# Are You Equipped to Win Success?

How many unfamiliar names, new words, and puzzling war terms did you skip over as blank space in this morning's paper because of ignorance?

If you are asked the value of a *Yen*, the location of *Nigeria*, the capital of *Abyssinia*, or the pronunciation of *Przemysl*, do you hesitate or become embarrassed?

How many business letters have come to your attention to-day containing poor choice of words, careless punctuation, incorrect spelling?

Do technical terms in an automobile catalogue convey a meaning to you? Do you know that the familiar word

*Khaki* is derived from the Persian word meaning dust? Is *Hongkong* a city or an island?

If you are seeking efficiency and advancement —

THE Underwood is not a low-priced typewriter, but there are more Underwoods made and more Underwoods sold than of any other make in the world.

THERE are many reasons why people prefer and buy the Underwood. There is only one reason why they pay more for it—*it is worth more.*

(Of what importance is the initial cost in the case of, say, an Underwood Condensed Billing Typewriter, which saves its cost every three or four months?)

## Explanation of the Articles in the Calendar.

Standard times\* are given in all columns headed Toronto, Quebec, and Winnipeg.

The times\* of the SUN'S RISING AND SETTING† are given for the upper limb, and are corrected for refraction for Toronto, Quebec and Winnipeg.

The standard times\* both for the rising and setting of the Moon's centre are given for every day for Toronto, Quebec and Winnipeg.

The column, SUN ON MERIDIAN, gives the time that a watch keeping local mean time should show when the shadow of a sun dial is on the noon mark.

MOON'S AGE.—This column shows to the nearest tenth of a day the Moon's age at Toronto mean noon.

The column, UPPER TRANSIT OF POLE STAR, shows for every day the mean time\* at which the Pole Star makes its upper transit across the meridian of longitude 4h. 46m. W. - It passes the meridian twice on October 15th.

The time at which the lower transit of the Pole Star occurs may be found by adding 11h. 58m. 2s. to the time of the preceding upper transit.

The column, Sidereal Time Sun on Meridian, shows for every day the Sidereal Time when the Sun's centre is on the meridian of longitude 4h. 30m. W. (71° 30'). For any other meridian, interpolation of these quantities is necessary. For example, on Aug. 10th, 1917, what would be the Sidereal Time when the Sun's centre is on the 81st meridian west longitude. Here the difference in longitude is 9°.5. The tabulated sidereal time on the 10th is 9h. 19m. 36s., and on the 11th, 9h. 23m. 24s., giving an increase of 228 secs. which, multiplied by 9°.5 and divided by 360, gives a correction of 6 secs. to be added to 9h. 19m. 36 secs.

GREATEST ELONGATION OF THE POLE STAR.—This table gives the greatest azimuth of the Pole Star east or west from the meridian as observed at a place in latitude 42° N., with the corresponding corrections, which are additive, for latitudes up to 65° N. (See pages 31 and 32.)

From the time of the upper transit of the Pole Star may be found the time of its greatest western or eastern elongation, by adding or subtracting the constants given in the annexed table. These constants are calculated for declination 88° 52' 4". The maximum error in the use of this table will not exceed 5 secs. in the higher latitudes, and less for the lower latitudes. For the convenience of persons using Sidereal Time the Sidereal hour angle is given.

MOON'S PHASES.—This Table gives the times (standard 75th meridian)\* when the Moon passes the geocentric longitudes of 0°, 90°, 180°, and 270° east of the sun. It gives also the times of her greatest and least distance from the earth.

\* In the present Almanac the hours are numbered from 0 (midnight) to 23.

† Although these times are calculated for Toronto, Quebec and Winnipeg only, the standard times at other places not differing much from them in latitude may be obtained with sufficient accuracy for ordinary purposes by adding four minutes for every degree west, and subtracting four minutes for every degree east of these places

**STAR TABLE.**

From the times of the upper transit of the Pole Star may be derived, with the aid of the following Table, the approximate times of the culmination, and of the rising and setting of the principal fixed stars, as seen from the parallel of 45° north latitude.

To ascertain when any star found in the following Table will be on the meridian, *add* the number in the left-hand column of figures to the meridian transit of the pole star given in the calendar, and from the result *subtract* the constant quantity 1h. 26m.

To find the time of *rising* of the star, *subtract* the number opposite to it in the right-hand column of figures from the time of its meridian passage. For the *setting*, *add* the same number to the time of its meridian passage. Those stars marked (....) revolve in

a circle of perpetual apparition, and do not rise or set at places in and to the north of latitude 45°.

*Example.*—Find the times of culmination, rising and setting of a Tauri (*Aldebaran*), January 2nd, 1917.

All stars rise and set about 3m. 56s. earlier each succeeding day.

**ECLIPSES DURING 1917.**

(F. L. BLAKE.)

In the year 1917 there will be seven eclipses, four of the Sun, and three of the Moon.

I.—*A Total Eclipse of the Moon*, 1917, January 7-8, visible at Toronto, the whole eclipse visible generally in North and South America.

The Moon	{ enters the penumbra 23h. 36m. enters the shadow 0h. 50m. Total eclipse begins 2h. 0m. Middle of eclipse 2h. 45m. Total eclipse ends 3h. 29m. leaves the shadow 4h. 39m. leaves the penumbra 5h. 53m.	(Eastern Standard Time)

Magnitude of the eclipse 1.369 (Moon's diameter = 1.0).

II.—*A Partial Eclipse of the Sun*, 1917, Jan. 22nd, invisible in North and South America. Magnitude of greatest eclipse 0.725 (Sun's diameter 1.0).

III.—*A Partial Eclipse of the Sun*, 1917, June 18-19th, invisible in North America except near the Pacific coast where the eclipse takes place about sunrise. Magnitude of greatest eclipse 0.473 (Sun's diameter 1.0).

IV.—*A Total Eclipse of the Moon*, 1917, July 4th, invisible in North America, the beginning visible generally in Asia, except N.E. portion, Australia, Africa, Europe, except N.W. portions, and the South Atlantic Ocean; the ending visible in West Australia, S. W. Asia, Europe, Africa and South America. Magnitude 1.625 (Moon's diameter 1.0).

V.—*A Partial Eclipse of the Sun*, July 18, invisible in North America. Very small, magnitude 0.086 (Sun's diameter 1.0).

VI.—*An Annular Eclipse of the Sun*, 1917, Dec. 13th, invisible in North America. The path of the Annulus passes over the South Pole.

VII.—*A Total Eclipse of the Moon*, December 28th, 1917, visible in America.

Moon enters penumbra, 28th, 1h. 54m.	(Eastern Standard Time)
Moon enters shadow, " 3h. 5m.	
Total eclipse begins, " 4h. 35m.	
Middle of eclipse, " 4h. 46m.	
Total eclipse ends, " 4h. 55m.	
Moon leaves the shadow, " 6h. 27m.	
Moon leaves penumbra, " 7h. 39m.	

Magnitude 1.011 (Moon's diameter = 1.0).

The Moon during 1917 will be at its farthest North and South limits on the following dates:—

Jan. 5.....North max.	July 15.....North
" 19.....South max.	" 30.....South
Feb. 1.....North	Aug. 11.....North

The correction for an increase of altitude of one inch in the barometer or for a decrease of one degree in the thermometer, is to be added to the tabular refraction, but when the barometer is lower than 30 inches, or the thermometer higher than 47°, the corrections become subtractive. When great accuracy is required, 0.003 inch should be deducted from the observed height of the barometer for each degree that the thermometer near it is above 50°, and the same quantity added for an equal decrease.

VELOCITY OF LIGHT.

Fizeau determined the velocity of light by reflecting a spot of light from a mirror at one station to a second mirror at a distant station. The light was brought to a focus at the required points by means of lenses. A toothed-wheel whose revolutions could be registered was so placed that its teeth revolved in the focus, and the spot of light could be seen between two teeth. It was possible to turn the wheel so quickly that the spot of light was stopped by a tooth coming up before it could pass through. The distance between the stations being known, and the rate at which the wheel turned, the velocity of light could be found. Foucault's method consisted of a rapidly rotating mirror, on which a beam of light was admitted through a slit. It was then reflected on to a lens, after which it was brought to a focus on a concave mirror at some distance. It was possible to turn the mirror so quickly that it moved through a small angle before the spot of light returned.

The distance between the mirrors, the rate of rotation of the mirror, and the amount of displacement being known, the velocity of light could be estimated. The velocity of light and the aberration angle being known, the sun's distance can be found.

- (1) The ratio of the velocity of light and the earth in its orbit as determined by observation is as 10,089 : 1.
- (2) The earth completes its orbit in 365½ days.
- (3) Light would do the same journey in  $\frac{365\frac{1}{2}}{10,089}$  days.
- (4) Knowing the time it would take to complete the revolution we can find how long it would take to cross the diameter, and therefore the radius.
- (5) We multiply the number of seconds taken by light to cross the radius of the earth's orbit by the velocity of light, and it gives us 92,628,000 miles as the sun's distance.

THE SUN.

"What we ordinarily call the sun," wrote the late Mr. Ranyard, is only the bright spherical nucleus of a nebulous body." But it is only when the interposing moon during a total eclipse cuts off the dazzling rays of the nucleus that we see directly anything of its nebular surroundings. No sooner has the last glint of sunshine vanished than the corona starts into view, encompassing the black lunar globe with a sort of "glory" of silvery streamers. The awe and wonder of the sight tend, for the moment, to supercede scientific curiosity, and they are enhanced by the perception, at the base of the corona, of the scarlet "chromosphere" fringing the moon's circumference, while the towering "prominences" that are usually seen to spring from it produce the startling effect of a conflagration.

A considerable mass of information regarding the

solar prominences have of late been collected. The size of these formations is enormous. They vary in height from 10,000 to 100,000 miles; and ranges of them 450,000 miles in extent have been photographed during total eclipses. Starting from the photosphere which is the visible surface of the sun we meet first an envelope producing the general absorption, by which sunlight is enfeebled and reddened. Next comes the reversing layer composed of mixed incandescent vapours, giving rise, by their selective absorption, to the Fraunhofer lines. These two layers lie close to the photosphere and are apparently indifferent to its agitations. They are overspread by the chromosphere and prominences, while above and beyond shines the mysterious corona. Another solar appendage remains to be noticed the Zodiacal Light.

196 "	= 1 barrel flour
200 "	= 1 " pork
280 "	= 1 " salt
20 hundredweight	= 1 ton

DRY MEASURE.

2 pints	= 1 quart
4 quarts	= 1 gallon
2 gallons	= 1 peck
4 pecks	= 1 bushel

LIQUID MEASURE.

4 gills	= 1 pint
2 pints	= 1 quart
4 quarts	= 1 gallon
A cubic foot of water weighs almost 1,000 oz., and contains almost 6¼ gallons.	

THE FOLLOWING TABLE GIVES THE LEGAL WEIGHT IN CANADA IN POUNDS OF A BUSHEL OF VARIOUS ARTICLES.

Wheat, beans, peas, clover seed, potatoes, beets, carrots, turnips	= 60 lb
Rye, Indian corn	= 56 lb
Barley, buckwheat, timothy seed	= 48 lb
Onions	= 50 lb
Oats	= 34 lb

LONG OR LINEAR MEASURE.

4 inches	= 1 hand (for measuring horses)
12 inches	= 1 foot
3 feet	= 1 yard
2 yards	= 1 fathom
5½ yards	= 1 rod or pole
320 rods or 1,760 yards	= 1 mile
22 yards	= 1 chain (100 links)
220 yards	= 1 furlong
8 furlongs	= 1 mile

SURFACE, SQUARE OR LAND MEASURE.

144 square inches	= 1 square foot
9 square feet	= 1 square yard
30¼ square yards	= 1 square rod
10 square chains	= 1 acre
160 square rods or 4,840 sq. yards	= 1 acre
640 acres	= 1 square mile

CUBIC OR SOLID MEASURE.

1,728 cubic inches	= 1 cubic foot
27 cubic feet	= 1 cubic yard
128 cubic feet	= 1 cord

MEASURES OF TIME.

60 seconds	= 1 minute
60 minutes	= 1 hour
24 hours	= 1 day
7 days	= 1 week
52 weeks	= 1 year
12 months	= 1 year
365 days	= 1 year
366 days	= 1 leap-year
100 years	= 1 century

The mean solar year is equal to 365 days, 5 hrs. 48 min. 46 sec., or nearly 365¼ days.]

Every year whose number is divisible by 4 is a leap year, unless the number of the year ends in two ciphers, in which case the number must be divisible by 400. Thus, 2000 and 2400 will be leap years, but 1900 was not a leap year.

ANGULAR MEASURE.

60 seconds (")	= 1 minute, or 1'
60 minutes (')	= 1 degree, or 1°
90 degrees (°)	= 1 right angle

MISCELLANEOUS.

12 articles	= 1 dozen
12 dozen	= 1 gross
12 gross	= 1 great gross
20 single things	= 1 score
24 sheets of paper	= 1 quire
20 quires	= 1 ream

APOTHECARIES MEASURE FOR FLUIDS.

60 minims	= 1 fluid drachm
8 fluid drachms	= 1 fluid ounce
20 fluid ounces	= 1 pint

TROY WEIGHT.

For Gold, Silver and Jewels.

24 grains	= 1 pennyweight (dwt.)
20 dwts	= 1 ounce
480 grains	= 1 " "
12 ounces	= 1 pound
5,760 grains	= 1 " "

SPECIAL WAR TAXES IN CANADA.

An Act was passed by the Dominion Government on the 8th April, 1915, entitled THE SPECIAL WAR REVENUE ACT, 1915, under which certain taxes were levied for the purpose of securing extra revenue to meet war expenditures. The following is a brief summary of these taxes. Further details may be found in the Act itself.

**BANK NOTE CIRCULATION.**—Every bank shall pay a tax of one-fourth of one per cent. upon the average amount of notes of the bank in circulation.

**TRUST AND LOAN COMPANY INCOME.**—Every Trust Company and Loan Company shall pay a tax of one per cent. upon the gross amount of its income derived from business transacted within Canada, and interest from loans and investments in Canada.

**INSURANCE PREMIUMS.**—Every Insurance Company—not including Life Insurance Companies, Marine Insurance Companies, Fraternal Benefit Societies and purely Mutual Companies,—shall pay a tax of one per cent. upon the net premiums received by it in Canada. This tax also applies to any business done by a Life Insurance Company, or Marine Insurance Company, outside its business of Life Insurance or Marine Insurance respectively.

**CABLE AND TELEGRAPHIC MESSAGES.**—Every Cable Company or Telegraph Company shall pay a tax of one cent on each despatch or message other than press despatches or messages originating at the Company's office in Canada. The Company may charge the tax of one cent to the person sending the message.

**RAILWAY AND OTHER TICKETS.**—A tax shall be collected on every Railway Ticket to any place in or outside Canada, and on every Vessel Ticket giving transportation between places in Canada, or from a place in Canada to a place in Newfoundland, West Indies, Bermuda, British Guiana, British Honduras or the United States. The tax shall be, in addition to the cost of the ticket, as follows:—

### INTERMEDIATE TARIFF

(2) The rates of Customs duties, if any, set forth in Column 2 "Intermediate Tariff" shall apply:

To goods the produce or manufacture of any British or foreign country to which the benefits of such Intermediate Tariff shall have been extended in the manner hereinafter provided, when imported direct from such foreign country or from a British country.

### GENERAL TARIFF

(3) The rates of Customs duties, if any, set forth in Column 3 "General Tariff" shall apply to all goods not entitled to admission under the Intermediate Tariff or under the British Preferential Tariff.

### FRENCH TREATY

(3) The rates of duties of the French Treaty of 1907 apply to natural and manufactured products originating in France, Algeria, the French Colonies and Possessions, and Territories of the Protectorate of Indo-China, upon entry for duty in Canada, when such products have been conveyed without transshipment from a port of those territories or from a port of a territory enjoying the preferential or intermediate tariff in respect of these products into a sea or river port of Canada.

Note.—Products originating as specified in this paragraph may be imported into Canada subject to entry under this Treaty, when conveyed without transshipment to a sea or river port of Canada from any British Country or from any country accorded most favoured nation treatment in tariff matters by Canada.

(4) Under the provisions of the French Convention Act, 1908, certain natural and manufactured products of the following countries are entitled to entry for duty in Canada upon the terms and conditions granted in respect of the like natural and manufactured products of France, Algeria, the French Colonies and Possessions, and the Territories of the Protectorate of Indo-China, viz.:

The United Kingdom,  
All British Colonies and British Possessions;  
and also the following countries accorded most favoured nation treatment in tariff matters by Canada:—

Argentina Republic.	Russia.
Columbia.	Spain.

### WEST INDIAN TRADE AGREEMENT ACT

(3) There shall be levied, collected, and paid on all goods enumerated in Schedule B to the said agreement, being the produce or manufacture any of the following colonies, parties thereto, namely:—

Trinidad.	British Guiana.
Barbadoes.	St. Lucia.
Antigua.	St. Vincent.
Dominica.	St. Kitts.
Montserrat.	

And for a limited time:—

Bahamas.	British Honduras.
Bermuda.	Grenada.
Jamaica.	Newfoundland.

When such goods are imported direct from any British country into Canada, or taken out of warehouse for consumption therein, if imported as aforesaid, duties of customs (a) at the rate of four-fifths of the several rates of duties if any imposed on similar goods when imported from any foreign country, or (b) at the several rates of duty if any

set opposite to each tariff item respectively in the column British Preferential Tariff in Schedule A to the Customs Tariff 1907, and in any amendment thereof which ever shall be the lower rate, and (c) under the same conditions all goods enumerated in Schedule "C" to the said agreement shall be admitted free.

#### PROOF OF ORIGIN

(4) Proof of origin, as prescribed by the Minister of Customs, shall be furnished with the bill of entry at the Custom House for goods admitted to entry under any of the Tariffs in Schedule A; and that the decision of the Minister of Customs shall be final as to the Tariff or Surtax applicable in any case to imported goods by reason of their origin;

Provided, that goods for which entry is claimed under the Intermediate Tariff shall be bona fide the produce or manufacture of a country which has been admitted to the benefits of such Intermediate Tariff;

Provided further that every manufactured article to be admitted under the British Preferential Tariff shall be bona fide the manufacture of a British country entitled to the benefits of such British Preferential Tariff, and that a substantial portion of the value of the manufactured article has been produced by labor in one or more of such countries.

#### DUMPING CLAUSE

6. In the case of articles exported to Canada of a class or kind made in Canada, if the export or actual selling price to an importer in Canada be less than the fair market value of the same article when sold for home consumption in the usual and ordinary course in the country whence exported to Canada at the time of its exportation to Canada there shall, in addition to the duties otherwise established, be levied, collected and paid on such article, on its importation into Canada, a special duty (or dumping duty) equal to the difference between the said selling price of the article for export and the said fair market value thereof for home consumption;

Provided that the said special duty shall not exceed fifteen per cent. ad valorem in any case;

Provided also that the following goods shall be exempt from such special duty, viz.:

(a) Goods whereon the duties otherwise established are equal to fifty per cent. ad valorem;

(b) Goods of a class subject to excise duty in Canada;

(c) Sugar refined in the United Kingdom.

(d) Binder twine or twine for harvest binders manufactured from New Zealand hemp, istle or tampico fibre, sisal grass or sunn, or a mixture of any two or more of them, of single ply and measuring not exceeding six hundred feet to the pound.

Provided further that excise duties shall be disregarded in estimating the market value of goods for the purposes of special duty when the goods are entitled to entry under the British Preferential Tariff.

(2) That the expression "export price" or "selling price" in this section shall be held to mean and include the exporter's price for the goods, exclusive of all charges thereon after their shipment from the place whence exported directly to Canada.

(3) That if at any time it appears to the satisfaction of the Governor-in-Council, on a report from the Minister of Customs, that the payment of the special duty by this section provided for is being evaded by the shipment of goods on consignment without sale prior to such shipment, the Governor-in-Council may in any case or class of cases authorize such action as is deemed necessary to collect on such goods or any of them the same special duty as if the goods had been sold to an importer in Canada prior to their shipment to Canada.

(4) If the full amount of any special duty of customs is not paid on goods imported, the customs entry thereof shall be amended and the deficiency paid upon the demand of the Collector of Customs.

(5) The Minister of Customs may make such regulations as are deemed necessary for carrying

out the provisions of this section and for the enforcement thereof.

(6) Such regulations may provide for the temporary exemption from special duty of any article or class of articles, when it is established to the satisfaction of the Minister of Customs that such articles are not made or sold in Canada in substantial quantities, and offered for sale to all purchasers on equal terms.

(7) Such regulations may also provide for the exemption from special duty of any article when the difference between the fair market value and the selling price thereof to the importer as aforesaid amounts only to a small percentage of its fair market value.

#### SURTAX

7. Articles which are the produce or manufacture of any foreign country which treats imports from Canada less favourably than those from other countries may be subject to a Surtax over and above the duties specified in Schedule "A," such Surtax in every case to be one-third of the duty specified in the General Tariff in the said Schedule "A."

(1) Any question arising as to any foreign country or goods coming under the operations of the provisions in regard to the Surtax shall be decided by the Minister of Customs, whose decision shall be final;

Provided that the Governor-in-Council may make regulations for carrying out the purposes of this Section, and may, by Order-in-Council, from time to time suspend the Surtax from application to the goods of any country.

#### FISH FROM NEWFOUNDLAND

8. Notwithstanding anything in this Act, fish and other products of the fisheries of Newfoundland may be imported into Canada free of Customs duty until otherwise determined by the Governor-in-Council, by Order published in the *Canada Gazette*.

9. Fish caught by fishermen in Canadian fishing vessels and the products thereof carried from the fisheries in such vessels, shall be admitted into Canada free of duty, under regulations by the Minister of Customs.

#### DRAWBACK

10. On the materials set forth in Schedule "B" to this Act, there may be paid out of the Consolidated Revenue Fund, the several rates of drawback of Customs duties set opposite to each item respectively in such Schedule, under regulations by the Governor-in-Council.

#### PROHIBITED GOODS

11. The importation into Canada of any goods enumerated, described or referred to in Schedule "C" hereto is prohibited; and that any such goods imported shall thereby become forfeited to the Crown and shall be destroyed or otherwise dealt with as the Minister of Customs directs; and that any person importing any such prohibited goods, or causing or permitting them to be imported, shall for each offence incur a penalty not exceeding two hundred dollars.

#### COMBINE CLAUSE

12. Whenever from or as a result of a judgment of the Supreme Court, or Exchequer Court of Canada, or of any superior court, or circuit, district, or county court in Canada, it appears to the satisfaction of the Governor-in-Council, that with regard to any article of commerce there exists any conspiracy, combination, agreement or arrangement of any kind among manufacturers of such articles or dealers therein to unduly promote the advantage of the manufacturers or dealers at the expense of the consumers, the Governor-in-Council may admit the article free of duty, or so reduce the duty thereon as to give to the public the benefit of reasonable competition in the article, if it appears to the Governor-in-Council that such disadvantage to the consumer is facilitated by the duties of Customs imposed on a like article.

(2) Whenever the Governor-in-Council deems it to be in the public interest to enquire into any conspiracy, combination, agreement or arrangement alleged to exist among manufacturers or dealers in any article of commerce to unduly promote the advantage of the manufacturers or dealers in such article at the expense of the consumers, the Governor-in-Council may commission or empower any judge of the Supreme Court, or Exchequer Court of Canada, or of any Superior Court or County Court in Canada, to enquire in a summary way into and report to the Governor-in-Council whether such conspiracy, combination, agreement or arrangement exists.

(3) The judge may compel the attendance of witnesses and examine them under oath and require the production of books and papers, and shall have such other necessary powers as are conferred upon him by the Governor-in-Council for the purpose of such enquiry.

(4) If the judge reports that such conspiracy, combination, agreement or arrangement exists in respect of such article, the Governor-in-Council may admit the article free of duty, or so reduce the duty thereon as to give to the public the benefit of reasonable competition in the article, if it appears to the Governor-in-Council that such disadvantage to the consumer is facilitated by the duties of Customs imposed on a like article.

## CANADIAN TARIFF OF CUSTOMS

COMPILED AND REVISED BY O. H. COGSWELL, B.A., OTTAWA

NOTE—For the convenience of the public we have enlarged this edition of the Tariff by the insertion of a large number of items not classified in the official tariff. We have assigned the rates to the best of our information and judgment, and we believe they will be found fairly correct. We however, disclaim all responsibility should the rates assigned not be verified as correct by the rulings of the Department.

Where there are three rates of Duty given, the first is the British Preferential Tariff, the second is the Intermediate Tariff, and the third is the General Tariff. The rate of Duty is per cent. *ad valorem*, except when otherwise specified.

The Customs War Revenue Act of April 8th, 1915, provides that a War Tax of 5% Preferential or 7½% Intermediate or General be collected on each item in the Tariff except those designated as exempt.

\* Items marked thus have the advantage of the Intermediate Tariff rates when the importation is from French Treaty countries, The Netherlands, or Belgium.

† Items marked thus have the advantage of the Intermediate Tariff rates when the importation is from French Treaty countries, The Netherlands, Belgium or Italy.

‡ Items marked thus have the British Preferential rate when the importation is from those colonies that come under the West Indian Trade Agreement Act of 1913.

Abbreviations, F.T. = French Treaty, Sp.T. = Special Tariff.

## THE KING'S CIVIL LIST.

Immediately after the accession of His Majesty George V., there was passed in the Parliamentary session of 1910 the Civil List Act, an Act by which the charges on the consolidated fund for the maintenance of the King and his family are determined.

Until George III. came to the throne in 1760, the income of the sovereign was derived chiefly from Crown lands, from a variety of landed property in England and Wales, Scotland and Ireland, in which the sovereign had a life-interest, and from which he received the rents. In the feudal ages these lands constituted a princely patrimony. In later times this Crown property was greatly reduced by lavish grants to royal favorites. At the Restoration the income from Crown lands was ascertained by a committee of the House of Commons to amount to £217,900 a year, in addition to £4,000 from the Forest of Dean. By the time Charles II. had been on the throne three years he had by his lavish bestowal of the lands on favorites reduced the income to £100,000. William III., by his grants to favorites who had accompanied him from Holland, made further havoc with the Crown domains; so much so that at the accession of Queen Anne Parliament endeavored to save the remnant by an Act (1 Anne, c. 8) which prohibited alienation of Crown lands, and enacted stringent provisions in regard to the length of the term for which they might be leased and the rents reserved.

Since then, and especially since the accession of the late King Edward VII., the income from the Crown Lands has very greatly increased, until at the present time it is greater than the amount granted to the King and Royal Family in the Civil List.

Queen Anne, George I. and George II. derived the larger part of their income from their life-interest in the Crown property, but when George III. came to the throne he surrendered his life-interest in the Crown lands. It was turned over to the nation in return for a fixed Civil List of £800,000, subsequently increased to £900,000. George IV., William IV., Queen Victoria and Edward VII., on their accessions, surrendered their life-interest in the Crown lands in return for a Civil List. The same course was taken by George V. when he came to the throne; and on June 15th, 1910, a committee of the House of Commons was appointed to recommend the new Civil List. It reported on the 6th of July, 1910, and its recommendations were embodied in an Act (1 George V., c. 5), which was passed through all its stages in the House of Lords on August 2nd, 1910. By this Act the King's Civil List was fixed at the yearly sum of £470,000, which was the same amount as that granted to King Edward VII.

CLASSES OF EXPENDITURE.	SUM APPROPRIATED.
I. Their Majesties' Privy Purse.....	£110,000
II. Salaries of His Majesty's household and retired allowances.....	125,800
III. Expenses of His Majesty's household.....	193,000
IV. Works.....	20,000
V. Royal bounty, alms and special services.....	13,200
VI. Unappropriated.....	8,000
Total.....	£470,000

Her Majesty Queen Alexandra in accordance with the Civil List Act passed at the accession of Edward VII. (1 Edward VII., c. 4), enjoys an annuity of £70,000, and a similar provision is made in the Civil List Act of 1910 for Queen Mary in case she survives the King.

The late King Edward's daughters, Princess Louise (Dowager Duchess of Fife), Princess Victoria and Princess Maud (Crown Princess of Denmark), receive an annual allowance of £18,000 during their joint lives, which will be reduced at the death of each of the said princesses by £6,000.

At the death of Edward VII. the provision for the Royal Family amounted in all to £576,000, being £470,000 for the King's Civil List, and £106,000 in respect of allowances to other members of the Royal Family. This amount is somewhat increased by the allowance of £70,000 made to Queen Alexandra. As the Prince of Wales is entitled to the revenues of the Duchy of Cornwall, no special provision was made for him in the Civil List Act of 1910, but it was provided that, in the event of his marrying, an allowance of £10,000 a year should be made to the Princess of Wales, to be increased to £30,000 should she survive his Royal Highness. Each of King George's sons is to receive an annuity of £10,000 on coming of age, to be increased to £15,000 on his marrying. The allowance to daughters is to be £6,000 a year. No provision is made in the Act for children of younger members of the Royal Family.

The annuities to the Royal Family after the resettlement at the accession of George V. stand thus:—

His Majesty (Civil List).....	£470,000
Queen Alexandra.....	70,000
Pensions transferred to Consolidated Fund.....	18,000
Princesses Louise, Victoria and Maud..	18,000
Princess Christian of Schleswig-Holstein.....	6,000
Princess Louise, Duchess of Argyll....	6,000
Duke of Connaught.....	25,000
Princess Beatrice (of Battenburg)....	6,000
Duchess of Mecklinburg-Strelitz.....	3,000
Duchess of Edinburgh.....	6,000
Duchess of Albany.....	6,000
Total.....	£634,000

The revenues of the Duchies of Cornwall and Lancaster are outside the Civil List arrangement. Those of Cornwall, valued at £60,000 a year, are vested in the eldest son of the reigning sovereign, who becomes by birth the Duke of Cornwall, by virtue of a patent of Edward III. in 1337. The Duchy of Lancaster was the private patrimony of Henry Bolingbroke, son of John of Gaunt. It is separate from the other possessions of the Crown in order and government, but united to it in point of inheritance. It also brings in a revenue of £60,000 a year.

## THE MILITIA LIST—DOMINION OF CANADA

(Condensed and corrected, by the Militia General Orders, etc., to October, 1916.)

It is suggested that communications intended for individual officers be sent (when no other address is known) to Headquarters of the Corps or unit, as the case may be. This list is made to Captaincies only, except for units of the Permanent Force.

(a) The Victoria Cross (in imitation of the French Cross of the Legion of Honour) was instituted by Queen Victoria at the close of the Crimean campaign, 1856. It is granted to soldiers and sailors of any rank for a single act of valour, the performance of some signal deed of devotion in the enemy's presence. It is a Maltese Cross, made of gun metal, with a Royal Crown in the centre surmounted by a lion and the words "For Valour" indented on a scroll below the Crown. The ribbon is red for the army and blue for the navy. A pension of £10 a year accompanies the decoration.

## MILITIA AND DEFENCE OF CANADA.

Previous to the confederation of the Provinces, the defence of this country was entirely in the hands of the Imperial Government, who for that purpose maintained troops in each Province, supported by various local volunteer militia corps. This volunteer militia had, when called upon, rendered most efficient service in times of trouble.

After Confederation the British Government gradually withdrew all the Imperial troops from this country, and at present none remain.

By the British North America Act the command in chief of all naval and military forces of and in Canada was vested in the Sovereign, and the control of the same was placed in the hands of the Dominion Parliament. A Department of Militia and Defence was at the same time established, the first Minister being Sir George E. Cartier, and the first Militia Act was passed in 1868, 31 Vic., chap. 40. The Act was subsequently amended in various ways, especially in 1904, when a new Militia Act was passed (ch. 23, 4 Ed. VII.). By it the Militia of Canada is declared to consist of all the male inhabitants of Canada of the age of 18 years or upwards and under 60, not exempted or disqualified by law, this population being divided into four classes, as follows:

The first class comprises those aged 18 or upwards and under 30, being unmarried or widowers without children.

The second class comprises those between the ages of 30 and 45, being unmarried or widowers without children.

The third class comprises those between 18 and 45, being married, or widowers with children.

The fourth class comprises those between 45 and 60.

The following persons are exempt from enrolment and active service at any time: Members of the King's Privy Council for Canada, Judges, Members of the Executive Councils of Provinces, Deputy Ministers of the Federal and Provincial Governments, clergymen and ministers of all religious denominations, professors in colleges and teachers in religious orders, the wardens and officials of all penitentiaries and lunatic asylums, persons physically disabled, and any person being the only son of a widow and her only support. Certain other persons are exempt from service except in case of war.

The Active Militia, or any portion thereof, may be ordered to drill or train for a period of not more than 30 days in each year.

The Militia is divided into Active and Reserve Forces. The Active force is composed of men raised either by voluntary enlistment or by ballot, and the Reserve force consists, practically, of the whole of the efficient men not serving in the Active Militia of the time being.

The period of service, for the Active Militia, is three years; for the Reserve Militia, such as is prescribed.

## RIFLE ASSOCIATIONS.

1. Their formation and government are laid down by regulations promulgated in Militia General Orders 88, dated June 1, 1903.

2. Are of two following classes:—

(a) *Military*—consists of persons in the Active Militia, and are managed by officers of the respective units.

(b) *Civilian*—consists of persons in the Reserve Militia, who, while members of any such club or association, are enrolled in such reserve. Are managed under such regulations as may from time to time be issued.

3. Rifle Associations organized under these regulations come under the control of the Department of Militia and Defence.

4. To form an association in a locality requires not less than forty men residing therein, and aged over sixteen years. They must be members of the Active Militia (for Military Associations); or subscribe to the oath of allegiance to His Majesty (for Civilian Associations).

5. A captain is appointed to every Civilian Association, who, with a committee of two members, manage the affairs of the association.

6. The annual subscription to be not less than \$1 each member.

7. A member may resign on three months notice to the captain. The former must return all government property in his possession before the resignation can be accepted.

8. An association may be disbanded for grave irregularities or mismanagement.

9. A member may be expelled by a two-third vote of the association to which he belongs.

10. No man is allowed to belong to more than one association.

11. The Officer Commanding Division (or District) is charged with the organization, etc., after the necessary papers have been forwarded by him, are recommended

at headquarters and approved by the Minister of Militia and Defence.

12. An association maintaining a membership of less than forty must disband.

13. In the event of a national emergency, any person who is or has been duly enrolled in any Rifle Association in Canada shall be deemed to be already enrolled in the Reserve Militia of the Dominion.

14. *Rifle*.—The arm used is the .303 rifle, either of Government issue or of *bona fide* Government pattern, and bearing the Government viewer's mark.

15. Associations may be supplied with rifles for the use of members on the captain's requisition and on his furnishing a bond signed by three responsible members, for the safety, preservation, and safe return when required to do so, of all rifles issued to them. (*Note*.—Each rifle is valued at \$25).

16. Under the conditions of the bond, ten rifles may be issued to each association of forty members, and five additional rifles for every twenty additional members, until the stock of rifles available for this purpose be exhausted.

17. *Ammunition*.—200 rounds a year to each member of a Military Association; 100 rounds to each member of a Civilian Association; free issue.

Extra ammunition as follows:—

Service Ammunition per 1,000 . . . . . \$15.00

Miniature Cartridges, per 1,000 . . . . . 3.00

Regulations, published in pamphlet form, give full details and information as to organizing, etc., rifle associations; officers' duties, returns, also standard rules, instructions as to targets and marking, care of arms, rifle ranges, etc. (issued by Dept. of Militia and Defence).

When demanding ammunition on repayment, the amount should be deposited in a Canadian chartered bank, to the credit of the Receiver General, and the Deposit Receipt annexed to the requisition.

## THE MILITIA PENSION ACT, 1901.

## CANADIAN TEAMS TO WIMBLEDON AND BISLEY AND OFFICERS THEREOF FROM 1872 TO 1914.

NOTE.—Owing to European War, no D. R. A. matches took place in 1914, 1915, 1916, and therefore no list can be given of the team to shoot at Bisley, in 1917, if latter meet takes place.

Canada has always been represented by a team of its best shots at the annual Prize Meeting of the National Rifle Association of England. The first matches were held in 1872, at Wimbledon, but since 1890 they take place at Bisley. The most coveted of all prizes, the Queen's—now the King's prize (£250), was won four times by a Canadian: Pte. T. H. Hayhurst, 13th Regt., Hamilton, Ont., in 1895, Pte. J. S. Perry, 6th Regt., D.C.O.R., Vancouver, B.C., in 1904, Pte. W. J. Clifford, 10th Regt. (Royal Grenadiers), Toronto, Ont., in 1911, who also won the Prince of Wales' prize; Pte. W. A.

Hawkins, 48th Regt., Toronto, Ont., in 1913. Many other important prizes have also been captured by Canadians. The Kolopore Cup, contested for by the Mother Country and the Colonies was won nine times by the Canadians: in 1872, '75, '81, '84, '89, '96, '05, '06, and '09. Eight men compose the team.

Canada sends to Bisley twenty representatives to take part in the various matches open to them, and these men are selected by competition held at Ottawa under the Dominion of Canada Rifle Association.

## THE CANADIAN RIFLE LEAGUE.

(HEADQUARTERS, OTTAWA, ONT.)

In 1893 the Canadian Rifle League was formed, with Headquarters at Toronto, the moving spirit and chief organizer being Lieut. W. R. Pringle, of the 10th Regiment, Royal Grenadiers. Rifle associations from all over the Dominion affiliated, and a series of simultaneous matches on given dates was inaugurated. In 1895, the Honorable the Minister of Militia and Defence granted free ammunition to the League teams, and with one exception this has been the rule since.

Four matches are held annually over King's ranges (200, 500 and 600 yards), and prizes given to the leading teams. Marksmen's certificates, signed by the Minister of Militia and Defence, and the Chief of the General Staff, are issued as follows:

For an average of 94 points out of a possible 105, a first-class special certificate; for 90 points, a first-class certificate; for 80 points, a second-class certificate.

The competitions are divided into four series as follows:

The first (military) for teams of city corps of the Active Militia; the second (military) for units other than city corps; the third, or civilian series, for teams of Civilian Rifle Associations; the fourth (sections "A" and "B"),

Cadet Corps. The entrance fee per team is \$10. Fees for additional teams from the same organization, \$5 each. Organizations bringing five new men to the Dominion of Canada Rifle Association Meeting get free entry for one team to the C.M.R. League competitions for the following year.

By Militia Order of June 10, 1903, the C.R. League was placed under the supervision of the Militia Department, Ottawa.

The annual meeting of the League takes place at Ottawa during the D. R. Association competitions.

No competitions with service ammunition were held in 1915, nor in 1916.

## CANADIAN SCALE OF PENSIONS, 1916.

In connection with Active Military Service.

1. There shall be a Commission to be known as the Board of Pension Commissioners for Canada, consisting of three members appointed by the Governor-in-Council (hereinafter called the Commission). Each Commissioner shall hold office during good behaviour for a period of ten years from the date of his appointment, but may be removed at any time by the Governor-in-Council, for cause, and a Commissioner, on the expiration of his term of office, shall be eligible for re-appointment. The Commissioners may, from time to time, elect one of their number to be chairman of the Commission.

2. Subject to the regulations hereinafter set out, the Commission shall have exclusive jurisdiction and authority to consider and make all grants and payments of military and naval pensions, and of gratuities, allowances and assistance to persons wounded, injured or incapacitated in the military or naval service of Canada (hereinafter called members of the forces), or to their dependent relatives, and shall have exclusive jurisdiction and authority to deal with all matters pertaining to such pensions, gratuities, allowances and assistances.

3. The Commission shall have authority to engage such clerical and other assistance as they may consider requisite for the transaction of their duties, and at such salaries as may be approved by the Governor-in-Council.

4. In the administration of their powers by the Commission great care shall be taken to insure all applications being considered and determined with the utmost despatch.

5. There shall be no appeals from the decisions of the Commission, but every applicant for a pension, gratuity, allowance or assistance may present his or her case either personally or by counsel before the full Commission sitting for the purpose of hearing the complaints of those who may have been dissatisfied with decisions given in the ordinary course of administration.

6. The pension or other grant awarded any member of the forces, or any dependent of such member, shall not be assigned, charged, attached, anticipated or commuted, nor shall any assignment, charge, attachment, anticipation or commutation be recognized in any way by the Commission or any officer or servant of the Crown.

7. All pensions awarded to members of the forces shall be determined by the disability of the applicant without reference to his occupation prior to enlistment.

8. Each case shall be subject to review at the end of a year from the time when the pension is first granted, except in those cases where the disability is obviously permanent, and then there shall be no further review.

9. No deduction shall be made from the amount awarded to any pensioner owing to his having undertaken work or perfected himself in some form of industry.

10. The Commission shall make provision for the vocational training of those who are desirous of taking advantage of it, and for the supplying, from time to time, of artificial limbs and appliances to those who would thereby be benefited.

11. The Commission shall have power to entrust to a reputable person for administration the pension or other grant to any pensioner or beneficiary when the Commission is satisfied that it is being improvidently expended by the pensioner or beneficiary, and the expense of such administration, if any, shall be borne by the Crown.

12. The following shall be the scale of pensions for total disability :

	Yearly.
Rank and File.....	\$480

For example—Loss of one hand.  
Loss of leg at or above knee.  
Loss of tongue.  
Loss of nose.

*Class 4.*—Disability 40 per cent. and less than 60 per cent.—pension 40 per cent. of Class 1.

For example—Loss of one eye.  
Loss of one foot.  
Total deafness.  
Loss of two thumbs.

*Class 5.*—Disability 20 per cent. and less than 40 per cent.—pension 20 per cent. of Class 1.

For example—Loss of one thumb.  
Anchylrosis of elbow, knee, shoulder, wrist or ankle.

*Class 6.*—Disability under 20 per cent., a gratuity not exceeding \$100.

For example—Total deafness in one ear.  
Partial deafness in both.  
Loss of index or other finger.

14. To those, up to and including the rank of Lieutenant, who are totally disabled and in addition are totally helpless so far as attendance to their physical wants is concerned, a further allowance may be made of an amount not exceeding \$250 a year, but such special allowances shall be subject to annual review.

15. Those, up to and including the rank of Lieutenant, who are disabled and are entitled to a pension in the 1st, 2nd or 3rd Class shall be paid, in addition to the personal pension, a special allowance of \$6 a month for each child; of the rank of Captain, \$7 a month for each child; of the rank of Major, \$8 a month for each child; of the rank of Lieut.-Colonel, Colonel or Brigadier-General, \$10 a month for each child. Child shall include a step-child and also a child in respect of whom the pensioner was *loco parentis* but in either case only if the relation had been established before the pensioner's disability arose.

16. If a member of the forces has been killed, or has died as the result of injuries received, or disease contracted or aggravated while on active service, the widow, until re-marriage, shall be entitled to the equivalent of the pension mentioned in Class 2, and also be entitled to draw the allowance for children. On the remarriage of the widow her pension shall cease, but she shall be entitled then to a gratuity of an amount equivalent to one year's pension.

17. If a member of the forces who has been killed, or had died, as the result of injuries received, or disease contracted or aggravated while on active service, was a widower, but leaves a child or children as defined in Regulation 15, said child or children shall receive an allowance of \$12 per month each.

18. In the event of an application being made for a pension on behalf of a woman who has, without being married to a member of the forces, lived with him as his wife, or on behalf of the child or children of any such man or woman, the Commission shall be authorized to grant the customary pension and allowances for a wife or for a child or children, on being satisfied that the circumstances were such as to warrant the conclu-

sion that the woman had at the time of enlistment and for a reasonable time previously thereto, publicly been represented as the wife of said member, or if the Commission is satisfied that justice would be done by the recognition of such woman, for the purpose of a pension as the wife of such member. On the marriage of the woman her pension shall cease but she shall be entitled to a gratuity of an amount equivalent to one year's pension.

19. No allowance shall be paid to or in respect of any child, if a boy, over the age of sixteen, or a girl over the age of seventeen, unless owing to mental or physical infirmity the child is incapable of earning a livelihood, in which case the allowance may, if in the discretion of the Commission it seems best, be continued until the child is twenty-one. No allowance shall be paid in respect of a child after the marriage of such child.

20. No pension or allowance shall be paid to a member of the forces or any person dependent upon him when the disability or death in respect of which the claim is made was occasioned by the negligence of such member, unless the Commission otherwise consent.

21. In all cases the claims by members of the forces for pensions must be made within two years of the date of the appearance of the disability in respect of which the claim is made.

22. A widowed mother, step-mother or grandmother wholly or mainly dependent upon a member of the forces who is killed or dies as the result of injuries received, or disease contracted or aggravated while on active service, if such member was without dependent children and unmarried, or a widower, shall be entitled to a pension of Class 3, provided, however, that no such woman shall be entitled to more than one pension. On the marriage of the woman such pension shall cease, but she shall be entitled then to a gratuity of an amount equivalent to one year's pension.

23. A father, wholly or mainly dependent upon a son who is a member of the forces and who is killed or dies as the result of injuries received or disease contracted or aggravated while on active service, if such member was without dependent children and unmarried, or a widower, shall be entitled to a pension of Class 3.

24. If a member of the forces to whom a pension has been granted in either Class 1 or in Class 2 dies, leaving a wife to whom he was married at the time of his incurring the disability in respect of which his pension was granted, or a woman occupying at said time the position of a wife within the purview of Regulation 13, or leaving children by such wife or woman, the pension for the Class next below that granted the said member shall be given said wife or woman, and the allowance on behalf of any child or children shall be continued subject to the restrictions as to age as provided by Regulation 19. On the marriage of the wife or woman her pension shall cease, but she shall be entitled then to a gratuity equivalent to one year's pension.

25. Pensions to widows and allowances to children shall take effect from the day following that on which the death of the member of the forces in respect of whom said pension is granted occurred, and a gratuity equivalent to two months' pension, or two months' allowance, shall be paid the first month in addition to the pension.

26. Subject to the approval of the Governor-in-Council the Commission may make such rules as it deems necessary for carrying out these regulations and the other duties assigned to it.

27. These regulations shall only apply to or in respect of members of the forces serving in the Canadian Expeditionary forces during the present war; and shall be deemed to have come into force on the fourth day of August, 1914, and shall apply to or in respect of all casualties occurring in the said forces since the said fourth day of August.

# POSTAL INFORMATION

*For List of Officials of Post Office Department, see Dominion Government.*

## War Tax on Letters and Post Cards.

A war tax of one cent each, in addition to postage, is imposed on all letters mailed in Canada, except those which are subject to the postage rate of 5 cents for the first ounce and 3 cents for each additional ounce or fraction of an ounce, and on all post cards bearing written communications mailed in Canada addressed to places in Canada, the United States or Mexico. Letters and post cards subject to war tax on which the tax is not prepaid will not be forwarded.

## Letter Rates, &c.

*Canada.*—Letters posted in Canada, addressed to any place within the Dominion, 2 cents per oz. If unpaid, such letters cannot be forwarded, but will be sent to the Dead Letter Office. If partially prepaid, the letter will be forwarded to its destination and double the deficiency charged on delivery. Letters mailed at any office for delivery at or from the same office are charged 1 cent per oz., and must be at least partially prepaid; otherwise they are sent to the Dead Letter Office. All postage must be prepaid by postage stamps.

*Post Cards.*—From any place in Canada to any place in Canada or to the United States or Mexico, 1 cent each. British and Foreign, 2 cents each.

*Private Post Cards.*—Besides the Post Cards issued by the Post Office Department, pictorial and other cards of private manufacture duly prepaid by means of postage stamps may be mailed in Canada for delivery within Canada or for transmission to other countries. Private Post Cards for delivery in Canada, U. S. and Mexico, must not exceed a size of 6 inches in length by  $3\frac{5}{8}$  inches in width, nor be less than  $3\frac{1}{4}$  inches in length by  $2\frac{1}{4}$  inches in width. Cards for other countries must not exceed  $5\frac{1}{2}$  inches in length by  $3\frac{3}{4}$  inches in width, nor be less than 4 inches in length by 3 inches in width. Cards of dimensions not conforming to these regulations are treated as insufficiently paid letters if they bear written communications.

The right-hand half of the face of the ordinary official post cards and of private post cards is to be strictly reserved for the address, postal directions and postage stamps. The left-hand half of the face and the entire back of the card are available for the purposes of the sender, subject to restrictions as to attaching articles to post cards.

Cards bearing the title "Post Card" or its equivalent are admitted to the mails at the rate for printed matter provided they conform to the general regulations respecting printed papers.

*United Kingdom and British Possessions and Protectorates.*—Postage on Letters, 2 cts. per oz.

*Foreign Countries, except United States and Mexico.*—Postage on Letters, 5 cents for a letter weighing one ounce or less. For letters weighing over one ounce 5 cts. for the first ounce and 3 cts. for each subsequent ounce or fraction of an ounce.

*United States and Mexico.*—The rate on letters to the United States and Mexico is the same as in Canada, and at least one rate (2 cents) must be prepaid.

Double the deficient postage is charged on all unpaid or insufficiently paid letters for other countries except the United States and Mexico. Only the deficient postage is collected on over-weight letters for the U. S. and Mexico which are prepaid one rate.

*Express or Special Delivery Letters.*—Arrangements have been made for the delivery by special messenger daily, except Sunday, between 7 a.m. and 10 p.m., of letters bearing, in addition to the usual prepayment of two cents an ounce, a "Special Delivery" stamp of the value of 10 cts. or ordinary postage stamps of the value of 10 cts., and the words "Special Delivery" legibly written on the upper left hand corner of the envelope, addressed to the following cities in Canada: In Ontario—Belleville, Brantford, Brockville, Chatham, Fort William, Galt, Guelph, Hamilton, Kingston, Kitchener, London, Niagara Falls, Ottawa, Owen Sound, Peterboro', Port Arthur, Sarnia, Stratford, Sault Ste. Marie, St. Catharines, St. Thomas, Toronto, and Windsor; in Quebec—Hull, Montreal, Quebec, St. Hyacinthe, Sherbrooke and Trois Rivières; in New Brunswick—Fredericton, Moncton and St. John; in Nova Scotia—Annerst, Halifax and Sydney; in Manitoba—Brandon and Winnipeg; in Saskatchewan—Moose Jaw, Prince Albert, Regina and Saskatoon; in Alberta—Calgary, Edmonton, Lethbridge, Medicine Hat and Strathcona; in British Columbia—New Westminster, Vancouver and Victoria; in P. E. Island—Charlottetown. The "Special Delivery" stamp of the value of ten cents may be obtained at any Money Order post office.

Fully paid registered letters bearing "Special Delivery" stamps or ordinary stamps of the value of

10 cts., in addition to the postage and registration fee and the words "Special Delivery," come under the operations of this scheme of special delivery.

*International Reply Coupons.*—Persons desiring to prepay replies to letters addressed to correspondents in almost all Postal Union Countries, can purchase at any Post Office in this Country coupons exchangeable for postage stamps of the value of 25 centimes (5 cents), at the price of 6 cents.

### Registration.

Persons posting letters containing value should be careful to require them to be Registered, and to obtain from the Postmaster a certificate of receipt for Registration.

The charge for Registration in addition to the Postage is, on all classes of matter, five cents.

Both the Postage charge and Registration fee should, in all cases, be prepaid by stamp.

Registration is not an absolute guarantee against the miscarriage or loss of a letter; but a Registered Letter can be traced where an Unregistered Letter can not, and the posting and delivery or non-delivery can be proven.

The sender of a registered article for delivery in Canada or in any other Postal Union Country, can obtain an acknowledgment of its receipt by the addressee at a cost of 5 cents in addition to the ordinary postage and registration fees.

### Indemnity for Registered Articles.

*Domestic*—(1) In case of the loss in the Postal Service of a registered article posted in Canada for delivery in Canada the addressee, or at the request of the addressee, the sender, is entitled to an indemnity, which in no case shall exceed twenty-five dollars, or the actual value of the lost registered article when the same is less than twenty-five dollars, provided no other compensation or reimbursement has been made therefor.

(2) The indemnity will be paid, provided the loss of the registered article is reported to the Department within one year of the date of posting, upon receipt of sworn statements of the persons concerned,—

(a) that according to the best of knowledge and belief the registered article has been lost in the mails.

(b) as regards the value of the contents of the lost registered article.

(c) as regards the ownership of the same.

(3) No indemnity is given for a registered article which has not been entirely lost in the mails.

(4) No indemnity is given for an article upon which the registration fee has not been paid.

*British and Foreign.*—Except in cases beyond control (e.g., tempest, shipwreck, earthquake, and war), the Postal Administrations of all countries and Colonies included in the Postal Union undertake to pay an indemnity of 50 francs (\$10) when it is proved to their satisfaction that a letter or packet duly admitted to Registration has been entirely lost whilst in their custody.

### 1. Newspapers and Periodicals.

Newspapers and periodicals printed and published in Canada and posted from the office of publication.

The general postage rate on newspapers and periodicals printed and published in Canada not less frequently

than once a month, mailed by the publishers at the post office in the place where they are published, and addressed to regular subscribers or to newsdealers (not resident in the place of publication) in Canada, Mexico, the United Kingdom, and (provided they can be forwarded by direct mail steamers or *via* England) in the following British Possessions:—Barbados, Bermuda, British Guiana, Ceylon, Cyprus, Falkland Islands, Fiji, Gambia, Gibraltar, Hong Kong, Jamaica, Leeward Islands, Malta, Mauritius, Newfoundland, New Zealand, Northern Nigeria, Sarawak, Seychelles, Sierra Leone, Southern Nigeria, State of North Borneo, Trinidad and Tobago, Turk's Islands, Union of South Africa (comprising the Provinces of British Bechuanaland, Cape of Good Hope, Natal, Orange Free State and Transvaal), and Zanzibar, is a bulk rate of  $\frac{1}{4}$  cent per pound. The following exception, however, is to be noted:—Newspapers and periodicals published not *more* frequently than once a week and not *less* frequently than once a month, are entitled to pass free to regular subscribers and newsdealers in Canada within a circular area of 80 miles in diameter, having as centre either the place of publication or any established Post Office not more than 40 miles distant therefrom, the choice of a centre within these limits resting with the publisher; and such newspapers and periodicals may also be delivered free to subscribers at the office at which they have been posted, except in cities where the letter carrier system is established. In the latter case ordinary transient newspaper rates are charged.

Copies of legitimate daily newspapers can be mailed by the publishers in Canada to regular subscribers and newsdealers in the United States on prepayment in cash at the rate of 1 cent per pound or fraction thereof. Other newspapers and periodicals sent to the United States either by publishers or other individuals are subject to the rate of 1 cent per 4 ounces.

The postage on *bona fide* specimen newspapers, and on papers and periodicals published less frequently than once a month, is 1 cent per lb.

### 2. British and Foreign Newspapers posted by Newsdealers in Canada.

British and foreign publications as well as Canadian publications, if authorized by the Department may be posted by newsdealers in Canada to subscribers in Canada or Mexico at the rate of 1 cent per lb. They cannot however be posted at that rate for local delivery at places where there is a free letter carrier service. Newsdealers may also post recognized Canadian newspapers and periodicals to regular subscribers in the United Kingdom and British Possessions as mentioned above, at the bulk rate of 1 cent per pound.

### 3. Transient Newspapers.

Transient newspapers and periodicals include all newspapers and periodicals posted in Canada, other than Canadian newspapers sent from the office of publication, and British, Canadian and foreign newspapers posted by newsdealers. When addressed to any place within the Dominion, the United States or Mexico, and, when published in Canada, and addressed to any place in the

United Kingdom, or British Possessions as mentioned above, they must be prepaid the following rate by Postage Stamp:—

One cent per four oz. or fraction of four oz.

To countries other than those mentioned above the rate is one cent for two oz. or fraction thereof.

Transient newspapers and periodicals not published in Canada are subject to the ordinary printed matter rate of 1 cent per 2 ozs. when addressed to the United Kingdom or British Colonies.

#### Books, etc.

A Book Packet may contain any number of separate books. Limit of weight for domestic post, 5 lbs. (unless consisting of a single book, in which case a weight of 10 lbs. is allowed); for British and foreign post, 4 lbs. 6 ozs. Limit of size, domestic: 30 inches in length by 1 foot in width or depth, but a length of 3 feet 6 inches will be allowed, provided the combined length and girth do not exceed 6 feet; British and foreign: 18 inches in any direction, unless in the form of a roll, when a length of 30 inches is allowed provided the diameter does not exceed 4 inches.

Book packets must be open at *both ends or both sides*, and must not contain any letter or sealed inclosure.

Books for the use of the blind are free of Canada postage, and correspondence passing between blind persons in raised characters is chargeable at the rate of 1 cent per 2 ozs.

The rate on Book Packets for delivery in Canada, Great Britain, the United States and all Postal Union Countries, is 1 cent per 2 ozs.

#### Certain Miscellaneous Matter.

Miscellaneous matter, described as under, may pass between places in the Dominion of Canada upon prepayment of the rates indicated below. The regulations do not admit of the transmission by mail to the United Kingdom (or other countries beyond the sea) of miscellaneous matter as such; but a great part of the matter referred to under that head may be forwarded to the United Kingdom and other countries at the rate applicable to books, etc.:—

Matter (other than newspapers and periodicals), wholly in print without reference to process, such as circulars, catalogues, calendars, hand-bills, books, pamphlets, printed forms, maps, prints, drawings, plans (without written specifications) engravings, lithographs, photographs (when not on glass or in cases containing glass, official or private post cards in quantities, sheet music (whether printed or written) instruction books in music, visiting cards, the manuscript of books or newspapers (whether hand-written or type-written) indented or perforated sheets of paper containing characters which can be read by the blind, botanical entomological and mineralogical specimens and the following partly-written and partly-printed matter:—militia and school returns, customs manifests, voters' lists, school or college examination papers, printers' proof sheets with corrections, exhibition entry tickets, municipal assessment rolls, Dominion and Provincial Government returns on official blanks, and all Dominion and Provincial Government documents, statute labor returns and municipal returns in general, etc., on which the rate of postage is

1 cent for each 2 ozs. or fraction thereof. To come within this class the material printed upon must be either paper, cardboard or parchment.

Circulars are communications in print, or produced by a multiplying process easy to recognise, but not direct from a typewriting machine, which are issued in identical terms to several individuals. A circular may, without becoming liable to a higher rate of postage, have a written date and signature, and may have the name of the addressee repeated in writing inside. Reproductions of imitations of hand or typewritten matter, in order to be accepted as circulars, must be handed in at the post office wicket, in a number not less than twenty identical copies, separately addressed. Failure to comply with either of these conditions will subject the article to letter rate of postage.

Writing paper specially prepared for the use of the blind transmitted from a recognized Institution for the Blind in Canada to blind persons for their own use is allowed to pass at the rate of 1 cent for each 4 ozs. or fraction thereof; but before any Institution can post such paper at the above rate the Post Office Department at Ottawa must be satisfied as to its claim to be considered an Institution for the Blind.

No letter or other communication intended to serve the purpose of a letter must be sent or inclosed in any such package or thing mentioned, and the same must be sent in covers open at the ends or sides, or otherwise so put up as to admit of the contents being, if necessary, easily withdrawn for examination by the officers of the Post Office to ensure compliance with this provision (if enclosed in sealed envelopes notched at the ends or sides, or with the corners cut off, letter rate of postage will be charged).

The limit of weight for a packet of miscellaneous matter is 5 lbs., and the general limit of size is 30 inches in length by 12 inches in width or depth, but a length of 3 ft. 6 in. is allowed, provided that the combined length and girth of any packet do not exceed 6 feet.

Legal and commercial papers generally are liable to *letter rate* of postage when posted for delivery within the Dominion of Canada.

Printed or written *requests for return* are recognized on books, miscellaneous matter, samples and parcels of merchandise, addressed to places within the Dominion, and same will be *returned direct to the sender*, subject to the payment by the sender, on delivery to him through the Post Office, of the full amount of postage to which the article was in the first place liable, together with any charges rated thereon on account of any deficiency in the original prepayment.

#### British and Foreign Post—Commercial Papers.

"Commercial Papers" are understood to comprise all papers or documents written or drawn wholly or partly by hand (except letters or communications of the nature of letters or other papers or documents having the character of an actual and personal correspondence), documents of legal procedure, deeds drawn up by public functionaries, copies of or extracts from deeds under private seal and (whether written or printed on stamped or unstamped paper) way bills, bills of lading, invoices and other documents of a mercantile character, documents of insurance and other public companies, all

kinds of manuscript music, the manuscript of books and other literary works, also open letters and post cards of ancient date which have already fulfilled their original purpose and pupils' exercises in original and corrected form but without any comment on the work. The rate is 1 cent per 2 ozs., but each packet must have a minimum prepayment of 5 cents; this prepayment will cover a weight of 10 ozs. No packet must exceed 18 inches in any direction unless in the form of a roll, when a length of 30 inches is allowed, provided the diameter does not exceed 4 inches. The weight must not exceed 4 lbs. 6 ozs.

#### Samples within the Dominion.

Samples of Merchandise and Goods for sale, not having saleable value and not exceeding 12 ozs. in weight, may be posted in Canada, to be forwarded to any place within the Dominion, on prepayment by Postage Stamp of a rate of 1 cent for each 2 ozs. or fraction thereof under the following regulations:

If insufficiently prepaid the packet will be forwarded charged with double the deficient postage, provided at least 1 cent is prepaid.

Packages of Samples addressed to any place in Canada, may be registered by affixing thereto stamps to the value of 5 cents in addition to the postage rate, and provided such packet be handed into the Post Office for registration.

Samples must be sent in covers open at the ends, so as to be easy of examination. Samples, however, of seeds, drugs, &c., which cannot be sent in open covers, may be enclosed in bags of linen, or such like material, fastened in such a manner that they may be readily opened.

There must be no writing upon or in any packet of samples, except the address of the person for whom it is intended, the address of the sender, a trade mark or number and the price of the articles, or such words as may be necessary to indicate precisely the origin and nature of the merchandise.

Articles of saleable value even when intended to serve as samples are not admissible at sample rate.

Goods sent for sale or in execution of an order, however small the quantity may be, or any article sent by one private individual to another, which are not actually trade samples, are not admissible.

Liquids, oils, etc., may be sent by mail in the Dominion if put up carefully in strict accordance with the directions given in the Postal Guide and ascertainable at any post office.

#### Samples for United Kingdom, United States and Foreign Countries.

Samples of Merchandise, when addressed to places in the United Kingdom, must not exceed 5 lbs. in weight; to the United States, Mexico, and other foreign countries, 12 oz.; and must be prepaid by postage stamp at the following rates:—For the United States and Mexico 1 cent for each 2 oz. or fraction of 2 oz.; for the United Kingdom and other countries:—1 cent per 2 oz. or fraction of 2 oz., with a minimum prepayment of 2 cents covering a weight of 4 oz.

Samples of liquids, oils, glass, etc., are admitted as samples provided they are put up in strict accordance with the directions given in the Postal Guide.

#### Parcel Post in Canada.

Articles of Mail Matter acceptable at Parcel Post rates include farm and factory products, merchandise of all descriptions such as dry goods, groceries, hardware, confectionery, stationery (including blank books, etc.), seeds, cuttings, bulbs, roots, bedding plants, scions or grafts, and all other matter not included in the first class, and not excluded from the mails by the general prohibitory regulations with respect to objectionable matter.

Parcels containing intoxicating liquors or explosives are expressly prohibited.

The rates of postage on articles accepted for transmission by Parcel Post are as follows:

(a) Five cents for the first pound and 1 cent for each additional pound or fraction thereof, up to four pounds, and 2 cents for each subsequent pound up to eleven pounds within a radius of twenty miles from the place of mailing, irrespective of Provincial boundaries.

(b) Ten cents for the first pound and 4 cents for each subsequent pound or fraction thereof, for all points in the Province in which a package is posted, outside of the twenty mile radius.

(c) Ten cents for the first pound and 6 cents for each additional pound or fraction thereof, for all points outside the Province in which a parcel is posted, and beyond the twenty mile radius, with an additional charge of 2 cents a pound for each Province that has to be crossed to the destination of the parcel, not including the Province in which it is to be delivered up to a maximum of 12 cents a pound.

The three Provinces, Nova Scotia, New Brunswick and Prince Edward Island, are to be considered as one zone.

An additional charge to meet the extra cost of transportation will be made on parcels addressed to or posted at offices in certain outlying districts when such parcels have to be conveyed more than 100 miles by a continuous stage service, such districts to be designated by the Postmaster General.

The charge on any parcel shall not be greater than 1 cent an ounce.

The postage on Parcel Post packets must be prepaid by means of postage stamps securely affixed to the parcels.

An insufficiently prepaid Parcel Post packet is forwarded to destination subject on delivery to payment of double the deficiency, provided at least 1 cent is prepaid. After the additional postage required on any short paid parcel has been collected from the addressee, "postage due" stamps are to be affixed to the parcel and cancelled by the Postmaster.

Parcel Post packets totally unpaid will be sent to the Branch Dead Letter Office.

Parcels must be prepared for mailing in such manner that the contents can be easily examined.

It is desirable that the sender's address should appear either inside the parcel or on the cover. This must be kept distinct from the address proper.

Parcels are, when re-directed, chargeable with additional postage at the rate which would have been chargeable had they been originally mailed from the office of re-direction to the new address, except in cases where the original and the re-directed addresses are both within the delivery of the same Post Office.

The limit of weight for a Parcel Post packet is eleven pounds, and the general limit of size is thirty inches in length by one foot in width or depth, but parcels will be accepted up to 3 ft. 6 in. in length, provided that the combined length and girth do not exceed six feet.

Further information respecting the domestic Parcel Post regulations is obtainable at any Post Office.

#### Merchandise for United States.

There is strictly speaking no Parcel Post service from Canada to the United States, but packets of merchandise open to inspection, and not exceeding 4 lbs. 6 oz. in weight, may be posted in Canada for any place in the United States, at the rate of 1 c. for each ounce or fraction of an ounce, to be prepaid by postage stamps. Articles thus sent are subject to customs examination on arrival in the United States, and to the collection of any duty to which they may be found liable.

#### Parcel Post with the United Kingdom, Newfoundland and other British Colonies and Foreign Countries.

Closed parcels may be exchanged with the United Kingdom, Newfoundland and most foreign countries and British colonies under the following Regulations:—

1. Every Parcel must be fully prepaid by postage stamps.
2. The dimensions of a Parcel addressed to the United Kingdom must not as a general rule exceed 30 inches in length or 1 foot in width or depth, nor must the combined length and girth of any parcel exceed 6 feet, a length of 3 feet 6 inches is allowed, however, in the case of parcels containing articles such as golf sticks, umbrellas, etc. The dimensions of a Parcel addressed to countries other than the United Kingdom must not exceed 2 feet in length by 1 foot in width or depth. There are some exceptions to this rule, as may be ascertained at any Post Office.
3. A Parcel must not contain a letter or any writing in the form of a letter, or any explosive, combustible, or dangerous articles.
4. All Parcels must be securely and substantially packed and closed.
5. Oils, liquids, etc., can only be forwarded if put up with the same security required in connection with their transmission as samples in the ordinary mails. Fragile articles should be packed with special care.

6. Each Parcel must be plainly directed, and such direction must include the name and full address of the person for whom the parcel is intended.

7. For each Parcel the sender must fill up a Customs Declaration. On this form the sender will supply an accurate statement of the contents and value of the Parcel; also the address thereof, with signature and place of abode of the sender. The Customs Declaration must be securely affixed by mucilage or paste to the parcel to which it relates.

Parcels from the United Kingdom or any other place beyond the Dominion will be liable to Canadian Custom duties, and under existing regulations must be examined for the purpose by an Officer of the Customs *in the presence of the persons addressed*.

Rates and limits of weight vary. See Postal Guide, or enquire at Post Office.

Parcels must be handed to the Postmaster; in no case should they be dropped into a letter box or other receptacle for mail matter.

#### Prohibited Articles.

All explosive, dangerous or destructive substances, glass bottles or glass in any form liable to break, and all matter subject to speedy decay, all obscene or immoral books, publications, pictures, etc., libellous post cards and letters the covers of which bear words of an offensive character, and letters and circulars relating to illegal lotteries or other fraudulent schemes

#### Useful Hints.

Register all valuable letters. Transmit money by Postal Notes or Money Orders. Make complaints and inquiries in writing, and address the Postmaster General at Ottawa. Preserve, and request correspondents to preserve, envelopes of missent or delayed letters. Send to the Postmaster General envelopes of letters about which you seek information or make complaint. In addressing letters add the name of the *County* and *Province* in which the office addressed is located. Place stamp on the right-hand upper corner of the address side. Put your own name and full address in or on letter, to insure return if it cannot be delivered. In affixing postage stamps moisten the envelope, *not the stamp*. When stamps are moistened the gum is apt to be removed.

#### Post Office Money Orders.

Owing to the continuation of the European War, money order business remains suspended with Austria, Belgium, Germany, Hungary, and any of the countries and places served through those countries, also with Constantinople and Luxemburg.

In view of this fact and also of the fact that the regulations may be still further changed, the usual Table of Foreign Money Orders is omitted from this year's Almanac.

# STEAMSHIP AND STEAMBOAT LINES

## IN THE DOMINION OF CANADA.

NOTE.—The numbers opposite each line of steamboats correspond with the numbers used in the list of Post Offices and Railroad Stations following. Inasmuch as steamboat lines are not fixed as are railroads but are constantly changing, **this list must be used by shippers and travellers with caution.**

*a* This mark signifies that the line is subject to interruption by the Seasons—Winter in some parts of the country, low water in other parts; “d” or “Daily” means every day except Sunday.

POST OFFICES AND RAILROAD STATIONS  
IN THE DOMINION OF CANADA.

The Offices printed in *Italics* are authorized to issue and pay Money Orders and Postal Notes. The Offices marked \* are Savings Bank Offices. † Places marked thus are not Post Offices. Capital letters on right of the Electoral District column indicate the several Provinces of the Dominion, thus:—O, Ontario; Q, Quebec; N S, Nova Scotia; N B, New Brunswick; P E I, Prince Edward Island; M, Manitoba; B C, British Columbia; Alta, Alberta; Sask, Saskatchewan.

The numbers and names placed opposite every place indicate the Railroad or Steamship line on which the place or nearest railway station is situated. See list of Railroads and Steamboats on pages 180 to 185. For Express Companies, see pages 174 to 178.

## THE IMPERIAL SERVICE ORDER.

This civil order of distinction was instituted by King Edward VII, August 8, 1902, to more fully recognize the faithful and meritorious services rendered by members of the Civil Services of the various parts of the Empire. The following is a synopsis of the statutes relating thereto:—

- (a) Name.—The Imperial Service Order.
- (b) Consists of the Sovereign, the Prince of Wales, and such Companions as may be appointed.
- (c) Only members of the administrative or clerical branches of Civil Services are eligible to Companionships.
- (d) Number of Companions.—Limited to 425, of whom 250 for the home Civil Service and 175 for Civil Services of Colonies and Protectorates.
- (e) Eligibility.—At least twenty-five years' meritorious service. In Colonies or Protectorates recognized as unhealthy, it is reduced to sixteen years. The periods are not compulsory in special cases of *eminently* meritorious service.
- (f) Description of decoration.—A badge or medallion of gold and enamel, bearing on one side the Imperial and Royal Cypher, and on the reverse "For Faithful Service," both in dark blue enamel on a plaque or shield of Gold, surrounded by a wreath of laurel, surmounted by the Imperial Crown.
- (g) Decoration to be worn on left breast suspended by a ribbon one inch wide.
- (h) Names of those upon whom the decoration is conferred will be published in the *London Gazette*.
- (i) Companions have the privilege of adding the letters "I.S.O." after their names.
- (j) Members of this order are not deprived of eligibility to other orders of knighthood, and *vice versa*.

### THE IMPERIAL SERVICE MEDAL.

It is also provided that members not eligible for companionships in the Imperial Service Order may, on retirement after service of twenty-five years or sixteen years, as above explained, receive the "Imperial Service Medal," which is of silver and of a design similar to that of the badge of Companions of the Imperial Service Order.

The following Canadians have been made Companions of that Order:—

## THE DISTINGUISHED SERVICE ORDER.

This Naval and Military Order of Distinction was instituted by Queen Victoria, September 6th, 1886, as a means of rewarding individual instances of meritorious or distinguished service in war.

Synopsis of the statutes relating thereto:—

(1) This Order is designated the "Distinguished Service Order."

(2) It consists of the Sovereign, and of such Companions as the Sovereign shall appoint.

(3) The Kings and Queens Regnant of the United Kingdom of Great Britain and Ireland, Emperors and Empresses of India, are Sovereigns of the Order.

(4) No person is eligible for this distinction who does not actually hold, at the time of his nomination, a Commission in the Navy, in Land Forces, of Marines, or in the Indian or Colonial Naval or Military Forces, or a Commission in one of the Departments of the Navy or Army, the holder of which is entitled to Honorary or Relative Rank, nor may any person be nominated unless his services shall have been marked by the especial mention of his name, by the Admiral or Senior Naval Officer commanding a Squadron or detached Naval Force, or by the Commander-in-Chief of the Forces in the Field, in despatches for meritorious or distinguished service in the Field, or before the enemy.

(5) Foreign Officers who have been associated in Naval and Military operations with the British Forces are eligible to be Honorary Members of this Order.

(6) Appointment is made by Warrant under Royal Sign Manual, and countersigned by one of the Principal Secretaries of State.

(7) This Order ranks next to and immediately after the Order of the Indian Empire, and the Companions take precedence immediately after the Companions of the said Order of the Indian Empire and shall rank among themselves according to the dates of their respective nominations.

(8) The Badge of the Order consists of a gold cross, enamelled white, edged gold, having on one side, in the centre, within a wreath of laurel, enamelled green, the Imperial Crown in gold, upon a red enamelled ground, and on the reverse, within a similar wreath and on a similar red ground, the Imperial and Royal Cypher V.R.I., and is suspended from the left breast by a red riband, edged blue, of one-inch in width.

(9) The names of these upon whom the decoration is conferred are published in the London *Gazette*, and a registry thereof is kept in the office of the Secretary of State for War.

## ORDERS OF KNIGHTHOOD. &amp;c.

The Order of Baronets, the lowest hereditary rank, was instituted in 1611; a Baronet is designated "Sir John Smith, Baronet"—usually written Bart. Taking precedence of Baronets are members of The Most Honourable Privy Council, who are addressed "Right Honourable."

The Order of the Bath, instituted in 1399, and revived in 1725, is divided into three classes—Knights Grand Cross, G.C.B.; Knights Commanders, K.C.B.; and Companions, C.B.

The Order of St. Michael and St. George, instituted in 1818, has also three classes—G.C.M.G., K.C.M.G., and C.M.G.

The Royal Victorian Order, instituted in 1896, has five classes—G.C.V.O., K.C.V.O., C.V.O. Members 4th and 5th classes—M.V.O.

In all Orders of Knighthood the Knights Grand Cross and the Knights Commanders have the prefix "Sir" with the initials of their class following the name. Companions and Members bear no title, but have the letters C.B., C.M.G., M.V.O., as the case may be, attached to their names.

Knights Bachelors are gentlemen unconnected with any order who have received the honour of Knighthood, and are entitled to the prefix "Sir" and to "Knt." after name. They wear no insignia, and rank immediately after Knights Commander of the Victorian Order.

It follows that members of any order of Knighthood may be entitled to several prefixes and affixes, as: Field Marshal The Rt. Hon. Earl Roberts of Kandahar, Pretoria, and Waterford, K.G., K.P., G.C.B., G.C.S.I., G.C.I.E., &c.; The Rt. Hon. Sir Wilfrid Laurier, G.C.M.G.

## REGULATIONS REGARDING THE WEARING OF ORDERS, MINIATURE DECORATIONS AND MEDALS WITH EVENING DRESS.

In amplification of the Regulations issued by the Lord Chamberlain's Office on the 13th June, 1912, His Royal Highness the Governor General has been pleased to authorize the following special regulations for the Dominion of Canada.

1. Orders, Miniature Decorations and Medals will be worn with evening dress on the following occasions:—

- (a) On all State occasions when the Governor General or Administrator is present.
- (b) At dinners and evening parties given by the Governor General or, in his absence, by the Administrator.

(c) At all official military dinners not covered by existing regulations.

2. Orders, Miniature Decorations and Medals may be worn with evening dress on the following occasions:—

- (a) At the Opening and Prorogation of Provincial Legislatures.
- (b) On all official occasions at the residence of the Lieutenant Governor of a Province, within that Province.

3. The above are the only occasions when Orders, Miniature Decorations, and Medals will be worn with evening dress.

**CLIMATE OF SASKATCHEWAN.**

The southern half of this province is almost wholly prairie land, and it is only to the northward of the Saskatchewan River that any extensive forest areas are found. The climate is similar to that of Manitoba, except that in the southwestern portion spring sets in somewhat earlier than north and east, and in mid-winter the chinook effects of the mountains extends at times even as far east as Regina. Up to the end of April the temperature of southern Saskatchewan is somewhat higher than in Manitoba, but from May onward through the summer it is a little lower, and remains so until December. Reference to the Regina summary will show that the tendency to temperature extremes is even greater in Saskatchewan than in Manitoba, an absolute maximum of 107° and a minimum

of -56° having been registered. The mean daily range of temperature during the summer months is here, as in the other prairie provinces, very large, amounting to between 25 and 28 degrees; occasionally during both early June and the latter half of August the temperature goes dangerously near the freezing point, and there are several instances on record of considerable damage by frost to unripened crops. The mean total annual precipitation is from 14 to 18 inches, of which amount nearly 60 p.c. falls in the growing season, May to August. The snowfall is from 30 to 36 inches in western and southern districts and from 10 to 15 inches greater in the east and north.—R. F. Stupart, F.R.S.C., in *Canada Year Book*.

## CHRONOLOGY OF THE WAR.

The winter of 1916-17 was the hardest period of the war for the Allies, and in the early spring the Teutonic Powers reached the greatest height of their accomplishment. In the latter part of February, the Germans began the fruitless attacks on Verdun, attacks in which their losses both of men and prestige were enormous. In the summer, the hopes of the Allies were raised by the advances made on the West front; but wintry weather, making impossible further advances, closed in before any great amount of territory could be wrested from the enemy. The year ended with Roumania, which entered the war in August, largely in the hands of the Germans, this campaign representing their one outstanding success during 1916. The Italians, in their long fight in the difficult country to the north, achieved slow but steady success, and the rehabilitation of both the Serbian and the Belgian armies were noteworthy features of the war history of the year.

### DECEMBER, 1915

- 1—Germany sends a large army into Montenegro. British retreat down Tigris from Bagdad.
- 2—Serbs leave Monastir.
- 3—Germans bombard Thann. United States Government demands recall of Boy-Ed and von Papan, German attaches, on account of their complicity in plots for destruction of munition plants.
- 4—Italians repulse Austrians at Mizil. Peace party financed by Henry Ford sails from New York on *Oscar II*.
- 5—Italians attack Austrians at Gorizia.
- 6—United States sends note to Austria on the sinking of the Ancona.
- 7—Germans gain trench in Champagne.
- 8—Conquest of northern Serbia by Teutons announced to be complete.
- 9—Italians renew bombardment of Gorizia. British losses to date, as announced, 525,227.
- 10—French cruiser takes Germans from American S.S. *San Juan*. French make slight gains in Champagne. Anglo-French forces evacuate Serbia.
- 11—Lord Derby's recruiting plan brings number of British volunteers to 4,000,000. Russians repulsed at Volhynia.
- 12—Italians make gain west of Riva.

## COPYRIGHT IN CANADA.

The law of copyright in Canada is to be found in the Revised Statutes of Canada, 1906, Chapter 70, which embodies the provisions of the original Act. Its leading features may be briefly summarized as follows:—

Any person domiciled in Canada, or in any part of the British Possessions, or any citizen of any country which has an International Copyright Treaty with the United Kingdom, who is the author of any book, map, chart or musical composition, or of any original painting, drawing, statue, sculpture or photograph, or who invents, designs, etches, engraves or causes to be engraved, etched, or made from his own design, any print or engraving, and the legal representatives of such person or citizen, shall have the exclusive right to print, reprint, publish, reproduce and sell such works or compositions in whole or in part, and of allowing translations to be printed, reprinted or sold. Sec. 4.

Exception is made as to immoral, licentious, irreligious, treasonable and seditious literary, scientific or artistic work which is not the legitimate subject of such registration or copyright. Sec. 7.

The right of copyright endures for twenty-eight years from the time of recording the copyright. After the expiration of twenty-eight years the copyright may be extended for a further term of fourteen years to the author if he is alive, or if he is dead, to his widow or child or children, but in such case the title of the work secured must be a second time registered and all other conditions fulfilled which are required in regard to original copyrights, and the author or proprietor must publish a notice of such registration once in the *Canada Gazette*. Secs. 19, 20 and 43.

In no case shall the said sole and exclusive right and liberty in Canada continue to exist after it has expired elsewhere. Sec. 5.

A subsequent edition need not be registered unless it contains very important alterations or additions. Sec. 13.

The conditions for obtaining such copyright are:—

(1) That such literary, scientific or artistic work shall be printed and published, or reprinted and republished in Canada, or in the case of works of art, that they shall be produced or reproduced in Canada. Sec. 49.

(2) In the case of paintings, drawings, statuary and sculpture, a written description must be furnished to the Minister of Agriculture. In the case of books, maps, charts, musical compositions, photographs, prints, outs and engravings, three copies must be furnished to the Minister, one of which is deposited in the library of

the Parliament of Canada, and one in the British Museum. Secs. 11 and 12.

(3) The statutory fee must be paid to the Minister of Agriculture. Sec. 24.

(4) There must be inserted in the several copies of every edition on the title page, or on the page immediately following, if it is a book, or if it is a map, chart, musical composition, print, cut or engraving, or photograph, there must be impressed on the face thereof, or if it is a volume of maps, charts, music, engravings or photographs, upon the title page or frontispiece thereof the word, "Copyright, Canada, 19.. (year of registration), by (name of copyright proprietor)," but as regards paintings, drawings, statuary, and sculpture, the signature of the artist is deemed a sufficient notice of such proprietorship. Sec. 14.

A temporary copyright may be obtained when a literary work intended to be published in pamphlet or book form is being first published in separate articles in a newspaper or periodical. The title of the manuscript and a short analysis of the work must be deposited at the Department, and every separate article so published must be preceded by the words, "Registered in accordance with the Copyright Act." Sec. 9.

Temporary copyright secures to the proprietor all the privileges granted by the Copyright Act during the time of preliminary publication. Before being published, however, in book form, the work must be registered. Three copies of the work must be deposited with the application form and the fee.

An interim copyright may be obtained by the author of any literary, scientific or artistic work, or by his legal representatives pending the publication or republication thereof in Canada, by depositing at the Department a copy of the title or designation of such work intended for publication or republication in Canada, but such interim registration does not endure for more than one month from the date of the original publication elsewhere within which period the work must be printed or reprinted and published in Canada. Sec. 15.

The following fees are payable to the Minister of Agriculture:—On registering a copyright \$1.00. On registering an interim copyright 50 cents. On registering a temporary copyright 50 cents. On registering an assignment \$1.00. Certified copy of registration 50 cents. Registering any decision of a court of justice, for every folio 50 cents, etc. Sec. 24.

An action for the recovery of any penalty provided by the Copyright Act must be commenced within two years after the cause of action arises. Sec. 44.

If a book, as to which there is subsisting copyright, under the Copyright Act, has been lawfully published in any part of the British Dominions other than Canada, and if the author has lawfully granted a license to reproduce in Canada an edition or editions of such book designed for sale only in Canada, the Minister may prohibit the importation into Canada of any copies of such book, except with the written consent of the licensee, provided that two copies may be specially imported for the *bona fide* use of any public free library or any university or college library, or for any library of any duly incorporated institution or society for the use of its members. Sec. 28.

An assignment of a copyright, whether as to the whole interest or a part thereof, must be made by an instrument in writing made in duplicate and registered at the department. Both duplicates must be sent to the Department of Agriculture with the statutory fee. One is retained at the department and the other is returned with a certificate of registration to the person depositing it. Sec. 17.

International copyright, regulated by the Berne Convention, 1886, modified by the Act of Paris, 1896, is binding in the following countries:—Great Britain, the British Dominions, Germany, Russia, Belgium, Spain, France, Haiti, Italy, Switzerland, Tunis, Luxembourg, Monaco, Denmark, Japan and Sweden. An author belonging to any one of the countries named has the same rights in the other countries as the laws of his own country allow him. An author not belonging to one of

the countries, who publishes for the first time in one of these countries, also has these rights. An author has the exclusive right of authorizing translations of his work during the entire period of his copyright in the country of origin of the work, but unless he has published such a translation within ten years the exclusive right ceases to exist. Serial stories and short stories are protected. Other articles are protected if the periodical bears upon it a general prohibition against translation; but political articles, news of the day and miscellaneous articles are not protected.

Under the Berne Convention the subject or citizen of a Union Country enjoys in Canada the same copyright protection as in his own country.

As to the existing arrangements between Great Britain and the United States with regard to the rights of citizens of each country to obtain copyrights in the other country, it is understood that a United States citizen can obtain copyright in Great Britain by simply exposing for sale a certain number of copies of his work on the day of publication within the British Empire, whereas the British citizen who desires to obtain a copyright in the United States has to have the type of his book set up in the United States and the book manufactured there.

Both the British Empire and the United States require first publication. Simultaneous publication in another country does not invalidate the copyright. Publications on the same day are treated as simultaneous.

The Rules and Forms respecting applications for copyright may be obtained at the Department of Agriculture, Copyright and Trade Marks Branch.

## PATENTS IN CANADA.

The Patent Office is a Branch of the Department of Agriculture, and the Minister of Agriculture for the time being is the Commissioner of Patents.

Any person who has invented any new and useful art, machine, manufacture or composition of matter, or any new and useful improvement in any art, machine, manufacture or composition of matter, which was not known or used by any other person before his invention thereof, and which has not been in public use or sale with the consent or allowance of the inventor thereof for more than one year previously to his application for patent therefor in Canada, may, on a petition to that effect, presented to the Commissioner, and on compliance with the other requirements of the Act, obtain a patent granting to such person an exclusive property in such invention.

No patent shall issue for an invention which has an illicit object in view, or for any mere scientific principle or abstract theorem.

Any person who has invented any improvement on any patented invention, may obtain a patent for such improvement; but he shall not thereby obtain the right of vending or using the original invention, nor shall the patent for the original invention confer the right of vending or using the patented improvement.

The Patentee or his legal representatives must, within two years from the date of the patent or an authorized extension thereof, commence and continuously carry on in Canada the construction or manufacture of the invention patented in such manner that any person desiring to use it may obtain it, or cause it to be made for him at a reasonable price at some manufactory or establishment for making or constructing it in Canada. If after twelve months from the granting of the patent, or an authorized extension thereof, the Patentee or his legal representatives imports, or causes to be imported, into Canada the invention for which the patent is

granted, such patent shall be void as to the interest of the person so importing.

The Commissioner, upon satisfactory cause being shown, may grant to the Patentee or his legal representatives an extension for a further term not exceeding one year beyond the twelve months during which he may import into Canada the invention; such application must be made within three months before the expiry of the said twelve months.

An Inventor obtaining a patent for his invention in a foreign country before obtaining a Canadian patent, may obtain the latter if same be applied for within one year from the date of the issue of the first foreign patent; and if within three months after the date of issue of a foreign patent the Inventor gives notice to the Commissioner of his intention to apply for a Canadian Patent for such invention, then no other person having commenced to manufacture the same device in Canada during such period of one year shall be entitled to continue the manufacture of the same after the Canadian patent has been obtained without the consent or allowance of the inventor.

Upon application for a patent, or within six months after issue of the patent, the Commissioner may order that, instead of the above provisions as to manufacture in Canada within two years, such patent shall be subject to the following conditions:—Any person, while the patent continues in force, may apply to the Commissioner for a license to make, construct, use and sell the patented invention, and if the Commissioner is satisfied that the reasonable requirements of the public have not been satisfied by reason of the neglect or refusal of the Patentee or his legal representatives to make, construct, use or sell the invention, or to grant licenses for so doing to others on reasonable terms, he may make an order under his hand and the seal of the Patent Office requiring the owner of the patent to grant a license to

the person applying therefor upon such terms as to royalties, etc., as the Commissioner deems just, and if the Commissioner makes such an order, and the owner of the Patent refuses or neglects to comply therewith within three Calendar months after a copy of it is addressed to him or to his duly authorized agent, the patent and all rights and privileges thereby granted shall cease and determine.

An application for a patent is made by a petition wherein the title or name of the invention is set forth, and in which the applicant declares that he is the inventor of the invention, as well as placing his domicile at some known and specified place in Canada, and such petition must be verified by affidavit or affirmation of the applicant that he believes he is the inventor of the said invention, and that the statements in the petition are true. Should the inventor be dead, such oath or affirmation may be made by his assignee or legal representative, and with the petition must be filed a specification (in duplicate) of the invention which shall correctly and fully describe the mode of operating same, the contrivances and things claimed as new, and for the use of which exclusive property and privilege is claimed, and shall bear the name of the place where, and date when, made, and shall be signed by the applicant and by two witnesses. In the case of a machine, the specification shall fully explain the principle and several modes in which it is intended to apply, and work out the same; and where the invention admits of illustration by

means of drawings, the applicant shall also send in drawings in duplicate, showing clearly all parts of the invention. In all cases in which the invention admits of representation by model, the applicant, if required by the Commissioner, shall also furnish a model of convenient size; and when the invention is a composition of matter, the applicant shall also, on like request, furnish specimens of the ingredients and composition sufficient in quantity for the purpose of experiment.

In the case of conflicting applications for any patent, provision is made for submitting same to the arbitration of three skilled persons, two of whom shall be chosen by the applicants and the third by the Commissioner, and the decision or award in writing of such arbitrators, or of any two of them, shall be final.

A patent is granted for a term of eighteen years, but at the time of the application it is optional for the applicant to pay the fee for the term of six years, or twelve years only, as desired, and, unless further renewal payments are made, the patent expires on such dates respectively.

The patent may be assigned, but unless same duly registered in the Patent Office shall be null and void as against any subsequent assignee.

Every person who, without the consent in writing of the Patentee, makes, constructs, or puts into practice any invention for which a patent has been obtained, or who procures such invention from any person not authorized by the patentee, and who uses it, shall be

liable to the patentee, or his legal representative, in damages.

Any action for infringement of the patent may be brought in any Court of record having jurisdiction to the amount of the damages claimed in the Province in which the infringement is alleged to have taken place. Proceedings may also be taken in the Exchequer Court, which has jurisdiction over the entire Dominion of Canada.

Every patentee shall stamp or engrave on each patented article sold or offered for sale by him the year of the date of the patent of such article, thus:—"Patented 1898," or as the case may be; or when, from the nature of the article, this cannot be done, then by affixing to it, or to every package where one or more of such articles is or are enclosed, a label marked with a like notice. For violation of this provision there is imposed a penalty not exceeding \$100.00, and, in default of payment thereof, imprisonment for a term not exceeding two months.

Falsely marking an article as patented with the intent of counterfeiting or imitating the stamp, mark, or device of the patent of another person, or of deceiving the public, or offering for sale as patented any article not patented in Canada, is a misdemeanour, and for which there is a fine not exceeding \$200.00, or imprisonment for a term not exceeding three months, or both.

Any intending applicant for a patent who has not yet perfected his invention, and is in fear of being despoiled of his idea, may file in the Patent Office a description of his invention so far, with or without plans, of his own will, and the Commissioner, on payment of the prescribed fee, shall cause the said document, which shall be called a caveat, to be preserved in secrecy, and, if application is made by any other person for a patent interfering in any way therewith, the Commissioner shall forthwith give notice, by mail, of such application

to the person filing such caveat, who shall, within three months thereafter, if he wishes to avail himself of the caveat, file his petition, and take the other steps necessary on an application for a patent. The application for the patent must be made within one year from filing of caveat, otherwise the Commissioner is relieved from the obligation of giving notice.

The Government of Canada may, at any time, use any patented invention by paying to the Patentee such sum as the Commissioner reports to be a reasonable compensation for the use thereof.

All specifications, drawings, models, disclaimers, judgments, and other papers, except caveats, shall be open to the inspection of the public at the Patent Office, under such regulations as are adopted in that behalf.

The following fees are payable:—Full fee on patent for 18 years, \$60.00; partial fee for 12 years, \$40.00; partial fee for 6 years, \$20.00; for further term of 12 years, \$40.00; for further term of 6 years, \$20.00; on filing caveat, \$5.00; on registering assignment patent, \$2.00; for copy of patent, with specification, \$4.00.

The disbursements for filing an application in Great Britain are \$25.00; France, \$20.00; Germany, \$5.00, and \$7.50 before issuing patent; Australia, \$20; Russia, \$75.00; British India, \$20.00. The German and French patents cover not only Germany and France but also their colonies. The Russian patent extends to all of the Russian possessions.

The disbursements for filing an application in the Australian States, namely, Queensland, Victoria, New South Wales, South Australia, Western Australia and Tasmania are \$5.00 on filing of the application, \$10.00 on allowance of same and \$25.00 for preparation of the sealing of patent; New Zealand, \$20.00; Mexico, \$75.00; Natal, \$50.00; Japan, \$75.00; Jamaica, \$150.00.

# THE BRITISH GOVERNMENT.

## THE COALITION ADMINISTRATION.

A Liberal Government, with Mr. Asquith as Premier, and Sir Edward (now Viscount) Grey as Foreign Minister, was in power when the Great War began in August, 1914. The Government at that time was supported in the House of Commons by 298 members—Liberals 261, and Labor and Socialists 37. The Irish Nationalists, all but one small group of which were then supporting the government, numbered 84. The Conservatives and Unionists numbered 288, and were under the leadership of Mr. Bonar Law. Just as soon as war began ordinary party politics in the constituencies, as well as in Parliament, came to an end. When by-elections occurred it was understood that they would not be contested on party lines. When the member who died or retired was a Conservative, a Conservative would be returned in his place; and the same rule was to apply in case of a vacancy due to the retirement or death of a Liberal or a member of the Labor party.

Growing out of these conditions and out of the general feeling that all parties in Parliament should share the burdens and responsibilities of the war, a coalition government was formed in May, 1915; and since then the United Kingdom has been under coalition rule, as was the case during the Crimean War. At the time of this reorganization of the Ministry a seat in the Cabinet was offered by the Premier—Mr. Asquith—to Mr. John Redmond, the leader of the Irish Nationalists. But since the Irish Nationalist party was first organized, in the early seventies of last century—since the days of Butt and Parnell—it has always been the policy of the Nationalists to decline all overtures of office; and in keeping with this policy Mr. Redmond declined Mr. Asquith's offer.

At the present time the British Ministry comprises the leaders of three political parties—Liberal, Labor and Conservative. From August 4th, 1914—the day war began—until the end of September, 1916, resignations or deaths had caused 71 vacancies in the House of Commons. Only in 18 constituencies were there contests; and these, with one exception, were all due to attempts of independents, acting outside the usual party organizations, to capture seats. The only contest on anything approximating the old party lines was at Merthyr Tydvil in 1915, when an independent miner's candidate carried the seat that had long been held by the late Mr. Kier Hardie, who was a member of the Socialistic group in the House of Commons.

What was described as a coalition seat—a seat for the Hitchin division of Hertfordshire, held by a Conservative and covered by the wartime agreement of the political parties—was lost to an independent, who was a specialist in air-craft, and a particularly loud and outspoken critic of the coalition government as regards its policy of defence against Zeppelin raids. With these two exceptions, a labor man for a Socialist, and an air-craft independent in place of a Conservative—from August, 1914, to the time the 1917 issue of the *The Canadian Almanac* went to press,—there had been no changes in the numerical position of political parties in the House of Commons.

In this period there were, however, at least three noteworthy innovations in the Government, all directly due to the war. The Earl of Kitchener, a soldier, held the position of Secretary of State for War; the Ministry of Munitions was created in 1915; and early in 1916 a new office—that of War Minister of Trade—was created. To this office Lord Robert Cecil was appointed. There were changes in the Government in 1916, due to the resignation of Sir John Simon, the Home Secretary, because of his inability to support the Government on the question of compulsory service; to the resignation of Mr. Birrell as Secretary for Ireland, after the Dublin insurrection; death of Lord Kitchener; and to the appointment of the Earl of Devonshire as successor to the Duke of Connaught in the Governor-Generalship of the Dominion of Canada.

Just before these pages went to press there was a complete reorganization of the government, due to popular discontent over the disasters in Roumania, and the hesitancy in dealing with the shipping and food questions. Mr. Asquith resigned as Prime Minister and his place was taken by Mr. David Lloyd George. A Council of Five for the direction of the war practically took the place of the Cabinet, and new ministers were appointed as Food Controller, Shipping Controller, Minister of Labor and Minister of Pensions. At the time of going to press the names of the men taking the minor offices in the Ministry had not been received in Canada. The Ministry, as announced by Lloyd George on December 11th, is as follows:—

<i>Prime Minister and First Lord of the Treasury</i> —Rt. Hon. David Lloyd George. (Salary, £5,000).	<i>Minister of Pensions</i> —Hon. Geo. N. Barnes.

## THE OFFICE OF PRIME MINISTER.

By Royal Warrant dated December 6th, 1905, an important change was made in the status of the Prime Minister. Until 1894 the office of Prime Minister, although it had existed for so long, had no official recognition. "Departmentally," Mr. Gladstone once wrote in reference to the Prime Minister, "he is no more than the first-named of five persons by whom jointly the powers of the Local Treasurerships are to be exercised. He is not their master, or otherwise than by mere priority their head, and he has no special function or prerogative under the formal constitution of the office. He has no official rank, except that of Privy Councillor. Eight members of the Cabinet, including five Secretaries of State and several other members of the Government, take official precedence of him. His rights and duties as head of the administration are nowhere recorded. He is almost, if not altogether, unknown to the statute law."

The first official recognition of the office came on March 3rd, 1894, when the "Court Circular" stated that Queen Victoria had offered to the Earl of Rosebery the "post of Prime Minister, vacated by the Right Hon. W. E. Gladstone, M.P." Even after this first official recognition the precedence of the Prime Minister was not determined; and there was no determination of his precedence until the Royal Warrant of December 6th, 1905, which announced "our Royal will and pleasure that in all times hereafter the Prime Minister of us, our heirs and successors, shall have precedence next after the Archbishop of York." Consequently the Prime Minister now has his place between the Archbishop of York and the Lord Chancellor of Ireland, and precedence over every member of his Government except the Lord Chancellor.

## THE GOVERNMENT DEPARTMENTS.

## THE TREASURY.

<i>Chancellor of the Exchequer—</i>	Rt. Hon. Andrew Bonar Law.
<i>First Lord of the Treasury—</i>	Rt. Hon. David Lloyd George.
<i>Financial Secretary to the Treasury—</i>	
<i>Joint Parliamentary Secretaries to the Treasury—</i>	
<i>Lords Commissioners of the Treasury—</i>	

The Treasury, of which the Chancellor of the Exchequer is the political head, provides the means for meeting the charges for the military, naval, and civil services. The Parliamentary heads of each of the spending and administrative departments of the Government are responsible for the estimates for their respective departments; but it is the duty of the Chancellor of the Exchequer, with the permanent Secretary of the Treasury, to check all these estimates before they are submitted to the House of Commons in Committee of Supply. The Cabinet becomes responsible for estimates which have been submitted to Parliament, and the rejection or reduction of an estimate by the House of Commons is tantamount to a defeat of the Government. The duties which bring the Chancellor of the Exchequer most prominently before the country, are those in connection with the Budget. The first Lord of the Treasury is one of its Parliamentary heads; but the duties of the First Lord are little more than nominal, and the office is usually held by the Leader of the House of Commons. The Parliamentary Secretary to the Treasury is the official title of the Government whip in the House of Commons. The Junior Lords are his assistants. The Financial Secretary represents the Treasury in the House of Commons.

## THE FOREIGN OFFICE.

<i>Secretary of State for Foreign Affairs—</i>	Rt. Hon. A. J. Balfour.
--	-------------------------

*Under Secretary—*

All diplomatic intercourse is conducted by the Secretary of State for Foreign Affairs, who is usually of the House of Lords. The office is next in rank and importance to that of Premier, and is sometimes held in conjunction with that office. Ambassadors and consuls receive their instructions from the Foreign Office. Foreign ambassadors in London have their audiences with the Secretary of State, and he also conducts the negotiations for international treaties. The Under Secretary represents the Department in the House of Commons.

## THE COLONIAL OFFICE.

<i>Secretary of State for the Colonies—</i>	Rt. Hon. Walter Hume Long.
---	----------------------------

*Under Secretary—*

The Colonial Office dates back to 1660, when a Committee of the Privy Council was appointed for the Plantations, as the Colonies were then called. This Council was continued until 1768, when colonial affairs were placed under the control of a Secretary of State. When the United States secured their independence in 1783, the office of Colonial Secretary was abolished, and colonial affairs were managed from the Home Office. In 1794 the colonies were placed under the care of the Secretary at War. This arrangement was continued until 1854, when the War Department was reconstructed, and separate Secretaryships of State were established for War and for the Colonies. The colonies are divided into three classes. In the first are the Crown colonies, in which the Crown has entire control of legislation, and which are administered from the Colonial office. India and Cyprus are examples of Crown Colonies. In the second class are the colonies with representative institutions, but not responsible government. In these the Crown has a veto on legislation and retains control of the public offices. Such colonies are Ceylon and Jamaica. The third class includes the colonies having responsible government, such as Canada and the Australasian colonies. Since August, 1907, the Colonial Office has been organized in 3 departments (1) Dominion Department, concerned exclusively with the self-governing colonies; (2) Crown Department concerned with Crown Colonies; and (3) Department having charge of legal and financial business. There was then appointed a Permanent Secretary for the Imperial Conference—Mr. H. W. Just being the first holder of the Office.

## THE INDIA OFFICE.

<i>Secretary of State for India—</i>	Rt. Hon. Austen Chamberlain.
--------------------------------------	------------------------------

*Under Secretary—*

The India Office in its present form dates from 1858, when an Act of Parliament was passed which directed that all the powers and duties hitherto exercised by the old East India Company, or the old Board of Control, should in future be exercised and performed by one of His Majesty's Principal Secretaries of State. At the same time there was established a council to assist the Secretary for India. It consists of not less than ten members nominated by the Secretary. The majority of these members must be men who have served or resided ten years in India, and have not left India more than ten years previous to the date of their appointment. Members hold office for ten years, and under the direction of the Secretary for India, conduct all the business transacted in London in relation to the government of India.

## THE HOME OFFICE.

<i>Secretary of State for Home Affairs—</i>	Sir George Cave.
---	------------------

*Under Secretary—*

The Home Department has the control of the London police force, and also the oversight of the police forces in the counties and municipal boroughs; and, generally speaking, the Department is responsible for the internal peace of the country. Prisons, convict establishments, criminal lunatic asylums, executions, and all matters connected with the post-judicial execution of the criminal law, come within the purview of the Home Office. It is also responsible for the administration of the factory code, and the laws relating to mining.

## THE WAR OFFICE.

<i>Secretary of State for War—</i>	Earl of Derby.
------------------------------------	----------------

*Under Secretary—**Financial Secretary to the War Office—*

The Secretary for War has control of the army at home and abroad, and is responsible for its efficiency to the Sovereign and to Parliament. He directs all movements of troops, and all appointments made by the Commander-in-Chief are subject to his approval.

## THE ADMIRALTY.

*First Lord of the Admiralty—*Rt. Hon. Sir Edward Carson.

*Civil Lord of the Admiralty—  
Secretary to the Admiralty—*

The Admiralty, which has charge of the Royal Navy, is administered by Lords Commissioners. The head of the Department, who is always of the Cabinet, is known as the First Lord of the Admiralty. The other Lords Commissioners or Junior Lords are officers without seats in Parliament, and are respectively at the heads of the departments into which the Admiralty is divided. The foreign movements of ships are at the instance of the Cabinet, the Foreign Office, and the Colonial Office, and it is from these authorities that the Lords of the Admiralty receive their orders. In time of war the orders go from the Cabinet. At other times the movements of vessels are directed by the Foreign Office and the Colonial Office.

## THE BOARD OF MUNITIONS.

*President—*Rt. Hon. Christopher Addison.

*Controller-General—*

*Permanent Secretary—*

*Parliamentary Secretary—*

The powers of the President of the Board of Munitions are defined in the Act creating it, as "such powers and duties in relation to the supply of munitions for the present war as may be conferred on him by His Majesty in Council." His Majesty may also "if he considers it expedient that in connection with the supply of munitions any powers or duties of a Government Department or authority whether conferred by statute or otherwise, should be transferred to or exercised, or performed concurrently by the Minister of Munitions, make the necessary provision by Order in Council for the purpose." The duties of the office may be classed under three heads:—The organization of private industry for the production of naval and military munitions; the inspection of munitions made by private contractors; and the placing of munitions contracts for army and navy, the arranging for execution of future contracts and the taking over of factories.

## THE BOARD OF EDUCATION.

*President—*Rt. Hon. Herbert A. L. Fisher.

*Secretary—*

The Education Department exercises supervision over the various departments of state-aided education, and distributes the grants for education annually made by Parliament. These grants date from 1833; and in 1839 the Committee of Council for Education was established. The Vice-President was always of the House of Commons, and he was practically the Minister of Education. On the 1st of April, 1900, the Committee of Council for Education came to an end, and the powers it had exercised since 1839, enormously increased, however, since 1870, were transferred to a new State Department known as the Board of Education. The new Board was created under an Act of Parliament passed in the ordinary session of 1899. It consists of a President, the Principal Secretaries of State (these are the Secretaries for Foreign Affairs, for Colonial Affairs, for the Home Department, for War, and for India), the First Commissioner of the Treasury, and the Chancellor of the Exchequer. With the creation of this new Board there was for the first time a direct and general connection between the Government and secondary schools in England. Heretofore the Committee of Council had been concerned chiefly with elementary education, except as regards the Science and Art Department. Now, however, inspectors representing the Board of Education may visit the secondary schools, and a connection is established between these schools and the municipal

councils. With the new Board of Education there was also created a Consultative Committee, which was to keep a register of teachers, and advise the Board on any matters referred to it. Universities and other bodies concerned in education are represented on the Consultative Committee. At the formation of the Balfour Government in 1902, and the retirement of Sir J. Gorst, Vice-President, the Marquis of Londonderry became the first President of the Board and Sir W. R. Anson the first Secretary.

## THE LOCAL GOVERNMENT BOARD.

*President of the Local Government Board—*Baron Rhondda.

*Parliamentary Secretary to the Local Government Board—*

This Department dates from the reform of the Poor Law in 1834. From 1834 to 1847 its chief was not of the Ministry nor in Parliament. Up to 1871 it was occupied exclusively with the administration of the Poor Law. In 1871 it took over from the Home Department numerous duties in connection with municipal government and public health, and its title was changed to the Local Government Board.

## THE BOARD OF TRADE.

*President of the Board of Trade—*Rt. Hon. Sir Albert Stanley.

*Parliamentary Secretary to the Board of Trade—*

The Board of Trade is in charge of the administration of the laws relating to limited liability companies, to bankruptcy; and it also has the oversight of all matters connected with the mercantile marine, harbours, canals, railways, and street car lines and electric lighting. The Labour Bureau is a department of the Board of Trade. Its work is confined to the collection and compilation of information of all kinds relating to labour. The Board of Trade also collects information relating to trade and commerce abroad.

## THE POST OFFICE.

*Postmaster-General—*Rt. Hon. Albert Illingworth.

*Assistant Postmaster-General—*

The Post Office in England controls the telegraphs, as well as the home and foreign mail departments. The telegraphs have been a Government undertaking since 1869. The Post Office savings banks, of which there are over 12,000, receive sums up to a maximum of £50 in one year, or £200 in all. They also do a life insurance, and an annuity business on lines intended to meet the needs and convenience of the working classes.

The National Insurance Act of 1910 is worked partly through the Post Office, as is also the Old Age Pension Act of 1908.

## THE BOARD OF AGRICULTURE.

*President of the Board of Agriculture—*Rt. Hon. Rowland E. Prothero.

*Parliamentary Secretary to the Board of Agriculture—*

The principal duties of this Department are the administration of the laws for preventing and stamping out cattle disease. It supervises the landing of live cattle imported from abroad.

## OFFICE OF PUBLIC WORKS AND BUILDINGS.

*First Commissioner of Works—*Rt. Hon. Sir Alfred M. Mond.

This Department has the custody and supervision of all Royal Palaces and parks, and also of buildings such as the Houses of Parliament, the Palace at Westminster, the Law Courts, and the public offices at Whitehall.

## DEPARTMENT OF THE LORD CHAMBERLAIN.

*Lord Chamberlain—*

*Vice-Chamberlain—*

*Comptroller of the Household—*

The Lord Chamberlain's Department has the general supervision of the Royal Household "above stairs," and also various duties towards the Sovereign and the Court. It is through the Lord Chamberlain that presentations at Court are arranged. In cities where there are royal palaces, he acts as the licenser of theatres. The Examiner of Plays is in the Department of the

Lord Chamberlain. His sanction is necessary for the production of a play in any theatre in England at which a charge for admission is made.

#### IRISH AND SCOTCH DEPARTMENTS.

*Lord Lieutenant of Ireland*—Lord Wimborne.  
*Chief Secretary for Ireland*—Rt. Hon. H. E. Duke.  
*Secretary for Scotland*—Rt. Hon. Robert Munro.  
*Lord Advocate*—James A. Clyde.

These Departments for Ireland and Scotland respectively exercise functions very similar to those of the Home Department in England.

#### *Officers of the House of Commons.*

Rt. Hon. James William Lowther, elected Speaker in June, 1905 (salary £5,000), was again unanimously re-elected on the opening of the new parliament in February, 1910. Mr. J. H. Whitley, in October, 1911, became Deputy Speaker and Chairman of Committees of Ways and Means (salary £2,500). Sir Courtenay Peregrine Ilbert is Clerk of the House (salary £1,800); Sir Colin Keppel, Sergeant-at-Arms (salary £1,000).

#### MINISTERIAL PENSIONS.

Pensions are granted to ex-holders of Ministerial offices whose private fortunes are inadequate to their maintenance in their station in life. The number of these pensions, the three classes into which they are grouped according to offices held—£800, £1,500, £2,000 a year—and the conditions governing their award are determined by the Political Offices Pensions Act of 1869 (32 and 33 Victoria, c. 60)—an Act which was passed as an amendment to the Pensions Act of 1834. The present pensioners are Lord George Hamilton since 1892 in the first class; Mr. Henry Chaplin and Lord Balfour of Burleigh in the second class. No new pensions have been granted since the Balfour Government went out of office in December, 1905.

Salaries of Ministers are fixed by Act of Parliament, but each Minister is to do as he pleases with his salary. The new Ministers agreed to pool their salaries, which differ in amount, and to divide equally—an arrangement which gave each Minister about £4,500. The pooling arrangement excited some discussion and led to a proposal that there should be a general revision of Ministers' salaries.

## THE BRITISH PARLIAMENT.

The British House of Commons, since the Franchise and Redistribution Acts of 1884-5, consists of 670 Members. Geographically, the seats held by these Members are distributed as follows:—

England .....	465
London .....	61
Boroughs .....	165
Counties .....	234
Universities .....	5
Wales .....	30
Boroughs .....	11

Qualifications for the Parliamentary franchise are various, but generally speaking the franchise is on a democratic basis; so much so, that it is possible for every man who is a householder, and who has been in occupation for a year previous to the enrolment of electors, to vote at a Parliamentary election. There is also a lodger franchise; but in this case the franchise is based upon the rental value of the rooms. It is also governed by the conditions of the tenancy, and but comparatively few men qualify for the lodger franchise, which, unlike the householder franchise, must be obtained every year. A decision in the law courts, *Kent v. Fittal*, 1905, has brought into prominence the occupier franchise, which is granted to men renting rooms over which they have complete control. These men are not lodgers, and they hold the franchise on the same basis as the householder. Tens of thousands of working men voters were added to the electoral lists in 1906 as a result of this decision, but more recent decisions have considerably curtailed the numbers of men admitted to this form of the franchise.

The electoral rolls are compiled by the local overseers of the poor, as most of the franchises are based on the payment of the poor rate. The rolls are then gone over in open court by the revising barristers, who hold their sessions every year, as a new list of voters is compiled each year. In England the new register comes into effect on December 1st.

At the general election in December, 1910, which was taken on the same register as the election in January, 1910, out of the 7,705,717 voters on the register, 6,189,369 went to the polls; 3,269,770 voting for Liberal, Labor and Nationalist candidates, and 2,919,599 for Conservatives and Unionists.

On an old register, it is generally conceded by both parties that the Liberals suffer more than the Conservatives, on account of the disfranchisement of an undue proportion of working class Liberal voters through removal out of the constituencies.

In the Budget for 1911, which was introduced in the House of Commons on May 16th, provision was made for the payment of salaries of £400 to members of Parliament. The Liberal party had long been pledged to this reform, but the immediate occasion for the change was the embarrassment caused to the Labor party through the decision of the House of Lords in the case of *Osborne versus the Amalgamated Society of Railway Servants*, that Trade Unions may not legally use their funds for financing Parliamentary Representation. Previous to 1911 Members of the House of Commons received neither salaries nor indemnities. There are no mileage allowances or railway privileges, and Members do not enjoy the privilege of franking their correspondence through the mails.

Parliamentary candidates pay all the costs of elections, including the returning officer's fees and expenses. Deposits to cover these outlays must be made to the returning officer before a candidate can go to the poll. In the counties, the High Sheriffs, or their deputies, act as returning officers. In the self-contained boroughs—that is, in the boroughs which return Members, and are not part of a county division—the Mayor acts as returning officer.

Elections are not held all on one day. A general election usually extends over a month, and, if an elector is qualified in several constituencies, he can vote in each. Only freeholder voters can exercise the franchise in this way, as residence is not a necessary qualification for a freehold vote.

There had been three general elections between 1905 and the outbreak of war in August, 1914. After the last election in December, 1910, parties stood as follows:—

Liberals.....	272	} 398
Labor Party.....	42	
Nationalists.....	76	
Independent Nationalists.....	8	
Unionists.....	272	
Total.....	670	
Government majority.....	126	

Between 1910 and August, 1914, both the liberals and the labor party had sustained some losses at the by-elections; and in May, 1913, when the Coalition Government was formed the position of parties was thus:—

Liberals.....	261
Labor and Socialist.....	37
Nationalists.....	76
Independent Nationalists.....	8
Conservatives.....	288

The only changes so far during the war are the loss of a Socialist seat to the Labor party, and the loss by the Conservatives of a seat which was captured by a non-partisan candidate who fought an election at Hitchin, Hertfordshire, on the aircraft policy of the Coalition Government.

Mr. Speaker Lowther was of the Conservative party when he was elected to the Chair in 1905. As has now long been the usage at Westminster, he was re-elected at the opening of the Parliament in 1906, again in 1910, and again when Parliament assembled on January 31st, 1911. In the foregoing enumeration the Speaker, although he takes no sides in the House of Commons, is reckoned as belonging to the Conservative party.

No registers of parliamentary voters were compiled in 1915 or 1916. To save expense no lists of voters or of claimants for votes were prepared by the local overseers of the poor, and no revising barristers' courts were held. What few elections were contested were taken on lists of electors that had been prepared in

July, 1914. But in August, 1916, an act was passed by Parliament making provision for the compiling and printing of new registers.

One of the most important provisions of the new law decrees that men who are serving with the military forces, or men who are engaged as war workers, shall not be disqualified by reason of their absence from the United Kingdom or from the constituencies in which before the war they had qualifications as electors. The new registers come into service in May, 1917; and unless Parliament "otherwise directs, this act shall extend to the preparation of further new registers to come into force on May 31st, 1918, and to continue in operation for the year commencing on that date."

According to the old registers—that compiled in 1914—there were 8,357,648 electors in the United Kingdom. Of this total 6,771,264 were in England and Wales; 884,909 in Scotland; and 701,475 in Ireland. At the election in 1910 there were 7,705,717 names on the parliamentary voters' lists of the United Kingdom.

At the beginning of the parliamentary session of 1916 there were 641 members of the House of Lords:—

Hereditary Peers of the United Kingdom	582
Life Peers.....	7
Archbishops and Bishops.....	26
Scottish Representative Peers.....	14
Irish Representative Peers.....	26

Of the 582 hereditary peers of the United Kingdom fourteen were minors, and there was one case of contested succession.

Only in so far as concerns Scotland is the House of Lords affected by a general election. After a dissolution of Parliament, the Scotch Lords meet at Holyrood Palace, and in accordance with the terms of the Act of Union elect sixteen peers to represent them in the House of Lords. At the election in December, 1910, the sixteen peers chosen to represent Scotland were all of the Unionist Party.

The representative peers of Ireland are elected for life.

## THE POPULATION OF THE UNITED KINGDOM.

The census of the inhabitants of England and Wales, Scotland and Ireland, the Isle of Man and the Channel Islands is taken in the first year of each decade. The enumeration is carried out by means of household schedules—a plan first adopted in 1841. In taking the census for England and Wales in 1911 the enumerators worked under the direction of the 2,009 local registrars, and these again under the direction of the 635 superintendent registrars. The 2,009 registration districts were subdivided into 35,000 enumeration districts.

By means of this machinery the total number of persons returned as living in England and Wales at midnight of Sunday, April 2nd, 1911, was 36,075,269. For Scotland, the total population was returned as 4,759,521; for Ireland, 4,381,951; and for the islands of the British seas—the Isle of Man and the Channel Islands—148,934, making a total population for the United Kingdom of 45,365,675. The following table gives the actual population and the rate of increase in England and Wales for the last 110 years:—

Year.	Population.	Rate of Increase.
1801.....	8,892,536	.....
1811.....	10,164,256	14'00
1821.....	12,000,236	18'06
1831.....	13,896,797	15'80
1841.....	15,914,148	14'27
1851.....	17,927,609	12'65
1861.....	20,066,224	11'90
1871.....	22,712,266	13'21
1881.....	25,974,439	14'36
1891.....	29,002,525	11'65
1901.....	32,527,843	12'17
1911.....	36,075,269	10'91

During the 110 years it will thus be seen that the population of England and Wales has more than quadrupled, and that, roughly speaking, there are now four persons to every one inhabiting the country at the opening of the nineteenth century.

Ireland is the only part of the United Kingdom in which a religious census is taken. According to the returns of the enumerators at the census of 1911, out of the 4,381,951 inhabitants of Ireland, 3,238,056 are of the

Roman Catholic Church; 575,489 are of the Episcopal Church; 439,876 are Presbyterians, and 61,806 are Methodists. In the decrease of population, the Roman Catholics have lost the most, both in actual numbers and proportionately. The loss of the Roman Catholics is reckoned at 2·1 per cent.; of the Episcopalians, 1 per cent.; of the Presbyterians, 0·8 per cent.; and of the Methodists, 0·3 per cent. Of the total population the percentages are:—

Roman Catholics.....	73·9 per cent.
Episcopalians.....	13'1 "
Presbyterians.....	10'0 "
Methodists.....	1'4 "
Scattering.....	1'6 "

### POPULATION OF THE OVERSEA DOMINIONS.

The Commonwealth of Australia, the Dominion of New Zealand, and the Union of South Africa took their census in 1911. The figures for Australia were:—

	Males.	Females.	Total.
New South Wales..	857,719	790,491	1,648,210
Victoria.....	654,523	660,477	1,315,000
Queensland.....	329,043	276,000	605,043
South Australia..	207,358	201,200	408,558
Western Australia..	165,373	120,613	285,986
North Australia...	2,748	562	3,310
Tasmania.....	97,336	93,562	190,878

Total population for the Dominion of Australia, 4,455,005. The population of Australia in 1901 was 3,773,801.

The population of the Dominion of New Zealand in 1911 was 531,910 males, 476,658 females; total 1,008,468.

For the Union of South Africa the total population of all races was 5,333,499, as compared with 5,185,824 in 1904. Of these there are 1,278,025 Europeans, compared with 1,116,806; and 4,061,082 natives, as compared with 3,495,104. The other colored inhabitants number 619,392, as compared with 563,914. The feature of the returns for South Africa is the shrinkage in the population of the coast towns with the exception of Durban, and the great growth of Johannesburg, the Reef and Pretoria.

## BRITISH CUSTOMS DUTIES.

From 1846 to the Great War all import or customs duties imposed by Parliament at Westminster were solely for revenue. There was not a single protective schedule in any of the British tariffs of these sixty-eight years. To check importations of luxuries and to redress the balance of trade during the war, duties for other than revenue purposes are now being levied on some imports. This war policy was inaugurated by the Budget submitted to the House of Commons on September 21st, 1915, and the policy was continued by the finance legislation which followed the Budget submitted by Mr. McKenna on April 4th, 1916. Under the finance Acts of 1915 and 1916 the following duties are now collected at the ports of entry of the United Kingdom:—

## COMPULSORY MILITARY SERVICE IN GREAT BRITAIN.

Compulsory military service is now established in England and Wales, and also in Scotland. Two Acts of Parliament were passed to bring about compulsion, which, with some exemptions, is universal in its application in Great Britain. The first Act, known as the Military Service Act, No. 1, which received the royal assent on January 27th, 1916, applied only to unmarried men, and to widowers with no children dependent upon them. The age of service as fixed by the law is from 18 to 41.

Under the second law, which was enacted in May, every male British subject resident in Great Britain is brought within the provisions of the law of January 27th. The law provided that on a day to be named by royal proclamation, "every man coming within its scope, was to be deemed to have been duly enlisted in His Majesty's regular forces for general service with the colors, or in the reserve for the period of the war, and to have been forthwith transferred to the reserve." Under the pre-war time army and territorial services acts, soldiers and territorials whose terms of service expired during a war, could be compulsory retained for a year. By an amendment made to these acts when the law of May last was before Parliament, men whose original term in the army or the territorial force expires during the present war, are to be held for the duration of the war.

The exemptions provided for in the laws of January and May are individual and general. Individual exemptions are regulated by section II. of the Act of January. General exemptions are regulated by a schedule of the Act.

### GROUND FOR INDIVIDUAL EXEMPTIONS.

Local tribunals were established by the Act to pass on applications for individual exemptions. 1,414 of these tribunals were created, and there are also 46 tribunals to which appeals from the local tribunals may be carried. Certificates of exemption can be granted by the local tribunals, but only on four grounds. These are:—

(a) On the ground that it is expedient in the national interests that he should, instead of being employed in military service, be engaged in other work in which he is habitually engaged or in which he wishes to be engaged, or, if he is being educated or trained for any work, that he should continue to be so educated or trained; or

(b) On the ground that serious hardship would ensue, if the man were called up for Army Service, owing to his exceptional financial, or business obligations or domestic position; or

(c) On the ground of ill health or infirmity; or

(d) On the ground of a conscientious objection to the undertaking of combatant service.

A holder of a certificate of exemption granted by tribunals must, when required by a constable or by any person who has authority for the purpose from the Army Council, "produce his certificate or give particulars as to the authority by which the certificate was granted, and the grounds on which it was granted. If any man fails to comply with this provision or gives particulars which are false in any material respect, he shall in respect of each offence be liable on summary conviction to a fine not exceeding three months."

### GENERAL EXEMPTIONS.

1. Men ordinarily resident in His Majesty's Dominions abroad or resident in Great Britain for the purpose only of their education or for some other special purpose.

2. Members of His Majesty's regular or reserve forces, or of the forces raised by the Governments of His Majesty's Dominions, and members of the Territorial Force who are liable for foreign service or who are, in the opinion of the Army Council, not suited for foreign service.

3. Men serving in the Navy, or the Royal Marines, or who, though not serving in the Navy or Royal Marines, are recommended for exception by the Admiralty.

4. Men in holy orders or regular ministers of any religious denomination.

5. Men who have left or been discharged from the naval or military service of the Crown in consequence of disablement or ill health (including officers who have ceased to hold a commission in consequence of disablement or ill health), and, subject to any provision which may hereafter be made by Parliament, men who have been discharged from the naval or military service of the Crown on the termination of their period of service.

6. Men who hold a certificate of exemption under this Act for the time being in force (other than a certificate of exemption from combatant service only), or who have offered themselves for enlistment and been rejected since the fourteenth day of August nineteen hundred and fifteen.

### THE DERBY SCHEME.

Before Parliament sanctioned the first bill establishing compulsory service 2,950,514 men had volunteered under what was known as the Derby scheme. Of these 275,031 had joined the army at the time of attesting—at the time they took the military oath—and 2,246,630 were available under the group system. This was a system under which men were registered for service according to their age and their condition—whether married or single. They were then placed in groups which were liable to be called by royal proclamation for immediate service.

The Derby scheme had as its basis the general registration of the population that was made in the summer of 1915. Men and women were included in this registration; and as a result of this work, which was done largely by men and women volunteers, who went from house to house, filling up the registration cards, the local and military authorities knew the whereabouts of every man and woman who could be of service—in the army or in the munition factories or other national wartime service.

The first of the groups under the Derby scheme were called up by royal proclamation issued on the 9th of February. Single men from 19 to 30—twelve groups—were then called, and ordered to report for service on March 3rd. Other groups—married as well as single men—were called in quick succession; and by May 11th, 1916, the last call under the Derby system had been issued. It was for married men in groups 42 to 46, and included men from 36 to 40 years of age inclusive.

The first of the compulsory laws—that affecting only unmarried men from 18 to 41, unless they had certificates of exemption or were of the exempted classes, went into force on June 24th. Youths of 18, although they were accepted under the Derby recruiting scheme, were not called up while the Earl of Derby's scheme was in operation, and when by June 24th both of the compulsory service Acts were in force youths of 18 were not required to report for service unless they desired to offer themselves for direct enlistment.

Thousands of youths of 18 went into service between the beginning of the war and March 1st, 1916, when the first of the compulsory laws went into effect. But neither in the armies on the several fronts, nor in the camps in Great Britain up to the end of 1916, were there boys of 18 who had been compelled by law to serve.

Compulsory service has not been established in Ireland. In pre-war days there were always quite a large number of Irishmen in the army. Ireland responded fairly well to the call for men that was made after the war began; and on October 11th, Lord Wimborne, at a public meeting in Dublin—a meeting that was reported in both the British and Canadian and American press—announced that 154,795 men in Ireland had voluntarily joined the army. Of this total 92,404 were Catholics, and 62,391 were Protestants. The population of Ireland at the census in 1911 was 4,381,961. The number of Catholics in 1911 was 3,238,056, equal to 73.9 of the total population.

## BRITISH WAR TAXATION AND WAR FINANCE.

### I.—THE FINANCIAL POSITION BEFORE THE WAR.

At the beginning of the war the national debt of the United Kingdom stood at £651,000,000. Had there been no war, it was estimated that the expenditures for 1914-15 would have been £198,000,000. But the war involved the introduction to the House of Commons of a second budget for 1914-1915. The first budget for that financial year was submitted in May. The second came in November, 1914. New taxes were then imposed which, it was estimated would bring in an additional revenue of £68,500,000 in a full year. For the fiscal year 1914-15 the revenue increased to £227,000,000. This was the result of the normal taxation, plus the war taxes enacted in November. In that year, which included eight months of the war, the expenditures were £561,000,000.

The new taxes were quite inadequate, but when the budget was submitted to the House of Commons in May, 1915—the month in which in normal times the budget is usually submitted to the House—no new taxes were imposed. This was the second budget of the war period. The third was submitted on September 21st, 1915, by Mr. McKenna, formerly Secretary of State for the Home Department, who had succeeded Mr. Lloyd George as Chancellor of the Exchequer, when in June, 1915, Mr. George was appointed head of the new Department of Munitions.

### MR. MCKENNA'S FIRST WAR BUDGET—SEPTEMBER, 1915.

In the third of the war budgets—Mr. McKenna's first budget—he proposed new taxation to the amount of £78,000,000, increasing the revenue from the estimate of £272,000,000, which the taxation of November, 1914, would have brought in for a full year, to £305,000,000, with the higher taxation for the half-year up to March 31st, 1916, and to £387,000,000 for 1916-1917, during which the higher rates would, of course, be effective for a whole year.

The largest increases in war budget No. 3 were in the income taxes, the changes in which were as follows:—all-round increases for full year 40%; for the half-year 20%; exemption limit reduced from £160 to £130; abatement on incomes of £400 reduced from £160 to £120; abatement on incomes of £500 reduced from £120 to £100; abatement on incomes of £600 reduced from £120 to £100; agricultural assessments to be based on rent paid instead of one-third of rent; increases in super tax rising to 3s. 6d. on surplus of incomes above £10,000.

Without the super tax the increase in the income tax for a full year was estimated to yield £44,400,000, and the super tax £2,685,000. Under this taxation the man with £4 a week paid £9. 4s. a year in income tax; the man with £5,000 a year paid £1,029 a year—practically a rate of 4s. 1½d. in the pound; while the man with £20,000 paid £6,029, a rate of 6s. in the pound.

Besides the income tax the budget of September 21st, 1915, laid a tax of 50% on all profits exceeding £100 of any trade, manufacture, or business, whose profits since the war began exceeded the profits made in the year previous to the war. The estimated yield of this war-profits tax for a full year was £60,000,000. This tax is in addition to the income tax paid by the men enjoying such war profits.

The balance of the increased revenue, under the third budget, was obtained (1) from higher customs and exercise duties on tea, cocoa, coffee and dried fruits, (2) from the customs duties of 33½ ad valorem on watches, clocks, motor cars and motor cycles, and (3) from increased postal and telegraph charges. The new customs duties were expected to yield in a full year £25,070,000. The revenue from the increased postal and telegraph charges was expected to reach £4,975,000.

### II.—WAR EXPENDITURE AT THE RATE OF THREE AND A HALF MILLIONS STERLING A DAY.

In the war budget of November, 1914, Mr. Lloyd George estimated the cost of the navy at £146,000,000; of the army at £600,000,000; and of external advances to the allies at £200,000,000. For 1915-1916, Mr. McKenna estimated the cost of the navy at £190,000,000; of the

army, £815,000,000; and of the external advances, £423,000,000. The current daily expenditure up to September, 1915, had averaged £3,500,000, but Mr. McKenna then warned the House of Commons that the country would have to count on an average daily expenditure of £4,500,000, probably rising to £5,000,000 a day in the later weeks of the financial year 1915-16.

The fourth of the war budgets was unfolded to the House of Commons by Mr. McKenna on April 4th, 1916. He then recalled the fact that in September, 1915, when he presented budget No. 3, he had estimated the expenditures for 1915, at £1,590,000,000. The actual expenditures had been £31,000,000 less than he had estimated. His estimate of expenditures on the war services had been "substantially correct." "On the other hand," he continued, "I estimated last September that the advances to the Allies and the Dominions would amount to £423,000,000, of which £354,500,000 was for the Allies and £68,500,000 for the Dominions. The actual net issue from the Vote of Credit has been £264,000,000 to the Allies, and to the Dominions £52,000,000, showing a saving to the Exchequer as compared with the estimate of £107,000,000. The saving in the case of the Dominions is due to the public spirit of the Canadian Government for which we owe them the thanks of this House. They have reduced their drawings upon us by availing themselves of loans in Canada and the United States."

### III.—A REVENUE OF THREE HUNDRED AND THIRTY SEVEN MILLIONS STERLING.

Turning next to the revenue side of the account, Mr. McKenna stated that in September, 1915, he had estimated the revenue for 1915-1916 at £305,000,000. That figure had been exceeded by £32,000,000, and the actual revenue was £337,000,000. There had been an expenditure of £1,559,000,000, and a revenue of £337,000,000. "The deficit," continued the Chancellor of the Exchequer, "amounts to £1,222,000,000. It has been made good by borrowing. Approximately £600,000,000 was raised by the War Loan issued last June, £154,000,000 had been obtained by the sale of Exchequer bonds; £50,000,000 was raised by the Anglo-French Loan in America; and the balance has been obtained by the sale of three, six, nine, and twelve months Treasury Bills."

### IV.—A DEBT OF OVER TWO THOUSAND MILLIONS STERLING IN MARCH, 1916.

Answering the question "How do we stand at the close of the financial year 1915-1916," Mr. McKenna continued, "we incurred a further debt of £458,000,000 to make good the deficit of the year and to provide a margin for the ensuing year. In 1915-16 the addition to our debt was £1,031,000,000, after allowing for the effect of conversion. On March 31st last our total indebtedness stood at £2,140,000,000. Gigantic as the total may be," added the Chancellor of the Exchequer, "we must not forget that nothing like the whole of it will fall as a permanent deadweight upon the finances of this country. £368,000,000 has been advanced to our Allies and Dominions, and relief will come to us in the future in respect to that part of our total debt. But for the time being we are responsible, and we had to find the whole of the debt charge—interest on the debt—which in the year just expired amounted to £60,000,000, and in a full year of debt charge would amount to £95,000,000. This is a large sum, it is true, but we must look at the other side of the account. We must look at the addition which has been made to our revenue by new taxation—an addition which gives full assurances to the national creditors that their capital and their interest are alike secure. The manner in which credit has withstood the immense claims made upon it by the expenditure of this war is truly wonderful to those who are not familiar with our financial methods and resources. When, on examination, it appears that we never borrow £1 without making provision in advance by new taxation sufficient to cover both interest and a liberal sinking fund, the foundations upon which alone national credit can be built up are exposed to view."

V.—OUTGOINGS AT THE RATE OF FIVE MILLIONS  
STERLING A DAY.

For the current year—the British fiscal year, April 1st, 1916, to March 31st, 1917—Mr. McKenna estimated the total expenditure, war charges, normal expenses, interest on debt, and advances to Dominions and Allies, at £1,825,500,000, "which," he added, "is almost exactly five millions sterling a day."

Deducting from this huge total the estimated advances to Dominions and Allies, during 1916-17, the Chancellor of the Exchequer placed the expenditures for the year at £1,376,000,000. These figures represented the expenditure of the United Kingdom on war and peace—"an expenditure of just over £3,750,000 a day, which is approximately the rate of expenditure on these services at the present moment." (April 4th, 1916). "A total expenditure of £1,825,000,000, and a net revenue of £502,000,000," he proceeded, "leave a deficit of £1,323,000,000 which will have to be made good by borrowing. Reckoning the interest charge at 5 per cent, and the sinking fund at 1 per cent, a sinking fund which would pay off the debt at that rate of interest in 37 years, I have to meet a new charge for interest and sinking fund amounting to £79,000,000."

VI.—NEW TAXATION IN THE FISCAL YEAR, 1916-1917.

New taxes or increases in taxes already imposed had to be enacted to bring up the revenue to Mr. McKenna's estimate of £502,000,000 for 1916-1917. These new charges will, it is estimated, bring into the Treasury before March 31st, 1917, £72,950,000. The details of these increases and the sources from which they are to come are as follows:—

<i>Customs</i>	
Cocoa .....	£1,350,000
Coffee and Chicory .....	300,000
Sugar .....	6,850,000
Matches .....	1,250,000
<b>Total .....</b>	<b>£9,750,000</b>
<i>Excise</i>	
Sugar, etc. ....	£150,000
Table Waters, etc. ....	2,000,000
Matches .....	750,000
Motor-car Licenses .....	800,000
Entertainments .....	5,000,000
<b>Total .....</b>	<b>£8,700,000</b>
<b>Total of Customs and Excise .....</b>	<b>£18,450,000</b>
<i>New Revenue</i>	
Increased Income-tax .....	£43,500,000
Increased Excess Profits Duties .....	11,000,000
	£54,500,000
<b>Grand total of Customs and Excise and New Revenue .....</b>	<b>£72,950,000</b>

VII.—INCOME TAX RATES FOR THE CURRENT YEAR.

The rates of duties now imposed on cocoa, coffee and chicory, sugar and matches will be found elsewhere in this issue of the Canadian Almanac under the heading British Customs Duties. The increases in the Income-tax made by the Finance Act for 1916-1917 are set forth in the accompanying tables:—

	1915-16	1916-17
	<i>s. d.</i>	<i>s. d.</i>
Rates on earned incomes where total earned and unearned income—		
Does not exceed £500 .....	2 1½	2 3
Exceeds £500, but does not exceed £1,000 .....	2 1½	2 6
Exceeds £1,000 and does not exceed £1,500 .....	2 5½	3 0
Exceeds £1,500 and does not exceed £2,000 .....	2 5½	3 8
Exceeds £2,000 and does not exceed £2,500 .....	3 3½	4 4
Exceeds £2,500 .....	3 6	5 0
Rates on unearned income where total earned and unearned income—		
Does not exceed £300 .....	2 9½	3 0

	1915-16	1916-17
	<i>s. d.</i>	<i>s. d.</i>
Exceeds £300 and does not exceed £500 .....	3 3½	3 6
Exceeds £500 and does not exceed £1,000 .....	3 6	4 0
Exceeds £1,000 and does not exceed £2,000 .....	3 6	4 6
Exceeds £2,000 .....	3 6	5 0

Parliament in imposing these higher rates of income tax made a concession in regard to incomes derived from investments in the oversea Dominions and Colonies. It is a temporary measure. It is so described in the Finance Act, where there is also the statement that the relief afforded by the concession is "without prejudice to future considerations of the relative claims of the exchequers of the United Kingdom and the Dominions." Under this section of the Act persons who can prove at the end of the year that they have paid income-tax for 1916-17 in a British possession can "claim repayment for 1916-17 of the income-tax chargeable in excess of 3s 6d in the £1 under the present Budget on the income affected, or where the rates of the Dominion Income-tax is less than 1s. 6d. in the £1 to claim repayment of tax at that rate."

VIII.—HIGHER TAXES ON AUTOMOBILES.

The duties imposed on Motor Cars are graded according to horse power. The old rates and the new rates are as follows:—

	1915-16	1916-17
Not exceeding 6½ h.p. ....	2gs. £4 0 0	0 0 0
6½ h.p. and not exceeding 12 h.p.,	3gs. 6 6 0	0 0 0
12 h.p. and not exceeding 16 h.p.,	4gs. 8 8 0	0 0 0
16 h.p. and not exceeding 26 h.p.,	6gs. 18 18 0	0 0 0
26 h.p. and not exceeding 33 h.p.,	8gs. 25 4 0	0 0 0
33 h.p. and not exceeding 40 h.p.,	10gs. 31 10 0	0 0 0
40 h.p. and not exceeding 60 h.p.,	£21 63 0 0	0 0 0
60 h.p. ....	£42 126 0 0	0 0 0

On Motor Cycles for the year 1915-1916 the duty was £1 irrespective of horse power. For 1916-1917 for a Motor Cycle not exceeding four horse power the rate is £3. 3s. For Motor Cycles over four horse power the rate of duty is three-fourths of the duty payable on a Motor Car of the same power.

IX.—THREE HUNDRED MILLIONS A YEAR FROM  
WAR TAXES.

What the war has meant to the people of the United Kingdom in the way of increased taxation since November, 1914, was admirably stated by Mr. McKenna in his budget speech of April 4th, 1916. "Many factors," said the Chancellor of the Exchequer, "cannot be definitely estimated, but I think that the figures are enough to show that by the present scale of taxation we are making ample provision for the services of the war, and that when peace comes we shall have a considerable margin for the remission of taxation. These are figures which prove our ability to continue the war with unabated vigor. We are fighting not only with our unconquerable navy and our heroic army but with the whole financial and productive power of our people, which is being thrown into the struggle on behalf of ourselves and our allies. I have made no comparison of the financial position of this country with that of Germany. The ability and willingness of our people to bear the burden of taxation have established our national credit upon an unshakable foundation. In the present year we are raising over £300,000,000 by new taxation imposed since the war, while Dr. Helfferich announced a doubtful increase of £24,000,000. Civic courage is as important in its sphere as military courage, and we may justly claim in this time of stress that we have not been found wanting in either of those great duties."

X.—THIRTEEN VOTES OF CREDIT FROM AUGUST 6TH, 1914,  
TO OCTOBER 11TH, 1916.

The war has now been going on during three fiscal years—April to March, 1914-15, 1915-16, 1916-17. The first vote of credit by Parliament was made on August 6th, 1914; and up to the time these pages of the *Canadian Almanac* went to press there had been in all thirteen

votes of credit, carrying an aggregate of £3,132,000,000. The order in which the votes were granted by the House of Commons—the House of Lords concurring—and the amount of each vote, are as follows:—

August 6, 1914 .....	£100,000,000
November 15, 1914.....	225,000,000
March 1, 1915.....	37,000,000
March 1, 1915 .....	250,000,000
June 15, 1915 .....	250,000,000
July 20, 1915.....	150,000,000
September 15, 1915.....	250,000,000
November 11, 1915.....	400,000,000
February 21, 1916.....	120,000,000
February 21, 1916.....	300,000,000
May 23, 1916.....	300,000,000
July 24, 1916 .....	450,000,000
October 11, 1916 .....	300,000,000

Grand total to October 11, 1916—£3,132,000,000.

The white paper issued at the time the last vote was asked from Parliament stated that the vote was an estimate, of the further amount required towards defraying the expenses which may be incurred for:—

General Navy and Army Services in so far as specific provision is not made therefor by Parliament.

The conduct of naval and military operations.

All measures which may be taken for the security of the country.

Assisting the food supply, and promoting the continuance of trade, industry, business, and communications, whether by means of insurance or indemnity against risk, the financing of the purchase and resale of foodstuffs and materials, or otherwise.

Relief of distress, and generally for all expenses beyond those provided for in the ordinary grants of Parliament, arising out of the existence of a state of war.

In asking the House of Commons for the last vote in the foregoing list, Mr. Asquith once more declared the policy of Great Britain and the Allies. "This war," said the Premier, "cannot be allowed to end in some patched up, precarious and dishonoring compromise masquerading under the name of peace. No one desires to prolong for a single moment longer than is necessary the tragic spectacle of bloodshed and destruction, but we owe it to those who have given their lives that their supreme sacrifices shall not have been unavailing. The ends of the allies are well known. They have been frequently stated. They are not selfish, they are not vindictive, but they require adequate reparation for the past, and adequate security for the future."

# METHODIST & CHURCH IN CANADA

The Methodist Church in Canada, in its present form, was constituted in 1883 by the union of The Methodist Church of Canada, the Methodist Episcopal Church in Canada, the Primitive Church of Canada, and the Bible Christian Church of Canada. The total membership of the united Church at the time of the Union was 169,803. The total membership reported in June, 1915, is 376,761, an increase of more than 121 per cent.

In 1883, the total number of Ministers and Probationers for the Ministry was 1,633; the number in 1915 is 2,870, an increase of 1,237.

In 1886, the first Conference after the Union, there were reported 1,315 Circuits and Missions; in 1915 there are 2,122, exclusive of the work in the missionary fields in Japan and China.

In 1886, there were 2,943 churches, valued at \$7,862,089. In 1914, at the last General Conference, there were reported 3,782 churches, valued at \$29,049,305.

In 1886, there were 842 parsonages, valued at \$1,231,842. In 1914, there were 1,542 parsonages, valued at \$4,673,536.

In 1883, the value of the College property was \$376,563. In 1915, it amounts to \$7,200,391. The Methodist Church maintains seventeen Colleges throughout the Dominion and in Newfoundland, besides several other schools of lesser importance.

In 1883, at the Union, the total value of all Church property was \$9,130,807. The total value of all Church property as reported to the General Conference of 1914 was \$41,905,245.

The territory covered by the operations of the Church includes the Dominion of Canada, Newfoundland, Bermuda, and mission fields in China and Japan. For purposes of administration this territory is divided into Conferences, of which there are twelve:—Toronto, London, Hamilton, Bay of Quinte, Montreal, Nova Scotia, New Brunswick and Prince Edward Island, Newfoundland, Manitoba, Saskatchewan, Alberta and British Columbia.

The financial report for 1915 contains the following figures: Amount raised for Ministerial support, \$1,794,550; Total Missionary Income, \$651,450; Educational Fund, \$55,237; Amount raised for Circuit purposes, \$2,828,720.

There are 3,824 Sunday Schools, with 420,210 scholars, and 41,929 officers and teachers, being a total Sunday School force of 462,139.

The principal officers of the Church are as follows: General Superintendent, Rev. Samuel Dwight Chown, D.D., LL.D.; Rev. Albert Carman, D.D., LL.D., General Superintendent Emeritus. Secretary of General Conference, and of the Department of Social Reform and Evangelism, Rev. T. Albert Moore, D.D. Book Steward, Rev. Wm. Briggs, D.D. Editor of the *Christian Guardian*, Rev. W. B. Creighton, B.A., D.D. Editor of Sunday School Publications, Rev. A. C. Crews, D.D. Editor of *The Wesleyan*, Halifax, Rev. D. W. Johnson, D.D. Missionary Society: General Secretary of the Home Department, Rev. James Allen, M.A.; General Secretary of Foreign Department, Rev. James Endicott, D.D.; Rev. Chas. E. Manning, B.A., Assistant Secretary of Home Department; Rev. J. H. Arnup, B.A., Assistant Secretary of the Foreign Department; Treasurer, H. H. Fudger, Esq.; Secretary of the Young People's Forward Movement, Rev. F. C. Stephenson, M.D. Sunday School Department: General Secretary, Rev. S. T. Bartlett. Educational Society: General Secretary, Rev. John W. Graham, B.A., D.D., Victoria College, Toronto. General Conference Statistician: Rev. Charles D. Baldwin, Addison, Ontario.

The General Offices of the several Departments are in the Wesley Buildings, 299 Queen Street West, Toronto, Ontario.

The Methodist population of Canada, according to the Census of 1911, was 1,079,892, an increase in the decade of 17.98 per cent. The proportion of Methodists to the total population was 14.98 per cent.

## Collegiate Institutes and High Schools.

Each of the High Schools (which form the intermediate link between the Public Schools and the Universities) is managed by a Board of at least six Trustees, appointed jointly by the Municipal Councils concerned. In Urban Municipalities Trustees may be appointed by the Councils, or may be elected by general vote of qualified electors. Separate School Boards of Trustees have the right to appoint a trustee. The Principal of the High School or Collegiate Institute must be a graduate of a University in the British Dominions, and certified as experienced in teaching. Assistants must also have received the prescribed training. Fees are charged in many cases, and funds must be raised by local assessment. Every High School must have a Principal and at least one assistant teacher. Each Collegiate Institute receives a fixed amount of \$250, and each High School with fewer than four teachers \$300, other schools \$275, and also a certain sum on salaries of teachers, general equipment and suitability of school premises. High Schools which have complied with certain conditions as to equipment, special teachers, etc., may be made Collegiate Institutes, and receive an additional grant. Special grants ranging from \$40 to \$160 are also given to "Approved Schools." Pupils attending Continuation and High Schools, and Collegiate Institutes may receive training fitting them for business life or the academic standing required of school teachers, or may be prepared for Matriculation to the Universities. There were 48 Collegiate Institutes, 112 High Schools, and 132 Continuation Schools doing the same grade of teaching in connection mainly with the Public and Separate Schools, in Ontario in 1915.

**Public Schools.**—Each Township is divided into School Sections of a suitable extent for one School; and in each of these Sections three Trustees are elected to form a Board to manage its school affairs. In Cities, Towns and Villages, the Schools are managed by an elected Board of at least six Trustees.

**TECHNICAL AND INDUSTRIAL SCHOOLS.**

The Industrial Education Act provides for the organization of a system of Technical and Industrial Schools for Ontario. These schools are (1) *Day Schools*, as follows:—(a) General Industrial Schools and Courses for instruction in such subjects as may form a basal preparation for the trades, including workshop practice; (b) Special Industrial Schools and Courses, for instruction in the theoretical and practical work of particular trades; (c) Technical High Schools and High School Courses; (d) Part-time co-operative Industrial Courses in which apprentices employed in the workshops may receive instruction hearing upon their trades; (e) Schools and Courses for instruction in the fine and applied arts. (2) *Evening Schools*, in which workmen and workwomen employed during the day may receive theoretical and practical instruction in their trades or callings. Each school is under the control of an Advisory Industrial Committee

appointed by the High School Board of the municipality. This committee consists of an equal number of representatives of the Board and of the manufacturing or other industries of the place. The representatives of the industries are made up equally of employers and employees. The schools are liberally supported by Government grants, based upon the amount paid for the salaries of the teachers, and upon the accommodations and equipment provided. Schools have been established under this Act as follows:—*Day Schools* at Brantford, Haileybury, Ilamilton, London, Sault Ste. Marie, Sudbury, Toronto; *Evening Schools* at Kitchener, Brantford, Brockville, Collingwood, Cornwall, Dundas, Galt, Goderich, Guelph, Hamilton, Ingersoll, Kingston, London, Niagara Falls, Oakville, Ottawa, Owen Sound, Pembroke, Peterborough, Port Arthur, Renfrew, St. Thomas, Sault Ste. Marie, Stratford, Toronto, Whitby, Windsor, Woodstock.

## EDUCATIONAL INSTITUTIONS.

### THE UNIVERSITY OF TORONTO

WITH WHICH ARE FEDERATED

**Victoria and Trinity Universities, and St. Michael's,  
Knox, and Wycliffe Colleges.**

The University of Toronto includes the Faculties of Arts, Medicine, Applied Science and Engineering, Household Science, Education, and Forestry. The Faculty of Arts, in its turn, includes the four Arts Colleges:—University College, Victoria College, Trinity College and St. Michael's College, in one or other of which all undergraduates in Arts are enrolled. In certain subjects (chiefly the languages) the undergraduate work is conducted by these colleges, each for its own students; in the remaining subjects (chiefly the sciences) all the students receive instruction in common from a general University Arts Staff. For all Arts students, whatever their college, the curriculum and examinations are those of the University of Toronto, from which also they receive their degree of B.A. The University has no Faculty of Theology; in this department of work the federated Universities, Victoria and Trinity, still retain their original independence and degree conferring powers.

The following Colleges are in affiliation with the University of Toronto, their Students obtaining their Degrees at this Institution:—

Royal College of Dental Surgeons	Toronto Conservatory of Music
Ont. College of Pharmacy	Toronto College of Music
Ontario Agricultural College	Hamilton Conservatory of Music
Ontario Veterinary College

# LIFE ASSURANCE IN CANADA.

The business of life assurance in Canada during the year, 1915, was conducted by 44 active companies—26 Canadian, 7 British, 10 American and 1 Colonial.

## NEW ASSURANCES EFFECTED.

In the year under review, the new policies effected amounted to \$221,119,558, an increase from those taken out in the preceding year of \$4,113,042. The respective amounts effected in each of the three classes of companies were:

Canadian Companies, \$121,033,310, or 55% of the whole British and Colonial Companies.....	5,727,313, " 2% " "
United States Co.'s... 94,358,935, " 43% " "	

It will be observed that the business of the Canadian companies exceeded that of the British and United States together by \$20,947,062.

## TOTAL ASSURANCE IN FORCE.

The aggregate of life assurance in force December 31st, 1915, amounted to \$1,311,616,677, an increase over that of the previous year of no less than \$69,456,199. The distribution is shown as follows:

Companies.	Amount in Force.	Increase.
Canadian.....	\$ 829,972,809	\$ 35,452,386
British and Colonial.....	58,037,013	2,683,640*
United States.....	423,556,850	36,687,453
<b>Total.....</b>	<b>\$1,311,616,677</b>	<b>\$69,456,199</b>

\*Decrease.

The progress of the business, from the standpoint of the aggregate volume of life assurance carried by the several classes of companies, is evidenced when a comparison is instituted with the figures applicable at the close of the three previous decades:

## AGGREGATE LIFE ASSURANCE IN FORCE AT CLOSE OF

Year.	Canadian Companies.	United States Companies.	British Companies.	Total.
	\$	\$	\$	\$
1880	37,838,518	33,643,745	19,789,863	91,272,126
1890	135,218,990	81,599,847	31,613,730	248,424,567
1900	267,151,086	124,433,416	39,485,344	431,069,846
1915	829,972,809	423,556,850	58,037,013	1,311,616,677

From \$91,000,000 in 1880 to \$1,312,000,000 in 1915, represents the large increase of over 1,337% in thirty-five years.

## DEATH RATE.

The death rate in the several classes of companies was determined approximately by a comparison of the mean number of policies in force with the number of policies which became claims by death. The death rate thus ascertained for 1915 was 8.842 per 1,000, a rate lower than the average for the preceding four years, notwithstanding the mortality caused directly by the war. The following table gives the rate for each of the years 1911-12-13-14-15:

	1915.	1914.	1913.	1912.	1911.

## ASSETS, LIABILITIES, NEW ASSURANCES, CANADIAN COMPANIES.

In determining the relative merits of life assurance companies, a number of factors must be considered. The expense rate, interest rate, rate of mortality experienced, class of investments, character of the men who compose the directorate, and the officers should be considered, etc. Because a company's assets, new assurances, or total assurances in force may run into large figures, these in themselves would not necessarily determine the superiority of the company. As a matter of reference, however, the following items are given for Canadian companies for the year ending December 31st, 1915:

**Law Society of Ontario.**

The Law Society was first established in 1797, by the Act 37, Geo. III., c. 13, which enabled the then practitioners of the law to form themselves into a society, and make rules for its government. By the Act of 1822, 2 Geo. IV., c. 5, "the Treasurers and Benchers of the Law Society" were formally incorporated; and under these and other statutes the Society has continued to be governed by a Board of Benchers, in the same manner as the various Law Societies of England. Under c. 157 (1914), the Benchers consist of 30, elected by the Bar, and *ex-officio* members, consisting of the Minister of Justice, the Solicitor-General of the Dominion, and all members of the Bar of Ontario who have at any time held the office of Minister of Justice or Solicitor-General of the Dominion or of Ontario, or the Attorney-General of Ontario, and every person who has held this office. Every person, treasurer of this Society for seven consecutive years, every person who has been elected for four quinquennial elections, and so long as he does not practice as a Barrister or Solicitor, every retired Judge of the Supreme Court of Canada or of the Exchequer Court of Canada who was a member of the Bar of Ontario, and any retired Judge of the Supreme Court for Ontario; the *elected* being chosen by ballot, for a term of five years, by the members of the Bar, in manner prescribed by this Act. Vacancies during the term are filled by the remaining Benchers. On the first day of Easter Term, annually, the Benchers appoint one of their body to be Treasurer, who is also President of the Society. The Benchers sit in Convocation for the call of Barristers, the admission of Solicitors to Practice, and of Students to enter the Society. Osgoode Hall, appropriately named after the first Chief Justice, is the Ontario "Inn of Court," or headquarters of the Society, in which is provided accommodation for the Supreme Court of Ontario; with a valuable and extensive library.

## THE ROYAL MILITARY COLLEGE

**T**HERE are few national institutions of more value and interest to the country than the Royal Military College of Canada. Notwithstanding this, its object and the work it is accomplishing are not sufficiently understood by the general public.

The College is a Government institution, designed primarily for the purpose of giving instruction in all branches of military science to cadets and officers of the Canadian Militia. In fact, it corresponds to Woolwich and Sandhurst.

The Commandant and military instructors are all officers on the active list of the Imperial army, lent for the purpose, and there is in addition a complete staff of professors for the civil subjects which form such an important part of the College course. Medical attendance is also provided.

Whilst the College is organized on a strictly military basis, the cadets receive a practical and scientific training in subjects essential to a sound modern education.

The course includes a thorough grounding in Mathematics, Civil Engineering, Surveying, Physics, Chemistry, French and English.

The strict discipline maintained at the College is one of the most valuable features of the course, and, in addition, the constant practice of gymnastics, drills and outdoor exercises of all kinds, ensures health and excellent physical condition.

Commissions in all branches of the Imperial service and Canadian Permanent Force are offered annually.

The diploma of graduation is considered by the authorities conducting the examination for Dominion Land Surveyor to be equivalent to a university degree, and by the Regulations of the Law Society of Ontario it obtains the same exemptions as a B.A. degree.

The length of the course is three years, in three terms of 9½ months each.

The total cost of the course, including board, uniform, instructional material, and all extras, is about \$800.

The annual competitive examination for admission to the College takes place in May of each year, at the headquarters of the several military districts.

For full particulars regarding this examination and for any other information, application should be made to the Secretary of the Militia Council, Ottawa, Ont., or to the Commandant, Royal Military College, Kingston, Ont.
