To Our Friends and Patrons:

As we hand you this Fall Book we wish to announce our removal from our old location to our new uptown quarters, 407 UNION ST., WHITE BUILDING. A better and more convenient location.

We hope you will find it so.

We are adding to our specialties: CUT FLOWERS and POTTED PLANTS and a line of FLOWER and GARDEN SEEDS from such noted firms as SUTTON'S of Reading, England, ERNST BENARY of Erfurt, Germany, and the famous BUTCHART GARDENS of Victoria, B. C. We hope to serve in these lines as well as our former ones with the same care that has made us so many friends.

We trust you will visit us in our new location soon and see for yourself how much better we are able to serve you.

Very truly yours,

COLT-McLOUGHLIN.

407 Union St. (White Building) Elliot 5156

WE WILL BE IN POSITION TO SOLVE YOUR FERTILIZER PROBLEMS FOR YOU during the coming season. See The Spring Book, which will be ready for distribution in January. or write us, stating your requirements. Nothing in the fertilizer line will be too big or too small for us to handle.

SWEET PEAS

Varieties for Fall Planting

By sowing Sweet Pea seed in the fall, blooms will be produced very much earlier than those from spring sown seed. The plants will be sturdier and the blossoms will be larger and more brilliant in color. The seed may be planted in October or November in a trench six to eight inches deep and covered two or three inches deep.
