I suffered for a number of years with a severe Nettle-rash.

About twelve years ago I started using S. S., and after taking three bottles I felt myself cured and have since taken a bottle occasionally, and had little or no trouble along that line. My general health has been better since. I recommend S. S. S. as a good blood medicine and all round tonic, Yours truly,

Mrs. M. I. PITTARD.

Some two years ago I suffered a great deal, caused on account of bad blood. Small rash or pimples broke out over my body and kept getting worse day by day for over a year. Seeing S. S. advertised in the papers and having heard also it had cured several people in this city, concluded to give it a fair trial. After using the medicine for some time, taking in all six bottles, I was entirely cured.

It was hought by the French from the Carios by a solemn treaty in the middle of the seventeenth century, and the price paid was two bottles of rum. Esau's mess of pottage was a good stroke of business by comparison. The Caribs soon regretted having sold their birthright and vainly tried to get the island back by force.
