工作。需胃至爲有限。餘若魯煤中興統、悅昇統、大山統、後地統、及西河統等。交易亦頗寥寥。惟價格尙無若何變動。

**煤屑** 各種煤屑除國煤外。一月間僅有百噸交易。其銷路之呆。與統煤不相上下。惟入二月後。市况驟佳。本埠各絲廠收進現貨甚夥。內地若杭、嘉、蘇、常、等處。又紛紛來滬採購。售價乃被抬高。及入三月形勢又轉不利。因下半月到源大湧。供過於求。而買者復意存觀望。以待賤價機會。致流通益感呆滯。市盤不得不趨於下沈。惟國煤因內地客戶及本埠工廠大批收買之故。形勢則與之相反。若華水屑杭屬各埠有巨額運往。某造紙廠購入尤夥。即本埠各絲紗廠亦有萬餘噸去路。一號屑、與二號屑。一二兩月中銷出計共不過八千餘噸。三月中竟達七千八百餘噸之多云。

## 紙

本季紙業始終寂寞。紅盤價開較前雖高。但先令頓長。客幫不敢動辦。各貨繼續有到。銷路呆滯。價格挫跌。有光紙報紙等。各行於去歲約結者十居六七。先令既長。未結者固可獲利。已結者虧折殊甚。茲分述如次。

**十七磅有光紙** 一月客幫均告結束。銷場清淡。紅盤開價。較前略高。而來貨盛旺。先令日長。行家多捺低紅價。以博微利。天津、長江稍有操辦。成交不多。廈門、汕頭兩幫。因地方不靖。來電止辦。三月來貨仍旺。行家恐先令增長無已。價更挫跌。賤價出售。去胃較好。

- 報紙 舊歷年內無甚交易。來貨頗多。銷路停滯。價格頓跌。紅盤開價爲二兩五錢。行家私售二兩四錢。三月更跌二兩三錢五。揆其原因。皆爲先令繼長。來貨盛旺所致。
- 道林紙 來源不多。銷路亦稀。上身貨存底無幾。價尙平平。下身貨疲軟。幸續到尙少。價格稍跌。交易尙稱不惡。
- 連史紙 龍章及貴字連史紙。陸續有到。銷路尙好。價格堅挺。二月龍章各貨每件加二錢許。今春紙價皆趨跌勢。惟龍章及貴字連史紙。始終堅定。
- 黃板紙 日貨價格平穩。稍有銷路。到貨不多。交易甚微。天津振華廠出品優美。與日貨相埒。而較華盛廠爲佳。價格稍廉。到申已有五六百噸。華盛廠貨每噸價跌六兩。八號貨且跌至八兩。遭振華之掎擊。損失頗巨云。
- 硃紙小臘光紙 天津、長江各幫稍有採辦。青島幫較前減色。價亦步跌。成交不巨。

### 靛油染料

- 靛油 當陰歷年關之際。交易異常沉寂。但自二月中旬以後。市況日有起色。客幫如長江一帶。內地若杭、嘉、湖、蘇、常、錫等處。銷胃頗形暢旺。本埠坊戶。亦有多量成交。到源又陸續不絕。故市面得常保堅挺之象。
- 硫化元 雙鵝NNG牌一月銷數。總在三四百桶左右。他若愛禮司、虎鹿及廠圖等牌。銷場亦殊不弱。東貨價廉。尤得購者歡迎。至其他各種染料。市況則與前季彷彿云。

### 煙

煙業交易。最盛之期。當推春季。故本季市面。氣象頗佳。以較去

年同季。且有過而無不及。據煙業公會之調查。雪茄一項。亨白廠於本季中到貨約值十二萬五千比所。老美女廠約值十二萬比所。來源如是踴躍。不可謂非市面之好現象。無奈同行不遵公會之規定。私自貶價。互相競爭。加以呂匯平平。致銷路雖暢。而獲利終甚微末。三五牌紙烟到貨過多。存底因之壅積。外埠銷路又忽停滯。故同行不得不減價脫手。以致無利可圖。紅屋牌煙質頗優。就本埠而論。每月可銷至一千萬支。（每箱五萬支共約二百箱左右。）然終不若大英牌之盛行。雅達煙公司所出之皇鞭牌。特將煙支加長。初時頗得吸者歡迎。乃不旋踵即無人過問。存貨甚多。只得折本出售。以防霉蛀。英美煙公司之大號哈德門。於漢口銷路之廣。有類大英牌之在滬。南洋煙公司各種紙煙。除外埠較有銷場外。本埠則無甚發展。即寶塔牌之銷路。亦終不敵仙女牌。他若前門牌。大號內未克。及茄力克。本季交易。皆屬平穩。無特殊情形可紀也。

## 西 藥

本季西藥市況之變遷。依科發藥房報告。得總括為下列之五類。

1. 水楊酸類 本季中惟水楊酸價格稍高。蓋因其需用頗廣。然其化合物之水楊酸鈉。價格則反稍跌。餘如薩羅耳。醋柳酸 Acid acethyl salicylic 等品。均無變動。
2. 山道年 山道年價格又見增高。其漲落原因。頗不易明瞭。據云實由於一部份商人所把持。
3. 沃度類 沃度、(碘)沃度仿、沃度鈉、等均漲價。惟鉍碘 Potassium iodide 無變動。此外若碘之製劑沃度丁幾 Tincture iodi。因碘素昂貴亦趨漲。
4. 植物生藥 龍胆根 Gentiana Root、遠志根 Root of Senaga 等品。價格較前

- 季爲低。顛茄葉 *Belladonna Leaves* 吐根 *Ipecacuanha Root* 等品。均見漲價。越幾斯 *Extracts* 中惟希朶拉斯流膏 *Liquid extract of hydrastics* 價格高漲。
5. 油類 甘油 *Glycerin* 價格較前季略低。椰子油 *Oil of tleobroma*、桂皮油 *Oil of cinnamon*、茴香油 *Fennel oil* 等。均見漲價。

### 洋 雜 貨

本季雜貨。銷場較去冬稍有起色。紅盤開價頗高。嗣後逐漸低降。然各幫動辦。頗屬興旺。以手帕、毛冷、香皂爲大宗。夏令將屆。派帽、汗衫銷路頗廣。尙可獲利。

毛冷 去冬走銷不暢。積存太多。來貨過鉅。價格暴跌。以蜜蜂牌爲最。三月外洋定價增漲。躉戶搜羅添辦。市價頓堅。蜜蜂牌驟漲至十七兩。其餘各牌亦隨之趨高。

手帕 天津長江等處陸續採辦。銷路甚旺。其中冲絲巾銷路最大。價格遞漲。三月價更堅俏。全白綉字麻紗巾。成本略硬。存貨頗多。市價稍軟。

木紗 去冬棉價迭漲。鐵錨、鍊條等牌。客幫廣爲購辦。各行預料。今春獲利當可倍蓰。而入春以來。英國（綿華廠）與國貨（統益廠）競爭。紅盤開出。仍照舊價。一般行家。頗爲失望。

毯 日本棉毯進口稀少。緣震災後該國用途亦多。定價增漲。轉運出口。不甚合算。法匯相宜。法貨進口甚多。德貨亦因法匯關係。價遂挫跌。老虎毯北方略有採辦。存貨太多。爭先脫售。價亦低降。

化粧品 檀香皂爲盛銷之品。成本略輕。銷路增加。法匯加長。價跌二錢左右。三月末法匯變動。市價頓堅。預料該皂價格。當可增漲。餘如老芝蘭皂、藍腰皂尙能站定。雜牌香皂。則稍有漲落。三角花旗牙粉及利康牙漿等。銷場亦大。所梳敦恃次之。檀香粉亦因法匯相宜。跌二三錢。白玉霜、雪花精銷路頗旺。季末行將落市。價跌

一二錢左右。

搪磁盆 初則來貨湧旺。價跌二三錢。三月間客幫採辦極多。市面轉佳。然存貨充斥。價未見俏。

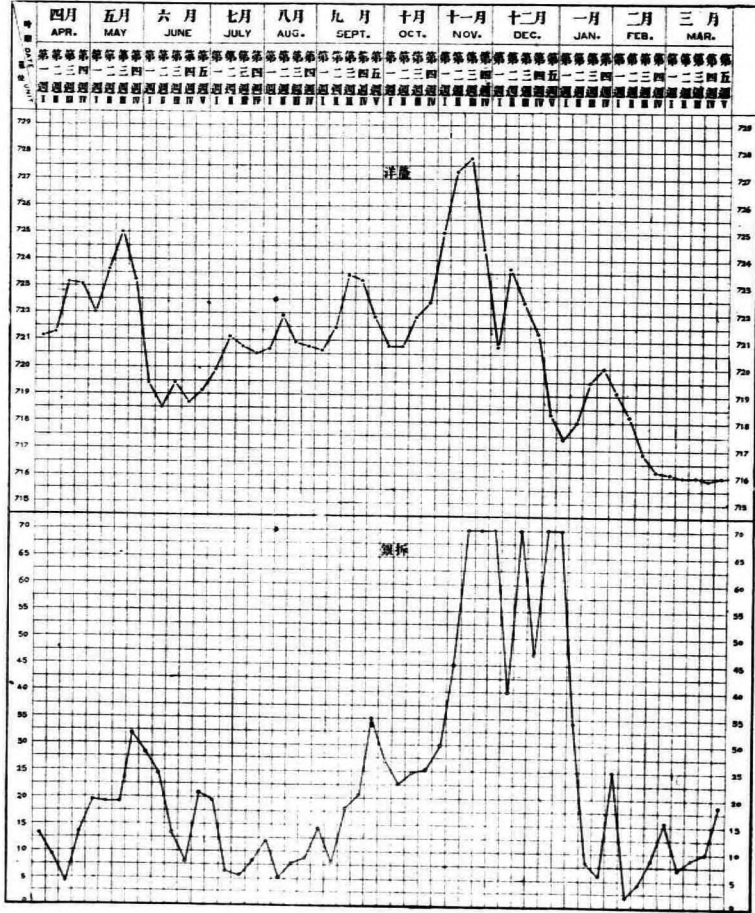

肥皂 市上土貨充斥。舶來品稀少。天津、東三省辦去爲多。本季價格無甚變動。祇祥茂各牌漲價一錢。

洋燭 銷場與去臘彷彿。尙稱平穩。三月價格陡漲。夏令將屆。本廠燭不合應用。洋燭製造堅固。光焰清亮。宜於炎暑。銷路突增故也。

Index Numbers of Wholesale Prices in Shanghai.

## THE INDEX NUMBER OF PRICES IN SHANGHAI

The Index Number of Prices in Shanghai had its first appearance in September, 1919, with the average price in that month as its base. The investigation of prices has been carried on once in a week and the Index number is compiled monthly based upon the prices in the last Wednesday of every month.

This index number contains five principal groups of commodities: namely, cereals, other food products, textiles, metals and miscellaneous goods. Under the last heading there are again four sub-groups: viz. fuels, building materials, industrial materials and sundries. At the beginning we chose altogether 101 articles and 151 items which are largely staple imports and exports and necessary daily articles. After one year's trial we felt that there were certain imperfections in our selection of commodities. As the whim of fashion of the society changes and the new succeeds the old, the representative commodities, in fact, vary from time to time. Thus in October, 1920, we revised our table into 117 articles and 147 items. The revised table has been continually used for making our index numbers until the present.

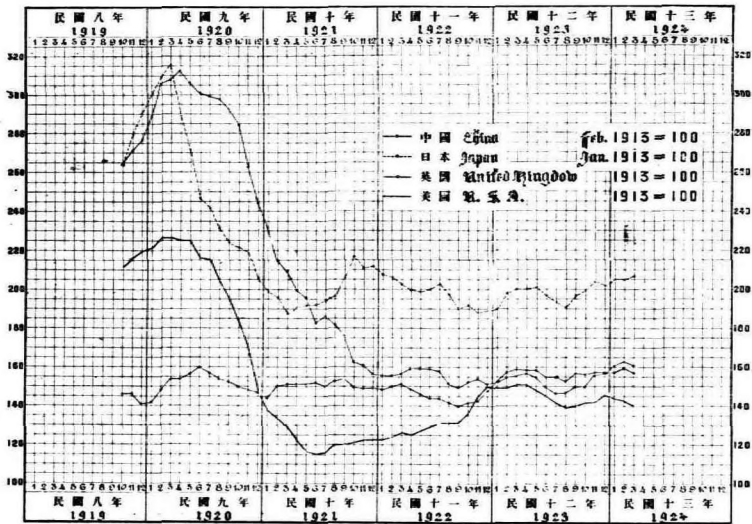

A table of prices has two main different kinds: one is wholesale and the other retail. Our table contains wholesale prices only. Materials are based upon the reports of business men actually engaged in different lines of trade except the prices of beef, mutton, pork, eggs and milk in the group of other food products and that of firewood in the group of fuels which are obtained from the table of retail prices published by the Health Department of Shanghai Municipal Council.

We have hitherto in accordance with the common method of most index numbers adopted the simple arithmetic method in our calculation. At first we were compelled to use the average prices in September, 1919 as our base. With the outbreak of the European War most noted index numbers of prices have changed to use 1913 as the basic year. Thus in summer of 1921 we started to investigate the prices in 1913 of those commodities contained in our table. Unfortunately, we are only able to find so far the prices in the early part of February of 1913. Since 1922 we began to use the pre-war price as the base in our index number. The conversion of the whole index number in every past month has now been accomplished also.

## REVIEW OF THE PERIOD

### CEREALS

The market showed a weak tone on account of the heavy stock and abundant arrivals. The total import of flour nearly amounted to 2,300,000 bales which were a glut on the local market after having filled the demand of outport customers. As a result, local quotations met repeated falls. That American flour arrived in February was inferior in quality and quoted about ¥0.1 lower than Canadian flour. Except a short slight revival happened at the end of February and the first part of March when shipments were made for Darien, Yingkow and Tientsin, the market remained dull throughout the period.

The import of wheat was by no means as large as flour, but it exceeded more than 1,000,000 bales. Most of these the factories reserved for own consumption and about half of the amount was absorbed by the merchants of Darien, Harbin and other ports. However, these did not steady the movement, as the price in March fell from ¥0.1 to ¥0.2 as compared with the February's figure which was a little more than ¥4.00. Later bargain showed a quotation of about ¥3.85 for April cargo.

### SEA PRODUCTS

Sea products exhibited an inferior market this season and were handicapped seriously by the continual war in Szechuen and Canton and the diminishing supply from Japan after the earthquake. Except cuttle fish and seaweed, other imports were little. The rising of prices hindered sales. In these three months, March had the comparative better market.

Seaweed, long and cut, had great imports and prices were decreasing caused by the stagnation of business. A temporary rise was seen at the end of February, but shortly afterwards the big stock caused the market price to turn down again.

Agar agar was fairly steady in January and afterwards rose along with the quotation in producing countries. It had a very short stock and was possible for further rise in case of not getting fresh supply.

Cuttle fish was heavily stocked and had dull sales. A small quantity was bought by the customers of Canton and Swatow in March, but the market price remained weak.

Mushrooms had a very high quotation rarely happened in the last few years owing to the increase in cost. Other products such as sharks' fins, bicho de mar and red seaweed happened little changes.

## SUGAR

Sugar had the best sales in January. In spite of high quotations, customers purchased actively, but a reaction set in at the end of China year. In March, local prices fell down in sympathy with Dutch quotations helped by the decline of Japanese exchange. Sales were small during this month.

**Japanese Sugar:** White sugar was in good demand and had a very steady market. Total spot transactions in January consisted more than 80,000 bales, largely purchased by customers of Kiangsu, Chekiang and Hankow. After the China new year, local prices rose along with manufacturers' quotations and the repeated falls of Japanese exchange caused customers to refrain from placing orders. Forward sales were recorded about 20,000 bales only. The first grade sugar had abundant supply but sales turned quiet then.

**Taikoo Sugar:** January had a sale of about 7,000 bales at a price of about \$0.2 dearer as compared with last season. Further rise of prices was seen later on, but business was confined to secondary goods. Finally the fall of Dutch quotations weakened their sales.

**Dutch Sugar:** Transactions of brown sugar this season consisted approximately 35,000 bales being largely forward sales. White sugar was sold less. Afterwards Dutch quotations happened continual falls and local business suffered accordingly. In March only some 3,000 bales of brown sugar on August and September deliveries were consumated at cheap prices. White sugar was sold at discount. Until the end of the month market quotations fell about \$0.5 as compared with the beginning.

**Manila Green Sugar:** Quotations were quite moderate. Only 60 bales were sold in March. It was short stocked and showed a steady tendency in spite of the decreasing quotations in producing countries.

## WINES, BEER, SPIRITS, TABLE WATERS &amp; CANNED GOODS

Owing to off season the market of Champagne was very silent being greatly inferior than the last.

J. & E. Martell's brandy had little sales. Hennesay's brandy saw an insufficient supply and a good demand in January. During the end of China year, it turned a little backwards. Until the end, the rises of French exchange caused a slight increase to the market price, but the amount of business was small and had little influence. In February and March the parallel demand of this port and the interior made the quotation a little higher, but it soon returned to its normal state because of the arrival of new cargo. The rate of French exchange rose notably at the end and prices were steady then.

**Whisky had the same sales and prices as before.** John Walker Red Label, Harvey's, Dawson's, John Haig and Black and White enjoyed the best sales.

Vodka which is similar to our Kao Liang Wine is fond by Russians. Since a great many Russian refugees came to Shanghai, its sales have been suddenly increasing and was active in this season.

Canned fruits and vegetables were stagnant. Del Monte and other brands had abundant arrivals but their prices changed little.

Horlick's malted milk had prosperous sales before. It has been greatly affected since the placing of Lactogen on the market. During this season the latter made a very rapid progress in its sales.

#### COTTON

January was a month of quietness. A few quantities were exported to Japan, but Chinese dealers bought very little. The weakness of the market was intensified by the decline of foreign markets. In America, recent reports told us a surplus of 50,000,000 bales (per 500 lbs. each) of raw cotton being kept unsold. Great Britain, the large purchaser of American Cotton, fell to a considerable extent in the amount purchased due to the silence in India and Far East. Japan and France were at a disadvantage of unfavorable exchange rates, while this country, Germany and Russia were suffered from incessant political disturbances.

The next month saw a further decline of Indian, American, British and Japanese cotton markets which directly and indirectly affected the market in this country. Even complementary sales showed no sign of activities. But while secondary cotton fell in response to the world tendency, the superior cotton seemed not affected. The local market by no means yielded completely to foreign influences. Demands rose occasionally from the interior, cotton mills, and foreign merchants.

A notable improvement was seen in March largely because of the requirements of cotton mills and the rise of foreign quotations. Nevertheless, American cotton fluctuated constantly and was not as steady as local cotton.

#### COTTON YARN

Cotton yarn had a steady tendency in the beginning. Spot goods were in good demand by export customers. Local sales in small quantities were also much. Although business was handicapped to some extent by the fall of Indian and American raw cotton and the sudden fall of Sumpin at the news of the second Japanese earthquake, yet every market was very short stocked and there was a common urgent demand for spot goods.

Later on the market became somewhat relaxed at the coming of the end of China year and owing to the repeated falls of British and American cotton markets. During the first part of March large quantities were demanded for exports, but business soon yielded to the violent falls of British and American cotton. The market turned down again in the end.

## PIECE GOODS

## (1) European Piece-goods

The market displayed a general declining tendency due to the following reasons: (1) The quotations in Manchester remained constantly steady and were not acceptable to local buyers. (2) The money market was very tight during the end of China year. (3) Cotton and cotton yarn in foreign countries happened repeated falls. (4) Political rumors discouraged trades people. Under these circumstances both auction and indent business assumed a weak tone, the former being a little encouraging.

## Auction

Prices in January were active owing to the urgent demands in Hankow, Ningpo and Corea. Had Manchester quotations showed a little fall, the local auction market would have been more brisk. Of the various kinds, black cotton Italians and cotton Venetians had the steadiest price. Both grey and white shirtings tended upwards. Unfortunately, the market shortly afterwards turned sluggish, notably in white shirtings and black cotton Italians which decreased about £.01 or £.05 differently. This caused a hard suffering to the business of this season. Until March, customers of Tientsin, Tsingtau and the Yangtse Valley began to show intentions to buy. Whites found a good business in Newchwang and an equal fair demand for Greys was prevalent in Ningpo. Thus prices returned to rise and a trade revival was seen at the end. (The total amount of transaction during this period amounted to 371,535 pieces.)

## Indents

Indents found there even a more dull outlook. Outport customers were silent to watch the development of the market and bought only in small quantities. During January only some fancy goods, white shirtings and lawns had certain sales. Sheetings were shipped to Newchwang and Tientsin at slight increasing prices. Until March rivers in the North which had frozen up in winter became navigable and shipments were made to the northern ports. The Yangtse Valley turned also a little more active. However, the amount of business was very trifling and had scarcely sufficient influence to steady the market.

## (2) Japanese Piece-goods

The market tone was weak and little was sold to outports. During February shirtings tended upwards, since they were very short stocked and the market in Japan was high. But fancy goods were as dull as European piece goods helped to some extent by the stringent money market during the end of China year. Later on outport business saw an improvement but the price of fancy goods remained low owing to the fall of cotton and yarn and the weak sales of European piece goods. Until March business became even more dull because of fluctuations in the exchange rates. Prices were in disorder. Sheetings and T-cloth were sold a little to Tsinan and blue shirtings also had some orders from the customers of Shantung. However, in comparing with native products, these were conspicuously less in the amount of business.

## FLAX, HEMP &amp; JUTE GOODS

New gunny bags had little sales. Twills gunny bags have been largely sold to Japan, but recently shipments were very small. New blue stripe gunny bags met a same dull market having only a little quantity shipped to Wuhu. New green stripe gunny bags were comparatively steadier in price. A fairly large amount was sent to Darien and Chefoo.

Old gunny bags had a more satisfactory business. Both green and blue gunny bags turned active this season. During March, they had good sales and increasing prices. Old twills gunny bags were sold most prosperously in January but afterwards a reaction set in.

Hessian cloth had a shipment of about 100 pieces to Tientsin in February, but little sales were effected later on.

## SILK GOODS

The market had a very optimistic outlook this season. Business was prosperous and prices were constantly rising on account of small supplies. There was only once a temporary quietness during the end of China year, but it soon turned more flourishing than ever. Japanese silk satin enjoyed very good sales. Foreigners bought abundant quantities of silk shamurs, soft silk, soft satin, silk crepe de Chine. Other articles such as silver brocade cloth, gold and silver brocade, silk doplin, printed silk crepe de Chine found quick outlets among natives on account of their attractive color far surpassing native products. The customer of Tientsin, Peking and other outports bought various kinds of printed and dyed silk goods also in great quantities.

## WOOLEN GOODS, COTTON &amp; WOOL UNIONS

Woolen goods showed no sign of activities. Business with outports as well as interiors was silent. Prices were downwards especially thick articles. Thin goods had some occasional rises, but these had scarcely sufficient influence to steady the market.

The market continued dull towards middle of the period. Certain hopes existed during complementary sales, but shortly afterwards quotations of a great many goods fell down, notably in black venetians (E. Brook and Bradley) and herringbone suitings. That black venetian of When & Sons had special steady prices because of small imports and large demands. Most trades people suffered loss this season. Local and outport business became comparatively better, as the season drew to the end. But sales of venetians, worsted twills and alpaca were only in small quantities, and the immense imports made the market price incessantly downwards.

## METALS

In accordance with the wholesale price index number published by this Bureau the total index number of metals for this season is 199.7 being 19.5 higher than the previous season and 31.2 upwards in comparing with the corresponding period of last year. In contrast with the

indexes for last summer and autumn it shows increases also. Nevertheless, a close study reveals us a declining tendency of the market as witnessed by the following table:

		1 9 2 3			
	Spring, 1924	Spring	Summer	Autumn	Winter
Copper	126.6	134.5	158.7	142.3	133.6
Iron & Steel	124.0	133.2	133.7	133.0	136.7
Lead	207.8	183.9	173.1	175.5	187.7
Zinc	107.8	126.6	152.1	160.4	125.5
Tin	247.5	212.5	223.1	214.6	215.8
Antimony	334.3	217.5	248.6	233.9	231.9
Average Index No.	199.7	168.5	179.8	177.5	180.2

The above figures mark the united fall of steel, iron, copper and zinc. Tin and lead show a slight increase. Antimony is in particular which exceeds one-third in comparing with the last spring's figure, and it is due to this special commodity, that the average index number increases so abnormally. (The total import of metals - pure antimony not included - as told in the Foreign Trade of China, 1922, published by the Maritime Customs, amounted to more than HK\$40,000,000 of which steel and iron had the largest value, copper next, while tin and lead were allotted about HK\$2,000,000 only) The downfall of the iron and steel market may be traced as follows: (1) Brigandage was a menace in the country and civil strifes broke out now and then in Szechuen, Hunan, Yunnan, Kweichow, Fukien and Kwangtung. Out-port business was confined to the few northern provinces, but in this season sales were limited owing to the rivers being icebound during the first two months. (2) The northern customers were restrained to store up in view of the dull outlook of business in different localities and the unfavorable domestic exchange rate with this port. (3) The abundant arrivals far exceeded the demand (the local stock reached approximately 3,500,000 piculs in January; 3,300,000 piculs in February, and 2,800,000 piculs in March) and this coupled with the fall of gold exchanges caused the quotation continually on the low ebb.

Pure antimony is produced in Hunan. Owing to small supply and large demands from local printing shops it rose to a price level rarely happened in recent years. The tin market first saw rises owing to the small output in Hongkong, Singapore and laborers' strike in producing countries, but reaction happened in March, when heavy imports arrived in from Australia and Ceylon. Lead also experienced a big increase. The highest quotation reached to \$15.00 and the lowest \$11.65, while the highest figure of the corresponding period of last year was \$14.00 only. The sudden increase in sales caused its rises, but the business of both tin and lead was rather small and had scarcely any influence upon the metal market as a whole.

#### COAL

The coal market made no progress this season. In March arrivals were little and local godowns were very short of anthracite and lump coals. Although there were orders from various ports, yet the market was prevented to develop for lack of spot cargo.

**Anthracite:** In January and March, prices fluctuated much and sales were uncertain. February had a pessimistic outlook which caused dealers hesitating to buy. Liukiang was easier, but Shansi coals increased owing to the shipments to Hangchow and its neighborhood.

**Lump Coal:** The market has been silent ever since last year and became worse in the first part of February. Such coals as Arate, Takamatsu, Nemsai, Fukushima, Taku had the worst sales. Until March the market turned better, because the stock became less by that time. Native lump coals had a cheaper price and were welcomed by customers. The amount of "Pung Ker" coals bought by steamship companies during this month reached more than 5,000 tons.

Mixture coals had the worst market of all. Prices fell down generally. The second grade mixture coals such as Koyanase, Harigane, Katsuno, Nakashima, Shiyakams, Miyana'su were comparatively better sold in February, while the first and third grades remained dull throughout the period. Business was dull locally as well as with export and interiors being 40% less than the previous season and 70% smaller as compared with the corresponding period of last year. It was largely due to the decrease of labor in factories. Native mixture coals (Shantung) were unactive also, but their prices remained stationary.

Dust coal had a similar tendency. It was sold - native products excepted - only about 100 tons in January, but February found an improvement because of the demands in silk factories and the interior. Unfortunately, business turned dull again in March due to the abundant arrivals in the last part, but native dust coals displayed a different market. Hangchow and its neighborhood bought a great quantity of Wha San and about 10,000 tons were sold to local silk factories. The total sale of first and second grades amounted to more than 8,000 tons in the first and second months, and 7,800 tons in March.

#### TIMBER

Timbers were in average dearer than in last season. Among the various kinds, teak-wood, luan, white and yellow ash, katsura, oak, laths and sleepers all rose up. Other kinds showed falls with the exception of Oregon pine which was stationary. February had the highest quotation, and March next, whereas January happened to have the lowest figure.

Oregon pine has been hitherto enjoying the widest sales. Its supply was diminished since the Japanese earthquake and price became steady ever since then. However, imports turned suddenly abundant in this season and the local stock once reached to more than 30,000,000 sq. ft. In spite of this, its price remained at the old level owing to the local construction work and demands for the interior. The scarce supply of Japanese timber caused their prices to rise rather than fall, although sales were weak. Of Japanese timbers, only white pine dropped a little, because people commonly used Fukien pine in stead of it. Teak wood experienced considerable increase in cost and luan met a slight improvement.

Singapore red and white planks assumed a weak tendency owing to abundant arrivals, hard woods were dull as a rule, while T. & G. flooring fell downwards in response to the heavy imports of Oregon pines.

## INDIGO &amp; ANILINE DYES

During the end of China year indigo had very weak sales, but the market became gradually better since the middle of February. The demands for such interior places as Hangchow, Kashing, Huchow, Soochow, Changchow and Wusih turned suddenly great. Local dye houses also bought much. Imports came continually, hence the market was able to remain at its steadiness.

Cassella NNG sulphur black had a sale of about 400 piculs a day. Badische sulphur black was also in good demand. Customers welcomed Japanese cargo mainly because of cheaper prices.

Other aniline dyes displayed a similar market as the previous season.

## PAPER

Paper remained dull throughout this season. Complementary sales saw certain rises, but the fall of sterling and abundant imports handicapped sales. Prices declined as a rule. The fall of sterling caused a great loss to the importers who had paid their drafts in last winter.

The 17 lbs. M. G. Cap Paper almost ceased its outport sales in January. During complementary sales it saw a little rise, but excessive supply and cheap sterling caused firms to sell it below public quotations. A certain little quantity was bought by Tientsin and the Yangtse Valley. Business stopped with Amoy and Swatow on account of the disturbances prevalent in these two ports. In March arrivals continued abundant and dealers cut down prices to solicit business, fearing further falls of the sterling.

News Printing Paper had a similar dull market during the end of China year. It was quoted at \$2.5 during complementary sales, but reduced to \$2.35 in March being affected also by imports and the rate of foreign exchange.

M. F. Printing Book Paper showed a somewhat different situation, having a smaller supply than the above two kinds. The first class cargo was short stocked and normal in price, while secondary cargo was weak. Fortunately, the normal arrival kept the market from falling too low.

Common Printing Paper was the only kind that remained always steady this season. Native and Japanese (Fuji Paper Mill, Ltd.) products had continual supply and fair sales, the former turning about \$0.2 dearer per bag in February.

Japanese Straw-board Paper had a steady price and limited sales. Cheng Hwa strawboard paper 天津振華廠出品 had a competitive quality as imports and was superior to Wah Sheng 華盛廠. It was offered at cheaper quotation and about 600 tons had been brought to Shanghai. Wah Sheng decreased about \$6.00 per ton and \$8.00 less for No. 8. It has suffered greatly from the competition with Cheng Hwa.

Unglazed Printing Paper and Flint Glazed Paper suffered also from repeated falls of prices. A small quantity was bought by Tientsin and the Yangtse Valley. The customers of Tsingtau purchased less than before.

## TOBACCO

Tobacco usually had its best sales in spring. This quarter had even a better market than the corresponding period of last year. The large demands of cigar were witnessed by the heavy imports which according to the report of tobacco guild amounted to 125,000 peso of Alhambra and 120,000 peso of La perla Del Orient. Unfortunately, the sharp competitive sales among tobacco shops and the unfavorable rate of Manila exchange made the profit very trifling.

As for cigarettes, there were different outlooks. State Express 555 was heavily stocked and had slow sales. Old Mill had a fairly good quality and its local sales reached as great as 10,000,000 pieces. (Nearly 200 cases of 50,000 pieces each) per month, but it was still less than Ruby Queen. Ardath's King's Whip had a better length and was once welcomed by consumers, but it soon lost its patronage. Hatamen Magnum was Ruby Queen in Hankow where it enjoyed very wide business. Nanyang cigarettes were comparatively better sold in outports. The Pagoda brand, so far as its business was concerned, was inferior to Victory. Other brands such as Capstan Navy Cut, Magnum, Garrick and Chienmen were normal.

## DRUGS

The drug market this season is based upon the reports of America Drug Co. and may be analyzed as follows.

Acid Salicylate: Acid salicylate had a slight higher price owing to increasing demands, but sodium salicylate decreased a little while acid acethyl salicylic remained the same.

Santonin: It continued on its upward tendency and was supposed to be monopolized by certain dealers.

Iodide: Iodine, iodoform and sodium iodide all showed increases. Potassium iodide was stationary. Tincture iodi rose owing to the dearness of iodine.

Botanical drugs: Root gentian was cheaper than the previous season. Leaves belladonnae and root ipecacuanha met backwards. Among extracts only liquid extract of hydrastis was found dearer.

Oils: Glycerin fell to certain extent as compared with the last season. Other kinds such as oil of theobroma, oil of cinnamon and oil of fennel ascended more or less.

## MISCELLANEOUS GOODS

Miscellaneous goods achieved a better market this season. Although quotations fell continually since complementary sales, yet quite good business was consummated with outports. Handkerchiefs, woollen and knitting yarns and toilet articles had the greatest business. Panama hats and cotton shirts enjoyed also extensive sales at the approach of summer.

Woolen & knitting yarns had an immense stock being carried from last season besides great imports. Prices happened heavy falls especially "Bee Hives". In March the increase of original quotations strengthened the market. "Bee Hives" rose instantly to \$17.00. Other brands increased as well.

Handkerchiefs had continual shipments to Tientsin and the Yangtse Valley. Mercerised handkerchiefs were in the largest demand and reached to the maximum price in March. Those made of linen were slightly easier.

Machine Cotton showed no remarkable changes in contrary to the public anticipation of a good business this season. A sharp competition existed between native products and British imports.

Japanese Cotton Blankets decreased in imports since the earthquake owing to home consumption. The fall of franc encouraged trades people to import more from France and caused German imports to fall also. Tiger Rugs were only occasionally demanded by the North. The heavy stock weakened their prices.

Of toilet articles, Zymore tooth powder and Chloradont peppermint tooth paste had the most prosperous sales. Sozadont was the next. Santal face powder fell about \$0.3 in response to the decline of the franc. Vanishing cream had a fair sale, but fell about \$0.2 at the end owing to off season. As to soaps, Savon Santal made thriving sales and was able to sell cheaper, as the franc depreciated in value. Eclat & Violet were steady, while miscellaneous brands had slight changes only.

Enamelled basins saw a fall of about \$1.3 at first but turned steady in March as a result of good output sales.

Laundry soaps had abundant supply of native products, but little imports. Most shipments were made for Tientsin and Manchuria. Prices showed no changes except Burkill & Sons products which rose about \$0.1.

Candles had a similar market as the previous season, but turned quite high in March. Candles sold by foreign firms usually had good business in summer, since it is more durable in quality than native products.
