EXECUTIVE ORDER

PREScribing REGULATIONS GOVERNING OVERTIME COMPENSATION OF CERTAIN CIVILIAN EMPLOYEES OF THE WAR DEPARTMENT, THE NAVY DEPARTMENT, THE COAST GUARD, AND THE PANAMA CANAL

By virtue of the authority vested in me by section 1 of the act of June 3, 1941, Public Law 100, 77th Congress, I hereby prescribe the following regulations governing the payment of compensation for employment in excess of forty hours in any administrative workweek to per-annum field service employees whose overtime services are essential to and directly connected with the expeditious prosecution of the overtime work upon which employees enumerated in section 5 (a) of the act of June 28, 1940, 54 Stat. 676, 678, and section 1 of the act of October 21, 1940, 54 Stat. 1205, are engaged:

SECTION 1. Whenever the Secretary of War, the Secretary of the Navy, the Secretary of the Treasury, or the Governor of The Panama Canal, as the case may be, shall determine that employment in excess of forty hours a week of any per-annum employee in the field services of the War Department, the Navy Department, the Coast Guard, or The Panama Canal is essential to and directly connected with the expeditious prosecution of overtime work which is being required of employees enumerated in section 5 (a) of the said act of June 28, 1940, and section 1 of the said act of October 21, 1940, and for which overtime compensation is being paid, he is authorized to provide compensation for such employment in excess of forty hours in any administra-

tive workweek at one and one-half times such employee's regular rate of pay.

SECTION 2. In determining the overtime compensation which may be paid to any per-annum employee under section 1 hereof, the pay for one hour shall be computed as one-eighth of such employee's pay for one day. The pay for one day shall be considered to be one three-hundred-and-sixtieth of the employee's per-annum salary.

SECTION 3. The Secretary of War, the Secretary of the Navy, the Secretary of the Treasury, and the Governor of The Panama Canal may designate such subordinate officers as they may deem necessary to determine the per-annum employees in their respective field services whose overtime services are essential to and directly connected with the expeditious prosecution of the overtime work upon which the employees enumerated in section 5 (a) of the said act of June 28, 1940, and section 1 of the said act of October 21, 1940, are engaged.

SECTION 4. No overtime compensation may be paid under section 1 hereof to any per-annum employee who during his regular hours of employment is not normally engaged on work essential to and directly connected with the expeditious prosecution of the work upon which employees enumerated in section 5 (a) of the said act of June 28, 1940, and section 1 of the said act of October 21, 1940, are engaged.

SECTION 5. No employee covered by the provisions of section 1 hereof shall be regularly required or allowed to work in excess of forty-eight hours in any administrative workweek: *Provided*, That such limit may be exceeded when it is considered by the Secretary of War, the Secretary of the Navy, the Secretary of the Treasury, or the Governor of The Panama Canal, or such subordinate officers as they may designate, to be necessary for the maintenance of the production schedule for an arsenal, shipyard, shop, or other establishment of a similar nature, or to meet other specific emergency situations.

SECTION 6. When in the judgment of the head of the department concerned, the Governor of The Panama Canal, or the subordinate officers mentioned in section 3 of these regulations, the health or efficiency of any employee will be impaired by employment for more than eight hours a day or forty hours a week, such employee shall not be required or permitted to work overtime.

SECTION 7. It shall be the policy of the agencies affected by this order to hold overtime work to the absolute minimum consistent with the requirements of the national-defense program.

TITLE 8—ALIENS AND NATIONALITY

CHAPTER I—IMMIGRATION AND NATURALIZATION SERVICE

[Fourth Supplement to General Order No. C-21]

PART 170—REGISTRATION AND FINGER-PRINTING OF ALIENS IN ACCORDANCE WITH THE ALIEN REGISTRATION ACT, 1940

REGULATIONS GOVERNING REPLACEMENT OF LOST, MUTILATED OR DESTROYED ALIEN REGISTRATION RECEIPT CARDS

JULY 30, 1941.

Pursuant to the authority contained in sections 32 (c), 34 (a), and 37 (a) of Title III of the Act of June 28, 1940 (54 Stat. 674, 674, 675; 8 U.S.C. 453 (c), 455 (a), 458 (a)), and to the powers conferred by § 90.1, Title 8, Chapter I, Code of Federal Regulations (5 F. R. 3503), the following regulations are hereby promulgated and published as portions of Part 170 of said Title 8, Chapter I, Code of Federal Regulations (5 F.R. 2836, 3173, 3589, 4560, 4813; 6 F.R. 229, 2560):

Section 170.4 (q) is amended to read as follows:

§ 170.4 Method of registration.

* * * * *

(q) A receipt shall not be issued to any person who has already obtained one unless he surrenders his former receipt, except in case of loss, mutilation, or destruction of the original receipt in which event it may be replaced in accordance with § 170.9 of this part. No person shall use a receipt relating to any other person (except in behalf of his minor child or ward). If the alien dies, permanently departs, or is deported from the United States, his receipt shall be returned to the Immigration and Naturalization Service. If any person finds a lost receipt of registration, he shall return it to the Alien Registration Division, Immigration and Naturalization Service, Washington, D. C.

The following new section is added to Part 170:

§ 170.9 Replacement of lost, mutilated, or destroyed receipt of registration.

(a) Except as hereinafter provided, any alien whose registration receipt card has been lost, mutilated, or destroyed may apply for a new receipt card in lieu thereof. Such application shall be made under oath or affirmation, upon a form prescribed for that purpose, and shall be filed with the district director of the Immigration and Naturalization Service having jurisdiction over the place of the applicant's residence.

(b) When the application for a new receipt card is received by the district director, he shall assign the investigation of the application to any officer of the Service within his jurisdiction. The investigating officer shall conduct such in-

quiry into the circumstances surrounding the alleged loss, mutilation, or destruction of the original receipt card as to satisfy himself that such loss, mutilation, or destruction has occurred. If a receipt card has been mutilated, it must be surrendered to the investigating officer before a new card will be issued. The investigating officer shall also satisfy himself that the applicant is the individual to whom the registration record relates, and shall make any further inquiry justified by the facts in a particular case. If deemed advisable, written sworn statements concerning any pertinent facts may be obtained from the applicant and any other persons whose testimony should be secured. Upon completion of the investigation, the investigating officer shall recommend the granting or denial of the application for a new receipt card, and if his recommendation is adverse, he shall state the reasons therefor in writing. The investigating officer shall obtain the applicant's signature and a print of his right index finger upon Form AR-3a and shall type on the face of that form the name and present address of the applicant. If for any reason the impression of the right index finger cannot be taken, the impression of another finger should be obtained and the form suitably endorsed to show which finger and hand.

(c) The investigating officer shall then forward the application and any testimony taken from the applicant and other persons, together with Form AB-3a, to the district director having jurisdiction. The district director or an officer designated by him shall review the record and may, if he deems it advisable, refer the case to the same or any other officer of the Service for further investigation. If no further investigation is considered necessary, the entire record shall be forwarded to the Alien Registration Division. The reviewing officer shall indicate whether he concurs with the recommendation of the investigating officer, and if not, he shall state the reasons for his non-concurrence.

(d) Upon consideration of the application and record in the Central Office, the Chief of the Alien Registration Division may, if he is satisfied that the original receipt has been lost, mutilated, or destroyed, sign the Form AB-3a, place thereon the proper registration number, and mark the form to show that it is a duplicate issued in lieu of an original receipt which has been lost, mutilated, or destroyed. Both the original date of registration and the date of issuance of the duplicate shall be shown on the new card. If the said officer is not satisfied that a duplicate should be issued, he shall deny the application. If the record indicates that any further action is desirable or necessary in connection with the case of the alien, it should be referred to the

appropriate division of the Central Office for consideration of such further action.

(e) If a duplicate receipt card on Form AR-3a is issued, it shall be sent direct to the applicant by the Alien Registration Division, and the office where the application was filed shall be advised of the final disposition of the case.

(f) Any alien child who was less than fourteen years of age at the time of his registration upon the basis of an application made by his parent or legal guardian under § 170.1 (c) or 170.1 (d) and who desires to obtain a new registration receipt card in lieu of a lost, mutilated, or destroyed original may, if the alien is less than fourteen years of age at the time application is made, obtain a new card through the procedure specified in paragraphs (a) to (e) of this section. In such cases, however, the application for a new card shall be executed by the child's parent or guardian, preferably the same person who made application for the original registration; the testimony of the parent or guardian instead of that of the child shall be obtained and the new Form AR-3a, if issued, shall be delivered to the parent or guardian. No fingerprint of the alien child need be obtained on Form AR-3a, which shall be signed by the parent or guardian. In any such case in which no parent or guardian is available, the matter shall be reported to the Alien Registration Division for special instructions concerning the procedure to be followed in replacing the original receipt card.

(g) Replacements of lost, mutilated, or destroyed receipt cards in the cases of alien seamen shall be governed by the following:

(1) An alien who has been lawfully admitted to the United States for permanent residence and who is by occupation a seaman may replace a lost, mutilated, or destroyed Form AR-3 in the manner specified in paragraphs (a) to (e) of this section.

(2) An alien seaman who was registered under § 170.8 (d) may, if less than one year has elapsed since the date of his registration and he is in the United States at the time of filing his application, replace a lost, mutilated, or destroyed Form AR-103 in the manner specified in paragraphs (a) to (e) of this section. In such cases Form AR-3a will, if issued, be plainly marked to show both the date of original registration of the seaman and the date on which the new receipt card was issued. In accordance with § 170.8 (a), an alien seaman seeking admission to the United States who does not present a receipt (or duplicate thereof) showing registration within one year of the date of his application for admission, shall not be admitted until he has again been registered and fingerprinted. This one-year period shall extend from the date of original registration,

and in no case from the date on which a new receipt in lieu of one lost, mutilated, or destroyed was issued.

(3) An alien seaman who was fingerprinted only, under the provisions of § 170.8 (e), shall not be entitled to obtain a replacement of the Form AR-103 which was issued to him at the time of such fingerprinting. In such cases, the procedure prescribed by § 170.8 (e) shall again be followed if the alien's receipt card has been lost, mutilated, or destroyed.

Special Assistant to the Attorney General in Charge Immigration and Naturalization Service.

TITLE 32—NATIONAL DEFENSE

CHAPTER XI—OFFICE OF PRICE ADMINISTRATION AND CIVILIAN SUPPLY

PART 1335—CHEMICALS

CIVILIAN ALLOCATION PROGRAM FOR COTTON LINTERS

It is essential that there be provided an increasing supply of chemical grade cotton linters, used both in chemical manufacture and in the making of smokeless powder. Cotton linters are cut from cottonseed in such a manner that first cut or mattress linters are not available for chemical processing. It is therefore necessary to require that only a limited amount of the total cut be removed in the first cut process.

Accordingly, pursuant to the powers vested in me by Executive Order No. 8734,¹ particularly section 2(a) thereof, the following program is announced:

§ 1335.11 *Cutting of linters.* No cottonseed oil crushing mill engaged in the production of cotton linters and using more than one cut in the process shall cut first cut linters to a higher proportion than 20% of its total cut.*

*§§ 1335.11 to 1335.15, inclusive, issued pursuant to Executive Order No. 8734.

§ 1335.12 *Sale of linters.* No cottonseed oil crushing mill making more than one cut shall sell any of its second cut chemical grade linters, nor shall any mill making but one cut sell more than 20% of its mill run linters, other than for ultimate use in the chemical industry; nor, on and after July 31, 1941, regardless of the terms of any contract of sale or purchase, or other commitment, entered into prior to such date, shall any person in possession of mill run or second cut chemical grade linters make any deliveries thereof other than in accordance with the foregoing, except that any person seeking to deliver linters in accordance with such a contract of sale entered into prior to July 31, 1941 may apply for permission to make such delivery. Permission to make delivery may be granted by the Director of Priorities of the Office of Production Management, with the concurrence of the Director of Civilian Allocation of the Office of Price Administration and Civilian Supply. *Provided, however,* That nothing in this program shall be construed to apply to sales or deliveries to the United States, or to the Government of any country whose defense the President deems vital to the defense of the United States.*

§ 1335.13 *Definitions.* As used in this order, "first cut cotton linters" means those linters resulting from the first cutting of cottonseed by a crushing mill that makes more than one cut. "Second cut chemical grade linters" means all those linters resulting from all cuts subsequent to the first. "Mill run linters" means all those linters resulting from the cutting of

cottonseed by a crushing mill that makes only one cut.*

§ 1335.14 *Reports.* Each cottonseed oil crushing mill engaged in the production of cotton linters shall each month report to the Office of Production Management the manner of its compliance with this program, and such report shall include a certified statement of the intake of cottonseed by such mill and its production of lint, by grades. And every person purchasing second cut chemical grade and mill run linters shall each month report to the Office of Production Management his purchases and dispositions of such linters.*

§ 1335.15 *Enforcement.* This program shall be administered and enforced by the Office of Production Management.*

Issued this 31st day of July, 1941.

LEON HENDERSON,
Administrator.

Bureau of the Public Debt.

[1941 Department Circular No. 667]

THE UNITED STATES OF AMERICA TREASURY NOTES, DATED AUGUST 1, 1941, DUE AUGUST 1, 1943, ISSUED AT PAR AND ACCRUED INTEREST, ACCEPTABLE AT PAR AND ACCRUED INTEREST IN PAYMENT OF FEDERAL INCOME TAXES

JULY 22, 1941.

I. OFFERING OF NOTES

1. The Secretary of the Treasury, pursuant to the authority of the Second Liberty Bond Act, as amended, offers for sale, to the people of the United States, through the Federal Reserve Banks, at par and accrued interest, two issues of nontransferable notes of the United States, designated Treasury Notes of Tax Series A-1943, and Treasury Notes of Tax Series B-1943. As hereinafter provided, the notes of both series will be acceptable at par and accrued interest in payment of Federal income taxes: *Provided, however,* That not exceeding \$1,200 principal amount of notes of Tax Series A-1943, and the accrued interest thereon, will be accepted from any one owner in any period of twelve consecutive months in payment of taxes due from such owner. If not presented in payment of taxes, the notes will be redeemable at the purchase price as hereinafter provided.

2. Descriptions of the notes of both series, and their terms are hereinafter fully set forth. The notes will be placed on sale beginning August 1, 1941, and the sale will continue until December 31, 1941, unless earlier terminated, as to either or both series, by the Secretary of the Treasury.

II. DESCRIPTION OF NOTES

1. *General.* The notes of both series will be dated August 1, 1941, and will mature August 1, 1943. The owner's name and address, and the date of issue will be entered on each note at the time of its issue by a Federal Reserve Bank. The month in which payment is received by a Federal Reserve Bank or Branch, or by the Treasurer of the United States, will determine the purchase price and issue date of each note. The notes may not be transferred. No hypothecation of the notes on any account will be recognized by the Treasury Department, and they will not be accepted to secure deposits of public money. Except as herein provided, the notes will be subject to the general regulations of the Treasury Department, now or hereafter prescribed, governing bonds and notes of the United States.

2. *Denominations and interest.* The notes of Tax Series A-1943 will be issued in denominations of \$25, \$50, and \$100, and interest thereon will accrue during each month after August 1941, in the amount of 16 cents on each \$100 principal amount, that is, 4 cents on each \$25, 8 cents on each \$50, and 16 cents on each \$100 denomination of note. The notes of Tax Series B-1943 will be issued in denominations of \$100, \$500, \$1,000, \$10,000 and \$100,000, and interest thereon will accrue each month after August 1941, in the amount of 4 cents on each \$100 principal amount, that is 4 cents on each \$100, 20 cents on each \$500, 40 cents on each \$1,000, \$4.00 on each \$10,000, and \$40.00 on each \$100,000 denomination of note. In no case, however, shall interest accrue beyond the month in which the note is presented in payment of taxes, or beyond its maturity. Exchanges of authorized denominations of each series from higher to lower, but not from lower to higher, may be arranged at the Federal Reserve Bank of issue.

3. *Purchase price, and tax-payment value.* The notes of both series will be sold at par during August 1941, and will be sold at par and accrued interest during each subsequent month while they remain on sale, the purchase price for a note of any denomination of either series advancing each month after August 1941, in the amount of one month's interest on that note. Tables, showing for each month from August 1941, to August 1943, for each denomination of each series, the principal amount of the notes with accrued interest added, are appended to this circular. The total shown for any denomination for any month—August through December 1941—while the notes remain on sale, is the purchase price, or cost, of the note during that month. Also, the total shown for any denomination for any month thereafter is the tax-payment value, or the amount at which the note will be acceptable during that month in payment of Federal income taxes as herein provided.

4. *Acceptability in payment of taxes.* The notes of both series (but not more

¹ 6 F. R. 1917.

than \$1,200 principal amount of notes of Tax Series A-1943 from any one owner in any period of twelve consecutive months) will be acceptable, at par and accrued interest, in payment of Federal income taxes (current and back personal and corporation taxes, and excess-profits taxes). The conditions of presentation, surrender and acceptance of the notes in payment of such taxes are set forth in Section IV of this circular.

5. *Payment or redemption for cash.* The notes of either series may not be called by the Secretary of the Treasury for redemption prior to maturity. If such notes are not presented in payment of taxes: (1) they will be payable at maturity, or (2) they will be redeemable prior to maturity, at the owner's option and request, as hereinafter provided in Section V, and in either case payment will be made only at the price paid for the notes.

6. *Taxation.* Income derived from the notes shall be subject to all Federal taxes, now or hereafter imposed. The notes shall be subject to estate, inheritance, gift or other excise taxes, whether Federal or State, but shall be exempt from all taxation now or hereafter imposed on the principal or interest thereof by any State, or any of the possessions of the United States, or by any local taxing authority.

III. PURCHASE OF NOTES

1. *Applications and payment.* Applications will be received by the Federal Reserve Banks and Branches, and by the Treasurer of the United States, Washington, D. C. Banking institutions generally may submit applications for account of customers, but only the Federal Reserve Banks and the Treasurer of the United States are authorized to act as official agencies. Every application must be accompanied by payment in full, at par and accrued interest to the month in which payment is received by a Federal Reserve Bank or Branch, or the Treasurer of the United States. Any form of exchange, including personal checks, will be accepted subject to collection, and should be drawn to the order of the Federal Reserve Bank or of the Treasurer of the United States, as the case may be. Any depository, qualified pursuant to the provisions of Treasury Department Circular No. 92 (revised February 23, 1932, as supplemented) will be permitted to make payment by credit for notes applied for on behalf of itself or its customers up to any amount for which it shall be qualified in excess of existing deposits.

2. *Reservations.* The Secretary of the Treasury reserves the right to reject any application in whole or in part, and to refuse to issue or permit to be issued hereunder any notes in any case or in any class or classes of cases if he deems such action to be in the public interest, and his action in any such respect shall be final. If an application is rejected, in whole or in part, any payment received therefor will be refunded. The Secretary of the Treasury, in his discretion, may

designate agencies other than those herein provided for the sale of, or for the handling of applications for Treasury notes to be issued hereunder.

3. *Delivery of notes.* Upon acceptance of full-paid applications, notes will be duly issued and, unless delivered in person, will be delivered by registered mail within the Continental United States, the Territories and Insular Possessions of the United States, the Canal Zone and the Philippine Islands. No deliveries elsewhere will be made.

4. *Form of application.* In applying for notes under this circular, care should be exercised to specify whether those of Tax Series A-1943, or Tax Series B-1943 are desired, and there must be furnished the name and address of the individual, corporation or other entity in which the notes are to be issued; and if address for the delivery of the notes is different, appropriate instructions should be given. The name should be in the same form as that used in the Federal income tax return of the purchaser. The use of an official application form is desirable, but not necessary. Appropriate forms may be obtained on application to any Federal Reserve Bank or Branch, and banking institutions generally will supply such forms.

IV. PRESENTATION IN PAYMENT OF TAXES

1. After three months from month of purchase (as shown by the date of issue on each note), but not before January 1, 1942, during such time, and under such rules and regulations as the Commissioner of Internal Revenue, with the approval of the Secretary of the Treasury, shall prescribe, notes issued hereunder in the name of a taxpayer (individual, corporation, or other entity) may be presented and surrendered by such taxpayer, his agent, or his estate, to the Collector of Internal Revenue, to whom the tax return is made, and will be receivable by the Collector at par and accrued interest from August 1941, to the month, inclusive (but no accrual beyond August 1943), in which presented in payment of any Federal income taxes (current and back personal and corporation taxes, and excess-profits taxes) assessed against the original purchaser or his estate, but not more than \$1,200 principal amount of notes of Tax Series A-1943, and the accrued interest thereon, may be accepted by the Collector in any period of twelve consecutive months in payment of Federal income taxes due from such owner. The notes must be forwarded to the Collector at the risk and expense of the owner, and, for his protection, should be forwarded by registered mail, if not presented in person.

V. CASH REDEMPTION AT OR PRIOR TO MATURITY

1. *General.* Any Treasury note of Tax Series A-1943 or Tax Series B-1943 will be redeemed for cash at the purchase price at or before maturity. Notes of

Tax Series A-1943 may be redeemed before maturity without advance notice, but notes of Tax Series B-1943 may be redeemed before maturity only after 60 days from date of issue and on 30 days' advance notice. The timely surrender of a note of Tax Series B-1943, bearing a properly executed request for payment, will be accepted as constituting the advance notice required hereunder.

2. *Execution of request for payment.* The owner in whose name the note is inscribed must appear before one of the officers authorized by the Secretary of the Treasury to witness and certify requests for payment, establish his identity, and in the presence of such officer sign the request for payment appearing on the back of the note, adding the address to which check is to be mailed. After the request for payment has been so signed, the witnessing officer should complete and sign the certificate provided for his use.

3. *Officers authorized to witness and certify requests for payment.* Any officers authorized to witness and certify requests for payment of United States Savings Bonds, as set forth in Treasury Department Circular No. 530, Fourth Revision, as amended are hereby authorized to witness and certify requests for cash redemption of Treasury notes issued under this circular. Such officers include United States postmasters, certain other post office officials, and the executive officers of all banks and trust companies incorporated in the United States or its organized territories, including officers at branches thereof who are certified to the Treasury Department as executive officers.

4. *Presentation and surrender.* Notes bearing properly executed requests for payment must be presented and surrendered to the Federal Reserve Bank of issue at the expense and risk of the owner. For the owner's protection, notes should be forwarded by registered mail, if not presented in person.

5. *Disability or death.* In case of the disability or death of the owner, and the notes are not to be presented in payment of Federal income taxes due from his estate, instructions should be obtained from the Federal Reserve Bank of issue before the request for payment is executed, or the notes presented.

6. *Partial redemption.* Partial cash redemption of notes of either series, corresponding to an authorized denomination, may be made in the same manner, appropriate changes being made in the request for payment. In case of partial redemption of a note, the remainder will be reissued with the same date of issue as the note surrendered.

7. *Payment.* Payment of any note, either at maturity or on redemption before maturity, will be made only by the Federal Reserve Bank that issued the note, and will be made by check drawn to the order of the owner, and mailed to the address given in his request for payment. In any case, payment will be

made at the purchase price of the note, that is, at par and accrued interest (if any) paid at the time of purchase.

VI. GENERAL PROVISIONS

1. Federal Reserve Banks, as fiscal agents of the United States, are authorized to perform such services or acts as may be appropriate and necessary under the provisions of this circular, and under any instructions given by the Secretary of the Treasury.

2. The Secretary of the Treasury may at any time or from time to time supplement or amend the terms of this circular, or of any amendments or supplements thereto, and may at any time or from time to time prescribe amendatory rules and regulations governing the offering of the notes, information as to which will promptly be furnished to the Federal Reserve Banks.

CEASE AND DESIST ORDER

visions of sections 4 II (j) and 5 (b) of the Bituminous Coal Act of 1937 (the "Act") by the Bituminous Coal Producers Board for District No. 8, complainant, alleging that F. B. Fry, the defendant herein, willfully violated the provisions of the Bituminous Coal Code (the "Code") and the effective minimum prices, by selling, delivering and offering to sell four (4) tons or more of 2' x 3/4" stoker (Size Group 5) coal on February 12, 1941, produced by the defendant at its Fry Mine, Mine Index No. 2921, located at or near Wayne County, West Virginia, in District No. 8, to Charley Short and Cecil Brown, truckers of coal, at a price of \$1.00 per net ton f. o. b. truck transportation facilities at said mine, whereas the effective minimum price for such coal was \$1.85 per net ton f. o. b. transportation facilities at said mine; and the complaint herein and notice of and order for hearing thereon having been duly served on the defendant on April 21, 1941; and

The defendant, by stipulation made July 2, 1941, a true copy of which is on file herein, having admitted the truth of the allegations contained in the complaint herein and the facts set out in said stipulation and having consented to the making and entry of this order:

It is hereby found That:

1. On June 13, 1940, the defendant filed with the Division his acceptance dated June 12, 1940, of the Code. Said acceptance was approved by the Division to take effect as of June 13, 1940. The defendant has been since June 13, 1940, and is now a code member in District No. 8.

2. The defendant wilfully violated the provisions of the Code and the effective minimum prices established by the Division by offering to sell, selling and delivering four (4) tons or more of 2' x 3/4" stoker (Size Group 5) coal on February 12, 1941, produced by the defendant at his Fry Mine, Mine Index No. 2921, located at or near Wayne County, West Virginia, to Charley Short and Cecil Brown, truckers of coal, at a price of \$1.00 per net ton f. o. b. truck transportation facilities at said mine. The effective minimum price established for such coal was \$1.85 per net ton f. o. b. said transportation facilities at said mine.

Now, therefore, based upon the above findings and the defendant's above stipulation;

It is ordered, That the defendant, his representatives, agents, servants, employees and attorneys and all persons acting or claiming to act in his behalf or interest, cease and desist and they hereby are permanently enjoined and restrained from violating the Code and the effective minimum prices established by the Division;

It is further ordered, That the Division, in its discretion, may apply to the Circuit Court of Appeals of the United States within any circuit where such defendant resides and carries on business for the enforcement hereof; and

It is further ordered, That this order shall not constitute a waiver by or on behalf of any person entitled to file a complaint under sections 4 II (j) and 5 (b) of the Act, or either of them, or of any right which they or any of them or which the Division may have against the defendant or of any penalty or forfeiture to which the defendant may be subject by reason of any violation other than those referred to in paragraph 2 of the findings herein, or a waiver by or on behalf of any code member of any right which he may have against the defendant under section 5 (d) of the Act in respect to said violations.

[Docket No. A-780]

PETITION OF DELTA MINING COMPANY, SAHARA COAL COMPANY AND THE UNITED ELECTRIC COAL COMPANIES, CODE MEMBER PRODUCERS IN DISTRICT NO. 10, FOR MINIMUM F. O. B. MINE PRICES FOR F. A. S. DELIVERY FROM DISTRICT NO. 10 TO RETAIL DEALERS AT MINNEAPOLIS AND ST. PAUL, PURSUANT TO SECTION 3 (A), SPECIAL RIVER PRICE INSTRUCTIONS AND EXCEPTIONS, SCHEDULE OF EFFECTIVE MINIMUM PRICES FOR DISTRICT NO. 10, OR IN THE ALTERNATIVE FOR ESTABLISHMENT OF JUST AND EQUITABLE PRICES

MEMORANDUM OPINION AND ORDER GRANTING TEMPORARY RELIEF

This proceeding was instituted upon an original joint petition filed with the Bituminous Coal Division on March 31, 1941, by Delta Coal Mining Company ("Delta"), Sahara Coal Company ("Sahara"), and the United Electric Coal Companies ("United Electric"), code members in District No. 10, pursuant to the provisions of Section 3 (A), Special River Price Instructions and Exceptions

in the Schedule of Effective Minimum Prices for District 10 for All Shipments Except Truck. Petitioners seek authority to sell coal produced at their mines in District No. 10 to retail dealers in the cities of Minneapolis and St. Paul, Minnesota, for delivery to or over the municipal docks there, at minimum f. o. b. mine prices for f. a. s. delivery, and for general relief.

Franklin County Coal Corporation, Old Ben Coal Corporation, Bell & Zoller Coal and Mining Company, Chicago, Wilmington & Franklin Coal Company, Peabody Coal Company and Wasson Coal Company ("Franklin County Coal Corporation et als."), code members in District No. 10, intervened in support of the petition and ask the same measure of relief as may be granted to original petitioners. The City of Minneapolis, a political subdivision of the State of Minnesota, intervened in support of the original petition.

District Boards 7 and 11 intervened in opposition to the requested relief and District Board 11 moved to dismiss the original petition, which motion was denied by the Director. District Boards 2, 6, and 10 and Carter Coal Company, a code member in District 7, intervened generally, and Consumers' Counsel Division (now Office of the Bituminous Coal Consumers' Counsel) filed a notice of appearance.

A hearing was held on May 27, 28 and 29, 1941, and on May 29 was continued until July 15, 1941. The hearing resumed on that date and was concluded on July 22, 1941. Appearances were noted for original petitioners, Consumers' Counsel and all interveners and Carter Coal Company. District Board 8 appeared and participated but did not intervene.

On May 29, 1941, during the course of the hearing, petitioners filed a motion for leave to amend their original petition, in order more clearly to define the issues involved, by requesting as alternative relief (if section 3 (A) of the Special River Price Instructions and Exceptions, Schedule of Effective Minimum Prices for District No. 10, should be construed as being inapplicable) the establishment of just and equitable prices under section 4 II (d) of the Bituminous Coal Act of 1937. District Board 7 filed a reply in opposition. On June 17, 1941, the Director granted leave so to amend, gave notice of the amendment and of the continuance of the hearing, and extended the period for intervention. No new petitions of intervention were filed.

On June 4, original petitioners, filed a motion supported by a brief, requesting temporary relief. District Board 7 filed a brief opposing the granting of temporary relief.

During the hearing, petitioners offered evidence that:

Illinois coals moved all-rail into the Twin Cities market in substantial quantities until about 1924, when rail rates were increased and Great Lakes Dock

rates decreased; as a result, the Twin Cities market was virtually lost to Illinois coals; during the last five years the upper part of the Mississippi River has been developed by the Federal Government; due to this development, and because of lower transportation charges for river as compared to all-rail shipments, Illinois coals began to move by barge to the Twin Cities, and beginning in 1939 moved in continually increasing quantities until the establishment of effective minimum prices on October 1, 1940.¹

It was also testified that the cities of Minneapolis and St. Paul, in order that their inhabitants might enjoy the lower river transportation rates, constructed coal docks on the Mississippi River; that these docks are operated as a municipal function at moderate cost with allocation of storage space to retail coal dealers on a yearly basis; and that although actual storage space on the dock is limited, there is ample capacity for movement of coal across the dock for storage at inland retail coal yards.²

It was further testified that: In 1939 and 1940 petitioners shipped a substantial percentage of the Illinois coal moving by river to the Twin Cities; in 1939 Sahara shipped via the Minneapolis dock to about six purchasers, including retail coal dealers, and to its own retail coal yard on the Minneapolis dock where it sold to retail coal dealers and in 1940 to the dockyard of its own subsidiary, Saline Coal and Dock Co., and to others including retail coal dealers with inland retail coal yards; United Electric shipped to retail coal dealers over the St. Paul dock; Delta's coals moved via the Minneapolis dock to Republic Coal & Coke Company, its exclusive sales agent, acting as retail coal dealer on the dock, to retail coal dealers and to certain consumers taking coal over the dock direct from barge to railroad car; interveners, Franklin County Coal Corporation et als., also shipped by river to the Twin Cities, Franklin County Coal Corporation and Peabody Coal Company, at least, shipping on a regular basis and in substantial tonnages; since October 1, 1940, neither original petitioners nor any of the interveners have shipped coal via river to retail coal dealers in the Twin Cities; in fact, very little Illinois coal has since been delivered to such retail coal dealers either by river or all-rail.

It appears that under the established minimum prices, water-borne Illinois coals have been unable to compete with water-borne eastern coals from Minimum Price Area 1, having the advantage of the Great Lakes dock rates. Since it is es-

timated that 85-95% of the coal delivered in the Twin Cities is water-borne, these eastern coals present the real competition to the coal from District No. 10.

Petitioners contended that either free alongside prices should be granted or, if the relationship with all-rail coals must be maintained, that the prescribed differentials should be revised properly to take into account, not only the lower cost of river over all-rail transportation, but also certain cost factors involved in the handling of river coals, and that relief should be extended to inland retail coal dealers as well as those having dockyards, because storage space on the municipal docks is limited and occupied only by a few persons and because much of the coal has customarily moved across the docks to inland retail coal dealers' yards for storage. There appear to be no private coal docks and no possible locations for them within the Twin Cities area.

Certain interveners, particularly District Board 7, opposed the granting of any relief, temporary or permanent, urging that it would upset coordination with eastern Lake dock coals by depriving them of their existing competitive opportunities in the Twin Cities market by failing properly to reflect relative market values.

District Board 7 produced two witnesses who testified concerning the propriety of f. a. s. prices. One of these witnesses stated that he was opposed to such relief whereas another witness, representing lake dock interests regularly shipping the preponderant tonnages consumed in the Twin Cities, stated that f. a. s. prices should be established for sales to retail coal dealers with dock facilities at the Twin Cities. The witnesses for District Board 7 also testified, concerning the effect of the establishment of f. a. s. prices upon coordination at the Twin Cities.

Entirely apart from, and without considering, the issue of re-coordination, it is appropriate, on the basis of the above-mentioned evidence, to grant temporary relief under section 3 (A) of the Special River Price Instructions and Exceptions in the Minimum Price Schedule for District No. 10. Unless petitioners are granted temporary relief they will suffer irreparable injury, due to the shortness of the river navigation season. And unless such relief is granted immediately, petitioners will be deprived of any opportunity to negotiate for the sale and shipment of river coals during the current season. Half of the season already having passed, substantially less Illinois coal can be shipped during the remainder of the season than was shipped during 1940; certainly no more. There can not be possible prejudice, therefore, to the eastern producers if temporary relief, as hereinafter provided, is granted.

Whether temporary relief should be made permanent and whether permanent relief should be granted under the "Special Cases" provision, by a re-coor-

dination of established minimum prices, or by any other means is a matter which can only be determined after more studied consideration of the record in this proceeding. And in that connection, pending final disposition of the petition, the Division will also study carefully the results which follow from the granting of temporary relief.

Now, therefore, it is ordered, That temporary relief pending final disposition of this proceeding is granted forthwith by temporarily amending the schedule of Effective Minimum Prices for District No. 10 for All Shipments Except Truck, as follows:

Under the Section "Prices for River (free alongside deliveries) and Ex-River Shipments, Special River Price Instructions and Exceptions," "Special Cases C," page 53, add the following provision:

Any code member producer, sales agent or registered distributor may sell coal for barge delivery to and over the municipal docks at Minneapolis and St. Paul at the minimum f. o. b. mine prices for free alongside delivery when shipped from the mines by rail and reloaded into barges on the Mississippi River for transshipment on the Mississippi River to retail coal dealers for resale at retail by such dealers located within the switching limits of these cities, whether such coal is for storage on the municipal docks or at inland retail coal yards.

Provided, however, That the relief herein granted shall apply only to coal shipped from the mine subsequent to the date hereof, and

Provided further, That any code member, sales agent or registered distributor offering for sale, selling or reselling any coal pursuant to this Order shall submit to the Bituminous Coal Division at 734 Fifteenth Street NW., Washington, D. C. within five (5) days after such offer, sale or resale, a complete description of such offer, sale or resale as is required by the Marketing Rules and Regulations of the Division, Order 313, and any other orders of the Division. The filing of this data at the offices of the Bituminous Coal Division in Washington, D. C. shall be in addition to that required for filing with the field office.

Each report or description required herein shall be duly verified and marked for incorporation in this docket as part of the record in these proceedings.

It may be required from time to time that there shall be made available for inspection for representatives of the Bituminous Coal Division at all reasonable times and places, all books, records, correspondence or other documents pertaining to the offer for sale, sale, delivery or other transactions of and involving such coals.

Notice is hereby given that applications to stay, terminate, or modify the temporary relief herein granted may be filed pursuant to the Rules and Regu-

¹The evidence offered was that in 1931 the movement totaled 7,896 tons. There were no shipments in 1932 and 1933. In 1940 a total of 204,672 tons was shipped by Federal Barge Line alone.

²The testimony is that in 1940 about 230,000 tons of Illinois coal moved to and over the municipal dock at Minneapolis.

The defendant by said stipulation (a) having admitted improperly substituting, during the months of October and November, 1940, as agent for the Beckley Fire Creek Coal Company ("Beckley") 2717.05 tons of $\frac{3}{4}$ " x 0 slack coal produced at the Penman Mine, Mine Index No. 140, located in District No. 7, on an order of Bethlehem Steel Company, dated October 30, 1940, for 2400 tons of $\frac{3}{8}$ " x 0 slack coal at \$1.75 per net ton f. o. b. said mine, whereas the effective minimum price for said substituted $\frac{3}{4}$ " x 0 slack was \$1.80 per net ton f. o. b. said mine; (b) having further admitted the statements of fact and conclusions of law contained in the order made by the Director dated July 18, 1941, in Docket No. 1557-FD, cancelling and revoking the code membership of Beckley and assessing the tax payable by Beckley at Nineteen Hundred and Seven Dollars and Thirty-seven Cents (\$1907.37), as a condition to its reinstatement to membership in the Bituminous Coal Code ("Code"); and (c) having further admitted that the transactions set forth in (a) and (b) hereof violated the applicable minimum prices set out in the Schedule of Effective Minimum Prices for District No. 7, for All Shipments Except Truck, § 304.12 (b), 2, 3, and 5 of the Rules and Regulations for the Registration of Distributors, paragraphs (b), (c), and (e) of the Agreement made April 25, 1939 (the "Distributor's Agreement"), pursuant to the order of the National Bituminous Coal Commission ("Commission") dated March 24, 1939, entered in General Docket No. 12 and adopted as an order of the Division on July 1, 1939, the execution of said agreement by the defendant having been a condition precedent to the granting of the defendant's application for registration as a distributor, Rules 1 (a), (b), (c) and (e) and 2 of Section XI, Rule 3 of Section XII and Rule 6 of Section XIII of the Marketing Rules and Regulations and Section 4 II (e) and (h) and paragraph 6 of Section 4 II (i) of the Act.

It is hereby found that:

(1) The defendant is a corporation organized and existing under and by virtue of the laws of the State of West Virginia, with its principal office located at Charleston, West Virginia, and is engaged under the powers granted to it by its corporate charter in the business of selling and distributing coal.

(2) On April 26, 1939, pursuant to the Order of the Commission dated March 24, 1939, entered in General Docket No. 12 and adopted as an order of the Division on July 1, 1939, the defendant filed

with the Commission its application dated April 25, 1939, for registration as a distributor which was accompanied by its Agreement executed April 25, 1939, (the "Distributor's Agreement"), said application was approved by the Division on November 18, 1939, and Certificate No. 9906 was issued to the defendant authorizing it to act as a registered distributor and the defendant has been ever since the last-mentioned date and is now acting as a registered distributor.

(3) Beckley is a corporation duly organized and existing under and by virtue of the laws of the State of West Virginia, whose principal office is located at Charleston, West Virginia, and is engaged under the powers granted to it by its corporate charter, in the business of mining and producing bituminous coal.

(4) On June 19, 1937, Beckley filed with the Commission its acceptance of the Code dated June 17, 1937; said acceptance was approved by the Commission on June 28, 1937, to take effect as of June 19, 1937, and was adopted as of July 1, 1939, by the Division, and Beckley since said last-mentioned date, has been a code member operating the Penman Mine, Mine Index No. 140, located in District No. 7 in Raleigh County, West Virginia.

(5) The defendant owns all the outstanding corporate shares of stock of Beckley and controls its corporate acts and doings. The defendant acted as the duly authorized agent of Beckley in the transaction referred to in (6) hereof.

(6) The defendant sold and substituted during the months of October and November, 1940, as agent for Beckley 2,717.05 ton of $\frac{3}{4}$ " x 0 slack coal produced at the Penman Mine, Mine Index No. 140 located in District No. 7, on the order of Bethlehem Steel Company dated October 30, 1940, for 2,400 tons of $\frac{3}{8}$ " x 0 slack coal at \$1.75 per net ton f. o. b. said mine, whereas the effective minimum price for said substituted $\frac{3}{4}$ " x 0 slack coal was \$1.80 per net ton f. o. b. said mine.

(7) That $\frac{3}{4}$ " x 0 slack coal shipped to Bethlehem Steel Company on the order for $\frac{3}{8}$ " x 0 slack referred to in (6) hereof aggregating 2,717.05 tons were sold and shipped in violation of the applicable minimum prices as set forth in the Schedule of Effective Minimum Prices for District No. 7 For All Shipments Except Truck, § 304.12 (b), (2), (3) and (5) of the Rules and Regulations for the Registration of Distributors, paragraphs (b), (c) and (e) of the Distributor's Agreement, Rules 1 (a), (b), (c) and (e) and 2 of Section XI, Rule 3 of Section XII and Rule 6 of Section XIII of the Marketing Rules and Regulations and section 4 II (e) and (h) and paragraph 6 of section 4 II (i) of the Act.

(8) The defendant in shipping the $\frac{3}{4}$ " x 0 slack coal to the Bethlehem Steel Company referred to in (6) hereof, violated the Commission's Order No. 156 dated December 18, 1937, and adopted as an order of the Division on July 1, 1939,

by failing to file currently as rendered, invoices to cover shipments of 447.75 tons (6 cars), 446.59 tons (6 cars) and 456.9 tons (6 cars), respectively made on November 8, 11, and 14, 1940, respectively, of said substituted $\frac{3}{4}$ " x 0 slack coal at \$1.75 per net ton f. o. b. said mine, such invoices not having been filed until December 28, 1940.

Now, therefore, based upon the above findings; upon the defendant's agreement that during said periods of suspension it will not act as registered distributor and that it will not accept or receive as registered distributor, either directly or indirectly, any discounts on coal purchased by it from code members during the period of suspension herein which would reduce the price thereof below the effective minimum price therefor and that during said period it will observe and faithfully abide by all the provisions of the Act, the Marketing Rules and Regulations, the Rules and Regulations for the Registration of Distributors, the Distributor's Agreement, and all applicable orders of the Division, and Beckley having paid said tax of Nineteen Hundred and Seven Dollars and Thirty-seven Cents (\$1907.37) to the Bureau of Internal Revenue pursuant to an order of the Director dated July 18, 1941 in Docket No. 1557-FD and applied to the Division for reinstatement of membership in the Code.

It is ordered, That the registration of the defendant in the above entitled matter, Wyatt Coal Sales Company, as a distributor is hereby suspended for a period of thirty (30) days from the date of service hereof upon the defendant herein and that the defendant, its officers, representatives, agents, servants, employees and attorneys and all affiliates and subsidiaries of the defendant shall be and are hereby prohibited from receiving or accepting any discounts from the effective minimum prices, either directly or indirectly, on coal purchased by them or any of them from code members during said thirty (30) day period of suspension: *Provided, however*, That the making and entry of this order of suspension will not prevent the defendants, its officers, representatives, agents, servants, employees and attorneys and all affiliates and subsidiaries of defendant from accepting sales commissions on coal sold by them or any of them as sales agent under bona fide sales contracts filed with the Division on or before January 1, 1941: *And Provided further*, That if the defendant shall not have complied with the provisions of Section 304.15 of the Rules and Regulations for the Registration of Distributors within the said thirty (30) day period, said suspension shall continue in full force and effect until five (5) days after the affidavit requested by said Section 304.15 shall have been filed with the Division; and

It is further ordered, That the defendant, during such said period of suspension shall continue fully to observe, abide by and remain in all respects subject to

all pertinent and applicable provisions of the Act, Marketing Rules and Regulations, Rules and Regulations for the Registration of Distributors, the Distributor's Agreement and all applicable orders of the Division; and

It is further ordered, That in the event the defendant shall hereafter violate any of its agreements set forth in said stipulation dated July 19, 1941, a true copy of which is annexed hereto and made a part hereof, this matter may be reopened and such action taken and orders entered herein as to the Director may seem just and proper under the circumstances, and jurisdiction of this matter is hereby expressly reserved for such purposes.
