Each secretary learns that there are other secretaries who are human. This eliminates sectional feeling: gives him opportunity to boost his own town, but makes him realize that there are others. To him who hath eyes to see, ears to hear, and receptivity to understand, every meeting gives opportunity to learn from the experience of others.

Each secretary will have the privilege of inviting one member of his Board of Directors to attend any convention. It is thought this will stimulate the interest of the directors and promote prompter action for the development of Southern California.

F. S. Hosfelt, member from Rialto (also editor and owner of the Rialto Record), led the discussion of How Best Can Secretaries Co-operate with Newspapers? Being both the secretary and the newspaper, he has a lead-pipe cinch. But he was in a position to show both sides in a very manner in which "Church of Glendale" has the unusual co-operation of Glendale newspapers.
