VICTORIA NORTHWEST WORLD

Amateur Puckchasers Draw Big Crowd for Opening Fight of Dudleigh Cup

Straith's Senators Too Good for Two Jack's, and Shipbuilders Beat Elks by One Goal in Hard Tussel

The return of hockey to Victoria looks like giving sport the impetus that will have it flourishing as in the years 1913, 1914 and everything booming as in pre-war days before the boys come back eager to resume their former place in athletics as participants in the different games.

Joseph Patrick got a cordial greeting when he faced the puck, and with Skinner Poulin as referee and Bob Genge as judge of play, the Foundation and Elks took the ice for the first game with the teams as follows:

Foundation Company—Charlie Burnett, goal; H. Burnett, right defence; H. George, left defence; Perry, rover; H. Smith, right wing; T. Hann, centre; Dudley, left wing.

Elks—Herb Reilly, goal; Herb Mullett, right defence; D. Spence, left defence; Jack Bellero, rover; F. Fitzsimmons, right wing; H. Mair, centre; and Vic King, left wing.

Through His Own Net. After recovering from a natural attack of stage fright at seeing the ball rolling for the first amateur hockey game for several years, both teams worked hard to place the puck between the nets for the first score in the competition with the Foundation always a little on top.

On the defence line H. Burnett gave a good exhibition for the Foundation Company and had the dash and speed with never checking ability that marks him as one of the best men in the amateur league.

Eight goals were scored in the game between the Senators and the Two Jacks, and the Senators got seven of them, but in spite of that Gravin had a busy time and stopped a lot of hard shots. The teams were:

Senators—Watson, goal; Cook, right defence; Irwin, left defence; Straith and Newitt, rover; Glayson, right wing; Smith, centre; Quinn, left wing.

Two Jacks—Gravin, goal; McDonald, right defence; Savannah, left defence; Radford, rover; Bob Markett, right wing; Ross Miller, centre; McAllister, left wing; Gandy, Muckaly and Renny also took part for the Senators.

The Senators and Two Jacks provided the swiftest game in the evening and went at such a pace that Mike Macdonald had to call upon a big supply of players to give his men an opportunity to rest.

Cyclone of the Amateurs. Ross Miller, Savannah and Markett were the star men of the Senators, and although they went under by a large margin they were beaten by a strong team with evidently more experience in the game.

Quinn from Cook scored the first goal from the Senators, after which Quinn made an unassisted tally.

Markett then put through the only goal for the Two Jacks, Quinn from Smith, Newitt from Smith, and Irwin from Newitt scored the remaining goals for the Senators.

A meeting has been called to-night to be held at 716 Courtney Street, to reorganize rugby for a further series of games to be played before the season closes.

MEETING TO-NIGHT TO REORGANIZE RUGBY

A meeting has been called to-night to be held at 716 Courtney Street, to reorganize rugby for a further series of games to be played before the season closes.

MINORS THREATEN TO BREAK WITH MAJORS

Are Seeking to Obtain Relief From Present Draft Regulations

New York, Jan. 14.—A meeting of the national association of professional baseball leagues, at which the question of obtaining relief for the minor leagues from the present draft regulations was considered, was held here to-day.

Since the national agreement was signed years ago the major leagues have enjoyed the privilege of drafting players from the smaller organizations.

The minor league committee was emphatic that the request of the smaller clubs must be granted.

John F. Farrell, secretary of the national association of professional baseball leagues, said he was not one of those who advocated radical measures in dealing with the majors.

It was asserted, however, that whatever action was taken by the minors would be supported by all of them.

JUST POSSIBLE HOUSE WILL MAKE DONATION

But It Would Be for Division Among Returned Soldier Bodies

In reply to a question put to him by The Times representative this morning...

"Was it the intention of the Government to make any such provision at the forthcoming session of the Legislature?" Mr. Oliver was asked.

"It might be possible that when the Legislature meets, the members will be asked to sanction a grant of some financial aid for equitable division among returned soldiers' organizations," was the Premier's reply.

"Further than that I am not in a position to go," he added.

Publication of the statement attributed to Mr. Drinnan to the effect that he had the assurance of Premier Oliver in respect of a grant of \$25,000 to the Provincial Branch of the Great War Veterans' Association was not lost on the local branch of the Comrades of the Great War.

In the Premier's mail this morning was a letter from Secretary Burch asking whether Mr. Drinnan's statement were true. If so, the pertinent query was addressed to Mr. Oliver as to whether or not a like amount had been set aside for the Comrades of the Great War.

Judgment is held pending the Premier's reply and the letter goes on to say: "We could hardly believe that our Government would discriminate against this Association (Comrades of the Great War), in favor of the 'Conservative' soldiers' organization." Secretary Burch will be referred to Mr. Drinnan's refutation of the earlier report.

DISCUSSES REFORM IN SCHOOL SYSTEM

Rev. E. Leslie Pigeon Addressed Joint Gathering To-day

A great change for the better in the educational system of the Dominion was foreshadowed in an address delivered to-day by Rev. E. Leslie Pigeon of Winnipeg, at a combined luncheon of the Rotary and Canadian Clubs.

Occupying the chair, J. D. O'Connell, President of the Rotary Club, pointed out that Mr. Pigeon was one of the most notable men in Canada, and had held the position of President of the International Association of Rotary Clubs.

Discontent with the prevailing order of things as far as education was concerned had been prevalent for some time, remarked Mr. Pigeon. It had for long been felt all over the country that the schools did not do enough to mould the character, and the ideals of the rising generation.

One of the first tasks of this conference would be to make clear exactly what was essential in education, and what results were desirable in the work of reform.

"It has long been felt in Canada," remarked Mr. Pigeon, "that our system of education was pointless. We do not know exactly what we want in the future citizens of the Dominion. Up to this time the training in morals and citizenship has been left to the Church which reached only a small part of the country, and for short periods only."

Through the results of the Prussian educational system were to be absolutely avoided, Canada should learn from it the possibilities and the far-reaching effect of an efficient school training. It was up to the Dominion to find out just what is wanted, and then to inculcate those ideals into the future citizens.

In the consideration of training in citizenship through the school system, the conference would have to discuss the standing of the teacher in the community.

Hon. John Hart moved the vote of thanks. The war, said John Cochrane, President of the Canadian Club, had left an unprecedented legacy of responsibilities to the young men and women of Canada, and were they not trained in the path they should go, the nation at large would have been untrue to those who died for it.

Explanation of Withdrawal—Owing to his military duties, which necessitated his removal to Vancouver, G. R. Robson withdrew his name from the list of candidates for the School Board in the Esquimalt Municipality.

ISN'T THIS ROMANTIC? Two toes loved by four corns for five years and sentenced to die by five applications of Putnam's Corn Extractor. If you want to cure corns, "Putnam's" is the only thing—try this painless remedy, 25c. at all dealers.

CHURCH HEADS WAIT ON THE GOVERNMENT

Emphatically Protest Against Spanish Influenza Ban on Religious Services

To discuss with the members of the Provincial Cabinet the desirability or otherwise of placing the ban on religious services in the event of the Spanish influenza epidemic becoming more serious, a ministerial delegation representative of all denominations conducted a pilgrimage to the Executive Council Chamber this morning.

The delegation realized the difficulty in maintaining law and order, and expressed itself as dubious of being at the back of the Government in that connection. But the Church desired to enter an emphatic protest against interference with public worship. The delegation argued against the wisdom of a ban and touched upon the legal right of the State to interfere with religious worship.

Inherent Right. Bishop Doull referred to the inherent right to worship God unhampered by regulations, and he contended that public worship would be more effectual in subduing the plague than would be the closing of churches.

In reply, Premier Oliver assured the delegation that there had been no discourtesy intended in October last. As to consultation previously, Mr. Oliver declared that it would have taken ten days to have secured an assembly, and a month after that to reach an agreement between the church representatives.

SUPPORTERS OF MAJOR EDWARDS HOPEFUL

Claim That He is the Duly Chosen Candidate of Soldiers

At a mass meeting of returned men of the Cowichan district held in Duncan on Saturday last, the following resolution was passed by acclamation: "That this representative meeting of all returned men unanimously endorse the action of the Great War Veterans' Association in nominating Major F. B. Edwards as Returned Men's independent candidate to contest the seat for the Cowichan riding at the bye-election which takes place on January 25, and that this meeting pledges itself to support Major Edwards to the fullest extent."

Claim Only Independent. The chairman, Corporal Goddard, outlined the situation beginning from the time when they had endeavored to find a local returned man to take the field, but had been unable to find one who was in a position and willing to run. Major Edwards was then chosen by them as a man who, in his position of second in command of District Depot No. 11, was known and trusted by all.

"An Independent in the House must of necessity be a very strong character and an energetic worker, to accomplish any good work," continued Corporal Goddard. "The returned men have already put such a man in the House in Victoria in Frank Gioime, who has in a few months done much excellent work, and we have an equally good man in Major Edwards, whom we want for Cowichan. We do not want to hurt the interests of the dependents of those who have fallen in the war, by having a weak party man put in under false colors."

LABOR BUREAUX

Advertisements will be placed during the next few days by Civil Service Commissioner McInnes calling for applications for the various appointments to be made by the Provincial Government in connection with the establishment of Labor Bureaux at a number of points in the Province.

A Page From the Chapter of Experience

What the Most Successful Business Man in Canada Said Fifty Years Ago:

It was the custom for people to leave some shopping until Saturday night, and so it was not uncommon to keep stores open until midnight on Saturdays. My father had experienced in his apprenticeship days the hardship of the last day in the week being the longest. It was therefore a great thing for the staff when he abolished Saturday night shopping by closing every Saturday at six o'clock, even during the Christmas season.

And What His Son Says To-day:

On this our Year of Jubilee can any more fitting tribute be paid to the memory of the Founder than by making another great stride towards the realization of his dream? With this intent the store will close at one o'clock on Saturdays throughout the year, excepting during July and August, when the Store and Factories will remain closed all day Saturday.

To the Electors of the City of Victoria

LADIES AND GENTLEMEN:— With very few exceptions the merchants and clerks of Victoria desire to regain the Saturday Half-holiday. A thorough canvas of the merchants reveals that over 70% strongly favor Saturday, 10% are neutral, and less than 20% favor Wednesday. Only a dozen or so merchants are displaying a Wednesday window card. Fittingly enough some of these are Orientals. Over 150 are displaying the Saturday window card and none of these are Orientals. Saturday is advocated by the live, the up-to-date and the progressive. Wednesday is advocated by the has-beens and the dead-ones. The arguments for Saturday are unanswered and unanswerable: 1. Saturday is already observed by banks, professions, government and municipal offices, factories, wholesalers, shipyards, lumber-yards, and nearly all the mechanical trades. Why not preserve uniformity by making Saturday a general holiday? 2. Saturday is supported by the whole Trade Union Movement. Resolutions have been adopted by the Trades and Labor Council, the Metal Trades Council, and the affiliated Locals heartily endorsing the Saturday Holiday for Store Clerks. 3. Saturday is the only day on which merchants and clerks can join their families in full enjoyment of the natural attractions of Victoria the Beautiful. On Wednesday the children are at school and the wife is therefore compelled to stay at home. 4. Saturday is favored by discriminating shoppers. Last-minute shopping is unfair to merchants and unsatisfactory to the public. A holiday spent shopping is a holiday wasted. 5. The Saturday holiday is a long overdue measure of justice to over-worked Store Clerks. No other class of the community work such long hours for such little pay.

The Saturday holiday has been a great success wherever and whenever it has been tried. The year 1917 was the best Victoria merchants experienced for years previously and in 1917 Victoria enjoyed the Saturday holiday. Sydney, N. S. W., with 1,000,000 inhabitants, finds that the Saturday holiday works profitably and harmoniously. 7. A vote for Wednesday is a vote to hand the store girls over to the tender mercies of a rapacious commercialism. A vote for Saturday is a vote to humanize living conditions. 8. A vote for Saturday is a vote for the more abundant life. 9. The intention of the Weekly Half-Holiday Act was to give merchants and clerks a real holiday. Saturday is the only logical day from the holiday standpoint.

Mark Your Ballot Thus:

Corporation of the City of Victoria Referendum "Weekly Half-Holiday Act" QUESTION: "Are you in favor of changing the Weekly Half-Holiday from Wednesday afternoon to Saturday afternoon? Mark a Cross (X) against "Yes" or "No" (as the case may be). YES X NO

A VOTE for SATURDAY is A VOTE for Prosperous Merchants Contented Store Clerks Improved Store Service

Polls Open at 9 a.m. Close at 7 p.m. "Vote Yes! and Vote Early"
