PLAYGROUND ATHLETIC LEAGUE MEDAL.

HANS SCHULER, Sculptor.

The spirit of the League is symbolized in Schuler's beautiful design for the League's medal. Here we have David in the act of slinging the stone at Goliath. David was the prototype of the Man of Galilee and typified all that rugged honesty, virile character and physical beauty and strength which we desire for our boys to-day.

ROBERT GARRETT,
President Board of Directors.

FOREWORD

The Playground Athletic League of Maryland is the product resulting from the amalgamation of the Public Athletic League and the Children's Playground Association. The latter organization was created in 1897 for the purpose of directing the play of children and the encouragement of the development of the play facilities of Baltimore. The former organization grew out of the Public Parks Gymnasia, established in 1903. Both organizations existed separately and functioned independently until January, 1922, when the merger was finally consummated. As an outcome of the union, changes have been effected in the administrative and supervisory methods of the new organization with the view of establishing more definite divisions of responsibility, preventing overlapping of effort, and providing for a departmental plan of organization. Consequently, in addition to the administrative and business offices, the activities of the League are carried on in three main departments: (1) the Playground Department, embracing the free play and motor activities of children under ten years of age; (2) the Athletic Department, directing the organized, competitive athletic contests of adolescent boys and girls; and (3) the Adult Recreation Department, handling the larger problems of community recreation and the intelligent use of leisure.

State Superintendent of Education in Maryland.

CERTIFICATE OF CONSOLIDATION OF THE PUBLIC ATHLETIC LEAGUE AND THE CHILDREN'S PLAYGROUND ASSOCIATION OF BALTIMORE CITY

NOTE.—On April 21, 1923, the Articles of Consolidation were amended as follows: "Public Athletic League—Children's Playground Association, Incorporated," changing its name to "Playground Athletic League, Incorporated."

THIS CERTIFICATE OF CONSOLIDATION, made this 17th day of January, 1922, between the PUBLIC ATHLETIC LEAGUE and THE CHILDREN'S PLAYGROUND ASSOCIATION OF BALTIMORE CITY, both corporations incorporated under the laws of the State of Maryland, Witnesseth:

Whereas, The Board of Directors of each corporation hereto have duly approved this Certificate of Consolidation; and

Whereas, This Certificate of Consolidation was submitted to the members of the PUBLIC ATHLETIC LEAGUE, at a meeting thereof duly warned and held pursuant to law, on the 17th day of May, 1921, and was thereupon approved by the affirmative vote of two-thirds of all of the members of said corporation; and was submitted to the members of the CHILDREN'S PLAYGROUND ASSOCIATION OF BALTIMORE CITY, at a meeting thereof duly warned and held pursuant to law, on the 17th day of June, 1921, and was thereupon approved by the affirmative vote of two-thirds of all the members of said corporation; now, therefore,

THIS AGREEMENT WITNESSETH, That the said corporations shall be consolidated upon the following terms and conditions, to wit:

1. The name of the corporation to be formed by this consolidation shall be "PUBLIC ATHLETIC LEAGUE—CHILDREN'S PLAYGROUND ASSOCIATION, INCORPORATED."

2. The purpose for which the corporation is formed and the objects to be carried on and promoted by it are exclusively charitable and educational, and no part of its net income shall inure to the benefit of its members, or individuals.

3. All the property and assets belonging to the said former separate corporations, to wit, THE PUBLIC ATHLETIC LEAGUE and THE CHILDREN'S PLAYGROUND ASSOCIATION OF BALTIMORE CITY, and all their powers and rights, and all the debts and liabilities of said former separate corporations shall be devolved upon the new consolidated corporation, and every devise or bequest in favor of either of the former separate corporations which it would have been capable of taking, shall devolve upon the new consolidated corporation, which shall be regarded as substituted by operation of law in the place and stead of said former separate corporations.

4. The Corporation shall have the power:

(a) To promote the health, safety and general welfare, and develop the character of the children and youth of the City of Baltimore and throughout the State of Maryland, by affording them and conducting therein, on their behalf, athletics, games, recreation, and such other community leisure-time activities as the corporation may from time to time deem it wise to establish therein among the school children, as well as among the boys and girls who may not be attending school, and also among the people at large; and in connection therewith to co-operate with the public school authorities of both the State of Maryland and the City of Baltimore, with the Park Board of the City of Baltimore, and with any other public or private official, board, committee, organization or agency, either within or without the State of Maryland; to

DR. SAMUEL M. NORTH,
State Supervisor of High Schools of Maryland.

provide, supervise and control playgrounds, athletic fields, buildings, equipment and facilities, and to afford instruction and supervision in all branches of its work.

(b) To give, lend, distribute, dispose of and convey all, or any of its funds, or other property in such manner and in such proportions to such persons, corporations or agencies as its Board of Directors may, pursuant to law, determine.

(c) To acquire by purchase, gift, devise or legacy, any real or personal property, and to hold, own, use, sell, lease or dispose of the same, or to mortgage, or encumber the whole or any part of such property to any extent that the corporation may desire, and generally to do all and singular such matters and things as may be necessary to carry out the purposes and objects of the corporation; and to have and enjoy all the powers and privileges, and be subject to all of the provisions of the general laws of Maryland authorizing the formation of corporations, in so far as the same may relate to corporations of this character.

5. The principal office of the corporation in this State will be located at No. 7 East Mulberry Street, in the City of Baltimore, and the name and address of its resident agent in charge of said principal office is William Burdick, who is a citizen of this State and actually residing therein.

6. The corporation shall have no capital stock, but shall consist of such persons, associations or corporations as shall, pursuant to the terms and provisions of its by-laws enacted pursuant to law, be entitled to membership; and the rights, privileges and obligations of such members shall be determined by the said by-laws and the Board of Directors of this corporation acting under and by virtue of said by-laws.

7. The corporation shall have thirteen directors, but said number shall be subject to increase or decrease pursuant to the provisions of the by-laws of the corporation, but shall never be less than three, and Madeline LeMoyné Ellicott, George M. Shriver, Louise G. Hull, Walter Hollander, Anna S. O'Donovan, Grace Parker Soper, Edward Guest Gibson, J. Barry Mahool, William H. Morriss, Clinton L. Riggs, Theodore E. Straus, Robert Garrett, and William C. Coleman shall act as Directors until the first meeting of members, or until their successors are duly chosen and qualify.

IN WITNESS WHEREOF the consolidating corporations have hereunto attached their corporate seals, attested by the signatures of their presidents and secretaries.

DIRECTOR BURDICK AND SUPERVISORY STAFF.

BY-LAWS OF THE PUBLIC ATHLETIC LEAGUE— CHILDREN'S PLAYGROUND ASSOCIATION, INCORPORATED

ARTICLE I—MEMBERS.

SECTION 1. The persons comprising the Executive Committee of the PUBLIC ATHLETIC LEAGUE and of THE CHILDREN'S PLAYGROUND ASSOCIATION at the time of the consolidation and merger of these two corporations into this newly incorporated association, shall be members thereof; and also such other persons, associations or corporations as may be interested in the purposes of this association, and who may be admitted to membership therein from time to time by the Board of Directors. The qualifications of all such last named members, as well as all the terms and conditions upon which they shall become and remain members, shall be determined by the Board of Directors.

ARTICLE II—MEMBERS' MEETINGS.

SECTION 1. The annual meeting of the members of the Association shall be held upon ten days' written notice at the principal office in the City of Baltimore, State of Maryland, on the 3d Tuesday of each month in each year, if not a legal holiday, but if a legal holiday, then on the day following.

SECTION 2. At any time in the interval between regular meetings, special meetings of members may be held at the principal office of the Association in the City of Baltimore, State of Maryland, upon call of the President, or of a majority of the Board of Directors.

SECTION 3. Ten members present in person, or proxy, shall constitute a quorum at any meeting of members.

ARTICLE III—DIRECTORS.

SECTION 1. The Board of Directors shall consist of (a) thirteen members, one of whom shall be the President, and one a Vice-President, of this Association, and they shall all be elected at the annual meeting of members, or as soon thereafter as practicable, and shall hold office until their successors are elected and qualified; and (b) of the following four persons who shall be ex-officio members of the Board, and entitled to vote: Such member or official of each of the following four public bodies as each shall annually, upon request of the Board of Directors of this Association, respectively nominate: State Board of Education of Maryland, Board of Estimates of Baltimore City, Board of School Commissioners of Baltimore City, and the Board of Park Commissioners of Baltimore City.

ARTICLE IV—DIRECTORS' MEETINGS.

SECTION 1. Meetings of the Board of Directors shall be held either at the principal office of the Company in the City of Baltimore, State of Maryland, or at any other place which may be fixed by resolution of the Board, at times to be fixed by the Board, or upon the call of the President; and the secretary or officer performing his duties, shall mail to each member of the Board not less than three days advance notice of the time and place of such meetings; provided a meeting may be held without notice immediately after the annual election at the same place, and notice need not be given of regular meetings held at times and places fixed by resolution of the Board. And provided further that meetings may be held at any time without notice, if all the Directors are present, or if those not present waive notice, either before or after the meeting.

SECTION 2. Seven members of the Board of Directors shall constitute a quorum for the transaction of business. The action of the Directors although not at a regularly called meeting, and the record thereof, if assented to in writing by all the members of the Board, shall be as valid and effective in all respects as if passed by the Board in regular meeting assembled.

ARTICLE V—OFFICERS.

SECTION 1. The Board of Directors, as soon as may be after their election in each year, shall elect one of their number President of the Association, and shall also elect one or more Vice-Presidents, a Secretary, a Treasurer, and an

Assistant Treasurer, and from time to time shall elect such other officers as they may deem proper. In case of a vacancy in any of the offices, or the disability or incapacity of any officer to act, the Board shall have power to appoint an officer or officers pro-tempore, to fill such vacancy or to fulfill the duties of such officer or officers as may become disabled or incapacitated. The President of the Association shall be chairman of the Board, whose duties shall be to preside at meetings of the Board. In his absence at any meetings, the Board may appoint another of their members to preside.

SECTION 2. The term of office of all officers shall be one year, or until their respective successors are qualified, unless otherwise agreed upon in writing, duly authorized by the Board of Directors.

SECTION 3. The officers of the Association shall have such duties as generally pertain to their offices respectively, as well as such powers and duties as from time to time shall be conferred by the Board of Directors, and they shall give bond for the faithful performance of their duties in such sum, and with such securities as may be required by the Board of Directors, if at any time such bond be required by the Board. All notes, checks, and bills of exchange shall be signed by the Treasurer or Assistant Treasurer, and neither they nor any other officer shall pay funds of the Association except upon voucher of the General Director, for such purposes, and in such amounts, as shall have been first approved by the Executive Committee. All contracts, bonds, mortgages and similar obligations shall be signed by the President and Secretary.

ARTICLE VI—ADMINISTRATION.

SECTION 1. The general administrative work and the purposes of the Association as promulgated by the resolutions and policies of the Board of Directors or of their Executive Committee, shall be conducted by a General Director and by a Director of Playground, who shall be appointed by the Board of Directors. They shall not be members of the Board of Directors, but either may act as Secretary to the Board. They shall receive such compensation, and shall be employed for such periods of time as may be determined upon by the Board.

SECTION 2. The General Director and the Director of Playground may employ assistants, and others, at stated salaries and periods of time, all by and with the consent of the Board of Directors first had and obtained.

ARTICLE VII—COMMITTEES.

SECTION 1. The Board of Directors shall appoint from their own number, an Executive Committee of not less than five nor more than seven, which shall include the President and a Vice-President of this Association. The Board may from time to time appoint such other committees as it may deem necessary.

SECTION 2. The Executive Committee shall carry the responsibilities and powers of the Board of Directors during the period between the meetings of the Board.

SECTION 3. Three members of the Executive Committee shall constitute a quorum for the transaction of business.

SECTION 4. The President shall appoint a nominating committee of three (3) members of the Association in advance of the annual meeting, who shall nominate candidates for vacancies on the Board of Directors. The members of the Association shall be advised in writing of the nominations at least ten (10) days in advance of the meeting.

ARTICLE VIII—FISCAL YEAR.

The fiscal year of the Association shall run from January 1st to December 31st.

ARTICLE IX—SEAL.

SECTION 1. The seal of the corporation shall be in the form of a circle, and shall be substantially in the form following: (See illustration of Playground Athletic League medal on frontispiece, opposite title page.)

ARTICLE X—AMENDMENTS.

SECTION 1. These by-laws may be amended or altered in whole or in part by a vote of a majority of the Directors, present in person at any regular meeting, or at any special meeting; provided that in the case of a special meeting, the proposed amendment is inserted in the written notice of such meeting.

Baltimore Public Schools Soccer Tournament

The tournament was divided into three sections this year, two divisions in the elementary section (6th grade and under and 7th and 8th grades) and the junior high school section. A total of 105 teams entered 1,543 players; 165 games were played in all. District champions were determined by a double-section elimination method; that is, all teams start in Section "A" and upon losing, drop to Section "B"; then the winners of each of the two sections play for the district honors. The City Champions were determined by a two-out-of-three-games elimination tournament among the district winners. The winners were:

Evening Sun—P.A.L. City Base Ball Tournament

The Evening Sun—Playground Athletic League Base Ball Tournament was conducted by the P.A.L. officials and under the rules of the Playground Athletic League. Due to the fact that such a large number of teams were entered, the tournament was divided into two classes: Juniors, boys who are up to the 6th grade, and Seniors, boys of the 7th and 8th grades and the Junior High Schools. Twenty-eight teams were entered in the Junior Section and twenty-nine in the Senior Section. It was necessary in several sections to divide the districts in two and three divisions. Nine hundred and fifty-two boys participated in both sections of the tournament. The usual custom of the round robin tournament in the district followed by the district winners in an elimination contest for City Championship was carried out. The "Fielder," the Evening Sun Trophy, was awarded to Public School 47, the Senior Champions, and the regulation P.A.L. medals were awarded to Public School 98, Junior Champions. District winners were awarded pennants emblematic of the district championship. Each team in both sections was awarded a framed and suitably lettered photograph. Following is a list of the district and city winners:

Annual Senior Indoor Base Ball Tournament

Senior Indoor Base Ball for the first time was played in a regular organized tournament whereby each team played each other team in the League a game at home and a game away. A decided interest was manifested by the older members of the various stations in this popular indoor game. Five teams with a list of 76 players made the first season a great success. Link and Pin Club of Cross Street Hall with a team of players rather than a team of stars kept its first place in the tournament. The games played were as follows:

Link & Pin d. Rice A.C.....	31-5	Rice A.C. d. P.S. 76.....	9-0
Meyer A.C. d. P.S. 76 No. 1.....	17-4	Link & Pin d. Rice A.C.....	13-2

Institutional Section Badge Test

The Athletic Badge Test in which the individual has a chance to win a prize regardless of the fact that he does not have to win a first, second, or third place continues to be one of the most important and interesting features of the indoor activities. If a boy can qualify in three events (chinning the bar, jumping and running) he is awarded a badge. Summary:

Boys' Work—1923

CARROLL PARK.

The athletic station at Carroll Park had a very successful season, bettering many of its records and raising its standards higher.

Seven week-end and eleven mid-week "all-for-glory" meets were held in which the athletes received proper training and coaching for the inter-park competitions. Two clubs were represented on the Carroll Track: The Lithuanian-American Boys Club and The Carroll Athletic Club.

Stanley Oster won the senior certificate and Martin O'Neill the junior certificate for highest individual scores in these meets for the year, each boy having to his credit 143 and 179 points, respectively. The average number of participating entrants in each of these meets was 70. There were a total of 242 individual point scorers, 193 of whom were juniors and 49 seniors.

In inter-park competition the southwestern center displayed its strength. With Easterwood it broke even, each park winning on its own track. Gwynns Falls was defeated twice by large scores. Carroll won the District Triangular Meet—Riverside, Latrobe and Carroll—by a close margin. They took the honors for the highest individual score in the finals of these triangular meets. The championships marked a merry battle, Clifton nosing Carroll out of third place by a few points won in the last event. Carroll was also fourth in 1922. The athletes from this park in the municipal games won nine cups and piled up a score that placed them second among the other stations.

Nine teams from Carroll entered the games tournament—the 95-lb. volley ball team and the senior playground ball team losing out in the last round of the finals.

The novel feature of the season was the Caddy Tournament, the first in the history of the league, staged after the championships. Forty-four boys participated in an elimination contest that lasted three days. None of the games were forfeited. Theodore Patz defeated Gisiluski by a margin of five points, taking the championship in nine innings of most exciting play that was witnessed by more than forty enthusiastic spectators.

CITY SPRINGS.

Another successful season has passed for City Springs. In nearly all lines of activities City Springs bettered its records of previous years. The same loyal and whole-hearted park spirit developed at City Springs in past years was again displayed. In track work the park had its best year. In the Games Tournament, City Springs took its two-year tie with Patterson and came through the champion.

In the local leagues, in the week-end training meets, in the badge tests, attendance was very good and results highly satisfactory. In brief, all the park's activities were stamped with success.

The enrollment is steadily increasing over former years at City Springs. Attendance was higher than ever and may be explained by the great interest aroused in the afternoon and evening local leagues, the week-end training meets and the games tournament.

The track team had a very busy season. Ten training meets at City Springs, two dual meets, one triangular meet, one inter-district meet, prepared

1, Gilford C. Thompson; 2, Sam Michelson; 3, Robert Machon; 4, F. H. Bahr; 5, J. Schwab; 6, Robert Pearce; 7, H. L. Millikin; 8, Carl W. Robbins; 9, Charles Hirschauer; 10, E. C. Freericks; 11, C. Wilson Shaffer; 12, F. Morris Touchton; 13, J. Carey Taylor; 14, C. W. Ashley; 15, F. G. Garis; 16, William Boggs.

LEADERS OF BOYS' ACTIVITIES.

the boys for the Track and Field Championships held in August. City Springs placed second in the Track Championships, which eliminated further discussion about their track successes.

The highest individual point scorer for the juniors in the week-end meets this year was Nathan Ely, a very promising 70-lb. boy, who attended every meet and scored 135 points through the season. Other high points scorers were J. Chandler, B. Arberman, C. Meyers, J. Bergizzi, S. Wolfovits, R. Epstein, J. Solkov, and J. Sitsky.

Although defeated in both dual meets with Patterson's track team, City's showing was excellent, especially in the second dual meet. The real superiority of the team was shown by City beating Patterson in the number of first places won in this meet, for City won nine Junior and three Senior firsts, while Patterson won only six Junior and five Senior firsts, a very creditable showing indeed for City Springs.

In the Triangular Meet with Patterson and Clifton, and the Inter-District Meet, the track team made only a fair showing, but this was remedied in the Track and Field Championships when City won second place. Another noteworthy feature of this meet was City's attendance. Seventy boys were entered, of which sixty-five per cent showed up.

There were three local leagues held at City Springs, all of which were well attended and characterized by a keen spirit of rivalry. The afternoon league consisted of speed, dodge, long and playground ball. Twenty games were played by every team and about fifty-five boys participated in the league.

In the Senior League close to one hundred boys entered and played. Four teams, also playing playground ball, were formed, and each played twenty-five games throughout the season.

A quoit league was also held, in which fifty boys participated, playing each about thirty games. S. Wolfavitz won the singles Quoit League, while R. Epstein and M. Waller took the doubles tournament.

These local leagues prepared the way for City's successes in the Games Tournament. Thirteen teams, consisting of 165 entries, represented City Springs in the Games Tournament. The winning teams were the 80-lb. speed, the 95-lb. volley, the Junior Unlimited volley and quoits, the Senior 120-lb. volley, the Senior 135-lb. volley and the Senior Unlimited quoits. But more satisfactory to the leaders than the park's victory was the spirit displayed by City's teams during the tournament. Thirteen teams were entered and all thirteen appeared when it was time to play. City Springs did not lose a game by forfeit.

Lively interest in the badge tests was again displayed at the park. About 300 boys participated in these tests, of which 116 came out successfully. No attempt was made to hold efficiency tests, since there was no running broad pit at the park for the boys to jump in.

City Springs continued its fine work as a community recreational center for East Baltimore boys. It was a common meeting ground for all the boys of the neighborhood; a place where all could find a good time; a playground where all were given fair and equal treatment. The Leaders were ever ready and willing to help the boys in their everyday problems, as well as to co-operate and help the Jewish Educational Alliance whenever possible, as was illustrated by the cheerful help given to the J. E. A. staff in conducting their track meet. An example of City's work as a community recreational center was the Fourth of July Safe and Sane Celebration, which was very successful from the standpoint of its purpose. Still another and better illustration was the formation of a club composed entirely of City Springs boys. The Leaders selected fifteen of City's boys to form a new junior club at the J. E. A. and expect these boys to carry on in the halls of the Alliance, the fair play and true spirit which they developed at City Springs Park.

CLIFTON PARK.

Clifton Park enjoyed one of the best seasons in a number of years during the summer season of 1923. Track and field activities under the direction of John R. Bangs soon held sway. The regular Fourth of July meet gave both young and old opportunity to display some of their athletic ability. Week-end and mid-week track and field meets proved most popular, and no doubt the large attendance at Clifton this season was due to the intense interest in track and field as well as the group games, in dodge ball, volley ball and playground ball, quoits, etc. The formation of a track team to

GEORGE J. TURNER,
Ex-President Amateur Athletic Union,
Referee of P.A.L. Meets.

compete with the neighboring parks proved quite a success. Dual meets were held with City Springs and Patterson Parks in which Clifton was fairly successful, Patterson, our old rivals, defeating us after a close battle.

In the District No. 2 Triangular Meet, Clifton surprised the knowing ones by romping home ahead of Patterson and City Springs. Point scoring resulted as follows: Clifton 168, Patterson 122 and City Springs 63.

In the finals for city championship in the Triangular Meets, Clifton scored heavily in the Junior Unlimited and Senior Class and captured fourth place.

Clifton Park had the honor of holding the Annual Games Tournament for 1923, in which all city parks had entries. Competition held sway for three days. Badge tests again proved very popular in all three classes.

EASTERWOOD PARK.

Following the opening of the park for the summer activities, preparations were made for the Fourth of July celebration. About 250 boys and girls took part in the various games and running events. Ribbons were awarded to the winners. The week end and "All for Glory" meets have kept athletics at this park at a high standard.

Dual meets with Carroll and a triangular affair between Gwynns Falls and Roosevelt had the boys busy preparing for the track championships. Badge, efficiency and super-gold tests were held weekly with good results. Playground ball and long ball leagues were formed for the morning play in which the boys took part for the Games Tournament.

More interest than ever before was manifested in the annual Olympic games, which necessitated three days in order to complete the schedule of 85 events. The Eastern District triumphed in these events.

The winner of the season certificate in the Junior Class resulted in a triple tie between D. Cavalier, R. Schapiro and H. Group, each scoring 78 points, while L. Hanna easily scored in the Senior Class with 45 points.

GWYNN'S FALLS PARK.

The summer activities at Gwynns Falls Park were enjoyed by over 500 boys who formed a track and field squad which participated in the inter-park meets and made a very good showing in proportion to their size and amount of training.

The athletic badge tests were very successful, over a hundred boys winning the bronze badge, and later on a good proportion of these boys won the silver badge.

In the group games the boys made a good showing by scoring quite a number of points in the Games Tournament, and the Senior Volley Ball League was a nightly affair hotly contested.

The Junior Track Team did very well for a park of this size. The boys placed in every meet they went into and several times were way up in group scoring.

The Quoit League was run in three divisions: the 95-lb., Juniors and Seniors, each group having six teams, and it was a fight from start to finish.

In the weekly meets the competition was very close in the junior class, the three highest ones being only separated by 20 points all season.

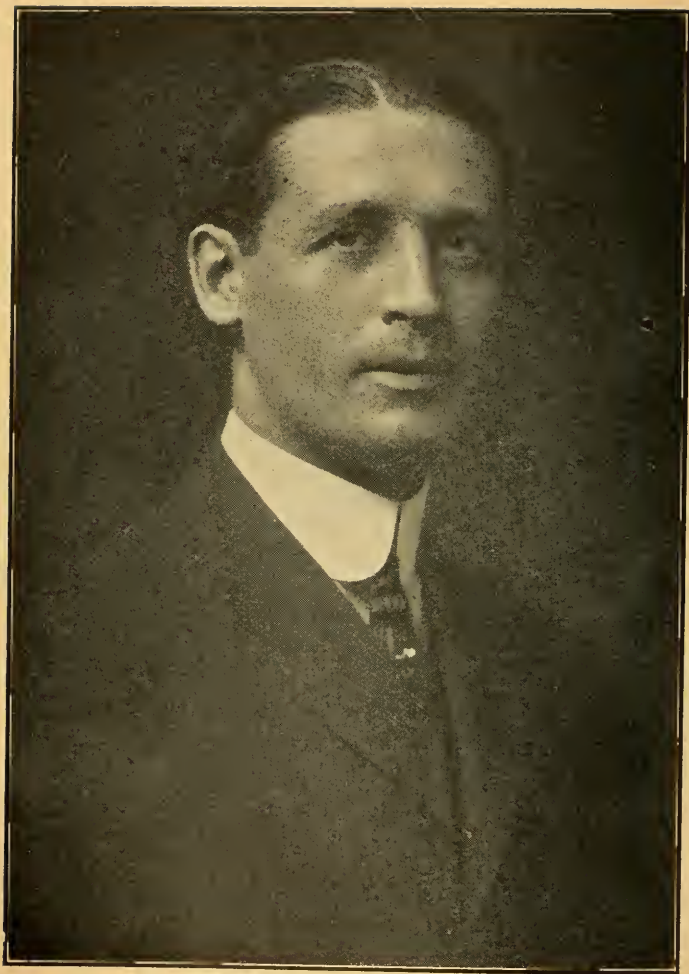

LATROBE PARK.

Latrobe opened for the outdoor season on June 15th and the remaining two weeks of the month the summer activities were organized and gotten under way. A diversified program for the July Fourth Celebration attracted a representative group, and this marked the real beginning of the summer.

On the track and field we were not very successful. We won one, and lost one dual meet, placed third in the District Meet, and scored fourteen points in the City Championships. August Leineweber, of the juniors, and M. Marshall of the seniors, were the highest point scorers. They were very consistent winners throughout the summer.

In the Games Tournament the 80-lb. dodge ball team won the city championship for the summer.

The best interest of the season, however, was shown in the tournaments held during the last two weeks. A series of playground games was scheduled with another park for juniors and seniors, and in these we were successful;

then followed a local "caddy" tournament. These closing events were made more interesting by the fact that they drew into participation that portion of the playground group which had not entered active competition during the summer. Thus, all were taken care of.

PATTERSON PARK.

Thirty-five hundred men and boys were enrolled at Patterson Park athletic field for the summer season of 1923.

The first important event of the year was the Fourth of July program. The affair was opened with swimming races at 1:0 P. M. Immediately following this a track and field meet was staged followed by group games with 150 boys taking part. Fireworks concluded the program for the evening.

During the month of July, local leagues in playground ball, volley ball, dodge ball, speed ball, quoits, etc., kept the interest of 350 boys at high pitch.

Nineteen teams composed of 350 boys entered the annual Games Tournament and all but one completed its scheduled play.

Track and field events were probably the most popular of all. The track and field team covered itself with glory when it captured the track and field championships for the fourth consecutive year by more than doubling the points of its nearest rival. Again, a large number of the boys were successful in winning the badges and efficiency certificates.

The annual North and South Olympic meet was held the first week in September with Baltimore Street as the dividing line. After a varied program of dodge ball, volley ball, playground ball, track and field and novelty events, the North was declared the victor.

A mammoth watermelon party was held on the beach of the swimming pool in honor of the victorious track team. The crowd was entertained by songs and recitations by members of the team. A swing at night, songs on the beach, a battle, a watermelon eating contest are some of the things that will be remembered by every youngster present.

RIVERSIDE PARK.

This has been one of Riverside Park's most successful years, both in track and field and intra-park games. A swimming club was also formed and made a very good showing, coming fourth in the Evening Sun Meet, sixth in City Championships, won first place silver cup in Municipal Swim, and had entries in the Baltimore News All Girls Meet and Three Mile Swim in Washington.

In the beginning of the season a great interest was shown in quoit pitching. A junior league was formed composed of 20 teams of 3 boys each. A senior league was formed with 8 teams. In the Games Tournament senior team, 120-pound class, won city championship. A junior playground ball league was formed with 6 teams and was won by the Exterminators.

Track and field, at the park and away, was the most successful of all sports. Starting the latter part of June, Riverside held 14 practise meets, started first hurdle races to be held as a regular event in week end meets, won 2 out of 3 dual meets, second place in Triangular, tie for third in practise All-for-Glory at Patterson, sixth in City Championships, and tenth of 22 clubs in Municipal Games, winning first place in pole vault, 95-pound dash and 95-pound swim.

Sixty-two boys participated during the year for individual high point honors.

Junior high point scorer—Harry Seltzer—328 points.

Senior high point scorer—Henry J. Seltzer—178 points.

ROOSEVELT PARK.

The outdoor season at Roosevelt Park held under the supervision of the Playground Athletic League was very successful. Leagues were organized in playground ball, volley ball and quoits. Mid-week and week-end All-for-Glory training meets were held at the park. A. Steffey was the highest point winner in the junior class, while V. Singer scored the most points during the season in the senior class.

A newly erected swimming pool was added during the season to the park's equipment.

SHERWOOD FOREST.

The season's work at Sherwood Forest was most gratifying to all those concerned. The enrollment was not only larger but the spirit among the boys was of the very best. This was largely due to the fine co-operation and encouragement received from all.

The season opened with a banquet at the club house when captains were elected and teams picked for an inter-Sherwood league. For the next few weeks the boys were kept busy playing volley ball and playground ball. At the same time a league was organized for the little boys between the ages of 9 and 12, which proved very interesting to them. Each morning after the regular league games, base ball practise was held until soon a fairly good team was in shape. The first game of the season with Camp Conoy was a victory for Sherwood, 9 to 8. From then on the boys didn't know what defeat was, for they won all of the next six games, two of which were played by the junior team.

In swimming we were not quite as successful but did win 3 out of 4 meets, later defeating the team that won over us. In the state meet at Patterson Park 13 boys were entered who came out third and broke two state records. At Round Bay in a meet for all swimmers on the Severn River, Sherwood Forest again won the meet for the second year in succession. Later in the season a few remaining boys were entered in the Indian Landing meet but due to the small entry list they were unable to do much.

In both swimming and track the boys in the Forest were divided into 3 classes, "preps," juniors and seniors, according to their weight, and during the season three separate meets for each class were run off and the boy with the highest number of points received a cup for champion of his class.

There were also tournaments for which the winner received a silver cup in horse shoes, bowling, tennis and golf. Competition was very keen in these tournaments and the winner well deserved his cup. Then there was a cup for the best all-round athlete which was won by Addison Campbell.

Twenty-three boys won their bronze athletic badge medals, 9 their silver, 2 their gold, and 2 their super-gold, while in swimming medals were given as follows: 22 bronze, 7 silver, and 1 gold. Eleven boys passed the Junior American Red Cross life saving test, and 1 boy passed the senior test.

July 4th was a big day for all. In the morning 3 boys won cups in their respective class in track while in the afternoon 3 cups were also won in swimming. Labor Day was a day of fun. In the morning the married men were easily defeated by the single men in base ball, and in the afternoon canoe races and various burlesque races were enjoyed by all and the day brought to a close with a big watermelon feast on the pier.

One overnight hike, an all-day hike, and an all-day canoe trip were enjoyed very much by the boys. Bicycle races, both single and relays, proved very interesting as well as several mixed tournaments and canoe races.

Two plays were staged during the season. One, a comedy, was staged along with a play given by the girls and was a big success, but it did not compare to the big minstrel staged later on to a crowded house. Proceeds from both were turned in to the boys' athletic work.

A season that was claimed to be the most successful in the history of the Forest was brought to a close with a large banquet for the fathers and sons. Cups were presented, monograms and stars were given to those who had represented the Forest in athletic contests, speeches were heard and a good time was enjoyed by all until the time came to say good-bye until next season. In leaving, everyone expressed his desire of coming back next season for even a much better year.

This ends the work at Sherwood Forest for 1923.

VENABLE PARK.

Venable Park was the scene of many activities this summer. The boys had a very good playground ball team and defeated several of the independent teams of the neighborhood. The seniors played volley ball every evening and seemed to enjoy it more than their base ball.

The athletic badge test was very much welcomed and quite a few boys won their bronze badge which enabled them to win their silver badges during the next season.

Intra-Park Soccer Tournament—1922-23

The Intra-Park Soccer Tournament which was a decided success again this year was conducted on a similar basis to that of the previous year. There were two weight classes—under 95 pounds and over 95 pounds. The intra-park games were held at Patterson Park to determine the champions, who automatically qualified to represent their parks in the City Championship games. Twelve teams, including 161 players, participated in the games.

Senior Novice Inter-Park Soccer

Senior Novice Soccer was organized for young men who were just breaking into the game and for players who did not care to play with so-called first class teams. Eight teams were entered and play was on the best two out of three games. The teams were: Emanuel of Patterson, Avondale of Clifton, Latrobe Reserves, Riverside, Columbia of Clifton, Sons of Rest of Latrobe, Creo's of Patterson, and Gwynns Falls. The fight for championship resulted in a real battle between Emanuel and Creo's, both of Patterson, five games being necessary to decide the championship.

Greater Baltimore Soccer League

The fourth annual tournament of the Greater Baltimore Soccer League under the direction of the Playground Athletic League opened November 5, 1922, and closed December 17, 1922. Four teams entered 65 players and play was on the double round robin basis. The league suffered somewhat by the introduction of so-called professional soccer in Baltimore, and soccer in general, instead of receiving a real boost, was hindered by the introduction of this type of game. Patterson Tigers captured top honors with a clean slate. Clifton Seniors gave the Tigers a hard fight the last game played in the league series, a 2—2 tie being the result.

COLORED SECTION.

Outdoor activities were conducted in the Municipal Pool at Druid Hill Park. Ninety boys and girls were awarded "Novice" buttons for swimming thirty yards. Twenty-seven boys and girls received badges for successfully completing the swimming badge test requirements—24 bronze, 3 silver. The first annual outdoor swimming championships were held at the Druid Hill Park pool on Labor Day. Two hundred and forty-seven boys and girls were entered.

Swimming Test—1923

Outdoor activities in 1923 were conducted for boys and girls in the municipal pools at Clifton, Gwynns Falls and Patterson Parks. Four instructors—two men and two women—gave their entire time to this work.

"Novice" buttons were awarded to any who were helped and encouraged to swim ten yards. As a result, 2,676 boys and girls received "Novice" buttons. Standard P.A.L. swimming tests were frequently held at each pool.

Regulation awards were made to those completing the requirements.

Two thousand, eight hundred and forty-five boys and girls participated in these tests. Of this number 1,227 won the badges.

Three thousand, nine hundred and forty boys and girls competed in 112 week-end certificate meets. At the close of the season P.A.L. certificates were awarded to the highest point winners of the several age and weight classifications.

Special instruction was given to swimmers who were interested in life-saving methods. As a result of these classes, eighteen passed the American Red Cross life-saving test and were officially certified as qualified life-savers.

At all of the municipal pools aquatic events were conducted as a part of the Safe and Sane Fourth of July programme promoted by the city.

Extension work was conducted at Annapolis High School, Green Spring Valley Hunt Club, Baltimore Athletic Club and Boy Scout camps at Linstead and Rock Haven.

An all-girls meet was conducted for the Baltimore News at Clifton Park pool, and a meet open to boys and girls, men and women, was conducted at Patterson Park pool for the Baltimore Evening Sun.

The Recreation Night Centers

The Recreation Night Centers opened October 1, 1923, in public schools gymnasias, private institutions and churches for promoting athletic activities for adult girls.

The programme consisted of regular instruction in physical education, parties, social gatherings, and three tournaments in dodge ball, volley ball and basket ball. Under the regular instruction were grade contests, individual efficiency certificates, awards in four grades and badge tests in bronze, silver, gold and super-gold medals. The total number of badges was 606, dodge ball 33 teams of 340 girls; volley ball 27 teams of 336 girls, basket ball 43 teams of 420 girls.

A hiking club was organized during the year, from October to April 31. Hikes were conducted on Sunday afternoon at 2:30 p.m. A total of 201 miles was covered and the number of girls on all hikes numbered 536. The record of each girl was kept and certificates awarded at the end of the year.

The Normal Class, with instruction for girls who have had advanced training at the Night Centers, and who wish to teach, opened for the second time. These girls have proven that they can take responsibilities with classes and are used as instructors after the third and fourth terms.

The Centers entered the All News Girls' Meet, held at the Armory. A crowd of 10,000 spectators witnessed the event and 2,308 girls participated.

The following Centers were point winners for the Playground Athletic League: Western High School, Public School 76, Public School 65, Eastern High School, and the Young Woman's Hebrew Association.

The season came to a close with the Seventh Annual Demonstration of the year's work at the Fifth Regiment Armory. There were 610 girls participating and medals were awarded to 580, and efficiency certificates were received by 410 girls.

Girls' School Work

The work in the schools of Baltimore, Anne Arundel and Howard counties covered instruction in games, marching, gymnastics and dancing.

In the fall of 1922 a new game, field ball, was introduced into the high schools and a round robin tournament, comprising the six Baltimore County

LEADERS OF GIRLS' ACTIVITIES.

high schools, with 97 players and playing a total of sixteen games, was run off. Catonsville and Franklin high schools tied for first place. The tie was played off, Catonsville winning the championship.

In Baltimore City we had two elimination field ball tournaments, one for the seventh and eighth grades, comprising eighteen teams with 290 players, and playing fourteen games. The other tournament, which was for the Junior high schools, comprised ten teams, with 130 players and played eight games. In all, seventy-four teams, comprising 962 players, played sixty-nine games.

The Interscholastic Hockey Tournament consisted of four teams, Eastern and Western High Schools, Friends and Park Schools. Sixty-eight players participated and three games were played, Western High School finishing first. Interclass games took place at the Eastern and Western high schools.

During the winter season two tournaments for basket ball took place. The Interscholastic Elimination Tournament had six teams entered with sixty-three players participating, and six games were played, Eastern High School No. 1 defeating Western High School black team in the finals. Eastern High School and Western High School each entered two teams and Ellicott City High School and Annapolis High School each entered one team.

The Baltimore County Round Robin Basket Ball Tournament had six teams entered with eighty-six players participating and eighteen games were played. Catonsville, Franklin and Sparrows Point schools tied for first place. In playing the tie off Catonsville High School was victorious.

In the spring an interscholastic volley ball tournament, comprising five teams, Eastern High School two teams, Ellicott High School two teams and Western High School one team. The Western High School defeated Eastern High School green team in the finals.

The Group Contests are run off in November, March and April. In the Potato Race there were eight high schools and thirty-three grammar schools participating, Glenburnie Grammar winning the Junior event and Towson High School the Senior event. In the Leg Raising Contest, thirty-four grammar schools and nine high schools participated. Cowenton won first place in the Junior event and Sparks High School in the Senior event. In the Dodge Ball event which takes place in April there were eight high schools and twenty-nine grammar schools participating. Arbutus Public School won first place in the Junior event and Towson High School was first in the Senior event.

Baltimore County High School Soccer Tournament

The 1922 tournament of the Baltimore County high schools was the ninth annual conducted by the Playground Athletic League. Six high schools entered the competition with 131 players eligible. Sparks High School entered the competition for the first time despite the fact that the team was at a decided disadvantage, due to the fact that they lacked playing space at the school. The championship was won by Catonsville High School.

Evening Sun—P.A.L. Baltimore County Base Ball Tournament

The Evening Sun—P.A.L. Baltimore County Base Ball Tournament was again conducted by officials and under rules of the Playground Athletic League. The tournament consisted of fifteen teams composed of two hundred and seventy boys. Following the usual custom, the elimination process was pursued; the best two out of three games were played.

The arrangement of the schedule minimized travel until the third round of play, when games were scheduled at one of the parks in Baltimore.

Relay, with quite a few of its last year's players, came up to the finals, only to be beaten by the boys of Parkville Public School in a three-game series. The winner was awarded the perpetual trophy—"The Fielder" and county championship pennant.

County championship winners—Parkville: A. Kilchenstein, H. Smith, N. Coulter, R. Knorr, G. Webb, M. Knorr, L. Neidhort, A. Biel, R. Smick.

MEDICAL SECTION

Medical Report, 1922-23

The activities of the Medical Department are carried on in schools, parks, playgrounds, and clubs or stations, embracing all age periods from birth to late adult life. The following report is respectfully submitted.

We believe that all girls past the grammar school should be examined by women physicians, and for this purpose we secured the services of Drs. Elizabeth T. Bouchelle, Mildred C. Clough, Pearl V. Kontas, Alma S. Rothholz and Susie P. Souther, who worked in the county schools, while the girls in Baltimore City were examined by Drs. Jennie N. Browne, Mary A. Hodge and Lucille Liblerles.

The boys' work was done by Drs. Leo A. Breit, Louis F. Krumrein, J. Morris Reese, James B. Ryon and H. Sheppard, Jr.

I would like to acknowledge here the good work of these physicians.

There were eleven thousand and forty (11,040) medical examinations made during the past year. Fifteen thousand five hundred and thirty-seven (15,537) defects were found and four thousand six hundred and twelve (4,612) letters of notification to parents sent home. One thousand nine hundred and seven (1,907) children were given White (or health) buttons and letters of commendation mailed from our office. These buttons were awarded each child at the time of examination if found free from defects requiring the attention of a doctor or dentist and gave evidence of personal care. We believe an ounce of encouragement is worth a pound of censure.

Medical examinations in the counties of Maryland totaled eight thousand nine hundred and fifty (8,950), while two thousand and ninety (2,090) were made in Baltimore City.

The report of the dentist, J. C. Fowler, D.D.S., working in conjunction with the medical doctors in Baltimore County, showed five thousand five hundred and forty-nine operations, which includes examinations, prophylaxis and fillings.

The nurses of the Junior Children's Aid, active in following up those cases notified by the doctors in Baltimore County, made two thousand three hundred and fifty-four (2,354) visits to one thousand six hundred and thirty-two (1,632) cases, and secured the correction of one thousand seven hundred and fifteen (1,715) defects. To Miss Dorothy Bruff, Miss C. Augusta Hanson, Mrs. Kate Reese, Mrs. Emma Reist and Miss Margaret Stewart credit is due for this work.

The nursing features on our playgrounds were conducted by Misses Golden Grosh, Edith Grow, Margaret Hanson, Dorothy Kalben, Cecelia Kitlouski, Virginia Lorentz, Rose McDonald, Helen Nottingham, Jane Oliver and Anne Wright. These were assigned by Miss Jennie B. Newman, Director of City Nurses. The co-operation of Dr. C. Hampson Jones, Health Commissioner of Baltimore City, and Dr. H. Warren Buckler, Chief, Division of School Hygiene, contributed much to the success of our activities.

Many of the details during the summer were managed by Miss Emma R. Morgan, Helping Leader in Health, who deserves much credit for her untiring efforts.

The office work embodied in these reports has been carefully and efficiently done by my secretary, Miss Carrie M. Sanders.

A detailed report of the work done in our playgrounds follows.

G. L. TIMANUS, M.D.

Health Activities—Summer, 1923

"As the twig is bent, so the tree inclines," applies to the child as does the axiom to mathematics.

The younger the child the greater and more pronounced are its reactions to external stimuli which determine eventually the type of its personality.

A belief in these principles has stimulated us to devise plans for reaching the child early in its career. At this tender age the only means of approach is through the parent; we therefore encourage mothers to bring their young babies to our playgrounds, where they are weighed, measured and examined by competent physicians and nurses. A history, consisting of the child's

habits, the kind of food, quantity and number of feedings, number of baths and hours spent out of doors, is obtained. We find that healthy babies are happy babies and happy babies seldom cry. A crying, irritable child needs careful study.

At the conclusion of each examination a rating is given the child. To those rated ninety per cent or more a certificate is sent on which is inscribed name and age of child, together with time and place of examination and mark given. By this procedure parents are encouraged and pleased and the unpleasantness that arises from competitive examinations is eliminated.

Those Baby Health days are helpful, in that many defects are discovered that might otherwise remain unnoticed. Malnutrition and improper methods of care are tactfully brought to the attention of the mother. We do not attempt corrective measures, but give references, as many agencies for this purpose are active in the city.

The mother thus brought into the playground sees and learns of the numerous activities in operation and becomes interested.

This completes the first link in our chain of progress.

On the playground can be found children whose ages range from two to ten years; those older are transferred to the athletic department.

Each summer the City Health Department places at our disposal women doctors, who are active in the public schools during the winter months. These doctors are assisted by city nurses, who do the clerical work and help in the examination. They receive instructions from the doctor as the examination progresses, which gives them firsthand definite ideas of each case and thus enables them to discuss the child's needs more intelligibly with the parent.

The child is thus better prepared physically for its entrance into school and mental life.

Special arrangements were made with the school dentists to conduct a dental examination on the playgrounds, at which time the mouths of those examined were charted. Our aim was to have the parent present in order that decayed teeth, overretained roots, poor alignment, and many other of the more serious conditions could be pointed out to them.

A sample of tooth paste, together with a small booklet on proper care of the teeth, was distributed to each child presenting himself for examination.

We were disappointed at the small number of parents accompanying their children, but from our experience are more firmly convinced that good results can only be obtained by this procedure.

If the teeth were found to be in good condition and we felt reasonably sure that they were being properly cared for, a rating of ninety per cent or more was given, and a certificate, similar to the one given our ninety per cent babies, was mailed to the parent.

Another health feature in our playgrounds is the Home Nursing Demonstrations. These are given by specially trained nurses, and consist of instructions in bed-making, care of the sick, preparation of the tray, first aid, and numerous other useful lessons. At the end of the course in each playground a test is held and a representative chosen. These representatives are later brought together, and demonstrate before the Superintendent of City Nurses and the President of the Examining Board of Nurses, who select the winner. An appropriate certificate is awarded for this honor.

We encourage the making of health posters and instruct our leaders how to put over health messages in this manner. This manual application of the child brings not only a feeling of intimate relationship between himself and his creation, but at the same time stimulates artistic tendencies and broadens his imagination. Three hundred and seventeen posters were returned at the end of last season. These were given to the committee, who selected the best one, and three for honorary mention.

The Modern Health Crusade Tournament was conducted on various playgrounds during the summer months. This kept alive interest in the health work done in the schools in winter, but was run entirely independently. No chore sheets were used. The children enrolled and reported at the end of each week to the Leader. If the report was satisfactory, a star was placed by the child's name. Each star entitled the child to one credit and at the end of fifteen weeks, it was possible to acquire fifteen credits for its playground and to reach the highest honor in the crusade. All children belonging to the crusade won a button on which was printed the words, "I am a

Modern Health Crusader," and the T.B. cross. All learned the crusade creed. The park playground having the greatest number of credits received a banner bearing the words, "Winner—Modern Health Crusade, 1923," and the name of the playground. A similar banner was awarded the schoolyard playground having most credits; for the schoolyards were not opened for a full fifteen-week season. Three thousand and seventeen enrolled.

The chore sheets were found not practicable on the playgrounds. It was found that the child who retained enough interest to report to the leader from week to week was usually the child who really made an effort to carry out the rules of the game, and the personal inspection by the leaders and a few questions generally proved the accuracy of any claims.

Tooth Brush Leagues were formed on many playgrounds. This year there were two divisions—one for children from four to seven years and the other for those seven to eleven years. The children enrolled after the teeth were examined, the condition noted, and each day presented themselves before the leader showing that they had washed their teeth, and received a little man drawn in the space beside their names. Six little men entitled one to a star. Three stars were given for each tooth pulled, five stars for each tooth filled and three stars for teeth cleaned by the dentist. At the end of the season a ribbon and button was given the child on each playground making most improvement. The children were much interested in watching the number of men and stars grow on the charts. In one of the colored schoolyard playgrounds there was quite a rage in tooth pulling when it was discovered it meant three stars, and one girl went to the dentist and then rushed wildly into the playground with her mouth still bleeding to claim her stars. This was noteworthy because the colored children are difficult to interest in health work. Eight hundred and seventy-four children enrolled.

Keep Clean Leagues varied in character. Some referred to the keeping the playgrounds clean. Most of them were personal in character and referred to the physical cleanliness and neatness of skin and hair and clothing of the child enrolled. Several were devoted to little mothers who kept the baby sweet and clean. All were enrolled on charts and received stars similar to the Tooth Brush Leagues. Their only honor was the receipt of a piece of health literature—the A.B.C. of Health or the Health Mother Goose. One hundred and fifty-four children enrolled. The playground doing the best general health work had its name and the year placed on a silver cup presented by the Maryland Tuberculosis Association and used from year to year.

Mother Goose from Healthland and Goosey Gander visited forty-one playgrounds and gave her health message to 7,767 children. A brief outline of her talk, together with a numerical report of our summer's work, follows:

Hello, children! I am Mother Goose and I just came from my home in Healthland. I am going to tell you about the wonderful places I saw on the road from Healthland to Baltimore. The first place was Play Meadows, and we certainly had a fine time in Play Meadows. The children were all playing games and I was enjoying myself so much I almost missed my train. The next place was Hot Soup Springs. When the train stopped at the station I looked out of the window. There was a vegetable band on the platform. They wore orange suits and had on green hats. Guess who they were? Well, they started to play and we started to march up back of them. They were the Carrot Top Band. When we got to the hotel there were lots of my friends. "There was a little girl," etc. One was a little boy dressed in blue. Guess who he was? An old lady and her dog—"Old Mother Hubbard"; a thin man with a fishing rod—"Simple Simon"; a little girl dressed in light green with ruffles on her skirt—"Mary Lettuce"; another one in dark green—"Susie Spinach"; a large fat boy, real round and dark red—"Johnny Beet." One boy, real round and brown, with lots of eyes—"Joe Potato." Then came Mr. Orange and an old hen with lots of chickens and eggs and Mr. Milk Bottle, and then came a fellow with a fat, square head with lots of holes in it, and he had one leg. Guess who he was? "Mr. Fly Swatter." He told me a story I am going to tell you—the Fly Story.

Just then the band started to play and we all went back to the station. The conductor called out "All aboard!" and I said good-bye and Goosey and I got on the train. The next station was Cocoa Junction. There we had cups of cocoa. Then we went to Oatmealville, where we ate oatmeal. Next was East Tooth Brush; there we all brushed our teeth and sang the song,

"Brush, brush, brush your teeth, etc." From East Tooth Brush we went to Bathtubville, where we all took a bath and then to Long Sleep Mount, where we all went to sleep with our windows open at the top and bottom. After a time the conductor called out Baltimore, and Goosey Gander and I hurried off the train and came here to talk to the children.

Here the children ask Goosey Gander questions and he answers by shaking his head.

Report of Colored Work—Baltimore City

The third annual Municipal Track and Field Meet was held October 14, 1922, with a large entry list. The lateness of the date and the cold, inclement weather, however, affected both the attendance and the numbers of athletes competing.

The second annual soccer tournament for elementary schools started on October 23. A total of twenty-one teams with 480 players furnished keen competition until December 23. Public School 101 was returned winner in both the lightweight and heavyweight sections and received medals emblematic of the city championship. With the ending of the soccer season the outdoor activities for 1922 came to a close. Soccer is fast becoming very popular with the colored schoolboy and will rank very soon in popularity second only to basketball.

With January came the basketball tournament. A total of forty-five teams competed in this tournament in four weight classes, namely: 85-lb., 100-lb., 120-lb. and unlimited. The schools were then divided into two sections or districts. All schools east of Charles Street comprised the Eastern District, and all schools west of Charles Street the Western District. The Eastern district was given the National Theatre Hall at Eden and Monument Streets in which to play its games, but lack of floor space for both spectators and players soon made this place unsuitable to continue the playing of games there, and both the Eastern and Western districts played subsequent games at St. Peter Clavier Hall, Presstman and Carey Streets. Eastern District winners were Public School 101 in 85-lb. class, Public School 101 in the 100-lb. class, Public School 101 in the 120-lb. class and Public School 101 in the unlimited class. Western District winners were Public School 112 in the 85-lb. class, Public School 110 in the 100-lb. class, Public School 106 in the 120-lb. class, and Public School 110 in the unlimited class. These teams then played a series of games to determine the city championship and Public School 112 85-lb. class, Public School 110 100-lb. class, Public School 106 120-lb. class and Public School 110 unlimited class were returned winners.

From January 1, 1923, to March 31, 1923, two afternoons weekly were given to instruction in basketball, marching tactics and calisthenics to the boys of St. Peter Clavier Parochial School. A night center was also established which attracted a large attendance.

With April the outdoor activities began for 1923. The third annual base ball tournament was the first of activities to get under way, followed closely by playground ball.

The district track and field meets were run at weekly intervals beginning May 11 and ending May 26.

In June the city Track and Field Championships were held in which the place winners of the three district meets, together with the high school students, competed for the highest honors in this branch of sport.

A parochial school track and field meet was also held on June 6, St. Peter Clavier School being the high point winner.

July, August and September was the period given over to the outdoor section of the work and this period was given to the week-end "All for Glory" track and field meets, playground ball, quoits, volley ball, etc., in which men and boys from every quarter of the city participated. The week-end meets in particular were more successful this year than ever before. The enrollment and attendance showed an increase over 1922.

On October 8, 1923, the fourth annual Municipal Games were held. As in the two years preceding, the entry list numbered well up in the hundreds, but the number of actual competitors on the day of the meet was comparatively small. The lateness of the date, the weather and the selection of Saturday on which to hold the meet were the contributing factors.

Colored Public School Soccer

Soccer for colored schools entered upon its second season in 1922. Twenty-one teams with 375 players entered the competition.

The city was divided into two districts—East and West. The tournament was composed of two classes, i.e., under and over one hundred pounds.

School 101-A won the Eastern District championships in the 100-lb. class, with School 110 capturing honors in the same class of the Western District.

School 101 repeated in the Eastern District in the over 100-lb. class, while School 112 defeated all comers in the Western District.

In the series for City Championships in the 100-lb. class, School 101 and School 110 played five games before a winner could be decided. School 101 finally captured the series.

School No. 101.....	2	0	2	2	2
School No. 110.....	2	0	3	1	0

The over 100-lb. class also resulted in a victory for School 101 by winning two out of the three games played:

DEPARTMENT OF PHYSICAL EDUCATION. STATE OF MARYLAND

(1)

The State Board of Education recommends that co-operation with the Playground Athletic League in the conduct of athletic meets and games be continued during the ensuing year along the same lines, with an extension of the physical ability tests.

The same plan will be followed in having each county conduct an athletic meet in the spring with the co-operation of the Playground Athletic League, and at the end of the season have a State-wide Athletic Meet in Baltimore City, Friday, June 8, 1923.

The Playground Athletic League will furnish medals as prizes for the athletic meets for each county, as well as for the State-wide Athletic Meet. They will send score sheets, entry blanks and necessary instructions and forms to the principal of each school.

Each county is to furnish the program and officials, and to send winners of the different athletic events at their county's expense to the Ninth Annual State-wide Meet to be held in Baltimore. The Playground Athletic League will secure entertainment for the boys in the homes of local school boys through co-operation of or at the Young Men's Christian Association.

Boys shall be classified according to their age and weight: *Boys who were 16 years old on or before January 1, 1923, are considered as Seniors; all other boys are Juniors.* This age distinction should be a test of the honesty of the school as well as of the boy.

The Juniors are divided, according to their weight, into four classes—80 pounds and under; 95 pounds and under; 115 pounds and under, and unlimited weight. The latter class is to include boys who are *not yet sixteen years of age*, but who are too heavy to enter the other weight classes. It is unwise for a boy to compete in a higher weight class than his own, but this will be allowed in order that a school may have enough boys to make up a relay team.

Boys will be weighed on the day of the meet in the costume in which they are to compete, and *must not* be overweight.

No boy who has *reached* the age of 21 is eligible to compete. A boy must not represent his school after he becomes a post-graduate student. A boy must have been a *bona fide* scholar from February 1, 1923.

A boy may enter only two events—one running and one field event. He must not be entered in two running or two field events.

The entry blanks will call for the entry of six (6) boys on each relay team, and two teams may be entered in each weight class. Since the relay team teaches more co-operation, this event has double the number of points scored; that is, the winning relay team is awarded ten points and the second team six points, whereas in other events the winner gets only five points and the second place winner three, third two, fourth one. In the State Meet, relays will count 5, 3, 2 and 1. Each winning ball team is awarded 10 points, the runner-up 6 points, and losers in semi-finals 3 points each.

A boy on the day of the meet cannot be transferred from a dash to a relay in order to complete a team. The proper way is to enter six on each relay team.

In case of ties in field events, the rules state that the second best or third best performance decides the winner. If a county, by a tie, should qualify two boys in one event for the State Meet, that county may be credited by the points of only one competitor.

The Playground Athletic League plans to have a medical examination made of the heart of every boy who competes.

The events are as follows:

80-LB. CLASS—

50 yards dash.
Standing broad jump.
Dodge ball throw for distance.
440 yards relay race (4 boys).

95-LB. CLASS—

60 yards dash.
Standing hop, step and jump.
Base ball throw for accuracy.
440 yards relay race (4 boys).

115-LB. CLASS—

70 yards dash.
 Running broad jump.
 Base ball throw for distance.
 660 yards relay race (4 boys).

JUNIOR UNLIMITED CLASS—

80 yards dash.
 220 yards dash.
 Running high jump.
 8-lb. shot put.
 660 yards medley relay race (4 boys).

SENIOR CLASS—

100 yards dash.
 440 yards run.
 880 yards run.

Running broad jump.
 Running high jump.
 12-lb. shot put.
 One-mile relay race (4 boys).

(II)

The same Badge Tests for boys and girls will be given for bronze, silver, and gold badges, and a date bar for those passing the physical ability tests.

(III)

In view of the success of Dodge Ball for boys, county and State championships will be held, limiting the teams to boys who are under 16 years and not over 95 pounds in weight.

(IV)

A separate Speed Ball Tournament will be arranged in each county. Each team shall consist of ten (10) junior boys. A boy may not play on two teams. *The county championship teams will not be sent to Baltimore.*

(V)

Each school should form a Dodge Ball team composed of ten (10) girls unlimited as to age and weight, but *not members of high school classes*. The game is played exactly as the boys' rules state, except that the circle is 35 feet in diameter. *The Girls' Teams will not be sent to Baltimore.*

(VI)

Each high school should have an End Ball team, composed of ten younger girls. *The Girls' Teams will not be sent to Baltimore.*

(VII)

Each high school should have a representative team of Captain Ball, composed of ten girls. This team should be made up of older girls. *The Girls' Teams will not be sent to Baltimore.*

(VIII)

Each high school is urged to have a Volley Ball team, composed of eight girls. The game is devoid of personal contact, but has action and fun, and requires alertness of each girl and team-work of all. The winning volley ball team of each county, when it is sent to take part in the State Championship, is invited to be the guests of the Maryland State Normal School, Towson.

(IX)

A separate Dodge Ball Tournament will be arranged for each county, limited to the one-room rural schools. This team of ten (10) may be mixed, part boys and part girls. The boys must not weigh over 95 pounds. The circle is 35 feet in diameter.

(X)

Certificates of physical ability and date bars for boys and girls are offered to any one who has won a gold badge; special entry blanks must be requested.

Respectfully submitted,

WILLIAM BURDICK, M.D.,

Supervisor of Physical Education.

ALBERT S. COOK,

State Superintendent of Schools.

THE ATHLETIC BADGE TEST FOR BOYS.

The Playground Athletic League of Baltimore has adopted the following standards which every boy ought to be able to attain :

FIRST TEST FOR BRONZE BADGE—

Pull-up (chinning)—4 times.
Standing broad jump—5 ft. 9 in.
60 yards dash—9 seconds.

SECOND TEST FOR SILVER BADGE—

Pull-up (chinning)—6 times.
Standing broad jump—6 ft. 6 in.
100 yards dash—13 2-5 seconds.

THIRD TEST FOR GOLD BADGE—

Pull-up (chinning)—9 times.
Running high jump—4 ft. 4 in.
220 yards dash—28 seconds.

No age or weight limit is fixed ; any boy may enter any test at any time the teacher is willing to act as judge, *provided he has passed the preceding test.*

These tests are simple, consist of events which are interesting, and are generally understood. The test requires only simple apparatus and a comparatively small space.

CONDITIONS OF COMPETITION.

The following general rules shall govern. No boy is permitted to receive more than one badge for any grade in any one year, and must pass them in order—bronze, silver, gold, ability. No boy may receive more than three badges. It is necessary to qualify in all three events in any one class in order to win a badge. There shall be but one trial in the dashes.

1. PULL-UP (CHINNING).

A chinning bar in a doorway ; a horizontal bar in the gymnasium, an iron pipe, or a limb of a tree parallel to the ground.

Each contestant begins with his hands on the bar. The contestant shall extend himself to his full length before and after each pull-up, and shall also pull up without a kick, snap, jerk or swing to such height as to bring his chin higher than the bar. Lowering himself again until his arms are straight, he repeats the pull-up.

2. STANDING BROAD JUMP.

It is best to prepare a jumping pit by digging up a piece of ground about 4 feet by 25 feet, and have imbedded in the ground at one end of the pit a wooden joist 4 inches deep by 8 inches wide, flush with the surface, to serve as a "take-off."

The feet of the competitor may be placed in any position, but shall leave the ground only once in making an attempt to jump. When the feet are lifted from the ground twice, or two springs are made in making the attempt, it shall count as a trial jump without result.

A competitor may rock back and forth, lifting the heels and toes alternately from the ground, but may not lift either foot clear off the ground, nor slide either foot along the ground in any direction.

The outer edge of this joist shall be called the scratch line, and the measurement of each jump shall be made at right angles to the nearest break in the ground made by *any* part of the person of the competitor. The jump is as if one were jumping across a branch, run, or stream of water.

3. RUNNING HIGH JUMP.

A boy must jump over (clear) a bar or stick—resting on pegs projecting from uprights three inches—4 feet 4 inches from the ground or floor.

4. 60, 100 OR 220 YARDS DASH.

Under the direction of a starter each individual competitor takes his position on the starting mark. The starter gives the signal by saying: "On

the mark"; "Get set"; "Go," or shoots a pistol. At the word "Go," the timekeeper starts his watch. As the runner crosses the finish line (60, 100 or 220 yards from the starting line), the timekeeper stops his watch and blows his whistle. Everyone who passes the line *before the whistle starts blowing* wins.

A false start is one where any part of the person of a competitor touches the ground in front of his mark before the starter purposely gives his signal. The third false start shall disqualify the offender. The competitor shall keep his hands behind the mark assigned him.

This running event will be run the day of the County Meet and judged by its officials. The other two events shall be certified to by the teacher of the school on blanks which will soon follow.

THE ATHLETIC BADGE TEST FOR GIRLS.

The Playground Athletic League of Baltimore has adopted the following standards which girls ought to be able to attain:

FIRST TEST FOR BRONZE BADGE—

Balancing—Once in 2 trials.
Leg raising—10 times.
Far-throw basket ball—25 feet.

SECOND TEST FOR SILVER BADGE—

Balancing—Once in 2 trials.
Leg abduction—2 times.
Far-throw basket ball—35 feet.

THIRD TEST FOR GOLD BADGE—

Trunk raising—12 times.
Volley ball service—8 times in 10 trials.
Round-arm basket ball throw—55 feet.

Any girl may try any test at any time the teacher is willing to act as judge. A girl of any age or weight is eligible. The same rules govern contests as in boys' Badge Test.

1. BALANCING.

A beam, 2 by 4 inches, 12 feet long, is set so that the 2-inch side is to be walked upon. It need not consequently be over 4 inches high. A. G. Spalding & Bros., Chicopee Falls, Mass., sells a Balance Beam suitable for indoors which formerly sold for \$8.00. One can be made for outdoors for \$1.00.

First Test—A girl should start at center of beam and walk forward to other end; without turning, walk backward to center; turn, walk forward to other end; turn, walk forward to starting point.

Second Test—Start at end of beam with hands on hips, and walk to other end with following step—step with right foot, bend left knee so that thigh is at right angle to body, straighten left knee, stretch left leg forward, step forward on left foot. Same right and so on to the end of beam; turn and return with ordinary walking step to center; make quarter turn to right so that shoulders are parallel with beam. Take deep knee bend, rise to position, and jump off forward.

2. LEG RAISING.

Use chinning bar when boys are not using it. Each contestant begins with hands on bar. It is best to grasp bar with one or both hands facing one. She shall raise both legs, knees straight, to a right angle (without any more swinging than can be helped), then lower to original hanging position. Repeat continuously ten times.

3. LEG ABDUCTION.

Suspend body by hands, raise both legs, knees straight to right angle with body; slowly separate legs, without lowering, to angle of 70 degrees; bring together again and lower. Repeat once.

4. TRUNK RAISING.

Contestant lies on back on floor, arms folded across chest. Raise the trunk to sitting position 12 times in succession. The knees must be kept straight and feet not raised from floor, nor held by any weight.

5. VOLLEY BALL SERVICE.

Ball—Official school ball. *Court*—25 by 12½ feet, with a cord stretched from middle of one long side to middle of other, parallel to the ends, and 7 feet 6 inches above the ground.

Contestant stands with both feet back of end line and serves the ball over the cord into the other court. Contestant must not step across the end line—if she does, it counts as one trial. Serve-ball is tossed up by left hand and batted *overhand with the right* (open) hand. A ball striking on the line is considered "in." The contestant must serve 8 balls out of 10 consecutive trials. (Regular volley ball on regulation court should be used in high schools.)

6. FAR-THROW DODGE BALL.

The ball shall be from 14 to 17 ounces in weight. It is thrown from a stand, with feet apart, toes at the line. The throw is from both hands over the head. Swinging the arms with bending of the trunk is an advantage. The toes or heels may be raised, but a jump is not permitted. Touching the ground in front of the line, or stepping over the line before the throw is measured, constitutes a foul. (A foul counts as one trial.) Two trials may be given each contestant. Spalding "O" soccer ball will be the official ball. The ball must land within a lane 10 feet wide, and must strike the ground at least 25 feet from the throwing line for bronze pin, and 35 feet for silver pin.

This test will be made the day of the County Athletic Meet.

7. ROUND-ARM DODGE BALL THROW.

The ball is held encircled by hand, wrist and forearm, and will go farthest if the ball moves parallel to the ground and the arm is straight when the ball leaves the fingers. The ball is thrown with the feet as desired, one step being permitted, provided the line is not passed. The ball must land within a lane 10 feet wide, and must strike the ground at least 55 feet from the throwing line to win the gold pin.

The test will be made the day of the County Athletic Meet.

8. THE PHYSICAL ABILITY TEST FOR BOYS AND GIRLS.

For all boys and girls who have won the bronze, silver and gold athletic badges, a "Physical Ability" test will be given, where each contestant must attain fifty per cent or more in six of ten ability events. Detailed information regarding these tests may be had upon request to the Playground Athletic League.

CHAMPIONS AND RUNNERS-UP IN THE FIFTH ANNUAL STATE-WIDE SOCCER TOURNAMENT, 1923.

STATE-WIDE ACTIVITIES

Fifth Annual State-Wide Soccer Tournament of County High Schools, 1922

Ninety-four schools, representing twenty-two counties, competed in the Fifth Annual State-Wide Tournament. The largest previous number was eighty-four schools, representing twenty-one counties.

Teams within the counties competed for a county championship, followed by an elimination tournament of the county winners, so that an Eastern Shore and Western Shore championship was determined. The two surviving teams then played for the state championship.

RULE IV.

1. Protests affecting the right of any athlete to compete in any championship meeting shall be made to the Chairman of the Games Committee before the championship meeting is held, and if the Committee deems it advisable, the athlete may compete under protest. The Committee may provide for a trial or hearing in relation to the protest, and its decision shall be final. The Committee shall also have absolute power to reject any entry.

2. The Games Committee of the Playground Athletic League shall appoint the officials and manage all Championship Meetings.

3. In County Championships eligibility of pupils to represent a school shall be determined by the teachers, subject to review by the Superintendent of the County.

4. In Institutional Championships the Head of the institution shall decide upon eligibility of athletes, subject to review by the Games Committee.

5. In Outdoor Championships a competitor must compete for the Park or Station nearest which he lives.

RULE V.

1. Whenever an athlete wins a medal representing an organization or club other than his school, he shall cease to be eligible to compete in Playground Athletic League activities.

RULE VI.

RECORDS.

1. No record shall be accepted unless timed by at least three official Timekeepers, or, in field events, unless measured by at least three Field Judges.

2. The Record Committee shall investigate every performance to which their attention is called and shall be empowered, in their discretion, to reject any record which shall not be supported by the affidavits of at least six officials certifying as to the place, time of day, state of weather, condition of path or field, force and direction of wind, level or grade of grounds, weight, measurement and material of implement, and correctness of announced time or distance.

RULE VII.

POINT TROPHIES.

1. In track and field competitions the trophy shall be awarded to the Station scoring the greatest number of points on the basis of 5 points for first, 3 for second, 2 for third and 1 for fourth place.

2. When two or more Stations are tied in the number of points, the trophy shall be awarded to the club whose representatives score the greatest number of first places. If two or more Stations are still tied for points, then to the Station whose representatives score the greatest number of second places. If two or more Stations are still tied, the trophy shall be cut in equal parts or two trophies be given.

3. Events not advertised on entry blanks shall not count in points scored.

RULE VIII.

ELIGIBILITY TO LIMITED EVENTS.

1. The eligibility to compete in events that are limited to competitors who have never accomplished a certain time, distance or height in a given event, shall be determined by the competitor's record when the entries for such event closed.

2. In all competitions in which classification is by weight, competitors must weigh in within three hours of the beginning of the competition.

RULE IX.

ENTRIES.

1. All entries for competition held under Playground Athletic League rules must be made on the entry forms adopted by the Playground Athletic League.

2. An athlete who fails to compete after entering an event in a *bona fide* way, and according to the rules, shall be required to furnish a satisfactory excuse for such failure or render himself liable to censure or suspension by the Games Committee.

RULE X.

PROFESSIONAL CONTESTS FORBIDDEN.

1. No professional contest or exhibition shall be allowed at any games, meetings or entertainments held under the auspices of the Playground Athletic League. A regularly employed instructor, however, may take part with his pupils in group exhibitions.

2. No competition shall be held between an amateur and a professional, and where both amateur and professional contests are held at the same place and on the same day, all amateur events must either precede the professional or *vice versa*.

RULE XI.

ATHLETES' ATTIRE.

1. No athlete shall be allowed to wear the emblem of any club or organization which he is not eligible to represent in open competition under the rules of the Amateur Athletic Union.

2. Athletes in track and field events shall be required to wear trunks or breeches reaching to within four inches of the knee, and the clothing must be clean and so designed and worn as to not make an indecent display of the competitor's person. It shall be the duty of the Clerk of the Course to see that each and every contestant is properly attired, and under no circumstances shall athletes be allowed to dress or undress, except in the rooms or places provided for that purpose.

RULE XII.

PHYSICAL EXAMINATION.

1. In running distance events no competitor shall be allowed to start unless he has passed a physical examination to be made by a physician appointed by the Playground Athletic League.

ATHLETIC RULES

Track and Field Events

RULE I.

OFFICIALS.

1. All amateur meetings shall be under the direction of

A Games Committee.
 One Referee.
 Four Inspectors.
 Four or more Judges at Finish.
 One Chief Field Judge.
 Six or more Field Judges.
 Three Timekeepers.
 One Field Doctor.
 One Starter.
 One Clerk of the Course.
 One Chief Relay Clerk.
 Four Assistant Relay Clerks.
 One Scorer.
 One Official Surveyor.
 One Marshal.

2. If deemed necessary, assistants may be provided for the Timekeepers, the Clerk of the Course, the Scorer, and the Marshal, and an Official Announcer may also be appointed.

RULE II.

GAMES COMMITTEE.

1. The Games Committee shall consist of three members appointed by the Executive Committee of the Playground Athletic League.

RULE III.

REFEREE.

1. The Referee shall enforce all the rules and decisions of the Playground Athletic League, and shall decide all questions relating to the actual conduct of the meeting, the final settlement of which is not otherwise assigned by said rules.

RULE IV.

INSPECTORS.

1. It shall be the duty of an Inspector to stand at such point as the Referee may designate; to watch the competition closely, and in case of a foul or violation of the rules by a competitor or other person, to report to the Referee what he saw of the incident.

2. Such Inspectors are merely assistants to the Referee, to whom they shall report, and have no power to make any decisions.

RULE V.

JUDGES AT FINISH.

1. There shall be four or more Judges at Finish, who shall decide the order in which the competitors finish in the competition. In case of a disagreement, the majority shall decide. Their decision as to the order in which the men finish shall be final and without appeal.

RULE VI.

FIELD JUDGES.

1. The Chief Field Judge shall see that all implements and equipments are in accordance with Playground Athletic League rules and that the field events are conducted expeditiously.

2. The Field Judges shall measure, judge and record each trial of each competitor in all games, whose record is of distance or height. Their decision as to the performance of each man shall be final and without appeal.

RULE VII.

TIMEKEEPERS.

1. Each of the three Timekeepers shall time every event. In case two of their watches agree, and the third disagrees, the time marked by the two shall be official time. If all watches disagree, the time marked by the watch giving the middle time shall be the official time. Time shall be taken from the flash of the pistol.

2. Should assistants to the Timekeepers be provided, they shall perform like duties, but the time recorded by their watches shall only be accepted in the event of one or more of the watches held by the other Timekeepers failing to mark the time, in which case they shall be called upon in such order as may be previously decided upon, so that on all races, where possible, three watches shall record the time.

3. If, for any reason, only two watches record the time of an event, and they fail to agree, the longest time of the two shall be accepted as the official time.

RULE VIII.

CLERK OF THE COURSE.

1. The Clerk of the Course shall be provided with the names and the numbers of all entered competitors, and he shall notify them to appear at the starting line before the start in each event in which they are entered. He shall control his assistants, and assign to them such duties as he may deem proper. In all track competitions run in lanes the choice of lanes shall be drawn for in each heat; in all other track competitions the positions shall be numbered from the curb or pole and shall be drawn for according to clubs in scratch events, and in handicap events the competitors shall be allotted their positions by the Clerk of the Course.

RULE IX.

SCORER.

1. The Scorer shall record the order in which each competitor finishes his event, together with the time furnished him by the Timekeepers, and the height or distance furnished him by the Field Judges. He shall keep a tally of the laps made by each competitor in races covering more than one lap, and shall announce by means of a pistol shot, or otherwise, when the leading man enters the last lap. He shall control his assistants, and assign to them such of his duties as he may deem proper.

RULE X.

OFFICIAL SURVEYOR.

1. The Official Surveyor shall survey the track and all courses for the distances which are to be contested and furnish a statement of same to the Games Committee or Referee before the games.

RULE XI.

MARSHAL.

1. The Marshal shall have full police charge of the enclosure and shall prevent any but officials and actual competitors from entering or remaining therein. He shall control his assistants and assign to them their duties.

RULE XII.

STARTER.

1. The Starter shall have entire control of the competitors at marks, and shall be the sole judge of fact as to whether or not any man has gone over his mark.

2. All races shall be started by the report of a pistol, except that in time handicap races the word "Go" shall be used.

3. All questions concerning the start shall be decided by the Starter.

4. When any part of the body of the competitor shall touch the ground in front of his mark before the starting signal is given, it shall be considered a false start.

5. If, in the opinion of the Starter, a false start has been made, he can recall the competitors by a second pistol shot, and penalize the offender or the offenders.

6. For all races up to and including 125 yards, the competitor shall be put back 1 yard for the first and another yard for the second attempt; in races over 125 yards and including 300 yards, 2 yards for the first and 2 yards for the second; in races over 300 yards and including 600 yards, 3 yards for the first and 3 yards for the second; in races over 600 yards and including 1,000 yards, 4 yards for the first and 4 yards for the second; in races over 1,000 yards and including 1 mile, 5 yards for the first and 5 yards for the second; in all races over 1 mile, 10 yards for the first and 10 yards for the second. In all cases the third false start shall disqualify the competitor from the event. In relay races the penalty shall be according to the distance the offender is to run in the race.

7. The Starter shall also rule out of that event any competitor who attempts to advance himself from his mark, as prescribed in the official program, after the Starter has given the warning to "get ready."

8. The Starter must have at least two good cartridges in his pistol before starting a heat.

RULE XIII.

OFFICIAL ANNOUNCER.

1. The Official Announcer shall receive from the Scorer the result of each event and announce the same by voice or by means of a bulletin board.

RULE XIV.

THE COURSE.

1. Each competitor shall keep in his respective position from start to finish in all races on straightaway tracks. On races with tracks of one or more turns, he shall not cross in front of a competitor until he is two yards in advance of his nearest competitor, and shall not cross on straightaway of final lap.

RULE XV.

THE COMPETITION.

1. Any competitor wilfully jostling, or running across, or obstructing another competitor so as to impede his progress, or competing to lose or to coach another competitor, either in a trial or final contest, shall forfeit his right to be in the competition, and shall not be awarded any position or prize to which he would otherwise have been entitled.

2. No competitor, after leaving the track, shall be allowed to rejoin a race either for the purpose of gaining a place or to pace or assist another competitor.

3. When, in any but the final heat of a race, a claim of foul or interference is made, the Referee shall have the power to disqualify the competitor who was at fault, if he considers the foul intentional or due to culpable carelessness, and shall also have the power to allow the hindered competitor to start in the next round of heats, just as if he had been placed in his trial.

4. When, in a final heat, a claim of foul or interference is made, the Referee shall have the power to disqualify the competitor who was at fault, if he considers the foul intentional or due to culpable carelessness, and he shall also have the power to order a new race between such of the competitors as he thinks entitled to such a privilege.

5. Any competitor who shall refuse to obey the directions of the Referee or other proper official, or who shall conduct himself in a manner unbecoming a gentleman, or offensive to the officials, spectators or competitors at any meeting held under the rules of the Playground Athletic League, may be disquali-

ded by the Referee from future competition at the meeting, and if the Referee thinks the offense worthy of additional punishment he shall promptly make detailed statement of the offense to the Games Committee to prevent further competition.

RULE XVI.

CHANGE OF PROGRAM.

1. The order of events, as laid down in the official program, shall not be changed, nor shall the announced arrangement of heats in any event be added to or altered except by the Referee, who, however, shall have no authority after heats have been duly drawn or published in the program, to transfer a contestant from one heat to another.

RULE XVII.

POSTPONEMENTS.

1. The Referee shall have the power to call off or postpone to a future date any event even though the same has been actually commenced, if in his judgment the competition cannot be conducted or completed in a satisfactory manner and in fairness to the competitors.

2. Should any event have been actually commenced, it shall be conducted (between the competitors who reported on the first date) at a future date in the same manner as though the competition had never been started.

RULE XVIII.

COMPETITORS.

1. All competitors shall report to the Clerk of the Course immediately upon their arrival at the place of meeting, and shall be provided by that official with their proper numbers, which must be worn conspicuously by the competitors when competing, and without which they shall not be allowed to start.

2. Each competitor shall inform himself of the time of starting, and shall be promptly at the starting point of each competition in which he is entered, and there report to the Clerk of the Course.

3. He shall be weighed or checked in, and have stamped upon his wrist Clerk of Course's O. K. fifteen minutes before games are advertised to begin.

RULE XIX.

FIELD EVENTS.

1. The officials shall have the power to change the place of the competition in any field event if in their opinion the conditions warrant the same.

RULE XX.

WEIGHT EVENTS.

1. In all weight events thrown from the circle, the competitor must stay in the circle until his attempt is marked by an official.

2. In all weight events thrown from the circle, the competitor may touch the inside of the circle.

3. The circle shall be 7 feet (2.134 meters) in diameter for all weight events. The circle shall be measured from the inside, and in outdoor competitions shall be sunk almost flush with the ground. In indoor competitions the circle may be marked on the floor.

RULE XXI.

THE FINISH.

1. The finish line shall be a line on the ground drawn across the track from finish post to finish post and the men shall be placed in the order in which any part of their trunk (i. e., "torso," as distinguished from the head, arms, feet or hands) crosses such line.

2. For the purpose of aiding the judges, but not as a finish line, there shall be stretched across the track at the finish a worsted string, which shall not be held by the judges, but fastened to the finish post at either side, so it will always be at right angles to the course and parallel to the ground.

3. No competitor shall be considered to have finished unless his entire body shall have crossed the finish line.

RULE XXII.

TRACK MEASUREMENT AND THE DIRECTION OF RUNNING.

1. All distances run or walked shall be measured upon a line 12 inches outward from the inner edge of the track, except that in races on straightaway tracks the distance shall be measured in a direct line from the starting mark to the finish line.

2. The direction of the running shall be left hand inside.

RULE XXIII.

USE OF IMPLEMENTS.

1. A competitor may use his own implement, provided the same complies with the specifications hereinafter set forth.

2. No competitor shall be permitted to use the implement of another competitor without the special consent thereto given by the owner of such implement.

RULE XXIV.

OFFICIAL PEGS.

1. In events where cross-bars and pegs are to be used, pegs shall be without rings and of uniform thickness and must not extend more than 3 inches from the uprights. The cross-bar must be of wood, not over 1 inch square, the ends of which must not project more than 6 inches beyond the pegs.

RULE XXV.

PROTESTS.

1. Protests against any entered competitor may be made verbally or in writing to the Superintendent of County Schools or to the Games Committee or any member thereof before the meeting, or to the Referee during the meeting. If possible, the Committee or Referee shall decide such protests at once. If the nature of the protest or the necessity of obtaining testimony prevents an immediate decision, the competitor shall be allowed to compete under protest, and the protest shall be decided by the Games Committee, unless its subject be the amateur standing of the competitor or his eligibility to compete, in which case the Superintendent of County or Games Committee must report such protest within forty-eight hours.

RULE XXVI.

TIES AND DEAD HEATS.

1. In case of ties in field events where the results are determined by measurements, the medal and points shall be awarded to him whose next best performance, in which there is no tie, is the better.

2. In case of a tie in high jump, the award shall be to him who has failed the least number of times at the next best height at which there is no tie.

3. In case of ties in field events where the division of points and award of medals cannot be determined by the above rules, the points shall be divided and special medals awarded each competitor.

4. In case of a dead heat in any track event, the points shall be divided and special medals awarded each competitor.

RULE XXVII.

RUNNING HIGH JUMP.

1. The Field Judges shall decide the height at which the jump shall commence, and shall regulate the succeeding elevations.

2. Three jumps are allowed at each height, and a failure at the third attempt shall disqualify.

3. A competitor may commence at any height above the minimum height.

4. At each successive height each competitor shall take one trial in his proper turn; then those failing, if any, shall have their second trial jump in like order, after which those having failed twice shall make their third trial jump.

5. A competitor may decline to jump at any height in his turn, and by so doing forfeits his right to again jump at the height declined.

6. The jump shall be made over a bar resting on pegs projecting from the uprights, and when this bar is removed from its place it shall be counted as a trial jump.

Neither diving nor somersaulting over the bar shall be permitted.

7. A line shall be drawn 3 feet in front of the bar and parallel therewith, to be known as a balk line, and stepping over such line, in any attempt, shall be counted as a "balk," and two successive "balks" shall be counted as a trial jump.

8. As soon as a competitor makes a spring in order to jump, this shall be counted as a trial jump.

9. The distance of the run before the jump shall be unlimited.

10. All measurements shall be made perpendicularly from the ground to the upper side of the bar where it is lowest.

11. The employment of weights or grips of any kind is forbidden.

12. A competitor may place a mark for his take-off in running broad or running high jump.

13. The uprights shall not be moved during the competition.

14. The uprights shall be at least 12 feet (3.66 meters) apart.

15. The take-off ground about the jump must be level.

RULE XXVIII.

STANDING BROAD JUMP.

1. The feet of the competitor may be placed in any position, but shall leave the ground only once in making an attempt to jump. When the feet are lifted from the ground twice, or two springs are made in making the attempt, it shall count as one trial jump without result. A competitor may rock forward and backward, lifting heels and toes alternately from the ground, but he may not lift either foot clear from the ground or slide it along in any direction on the ground.

2. Each competitor shall be allowed three jumps, and the best five shall be allowed three more jumps. Each competitor shall be credited with the best of all his jumps.

3. The measurements of the jumps shall be made at right angles from the scratch line to the nearest break in the ground made by any part of the body or limbs of the competitor.

RULE XXIX.

RUNNING BROAD JUMP.

1. The length of the run is unlimited. Each competitor shall be allowed three jumps, and the five best shall be allowed three more jumps. Each competitor shall be credited with the best of all his jumps.

2. When jumped on earth the take-off shall be from a joist sunk flush with the ground, the outer edge of which shall be called the scratch line. In front of the scratch line, over a width of 3.94 inches, the ground shall be sprinkled with soft earth or sand to make it slightly higher than the take-off joist. The measurement of the jumps shall be made at right angles from the scratch line, or scratch line extended, to the nearest break in the ground made by any part of the body of the competitor.

3. If any competitor swerves aside at the taking-off line, or the line extended, or touches the ground in front of the take-off joist with any part of his foot, such jump shall not be measured, but it shall be counted against the competitor as one jump.

4. A line shall be drawn 6 feet in front of the scratch line, to be known as the balk line, and stepping, or falling over such line, or such line extended,

in any attempt, shall be counted as a "balk," and two successive balks shall be counted as a trial jump.

5. The rules of the Running High Jump shall govern, where applicable.

RULE XXX.

HOP, STEP AND JUMP.

1. The competitor shall first land upon the same foot with which he shall have taken off, the reverse foot shall be used for the second landing, and both feet shall be used for third landing.

2. In all other respects, the rules for the Running Broad Jump shall govern.

RULE XXXI.

DODGE BALL THROW.

1. The length of the run is unlimited.

2. Running or stepping over the scratch line shall constitute a foul throw and shall count as a trial throw without result. It shall also count as a trial throw without result if the ball falls outside of the 10-foot lane.

3. The measurement shall be made at right angles from the scratch line to the nearest point where the ball falls.

4. Each competitor shall be allowed three trials, and the best five shall be allowed three more trials. Each competitor shall be credited with the best of all his throws.

RULE XXXII.

BASE BALL THROW.

1. The length of the run is unlimited.

2. Running or stepping over the scratch line shall constitute a foul throw and shall count as a trial throw without result.

3. The measurement shall be made on a perpendicular line from the nearest mark made by the fall of the ball to the scratch line.

4. Each competitor shall be allowed three trials, and the best five shall be allowed three more trials. Each competitor shall be credited with the best of all his throws.

RULE XXXIII.

PUTTING THE SHOT.

1. The shot shall be put from the shoulder with one hand only, and it must never be brought behind the shoulder.

2. In the middle of the circumference of the circle, at the front half thereof, shall be placed a stop-board, firmly fastened to the ground. In making his puts, the feet of the competitor may rest against but not on top of this board.

3. A fair put shall be one in which no part of the person of the competitor touches the top of the stop-board, the top of the circle, or the ground outside the circle.

4. The measurement of each put shall be taken at the circle from the nearest mark made by the fall of the shot to the inside of the circumference of the circle on a line from such mark made by the shot to the center of the circle.

5. Foul puts and letting go the shot in making an attempt shall be counted as trial puts without result. It shall also be a foul if the competitor steps on the circle, or leaves the circle before his throw has been marked.

6. Each competitor shall have three trial puts, and the best five shall have three more. Each competitor shall be credited with the best of all his puts.

RULE XXXIV.

METHOD OF MEASURING.

1. In all weight events and broad jumps, that portion of the tape showing the feet and inches must be held by the official at the take-off or at the circle.

RULE XXXV.**RELAY RACES.**

1. A line shall be drawn 10 yards on each side of the starting line of each relay, to be known as the starting zone. Within this zone each runner must pass the baton to the succeeding runner. No member of a relay team in order to relieve his team mate can run outside of such zone. The baton must be passed, not thrown or dropped, by a competitor and picked up by the one succeeding him. Violation of any of these rules by any competitor shall disqualify the team.

2. No man can run two relays in any one team.

3. The composition of a team cannot be changed after a trial, heat has been run. No change can be made in the order of running, except in relay races where each competitor runs the same distance.

4. The positions of the teams must be drawn for.

5. In all relay races an announcement must be made as to the distance each competitor is to run in his relay. Any competitor failing to run the distance required shall cause his team to be disqualified.

6. In the case of a handicap relay race the runner on the first relay is allowed the total handicap allowed each team.

RULE XXXVI.**POTATO RACE.**

Potato boxes made by any of the manufacturers of standard gymnasium apparatus may be used, or they may be made as follows: Boxes 4 inches deep, placed upon stands 2 feet high, whose base shall not measure more than 12 inches square, shall be placed upon the floor 31 feet apart at their outside edges. The boxes shall not be loaded or fastened in any way to the floor. The base of the box is placed in the center of a sixteen-inch square (outside measurement) marked on the floor. The competitor shall start with one potato in his hand on a line with the outside edge of the box, in which are placed the other potatoes. He shall circle outside the boxes, transferring one potato each, and finish across the starting line. If a competitor knocks over a box or moves a box so that any part of the base projects beyond the square marked on the floor, he shall be disqualified, but may be given one other trial by the judges. No rubber or mats of any similar material shall be placed on the floor, but the use of resin will be allowed. For the 60 yards potato race, 3 potatoes shall be used; for the 160 yards race, 8 potatoes; and for the 220 yards race, 11 potatoes. Pieces of curtain pole or blocks of wood of uniform size may be used for potatoes.

RULE XXXVII.**TARGET THROW.**

The target shall consist of four circles with the following diameters: Bull's eye, 1 foot; Inner, 2 feet; Magpie, 3 feet; Outer, 4 feet. An indoor base ball 12 inches in circumference shall be used. The lower edge of the target shall be 4 feet from the floor. Each competitor shall be allowed only one trial, in which he shall have four throws from a distance of 30 feet. In making a bull's eye no part of the ball shall touch the inner circle, and so with each of the other circles. For instance, if any part of the ball touches the outer circle it shall count as being outside of the target. In other words, to secure the number of points given for any circle, the ball must hit the target entirely within that circle. Otherwise, it will count for the next outer circle. Points shall be scored as follows: Bull's eye, 25; Inner, 15; Magpie, 10; Outer, 5. This makes it possible for a competitor to make 100 points by hitting the bull's eye four times.

Rules of Games**CIRCLE DODGE BALL.**

A circle, 40 feet in diameter, shall be drawn on the ground.

Teams—Shall consist of ten players. One team stands around the outside of the circle. The other team is grouped anywhere within the circle.

Object of the Game—The object of the game is for the outer circle team to hit the players of the inner circle team with the ball, any player so hit being "out" and having to leave the game.

Officials—A Referee, who shall be a Scorer and Timer.

Start—The game starts on a signal from the referee, with the ball in the hands of the outer circle team. The referee blows his whistle for play to cease whenever an inner circle player is fairly touched with the ball; and again for play to resume. The referee also signals when "Time Limit" has expired.

Rules and Points of Play—The players on the outer team must not step within the circle when throwing. The inner team does not play the ball; it only "dodges" the ball. The "dodging" may be done by stepping quickly in one direction or another.

Time Periods—A game shall consist of two three-minute periods or "innings" for each team.

Score—One point shall be scored for each member of the team remaining in the circle at the expiration of "Time Limit." Should all the members of the side be retired before the expiration of the "Time Limit" in both innings of three minutes each, the team remaining "in" the longer period wins. The fact that one team remains in the circle longer in either inning does not change the final score. The team which has had the greatest number of total members remaining in the circle at the expiration of both halves or innings, wins.

NOTE—*Girls' circle to be 35 feet in diameter.*

BOYS' VOLLEY BALL.

1. **Game**—The game shall consist of eleven points.

2. **Court**—A court or floor space shall be 25 feet wide, 50 feet long, to be divided into square courts 25 by 25 feet by the net. The boundary lines must be plainly marked so as to be visible from all parts of the court; these lines should be 3 feet from the wall.

3. **Net**—The net shall be at least 2 feet wide and 27 feet long, and shall be suspended on uprights placed at least 1 foot outside of the lines. The top line of the net at the center must be 7 feet 6 inches from the floor or ground.

4. **Server and Service**—The server shall stand with both feet back of the service line; one foot may touch the line. He may not touch ground inside of the court until the ball has been served. The ball must be batted with only the open hand, and must go over the net unassisted by any player on the server's side (no dribbling allowed).

A service which strikes the net is a fault and automatically is dead.

A service which goes under the net is a fault.

If, on the first service, the ball goes over the net and strikes outside the opponents' court, the side serving loses possession of the ball.

A server shall lose his service if he serves two consecutive faults. The player serving continues to do so until retired. Each man shall serve in turn.

6. **Scoring**—Each good service unreturned or ball in play unreturned, or ball knocked out of bounds by the side receiving, counts one point for the side serving. A side scores only when serving, since a failure to return the ball on his part, or knocking the ball out of bounds, results in the server being retired.

7. **Line** is a ball striking the boundary line, and is equivalent to one in the court.

8. **Play and Players**—Should any player during the game touch the net or reach over the net to strike the ball, it puts the ball out of play and counts against his side; if said player is on the serving side the ball goes to the opponents; if on the receiving side, one point is scored for the server. Should player strike ball on own side of field, and his hand go over net, such a play shall be legal provided his hand does not touch net. (Referee.) Ball must not be hit until it is over net. Should two opponents touch the net simultaneously, the ball shall be declared out of play and shall be served again by the serving side. Should any player catch or hold the ball for an instant, it is out of play and counts for the opposite side. A player must not touch the ground inside the opponents' court—if he had been on the serving side it shall retire the server, if on the receiving side one point shall be scored for the side serving. No player may strike the ball more than once in succession.

9. Any player kicking the ball may be disqualified.

10. *Officials*—The officials shall be a Referee, two (2) Linesmen and a Scorer.

END BALL.

1. *The Game*—The game of End Ball is played by two teams of ten girls each, the ball being passed from one player to another. The purpose of each team is to score as many points as possible by throwing the ball into the hands of one's own baseman and preventing the other team from securing possession of the ball or scoring.

2. *Ball*—The ball to be used shall be No. "O" Soccer.

3. *Field*—The field shall be 30 feet wide and 50 feet long and divided into two courts by a center-line extending across the field, each court measuring 30 feet in width and 25 feet in depth. A base-line shall be drawn 4 feet from each of the end-lines. This 4-foot zone bounded by portions of the two side-lines and by the base-line and end-line shall constitute the base.

4. *Officials*—The game shall be in charge of a referee, who may appoint a timekeeper, a scorer and linesman.

5. *Playing Regulations*—The game starts by the ball being tossed up in center between two jumping centers who face their own guards and stand with feet together. These two cannot play the ball again until played by another player, and must also be back in own territory before playing the ball again.

6. *Time*—Two 6-minute halves. Teams change sides at end of first half—play immediately resumed. Held ball—If ball is held across the line by two opponents it is tossed up between these two as at the start of game.

7. *Scoring*—A "clear" ball counts one (1). A clear ball is one delivered by guard or jumping center to a baseman without being touched by an opposing member or having touched any other obstacle, and must be caught by only one baseman. If it is or is not a clear ball the game continues. If a baseman has the ball she throws it back to her own guard—the opposing team meanwhile trying to get it. A game shall be decided by the scoring of the most points in the playing time. In case of tie, the ball shall be tossed up as at the start and the game shall continue until either side has made one additional point.

8. *Out of Bounds*—If ball goes out of bounds it is given to the opponent of the player who last touched it nearest the point where it goes out. She stands outside until she has delivered the ball. A goal cannot be made from outside. If, when the ball is tossed up in center, it goes out before another player has touched it, it is tossed up in the center again. A player throwing the ball in from out of bounds shall not play the ball a second time until it has been played by another player.

9. *Players*—Each team shall be composed of ten players—3 basemen and 7 guards. The 3 basemen shall stand in the 4-foot base at one end of the field, and the guards shall take their positions so that there shall be three guards near the center-line, three guards near the base-line, and one guard between these two lines of guards. The center guard near the center-line shall be the jumping center in the toss-up at the beginning of each half and at the beginning of the extra period in case of tie. The guards shall stand in the court opposite to that occupied by the basemen of the same team.

10. *Fouls and Penalties*—The following shall constitute fouls and penalties:

(a) Touching ground with any part of the body on other side of the center-line or the end-line. Penalty—Unguarded throw for opponent.

(b) Touching ground on other side of base-line with any part of body. Penalty—Free throw for opponent.

(c) Playing the ball a second time from throw-in before it has been played by another player. Penalty—Unguarded throw for opponent.

(d) Touching opponent or snatching ball from opponent. Penalty—Free throw for opponent.

(e) Running with ball (taking more than two steps). Penalty—Free throw for opponent.

(f) When baseman steps over the base-line or the end-line in the act of catching, the ball if caught shall not count, and the proper penalty awarded to the opponent.

(g) When a foul is committed by the opponents of the side making a goal, the goal shall count, and the proper penalty awarded.

11. *Unguarded Throw*—The ball shall be thrown by the opponent nearest to the player committing the foul. The player making the throw shall be unguarded.

12. *Free Throw*—The ball is given to the jumping center, who shall throw the ball from the center-line to a baseman of the same team. The player making the throw shall be unguarded and two guards shall guard the three basemen.

13. The ball continues in play after an unguarded throw or a free throw whether a goal is made or not.

CAPTAIN BALL.

1. The game of Captain Ball is played by two teams of ten players each.

2. *Ball*—The ball to be used in all games shall be No. "O" Soccer.

3. *Field*—The field shall be 40 feet wide and 75 feet long. A Neutral Zone 3 feet wide shall extend across the field between the two end courts, each of which shall measure 40 feet in width and 36 feet in depth. Two corner bases shall be located at each of the two sides of each end court. The center of the forward corner base shall be 4 feet from the boundary line of the Neutral Zone and 4 feet from the side line. The center of the back corner base shall be 4 feet from the side line and 9 feet 6 inches from the end line. The center of the Captain base shall be equi-distant from both side lines and 4 feet from the end line. Bases shall consist of circles two feet in diameter.

4. *Players*—Each team shall be composed of 5 basemen (4 corner basemen and 1 captain baseman), and 5 guards. The corner basemen shall be in their respective bases and the captain baseman shall be in the captain base in their own end court. The guards shall stand near the bases of their opponents in the opponent's end court.

5. *Officials*—The game shall be in charge of a Referee who shall call score all fouls, put the ball in play at the beginning of each half, and make final decisions on all disputed points. There shall also be a Timekeeper and a Scorer.

6. *Object of Game*—For basemen to throw ball from one to the other, especially to the captain baseman. For guards to intercept throws made by opponents and deliver ball to own baseman.

7. *Playing Rules* :—

(a) *Time*—The game shall consist of two five-minute halves, with a two-minute rest between halves. Teams shall change courts at the beginning of the second half.

(b) *Start*—At the beginning of each half, play shall be started by the Referee, who shall toss the ball up between two opposing guards in the center of the Neutral Zone. The two guards shall stand facing their own guards while the ball is being tossed up between them. When the ball has reached its highest point, whistle shall be sounded by the Referee—at which signal the players shall jump to tap the ball with the open hand. The ball must be tapped by one or both of the jumping players, who shall return to their own end court immediately and shall not play the ball again until it hits the ground or is played by another player. If the ball goes out of bounds before another player has touched it, it shall be tossed up again between the same two in the center of the Neutral Zone.

(c) *Radius of Movement* :—

(1) Guards may move about freely in their own end court, but may not step in the bases.

(2) Guards may not enter Neutral Zone except for the toss-up as explained under "Start."

(3) Basemen may not leave bases except for throw-in.

(4) A baseman shall not be considered as leaving base when baseman jumps off the ground and lands with at least one foot in the base, or when baseman steps in any direction provided one foot is kept in the base.

(d) *Out of Bounds*—The ball is out of bounds:

(1) When it touches the ground, the whole of the ball being outside the field of play.

(2) When it is in the possession of a player who touches the ground outside the field with both feet or with any part of the body. But if the player has only one foot outside the field, the ball is not out of bounds.

(e) *Throw-in* :—

(1) When the ball goes out of bounds it shall be thrown in from the point where it went out by an opponent of the player who last touched it.

(2) Guards must stand at least 3 feet from the baseman who is making the throw-in.

(3) Basemen may leave base to throw ball in, but must return to the base before being able to play the ball again regardless of whether it has been played by another player.

(4) No player who makes the throw-in shall play the ball a second time until it has been played by another player.

(f) *Held Ball*—When ball is caught simultaneously by a baseman and a guard, the catch shall not count and the ball shall be given to the baseman to put it in play.

(g) *Score* :—

(1) A catch by a corner baseman shall count one point.

(2) A catch by the captain baseman shall count two points.

(3) A catch is a ball legally caught by a baseman, the ball having been legally delivered by another baseman of the same side without having touched the ground or obstacle. Ball caught direct from throw-in shall not count as a catch. It shall also count as a catch if the ball, in its flight between two basemen of the same side, is touched by their opponents and is subsequently caught by the baseman to whom the throw was made.

(4) A catch made simultaneously with the sounding of the whistle at the expiration of playing time shall count.

(5) If at the instant of the sounding of the whistle at the expiration of playing time the ball is in flight, it shall continue in play until it is caught or missed. If a catch is made it shall count.

(h) *Tie*—If at the end of the second half the score is a tie, the ball shall be tossed up as at the start without changing sides, and the game shall continue until one side scores a catch.

(i) *Fouls and Penalties* :—

(1) The following shall constitute fouls and penalties of the game:

(a) Guard stepping in base or touching baseman while in the act of guarding.

Penalty—Free throw for baseman against whom the foul is committed. If the foul is committed against the captain baseman, the free throw shall be made by the baseman who threw the ball to the captain baseman, or by the baseman to whom the captain baseman attempted to throw.

Free Throw—In the free throw, the ball shall be thrown by a corner baseman to the captain baseman. If a catch is made it shall count 2 points. The corner baseman shall be unguarded while making the free throw.

(b) Baseman stepping out of the base except for the throw-in.

Penalty—The ball is given to a guard of the opposing side.

(c) Entering Neutral Zone.

Penalty—The ball is given to a guard of the opposing side.

(d) Playing the ball a second time after the throw-in.

Penalty—The ball is given to a guard of the opposing side.

(e) Bouncing, dribbling, or taking more than one step by a guard while in possession of the ball.

Penalty—The ball is given to a guard of the opposing side.

(f) Touching opponent, or touching ball while in opponent's hands.

Penalty—Free throw by opponent.

(g) *Delaying the game* :—

(1) Willful delaying of the game by passing ball among players of the same side without attempt to throw to baseman, or without attempt to maneuver for a throw.

Penalty—Free throw by opponent.

(2) Willful fouling by a guard in a free throw with the purpose of delaying the game.

Penalty—If in the judgement of the Referee, a catch would have been made without such foul, the free throw shall count as a catch whether made or missed, and another free throw shall be awarded.

(3) Any other tactics used, which in the judgment of the Referee is for the purpose of delaying the game.

Penalty—Free throw by opponent.

(4) When a foul is called while the ball is in flight from one baseman to another of the same side, or is called simultaneously with the catch, the catch shall not count if said foul is called against the side making the catch. If the foul is called against the opposite side, the catch shall count and the proper penalty awarded in either case. If the award of the penalty is of disadvantage to the side offended against, said penalty shall not be awarded.

(5) In case of a double foul (fouls called simultaneously against both sides), each side shall be awarded a free throw. The ball shall be out of play after each free throw, and the ball shall be put in play as at the start.

GIRLS' VOLLEY BALL.

1. This game shall consist of 16 players (8 on a team) keeping a volley ball in motion back and forth across a net with open hand or hands.

2. *Time*, two halves of 8 minutes each, with a change of court between the halves. The team opposite to that which served at the beginning of the first half shall serve at the beginning of the second half.

3. *Court*—A court or floor space shall be 30 feet wide, by 50 feet long, divided into square courts 30 by 25 feet by the net.

4. *Players*—A team shall consist of eight players.

5. *Net*—The net shall be at least two feet wide and twenty-seven feet long, and shall be suspended on uprights placed at least one foot outside of the lines. The top line of the net at the center must be 7 feet 6 inches from the floor or ground.

6. *Server and Service*—The server shall stand with both feet back of the service line; one foot may touch the line. She may not touch ground inside of the court until the ball has been served. The ball must be batted with only the open hand, and must go over the net—the ball may be assisted over the net by one player other than the server, the player so assisting touching the ball only once with one or both hands.

The following shall constitute faults of service, and shall count as one fault each:

- (a) Ball striking the net.
- (b) Ball falling in own court.
- (c) Ball going under the net.
- (d) Ball falling outside of court without having crossed over the net.

If, in the first service, the ball goes over the net and strikes outside the opponents' court, the side serving loses possession of the ball. The player serving continues to do so until retired. Each player shall serve in turn. A server shall lose her service if she serves two consecutive faults.

7. *Scoring*—Each good service unreturned, or ball in play unreturned, or ball knocked out of bounds by the side receiving, counts one point for the side serving. A side scores only when serving, since a failure to return the ball on her part, or knocking the ball out of bounds, results in the server being retired. The game is won by the team making the greatest number of points in the playing time. In case of a tie, the game shall continue until one side scores a point.

8. *Line Ball*—is a ball striking the boundary line, and is equivalent to one in the court.

9. *Net Ball*—is a ball striking the net and then falling over the net in the direction of its original flight. In the service, it shall count as a fault, but in the volley, it is not a fault.

10. *Play and Players*—Should any player during the game touch the net or reach over the net to strike the ball, it puts the ball out of play and counts against the side; if said player is on the serving side the ball goes to the

opponents; if on the receiving side, one point is scored for the server. Should player strike ball on own side of field, and her hand go over the net, such a play shall be legal, provided her hand does not touch net. (Referee) Ball must not be hit until it is over net. Should two opponents touch the net simultaneously, the ball shall be declared out of play and shall be served again by the serving side. Should any player catch or hold the ball for an instant, it is out of play and counts for the opposite side. A player must not touch the ground inside the opponents' court—if she had been on the serving side it shall retire the server; if on the receiving side, one point shall be scored for the side serving. No player may strike the ball more than twice in succession, but may use one or both hands.

11. *Officials*—The officials shall be a referee, two (2) linesmen and a scorer.

LONG BALL.

When played in a gymnasium regular indoor baseball, bat, home base, pitcher's and batter's box and long (or second) base is used. All base running is confined to a run between long base and home base. Complete circuit counts one point or one run. The pitcher and catcher take the regular positions of these players. The other players on fielding side may take any position in the field. Eliminate all foul lines. Every inch of ground in front or back of home base is fair ground. Any ball that hits the bat is a fair ball. The batsman must stand in the box facing the pitcher and must swing bat toward the pitcher or straight up or bunt. The batter must run to long base on third strike or any ball that may hit his bat. He may be put out by: One, a fly catch, when a ball has not touched any object except the bat; two, being tagged with the ball in the hands of a fielder; three, being hit with the ball when thrown by a fielder; four, ball being held by baseman before runner reaches base; five, failure to hit third strike puts the batter out if caught. In running to long base the runner may run in any direction in front of home base, i. e., dodge, zigzag, or slide. Over-running long base runner may be put out, but may come back to long base provided he has not started home.

Any number of base runners may be on base at the same time, except that the side at bat must have a player home ready to bat; otherwise the next one on batting order shall be declared out. After leaving long base in an attempt to run to home the base runner may not return to long base, but must complete the play, and thus is forced back home. On a caught fly base runner may return to long base on a chance of being put out at long base by a double play. One run is scored each time a base runner touches home base after legally touching long base before three men are put out.

SPEED BALL.

1. *The Game*—The game of Speed Ball is played by two teams of ten junior boys. It is a variation of Base Ball and Playground Ball, arranged so that five or seven innings may be played in a short time and a tournament be concluded the morning of field days.

2. *Ball*—The ball shall be 14 in. "Official" or OPB Spalding.

3. *Bat*—The bat shall be 33 inches long and not more than 2 inches in diameter.

4. *Field*—The diamond shall be 40 feet on each side of a square. The pitcher's plate shall be 35 feet from the center of home plate.

5. *Officials*—The game shall be in charge of an Umpire, who shall appoint a Scorer.

6. *Playing Regulations*—Only four batters may face the pitcher in any inning. The inning may end when three men are out; when fourth batter makes a run; when fourth batter makes a forced out; or is put out by ball reaching any base immediately ahead of him. Runs shall score unless fourth batter is put out at first as in regular base ball. A base on balls shall not count as a player at bat. The rules of Playground Ball—Group 1, No. 9, American Sports Publishing Company, govern the game except that a base may be stolen by runner starting with the motion of pitcher's arm. In Speed Ball, too, four balls entitle batter to a base. The pitcher also must deliver the ball with "the arm parallel to the body."

QUOITS.

1. The distance shall be 9 yards (27 feet).
2. The ends shall be clay.
3. An iron or steel pin, not less than one-half an inch or more than one inch in diameter, shall be placed in center of ends, with top of pin four (4) inches above the clay.
4. The quoits used shall be the regulation two (2) pound quoits.
5. Match games shall consist of the best two out of three games—a game shall consist of twenty-one (21) points. The right to pitch first can be decided by toss of coin and by referee.
6. A player must stand twenty-seven (27) feet away from opposite pin, at right angles with plts when delivering the quoits.
7. A player shall not be allowed to examine the position of his quoits until his opponent has played. He must stand three (3) feet or more behind the end played from until his opponent has delivered his quoits.
8. All measurements to be from center of pin. Clay or other matter to be removed, if necessary, to measure nearest part of quoit. All measurements should be made with compass and by referee only.
9. All quoits played outside of box shall be foul.
10. If one or more quoits are lapped, the quoit easiest measured shall be measured and drawn in order to measure the other or others.
11. Should a quoit be broken during a match the measure must be taken from the nearest position of the quoit to the pin, and the player shall be privileged to use another quoit or set to finish his game.
12. The use of improper language, or any act perpetrated to disconcert or interrupt the player while in the act of throwing his quoit, is prohibited. The player is to have the privilege of throwing his quoit over again in the event of such having taken place.
13. Point in contest shall count as follows: A Ringer shall count 3 points; a Leaner, if against the support, shall count 2 points; a Double Leaner or Double Ringer shall count double; all other quoits inside of box count 1 point.

TUG OF WAR WITHOUT CLEATS—95-LB. CLASS.

The teams shall consist of equal number of competitors. No more than six nor less than four. The rope shall be 30 feet long, and 1 inch in diameter, and shall be free from knots or holdings for the hands. A center tape shall be affixed to the center of the rope, and 3 feet on each side of center tape a side tape shall be affixed to the rope. A center line shall be marked on the ground, and 3 feet on each side of center line a side line parallel thereto.

At the start the rope shall be taut and the center tape shall be over the center line, and the competitors outside of the side line. During no part of the pull shall the rope be tied or crossed by the anchor man nor shall he wilfully place either hand on the ground.

The pull shall be started by word of mouth. The results of pull will be announced by blowing of a whistle.

No part of the competitor other than the feet shall touch the ground. A pull shall be won when one team has pulled opposing team over so that the center tape shall be over the side line. If neither teams succeeds in pulling the opponents over the side line, the event shall be won when one team has secured the advantage of six (6) inches at the expiration of the minute.

There shall be three pulls, best two out of three to win. No holes shall be made by competitors. No gloves nor adhesive tape on the hands or on the rope.

The officials shall be one (1) Judge, and two (2) Inspectors.

Judge shall start the event and decide the winner. Inspectors shall see that teams keep within the rules.

The Real Meaning of a Trade Mark

Some trade marks are merely symbols of a commercial enterprise and have no intrinsic value.

Other trade marks have a deeper significance. They are the visible sign of Quality and their pre-eminence represents the accumulation of years of good will based upon honest workmanship and fair dealing.

The Spalding trade mark has earned its reputation in the latter class.

The Choice of Champions

THE manufacture of shoes for every sport is one of the largest departments of the Spalding business. Spalding's outfit the leading teams and champions and the suggestions and ideas gathered from this contact, together with those of their European factories, give Spalding's a pre-eminence which only long years of experience can command.

Quality always—if it's Spalding's, it's right.

A Word to Buyers and Users of Athletic Goods

You don't "pay for the name" when you buy something "Spalding," as those who are after larger profits sometimes allege.

You pay for—and get—*satisfaction*. The name, as evidenced in the Spalding Trade Mark, is a guarantee that you get what you pay for.
