LAWS

I hereby promulgate the Law for Partial Amendments to the Law for Hydrographic Activities.

Signed: HIROHITO, Seal of the Emperor

This tenth day of the third month of the twenty-sixth year of Showa (March 10, 1951)

Prime Minister
YOSHIDA Shigeru

Law No. 16

Law for Partial Amendments to the Law for Hydrographic Activities

The Law for Hydrographic Activities (Law No. 102 of 1950) shall be partially amended as follows:

In Article 1 "to get Maritime Safety at Sea" shall be amended as "to contribute to the safety of communication at sea and in the air".

The following one Article shall be added next to Article 4:

(Aeronautical Charts and Publications)

Article 4-(2). "Aeronautical charts and publications" in this Law shall mean the aeronautical charts, air almanac, and other aeronautical charts and publications.

The following one paragraph shall be added next to Article 19:

2 The governor of To, Do, Fu or prefecture shall, in case he has licensed the fixed-net fishery or the common fishery which was designated by the Minister of Transportation, under the provision of Article 10 or Article 22 of the Fisheries Law (Law No. 267 of 1949), or he has permitted the common fishery designated by the Minister of Transportation in accordance with the provision of the text of Article 66 paragraph 1 of the said Law, report the following items to the Director of the Maritime Safety Agency. In cases where he has annulled or altered the fishery right in accordance with the provisions of Article 37 to Article 40 inclusive of the said Law, or changed the reported item, the same shall also apply to those matters:

(1) The fixed position and the term of fixture of the fixed gears in the case of the fixed-net fishery;

(2) The area of the fishery grounds, the position of the submerged gears and the term of submerging gears as designated by the Minister of Transportation, in the case of the common fishery or the fishery permitted.

The heading of Article 24 shall be amended as follows:

(Protection of Hydrographic Publication, and Aeronautical Charts and Publications)

In Article 24, "or aeronautical charts and publications" shall be added next to "Hydrographic publication," and "or aviation" shall be added next to "navigation".

In Article 25 paragraph 1, "aeronautical charts," shall be added next to "charts,".

Supplementary Provision:

This Law shall come into force as from the day of its promulgation.

Minister of Transportation
YAMAZAKI Takeshi

Prime Minister
YOSHIDA Shigeru

CABINET ORDERS

I hereby promulgate the Cabinet Order for Partial Amendment to the Order concerning the Fees Regulations for Local Public Bodies.

Signed: HIROHITO, Seal of the Emperor

This tenth day of the third month of the twenty-sixth year of Showa (March 10, 1951)

Prime Minister
YOSHIDA Shigeru

Cabinet Order No. 43

Cabinet Order for Partial Amendment to the Order concerning the Fees Regulations for Local Public Bodies

In accordance with the provision of Article 222 paragraph 2 of the Local Autonomy Law (Law No. 67 of 1947), the Cabinet established this Cabinet Order.

The Order concerning the Fees Regulations for Local Public Bodies (Cabinet Order No. 327 of 1947) shall be partially amended as follows:

Next to Article 1 item 73, the following two items shall be added:

74. Examination-fee of Administrative Scrivener and Fee for Registration of the same
75. License-fee for Milk-Collecting Business

Supplementary Provision:

This Cabinet Order shall come into force as from the day of its promulgation.

Prime Minister
YOSHIDA Shigeru
Minister of Welfare
KUROKAWA Takeo

I hereby promulgate the Cabinet Order for Partial Amendments to the Cabinet Order concerning Convertible Account.

Signed: HIROHITO, Seal of the Emperor
This tenth day of the third month of the twenty-sixth year of Showa (March 10, 1951)
Prime Minister
YOSHIDA Shigeru

Cabinet Order No. 44

Cabinet Order for Partial Amendments to the Cabinet Order concerning Convertible Account

In accordance with provisions of Article 15, Articles 27 to 29 inclusive and Article 67 of the Foreign Exchange and Foreign Trade Control Law (Law No. 228 of 1949), the Cabinet establishes this Cabinet Order.

The Cabinet Order concerning Convertible Account (Cabinet Order No. 192 of 1950) shall be partially amended as follows:

In Article 1, "(foreign means of payment expressed in the foreign currency prescribed by the Minister of Finance under.....)" shall be amended as "(foreign means of payment, excluding those involved in the Special Settlement Accounts, expressed in the foreign currency prescribed by the Minister of Finance under.....)".

The following one Article shall be added next to Article 3:

(Cancellation of License for Establishment of Convertible Account)

Article 3-(2). The Minister of Finance may, when he deems person possessing a convertible account to fall under any of the following items, cancel the license given in accordance with the provision of paragraph 1 of the preceding Article:

(1) When the licensee has made an untrue statement in his application;
(2) When the licensee is not in need of ready access to foreign means of payment;
(3) When the licensee has violated the terms and conditions tagged to the license in accordance with the provision of paragraph 3 of the preceding Article, and provisions of the Law and other Laws and Orders thereunder.

2 The Minister of Finance shall, when he intends to take administrative action for cancellation of the license according to the provision of the preceding paragraph, notify beforehand to that effect to the person possessing a convertible account concerned and give him a chance for explanation by himself or through his agent within a reasonable period.

The following one paragraph shall be added to Article 8:

3 The Minister of Finance may require at any time necessary reports on operation of the Convertible Account concerned from any person possessing a convertible account or foreign exchange bank with which the account was established.

Supplementary Provision:

This Cabinet Order shall come into force as from the day of its promulgation.

Minister of Finance
IKEDA Hayato
Prime Minister
YOSHIDA Shigeru

5) Maximum capacity of cargo work.

(5) Conditions of management:

1) Public-offices handling port and harbor services;
2) Areas of ports and harbors;
3) Condition of operating repairs and construction;
4) Various Harbor Regulations;
5) Various port charges.

(6) Services and entities pertaining to ports and harbors:

1) Harbor transportation business;
2) Shipping business;
3) Pilot service;
4) Shipbuilding and repairing enterprise;
5) Salvaging and diving services;
6) Shipchandlers;
7) Warehousing business;
8) Cold storage business;
9) Other businesses pertaining to ports and harbors;
10) Agencies handling port and harbor business.

(7) Condition of utilization:

1) Regular liners;
2) Trampers;
3) Vessels entering the port;
4) Number of passengers getting on board or out of vessels;
5) Amount of cargoes, in and out by sea;
6) Amount of cargoes by land;
7) Cargo work for steamer;
8) Anchorage and mooring quays;
9) Sheds and warehouses;
10) Storage grounds;
11) Railway-ferries.

(Time of Investigation)

Article 5. The investigation on the matters enumerated in the preceding Article items (1) to (6) inclusive and item (7) 1) and 2) shall be conducted as of the last day of March, every year.

2 The investigation on the matters enumerated in item (7) (excluding 1), 2) and 6)) shall be conducted as of the last day of every month and for the said month as regards the A class port, and as for the last day of every December and for the said year as regards the B class port.

Article 6. The investigation on the matter mentioned in Article 4 item (7) 6) shall be conducted as to the ports and harbors will be designated by the Minister of Transportation.

2 The time and method of investigation referred to in the preceding paragraph shall be determined through a Notification.

(Scope of Obligor for Reporting)

Article 7. The investigation on the matters enumerated in Article 4 item (4) 1) to 3) inclusive and item (7) shall be conducted in contact with the port management bodies or the below mentioned persons who will be designated by the Governor of To, Do, Fu or prefecture in accordance with the instruction given by the Minister of Transportation (hereinafter referred to as "the obligors for reporting"):

(1) With regard to the matters enumerated in Article 4 item (4) 1) to 3) inclusive, the persons operating the harbor transportation business;

(2) With regard to the matters enumerated in Article 4 item (7) 1), 2) and 4), the persons operating the ship-operation business;

(3) With regard to the matter enumerated in Article 4 item (7) 3) the persons operating the ship-operation business and the Presidents of Fishing Industries Cooperatives;

(4) With regard to the matters enumerated in Article 4 item (7) 5) and 6), the persons operating the harbor transportation business, ship-operation business or land transportation business and Presidents of Fishing Industries Cooperatives;

(5) With regard to the matters enumerated in Article 4 item (7) 7), the persons operating the harbor transportation business;

(6) With regard to the matters enumerated in Article 4 item (7) 8) to 10) inclusive, the administrators thereof;

(7) With regard to the matter enumerated in Article 4 item (7) 11), the person operating the business concerned;

(8) Besides those enumerated in the preceding items, the persons who are in the position being capable of grasping the actual state of affairs surrounding the matter concerned.

Article 8. The Governor of To, Do, Fu or prefecture shall deliver the investigation papers to the obligors for reporting prior to the day of the investigation concerned.

2 The forms of the investigation papers referred to in the preceding paragraph shall be in conformity with the Annex (2).

(Reporting)

Article 9. The person who has received the investigation paper referred to in the preceding Article shall return the said investigation paper according to the following classification after making therein entries as required and affixing his seal thereto:

Matters to Be Investigated	Time-limit for Reporting	
	A class port	B class port
1)-3) of item (4) and 1) and 2) of item (7) of Article 4	Last day of every April	Do to the left
Item (7) of Article 4 (excluding 1), 2) and 6))	The 10th of the month following the month to be investigated	The last day of January following the year to be investigated

(Items to Be Aggregated and Method of Aggregation)

Article 10. The Governor of To, Do, Fu or prefecture shall aggregate for each port the matters enumerated in Article 4 item (7) 3) to 5) inclusive, 9) and 10), prepare the table for aggregation of investigation in the form to be set forth by the Minister of Transportation and submit it to the Minister of Transportation by the last day of the month following the month to be investigated in the case of a A class port and by the last day of March of the year following the year to be investigated in the case of a B class port.

2 The Minister of Transportation shall examine and adjust the tables for aggregation of investigation which have been submitted in accordance with the provision of the preceding paragraph, and carry out the national aggregation of investigation for each month and for each year as regards the A class ports and for each year as regards the B class ports.

(Register for Port and Harbor Investigation)

Article 11. The Governor of To, Do, Fu or prefecture shall conduct investigation on the matters enumerated in Article 4 (excluding the items to be aggregated referred to in the preceding Article) for each port by the method to be fixed by the Minister of Transportation, keep a register for port and harbor investigation stating the results of investigation (hereinafter referred to as "the register"), and forward a copy thereof to the Chief of Port and Harbor Bureau, Ministry of Transportation and the Chief of Regional Maritime Bureau and the Chief of Regional Harbor Construction Division having jurisdiction over the area of To, Do, Fu or prefecture concerned respectively.

2 In case where any change has occurred in the matters mentioned in the register for port and harbor investigation referred to in the preceding paragraph, the Governor of To, Do, Fu or prefecture shall effect necessary correction of the register within two months from the day on which the said change was found by investigation, and report to that effect to the government agencies to which a copy of the register has previously been forwarded in accordance with the provision of the preceding paragraph.

(Port and Harbor Investigator)

Article 12. To, Do, Fu or prefecture concerned shall have port and harbor investigators (hereinafter referred to as "the investigators") with the aim of employing them in port and harbor investigation services.

2 The port and harbor investigators shall be appointed by the Governor of To, Do, Fu or prefecture.

3 The port and harbor investigators shall engage in the delivery and collection of the investigation papers and other businesses relating to the investigation under the command and supervision of the Governor of To, Do, Fu or prefecture.

(Statistics Investigation Officials)

Article 13. The Minister of Transportation and the Governor of To, Do, Fu or prefecture concerned may make the persons other than those prescribed in Article 10 paragraphs 1 and 2

engage in the investigation services in accordance with the proviso to Article 10 paragraph 3 of the Law.

(Field Investigation)

Article 14. The persons prescribed in the preceding two Articles may effect inspection, ask for offering materials for investigation or put a question to the interested persons in accordance with the provision of Article 13 of the Law in connection with the matters enumerated in Article 4 items (3), (4), (6) and (7). In this case, they shall carry with them identification cards testifying to their official status and show it upon request to the interested persons.

(Publication of the Results)

Article 15. The register and the copy thereof shall be opened to the interested persons at any time when they called for so doing.

Article 16. The Minister of Transportation shall compile the statistics on the Japanese ports and harbors on the basis of the national aggregation of investigation referred to in Article 10 paragraph 2.

2 The statistics on the Japanese ports and harbors shall be made public in the form of both monthly report and annual report as regards the A class ports and in the form of annual report as regards the B class ports by the following date respectively:

Monthly report: Last day of the month following the month to be investigated

Annual report: Last day of March of the year following the year to be investigated

(Preservation of the Documents Concerned)

Article 17. The documents pertaining to the investigation shall be preserved during a certain period according to the classifications set forth in the following Table:

Documents	Term of preservation	Person responsible for preservation
Register	unrestricted term	Governor of To, Do, Fu or prefecture
Copy of register	"	Chief, Port and Harbor Bureau, Ministry of Transportation
"	"	Chief, Regional Maritime Bureau
"	"	Chief, Regional Harbor Construction Division
Statistic on Japanese ports and harbors (monthly report)	"	Chief, Port and Harbor Bureau, Ministry of Transportation
" (annual report)	"	"
Investigation papers	two years	Governor of To, Do, Fu or prefecture

(Competent Sections for Investigation)

Article 18. The business affairs concerning the investigation shall be taken charge of by the Planning Section, Port and Harbor Bureau of the Ministry of Transportation and by the competent section of To, Do, Fu or prefecture interested in port and harbor.

Supplementary Provision:

This Ministerial Ordinance shall come into force as from the day of its promulgation and be applied as from January 1, 1951.

1. In this column entry shall be made by the classification of works such as stevedoring, longshoring, raft carrying, lighter transportation and warehousing.
2. The number of workers entered in the column "Regular" shall indicate the number of enrolled workers (those enlisted in the workers' roster as provided for in the Labor Standard Law) and that in the column "Temporary" shall include daymen.

Cargo Workers	Classification	Stevedoring			Longshoring			Raft carrying			Lighter transportation			Warehousing			Total		
		Regular	Temporary	Total	Regular	Temporary	Total	Regular	Temporary	Total	Regular	Temporary	Total	Regular	Temporary	Total	Regular	Temporary	Total
	No. of Workers																		

Lighters

1. Lighters shall mean the vessels engaged in loading, unloading and transshipment of cargoes, and other small-scale carrying in the port, not including coaler, oiler, water boat, etc.
2. In the column "Actual Record of Loading Tonnage per Year" shall be entered the tonnage of cargoes actually handled during a year from April 1 of the preceding year to the time of investigation.
3. In the column "Usable Lighters" shall be entered the lighters being in usable condition as of March 31.

Classification	100 G/T or more		Less than 100 G/T		Less than 50 G/T		Total		Usable Lighters		Actual Record of Loading Tonnage per Year	Remarks
	No. of vessels	Tonnage	No. of vessels	Tonnage	No. of vessels	Tonnage	No. of vessels	Tonnage	No. of vessels	Gross Tonnage		
Coal												
Oil												
Sundry goods												
Bulk cargo												
Others												
Total												

Tugs

1. The kind of engine shall be stated as much in detail as possible. (e.g. Diesel-engine, Petroleum Hot-bulb engine, etc.)
2. In the column "Towing Capacity per H.P." shall be entered the tonnage obtained by dividing the maximum tonnage of cargo which the tug can tow in the normal condition by her nominal shaft horse power.
3. As for "Usable Degree", the applicable item shall be encircled. Entry shall be made as classified by large, middle and small.

Name	Structure	G/T	Engine		Towing capacity per H.P.	Usable Degree
			Kind	Nominal Shaft Horse Power		
						Usable, Repair Required (Large, Middle, Small)

Paper for Investigation on Ships Entering the Port

For (month, year)

* Port to Be Investigated	A / B Class Port	Reporter	Name of Business Office	
* No. of Investigation Paper			Location	
* Seal of Investigator			Name	Seal

Ship's Entering the Port

Entry shall be made of the vessels of more than 5 G/T entering the port whether they have a cargo on board or not.

1. Distinction of "Steamer, Wooden Vessel and Sailing Vessel" shall be made according to the description in the Ship's Register, and as for the foreign vessels included therein their number shall be entered in red.
2. In each item of "Classification" entry shall be made respectively in "Overseas Trade" and "Coastal Service".
3. "Merchant Vessel" means the passenger boat, semi-cargo boat, cargo boat and tanker.
4. "Fishing Vessel" means the vessel which is used for fishing and the vessel which exclusively carries fish catch, as well as the vessel equipped with fishing facilities which is exclusively used for test and investigation, guidance and supervision concerning fisheries. Provided, if a fishing vessel has engaged in carrying of the other cargo than the fish catch, she shall be entered as a merchant vessel only in that case.
5. "Others" mean those vessels which do not come within the purview of merchant vessel and fishing vessel, e.g. the navigation training vessel, watch vessel, salvage vessel and ships on duty guard.
6. In case where a vessel enters the port several times a day, each entry into the port shall be calculated as one time.
7. Any vessel which has taken refuge on account of any of the following reasons shall be treated as the refugee vessel whatever classification of vessels she may belong to:
   (1) In case she has turned back into the port without carrying out her service owing to the stormy weather;
   (2) In case she has called at the port changing the schedule in order to get out of the stormy weather;
   (3) In case she has entered the port by herself or by another help because of her having met a sea disaster;
   (4) In case she, having consumed coal and water owing to the stormy weather, has entered the port for replenishment of them.
8. In case the tonnage of a non-registered vessel is unknown, it shall be computed by the following conversion rate:
   In the case whose tonnage is expressed in *Koku* 10 *Koku* to be one G/T; in the case of a steamer 10 G/T to be 15 D/W, and in the case of a wooden vessel and a sailing boat 10 G/T to be 20 D/W.

Vessels

Classification		Steamer			Wooden Vessel			Sailing Vessel		
		No. of Ships	G/T	D/W	No. of Ships	G/T	D/W	No. of Ships	G/T	D/W

RULES AND REGULATIONS

Public Utilities Commission Regulation No. 5

March 10, 1951

Under the mandate stipulated in the provision of Article 17 paragraph 3 of Public Utilities Order (Cabinet Order No. 343 of 1950), Regulations concerning Procedure of Public Utilities Commission Conference shall be established as follows:

Chairman of Public
Utilities Commission
MATSUMOTO Joji

Regulations concerning Procedure of Public Utilities Commission Conference

(Object of Regulation)

Article 1. Procedures concerning conferences of Public Utilities Commission (hereinafter referred as conference) other than those stipulated in the Public Utilities Order, shall be regulated under this Regulation.

(Conference)

Article 2. Conference shall be usually held in the Public Utilities Commission Building.

(Chairman)

Article 3. Chairman of Public Utilities Commission shall act as the chairman of the conference and arrange the conference procedures.

2 In case the Chairman falls under any accident, the commissioner with authority to represent the chairman shall take the chair and in case both are indisposed any other commissioner may take the chair temporarily.

(Presence of Staff)

Article 4. Upon approval of the Chairman, staffs of Public Utilities Commission and officials concerned of the other Gevernmental Agencies may be present at the conference to make explanations and/or tender opinions.

(Secretary)

Article 5. Secretary General of Public Utilities Commission shall act in capacity of secretary of the conference and handle the business of the conference under the Chairman's instruction.

(Exclusion of Decision)

Article 6. In case Public Utilities Commission makes decision on the case, the votes of the Commissioners having interests on that particular case shall not be recognized.

(Effect of Decision)

Article 7. Decisions of the conference, if not stipulated otherwise, become effective at the time of the vote.

(Record)

Article 8. The record of the conference shall state at least the following matters:

1. Date and place of the conference.
2. Opening and closing time of the conference.
3. Names of Commissioners attending.
4. Subject of the conference.
5. Course of the discussion and the brief of decision.

2 The record shall be confirmed by an approval of the Chairman and other Commissioners of Public Utilities Commission present at the conference.

(Publication of Decision)

Article 9. Public Utilities Commission shall prepare the documents on decision authorized by the Chairman of the Public Utilities Commission at the Executive Office of the Public Utilities Commission and its branch offices.

2 Those desiring read the documents outlining the decision of the conference may do so during office hours in the place mentioned in the preceding paragraph.

(Detail of the Conference Procedure)

Article 10. Public Utilities Commission shall establish the details of the conference procedure other than those stipulated in this Regulation.

Supplementary Provision:

This Regulation shall come into force as from the day of its promulgation.

Land Coordination Commission Rule No. 1

March 10, 1951

In order to enforce the provisions of Article 20 of the Land Coordination Commission Establishment Law (Law No. 292 of 1950), the Regulation Governing the Organization of the Secretariat of the Land Coordination Commission shall be established, in accordance with the provisions of Article 7 paragraph 4 of the National Government Organization Law (Law No. 120 of 1948), as follows:

Chairman of Land
Coordination Commission
WAGATSUMA Sakae

Regulation governing the Organization of the Secretariat of the Land Coordination Commission

Article 1. The Secretariat shall have General Affairs Section, Deliberation Section and Supervision Section.

Article 2. The General Affairs Section shall take charge of the following affairs:

(1) Coordination of the affairs of the Secretariat;

(2) Liaison with the various Ministries and the various Government agencies;

(3) Confidential matters;

(4) Position classification, appointment, dismissal, salary, allowance, status, discipline, performance of duty of personnel and other personal affairs;

(5) Budgeting, settlement of account and accounting;

(6) Happiness and welfare of the personnel;

(7) Adoption and custody of the official seal of Chairman, the seal of Commission, the seal of Director and the seal of Secretariat;

(8) Report to the Diet and publication thereof;

(9) Public notice;

(10) Receipt, dispatch and compilation of documents, and making and custody of minutes;

(11) Statistics and survey materials;

(12) Affairs not taken charge by other sections.

Article 3. The Deliberation Section shall take charge of the following affairs:

(1) Adjudication on the protest in respect of the establishment of mining right, stone quarrying right, etc.;

(2) Adjudication on the protest in respect of the use or expropriation of land for mining or stone quarrying;

(3) Adjudication on the protest in respect of the cancellation of mining right;

(4) Approval of decision in respect of the establishment of the stone quarrying right.

Article 4. The Supervision Section shall take charge of the following affairs:

(1) Designation of area prohibited from mining or cancellation of such designation;

(2) In addition to the affairs listed in the preceding item, such powers as are placed under the charge of the Commission (excluding those taken charge by other sections) by laws (including orders issued thereunder).

Supplementary Provision:

This Regulation shall come into force as from the day of its promulgation and shall be applied as from January 31, 1951.

NOTIFICATIONS

Prime Minister's Office Notification No. 33

March 10, 1951

With regard to the election of the Governors as well as Mayors of Osaka, Yokohama and Nagoya Cities to be held in accordance with the provision of Article 2 paragraph 1 of the Law concerning the Temporary Exceptions to the Date of Elections, etc. of Assemblymen and Chiefs of Local Public Bodies (Law No. 2 of 1951), the time-limit for asking the Prime Minister to confirm that the candidates do not fall under the provisions of the Memorandum in accordance with the provision of Article 8 paragraph 1 of the Ordinance concerning the Enforcement of the Imperial Ordinance relating to the Exclusion, Removal, Retirement and Others from Public Office (Cabinet and Ministry of Home Affairs Ordinance No. 1 of 1947) shall be designated as follows:

Prime Minister
YOSHIDA Shigeru

From: March 16, 1951
To: March 25, 1951

Ministry of Agriculture and Forestry Notification No. 71

March 10, 1951

The Regulation for Subsidy for Reclamation-by-Drainage Project shall, under Regulation for Government Defrayment and Grant-in-Aid (Ministry of Agriculture and Forestry Ordinance No. 41 of 1949), be determined as follows:

Minister of Agriculture and Forestry
HIROKAWA Kozen

Regulation for Subsidy for Reclamation-by-Drainage Project

Article 1. The Minister of Agriculture and Forestry shall, under the provisions of Article 16 of the Local Finance Law (Law No. 109 of 1948), grant subsidies to To, Do, Fu and prefectures for expenses required for any reclamation-by-drainage project in accordance with this Regulation.

Article 2. The kind of expenses mentioned in the foregoing Article and their rates shall be as follows:

(1) Expenses required for the construction work of public facilities on any reclamation-by-drainage area consisting of a group of lands covering 50 *cho* of more; Within one half.

(2) Expenses required for the basic work of reclamation-by-drainage on any reclamation-by-drainage area consisting of group of lands covering less than 50 *cho*; Within two-thirds.

(3) Expenses required for surveying, planning or guidance and encouragement by To, Do, Fu or prefecture with regard to the work in each of the foregoing items; Within two-thirds.

Article 3. Any application for subsidy under the provisions of Article 3 of the Regulation for Government Defrayment and Grant-in-Aid (hereinafter called 'Regulation') shall be filed accompanied by the following documents:

(1) Project plan (No. 1 Form in the annexed paper);
(2) Estimates of receipts and disbursements (No. 2 Form in the annexed paper);
(3) To, Do, Fu or prefectural by-laws relating to subsidy granting;
(4) Other documents deemed necessary by Minister of Agriculture and Forestry.

Article 4. To, Do, Fu or prefecture, intending to make some important changes in the statements of the documents mentioned in the foregoing Article, must give notice thereof to the Minister of Agriculture and Forestry beforehand.

On receipt of the notice under the provision of the foregoing paragraph, the Minister of Agriculture and Forestry might give suggestion of such changes in the statements notified if they be deemed necessary.

Article 5. Project results and settlements of receipt and disbursements to be filed in writing in accordance with the provisions of Article 7 of the Regulation shall be prepared pursuant to No. 1 Form and No. 2 Form in the annexed papers respectively.

It may be that the Minister of Agriculture and Forestry demand the filing of documents he deems necessary beside such project results and estimates of receipts and disbursements in writing.

Supplementary Provision:

This Regulation shall come into force as from January 21, 1951.

Ministry of Agriculture and Forestry
Notification No. 72

March 10, 1951

A Land Improvement Project Plan for the State-operated NAKAGAWA-HOKUGAN Agricultural Water Use Project has been fixed based on the provisions of Article 87 paragraph 1 of the Land Improvement Law (Law No. 195 of 1949). The following public notice shall, under the provisions of paragraph 3 of the same Article and Article 16 of the Enforcement Regulation of the Land Improvement Law (Ministry of Agriculture and Forestry Ordinance No. 75 of 1949) which is applicable mutatis mutandis under Article 60 of the same Regulations, be given:

Minister of Agriculture
and Forestry
HIROKAWA Kozen

1. Name of document to open public inspection:
   Copy of the State-operated NAKAGAWA-HOKUGAN Agricultural Water Use Project Plan
2. Period of public inspection:
   From March 11 to March 30, 1951
3. Place of public inspection:
   Haura Town-office, Naka-gun, Tokushima Prefecture

Ministry of Agriculture and Forestry
Notification No. 73

March 10, 1951

A Land Improvement Project Plan for the Stateoperated SANNOKAI Agricultural Water Use Project has been fixed based on the provisions of Article 87 paragraph 1 of the Land Improvement Law (Law No. 195 of 1949). The following public notice shall, under the provisions of paragraph 3 of the same Article and Article 16 of the Enforcement Regulation of the Land Improvement Law (Ministry of Agriculture and Forestry Ordinance No. 75 of 1949) which is applicable mutatis mutandis under Article 60 of the same Regulations, be given:

Minister of Agriculture
and Forestry
HIROKAWA Kozen

1. Name of document to open public inspection:
   Copy of the State-operated SANNOKAI Agricultural Water Use Project Plan
2. Period of public inspection:
   From March 11 to March 30, 1951

Ministry of International Trade and Industry Notification No. 71

March 10, 1951

The following Import Notice is made in accordance with the provisions of Article 1 of Regulation for Control of Import Trade (MITI Ordinance No. 77 of 1949):

Minister of International
Trade and Industry
YOKOO Shigemi

Import Notice No. 18

Code No.	Item of Goods	Source	Shipment Quarter	Import Limit ($)	Percentage & Kind of Collateral	Allocation Certificate	Opening Date of Application	Closing Date of Application	Other Conditions
4300 4310	Paraffin Wax	U.S.A.	Undesignated	50,000	1%	Required	Mar. 15	April 30	
5169	2 Amino Phyrimidin	U.S.A.	Undesignated	100,000	1%	Required	Mar. 15	April 30	

Ministry of International Trade and Industry Notification No. 72

March 10, 1951

The Ministry of International Trade and Industry Notification No. 39 of March, 1950 (Matters concerning Announcement of Designation of Mineral and Industrial Articles) shall be partially amended as follows:

Minister of International
Trade and Industry
YOKOO Shigemi

Next to alluminum sheet wares, the following 6 items shall be added:

Roller bearings (limited to taper roller bearings)
.....(Designated on February 23, 1951)

Steel pipe screwed (limited to malleable-iron screwed fittings)
.....(Designated on February 23, 1951)

Wrench (limited to monkey wrench)
.....(Designated on February 23, 1951)

Gas Welding and Cutting Torches (limited Gas Welding Torches)
.....(Designated on February 23, 1951)

Dry cell (limited to light use)
.....(Designated on February 23, 1951)

Steel sheet (limited to art metal sheet, ordinary sheet, and black sheet)
.....(Designated on February 23, 1951)

Ministry of International Trade and Industry Notification No. 73

March 10, 1951

In accordance with the provisions of Article 65 paragraph 2 of the Enforcement Regulations for the Industrial Standardization Law (Prime Minister's Office, Ministries of Education, Welfare, Agriculture & Forestry, International Trade & Industry, Transportation, Postal Services, Telecommunications, Labor and Construction Ordinance No. 1 of 1949) the indication form and others of roller bearings, steel pipe screwed, wrench, gas welding and cutting torches, dry cell, and steel sheet (limited to the articles as respectively mentioned in the column of articles of the following table) shall be fixed as follows:

Minister of International
Trade and Industry
YOKOO Shigemi

Articles	Indication		
	Place (Easily Seen)	Method	Contents
Roller Bearlings (limited to Taper Roller Bearings)	On each container (or packing)	By pasting or inserting the certifying label	 JIS B1534 (Grade provided in the Japanese Industrial Standards) (Perm.) (Number of permission) (Year of manufacture) and month thereof. (Name of the manufacturer or abbreviation thereof (and the name of plant or abbreviation thereof when the name of plant was mentioned in the public notice of permission.) D × 3 D × 1.5 (D shall be 13 m.m. or longer.)

Steel Pipe Screwed (limited to Malleable Iron Screwed Fittings)	On each piece	By casting	 (D shall be 3 m.m. or longer.) Abbreviation of the manufacture.
	On each packing	By pasting the certifying label	 JIS B2311 (Perm.) (Number of permission.) Name of the manufacturer or abbreviation thereof (and the name of plant or abbreviation thereof when the name of plant was mentioned in the public notice of permission). D shall be 20 m.m. or longer. The size of the certifying label is not limited.
Wrench (limited to Monkey Wrench)	On each product	By writing in a way not easily erazed	 (D shall be 8 m.m. or longer.) Name of the manufacturer (or abbreviation thereof).
	On each packing (or container)	By writing	 (D shall be 8 m.m. or longer.) Number of the Japanese Industrial Standards. Number of Permission. Name of the manufacturer (or abbreviation thereof.)

Gas Welding and Cutting Torches (limited to Gas Welding Torches)	Of each product	On main body	By writing in a way not easily erazed	Kind provided in the Japanese Industrial Standards. Name of the manufacturer (or abbreviation thereof).
		On body or head	By die	 (D shall be 4 m.m. or longer.)
		On main body of burner or head thereof	By die	 (D shall be 3 m.m. or longer.) Number of the Japanese Industrial Standards. Kind provided in the Japanese Industrial Standards.
	On each packing (or) container		By writing in a way not easily erazed	 (D shall be 10 m.m. or longer.) Number of the Japanese Industrial Standards. Kind provided in the Japanese Industrial Standards. Number of permission. Name of the manufacturer (or abbreviation thereof).

Dry Cell (limited to Light Use)	On each piece	By writing	 (D shall be 5 m.m. or longer.) Number of the Japanese Industrial Standards. (Perm.) (Number of permission.) (Year of manufacture) and month thereof. (Name of the manufacturer (or) abbreviation thereof)
Steel Sheet (limited to Art Metal Sheet, Ordinary Sheet, and Black Sheet)	On each bundle (or packing)	By stamp (or print)	 (D shall be 30 m.m. or longer.) Kind provided in the Japanese Industrial Standards. Name of the manufacturer or abbreviation thereof (and the name of plant or abbreviation thereof when the name of plant was mentioned in the public notice of permission).

Ministry of International Trade and Industry Notification No. 74

March 10, 1951

A part of Ministry of International Trade and Industry Notification No. 1 of January, 1951 "Import Notice No. 1" is hereby revised as follows:

Minister of International
Trade and Industry
YOKOO Shigemi

"○" shall be inserted for "Manganese Ore" in the column of "Belgian Monetary Area" in "Dollar Area" of "Source"; for "Pig Iron" in the columns of "Trade Agreement Countries" and "Non-Trade Agreement Countries" in "Dollar Area" of "Source"; for "Cashmere Hair" in the column of "Sterling Area" of "Source"; for "Lauan Log" in the column of "Philippine" in "Open Account Area" of "Source"; and the following column shall be added under the column of "Coir Fiber and Coir Yarn".

Ministry of Transportation Notification No. 43

March 10, 1951

We hereby notify that the following warehousing enterprise was closed:

Minister of Transportation
YAMAZAKI Takeshi

Name of Company: Hamamatsu Horidome Limited Partnership
Location: 191, Iba-cho, Hamamatsu City
Date of Closure: Nov. 20, 1950

Maritime Safety Agency Notification (File N) No. 10

March 10, 1951

Information concerning establishment, alteration, etc. in Aids to Navigation and guides to navigators, have been published as follows:

Director of Maritime Safety Agency
OKUBO Takeo

(Paragraphs 165–184)

165 (T.)* **Hokkaido, S. coast—Muroran Ko Wreck removal operations**

Description: Removal operations for sunken wreck of S. S. Osaki Maru (139tons) are now progressing as follows; mariners in the vicinity are warned to exercise caution.
Position: 800 metres 138° from south breakwater light.
42° 20.6′ N., 140° 57.6′ E. (approx.)
Period: February 27 through April 8, 1951.
Chart: 14.
Former notice: N. M. No. 42 (817), 1950 (superseded).
Authority: 1st. Regional Maritime Safety Headquarters. (714650(2))
(N. M. No. 10, 1951.)

166* **Honsyu, NW. coast—Maizuru Wan entrance Light buoy moved**

Description: Hosi Maru Wreck Light Buoy, previously reported off station, was moved and reestablished about 120 metres northwestward of its charted position on February 23, 1951.
Position: 1,450 metres 236$^{2}/_{8}$° from Bakuti Misaki Light.
35° 32.2′ N., 135° 19.9′ E. (approx.)
Abridged description: Fl. G. ev. 4 sec. 5M.
Charts: 1167—1166.
Publications: Pub. 411, No. 866.5—Pub. 102, p. 97—N. M. No. 4 (68), 1951 (canceled).
Authority: Lighthouse Division. (693578(2))
(N. M. No. 10, 1951.)

167 **Honsyu, NW. coast Sado Sima—Mano Wan entrance Light established**

Description: Dai-ga-Hana Light was established near Dai-ga-Hana, north side of Mano Wan entrance, on February 25, 1951.
Position: On chart 122, 1,520 metres 154°, and on the other charts, 1,520 metres 158° from the triangulation station (95) located about 0.85 mile north-northeastward of Dai-ga-Hana respectively.
37° 57.8′ N., 138° 15.4′ E. (approx.) (On Chart 122)
Abridged description: Fl. ev. 5. sec. 47m. 19M.
Details: Characteristic:—Flashing white every 5 seconds.
Elevation:—47 metres above mean sea level.
Visibility:—19 miles. Intensity:—6,500 cp.
Visible:—All round. Class:—VI.
Structure:—White painted circular concrete tower, 12 metres in height.
Charts: 167 (with plan)—122—144—146—1154—1005—1006—1009.
Publications: Pub. 102, p. 155—Pub. 411, No. 935.5 (inserted).
Authority: Lighthouse Division. (693329(3))
(N. M. No. 10, 1951.)

168 (T.) Honsyu, NW. coast Sado Sima—Mano Wan entrance Light buoy not burning

Description — Dai-ga-Hana Temporary Light Buoy has been reported not burning.
Position — About 0.7 mile southwestward of Dai-ga-Hana.
37° 57.1′ N., 138° 15.0′ E. (approx.) (On Chart 122)
Abridged description — Fl. ev. 5 sec. 7½M. (Tempy.)
Charts — 167 (with plan)—122.
Publication — Pub. 411, No. 940.
Authority — Lighthouse Division. (693332)

(N. M. No. 10, 1951.)

169* Honsyu, NW. coast—Akita Ko Information about light

(1) Description — Akita Ko Breakwater Light was established on the head of south breakwater (name not charted) on February 26, 1951.
Position — 39° 45′ 21″ N., 140° 02′ 37″ E.
Abridged description — Qk. Fl. R. ev. 8 sec. 14m. 12M. (U)
Details — Characteristic:—Quick flashing red, period 8 seconds, quick flashes in 3 seconds, eclipse 5 seconds.
Elevation:—13.9 metres above mean sea level.
Visibility:—12 miles. Intensity:—550 cp.
Visible:—All round. Class:—VI.
Structure:—Red circular concrete tower on square concrete base, 11.4 metres in height.
The light is unwatched.

(2) Description — Akita Ko Light, previously reported extinguished, was discontinued.
Position — About 1 kilometre east-northeastward of the light (1) above.
Abridged description — F. 13m. 12M. (U)

Charts — 148 (Akita Ko)—145—144—146—1070—1154—1005—1006—1009.
Publications — Pub. 102, p. 181—Pub. 411, No. 959—N. M. No. 28 (493), 1949 (canceled).—H. O. Pub. 31, No. 673.5.
Authority — Lighthouse Division. (693600)

(N. M. No. 10, 1951.)

170 Honsyu, E. coast—Tyosi Ko and Togawa Ko Information about life saving stations

(1) Description — Tyosi Life Saving Station, located on Sen-ninzuka, east side of Tyosi Ko entrance, now exists in the following position.
Position — 1,000 metres 181° from Hasaki Light, north side of the harbor.
35° 43.9′ N., 140° 50.4′ E. (approx.)
Abridged description — L. S. S.
Note — On Chart 57, "L. S. S." inserted against Sen-ninzuka (place name), 1.1 miles east-northeastward of above position, will be expunged.

(2) Description — Togawa Life Saving Station was established at Togawa, Tyosi City.
Position — 230 metres 32° from the head of the breakwater, south side of Togawa Ko.
Abridged description — L. S. S.
Note — On Chart 87, "(L. S. S.)" will be inserted against the place name "Togawa".

Charts — 57 (Inubo Saki, (2) Togawa Ko)—(2) 87.
Publication — Pub. 451, p. 288.
Authority — Nippon Lifeboat Association. (711071)

(N. M. No. 10, 1951.)

171 (T.) Keihin Ko Tokyo—Section IV Existence of light

Description — A conspicuous Vertical Beacon (light) exists in Haneda Air Field, and it makes a good mark.
Position — 2,160 metres 303½° from Haneda Light.
35° 32.6′ N., 139° 46.6′ E. (approx.)
Remark — The beacon will be lighted occasionally and may be shifted, if necessary.

Charts — 60—1061—90.
Publication — Pub. 101, p. 44.
Authority — Aeronautical Aids Agency. (693596)

(N. M. No. 10, 1951.)

172 (T.) Honsyu, S. coast Sagami Wan, N. shore—Oiso Ko Light extinguished

Description — Oiso Ko Breakwater Light was extinguished on February 25, 1951.
Position — Head of the breakwater.
35° 18.0′ N., 139° 19.1′ E. (approx.)
Abridged description — F. G. 12m. 11½M. (U)
Charts — 80—61.
Publications — Pub. 411, No. 66—H. O. Pub. 31, No. 986.
Authority — Lighthouse Division. (693604(2))

(N. M. No. 10, 1951.)

173 Nanpo Syoto—Miyake Sima Light changed

Description — Miyake Sima Light has been increased to 320 candlepower and is now visible 13 miles.
Position — On Izu Misaki (cape.)
34° 06.6′ N., 139° 29.6′ E. (approx.)
Abridged description — Fl. ev. 5 sec. 24m. 13M.
Alteration — Visibility:—13 miles. Intensity:—320 cp.
No other change.
Charts — 51—61—81—1072—48—1001—1005—1006.
Publications — Pub. 411, No. 233—H. O. Pub. 31, No. 870.
Authority — Lighthouse Division. (603579(2))

(N. M. No. 10, 1951.)

174 (T.) Inland Sea Harima Nada—Sika-no-Se, N. ward Existence of wreck

Description — A sunken wreck of Asahi Maru No. 18 (about 78 tons) exists about 2.7 miles northeastward of Sika-no-Se Light Buoy.
Position — 7.68 miles 272½° from E Saki Light.
34° 36.5′ N., 134° 50.5′ E. (approx.)
Remark — Above wreck is marked by 2 fish-shaped buoys.
Charts — 131—106.
Publication — Pub. 2, p. 84.
Authority — 5th Regional Maritime Safety Headquarters. (714685)

(N. M. No. 10, 1951.)

175 Inland Sea Bisan Seto, E. part—Usimado Ko Light destroyed

Description — Usimado Ko Breakwater Light was destroyed on February 22, 1951.
Position — On the southwest head of breakwater.
34° 36.6′ N., 134° 10.0′ E. (approx.)
Abridged description — F. G. 6½m. 7M. (U)
Note — The note "(Destroyed) (1951)" is to be charted against the light.
Charts — 155 (Usimado Ko and approaches)—153—100 A.
Publications — Pub. 2, p. 91—Pub. 411, No. 492.5—N. M. No. 7 (118), 1951.
Authority — Lighthouse Division. (693588(2))

(N. M. No. 10, 1951.)

176 Inland Sea Bisan Seto—Takamatu Ko Hydrographic information

(1) Description — A green electric light charted on the head of prefectural pontoon and a red electric light charted on the head of railway pontoon do not exist.

Positions (a) Green electric light.
About 215 metres 160° from West Breakwater Light (F. R.), Takamatu Ko.
34° 21.0′ N., 134° 03.2′ E. (approx.)
(b) Red electric light.
About 110 metres westward of (a) above.

(2) Description Following 2 mooring buoys charted on the east side of West Breakwater do not exist.

Positions (c) Red can mooring buoy.
About 230 metres 221° from West Breakwater Light.
(d) Red drum mooring buoy.
About 150 metres south-southwestward of (c) above.

(3) Description Former storm signal charted near the root of prefectural pontoon does not exist.

Positions (e) About 365 metres 172½° from West Breakwater Light.

(4) Description Breakwater charted on the east side of West Breakwater and railway pontoon do not exist.

Positions (f) Breakwater.
About 340 metres southwestward of West Breakwater Light.
34° 21.0′ N., 134° 03.0′ E. (approx.)
(g) Railway pontoon.
About 110 metres eastward of (f) above.

Charts 154 (Takamatu Ko)—(1) (3) (4) 137 A—(3) (4) 153.

(N. M. No. 10, 1951)

177 Inland Sea Bisan Seto, W. part—Tadotu Ko Hydrographic information

Description A white electric light charted near the root of inner harbor west breakwater and former storm signal on inner harbor jetty do not exist.

Position (a) White electric light.
About 590 metres 169° from the outer harbor east breakwater light (F.).
34° 16.0′ N., 133° 44.7′ E. (approx.)
(b) Storm signal.
About 320 metres 154½° from the light above (a).

Charts 154 (Tadotu Ko)—137B—(b) 153.
Publication Pub. 2, p. 136.
Authority Hydrographic Office. (527481(B))
(N. M. No. 10, 1951.)

178 Inland Sea—Simonoseki Kaikyo, W. entrance Light changed

Description Yamazoko-no-Hana Light is now visible 12.5 miles.
Position On Yamazoko-no-Hana.
33° 54.7′ N., 130° 55.6′ E. (approx.)
Abridged description Occ. ev. 6 sec. 14m. 12½ M. (U)
Alteration Visibility:—12.5 miles. Intensity:—3.800 cp.
No other change.
Charts 1225—1226—135.
Publications Pub. 411, No. 760—H. O. Pub. 31, No. 1874.
Authority Lighthouse Division. (693581(3)
(N. M. No. 10, 1951.)

179* Kyusyu, W. coast—Simabara Ko Information about light buoy

Description Simabara Ko Light Buoy, previously reported missing, has been reestablished in charted position and changed as follows since February 21, 1951.

Position 2,670 metres 180⅓° from Simabara Light.
32° 45.1′ N., 130° 23.1′ E. (approx.)
Abridged description Fl. ev. 5 sec. 7½M.
Alteration Characteristic:—Flashing white every 5 seconds.
Elevation:—3.6 metres above water.
Visibility:—7.5 miles.
Intensity:—60 cp.
Structure:—Black cylindrical iron buoy with framework superstructure.
Note Pub. 108, page 215, in correction piece (N. M. No. 17 (369), 1950.) pasted on line 2 from the bottom, "Red" is to be amended to "Black".
Charts 192 (Simabara Ko)—169.
Publications Pub. 105, p. 215—Pub. 411, No. 1117.5—N. M. No. 6 (124), 1950 (canceled).
Authority Lighthouse Division. (693588(2))
(N. M. No. 10, 1951.)

180 Formosa, W. coast Nan Wan—Toapanraa Light discontinued

Description Toapanraa Light has been discontinued.
Position North side of anchorage.
21° 57.7′ N., 120° 45.2′ E. (approx.)
Abridged description Fl. W. R. G. ev. 3 sec. 11m. 10, 7, 6, M. (U) (Tempy.)
Note Pub. 5, page 221, delete lines 7 and 8.
Charts 250B (with plan)—250A—232—244—645—1209—1500.
Publications Pub. 5, p. 221—Pub. 412, No. 158 (canceled)—H. O. Pub. 31, No. 2400.
Authority U. S. N. M. No. 5 (696), 1951.
(N. M. No. 10, 951.)

181 China, SE. coast—Hongkong approach Light buoy established

Description Bunsansiah Rock Light Buoy has been established about 200 metres eastward of the rock located about 1.1 miles south-southeastward of Tang Lung Chanu.
Position 2,100 metres 160° from Kapsing Light.
22° 19.4′ N., 114° 04.0′ E. (approx.)
Abridged description Fl. ev. 3 sec.
Details Characteristic:—Flashing white light every 3 seconds, and painted in red and white checkered buoy.
Charts 409—419B—420—421.
Publications Pub. 13B, p. 132—Pub. 412, No. 1275 (inserted).
Authority U. S. N. M. No. 5 (695), 1951.
(N. M. No. 10, 1951.)

182 North Pacific Ocean Information about radiobeacon

Description Ocean Station Vessel "S" equipped with radiobeacon has been established in North Pacific Ocean as follows.
Position 48° 00′ 00″ N., 162° 00′ 00″ E.
Call sign 4 YS
Characteristic signal YS
Frequency 329 kc
Hours of transmission At 05, 20, 35 and 50 minutes past each hour, and on request.
Remark Station guards 5008 kc and 8,280 kc continuously.
Chart 1008 (refers.)
Publication Pub. 411, No. 5537 (inserted).
Authority U. S. N. M. No. 1 (64), 1951, H. O. Pub. 205, No. 2296.25.
(N. M. No. 10, 1951.)

183 Corrections to chart and publications

(1) Chart 106.
A symbol of light will be charted on the east extremity of the breakwater, 1,780 metres 12° from the summit (32) of Kuro Sima, Usimado Ko, east part of Bisan Seto, Inland Sea. The abridged description "F. G. (U)" and the note "(Destroyed)" are to be inserted against the light.
Approx. position: 34° 36.6′ N., 134° 10.0′ E.
(N. M. No. 7 (118), 1951 refers.)
