VICTORIA, B. C., THURSDAY, NOVEMBER 24, 1910.

NO. 122.

HUDSON BAY COMPANY PLANS BOND PROPERTY ON GOVERNMENT STREET

Believed That Pioneer Trading Concern Will at Once Erect Department Store

It was reported this morning on excellent authority that agents of the Hudson's Bay Company have taken possession of the Porter property on the northwest corner of Government and Courtney streets, this property consisting of a two-story building and large lot utilized by the P. Burns company as a butcher store and by W. Lindier, the furrier.

The Hudson's Bay Company, as is well known, owns the adjoining vacant lot 50 feet in width and the reconstruction of the Porter block would give sufficient area to enable a fine departmental store to be erected. It is popularly supposed that this is the intention of the company.

The rumor that the Hudson's Bay Company intends to embark upon a new policy in Victoria has been afloat for some weeks, and though no official denial has been made those in a position to have knowledge of the company's intentions have not considered the news a rumor.

It may be mentioned in this connection that the Hudson's Bay Company is gradually closing out the wholesale house which it has conducted in Victoria for so many years, and as it is not assumed that the Victoria store will be abandoned entirely, the belief prevails that very shortly a modern department store will be provided in lieu of the old premises on Wharf street.

These property in question would make an ideal site for the location of a departmental store. Such a structure would have a frontage on two streets and adjoin the post office, the advantage of this latter circumstance being obvious. Should so solid a concern decide to put up a building of this character on this portion of Government street it would be of the greatest importance to the future of that section of the pioneer business thoroughfare of Victoria, which has suffered some slight loss of prestige lately owing to the rise in popularity of business thoroughfares of Douglas, Fort and Yates streets.

LOS ANGELES INQUIRY.

Members of Editorial Staff of Times Testify Before Grand Jury. Los Angeles, Cal., Nov. 24.—Members of the editorial staff of the Los Angeles Times appeared yesterday before the special grand jury investigating the explosion that destroyed the Times building October 1. Those who testified were Harry Andrews, managing editor; City Editor, W. H. Whitney; Telegraph Editor G. H. Whitney; Arthur Dodge, W. E. Tribbett, C. E. Lovelace, E. W. Gale, J. C. Cox and W. L. Wheeler. Lovelace recently left a hospital, where he recuperated from the injuries he received during the Times' explosion.

PRESIDENT CLOWRY RESIGNS.

New York, Nov. 24.—The resignation of Robert C. Clowry as president of the Western Union Telegraph Company was received at the headquarters of the company here yesterday. Theodore N. Vail, president of the American Telegraph and Telephone Company, was appointed to succeed Clowry, the appointment to become effective at once. Vail is the originator of the "night letter scheme."

LABOR UNIONS IN CANADA.

St. Louis, Mo., Nov. 23.—A threatening split between the labor unions of the United States and Canada was smoothed over last evening in the American Federation of Labor by the action of President Gompers and his friends. The discussion, which at times was heated, grew out of the report of the special committee on labor relations with Canada. This committee recommended the maintenance of autonomy of international unions in Canada, and the right to the issuance of local union charters upon the Canadian frontier and labor congress, and gives the Canadian central body the privilege of affiliating with the federation at discretion. Delegate Forester led the opposition to the last clause in the resolutions, which, he said, would give the opponents of union men in Canada an opportunity of saying that Canadian workmen were dictated to from Washington.

President Gompers gave up the chair to reply. He said that already ten Canadian central bodies were affiliated with the federation, and that the defeat of the section referred to would mean their withdrawal. Several of the Canadian delegates made speeches in support of the resolution, which finally was adopted.

RUSH WORK ON ISLAND LINES

C. P. R. AND CANADIAN NORTHERN ACTIVE

Tenders Invited for Clearing Right-of-Way on Cowichan Line

Signs are not wanting that the season of 1911 will be a banner one in the matter of island development, inasmuch as some will be seen the fruition of two important schemes for railway development advanced by the C. P. R. and the Canadian Northern.

In this issue of the Times the C. P. R. is inviting tenders for clearing the right-of-way for the Cowichan lake line, which is to be constructed in accordance with the terms of an agreement between the railway and the American Securities Company of New York, which last year purchased 50,000 acres of timber lands in the vicinity of Cowichan lake.

The road will have Crofton as its tidewater terminus and the distance to the lake, where the best timber areas will be tapped, will be about thirty miles. The town of Crofton when founded gave promise of becoming a prominent point on the west coast of the island and is likely to be the scene of considerable activity this summer. Its future would seem to be assured, as it is here that the hundreds of men employed in the big sawmills which are to be erected by the company are to make their homes.

It is the expectation of many also that an early start will be made by the Canadian Northern in the construction of its line on Vancouver Island in furtherance of its contract with the government. Several survey parties have been in the field for the past month and final data will be in the hands of officials of the company in the course of the next few days. The government organ is authority for the statement that the contract for clearing the right-of-way for this line will be let during the present week.

RAINBOW WELCOMED.

Canadian Cruiser Will Remain at Vancouver for Week. Vancouver, Nov. 24.—H. M. C. S. Rainbow arrived here to-day from Esquimalt, Major Taylor and aldermen, Lieut. Col. Bouthie, commanding the Sixth Regiment, Lieut. Col. Worsnop, Major Brittain, Major Hulme, Major Duff Stewart, Capt. Sclater and Lieut. Ross and Rev. Mr. Clinton visited the cruiser and were received by Commander Stewart and the officers.

To-night a banquet was tendered to the officers at the Dutch Grill. This banquet was the first of a series of entertainments that will make the week's stay of the Rainbow almost a continual round of gaiety for her officers and crew. A large number of the officers and crew will attend the V. A. C. boating tournament this evening and on Friday evening the city, acting with several societies, will tender to officers and crew a big smoking concert in the Dominion hall, which is sure to be a lively and enjoyable affair. The Japanese consul will entertain.

NEW RAILWAYS IN JAPAN.

Tokio, Nov. 24.—The government's policy of permitting the construction of light railways by the people appears likely to revive the spirit of enterprise. Already twenty charters have been applied for, and twelve have been granted, involving 157 miles of line and an expenditure of \$2,500,000.

HOUSE OF REPRESENTATIVES.

Washington, D. C., Nov. 23.—The Democratic representation in the next House of Representatives will be 277 against 142 Republicans and one Socialist. These figures give the Democrats a majority of 67 and a plurality of 61.

HON. R. LEMBURG RETURNING.

Durban, Nov. 24.—Hon. Rodolphe Lemburg, who has been representing Canada at the opening of the first United South African parliament, sailed yesterday from here and will visit Egypt and Italy on his way home.

CONDITIONS IN PORCUPINE.

Heavy Frost Makes It Possible to Take in Provisions.

Montreal, Nov. 24.—Thomas Ogilvie, of the Porcupine mining district, said that all danger of a famine was over, as a result of a heavy frost which has hardened the swamps and made it possible to take in provisions. There were no deaths from starvation, but a number of men are reported to have been lost in the swamps.

WATER WORKS BY-LAW VOTE. MISS VICTORIA—Now, I wonder what this contains!

ELECTRIC CLOCKS PROVING POPULAR

B. C. Electric Company Finding Ready Sale for Modern Timepieces

If further evidence were needed that Victoria is rapidly assuming metropolitan proportions that is given in the evidences of progress to be noted on every hand. It is furnished in the fact that the British Columbia Electric Company is just now very busy executing the orders for electric clocks and stamping machines which are pouring into the manager of the light and power department, S. J. Halls.

To a Times representative this morning Mr. Halls said that the electric time-piece was proving very popular in Victoria and, from the many inquiries he received, he felt that it would not be long ere not only every public office in the city would be thus equipped, but also many private business offices.

"We have just completed the installation of a complete system of electric clocks in the parliament buildings," said Mr. Halls. "Included in this system is the finest timepiece on the Pacific coast. This is a magnificent large white Italian marble dial clock, which has been placed in position in the legislative chamber. Similar clocks are installed in the main office in the Pemberton block and the Pacific club. We expect to place one shortly in the new Times building."

DIES SUDDENLY.

Vancouver, Nov. 23.—Osborne E. Plunkett, the well known barrister, died this afternoon in his apartments at the Hotel Vancouver shortly after 3 o'clock. Death came suddenly, the immediate cause being acute pneumonia. The suddenness of his demise has cast a gloom over the city, where he was so well-known and highly respected.

WORKMAN ELECTROCUTED.

Winnipeg, Nov. 24.—Robert Houston, a resident of Isabel street, was found dead in the power house of the C. P. R. shops. Electrocution was the cause of death.

STEAMER SINKS AFTER COLLISION

TWO CHINESE MEMBERS OF CREW DROWNED

Thirty-five Persons, Including Captain's Wife and Children, Rescued

San Francisco, Cal., Nov. 24.—Looming out of the dense fog, the lights of Point Reyes, her engine laid seaward across the path of coastwise steamers, the tramp steamer Selja, bound for San Francisco from Hongkong, was rammed and sunk by the steamer Beaver Tuesday afternoon. Although the Selja filled with water and was lost to sight within five minutes after the collision, the only fatalities were two Chinese members of the crew.

Captain Olaf Lie, his wife and two children, six officers and 25 members of the crew were rescued by the crew of the Beaver. The Beaver had just cleared this port and was outbound for the Columbia river. In a heavy fog the passenger vessel was approaching under a slow bell, her whistle sounding at intervals of one minute. Suddenly, not more than two ship's lengths away, the Selja appeared off her starboard quickly reversed and from her deck the passengers could see the other vessel come to a stop.

The collision could not be avoided, however, and the Beaver plowed her way into the side of the Selja, just forward of amidships. No confusion prevailed on either vessel. Three bags, with Mrs. Lie and her children in the first one, were lowered over the side of the sinking ship. One was battered against the side and demolished, the occupants being thrown into the water.

Two boats left the Beaver and took the remainder of the crew of the Selja off her deck a few moments before the vessel disappeared beneath the surface.

GENERAL STRIKE.

Perpignan, France, Nov. 24.—A general strike has been declared at Huelva, Spain, in sympathy with the miners and other unions. The city is at a standstill and the civil guard is not strong enough to cope with the strikers. Troops have been dispatched from Seville by special train. Official advisors say there is every indication of an early settlement.

HEAVY CHRISTMAS MAIL IS EXPECTED

Post Office Staff to Be Enlarged to Cope With Probable Biggest Mail on Record

Instructions have been received from Ottawa by Postmaster Noah Shakespeare in regard to the handling of the Christmas mail, which this year is expected to be heavier than at any preceding date. Many extra men are to be engaged in the work and the staff will attempt to have the letters and parcels sorted and delivered as expeditiously as possible.

Four special men are to be hired from December 29 to December 31 to assist the regular carriers in handling the greatly increased volume of work. Although several men have been added to the delivery routes during the past year it has been found that the present force would be totally unable to cope with the Christmas rush.

In the dispatching department five men will be engaged from December 14 to January 7. Between these dates the rush in the forwarding branch will be at its height, and every preparation is being made to have the mails forwarded at once and not allow the letters to accumulate.

During past Christmas rushes the postmen have had to carry all the mail and at times had oppressive loads. The department this year however, has decided to relieve the carriers of a considerable quantity of their burdens and will engage a number of vehicles. Boys are also to be employed to assist the carriers, and from present appearances it looks as though the postmen will have an easier season than in previous years.

Mr. Shakespeare, speaking on the coming rush, said that without a doubt it would be the busiest season the office had yet witnessed. While no indication of a larger mail have yet been noticed he is looking forward to an exceedingly heavy rush, basing his prediction on the great increase of the population of Victoria during the last year. The English mail will probably form the bulk of the Christmas rush, bringing Yuletide greetings from friends and relatives in the Old Land to their kin in the New World.

READY-MADE FARMS.

Montreal, Nov. 24.—It was announced at the C. P. R. offices here that a cablegram had been received from the Duke of Sutherland requesting the colonization department to proceed at once with preparations for the ready-made farm colony at Brooks, in Alberta. It is possible that Earl Hartowby will also establish a ready-made farm colony on these lines.

SAILORS KILL THREE OFFICERS

MUTINY ON BOARD BRAZILIAN WARSHIPS

Mutineers Reported to Have Seized Several Vessels at Rio de Janeiro

(Times Leased Wire.) London, Nov. 24.—A cablegram from the Brazilian minister here to-day confirmed the reports of a mutiny of Brazilian sailors at Rio de Janeiro, and reported the killing of three officers of the battleship Minas Geraes. Other officers of the warship were ashore and thus escaped.

Only meagre reports of the outbreak were obtainable. The Brazilian legation here announced that the mutiny resulted from a dispute over the wages of the sailors.

In the absence of any confirmation of the reports that the cause of the Minas Geraes had been trained on the city of Rio Janeiro, merchants here who have interests in Brazil and the coffee exchange here are inclined to doubt their veracity.

Reuter's agency posted a bulletin to-day that the mutiny was confined to the warship, and this was confirmed by the Brazilian minister. The mutiny was said to have been confined to all the warships in the harbor were in the hands of the mutineers, was received at the state department to-day.

Two battleships recently built in England are believed to be among the vessels seized by the mutineers. The dispatch was signed by Consul General Schlecter at Rio Janeiro.

Senor De Lima, chargé d'affaires of the Brazilian embassy, though unadvised regarding the Rio de Janeiro situation, admitted the report that the mutiny was of political significance.

"If the reports of mutiny are true," he said, "the outbreak probably is confined to a mutiny against officers and not against the government."

CRIPPEN DID NOT CONFESS.

Report is Denied by the Governor of Pentonville Prison.

London, Nov. 24.—Miss Ethel Le Neve, who was reported to have sailed on board the liner Majestic, is still in England and said to-day that she will not leave for America for several months.

"As executrix of the estate of Dr. Crippen," she said, "I must remain in England until it is settled. I will dispose of the property and pay all debts. This probably will require months. Ultimately I shall go where I can identify myself and be alone with my grief. Friends in America have invited me to go there, but I am afraid I would not find the desired peace in the United States."

Last night Miss Le Neve visited the governor of Pentonville prison and was told that Dr. Crippen had not confessed the crime for which he was hanged. Hearing this, she said: "I loved Dr. Crippen and I still believe he was innocent."

MEXICAN SITUATION.

Reports Sent Over the Wires—Controlled by Government Say Republic is Quiet.

Mexico City, Nov. 24 (via Galveston).—An official government report received here and transmitted over lines controlled by the Mexican government says that the republic is quiet to-day. According to this report, the uprising is practically quelled.

An unofficial report says that the town of Guerrero has been captured by the rebels.

SUFFRAGETTES GO TO JAIL.

London, Nov. 24.—Scores of suffragettes arrested from the hundreds that participated in attacks upon the homes of Premier Asquith and members of parliament were tried to-day. Fines averaging £5 each were imposed. The suffragettes refused to pay and went to jail.

IRISH HOME RULE.

(Special to the Times.) London, Nov. 24.—At the meeting of the United Irish League, T. P. O'Connor challenged the Tories to produce a single prime minister or cabinet minister in the Canadian provinces who does not believe the honor and safety of the empire demands the concession of Home Rule.

DEMONSTRATIONS BY STUDENTS.

London, Nov. 24.—The St. Petersburg correspondent of the Times describes the situation arising from the student demonstrations in honor of Tolstoy as serious. A large force of police scattered the crowds last night outside the university. Twenty students were injured. Further trouble is feared, and troops have been ordered to hold themselves in readiness.

CARS DERAILED.

Regina, Nov. 24.—A spread rail was responsible for wrecking the southbound Canadian Northern train from Prince Albert at Hethburg. The café car and sleeper were derailed, the balance of the train coming to Regina.

TO-DAY'S BATTLE OF THE BALLOTS

RATEPAYERS DECIDING FATE OF WATER BY-LAW

Polis Close at Seven o'Clock and Result Should Be Known Hour Later

As the Times goes to press the Battle of the Ballots, which will decide the fate of the by-law providing for the expropriation of the holdings of the Esquimalt Waterworks Company, goes merrily on at the polling booths at Weston's carriage works, Broad street. The polls close at 7 o'clock and the result ought to be known about an hour later.

The day is an ideal one for the recording of a heavy vote, the weather being conducive to people coming down town from distant residential areas to record their judgment on the most momentous question ever advanced in the history of the municipality; and it is believed that a new record will be established in the total electorate exercising their franchise.

Rarely has there been so much excitement over any civic measure. All day long the street corners in the vicinity of the polling booth have been the scene of little gatherings of ratepayers discussing, in some instances with considerable heat, the pros and cons of the case.

The citizens committee organized to assist in the passage of the by-law are working energetically from headquarters at the Western Motor and Supply Company's premises, opposite the polling booth, and the hundreds who offered their services are under the direction of Hugh Kennedy. Many leading citizens have offered the use of their motor cars and large numbers of voters have been brought to the polls in this way.

The opponents of the by-law have been similarly active. A small army of men and boys on all the streets leading to the polling booths have been standing all day distributing lurid literature setting out that a great "steal" is about to be perpetrated by a "grasping corporation"; that the press of the city has been "bribe-bought" and that the leading citizens have all been "bought up."

W. W. Northcott, the returning officer, with his customary efficiency, has ideal arrangements for the speedy recording of the vote. The interior arrangements are most admirable and even at the noon hour, when the greatest rush of voters occurred, not the slightest confusion ensued. Mr. Northcott's assistants are all trained men and the whole proceeding is being conducted in the most satisfactory fashion.

As the Times goes to press both sides profess great confidence as to the outcome of the vote. What little betting has been done, however, would seem to indicate a belief that the measure will pass by a large majority, as considerable money is offering by those in favor of the by-law, with no takers.

PRISONERS BUY COCAINE.

Investigation at Montreal Jail Shows Drug Is Sold by Guards.

Montreal, Nov. 24.—By rigorous investigation of the Montreal jail it has been established that cocaine has been regularly supplied by jail guards to the cocaine victims imprisoned.

Cocaine victims can obtain the drug just as readily inside Montreal prison walls as they can outside, only they pay one dollar a box instead of 25 cents and the jail guards get a rake-off. This has been established by admissions from some of the culprits.

The scale seems to be something like this: Cocaine sold in the streets for 25 cents a box sold in the prison for \$1 a box. Holland gin, sixty cent bottles sold for \$1. Other goods have been sold similarly on a high-priced scale.

Police officials and judges on the bench expressed astonishment when they heard of such conditions. One police court judge admitted that he had reason to believe that trafficking among prisoners had been conducted in the jail for some time.

MYSTERIOUS DISAPPEARANCE.

Railway Contractor Has Not Been Seen Since Leaving Camp Two Weeks Ago.

(Special to the Times.) Winnipeg, Nov. 24.—Neil Keith, one of the best known and wealthiest railway contractors in western Canada, a resident of Winnipeg for thirty years, has been missing for two weeks. Mr. Keith had a contract for building the Canadian Northern Railway extension from Moose Jaw. He left camp two weeks ago on foot and has not been seen or heard of since.

RUGBY FOOTBALL.

Philadelphia, Nov. 24.—Pennsylvania university triumphed over Cornell this afternoon in one of the hardest football games ever played on the local gridiron. Score: Pennsylvania, 12; Cornell, 6.

FIVE DAYS OVERDUE KUMERIC ARRIVES

Encountered Strong Gales and Heavy Seas—Very Little Freight for Victoria.

Delayed five days by heavy winds, the Bank liner Kumeric, which was scheduled to arrive on Saturday, reached port this morning, nineteen days out from Yokohama. Three days out from port the steamship ran into a "strong southeast gale which prevailed until she neared the Coast, when a southwest swell was encountered.

Word was brought by the vessel that the new Bank liner Kumeric, recently launched by Russell & Co., Port Glasgow, will reach this port on her maiden trip early in the new year. On her speed trials she attained a speed of 13 knots, and will give to her the blue ribbon of the Bank fleet. Accommodation has been provided for twenty saloon passengers and her steering gear is of the latest type. It was also announced that the Olympic, under construction, would be launched sometime in January next.

The Kumeric brought 4,800 tons of general merchandise, of which very little was for Victoria. Included was 1,000,000 lbs. of wool, consigned for the Terminal City and Seattle.

The Kumeric left at 12.30 o'clock this afternoon for Vancouver.

SADU MARU IN. Made Smart Passage Across the Pacific.

Fifteen days out from Yokohama, the Nippon Yusen Kaisha liner, Sadu Maru, Capt. Horiuchi, arrived at the outer dock this morning, after an uneventful passage. The Japanese steamer left four days after the Bank liner, Kumeric, and came within an hour of beating that vessel to port, arriving a few hours after her rival.

The Sadu Maru encountered the tail end of the southeast gale which swept the Pacific. Her decks at times were awash but no damage was done.

Three hundred and twenty-four tons of cargo was discharged here, including a large shipment of Japanese oranges, sugar, rice, and general merchandise consigned to Japanese and Chinese merchants.

The Sadu Maru brought seven first-class passengers, one, G. F. Nalder, disembarking here. 14 second-class, two of which, William Muritt and K. Ohya, left the vessel at Victoria, and 47 Japanese, fourteen of whom were bound for this city.

ASSISTING IMMIGRANTS.

The work of the Winnipeg Industrial Bureau in the matter of assisting resident of Britishers with scant means to bring their families to the west, is going on apace. It has been the practice of the bureau from the first in passing upon applications to hear such applicant in person. This has proved a splendid method in enabling the board to judge as to the capabilities of the applicant and the circumstances of his case.

Three families, which came out recently, eleven persons in all, were met by the heads of the family who had brought them out with the help of the assisted passages board. These people are all in Winnipeg, and so far as is known at the industrial bureau, not one has had any trouble in getting work.

Interest in the movement has spread to all parts of the west, and many enquiries and applications are received daily from outside points throughout the west. In these cases a reply is sent explaining the natural resources of Alberta and that the people and operations of the new organization are limited to the families of those men who have resided in Winnipeg for some time and who during that time have given satisfactory evidence that they are thrifty, hard-working, and independent citizens whom it would be encouraging to timely assistance. The great aim is to foster wholesome family life.

Up to the present five families—22 people in all—have been assisted to come out from the Old Country and are now in Winnipeg earning their livelihood in Winnipeg.

TOO LATE TO CLASSIFY

WHY PAY those high and excessive rents? We have suburban, up-to-date stores in a live and growing district, suitable for dressmaker and milliner, or boot and shoe stores with repair shop. Half-dozen other businesses doing well in same place. Apply Parfitt Bros., Gladstone Ave. n25

REVOLUTION IS SPREADING

REBELS ACTIVE IN SOUTHERN MEXICO

Leader Urges Followers to Respect Foreign Interests

Mexico City, Nov. 23.—(Via Laredo).—Southern Mexico, particularly Yucatan, is aflame with rebellion. It is unofficially reported a number of bridges have been burned and a few rurales and soldiers killed. The revolutionists expect to capture Vera Cruz soon.

The foreign office refused to discuss a report that General Reyes had arrived and taken charge of the Revolutionary army. The officials admit that Reyes was given a passport to get him out of the country before the last elections.

It was learned to-day that Madero has announced that he intends marching against Mexico City at the head of a strong army. The officials deny the existence of any plot to assassinate President Diaz. Minister of Foreign Affairs Crespo or Vice-President Corral. A reward for the capture dead or alive of Francisco Madero, will be offered by the Mexican government this afternoon, according to an intimation at the foreign office.

Crossing the Border.

Laredo, Texas, Nov. 23.—Dispatches from Tamasachio, Mexico, state that revolutionists are crossing the border from Naco, Arizona, and are invading Sonora with mule teams loaded with munitions of war. It is reported small garzones in Sonora have been compelled to surrender.

It is charged that American troops and Arizona rangers are not preventing the smuggling of arms into Mexico.

Engagements of loyal and rebel troops at Santa Isabel and Chihuahua were reported here to-day. It was rumored that the revolutionists were defeated and were retreating.

Report of Battle.

El Paso, Texas, Nov. 23.—A fierce battle between 1,000 revolutionists, commanded by Madero and a like number of troops, was fought early to-day at Castro Chingas. It was reported here, at 3 o'clock the rebels were reported to have the best of it.

Chihuahua is reported in more danger to-day and it is estimated nearly 1,000 revolutionists are gathered near the city. All responsible citizens are armed and expecting an attack at any minute.

Copies of an extra edition of the El Eco De La Comarca, issued Monday at Torreon, arrived here to-day, giving a full account of the fight at Gomez Palacio. The paper, a government organ, asserts that the revolutionists gathered Monday morning at Santa Rosa ranch, near Gomez Palacio, and, dividing into two parts, stormed the municipal palace and treasury and the federal prison simultaneously capturing both. They liberated all the anti-diaz prisoners and sacked the money vault, securing \$500. The federal troops, under Col. Zuniga and Lieut. Colonel Zardineti, mobilized, attacking the rebels near Juarez Plaza. According to the story 1,000 shots were exchanged and the rebels were repulsed.

The paper also asserts that another fight occurred in the suburb town of Tlahuallim, in which the rebels were repulsed.

The casualties of the different fights are not stated.

A state dispatch this afternoon claims the loyal troops have again gained control of the towns in the northern part of Mexico recently captured by the revolutionists.

Will Respect Foreign Interests.

Eagle Pass, Texas, Nov. 23.—Francisco Madero, heading 1,000 revolutionists, reached Torreon this afternoon and immediately began cutting all wires. The Mexican government ordered a thousand troops to march with all speed to Torreon.

Madero issued this afternoon a manifesto to his followers urging them to respect foreign interests. Madero declares that American citizens owned stock in the national railway, smelters and mines, and that these properties must not be damaged. The revolutionary leader seeks to prevent intervention by the United States in Mexico.

Official Dispatches.

Washington, D. C., Nov. 23.—Advices received to-day from Consul Ellsworth at Ciudad Porfirio Diaz, Mexico, indicate that Francisco Madero is in the town of Guerrero.

The state department is anxiously awaiting a new report from the consul at Chihuahua, whose last message, received last night, said that an attack by the rebels was imminent.

Messages from Ambassador Wilson practically confirm the reports of revolutionary successes at Chihuahua and Durango. Wilson telegraphed that the rebels lost 17 men at Gomez Palacio.

Officials of the state department took issue to-day with John Kenneth Turner, the writer on Mexican subjects, that the United States was overstepping its authority in sending troops to the border to stop armed Mexicans from crossing into Mexico. When shown a copy of Turner's statement one of the officials pointed to that section of the neutrality laws providing that anyone who leaves the United States for the purpose of engaging in war against a nation whose relations with this country are friendly, is guilty of a high misdemeanor, punishable by imprisonment. They asserted that this was exactly what the

Hunyadi Janos

Natural Laxative Water

Recommended by Physicians

Refuse Substitutes

Best remedy for CONSTIPATION

armed bands of revolutionists were attempting to do and the United States was only fulfilling its part of the neutrality treaty in sending soldiers to patrol the border.

Tapping Government Wires. Galveston, Tex., Nov. 23.—The government is exercising great vigilance with regard to shipments from here to Mexican ports. Federal inspectors are opening every case and package.

Advices from Mexico state that Francisco Madero, the revolutionary leader, is carrying a corps of telegraph operators who tap government wires and keep him informed of the movements of the federal troops. A private cablegram received here to-day, says that 100 federal soldiers joined the rebels at Torreon.

CAUSE OF MINE EXPLOSION UNKNOWN

Coroner's Jury Investigates Recent Disaster at Black Diamond

Seattle, Wash., Nov. 24.—The explosion in Lawson slope of the Pacific Coast Coal Company at Black Diamond on Sunday, November 6, which killed sixteen men, has been investigated by a coroner's jury at the mining town, and when the jury rendered its verdict it was to confess that the cause of the explosion was unknown to them.

Eleven of the bodies were recovered, but the other five will never be brought to the surface, for the complete abandonment of the slope has taken place. It was considered hopeless to continue the work of attempted recovery and other lives might have been sacrificed in the continued effort.

The jury, which investigated the death under the direction of Coroner James C. Snyder, rendered a verdict that Dave Lundin and fifteen others came to their death by an explosion, the cause of which was unknown to them, according to the evidence before the jury.

Fifteen witnesses were examined, including General Superintendent William Hand, Local Superintendent B. Christiansen, the inside foreman, fire bosses and others. Of every one the same question was asked—what he, the witness, thought was the cause of the explosion. All answered that they did not know.

Before closing the inquest Coroner Snyder asked anybody in the room, which held a large number of miners not called as witnesses, to come forward and volunteer statements. One man said that there had been a fire in the mine when he worked there thirteen months ago and he thought the explosion may have been due to firing the gas or the dust or both.

Other testimony elicited at the inquest showed that there had been a fire in Lawson slope two weeks before the explosion, but it had been blocked off and nothing of it was observed for some days before the day of the accident. Some small quantity of gas had been found the morning of the accident in breach No. 38, but it was not present in any large amount such as to produce the explosion of the character indicated. Besides, there was no mine fire to discharge the gas detected. Furthermore, it was stated that the mines are kept constantly sprinkled to keep down the dust.

Eleven bodies were taken from the mine, including Mat Gloppe, a 13-year-old Australian boy. Four widows and eight children were robbed of protectors at Black Diamond, while three widows and one child are known to live in Europe.

FISHERMEN DROWNED.

Vancouver, Nov. 23.—In a terrific southwesterly off Butterworth rocks, Alaska, the lives of seventy-two fishermen of the New England Fish Company were endangered to such an extent that it was necessary to cut away all the fishing gear of thirty-six dories and make for the steamers.

Failure to cut away his remaining gear when the signal was blown cost the life of James McGuinness, one of the oldest fishermen on the coast, and his partner was saved—only by the daring and hard work of a boat crew that put off from the steamer Celestial Empire.

The blow came up suddenly when all of the dories were fishing in shoal water. The sea became choppy, the boats were tossed about like corks and Captain Brown of the Celestial Empire saw at once that if the men were to be saved they would have to cut away from their gear. He gave the signal just in time for the men to handle their boats before the full force of the blow came. McGuinness, who had his boat filled with fish and only three more lines to haul in, instead of cutting away, tried to get the rest of the gear, and the dory capsized. His partner was picked up clinging to the bottom of the boat, but McGuinness was lost before assistance reached the spot.

GIRL ENDS LIFE.

Philadelphia, Nov. 23.—Grieving over the death of her mother, who died when she was only 4 years old, Harry Owens, 9 years old, ended her life with her father's revolver. Her body was discovered lying beside a wreath which had been taken from the coffin of her mother. Lying near by was a childish scroll, which said: "Good-bye, papa. I am going to join mother, and I hope that God will forgive me."

EIGHT INJURED.

Los Angeles, Cal., Nov. 23.—Eight persons were injured when a street car on the Vermont avenue line jumped the track shortly after midnight. No one was seriously hurt, although five were taken to their homes suffering from severe cuts.

—This is an invitation to make some clean money in—

SASKATOON

—You ask: Why invest in Saskatoon?

—Here, in brief, are the chief reasons for our own faith:

SASKATOON

has—(1)

In seven years (1903-1909) grown from 113 people to a population of over 15,000.

A town doesn't grow like that without some vital natural cause—no town in Canada has had such a phenomenal growth as has Saskatoon.

has—(2)

11 railway outlets

—Like the hub of a wheel, Saskatoon's railways run off in 11 directions—the three transcontinental railways of Canada—the C. P. R., C. N. R. and G. T. P.—all run through Saskatoon.

has—(3)

The Rich agricultural country back of it—250,000 square miles of wheat lands and ranches.

has—(4)

Unexcelled system of educational facilities of any city in Canada.

—It has the University of Saskatchewan, the Saskatchewan Training College of Agriculture and the Saskatchewan Provincial College Farm—with more than 1,200 acres of college campus. Also six other schools—costing \$2,500,000. Public school attendance is doubling every year.

has—(5)

13 banks and 90 wholesale and jobbing houses, and 10 hotels—

—all doing a thriving business—hotels always full.

has—(6)

A pushing, aggressive, English-speaking population, which supports 5 excellent newspapers and 14 churches of all leading denominations.

In Short

Saskatoon is a splendid place for business, is unsurpassed as a place to live and bring up a family; and—here is the point—it is the best investment opportunity in Canada to-day for the man or woman who wants to pay a little money down and a little more each month out of savings.

—Right in line with the city's growth is Saskatoon HIGHLANDS Subdivision.

This is within one and three-quarter miles from the post office, the C. P. R. and C. N. R. stations and the business center of the city, on the main business streets. (See map); that will convince you on these points.

---For a short time only we will sell lots in this choice location at \$150 to \$250 each.

—Payable \$10 down and \$10 per month; no interest. —If you want an investment in the fastest growing city in the whole world, you must act quickly.

You can't make a mistake at these prices. The best proof that Saskatoon Highlands is a good investment is the sales made in Saskatoon to Saskatoonians (who ought to know their local values.)

Since Saskatoon Highlands has been put on the market more lots were sold in Saskatoon than through the scores of our sales solicitors elsewhere.

Get a Highland lot and let Saskatoon pay you \$10 to \$19 for it. We believe it will do it.

Send \$10 now. We will pick out the best lot unsold—subject to your approval. If you don't like the lot, after you have read up on Saskatoon, your money goes back to you freely.

But do it now. To-morrow may lose you the chance for a very profitable investment.

CENTENARY OF PEACE.

The formulation of a plan to celebrate in the year 1914 the one hundred years of peace between Canada and the United States was the principal theme of discussion at a recent meeting of the Canadian Club of New York. Six speeches were made by men living on both sides of the boundary line. The North American continent was toasted and spoken of as a favored land where two great brothers could grow up among the nations, neither coveting the other's possessions, but both bound by ties of blood and language. Annexation was scouted as not even a remote possibility. The King was toasted and so was the President of the United States. From Canada there were present Hon. W. Mackenzie King, and several other prominent Canadians, and Dr. J. A. Macdonald, editor of the Toronto Globe, who through illness was unable to attend, sent in the form of a written message the address which he intended to have delivered.

In his address Mr. King advised that the celebration should be general and the arrangements should not be monopolized by any one society or individual. He proposed the appointment of an international commission, the personnel of which would be selected from among the distinguished citizens of both countries. In following out this suggestion the Canadian Club of Victoria might well take the lead. It has led the way in the advancement of Imperialism, and nothing, we think, will tend to increase the power of the Empire more than the most friendly relations with the people of the United States. Dealing with these relations Mr. King in his address said: "It is not one of the remarkable coincidences of which history is so

full that, as between Canada, which has twice witnessed rebellion, and the United States, which was once torn by civil war, there should not have been within the period of time covered by these events, and much beyond, the semblance of international strife. We have found a more excellent way of adjusting our differences. By conferences, by commission, by treaty, by arbitration, we have settled one by one the differences that have arisen, until to-day whatever there may have been of disappointment or sense of loss has been forgotten in the common accord with which the triumph of Reason over Force has been acclaimed. May we not hope that, viewing in the light of 100 years of peace this unprotected frontier of four thousand miles, rendered secure by a common consent to settle all differences in this way, other nations will seek to turn their rivalries, as we have done, from military to industrial, and substitute workshops for arsenals and factories for forts.

"Further, we would proclaim that 'peace hath her victories no less renowned than war.' The century had never been one of constant expansion and unparalleled advance along industrial, commercial, intellectual, moral and social lines. To develop the efficiency and intelligence of its workers, to increase their possibilities of happiness, to strengthen their bodies, to enlighten their minds, to fortify their souls—that is the highest destiny of a nation—that is the new world's opportunity.

"We have been spared on either side our frontier for a period of a hundred years the devastating waste and destruction, the virginal and bitterness, the anguish and suffering which war brings in its train. And as we see in the completion of a century of peace the evidence of an advancing civilization, may we not find in it also the prophecy of a larger liberty, a greater freedom? Liberty and freedom have become realities in the degree to which fear has been eliminated. With that fear eliminated may the nations not look forward to achieving the larger task, the highest of which a people is capable, of ridding humanity of its few remaining fears, the fear of the mass of men of the ills that come through unemployment; the fear of poverty and want in their struggle for existence; the fear of the spread of sickness by contagion; the fear of isolation, of the workhouse in old age; fear of all that grows out of ignorance and viciousness and the indifference of greed and men? With this as a national dream, with this as a national aspiration, what measure of freedom and liberty is not possible to a people?"

OUR BOYS.

The finest boys in the world are those raised right here in Canada and especially in the West. Look at them how alert they are. See how their eyes sparkle. Observe the glow of health on their countenances. Talk to them, and if you can gain their confidence you will be surprised. They are without doubt unequalled anywhere in the world. True, they will very likely have a touch of localism in their make-up, and in all probability they will speak the western dialect, but they are no worse for that. In spite of it they have a broad outlook upon life and are imbued with the western spirit.

"But," says some groucher, "the boys here are not like the boys were in England." No; they are not, nor would we have them so. The boys of England are not the same to-day as they were a few years ago, and we are thankful to say they are still changing fast. We know that some people object that boys here are not disciplined, not respectful, not well-behaved. That is just where people make a mistake. The Canadian boys have more self-respect than any boys in the world; they know more, and they know that they know more. They know that they have certain rights, and they object strenuously if anyone tries to interfere with those rights. They do not know to everyone they meet, and why

should they? They do, however, know how to treat a lady. They have a high moral code, and there is more manliness about them than in any boys in any country we know.

Of course the boys is to some extent the same little animal, no matter in what country he is born, but in Canada he is a better animal than the average, and he is better developed intellectually. Add to this the fact that he has ambitions, that he sees things from a broader viewpoint than the ordinary, and that he is generally well-educated, and there is a basis on which to build a splendid man. The hope of Canada lies in her boys. The boys who are here to-day will be the men who will have the formation of the destinies of the country in their hands. Let us have faith in them, for they are the chief educators of the country.

The municipal elections in Nova Scotia were completed a week ago, while here in Victoria we are scarcely getting interested in the nominations.

Montreal water pressure is so low that only a ten to twelve-foot stream can be obtained in case of fire. The result is the city is in grave danger. Plenty of water is a necessity in every big city.

Although Canadians generally are in sympathy with the revolutionaries of Portugal, they will not be averse to welcoming the Jesuit priests who have taken refuge in this country. We are happy to know that we have attained a degree of freedom when we can look with equanimity on the struggles which are taking place in other countries.

There is a good deal of opposition to the building of the Hudson Bay railway from those who are interested in the transportation companies already doing business by way of the St. Lawrence. Naturally also there is some local opposition in the grain shipping ports of the East. There will, however, be plenty of business for all the roads and routes in the near future.

The special correspondent of the Toronto Globe, writing to that paper from North Sydney, Nova Scotia, says that British Columbia salmon is served in all the hotels there and that in St. John's, Newfoundland, Pacific coast halibut is served with the finest of the water where the world's finest halibut are swimming scarcely noticed. He ascribes this state of affairs to the persistent advertising of the West. Probably he is right. Advertising always counts—if the goods are there to back it up.

Earnest McGaffey, Secretary of the Vancouver Island Development League, has made a statement to the press to the effect that settlers have been coming in rapidly this year and that within two years all the land available for pre-emption on Vancouver Island will be taken up. We wish Mr. McGaffey would give the exact number of settlers who have during the past year taken up pre-emptions. Doubtless he has the information. Approximations and generalities are apt to be misleading in these matters. We have before mentioned the fact that a dozen or more settlers have gone into the San Josef valley and a much smaller number into the Shushartle district. Beyond that we have heard of no lands being taken up except an odd piece here and there. We recognize the good work the Development League is doing, but we know that they experience almost insuperable difficulties in the matter of land settlement. There is much more fine land on the island than even Mr. McGaffey thinks, but most of it is not reserved for pre-emption or is blanketed by timber leases. Surely there is some very good reason why we hear so much of the settlements at San Josef valley, but nothing of any other new settlements on Vancouver Island. Why are the miles upon miles of good agricultural land in the Shushartle district not taken? Mr. McGaffey knows as well as anyone. It is because large tracts have already been sold to speculators.

PRESS OPINIONS

Colored K. C. The Whitney government has appointed a colored K. C. If he defends prisoners with the same success that Jack Johnson defends the championship belt, we may hope to have some local color on the Supreme court bench.—Ottawa Citizen.

Lo, the Poor, Settler. The policy of the McBride government in giving away public lands on Graham Island to land companies and speculators, to the hindrance of farm settlement on the island, is raising the temper of the people of the island, who now realize how people of the island is suffering through this policy. An intending settler, writing from Masset Inlet to the Vancouver Sun, declares that the conditions on the Inlet and all over the Graham Island are even worse than conditions in the interior of the province.

H. C. BREWSTER'S TOUR.

is Making His Annual Visit to Every Part of Alberni Riding.

H. C. Brewster, M. P. P., who returned home to Victoria a few days ago, having completed his season's work on the West Coast, left again on Tuesday morning for his annual tour of the Alberni riding, which he represents so faithfully in the legislature. The large territory included in this riding, which extends from the Nitinat to Cape Scott, and across the Gulf to Texada Island, makes it a trip of a very extended and arduous nature, which will probably be completed little short of the holidays.

Mr. Brewster is very popular throughout his constituency, which gave him a handsome majority a year ago, and on these annual tours he visits every portion of it in order to acquaint himself fully with its progress and the needs of the people.

MAN CUT TO PIECES

A Chinese laborer at the Millikan-Puget Sound Lumber Co.'s mills, Store street, was cut to pieces shortly after 2 o'clock this afternoon. He stumbled into one of the big saws and was horribly mangled before it could be stopped. Death was instantaneous.

Shiloh's Cure

quickly stops coughs, cures colds, heals the throat and lungs. 25 cents.

PRESS OPINIONS

Colored K. C. The Whitney government has appointed a colored K. C. If he defends prisoners with the same success that Jack Johnson defends the championship belt, we may hope to have some local color on the Supreme court bench.—Ottawa Citizen.

Lo, the Poor, Settler. The policy of the McBride government in giving away public lands on Graham Island to land companies and speculators, to the hindrance of farm settlement on the island, is raising the temper of the people of the island, who now realize how people of the island is suffering through this policy. An intending settler, writing from Masset Inlet to the Vancouver Sun, declares that the conditions on the Inlet and all over the Graham Island are even worse than conditions in the interior of the province.

"Here," he says, "not only have the land companies and speculators got the bulk of the land; but also on that portion of the island lying east of Masset Inlet which was reserved by the government from sale or lease. There, as well as elsewhere, the professional coal staker has got in his work so thoroughly that not a foot of this new country can now be pre-empted, owing to the coal staking covering the surface rights, as well as the underground rights. How the government is going to get out of the middle we know not. The land, being reserved from sale or lease, prevents the agriculturist from taking possession. But if a coal license can be granted, and control the surface rights for a term of years, and then the licensee be able to purchase the land, it looks decidedly as if it would stand airing in the law courts. Not only can the land office give no information or encouragement to the settlers, but some of the undertrappers go so far as to tell the applicants that the pre-emptor is not worth as much to the government as the timber or coal staker. There are about 200,000 acres of arable land on Graham Island, and it is a safe prediction that the speculator owns two-thirds of it, which will mean that it will cost the actual settlers millions of dollars to obtain this land. Instead of the government doing as the Dominion does, handing it over free and approved. There are many other folk beside the people of Graham Island who realize that a policy which enriches speculators and hinders the settler is not a sound one. —Prince Rupert Optimist.

Incorrect Maps. Complaint is made to us that the map of Vancouver Island recently issued by the provincial lands department, is not correct, and instance is given that lands are

OUT DUNCAN'S WAY

A few weeks ago a Victoria man who is more famed for wielding the pen than for handling a gun, was out shooting just beyond Duncan's. He had with him a small Victoria boy to carry the game bag. Having missed five pheasants in succession, the sportsman cried out, as he shot at the sixth bird, "There, I hit him! I saw the feathers fly! Didn't they now?" "Yes," replied the boy, sadly, "they flew off with the bird."

—Making Xmas Pudding? Good, strong, well shaped, clean English Pudding Bowls in 10 sizes from 3 to 9 1/2 inches in diameter. Prices, 2 for 15c to 45c each. R. A. Brown & Co., 1302 Douglas Street.

—Building permits have been issued to Messrs. Brett & Sewell for a dwelling to cost \$1,950; to William J. Barilla for additions to residence to cost \$800; to D. D. England for additions to dwelling on James street to cost \$250; to E. H. Hopkins, dwelling on Bank street to cost \$1,800.

—The big sale at the Empire Clothing Company started this morning, with a great line of money-savers for the careful buyer. Every article is so priced as to make this the greatest sale ever placed before the public by this firm. Through a typographical error in last evening's Times it said that the \$3,000 stock (this should have read \$30,000), was being slaughtered.

—A special committee of the school board has in hand the arrangements for the formal opening of the new school on Chambers street, which is to take place on the evening of Friday, December 9. The new building, as is well known, has been named the George Jay school, as a tribute to the honored chairman of the school board and a recognition of his services to education.

—Phil R. Smith, of the Victoria Printing & Publishing Company, Yates street, has just opened a splendid assortment of Christmas cards and calendars, a view of which will well repay a visit. A great many very striking novelties are shown at all prices. These cover the comic, sporting, and sentimental lines. The latter are very beautiful, many of them hand-painted in exquisitely delicate tints by French artists. The man from the brass and heather, will find appropriate mottoes embellished with tartan ribbon and Scotch thistle; the Englishman will find roses and violets and holly; the Irishman will find Shamrock and harp designs; and, in the comic line, the "pig which pays the rent" with a shamrock leaf in its mouth. A life which has never been touched on before is the Welsh, and a number of characteristic scenes from Wales are shown. For those who have friends across the seas there are calendars which will appeal strongly. These come in different sizes, and prices, one which will suit all purposes is a marine scene with a large ocean steamer in the foreground and on either side of it the eastern and western hemispheres, and the motto, "Hands Clasp Across the Seas." No more appropriate gift for mariners could be imagined. Another appropriate line for sending to friends at a distance are cards and calendars bearing the British Columbia coat of arms, with appropriate Victoria quotations. For a gift to a lady friend there are boxes of note paper, with designs of pansies, violets, rosebuds or forget-me-nots with the paper delicately tinted to match, especially appropriate for the holiday season. The Christmas card trade has grown to such an extent that it has increased forty per cent since last year.

The government posts and telegraph administration controls all wireless telegraph stations in France.

Give a Gift That Will Last Forever.

Sheffield Plate
(Made in Sheffield, Eng.)
Makes a worthy present. Looks like sterling silver, wears better, but costs less. Your grandma knows "Sheffield Plate," she will tell you that it is made of copper and will last for generations. The Jeweler.
915 Government Street.
Tel. 1606.

—Some mischievous youths, though a stronger term would not be inappropriate, are doing considerable damage to new houses in the vicinity of Oak Bay junction. Fittings have been torn out, and presumably sold. Complaints have been made to the police, who are on the track of the suspected "gang."

—To meet the requirements of the new systems of cluster lights on the leading business thoroughfares, the city council will at once order 100 additional standard lamps. Ald. Mable, chairman of the electric light committee is favorable to the council submitting a by-law to the ratepayers at the forthcoming municipal elections to raise the sum of \$25,000 for the purchase of a stock of arc lights.

—In the police court this morning a fourth member of the gang of Roumanian thieves, Vasilie Ludusan, was sentenced to nine months with hard labor for a robbery committed on the night of the fire. Frederick Vancouver Robertson removed a gun and clothing from the rooms occupied by him in the Five Sisters' block across the road to the Brown Jug saloon, from where they were stolen by the Roumanian, who pleaded guilty.

—In aid of the Columbia Coast Mission to loggers and sailors, and to rebuild the Rock Bay hospital, destroyed by fire, there is required a sum of \$10,000. Victoria friends of the mission are doing their share to help, and subscriptions may be sent to Bishop Perrin or Rev. J. Antle, 425 Pender street, Vancouver. There has already been received: James Dunsmuir, \$1,000; Miss Macklem, \$500; Dr. F. H. Sterling, \$100; F. S. Barnard, \$100; Miss Ward, \$25; Waitt & Co., \$25.

PUBLIC INVITED.

Citizens Guests of Natural History Society To-morrow Night.

To-morrow evening the public of Victoria are invited to be guests of the Natural History Society in the Broad Street hall to hear an illustrated lecture by Charles H. Lagrin. A powerful stereopticon has been secured, which will throw on the screen a large number of fine pictures of the great interior country of which Fort George is the centre. Mr. Lagrin, who has recently visited the country which he will describe, is a keen observer and a good lecturer, and those who attend on this occasion can depend upon being instructed as well as entertained. The Broad street hall has been taken because it was thought the rooms of the society in the Carnegie library building would not be anything like large enough to accommodate all who would wish to be present on this occasion.

—Diver McDonald succeeded in recovering yesterday from the muddy depths of Victoria harbor a portion of water piping belonging to the Vancouver Island Power Company.

PERSONAL

W. C. Gladwin, chief fire warden, is in the city conferring with Hon. W. R. Ross.

Miss Janet Mackay, who was in the city for the marriage of her brother, has returned home.

The wife and daughter of James Herring of this city, have arrived from Sunderland, Eng., and are registered at the Empress.

Mrs. Jesse Longfield and her mother, Mrs. Kayton, will receive to-morrow at their new home, 1309 Yates street, and afterwards on the fourth Friday of each month.

Miss Hicocks requests that as many

HOLT GAINS PLACE ON VICTORIA TEAM

One Change Made Only in Fifteen to Play Against Vancouver Saturday

Lieut. Holt, the Rainbow man who played against Nanaimo last Saturday for the Victoria Rugby team, is selected to play Saturday at Vancouver in place of Kennedy of the J. B. A. A. the latter being placed as first reserve man for the forwards.

There is no other change in the team from that which played the first game against Vancouver. The

team is holding the final work-out this afternoon and will leave on the night boat to-morrow for the Terminal City. The selections of both clubs are as follows:

Victoria	Position	Vancouver
Johnson	Fullback	Locke
H. Gillespie	Threequarters	McLorz
McGuigan	Baker
Vincent	Thomas
Nason	Sawers
A. Gillespie	Halfbacks	Bryne
Newcombe	Sawer
R. Gillespie	Forwards	Ross
S. Gillespie	Thomas
Henneke	Matthews
Hopgood	R. Gale
L. Sweeney	B. Gale
Holt	Stacey
Miller	McDonald
.....	Reserves	Ashtor
Kennedy	Forwards	Kayall
Scott	Rhodes
Dickson	Threequarter	Scott

Goal is so scarce in Sam that gas is not used for illumination, and the only city using electricity is Bankok.

BADLY BEATEN BY HIGH SCHOOL

UNIVERSITY RUGBY TEAM SNOWED UNDER

Collegians' Superiority Was Easily Seen--Yesterday's Result Was 26-3

Scendal tackling and kicking on the part of the whole team, coupled with spirited rushes by the three-quarters and the excellent heading of the forwards in the scrummages, was responsible for High School's victory over the University rugby team yesterday afternoon at Oak Bay park by the one-sided score of 26 points (six tries, two of which were converted, and a drop kick) to 3 points (one try). This result sets aside all doubts as to which team is the superior. The supporters of both aggregations have believed their team to be invincible, but the High School boys yesterday showed that they are the ones entitled to be described as unconquerable. The first match of the interscholastic series resulted in a win for the Mt. Tolmie school; the second in a draw; the third in a victory for the collegians and the fourth in an overwhelming defeat administered to the Varsity boys.

One regrettable accident occurred near the close of the game, when Eddie Steel, the youth who holds down the full back position for Victoria College, was kicked in the eye by McGuigan. The University man secured the piskin and between him and the touch line was Dickson, Clarke and Steele. He evaded the tackles of the former two, and the High School followers held their breath as the big Varsity boy tore for the line. But Steele was equal to the occasion. He made a flying tackle, catching McGuigan by the legs and hurling him to the ground. A cheer arose from the collegians on the side lines, but few thought that the plucky full-back was out of the game. The big boot of the University's three-quarter had caught Eddie square in the eye and stretched him out on the field. Fears were entertained on the ground that the High School player had lost the sight of his right eye, as he was unable to see out of it. Dr. Proudfoot, however, on examination, announced that the pupil had not been injured.

High School, which secured the kick-off, commenced with a rush, and McMillan carried the ball to University's twenty-yard line. During the greater part of the first half the collegians were the aggressors, their

forwards making great headway against the light backs who opposed them. The three-quarters used an excellent pass, which resulted in the first try, and which was probably the prettiest touch of the day. Boggs, when tackled, passed to Warnicker, who in turn tossed the ball to the fleet-footed Dickson, who culminated the spectacular piece of play. H. Boggs sent the ball soaring between the posts and High School's score in the first ten minutes had mounted to five points. In quick succession Pege Westcott flew over the line with the second touch, which Boggs failed to convert owing to the difficult angle.

Then McCallum, the sturdy High School boy, with three Varsity boys clinging desperately to him in a vain attempt to throw him, tore into the touch area, negotiating the third try. This was converted by Boggs. At this time the High School three-quarters became erratic in their passing, and gave University chances to clear. At critical moments, when a touch seemed inevitable, they became excited and lost opportunities.

After the resumption of play in the second half the Collegians, however, were as fast as ever. Samson, of the forward division, securing the ball from a scrum, raged over the line, recording the first touch in this period. Then the University boys became inspired with the thought of something ought to be done, and led down on the High School. Varsity's captain led in the attacks, and at times it looked as though he might score, but owing to the great work of the backs he was unable to get past. After Steel had left the field and Capt. Day was playing with fourteen men University got their only touch, which was made by Creery. McGuigan failed to convert it.

The supporters of the yellow and black rallied in time, and forced their opponents back to their end. Allen Clark added four more points to his team's score with a drop kick. He had a clear run for the line, but thinking that four points were better than three, sent the ball over the bar. Another touch was made by McGuigan, and Clark touched High School's scoring with a touch.

The line-up of the teams was as follows:

High School	Position	University
Steel	Full-back	Spencer
Dickson	Three-quarters	Wylde
Toughy	Decker
Wescott	Wade
Boggs	McGuigan
.....	Shay
.....	Creery
Clark	Half-backs	Beech
Warnicker	Thorsen
Campbell	Forwards	Rand
McKay	Devine
Day	Woodward
McMillan	Arbutnot
Gardiner	Macanally
Betterton	Sampson
.....	Roche
McCallum

Billy Newcombe made a very important reference. The Chinese endure change of climate better than any other race.

THORPE'S SODA WATER

Made From Water From Which All Germs Have Been Removed

FOOTBALL EXECUTIVE WILL MEET TO-NIGHT

Just what soccer matches will be played on Saturday afternoon in the city league schedule will not be known until after the meeting of the Victoria and District Association football league executive to-night.

The scheduled matches are: Victoria West-Garrison, Empress by default from Cedar Hill, North Ward-Esquamalt and J. B. A. A.-Foresters.

In the second division Esquamalt-Oak Bay, Garrison-Baraca, Regiment-Beacon Hill and Victoria West-North Ward.

In the event of the City League playing the matches originally scheduled for Nov. 26, the referees will be as follows: J. B. Allen, for the Victoria West-Garrison game at Royal park; S. J. Thompson, for the North Ward-Esquamalt game, at North Ward park; A. Locksley, for the Days-A. O. F. game at Oak Bay.

Second division--E. R. Lock, at the Canteen ground, for Oak Bay and Esquamalt; F. Walters, at Work Point, for the Garrison and Baraca; M. Sawers, for the Regiment Beacon Hill match, at Beacon Hill; G. Allison, for the V. W. A. A. and N. W. C. A. match, at Beacon Hill.

Junior division--Oak Bay and Victoria West, at North Ward junior park, E. Bishop.

CALIFORNIA MAY NOT COME TO VICTORIA

San Francisco, Nov. 24--According to rumors on the campus at the University of California, no trips may be taken by the Rugby players of the college during the Christmas vacation. It was originally planned that the U. C. second team should go to Reno during the holidays to play the University of Nevada fifteen, but the faculty of that college have decided that no more games shall be played by Nevada this year, and so that trip is off. Although it is not definitely known, the varsity fifteen of the U. C. may not journey north to play Victoria, as it was at first thought they would. Most of the men who would take the trip have already gone north, as a team was sent against Vancouver last year, and they are anxious to go home, rather than play football.

A suggestion that lap dogs should be allowed on the Dover corporation train gave rise to an amusing discussion at a meeting of the club. "One sees women nursing large Irish terriers nowadays," the mayor stated.

THE IDEAL WAITER.

The ideal waiter was defined at a banquet at which the London branch of the Geneva Association of Hotel and Restaurant Employees celebrated its thirty-fourth anniversary.

George Montague, the chief secretary of the association, who though a Scotsman has been a head waiter for fourteen years in a French restaurant, said that to be successful in his calling a waiter must have:

- The patience of Job.
- The wisdom of Solomon.
- The wit of a diplomat.
- The skill of an artist.
- The bearing of a prince.

ASK YOURSELF THESE QUESTIONS

And find out if you have kidney disorders. Also make this test.

Have you pains in the back over the kidneys?

Have you urinary disorders?

Do you suffer from severe headaches, dizziness or defective eyesight?

Is the skin dry and harsh?

Are you falling in health and strength and suffering from rheumatic pains or swelling of the limbs?

These are a few of the symptoms of kidney disease, and here is the test.

If the urine after standing for twenty-four hours is cloudy, milky or has particles floating about in it, or if there is a sediment in the bottom of the vessel, your kidneys are diseased.

There is no time to lose in beginning the use of Dr. Chase's Kidney and Liver Pills. Delay means the development of Bright's disease, and you do not want to take any chances with that. Dr. Chase's Kidney and Liver Pills will help you more quickly than any treatment you can obtain, and that is one reason why they are so successful and popular.

Mr. W. H. Mosher, South Augusta, Greenville county, Ont., writes: "I used Dr. Chase's Kidney and Liver Pills and firmly believe there is no medicine to equal them. I was troubled for years with kidney disease, and this treatment has cured me. When I began the use of these pills I could only walk from my bed to a chair. Now I can go to the field and work like any other man. Dr. Chase's Kidney and Liver Pills are an excellent medicine."

This statement is certified to by the Rev. E. H. Emett, Baptist minister, of Brockville, Ont.

Dr. A. W. Chase's Kidney and Liver Pills, one pill a dose, 25 cents a box, at all dealers, or Edmondson, Bates & Co., Toronto. The portrait and signature of A. W. Chase, M. D., the famous Receipt Book author, are on every box. These are for your protection against imitations and substitutes.

LADIES' WEAR STORE

Ladies' Winter Coats and Suits

Owing to the tardy arrival of a large shipment of Ladies' Coats and Suits, we find ourselves compelled to dispose of them at smart reductions, in order to make room for new arrivals. These Coats and Suits are productions of the best makers—mostly from Berlin, Germany—garments of exclusive style and distinction, and really worth much more than we are asking for them. The many who have deferred the selection of their winter coat or suit will find our lines complete in every respect.

THREE SAMPLE OFFERINGS

WOMEN'S COSTUMES, made in handsome two-tone Cheviot and lined with Surah satin. The coat is 32 inches long, semi-fitting style, with the dainty Gibson effect shoulders. Collar is made of fancy Cashmere silk, with wide reverses. Skirt is tailored with front panel, strapped at knee and pleated at bottom. Colors of blue, mixed brown and black, green and black, and black.

WOMEN'S COSTUMES, tailored in Basket Cheviot, lined with satin, in semi-fitting style. The coat is 36 inches long, very graceful in design, and has handsome satin and velvet shawl collar. The skirt is made with front panel and inverted strap below knee, giving the hobble effect, but allowing plenty of freedom of movement; smartly pleated at bottom.

WOMEN'S COSTUMES, tailored in dark grey Cheviot, semi-fitting back, lined in heavy satin. The coat is 33 inches long, with smart collar and reverses. The skirt is made in plain style, pleated at front.

\$20 \$25 and \$30

The above are only a few of the garments offered. We have others in broadcloth, blues and black, beautifully finished in all the latest Berlin and Parisienne modes. Come early, as they won't last very long at the prices asked.

FIGHT PROMOTER RUNS WITH CASH

Leaves Box Office to Get a New Set of Gloves and Also Leaves Tacoma

(Times Leased Wire.) Tacoma, Wn., Nov. 24.—A warrant for the arrest of Thos. Steinberg, president of the Loid Athletic Club, which pulled off Tuesday's boxing show, was issued yesterday, and the police are searching for the missing promoter, to ask him to explain what has become of the receipts of the show, amounting to approximately \$3,000.

The fighters who took part, both in the preliminaries, and Jack Lester and Ed. Hagen, in the main event, are unpaid. Steinberg was alone in the box office and is said to have headed the cash. He was to have settled with the fighters as soon as the programme had been completed. While the bouts were in progress, Steinberg left the box office, ostensibly to get another pair of boxing gloves. After waiting some time for the promoter to return and settle up with the fighters, Billy DeCoursey, manager of the club, and the managers of Lester and Hagen, reported Steinberg's disappearance to the police, later securing a warrant for his arrest from Police Judge Arnison.

Inquiry by the police at the rooming house where he had been stopping elicited the information that Steinberg gave up his rooms Monday and removed all his belongings.

Sport Notes

Victoria West soccer team has not thrown in its lot with the opposition. Stanley Okell announced this morning that the Victoria West team has not resigned from the Island league, and as far as he knows at present every member of the team wants to

To the Ratepayers of the City of Victoria

I beg to announce that I will be a candidate for Mayor at the next Municipal Election. Full particulars of my platform will appear in due course.

W. H. Langley

play with the Island league team, including Nanaimo and Ladysmith. However, the club will hold a meeting in the dressing room on Saturday afternoon, when the playing members will be asked what they want to do. If the men individually want to play in the proposed new league in the city the club will probably put a team in, but if a disposition is shown to stay with the Foresters' and the two up-island teams in the Island amateur league the Victoria West club will do so.

Ed. Steele is the latest sunbeam on the horizon of the Northwestern baseball league, for he has been promised a workout by L. A. Wattle, and if Wattle keeps his word to the young Beacon Hill pitcher, Steele will be the third schoolboy on the team. Ed. laughs when talked to about his chances for a place, and does not deny the offer has been made him, and there is no doubt he wants a try-out in the senior company.

Dashwood, formerly with Oakland, and an outlaw of the California state league, has been signed by Householder. He was disqualified for outlawing for two years, and the time is now about up. Householder thinks Dashwood will be a good catcher for the team.

Monk Attell won the bantam championship of America at Kansas City last night when he obtained a decision over Billy Walsh in ten rounds.

The Dixie Ross basketball team put up a surprisingly good game last night, beating the Regiment by 13 to 8. That basketball is popular here was shown by the large attendance at the match. The winners won on smart combination play.

The Victoria girls' hockey team defeated the High school girls yesterday afternoon by three goals to one. The High School will have several new players when the team meets the Vancouver collegians here Dec. 3.

The Vancouver team which will meet Victoria is training hard for the game, and will wind up its work at the Horse Show building tomorrow night. The players are confident of turning the tables on the Capitals, but it is a cinch that they will not make any mistake like they did at Victoria in going into the game all swelled up through over-confidence. The referee will probably be McKay—Vancouver Province.

Leo and J. P. Sweeney, who made the tour with the Argos team to Spokane and Nelson, where both matches were won, returned to Victoria last night. The Sweeney duo announced that 1800 attended the match at Spokane. Prominent amongst the spectators were representatives of the Athletic Board of Gonzaga College, University of Idaho, and Spokane High School, and from the impression they got of rugby football it is very likely that they will follow in the steps of the athletic powers of the California colleges, clubs, and high schools, and introduce rugby to supplant the present game they play. On

the return trip the train was delayed by a big land slide at scenic for six and a half hours. The football team donned uniforms at ten o'clock at night and got down to pick and shovel work, and their help materially aided the train to proceed.

WEATHER BULLETIN

Daily Report Furnished by the Victoria Meteorological Department.
Victoria, Nov. 24.—5 a.m.—As the barometer is comparatively high over this province and is low to the southward the weather will continue fair with light to moderate winds along the Coast. Sharp frosts have occurred on Vancouver Island and the Lower Mainland, and heavy rains are reported in Northern California. Colder weather is becoming general in the prairie provinces.

Forecast.
For 24 hours ending 5 p. m. Friday. Victoria and vicinity—Light to moderate winds, fair to-day and Friday. Frosts at night.
Lower Mainland—Light to moderate winds, fair to-day and Friday, frosts at night.

Reports at 5 a. m.
Victoria—Barometer, 29.96; temperature, 35; minimum, 25; wind, 4 miles N. E.; rain, .09; weather, clear.
New Westminster—Barometer, 29.99; temperature, 34; minimum, 24; wind, calm; weather, part cloudy.
Kamloops—Barometer, 29.99; temperature, 26; minimum, 24; wind, 4 miles S.; weather, clear.

San Francisco—Barometer, 29.90; temperature, 54; minimum, 54; wind, 6 miles S.; rain, .06; weather, cloudy.
Edmonton—Barometer, 29.88; temperature, 26; minimum, 18; wind, 4 miles W.; snow, .02; weather, snow.
Winnipeg—Barometer, 29.66; temperature, 22; minimum, 10; wind, 8 miles N. W.; weather, cloudy.

Temperature.
Highest 46
Lowest 41
Average 43
Rain, 13 inch.
Bright sunshine, 5 hours 36 minutes.
General state of weather, fair and showery.

CHINAMEN IN JAIL

Mutinous Conduct on British Steamship of 41 Orientals.

Forty-one Chinamen, convicted at a court-martial at Colon, South America, of mutinous conduct on the high seas, were landed at Southampton by the royal mail steamship Atrato.

They were members of the crew of the Glasgow, steamship Turrialba, and have been sent to this country under the Merchant Shipping Act to serve their sentences in an English prison.

OPEN LETTER

To the Mass. Mutual Life Insurance Co.

Gentlemen—Your fifty-seventh annual statement shows that you paid a \$100,000,000 to policy-holders who died from Bright's Disease and Diabetes last year.

In a line of test cases Fulton's Compounds have shown an efficiency of 87 per cent. in these cases, and if those policy-holders had been advised of this treatment and our figures maintained, you would have nearly \$300,000 of those losses in your treasury.

But let us say that, making due allowance for our enthusiasm, the present efficiency should be reduced 50 per cent. That would still mean that you are losing \$100,000 a year due to lack of knowledge of these specialties. Is not that vast sum worth saving annually? And even if it were not, isn't it a humane duty to carry hope into cloudy homes?

An idea of the magnitude of this question and the strain it is going to put on the Life Insurance Companies unless something is done, can be had from the following census deaths from Bright's Disease:
1880 25,000
1890 50,000
1910 80,000
(The figures for 1910 are based on U. S. mortality reports for 1902-3 and 4.)

Why rob your humanity and finance to gether by holding your agents to advise those of your policy-holders who have Bright's Disease and Diabetes of this treatment? They will do the rest. And by the way, we want to hear from and advise every one not getting results.

We have abundant testimony to prove that we can probably save to your treasury over \$100,000 annually. And what is true of your company is true of every other life insurance company of equal business and importance.

Yours very truly,
JOHN J. FULTON CO.

P. S.—As showing you what is actually going on, we will say that a policy-holder of the Prudential, living in Detroit, was very low with Bright's Disease, and the announcement of her death was expected daily when she was put on Fulton's Renal Compound. The loss was saved and she is living to-day. One of the local representatives of the company was so impressed that, upon hearing that another policy-holder in the same city was down with Bright's Disease and a loss was imminent he took our Detroit agent with him and the two were instrumental in putting the second patient on the treatment, and we are now advised that he, too, is recovering.

Losses that are getting ready to mature can and are now being stopped all over this country, but the Life Insurance Companies will not realize the full measure of our help to their bank accounts until they take notice and pass the word to their agents.
For Bright's Disease, Fulton's Renal Compound is the one used. For Diabetes, Fulton's Diabetes Compound. It can be had in your city at D. E. Campbell's drug store. Literature mailed free. Address John J. Fulton Co., 645 Battery Street, San Francisco, Cal.
Though the city of London territorial mobilization would require about 2,500 horses, the general officer commanding has been notified that only four horses suitable for the purpose can be provided—those belonging to the police ambulance.

SOCIAL AND PERSONAL

Mrs. I. W. Wallis, Vancouver, is
spending a few days at the Capital.
Mr. and Mrs. W. S. Sydney, Ash-
croft, will spend the next few weeks
here.
Mr. and Mrs. James Harvey, Pier
Island, are spending a few days in
Victoria.
Walter E. Staneland was down town
yesterday for the first time, since his
serious illness.
Mrs. Herbert Watson, who has been
visiting relatives at Oak Bay, left
yesterday on her return to Tacoma.
Mr. and Mrs. Marvin and Miss Mar-
vin left yesterday afternoon for Los
Angeles, where they expect to remain
for five months.
Miss Janet Mackay, who has been
for some weeks the guest of Miss
Winona Troup, has returned to her
home in Vancouver.

Stanley Langley, son of the chief of
police, came over yesterday from Seat-
tle, where he is attending the electrical
school, and will remain over Sunday
with his parents.
H. W. Brodie, the newly appointed
general passenger agent of the C. P.
R. at Vancouver, spent yesterday in
the city on his initial business trip to
Victoria. Mr. Brodie takes the place of
C. B. Foster, who has been trans-
ferred to Winnipeg.

Mr. and Mrs. Jesse Longfield enter-
tained the members of the Metropoli-
tan orchestra at their home on Tues-
day evening. A number of amusing
guessing competitions were engaged
in and the boys had a very jolly eve-
ning. Last evening Mr. and Mrs. Long-
field entertained the lady members of
the choir.

Mrs. W. H. Handley received yester-
day afternoon for the first time this
season, at her home, 559 Queen's ave-
nue. The hostess welcomed her num-
erous guests very charmingly dressed
and her pretty rooms were gay for the
occasion with chrysanthemums artisi-
cally arranged with ferns.

Mrs. William Maynard (nee Shen-
don), who was at home to her friends
yesterday afternoon and evening for
the first time since her marriage, at
"Lucerne," 922 Park Boulevard, re-
ceived her numerous guests in a most
becoming gown of pale blue silk with
net empacements. Miss Irene Mel-
don, in a very pretty cream dress, at-
tended to the door and presiding in
a pale green gown, assisted by Miss
Lillian Steele in a pale mauve. The
drawing room was very artistically ar-
ranged with quantities of pink roses
and ferns, and in the tea room a
pretty color scheme of yellow and
green was carried out with chrysan-
themums and ferns.

Mrs. Frank B. Gibbs (nee Keats) re-
ceived yesterday afternoon and last
evening at her home, 1192 Yates street,
for the first time since her marriage.
Mrs. Jesse Longfield, in a pretty white
gown, attended to the door and in the
drawing room, which was handsomely
decorated with ivy and pale yellow
chrysanthemums, Mrs. Gibbs welcom-
ed her guests, wearing a becoming
flowered organdie in mauve shades.
Mrs. Ditchburn presided over the tea
table, which was very daintily arrang-
ed with a large battenberg centrepiece,
over which were trails of smilax cen-
tered with a tall vase of pale yellow
chrysanthemums on a circular mirror,
and small brass vases of red carnations.
The handsome reception hall
was hung with trails of ivy and hang-
ing vases of red carnations. A great
many friends and acquaintances called
during the afternoon and evening, and
all were presented on leaving with a
dainty box of wedding cake. Mrs.
Gibbs will receive on the third Wed-
nesday of each month.

At 5.30 yesterday afternoon, at the
residence of the bride's parents, Otter-
burn Cottage, Gladstone avenue, Rev.
T. E. Holling celebrated the marriage
of Miss Nellie E. Graham, daughter of
Mr. and Mrs. D. Graham, to Capt. W.
H. Porter. The bride, highly esteemed
by a large circle of acquaintances, has
been a valued employee of D. Spencer,
Ltd., millinery department, while the
groom has been for some time an offi-
cer in the C. P. R. Coasting service.
The groom was supported by an old
friend, Mr. J. G. Johnston, while Miss
Kirk and the Misses Hazel and Dor-
othy Kirk attended the bride. The bride
was becomingly dressed in silk voile,
with veil and orange blossoms, and
carried a shower bouquet of chrysan-
themums and ferns. The bridesmaids
wore silk crystalline and carried bou-
quets of chrysanthemums and carnations.
The groom's gifts to the brides-
maids were pearl brooches to Miss
Kirk and Miss Hazel Kirk, to Miss
Dorothy a pearl ring, and to the groom
a pearl stick pin. The house was
prettily decorated by Mrs. Kirk in ivy,
smilax and chrysanthemums entwined
in rope, in honor of the sailor groom.
Following the ceremony about fifty in-
timate friends sat down to a dainty
supper, at the conclusion of which all

English-Mail Closes December 10

**Solid Gold Links
and Locket for
"Him"**

ONE of the most appreci-
ated gifts you can give
the man is a pair of Gold
Cuff Links or a Locket for
his watch chain. We have
made special purchases of
these for our Christmas
trade. Many are of quite
exquisite patterns, in both
the bright and dull finishes.
We especially want you to
see our line of solid gold
Cuff Links, with engraving,
at \$4.50 the set—truly re-
markable value. The major-
ity of the Locketts are so de-
signed as to allow ample
room for the engraving of
lodge emblems, and prices
range from \$5.00.

Challoner & Mitchell Co. Ltd. JEWELLERS

1017 Government St., Victoria, B.C.

joined in drinking the health of the
bride, and several speeches were made
expressive of the good will and high
esteem in which both bride and groom
are held. Later in the evening a re-
ception was held at which a large
number of friends attended and wish-
ed the happy couple much good luck.
Misses Pickard, Sherk, Jennings,
Wales and Ricketts, assisted at the
reception. After a pleasant evening
spent in music and singing, the young
couple left for their new home, a
pretty bungalow on Pendergast street.
Captain and Mrs. Porter were the re-
spondents of many and costly presents,
among which were a handsome oak
hall rack for the officers and crew of the
steamer Charmer, and a magnifi-
cent oak salad bowl from Mrs. Ross
and the Misses Sherk, Jennings, Wales
and Ricketts, former business com-
panions of the bride.

THOUSANDS NOW USE THIS RECIPE FOR COUGH SYRUP

Easily Made at Home. Costs
Nothing If It Fails.

The speed with which this simple
home mixture takes hold of a cough
and conquers it will surprise you. The
recipe given below makes more and
better cough syrup than you can buy
ready-made for \$2.50.
Mix two cups of granulated sugar,
with one cup of warm water, and stir
for 2 minutes. Put 2 1/2 ounces of
Pinex (fifty cents worth) in a 16 oz.
bottle; then add the Sugar Syrup. It
keeps perfectly. Take a teaspoonful
every one, two or three hours.
This gives almost instant relief,
and usually stops a deep-seated cough
inside of 24 hours. Splendid, too, for
whooping cough, chest-pains, bron-
chitis, hoarseness, etc. The taste is
pleasant, and it is just laxative enough
to help cure a cough. Its tonic prop-
erties restore the appetite which a
cough tends to destroy.

This recipe is now used in thou-
sands of homes in the United States
and Canada. Its popularity has re-
sulted in many imitations—none of
them as good as the old successful for-
mula. It will not work unless you use
the pure, genuine Pinex, which is the
most valuable concentrated compound
of Norwegian white pine extract, and
contains the necessary quantity of
galicolic and other healing pine ele-
ments.
A guarantee of absolute satisfaction,
or money promptly refunded, goes with
this recipe. Your druggist has Pinex
or will get it for you. If not, send to
The Pinex Co., Toronto, Ont.

The Evening Chit-Chat

BY RUTH CAMERON

"If you want
to see a stun-
ning suit," said
the man with
me, "look over
there."
I looked. And
having a particu-
lar interest in
winter suits at
that time, I did
more than just
look. I analyzed.
And it
wasn't a re-
markable suit
at all. Just a very good looking
broadcloth trimmed with a fairly
handsome braid. Not in the least
more noteworthy than a dozen suits
that had passed quite unnoticed. But
the point was this: It was so stun-
ningly worn that it looked stunning.
The woman had a good figure and
she carried herself so splendidly that
the effect was that she was exception-
ally well-dressed.
The entire unconsciousness of the
man's tribute made me realize, any-
way that a vast difference carriage makes
in anyone's appearance.
Nothing sets off a good gown or re-
deems a poor one like a good carriage.
Take that same gown which our un-
known friend, with her springy step,
her shoulders squared, her head erect
and her abdomen well held in, made
appear such a stunning affair, and put
it on a woman who didn't know how
to stand and you would at once con-
vert it into a commonplace garment
which no one would look at twice.

Nothing gives a look of youth any
more than an erect carriage.
A man is as young as she looks, they
say. I think it might be added—and
both are as young as they stand.
The best ingredient of a good car-
riage is health, of course. Health natu-
rally expresses itself in a graceful,
lively, erect carriage. The healthy
man steps with a springy step, squares
his shoulders and holds his head up
because he feels so strong and fit that
he just couldn't stand and walk
any other way. It is harder without
this natural impetus to carry oneself
so well. But by due effort it can be
done and if it is done, I think the as-
sumption of a healthy carriage reacts
to create health. Step alertly, square
your shoulders and hold up your head,
and act as if you felt well, and you
will be more apt to feel well.
Do you step on the balls of your feet?
Do you throw your shoulders back?
Do you hold your abdomen in?
Do you hold your head high with
your chin in?
Do you breathe from your abdom-
en?
To combine five questions in one, do
you try to have that charm within the
reach of everyone but possessed by
very few—a good carriage?

a Draught to Good Account

Often in winter you dare not
open a window, even though the
room be warm, because the cold
air makes a draught that is dan-
gerous. With a Perfection Oil
Heater there need be no danger
from draughts.

Open the lower part of the
window a little, put the Perfection
Oil Heater in front of it, and the
cold draught will be turned into a
pleasant, healthful current of fresh
air. The

PERFECTION SMOKELESS OIL HEATER

Absolutely smokeless and odorless
gives just as much heat as you desire. It is safe, odorless and
smokeless. Has an automatic-locking flame spreader,
which prevents the wick from being turned high enough to
smoke, and is easy to remove to clean and drop back. Burner
body or gallery cannot become wedged, because of a new device
therefor; it can be easily and quickly unscrewed for reworking.

An indicator shows the amount of oil in the font. Has a cool
handle. Filler-cap is put in place like a cork in a bottle, and is
attached to the font by a chain. Finished in japan or nickel,
strong and durable, well-made, built for service, and yet
light and ornamental.

Don't Fail to Go and See Him

It is always good news for the afflicted of our city and surrounding district to hear of the coming of Mr. A. Clavierie, the distinguished specialist from Paris, who, during the two years he has been in Canada, has already relieved and cured so many unfortunate sufferers.

The name of Mr. A. Clavierie and the unexcelled merit of his Method and Apparatus are too well known in our district to speak at any length of their superiority.

Everybody for nearly 50 years in our district is acquainted with one or several persons who have secured from Mr. A. Clavierie, during his preceding visit, DELICIOUS COMFORT, ABSOLUTE SECURITY, STRENGTH and HEALTH.

The new visit which Mr. A. Clavierie will shortly make to our city will be a precious opportunity for all ruptured to grasp without hesitation; it will mean for them the beginning of a NEW LIFE.

DO NOT FORGET TO GO AND SEE MR. A. CLAVERIE. ABDOMINAL BELTS FOR WOMEN AND MEN. APPLIANCES FOR WEAKNESS AND DEFORMITIES OF LIMBS AND BACK. THE ONLY ONES OF THEIR KIND IN THE WORLD.

VANCOUVER ISLAND AND ITS FUTURE

Development Discussed by B. C. Mining and Engineering Record

Wherever you go on Vancouver Island to-day the air is filled with the sanguine satisfaction that this part of British Columbia is at last coming to its own, and that nowhere in the province will there be more marked progress and development within the next few years than on Vancouver Island, says the B. C. Mining and Engineering Record. The city of Victoria is building up rapidly both in the way of business blocks and residences, harbor improvements are being made by the Dominion government, who have undertaken the dredging of James Bay; shipping facilities are being extended and improved as witness the fine steamers now plying between Victoria, Malahat and Puget Sound points under the management of the Canadian Pacific and Grand Trunk Pacific railway companies. Dock accommodations are being increased, the new docks of the Grand Trunk Pacific at Victoria not being surpassed at any port on the Pacific Coast.

The C. P. R. have in hand considerable extensions to the E. & N. railway, bringing the ports of Victoria, Nanaimo and Ladysmith in touch with the interior and west-coast of the Island as they never have been. The proposed new branch of the E. & N. from Duncan to Cowichan Lake, and the extensions to Alberni and Comox will nearly double the extent of the railway transportation on the island as compared with what it has been.

Mining development is looking up. There is every reason to believe that the coal output will be trebled within the next three years and that the coal industry will achieve an importance hitherto undreamed of. Ladysmith, Nanaimo and Comox being the direct beneficiaries from this feature of progress. Near the metal mines behind the islands on the east coast are giving a good account of themselves. Texada Island has two paying copper mines. Valdez Island looks like getting in line with the copper producers. Mouta Silver is certainly not exhausted as a field of exploitation and the mineral zone stretches away to the north into territory comparatively unexplored. The prospecting that has been done on the west coast certainly indicates the probability of finding payable deposits of auriferous gravels. Copper prospects are abundant and promising. Building and monumental stone in the way of granite and marble is proved to exist in its entirety. The central range is comparatively unexplored. We think it was R. M. Marpole, executive official for the C. P. R., who recently expressed the opinion that Vancouver Island was an empire in itself and such will, we believe, prove to be the case within the next few years.

What is wanted is the settlement of the land and industrial development. The lumber industry is assuming great proportions. New railways are coming into the field. The C. P. R., since taking over the E. & N. grant, are doing their share towards promoting settlement. One cannot travel along the E. & N. line, or spend a few days among the suburbs of Victoria, and in the districts of Scotchman, Saanich, Chemainus, and in the towns of Ladysmith and Nanaimo, without feeling that a great movement is in the air. The fertile orchards and farm lands seem to invite the world to witness their attractions, and with climate and soil, forest and mineral wealth this land is abundantly blessed.

GAS, DYSPEPSIA AND INDIGESTION VANISH

Settles your out-of-order Stomach and ends all Indigestion five minutes later.

You can eat anything your stomach craves without fear of indigestion or dyspepsia, or that your food will ferment or sour on your stomach, if you will take a little Diapepsin occasionally.

Your meals will taste good, and anything you eat will be digested; nothing can ferment or turn into acid or poison or stomach gas, which causes belching, dizziness, a feeling of fullness after eating, Nausea, Indigestion (like a lump of lead in stomach), Bloating, Heartburn, Water-brash, Pain in stomach and intestines or other symptoms.

Headaches from the stomach are absolutely unknown where this effective remedy is used. Diapepsin really does all the work of a healthy stomach. It digests your meals when your stomach can't. A single dose will digest all the food you eat and leave nothing to ferment or sour and upset the stomach.

Get a large 50-cent case of Paper's Diapepsin from your druggist, and start taking now, and in a little while you will actually brag about your healthy, strong stomach, for you then can eat anything and everything you want without the slightest discomfort or misery, and every particle of impurity and Gas that is in your stomach and intestines is going to be carried away without the use of laxatives or any other assistance.

Should you at this moment be suffering from Indigestion or any stomach disorder, you can get relief within five minutes.

BRAZILIAN SAILORS MUTINY.

Report That Mutineers Opened Fire on the Capital.

London, Nov. 23.—Reports have been received by business houses here that part of the Brazilian fleet has mutinied. A private dispatch received at Barrow tonight says that the crews of the Brazilian warships mutinied and fired at the capital. The dispatch gave no further details. Apparently the mutiny was kept to give information as to the safety of several Barrow engineers, who accompanied the warships Minas and Sao Paulo from Espalado to Brazil.

The Brazilian legation here has received a dispatch that the outbreak was not a political nature. According to this dispatch the crew of a Dreadnought lying in the harbor mutinied against the officers. The government has taken the necessary measures to restore order. The battleship Sao Paulo with President-elect Marshal Ferraes Fonseca aboard arrived at Rio de Janeiro on October 25 from Lisbon. At that time the whole Brazilian fleet was in the harbor. The Marshal Fonseca was inaugurated president of Brazil on November 15, apparently under favorable conditions. Since then there have been no reports of trouble in the republic.

The Advance Man

"Madame X."

"Madame X," the celebrated drama of thrills and mother-love, which Henry W. Savage will offer at the Victoria theatre on Monday next, has made a deep impression and created a greater sensation than any other play of modern times. The fact that the play was the reigning sensation in Europe for over a year before its production in America paved the way for it here, although many foreign successes have failed in this country, but the inherent strength of "Madame X" saved it. From the moment of its first American presentation, last September, it has been the one topic wherever the theatre-goers congregate, and the story of the unhappy Jacqueline, who falls to the lowest depths of degradation but is reclaimed at last through mother-love, is known to every reading person in the land.

Mr. Savage brings "Madame X" here on the identical scale of impressive magnitude as was witnessed in Chicago and New York, and with a cast of conspicuous excellence, headed by Adelaide Dunlap in the title role, Howard Gould as Louis Floriot and Robert Ober, who will be seen as Raymond Floriot. Miss Dunlap's characterization of Jacqueline is regarded as one of the most realistic pictures of recent years on the American stage. To prepare herself for the depiction of "Madame X" Miss Dunlap spent several months in European hospitals and clinics, studying the effects of other upon the human system.

Ether-drinking, as is well-known, is the keynote of the character of the mysterious heroine of the play. It is a vice which has spread to such an extent in the past few years in European cities as to have engaged the earnest attention of scientists and sociologists. It is not confined to the very poor, for in the higher classes of society as well are found the victims of the drug. In the second act of "Madame X" Miss Dunlap gives a vivid picture of a woman saturated with ether, and her portrayal is so striking as to fascinate the beholder. In one of her transports she is moved to commit a murder, and the fact that she has killed a man in defence of an unknown son, reacts upon her later in the drama with telling force when this son, whom she left in his cradle, now grown to manhood is appointed, as a lawyer, to defend her when she is placed on trial for her life. Over one hundred people appear in this sensational court-room scene.

PASSING SHOW

New Grand Theatre.

Pat Reilly, who is playing "In the Days of '61'" at the New Grand theatre this week with Miss Flo Wells, became reminiscent yesterday of Victoria in the days of '62, and told how the Reilly-Woods company came to Victoria and landed from Seattle on an old wooden wharf. Worst of all, he came in a temperance boat and had to drink two bottles of Worcestershire sauce to assuage his Irish thirst.

The Reilly-Woods company came with a band and the ships of war were then in Esquimaux. Reilly, out of compliment and good advertising, had his bandmaster play "Rule Britannia," but another harp, named Cassidy, who was a member of the band, refused to come to time on the "Rule Britannia" music. He announced he had adopted America as his country and would be shot before he would play "Rule Britannia."

"He was not shot," said Reilly, "he was shanghaied, for some sailors off a British barque," then in the Royal Roads, heard of the affair, and decoyed Cassidy to a silent spot and there bound and gagged him and took him aboard. As far as our band was concerned he neither played "Rule Britannia" nor anything else, as I did not hear of him again till eleven years later, when I was in Southampton. There I was standing by one of these polished counters—you know the kind—and heard a map of Ireland telling the story of how he once had been shanghaied. It was Cassidy, and he told me they provided him with a cot on board ship and made him play "Rule Britannia" before his meals for two weeks."

It was about 1720, at Amsterdam, that Fahrenheit made his first thermometer, which has served as a model ever since.

Esquimaux and Nanaimo Railway Company

CLEARED LANDS

The cleared lots at Quaklum Beach, Newcastle District, are now on the market in tracts of from thirty to forty acres.

For plans and prices apply to L. H. SOLLY, Local Agent, Victoria, or L. E. ALLIN, Local Agent, Parksville.

SEALED TENDERS addressed to the undersigned, and endorsed "Tender for Construction of Two 180 Cubic Yard Wooden Dump Scows for Dredge, 'Mud Lark,' British Columbia," will be received at this office until 4:00 p. m., Friday, December 9, 1910, for the construction of the scows mentioned.

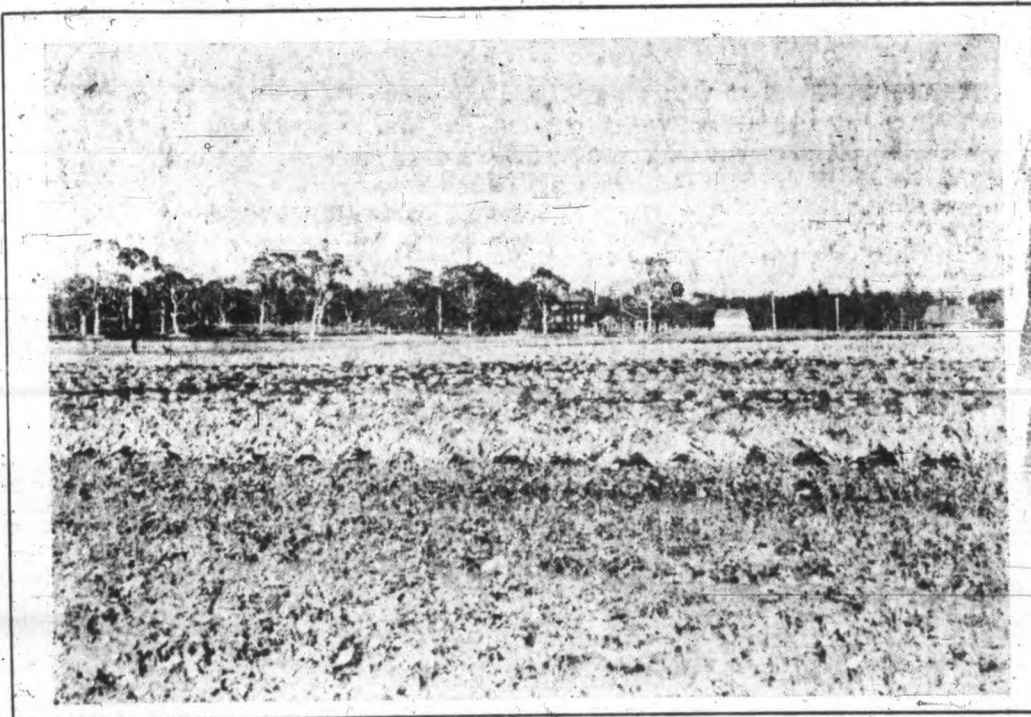

Garden Spots!

If you have a desire to own a little "Garden Patch"—a homeplace with some room for recreation and exercise in garden or lawn-making—we believe that you'll be better satisfied in Monterey Place lots than any others offered to-day.

The fact that this entire subdivision is under cultivation as a vegetable garden is proof of the quality of the soil. That the Chinamen chose this in preference to any other is more proof.

It has all been richly fertilized and thoroughly plowed this Fall and is ready for your garden or lawn.

And we can give you a lot 50x180 ft. with lane in rear—ample room for house, garden and lawn.

This illustration shows the property under cultivation. It doesn't do it justice—nothing short of a visit to the property can show you the richness of the soil and the state of cultivation.

Let us go out with you. There's no obligation to purchase incurred, so come in to-day and get plans and further particulars—learn of an excellent opportunity to secure an ideal homesite.

Prices start at \$550, on terms of 1/4 cash, and balance in 6, 12, 18, 24 and 30 months.

CITY OF VICTORIA

A complete list of Local Improvement Works, authorized by Bylaw, from time to time, will be found posted on the Bulletin Board at the main entrance to the City Hall.

A BY-LAW

A By-law to enable the Corporation of the City of Victoria to borrow the sum of \$700,000.00 or such amount as may be necessary for the purchase of the undertaking of the Esquimalt Water Works Company and the utilization thereof by the City of Victoria, by means of either registered debenture stock, or by debentures payable to Bearer.

WHEREAS the Corporation of the City of Victoria owns the water works property and system under which the citizens are supplied;

AND WHEREAS by the "Water By-law, 1909," No. 603, of the By-laws of the said Corporation, a frontage tax is assessed and charged upon the owners of lots or parts of lots in the City of Victoria, in through or past which a main water pipe of four inches in diameter, or over, shall run, and certain rates, rentals and charges are, by the said By-law fixed, and levied and made payable for the supply of water within and without the City;

AND WHEREAS the following sums have heretofore been specially charged upon water rates and charges:

- 1906 under By-law No. 491, \$17,000, repayable in 10 years.
- 1907 under By-law No. 507, \$8,000, repayable in 10 years.
- 1907 under By-law No. 524, \$5,000, repayable in 10 years.
- 1909 under By-law No. 615, \$125,000, repayable in 50 years.

Total \$155,000.
Interest on all above loans at 4% (four per cent). The total of annual interest and sinking fund being \$94,147.50, no part of which is in arrears.

AND WHEREAS for the purpose of extending the present Water Works system of the City of Victoria, it has been found necessary to take, appropriate and purchase the lands, premises, waters and the whole undertaking of the Esquimalt Water Works Company;

AND WHEREAS by the provisions of the Victoria City Water Works Act, Amendment Acts, 1909, Section 2, it is the duty of the Water Commissioner to first make an offer of purchase of not less than \$700,000.00, and in case the Company decline the same, to proceed to take, appropriate and purchase the said lands, premises, waters and undertaking by means of arbitration as set out in the Corporation of the Victoria Water Works Act, 1873, and all amendments thereto.

AND WHEREAS the estimated value of the water works system and property amounting to one million, four hundred and seventy-nine thousand, one hundred and fifty-seven and sixty-one hundredths dollars (\$1,479,157.61), to which sum will be added the value of the undertaking of the Esquimalt Water Works Company;

AND WHEREAS the estimated general revenue for the year 1910 of the present water works system is one hundred and forty thousand dollars (\$140,000.00) to which must be added all such additional revenue as may be expected to accrue by reason of taking over the holdings of the said Esquimalt Water Works Company.

AND WHEREAS the Corporation propose to guarantee the payment of the moneys borrowed under the authority of this By-law and the interest thereon.

AND WHEREAS in order to provide a sinking fund it will be necessary to raise the sum of six dollars and fifty-five cents (\$6.55) for every one thousand dollars of debentures or registered debenture stock issued.

AND WHEREAS in anticipation of the alternative issue of registered debenture stock hereby authorized, the Corporation of the City of Victoria has entered into an agreement with the Bank of British North America in London, England, of the principal moneys and interest moneys for the keeping by the said Bank, and for the fees payable upon transfers.

NOW, THEREFORE, the Municipal Council of the Corporation of the City of Victoria enacts as follows:

1. It shall be lawful for the Water Commissioner of the City of Victoria to tender to the Esquimalt Water Works Company the sum of \$700,000.00 for the lands, premises, waters and the whole undertaking of the said Esquimalt Water Works Company as mentioned in the said Act.

2. In case the said Esquimalt Water Works Company shall refuse the said offer, it shall be lawful for the said Water Commissioner to proceed to arbitration under the said Acts and Amendment Acts, and to adjust the price which the said Corporation of the City of Victoria shall pay for the said undertaking, according to the provisions of the said Acts.

3. It shall be lawful from time to time, as need may arise, for the Mayor and Council of the said Corporation to borrow upon the credit of the said Corporation of the City of Victoria by way of either registered debenture stock, hereinafter mentioned, from any person or persons or body or bodies corporate, who may be willing to advance the same, such sum as may be necessary for such of the following purposes as may be necessary, and for none other, namely:

- (a) To pay the amount of the tender if accepted.
- (b) To pay the amount of the award found under the provisions of the said Act.
- (c) To pay the costs of the said arbitration, being the costs of the said arbitration, and all legal costs, and all other costs in connection therewith, so far as the City may be called upon to pay the same.

(d) To pay the expenses connected with the preparation and engraving or lithographing of any registered debenture stock or the debentures and coupons, or any discount or commission, or any other charges incidental to the sale of the said debentures or to the sale of the said debenture stock.

(e) To pay such amount as may be necessary to connect the water system now owned by the said Esquimalt Water Works Company with the system now owned and operated by the said Corporation.

4. The said sum so ascertained, as aforesaid, may be borrowed, or raised by the creation and issuance of registered debenture stock, either in dollars or in pounds sterling, at the rate of \$4.86 2/3 to the pound sterling; to be called "Victoria, B. C., Water Works Debenture Stock."

5. The certificate of the registered debenture stock shall be in the form given in the schedule to this By-law, or as nearly thereto as may be convenient, and shall be in amounts of pounds sterling, carrying interest at the rate of four per cent per annum payable half-yearly on the twenty-first day of January and the twenty-first day of June in each year, at the Bank of British North America in the City of London, England, and the principal of the debenture stock shall be repayable at the expiration of fifty years from the day after the date of the final passing of this By-law.

6. The registered debenture stock shall be in such amounts, not being less than one pound sterling, as the Mayor and Council of the Corporation of the City of Victoria may from time to time direct, and the said certificates shall, in the first instance, be signed by the Mayor and the Clerk of the Corporation and sealed with the seal of the Corporation and upon any transfer, may be signed by any two officials of the Bank of British North America, London, England, designated and authorized, in that behalf of the Court of Directors, of that Bank.

7. It shall be lawful for the Mayor and Council of the said Corporation to dispose of the registered debenture stock at a rate below par, and to authorize the City Treasurer to pay out of the sum raised by the sale of the said registered debenture stock all expenses connected with the preparation and printing of this By-law, and of the debenture stock certificates, and all incidental expenditures and English government stamp duties, and any discount, commission or other charges incidental to the sale of the said registered debenture stock.

8. A register shall be kept of the debenture stock created under the authority of this By-law by the Chief Cashier of the Bank of British North America in London, or the person for the time being holding that position, under the authority of the Court of Directors of the said Bank, and in such register there shall be inscribed the name and address of the holder of each certificate of registered debenture stock issued hereunder, as well as the original holder, as each transferee thereof, and a duplicate of such register shall be kept by the City Treasurer at the City Hall, Victoria, British Columbia; such duplicate being, however, for the use only of the Corporation, and the provisions for the keeping of the same shall in no way affect the rights or interests of the holders of the debenture stock.

9. The said Bank of British North America is hereby empowered to issue out under the hand of any officer authorized by the said Bank in that behalf, certificates of debenture stock upon transfer to any transferee upon proper proof of transfer in accordance with the provisions of this By-law.

10. There shall be endorsed on each certificate of registered debenture stock the conditions in the schedule hereto from 1 to 19 inclusive, and said conditions shall be binding upon the Corporation of the City of Victoria and upon each and every holder of registered debenture stock issued pursuant to the authority herein contained.

Provisions for the issue of Debentures to Bearer

11. Instead of raising the authorized sum as ascertained as aforesaid by way of registered debenture stock under the foregoing provisions it shall be lawful for the Mayor and Council of the Corporation of the City of Victoria to borrow upon the general credit of the said Corporation by way of Bearer debentures hereinafter mentioned, from any person or persons, or body or bodies corporate, who may be willing to advance the same as a loan, the sum authorized by Section 2 of this By-law in currency or sterling money, at the rate of \$4.86 2/3 to the one pound sterling and to cause all such sums so raised or received to be paid into the hands of the Treasurer of the said Corporation with the object and only for the purposes hereinafter recited.

12. It shall be lawful for the said Mayor and Council to cause any number of debentures to be made, executed and issued for such sums, as may be required, as aforesaid, either in currency or sterling money (at the rate of \$4.86 2/3 to the one pound sterling), each of the said debentures being of the amount of one thousand dollars or its sterling equivalent (at the rate aforesaid) with one debenture for an odd amount should such be necessary; and all such debentures shall be sealed with the seal of the said Corporation and signed by the Mayor thereof.

13. It shall be lawful for the said Mayor and Council in their discretion to alternatively cause each of the said debentures to be made, executed and issued for an amount of not less than one hundred pounds sterling, or for a less sum in sterling money to complete the authorized issue.

14. The said debentures shall bear date of the day after the date of the final passing of this By-law, and shall be payable in fifty years from the

said date at such place, either in the Dominion of Canada, Great Britain or the United States of America, as may be designated thereon, and shall have attached to them coupons for the payment of interest and the signatures to the interest coupons may be either written, stamped, printed or lithographed.

15. The said debentures shall bear interest at a rate of four per cent per annum from the date thereof, which interest shall be payable half-yearly at such place, either in the Dominion of Canada, Great Britain or the United States of America, as may be expressed in the debentures and coupons.

16. It shall be lawful for the said Mayor and Council to cause the said debenture and interest coupons, either in dollars or in pounds sterling, at the rate of \$4.86 2/3 to the pound sterling, to be called "Victoria, B. C., Water Works Debenture Stock."

17. It shall be lawful for the Mayor and Council of the said Corporation to dispose of the said debentures at a rate below par, and to authorize the City Treasurer to pay out of the sums so raised by the sale of the said debentures, all expenses connected with the preparation and engraving or lithographing of the debentures and coupons, or any discount or commission or other charges incidental to the sale of the said debentures.

General Provisions

18. So much of the moneys collected for and received by the City Treasurer under the provisions of the Water By-law, 1909, No. 603, or under any by-law in substitution for or amending the same or under any form of revenue from the water works system as shall be sufficient, in addition to the annual interest, and sinking fund on existing loans as herein recited, to provide the annual interest on the moneys from time to time borrowed on the security of the registered debenture stock or of the debentures issued hereunder and the annual sinking fund for the payment of the principal moneys due upon the registered debenture stock, or upon the Bearer debentures issued hereunder, whichever form of security is issued hereunder, shall be set aside by the City Treasurer and placed to a separate account with the Bank of the Corporation, and thereout shall be paid the interest upon the registered debenture stock, or Bearer debentures, or other moneys borrowed hereunder, at the same time and to the same time respectively fall due and the moneys to provide the said annual sinking fund shall be placed on deposit with the interest thereon shall be allowed to accumulate and thereout shall be paid the principal moneys borrowed as the said debenture stock or Bearer debentures issued hereunder shall from time to time respectively become due. Provided, however, that it shall be lawful for the Council, out of the said accumulated sinking fund, at any time to purchase at the market value, but in no case to exceed the par value, of the debenture stock or debentures issued under the authority of this By-law for the purpose of extinguishing so much of the debt.

19. The present and future water works system and property and the waters of the Corporation of the City of Victoria, and the taxes and rates, rentals and charges and general revenue of the water works system are hereby charged, pledged, mortgaged and hypothecated to the several holders of the registered debenture stock if issued hereunder or to the several holders of the debentures issued hereunder, to be created and issued under the authority of this By-law for the repayment of all moneys raised hereunder and the interest thereon subject to the encumbrances hereinafter recited. The Corporation of the City of Victoria do further guarantee the moneys and the interest thereon to be raised under authority of this By-law. The terms of the guarantee shall be contained in each stock certificate and debenture to Bearer in the following terms, or as nearly thereto as may be:

"The payment of the principal moneys and interest thereon of this debenture (stock) at the respective dates when the same fall due under the terms (endorsed hereon) therein contained is hereby guaranteed by the Corporation of the City of Victoria."

20. The Treasurer of the Corporation is hereby instructed and required to set aside out of the water rentals or other available funds of the said water works system upon the 31st day of December, in each year during the whole currency of the debentures or the registered debenture stock the sum of six dollars and fifty-five cents (\$6.55) for every one thousand dollars of debentures or registered debenture stock issued under the authority of this By-law, and to place the same to the credit of the said Corporation in the Bank of British North America, or otherwise in accordance with the terms and provisions of the Municipal Clauses Act, respecting the investments of sinking funds, as a sinking fund for the repayment of the said debentures or registered debenture stock as and when the same shall mature and become payable, and if it shall be found that the said water rentals or other available water revenue shall not be sufficient to make up the said amount after the paying of the outgo necessarily incidental to the management of the said works, then, and in such case, the Treasurer is hereby authorized, required and instructed to allocate the said amount or so much thereof as may be found necessary from time to time, out of the general revenues of the Corporation so that in each year the full sum of \$6.55 for every one thousand dollars of debentures or registered debenture stock issued as aforesaid shall be set apart, deposited or invested as aforesaid for such sinking fund.

21. This By-law may not be altered, repealed or varied without the assent of the Lieutenant-Governor-in-Council, of the Province of British Columbia, previously had and obtained.

22. This By-law shall take effect after the day on which this By-law shall be finally passed, and may be cited as the "City of Victoria, B. C., Water Works Loan By-law, 1910."

The Schedule in this By-law Referred to.

Conditions to be Endorsed on Registered Stock Certificates

1. The stock is limited to (here insert amount of total issue), or its equivalent in pounds sterling, and may be issued to such persons and on such terms, and either at par, or at a discount, or at a premium.

2. On the day of 1910, corresponding to the date of the day after the final passing of this By-law, the Corporation covenant with the registered holder, to pay to the registered holder for every one pound of the stock the sum of one pound sterling money at the Bank of British North America in London, England.

3. The stock shall carry interest at the rate of four per cent per annum, and the Corporation will pay to the stockholders interest on the respective holdings of stock at the rate of four per cent per annum; such interest will be paid half-yearly on the twenty-first day of January and the twenty-first day of June in each year for fifty years hereafter, at the Bank of British North America, London, England. The first payment thereof to be made on the twenty-first day of June, 1911.

4. Every original holder of an interest in the stock will be entitled to a certificate bearing the signature of the Mayor of the Corporation and the seal, stating the amount of the stock held by him, and every such certificate shall refer to the said By-law and be in the form, or to the effect following:

Province of British Columbia
City of Victoria
Under authority of Municipal Clauses Act and Amending Acts, and Victoria City Water Works Act, No. _____

(Insert amount of total issue) (or its equivalent in pounds sterling), Debenture Stock, 1910, bearing interest at the rate of every twenty-first day of January and the twenty-first day of June issued pursuant to "The Water Works Loan By-law, 1910," No. _____ of the Corporation of the City of Victoria.

The stock is redeemable at par (on the date of the year 1960, corresponding with the date of the day after the final passing of the above By-law), for which provision is made by a sinking fund.

This is to certify that _____ is the registered holder of _____ pounds sterling of the above mentioned stock, which stock is constituted and secured by the By-law of the Corporation of the City of Victoria, British Columbia, finally passed on the _____ day of _____, 1910, and numbered _____, charging the water works system, and property, and the taxes and rates, rentals and charges, and the general revenue of the water works system and the waters of the Corporation, with the guarantee of the Corporation, and said stock is issued subject to the provisions contained in the said By-law as endorsed hereon.

Given under the Corporate seal of the Corporation of the City of Victoria this _____ day of _____, 1910.

N.B.—This certificate must be surrendered before any transfer of the whole or any part of the stock is effected, in which case the same shall be registered. No fraction of one pound can be transferred.

4. Save where herein otherwise provided the Corporation will recognize the registered holder of any stock, his executors or administrators as the absolute owner thereof, and all persons may act accordingly, and the Corporation shall not, save as herein otherwise provided, be bound to take notice of any trust or equity affecting the ownership of the stock, or the rights incident thereto, and the receipt of such registered holder, his executors or administrators for the interest from time to time accruing due in respect thereof, and for any moneys payable under the redemption of the same, shall be a good discharge to the Corporation.

5. In case of the death of any of the joint holders of any registered stock, the survivor will be the only person recognized by the Corporation as having any title to, or interest in, such stock.

6. A body corporate may be registered as the holder or one of the holders or joint holders of stock.

7. Every holder of registered stock will be entitled to transfer the same, or any part thereof not involving a fraction of one pound, by an instrument in writing in the usual common form.

8. Every instrument of transfer must be signed by both the Transferor and the Transferee, and the Transferee shall be deemed to remain the owner of such stock until the name of the Transferee is entered in the register hereinafter mentioned in respect hereof.

9. Every instrument of transfer must be left at the Bank of British North America in the City of London, England, for registration, accompanied by the certificate of the stock to be transferred, and such other evidence as the Bank may require to prove the title of the Transferee, or his right to transfer the stock, and thereupon the Transferee will be recognized as entitled to the stock free from any equity, set-off or claim of the Corporation, or the said Bank as its agent, against the Transferee.

10. All instruments of transfer and the stock certificate which shall be registered will be retained by the said Bank, and a new certificate or certificates will be handed out to the Transferee by the Bank of British North America in London as authorized in the above By-law signed by the proper officials of said Bank.

11. A fee of not exceeding two shillings and sixpence will be charged for the registration of each transfer, and must, if required by the

Bank, be paid before the registration of the transfer.

12. No transfer shall be registered during the fourteen days immediately preceding the twenty-first day of January or twenty-first day of June in each year.

13. The Executors and Administrators of a deceased holder of registered stock (not being one of several joint holders) shall be the only persons recognized by the Corporation as having any title to such stock.

14. Any person becoming entitled to registered stock in consequence of the death or bankruptcy of any holder of such stock, upon producing such evidence that he sustains the character to act under this condition, or of his title, as the said Bank shall think sufficient, may himself be registered as the holder of such stock, or subject to the preceding conditions as to transfer, may transfer such stock.

15. The said Bank shall be at liberty to retain the interest payable upon any share of registered stock in respect of which any person under the last preceding condition is entitled to transfer until such person shall be recognized or have duly transferred the same.

16. On the back or fold of the stock certificate the following shall be printed:

No. of certificate.
Name and address of Owner.
Date of transfer.
Name and address of Transferee.
No. in Register.

17. The interest upon any registered stock may be paid by cheque sent through the post to the registered address of the holder, or, in case of joint holders, to the registered address of that one of the joint holders who is first named on the Register in respect of such stock. Every such cheque shall be made payable to the order of the person to whom it is sent, and payment of the cheque shall be a satisfaction of the interest.

18. The receipt of any registered holder of any stock shall be as effective a discharge to the Corporation as if the person were the sole registered holder.

19. If any certificate be worn out or defaced, then upon production thereof to the Corporation the same may be cancelled, and a new certificate be issued in lieu thereof. In case of loss, then upon proof to the satisfaction of the Corporation, or on default of any proof, on such indemnity as the Corporation deem adequate being given, a new certificate may be given. The fee for a new certificate shall be one dollar and also all English stamp duties on the further certificate.

Interpretation Clause

20. "Stock," "Debenture Stock," "Registered Debenture Stock," means the issue authorized by the City of Victoria, B. C., Water Works Loan By-law, 1910, No. _____ of the Corporation of the City of Victoria, British Columbia.

Words denoting the male include the female, and the singular includes the plural.

"Register" means the register at the Bank of British North America in London, authorized by the above By-law.

"Corporation" means the Corporation of the City of Victoria, British Columbia.

"Registration" is complete only when the required particulars are entered in the Register.

"Share of Stock" or "Share of Registered Stock" means the designated amount of the stock named in the stock certificate dealt with (not being less than 2/3 of a pound).

"Bearer" means the lawful owner having possession of and producing the debenture.

"The Interest" means the half-yearly interest of four per cent per annum payable by the Corporation of the City of Victoria in respect of the stock issued under the authority of the above By-law.

"Municipal Council" means the Municipal Council of the City of Victoria, British Columbia.

"TAKE NOTICE that the above is a true copy of the proposed By-law, upon which the vote of the municipality will be taken in the Building known as Nos. 1417 to 1419 Broad Street (Meston's Carriage Works) on Thursday, the 24th day of November, 1910, that the polls will be kept open between the hours of 9 o'clock a. m. and 7 o'clock p. m., and that W. W. Northcott has been appointed the Returning Officer of the said vote."

GOOD PROGRESS MADE ON G. T. P.

Track Will Probably Be Laid to Hazelton in Early Spring

E. J. Chamberlin, general manager of the Grand Trunk Pacific railway and the chief engineer, B. B. Keillor, passed through Vancouver the other day on the through Vancouver to Hazelton. Mr. Chamberlin expressed the opinion that the end of 1912 will see the completion of the new trans-continental highway.

"The object of my trip to the coast at this time is for final inspection for the year of the various works we have under construction," said Mr. Chamberlin. "I am going directly through to Prince Rupert and from there to the end of the track, which is something over 100 miles east of Prince Rupert. This will depend on as far as Hazelton is concerned. The weather conditions above Kitlasia. The track is now at the end of the finished grade and will be delayed for some time waiting the completion of three large tunnels near Kitlasia Canyon. It is expected these will be finished so that the track may be laid to Hazelton in the early spring. Work will be carried on vigorously the entire winter in the tunnels and other rock work at the Fort-George-Vancouver line," Mr. Chamberlin said. "There was no news to give out, as our engineers are still in the field, and we will have no definite information until they return and make their report."

"The line on the east end is now nearly two hundred miles west of Edmonton, and we hope before the end of January to have the track at the Athabasca River, the entrance to the Yellowhead Pass. Work from there to the Yukon is very heavy, mostly rock, and will be carried on vigorously all winter," said Mr. Chamberlin.

"The line east from Winnipeg to Fort William is nearing completion, and we have been hauling grain over it since about October 1. It is expected that it will be ready for passenger traffic early in the spring of 1911.

"The work has progressed remarkably well on the transcontinental during the past season, and there are many long stretches of track at the present time. For instance, south of North Bay, what is known as the Abitibi section, there will be 250 miles of track in one section next season; west of Quebec there is already 200 miles of track completed, and the line from Lewis to Montreal is also nearing completion, and it is hoped will be ready for service at the end of next year.

"If the good progress is continued which has existed the present year, the track should be connected up by the end of 1912, but, of course, there will be much work to do to complete the railway after the line is connected.

"The labor situation is somewhat improved all around, but there must necessarily be a stringency in the labor market until many of the large works which are now under way are completed. For instance, this company, in addition to its main line work, have six branches under construction on the prairies, aggregating a mileage of something like 1,000 miles. In

AFTER DOCTORS FAILED

Lydia E. Pinkham's Vegetable Compound Cured Her.

Toronto, Canada.—"I shall endeavor to describe to you how I felt before I began taking Lydia E. Pinkham's Vegetable Compound. I scarcely knew what it was to be well. I had awful bearing-down pains and usually before my monthly periods I suffered terribly and had to go to bed. I was not able to walk across the floor the pain was so bad. I doctored for a long time, but the doctor's treatment did not do me any good. I gave up all hopes of ever being well again until one day my husband saw the Compound advertised in the paper. He decided to get me a bottle, and I am thankful he did. I had not taken one bottle before I began to feel better, and I kept on taking it until now I am a different woman. It also helped me during maternity and childbirth. I can thoroughly recommend my Vegetable Compound to any woman who is afflicted with female troubles."

Mrs. J. M. TWEEDALE, 138 Nassau St., Toronto, Canada.

The success of Lydia E. Pinkham's Vegetable Compound, made from roots and herbs, is unparalleled. It may be used with perfect confidence by women who suffer from displacements, inflammation, ulceration, fibroid tumors, irregularities, periodic pains, backache, bearing-down feeling, flatulency, indigestion, dizziness, or nervous prostration.

In addition to this, the Canadian Pacific and Canadian Northern are carrying on a large amount of construction work, all of which tends to keep the labor market short.

FIELD DAY FOR THE LOCAL BOY SCOUTS

Suburban Troops Will Endeavor to Carry Despatches Through Lines

The Boy Scouts of Victoria and the suburbs will hold a field day on Saturday, when the city troops, A, B, C, E, G, H, L, M, and D, will be in the field against the suburban troops, J, K, F, N, and in a dispatch-running contest. The general idea is as follows:

The suburban troops will assemble at their respective headquarters. Four dispatches addressed to the commissioner at the drill hall and signed by their scoutmaster will be given to each patrol leader. The patrol leaders will distribute the dispatches among the scouts, as thought best, who may conceal them on their person. No scout may have more than one dispatch. Scouts will immediately make their way to the drill hall and deliver their dispatches.

The city troops will watch the boundaries as follows to intercept the dispatches:

- A. From Foul Bay to Oak Bay avenue.
- B. Oak Bay avenue to Fort street.
- C. Fort street to King's road.
- D. King's road to Cedar Hill road.
- E. Gorge to harbor waterfront.
- G-H. Cedar Hill road to Douglas street.
- I-M.—Douglas street to the Gorge.

The rules, according to a memorandum issued by Lieut.-Col. J. A. Hall, scout commissioner for British Columbia, will be as follows:

- 1. Uniform must be worn. The suburban troops will wear a piece of green in their hats not less than three inches long.
- 2. A suburban scout touched by a city scout is captured and must submit to be searched for his dispatch, but must not be detained more than five minutes.
- 3. Scouts can only be captured within one hundred yards of the city limits.
- 4. No scout may use any tramcar, bicycle or other vehicle during the operations.
- 5. Operations will commence at 2 p. m. and will cease at 4 p. m., when all scouts will proceed to the drill hall.
- 6. All captured dispatches will be given to the commissioner at the drill hall.
- 7. One mark will be awarded for each dispatch delivered by suburban troops. One mark will be awarded for each captured dispatch handed to the commissioner by the city troops.

WEEKLY WEATHER REPORT.

Victoria Meteorological Office.
15th to 22nd November, 1910.
Victoria—Total amount of bright sunshine, 2 hours and 24 minutes; rain, 2.51 inches; highest temperature, 52 on 16th; lowest, 38 on 16th.

ENGLISH PEOPLE MAKE WAR ON RATS

Cases of Plague Found in Suffolk Rouse Residents of That County

Twenty thousand rats up to the present—that is the total number of casualties in the great rat war entered upon in Suffolk, England, as the result of the four fatal cases of plague at the village of Preston. The estimate was given to me by a skilled rat-catcher engaged in the campaign. The figure applies to the numbers killed in the forty acres of Ipswich docks and the countryside by poison, ferrets, and traps.

And still the rat-catchers come. You can tell them by their leggings, their spoon-sticks, and their bags. It is expected that many London rat-catchers will go down to give temporary aid to the forty rat-catchers now busy. The war is spreading, for the Great Eastern Railway has set rat-catchers at work upon the railway banks between Ipswich and Bentley and Ipswich and Bramford, which latter section is really beyond the affected area. In addition to this, Mr. Chas. Eley, of East Bergholt Place, has called a number of landowners in the district between Manningtree and Washbrook—which places have been considered free from infection up to the present—to a meeting in Ipswich on Tuesday next to consider how they can co-operate in the slaughter.

Rat clubs have now been formed all over the Orwell peninsula, upon the lines of the Suffolk sparrow clubs. Members of these clubs pledge themselves to "kill in whatever way possible all the rats I can upon my land or in my buildings." These amateur organizations can and will do valuable service in the crusade. People far away from this rural and picturesque corner of Suffolk can gain an idea of how deeply the curse of the rats, which brought the pneumonic plague, is felt from the fact that the local clergy have discussed the advisability of pressing home the pulpit on Sunday, the sermon on the villagers that matters are more serious than they are apt to believe and that the war must be carried on at all costs.

At the village of Stutton they are doing things by full measure. A massacre of the domestic cats is in progress. Cats which are the pride of families have met an untimely doom because they did their duty and were rat-killers. The rector led the way. When his cat became ill he had it poisoned. This cat has now gone to be examined for the virus bacillus.

No rabbits or ground game have been eaten in Ipswich for days. Fear owing to the scare arising from scores of rabbits and hares having been found dead in the infected country. Rabbits were offered for sale in the town at 3d. but found no purchasers.

The Great Eastern Railway Company intend that no rabbits or hares shall be accepted from the locality for conveyance. "We are doing everything possible," said a district railway manager, "to help the local authorities to isolate the infection. The warning notices emphasizing the danger of rabbits as food have been posted at our local stations and the stationmasters instructed to take all care in accepting goods from the peninsula." Free poison can be had at the Ipswich docks by persons approved by the medical officer, and sanitary inspectors are helping in the laying of it.

FAMILY MURDERED.

Murderer Sets Fire to House in Effort to Conceal Crime.

Maryville, Mo., Nov. 23.—Ola Hubbell, a farmer living near Barnard, Mo., his wife and two children were shot and killed at their home by an unknown person who set fire to their house to conceal the crime. Hubbell and his wife were each 30 years old and their children were Jessie, a girl, and Welton, a boy, aged 6 and 4 respectively. This constituted the entire family.

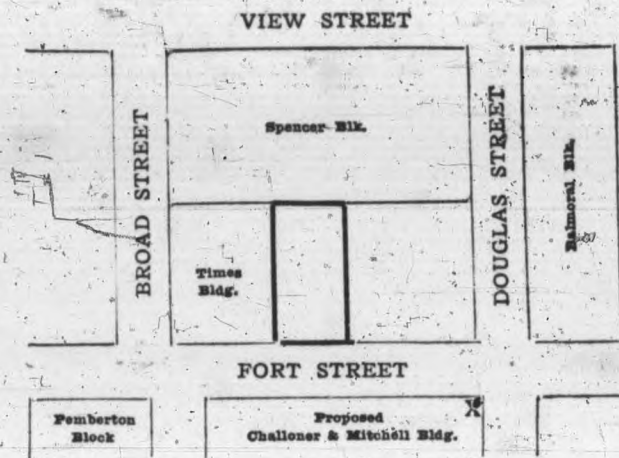

Neighbors heard shots at the Hubbell home, but no one made an effort to see the cause. At midnight it was discovered that the house was burning, and all the people in the neighborhood gathered to extinguish the flames. When this was accomplished the charred remains of the two children were found in a bed in their room, where it was evident they had been killed while sleeping. Hubbell's body was found lying on the floor of another room and his wife's body in bed, where she had been shot without warning. It is believed that Hubbell had a struggle with the murderer. A pool of blood outside the house indicated that he had been shot there and his body dragged inside after he was killed.

MARIE CORELLI'S MOTOR.

Marie Corelli, who in several of her books attacks the "road-hog," has bought a motor car, which has been built to a design she herself approved. In "Holy Orders" Miss Corelli describes a motor mishap, speaking of the "deadly smoothness and swiftness" of the car's final rush. One of the incidents of "The Treasure of Heaven" is a fierce struggle between Lord Wrotham and the gipsy, Tom of the Glean, whose idolized child has been killed by the Peer's car.

Miss Corelli's latest book, "The Devil's Motor: A Fantasy," depicts the devil going forth in a combination of aeroplane and motor car leading the forces that are destined to ruin the world.

Ivory may be bleached in a bath of unslacked lime, bran and water, after which it should be rubbed with dry sawdust.

BI-PLANE DEFEATS AUTO

Grahame-White Wins Four-Mile Race In 7 Minutes, 46 Seconds

Philadelphia, Nov. 23.—Miss Eleanor Sears of Boston, and Miss Violet Ridgway, well known in society here and in New York, were passengers with Claude Grahame-White in his Farman bi-plane in flights yesterday at the meet of the Aero club of Pennsylvania.

Clifford B. Harmon, the amateur flyer, also made his first flights here. Mr. Harmon took up Samuel King, the veteran balloonist, for a short flight.

Grahame-White made a trip at League Island in his bi-plane, and defeated an automobile driven by Harvey Ringler in a four-mile race, covering the distance in 7 minutes and 46 seconds.

The English aviator also made a flight in his Bleriot mono-plane.

FLAG PRESENTED TO BOY SCOUTS
Nelson Corps Receives Colors From Chief—Reward for Life Saving

Nelson, Nov. 24.—Two interesting presentations were made at the recent Conservative banquet here. After the guests had assembled six patrols of the First Nelson Corps of Boy Scouts, under Scoutmaster Powell, marched up the aisles of the chamber and halting, saluted Premier McBride, who had risen.

Mr. Chairman, Mr. Scoutmaster and Nelson Corps of Boy Scouts, said the premier, "I am pleased to-night to be the recipient of the honor of presenting to you this flag sent to your corps by the Chief Scout. It was my privilege a few weeks ago in Victoria, to take part with your leader, in addressing in the Victoria theatre one of the greatest audiences that ever assembled in British Columbia. All we have heard or read of the Boy Scout movement did not compare with what we learned here that magnificent lecture from the lips of the leader himself, regarding the extent and the value of the work accomplished through that movement."

It is a very, very great honor indeed that the citizens of Nelson have conferred upon me, in giving me the privilege of presenting to Ira M. Lindsay the medal awarded him by the Canadian Royal Humane Society for bravery in saving the life of one of the citizens of Nelson in nearby waters. Not many months ago Mr. Lindsay was coming down the arm in his launch, when he espied a man in distress in the water near the park. He immediately stopped his launch, which was in full career, sprang overboard, swam to the man, brought him back to the boat and saved his life. All honor to Mr. Lindsay. Mr. Lindsay, you are a credit, not only to your town, but to the whole province.

During the period navigation is closed on the Yukon River this Company's stages operate between White Horse and Dawson, carrying freight and passengers. For further information apply to Traffic Department, W. P. & Y. R., Vancouver, B. C. 405 Winch Building.

Uncle Walt
The Poet Philosopher
A FEW DON'TS.
Don't talk about the prize you'll win, or how you will pursue it, for boasts are like the clank of tin; don't talk—get down—and do it. Don't say you'll cut the habits out, that make your friends uneasy; just turn your conduct face about—for talk is cheap and wheezy. About your seedy clothes don't talk, and say you'll soon be tony; get the sort of fads that knock— for promises are phoney. Don't make some wild and foolish break and then beg people's pardon; such conduct makes them fairly wince to plant you in the garden. Don't try to tell a funny tale to friends who may be busy, or they will say you'd be in jail if peepers were not dizzy. Don't talk about your own concerns to one who's in a hurry; he doesn't care three tinkers' derns about your nose and worry. Don't blow a damp, hang-over breath into your neighbors' faces, or they will wish that Colonel Death would take you where his place is. Don't talk, unless the thing you say is truly worth the trouble; for work's the stuff that puts up hay and talk is but a bubble.

NOTICE

IN THE COUNTY COURT OF VICTORIA, IN PROBATE, IN THE MATTER OF THE WILL OF CLIVE THOMPSON, DECEASED, AND IN THE MATTER OF THE OFFICIAL ADMINISTRATION ACT.

Notice is hereby given that, under an Order made by His Honor Judge Lippmann, dated the 21st day of October, A. D. 1910, in the undernamed, was appointed Administrator of the Estate of the above deceased.

All persons having claims against the said Estate are hereby requested to send particulars of such claims to me on or before the 30th day of November, 1910, and all persons indebted to the said Estate are required to pay such indebtedness to me forthwith.

Dated at Victoria, B. C., this 26th day of October, A. D. 1910.

WILLIAM MONTEITH, Official Administrator.

SHERIFF'S SALE

Under and by virtue of a Writ of Fieri Facias issued out of the Supreme Court of British Columbia, and to me directed in an action wherein Ambrose S. T. Ogilby is plaintiff and Stephen White is defendant, I have seized and taken possession of the goods and chattels of the defendant contained in and upon the premises occupied by the said defendant, known as "White's Stables," View Street, Victoria, consisting of 3 white tally-ho's, 6 seats each, 1 hack, 3 single buglies, 1 double buggy, 10 horses, harness, etc., and will offer the same for sale at public auction on the premises, No. 331 View street, on Friday next, November 25th, at 10.30 a. m.

F. G. RICHARDS, Sheriff.

Sheriff's Office, Victoria, November 24th, 1910.

TENDERS

SEALED TENDERS addressed to the Secretary, Department of Indian Affairs, Ottawa, and marked on the envelope "Tender for Alert Bay Girls Home," will be received up to noon, December 31, 1910, for the erection of a frame boarding school building at Alert Bay (Cormorant Island), B. C.

Plans and specifications may be seen at the offices of T. F. Neelds, Inspector of Indian Agencies, Vancouver; W. E. Ditchburn, Inspector for Indian Agencies, Victoria; and W. M. Halliday, Indian Agent, Alert Bay.

Each tender must be accompanied by a certified cheque made payable to the undersigned for a sum equal to five per cent of the amount of tender. The cheque will be forfeited if the person tendering declines to enter into a contract when called upon to do so. If the tender is not accepted the cheque will be returned. In the event of acceptance of the tender the cheque will be held until the contract is signed, when it will be returned.

The successful tenderer will be required to furnish a bond in satisfactory form for a sum equal to the amount of the contract.

The lowest or any tender not necessarily accepted.

The unauthorized insertion of this advertisement in any newspaper will not be paid for.

J. D. McLEAN, Secretary, Department of Indian Affairs, Ottawa, October 24th, 1910.

Notice

Tenders are invited for the erection and completion of an Exchange Building at Kitilano, Vancouver, B. C., for the B. C. Telephone Company. Plans and specifications can be seen at the architect's office, 236 Cotton Building, Vancouver. Bids to include all trades on bloc (excepting steel construction) and be marked "Tender," and sealed and delivered on or before the 30th day of November. The successful tenderer will be required to furnish a bond in satisfactory form for a sum equal to 15 per cent of the total contract sum.

The lowest or any tender will not necessarily be accepted.

A. ARTHUR COX, F.R.I.B.A., Architect, Vancouver.

CAFE CHANTANT IS DRAWING CROWDS

Splendid Programme of Entertainment is Being Given at Institute Hall

Last evening the cafe chantant presented another most enjoyable entertainment, fully equal to, if not better, than the initial performance. The moon song scene from San Toy, put on so charmingly the first evening by Mrs. H. Dallas Helmcken, was repeated by special request. Mrs. Roy Troup as soloist won fresh laurels for herself, and Miss Erminie Bass did a pretty dancing turn in the costume of a Geisha girl.

A most enjoyable feature of last evening's entertainment was "Cupid's Telephone," a song from the musical comedy, "Havoc," put on by Mrs. Fagan and Mrs. Beauchamp Tye. Miss Inez Zimmerman, who so charmed her audience on Tuesday evening, gave last evening the Scottish sword dance, accompanied by two bag pipers. This was, if possible, even more appreciated than her first performance.

The different tableaux put on by Mrs. Harry Pooley were received with well-merited applause, and an especially good turn was that of "A Bachelor's Dream," in which the part of the bachelor was played by Mr. Rose, who was represented sitting asleep, listening to the songs of his youth. "The Three Beggars," taken in part by Messrs. Collison, Craddock and Elwes, was very funny and gave a pleasant variety to the programme.

The pickaninny song and dance by Mr. Scott and Miss Payne was also very amusing and will be repeated this evening. Mrs. Jarley's wax works; with their mirth-provoking local hits, and the beautiful waltz song, "The Moonlight, the Rose, and You," put on so effectively by Mrs. Herbert Kent, with Mr. Kent taking the solo part and Mr. G. C. Johnston playing the heroine, will be another great attraction. The full programme for to-night follows:

1. Tableau—"The Morning After," by Messrs. Collison, Tye and Elwes.
2. "Pickaninny" song and dance by Mr. Scott and Miss Payne.
3. "Mrs. Jarley's Wax Works," Mr. Collison as Mrs. Jarley, assisted by Mrs. Harry Pooley, Mrs. Roberts, Mrs. Rismuller, the Misses Roe, Cross, Switzer, Robertson, Macdonald, Dugdaleton, Vera Mason, and Messrs. Edmonds, Tye, Roe, Spaulding, King and Elwes.
4. Song—"The Moonlight, the Rose and You," by Mrs. George Johnston and Mr. Herbert Kent, assisted by the Misses Little, Day, Scott, Vera Mason and Lorna Eberts.
5. Tableau—"A Word to the Wise—When Bored Take a Book," by Mrs. Dietrichs, Messrs. Collison and Elwes.
6. Dance by Miss Inez Zimmerman.
7. Tableau—"Their First Breakfast," by the Misses Rone and Viva Blackwood and Mr. Rothwell.
8. Song—"Have You Another Girl at Home Like Mary?" by Miss Agnes Robertson and Mr. Collison.
9. Song—"How Would You Like to Have Me for a Sweetheart?" by Mrs. Beauchamp Tye, the Misses Holden and Viva Blackwood and Mr. Barnes.
10. Tableau—"Find the Man Who is Paying for the Dinner," by Mrs. Macdonald, Mrs. Goward, Mrs. Johnston, the Misses Linte and Cross, Messrs. Edmonds, Elwes, Twigg, Rothwell and Collison.
11. "Moon Song from San Toy" by Mrs. Roy Troup. Chinese dance, Miss Erminie Bass; chorus, the Misses King, Robertson, Troup, MacTavish, Burrell, Helmcken, Holden, Page, and Messrs. Williams, Fletcher, Holden, Angus, Garnett, Macdonald, Lott, Scott, Payne and Craddock.

MUSICIAN HONORED

Nanaimo Choirs to Make Presentation to J. M. Morgan.

An interesting presentation is to take place at Nanaimo this evening, the recipient being J. M. Morgan, the well-known leader of the Metropolitan Methodist choir. The members of the Orpheus Glee Party and Nanaimo Ladies' choir have planned to make Mr. Morgan a gift as a mark of appreciation of the good work he has rendered them as conductor, which position he has been compelled to resign on account of his business here being too great to allow him to continue at both places.

Mr. Morgan's resignation will no doubt be a great loss not only to the choir but to the music-lovers of Nanaimo. That city has always enjoyed a reputation as a musical one, and among those who have helped to build that reputation up, and maintain it, Mr. Morgan most undoubtedly takes one of the foremost places. A great musical enthusiast, with a perfect genius for choral singing and a great leader of choirs, Mr. Morgan has been connected with choirs and choral singing from his earliest boyhood, first as a soloist and then as a conductor. One of the proudest moments of his musical career was when he led the Eesolven Male Voice Party to victory at the National Eisteddfod of Wales, which won for him fame, not only in the Old Country, but throughout the world. As a choir leader Mr. Morgan is in the front rank, and only those who have sung under his leadership can appreciate what work he has accomplished. As a leader of the Metropolitan Methodist church choir Mr. Morgan's success is exemplified in the excellent music which is rendered by the choir on Sundays. A typical son of Wales, Mr. Morgan is imbued with the national musical trait.

HEAVY SNOWSTORM

Portland, Ore., Nov. 24.—Telegraph and telephone wires leading to Portland from the south were prostrated several hours to-day on account of a heavy snowstorm in Southern Oregon and Northern California. The snow began falling partly last night, in the valleys of Southern Oregon from two to three inches covered the ground this morning, while in the mountains six and eight inches fell during the night. Latest reports from Medford say that the weather is moderating and snow in the lowlands has begun to melt.

LORAIN RANGES

Have Stood the Test

Ask any housewife who has one and her answer will be, "They are the Best Made." They stand on legs, plain nickel trimmings, which ensure cleanliness.

PRESIDENTIAL CANDIDATE.

Democrats of Eastern Washington and Northern Idaho Favor Woodrow Wilson.

Spokane, Wash., Nov. 24.—Woodrow Wilson, governor-elect of New Jersey, will be boomed for the presidential nomination in 1912 by Eastern Washington and Northern Idaho Democrats, if the plans

now being shaped for a gathering of the clans here in December are carried out. According to plans now being considered, the Democrats will meet in Spokane to celebrate the recent Democratic victories throughout the United States at the recent elections and to launch the Wilson boom.
