The board of control holds that it does not have to issue bonds until the money in the state highway fund is exhausted. The highway commission is of the opinion that the bonds can be issued without using the money in the highway fund. The suit is brought to find out what is the legal status of the bond issue.

The suit was argued Monday afternoon and taken under advisement by the supreme court until Attorney Bowerman and Attorney General Brown, representing the board of control, can file briefs. It is expected that this will be done in a few days.

Land Board Attache Enlists Salem, Or., June 12. - Joseph Mc-Allister, secretary of the state desert land board, has enlisted in the engineer regiment that is scheduled to go to France soon to help fight against Germany. He was in Portland Saturday to take the examination and expects a call the latter part of this week to go to American Lake for the preliminary training. Secretary McAllister is a graduate of the Oregon Agricultural college with the class of 1911, and since then has been employed in the state engineer's office. He was first on topographical surveys, then engaged Given F. Shuck in adjudicating water rights, the past two years doing the secretary work in the engineer's office. The state engineer, John H. Better Train Service Ordered Salem, Or., June 12. - The public service commission Monday ordered the Southern Pacific company to fix its train schedules so that the people of Canby are given adequate and satisfactory train service into Portland. The hearing on this matter was held at Canby on June 1. It was alleged by the citizens of Canby that the railroad recently changed its schedule so that at present it is very unsatisfactory for people who wish to go to Portland for business or entertainment in the evening. The commission decided the complaint was just and ordered the Coos Bay limited to stop and take on passengers there. The order goes into

New Method Removes Superfluous Hair Roots!

Have you "tried everything" for that nnoying hairy or fuzzy growth and about given up in despair? Well, there's just one thing more to try, and you must try it, because it is the one home treatment that reaches the very root of such troubles. The new process is not to be compared at all with depliatory, electrical or any other method you've ever heard of. It is different because it actually removes roots and all—you see the roots with your druggist, follow the simple in-structions, and if it doesn't do exactly as stated you can have your money

SALE!

"The raw leather would be worth more than you're asking for the SHOES! Why, the leather in the SOLES and HEELS alone would cost more than some of these prices you've made on the SHOES"!

That's what a shoe drummer said when he looked at this SHOE SALE. He was right. But the real WORTH or COST has nothing to do with it in this case. We set out to SELL so many thousand pairs-and WE'RE GOING TO DO IT. That's the only consideration with us.

Still lots of those \$1.00 shoes-hundreds of pair of them. They sold before at from four to eight times this price. Most of them are SMALL SIZES-and you must fit yourself — "cafeteria style." But they're only a DOLLAR......\$1.00

Novelty Boots

At \$1.80 there are many hundreds of pairs yet, and new ones being added every day. Among these are a lot of tan and black back-lace. These are worth or were, five times the price.....\$1.80

White Shoes

White canvas and Neil cloth shoes start at \$2.40 and range from that up to \$4.80. A fine assortment, and all are worth far more than the sale price. Colors and combinations comprise all the new and popular models of the season. The price range is from \$4.80 to \$9.80 the pair and every price represents a pleasing and substantial SAVING.
