WELCOME TO IMG

Welcome to the 2021 edition of IMG's Travel Resource Guide, one of the most widely recognized publications for motor coach transportation.

IMG, an invitation-only organization of motor coach companies is today, 54 companies strong – covering both the United States and North America. The Travel Resource Guide is a wonderful planning tool, easy to use and contains the information that you need to know about your transportation provider. IMG companies are a trusted source of excellence in transportation and customer service.

When planning, there are many transportation providers, and it is not simply price that should dictate your choice of supplier. What stands behind the vehicle, those unseen commitments to customer safety, should always be a consideration in your purchase decision. IMG companies take pride in offering you much more than just a modern vehicle, they offer:

- Commitment to driving training – to ensure the best possible skills when travelling in all conditions
- Commitment to safety practices and continuing education – ensuring you travel in the safest possible manner
- Fully integrated facilities – that offer extensive mechanical and operational support
- Excellence in customer service – from the time of booking to the time travel is completed
- Provide an extensive North American network – added value and confidence when at times additional support is required.

Setting the Standards, are more than just words to IMG companies; they reflect a true and measurable commitment to their customers. Additionally, IMG has their own set of Standards and Qualifications, which companies must adhere to – adding yet another layer of confidence when choosing an IMG company. We ask you to consider IMG next time you plan and truly look at the company who you will be travelling with.

The IMG network is a private organization, that continues to expand in North America, and we reach out globally through our partnership in the Global Passenger Network. With confidence you can look beyond North America for your transportation needs.

We look forward to working with you into the future! From family reunions, team transfers to sporting events, wedding parties, escorted tours to convention transportation... these are just some of the many ways IMG can help you.

Bronwyn Wilson  
President

# IMG is the leading motorcoach network in North America dedicated to providing premier ground transportation through elevated standards of performance.

IMG members have an uncompromising commitment to high standards in the areas of safety, maintenance, customer service, driver training, equipment, operations and on-road support. IMG members support unconditionally an extensive network in the form of on road support from coast to coast and member to member services. IMG is dedicated to delivering this excellence to each and every client.

## The IMG Advantage

IMG offers clients several strategic advantages:

### Performance

- The ability to connect clients with elite motorcoach operators throughout the United States and Canada
- Industry-leading maintenance, safety and driver training program

### Excellence

- Excellent customer service
- The assurance that all members reach IMG's high standards of qualifications and performance.

### Confidence

- The value, reputation and confidence from the combined strength of the network
- The security from the network of on-road support

**The IMG network, is a private, invitation-only organization of primarily family owned companies, who proudly operate to a Code of Excellence, that sets IMG companies apart.**

IMG companies **exhibit the highest level of professionalism, quality, safety, and service** to our customers, travel partners, other IMG member companies and to our industry.

IMG companies continue to preserve a long and sustained **history of excellence and industry leadership.**

IMG companies **guarantee their willingness and responsibility to assist and support** fellow IMG member companies.

IMG companies demonstrate their desire to **continually advance IMG as the leading group** of motor coach operators in North America.

As an IMG company, each individual member company, **maintains a proven service record** and shares in the collective ideals of:

- Excellence in operating standards, including maintenance, driver education and safety training.

- Customer service excellence from point of sale, to delivery of product
- Unconditional support of the IMG on road network as needed to provide seamless customer product delivery

All IMG companies must have maintenance facilities with a **24 hour a day, 7 days a week, on call mechanic and dispatch contact** – offering complete customer assurance and network support.

In addition, **all IMG companies have the mandated Federal and State/Province requirements** that include:

- A fleet of vehicles that complies with all state/provincial and federal regulations and licenses.
- Maintain the **highest** Department of Transportation **rating of “satisfactory”** and complies with all government mandated safety regulations and thresholds.
- Have \$5 million or more in liability insurance.

**IMG**

## Chartering a Motor Coach with Confidence

Planning a trip by motor coach is easy when you choose an IMG Operator. Start with determining who will be traveling, what their interests are, desirable destinations, and what the budget is per person. Add any special needs your group may have to the list and have it ready when you speak with your IMG professional. Remember, if you're planning an extended tour, start 6-12 months before departure; a short tour, 4-6 months in advance; and, a Day Trip or Overnight Tour, three months in advance. Below are questions that you should ask your IMG Operator to help you plan your motor coach charter with confidence.

1. Does the company have a motor coach to suit your needs?
  - Ask about amenities and the size of the vehicle.
  - Ask about Department of Transportation, State, and Provincial Inspection ratings.
  - Who maintains the vehicles?
  - Ask for references and to inspect the vehicle and the service area.
  - Does the vehicle have amenities that your client requires such as Wifi, and electrical outlets?
  - Ensure you understand Drivers Hours of Service
2. Safety & Time Management
  - Discuss potential route, to ensure the most suitable roads are used.
  - Ask about safety procedures, i.e. seat belts while travelling.
  - Does the company have a drug/alcohol-testing program?
3. Develop the Itinerary
  - Ask for recommendations for tour, dining and hotel options.
  - Create an unhurried itinerary that reflects the needs of your group.
  - Ask about special seasonal packages.
  - Include other modes of transportation such as air, rail or water.
  - Develop reservation and cancellation terms and deadlines.
4. Staff Concerns
  - What are the standards of driver safety training?
  - What are the responsibilities of the tour director and the driver?
  - Who is responsible for the driver's accommodations?

Be aware that IMG Operators have been in business a minimum of five years, maintain a fleet of safe, clean, quality vehicles, possess excellent federal, state and provincial ratings, have facilities and equipment available for customer inspection, have active drug/alcohol testing, safety training, and preventative maintenance programs, and must meet other stringent requirements before becoming a member of IMG. You charter with confidence when you select an IMG Operator.

## CLEAN *Care*

The *International Motorcoach Group* (IMG), North America's premier motorcoach network, continues with our longstanding commitment to providing a clean environment for both employees and guests while aboard certified members' motorcoaches. Our "Clean Care" guidelines have been developed to meet or exceed the guidelines\* set forth by the CDC, as well as the recommendations of the travel industry and the medical community.

### CLEAN *Care* VEHICLE PREPARATION

Prior to every trip, IMG Operators will clean and disinfect each vehicle.

- Clean surfaces
- Use EPA/CDC approved disinfectants

### CLEAN *Care* WHILE TRAVELING

Critical touch points will be cleaned and sanitized.

- Sanitize high touch areas
- Use EPA/CDC approved disinfectants

### CLEAN *Care* ADDITIONAL CLEANING

Vehicles will be subject to deeper cleaning and sanitizing at planned intervals, including enhanced deep cleaning, disinfecting, and sanitizing procedures to supplement daily cleaning.

- Scheduled at regular intervals
- Supplement daily cleaning routines
- Focused on disinfecting & sanitizing

### CLEAN *Care* PERSONAL PROTECTIVE EQUIPMENT (PPE)

IMG Operators provide drivers, cleaning staff and other employees that interact with motorcoaches recommended PPE.

- Coach Cleaners/Maintenance
- Drivers & Guides
- Support Staff (as appropriate)

### CLEAN *Care* SOCIAL DISTANCING

We encourage customers to have open dialogue with member companies regarding their group's needs, including any social distancing desires, to ensure passenger comfort within the vehicles.

### CLEAN *Care* SHARED RESPONSIBILITY

Passengers & Guests can participate in safety precautions by following CDC Guidelines-

- Wash hands often and avoid touching your eyes, nose, and mouth with unwashed hands.
- Cover your mouth and nose with a cloth face cover when around others.
- If you are sick, think you may be sick, have been exposed to someone who is sick, or have a temperature, do not travel.

**ABOUT OUR COMPANY :**  
Free Enterprise was founded in 1976 as an extension of our family transportation operation that has a longevity that is truly rare. We began our work, back in 1915, hauling mail for the United States Postal Service, and have been running continuous and uninterrupted service ever since. At Free Enterprise we never settle for just "good enough". This is why we believe that "anything else is just a bus ride". It's always been our mission to exceed expectations by maintaining consistent and superior levels of service that cannot be matched. By doing this, we offer your group an excellence that will guarantee that each trip you take with Free Enterprise is a great one.

GO GREEN. GO IMG

OUR GREEN  
COMMITMENT

Looking for a green solution to your transportation needs?  
Motorcoaches are your green answer!

Motorcoach travel is one of the greenest on the road or in the air today.

We take 56 cars off congested roads with every single motorcoach.

More passengers per mile per gallon of fuel - reducing carbon footprint.

As a certified member of the IMG network, we take our commitment to the environment seriously. In addition to the Green value of motorcoach transportation, IMG companies add an extra layer of green:

- We use state of the art training programs to enhance driver performance.
- Utilize specific tools to help drivers reduce idle times that improve vehicle efficiency and reduce fuel consumption.
- Continued commitment to maintenance excellence, ensuring efficient, well performing vehicles.

We are proud to provide our most demanding clients with a professional, kind and trustworthy luxury car, mini-bus, motor coach and charter bus rental service.

## INTERNATIONAL TRAVEL ... a European note.

There are many things to think about when planning your next group experience with an IMG shareholder company or one of our international partners. Our number one priority is to transport your group safely to and from its destination. With this in mind, we want to provide you with valuable information regarding driver hours of service that you should take into consideration when mapping out your itinerary abroad. Please also note that prices for motorcoach service have been greatly affected by the new laws adopted by the European Union.

As of March 15, 2006, the European Union regulations for driver hours underwent some changes regarding driving time, weekly driving limits, and rest periods. Here is a summary of the new regulations:

- Daily Driving Time – 9 hours, extendable to no more than 10, twice per week.
- Weekly Limit – 56 hours/Maximum 90 hours per two-week period.
- Weekly Rest – 45 hours rest required after no more than 6 X 24 hour periods after the previous weekly rest. This can be reduced to a 24 hour rest (minimum) within a maximum two week period.
- Daily Rest – 11 hours, reducible to 9 hours (reduced daily rest) but no more than 3 times per week.
- Rest Period in the Working Day – Maximum of 4.5 hours driving, then a 45 minute break, or a 15 minute break, followed by a 30 minute break at the 4.5 hour mark.
- Daily "Spread Over" – Max of 15 hours (24 maximum between two rest periods minus max permitted reduced daily rest of 9 hours but no more than three times per week) or 13 hours (24 maximum minus 11 hours rest).

What does this mean for tour groups and travellers to Europe? Safety with a cost. Just like they do in the United States and Canada, these new regulations are impacting the cost of providing transportation. And, while price may be a major factor in purchasing transportation, buyer beware! A low bid should be scrutinized to ensure compliance with the new laws. Failure to comply on the part of the coach operator will directly impact your group.

If you have questions about the new regulations or other issues related to international travel, give us a call or drop us an e-mail so we can make your travel experience a very positive one.
