TEXTILE AND APPAREL CATEGORIES WITH THE TARIFF SCHEDULES OF THE UNITED STATES ANNOTATED

Correlation Tables

JANUARY 28, 1975.

There is published below a Correlation of the Tariff Schedules of the United States Annotated numbers arranged by the cotton, wool, and man-made fiber categories used by the United States in administering the textile trade agreements program. A full description of the textile and apparel products falling within each of the cotton, wool, and man-made fiber categories may be obtained by using the Tariff Schedules of the United States Annotated which also

provides category placement for the item numbers covered by the program. The list of Tariff Schedules of the United States Annotated numbers published in the FEDERAL REGISTER on January 25, 1974 (39 FR 3430), as amended, is hereby superseded effective January 31, 1975.

ALAN POLANSKY,
Acting Chairman, Committee for the Implementation of Textile Agreements, and Acting Deputy Assistant Secretary for Resources and Trade Assistance, U.S. Department of Commerce.

FOREWORD

This publication presents the *Tariff Schedules of the United States Annotated* numbers as revised through January 1,

1975, under each of the Cotton, Wool and Man-Made Fiber categories (or groupings) used by the United States in monitoring import shipments of these textile products and to administer the United States textile trade agreements programs. In order to facilitate the use of this publication, the descriptions of the *Tariff Schedules of the United States Annotated* numbers have been simplified. The simplified descriptions, however, are not intended to modify, change, or contradict in any way the substance or meaning of the descriptions presented in the *Tariff Schedules of the United States Annotated*. In any case where the descriptions in this publication conflict with those in the *Tariff Schedules of the United States Annotated*, the descriptions in the latter document shall prevail.

EXPLANATORY NOTES

A- FIBER: COVERAGE

- 1.- Cotton: includes all yarns, fabrics, apparel and articles wholly or in chief value cotton.
- 2.- Wool: includes all yarns, fabrics, apparel and articles wholly or in chief value wool or hair and textile manufactures containing wool as defined below.

The term "Hair" is limited to the hair of the Camel and to hair of the Alpaca, Cashmere goat, Angora goat and the hair of other animals including the Llama, the Vicuna and the Angora rabbit.

The term "Containing wool" refers to articles, not in chief value cotton, wool or man-made fiber, in which the wool component equals or exceeds by weight the man-made fiber component, provided that such articles contain 5 percent or more but not over 17 percent of wool by weight; or articles containing over 17 percent of wool by weight, regardless of the weight of all other textile components.

- 3.- Man-made fibers: includes all yarns, fabrics, apparel and articles wholly or in chief value of the filaments, strips and fibers covered in sub-part E-2A of the Tariff Schedules of the United States Annotated (TSUSA).

Subject to the limitations set forth in TSUSA, the respective provisions in this publication for filaments, strips and fibers cover such articles whether they are formed by extrusion or by other processes, of substances derived by man from cellulosic or non-cellulosic materials by chemical processes.

The provisions of this publication include grouped glass filaments and glass fibers suitable for the manufacture of textile manufactures only if they have been made into yarns or cordage or if they are present in fabrics or other articles in the form of yarns or cordage.

The term "Containing man-made fibers" refers to articles not in chief value cotton, wool or man-made fibers and not described under the term "Containing wool" in which the man-made fiber component is 5 percent or more by weight.

B- YARNS:

The fourth and fifth digits of TSUSA classifications for cotton yarns represent yarn number or yarn number groupings. To simplify and shorten the listing of many such items, we have here omitted these two digits and have shown only the first three plus the sixth and seventh digits. Any TSUSA with these digits, regardless of the fourth and fifth digits, appears in the category indicated.

The terms used in defining the various types of man-made fiber yarns are defined fully in the TSUSA.

C- FABRICS:

The fourth and fifth digits of TSUSA classes for cotton fabrics represent the average yarn number of such fabrics and are not pertinent to the assignment of these classes to categories. As in the case of the cotton yarns, we have omitted these segments of the numbers in this publication.

The term "Fancy or Figured" means fabrics which have been woven with two or more colors or kinds of filling; with eight or more harnesses; with jacquard, lappet or swivel attachments, or by any combination of these weaving methods.

D- APPAREL AND ARTICLES:

Definitive headnotes covering such items as "Entireties", "Ornamented", etc. are to be found in the TSUSA. For the purpose of this publication, such descriptions are abbreviated in order to help identify the classes for category assignment. Users should refer to the TSUSA for full descriptions.

NOTICE TO FEDERAL REGISTER READERS

As part of its continuing program to improve the quality of the daily FEDERAL REGISTER and CODE OF FEDERAL REGULATIONS, the Office of the Federal Register is soliciting the views of interested persons on the effectiveness of individual Federal Register documents and on regulations contained in the CODE OF FEDERAL REGULATIONS.

Our goal is twofold:

First—to make each document published in the FEDERAL REGISTER easily understandable, thus making compliance easier, more efficient, and less costly; and

Second—to identify and correct any existing Federal regulations which are obsolete, unnecessarily wordy, or unclearly stated.

We believe this effort is consistent with the objectives stated by President Ford in his October 8th speech on the economy in which he announced "a joint effort by the Congress, the executive branch and the private sector to identify and eliminate existing Federal rules and regulations that increase costs to the consumer without any good reason in today's economic climate."

The Office of the Federal Register welcomes your comments and suggestions. The survey blank below is provided for that purpose. All comments received will be maintained in a public docket and will be available for inspection in the Office of the Federal Register to any interested persons or agencies. Comments which point out the need for substantive changes in existing regulations also will be forwarded to the responsible agency.

I. For the following reasons I found it difficult to understand the document from _____ in column _____, page _____ of the _____ issue of the _____ (agency) _____ (date) .

FEDERAL REGISTER:

- only technical language was used; document contained long and difficult sentences;
 preamble did not contain a clear and concise explanation of the document's purpose;
 other (explain) _____

II. I believe that the requirement(s) contained in:

A. The document from _____ in column _____, page _____ of the _____ (agency)

_____ issue of the FEDERAL REGISTER, or
(date)

B. Section(s) _____ of Title _____ of the CODE OF FEDERAL REGULATIONS

impose(s) an: unnecessary; unreasonable; impractical; or obsolete requirement on those persons subject to that regulation.

My reasons are: _____

III. (Optional) I suggest that the provision(s) mentioned above be rewritten as follows:
