Pantages—The House Bell.
Columbia—Red Foam.
Variety—Once to Every Woman.

VOL. 59, NO. 23

VICTORIA, B. C., THURSDAY, JULY 28, 1921

PRICE FIVE CENTS

Telephone Increase Will Cost Victoria \$32,310 Per Annum

Analysis of Railway Board Judgment; Company Sees 52 Per Cent. of Its Application Affecting Victoria; \$30,000 Saved Subscribers By City's Fight.

Salient facts discovered by City Solicitor Pringle to-day, following the Railway Board's decision yesterday to allow the B. C. Telephone Company a blanket rate increase of ten per cent. are as follows:

1. Business telephones in Victoria will cost users \$6.50 a month instead of \$5 as formerly, individual residential telephones will cost \$3.30 instead of \$3, and party telephones \$2.20 instead of \$2.00.
2. The Telephone Company has secured from the Railway Board a little over half of what it asked in its application for increases.
3. Victoria telephone users will pay, it is stated, \$2,629, or \$32,310 a year more for telephone service than in the past.
4. Probably as a result of the stiff fight waged by Victoria and Vancouver against rate increases, the amount which the company would have secured if its application had been granted in full has been reduced by \$188,628 in the two cities.
5. Victoria telephone users have been saved \$30,000 a year as a result of the decision of the Railway Board to reduce the increase asked by the company, while Vancouver users have been saved \$188,628. That is, in Victoria the company gets \$1.88 per cent. of what it asked and in Vancouver 40.3 per cent.

These conclusions were reached by Mr. Pringle on the basis of telegraphic dispatches from the Railway Board's decisions. The board's decision adjustment may make a few slight alterations in these figures.

Empire Wireless Chain Approved at Meeting of Premiers

London, July 28.—(Canadian Associated Press.)—There seems to be some authority for stating that the Empire Wireless Ministers' conference has approved of plans for an Empire wireless chain at a total cost of \$2,000,000.

BRITISH CRAFT NOT ALLOWED TO LAND FISH IN U. S.

Boston, July 28.—The British fishing schooner *McLain* arrived here to-day with a cargo of swordfish and was not allowed to land her cargo. Revocation on July 15 of the war-time permit to British vessels to market their catches at United States ports was given as the reason.

MUSICIANS IN NEW YORK ARE GIVEN DISMISSAL

New York, July 28.—Musicians in every leading theatre here have received a two-weeks' notice of discharge. This action was taken, according to the official managers, because the directors of the Musicians' Mutual Protective Union refused to discuss with them a proposed cut in wages of about twenty per cent.

RESTORE ORDER IN SPANISH MOROCCO

Madrid, July 28.—Affairs in Spanish Morocco, where native tribesmen and Spanish soldiers have been fighting for several days, are fast becoming tranquil, says an official communication received from the trouble area last night.

RUSSIANS GIVE MORE CONCESSIONS

Riga, July 28.—An official denial that Russia had cancelled all orders abroad except for foodstuffs and the announcement of important concessions are contained in a dispatch from the Rosta Agency, the semi-official Bolshevik news agency, received here.

MORE NEWS FROM OLD COUNTRY FOR READERS OF TIMES

United Kingdom news and news from other parts of the Empire by way of London will reach readers of the Times after August 1 through the medium of an enlarged and improved cable service. First discussed some years ago, an arrangement has just been completed by the Canadian Press, the co-operative news service in this country, with Reuters and the British Press Association whereby the London office of the Canadian Press will make daily a selection from the budget of news sent daily from Great Britain by the Associated Press, and after August 1 will add thereto the United Kingdom and Empire news selected by a Canadian editor and staff in London. The arrangement will both enlarge and improve this paper's service for its many readers.

DUBLINITES MORE HOPEFUL OF IRISH SETTLEMENT

Dublin, July 28.—A more hopeful feeling prevails here to-day concerning a solution of the Irish problem and the belief was expressed that although the path to peace might be longer than at first anticipated, a settlement eventually will be reached.

NORTHCLIFFE TO BE HEARD IN VANCOUVER

Vancouver, July 28.—Probably the only body to be addressed by Lord Northcliffe during his short visit to Vancouver in the near future en route to the Far East will be the Canadian Club.

STAFF OF DAVID SPENCER LTD. ENJOY PERFECT OUTING

Scores of children, agog with excitement and mercurial spirits, attended by equally eager mothers laden with wraps and packages, and in the background patterfamilies in all the picnic glory of "jeerom pants" and rakish panama hats; hundreds of pretty girls in holiday attire of vivid hues or pristine white, with their male escorts in festive array, all wearing in coat lapel or hat the scarlet and green of the store colors, gathered at the C. P. R. wharf yesterday morning and announced to the interested spectators that the annual outing day of the staff of David Spencer, Ltd., had arrived.

RUSSIAN CHOLERA WAVE RECEDED

Riga, July 28.—Noticeable decrease in the spread of cholera during the past week are reported in The Moscow Pravda. The newspaper says that the total registrations of sufferers from the disease since the beginning of this year were about 35,000, a considerable increase over the previous announcement, but the newspaper says this is likely due to a delay in filing the papers, most of which were for June.

BOLSHEVIKI MAY ACKNOWLEDGE DEBT

Need Food; May Offer to Pay Other Countries

Copenhagen, July 25.—Rumors are in circulation in Reval, says a dispatch to The Politiken from the Estonian capital to-day, that as an extreme measure, in an effort to secure help in the present famine crisis in Russia, Nikolai Lenine has proposed to the soviet the acknowledgment of the national debt, which the Bolsheviks cancelled after the revolution. The proposed payment of interest and capital would not be begun before 1925.

Should Restrict Japanese Immigration Further

Says M. A. Macdonald

In view of the attention given to the Oriental store competitor by the B. C. Board of the Retail Merchants' Association of Canada, now in session at Duncan, special interest was shown in the address of M. A. Macdonald, K.C., M.P.P., at the evening session.

In arguing for greater restriction in legislation governing the admission of Japanese, Mr. Macdonald said: "We have faith in the intelligence of the Japanese empire to recognize our attitude, and that it is rooted and grounded simply in that inherent desire in every race to preserve itself."

AMERICANS WANT EGYPTIAN CARGOES

Threaten to Use Pressure Against British

London, July 28.—The United States Shipping Board, it is learned here to-day, has delivered an ultimatum to the British shipping lines that unless their ships are accorded fair treatment in contracts for the transport of cotton from Alexandria, Egypt, to the United Kingdom and the United States, the Shipping Board will "declare anywhere at any rate."

SIX MURDERS IN AUSTRIA

Persons Missing in Salzburg; Robbers' Work

GIRL DROWNED UNDER SHIP IN LAKE ONTARIO

Toronto, July 28.—Miss Reta M. Glass, of Hamilton, was drowned under tragic circumstances eight miles off shore from Port Dalhousie last night. After drifting on the lake for several hours in a frail canoe, she and her companion, Murray Tait, of Toronto, were finally sighted by the wheelman of the steamer *Dalhousie*.

FIVE ONTARIANS TORMENTED MAN TO GET LIQUOR

St. Thomas, Ont., July 25.—Five masked men, armed with revolvers, entered the home of Fred Hill, of the Wellington Road, north of the city, early this morning, bound him with a strap and threatened him with death if he did not reveal the hiding place of a certain case of liquor. They had had received this week, half an hour's tormenting of Mr. Hill brought forth nothing more than a denial that any liquor had come into the house. The intruders escaped in a high-powered car. They took \$10 they had found while ransacking the house.

DIVORCE SUIT BASED ON GOLF

Newark, N. J., July 28.—The ancient and honorable game of golf is "responsible" in a divorce suit filed by Mrs. Rachael B. Hayward of Montreal against Sterling P. Hayward, Jr. at affidavit yesterday Mrs. Hayward declared the game took so much of her husband's leisure time that she scarcely ever saw him.

CANADA TO PAY \$15,000,000 IN NEW YORK AUG. 1

Ottawa, July 28.—Sir Henry Drayton, Minister of Finance, announced this afternoon that the \$15,000,000 due in New York Aug. 1 will be paid without any further Government borrowing.

HUNGARY WILL BE ATTACKED IF HAPSBURG RETURNS

Vienna, July 28.—A treaty providing for a declaration of war on Hungary in the event Charles Hapsburg returns to the throne has been signed by Rumania, Yugoslavia and Czechoslovakia, according to dispatches here to-day.

DOMINION PREMIERS' VIEWS ON SILESIA HEARD

London, July 28.—The latest French communication insisting that more troops be sent into Upper Silesia immediately is understood to have been the subject of an important conference this morning at which Premier Lloyd George, the Dominion Prime Ministers and several members of the British Cabinet were present.

VANCOUVER CLEARINGS

Vancouver, July 28.—The past week's bank clearings here were \$13,870,587; last year, \$15,608,895.

FORTHCOMING PICNICS

July 29—Gordon's Picnic, at Deep Bay.
Aug. 2—Court Triumph A.O.F. at Gorge.
Aug. 6—South Saanich Farmers Island View Beach.

MEIGHEN MAY BE ASKED TO STAY LONGER IN LONDON

London, July 28.—(Canadian Associated Press.)—Premier Meighen intended to sail on August 4 with Lord Byron, the new Governor-General, but it is now possible that he may be asked by Premier Lloyd George to remain longer in London.

KENTUCKY CHILD, ILL, HAS BEEN ASLEEP 128 DAYS

Louisville, Ky., July 28.—Physicians announced that Michael Fitzgerald, thirteen, ill with sleeping sickness to-day entered upon the 128th day of his illness without awakening a moment. Since March 22 he has been fed liquid food, with water at intervals.

TURKISH TROOPS LOSE PENINSULA

Reported They Will Evacuate Ismid Area

Greeks May Land on Black Sea Coast

London, July 28.—The Turkish Nationalists have decided to evacuate the Ismid Peninsula, says an Exchange Telegraph dispatch from Constantinople to-day, owing to the Greek advance in the direction of Adabazar, at the base of the peninsula, which lies to the east of Constantinople, between the Sea of Marmora and the Black Sea.

MONTREAL MEN NOW ARE URGING FREIGHT RATES

Montreal, July 28.—In view of the downward trend of railway employees' wages, the council of the Montreal Board of Trade yesterday adopted a resolution asking the Board of Railway Commissioners of Canada to reconsider the question of reducing railway freight rates on Canadian lines.

HAPSBURGS IN SPAIN

Madrid, July 27.—Negotiations for giving Charles Hapsburg, one-time Emperor of Austria-Hungary and his family asylum in Spain are going on. It is officially announced here. The Spanish Government is sounding

other Governments before giving its definite consent.

TO BE ADMINISTRATOR

Ottawa, July 28.—Sir Louis Davies, Chief Justice of the Supreme Court, will be sworn in as Administrator of Canada upon his arrival at Quebec on the liner Empress of Britain to-day.

GREENFIELD WAS UNANIMOUS CHOICE

Farmers' Leader Will Be Alberta Premier

Calgary, July 28.—The selection of Herbert Greenfield as leader of the Farmer Party in the Legislature of Alberta was unanimous at the meeting of Farmer members-elect here yesterday.

When nominations were called for H. W. Wood, Herbert Greenfield, O. L. McPherson, George Hoadley and John Brownlee were nominated. Mr. Wood declined the honor and spoke favorably of Mr. Brownlee, solicitor for the United Farmers of Alberta. He referred to the need of a man of legal training and praised the abilities of Mr. Brownlee.

Mr. Greenfield and Mr. McPherson retired. Some members questioned the wisdom of selecting a lawyer as leader of the Farmer Party and Mr. Brownlee at once asked that his name be withdrawn. Mr. Greenfield was again placed in nomination following the withdrawal of Mr. Wood and Mr. Brownlee and agreed to stand.

Mr. Greenfield was named with great enthusiasm.

TRADE FIGURES ISSUED AT OTTAWA SHOW CHANGES

Ottawa, July 28.—That Canada's trade with the United States is reaching a more normal level is shown by figures made public by the external division of the Dominion Bureau of Statistics.

In 1919 Canada exported goods to the United States to the value of \$439,982,406, and imported goods from that country to the value of \$488,219,528, leaving an unfavorable trade balance for Canada of \$256,337,122.

In 1920 goods imported from the United States were valued at \$480,509,487, while the exports only amounted to \$488,974,570, with a resultant balance of \$7,465,083 in favor of the United States.

During the year ended June 30, 1921, Canada imported goods from the United States with a value of \$764,393,077, and exported goods to the value of \$480,332,268, reducing the trade balance in favor of the United States for the year to \$284,060,809, a gain of \$197,975,196 over 1920.

During 1919 Canada imported from the United Kingdom goods valued at \$75,988,526, and exported goods to the value of \$44,532,924. In 1920 this preponderance of trade in favor of this country dropped, with imports of \$177,845,702, as against exports of \$488,219,528, a difference of \$310,373,826. This balance was further reduced during the year ended June 30, 1921, when the imports totalled \$178,576,367, and the exports \$306,775,659, a difference of \$128,199,292.

The total imports from all countries for the year ended June 30, 1919, had a value of \$869,503,416, as against total exports of \$1,259,549,977. In 1920, the total imports were valued at \$1,210,216,377, as against total exports of \$1,276,311,542. The total imports for the year ended June 30, 1921, had a value of

LIQUOR TEST IN UNITED STATES

Steamship Company Wants Ruling on Transportation

New York, July 28.—The Anchor Line, desirous of testing whether the Volstead Act can prevent liquor from one "wet" country going through dry United States to another "wet" country, brought 15,000 cases of Scotch whisky yesterday to New York aboard the steamship Cameronia from Glasgow. The liquor was in transit to Bermuda.

A temporary injunction having been obtained, five cases were unloaded and held by the federal marshal's office pending arguments. The case may not be disposed of for some time, however.

DIET NOT EVERYTHING IN KEEPING HEALTHY

Your table may be loaded with food digestible and wholesome, yet you don't get strong. What's the trouble? The liver is busy, stomach is overloaded, the bowels are not active. Reid's is quickly supplied by Dr. Hamilton's Pills. They make weak, sickly people strong and well because they keep the system clear of impurities. Those who regulate the system with Dr. Hamilton's Pills don't have indigestion or constipated headaches; they feel revived all over because their system is kept in smooth running order, to revitalize and stimulate your whole being, to shake off lethargy and weakness, nothing compares with Dr. Hamilton's Pills, which certainly bring good looks, good spirits, good health, etc. all dealers, or The Catarrohne Co., Montreal. (Adv.)

LIQUOR LAUNCH

MADE ESCAPE

Customs Men Near Port Angeles Fired at Smuggler

Port Angeles, Wash., July 28.—Federal customs officers reported an encounter near here before daylight yesterday morning with the skipper of an unidentified launch, which escaped after numerous sacks of liquor had been thrown overboard. The agents said they fired repeatedly, raining bullets about the launch, but that the man at the helm defied them, telling them to "go ahead and shoot." They added that he threw sack after sack full of bottles overboard as the customs officials on shore ordered him to land and submit to search. Finally selecting one bottle, the captain called out "I'm going to keep this one," and then started the launch away at full speed.

BRITISHER WANTS SEATTLE PAWNSHOP

Seattle, July 28.—R. R. Karatsfky, a British citizen, has filed suit in Superior Court here asking an injunction against enforcement of a city ordinance making it unlawful for aliens to own or operate pawnshops. Karatsfky contends that existing treaties give him the right to conduct such a business. The court is asked to order the Council to issue him a license.

HUDSON'S BAY REPORT.

Winnipeg, July 28.—The annual report of the Hudson's Bay Company, received by cable, shows that a loss of \$24,084 was encountered in the operation of the fur trade section for the past twelve months. The loss is attributed to a decline in fur prices. A profit of \$249,419 is reported on other trading.

MENNONITE LAND CASE.

Regina, July 28.—Hearing of the application for an injunction to restrain the purchasers of the Old Colony Mennonite land from registering title to any of the land until the initial payment of \$1,000,000 is deposited was enlarged for another two weeks by Mr. Justice Embury yesterday. In the meantime the interim injunction granted at Swift Current six weeks ago will continue.

Office boy (anxious to go to football match)—May I have the afternoon off, sir? My grand—
Employer—Oh, yes, I've heard that before. Your grandmother died last week.
Office boy—Yes, sir, but—my grandmother getting married again this afternoon—thank.

DEALING WITH UNEMPLOYMENT

Economic Council is Organized in Vancouver

Vancouver, July 28.—The organization of the Economic Council to deal with unemployment is proceeding steadily. The permanent committee met in the G. W. V. A. rooms last night, but no statement was issued for publication. It has been decided that no announcement will be made until after all proposals, which are coming in from every quarter, are before the Council. The meeting of the Council scheduled for next Friday night has been postponed until all proposals are ready for submission.

CROP ESTIMATES FOR THIS YEAR

International Institute of Agriculture Gives Figures

Ottawa, July 28.—A cablegram received from the International Institute of Agriculture gives the following preliminary estimates of crop production for 1921, corresponding figures for last year being given in parenthesis:

Wheat—Spain, 143,140,000 bushels (138,806,000); Hungary, 41,887,000 bushels (39,129,000). The total production of those two countries and Canada, Belgium, Bulgaria, Finland, Alsace-Lorraine, Greece, the United States, India, Japan, Algeria, Morocco and Tunis, is put at 1,712,000,000 bushels, compared with 1,728,000,000 bushels last year. This year's total production is estimated at 57.8 per cent of the two previous years.

Rye—Spain, 27,754,000 bushels (27,830,000); Hungary, 19,936,000 bushels (16,520,000). The total of those two countries and Canada, Belgium, Bulgaria, Finland, Alsace-Lorraine, Greece and the United States estimated at 172,983,000 bushels (164,865,000).

Barley and Oats—Spain, 92,180,000 bushels (80,483,000); Japan, 89,287,000 bushels (82,148,000).

Oats—Spain, 32,500,000 bushels (35,550,000). Total production, including Canada, Bulgaria, Finland, Alsace-Lorraine, Greece, the United States, Algeria and Tunis is estimated at 1,828,000,000 bushels (2,142,000,000).

The grand total of wheat, rye, barley and oats taken together is estimated at 2,255,000,000 bushels, compared with 2,588,000,000 last year, a decrease of 303,000,000.

MACKENZIE KING TOURS ONTARIO

Liberal Leader Making Series of Speeches

Aurora, Ont., July 28.—Hon. W. L. Mackenzie King leader of the Opposition in the Federal House, opened his Ontario tour here yesterday before 1,000 persons who gave him a cordial reception.

A feature of the Liberal Leader's address was an invitation to R. W. Burnaby, president of the United Farmers of Ontario and Farmer candidate in North York, to abandon his candidature. Mr. King pointed out that he had been nominated in North York some time in advance of the Farmer leader, and while he desired to be on friendly terms with the farmers, he had no intention of dropping out just because Mr. Burnaby had jumped in. There was the possibility that if they both remained in the field, Premier McLaughlin would get another supporter from North York.

SPECIAL COURSE IN JOURNALISM

Weekly Publishers Will Attend Toronto University

Toronto, July 28.—A special course in journalism will be given at the University of Toronto from September 12 to 17 and it is expected that fourteen publishers of weekly papers in Canada will attend. The course was arranged at the request of the Canadian Weekly Newspaper Association.

P. Whitwell Wilson, dean of the School of Journalism at Columbia University, will have charge of the course and the chief aim will be to encourage editorial writing in the smaller publications.

POSITION OF TROOPS IN IRELAND

London, July 28.—Possibility of a massacre of British troops in Ireland in the event of the peace negotiations failing was the subject of a question addressed to Premier Lloyd George by Colonel Archer-Shee in the House of Commons yesterday afternoon. He asked whether any arrangements had been made in the three terms arranging for notice being given of the termination of the truce in the event of the negotiations breaking down, so that the crown forces might not be surprised while unarmed, and massacred.

He also asked whether the Premier was aware that plans to carry out such a massacre by surprise were

ONTARIO WOMAN DIED AT 103

Mrs. James Lennox Succumbed in Wiarion

Wiarion, Ont., July 28.—Mrs. James Lennox, who died here yesterday at the age of 103 years, came to Western Ontario 98 years ago, when it was a vast forest. Born in Perth, Ont., of Irish parents, she came to Hamilton by boat and thence over the Governor's Road to Guipik, which then consisted of five houses. She was a resident of Wiarion for 38 years.

Mr. and Mrs. Lennox had 12 children, of whom five are still living, 31 grandchildren, 26 great-grandchildren and four great-great-grandchildren. Her husband died 30 years ago.

LIVES THOUGH REPORTED DEAD

Corporal Dowden Returns to Ontario Home

Belleville, Ont., July 28.—Twice reported in the casualty lists as killed and once gassed in one of the big fights on the Western front Corporal J. D. Dowden, of Roxboro lives to tell his story of the war.

He arrived at his home in Roxboro this week to the great joy of his friends. Corporal Dowden went overseas with the 8th Battalion and saw a good share of the fighting. Since the close of the war he had been in England recuperating.

CORNS BETWEEN THE TOES PAINLESSLY REMOVED

A real sure, dependable remedy that has been lifting out corns for the past fifty years will surely lift yours out. Putnam's Corn Extractor is the old reliable corn remedy. It stands the test of time and never fails; 25c. everywhere. (Adv.)

A MONEY-MAKING OPPORTUNITY

IN THE

FORT NORMAN OIL FIELDS

Daily reports coming from FORT NORMAN OIL FIELDS indicate that it will be one of the biggest producing oil fields in the world. Careful investigation is proving conclusively that the gusher brought in by the Imperial Oil Company is but a fair indication of what may be expected from other wells. A small investment in this field to-day could easily make one a rich man to-morrow. When we say "small" we mean just that—we all know that \$100 invested in Pinal Oil earned \$10,000; \$100 invested in Central Oil earned \$45,000; \$100 in Union Oil earned \$150,000.

The Canadian U. S. Oil and Refining Corporation has secured five of the choicest locations in the Mackenzie district. This company is not having its first experience in oil fields. It already controls fifty-eight wells in the proven fields of Oklahoma and Texas. It pays regular quarterly dividends. The Company intends to drill its first well in Fort Norman this year on the property actually adjoining that on which the Imperial Oil Company's gusher is located. The company's expert drilling crew is now on the road to Fort Norman with the drilling rig, the transportation of which is being handled by the Alberta and Arctic Transportation Company.

This is an unusual opportunity to make a real investment in a real oil company, safeguarded by the quarterly dividends, paid from the production in the mid-continent fields, plus the speculative possibilities of rapid increase in the value of your investment as a result of the operation in Fort Norman.

If you are interested simply send your name and address for literature giving details of this wonderful opportunity.

Fidelity Securities Corporation Ltd.

1106 Douglas Street
Victoria, B. C.

Without obligation on my part send me full information regarding THE CANADIAN U. S. OIL AND REFINING CORPORATION holdings in the Fort Norman district.

ROYAL VICTORIA

Lionel Barrymore's third starring attraction for Associated First National Pictures, Inc., will be the attraction at the Royal Victoria Theatre again to-day. It is "The Great Adventure," produced by Whitman Bennett as a First National attraction and directed by Kenneth Webb. In addition to the fact that Lionel Barrymore stars, the cast in his support is particularly worthy of note. It includes such artists as Doris Rankin, Thomas Braiden, Octavia Brooke, Ivo Dawson, Charles Lane, Fred Froudy, E. J. Ratcliffe, Maybeth Carr, Katherine Stewart, Arthur Rankin and Paul Kelly.

The chief character in the story is an eccentric artist, played by Mr. Barrymore, supplying the sterling actor with a role which is said to be one of his most notable achievements. Manager Denham of the Royal Victoria Theatre announces that "The Great Adventure" is a specially entertaining offering.

In addition to this fine feature an Edgar Combe and scenic attraction is also on the programme. As an added musical attraction Emilia McConnon the well-known Victorian soprano will sing "Song of the South" and "Love's Garden of Roses."

DOMINION

Aenes Ayres, who proved a most charming foil for Wallace Reid in "The Love Special," is again seen as leading woman in "Too Much Speed." Miss Ayres is an actress of exceptional ability and has appeared in important roles in some of the season's biggest productions. Theodore Roberts, the famous character actor who has a following all his own, and whose name has a magnetic drawing power, plays the father role of Pat MacMurran. Mr. Roberts has been associated with Mr. Reid as the father, in two stage race pictures, and film fans will be pleased to know that Mr. Roberts again constitutes the opposition which must be overcome before the young man can win the girl. Other prominent players in the cast are Jack Richardson, Lucien Littlefield, Guy Oliver, Henry Johnson and Jack Herbert. "Too Much Speed" is now showing at the Dominion.

VARIETY

Don't miss the famous piano-accompanied play at the Variety Theatre this week. He appears all this week with a change in programme every day.

The piano-accompanied is distinctly unique musical instruments. In weight, it exceeds the biggest horns and drums which any band man ever carried. In cost, it is one of the most expensive of all carrying instruments. In musical possibilities, it is truly remarkable when in the hands of a master. Such a master is Antonio Mineavini, the young man who is now with us throughout this week. He is regarded as one of the best piano-accompanists on the stage.

We have also with us a great Canadian singer, Margherita D'Auria, who has beauty of person, voice and an appealing charm. She has with her, her own accompanist, Paul Michelin, who is a well-known Canadian composer of songs. The Misses Norma and Virginia are two kiddies who have become very accomplished musicians, and made a hit with their first appearance here. These extra attractions are all in addition to our feature photoplay, "Once to Every Woman," starring Dorothy Phillips. No advance in prices.

COLUMBIA CHANGES ITS FILM TO-DAY

"Red Foam," a Ralph Ince Production released by Selznick, will be the main attraction at the Columbia to-day. "Red Foam" was originally published as a story in the Saturday Evening Post and is considered the best work of its author, William H. Hambly, has ever done. It is a story of a small town and small town people, but the theme back of it is as large as humanity itself.

NEWS AND NOTES OF THE MINES

Trail Shipments
Two Slocan miners joined the current list of shippers to the Trail smelter the past week, the Anna being credited with 29 tons and the Whitewater with 36 tons. The Gold Hill at Taghum had another shipment, receiving, credit for 42 tons. Two Washington properties that are steady shippers, the Knob Hill, with 47 tons, and the Surprise, with 283 tons, were the other custom shippers, while properties of the Consolidated Mining & Smelting Company shipped a total of 7,977 tons of ore.

These figures bring the Trail smelter receipts for the year to date to 230,352 tons.

Frank X Group
It is reported that an American group of mining men has become interested in the Frank X. Frank coal hold on Hudson Bay Mountain and that development work may be started at an early date.

VANCOUVER ISLAND NEWS MACKAY COPPER MINE TAKEN OVER

Such is Report From Sayward by Times Correspondent

Sayward, July 28.—A party of mining men arrived on the last boat from Vancouver. It is reported that they have been taken over the Mackay Copper Mine at Sayward. Considerable development work has been done on this property and excellent results have been obtained, and it is expected that this property will develop into a producing mine.

Two officials of the Dominion Soldier Settlement Board have been here for the past week. They have had excellent luck fishing, and have landed some very fine trout.

S. Dyer, one of Sayward's new settlers, who is trying to hard the Salmon River with his team in an endeavor to get his household effects to his homestead, had his team swept off their feet by the current and the horses had a very narrow escape from drowning. The wagon is still in the river. A similar accident happened at the White River a short time ago. The residents are asking when the Government intends to provide the greatly needed road or bridges here.

James and John Merrilies of Vancouver are spending their vacation in the valley. James Merrilies was school teacher here during 1914 and 1915. John Merrilies is in partnership with his father and brother and conducts the business known as the Merrilies Cash Grocery in Vancouver.

The weather during the past week has been ideal, having in general throughout the valley and all crops are in excellent shape.

H. A. MacDonald has been exhibiting a beautiful assortment of dahlias, the largest measuring six and three-quarter inches across. Sayward can grow flowers as well as fruits.

The residents are expressing considerable surprise that H. S. Clements, M.P. for this district has not paid a visit here, and they are also anxious to hear about that "new wharf" that has been promised for the past four years.

William Milne has arrived back after his strenuous tour of census taking, and expresses himself as being glad to be home again. Mr. Milne is aiming to become one of Sayward's prominent citizens.

Tennis Tournament.
James Island, July 28.—The James Island Tennis Club Saturday afternoon traveled up to Ganges Harbor at the invitation of the tennis club of that place, and through the courtesy of the outing. The players representing James Island were: Mrs. and Miss R. Richards, Mrs. and Miss Thomas, Messrs. Richards, Eyles, Holland, E. Rivers and Thomson. Play commenced at 3 o'clock and lasted until 9 o'clock. In the main the sets were very close, in most cases the home club winning out only with the odd points.

It was arranged at the commencement that the results should be taken on the total number of games, not matches won. As a consequence, James Island was the winner, with 57 points to her opponent's 53.

The James Island Club takes this opportunity to thank the Salt Spring club for the kindness extended to them both during the games and afterwards. It would help tennis in the Island District if these matches could be arranged oftener, or run on a league principle. Tennis enthusiasts would then have something to look forward to almost every Saturday afternoon. On August 7, Salt Spring team will play on the courts at James Island.

NEW BISHOP OF SALISBURY.

The Archbishop of Brisbane (Most Rev. Dr. St. Clair George Donaldson) has been appointed Bishop of the English diocese of Salisbury, where he will succeed the late Dr. Ridgeway, who died last month at the age of 73 years. Dr. Donaldson will leave Brisbane at the end of October. He was born in London 35 years ago, and is the son of Sir Stuart Donaldson, who was the first Premier of New South Wales. In 1891 he succeeded his friend, Dr. Carter (now Archbishop of Capetown), as head of the Eton Mission. He was appointed Bishop of Brisbane in 1904 and became Archbishop a year later, on the foundation of the ecclesiastical Province of Queensland.

Will Meet To-night—The Native Sons of Canada will meet this evening at 8 o'clock in the Belmont Building on Government Street, for general business.

Due here next month, the Harrison Direct Line vessel, "The Author," is carrying a large liquor consignment for Government vendors and for private concerns, it is stated. The Author has in his hold the best of the liquor on board, and her arrival is being anticipated eagerly.

Put Milk In The Water
The right way to dilute Pacific Milk is to put milk into water rather than into the milk. Say a recipe calls for a cup of milk; take a half cup of water and stir into it sufficient Pacific Milk to fill the cup.

We mention this because a lady in North Vancouver said she could not get good results when she diluted the milk, and we find she had reversed the process, her baking becoming improved immediately she did it properly.

ITS PROPER COURSE. Until the High School imbrolio has been settled the School Board will be deluged by advice from many quarters on what course it should pursue.

Until the High School imbrolio has been settled the School Board will be deluged by advice from many quarters on what course it should pursue. Its inevitable reply to all and sundry must be that it represents the whole community—not any small proportion of it—and that its duties and functions are specifically fixed by law.

IN ASIA MINOR. A few years ago a war, marked by battles of considerable magnitude, between Greeks and Turks would have been regarded by newspapers as a headliner of no little importance.

A few years ago a war, marked by battles of considerable magnitude, between Greeks and Turks would have been regarded by newspapers as a headliner of no little importance. Today the conflict in Asia Minor in which the Greeks have just registered a striking "come-back" after their reverse some weeks back is considered to be hardly more than a common-place obscurity and is given a minor position in the press.

Now that Japan has accepted the invitation of President Harding to take part in a disarmament conference there is nothing to hinder the final arrangement of details and the compilation of an agenda. The conditional phase of the acceptance of the Island Kingdom is not a matter of moment for the simple reason that each representative will enter into the deliberations of the gathering with certain limitations prescribed by his own Government.

ANOTHER WARNING. As a result of a tour of inspection through the fishing waters of the Province Mr. John P. Babcock, Assistant to the Commissioner of Fisheries of British Columbia, has come to the conclusion that the salmon catch in the North this season will be a miserable affair.

As a result of a tour of inspection through the fishing waters of the Province Mr. John P. Babcock, Assistant to the Commissioner of Fisheries of British Columbia, has come to the conclusion that the salmon catch in the North this season will be a miserable affair. He has found the runs small and is of the opinion that this year's pack will be the lowest since the establishment of the industry.

Upon more than one occasion during the last three or four years Mr. Babcock has prophesied an ultimate extinction of the salmon fishing industry in this Province unless more stringent fishing regulations were imposed. His official position and thorough knowledge of his subject has enabled him to scrutinize fishery conditions and to warn the public of the possible consequences in the absence of adequate protection for the industry.

Commission which sat in this Province two years ago created something of a sensation and resulted in the preparation of a treaty to enforce the requisite regulations in the waters of the Puget Sound. The Dominion of Canada has signed the document; but the Senate of the United States has withheld its sanction so far. In the meantime the State of Washington has taken action on its own account in respect of "pinks" and their closely related species. Nevertheless the danger to the sockeye run to the Fraser remains and will grow in seriousness unless and until more fish are allowed to escape to the spawning grounds.

Mr. Babcock's disturbing news about the industry in the North is distinct from the crisis in the Puget Sound. In this case no argument against the lack of co-operation from the United States can be used. The Northern waters are under Canadian control. It lies with the Dominion Government to take the necessary steps to prevent a duplicate of the Fraser River failure. The process is simple. If too many fish are caught the escape to the spawning grounds will be proportionately less.

PATIENCE WANTED. Any display of impatience or an over-indulgence in dangerous speculation at this stage of the Irish controversy may have the effect of delaying a settlement or of disturbing the negotiations beyond hope of resumption.

Any display of impatience or an over-indulgence in dangerous speculation at this stage of the Irish controversy may have the effect of delaying a settlement or of disturbing the negotiations beyond hope of resumption. It goes without saying that the nature of the proposals made to de Valera by the Prime Minister will not be acceptable to those of the "republican" leader's colleagues who are disposed to fight to the last ditch for national independence. Lord Birkenhead's remarks in the House of Lords yesterday support the suggestion that de Valera's attempt to reconcile the Sinn Fein maximum and minimum demands with the British offer should not be hampered by political discussion.

ALL AGREED. Now that Japan has accepted the invitation of President Harding to take part in a disarmament conference there is nothing to hinder the final arrangement of details and the compilation of an agenda.

Now that Japan has accepted the invitation of President Harding to take part in a disarmament conference there is nothing to hinder the final arrangement of details and the compilation of an agenda. The conditional phase of the acceptance of the Island Kingdom is not a matter of moment for the simple reason that each representative will enter into the deliberations of the gathering with certain limitations prescribed by his own Government. Instructions so designed may not be interpreted as anything more serious than a natural reluctance to surrender those principles of national right to which all countries have clung so resolutely. None the less the League of Nations furnishes a precedent to the greater powers with the exception of the United States and should suggest that only after supplementing the aims and objects of what has scarcely emerged from the academic stage by the employment of practical methods may universal peace be assured.

IT SOUNDS WELL. According to rumors in circulation in Reval the Bolshevik Premier is about to recommend to the Soviet Government the acknowledgment of the national debt which the new dictators repudiated after the revolution.

According to rumors in circulation in Reval the Bolshevik Premier is about to recommend to the Soviet Government the acknowledgment of the national debt which the new dictators repudiated after the revolution. It is suggested that the course proposed would automatically enlist the confidence of the outside world and result in the provision of urgently needed supplies. But Lenin does not propose to hurry the payment for the Fraser run and his evidence before the International Fisheries

Commission which sat in this Province two years ago created something of a sensation and resulted in the preparation of a treaty to enforce the requisite regulations in the waters of the Puget Sound. The Dominion of Canada has signed the document; but the Senate of the United States has withheld its sanction so far. In the meantime the State of Washington has taken action on its own account in respect of "pinks" and their closely related species. Nevertheless the danger to the sockeye run to the Fraser remains and will grow in seriousness unless and until more fish are allowed to escape to the spawning grounds.

for commencement. In the meantime there is a suggestion that the Soviet Government shall confer with the creditor nations in order that the liabilities may be duly tabulated and diplomatic relations resumed. If the report is correct the proposal may have possibilities; but an understanding for recognition would have to be accompanied by reliable guarantees. On the other hand the present dilemma in Russia ought to hasten the end of Soviet rule.

NOTE AND COMMENT. Vancouver's Automobile Club invited the Assistant Engineer of the Public Works Department to tell its members why the roads of Vancouver Island are so good.

Vancouver's Automobile Club invited the Assistant Engineer of the Public Works Department to tell its members why the roads of Vancouver Island are so good. The official in question enlightened them. In the meantime touring motorists should note the information contained in the topic of address.

There comes an announcement from Toronto that some landlords are asking two dollars for the privilege of looking at houses and apartments prior to renting them. In view of the house shortage everywhere the "viewing" business should be as profitable as renting.

OTHER PAPERS' VIEWS. NOT IN OTTAWA'S CLASS (The Ottawa Citizen).

The suggestion that Mr. Drury, Premier of Ontario, should enter the Federal House with the ultimate object of becoming Premier of the Dominion, causes The London Free Press to point out that the present Provincial Administration has also been speaking in a muddled manner. The support of the Free Press is doubtless well meant, but we are certain that Mr. Drury has not had the necessary experience to outdo the present Administration either in spending or in muddling. Practically all the members of the present Federal Cabinet has superior claims to recognition, and the Ontario Premier can only hope to attain Ottawa rank by continuing for some years to come the course he is credited with inaugurating.

HOROSCOPE. THURSDAY, JULY 28, 1921. (Copyright, 1921, The McClure Newspaper Syndicate.)

The morning of this day is not fortunate, according to astrology. The Sun, Venus, Saturn and Neptune are all adverse, while Uranus and Mercury are in benefic aspect. It will be wise to pursue the usual lines of activity while this configuration prevails and any effort to secure promotion or preferment is likely to be un lucky. Those who seek positions should defer any sort of initiative. Claims for appointments should also not be pushed until planetary aspects change. Women are subject to most disconcerting influences. They should seek peace and serenity. This is not a lucky wedding day, since Neptune may thwart understanding and sympathy. Romance will not thrive, except through letters to-day, and association will be conducive to quarrels and jealousy. Women are warned that upon them is placed large responsibility in making the world better and the seers remind them that there is a great deal of vanity and love of admiration that is destructive to high ideals. A direction to-day, making for profit and success. Publicity is to be in demand the ever before and newspapers are to become even stronger than they have been in the past. Uranus gives promise of saner views on life than those that have been expounded since the war, for the decline of world madness appears to have been rapid since Sziging. Birthdays it is the augury of a fortunate year. They should avoid worry and keep the health in order. Children born on this day may be restless and unsettled, but talented and inquisitive. They are subjects of Cancer and their principal ruler is the Moon.

DOMINION PREMIERS' VIEWS ON SILESA HEARD (Continued from page 1.)

The French Government, in its Communication last night, said it deemed it impossible to decide on a meeting of the Allied Supreme Council until the question of sending reinforcements into Upper Silesia had been decided. Experts Meet. Paris, July 28.—The British, French and Italian experts designated to draw up a supplementary report on the Upper Silesia situation held their first session here this afternoon. Germany. London, July 28.—Germany will abide by the decision of the Allied Supreme Council relative to the question of transportation of a French division across Germany to reinforce the French troops in Upper Silesia, according to information available here to-day. The German Foreign Minister, Dr. Rosen, informed the French Ambassador in Berlin last night to this effect in a note.

LOWER LIVESTOCK RAILWAY RATES. Will Come Into Effect in This Country. (Ottawa, July 28.—(Canadian Press)—The reduction in the rates on livestock arranged as a result of the conference between shippers, representatives of the Canadian Railway Commission were announced to-day in a letter from the carriers to the Commission. They will come into effect immediately, but new tariffs are filed with the Commission. British Columbia and prairie local rates in effect prior to September 13, 1920, are restored, as also are local rates in Eastern Canada prior to the same date. The rate on cattle from Winnipeg to Montreal or Toronto under the new rate will be 85 cents per hundred pounds.

DAKOTA BANKER WAS ARRESTED. Fargo, N. D., July 28.—T. J. Belscher, of Fessenden, N. D., prominently known North Dakota banker, head of a string of banks and heavily interested in other business activities, was arrested here to-day on a charge of violating the Federal bank laws.

BANK OF ENGLAND'S WEEKLY STATEMENT. London, July 28.—The weekly statement of the Bank of England shows the following changes: Total reserve, decreased, £44,000; circulation, increased, £263,000; bullion, increased, £2,604; other securities, decreased, £4,274,000; other deposits, decreased, £2,850,000; public deposits, decreased, £1,557,000; notes reserve, decreased, £264,000; Government securities, decreased, £29,530,000. The proportion of the bank's reserve to liabilities is 15.21 per cent. Last week it was 11.49 per cent. Rate of discount, 5 1/2 per cent.

Cabinet.—A communication Premier Lloyd George was reported to have received from De Valera and the post-pone of Premier Smuts until August 5. The communication from De Valera was reported to have asked for further light on several doubtful points of the proposals, while the action of Premier Smuts in remaining here was taken to mean that he felt his services as mediator might again be needed. Several Days. All these things taken together prompted this morning's newspapers to believe that several days might pass before an additional development would be noted. Several newspapers printed denials that De Valera had communicated with the premier, but admitted that such a note might arrive at any time, although some even went so far as to say this was unlikely within the present week at least. The question of assembling the entire Dail Eireann to consider the British Government's proposals is now regarded by the premier, but having an important bearing on the progress of the negotiations and, according to some reports, considerable difficulty has arisen from this connection. A Difficulty. It has been frequently stated that the British Government was willing to release thirty-six members of the Dail Eireann who are in prison if De Valera would only make the request. It is said on the other hand, however, that the Sinn Fein leaders are reluctant to ask for the liberation of their comrades, lest it appear that they recognize British right to imprison Sinn Fein representatives. How this difficulty, if it exists at all, will be circumvented is not apparent at the moment, but the view is taken that certainly before long the Dailites will be released to participate in the "Irish Parliament" meeting which it is believed many quarters here has been arranged for. In South America. Buenos Ayres, July 28.—An effort to interest Latin-American nations in the cause of Irish independence will be made by Laurence Ginnell, a member of the Irish Republican Parliament, who arrived here yesterday. He is accompanied by Edmond de Valera, leader of the Irish "Republican" party.

SYSTEM OF VOTING IS DISCUSSED. Municipal Delegates in Ottawa Have "P.R." Debate. Ottawa, July 28.—(Canadian Press)—Proportional representation was the big subject of discussion at this morning's session here of the Union of Canadian Municipalities convention. After H. P. Hill, M. P. for Ottawa, had opened the discussion, Alderman W. B. Simpson, of Winnipeg, declared that labor men in the prairie metropolis were well-satisfied with the effect of proportional representation. The system had cut the number of wards from seven to three, and he hoped next year to see a further reduction. Alderman Boyd, another Winnipeg delegate, confirmed Alderman Simpson's statement. Tom Moore, president of the Dominion Trades and Labor Congress, urged municipalities to undertake construction at a time when they would absorb the slack from private operations.

THUGS' REVOLVER DUMMY, BUT THEY ARE GIVEN LASHES. Toronto, July 28.—Three young men charged with having beat up a citizen and looted a dummy revolver, were sentenced to nine months with forty lashes and a third to six months with twenty lashes.

BETTING IN U. S. CAPITOL. Washington, July 28.—Betting on horse races has been going on under the dome of the Capitol for months. It was revealed with the arrest of an alleged bookmaker to-day. The arrest followed complaints from several Congressmen that they were spending more time "doping out" the races than they were on actual work. Members of the Capitol police are said to have done nothing to discourage the presence of hand bookmakers in the Senate and House office buildings and in the Capitol itself. Consequently, a shakeup of the Capitol police is expected.

THRESHERS KILLED BY EXPLOSION. Montgomery, Alabama, July 28.—Jasper Fritchard, William Butler and Paul Trower were instantly killed here to-day when a threshing machine on which they were working exploded. Four men were seriously injured.

Principal's Dismissal Supported by Council of Public Instruction

Dr. Alexander Robinson, principal of Victoria High School, was to-day declared by the Council of Public Instruction to be "inefficient" owing to his failure and inability "to perform efficiently the duties in respect to discipline and administration" in the High School.

S. J. Willis, superintendent of education and secretary of the Council, immediately notified the Victoria School Board of this decision. The Board dealt with the matter this afternoon. The decision was taken by the Council as a result of the resolution passed by the School Board Tuesday night asking the Council to declare Dr. Robinson inefficient.

The school law says that the School Trustees shall upon notification from the Council of Public Instruction of the inefficiency of a teacher, give such teacher thirty days notice of dismissal. This action, it is expected, will be taken by the School Board this afternoon. It is hoped by School Board members that such action will end the whole Robinson affair and clear the way for other conditions in the High School.

"I am directed by the Council of Public Instruction to forward for the attention of your Board, certified copy of a resolution passed by the Council as a notification of the inefficiency of Dr. Alexander Robinson, the principal teacher in the Victoria High School," said Mr. Willis in his letter to the School Board to-day.

"Passed by the Hon. Council of Public Instruction, July 28: 'Resolved, that pursuant to clause (b) of section 116 of the Public Schools Act, being chapter 216 of the Revised Statutes of B. C., 1911: 'Notification be given by the Council of Public Instruction to the Board of School Trustees of Victoria City school district of the inefficiency of Alexander Robinson, principal teacher in the Victoria High School, owing to his failure and inability to perform efficiently the duties in respect to discipline and administration in the school required of the principal teacher.'"

No statement of what transpired at the meeting of the Council of Public Instruction was given out, but it is understood that the action was taken in the recent McLaughlin-Ferguson inquiry into the conduct of the school.

To Name New Principal. Now that the Council of Public Instruction has supported its decision to dismiss Dr. Robinson, the School Board will be able to go ahead immediately with its plan to appoint a new principal. It is planned to make this appointment immediately so that the new principal will be able to assume his duties with the commencement of the Fall term at the beginning of September. It is known that someone from another city in order that he may be able to commence his work free from all antagonisms in his connection with the recent upheaval.

Telephone Increase Will Cost Victoria \$32,310 PER ANNUM (Continued from page 1.)

I claim, that on the Vancouver basis Victoria's rates are too high. That is, the present \$5 business rate in Victoria is too high in comparison with the \$6 rate in Vancouver. Consequently, when both are increased ten per cent, this increase is perpetuated to a considerable extent, although, of course, the ten per cent increase on the \$5 rate here amounts only to 50 cents, whereas the ten per cent increase there amounts to sixty cents.

"The company," Mr. Pringle pointed out, "actually asked for a twenty-five per cent increase in Vancouver and thirty per cent increase in Victoria, as it asked an increase of \$1.50 on the business telephone rates of \$5 here and \$6 in Vancouver."

When the ten per cent increase goes into effect telephone rates in Victoria and Vancouver will be as follows: Victoria: Business telephones, \$5.50; monthly individual residence lines, \$3.30; party lines, \$2.20. Vancouver: Business telephones, \$6.00 a month; individual residence telephones, \$2.20; monthly party lines, \$2.20 a month.

The company asked in its application to the Railway Board to raise its rates as follows: Victoria: Business telephones from \$5 to \$6.50; individual residence lines, \$3 to \$3.25; party lines, \$2 to \$2.25. Vancouver: Business telephones, \$6 to \$7.50; individual residence lines, \$3 to \$3.50; party lines, \$2 to \$2.50.

Thus the company's demands were reduced in every class except in that of individual residence telephony. These telephones will cost five cents more a month in Victoria, whereas they would have cost had the company's request been granted. There are only 718 of these telephones in use here.

The ten per cent increase will work out in Victoria and Vancouver as follows: In Victoria there are 2,917 business telephones, which will yield \$5.50 a month instead of \$5—a total increase of \$1,008.50, as against the \$2,025.50 increase asked in Victoria in the form of a \$4.50 rate.

In Vancouver there are 6,478 business telephones, which will yield \$6.00 a month instead of \$5—a total increase of \$3,887.40, as against the \$9,718.50 asked by the company in the form of a \$7.50 rate.

Effect of Judgment. Ottawa, July 28.—With the delivery of judgment in the telephone Co. rate case yesterday afternoon, a case in which extensive evidence was presented and very full arguments were made, a most important public service decision came to a conclusion, the judgment of the Board of Railway Commissioners being in favor of the company, but less strictly than applied for. The increase granted is 10 per cent. in rates for exchanges and service outside of the Kootenay district, instead of 15 per cent. sought.

The company is to make monthly statements, and if, at the end of six months, the Railway Board finds the increase excessive it may cancel the rate. Residence telephones will bear their share of the increase. The case was first heard in Vancouver last April and later in Ottawa from May 18 to 22. Evidence filed by the company and accepted by the Board showed that the value of the plant in 1918 was \$6,588,208, and on December 31, 1920, the value had increased to \$9,178,962. The outstanding securities were \$1,500,000 ordinary shares, \$1,000,000 of preferred stock, and \$2,453,333 of 4 1/2 per cent. debentures.

In reaching his conclusion that a 10 per cent. increase in rates was permissible, the Chief Commissioner allowed a 2 per cent. increase on the ordinary shares. An annual reserve for depreciation at the rate of 6.94 per cent. was found reasonable. In other words, says the judgment, the experience of other similar companies is that the entire plant will have to be replaced every 16 years.

The company's statement showed a deficit of \$18,841 for the six months ended December 31, 1920. Furthermore, it was shown that the company would need \$2,000,000 of additional capital for equipment and building extensions during the next two years.

The judgment points out that the evidence produced went to show that the service was good, the plant kept in excellent condition, and the business fairly economically managed. The Chief Commissioner observed, however, that he believed \$22,000 annually paid for directors' salaries was excessive. He found the wages paid to female operators generous, but not unreasonable. Labor costs were found to have risen 19 per cent. in 1920, and the cost of materials 90 per cent. The company had only raised rates 5 per cent. during this period.

"No doubt," continues the judgment, "in the very near future the rate in all such utilities on the Pacific Coast will be materially reduced."

The claim made for the city of Victoria, that the rate of increase should not be as much as that for Vancouver was denied. The Chief Commissioner found that the Lower Mainland must be regarded as one unit. The judgment recommends, however, that the rate between the cities of Vancouver and New Westminster be reduced from 12c to 10c.

Individual residence telephony in Victoria will yield the company a total increase of \$213.90 a month as against \$178.25 asked for; and in Vancouver these telephones will yield an increased revenue of \$587 as against \$354.50 asked by the Company.

Party lines in Victoria will produce an increase of \$1405.50 as against \$1767 asked by the Company. In Vancouver they will yield \$382.40 as against \$373.10 asked by the Company.

Private branch lines in Victoria will yield an increase of \$14.50 as against \$87 asked by the Company, and in Vancouver \$85 instead of \$528. The Company asked to increase the rate on these lines from \$5 to \$8 in both cities.

Private branch trunk lines will produce an increase of \$60 instead of \$150 asked in Victoria and \$490.50 as against \$1227 asked in Vancouver.

Thus the total increase in Victoria per month will be \$2592.50 as against \$1977.75 asked by the Company; in Vancouver \$5,919.50 as against \$2,139.10.

Just Out Edison Re-Creations OF VASA PRIHODA "The Young Paganini"

Europe, South America and the United States have hailed this young Bohemian violinist as one of the few wizards of the violin that appear once in a century. Edison has just recorded No. 5227, Caprice. Viennois—Kreiser; reverse, La Ronde des Lutin—Bazzini; also No. 5228, Humoresque—Dvorak; reverse, Jota de Pablo—Sarasate. Prices \$2.50 each. These re-creations are wonderful. Call in and hear them.

Kent's Edison Store PHONE 3449 1004 GOVERNMENT ST.

TWENTY-FIVE YEARS AGO TO-DAY Victoria Daily Times, July 28, 1896.

At a meeting held yesterday afternoon, the Municipal Reform Association decided to apply to the Supreme Court to restrain the city from paying out any further money on account of the new pile bridge at Point Ellice. An application will also be made to compel the Mayor and aldermen to refund any moneys that have already been paid on account of the bridge. The contention of the Association is that the money was not legally expended, the corporation not having received permission from the Dominion Government to build the bridge. The applications have been filed.

The officers of the Fifth Regiment have unanimously passed a vote of thanks to Messrs. J. M. Finn, George E. Powell, George Bushby, Fred Richardson, W. R. Higgins and all others identified with the recent military performances.

The directors of the British Columbia Agricultural and Industrial Association decided at a meeting last night, that it was inadvisable to hold a meeting this year. This view was taken after due consideration of the fact that the city was not in a position to grant the necessary financial aid.

against \$1767 asked by the Company. In Vancouver they will yield \$382.40 as against \$373.10 asked by the Company.

Private branch lines in Victoria will yield an increase of \$14.50 as against \$87 asked by the Company, and in Vancouver \$85 instead of \$528. The Company asked to increase the rate on these lines from \$5 to \$8 in both cities.

Private branch trunk lines will produce an increase of \$60 instead of \$150 asked in Victoria and \$490.50 as against \$1227 asked in Vancouver.

Thus the total increase in Victoria per month will be \$2592.50 as against \$1977.75 asked by the Company; in Vancouver \$5,919.50 as against \$2,139.10.

The Telephone System. On July 1, 1921, there were 12,578 telephones in Victoria, and 2,344 on Island exchanges outside Victoria, of which Nanaimo has 1,507. Courtenay, 324, and Duncan 617 are the other large centres. The total number of telephones on the B. C. Telephone system is 69,419, of which Vancouver City has 39,882. New Westminster has 2,924 telephones installed.

PREFERENCE FOR CANADIAN GOODS IN WEST INDIES. Kingston, Jamaica, July 28.—The colonies of the British West Indies have decided upon a uniform customs tariff. Arrangements are being made to give a preference to Canadian goods, principally flour. In return, Canada is to give preference to West Indian produce, principally sugar and oranges.

The Legislative Council to-day adopted a law prohibiting the purchase and exportation of immature fruit. The measure was the outcome of the keen competition between American companies purchasing and shipping bananas from Jamaica and the other British Indies.

CHEAPER MONEY. Paris, July 28.—The rate of discount of the Bank of France was reduced from 6 to 5 1/2 per cent. to-day.

WESTMINSTER CLEARINGS. New Westminster, July 28.—The bank clearings here during the past week were \$526,354; last year, \$675,960.

"You are not the young lady to whom I give lessons," said the music teacher. "No, the young lady to whom you give lessons is the one who has sent me to practice for her."

TROPHY ARRIVES. The Duke of Devonshire's trophy for the Boys' Naval Brigade arrived in this city to-day. His Grace promised one when he last visited here before leaving Canada.

WHAT'S IN A NAME?
Facts About Your Name, Its History, Its Meaning, Whence It Was Derived, Its Significance, Your Lucky Day and Lucky Jewel.
By Mildred Marshall
(Copyright, 1921, by The Wheelabrator, Inc.)
DIANA.
One of the most beautiful names which came to us through Roman mythology is DIANA. She was originally Diviana, goddess of the night, but as she was pure as Vesta, she was identified with the Greek Artemis and given possession of the temple of Ephesus, and was thenceforth regarded as the goddess of the silver bow and daughter of Jupiter and Latona.
In the sixteenth century, when romance of chivalry began to make their appearance, Jorge de Montemayor, the Spanish poet, named his heroine Diana, and her name was quickly taken up by the sponsors of the lovely widow, Diane de Poitiers, whose colors of black and white Henry II. of France wore even to his last fatal tournament. The Cavalier Court during its residence in France adopted Diana and carried it back to England, where there were as many Lady Dyes and Lady Bettys and Lady Fannys.
In some instances Diana is regarded as the name of the charitable lady referred to in the Scriptures as "Dinah of the Ephraimites." In the eighteenth century there was a Motina DIANA in Florence whose chief claim to fame was that she mistook a large stone that fell on her hand off a building for a small pebble, because she wore such an elaborate headpiece.
Crystal is Diana's talismanic gem. It guards her youth and purity, according to old superstition, and brings her many friends. Sunday is her lucky day and 7 is her lucky number.

SOCIALLY PERSONAL
CALGARY SILVER BAND OF SALVATION ARMY WHICH PLEASED VICTORIANS TUESDAY
Nuptials of Miss Edith Birkett and John S. Gill
At Christ Church Cathedral yesterday morning the Rev. A. W. Collins officiated at the nuptials of Miss Edith Birkett, younger daughter of Mr. and Mrs. Frank Birkett of "Ruthin," Marigold, of John Stanley Gill of the Supreme Court Registry, son of Mr. and Mrs. John Gill of Bude, Cornwall, England. The church was prettily decorated with Shasta daisies and sweet peas.
The bride was given in marriage by her father and looked very pretty in her graceful gown of ivory silk poplin, with panels embroidered in a design of marguerites. She wore a picture hat of white chiffon and carried a lovely bouquet of Ophelia roses. Her only bridesmaid, Miss Lenora Barker, was in a be-trilled frock of rose pink organdy, with Leghorn hat trimmed with pink organdie and French flowers, and she carried a bouquet of pink sweet peas. E. C. McIntyre was the groomsmen.
After the ceremony a reception was held at the home of the bride's parents at Marigold, where Shasta daisies and sweet peas were lavishly used in the reception room. Mr. and Mrs. Gill left on the afternoon boat on their way to Lake Crescent where the honeymoon will be spent, the bride traveling in a suit of navy blue embroidered in black and henna, and hat of navy taffeta. Later they will make their home on North Quadra Street.

LOCAL CHINESE GIRL WED HERE
Miss Florence Lee Married to Mah Ling Fong, of Regina
On Tuesday evening at 1030 Pembroke Street, the residence of the bride's parents, Mr. and Mrs. Lee, the Rev. Dr. Campbell officiated at the marriage of Mr. Mah Sing Fong, of Regina, and Miss Florence Lee of Victoria. The bride who was given in marriage by Miss Cronkhite, principal of the Presbyterian Chinese Mission School of this city, looked very pretty in a beautiful gown of embroidered silk with draperies of crepe de chine, the conventional veil, orange blossoms and carried a shower bouquet of bridal roses and sweet peas. She was attended by two bridesmaids, Miss Edith Koo, and her own sister, Miss Elsie Lee. The former looked very charming in a mauve silk gown, and carried a bouquet of mauve and purple sweet peas, and the latter was very pretty in a dainty frock of white muslin, and carried a bouquet of mauve and pink sweet peas. The bridegroom was accompanied by Mr. Henry Hatt and Mr. Albert Nich. After a honeymoon spent in Victoria, Mr. and Mrs. Fong will make their home in Regina, where he has a prosperous business. He is a native of Canton, and is a native of Victoria, well educated in Chinese and English. They are both Christians.
After the ceremony the guests to the number of about eighty sat down to supper.

FOR CHILDREN THE SANDMAN STORY FOR TONIGHT
TWO JACKS AND A DOLL Part II.
"Will he be back to-night," she thought. "But night-time came and still no Jack. 'I am glad I did not set the day,' said Dancing Doll. 'I will never tell any one. I was silly enough to think of marrying him.' She sighed a while and then, with a toss of her head and a flirt of her arms, she began to dance. 'Why should I sigh?' she said to herself. 'There must be others in this playroom, just as nice as Jack-in-a-Box.' Around and around she whirled and then she stopped, for on the very end of the shelf she saw Jumping Jack lying on his back.
'Are you to live here?' she asked, thinking she had lived there so long that it gave her the right to speak to a power being introduced. 'Jumping Jack sat up. 'You must excuse me if I do not stand,' he said, 'but I am a little disabled. I have lost one leg in this place where they repair toys.'
'It certainly is not,' replied Dancing Doll. 'This is my home. Jack and I mean this is my home. I live here all alone.'
'Oh, call me Jack, just as you started to do,' said Jumping Jack. 'Everyone calls me 'the-Box' because I had both legs. We ought to have a very jolly time up here, for I am some dancer myself.'
'Where is your other leg?' inquired Dancing Doll.
'Down on the floor,' said Jumping Jack. 'Some one pulled my string very hard and I gave a very high kick and off it went. But I could do pretty well with one leg if only I had some way of getting up.'
'I'll help you,' said Dancing Doll. 'I will show Jack-in-the-Box how to get the only one if he comes back,' she thought.
Jumping Jack was on his one leg in a second and with one arm around the waist of the Dancing Doll and the other hand holding hers he had no trouble in dancing on one leg as well as most folks could dance with two. They sidestepped and whirled and twirled and hopped and slid from one end of the shelf to the other, and whether they hit Jack's box or how it happened was never known, but suddenly, just as they were dancing beside the box, 'Pop!' open came the cover of Jack's box and there he was. He came out with such a bounce that he frightened Dancing Doll and Jumping Jack quite out of their senses and down they tumbled and rolled off the shelf onto the floor.
When they were placed on the shelf the next day Jumping Jack had lost the other leg and Dancing Doll had lost both feet.
Both Jacks were happy in spite of the fact that they have no feet and they are just as jolly as ever, but little Dancing Doll would be the saddest one in the playroom if the two Jacks did not spend all their time thinking of funny things to make her laugh.
Jack-in-a-Box never spoke of love to Dancing Doll again; not that it mattered about her feet being gone, but because it seemed to him that instead of one husband to cheer her, Dancing Doll was much more in need of two friends. So they all lived on the shelf in the playroom.
I forgot to tell you that Jack-in-a-Box sprained his spring when he jumped so suddenly from the box that

DR. HAGGERTY TO SPEAK HERE
Dean of the School of Education in Minnesota University
Dr. M. E. Haggerty, Ph. D., Dean of the School of Education in the University of Minnesota, will be the lecturer at the Friday evening public lecture held in connection with the Summer School for teachers.
Proceedings will commence at 8:30 o'clock at the High School Auditorium to-morrow. His subject will be "Some Children I Have Known."

TENNIS "FLANNEL" DANCE TONIGHT
Victoria Club to Honor Visiting Players at Alexandra Ballroom
To-night at the Alexandra ballroom the visiting tennis players who are in the city in connection with the B. C. tennis championships will be the guests of the Victoria Lawn Tennis Club at the flannel dance to be given in their honor.
Out of consideration for the visitors, who have in the majority of cases brought only limited wardrobes with them, dress will be strictly informal. An especially attractive programme of music has been arranged by Professor Heaton and dancing will be from nine till one o'clock. Supper will be served during the evening.
The Victoria Lawn Tennis Club enjoys such an enviable reputation as a tennis club that it is anticipated that there will be a big crowd on hand to honor the visiting players.
LADIES' SELECT CHOIR.
Professor J. D. Town's Ladies' Select Choir, after continuing rehearsals during the Summer months, will take a holiday during the month of August. Rehearsals will resume on September 5, in order to be ready for the first concert, which will be held early in October. The choir will consist of 24 voices, divided into four classes. Special care is being taken in regard to classification of voice, phrasing, enunciation and general ensemble.

BEAUTY SPOTS OF WORLD TO BE SHOWN
Samuel Hill to Show Pictures To-morrow Under Kumtuku Club Auspices
At a special meeting of the Kumtuku Club held last evening final arrangements were made for the exhibition of stereoscopic views by Samuel Hill, of Seattle, at the Chamber of Commerce auditorium on Friday evening at 8:30. As this is the first big undertaking of the club, members are working enthusiastically to ensure the success of the affair.
Invitations have been sent to the members of the Canadian Club, Women's Canadian Club, Rotary, Kiwanis and Gyo Clubs, and the Chamber of Commerce, to attend the exhibition. Mr. Hill has collected the pictures from every corner of the world at considerable expense, and will personally explain each view, so that the series should be of much interest and educational value.
At the meeting last night the various committees were elected, including the "reception" committee, comprising the president, Miss Brown, the vice-president, Miss Brown, and Mrs. W. Monteith, the usher who will assist to-morrow evening are Mrs. Ogilvie, Mrs. Hodges, Mrs. Nasmith, Miss Marlett, Miss Wigley and Miss McLaren.

MAY ESTABLISH INDUSTRY HERE

Well-known Sweet Pea Seed Grower Speaks of Possibility

The possibility of establishing a seed-growing industry near Victoria which will prove a great attraction to tourists as well as a profitable commercial proposition, is intimated by S. W. Crosland, of Cedar Creek, Dunoon, who is at present on a visit to Victoria.

Rotarians Prove Splendid Hosts to City's Youths

Four Hundred Boys Enjoy Magnificent Outing to Deep Bay As Guests of Senior Business Club.

Although the Rotary boys' picnic at Deep Bay yesterday afternoon was organized with the single-minded view of giving to as many of the lads of Victoria as good a time as was humanly possible, as a part of the Rotary boys' work programme, the hundred Rotarians and Rotariennes who provided the outing had as much fun and excitement during the afternoon as did the most delighted of the boys, the affair proving one of continuous fun from the moment the first motor took place until the closing sing-song.

Over 350 lads of all ages and sizes were the guests of the senior business men's club, and so well were all the arrangements prepared in advance that there was never a dull moment.

After two hours of this strenuous amusement the supper call met hungry lads indeed, and almost as famished were the Rotarians themselves. The ladies more than made good on what had been expected of them, however, and when, after nearly an hour's seclusion in shady nooks the lads reappeared with that filled-right-up expression familiar to fond parents on Sundays, there was still a store of eatables left in every hamper.

After the lads had been fed and refreshed, the Rotarians organized a team work. After supper the five-a-side football was played off.

This was followed by a prize distribution by Mrs. Lester Patrick, the whole party joining in singing until the time for return to the city arrived. The prize winners were as follows: Boys—5 to 7 and 8 to 9 Classes.

Boys, 5 to 7, egg and spoon race—1, R. Esler; 2, B. Poppitz. Boys, 8 to 9, backward race—1, Chas. Preston; 2, Lennie Dixon.

Boys, 8 to 9, potato race—1, Norman Thomson; 2, Frank Holdridge. Boys, 8 to 9, sack race—1, Cecil Hemming; 2, Frank Holdridge.

Boys, 8 to 9, egg and spoon race—1, Billie Woods; 2, Frank Miller. Boys, 8 to 9, 50 yard race (two heats)—1, Frank Coldridge; 2, Howard Jones.

SHE COULDN'T LIFT SPOON TO HER LIPS

Vancouver Woman Had to Spend Most of Time in Her Bed; Is Now in Perfect Health

"I had been ailing for a whole year, and for three months before I got Tanlac I was in an awful condition," said Mrs. A. Feldman, 667 Union Street, Vancouver, B. C.

"I could hardly eat anything, and what little I did force down bloated me until my heart would palpitate frantically and I would get so dizzy I could hardly stand. At times I was nearly desperate from head aches; pains would rack my whole body, and at one time the pain in the end of my back was so terrible I thought I would go distracted. I finally got so weak I couldn't do my housework and spent most of my time in bed."

"My husband gave me the first dose of Tanlac because I was so weak I couldn't even raise a spoon to my mouth. It took hold of me right at once, and it was not long until I was feeling like a different person. To put any case in a nutshell, I kept improving until in short time I was as well as I ever was in my life. I eat, sleep, and feel better than I have in years, and no matter how long I talked about Tanlac I couldn't say just what I'd like to say about it. My heart is just full of gratitude for the good it has done me."

Tanlac is sold in Victoria by Duncan E. Campbell and by leading druggists everywhere. (Advt.)

VETERANS OF FRANCE

The Veterans of France canteen has started on a new lease of life, the fresh blood having introduced new side lines. Ices are in great demand, also members and their friends can regale themselves in the cool of the evening with hot coffee and rolls and eggs. The executive wishes to express their hearty thanks for the sustained support of the members, their friends, and the public whilst passing through this unsettled period.

The sports were held in three distinct sections of the playing field. H. Booyman presiding over the activities of the youngest lads Jimmy Adams

Washington Pitches Capitals to Victory

Tacoma Badly Trounced In First Game of Series; Gibson Knocked Out of Box In Early Stages; Victoria Fielded In Sensational Manner and Froze Out Tigers At Every Turn.

Victoria, 7; Tacoma, 1.

Tacoma, Wash., July 28.—Johnnie Washington had the Tigers numbered yesterday afternoon and Victoria won easily. The locals could not do a thing with the wide-breakers that Washington kept shooting across the plate. Weak flies and easy grounders sent the Tigers down in one—two—three order during the most of the game. The Capitals played splendid ball behind Washington and the Tigers never got a chance to break through.

Gibson has always been able to tame the Capitals in the past and Manager Mullen picked on him to win the opening game, but his service was bad and the hard-hitting Victoria crew got to him early and drove him out of the box.

Arnold, a youngster whom Mullen picked up to replace Cross who was recalled by Vernon, finished the game and he kept the Capitals in check although they managed to grab two runs before the show finished.

Capitals Looked Good.

The Capitals played with plenty of dash and the Tigers were frozen out at every turn. It did not look as though the Tigers were league leaders and the visitors mere tail-enders. Things made the situation look just the reverse.

The teams are billed to meet again this afternoon and for the rest of the week. Victoria is very anxious to take the series.

R. H. E. Victoria 7 11 2 Tacoma 1 5 1 Batteries—Washington and Rego; Gibson, Arnold and Stevens.

Yakima Beats Beavers. Vancouver, July 28.—Yakima managed to get a lock yesterday afternoon and won from Vancouver by 8-5. The Beavers took the first two games of the series. Conley, a speed-ball pitcher, led the Beavers down with six hits, while the visitors collected eleven bingles.

R. H. E. Vancouver 5 6 1 Batteries—Connelly and Cadman; Rapp and Anfinson.

JUNIOR BASEBALL. The Magpies defeated the Beavers, in a close game last evening 12 to 9. The result of the game was in doubt till the end, but the Magpies' superior fielding finally won the game. C. Oard pitched well for five innings, and was replaced by Helness. Basso, the Beavers' twirler, pitched unsteadily at times, and this combined with fielders' errors, lost to the Beavers the game. The Magpies are a three-bagger and a home run to their credit, the heavy hitters being McCloy and J. Fisher. Davis was with the star hitter of the Beavers, with a close second, the Magpies are in splendid shape now, and J. Fisher, their captain, is open to all challengers.

On Friday the Magpies are scheduled to meet the Wards. Heralds Win Again. The Herald's won a ball game from Royals last evening, the score being 23-13. The Royals were no match for the hunky Herald's, who batted three pitchers around the lot. Barfala pitched splendid ball for the Herald's, while White, Salloway and Deane, of the Royals, had nothing on.

R. H. E. Royals 28 38 2 Herald's 13 18 2 Batteries—Barera, Allen, White, Salloway and Doane.

PAT BURNS ELEVEN BEAT BROAD STREET. The Pat Burns eleven had an easy time disposing of the Broad Street cricket team at Beacon Hill yesterday afternoon. The meet-men made a total score of 165. Fletcher batting freely for a 63 not out. Only one Broad Street batsman reached double figures, Ferris smacking out 12 runs.

LEADERS TUMBLE IN WOOLLY OLD TUSSLE

Elks Proved Better Ball Jugglers Than Conservatives, and Lost Game

Hard to Explain Cause of Amateurs Erratic Play on Diamond at Present

Amateur League Standing. Table with columns for Team, P, W, L, Pct.

In another erratic game at the Stadium last night, the Conservative Club downed the Elks 12 to 5 and tightened their hold on third place in the amateur league race.

By virtue of their victory, the Politicians now have at least third place assured should they be successful in defeating the lowly Knights in their next encounter.

Twenty-one runs, sixteen hits, twelve bases on balls and fourteen errors tells the sad tale of last night's game, but with all this the game provided much more excitement than the evidence show for the first five innings was as good a display of how baseball should be played as anyone could expect.

It is hard to imagine just what has hit the amateurs during the last few games, as good ball has been played practically the whole season, and this sudden reversal has got everybody guessing.

It is hard to imagine just what has hit the amateurs during the last few games, as good ball has been played practically the whole season, and this sudden reversal has got everybody guessing.

Disappointment Occasioned at Toronto in Play for Pro Golf Championship

Toronto, July 28.—At a special meeting of the executive of the Canadian Professional Golfers' Association at the Lambton Golf Club last night a decision regarding the constitution was reached after a lengthy discussion that will prove disappointing to professional and amateur golfers alike.

It had been arranged that the professionals playing in the match for the Ross Cup, emblematic of the Canadian professional golf championship play against amateurs, but the executive decided that this was not permissible, and the professionals must play among themselves.

The draw will be made to-night. Thirty-six hole matches will be played, 18 in the morning and 18 in the afternoon. The amateurs, however, will not be entirely barred from competition with the professionals, and a special four-ball match will be played at the Toronto Golf Club on Saturday, when two prizes will be given for the best ball and two for the best aggregate score. No players will be allowed two prizes.

Riot at Battle For Middleweight Title

Bryan Downey, of Cleveland, Smashes Johnny Wilson to Pieces But Referee Made Slow Counts and Gave Wilson Bout on Foul; Newspapers Agree Downey Won and He Accordingly Claims Title.

Cleveland, July 28.—The Cleveland boxing commission and the local newspapers to-day named Bryan Downey, of Cleveland, the new world's middleweight champion boxer, declaring he won the title from Johnny Wilson, of Boston, in the seventh round of a twelve-round no decision contest here last night by a knockout.

Referee Gardner, of Boston, gave the decision to Wilson in the seventh round on a foul.

Wilson had been knocked down three times in this round, and Gardner had counted seven on the third knockdown when he claimed Downey struck Wilson while he was down. A small-sized riot followed the decision. Downey had knocked Wilson down in the third round for a count of two.

J. B. Wilberding, chairman of the Cleveland boxing commission, announced that the official time of the first knockdown was 13 seconds, and that it was by Wilson's manager, jumping into the ring while the count was going on.

Gardner was Wilson's choice. After Wilson had refused to go into the ring after the count of seven, the referee with an Ohio license must participate. Upon receipt of Wilson's ultimatum, Downey's manager agreed to Gardner.

The first knockdown in the seventh round took place after the round was about half over. It resulted from a right cross to Wilson's jaw. In going down, Wilson's head went under the ropes. When he regained his feet, Downey showered him with a fusillade of rights and lefts to the head and body without a return and Wilson went down for the second time.

When Wilson arose he grasped the ropes in a neutral corner and stood helplessly while Downey again landed many blows to the head and body, flooring Wilson for the third time.

Title in Dispute To-Day. Cleveland, July 28.—The middleweight boxing championship of the world is in dispute to-day. According to the Cleveland boxing commission and some writers who were at the ringside, the title belongs to Bryan Downey, of Cleveland, he having acquired it by a knockout over Johnny Wilson, of Boston, in the seventh round of a scheduled 12-round no-decision contest here last night.

But Jimmy Gardner, of Lowell, Mass., former welterweight boxer, who refereed the match, declares Wilson retains the championship because Downey fouled Wilson.

Wilson was knocked down three times in the seventh round. The round was just one minute and six seconds old when Downey sent Wilson down with a right to the jaw and left to the chin. Wilson was on one knee when Gardner slowly counted. Whether he counted ten is disputed.

Official timekeeper, Artie Foote, of the Columbus presented to the champion was down 11 seconds. Gardner had counted only nine in each case.

Manager Jimmy Dunn to-day announced that Downey claims the world's championship and will defend it at 155 pounds.

The newspapers give Wilson the second, fifth and sixth rounds; Downey the first, fourth and seventh, with the third round even.

The Only Foul. The newspapers also claim that if the position of the leaders uncomfortable.

Miss Pendray and John Wickson, of the J. B. A. A., finished fourth. A large crowd of spectators gathered at the Causeway at 7:45 o'clock to watch the start and other groups clustered on the bridges and other points of vantage along the route.

The handsome cup donated by the Columbus was presented to the winners and other suitable prizes were presented to those who finished in second and third places.

Summary of Results. The results of the race were as follows: 1. Miss Long and P. Pitts (V. A. S. C.), Time, 25.92.

2. Miss A. Griffin and Jack Andros (V. I. A. A.), Time, 25.98.

3. Miss F. Gates and Gordon Young (V. I. A. A. and Y. M. C. A.), Time, 25.11.

4. Miss D. Pendray and J. A. Wickson (J. B. A. A.).

5. Miss Grace Wellburn and J. Wood (V. A. S. C.).

6. Miss C. Clapham and F. Palmer (V. A. S. C.).

7. Miss A. McKinnon and Angie McKinnon (Y. M. C. A.).

8. Mrs. Harry Yates and Harry Yates (V. I. A. A.).

9. Mrs. Andros and H. Sewell (V. I. A. A.).

10. Miss Jessie Dunn and Victor Bond (V. I. A. A.).

11. Miss Mona Paul and S. Mitchell (J. B. A. A.).

12. Mrs. Jessie Lovatt and George Lovatt (unattached).

13. Mrs. Leo Dabjaj and M. Blyth (V. I. A. A.).

The officials of the race were: Starter, C. R. Griffin; timekeeper, Max Kilburger; judges, J. T. Braden, H. Jacobs and Al Davies; clerk of the course, C. de Macedo; marshal of events and general director, W. H. Davies.

AUSTRALIAN TENNIS PLAYERS HED UP

U. S. Immigration Officials Say Papers Not in Order to Enter Country

After Considerable Delay Capt. Peach and His Players Are Allowed to Proceed

Pittsburgh, Pa., July 28.—Captain Norman Peach and the remainder of the Australian Davis tennis cup party were taken from a railroad train at Black Rock, N.Y., by United States immigration authorities last night because they were not provided with the necessary papers for entering the United States, according to a message received here this morning by J. B. Yobe, general manager of the Pittsburgh Lake Erie Railroad.

The Australian party left Toronto, where they played against the Canadian team at 7:45 o'clock last night, and were due to arrive in Pittsburgh this morning. They reached Black Rock about midnight. Arrangements had been made with the Pittsburgh Lake Erie Railroad to have through trains stop at Coropolis, a suburban station, in order that the players might be taken directly to the Allegheny Country Club on the other side of the Ohio River without passing through the city.

Clinton Childs, secretary of the Pittsburgh Tennis Committee and a number of other tennis enthusiasts, met the train at Coropolis and were informed by the conductor that the Australians were at Black Rock. Childs and his party came at once to Pittsburgh where the report was confirmed by Mr. Yobe.

Dates Changed. New York, July 28.—A change in the dates of the Davis Cup tennis final round at Chicago between Japan and India and the challenger round at Newport, R. I., was announced last night by the U. S. Tennis Association.

It was stated that the Indian team had been delayed in coming from England.

The round originally scheduled for August 13, 14 and 15, had been postponed to August 18, 19 and 20.

Marshall Allen Now Hero of the Courts

Seattle Boy Played Sensational Tennis For Five and Three-quarter Hours Yesterday and Won Pacific Northwest Singles and With Taylor Also Captured P. N. W. Doubles Championship.

Marshall Allen, the sensational young racket wielder from Seattle, carved a deep niche in the hall of sports of the Pacific Northwest yesterday afternoon when he succeeded in capturing the Pacific Northwest singles championship and paired with W. Taylor and won the P. N. W. doubles titles at the Victoria lawn tennis courts.

As a result of his wonderful playing Allen will go East to represent this section of the country in the national tournament. Taylor will accompany Allen to play in the doubles.

Allen underwent a test yesterday that no other tennis player, even of greater years and experience, has ever endured in the history of British Columbia tennis. For five and three-quarter hours he weathered the day through in exceptionally good condition.

In the morning Allen and Taylor had stayed on the courts for two hours and a half before they were sure of the puzzle ball with cross court returns.

In the mixed doubles Mrs. Robinson and Suhr played a fast game against Mrs. Rickaby and Stickey, who went down in defeat by 6-4, 6-2. Mrs. Rickaby, of Victoria, and Stickey, of California, were hard players to beat, and in the second set they won game such puzzles to their opponents that the match was thought for a time to be in their hand.

An added attraction to the tournaments commenced to-day with the introduction of the ladies' consolation doubles, which is being staged after a special request to the committee by a number of ladies.

The last three days of the week will feature the B. C. Championship draws with the final to be played on Saturday.

The social part of the programme will be staged this evening when the tennis ball will be held at the Alexandra Club. Arrangements have also been made to hold an automobile trip and those who have autos and wish to put them at the service of the club are asked to advise the secretary at once.

The results of yesterday's matches are as follows: Men's Singles. Frye, Tacoma, beat Edwards, Victoria, 6-2, 6-2.

Butters, California, beat Dixon, Vancouver, 7-5, 6-3.

Milton Smith, Seattle, beat Taylor, Seattle, 6-3, 6-6, 7-5.

Gordon, Victoria, beat MacVeagh, Portland, 8-6, 7-5.

G. H. Peers, Vancouver, beat Westwood, Vancouver, 6-3, 2-4, 1-4.

Vickery, Victoria, beat Knox, Cowichan, 6-0, 6-2.

Gardner, California, beat McCallum, Victoria, 6-3, 6-3.

Alkman, Alberta, beat Abner Muller, Spokane, 8-5, 7-5.

Marshall, Victoria, beat Hodgins, Victoria, by default.

Marshall, Victoria, beat Villegas, Seattle, by default.

Scott, Tacoma, beat McLeod, Van-

First Long Canoe Race Won by V.A.S.C. Team

Padding held together and steadily over the long route Miss Long and Percy Pitts, representing the V. A. S. C., won the first annual Through-Victoria canoe race last evening. They were victors over Audrey Griffin and Jack Andros, of the V. I. A. A., by five seconds.

Florida Gates and Gordon Young finished in third place, a few lengths behind the Andros craft.

The race was a great success and augurs well for a great boom in canoe racing in the city. Twenty-two canoes faced the starting line at the Causeway and they got away well together. Although there were a number of weak crews the majority of the craft kept within touch of one another over the early stages of the race. There was never very much water between the first half dozen boats.

Miss Long and Pitts spurred into the lead at the start and they paddled well within themselves, being quite content to keep a scant lead on the second canoe. Had they been pushed back, undoubtedly they would have bettered the time. At the finish none of the crews had sufficient speed to force the leaders to extend themselves.

Fight For Second Place. A keen fight took place for second place. Audrey Griffin and Jack Andros lay well back in the race over the greater part of the route.

N.Y.K. PLANNING EXTENSIVE ADDITIONS TO EUROPEAN ROUTE

Will Also Add Large Vessel in Northern Pacific Run

Returned from a trip to Seattle, W. R. Dale, local agent of the N. Y. K. line, stated to The Times to-day that the N. Y. K. line are planning extensive improvements for coming season. Three new ships are planned to open service, beginning in November this year from the Orient to the United Kingdom, via Marseilles, Antwerp, to London. The passenger travel on this route has become so heavy that larger ships and more of them were required. The new craft will be named the Hakone Maru, Haruna Maru and the Asama Maru, each of 10,000 tons and 515 feet in length. The passenger accommodation on board will be made the same as on the Katori Maru, the 20,000-ton displacement crack vessel of Pacific route, being 120 feet, 56 inch and 150 high. The new ships will be slightly faster than the Katori and will incorporate all modern improvements, especially in passenger accommodation and conveniences. The passenger travel to the Orient

VANCOUVER PORT OFFICIALS ATTEND SEATTLE CONFERENCE

Plans Made for Convention in Terminal City in October

Seattle, July 28.—Combining a terminal inspection trip with a visit to discuss the plans for the coming convention of Port Authorities the Vancouver, B. C., board of harbor commissioners was in Seattle and Tacoma on Tuesday.

Vancouver is to entertain the Pacific Coast Association of Port Authorities immediately after the adjournment of the national convention here, and the plans of both meetings were discussed with Dr. W. T. Christensen at the office of the Port of Seattle commission.

The Vancouver delegation was headed by Col. G. H. Kirkpatrick, president of the port body there, as well as president of the Pacific Coast Association, and included Harbor Commissioners Samuel McClay and Maj.-A. R. MacKenzie and A. D. Swan of Montreal, port construction engineer from the Canadian government, W. G. Swan, of Vancouver, and E. H. James, of Montreal, consulting engineer attached to the port staffs of the two places were also in the party.

Inspect Freight Derricks. The morning was occupied by the trip to Tacoma where the Tacoma Port Commission entertained them and took them through the terminals at that port. For the benefit of D. Swan, a considerable portion of the visit was devoted to the inspection of mechanical handling devices both at Tacoma and Seattle and the central official left very much impressed with the excellence of the facilities of both ports.

After a discussion of the American Port Authorities convention officials announced that the proceedings of the convention at Vancouver would be of the briefest nature necessary to the transaction of the convention business, as practically all matters of general port interest would be treated thoroughly at the larger gathering in Seattle. The Seattle convention and the Pacific Coast gathering is scheduled to open at Vancouver Oct. 17 and continue over the following day. This leaves Saturday, Oct. 15, Sunday, the sixteenth, intervening.

W. R. Dale Impresses With Passion Play in Seattle

W. R. Dale, local agent for the Great Northern Railway, and the N. Y. K. line, returned yesterday from Seattle with an enthusiastic report on the success of the Wayfarer, the Passion Play written by Dr. J. E. Crowther. The Wayfarer was produced in 1920 at New York audiences at Madison Square Garden, and is now being produced by the students of the University of Washington for the Stadium funds. The Wayfarer, which opened this week, will run until Saturday, is playing daily to audiences of between 20,000 to 25,000, which pack the large Stadium to capacity. The production is to be continued in the city of Seattle, the author having refused large sums for the rights to New York syndicates. Nothing like the immensity of the project has yet been seen on this coast, states Mr. Dale, over 6,000 actors taking part in the cast. No less than 260 instruments are used in the accompaniment, while the whole play is on a scale that is promising to outrun the famous Passion Play at Oberammergau, Bavaria. The Wayfarer has attracted large numbers to Seattle.

WOULD BUY VESSELS ALLOTTED BY BOARD

U.S. Mail Steamship Co. Find New Way Out of Seizure Situation

New York, July 28.—The United States Mail Steamship Company, from which the United States Shipping Board last week seized nine large passenger ships on charges of delinquency in payment of charter hire, has offered to purchase the ships. This offer was made public by E. A. Quarles, assistant to the president of the line, who said the company had decided to avail itself of an option clause in its charter, and that the Shipping Board had been asked to set a price.

SEEK FURTHER INJUNCTION

Shipping Board Act Meeting With Legal Reprisals

New York, July 28.—Injunction proceedings brought by the United States Mail Steamship Company against the United States Shipping Board because of the seizure by the board of nine steamships that had been allotted to the company were transferred to the federal courts today on application of the board. Meanwhile the ships continue in the company's possession under a temporary injunction.

EXTRA NIGHT BOAT

The B. C. Coast Service Princess Maquina will take an extra trip to Vancouver to-night to supplement the service of the regular night boat for that city. The Maquina has a large consignment of freight for Vancouver, and will take Chinese goods that arrived on the Blue Funnel liner Tyndareus to-day. The regular steamer clears on the usual time, while the Maquina will take the overflow and complete her discharge at Vancouver on the same trip.

DEPUTY MINISTER INSPECTS STATION AT VANCOUVER

G. J. Desbarats, C.M.G., Continuing Tour on Coast

G. J. Desbarats, C. M. G., Deputy Minister of the Department of Naval Service is now in Vancouver on his tour of inspection. Mr. Desbarats is accompanied by Superintendent E. J. Ferguson of the Dominion Wireless Service here and making a tour of government wireless stations on the coast. On Tuesday the Deputy Minister reviewed the Point Grey station, and yesterday was taken to look over the Ballantyne pier. On Monday Mr. Desbarats leaves on the board the Malaspina, Captain Newcombe, to inspect the coast wireless stations on the Dominion Government chain. The light-house tender Newton was in port at Vancouver yesterday, taking on supplies and oil for the northern light stations.

HEAVY CARGOES LOADING ON SOUND

Over 100,000 Tons Will Move in Next Five Days

Seattle, July 28.—One of the heaviest water movements of freight experienced by Seattle and other Puget Sound ports in many months began to-day for the Orient, as the American steamship West Katan and will continue throughout the week. In all more than 100,000 tons of heavy cargo and lumber will move from the Sound within the next five days.

Our Friend the Shark

This statement, written by Keith Morris of The Daily Mail, on the value of the shark, which swims in British Columbia waters, was issued to-day by the Hon. Willam Sloan, Minister of Mines. Whatever the ill deeds of the living shark may be, dead it must be reckoned as a black pigment, and is plentiful that it takes an expensive chemical process to separate it from the body. The fins are much prized by Orientals as a food delicacy. The liver contents run from 50 to 70 per cent of finest oil, which is only 2 per cent of the whole shark. The oil is a greasy, shark liver oil is used in leather manufacture and boot-makers the hide of the shark is invaluable. Shark hides range from an inch in thickness in the older fish to the consistency of paper in the baby shark. Soles of boots, leather for the finest of the outer skin or "shagrin." This outer skin has the exact properties of sandpaper of the rough variety. For very fine work on wood polishing, the "shagrin" of the baby shark cannot be excelled. Underneath a section torn off reveals one of the greatest properties of the shark hide. This texture is woven and interlaced, as if by a machine, and its extraordinary durability has never before been shown in any leather. It takes six months or more treatment to prepare sole leather. It takes only five days of specialized process to turn out cheap leather. There is no part of the shark that cannot be used. Even the skin of the stomach is valuable as an unrivaled material for working into beautiful cloths, soft and pliable. The supply of sharks will be equal to any demand. In all the waters of the world there are found in abundance. Only twenty miles from the city of Vancouver, for instance, they are caught in the mud between two islands in the Gulf of Georgia, as fast as they can be handled, and E. Buchan Rescor, in describing British Columbia's shark industry quotes an authority as saying that in these northern Pacific waters alone there are millions of sharks. "The further north you go the more sharks you find, their feeding grounds extending from Vancouver to Alaska. Taking them from the bottom of the sea is automatic."

Sisters make Adler-i-ka!

"Adler-i-ka is doing me lots of good. Two of my sisters are also taking it and think it is wonderful. It gets rid of your advertisement." (Signed) Miss M. Jarvis. Adler-i-ka acts on BOTH upper and lower bowel, removing foul matter which poisons stomach. Brings out all gases, relieving pressure of heart and other organs. EXCELLENT for gas on the stomach or sour stomach. Removes surprising amount of fat, decaying matter, which nothing else can dislodge. Prevents appendicitis. Ivel's Pharmacy, Cor. View and Douglas. Hall and Co., 792 Yates Street. (Adv.)

MASTER AND CREW LANDED SAFELY

New York, July 28.—Captain Ross and twenty-three of the crew of the Norwegian auxiliary schooner General Perahing, previously reported wrecked on Endymion Reef near Turks Island, arrived here to-day on the City of Spokane. The schooner which was 1242 tons net, was bound from Norfolk for Seattle with a cargo of coal, and is said to be a total loss.

SAN FRANCISCO SEES OPEN WAR ON WATERFRONT

Opposing Gangs of Strikers and Marine Workers Clash With Casualties

According to telegraphic reports from San Francisco, backed up by the personal accounts of passengers arriving here from the South, something in the nature of a tense situation exists on the waterfront of that great port. The strike of marine workers has been continuing spasmodically for months, first under one name and then under another. The latest report shows that the crew of the steam schooner Frank B. Stout, about to walk ashore alleging mistreatment of the crew, were met at the gangway by a gang of strikers who accused them of being "scabs" and completed their discomfiture. Several were removed to hospital following the rioting. The situation is further complicated by the action of the self-proclaimed "Irish sympathizers" in that port, women and men in many cases exhorting longshoremen to refuse to work British ships in port. The strike, in its various phases has tied up large tonnage in port, and is now reported in the resolving itself into a condition of comparative calm. Incipient outbreaks are occurring, however, and the hospitals are kept busy with casualties being carried from the waterfront.

The strike has manifested itself in a large number of breakdowns in the engine rooms of vessels of different lines. The Pacific Coast Steamship Company has been particularly penalized heavily by this method of revenge, and ship after ship has developed engine trouble without apparent warning, when at sea. From the last reports the situation, though not entirely settled as yet, is improving, and shows every chance of an early settlement of the European-Pacific Line, which operation on many lines, and caused thousands of dollars of loss to the ship-owners, business men, and the marine workers themselves.

MUCH GENERAL FREIGHT FOR ATLANTIC COAST

Vancouver, July 28.—The Stanley Dollar, now in port, is loading copiously for the Atlantic. When she gets away again there will be 2,900 tons of freight stowed on this ship. When the S.S. Hessian Dollar gets away to-day for the Orient she will have on board salmon, lumber and spelter loaded at this port, besides considerable cargo from New York. This trip the discharge will call at Toronto, to discharge her spelter shipment. With over 1,000,000 feet of lumber and 500 tons of pulp the Osaka Shohden, Seattle, and Portland, she will clear from this port to-day for Tacoma to complete her cargo.

VESSEL MOVEMENTS

San Francisco, July 28.—Arrived: La Merced, Newcastle; Steelwaker, Vancouver; Pleiades, New Orleans; Sailed: San Diego, Tacoma; Charlie West, Seattle. Tacoma, July 28.—Arrived: Barge Griffon, San Francisco; West Katan, Vancouver; Mandasan Maru, Port. Sailed: Katori Maru, Seattle; West Katan, San Francisco; Sailed: Mandasan Maru, Yokohama, via port. Leghorn, July 28.—Arrived: Eel-bone, Seattle; Arrived July 24: West Notus, Buenos Ayres for Seattle. Portland, Ore. July 28.—Arrived: Ruyshba, Kato, Arrived July 24: SS. Eastern Prince from Shanghai via Liverpool—Sailed July 24: SS. Astronomer for Seattle via London, Glasgow, Balboa, San Pedro, San Francisco and Vancouver, B. C. Sailed July 26: SS. Depere, for Valparaiso via San Pedro, Balboa and ports at 8 a.m.; Canadian Tower for Vancouver, B. C. at 7 a.m. Arrived, July 25: S.S. President, from San Pedro at 11 a.m. Camepa, at New York, from Glasgow. Frederik VII, at Copenhagen, from New York.

REVIEW OF WHITE STAR COMPANY SHOWS GROWTH

An interesting review of the White Star Line progression from The Pall Mall and Globe of recent date, which states: Among the many remarkable developments of the last half-century few have been more conducive to the general welfare than the modern steamship. The invention of the screw propeller in 1837 caused a remarkable revolution in every sense. The first vessel fitted with a screw was the Archimedes, 232 tons, in 1839. The Archimedes was a mere minor vessel compared to the tritons of these days, the great floating palaces with all the amenities of a first class hotel, designed with such luxury and comfort as to rob even travel as far as is humanly possible, of its terrors and convert it into a pleasure. It is with the advent of the White Star Line in 1867 that the greatest improvements manifested themselves. Several excellent trans-Atlantic steamship companies were already in existence, but the Oceanic Steam Navigation Co., Ltd.—the official title of the White Star Line—revolutionized ocean travel by the introduction of tonnage of exceptional character, and thus soon established itself a favorite. And the line progressed from strength to strength; for many years the company has been quoted for building the largest steamers of increasing size; such boats as the Celtic, Adriatic, Baltic and Adriatic having been each in turn the largest steamer in the world when constructed. The Celtic, at her advent in 1869, had this distinction in the Canadian service, while the Ceramic still maintains her position as the largest vessel trading to the Antipodes. Of the twenty-four largest steamships in the world, seven are owned by the White Star Line. England's debt to her Mercantile Marine has been universally and most gratefully acknowledged by the White Star Line, not less than nine steamers during the war, from the Britannic, 48,155 tons, to the Delphic, 8,272 tons, totalling altogether 148,145 tons. Undying Glory But it is the Olympic, still ineffectually pursuing the even tempo of her way under happier conditions of peace, that has, above all her kind, covered herself with undying glory. The Olympic is the largest, oldest, longest in the world. She is 813 feet long and 92 1/2 feet broad, with a gross tonnage of 46,429 tons. She has ten decks, seven of which are devoted to the passengers, 2,400 of whom she can accommodate. She is a mail, mail leviant, and is replete with every modern luxury and convenience she carries a crew of 900. Another White Star steamer high in the esteem of trans-Atlantic voyagers is the Adriatic, 25,000 tons gross register, which is associated with the Olympic in the Southampton, Cherbourg and Antwerp service. This favorite vessel has all the qualities desired by the most fastidious passenger—ample decks for promenade, spacious saloons and public apartments, including Turkish baths and gymnasium, and state rooms in which berths have given place to comfortable beds. By the acquisition of the Bismarck, now known as the Majestic, the White Star Line has made a great addition to its fleet in every sense. The vessel was purchased primarily to enable the company to maintain in the national interest a suitable mail and passenger service from Southampton, Cherbourg to New York. The Majestic, a colossal steamer with her 56,000 tons gross register—the largest steamship in the world. New Ships In addition to the Bismarck—or Majestic, as henceforth she will be known—the White Star Line has acquired the ex-German steamer Berlin, 12,224 tons register, for its New York, Boston and Mediterranean service; and the Arabic, to give this line vessel her new name, will be the largest regularly operated in the trade. The White Star Line's operations between England and New York are not confined to Southampton, though this is the mail service; for there is a weekly dispatched, highly class passenger and cargo steamer from Liverpool, via Queenstown, also, in which the Baltic, 24,900 tons; Cedric, 21,800 tons, and Celtic, 21,000 tons, are engaged. These are favorably known to ocean voyagers, and the two latter, having recently been reconducted after splendid work service, are the acme of comfort. The Baltic was in the builders' hands for the same purpose. In addition there are services from Liverpool to Boston, Quebec, Montreal, Halifax, Portland, Philadelphia, New Zealand and Australia via Cape Town. Also from London to New Zealand, in conjunction with the Shaw, Savill & Co., and from New York and Boston to Mediterranean ports. At the present moment the company and its allies have a number of steamers being reconditioned or under construction of these the Regina, Rimouski, Pittsburgh, Laurentic and Doric are intended for United States and Canadian services. Thus, the supremacy of Britain's Mercantile Marine still being maintained. Pittsburgh, July 28.—John McGraw, manager of the New York Giants, has been suspended indefinitely by President John Heydler, according to umpire for using abusive language during Tuesday's game here.

ICE-DOGS DEFEAT SIDNEY BALL TEAM

The celebrated ice-dogs journeyed to Sidney last evening and engaged in a ball game with the farm-hands. The dogs came off with a victory in their teeth, winning by 10-2. The game was very close despite the unevenness of the score. George Struth and Givens did the twirling for the ice-dogs and Bob Genge caught.

ESQUIMALT PICNIC A GREAT SUCCESS Esquimalt Merchants Give Children Day's Outing at Goldstream.

About one thousand people attended the picnic given by the Esquimalt Merchants' Association, R. C. Lang, president, at Goldstream yesterday, and everyone present thoroughly enjoyed the splendid outing that had been arranged.

Mr. Lang's Energy. R. C. Lang was a regular dynamo throughout the preliminary arrangements and the carrying out of them. He seemed to be everywhere at once yesterday and as head of the merchants' association certainly displayed the attributes of a live-wire leader.

Prize Winners. The following is a list of the winners: Girls' race, under 6 years—Evelyn Dunn, Violet Brown.

RISK OF DISMISSAL OF FIVE TEACHERS

Robinson Supporters Demand Principal's Retention STUDENTS TAKE HAND IN HIGH SCHOOL FRAY

That the City School Board dismiss immediately the five High School teachers described as inefficient in reports framed by Principal Dr. Robinson and proved inefficient by the recent Matriculation examination results; that the Council of Public Instruction ignore the School Board's request for the dismissal of Dr. Robinson; that an independent commission be appointed to investigate thoroughly all phases of the Victoria educational system, and that the School Board fearlessly dismiss all people standing in the way of educational development—these were the demands developed by a meeting of over a hundred Robinson sympathizers in the Orange Hall last night.

A resolution demanding the resignation of the School Board was proposed but, in face of decided opposition it was withdrawn. The parents, teachers and students who attended the meeting were disappointed at the outset by the failure of Dr. Robinson to appear to tell the "inside story" of the High School upheaval. It was explained by A. Hall, who proposed most of the resolutions adopted, that Dr. Robinson, being a servant of the School Board, could not attend without violating professional etiquette.

Says Principal Gets Backwash. "I understood Dr. Robinson was to come," Charles Beaven remarked, "at the commencement of the meeting. The first thing to do is to hear about conditions in the school."

When informed that Dr. Robinson could not attend because he was a servant of the School Board Mr. Beaven retorted, "If he's that thin skinned he's making a mistake. That's the time I would talk out!" Dr. Robinson has been very unfairly dealt with," J. Jackson asserted. "The Board asked him to submit a report on the teachers. When he had submitted a confidential report it was made public to a certain extent, and he gets the backwash of it. What can the Board expect a principal to do in a future when he is asked to submit a report on his teachers after this? It's the most absurd thing ever heard tell of."

A Student's Appeal. Then, just as the meeting was about to adjourn, Miss Ella Pottinger, a student of the High School asked for permission to say a few words. She proceeded to deliver a feature speech of the evening. Dr. Robinson, she said, had gained the trust of the students who believed he was their friend.

Parents Meet. While the Orange Hall meeting was proceeding some fifty parents, called together by F. Parfitt, met in the School Board offices. At this meeting a resolution asking for the resignation of the five High School teachers and the reinstatement of efficient teachers later was proposed. This was held to be too drastic and unconstitutional, however, and was not passed. Finally the meeting passed a resolution similar to that passed at a meeting of parents Tuesday night. It urged the School Board to dismiss all inefficient teachers, and to appoint other efficient teachers in their places without delay.

Another resolution endorsed by the meeting urged that dancing be discontinued at the High School, and that cadet training be curtailed during school hours. The meeting also will ask the Board to see that parents are given quarterly reports on the progress of their children. The meeting also decided to ask that the duties of the High School principal be confined to general supervision of the school, and that he should not be expected to teach any subject regularly. The formation of a High School Parents' Association was endorsed.

ORIENTAL ISSUE BEFORE B. C. BOARD Retail Merchants in Session at Duncan

The relation between the country newspaper and the retailer formed the subject of the luncheon address to-day at Duncan by Hugh Savage, editor of The Cowichan Leader.

PAIN IN THE LOINS DRIVEN OUT QUICKLY That dragging, wearying sort of pain makes life a misery to many people. This pain is due to a passive inflammation of the adjacent tissue.

Convict Escaped in New Brunswick St. Stephen, N. B., July 28.—While on his way to the penitentiary at Dorchester, N. B., to start a sentence of five years, Milton Haney, twenty years old, yesterday stepped into the laundry of the Montreal Express, hid himself of his shackles by removing his shoes, and leaped through the window to freedom.

S. Hougham, provincial secretary showed a membership of 931, represented in 19 branches, an increase of over 200. Allusion was made to Oriental immigration. "The matter," he said, "has become a national issue so far as the Retail Merchants' Association of Canada can make it so, and I have with me copies of an exchange of cablegrams between our Dominion secretary and the Rt. Hon. Arthur Meighen at London, which would seem to be the last word on the subject for the time being.
