(O) RESULTS: (For all hits claimed on ship targets and for land targets of special interest, draw diagram, top or side view or both, as appropriate, showing type and location of hits. For all targets give location and effect of hits, and identify by numbers above. Use additional sheets if necessary)

Twenty 500 lb. bombs and thirty-three rockets were fired into buildings and heavy artillery positions. Direct hits were observed on two buildings and four artillery revetments. The exact points of contact of the other bombs and rockets were not observed. Seven rockets failed to fire, and were returned to base.

REPORT No.

Ten planes of this Squadron, in company with twelveplane units from the VF and VT Squadrons, took off at
1428 (local time), and proceeded to Approach Point #2
(bears 090 degrees, 20 miles from Kemma-Saki) where instructions were received from Commander Support Air to
proceed to Point Easy (bears 090 degrees, ten miles from
Kamma-Saki) and orbit while awaiting further instructions.
At 1630 (local time), the VB unit was directed to attack
artillery positions and buildings in target area 8268 I
and P, in south-central O Kinawa. All bombs and rockets
struck in the target areas, while four artillery emplacements and two houses were seen to receive direct hits.
Upon completion of the attack, the VB unit rendezvoused
with the VF and VT units and returned to base.
