November 26, 2014

Python.Ph fully supports the Manila Team for their bid on Wikimania 2016. We believe that the Philippines is a great venue for international conferences, as our organization has hosted such events. In addition, we had great feedback from our foreign guests on Filipino hospitality and skills, which we are sure will leave a lasting impression on Wikimania.

A handwritten signature in black ink, appearing to read 'Sony Valdez'.

Sony Valdez
