### The Grange Meeting.

Last Tuesday evening there was an interesting meeting of Orchard City Grange.

Luther Bowers gave an interesting account of his Eastern trip in the interest of his new method of canning dried prunes so that they retain their natural flavor. He found no difficulty in disposing of the prunes put up in this manner and has organized a company at Santa Clara to can the prunes which he has bought, having set a good example to all other packers by paying a three cent base for his prunes.

Col. D. H. Bryant gave an interesting talk on the Panama canal and its relation to the fruit industry of this state.

### J. Luther Bowers Organizes Company

The "Caprues" Company have rented the old Gairaud winery on the corner of Benton and Washington streets and the work of installing their machinery will begin next week. A twenty-horse power engine will be installed with graders, steam boilers, and machinery to process the goods.

"Caprues" is a process of curing the prune by which it retains its natural flavor. The process is the work of J. Luther Bowers.

That gentleman has been all through the East in the interest of his goods and has already enough orders in advance to keep the plant at work for at least a year. His orders are not only from all the Eastern and Middle West states but also from the Philippine Islands.

Mr. Bowers has formed a company and incorporated it with the following directors: J. Luther Bowers, E. P. Boden, Dr. T. E. Gallup, and H. J. Alderman, of Santa Clara, H. E. Brandenburg, of Campbell, L. B. Husted and W. E. Stevens of Saratoga.

As yet officers have not been chosen. The company expects to have its plant at work within a few weeks and when things are in good running order will employ 20 or 30 hands. They expect their pack this year to amount to 900,000 cans. The goods are pronounced excellent by everyone who has sampled them, and has found a ready market.

Santa Clara is fortunate in having the company locate here, for it is well financed, backed by good business men and its product is bound to be an advertisement to Santa Clara that will prove of much benefit.—*Santa Clara Journal.*

### A Word to Home Builders

We take this opportunity to announce that our equipment for caring for all plumbing contracts, consisting of either new work or overhauling, is unequalled, and we invite you to call and discuss the subject with us.

The workmen in our employ are competent and reliable mechanics, who have installed many bath-rooms, to which we, as well as the owners, may point with no little pride.

The material we use is the best the market affords. We call attention particularly to the fact that we handle "Standard" Porcelain Enamelled Ware, which is so widely advertised in all leading magazines.

"Standard" Ware has been manufactured for more than thirty years, and every piece bears a "Standard" "Green and Gold" guarantee label. We have samples in our showroom, and if you will call, will give you "Standard" booklets to study over at your home.

Dr. and Mrs. Hartman will spend the coming week at Capitola with Dr. and Mrs. Spencer.

Mrs. Schammel of Fruitvale was the guest of her brother, Dr. P. C. Hartman and his wife, this week.

Marie Page celebrated her ninth birthday last Saturday by inviting to her home a few of her friends for a party.

Little Lucile Strong celebrated her third birthday Tuesday. A party was given at her grandmother's, Mrs. Wade's, and a jolly time was had.

Mr. and Mrs. Lugani (nee Mary Sbragia) are grieving over the death of their baby, a bright child of several months who died suddenly from some obscure disease, this week.

We understand that Ed. Gilman has sold his hay and wood business here and will move to Burlingame and live with the other millionaires. We will give particulars next week.

Mr. and Mrs. W. H. Blodgett were in Santa Cruz two or three days this week with a view to locating there. Their many friends here are still hoping they may decide to remain among us.

Mr. and Mrs. Irving Watson of Long Beach visited relatives here Wednesday on their way to Honolulu. Mr. Wntson is one of the editors of the daily *Tribune* of Long Beach and is a nephew of Colonel and Dr. Cooper.

High School opens for registration next Tuesday. Compare the careers of the boys and girls you know who have and have not a high school and college education, and give the young people a chance to get ready to live.

The ladies' trio, composed of Mesdames Hartman, Merrill and Luther, who have sung effectively several times in Campbell, sang at the Unitarian Church in San Jose Sunday night, giving three numbers during the service.

Mrs. Martinie moved her household goods to Palo Alto Friday, where she will reside with her family. Clarence has entered the University, having declined the very good position of inspector of telephones, which the Sunset Telephone Co. offered him if he would remain with them. Winnie has accepted a good position with that company at Palo Alto and Willie and Catherine will attend high school there. These industrious students have a very bright future before them.

### Prunes Drying Slowly.

The cloudy mornings of the past two weeks have made prune drying a slow business. The Fruit Growers' Union have about 600 tons on trays at present, only about 100 tons having been taken up dried so far.

The Union has done a big shipping business this year; they have bought green fruit for outside canneries, and saved much loss and annoyance to growers by weighing and inspecting here, rather than at the destination of the fruit, as would have been done without the agency of the Union. Very little fruit was weighed back as unfit, however, and some of the finest fruit ever seen here (especially apricots) were shipped out. The great pity is that it was not prepared for consumption right here, giving employment to our own people and bringing others in.

In our last issue the typo made us say that 1500 tons of apricots had been shipped, when it should have read "peaches". Apricots to the amount of 350 tons were shipped. Peaches are still going out.

### Pain from a Burn Promptly Relieved by Chamberlain's Pain Balm.

A little child of Michael Strauss of Vernon Conn., was recently in great pain from a burn on the hand, and as cold applications only increased the inflammation, Mr. Strauss came to Mr. James N. Nichols, a local merchant, for something to stop the pain. Mr. Nichols says: "I advised him to use Chamberlain's Pain Balm, and the first application drew out the inflammation and gave immediate relief. I have used this liniment myself and recommend it very often for cuts, burns, strains and lame back, and have never known it to disappoint." For sale by Farmers Union, Agents.

### The Summer Excursion.

Heigho!  
 Didst ever go  
 On a summer excursion?  
 Of course  
 You don't have to answer  
 If you don't want to.  
 Under our grand old  
 Constitution  
 No man is obliged  
 To testify against himself.  
 Still  
 It is nothing  
 To be ashamed of.  
 Other men have bit  
 At the game,  
 So you have no occasion  
 To feel lonesome.  
 It looks alluring  
 Enough  
 In the advertisement—  
 A ride on a swell train  
 For about a hundred miles  
 More or less  
 And back  
 For one plunk.  
 Not a word is said  
 About extra charge  
 If you have to stand up  
 All the way.  
 You start off gayly  
 With a light heart  
 And a lunch basket.  
 By the time you get  
 To the train  
 All of the choice seats  
 Are taken.  
 And you are lucky  
 If you get one  
 On the sunny side.  
 Soon the man comes along  
 Who didn't forget  
 To bring his family.  
 Babies eating lunch all over you  
 Is only one of the pleasant inci-  
 dents of the trip.  
 You know the rest, and I don't  
 blame you  
 For not owning up that once up-  
 on a time  
 You went along.

### Two of a Kind.

"I like this cigar. It is a free  
 smoker."  
 "Must be like my husband," observed  
 the lady who had overheard. "He is  
 a great man to smoke when the cigars  
 are free."

### Minnesota-ward.

"He is trying the Swedish movement  
 for his rheumatism."  
 "Swedish movement? What's that?"  
 Oh, it must be toward the northwest."

### Politics For Beginners.

"Willie, how many parties are there  
 in this country?"  
 "I don't know. There are ten par-  
 ties on our telephone line."

### Proving It.

"Jack is a true patriot."  
 "Fight for his country?"  
 "No, but he popped the question on  
 the Fourth of July."

### Biding His Time.

"It is a shame the way she abuses  
 him. I wonder he would stand for it."  
 "He has to; they are not married  
 yet."

### A Practical Test.

"Married peo-  
 ple are more  
 loyal than sin-  
 gle ones."  
 "Why should  
 they be?"  
 "Because they  
 believe in the  
 United States."

### Could Tolerate Him.

"I do hate a quitter. Don't you?"  
 "Yes, unless he has me down and is  
 hammering my head."

Miss Mary Whitman left this  
 week for DeKalb, Illinois, to as-  
 sume her teaching in the Normal  
 School at that place. Miss Eva  
 Whitman will join her sister at  
 Los Angeles and they will go to  
 DeKalb together.

## Rev. Lewis Writes of the Grand Army Encampment.

ON THE WING, July 21, '06.

EDITOR INTERURBAN PRESS:

Will the friends in Campbell care to hear of the 40th National Encampment of the G. A. R. held at Minneapolis July 13th-18th? Well it was pronounced a success by many who ought to know. The hotels were thronged; the streets were full and the street cars crowded. The papers claim there were 200,000 strangers in the city. Many were wives and children of veterans and many had taken advantage of the low rates to see the city and its attractions.

It was claimed that 16,000 soldiers were in the parade on Wednesday. The parade was indeed an imposing sight. Many were infirm and halted as they marched, but seemed to enjoy it all. The crowd that lined the streets and cheered lustily as we passed was inspiring and I could but believe when I noticed the thousands of children looking on that it was a lesson in history, and patriotism, not soon to be forgotten and that would largely compensate for the labor and expense of holding such an encampment.

I reached the city on Monday the 13th and was most hospitably entertained by my old Worthing friend, C. M. Pardoe. On Tuesday I went to St. Paul and called on Miss Myra Waite, whom many of you will remember and will I doubt not be glad to know that she seems quite well and able to work as a stenographer in a large business house. She inquired with evident interest of many things in Campbell.

I visited the new capitol building, one of the finest in the nation—of which Minnesota is justly proud—and called on some friends in Hamline.

The cities (called the Twin Cities) are growing rapidly and signs of prosperity are on all sides. I was glad to be able to make the 2½ miles march on Wednesday without fatigue. On Monday it was pleasant. Tuesday was hot. Rain and thunder Tuesday night cooled the air, laid the dust and with some clouds conspired to make Wednesday an ideal day for the march. But Thursday was hot and it has been hot ever since. Seems to me I have been boiled, baked, stewed and fried for the last 6 days and nights and still it continues.

I did not succeed in finding any comrades from California that I knew except Moore Briggs of the Willows. I searched the registers for the names of Coates and Preston, but in vain. Has something befallen them? It must have been a disappointment to them for I understood before I left that they were dotting on it. If they were there they did not register at California Headquarters, or march with California

boys.

Small grain in Dakota and Minnesota has suffered some by the rains. There will be a moderate crop, however. The rains and this weather is doing wonders for the corn. Iowa and Illinois promise a great yield of corn.

On the whole America is a pretty good country to live in and there are many attractive places that I see. But California suits me the best of all.

Hope you will keep a welcome for me until my return.

J. W. LEWIS.
