BABY PARADE

One of the most important events of the Patriotic Fete will be the Baby Parade on Saturday afternoon, September 28th.

All mothers are asked to enter their babies as soon as possible. As there are many lovely babies in Narberth, we want to have them ALL in the parade. All children four years and under are considered babies. There will be prizes in the form of thrift stamps.

Kindly phone any of the following Committee for particulars: Mrs. E. C. Town, Mrs. Royden Hunt, Miss Jeannette Turner, Mrs. G. M. Colesworthy, Mrs. C. T. Moore, Chairman.

ANNUAL TENNIS TOURNAMENT A GREAT SUCCESS

The annual tournament of the Narberth Tennis Association opened on Saturday, August 24, and was continued on last Saturday and on the morning and afternoon of Labor Day. The duly authorized and accredited press agent of the association, one E. Muschamp, gave the list of entries the once over, thought of the difficulties attendant on reporting the event for Our Town and decided to take his more-or-less-merited vacation at a time coincident with the playing of the tournament. Hence, this account is being written by a volunteer. Readers of Mr. Muschamp's classic essays will miss his trenchant and pungent passages, but will be pleased to learn that he will return in time to write the account of the ladies' tournament to be held next week. There are some compensations in life, after all.

The heading on this article says something about the playing of the tournament, so it might be well to mention it here; and so—

In the singles and the preliminary round brought few surprises in its wake, nor did the first round. The quality of tennis played was good and there were a number of matches in which the score fails to indicate the closeness of the play. (Be patient: the scores appear at the end of the article. If this doesn't interest you, turn to the end and read 'em.)

The first surprise of the tournament came when Russell Ross went up against Philler and succumbed to the latter's superior playing after three hard fought sets. Then Walter Cowin, the former president of the association, added a thrill by outplaying Walter Shaw. C. Lawrence War-

wick and Arthur Staples also had a hard setto, in which Warwick won out.

Philler defeated his partner in doubles, Jacques Newell, in an exciting match, which was nip and tuck until Philler "tuck" it.

This brought the play up to the semi-final round, in which Cowin and Philler will play to decide which one will meet the winner of the Warwick-Kirkpatrick match. The finals

"DOCTOR GYMNASIUM" ANNOUNCES OFFICE HOURS

YOUR CHANCE TO FOLLOW "SKINNER'S BIG IDEA"

BUSINESS MAN, have you read that little story called "Skinner's Big Idea"? If not, you would profit by securing a copy of this little book, containing an interesting fiction story, from one of the Narberth boys selling them to earn a Y. M. C. A. membership. Not only would you profit by taking the advice contained in that book, but you would help some boy in his efforts to secure membership privileges.

Those who have read this story will read, with greater interest, this article outlining the fall and winter gymnasium schedule of our Young Men's Christian Association.

MR. EMMETT WILL CONTINUE HIS Y. M. C. A. CLASSES

Physical education in Narberth not under the supervision of our capable and popular Public School Physical Director would be as much out of place as another Public School in our town competing with our present school, with its splendid principal and teaching staff. Boys and girls, men and women, will welcome the announcement that Mr. A. V. Emmett will again instruct and lead the Y. M. C. A. gymnasium classes, the season to open on MONDAY, SEPTEMBER 16.

A number of changes have been made in the class groupings and readjustments will be made from time to time as the need develops. The schedule follows:

It is said the Crown Prince is so called because a crown is worth 30 cents. He looks it.

A fitting punishment would be to wind Hindenburg's "line" around his neck and pull it tight.

The Narberth Patriotic Fete September 27-28 will give all an opportunity of showing their appreciation of what our boys are doing to abolish the Huns.

The action of the directors of the Y. M. C. A. in granting the Narberth Branch of the American Red Cross Society the exclusive use of the community room and the two small adjoining rooms during the continuance of the war, is highly to be commended. It is imperatively necessary to keep the room in which their work is done free from all danger of infection. In fact, the work could not be carried on in strict compliance with government specifications if the room were open to all the activities usually carried on in it. While it may entail some inconvenience to other organizations, everything else must yield precedence to the Red Cross work that is being done by the devoted women who are giving so much of their time and skill to it. When the history of this war is finally written, there will be no brighter page than that which recounts the part that women have played in bringing it to a conclusion that will make life, liberty and happiness possible for the whole world.

THE FOURTH LIBERTY LOAN

The campaign for the fourth Liberty Loan begins September 28 and closes October 19. While the amount has not yet been announced, it is generally conceded it will be for a larger amount than any of the preceding loans. The American people, therefore, are called upon to raise a larger sum of money in a shorter length of time than ever before. There is need, therefore, for prompt action—prompt

It is planned that Saturday evening each week will be an Athletic Evening for basketball games, track meets, etc. The new age grouping follows closely those boys and girls not yet in High School, those in Junior and those in Senior High.

Men: Social Membership..... 2.00 per year; .75 for three months

The above rates include the use of locker, large lockers rented for an extra fee of 50 cents per year, or 25 cents for three months.

The above rate for women and girls does not include lockers, auxiliary membership or social privileges. Gymnasium privileges only are included with the privilege of using the committee room as a dressing room.

With these new rates in force all will be served according to their needs, and it is hoped that the women and girls will take advantage of this opportunity for constructive exercise.

and efficient work and prompt and liberal subscriptions.

We have a great inspiration for a great effort. The news from the battle front inspires every American heart not only with pride and patriotism but with a great incentive to do his or her part. There is no shirking, no shifting of the individual burden, no selfishness by American soldiers in France; there should be none here. We are both supporting the same country and the same cause—our army in one way, ourselves in another. Theirs is the harder part, but at least we can do our part as promptly and loyally and efficiently as they do theirs.

Y. M. C. A. DIRECTORS MEET

The regular monthly meeting of the board of directors of the Y. M. C. A. was called to order at 8.15 last Monday evening by President Charles E. Kreamer. After the disposal of the regular routine business, General Secretary Henry M. R. Bowen read his report, which embodied a number of interesting features. The total membership has increased since the first of August from 278 to 287, the various classes of membership on September 1 being as follows: Men (social), 49; men (full membership), 113; women (full membership), 6; women (with auxiliary), 7; boys, 74; girls, 29; men (contributing), 7; organizers, 2.

Mr. Bowen referred to the last of the union twilight meetings, held Sunday evening, September 1, with the program arranged and conducted by the Y. M. C. A. Mr. George H. Streaker, of the Philadelphia Central Branch of the Y. M. C. A., was the speaker, and the music was in charge of Mr. Barclay and a double mixed quartette selected from the Presbyterian, Baptist and the Methodist churches.

The "Red Triangle Committee" is now composed as follows: Charles V. Noel, chairman; W. S. Horner, H. C. Gara, Horace C. Obdyke, Fred C. Patten, Edward S. Haws, Thomas C. Trotter and Henry Rose. Its regular meetings will be held on the second Tuesday of each month.

Mr. Bowen and Mr. Emmett, physical director, have arranged the following schedule of classes:

Monday, 4 to 5 P. M., girls, 12 to 14 years inclusive; 8 to 9 P. M., men.
Tuesday, 4 to 5 P. M., boys, 15 to 17 years inclusive; 8 to 9 P. M., women.
Wednesday, 4 to 5 P. M., girls, 15 to 17 years inclusive.

Thursday, 4 to 5 P. M., boys, 12 to 14 years inclusive; 8 to 9 P. M., men.
Friday, 4 to 5 P. M., boys, 15 to 17 years inclusive.

Saturday, 9.15 to 10.15 A. M., boys, 9 to 11 years inclusive; 10.30 to 11.30 A. M., girls, 9 to 11 years inclusive.
Saturday evening athletic night.

This schedule, on motion duly carried, was adopted by the board. Mr. Bowen also suggested a slight modification of the rates for membership in various classes of membership, as follows:

Boys 9 to 11 years, \$3 per year; \$1 per three months.
Boys 12 to 17 years, \$4 per year; \$1.50 per three months.

Men 18 years and over, \$6 per year; \$2.50 per three months.

(Note—Above rates include use of a small locker. Large lockers may be rented for an extra fee of 50 cents per year, or 25 cents for three months.)

Girls and women, \$1.50 per year; 50 cents per three months.
(Note—The rates for girls and

women do not include a locker, membership in the auxiliary or any social privileges. The women's and girls' classes use the committee room for dressing purposes).

The revised rates of membership were approved by the board and were duly adopted on motion.

Mr. Bowen also reported the purchase of a small parlor pool table and equipment in excellent condition for the boys' game room, the purchase money to come from the special game room fund.

Chairman Kreamer presented a letter from Mrs. Edith A. Stites, chairman Narberth Section American Red Cross, requesting the privilege of using the community room exclusively for Red Cross work during the period of the war. Mrs. Stites stated that "the speeding up of the war program of the country is daily increasing the responsibilities of the Red Cross, and this is reflected in our local branch. We find that it is absolutely necessary for the Narberth branch to have a room for its exclusive use. We are making a large number of surgical dressings, and the Government specifications are very stringent as applied to the use of the room in which such dressing are made."

Mrs. Stites further stated the willingness of the Narberth branch to contribute a liberal sum per month for this privilege and attend to the care and cleaning.

The board, recognizing the paramount necessity of this patriotic work and the need of a room that could be kept in as nearly as possible a perfect condition for turning out dressings, etc., that will comply with the strict Government requirements, unanimously voted to grant the request for the use of the room, including the two small rooms adjoining on the east side. Motions were passed appropriating a sum for advertising and for appointment of a committee on conducting a booth for the Patriotic Fete.

HIGH SCHOOL PLAY

The Narberth High School Alumni will give a play called "The Jonah," Saturday evening, October 12, in the high school auditorium. The proceeds are for the installation of a phone to connect the two buildings. Tickets, 35 cents.

BREAD AGAIN

A standard universal Victory bread will be baked in America and Allied nations after September 1.

The present 50-50 order under which the housewife has been obliged to buy equal amounts of substitutes with her wheat flour will be repealed at the same time. Wheatless days and wheatless meals will be abolished. The wheatless menu pledges were abandoned some time ago. Conservation of wheat must, however, continue until the end of the war.

Victory flour containing the 20 per cent. substitutes mixed in it will be sold to the housewife. When straight wheat flour is bought an additional 20 per cent. of substitutes must be sold with it. Bakers will be required to use 20 per cent. of substitute in their Victory bread instead of 25 per cent. mixture as at present. Housewives are asked to observe the same rule.

Narberth "Y" Man, Home, Tells of a Unified Italy

George W. Braden Says That Country Has Rooted Out German Propaganda

TAUGHT ARMY ATHLETICS

(From the Evening Bulletin.)

"A united Italy, a democratic Italy, a brave ally fighting with the full weight of its nation's resources—an Italy cleaned of the virus of life-sapping German propaganda. That's Italy today."

The enthusiastic little man with the muscles of a trained athlete rippling under the modest military uniform of Y secretary leaned forward in his seat.

"Italy has solved the enemy propaganda menace. It is now Italy for Italians," he continued. And his emphatic tones implied his hope that America would come through the menace as successfully.

George W. Braden, former physical director of the Central Y. M. C. A. here, has just returned from Italy where he has been "conserving morale." As director-in-chief of recreational athletics in the Italian army he has had an intimate association with the fighters on the Austrian front.

Italy Welcomes Americans

"The German that once through insidious financial channels menaced and for a time controlled Italy like a giant octopus has had its tentacles rooted from the national life and a rejuvenated Italy united politically now goes forward to the big national job of winning the war," said Mr. Braden at his home in Narberth.

"Americans are welcomed. American capital is welcomed and trusted. The Y. M. C. A. coming into Italy as an unofficial body sent direct from the people of this country without Government aid won the admiration of the Italians. It was an expression to them of America's interest in their bleeding sons and fathers—a demonstration that America was in truth in this war for world brotherhood."

While in Italy Mr. Braden was honored by the Italian military authorities. For a time he was at the military school at Modena, the West Point of Italy. There he helped expand the athletic program; more than 2000 students, future officers were attending the school during his visit.

It was while an honorary member of the faculty there that he was given the honorary rank of major in the Italian army. A general order was sent to the various generals by the chief of staff ordering their co-operation with "the little American."

When the men learned of the new program in athletics no orders were needed. Mr. Braden says that he introduced the mass play and games into the Italian army in the same manner that he introduced this form of building up recreational activities into the camp schedule at Camp Meade.

The Italian army has taken up soccer with enthusiasm. It has been a national game for some time, but lack of equipment until the coming of the Y. M. C. A. deprived the troops of the recreation.

"At one time," said Mr. Braden, "the troops played soccer while an airplane patrolled the field overhead for enemy planes. At another time the players wore gas masks, they were so near the front line trenches."

Brought Wounded to Safety

The life of a Y secretary at the front is more than wasting ennui handing out soft drinks at a billiard far behind the lines. In his talk of conditions over there Mr. Braden told of wild rides to within a few hundred feet of the front in order to distribute the hot chocolate to the men going over the top, of treating wounded so thick that there was hardly room on the ground to lay them down, of wounded men kneeling in the road and appealing for a lift to a dressing station and of shells bursting around Y huts.

At times the Y men become Red Cross workers and the returned director tells of an assault near Romcard where he and companions were treating wounded when they heard of six wounded men in a dismissamento who were without help. The Y men got to them and brought them to safety.

The whole program of American games, modified to meet their physical strength, is given to the Italian soldiers. Mr. Braden was director of athletics at Fort Niagara early in the war before Camp Meade was established.

The Y. M. C. A. work in Italy has been expanded and consolidated with the co-operation of Dr. John S. Nolan, general secretary there; Walter S. Cramp, of the Cramp Shipyards, and M. H. Rideout, in co-operation with Marquis di Rosales, of the Italian committee for the promotion of recreation houses for soldiers, and the Italian Catholic committee.

An agreement was early reached with General Diaz, commander-in-chief of the armies, whereby the Y. M. C. A. sought to supplement the work of existing Italian committees. The work is carried on in several hundred hospitals in addition to the regular huts.

Mr. Braden for a time will abandon his title as "direttore di cultura fisica della case del soldato Y. M. C. A." and while resting will co-operate in local war work with the local Y. M. C. A. authorities.

TENNIS TOURNAMENT FOR LADIES NEXT WEEK

The Tournament Committee of the Narberth Tennis Association announces an open tournament for ladies to be held on their courts next week. Any woman resident of Narberth can enter. There will be singles and doubles, as well as mixed doubles; the latter event, however, being open only to those women who are or have been members of the association.

Mrs. W. R. D. Hall and Miss Edith Humphreys have been asked by the Tournament Committee to receive the entries, which will close at 6 P. M. on Friday, September 6.

It is particularly desired to have as large a tournament as possible. The entrance fee will be fifty cents for each event. War stamps will be given as prizes.

Patriots Will Register. Others MUST

Attention, Patriots!

Men 18 to 45 (both inclusive), except those previously registered, attention! Your country calls! Do not let her call in vain.

Whether you were born in America or in some foreign country; whether you have a large family or are unmarried; whether you work on the farm or in the shops—no matter who or what you are, unless you are in service, if you are between these ages you must register on September 12.

If you shirk your duty not only will you be in personal danger of arrest and severe punishment, but your country will be in danger. For, as Chief of Staff Peyton C. March says, "The only way that Germany can be whipped is by America going into this war with her whole strength!"

The first draft obtained almost three million men. Two million more are needed. "With an American Army of 4,000,000 men," says General March, "we can go through the German line wherever we please."

To get the rest of this five million, all men between the ages noted above must register. There are about thirteen million of these. But the draft boards will discard the unfit, those with large families and those in war industries—and leave a gigantic army of determined men who are ready to rid the world of the menace of the Huns.

The Government is very busy—it may be days before the registration can be checked up and it is determined whether or not YOU have registered. Don't wait for this "checking up"—act as a man should and register on September 12, without further notice. Patriots Will Register. Others MUST

Registration will take place on Thursday, September 12, from 8 A. M. to 9 P. M., at the Narberth Fire House, 105 Forrest avenue.

CHAS. V. NOEL, Chief Registrar.

The September meeting of the Narberth Branch of the Woman Suffrage party will be held at the home of Mrs. Edwin Towne on Friday, September 13, at 3 o'clock. As plans will be discussed for the suffrage booth at the Narberth Patriotic Fete, all members are requested to be present with suggestions.

LETTERS FROM THE FRONT FROM NARBERTH BOYS

A sail boy is coming out to camp this A. M. and said he was going back to New York and would mail these letters for some of us and we could say what we liked. As I cannot write more than one as the time is short, will you let Clara read this so she may know what we have done so far; of course, it is not much, and I see where we will be in the thick of things from now on. Every minute of the day now and night, too, we are in danger. We arrived in Liverpool Saturday morning; were in the harbor about 2 A. M., but did not dock until about 9. Friday, the day before we landed, after I had mailed all the letters and gave my cablegram to the ship to send, as we felt sure we were safe, about 7.30 P. M. just getting dark I was playing bridge in the dining room (about 400 boys play cards there every night), we felt an awful shock. As one man every one was up and the ship people said the order was perfect, we were hit on the port side away forward but not enough to sink us; one torpedo was not enough for that ship (Baltic), unless it would be in the engine room; the boat whistled five (5) times, which means for every one to get to their lifeboat; after standing there about half an hour, we were told everything was all right and to go below. It sure was exciting for a while and made every one feel a little queer; some of the men did not get over it for hours, and a number of women fainted. The only thing that saved us was the quick work of the American destroyer. When the submarine came to the surface, the English destroyer saw it at once, and fired two shots; then the American destroyer seemed to turn a flip-flop in the air, and dropped a sink bomb where the submarine went down. About that time we were hit, as she launched a torpedo, for we were not over two hundred yards away; the sink bomb did the work, and the destroyer wired to us that she sank the sub.

We left Liverpool Saturday afternoon and went direct to Southampton, landed there 1 A. M.; marched five (5) miles to a rest camp; and went to sleep on the floor of a hut, about 5.30; up at 9 for breakfast; and left at 2 P. M. for the boat for France; arrived at Le Havre, France, next A. M., and that is where we are now, in another rest camp. Up at 4 A. M. this morning and we expect to leave sometime today for our own camp, which is two (2) miles from Paris. Don't know how long we remain there, and when we do leave it will be for the front.

Everything is so funny over here; people go to the left in England instead of to the right; the trains look like the kind at Willow Grove or Coney Island, and the freight cars would take ten of them to make one of ours. Every place is dark at night, and nobody around after dark; at least we did not see any one when we were marching, and there is no chance of getting off.

We are not still very long, and when we are we try to get a little sleep, just like a lot of sheep, move around when we are told and stick in a bunch all the time.

Dear, you have no idea what we go through, and for three days now have had nothing but dry bread cheese and canned beef; it is awful but not half like it will be when we get to the front.

In this camp we are in tents, nine (9) men to a tent, and not room enough to stretch out, all our feet around the centre pole, and our heads on the outside, that is what it looks like; and Charlie is right beside me and is standing it like a man. The men that get the least at home make the biggest kick.

Must run along now and see about moving, will write when we are settled, and I hope they reach you O. K.

"War is worse than what Sherman said it was."

The only time I smile is when I think of you and home. This is too awful to realize and I am glad you don't know all the terrible things we have to go through. Never let me hear a girl say that she would like to be a man. We must do it and win, and I hope our boys will all be men and win this war right soon; one thing only a man can stand it and he won't last an awful long time before he has to go to a rest camp, for it is awful on the nerves if nothing else.

Write real often, dear, and don't worry. I hope the war is over soon, for I won't be happy until I am back home. Life is very sweet, but it depends where you are and who you are with. Bye dear, lots of love and kisses.

Your own boy,

William Loxley Peebles, American Expeditionary Forces, Section 46, U. S. A. A. S., Bat. 23, France.

PEACH STONES ARE WANTED

Peach stones are wanted by the government. These pits make the best charcoal for the soldier's gas masks and they are needed. Kindly clean them and leave them in box at back of 112 Essex avenue, home of Mrs. W. W. Cameron.

A prize will be given to the boy or girl who collects the largest number of these stones.

ABSTRACTS FROM LETTERS OF SERGEANT MAJOR WILLIAM L. PEBBLES, AMERICAN AMBULANCE SERVICE WITH FRENCH ARMY

January

We are all talking about President Wilson's wonderful speech. It certainly is to the point, and what every American should stand for. I hope it won't last long, but the Boches must be punished for what they have done, but their destruction can never be restored.

March

I was in one of the air raids on Paris, and it is more like the front than any place. One is not safe any place in this country. The Boches are going after Paris pretty strong these last few days. They fly right over here and we stand and watch battle for a while hoping to see a plane hit and set on fire. We have no feelings whatsoever; rather like heathens. One did drop right near us, but we were in bed. For what they do in Paris and London, the English give them ten times as much. They are certainly doing wonderful work in the air, and I feel sure we will do as well as soon as we get started.

April

Our camp is in an old abbey about sixty miles from Paris, many thousands of years old. It surely is a wonderful place; so beautiful and full of history. One look is enough to tell you that it will spoil one for army life. Tell my friends that we won't quit until Belgium has back her own and more too. Also that their work at home is good and will help a lot towards winning the war for we cannot win over here without the co-operation of all those at home.

July

It is very pleasing to us over here to see the way the States are speeding up. We surely feel the Boches are about done or they must have an awful surprise, for every day they delay the making of the attack means that we grow stronger, and this last month or two has shown them what Americans can do in the line of fighting.

This paper is not published for profit. No one receives any compensation for his services. It is not self-supporting. Are you doing your part to help the editors keep up their work by paying your subscription and advertising bills?

Mrs. Charles V. Noel and Mrs. Charles A. Fletcher, of North Narberth avenue, are spending a few weeks at Fort Totten, New York, where they are the guests of Major and Mrs. Laurison, of the United States Coast Defense.

Among those from Narberth seen on the boardwalk at Ocean City on Labor Day were: Miss Mazie Simpson, Mr. and Mrs. Carroll Downes, Mr. and Mrs. William S. Maddox, Mr. and Mrs. Hugh Brown, Miss Virginia Downes and Master Donald Brown.

A fire occurred in Narberth a few days ago on a truck of the Colonial Biscuit Company, of Philadelphia, but the blaze was extinguished by Mr. Johnson, of Montgomery avenue, who deserves much credit for his quick action in holding the fire under control until the arrival of our local fire company.

A Narberth man complained a few days ago in a Philadelphia restaurant because his allotment of sugar didn't sweeten his coffee sufficiently for his taste, and became quite provoked at the waiter because no more was served. It is no time to complain at such trivial sacrifices. Small personal sacrifices will do more than any thing else to help win the war.

Norma Talmadge in the "Safety Curtain" will be shown at the Palace Theatre, Ardmore, Wednesday afternoon and evening. The offering provides an interesting role for Miss Talmadge, who doesn't fear or skimp the wonderfully dramatic end for the sake of looking pretty. Eugene O'Brien, the soldier hero, also does excellent work. The story is one that contains much human feeling.

NARBERTH CURB MARKET

The chief purpose of the Narberth curb market is to prevent waste of food in the orchards and gardens around us.

Some producers have the idea that inasmuch as their products are fresher than store stuff they should get full store prices or better. Some consumers have the idea that as the stuff sold would waste but for the curb market it should be sold for a very low price. The proper price is somewhere between these extreme ideas.

The market was not organized for the purpose of gouging either producer or consumer, and unfairness to either is sure to break up the market. The patriotic women who are giving their time and energy to this war market are not doing so for the benefit of any class of people, but to prevent waste of food; and they are conducting it along right lines when they split between the producer and the consumer the economies of distribution which are created by the curb market.

The highest prices on the Narberth market have been for corn, lima beans and pears, for which the demand has been greater than the supply; the lowest prices have been for tomatoes, of which there has been an oversupply. In both cases the local working of the law of supply and demand was normal.

For the past two markets prices have been furnished to the Women's Committee by the Federal Food Administration on the morning of the market and have been based on the Philadelphia wholesale market prices of Saturday morning. Friday's prices are no criterion. Hereafter the prices charged on the larger Philadelphia curb markets will be furnished as the basis for Narberth prices.

Saturday prices in Philadelphia are not fixed until the wholesale market opens at 4 o'clock in the morning; and they may be much higher or lower than those of the day before, depending on the supply on the wholesale market.

Last Saturday Miss Brinton, of the Federal Food Administration, was sent out from Philadelphia to help in determining prices and methods for the Narberth market and to study its method with a view to using the system in other places.

The average man is always glad to meet the fool killer for the purpose of sending him next door.

Many new residents of Narberth will, this week, receive, for the first time, a copy of OUR TOWN.

Of course, most of them will want the paper regularly. Many of the older residents, who have not kept up their subscriptions, will also receive a copy.

Of course, most of them will, once more, want the paper regularly. In both events OUR TOWN should be supported, and we ask your co-operation.

OLD GLORY

O! Banner that hath made the millions glad,
With joys emblazoned on thy stars that shine
And stir the pulses like an altar wine.
With flush of lovely things that are not sad,
With visions that no kings have ever had,
Or seers with happy vision half divine,
What is their gospel when compared to thine?
So, in these days when thousands fall,
Thy sons have gift them for a grin advance,
Full-fledged, with hearts aflame to right the wrong,
To purge the poison from the fields of France,
And show thy glory to the nations all,
Thy grace that thrills within them like a song

The above department should be of the greatest use to the community, the list contains the name of every professional man, tradesman, mechanic, shopkeeper, etc., who does or can in any way serve his fellow-townsmen, and who is progressive enough to add name to list of Register. As it is difficult for those contributing their time and efforts to the production of "Our Town" to personally either know or interview all such, it would be most helpful if those not now found in the printed list would send in a memo of their names, address, phone numbers and businesses or professions for listing. This will cost as follows: 10 cents each issue for 2 lines; 5 cents for each additional line.
