## PREFATORY NOTE.

---

The present Catalogue of Officers and Graduates of COLUMBIA COLLEGE is the twelfth which has been published. A fac-simile in reduced form of the first edition, issued in 1774, is prefixed to this volume. Subsequent editions were published in 1815, 1826, 1836, 1844, 1865, 1868, 1871, 1876, 1882 and 1888.

Since the last edition was issued the Catalogue has been carefully revised and largely supplemented. The Alumni Directories of the Schools of Arts and Law, the Catalogue published by the Alumni Association of the College of Physicians and Surgeons in 1891, and the lists of graduates issued by the Editors of the "School of Mines Quarterly" have been used as a means of obtaining information; and the matriculation lists of the various Schools have been examined as far back as 1860 for the purpose of obtaining clues as to the probable whereabouts of graduates. Nearly ten thousand return postal cards have been issued, one being sent to every graduate whose address could be ascertained. The particulars as to individual graduates now published have been obtained from these sources, and from information furnished by officers and alumni, and by officers of other colleges, as well; to all of whom the Committee beg to express their thanks.

A Locality Index, now published for the first time, containing the names of graduates grouped by states and cities, will serve to acquaint graduates with the names of fellow alumni residing in their immediate neighborhood, and it is hoped that it may lead to the formation of local alumni associations.

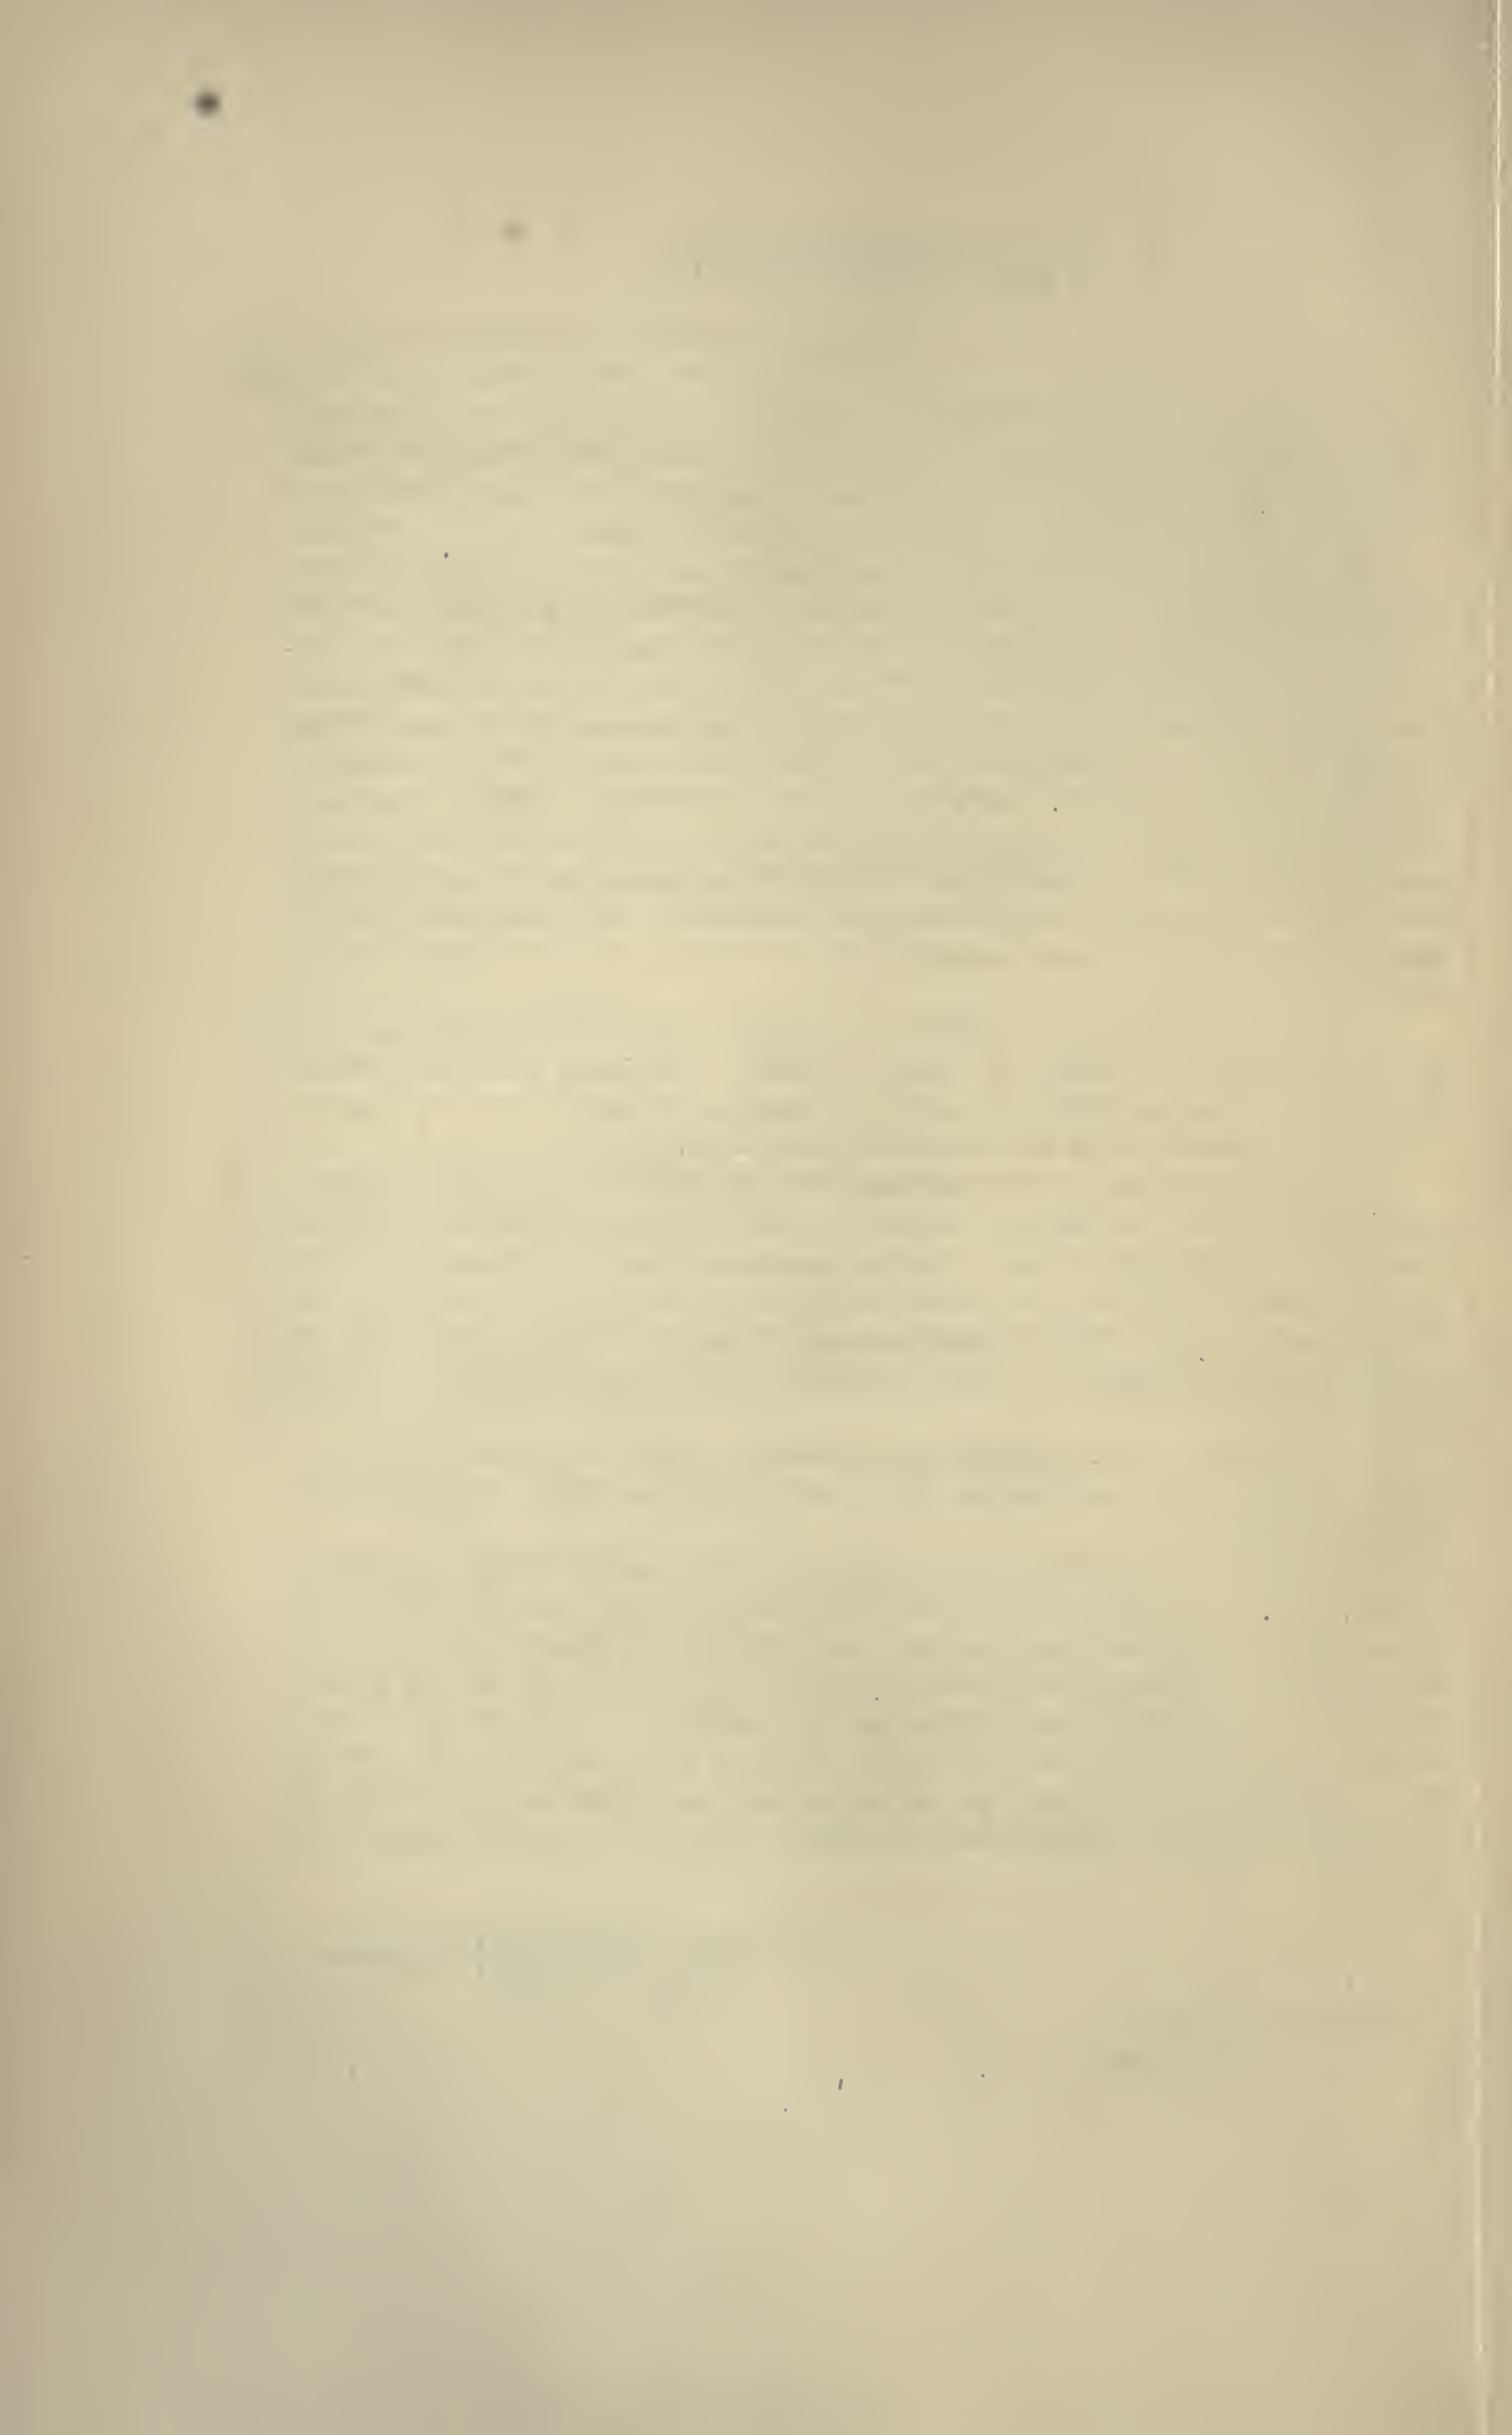

In previous editions of the Catalogue the professors and other instructors have been arranged under the separate Schools in which they gave instruction; but since the recent reorganization of the College this has been found to be impracticable and likely to lead to confusion. In this edition, therefore, the several departments have been arranged in the order of establishment, without reference to Schools, and the professors have been placed in their appropriate departments in the order of their appointment.

A brief historical note is appended, indicating in outline the constitutional history of the College; and an enumeration of graduates, living and dead, follows the list of Honorary Degrees.

Notwithstanding the efforts made to supply the deficiencies of former publications, imperfections will doubtless be detected in the present edition, and this note cannot be better concluded than by once more repeating the request made on former occasions, that every graduate will communicate to the "Committee on the General Catalogue" at the College, any information which will serve to improve it in future editions; completing first his own record, should he find it deficient, and notifying the Committee of any change of address, adding any important facts within his knowledge which this Catalogue does not contain in regard to any other graduate or graduates.

J. H. VAN AMRINGE, }  
JOHN B. PINE, } Committee.

COLUMBIA COLLEGE,
