

Hunzeu 11th mo. 3^d 1829-

Respected friend

I Believe it will be out of my
power to pay my note before I come out
which I expect will be in the fifth mo,
or first of the sixth month, when I was done
I went to call but I hurried away on
account of my mother being very
sick at Farmington, it seems impossible
to collect & as such have left the
most of my notes for collection and have
to disappoint some of my friends that
I owe, I am pleas'd with my Exchange
and situation, think it will add to my
wealth and property

Thy friend
