Automatically enable all new beta features

Media Viewer

 information  discussion

28 users have enabled this feature.

Improve your multimedia viewing experience with this new tool. It displays images in larger size on pages that have thumbnails. Images are shown in a nicer Lightbox overlay, and can also be viewed in full-size.

Typography refresh

 information  discussion

15 users have enabled this feature.

Updates typography of the Vector skin to improve readability, accessibility and consistency.

Beta Features

Purpose

- Try out new features before they are released
- Let developers test with many users, without disrupting others

Users

- Logged-in users only

First Features

- *Media Viewer* — view images in large or full size
- *Typography Refresh* — make text more readable
- *VisualEditor Formulæ* — edit algebra or equations
