PASSENGERS TELL OF PRINCESS MAY WRECK

All, With One Marked Exception, Showed Coolness, Bravery and Thoughtfulness for Others—Kindness of Light-Keeper.

Of nearly one hundred and fifty souls aboard the steamer Princess May when she struck on Sentinel Island all were splendidly brave men and women with only one exception. He was the "dude" from Atlanta who tried to get away in the first boats with the women, and complained that there was no bath at the lighthouse. Later he sat with his feet in the oven to dry them while the women shivered around, and the next day this effeminate creature, "Little Willie," as he was quickly nicknamed by the crew, was the only one who spoke of the great things he did on the previous night.

It was an exciting time, there in the darkness of that early Friday morning, when the fine steamer crashed on the rocks and tore her way for forty feet over the jagged points, gashing a great hole in her bottom as she did so. There was excitement, but it was of a suppressed kind. There was little noise and confusion. The officers and men of the boat behaved splendidly. From

HINDUS ARE NOT WANTED

UNITED STATES WILL TRY TO STOP INFLUX

Federal Official Says Policy of Increased Restriction Will Be Adopted

(Times Leased Wire.)

Washington, D. C., Aug. 12.—The announcement of Assistant Secretary Benjamin S. Cable, speaking for the department of commerce and labor yesterday, that a policy of increased restrictions as regards the emigration of Hindus would be adopted, will undoubtedly be good news to the Pacific Coast.

So emphatic was Cable's attitude that he seemed to regret that he had not the power to enact an absolute exclusion law for them. The report from Calcutta of an influx to the Pacific Coast occasioned by widespread reports that America was the "Good Land" and that there every husky man had a chance to get on the police force, prompted the assistant secretary to declare that it was about time the country waken to the importance of such an invasion. Cable feels himself on safe ground so far as international relations are concerned, for he needs but point to the attitude of the Canadian government toward the fellow subjects of the British Empire.

CHANGES MADE IN CONSTITUTION

C. M. B. A. Passes Amendment Excluding Hotelkeepers and Bartenders

(Special to the Times.)

Ottawa, Aug. 12.—At last night's meeting of the Catholic Montreal Benefit Association, which extended into the early morning hours, the constitution was so amended as to prevent any one who gains a livelihood directly from the sale of liquors from becoming members. This covers bartenders and hotelkeepers, but not laboring men who work around hotels or breweries in any capacity other than selling liquors. There was considerable debate before the change was made, an argument being put up for hotelkeepers who do not drink, but advocates of reform carried the day. It was decided to have the age limit at 50 years, the proposition to change to 45 being withdrawn.

JAMES WHITCOMB RILEY ILL.

Indianapolis, Ind., Aug. 12.—Following a mild stroke of paralysis, the condition of James Whitcomb Riley was better to-day. The attending physicians say that he suffered a nervous shock that is not likely to prove fatal. The Hoosier poet is sixty years of age and it is therefore feared that the attack may affect his vitality.

KNIGHTS TEMPLAR OFFICERS.

Chicago, Aug. 12.—William B. Mellish, of Cincinnati, has been elected Right Eminent Grand Master of Knights Templar. Arthur MacArthur, of Troy, N. Y., has been elected Deputy Grand Master, and W. Frank Pierce, of San Francisco, Grand Generalissimo.

THE PRINCESS MAY ON SENTINEL ISLAND.

At low tide the steamer is almost entirely out of water. The lighthouse where the passengers found shelter is near-by.

BADEN POWELL HONORED GUEST

BEGINS INSPECTION OF BOY SCOUTS HERE

To-morrow Evening He Will Address Public Meeting in the Victoria Theatre

Lieut.-General Sir R. S. S. Baden-Powell, K. C. B., "The hero of Mafeking," was given an enthusiastic welcome yesterday afternoon by the citizens who gathered at the C. F. R. dock. He arrived on the Princess Charlotte from Vancouver, having come here direct from the Old Land.

The general had a pleasant trip across the Dominion, and was accompanied by his secretary, Capt. C. A. L. Irvine, and N. Van Raalte, his aide-de-camp. The fifteen scouts who were expected to arrive here with their chief were left at Cochrane, Alberta, where they have gone into camp.

The reception committee, consisting of Lieut.-Col. Currie, Lieut.-Col. Hall, Rev. Canon Cooper, Rev. T. E. Heneghan, E. O. Hughes, Mr. Nunn, H. James, H. R. Seife, D. A. Seife, C. H. R. Slingsby and H. M. Muskett, was on hand to welcome the chief scout. Many of the veterans of the Boer war gathered on the wharf to shake "B. P.'s" right hand. Most of those who presented themselves wore the medals which they had earned in that strenuous struggle, and the general interested himself greatly in finding out in what engagements these men had fought.

LADY SHOLTO DOUGLAS SENT TO PRISON

Taken in Raid on Cheap Lodging House, She Gets Thirty Days for Vagrancy

(Special to the Times.)

Spokane, Wash., Aug. 12.—With her hands calloused and scorched from working over a cook stove in a lumber camp, Lady Sholto Douglas was sentenced to 30 days for vagrancy in the police court here yesterday. She was arrested in a police raid on a cheap lodging house, her companion, Wm. Martin, being charged with disorderly conduct. Lady Douglas fought with the officers and scratched the face of Police Captain Haynes.

CADETS SAIL.

(Special to the Times.)

London, Aug. 12.—A party of Imperial Cadets sailed for Canada to-day on the Empress of Britain. The Cadets, who are in charge of Captain McCalmont, were inspected by Captain Cary of the Irish Guards.

ACCUSED OF PERJURY.

Chicago, Aug. 12.—Thomas M. Lee of Armour & Co., has been indicted for perjury by the federal grand jury that has been investigating the alleged packing trust. The indictment is the first that has been returned by a special grand jury.

FATAL EXPLOSION AT SPITHEAD

(Special to the Times.)

London, Aug. 12.—An explosion occurred to-day in one of the forts forming the British coast defence at Spithead. A sergeant was blown to pieces and nine enlisted men were injured.

COMMISSIONER PERRY VISITOR TO VICTORIA

Head of Northwest Mounted Police Here En Route to Dawson City

A. B. Perry, commissioner of the Royal Northwest Mounted Police, who is determined upon, is constantly on watch beside the mayor. Apprehension is felt that infection may appear necessitating an operation instantly. The mayor ate a hearty breakfast.

The physicians are not agreed as to the value of the X-ray in determining the location of the bullet. Several declare that it would be unsafe to operate without any other guide than that of the X-ray. A consultation is planned for to-night upon the question of an operation.

MAN LOSES LIFE BY CAPSIZING OF YACHT

Thirteen Others Are Rescued—Youth Drowns When His Canoe Upturns

(Special to the Times.)

Toronto, Aug. 12.—John Pearce, of Toronto, was drowned in Toronto bay last night, when a yacht in which he and a number of friends were cruising was caught by the ferry boat Mayflower in the slip at Centre Island and capsized. Six men and seven ladies, who were with Pearce in the yacht were rescued.

TEACHERS ENTERTAINED.

Canadians Are Guests of Lord and Lady Aberdeen at Dublin.

TRAIN WRECKED.

(Special to the Times.)

Saskatoon, Aug. 12.—The Saskatchewan express on the Canadian Northern was wrecked last night near Warman, and although no one was seriously injured all traffic was held up four hours. The engine was badly broken when it went off the track and the baggage car was also smashed. The cause of the wreck is said to have been a spreading rail.

MAYOR GAYNOR RESTING EASILY

GENERAL CONDITION OF PATIENT EXCELLENT

Another Consultation to Be Held on Question of Performing Operation

(Times Leased Wire.)

Hoboken, N. J., Aug. 12.—The following bulletin was issued at St. Mary's hospital at 7 o'clock this morning.

"Mayor Gaynor passed a good night. He slept seven hours and was comfortable this morning. He is in excellent general condition. Temperature 100; pulse 70; respiration 16."

A surgeon who will direct an operation upon the patient, if such action is determined upon, is constantly on watch beside the mayor. Apprehension is felt that infection may appear necessitating an operation instantly. The mayor ate a hearty breakfast.

The physicians are not agreed as to the value of the X-ray in determining the location of the bullet. Several declare that it would be unsafe to operate without any other guide than that of the X-ray. A consultation is planned for to-night upon the question of an operation.

New X-ray plates taken yesterday developed to-day show that the bullet is lodged in the vault of the pharynx, back of the nose, whence it could be quickly extracted if an operation were undertaken. The patient has difficulty in swallowing, owing to the location of the missile, but this is to be expected.

At 12.30 p. m. a bulletin signed by Drs. Artiz and Dowd was issued as follows:

"The mayor is comfortable. He has taken nourishment and is steadily improving."

Gaynor fell asleep at 10 o'clock and at 1.30 p. m. was still sleeping. The physicians told Rufus Gaynor that unless infection set in from an unexpected source, his father would recover.

MAN LOSES LIFE BY CAPSIZING OF YACHT

Thirteen Others Are Rescued—Youth Drowns When His Canoe Upturns

(Special to the Times.)

Toronto, Aug. 12.—John Pearce, of Toronto, was drowned in Toronto bay last night, when a yacht in which he and a number of friends were cruising was caught by the ferry boat Mayflower in the slip at Centre Island and capsized. Six men and seven ladies, who were with Pearce in the yacht were rescued.

The drowning of Joseph N. Philpot, aged seventeen years, an employee of the Canadian General Electric Company, near Romulo, on the Lake of Eys, was reported to-day. His parents, Mr. and Mrs. J. Philpot, who were almost overcome, refused to be comforted. Philpot, who lives on the Lake of Eys, left Toronto last Monday night, and was drowned in fifty feet of water by the capsizing of his canoe. He was alone at the time.

KIDNAPPED BY BRIGANDA

Wealthy Italian Land Owner Held for Ransom of \$10,000.

MUST WORK TOGETHER FOR COMMON WEAL

Sir Wilfrid Laurier Regrets Tendency to Create Invidious Differences Between Manufacturers and Farmers—The Tariff Question

(Special to the Times.)

Red Deer, Albt., Aug. 12.—Despite threatening clouds and periodical flashes of lightning and crashes of thunder, two thousand people gathered in a beautifully decorated grove yesterday afternoon to greet Sir Wilfrid Laurier. For the first time since the inception of the tour the heavens frowned, and the gathering was apprehensively equipped with umbrellas and raincoats. The local management had made no preparations for an emergency.

While the premier spoke the storm reached its full fury. The roar of the thunder was followed by a hurricane of wind, in which flags were snapped and torn from the masts. Through it all Sir Wilfrid Laurier struggled on buffeted by the gale, the half-frightened throng, now huddled together, still hanging on his words. Finally Mr. Pardee rose and urged the premier to the desert. While they were conferring the clouds opened and settled the matter. The rain descended in torrents, and there was a wild race for shelter. Subsequently temporary quarters were secured in a miniature ten-cent theatre, where the indomitable premier concluded his address.

President Drewry, of the Liberal Association, occupied the chair.

Premier Sirton directed attention to the fact that the two essentials of the west were population and transportation. "Given these things," he said, "and the western people will work out their own salvation."

Hon. Frank Oliver paid tribute to the Laurier administration for its large share in the development and prosperity of the west. "Results," he observed, "were not achieved by magicians, but by bringing to bear on the conduct of the country's affairs a high ambition, thorough common sense and constant attention to detail."

Mr. Oliver declared Sir Wilfrid to be "the great optimist of Canada."

Dr. Clark aroused enthusiasm by expressing Red Deer's congratulations on Sir Wilfrid's escape from the wreck of last week.

"This is not the first time," he declared, amid laughter, "that the Canadian Pacific railway has tried to kill Sir Wilfrid, although I don't know that they ever tackled the job in a physical sense before. But they have found both politically and physically that he is too tough a nut for them to crack."

Sir Wilfrid was greeted with prolonged applause and was presented with bouquets in a hurricane of wind, punctuated by crashes of thunder. He expressed his appreciation of the welcome, especially at the hands of political opponents. He came as a brother Canadian.

"You do nothing by halves in this country," was his humorous reference to the battle of the elements. "Government by the people, for the people, was the Canadian aim."

"Do not let us err in this," added Sir Wilfrid. "There is a prevailing fallacy that the people comprise only those who earn their living by manual labor. The people are not one class, but all classes."

Sir Wilfrid said he had spent the previous night studying addresses presented to him urging free trade. "I regret one sentiment in them," said he. "There is, unfortunately, a tendency to create invidious differences between manufacturers and farmers as classes. This should not be. They should be working together—farmers working for the good of the country, manufacturers for the good of the country. The interests of both work together for a common purpose. You growers of food products find a market in the factories and shops of the east, and as they increase your market becomes more and more valuable. Then, again, the more prosperous the farmers of the west, the more valuable the market for the manufacturers."

"The tariff," continued the premier, "is not made for one class. It was the approach of the tariff of 1873 that I don't believe, nor will I admit, that such was the case with the tariff of 1897. It was adopted after investigation. It sought to weigh hardly on no one. That was our aim. Whether we succeeded or not results must tell."

"The country has progressed as never before," added the premier. "The proof of the pudding is in the eating, and Canada has never enjoyed better health than when nourished by Fielding puddings."

"You are all free traders. At least if there are any protectionists among you they have not dared to show their colors. I also am a free trader of the English school. Fox, Gladstone, Cobden and Bright are my models. But I recognize we cannot now have free trade as they have it in England, with its thousand years and more of history. We are a young country in the making. England has a customs duty on spirits, tobacco and wine, and direct taxation on incomes. This is possible because England has a leisure class from which it is easy to collect the three of settlement. You people

know the tedious hardship of pioneer work. It is not possible for us to tax new settlers. We must for the present raise the bulk of our finances by customs duties and it will be so until the country is in a more settled condition. Our fiscal policy, in a word, is this: No protection for certain classes at the expense of others. We don't tax for protection, but for revenue purposes. It is not our policy to have continuous tinkering with the tariff. It creates a state of uncertainty and stifles enterprise. We held tariff revisions in 1897 and 1907, and we will have another revision in due time, when I hope—may, I expect—we will witness further reductions in the tariff."

Discussing a reciprocal treaty with the United States, Sir Wilfrid repeated his expression of readiness to negotiate on fair lines. The United States proposition as originally presented he did not deem fair to Canada.

"Our experience with our good but keen neighbors," he said, "has taught us the ethics of David Harum. 'Do unto the other fellow what he would do unto you, and do it first.'"

In an eloquent peroration the premier pleaded for a united Canada and the welding of diverse interests to the common welfare of our common country.

WILL NOT LOSE ON GRAIN CROP

FARMER ON CONDITIONS IN WESTERN MANITOBA

Says More Attention Will Hereafter Be Devoted to Dairy Work

(Special to the Times.)

Brandon, Ont., Aug. 12.—E. W. Hanna, one of the big farmers of western Manitoba, said to-day after an inspection of his farms in Griswold district:

"It is now evident that early crop predictions were too pessimistic. We will have the lightest crop we ever had in this part of the country, but not a losing yield. It will go ten or twelve bushels to the acre and will be inexpensive to handle. Other grains will show up well. Late barley is as fine as the country ever produced."

"Farmers will profit too, by light yields, for they will serve to turn their attention to stock raising and other side lines. Scores of farmers, including myself, are going into dairy work. There will soon be a noticeable increase in the production of beef and butter, the demand for which now exceeds the supply. This unfavorable season has done more than anything also in the past to convince farmers that the one-crop plan must be discarded and more attention given to side-lines that are open for development on the farm."

PICKPOCKET DECAMPS WITH GOODS AND MONEY

Taken Into Custody at Grimsby Beach, But Succeeds in Making His Escape

(Special to the Times.)

St. Catharines, Ont., Aug. 12.—Several complaints have been made of robberies and pocket-picking at Grimsby beach, and Constable Swag and Austin, on watch, arrested a man who gave his name as Jack Hayes. He was taken to Manager Wylie's office, where a search revealed goods and money. A woman stated she saw the prisoner hiding something in the grounds, and the prisoner was left in charge of Constable Book while the county officers went in search of the cache. They found several purses. Returning, they were amazed to find the prisoner gone, after re-pocketing the money and articles taken from him. Book was not there either. When found, the constable denied responsibility. As he had not made the capture, he was not bound to hold the prisoner, he said. It was discovered that Hayes was joined by a pal, but the men have not been located. The officers are greatly chagrined, as they were sure of convicting a professional. They will report the matter to High Constable Boyd.

CHARITON CASE

Verona, Aug. 12.—Police Constable 1011 will be arraigned here on September 21st according to an agreement reached by counsel. Prosecutor McCord estimated that unless Dale Charley extradited the state will ask the appointment of a commission to determine Charley's sanity.

TO MEET AT SAN FRANCISCO.

Minneapolis, Aug. 12.—San Francisco has been named as the meeting place for the 1911 convention of the International Typographical Union.

INTERNATIONAL ENDEAVOR QUARTERS

British Columbia to Raise \$750—W. C. T. U. Praised for Temperance Progress.

The morning session of the C. E. convention opened with devotional exercises, led by Rev. J. B. Warnicker, M. A. Rev. A. E. King followed with an eloquent and earnest plea for more attention to junior and intermediate work. If the children were not trained to carry on the work and fill places vacated by older members, the church must die, inevitably. The speaker cited a case which had come under his own immediate observation. A young lady had worked until utterly disheartened with a class of boys who appeared to be hopeless. Five years later, on returning to the same town, she found six of the worst of them actively engaged in church work.

Rev. Dr. Spencer followed with a most optimistic half hour's talk on the progress of temperance work in B. C., much of which he attributed to the untiring efforts of the W. C. T. U. workers. J. W. Coleman made a strong appeal for funds to aid in the erection of international headquarters for Christian Endeavorers at Boston. The province of British Columbia had pledged itself to raise \$750. Of that \$130 had already been paid and \$400 pledged. He hoped to realize the entire amount before the close of the convention. The international headquarters would serve as a rallying place for Endeavorers from all over the world. It would supply an income annually by which the work might be carried on in future years, and no help along that line would ever again be asked.

D. J. McPhail spoke briefly but pointedly on the forward movement for the coming year, and the increase in membership which the society hoped to attain. The remainder of the morning session was taken up with the presentation and discussion of resolutions. The public are cordially invited to attend all the sessions. This evening Prof. Anderson Scott, D. D., of Cambridge University, will speak "An Englishman's Idea of what the C. E. can do for Canada." Rev. W. B. Hinson, Portland, will also speak. To-morrow morning the annual business session will be held and officers elected.

LOCAL NEWS

—Steamer Makura will leave this evening bound for Australia. She will take a number of passengers from this port. —No inquest was held by the coroner to enquire into the circumstances surrounding the death of Charles Truedell, who fell from the top of the new wing of the Empress hotel on Wednesday and was instantly killed, as it was shown that it was purely accidental.

—Owing to inability to make convenient boat connections the National Opera Company, billed for two nights here next week, find that it will be impossible to fill the second evening's engagement. They will appear here on Monday evening only, and have decided to sing "The Mikado," which will appeal to the greater number of theatre-goers. It is to be regretted that the company is unable to remain for the second night and sing "The Bohemian Girl."

—On Sunday, 21st inst., in the Metropolitan Methodist church, there will be a mass meeting of all the Methodist Sunday schools of this city. An invitation has been extended to all the organized Adult Bible classes in connection with other denominations to be present. The meeting will be addressed by Rev. Mr. Bartlett, general secretary of the Methodist Sunday schools, and Hon. Justice MacLaren, Toronto. The latter will speak on the line of organized Bible class work. The service is to commence at 3 o'clock.

VESSELS FOR CANADIAN NAVY

THREE BRITISH FIRMS MAY SUBMIT TENDERS

Three Canadian Companies Ask Privilege of Inspecting British Admiralty Plans

(Special to the Times.) Ottawa, Aug. 12.—The British shipbuilding firms seeking permission to tender for the construction of vessels for the new Canadian navy are Harlan & Wolff, Swan & Hunter, and Vickers, Sons & Maxim. Canadian firms who have asked for the privilege of looking over the British admiralty plans are the Polson Iron Works, Toronto; the British Columbia Marine Railway Company, Victoria, and the Collingwood Shipbuilding Company. When the admiralty plans are in readiness it is announced that the agents of the companies desiring to tender will be allowed to examine the plans as proposed before putting in their tenders.

REPORT OF INSURANCE COMMISSION READY

Will Be Submitted to Government Next Week—Is Awaited With Much Interest

Within a few days the report of the Royal Commission which inquired into conditions of the fire insurance business throughout the province will be in the hands of the provincial government. It is expected that the report, which is already completed, will be signed by Chairman Lennie, and Commissioners Erskine and MacDowall and submitted to the government not later than the middle of next week. The report is being awaited with great interest by the insurance interests, as a number of charges were made against the fire insurance companies during the sittings which the commission held at Victoria, Vancouver and other points throughout the province, and the commission is expected to make recommendations of vital importance. The sittings were held during the spring and early summer, the last session taking place in the middle of June, when J. J. Shearcross completed a very able case against the companies.

JUDGES FOR FALL FAIR ARE NAMED

Experts Who Will Pass Upon the Various Exhibits Selected by Advisory Board

George Sangster, secretary of the B. C. Agricultural Association, has secured the following experts to act as judges at the forthcoming fall fair in the various classes mentioned: John Gardhouse, Highfield, Ont., heavy horses, cattle and sheep; Alex. Innes, Clinton, Ont., light horses and cattle; Mr. Russell, Exeter, Ont., cattle; J. E. Brethour, Hartford, Ont., swine; S. W. Davis, of Vancouver, will judge the floral exhibit. Mr. Sangster is anxious that intending exhibitors in the manufacturers' building should make application for space at once. Nearly all the room available has already been allotted.

Many entries for the horse show are promised from Vancouver and other outside points. It is practically assured that nearly all the horses participating at the show at Vancouver will be brought over for the event here. It is anticipated that the prizes offered for the best decorated boxes will result in some keen competition. The judges' stand will be made more attractive by the use of palms and gotted plants. The floor of the horse show building will be covered with shavings dyed green.

VISIT MOUNTAIN RESORTS.

Delegates to Methodist Conference Spend Day at Banff and Laggan. (Special to the Times.) Laggan, Aug. 12.—Banff and Laggan have proved a strong attraction to the Methodist conference delegates. Scores of delegates and their friends from all parts of Canada have been spending a day in each place and revelling in the varied scenery of the great national park. Some go on drives, some climb to dizzy mountain heights to survey the far extending snow-capped peaks, and some enjoy the hot baths at the sulphur springs. The difficulty is in finding words to describe it all. A special Pullman car from Toronto was laid over at each place.

FISHERIES ARBITRATION.

(Special to the Times.) The Hague, Aug. 12.—To-day Senator Root, having concluded his observations on the question of Great Britain's claim to bays and three miles beyond, dealt in a general way with the remaining questions submitted to the tribunal. It is anticipated that the arbitration will conclude to-day as far as public questions are concerned.

MARRIED.

FOR SALE—Gorge road, corner, 110x120, beautiful homestead, assessed at \$1,800; for a few days only owner will sacrifice at \$1,200. Marriott & Fellows, 619 Trounce avenue. Office open evenings 8 to 9 o'clock. a12

\$1,000 BUYS good 5 room house, one block from Spring Ridge car line; \$400 cash. L. W. Hick. a12

CONSERVATIVE PICNIC—Every Conservative should know that the Education Department with two unappropriated Governor-General's bronze medals at its disposal in 1907 gave one to Golden rural school district with a High school for a year that passed up only 5 pupils, and gave none to Chilliwack rural municipal school district with a High school for 4 years, that passed up 18 pupils; that Golden had flopped from the Liberals to the Conservatives; that Chilliwack had remained Liberal; then ask Premier McBride how it is that he can attend a picnic whilst such an act of injustice to school children, and of dishonor to Earl Grey, stands against his government unatoned for? J. N. Muir. a12

BILLIARD TABLE (full sized), balls, cues, racks, etc.; price \$200. Phone 412. a12

AMATEUR AVIATOR INJURED.

Tacoma, Wash., Aug. 12.—While attempting a secret flight over the city of Tacoma in an 85 horse-power aeroplane, S. Siebel, a mechanic employed by Manning & Sons, Portland aviator, crashed to the earth from a distance of forty feet and was seriously injured. The attempt was made near Lakeview, where the machine is said to have been secreted for nearly three weeks by the owners.

Immediately following the accident the injured man was brought to the hospital. He is injured internally, but will probably recover, his physician says.

Previous to this attempt of Siebel the younger Manning had made two successful flights, according to his story to Dr. J. E. Smead, the attending physician at the hospital. Siebel had been in one flight at Portland, but knew little of the management of an air craft.

He was ambitious to become an aviator and induced the owners to let him try his wings. His flight upward was successful. According to young Manning's version, he tried a dip and in making two abrupt turns, lost control of the machine.

ENUMERATORS PUNISHED.

Helena, Mont., Aug. 12.—Thomas Dalley and F. C. McDonald, Great Falls census enumerators, pleaded guilty to padding census returns in the federal count, yesterday afternoon, and were sentenced to 24 hours in jail and fined \$1,000. Two more enumerators will be arraigned on August 17, on a similar charge.

Jockey caps in red or navy blue serge or felt; also in leather. Prices 25c and 60c. Robinson's Cash Store, 54 Yates Street.

EXPLAINS TERMS OF AGREEMENT

B. C. TELEPHONE CO. AND UNDERGROUND WIRES

City Solicitor McDiarmid Believes That Proposals Made Are Very Generous

City Solicitor McDiarmid yesterday explained the terms of the proposed agreement between the B. C. Telephone Company and the city for the placing of all wires in the business section underground. The city solicitor believes that the city has got a proposal more generous than has been laid before most places and it is, in his opinion, a most favorable one for the city. The preparation of the necessary bylaw, in which will be incorporated the agreement, will be proceeded with at once and submitted to the ratepayers at an early date, probably along with the other measures which are now ready for being voted on.

One of the most important features of the proposed agreement, and one which is most favorable to the city, is that regarding extensions of the system in future years. The company agrees that whenever any local improvement work is contemplated on any street, being in continuation of any existing local improvement work, it will put in conduits and take down existing poles, extending the system under the proposed local improvement work. It agrees that it will be assessed for one-half the cost of such conduits.

The essence of the agreement is the securing of right of way into the various blocks within the area bounded by Wharf street, Humboldt street, Douglas street, Burdette avenue, Blanchard street, Cormorant street, Store street and Johnson street, comprising the business section of the city. Agreements will be sought between the company and the owners permitting the former to enter the various blocks by lateral conduits, either up lanes or through the basements of buildings, to a central point from which the wires will be distributed in cables to the various users. Where owners refuse to give right of way, the city, under powers secured from the legislature, has the right to expropriate and force owners to give entrance. As far as possible the right of the owners will be protected, and the work of laying the conduits, etc., will at all times be under the supervision of the city engineer. If the company cannot come to an arrangement with the various owners the city covenants to secure the right of way.

The company has two years within which to complete the work. The city, under the bylaw to be submitted, will issue debentures to the amount of \$100,000, and on the completion of the work will hand over the debentures to the company. These debentures the company will sell for whatever price it can secure, and should there be any loss by reason of the fact that the debentures sell at a discount the company must bear it. As the work proceeds, it will become the property of the city, which will own everything, conduits, wires, cables, etc., and will retain ownership for the term of the debentures, which will be fifty years. When the city electrician or city engineer certifies that the company has expended \$25,000 on the work the city will hand over debentures at a par value of that amount, and on each successive \$25,000 the same course will be pursued, but the company must expend \$25,000 before it secures a cent from the city.

The agreement permits the company the use of the system without rental during the term of the debentures, unless it makes default in the annual payment of interest and sinking fund. When the debentures are fully paid off the city will convey the system back to the company. It will thus be seen that the system will have been constructed at no cost to the city. The payment under the debentures will be made on January 21 and July 21, but the company payments thereon to the city will be on January 15 and July 15. Should the company make default in payment the city is entitled to take control of the system and either run it itself or permit another company to operate it. In connection with the installation of the system in the various blocks the company agrees, in case of alterations to buildings, such as increasing the height or size, etc., to make all necessary alterations in its distribution system within such blocks at its own expense. The company also agrees that it will not even put a pole on any down town street and the city has agreed that it will not permit any other company to do so.

MAY BE FORCED TO PAY HIGHER DUTIES

United States Trade With Japan Likely to Be Affected by the New Tariff Law

Washington, D. C., Aug. 12.—American trade with Japan may be seriously affected, in part at least, after July 17th next, when the duties in the new Japanese tariff law will go into effect. This was the fear expressed in a statement by the state department in which are detailed the most important changes made by the new tariff law.

Although the treaty between Japan and the United States does not expire until July, 1912, it contains no conventional tariff arrangements, whereas those between Japan and other countries are. This is the reason the United States, on July 17th, 1911, when the treaties other than its own expire, must bear the duties in so far as they are enforced on imports into Japan from other countries.

CONSERVATIVE LEADER IN NOVA SCOTIA

R. L. Borden Opens Series of Meetings at Truro—The Halifax Platform

Truro, Aug. 12.—R. L. Borden held the first of his series of Nova Scotia meetings at Truro. A crowd of some 2,500 people assembled at Victoria park. Besides Mr. Borden the speakers at the afternoon meeting were C. E. Tanner, John Stanfield, M.P., T. W. Crothers, K.C., M.P., and J. M. Baillie, M.L.A. Mr. Borden was given an ovation.

Mr. Borden referred to the articles of the Conservative policy set forth in the Halifax platform, which has been accepted by the Conservative party throughout Canada and still stands as its policy. The excellence of the Halifax platform of 1907 was so great that our opponents were impelled by the force of public opinion to adopt several of its provisions, he said. He did not mean that these were carried out in every respect in the spirit or along the lines which were contemplated, but some pretence of action was manifest. He referred especially to the articles of policy calling for the reform of the civil service, the reorganization of the railway commission, the management of the Intercolonial railway by a commission, the inception of a system of free rural mail deliveries and the careful selection and inspection of immigrants. The proposals contained in these articles of policy would be carried out in their true spirit when the Conservative party was returned to power. The opposition leader then reviewed the government's record and made many criticisms.

MIGRATION BALANCE IN CANADA'S FAVOR

Canada Got 203,789 Americans Last Year—U. S. Got 74,912 Canadians

Washington, Aug. 12.—Immigration from and emigration to Canada is the subject of a statement just issued by the United States immigration bureau. During the twelve months ended March 31 last, there were 74,912 arrivals of aliens and citizens from Canada for permanent residence in the United States, against 61,517 during the previous twelve months. In the same period there were 203,789 departures of aliens and citizens from the United States into Canada for permanent residence, against 59,532 the previous twelve months. Citizens arriving were not counted during the whole of 1909, and it is estimated that 15,000 arrived during the year. That number has been included in making up the total of 61,517 arrivals.

CONTROL OF ALASKA. Jacob Schiff Advocates Establishment of Federal Commission.

New York, Aug. 12.—The establishment of a federal commission on the order of the inter-state commerce commission for the control of Alaska was advocated yesterday by Jacob H. Schiff, the New York banker, who has just returned from a tour of the territory. Under such a form of government he believes Alaska's resources would be developed rapidly. Population is not increasing as fast as it should, he said, because immigrants do not know what they can count upon. He added that in his opinion the conservation regulations, while good, are too stringent.

BARONESS VAUGHN TO WED.

Paris, Aug. 12.—Baroness Vaughn, who was reported to have been the morganatic wife of the late King Leopold of Belgium, has announced her marriage with Emmanuel Durlieux, a retired merchant of Neuilly-sur-Seine. It is said that Durlieux has been director of Baroness Vaughn's financial affairs. Since her dramatic flight from Belgium the Baroness, who was endowed with an immense fortune by the king, has been living sumptuously, although in the greatest privacy. The date of the marriage is not known and the staff of domestics guarding the high-walled chateau declare their mistress is at the seashore. Baroness Vaughn is 27 years old and Durlieux is 50.

RUNAWAY PAIR LOCATED. Chilliwack, Aug. 11.—Oscar Duval of the town of Little Rock, twelve miles from Olympia, was arrested here by Chief Carey on the charge of abducting Helen Little, a young girl of 15 years and four months of age, of the same place. The girl was located some few days ago, but it was not until a few hours before his arrest that Duval was identified, his general appearance differing from the description sent by the United States authorities. When

arrested Duval practically admitted his guilt. The girl, who has been living with him in the city the past three weeks also, was taken charge of and later sent home to her parents. The couple arrived here about the second week of July and representing themselves as man and wife, took up housekeeping, and the man being a practical shingle maker, secured work.

PHILANTHROPIST DEAD. Waltham, Mass., Aug. 12.—Reinhardt Treat Payne, president of the American society, and widely known as a philanthropist, died at his home here last night.

Freshly mixed merschaum is so soft that it may be used as soap, giving an abundant lather.

TAKING DOWN POLES. Vancouver, Aug. 11.—The B. C. Telephone Company has written to the board of works to the effect that as soon as a shipment of cable arrives from Montreal it will remove its poles from Pender street, between Jarvis street and Burrard street. At the same time the poles will be taken down from inside the curb. An effort will be made by the city authorities to get the B. C. Electric Company to put up iron poles on Cambie street and to get the telephone company to remove its wooden ones there.

Half price for ladies' wash suits—They must go out to make room for our large new stock of fall coats. Just arrived. Robinson's Cash Store, 54 Yates Street.

ALARMED AT PROGRESS OF THE WEST. The east is beginning to take notice of the rapid growth of the west. The appreciation of this fact is not invariably appreciation.

and prosperity in this connection, the growth of western Canada is fraught with political changes and developments of stupendous consequence which are leaping out of circumstance with stunning rapidity.

But apprehension at the wonderful growth of the west is not confined to eastern Canada. The United States is alarmed also, and is endeavoring to ease its qualms by publishing broadcast statements to the effect that the exodus from the south to the north has ceased and that the great trek is now headed the other way.

“We do not feel so badly because the farmers of our Western States invested last year \$100,000,000, according to the estimate of the Canadian government, in lands of the Dominion, as we feel at the loss of the accumulators of these hundred millions who have followed their money into Canada. It means that the next hundred millions they make, and the millions upon millions more which they and their thrifty children accumulate, will benefit the northern side of the National border.”

But this paper attributes the great rush of American settlers to other causes than the attractions of rich and productive lands. It holds that “conservation run mad” is the real reason for so many Americans deserting their own land and coming to Canada.

“Still, Mr. Roosevelt, Mr. Garfield, and Mr. Pinchot, in fetish-worship of federal ‘conservation,’ declare that the citizens of the Western States are not fit to develop their natural resources under the guidance of their own communities. We are glad that President Taft is not of this opinion. He has dispensed with the arbitrary government of Mr. Pinchot, he has obtained righteous laws of congress, and in Colorado, New Mexico, Washington, Oregon, Utah, Idaho, and Wyoming he is throwing open hundreds of thousands of acres of land for settlement in the fall.

BRITISH JUSTICE. The sleuths of the police departments of various United States cities were a unit in holding in derision the methods of Scotland Yard in dealing with the somewhat remarkable case of Dr. Crippen and Mlle. Leneve.

are far behind. We have much to learn from England.”

When asked to name some of these technicalities, Prof. Lawson said:

“The subject will be dealt with fully in our report. Until that is sent in I am not at liberty to discuss it,” but he mentioned two of the most striking things, namely, the quickness with which an English jury is selected, and the short time elapsing between the sentence and the final judgment on appeal. He also said that English justice seemed to be more businesslike and informal than American. Despite the fact that outwardly there is more show there with wigs, etc., the actual work is far less formal, he thinks.

The fact that prisoners are not tried by the newspapers before coming into court is a great factor in obtaining swifter justice, he says, as in many cases in America the public-prosecutors are swayed by public opinion.

To show the thoroughness with which their investigation has been conducted, Prof. Lawson and Keedy interested themselves in cases from the outset, being present in the police court, then at the trial in the high court, and finally attending the argument in the appeal court. By this means they found that, on the average, not more than six weeks elapsed from the time of the arrest of the prisoner to the final disposal of the case by the appeal court—something which is unheard of in America.

They said that during the time they had been in England representatives of the Danish and German governments were also there on a similar mission, spending a week with them and comparing notes.

Our Conservative friends will hold their annual picnic at Sidney tomorrow. We shall hold ours next week. But it will not be a political picnic in the strict sense of the term political.

It is unfortunate that a race cry should be raised in the new British dominions of South Africa. But it may be that an election will clarify the political atmosphere.

According to a recently published return the British railways earned \$54,000,000 gross and \$219,000,000 net in 1909 on a mileage of 23,264. Freight carried was 559,000,000 tons, an increase of 8,000,000 tons. Exclusive of season ticket holders 1,264,857,000 passengers were carried, a decrease of 13,275,000 from 1908.

Lord Strathcona has just celebrated his nineteenth birthday, and is still in active service as Canada's High Commissioner in London. His lordship's case furnishes a striking example of the truth of Sir Wilfrid Laurier's tribute to the climate of Canada. As an officer of the Hudson's Bay Company Strathcona and Mount Royal laid the foundations of his excellent health in the original Northwest Territories of this Dominion.

Two of the native princes of Britain's Eastern Empire have visited this continent during the present summer. The object of the visitors was doubtless to gather by travel and observation an enlarged view of the world's affairs. The Gwekwar of Baroda passed across the continent with his eyes open and his mouth closed. His serene highness was content to absorb knowledge and keep his thoughts of what he saw bottled up. The Maharajah of Mourbhany, who is now sojourning in the eastern part of the country, however, has been more communicative. In an interview given press representatives in Ottawa he said: “I consider Sir Wilfrid Laurier the greatest man in the British Empire. The people of India both read and hear a great deal about Sir Wilfrid, who is the most outstanding and the most picturesque of all Imperial statesmen.”

But, allowing that American detectives are more adept in their business, it is interesting to learn that there is one department of the administration of justice in which Britons are admitted to be ahead of their neighbors. That is at the point where the case is passed on from the police to the courts. Two eminent United States legal authorities were recently appointed by President Taft to investigate and report upon the procedure in the British Courts and compare them with similar institutions in the republic. Those two gentlemen, Prof. Lawson, Dean of the Law School of the University of Missouri, and Prof. Keedy, of the Northwestern University of Chicago, have investigated and submitted a preliminary report. They say that from the point of view of technicalities “America is a century behind England in methods of criminal procedure.”

“We have had an unexcelled opportunity to see the administration of criminal law in Great Britain,” said Prof. Lawson to a representative of the New York Times. “We have been in every criminal court, from the police court to the Court of Criminal Appeal; we have also been on the circuit with two judges of the High Court, and our conclusions are that we are, in the way of technicalities, a century behind England. When I say this I do not mean to infer that in every way we are behind, for there are some points in our system which are better; but in all the terrible technicalities which spell delay to the cause and retarders we

James L. Raymur, water commissioner, has made all arrangements for the excursion to-morrow to Goldstream by the members of the city council and the citizens' water committee, who will make the trip for the purpose of inspecting the system of the Esquamalt Waterworks Company.

Automobiles will leave the city hall at 10 a.m. Thus far some fifteen members of the committee have signified their intention of making the trip. Arriving at Goldstream the entire party will go over the system of lakes and dams, the Esquamalt company having arranged for guides, who will explain the work which has recently been done and what is contemplated in the future. In view of the fact that there has been a drought for a very long period it is believed that the committee will be able to form a pretty accurate idea of what the storage capacity of the system is, and what may be its value to the city as a source of the future water supply.

PROGRESS ON NATIONAL ROAD EASTERN SECTION NEARING COMPLETION

Will Be Open for Traffic Next Spring—Car Ferries on the St. Lawrence

(Special to the Times.) Ottawa, Aug. 12.—The National Transcontinental Railway from Lewis to Moncton will be open for traffic in the spring of next year, according to reports received at the offices of the commission here. The completion of this section will put into operation one of the most important links of the whole line.

From Quebec to a point 150 miles west the line is about completed now, but from the latter point to Lake Superior Junction it will not be finished for two years. On this interior section the work has been held back until supplies and plant could be taken in from the other ends by rail. The distance as well as the character of the country made it practically impossible to haul in construction plant. The section from Lake Superior Junction to Winnipeg will be ready for regular operation this fall.

On the strength of the reports above indicated it was stated to-day at the transcontinental commission's offices that next season the Grand Trunk Pacific will, by connecting with its existing rail and boat lines, be able to handle grain from Edmonton to Halifax and St. John.

FIRES MENACE HOMES.

Lewiston, Idaho, Aug. 12.—Several new fires are reported to-day in the Clearwater mountains and forestry officials state there is little hope of doing more than retard the progress of the flames, unless rain, which is now threatening, comes to the rescue. A brush fire started yesterday in the heavy bunch grass region on the Middleford Clearwater, 5 miles above Kootsika, and the townspeople have turned out en masse to assist the settlers, whose homes will be wiped out unless the fires are controlled.

The fire conditions in the Clearwater forest reserve are much worse, according to advices received by Supervisor F. A. Fenn, seventeen new fires having been reported during the past 36 hours. It is feared the wind will drive the fires entirely beyond the control of the fighters unless heavy rains soon come.

TWO PROBABLY DROWNED.

Bellingham, Wash., Aug. 12.—That Edward L. Rowland, proprietor of the Anacortes Livery & Transfer Company, and C. D. Sterling, travelling salesman for the Burpee & Letson Machinery Company, of Bellingham, drove their automobile into the open drawbridge near Mount Vernon at 10 o'clock last Tuesday night and lost their lives in the Skagit river seems to be an established fact by the finding of the automobile under the bridge by a party of searchers this morning.

Up to a late hour this afternoon no trace of the bodies had been found.

MAYOR GAYNOR'S CONDITION.

Hoboken, N. J., Aug. 12.—Mayor Gaynor's temperature has risen a degree since morning. The physicians at St. Mary's hospital, where the wounded executive has been since he was shot Tuesday on the deck of the steamer Kaiser Wilhelm der Grosse, admit this may indicate that infection has set in. They believe, however, that the increased temperature is due to the difficulty the mayor has had in breathing during the day. The surgeons have provided a benzine inhaler, which decreased the difficulty the patient had experienced.

CIRCLES EIFFEL TOWER.

Paris, Aug. 12.—Soaring in circles about the Eiffel tower until all Paris looked upwards, Hubert Latham drove his Antoinette bi-plane 290 miles to-day from Chalons-sur-Marne to the parade ground at Issy, just outside the French capital. Latham covered the distance in three hours. After circling the Eiffel tower he crossed the city, barely skimming the house tops. Latham was proclaimed the winner of the French prize of \$2,000.

ARGONAUT WINS.

Capture Mite and Quarter Race For Intermediate Four-Oared Shells.

Washington, D. C., Aug. 12.—The Argonaut boat club won Toronto to-day over the mite and a quarter for intermediate four-oared shells in the national regatta in 7 minutes 23 2-5 seconds.

The Detroit boat club won the junior eight-oar shell event. The Potomac boat club of Washington was second and the Argonauts of Toronto third.

WINNIPEG WHEAT.

TEN TEAMS ENTER FOR CRICKET TOURNAMENT

Four Provincial, Two American, and Four Victoria Elevens for Fifth Pacific Championship Matches, August 22-27

Entries closed last night with ten teams entered for the fifth annual Pacific Coast cricket tournament, which will take place in Victoria, commencing Monday, 22nd August, and continuing through the week till the 27th, on which day the championship final will be played.

The ten teams entered are: Vancouver (holders of the cup), Victoria, Burrard, Seattle, Nanaimo, Albion, Saanich and Strawberry Vale (combined), Kootenay, Portland, and the Garrison.

Owing to the increased entry over the tournament here two years ago, a fourth ground has been found necessary, and the University School field at Mt. Tolmie has been selected. This ground, Beacon Hill ground, the Hospital and the Garrison grounds are those on which the matches of the tournament take place.

There are four matches for each day, making eight teams engaged, while two will not be playing. The draw was made last night with the clubs drawn in two divisions, Vancouver, Kootenay, Nanaimo, Portland and the Garrison being in one division, and the

others: Victoria, Seattle, Burrard, Albion and Saanich and Strawberry Vale.

The competition is between the two separate divisions for first honors, with the winners of each division to play the final championship match on the Jubilee hospital ground on the Saturday of cricket week.

The following are the rules of this tournament and hours of play:

A win counts two points; a draw counts one point. Winner in Div. A plays winner in Div. B for championship of Pacific Coast.

Play starts each day at 10:30 a. m. Luncheon interval 1 p. m. to 1:45 p. m.

Tea interval 4 p. m. to 4:30 p. m. Draw stumps 6:30 p. m.

The committee notify all clubs that these hours must be observed. Any alteration in the above times can only be allowed where the two captains agree mutually to alter them. Should the two captains not agree, the hours as above must stand.

Tickets admitting bearer to any and every match for the whole week are ready for sale at \$1.00 each and can be procured from any member of any of the home teams.

While there will doubtless be a large number of these tickets purchased out of compliment to the association, there are only two of the four grounds at which admission can be charged. The controllers of the Hospital ground and the University School ground have the power to charge for admission, but Beacon Hill ground and the Work Point barracks ground will be open at all times without charge.

The association handling the tournament has undertaken an expensive proposition, and would welcome the most extensive public support, as admissions and sale of tickets for the whole tournament are the only means the association has of meeting the expenses.

At the tournament here two years ago there were many mean ways adopted by spectators to avoid paying admission to see the games at the Hospital ground. One was that of a prominent Vancouver merchant, who walked through the gate and announced to the ticket taker "Oh, I'm umpiring to-day." He passed in, took a front chair in the club-house, helped himself largely to the club courtesies, criticized the management and everything in sight, and saved 25 cents!

The last night of the tournament the association will tender the visitors a smoking concert at the Broad Street hall, to commence at 8:30. A programme comprised of songs and musi-

cal selections is being arranged by local artists. The draw, which took place last night for the two divisions, with grounds allotted, and lay-off day for each club, is as follows:

Date	Clubs	Grounds	Not Playing
Mon. Aug. 22	Vancouver v. Kootenay	Work Point Barracks	Garrison
Mon. Aug. 22	Nanaimo v. Portland	University School	Kootenay
Tues. Aug. 23	Garrison v. Portland	University School	Kootenay
Tues. Aug. 23	Garrison v. Nanaimo	Work Point Barracks	Nanaimo
Wed. Aug. 24	Vancouver v. Portland	University School	Nanaimo
Wed. Aug. 24	Garrison v. Kootenay	Work Point Barracks	Vancouver
Thurs. Aug. 25	Garrison v. Nanaimo	Work Point Barracks	Vancouver
Thurs. Aug. 25	Kootenay v. Portland	University School	Portland
Fri. Aug. 26	Vancouver v. Garrison	Work Point Barracks	Portland
Fri. Aug. 26	Kootenay v. Nanaimo	University School	Portland
Sat. Aug. 27	Championship of Pacific Coast; winners of Div. A vs. winners of Div. B.	Jubilee Hospital	

TRIPLE STEALS ARE RARE IN THE MAJORS

Has Only Been Performed in Big Leagues on Three Occasions

Unusual games and freak plays are among the things that make baseball popular. The true fan will miss his meals for any sort of a ball game, but let him see a freak play that only occurs three or four times in many years and no ties of love or friendship, duty, home or family will separate him from a congenial listener until he has talked it out of his system. Tell the veteran fan a baseball yarn and then listen for his swift and generous appreciation.

"Huh," he will remark, "I saw a play made in '99 that was some play. The base were full and"—he's off.

It doesn't make the slightest difference whether you listen patiently or whether you do not. If you go away he'll tell it to himself.

The present year in the major leagues abounds in baseball sensations. Since the season opened there have been two no-hit games. There were six no-hit games in 1908. In that year Joss, of Cleveland, pitching against Chicago, on October 2nd, did not allow a man to reach first base. Last year, on April 15th, when the season opened in New York, Ed Ames held Brooklyn hitless for nine innings, but they beat him in the "unlucky thirteenth."

Five one-hit games have taken place this year. There were sixteen in 1909. The Philadelphia National League team has worked the triple steal—a feat performed but three times before in the history of big league ball. It was in the Philadelphia-Cincinnati game on the Red's ground, on May 19th. Bransfield, Magee and Grant were the principals, and they started the steal while Fromme was winding up. Grant scored by sliding under the

TO-MORROW'S SPORT

Lacrosse. Victoria v. Vancouver, at Royal Park at 3 p. m.
Yachting. Victoria Yacht Club cruise to Esquimalt.
Cricket. Empress v. Albion, at Beacon Hill.
Albions play at Vancouver and Victoria at Seattle.

SPORT NOTES

The Victoria ball team goes away to-day on the Seattle boat en route to Everett, where to-morrow and Sunday the team will play against Snohomish nine.

Tommy Burns has connected with an income at last. He is matched with Tony Caponi, the Chicago boxer. The bout will take place at Winnipeg in September. Caponi this week defeated McLaglan in six rounds and gave 9 pounds away in weight.

To-morrow's games in the Eastern lacrosse league are: Montreal and Tecumseh; Capital and Shamrock.

There is a movement in Seattle for the

formation of a Western Motorists' Association. The intention is to take in Victoria and the other B. C. cities also.

The team selected for the lacrosse game to-morrow is the best selection committee has listed this season. The twelve, if in condition and willing to bore-in on the opposing goal, should win.

The yachtsmen will cruise to-morrow to Esquimalt. There they will talk over matters, mention of which has been appearing in the Times during the past few weeks. The challenger is assured and a royal charter is to be obtained.

Vancouver has a final chance to win the Minto cup. By winning the game to-morrow from the Royals, Vancouver will be in the running. The terminals, however, will have to win every other game of the series.

ALBIONS PLAY THE EMPRESS TO-MORROW

Victoria Goes to Seattle and Albion Club Sends Strong Team Over to Play Vancouver

Three cricket matches are scheduled for to-morrow which will interest local cricketers, but only one of them is a home game. The Empress and Albion elevens play at the Beacon Hill ground, the Albion club sends an eleven to Vancouver, while Victoria team plays Seattle at Seattle.

The Empress-Albion match will start at 2:50 p. m., and while the strongest team of the club has been selected to go to Vancouver, the eleven that will play the Empress contains a strong batting side with reserve bowlers. The teams for the match at home are as follows:

Albion—E. A. Duncan (capt.), M. B. Lloyd, C. Cooper, G. Barraclough, A. Mercer, C. O. Clegg, J. Wicks, H. J. Wicks, J. Taylor, H. G. Anderson and L. B. Warnicker.

Empress—Wills, Lush, Gooch, James, Parnwell, Irwin, Farland, Bywell, Paburn, Hardy and Palmer.

The Albion team that goes to the Mainland to play Vancouver is composed of C. W. Scott (capt.), E. W. Lamay, H. A. Lamay, W. Gregson, H. H. Pegler, J. Robertson, H. P. Hewett, H. H. Pegler, C. C. Tunnard, F. W. Ashby and L. B. Trimen.

The Victoria team for the match against Seattle is Alexis Martin (capt.), J. C. Barnacle, J. H. Gillespie, F. J. Marshall, D. A. Martin, A. Gallier, N. Rant, D. M. Rogers, H. Cuthbert, H. Eberth and Thomas.

The oil properties of the Amalgamated Development company are situated on tidewater, hence there will be no delay in the profits while a railroad is being built to take out the products.

VICTORIANS BEATEN BY SEATTLE PLAYERS

Miss Pitts and Marshall Remain in the Mixed Doubles, But All Other Players Succumb

With the exception of Miss Pitts and Marshall in the mixed doubles, all the Victoria tennis players in the Seattle club tournament went down to defeat yesterday. Marshall was beaten by Pitts in the men's singles, Smith and Marshall were beaten in the doubles by Johnston and Richardson, Miss Pitts and Miss Livingstone were defeated in the ladies' doubles, and Mrs. Genge and Whyte, of Victoria, lost in the mixed doubles. The scores in detail were:

Men's singles—Johnston, Seattle, beat W. O. Batchelder, Everett, 6-1, 6-2; Russell, Seattle, beat R. P. Batchelder, Everett, 6-1, 6-2; Hughes, Seattle, beat S. Pufford, Tacoma, by default; Fitz, Seattle, beat Marshall, Victoria, 7-5, 6-3; Lyon, Tacoma, beat Hughes, Seattle, by default.

Women's doubles—Madame De Lobel-Mahy and Miss Rogers, Seattle, beat Miss Pitts, Victoria, and Miss Livingstone, Seattle, 6-4, 6-1; Miss Hotchkiss, Berkeley, Cal., and Miss Garrett, Seattle, beat Miss Danner and Miss Danner, Seattle, 6-3, 6-2; Miss Hotchkiss and Miss Garrett, Seattle, beat Miss Allen and Miss Erwin, Vancouver, 6-2, 6-4.

Mixed doubles—Miss M. Pitts and Marshall, Victoria, beat Mrs. Huiskamp and Dr. Shannon, Seattle, 6-2, 6-4; Miss Hotchkiss and Smith, Seattle, beat Mrs. Genge and Whyte, Victoria, 6-4, 6-1.

PIONEER

EDUCATIONAL TRICKS

To the Editor:—My attention has been called to an item in your issue of June 25th under the above heading. The "being whistled" in British Columbia is quite amusing. The fact is that the provincial school trustees convention of British Columbia at New Westminster in 1907 passed this resolution: "That questions set at the High school entrance examinations should be within the scope of the text-book and on the subject under examination." Again at Revelstoke in 1908 it passed the same resolution unanimously. The school teachers' convention at Vancouver in 1904, with Inspector Wilson in the chair and Superintendent Robinson present in the room, told the education department politely, but in language which could not be mistaken, that the examination questions were unfair.

An examiner appointed by the department to give the pupils their marks, in 1908 stated in his report that he did not know what was the correct answer to one of the questions set in geography, and that report was printed by the King's printer and sent to every teacher.

That was a pretty loud whisper. The department now refuses to publish the examiners' reports.

In 1907 the pupils of British Columbia were asked to name the capital of the Commonwealth of Australia. Again in 1908 they were asked to name it. I find in a statistical book in the Carnegie library that as a matter of fact the Australians had not actually settled, in October, 1900, what place would be their capital.

The pupils were asked "to name the kinds of wood used in flooring, and if a year in getting fair play for the children of the public schools at these examinations. The school teachers have failed, the school trustees have failed, Premier Mc Bride has failed, because he would be pleased to carry out all their resolutions—if he could.

Please help the children.

J. N. MUIR.

WORK FOR 8,200 PEOPLE.

Although the Patents and Designs Act has been in operation in the United Kingdom only two and a half years, it has already resulted in close upon 11,000,000 being invested in that country.

The act prevents manufacturers patenting a device in the United Kingdom and manufacturing it entirely abroad. In such a case any one may apply for the patent to be revoked. The following is a summary of the results already achieved:

Value of land and premises	£198,082
Cost of buildings and housing	310,835
Plant, machinery, etc.	452,069
Work people employed (about)	8,200
Paid in wages per week (about)	3,100
Number of foreign firms working	40
English firms manufacturing for foreign firms on royalty basis	25

VANCOUVER TEAM HERE TO-MORROW

STRONG LACROSSE
TWELVE SELECTED
Victoria Has Final Chance for Position in Kilmarnock Cup Competition

The Victoria and Vancouver amateur lacrosse teams face each other to-morrow afternoon for the fourth time this season, and the match takes place in Victoria at the Royal Athletic Park. By the mere chance Victoria might win the Kilmarnock cup. To do so the home club will have to win all its games, and Vancouver will have to lose the rest of the schedule, so that if Victoria wins to-morrow the Capitals will have recommenced the climb towards the top.

The selection committee met last night to choose the team to meet Vancouver to-morrow, and put together the twelve best and most often tried men in the three Victoria clubs. The team is: Goal, Johnson; point, Clegg; cover point, Dakers; first defence, Morris; second defence, Okell; third defence, Brynjolfson; centre, Sweeney; third home, Petticrew; second home, Cars; first home, Sargison; outside home, Kroger; inside home, Purdy. Alternatives, Sweeney and Johnson.

It would be difficult, indeed, to improve on the team named if the men are in good condition. They have been training faithfully during the week, and after their experience at Vancouver last Saturday, where for three-quarters they held the Terminals down, the home team may win to-morrow.

Junior Game.

To-night the junior teams of the Victoria West and North Ward clubs meet at the Royal Athletic park at 6.15 p.m. and the Victoria West team will be composed of: Goal, Plump; point, Bolton; cover point, G. Corkley; first defence, A. Robertson; second defence, Gordon; third defence, P. Robertson; centre, McBeath; third home, J. Kennedy; second home, J. Corkley; first home, C. Brown; outside home, J. Todd; inside home, McLaughlin.

KING GEORGE V IS PATRON OF SWIMMING

Accepts Office Caused Vacant by Death of King Edward in the Royal Life-Saving Society

London, Aug. 12.—Swimming is enjoying more than its usual popularity in British sports this summer. This is probably due to two causes: First, the invasion of foreign swimmers, and secondly, the open interest displayed in the sport by King George since the death of King Edward. King Edward was the patron of the Royal Life Saving Society, which is the fostering godfather of swimming in Great Britain. King George has caused it to be announced officially that he will accept the office of his late father, viz., royal honorary president of the Royal Life Saving Society. This is not the first time King George was president of the Royal Life Saving Society. Once, while he was still Prince of Wales, he held that office. Lord Desborough, who has been acting as president for some time, is ready to retire. It is the Royal Life Saving Society which has encouraged attempts to swim the English channel.

Women are rapidly coming to the front in aquatic sports. The Hon. Monica Grenfell, who tied with Miss Annetta Thompson for the Bath Club

What Other People Think THE CHECK REIN.

To the Editor:—At a recent meeting of the executive committee of the local Society for the Prevention of Cruelty to Animals, a letter was read from a correspondent relative to the cruelty of the excessive and in many cases unnecessary use of the check rein. I am requested by my committee to address you on this matter, in the hope that this practice may, as far as possible, be discontinued by those owning and driving horses. Admitting that under certain circumstances arising mainly through imperfect training some horses may need help to prevent them stumbling, it is most painful for lovers of animals to see them bracked up in the rigid fashion which is unfortunately the case daily in our streets, and our society would most strongly plead for a more humane and considerate treatment.

The committee wish me especially to bring this matter to the notice of the executive of the Agricultural Association and Judges at the forthcoming exhibition, in order that the excessive use of the check rein may be one point of disqualification. The practical abolition of the custom in the Old Country is sufficient evidence that the use of a tight check rein is not at all necessary for the comfort of the horse in going up hills, etc., or the safety of its driver. It is the tightened rein in the driver's hand that effectually helps the horse when he stumbles.

THOS. W. PALMER,
Hon. Secretary S. P. C. A.

COMPANIES ACT.

To the Editor:—There is scarcely a person that does not despise a dog catcher; the sympathies go with the dog. We are informed that the government has appointed a person to catch business men whose only sin is that they have come to British Columbia to gain an honest living by methods considered legitimate and, in fact, factor in the development of business in other communities. These men pay taxes, most of them are householders, many of them heads of families, several of them large property holders, and these men, we are informed, are either to represent limited companies that are registered or resign the agency, or be subject to a fine of \$20 per day for every day they represent an extra-provincial limited company unregistered. Our British Columbia government, we are informed, are sending out tons of literature inviting settlers, our Development League are straining every nerve to advertise British Columbia and its industrial and commercial advantages, our business men (including commission merchants and agents) are supporting the government by paying taxes, and we have all been shouting "Come to British Columbia." I feel that we had better quit shouting or we may get our friends into a bad box. It puts me in mind of a man being invited out to a friend's house to dinner, and after he has started to eat, presented him with a bill amounting to before he can finish his meal he must take out a permit and a license, under a threat of immediate eviction if he refuses.

Why penalize the agents? Surely limited companies which are unregistered and which are willing to send their goods into this province to our merchants on credit, taking the risk of collections, should be allowed to do so, otherwise you restrict trade and damage our credit. Surely business as it is carried on to-day is strenuous enough, and credit (that precious asset of the business man) is too valuable an asset to be played with. Our government can damage the business credit by a single stroke of the pen, in an instant, that will take years of time to regain, if ever it is entirely regained, as credit once shaken or lost is often past recall, and here we have the whole world with eyes on British Columbia, asking what to do in regard to extending credit to our merchants, i. e., Victoria and Vancouver merchants, who need every decimal of credit they can get, these business men are be-

The Evening Chit-Chat

BY RUTH CAMERON

The showing off of a baby for the enjoyment of a visitor is almost a crime. A very bad practice at any time of the year, it is far worse in the summer, for it excites the little one beyond its capacity and tends to upset its entire nervous system.

"There are only two occasions for handling the little baby, and those are when it is to be fed and when its clothes are to be changed. Handling the little one for any other than necessary care is almost a crime."

"Anything at all that tends to fret or worry or excite the little one is most injurious to its health. The baby that is left severely alone, save necessary attention to keep it properly fed and clean, is the baby that is most apt to thrive and grow and be healthy."

These are a few nuggets of wisdom from a babies' health bulletin sent out by a board of health in one of our large cities.

I commend them most heartily to my reader.

In the bulletin there were also such admonitions as "Do not give little babies raw fruit." "Do not allow them to drink tea, coffee, beer or any other liquor," and several more advices along the same line.

I suppose—in fact know, from my slumming experiences—that there is a class of people who need this latter sort of suggestion.

But I have very decided doubts if it is as large as the class who need the other kind of advice—that it, to let their babies alone more.

"Don't take your baby out to visit the neighbors before it is six months' old at least, and better a year. The excitement of all those new faces and voices is very bad for his nervous system."

"Don't wheel a delicate baby about in his carriage. He is much better off quiet in his crib."

"Don't even undress a baby at night if he is weak or sick. It tires him too much."

"Don't put your sick or weak baby in the tub to bathe him. Just sponge him off in your lap. The tubbing takes too much vitality," are some more bits of advice along this same line that a prominent baby doctor gives all his mothers.

To this doctor a young mother came once, quite indignant:

"Why, that nurse you sent me doesn't pay any more attention to my boy than if he were a piece of furniture," she protested, aggrieved.

"Madam," answered the doctor, "if all babies were treated more like pieces of furniture and less like toys, there'd be twenty per cent. fewer sick babies and fifty per cent. less cross and fussy ones."

Yes, perhaps it is easier and pleasanter to pick the baby up when he fusses and on all similar occasions—doubtless it is more sociable to take him around to visit the neighbors and show him off to all your visitors.

But that's not the question.

The question is, is it worth risking your baby's health and good disposition for?

Ruth Cameron

PREPARING TO FLEE FROM FIRE

MANY FAMILIES WILL LEAVE IDAHO TOWN

Wind Carries Burning Embers into Wallace—Spokane Asked to Send Aid

(Times Leased Wire.)

Wallace, Idaho, Aug. 12.—One hundred families of Wallace this morning are packing up their belongings and will leave for Spokane and other outside points to escape the dangers of the forest fires which are raging near, threatening to wipe out a portion of the city.

A dense smoke envelops the city, making it impossible to see a distance of 200 yards, and burning embers are being carried by the wind from the burning area.

Everywhere men and women are running about using every safeguard to protect their property from the fire demon, while the city fire department stands ready to rush to the scene of any blaze that may be started.

Forest fires raging in the Placer Creek district, five miles from Wallace, have destroyed much property.

On account of the dense smoke and falling burning embers, it is impossible for the owners of the properties to get into the camp and make an estimate of the amount of damages.

An appeal has been sent to Spokane for 100 men to aid in fighting the flames, also the governor has been asked to send a squadron of troops from Fort George Wright. At the present time there are only 50 men in the vicinity of Wallace fighting the flames.

Situation in Western Montana.

Missoula, Mont., Aug. 12.—The forest fire situation looks worse. In these words Associate District Forester Sisco of the forest service, summed up the condition of fires in western Montana to-day. Yesterday, as has happened many times before, the service thought it had the situation well in hand but to-day's report upset everything and showed that the fires are more dangerous than ever.

At Bear Creek, the forest conflagration to-day swept away tents, tools and equipment of the fire fighting forces stationed there, men and pack horses barely escaping with their lives. Deputy Supervisor Spaulding of the Lolo forest has left for the preserve with 75 men.

Fires along Cayoose Creek, a tributary to the Loch branch of the Clearwater river, are worse than have been reported this year. The fire district covers three or four townships. The region is timbered heavily.

The Lolo forest is cleared of fires just now, but three conflagrations are sweeping from three different direc-

tions upon the reserve and a large force of men is fighting desperately to check the danger. The situation on Clearwater is very serious. All western Montana is shrouded in a pall of smoke.

BADEN-POWELL HONORED GUEST

(Continued from page 1)

Leaving the dock he proceeded to inspect the guard of honor of sixty boys picked from the local brigade, under the command of W. Wilby. While he was engaged in this the brass band of twenty-five pieces played the slow march for inspection. At the conclusion of the inspection, the band played "The Red, White and Blue," and proceeded up-town, while

GENERAL BADEN-POWELL ARRIVES.

The Hero of Mafeking inspecting the Guard of Honor of Boy Scouts at the Wharf on His Landing.

The general was taken in Lieut.-Col. Hall's automobile, in company with Canon Cooper, on a tour of this city.

The serious part of the general's tour has just begun. He will inspect the whole corps at Beacon Hill to-morrow afternoon. The brigade is to assemble at the corner of View and Broad streets at 3 o'clock and march to the hill. Gen. Powell is spending to-day at Cowichan, enjoying a day's fishing. He leaves this city on Sunday afternoon on his homeward journey, which will be considerably longer than the outward one. He will inspect all the brigades in Canada, and will also visit those in the States. The one object of his visit is to appraise

Canadian enthusiasm to a higher pitch than ever in the movement.

Last evening he met the scout masters of the local branch of the movement in the schoolroom of Christ Church cathedral, speaking on the plans which had been outlined by the officers of the brigade for the year, and informing them on the best lines to follow in order to make the brigade a shining light in this city. The scout masters attended in full force, and gained a great deal of valuable information which will help them to bring their brigade up to the standard.

In the Victoria theatre to-morrow evening at 8.30 o'clock Sir Robert will address a meeting under the auspices of the Canadian Club on the Boy Scout movement. The hero of Mafeking has the reputation of being an orator, and undoubtedly his address on the subject which is so dear to his heart will be one which will doubly repay those who attend. The meeting will be open to parents, and no boys will be admitted.

What Other People Think

VICTORIA TERMINAL RAILWAY & FERRY COMPANY AND VICTORIA & SIDNEY RAILWAY COMPANY.

To the Editor:—In your account of the announcement made by the manager the following occurs: "The announcement of the company's intentions regarding the site which was ceded to them by the city in lieu of the Victoria & Sidney Railway, though doubtless both have a common ownership."

The bonus they were to get (and which you refer to as "the yearly bonus formerly paid") was never paid, because it was never earned.

Under their agreement, they were to connect the Victoria & Sidney Railway "system" with that of the Esquimalt & Nanaimo Railway, they were to build a piece of road at or near the mouth of the Fraser and operate a ferry, giving a continuous service between the Island and Mainland, they were to pay the prodigious sum of \$100 per year for twenty-five years for the use of the market building and eight and a half lots, and for twenty years the city was to pay them a bonus of \$100 per year, out of which the city were to have the privilege of deducting \$5,000 for the expense of transferring the fire department to make room for the railway station.

The city incurred this expense and are that much out.

The public have their eyes to see how the Victoria Terminal Railway & Ferry Company carried out their agreement.

No connection with Esquimalt & Nanaimo Railway.

No continuous ferry service.

No rent for station and grounds.

For verification I beg to refer you to chapter 5, B. C. Statutes, which embodies the agreement.

The city have and are continuing to pay \$100, and the province \$500 per year to the Victoria & Sidney Railway.

What the public will insist on is performance, not promise.

RATEPAYER. Victoria, August 11th, 1910.

SONS OF ENGLAND.

(Special to the Times.) Ottawa, Aug. 12.—T. Ferguson, Toronto, was elected supreme president of the Sons of England at the convention here; E. Miller, Aylmer, Ont., supreme vice-president, and J. W. Carter, Toronto, secretary.

NEW AEROPLANE RECORD.

London, Aug. 12.—The world's record for altitude in an airship flight was broken here to-day by J. Armstrong Drexel, an American millionaire. He attained a height of 6,750 feet.

OBITUARY RECORD

The remains of the late Charles McKelton will be interred in Ross Bay cemetery to-morrow morning. The funeral will take place at 8.45 o'clock from the Victoria Undertaking parlors and at 9 o'clock at the Roman Catholic cathedral.

This morning the death occurred at the Royal Jubilee hospital of John Terry, at the age of 69 years. He resided at 918 North Park street and was a native of England. The remains are lying at the Hanns parlors. No arrangements have been made for the funeral.

PROGRAMME FOR TRUSTEES CONVENTION

B. C. Association Annual Meeting to Be Held at Kelowna Next Month

The annual convention of the British Columbia School Trustees Association is to be held this year at Kelowna, opening on September 13th. The importance of the work of the association is growing, and there are indications that the attendance this year will be larger than usual. The programme for the convention is given below:

Tuesday, September 13.

9.30 a. m.—Appointment of credentials, auditing and resolution committees. Consideration of the amendments to by-laws.

11 a. m.—President's address, J. C. Robertson, Chilliwack. Report of delegates to Alberta trustees' convention, W. E. Plummerfelt.

2 p. m.—Address, Prof. Sawyer, principal of Okanagan College. Paper, "What Our Association Has Accomplished," by P. Peebles, New Westminster. Discussion. Paper, "Medical Inspection of Schools," Dr. E. C. Arthur, Nelson. Discussion.

3 p. m.—Address, E. H. Murphy, late principal of Model School, Vancouver. B. C. Address, Alex. M. Campbell, B. A., president of Manitoba Trustees' Association. Address, Hon. H. E. Young, M. D., LL.D., minister of education. Address, Maxwell Smith, Vancouver. B. C.

Wednesday, September 14.

9.30 a. m.—Discussion on address delivered the previous evening. Paper, "School Planning," Henry B. Watson, Vancouver. B. C. Discussion. Address by second delegate from Alberta Trustees' Association. Resolutions. Question drawer.

2 p. m.—Address—W. P. Argue, B. A., superintendent of Vancouver city schools. Address, "The Need of Rural Schools," J. D. Gillis, public school inspector. Round table discussion between trustees and teachers. Resolutions. New business.

Thursday, September 15.

9.30 a. m.—Reports of committees. Election of officers and arrangement for next convention. Unfinished and concluding business.

10.30 p. m.—Visiting city schools. Invitations are extended to provincial school inspectors to be present, and where possible, school teachers. All school districts in the province are entitled to send delegates.

Exhibits of the Political Relief maps, the new international encyclopaedia, and other exhibits will probably be on display.

Many and important resolutions are in hand from the various school boards. Copies will be handed the delegates later. Other subjects which have been suggested for discussion, if time permits, are: The use of school gardens; inspection from the trustees' standpoint; agricultural education; salary schedules; the programme of

studies for rural schools and what it should include from the standpoint (a) the trustee, (b) the teacher. Improvement of school grounds by tree planting.

The following are the officers for the present year: Honorary president, Hon. H. E. Young, M. D., LL.D., minister of education; president, J. C. Robertson, Chilliwack; first vice-president, T. Lawson, Kelowna; second vice-president, Wm. McBride, Surrey; secretary-treasurer, J. J. Dougan, Vancouver. Executive committee—P. Peebles, New Westminster; D. McIntosh, Victoria; W. E. Plummerfelt, Vancouver; C. E. Hope, Vancouver.

PERSONAL

D. J. Hartnell, the Misses, Lizale and Maud Hartnell and Miss Lena Bowman, Butte, Montana, are in the city on a visit to Thos. Price, the popular singer of the Grand theatre. Miss Bowman will leave for Butte to-day.

Rev. W. B. Hinson, Portland, will occupy the pulpit of First Baptist church on Sunday morning and will speak in the Grand theatre afternoon and evening.

Rev. Christopher Burnett, late pastor of First Baptist church, has accepted a call to Parliament street Baptist church, Toronto.

J. S. Young, accompanied by his daughter, Miss E. M. Young, left this morning on the Venture on a trip to Stewart and way ports.

Angus Plewes was among the passengers on the Venture for the north this morning.

Mrs. W. J. Foster, Vancouver, and Miss M. McKeague, Winnipeg, visited this city yesterday.

Mrs. W. R. Dockrill, Chemainus, is staying at the Empress.

Excursions among the Gulf Islands Wednesdays and Saturdays. Now is the time to see these beautiful islands. The novelty of this trip cannot be excelled in any part of the world. Take V. & S. train connecting with the steamer at Sidney. For further information telephone 511.

HAS NO CONTRACT.

Douglas Street Work Tied Up To-day for Want of Cement.

Owing to the inability of the Vancouver Portland Cement Company to supply the city with cement in sufficient quantities, there has been a temporary cessation in the work of putting down the concrete base on Douglas street for the wood block pavement.

The company promises a shipment of 250 barrels from Ted Inlet on Monday and an ample supply thereafter. Just now there is a tremendous demand for cement, and the company booked a large number of orders from the Mainland, the filling of which has cut off the supply from the city for a time.

Unfortunately the city has no contract with the company for the delivery of cement, though large quantities have been supplied the corporation for the past two years.

We Invite

You to look over our premises any time you are in our vicinity. Note the way we clean and fill our bottles.

Milk and Cream delivered in Bottles to any part of the City; also Fresh Eggs and Pure Cowichan Butter.

For 20 Cents You can get

a half-pound package of "Salada" Tea sufficient to make 100 cups.

"Salada" is grown in the best tea districts of the island of Ceylon; at an altitude of over 5,000 feet. It includes only the tender leaves and buds of the tea plant. It is packed in airtight lead packages to prevent contamination. Its purity is guaranteed.

"Salada" is never sold in bulk. Ask your grocer for "Salada" Tea or send for a free trial package. We mail it without charge. Say whether you use Black, Mixed or Green Tea and the price you pay per pound.

"Salada" Tea Co. Dept. "A" 32 Yonge St. Toronto. BRANCHES: Montreal, Boston, Buffalo, Detroit, Chicago, Cleveland, Pittsburg, St. Louis and New York.

NO PANIC WHEN THE MAY STRUCK MISCALCULATION OF THE STEERSMAN

Vessel is Jammed Tight on the Rocks, But Can Be Got Off

According to C. M. Shannon, Los Angeles, Cal., who was making a round trip on the steamer Princess May in company with his mother-in-law, Mrs. Betterton, Dallas, Tex., and Miss Charlotte Betterton, McClure street, Victoria, the officer in charge at the time of the accident miscalculated the distance. It is general for the navigators who ply on Lynn canal to steer for the lighthouse when they are making the passage at night. When a certain distance from the light a turn is made to the right so as to clear the reef, which projects from the island. The officer in charge at the time allowed his vessel to get too close to the island before making the turn and as a result was unable to avoid disaster.

"I was in my berth at the time of the accident," said Mr. Shannon to the Times this morning, "but was not asleep. When the steamer hit the rock there was an awful impact and the vibration was terrible. I immediately left my room and began to question those around to find out the nature of the accident. I then awoke members of our party and after speedily dressing proceeded to the deck.

"There was not a sign of a panic and there were very few people terrified, as the officers and crew were among the passengers assuring them that all was well and that there was little chance of the vessel sinking. I think the officers and crew should be given praise for the splendid manner in which they attended to their duty, carrying out all orders with great promptness. Special praise should be given to Capt. McLeod, who proved himself a good seaman and one who knew the right thing to do at the right time.

"Within twenty minutes after the vessel ran aground every passenger was removed in the life-boats to Sentinel island, where we were housed by the keeper of that station until 4.30 the following evening when the steamer Georgia, bound from Skagway to Juneau, was hailed and came to our assistance. We were transferred on her from the island to the Alaskan capital. A number of our passengers took the steamer Jefferson for Seattle, but the majority remained and came south on the Princess Beatrice."

Asked as to whether he thought the May would be a fatal loss Mr. Shannon said he did not think so. "It would be a tedious job to free her from the rocks but such an undertaking would not be impossible. She is tightly wedged in between two pinnacles but these could be blasted away. At low tide the rocks are exposed and all of the steamer forward of the engine is high and dry. She is resting about amidships and the strain on the steel beams at low water is tremendous. The fifty tons of ore which was carried in her bow was immediately thrown over when the water receded, so as to relieve the strain.

"From her present position it would take a very strong gale to batter her to pieces. She is so strongly jammed between the rocks that it would take a very heavy sea to dislodge her. At the stern of the vessel and also at the bow and starboard side there is 40 fathoms of water. Her stern compartments have been filled with water to keep her balanced. The hull of the boat is badly injured. As she was going in between the rocks and four or five knots at the time she went after striking, a considerable distance before her speed was arrested. From the bow to

nearly amidships there are numerous little holes, the hull having been punctured by the sharp rocks. Then there is a rip about 20 feet in length almost beneath the engine-room and where she is resting are two holes about two feet square. If our vessel had answered her engines when they went astern we should have sunk almost immediately. Fortunately for us they did not and many were saved from a watery grave."

Among the other Victoria passengers who were aboard the steamer at the time of her grounding, who returned to this city last evening on the Princess Beatrice, were: Mr. and Mrs. E. H. Hiscocks and their daughters, Misses Lizzie and Sophie Hiscocks, Eljgaard street; Mrs. N. W. Henderson and son, Marshall, Quadra street; Aubrey Jones, son of Mr. and Mrs. H. H. Jones, Michigan street.

Mr. Shannon and Mrs. Betterton are spending a short time in this city with Mrs. C. L. Betterton, McClure street, before returning to their homes in the south.

Steamer Petriana is expected here on Tuesday next to fetch a cargo of freight for northern ports.

Steamer Cheslakee, the new vessel coming to this coast, for the United Steamship Company of Vancouver, was reported from the Plate river, Aug. 2nd.

Steamer Venture took the Stewart, Naas River and Port Simpson passengers and freight from the Princess Beatrice at Prince Rupert in order that the latter might be able to go for the Princess May's passengers.

NOTICE

CANADIAN - MEXICAN PACIFIC STEAMSHIP LINE. NOTICE IS HEREBY GIVEN by the undersigned that the Sun Steamship Co., Limited, operating the steamships Lonsdale and Georgia under the above name has no connection with any boat other than the above mentioned steamship which may now be operating or may hereafter be operated under the name of the Canadian-Mexican Pacific Steamship Line, and that on the discharge of the S. ADVERTISE IN THE TIMES

BRINGS SCRAP TIN FOR GERMAN TOYS

What Was Formerly Refuse Now Being Utilized—Salmon Running Well on Naas

Scrap tin to be exported to Nuremberg for toy-making was the most interesting item of cargo brought south by the steamer Venture, which arrived in port last night. This tin is the refuse from the can making at the various canneries throughout the province. It is gathered up, pressed into big blocks, and sent to Germany, from which country it returns to Canada in the form of toy trains, and hundreds of other Christmas gifts for the children.

All the canneries are now saving their scrap tin. Last year a trial shipment was made to Germany by the H. C. Packers Association, and this was so successful that all the scrap tin will in future be used.

The fishing on the Naas river has not been as good this year as at some other points. Just as the Venture was leaving, however, a big run of fish was coming in and it was expected that this would last throughout the week. On the Skeena, Peter Wallace's cannery at Claxton put up 1,600 cases a day for a month, an unprecedented catch for the river.

RICH INDIANS HERE FROM RIVERS INLET

Cetrians Brings Many Aborigines Who Camped on Deck—All Have Plenty of Money

There were some interesting studies in Indian life at Porter's wharf this morning, when the steamer Cetriana landed 150 of the west coast aborigines with all their belongings. They formed themselves into little groups according to their families around piles of bedding, packing-cases and other family furniture. Here and there a dog or cat made a pleasing variety to the scene.

These Indians all brought plenty of money in their pockets, the worst paid getting little less than \$200 for the six weeks' work. They are now on their way to Washington for the annual hop-picking. Besides the 150 which were landed here, there were 200 left at Vancouver.

The decks of the little steamer were fairly packed with the natives, so that it was almost impossible to move around. They prefer sleeping on deck when the weather is fine. When darkness closed down on the scene and all were asleep, the sailors made no attempt at picking their way among the mass of humanity, but just stepped from one to the other when going about their duties, like crossing a jam of logs.

Word was brought by the steamer that this was the best year they had ever had on the Skeena river. Every cannery did well, and there are still some fish coming.

The Cetriana takes large consignments of lumber and bricks from this port, sailing for Stewart this afternoon. She is in charge of Capt. Dick, with Bert Robson as purser.

SHIPPING REPORT

(By Dominion Wireless).
Aug. 12, 8 a. m.

Point Grey—Clear; calm; 30.11; 63; thick seaward.

Prince Rupert, Aug. 12.—To-day's Skeena river bulletin follows:

8 a. m.—Clear, calm, warm. Water 9 in. above zero.

Hazelton at Kitselas discharging.

Distributor by Copper river at 3.15 a. m. en route up river.

Operator at head of canyon.

Inlander at Meankimicht en route to Hazelton.

Conveyor by Clearwater at 5.30 a. m. en route up river.

Swamp left Prince Rupert for Kitselas at 8 a. m.

Connex at Hardscrabble loading lumber for Realey's.

NAVIGATION OF COLUMBIA.

Sir Wilfrid Laurier Will Receive Decaturian Regard—Proposed Improvement of River.

Nelson, Aug. 12.—Sir Wilfrid Laurier has telegraphed to W. B. Harris, of Nelson, asking that when in Nelson on August 12th in company with Hon. C. P. Graham, minister of railways, he will be willing to receive a deputation from the Portland chamber of commerce regarding the proposed deputation and possible navigability of the Columbia river. The Nelson board of trade has forwarded an official invitation to the Portland chamber.

The scheme to make the Columbia navigable for the Nelson board of trade has been ordered by the Nelson board of trade, which is to be in connection with the Portland and Spokane chambers of commerce.

POST OFFICE IS RULED AGAINST

STATED CASE TO BE APPLIED FOR

No Offence to Express Mail Matter and Save Postage, Says Acting Magistrate

According to the decision of Acting Magistrate C. J. Prior, it is no offence against the Post Office Act to send a quantity of letters for delivery in Vancouver to the Terminal City by express and have them mailed there with the one cent stamp on, by so doing saving a cent per letter.

DISMISSED CHARGE OF COMMON DANGER

Machine Was Under Control and Absence of Evidence That There Was Danger

The "common danger" clause of the by-law regulating the driving of automobiles is not sufficiently explicit, in the opinion of the Acting Magistrate C. J. Prior, who, in dismissing a charge this morning in the police court against W. H. Spaulding, held that even if a driver is exceeding the speed limit and driving at 20 or 30 miles an hour, he may yet be driving without causing danger to the public.

MARICOPA OIL COMPANY

of Los Angeles, California
Under Canadian Control Capital \$1,000,000

This Company owns a lease of 60 acres in section 32, 12-23, in the very heart of the Maricopa Sunset Field, surrounded by gushers and flowing wells for a royalty of 1-7 of the oil produced.

Latest News.—Note the Location

Maricopa, July 27.—For three hours yesterday a monster well of the American Oilfields on section 32, 32-24, west of Lakeview, spouted a stream of oil over the derrick, and it was the fear of the neighborhood that another Lakeview had come in. By herculean efforts the men were finally able to get a gate attached and the flow was shut off.

Drilling Commenced on July 20th

Contractors Expect to Reach Oil in 90 Days
Only 50,000 Shares Left for Disposal
Over 250,000 Shares have been sold privately in Prince Rupert and Vancouver.

Shares of \$1 Fully Paid and Non-assessable, Now 25c
As soon as the drill reaches 1,000 feet the price will be raised to 50c. Oil will be reached at 1,800 feet to 2,000 feet. Price then subject to quotation on the Oil Exchanges. To-day you buy dollar bills for 25c.

BRITISH TRADE RETURNS.

According to the Board of Trade returns issued recently the imports for June amounted to £54,636,758, being an increase of £2,924,884 as compared with the corresponding period last year. The exports amounted to £24,799,654, being an increase of £5,981,673. For the six months ended June 30 the imports were £284,652,818, being an increase of £22,995,149 over the corresponding period last year. The exports for the six months were £204,585,723, showing an increase of £27,651,373. The imports of cotton in June show an increase of £20,208 over June last year, whilst the imports of cotton yarns and textile increased by £160,987. The exports were £3,788,230, being an increase of £1,587,104 as compared with June last year. There was a decrease of £1,385,388 in grain and flour imports as compared with June last year.

SUSPECTED MURDERESS DEAD.

Physicians Believe Miss Virginia Wardlaw Starved Herself to Death.
Newark, N. J., Aug. 12.—Miss Virginia Wardlaw, one of the mysterious sisters under indictment for the murder of Mrs. Sneed, the East Orange bath-tub victim, died in the house of detention yesterday. Death was due, in the opinion of the physicians, to starvation, and they believe she starved herself to death. What effect Virginia Wardlaw's death will have on the fate of her sister is undetermined. She was the dominating influence of the strange household, and predictions were made that Mrs. Caroline E. Martin and Mrs. Mary W. Sneed may never be brought to trial. The sisters were indicted jointly.

PILES OR HEMORRHOIDS

This Most Torturing Disease Invariably Yields to DR. CHASE'S OINTMENT
Piles and Dr. Chase's Ointment are connected in the minds of most people because this treatment is recognized as about the only actual cure for this annoying disease.
Until you have tried Dr. Chase's Ointment you will not believe how quickly it brings relief from the nasty, itching, stinging, burning sensations. It is just as sure to make a cure if you persist in its use. Naturally and gradually the ulcers in the rectum are healed and cured and life is again made worth the living.
It doesn't matter what the cause, Dr. Chase's Ointment will bring you relief every time, and that right quickly. Put it to the test and you will be able to write just as enthusiastic a letter as this one.
Mr. James Hurley, Pockshaw, Gloucester Co., N. B., writes: "I cannot find words of praise to express my opinion of Dr. Chase's Ointment. For thirty years I was troubled with itching piles and tried all sorts of remedies, none of which gave me more than temporary relief. What other treatment I have failed to do Dr. Chase's Ointment has done. It has positively cured me of itching piles."
If you can get Dr. Chase's Ointment to-day you can make this your last day of suffering from piles. Should your dealer not have Dr. Chase's Ointment in stock write to us for a free sample box, or enclose 50 cents for a full size box, which will be sent post paid.
No substitute will satisfy you if you realize the merits of Dr. Chase's Ointment. For sale by all dealers or Edman, Bates & Co., Toronto.

G. T. P. OFFICIALS.

Party, including President Hays, Will Visit Prince Rupert This Month.
Prince Rupert, Aug. 11.—Following the visit of the premier of the Dominion, Prince Rupert will have an opportunity to welcome a party whose connection with this city is fraught with the greatest promise for the future. It is the officials of the Grand Trunk Pacific, including Charles M. Hays, the president of the company, and E. J. Chamberlain, the vice-president and general manager. There will also be a number of the other officials, among those expected being D'Arcy Tate, the solicitor, G. U. Ryley, land commissioner. The party will reach here on August 24th by the Prince Rupert.
The subject of additional mileage to be let will probably be gone into during the visit, as the engineer, C. C. Van Arsdale, is now covering the route.
SOLDIERS FIGHT FLAMES.
Oregon Militiamen Assist in Extinguishing Forest Fires.
Cosgrove, Wash., Aug. 12.—But for the prompt and effective work of two battalions of Oregon infantry in fighting forest and grass fires four miles south of Cosgrove yesterday, the big residence and other buildings at the White farm would now be in ruins, as well as some smaller houses on several adjoining farms.
The fires began raging in the morning

B & K EXTRA ROLLED OATS

ALONE make a satisfying, wholesome breakfast. They are far cheaper than ordinary breakfast oats—the flavor is really delicious.

THE ADVANCE MAN

Two Popular Operas.

The announcement by Manager Denham that the National Opera Company, headed by Aida Hemmi, James Stevens, Frank Presch, Elva Croix Seabrooke, Charles Couture, George Kunkle, Al Sykes, and a host of popular operatic artists will be seen at the Victoria theatre, next Monday and Tuesday evenings, is attracting more than ordinary attention from the better class of music-loving patrons of the theatre.

"The Bohemian Girl" is one of the most popular compositions ever written, and at the close of the National Opera Company's season some of the artists who will appear at the Victoria theatre are engaged for a new York production of this opera early this fall.

The company that will appear here has won an enviable reputation throughout the Northwest this season. They were organized in New York last spring for the summer season in the principal cities of the Northwest, and they have more than fulfilled every promise made by the management.

The chorus of the company is a very strong feature, and was recruited from the best singers of two opera companies. Gilbert and Sullivan's famous "Mikado," now enjoying a highly successful revival in New York, will be well-timed in Victoria, where it has a multitude of admirers.

The advance sale, which opened yesterday, indicates crowded houses on both evenings of the engagement.

MORE BRITISH GOLD FOR CANADA

Noblemen Will Probably Invest Large Sums—Important Gathering at Winnipeg

Winnipeg, Aug. 12.—The gathering of five English noblemen and a number of prominent Englishmen of position and money in Winnipeg this week has created a suspicion among a few that a big project is in the making. That these suspicions are well-founded seems perfectly clear when one sums up the situation, and by remarks which have been dropped in the course of interviews with a press man. It appears that the project under consideration is no less than the building of another big Canadian railroad, with terminals probably both on the Atlantic and Pacific coasts.

Lord Dunmore, Lord Hindlip, Lord Vivian, Lord Clinton and Lord Brassey are in the city. The first two named state that they are here to make an investment, and it is given out that in company with the other noblemen they will leave the city on an exploring trip.

But for the fact that Norton Griffiths, one of the greatest advocates of imperialism in the British House of Commons and also, probably, the greatest railroad builder in the world, will reach here Saturday, one could be forgiven in believing that the rich men were simply making a tour of the country.

However, such an idea is knocked on the head, for Mr. Griffiths has been called from Chile, where he has a \$4,000,000 contract under execution. He came across to Canada on a Chilean man-of-war and not only left behind his contract in President Montt's country, but for the while has left an \$11,000,000 contract to be looked after by his manager in South America.

Earl Grey's recent visit to England has had the effect of bringing the representatives of the rich aristocracy across the Atlantic. It is declared, and in fact not denied by the visitors.

While there the governor-general conferred with Lord Dunmore and the other wealthy peers who are now in Canada ready to launch into a big financial undertaking. Harry Brittain, the English journalist, who brought about the Imperial press conference last year, accompanies their lordships, and it is not unlikely that he will institute some sort of campaign for the bringing out from England of desirable immigrants in greater numbers than ever.

D. D. Mann, vice-president of the Canadian Northern railway, met the distinguished visitors. Mr. Brittain was asked if the coming of Mr. Griffiths to Canada might eventually mean opposition to the Mackenzie-Mann organization and the other railroads, and replied that the reverse was the case as far as the Mackenzie-Mann firm was concerned, for the purpose was to assist them.

Lord Hindlip, who is one of the rich-

est peers in England, declared that the bill introduced by Lloyd George placing a tax on unearned increment was abominable, and he inferred that the disposal of the major portion of his land would go to swell the fund, which, beyond doubt, will be put together by the noblemen in a great Canadian enterprise.

WILL SEND EXHIBIT TO APPLE SHOW

West Kootenay Boards of Trade Arrange for Sending Display From Districts

Nelson, Aug. 11.—A meeting of representatives of boards of trade at West Kootenay prepared plans for a comprehensive exhibit at the Canadian National Apple show. J. W. Cockle of Kaslo was elected manager. The secretary was instructed to write to each district in the West Kootenay, notifying them of the formation of a central committee and asking them to co-operate. The expense of collecting, exhibiting, shipping and properly staging them and of issuing 10,000 copies of a pamphlet descriptive of each district, for distribution at the fair, was estimated at \$1,200. It was recommended that the amount be apportioned as follows: and the representatives from each district were authorized to collect the amounts named and remit to the treasurer: Nelson, \$500; Kaslo, \$200; Creston, \$200; Rossland, \$200; Nakusp, \$200; Trail, \$150; New Denver, \$50.

District managers were nominated. It was resolved that prize moneys secured by the district exhibit should be divided among the districts subscribing, and that in the event of the amount subscribed not being sufficient to cover the expenses, the balance should be a first charge upon the prize money. The secretary was instructed to advertise for designs for the exhibit.

E. Starkey was elected president; Thomas Abriel, treasurer, and J. W. Cockle, manager.

RUNNING TO CAPACITY

New Westminster, Aug. 11.—According to the latest reports from Barnet,

THE FATAL BANQUET
The food which the rodent is so eagerly devouring is COMMON SENSE Rat Exterminator. This paste not only clears a building of rats and mice but by drying up the carcasses absolutely prevents the unpleasant results attending the use of inferior preparations. 15c, 25c, 50c and \$1. at all dealers.

the mill of the North Pacific Lumber Co. there which was reopened some weeks ago, is now running to its full capacity. The new mill is being operated entirely by electricity, which is generated on the grounds, and at first some little trouble was experienced with the adjustment of the machinery, the electricians and machinists

having to be kept at work throughout the whole night, on several occasions. Now the plant is running satisfactorily and no more trouble is anticipated.

The mill is one of the most modern on the coast, all the machinery being of the latest type. Among other things this mill is provided with the new Kohlen system of dry kilns. These new

kilns are constructed of concrete, and the steam to dry the lumber, instead of being conducted through the lumber by pipes as under the old system, is turned loose right into the kiln.

For every person who dies in a year there are two people constantly ill. Each person loses, on an average, 13 days a year by illness.

OIL OIL OIL

Amalgamated Development Co.

OUR STATEMENT

IS TRIUMPHANTLY CONFIRMED

Read This

Cordova, Alaska, August 3.—The party of shareholders in the Amalgamated Development Company have now spent a week in looking over the oil holdings of the Company, and are impressed with the extent and nature of the resources. The party has visited Katalla wells, Redwood well, Chilcat well, and headquarters at Chilcat and Burls creeks. The members have seen the oil bubbling in the borings and numerous seepages. The only pump already rigged up at Chilcat well No. 1 yesterday pumped fifty-six barrels in a two-hour test. The high quality of the oil is unmistakable, and the party has been taken by surprise by the extent of the improvements on the property, which include twenty-one miles of wagon road, two and a quarter miles of tramways, camps and machinery. Construction of a pipe line to Kanak harbor and the installation of additional pumps, so that heavy shipments can be made in the near future are the next steps.

This stock can be purchased by holders of Northern International Certificate of exchange for \$1.00 per share. Others can buy at \$2 per share, par value \$1.

PASSENGERS TELL OF PRINCESS MAY WRECK
 (Continued from page 15)

"We were told, after the accident, that the Jefferson was within eight miles of the Princess May, but the operator was asleep. The steamer Lindsay was nearer than that, but she had no wireless and did not know what was going on.

"C. E. Peterson, the lightkeeper, was very good to us all, and did his best to make us comfortable. He had his boy with him for a holiday. He told us that he had had no visitors for six years. His companion lightkeeper had been away since May.

"While we were at the lighthouse the Chinese cook refused to cook us any food, saying the stove was too small. We thought it was a large one, but that made no difference, so we had to scramble for what we could get. We managed to get a steak for the sick man, but that was all the cooked food anyone had.

"The officers of the steamer locked the cabin doors as soon as we left, and then took the clothes and other things from each one and sent them ashore for us. We lost nothing. Even a pair of glasses which were in the stateroom were found. Fuzzer Ironsides came with us on the boats and he was indelible throughout in his attention to the wants of the passengers. The crew of the steamer, with the exception of the cooks and waiters and a few others, remained with her.

"During the day when we were on the island we had every opportunity to view the damage. There was a great tear in the bottom of the vessel which looked very formidable. Some ore which was aboard was taken off and put beneath to steady her. She slipped about five feet as the tide went out, but after that remained fast, and we should think it would be a very difficult matter to float her. It would be impossible for her to slide off. She was between two rocks in a sort of little bay.

"According to the stories we heard the pilot was on watch, but the mate, who had been reading in his cabin, took a stroll around just before turning in. He remarked to the pilot that he seemed to be rather near the shore, and Mr. Richardson replied that he believed he was, and thereupon turned the head of the vessel out. Just then she crashed into the rocks.

"Had it been a rough night I feel sure we should have been all lost," concluded the ladies. "As it was, however, there was nothing worse than the loss of the steamer. On the Jefferson we were delayed considerable, something going wrong with her machinery near Alert Bay, and then running short of oil fuel just before we reached Seattle. However, we are here again, and are glad to be back."

The Misses Russell were on their way home from a holiday visit to Dawson, spending a month on the trip, when the accident occurred.

ENGLISH ARTIST HERE.
 Pleasing Exhibit of Paintings at the Alexandra Club.

Miss Chambers, a clever English artist who has recently come to reside in Victoria, and is making her home with her brother on Quebec street, has a number of very fine paintings, some of which have been hung in the Royal Academy, London, on exhibition in the drawing room of the Alexandra club.

One quaint little canvas, entitled "A Bit of Old Victoria," shows one of the oldest homes in the city, a flower-embowered cottage situated at the extremity of Quebec street. While Miss Chambers' special talent lies in portraiture her landscapes are very interesting and show a thorough grasp in tone-coloring and distances. Two companion pieces, "The Orphan" and "Roses," are marvellous studies in expression. In the former, especially, one can almost see the tears which the child is bravely suppressing.

GRANTS HOTEL APPLICATION.
 Balmoral, Limited, Given Time to Put in Claim for Damages Under Fort Street Widening.

A clerical oversight was responsible for the application of Balmoral Limited, before Judge Lammiman this morning, for leave to make a delayed claim for damages in the expropriation of part of the Balmoral hotel under the Fort street widening by-law.

H. G. Lawson, of Bowdler & Lawson, for the applicants, read an affidavit showing that the claim was delayed until after the time set for filing through an oversight in the office of that firm.

His Honor made an order granting leave to the applicant to make and serve its claim on the city not later than noon on Monday. The city was represented by City Solicitor McDiarmid.

SUFFERED THREE YEARS
THI Dr. Morse's Indian Root Pills cured his Kidney Trouble

There are few diseases that cause more acute suffering than Kidney Trouble, and Mr. F. A. Thomas, of Suburby Ont., is one of those who know it. He writes:

"For over three years I suffered from kidney disease. First I thought I had sprained my back, for suddenly the pain would catch the small of my back and it would be impossible for me to straighten myself up for several minutes. A dull ache across the kidneys was always present, my urine was thick and cloudy, and passing it caused a burning, scalding pain. Tried medicines, but they failed. I was advised to try Dr. Morse's Indian Root Pills, as they had cured my wife years before. A few boxes affected a complete cure. I now enjoy the blessings of good health, which is due to this remedy.

Don't neglect kidney trouble—it's too dangerous as well as too painful. That old, reliable family remedy, Dr. Morse's Indian Root Pills, has cured thousands and will cure you. It is equally effective in curing constipation and its attendant evils, biliousness, indigestion and sick headaches, and in purifying the blood. 25c a box at your druggist's.

CHICAGO OUTRAGE.
 Acid Thrown Into Auto Containing Knight Templar and Party of Friends.

Chicago, Aug. 12.—J. C. Lewis, eminent commander of the Minneapolis Knights Templar commandery, was badly burned and several other occupants of an automobile in which they were riding were less seriously injured when a bottle of sulphuric phosphorus was tossed into the car on Michigan avenue last evening.

Besides Mrs. Lewis, the car contained Mr. Lewis, Mrs. J. J. Roche, wife of a Minneapolis dealer, and Albert Nathan, president of the Illinois Cashing Company of Chicago. The clothing of the four was ruined.

Both of Mr. Lewis' hands and his left knee were burned and Mrs. Roche was burned about the knees. The car was occupied as the grand stand for the Knights Templar parade. The attack is believed to be a corollary of the recent strike of the auto drivers.

HINDU'S DEATH.
 Vancouver, Aug. 11.—A coroner's jury decided that the death of Hosa Singh, the Hindu who was killed by being struck by a Westminster interurban car on Monday morning, was purely accidental and no blame was to be attached to the crew of the car. Hosa Singh and a companion, Atmaram, were coming into the city from Earl's
