## *PREFACE.*

---

This volume makes the twentieth of the series of Brookline Blue Books.

The town has increased very materially in the last twenty years and the size of the Blue Book has increased with it.

We have made some additions to it beside the names and are willing to improve it in any way we can to add to its value as a home reference book.

There are no new features to bring to our readers' attention. We have followed the same style and plan as last year.

The Brighton and Allston section contains the street list. We publish that with alphabetical list in a separate book.

The North Shore Blue Book will be issued about July first and the South Shore a few weeks later.

Respectfully,

May 1, 1905

EDWARD A. JONES.

# The American College of Physical Culture and Jiu-Jitsu

JIU-JITSU is the Japanese method of Physical Training.

JIU-JITSU has been practiced by the Japanese for 2,500 years.

JIU-JITSU means "muscle breaking."

JIU-JITSU helps the weak to master the strong.

The real JIU-JITSU, by President Roosevelt's teacher, the man who introduced it into this country.

"JIU-JITSU is self-defence and not a sport," says Prof. J. J. O'Brien, of the American College of Physical Culture and JIU-JITSU. The expert renders the the big man powerless, and could break bones at will.

Japan succeeds because of the physical fitness of her soldiers. They practice JIU-JITSU, a system of physical culture that makes them giants of strength and endurance.

Prof. J. J. O'Brien, instructor of the President and the originator of this art in the United States, who for ten years was Inspector of Police, at Nagasaki, Japan, has been induced, at a very great expense, by the American College of Physical Culture and JIU-JITSU, to accept a position as instructor, so that the American people may learn the real science of this art from one who is capable of teaching JIU-JITSU by

and wishes to take a course of lessons, and we will furnish them with references from the best people in Boston and elsewhere, including trainers, professors of the leading universities in the United States, doctors, lawyers, etc.

mail, with a series of photographs, in a manner which is at once comprehended by the person who receives the lessons. There have been so many fakirs advertising that they teach JIU-JITSU, when as a matter of fact, they know nothing whatever about it. Prof. O'Brien is fully versed in the Japanese method, as he has studied it for ten years in Japan, and he is responsible for this art of self-defence being introduced into the United States.

We will send one free lesson by mail to anyone who is interested

Geneva (Lithia) Mineral Water is one of the very few waters that contain NO ORGANIC MATTER, and whose properties are in PERFECT SOLUTION. Authorities say there is no known mineral spring that has the medicinal qualities of the GENEVA (LITHIA) MINERAL WATER, and this water is worth more as a curative of all diseases than the human being is heir to THAN ALL OTHER MINERAL WATERS COMBINED.

## APPLETON'S NEW CUTLERY STORE

GEORGE B. APPLETON, who for more than 40 years has been identified with the cutlery trade in Boston, has reopened a store almost on the site of the establishment where he did business for so many years in this city. The new store is in the Old South Building, which may be entered at 294 Washington St., 7 Spring Lane or 10 Milk St., main corridor, street floor, and here Mr. Appleton has, as always, a stock of reliable cutlery which he offers his patrons at reasonable prices. Here he will be glad to welcome old friends who knew and appreciated the standard of his articles at the old stand.
