Community Canning Centers

Attention is called to the fact that anyone who gives a day or day's service to the Canning Center at Ardmore may bring their own vegetables or fruit to the center and have them canned free. This center is run for the benefit of the community. As the United States Government has taken over the canning industries of the country it is essential that each and every one should do their share in canning all the food they possibly can in order to help meet the stringency which is predicted will exist the coming winter. Phone, Narberth 395-W if you can give either Friday morning or afternoon to help in this work. Automobiles leave the post office at 9.30 A. M. and 1 P. M. for the Canning Center.

ATTENTION OF STENOGRAPHERS AND TYPEWRITERS

The United States Government needs, and needs badly, great numbers of stenographers and typewriters, both men and women, for service in the departments at Washington, D. C., and the situation in Federal offices outside of Washington is scarcely less urgent. The supply of qualified persons, on the commission's lists for this class of work is not equal to the demand, and the commission urges, as a patriotic duty, that citizens with this special knowledge apply for examination for the Government service. Examinations for the Departmental Service in Washington, D. C., for both men and women are held every Tuesday in 400 of the principal cities.

DR. COMFORT ASSUMES DUTIES

All members of the Red Cross are urgently requested to phone Mrs. James Foote, offering your services and donations for this very worthy affair.

As everyone in Narberth is interested in the Red Cross, each one is expected to help make this a success.

MAIN LINE DRAFT LISTS

Lower Merion Eligibles Numbering 2934 Can Learn Numbers

Lower Merion township's list of eligibles for the draft, with the list of Narberth borough, arrived at the Lower Merion police station, Ardmore. The list contains 2934 names, but is not arranged alphabetically, and Robert M. MacReynolds, assistant clerk, is working on it, so that eligibles who want to learn their numbers can do so quickly.

The list includes the names of men who registered in Villanova, Rosemont, Bryn Mawr, Haverford, Ardmore, Wynnewood, Narberth, Merion, Bala, Cynwyd and Gladwyne.

The Cheltenham list will be posted at some central point in that section.

HOLIDAY HOUSE

At a meeting of the directors of the Holiday House, it was found that their was a great shortage of funds so far this summer.

It costs three dollars (\$3) per week for each guest they entertain. They accommodate twenty-five children for two weeks; when they return, twenty-five more come out for two weeks, and so on.

With the high cost of living and so few contributions this year, the directors are asking the people in Narberth and vicinity for donations of money, fruit and vegetables.

They extend a cordial invitation to all to come and visit the Holiday House, and see the good work being done there, knowing our purse strings would loosen could we see for ourselves the noble work being done there.

COUNTY EXEMPTION BOARDS

Governor Brumbaugh has announced appointments of men to fill vacancies on the exemption board, caused by resignations. The changes for this county are as follows, the first name being the original appointment and the second name that of his successor.

Montgomery, No. 1, Horace W. Smedley; John S. Clarke, Ardmore. Montgomery, No. 4, George Knox McCain; B. Witman Dambly, Skip-pack.

Montgomery, No. 4, Dr. H. Croskey Allen; Dr. Herbert T. Moyer, Lansdale.

Miss M. Suter, of New York, is visiting Mrs. A. and Miss G. Haight, of Windsor avenue.

R. G. DUN & COMPANY OPENS WITH VICTORY— NEW HOME CLUB A SURE PENNANT CONTENDER

The New Pennant Aspirants, R. G. Dun & Company, with Manager Fred Cloughley at the helm, made quite an auspicious debut in the Borough of Narberth, as a home club of the Main Line League, copping a victory in rather easy fashion over the Berwyn Buccaneers, final score of 9 to 1. It was a clear case of "too much Grevelle," for the best the visitors could do was secure four safe hits off his elusive shoofs.

The fans that journeyed to the Borough Athletic Field were all well rewarded with speedy baseball, and had the opportunity of looking over some of the home talent as well as the flashy Dun & Company contingent, all banded together now go to make a club that will be a contender for the gonfalon in the second round of the Main Line League chase.

Vernon Fleck, while not getting a clean hit, drove the ball hard and solid and only fast fielding cut down his drives. Vernon, our pride of past seasons, centered in the left garden as of yore, and will be a boon to the Dun contingent, both afield and with his big stick. Another home chap who showed to advantage was Owen Humphries, who simply sauntered through the game with several safe drives, and handled himself in faultless style at the keystone sack. With "Ig" Kirsch holding down the hot corner at third. The versatile Collins and Humphries, along with Bennie Gilbert, who was a regular McInnis at the initial bag, it is going to make tough sledding for Barnitz to wedge back on the infield. Taking the team as a whole, when Giroux, the Ithan phenom of the wind pad and big mitt, comes to the team this week and the services of one more twirler is secured, which Cloughley is hustling after hard, the fans of fandome Narberth can rest assured that there is a battling aggregation working in the borough.

It is to be regretted that Jack Fahey, the midget maskman of the past seasons, is not in the lineup, but then wait and look over Giroux. Many will recall his good work on the Ithan team, and he can handle the breaks of most any twirler, and at the same time inspire pep in the team as a whole.

This Saturday the Dun & Company Boroughites make a journey to the town of Wayne to give battle to the Suburbanites. This is quite an attraction, and many of the fans can be well rewarded for the afternoon holiday by making the trip to the Wayne field and root for the local team.

"THE SCRIBE."

TRIPLE ENTENTE FOR MAIN LINE LEAD—AUTOCAR, DUN & CO. AND WAYNE HOLD CLEAN RECORDS

The second game, in the Main Line League second round, produced a triple entente with Autocar Club, Dun & Company, and Wayne all tie away for the lead with two clean victories to date. It is safe to assume that this will be broken this coming Saturday. Autocar Club has a hard game over in the town of Norristown, and Dun & Company and Wayne battle between themselves at Wayne. It is up to the fans to pick the leader when the sun sets on the seances of the diamond this Saturday.

While Berwyn, Bon-Air and Norristown all dropped their games again last week, placing another triple entente for the cellar position, it is not likely that these clubs are going to continue in this position, as they all have good teams and should travel in with the rest of the clubs so far as percentage basis is concerned, within a few weeks.

Autocar Company gave the Bon-Air barons a trimming to the tune of 7 to 1. Barker's Club is still stepping lively, and are going to see to it that they keep in condition to make a good season all the way through. It may be that they will not win the second round, but even then woe to the team that does win it and plays them in the championship series at the close of the season. Bon-Air seems to be unable to cop a victory from the rival Ardmore club, but can be depended on to garner many victories before the close of the season.

The Wayne Suburbanites took the Lee Tire & Rubber Club into camp via the shut-out route, 3 to 0, much to their surprise. Lee Tire was quite jubilant over their victory in the opening game from West Chester, but found Wayne not quite so soft. One bad break in the managerial department of Lee Tire was when they allowed Moyer, the nifty left-hander, to sit on the bench, while Kindergan got his bumps for three innings for just as many runs. They then rushed Lefty Moyer to the mound and the rest, and he promptly put a silencer on their war clubs. Possibly the story would have been different had Lefty started the festivities.

Dun & Company held their own with the leaders by copping an easy victory over Berwyn Buccaneers, who could only collect four bingles off Grevelle. This was the opening game of Dun & Company as a home club in the borough of Narberth. The club should have a good following with this class of ball.

The hardest-fought game was in West Chester, where the Independent Club, of that burg, made a debut as a Main Line League club to their home fans. After dropping the opening game the week before, the Independents came back strong and played the Norristown A. C. a good game, finally winning out, 5 to 4. This puts West Chester in the running, and with Eddie Meehan, formerly of Brill's Delaware County League, they will make a fast combination.

This week's battles all promise hard ones, and the change in standing is hard to predict.

RED CROSS

Since the Red Cross work rooms opened in the Y. M. C. A., the interest is increasing with each week. The work is not only fascinating, but the ladies seem to enjoy the social chats with each other as they make their fingers fly doing the various bandages, packs, etc.

Stop in the work room any day at any hour and see what the ladies are doing! You will at once procure a uniform and want to get right at work yourself.

All members are requested to wear uniforms in the work room.

They may be obtained from Mrs. F. W. Stites.

Those who have them will kindly wear them at the Garden Fete on Saturday.

Mrs. A. P. Redifer, 119 Essex avenue, will supply anyone with wool to make scarfs, sweaters, socks or wrist-lets for the Red Cross.

Our Town thanks the Women's Community Club for the cash donation which they have generously sent us, in appreciation for the good words spoken for Alice in Wonderland.

Our Town is in receipt of an interesting communication entitled "Our Resurfaced Streets," which we would very much like to publish, but as the author failed to sign his name to the article (which name we would have withheld, if requested) we have been compelled to carry the communication over, hoping that the author may, even now, advise us.

Do you, for one moment, expect, some day, to see a new fine post office building being erected in Narberth? If so, you surely are expecting something that comes principally from personal work and influence. The work of many of our citizens can bring about the result, but you are expecting the other fellow to work for such an improvement, and he is expecting the same of you. So you're both being fooled, with the result that you and he are putting up with crowded and out-of-date quarters, of which Narberth ought to be ashamed.

Some months ago, a little personal work was taken up with the Pennsylvania Railroad, the result of which was an express for Narberth. It was not an easy matter to have accomplished the work. Of course we all appreciate it, but why aren't you willing to help us get a new post office and station?

Would you like to know a few facts, quietly, regarding the post office and station matter? Then drop us a line and, perhaps, you'll be surprised to know what a big thing can be accomplished by a little work on your part.

Council of the Borough of Narberth will receive, and publicly open, on July 23, 1917, 8 P. M., bids for the completion of the sidewalk, curbs and gutters on all properties abutting on Dudley avenue from Windsor

avenue north to the Haggy Estate line, in compliance of Ordinance. Address communications to H. D. Narrigan, Chairman Highway Committee.

C. E. Humphreys,
President of Council.

C. V. Noel,
Secretary of Council.

RESIDENT FOREIGNERS

BUY BONDS

It was not the American citizens alone who subscribed to Liberty Bonds. A great number of citizens of other nations living here, who have never taken out naturalization papers, subscribed liberally to the bonds. The International Nickel Company at its Bayonne plant has nearly two thousand foreigners in its employ and those foreigners purchased more than one hundred and fifty thousand dollars of Liberty Bonds.

It has been noted, too, that American cities with large populations of foreign birth were notably liberal in their subscriptions to the Liberty Loan.

Now that our soldiers are actually in France, and our people familiar as never before with the details of Government bond issues, the next of Liberty Loan Bonds will receive undoubtedly an even more enthusiastic support than its predecessor.

COUNCIL OF NATIONAL DEFENSE

Washington, May 26, 1917.

I am very anxious to bring to the attention of State Councils of Defense a matter in which they can be of great service to the War Department. In the training camps already established or soon to be established, large bodies of men, selected primarily from the youth of the country, will be gathered together for a period of intensive discipline and training. The greater proportion of this force probably will be made up of young men who have not yet become accustomed to contact with either the saloon or the prostitute, and who will be at that plastic and generous period of life when their service to their country should be surrounded by safeguards against temptation to which they are not accustomed.

Our responsibility in this matter is not open to question. We cannot allow these young men, most of whom will have been drafted to service, to be surrounded by a vicious and demoralizing environment, nor can we leave anything undone which will protect them from unhealthy influences and crude forms of temptation. Not only have we an inescapable responsibility in this matter to the families and communities from which these young men are selected, but, from the standpoint of our duty and our determination to create an efficient army, we are bound, as a military necessity, to do everything in our power to promote the health and conserve the vitality of the men in the training camps.

I am determined that our new training camps, as well as the surrounding zones within an effective radius, shall not be places of temptation and peril. The amendments to the Army Bill recently passed give the War Department more authority in this matter than it previously possessed. On the other hand, we are not going to be able to obtain the conditions necessary to the health and vitality of our soldiers, without the full co-operation of the local authorities in the cities and towns near which our camps are located, or through which our soldiers will be passing in transit to other points.

Will you give earnest consideration to this matter in your particular State? I am confident that much can be done to arouse the cities and towns to an appreciation of their responsibility for clean conditions; and I would suggest that, through such channels as may present themselves to you, you impress upon these communities their patriotic opportunity in this matter. I would further suggest that, as an integral part of the war machinery, your Council make itself responsible for seeing that the laws of your State and of Congress in respect to these matters are strictly enforced. This relates not only to the camps established under Federal authority, both the present officers' training camps, and the divisional training camps soon to be opened, but to the more or less temporary mobilization points of the National Guard units. It relates, too, as I have indicated, to the large centers through which soldiers will constant-

ly be passing in transit to other points.

As I say, the War Department intends to do its full part in these matters, but we expect the co-operation and support of the local communities. If the desired end cannot otherwise be achieved, I propose to move the camps from those neighborhoods in which clean conditions cannot be secured.

In this connection, let me call your attention to the Commission on Training Camp Activities which I have organized to advise with me on questions relating to the moral hazards in our training centers, as well as to the promotion of rational recreation facilities within and without the camps. The members of this Commission are as follows:

Raymond B. Fosdick, chairman; Lee F. Hammer, Thomas J. Howells, Joseph Lee, Malcolm L. McBride, John R. Mott, Charles P. Neill, Major Palmer E. Pierce, U. S. A.

It is possible that the chairman of this Commission or some of its members will consult with you in regard to the activities which they have in hand. I bespeak for them your utmost support and co-operation.

Very truly yours,

(Signed) **NEWTON D. BAKER,**
Secretary of War and Chairman of the Council of National Defense.

To the Editor of Our Town:

A few days ago it was my privilege to meet a trained nurse who has just returned from the American Ambulance Hospital in France, and I heard many interesting as well as many terrible details of the work there.

The one thing that impressed me most was her graphic description of the result of the awful cold and rain during the winter months. She said she dreaded to see our men go over there, for last winter so many of the soldiers were brought in from the trenches with frozen feet, and in the majority of cases, they were so badly frozen that they had to be amputated.

Through the columns of Our Town I would like to bring this fact before the women of Narberth and to urge those who can knit to make as many pairs of woolen socks as possible.

The Narberth Branch of the Red Cross has purchased a large supply of the regulation army wool and this is in charge of Mrs. A. P. Redifer. Anyone interested can phone her or send to her home for material. Those wishing to pay for the wool may do so, but it will be furnished free of charge to anyone who will knit. And of course this work can be done at home.

MEN WHO REGISTERED

Important Things for You to Learn and Do

Did you register on June 5? If you did, it is incumbent on you to take the following steps for yourself in connection with the selective draft:

Find out the number of the exemption district in which you live.

Find out where the headquarters of the Exemption Board for that district are located.

Find out whether you have been given a new number by the local board, and if so, what the number is.

Find out, as soon as the "drawing" takes place in Washington, whether your number was drawn.

Find out where you present yourself if your number was drawn, irrespective of whether you receive notice by mail or not.

Present yourself on the date specified to the local board, no matter whether you think you are physically fit or not.

If you are going to claim exemption, make your preparations early, because your claim must be filed with the local board within seven days after you are called.

And remember: IT IS UP TO YOU! You are not exempt, no matter who

or what you are, until you have been examined.

You cannot be exempted or discharged until you have demanded exemption or discharge.

You are not exempt automatically because you are married, or because of your occupation.

You may find yourself suddenly ordered to a training camp or branded as a deserter unless you see to it that you comply with all these legal requirements.

LANCASTER PIKE IS FREE

State Assumed Possession of Old Toll Road on Monday

The Lancaster pike, from Overbrook to Paoli, was freed from tolls on Monday one day late. Joseph W. Hunter, Deputy Commissioner of State Highways, and John S. G. Dunne, superintendent of the turnpike company, traveled along the famous old roadway shortly after noon in an automobile and closed all the toll houses — nine of them.

The tollgate keepers packed up and quit, and as soon as possible the old houses, some of which are used as dwellings by the keepers, and the little sentry boxes guarding the side roads, will be removed.

It was a distinct surprise to the motorists, as previous reports had indicated that the closing would be delayed for some days, and for hours automobilists were slowing up at the deserted posts of the tollgate keepers to pay their way, only to brighten up and speed away joyously when the news broke upon them.

State Pays for Turnpike

Harrisburg, July 16.—The State today paid \$165,000 for the freeing of the Lancaster pike from Philadelphia city line to Paoli. It will bring down several tollgates.

11.00 A. M.—Morning worship. The pastor will give the third sermon in the series on "Live Questions About the Church of To-day." The regular object sermon for children will also be part of this service.

Union Prayer Meetings

Wednesday evening, July 18, at 8 o'clock, in the Presbyterian Church. Leader furnished by the M. E. church. Wednesday evening, July 25, at 8 o'clock, in the Methodist church. Leader furnished by the Baptist church.

Church Notes

Rev. Atkinson, D. D., of Topeka, Kansas, will preach in this church August 5 and 12. Rev. Stephens, D. D., of Philadelphia, will preach August 19 and 26. Both these speakers are men of unusual powers and their coming is looked forward to with pleasant anticipation.

The regular object sermon to children each Sunday morning is proving to be very interesting and helpful to the adults as well as the children. The old as well as the young

are urged to attend. Those who do are pretty sure to come back again. The sermon Sunday morning will deal with the privileges and obligations of church membership. It will be presented in altogether a different way from the ordinary sermon and will not soon be forgotten by those who hear it. You are invited to be one of them.

THE PRESBYTERIAN CHURCH

Rev. John Van Ness, Minister

Meetings next Sunday will be as follows:

Church Notes

On Sunday of last week Mr. Van Ness baptised William Selfridge Ketcham, infant son of Mr. and Mrs. John S. Ketcham, and James Dillon Jacoby, infant son of Mr. and Mrs. Edward C. Jacoby.

It is a source of gratification to the congregation to know that both Miss Helen M. Wilson and Miss Freda Schuebel will retain their respective positions in our quartette for the coming season. Miss Schuebel will make her residence in Narberth, as will also Mr. T. S. Berry, our efficient organist.

Rev. Charles Grant Hopper, of the West Park Presbyterian Church, Philadelphia, will preach at the Union twilight meeting on July 29.

FOR YOU AND ME

The local Board of Health has received a communication from the State Health Department, which points out the need of an energetic clean up in all localities, in order to assist in the controlling of any possible epidemic of infantile paralysis that may occur this summer. There were 2000 cases in Pennsylvania between July 1, 1916, and the end of the year, with 500 deaths. The fatalities might have been much greater had not the citizens adopted the measures suggested by the State authorities and it is urged that no effort be spared to repeat, or rather redouble, those measures this season.

Space does not allow us to print the full text of the Harrisburg communication, but the following extracts should be carefully noted by every resident of the borough and followed to the letter. The Board of Health is instructed to enforce these rules:

Stables—in Towns and Villages

Manure must not be allowed to accumulate in open piles. The daily contents should be placed in pits or bins tightly covered or thoroughly fly screened.

It must be removed once a week from the first day of May until the last day of November.

Stables must be cleaned daily.

Garbage

Garbage when kept must be placed in covered containers. The containers must be scrubbed clean with the liberal use of soap and water before refilling.

It must be collected at least three times a week from May 1 until November 1; the balance of the year it must

be removed often enough to permit the container being kept closed.

Rubbish and Ashes

Rubbish, and ashes mixed with rubbish, must be collected regularly and disposed of in such a way as not to cause a nuisance.

House Cleaning

All vermin, such as lice, bedbugs, roaches, flies, mosquitoes, rats and mice should be exterminated.

Kennels, boxes and cages used by household pets should be frequently cleansed and disinfected, including floors, carpets, etc., used by them.

Cellars should be kept clean at all times; this includes the floors, walls and ceilings. Cellars should be kept dry. Cellars should have the windows as well as all other openings for ventilation, etc., fly-screened.

All houses should be thoroughly screened by the end of April and the screens kept in good condition until cold weather, or when insect life has ceased its activities.

General

Surface drainage of kitchen, laundry and bath waste water should not be permitted unless it is sprinkled over a large surface, where it will not reach a stream, and never to such an extent as to sour the ground.

Where no sewer system is available, separate cess pools had better be built to receive this waste water.

Streams must not be used for the dumping of sewage, garbage, ashes or rubbish of any kind.

Pools of stagnant water or any mosquito breeding places should be drained.

Water barrels, cisterns, etc., should be covered or screened.

All highways should be treated so as to keep down dust.

Street gutters should be frequently flushed out and kept free from accumulations of rubbish.

Ground where manure or garbage has stood or where made foul by surface drainage should be cleaned and treated with unslaked lime.

Foodstuffs exposed for sale must be protected from flies, dirt and domestic animals, and where exposed for sale on sidewalks they must be elevated above the pavement at least 24 inches.

It would be well during the coming summer that children under sixteen years of age should not be allowed to congregate unnecessarily in public places.

Commissioner of Health.

In every Bell Central Office there is an operator who is in charge of a special record on which is posted immediately every telephone number change or service discontinuance.

It is to this "Special Operator" that you are referred when your own operator is unable to complete connections with the number she understands is being called for. She is there to help—to facilitate and to speed the service. And when her assistance is proffered, you are urged to repeat slowly the number called, with assurance that the quickest route to the desired connection is being followed.
