The many advantages thus offered to a discriminating public needs no minute discription, and judicious speculators will not fail to profit by the purchase of lots in this elevated and healthy part of the city, respect to convenient by its connexion with the Rail road which runs through the centre. This faubourg is laid off to correspond with the streets of faubourg largery, and with those of Milnesburgh, and it is act. dent from the enterprising character of the inhabitants of the lower part of the city, which is daily developing itself with increased vigor, that the time is not far dis-tant when the whole will be in a state of improvement and will form the most beautiful past of New-Orleans. The wide syenues formed by the Rail Road, and pa-The wide evenues formed by the Rail Road, and parallel streets permitting free circulation of air from the Lake to the River, and affording an anobstructed view, certainly indicate it the most healthy part, as well as the most beautiful. The compactly built and crowded streets of the business parts of the city aiready renders them tufit for residences during the warm eason, and as this inconvenience must increase with the growth of the population, more airy and salubrious situations must be taken for dwellings, as well for health as comfort. Cars will stop at the Darcanui faubourg at all times to put down and take up passen gers, and it is the intention of the Rail road company to lay iron pipes from the river to the lake to furnish the intermediate inhabitants with pure and wholesome wa
