LIQUOR APPEAL TO PRIVY COUNCIL

John Ferguson Case Taken to London Leave Granted by Court of Appeal

Vancouver, March 16.—Leave was today given by the Court of Appeal to appeal the case of Rex vs. Ferguson to the Judicial Committee of the Privy Council.

The application was made by Gordon Grant, representing R. C. Lowe, of Victoria, counsel for John Ferguson, who was convicted of selling whisky, sentenced to six months' imprisonment, appealed without success to Judge Lammiman and with the same result to the Court of Appeal.

To Supreme Court. C. L. Harrison, of Victoria, protested against any appeal beyond the Supreme Court of Canada, arguing appeals to the Privy Council should concern matters of general importance throughout Canada.

"I would allow the application," said the Chief Justice. "The matter is of very great public importance. A decision the other way would have disorganized the whole liquor business in the Province. The case should go to the Privy Council."

Mr. Justice Gauthier and Mr. Justice McPhillips concurred.

Bail was granted Ferguson pending disposition of the appeal to the Privy Council.

The Government Liquor Control Act is attacked by Ferguson on two grounds—one, that it should have been proclaimed law by the Lieutenant-Governor instead of by the Lieutenant-Governor-in-Council, and the other, that the statute is ultra vires because conflicting with the trade and commerce section of the British North America Act.

SPANISH REFORM LEADER MURDERED; MAN ARRESTED

Murcia, Spain, March 16.—Julian Perez Lazcon, leader of the Spanish Provincial Reformist Party, was assassinated yesterday. Seven bullets pierced his body. One of his assassins, Francisco Cascales, was arrested.

OPINIONS AS TO CAUSE OF MONTREAL BLAZE DIFFER

Montreal, March 16.—Opinion was divided as to the cause of the fire which destroyed the City Hall, March 3, at the resumed hearing held here yesterday. The witnesses heard were, with one exception, City Hall employees, and some thought the fire was of incendiary origin, while others were of opinion that mice or rats might have caused it.

ONTARIO SCHOOLS.

Toronto, March 16.—Hon. R. H. Grant, in the Legislature yesterday, gave the figures on the division of provincial grants between public and Roman Catholic separate schools. The public schools received \$10,289 and the separate schools \$135,627.

MARSHAL JOFFRE ASKED TO ATTEND

Associated Boards of Trade to Hold Banner Convention Preparations are being made on a grand scale for the holding of the big convention in Victoria on March 23, 30 and 31 of the Associated Boards of Trade of British Columbia. There will be a large attendance of delegates. The Victoria Chamber of Commerce and local organizations will play a big part in entertaining the guests while in the capital city of the Province.

Joshua Kingham, president of the Associated Boards of the Province, is extremely busy making the arrangements. The first session will be held at 10:30 o'clock on the morning of Wednesday, March 23.

The attendance of Marshal Joffre will be at great feature of the affair. It is hoped, efforts are being made to have the famous war hero attend the luncheon on Wednesday. Mayor Marchant will be asked to give the address of welcome to the delegates. Wednesday evening a smoking concert will be given.

GREEKS SEIZE SHIP OF ITALY; IMPRISON TURK PASSENGERS

Constantinople, March 16.—The Greek torpedo boat Naxos, while patrolling the Black Sea with other units of the Greek fleet, seized the steamship Africa, flying the Italian flag, off Iteboli.

Manitoba May Have Coalition Cabinet of Three Parties

Winnipeg, March 16.—(Canadian Press)—Plans for the organization of a coalition Government of Farmer, Labor and Conservative forces to succeed the Norris administration to put through at the present session of the Legislature non-contentious and essential bills, and then go to the people in a general election, are reported under consideration to-day by the leaders of those groups.

William Robson, leader of the Independent Farmers, is slated to be Premier in this plan; F. J. Dixon, Labor leader, would become Minister of Public Works, and J. T. Haig, Conservative leader, Attorney-General. Counselors of all these groups are to be held to-morrow morning. It is learned, when the situation will be discussed on the basis of groups.

Should the group leaders find themselves in position to command a majority of the fifty-five members in the House, it is claimed that Premier Norris would be obliged to recommend to the Lieutenant-Governor, on presenting his own resignation, that the coalition be called upon to form an administration.

Without Pay. It is said that the present opposition forces are unwilling that the Norris administration should be in charge of the electoral machinery when the appeal is made to the people. The suggestion has been offered that the difficulty of by-elections might be overcome if the Cabinet members agreed to serve without pay and the Legislature endorsed such an understanding.

CITY MAKES BIG SAVING ON BRIDGE

Foundation Cost \$43,000 Under Lowest Tender

Over \$43,000 has been saved by the City on the work of installing the new Johnson Street Bridge foundations, a contract carried out under the directions of City Engineer F. M. Preston—it was announced at the City Hall to-day.

The lowest tender from a private firm for the foundation work was \$236,168, and the actual cost to the city was \$207,710. This is a saving of \$28,458, but in addition there must be added \$15,000 which any contractor would have claimed as a result of delay in the work caused by the Federal Public Works Department's blasting operations near the bridge site. Thus, by allowing Mr. Preston to handle the foundation contract, the City has saved \$43,458 on the whole contract.

All Costs Lower. The actual cost of the foundation tender for the contract is as follows:

Table with 2 columns: Item, Cost. East Abutment \$17,578, Counterweight Pier \$9,848, Main Trunion Pier \$4,107, West Pier \$48,806, Rest Abutment \$28,206, Total \$207,710.

The City's figure includes cost of equipment as well as cost of work, it was explained to-day. Announcement of the City's saving on the foundation contract has been received with the utmost satisfaction by members of the City Council. They are delighted with the efficient and economical manner in which Mr. Preston has completed this work.

Mr. Preston returned to his desk for a few hours to-day after a short but severe illness. Before preparing new specifications for the contract for installing the railway superstructure of the bridge he will ask for further instructions from the City Council on the matter. The Council has decided to call for new tenders for this contract and has included in the job the removal of the present Johnson Street bridge.

Wants Instructions. The specifications upon which tenders were submitted before, provide that the tendering company, to secure the contract, must have previous experience in building bridges. If the job is to be given to J. J. Coughlan & Sons, of Vancouver, this clause must be altered. It was explained that the Coughlan Company has not built a bascule bridge before, the City understands. Mr. Preston wishes to be definitely instructed on this point.

MANUFACTURERS NOW ARE REPORTING IMPROVEMENT

Toronto, March 16.—A distinct improvement in industrial conditions in Canada since the turn of the year is reported by "Industrial Canada," official organ of the Canadian Manufacturers' Association. The conclusion is based on evidence secured from several hundred members of the association, extracts from whose reports day, because the industrial situation appears in the March issue.

SIR JOHN EATON FAILS TO IMPROVE; IN RESTLESS STATE

Toronto, March 16.—It was announced this morning that the condition of Sir John Eaton had not improved and that he was slightly more restless.

VICTORIA CLEARINGS.

The bank clearings in Victoria for the week ending to-day were \$1,836,142, as compared with \$2,467,905 in the corresponding week of 1921.

CANADIAN CLUB INVITES JOFFRE

Hero of Marne to Be a Guest General Makes Triumphant Tour of Orient

Marshal Joffre, hero of the Marne, when he arrives here on the Silver State from the Orient on March 28, has been invited by cable to make his public appearance at a Canadian Club function at the Empress Hotel. The invitation is for the day, and the affair may be a luncheon or a dinner, as it is not known what time the boat will arrive here.

Arrangements for the Canadian Club reception to the great general of France are now being completed by the Rev. W. Leslie Clay, D. D., president of the club. Marshal Joffre sailed from China for Victoria last week, completing his tour of the Orient during which he got a wonderful reception everywhere. In Indo-China he met Lord Northcliffe and both were joint guests at a number of ceremonies. In Japan Joffre was feted in every way possible, and honored by the Japanese at their sacred temples.

Under present arrangements Victoria will be the only Canadian city Joffre will visit on this coast. He will go from here to Seattle and perform ceremonies in connection with the International Peace Arch at Blaine. Joffre is accompanied by Hon. Samuel, who is his host during his tour of the United States.

RATE CASE MAY LAST ANOTHER WEEK

Further Freight Arguments at Ottawa To-day Counsel for Province of Manitoba Heard

Ottawa, March 16.—H. J. Symington, K. C., representing the Province of Manitoba continued to-day before the Board of Railway Commissioners his argument for equalization of the freight rates in the prairie provinces in general and Manitoba in particular, with the rates prevailing in the East. His speech was highly technical and he quoted and put on record great quantities of statistics bearing on the railway situation as between the East and the West. Mr. Symington's speech has now occupied a day and a half. He will probably conclude to-day, when some of the eastern counsel will follow. It begins to look as though the case might last another week.

Lord Haldane, giving judgment, said the points of law upon which the opinion of the Privy Council was sought were in themselves important. He and his colleagues, he said, thought the petitioner ought to be permitted to appeal on the facts, circumstances, although they were quite aware of the hardship this might involve to the other side in having to pay the costs of the appeal. However, he continued, this result of such procedure in certain instances entered into the very bones of the law.

This judgment is regarded as highly important in that it establishes a precedent in the case of appeals from Canadian courts. (Concluded on page 4.)

Refuses Postponement of Trials in Second Group of Police Slander Suits

Though "threatened with a general nervous breakdown" Police Commissioner Joseph North must leave San Francisco immediately and be in this city by Monday next for the trial of the suit for alleged slander against former Detective Sergeant Ezra Carlow, ruled Mr. Justice Morrison in Supreme Court Chambers here to-day.

Stuart Henderson, counsel for the defendant, applied for a postponement of two trials, set for Monday and Tuesday next week, being those of Carlow and Macdonald respectively versus North. An affidavit stating that Commissioner North "was threatened with a general nervous breakdown" formed the centre of argument by counsel in the court to-day. Frank Higgins, K. C., counsel for plaintiffs, submitted that as long as Mr. North was not actually incapacitated, he could attend for trial on Monday, therefore opposing the postponement. He further took issue between Mr. Henderson and Mr. Justice Morrison before the applications were refused. Costs were ordered paid by the defendant.

Objections. In opening his application Mr. Henderson told the court that the trials of Carlow versus North and Macdonald versus North were set down for hearing on Monday. Counsel for the defendant was applying for a postponement of both trials on several objections. He submitted that no proper grand jury list existed from which a special jury could be selected; that there had already been three trials of matter relative to the two issues to come by juries from the present grand jury list, the number of which he held that the selection being limited and therefore the objections of counsel were restricted.

These objections were taken before the sheriff at the time of the selection of the panel for the next cases, stated counsel for the defendant.

Grand Jury List. Further, held Mr. Henderson, the Grand Jury list should be 95, yet 100 names were chosen, the last four being subsequently dropped off, and he submitted that the list was not a proper one in this respect. Counsel further held that the selection had been made by the Registrar Assessor and Sheriff, but that the Collector, Frank J. Seil had not been present, as called for by the Jury Act.

At this stage Mr. Henderson read an affidavit of Dr. W. A. Holmes, who testified that Police Commissioner Joseph North was threatened with a general nervous breakdown, due to long strain, and that the Commissioner had been advised by the doctor making the affidavit to go on a vacation for two weeks.

At this stage Mr. Henderson read an affidavit of Dr. W. A. Holmes, who testified that Police Commissioner Joseph North was threatened with a general nervous breakdown, due to long strain, and that the Commissioner had been advised by the doctor making the affidavit to go on a vacation for two weeks.

U. S. LAWYER BRINGS \$600,000 ROULETTE SUIT

Providence, R.I., March 16.—Recovery of \$600,000 for losses at roulette alleged to have been due to fraudulent operation of wheels is sought by Edward T. Bannon, a New Bedford attorney. He has brought suit in Federal District Court against six defendants, seeking \$100,000 on each.

APPEALS FOR SECURITY FOR COSTS

London, March 16.—(Canadian Press Cable)—A Winnipeg widow's petition to appeal to the Privy Council without furnishing the usual security for costs was presented to the Judicial Committee of the Privy Council to-day by Geoffrey Lawrence for the petitioner Mrs. Annie McVoll whose husband, an employee of the Canadian Pacific Railway, was killed in a train wreck. Leave had been obtained from the Court of Appeal to appeal to the Privy Council on the question of compensation, but the petitioner had failed to find security for the costs of the appeal.

Lord Haldane remarked that there might be important points of law involved in the industrial world who quite legitimately supported this woman because they wished the matter to be tried out as much as possible in the industrial world. The railway company, he said, if the appeal should take place in London on the terms that the company could not get its costs of the appeal paid, would be in a position to prosecute the appeal.

Lord Phillimore asked how she had managed to conduct the case this far. Cheaper in Canada. Mr. Lawrence pointed out that the costs of fighting the case in the New British Columbia Court had been approached as a personal matter by a well known member of the Canadian bar who had sought his interest in promoting the petition.

Counsel for the C. P. R. submitted that if the case were of such importance as was suggested there was no reason why the appeal should not be expected to assist in promoting the appeal on the usual lines. Allowed.

Lord Haldane, giving judgment, said the points of law upon which the opinion of the Privy Council was sought were in themselves important. He and his colleagues, he said, thought the petitioner ought to be permitted to appeal on the facts, circumstances, although they were quite aware of the hardship this might involve to the other side in having to pay the costs of the appeal. However, he continued, this result of such procedure in certain instances entered into the very bones of the law.

This judgment is regarded as highly important in that it establishes a precedent in the case of appeals from Canadian courts. (Concluded on page 4.)

COMMONS HEARS TORONTO MEMBER

T. L. Church Resumes Speech This Afternoon Complain of Too Much Party Politics

Ottawa, March 16.—(Canadian Press)—The debate on the address in reply to the Speech from the Throne will be resumed when the House of Commons meets this afternoon at 3 o'clock by T. L. Church, Conservative member for North Toronto, who was speaking when the House rose at six o'clock. The Senate, which adopted the address yesterday afternoon, will meet at 3 o'clock.

Mr. Church told the Commons yesterday afternoon there was too much party politics in the work of the party before the good of the country. While elected as a Conservative and from the Conservative city of Toronto, Mr. Church felt he had been elected as a representative of the people of Canada, and if the Government brought forward legislation for the good of Canada, he would support it.

Group System. There was no reason why the group system should exist. "There should be more consideration for the people."

The Prime Minister had done a great deal of talking about the common people, said Mr. Church, but if he would do something to keep down the freight rates, he would be doing a great deal for them. Mr. Church urged the importance of expanding the work of the Quebec Battlefields Commission to the other provinces of Canada. He advocated a conference between the Federal Government and the provinces and municipalities with a view to co-ordinating taxation.

Railways. Hance Logan, Liberal, of Cumberland, N.S., stressed the situation of the Maritime Provinces in regard to railways. Prairies and East. Hon. J. B. M. Baxter, once leader of the Conservative Opposition in New Brunswick, stressed the situation of the Maritime Provinces on the return of the natural resources to the Prairie Provinces.

Was not the Maritime Provinces to be heard? It was their sacrifices which had made Prairie development possible. They wanted a "fair square deal."

May Bring Great Women's Convention to Victoria

The Women's Benefit Association convention may be held here. The association has its headquarters at Port Huron and has a membership of 300. A meeting of the association's coast state officers will be held in San Francisco on Saturday to determine on the convention city. Geo. I. Warren, Commissioner of the Victoria and Island Development Association, is endeavoring to get the local newspapers and all local bodies to back up the invitation of the Publicity Bureau, Chamber of Commerce and Rotary Club to come to Victoria. It is estimated that 1,000 delegates will attend. In view of the receipt of a form of propaganda which has caught the Indian imagination, and is being widely carried out there, says the dispatch, consists of daily public prayers asking that sanity be granted the British Ministry.

DIED IN MONTREAL

Montreal, March 15.—Warren Ogilvie, proprietor of the Eastern Hat and Cap Manufacturing Company, of Truro, N. S., was found dead in his room at a local hotel yesterday.

WESTMINSTER CLEARINGS.

New Westminster, March 16.—The bank clearings here during the past week were \$425,071.

HAMILTON CHURCH LEADERS OPPOSING MORMON INVADERS

Hamilton, Ont., March 16.—Efforts will be made by the Hamilton Ministerial Association to check the activities of several Mormons who reached this city Tuesday and intend, it is said, to win converts by holding a series of meetings and making a house-to-house canvass.

Devonshire May Be British Secretary of State For India

London, March 16.—(Canadian Press Cable)—With Lord Derby's virtual refusal of the Cabinet post of Secretary for India, which is based on the conviction that he can assist the coalition better outside than in the Cabinet, the Duke of Devonshire, former Governor-General of Canada, has become a hot favorite for the post.

London, March 16.—The Earl of Derby's rejection of the Cabinet post of Secretary for India, coming after the failure of the Unionists who met on Tuesday to give Premier Lloyd George a vote of confidence, forms the chief topic of conversation in political quarters, where the effect on Lord George's tenure of office is warmly debated. The refusal of Lord Derby to enter the Government is believed to have been final, and even the most ardent coalitionists are manifestly anxious, in view of the failure of Tuesday's meeting and the obvious hardening of the determination of many Conservatives to cut loose from the coalition.

The Premier's political enemies declare it is impossible for him now to retain his position as head of the administration while depending mainly upon Unionist votes, and urge that it is time he recognized the fact and made his threatened resignation definite.

MURDERS DONE BY BRIGANDS IN THE CAUCASUS

Batum, March 16.—Brigands attacked on the night of March 15 the express train running between Batum and Tiflis. They murdered the guard escorting the train and killed or wounded several passengers.

SOVIET DECIDES ON BETTING MACHINES

Petrograd, March 16.—Horse racing, recently revived in Russia, has regained so much of its former popularity that the Soviet Government has decided to re-establish the "calculators" which correspond to the pari-mutuel betting machines used in North America. According to the Communist newspapers, the decision was reached when it was found that the prohibitory decrees did not prevent bookmakers from operating. The revenue from the "calculators" also was a consideration.

DISORDER.

London, March 16.—An Exchange Telegraph dispatch from Cairo says the declaration of Egypt's independence was followed by several demonstrations in Cairo, the crowds smashing street lamps and uprooting trees. Egyptian cavalry was ordered out to restore order.

LLOYD GERGE TO GO TO GENOA

London, March 16.—Premier Lloyd George and Marquis Curzon, Secretary for Foreign Affairs, will be among Great Britain's delegates to the Genoa Economic Conference. It was announced in the House of Commons by Austen Chamberlain, the Government leader.

INDIAN MEMBERS OF INDIA COUNCIL VOICE VIEWS

Delhi, March 16.—The Indian members of the Council of State at a meeting of the Council yesterday, expressed profound regret at the resignation of Edwin S. Montagu, as British Secretary of State for India, which they declared was incompatible with India's interests. They hoped Mr. Montagu's retirement did not imply a change of policy.

ARE TOLD POLICY WILL NOT BE CHANGED

Delhi, March 16.—The Legislature continued discussion of the budget yesterday and passed resolutions reducing by five per cent. the estimates under the heads of salt, opium, land revenue and stamps, but spared the forestry estimates. The Government also assented to a reduction of the rail appropriation by 25 lakhs. The telegraph and postal credits were reduced 10 lakhs, making the total reduction in the budget in the last two days 55 lakhs, or 5,500,000 rupees, normally worth about \$1,784,000.

BRITISH CREDIT IN PORTUGAL

Lisbon, March 16.—An announcement that Great Britain has opened a credit in Portugal amounting to \$3,000,000, payable in five years in 20 per cent. instalments, has produced an excellent impression here. The loan is made against goods.

SOUTH AFRICAN STRIKE CALLED OFF

Action Taken By the Industrial Federation Order in Disturbed Area Completely Restored

Johannesburg, March 16.—The strike of miners which had held South Africa in its grip for more than two months has been called off. The decision was taken by the old South African Industrial Federation as distinct from the Federation's augmented executive. It announced first that the general strike was null and void; second, that the management executive would call off the mine strike, and third, that complicity in the revolution against the Government was repudiated by the Federation.

Order Restored. Order has been completely restored. The police declare they have plenty of evidence showing that a Bolshevik plot was responsible for the revolution. This revolution will be "astounding," they assert. A Government official declared tonight that the prisoners exceeded 6,000 and that those among them responsible for outrages would be dealt with. The railwaymen have resumed work.

SULTAN IS NOW KING OF EGYPT

Decree Is Issued by Ahmed Fuad Pasha Independence Causes Street Disorders in Cairo

Cairo, March 16.—A decree issued by the Sultan Ahmed Fuad Pasha, last night, announced that Egypt had become an independent and sovereign state and that the Sultan would assume the title of King of Egypt. A Cairo dispatch to The London Times last week said the Sultan was expected to assume the title of king upon adoption by the British Parliament of the agreement to end the protectorate over Egypt. The new constitution which correspond to the many Conservatives to cut loose from the coalition.

The Premier's political enemies declare it is impossible for him now to retain his position as head of the administration while depending mainly upon Unionist votes, and urge that it is time he recognized the fact and made his threatened resignation definite.

DISORDER.

London, March 16.—An Exchange Telegraph dispatch from Cairo says the declaration of Egypt's independence was followed by several demonstrations in Cairo, the crowds smashing street lamps and uprooting trees. Egyptian cavalry was ordered out to restore order.

LLOYD GERGE TO GO TO GENOA

London, March 16.—Premier Lloyd George and Marquis Curzon, Secretary for Foreign Affairs, will be among Great Britain's delegates to the Genoa Economic Conference. It was announced in the House of Commons by Austen Chamberlain, the Government leader.

GALWAY SCENE OF THREE MURDERS

Galway, Ireland, March 16.—Four men in disguise entered the St. Bride's Home last night and shot and killed Sergeant Gibbons and Gilmartin and seriously wounded a constable. Just previously three men entered the Work house hospital and killed Patrick Cassidy, of Mayo. The two sergeants killed were members of the Royal Irish Constabulary. They were patients in St. Bride's Home. The attackers entered while the nurses were at supper and riddled the sergeants with bullets as they lay in bed.

Cassidy, an official of a contested District Board, was undergoing treatment for a wound which he had sustained recently during an attack on his home. He was shot in the throat. The Irish Republican Army immediately sent out patrols, but they had not discovered the attackers late this afternoon.

BOMBS IN BELFAST

Belfast, March 16.—Belfast had the unusual experience to-day of daylight bomb throwing, which resulted in the injury of twelve persons, four of whom were seriously hurt. No deaths had been recorded up to an early hour this morning. A grenade was thrown during the noon hour into a churchyard in the Dalymount district, where soldiers are stationed. There were no casualties. Two other grenades were thrown in the Seaford Street area, and there was there that all the casualties occurred.

"The Footwear Centre"

Footwear Style Week at "Cathcart's"

You've possibly decided upon your Spring Suit, and Hat, but how about Footwear? The appearance of the suit or hat is marred unless the footwear is just as smart.

For years "Cathcart's" has been looked upon as Victoria's "Footwear Centre"—the one place where the highest grade and newest styles from the world's most famous centres are shown in advance.

Don't delay the selection of your Footwear—see our windows.

PROSPECTORS TO CEDAR CREEK

Rush of Thousands this Spring Expected

Vancouver, March 16.—That there will be a rush of thousands to the Cedar Creek gold mining district this Spring, and that development work will be carried out there with good results, is the opinion of officials of the Vancouver Mining Exchange who have knowledge of the district.

"It is a big territory and undoubtedly there will be a rush," said Secretary Lee. He said he understood a big development scheme has already been financed in Detroit.

LOCAL OPERATORS NOW PARTIES IN ROUND ISLAND SUIT

Vancouver, March 15.—Round Island off Nanaimo which John Gemmill deeded to his old friend Thomas Morgan four years ago for a dollar, and which has since become valuable through a find of coal, is to have three defendants instead of one when the relatives of Mr. Gemmill seek to regain the property.

Mr. Gemmill is now an inmate of the mental hospital at New Westminster and his son, Joseph, who is a city employee in Vancouver, is carrying on the action, contending that his father was not mentally competent when he deeded away the island.

On Tuesday, John Arbutnot, and Ephraim Hodgson, of Victoria, who are holders of an option of purchase

of the island for \$14,000 and have already paid Morgan a considerable part of the purchase price, were added as defendants at their own request.

"We never heard of this lunacy plea till a few weeks ago. If we are not in the suit we might be deprived of our rights without a hearing," argued H. L. Robertson and D. S. Tait, for the two new co-defendants. Clarence Darling, for the Gemmill family, refused to bind himself not to bring ejectment proceedings against Arbutnot and Hodgson in the event of his success against Mr. Morgan.

BEAUTY OF THE SKIN

is the natural desire of every woman, and is obtainable by the use of Dr. Chase's Ointment. Pimples, blackheads, roughness and redness of the skin, irritation and eczema disappear, and the skin is left soft, smooth and velvety. All dealers, or Edmondson, Bates & Co., Limited, Toronto. LABOR TO TAKE DRYDOCK WAGE FIGHT TO COURT

Woodward Warns Officials of Men's Determination

Bielger Comes in For Criticism at Meeting

Representatives of workers on the Esquimalt drydock will go into the courts to get an injunction against contractors on the dock forcing the lower schedule of pay on the men. Alderman Woodward told Gerald H. Brown, Assistant Deputy Minister of Labor from Ottawa, and D. T. Bulger, Fair Wage Officer, at the labor conference at the Empress Hotel today.

Mr. Woodward said that unless the Government ruled against the attempt of the contractors to put the lower wage schedule into effect the men would go to the courts immediately.

H. Despard Twigg, representing the Amalgamated Veterans, James Dakers, A. N. Davis, of the pile drivers, and E. C. Goldsmith, also of the pile drivers, accompanied Mr. Woodward into the meeting with the labor department officials.

The first meeting between Mr. Brown and the labor men was held yesterday. In the afternoon Mr. Brown went to Esquimalt and personally inspected the drydock work.

The representatives of the workmen told Mr. Brown their claim was that the contractors are cutting wages below the standard of the schedule inaugurated when the work started. In the discussion it was asserted that the contractors were now trying to take advantage of the fact that wages had declined and were seeking to put into force the prevailing rate of wages. The men claimed that although the schedule of wages was not attached to the contract, it was signed, the schedule adopted when work was started should be taken as setting the rate of wages for the work during the time the whole contract as intended in the original schedule which should have been attached to the contract.

The differences of the labor bodies on the Coast with Fair Wage Officer Bulger were also discussed with Mr. Brown.

Alderman Woodward said there was dissatisfaction with Mr. Bulger and with the way in which the Department of Labor was represented on this Coast. He said he hoped there would be a change for the better.

Mr. Brown promised to take up at Ottawa all the matters brought before him.

CHURCH DEALS WITH RAILWAY MATTERS

Toronto Member Addresses House of Commons

Ottawa, March 15.—(Canadian Press)—When the House opened this afternoon, T. L. Church, Toronto North, continuing his speech on the address, said Canada was very much behind the times in the matter of good roads. He advocated co-operation between the Federal Government and the municipalities to improve roads.

On the railway situation, Mr. Church remarked that "when we are told how much private ownership of railways has done for the country, it is well to remember what the country has done for private ownership."

Mr. Church referred the Minister of Railways to the Drayton-Acworth report for advice on railway consolidation. He referred to the railway being in politics and said the greatest politicians in the country were the presidents and general managers of the roads. The Canadian Pacific Railway always supported the Government of the day, he said.

Mr. Church said that the United Farmers of Ontario had become unpopular in Ontario because they had not carried out promises. Otherwise Mr. Creer would have been called upon to form a Government and the Canadian Pacific Railway wishing itself upon him whether he wanted it or not.

MORE OIL STOCK TO BE PUT OUT

Four New Companies Enter B. C. Lumber Business

New lumber concerns are still being incorporated for business in B. C. To-day four more were granted their papers of incorporation.

Along with them two oil companies to exploit new fields were given charters to sell between them \$750,000 worth of stock to the public.

The new lumber companies are: Cobble Hill Logging Co., Ltd., \$25,000, Victoria; Pacific Shingle Co., Ltd., \$50,000, New Westminster; Rotary Shingle Co., Ltd., \$20,000, Vancouver; Eucalataws Lumber Co., Ltd., \$20,000, Vancouver.

The oil companies are: Triumph Oil and Gas Co., Ltd., \$500,000, Vancouver; Northern Alberta Oil Fields Ltd., \$250,000, Vancouver.

Charters were also granted to the Mechanical Motor Works, Ltd., \$15,000, Victoria; Community Services, Ltd., \$10,000, Vancouver, and Rose's English Baker, Ltd., \$50,000, Vancouver.

The S. F. Bowser Co., Ltd., \$750,000 with offices at Toronto and Vancouver was granted a Provincial incorporation with offices at Toronto and Vancouver.

VERNON HOSPITAL CAMPAIGN RAISES MORE THAN \$5,000

Vernon, B.C., March 15.—Although court proceedings have not yet been received from all canvassers throughout the district, the amount subscribed to the Vernon Hospital last week exceeds \$5,000.

Many of the canvassers have yet to report, while others are collecting in the outlying sections which were not covered last week.

Included in the Vernon collections were contributions of various societies and through Mr. Henderson, the local manager, they were received two cheques of \$100 each from Sir Vincent Meredith and Sir Frederick Williams-Taylor, President and General Manager, respectively, of the Bank of Montreal.

2,000 CAPTURED IN SOUTH AFRICA

Description of Suppression of Strike Uprising

London, March 15.—(Canadian Press Cable)—Reuters' Johannesburg correspondent cables that a tour of Fordsburg on March 14 showed that the place was completely clear of revolutionaries and that the occupation by the Government forces had been entirely effective. An inspection showed that the artillery fire had been well concentrated on the market square and had driven the defending Reds into the adjoining houses. A prisoner says the Reds had hoped for better terms than unconditional surrender.

In the middle of the fighting a tank came into action, the Fordsburg Dip, and its quick-fire guns did excellent work. Infantry advanced in fine formation, but the first attackers of the revolutionaries in the market square belonged to the armored train section under Major Curran.

The night of March 15 was the quietest since the fighting began. The work of clearing out Fordsburg immediately produced a calmer atmosphere all around.

Last night 200 more Fordsburg prisoners were brought into the Wanderers' Ground, where the camps now number over 2,000 prisoners.

By Sheppart.

The most militant of the Reds' leaders, Fisher and Spondiff, were killed by shrapnel while they were making bombs in Trades Hall, which was found to contain a large number of bombs when captured by the Government forces. It is reported that documents have been found containing plans for the seizure of Johannesburg and containing lists comprising practically all the most prominent people in Johannesburg who were marked for execution or assassination.

A case is reported in which Reds wantonly killed two natives and mutilated another native, the police and military being witnesses of the affair.

A house-to-house search in Fordsburg revealed three German machine guns of 1917 and 1918 types.

The military aspect of the revolution is now regarded as practically finished except for clearing up proceedings.

Landlady: "Just when are you going to pay your arrears of rent?"

Hard-up Author: "As soon as I receive the cheque which the publisher will send me if he accepts the novel I am about to commence when I have found a suitable subject and the necessary inspiration."

FRESHMEN FLOORED BY COLLEGE "EXAM"

"Worse Than Edison's Questionnaire," They Say

Politics Paper Includes Astronomy, Geology and Law

Princeton, March 16.—Some two hundred and fifty members of the Princeton freshman class received the shock of their lives in the recent examination period. The cause for their astonishment was the examination paper in a course which goes by the label of Historical Introduction to Politics and Economics 101. After looking at the paper the bewildered freshmen wondered why historical, and why merely an introduction to politics and economics. For the questions presupposed knowledge not only of history, politics and economics, but of geology, astronomy, geography, contracts and law, political theory, and a few other subjects.

The poor freshmen had suspected something. The examination came not entirely without warning. But they hadn't expected to catch such a Tartar. The paper consisted of five questions subdivided into several parts and was scheduled to be three hours in length. Some of the seekers after knowledge had to be literally ejected from the room after four and a half hours. The carriage was terrible. The registrar's office in Nassau Hall, where the examination results are posted, swarmed with yearlings anxiously scanning the bulletin board to learn their fate. Finally the marks went up. A dead silence. Then a prolonged groan from the assembled throng. Eighty-one men, or 33 1-3 per cent of the list, failed the course, probably two-thirds of the men flunked the examination and those that did pass got through by the skin of their teeth.

The course was instituted in the Fall of 1919 and is now in its third year. Prof. Dana Carlton Munro, world authority on medieval history and who was responsible for its inauguration, said that the purpose of the course was to make men think.

A number of seniors having passed numerous courses in economics, money and banking, corporation finance, together with astronomy and geology, have offered to bet they couldn't pass the test. "Thomas A. Edison's questionnaire is nacked off the map," is the terse opinion of one prominent member of Princeton's graduating class.

The examination follows:

- (a). Define the following terms: Solstice, Writs of Habeas Corpus, Perihelion, Neap Tides, Exogamy, Agent, Rotation of Crops, Common Law, Common Carrier, Gild Merchant, Law Merchant, Climatic Cycle, Usury, Demesne Land, Black England, Artificial Boundary, Bailment, Villein, Erosion.
- (b). Name and locate the following: A British possession in Central America, a seaport of India, an American state having an emerged coast, an oilfield in Asia, the principal seaport of the Argentine Republic, a city in Persia, the principal nitrate deposit in the world, an American state which is at present one of the chief sources of copper, a lake in Siberia.
- (c). Who were the following men: Sir Thomas Moore, Blackstone?
2. (a). A Polar explorer observes the sun 63 degrees 30 minutes north of his zenith at local noon on December 22. His chronometer registers 2 a.m. What is his latitude? What is his longitude? In what continent is he? If he were to remain at that point until June 21 where would he observe the sun at local noon?
- (b). And the Lord said unto Moses: Let the priests also which come near to the Lord sanctify themselves lest the Lord break forth upon them; but thou shalt come up (to Mount Sinai), thou and Aaron. Ex. 19 xxiv. What does this verse illustrate in regard to early Hebrew ideas of manna?
- (c). A, president of a corporation, owns \$100,000 worth of stock in that corporation. The corporation honestly but inefficiently conducted, becomes bankrupt with a total liability of \$500,000 in bonds held by B. Can A recover the value of his bonds? Can A be made liable for the reimbursement of B? Give reasons for your answers.
- (d). A, in his jewelry store, in the presence of two of his clerks, said to B: "I will repair your watch free of charge." He afterward refused to do so. Will the courts grant B any remedy? If so, will this remedy be damages or specific performance? Justify your answer by reference to legal principles.
3. (a). Explain why desert peoples are usually nomadic.
- (b). Explain the geographic causes which contributed to make Great Britain the greatest colonial power in Europe.
- (c). Explain the difference between civil and political liberty, giving examples of each.
- (d). Explain how the rise of the political state resulted in the development of private property in land.
4. If you were asked to select a site for a great city in a hitherto undiscovered and uninhabited continent in the temperate zone, what factors would influence you in making your selection? How would each of these factors promote the growth and prosperity of the future city?
5. Consisted of tables indicating the average monthly temperature in degrees Fahrenheit and the average monthly rainfall in inches of four cities and asked the following questions. Where would you suppose each of these cities to be located? Explain the reasons for the amount and seasonal distribution of the rainfall of each of these cities.
6. What was the Industrial Revolution? Describe five of its most important results.

ANNOUNCEMENTS

Miss Hanman (cert. London specialist), 14 years' experience in treatment of superfluous hair and moles. Absolute cure guaranteed; 25 Wineside Bldg.

THE CANADIAN SHREDDED WHEAT COMPANY, LTD.

MANUFACTURERS OF SHREDDED WHOLE WHEAT BISCUIT AND TRISCUIT

NIAGARA FALLS, ONT.

ROYAL BANK BUILDING KING AND YONGE STREETS TORONTO

December 5th, 1921.

Canadian Daily Newspapers Association, Toronto, Ont.

Gentlemen:

Here are some of the reasons, responding to your request, why we believe in the value of newspaper advertising.

The daily newspaper is read by more consumers in each city or town than is any other publication.

The dealer is also most effectively reached through newspaper advertising, which leads him to stock, feature and push the goods so advertised.

Newspaper advertising completes and adds materially to the effectiveness of all other promotional work when co-ordinated with it in any city or district campaign.

Because copy can be changed so quickly in the daily newspaper a "psychological appeal" can be made at any time national or local happenings or changes in weather, market or price conditions present the opportunity.

The flexibility of newspaper advertising and the choice it presents of the amount, class and location of circulation enable the advertiser to quickly direct his campaign wherever and whenever it is most needed.

Our newspaper advertising has increased with our business and has been a very large factor in educating the public to a full appreciation of the distinctive merits of our product until to-day Shredded Wheat is known and eaten in almost every home in Canada.

Very truly yours,
George Slate, Jr.
Advertising Manager

Dict. by Mr. Slate. M.M.H.

THE CANADIAN SHREDDED WHEAT COMPANY, LTD.

Here is a complete lesson in the "reason why" of Daily Newspaper Advertising; one that may be accepted with confidence seeing that it is based upon an experience which has spent millions of dollars to prove the value of a medium which gives ability to drive home vital facts anywhere, at any time, with fully calculated force concentrated upon one purpose.

Issued by The Canadian Daily Newspapers Association, Head Office, Toronto.

Drugs of Quality Our Pride

The merchant who is too much concerned with profit cannot build an enduring business. Quality at lowest possible cost is our motto, ascertain for yourself that this is a fact by bringing your next prescription or drug wants to one of our nine stores.

ONTARIO TOWN HAS ITS GHOST

Story Told by Windsor Teamster's Family

Windsor, Ont., March 15.—Franklin Crandall, a teamster, who lives with his wife and three children on McCann Avenue, has a ghost story and it has placed the family in a state of terror.

For the past two weeks the family believes the spirit of Mrs. Crandall's father, who died two weeks ago in Jackson, Michigan, has haunted the home.

Late Tuesday night Crandall claims he was lifted from his chair and sent flying across the room to the feet of his wife, who sat dozing as the couple awaited the "ghost's" appearance. "Moaning" and "flooding," "Pearl," "Flossie," the spirit hovered about the room, according to Crandall, then disappeared as silently as it had come. During the night, the knocks were heard on the walls and ceiling, and now again an odd moan and groan, but eventually all was quiet and the spirit vanished.

BRITISH DISCUSS CATTLE EMBARGO

London, March 16.—Members of Parliament who favor removal of the embargo against Canadian cattle are again active. Another suggestion was made in the House of Commons yesterday that the lifting of the embargo would be desirable for the benefit of Great Britain, particularly in view of the reduction in wages of the workers and the number of people who were laid off.

Major H. Barnstone, Coalition-Unionist member for Eddisbury, replying to this, emphasized the fact that the Minister for Agriculture, Sir Arthur Griffith-Boscawen, had not agreed that removal of the embargo would benefit the people of this country or contribute to the solution of the unemployment problem.

In answer to the allegations that diseased cattle were arriving in England from Canada and other places abroad, Major Barnstone said he was not aware that this was the case. He pointed out that on the arrival of cattle at a port, they were inspected for possible contagious diseases by officials, and after the cattle were slaughtered their carcasses were inspected by the sanitary authorities.

The member for Eddisbury said the point retorted: "If there is no disease then will the embargo be removed?" There was no reply to this.

GERMANS URGED TO MEND WAYS

Paris, March 16.—Charles Laurent, French Ambassador to Germany, delivered to the German Government according to a Havas dispatch from Berlin, a note signed by the Ambassador of France, Great Britain, Japan and Italy and the Belgian Government drawing the attention of the German Government to "the ill-will encountered by the inter-Allied Military Commission in the east, the delay in asking that the necessary measures be taken to terminate the practices which are retarding the disarmament of Germany prescribed by the Treaty of Versailles."

ARMED THUGS ROBBED A MAIL TRAIN IN IRELAND

Belfast, March 15.—A train proceeding from Belfast to Dublin was held up at Altnaveigh, near Newry, this morning by armed men, who seized and carried off the mail. The train was stopped by waving a red lamp. Some boarded the engine and guarded the engineer and men while the others held up the mail clerks.

A similar holdup took place yesterday on the southern side of the border.

Vancouver, March 15.—The civic camp for unmarried unemployed men at Hastings Park will be disbanded at the end of March unless weather conditions then should recommend the temporary continuation of the camp.

TO VISIT EUROPE.

Los Angeles, March 15.—Mabel Normand, film actress, will go to Europe in June, it was announced at her home here today. Her plans call for visits to London, Paris, Berlin, Rome, Naples and Madrid.

GIVEN DIVORCE.

Los Angeles, March 15.—Al Semnacher, manager for Miss Virginia Rappe, film actress, whose death in San Francisco resulted in the manager's charge against Roscoe C. (Fatty) Arbuckle, now on trial in that city for the third time, was granted a divorce from Lucille Semnacher here yesterday. He charged Mrs. Semnacher had deserted him for a man now said to be a fugitive from justice.

Pain In Her Arm Is Now All Gone

MRS. STANTON RECOMMENDS DODD'S KIDNEY PILLS.

Woodstock Lady whose Rheumatism has Vanished Tells why She Believes in Dodd's Kidney Pills.

Woodstock, Ont., March 15th.—(Special)—Mrs. John Stanton who lives on R. R. 1, near here is never tired of telling of the benefit she received from the use of Dodd's Kidney Pills.

"About four years ago I had rheumatism in my left arm. Mrs. Stanton states: 'It was so painful I couldn't dress myself.'"

"I read about Dodd's Kidney Pills and what they had done for others so I sent and got six boxes. They did me good right from the start. The pain is now gone, but I keep Dodd's Kidney Pills in the house and I have an occasional touch of lumbago and they help it a lot. They help my husband's head too."

Dodd's Kidney Pills are the best known and most reliable of kidney remedies. They heal the kidneys, sound kidneys strain all the uric acid, the cause of rheumatism, out of the blood.

Ask your neighbors if Dodd's Kidney Pills do not make healthy kidneys. (Adv.)

GENERAL CANDIDATE IN ENGLISH RIDING

Gough and Sir P. Richardson in Contest

London, March 16.—(Canadian Press Cable)—The by-election in Chertsey is proving lively. Though the Unionist candidate, Sir Phillip Richardson, has deprecated the introduction of personalities into the contest, some of his supporters are more outspoken, notably Rev. C. P. Edwards, known as the "fighting parson" and winner of the Military Cross. He attacked the handling of the Fifth Army in France by General Gough, the Liberal candidate, and in the evening papers yesterday General Gough replied to the allegations made against him, which he stated were founded "on gossip and scandal."

General Gough said he was made the scapegoat by Premier Lloyd George when the confidence of the people were shaken by the Premier's military adventures on other fronts. He proclaimed himself a free trader.

OPERA SINGER WANTS DIVORCE

Mme. Matzenauer Threw Out Chauffeur-Husband

St. Louis, Mo., March 16.—Madame Margaret Matzenauer, grand opera singer, in a statement to the Associated Press today stated that she had thrown her chauffeur-husband, Floyd Glatzbach, that he had deserted her, and she had thrown him out of her New York apartment January 28, she asserted. The diva said she had pending in New York proceedings for absolute divorce, naming as co-respondent "an old lady of the name of Carmel Calif.," and that papers were served on Glatzbach January 27.

JAPAN'S NATIONAL WEALTH SHOWS GREAT INCREASE

Tokio, March 16.—Japan's total national wealth amounts to \$6,077,000,000 yen, according to a report made by a statistics committee in response to inquiry by the Secretary of the League of Nations.

The present total, compared with the pre-war estimate of \$3,943,000,000 yen, shows an increase of 54,934,000,000 yen.

At the normal rate of exchange, \$6,077,000,000 yen represents about \$43,038,500,000.

ISLAND AND DAYLIGHT SAVING

London, March 15.—The Jersey State Legislative Assembly is gently kicking up a dust over a small constitutional difference with the British Parliament regarding daylight saving. The Assembly objects to the application of the measure to the island.

Edward Shortt, Secretary of Home Affairs, has written pointing out that there can be no question of the right of the British Legislature to legislate for the British Isles as a whole in cases considered desirable.

WHISKY IN CAR CARRYING HORSES

Buffalo, N. Y., March 16.—Fifteen racehorses en route from Waterloo, Ont., to Maryland, were seized by federal officials last night when several cases of whisky were found in the cars in which the horses were being shipped. The horses are owned by Joseph E. Seagram, who also owns a distillery at Waterloo, Ontario.

William Brington, trainer, was arrested on a charge of unlawfully importing liquor. He was released on \$1,000 bail for a hearing to-day.

BOTTOMLEY TRIAL TO-DAY IN LONDON

London, March 16.—The case against Horatio Bottomley, a member of Parliament and former publisher of John Bull, was resumed to-day. He is charged with having converted to his own use £5,000 belonging to the Victory Bond Club.

EFFORT TO STOP BROKERS' FAILURES

Heavy Taxation of Americans in Quebec Suggested

Montreal, March 15.—Provincial taxation of United States brokerage houses operating in Montreal to a degree which will make it impractical for them to open branches in the province of Quebec is the latest proposal suggested in financial circles as a check against the series of recent failures of United States firms in which Canadian investors have been heavily interested.

VANCOUVER ISLAND NEWS

BOARD OF TRADE ELECTED OFFICERS

Alberni Organization Held Its Annual Meeting

(Times Correspondent)
Alberni.—At the annual meeting of the Alberni Board of Trade, held in the City Hall, there was good turnout of members and the reports of the various officers showed that a large amount of business had been conducted during the past year which had been of great benefit to the community. The secretary's report showed that eleven new members had joined during the year and that there was a considerable balance in the funds of the Board.

Jas. R. Motion, H. B. Currie and H. N. Hoard, were elected to membership at the meeting.

The election of officers resulted as follows:

President, C. Y. Bishop, re-elected; Vice-President, J. M. Thomson; Treasurer, A. J. Pineo; Executive, Rev. H. A. Bain, C. J. Spratt and L. A. Hanna, together with the above-named officers.

The post of a secretary was left in the hands of the executive to deal with, as E. M. Whyte was compelled to give up the position owing to the pressure of other business.

The Board learned with regret, and only accepted the resignation of Mr. Whyte as secretary when he gave assurance that it was impossible for him to continue in that position, for the present at any rate.

H. N. Hoard, who has been confined to his home suffering from an attack of grip, expects to attend to his regular duties in a few days.

H. B. Currie has gone to Edmonton to visit his mother, who is dangerously ill there.

The Big Community Bee planned for to-day had to be postponed owing to a heavy fall of snow, which made it impossible to do any work on the road.

Football.
A fast game of football was played in Port Alberni, between teams representing Alberni and Port Alberni and resulted in a drawn game of one goal each. Considering that the teams had been unequal to play since before Christmas owing to the frozen ground, the game was a good one and was very evenly contested. J. Mathison, for the Port team, and B. Walker, for the old town, were the pick of the players. A return game will be played in Alberni in the near future.

NANAIMO NEWS

Nanaimo, B. C., March 14.—(Times Correspondence)—In the City Police Court yesterday three persons charged with causing a disturbance failed to appear, and a bail of \$25 in each case was forfeited. For speeding and driving to the common danger, an automobile driver was fined \$20 and costs on the first charge, and \$50 and costs on the second.

There was a good attendance at the G. W. V. A. whist drive last evening, the following being the prize-winners: Ladies, first, Mrs. McCormack; second, Mrs. Jarline; third, Mrs. E. Millburn. Gentlemen: First, W. Mesher; second, S. Davis; third, E. Kelsey.

In the basketball games last evening, which attracted a good crowd, the scores were: Junior Girls' League—High School Jr. "A" 8; High School "B," 0. Boys' Junior—Reliance, 26; Foresters, 14. Girls' League—Davenport, 6; Sproull-Shaw, 2. Senior Boys—Foresters, 20; Spencers, 9.

ECZEMA ON FACE AND HEAD FOR FIVE YEARS

Eczema or salt rheum, as it is so often called, manifests itself in little round pimples which contain an extremely irritating fluid. These break and subsequently a crust or scale is formed and the intense burning, itching and smarting, especially at night or when the part is exposed to a strong heat, is almost unbearable and relief is gladly welcomed.

There is only one way to get relief and no remedy like

BURDOCK BLOOD BITTERS
Take it internally and it gets at the seat of the disease in the blood and drives it out of the system.

Apply it externally and it takes out the itching, stinging, and burning, and promotes healthy healing.

Mr. J. Sage, 215 Princess Ave., Vancouver, B. C., writes:—"After suffering with eczema on the face and head, for the last five years, I consulted several doctors, and tried various kinds of salves and lotions, but I derived no benefit from any of them. I did not know what to do until a friend advised me to try Burdock Blood Bitters and after I had used two bottles I began to get better and now after taking eight bottles I have not even a blotch on my face. I feel that I cannot praise B. B. B. too highly. I hope you will make full use of this recommendation for the benefit of those who are suffering from this terrible complaint, eczema."

B. B. B. put up only by The T. Millburn Co., Limited, Toronto, Ont.

Angus Campbell & Co. Ltd.

father left his wife here and went to Ottawa. One boy was sent to a home and the two other members of the family took advantage of the law of the country until they landed in the industrial school at Millico.

As undesirable, all members of the family was united by the Immigration Department for the purpose of being sent back to Russia.

WAS DROWNED.
Chatham, Ont., March 16.—Losing her balance while setting a muskrat trap, Mrs. Joseph Sears, seventy, a veteran muskrat hunter of Daves Township, was drowned in three feet of water yesterday.

SCORE APPOINTMENT OF MAGISTRATES

Ontario Barristers Say Appointees Need Legal Training

Toronto, March 16.—Both in the address of the president, R. J. Maclellan, K. C., and in the report of the committee on law reform, the Ontario Bar Association, in annual session yesterday, scored the practice of appointing as magistrates persons lacking legal training.

The committee's report, which was presented by Daniel Urquhart, K. C., mentioned the appointment of Dr. Margaret Patterson as a police magistrate in Toronto as "a regrettable instance," and added that there were already too many magistrates in Toronto without legal training.

W. B. McLAUGHLIN, OF VICTORIA, DIED IN PRINCE RUPERT

Prince Rupert, March 15.—William B. McLaughlin, 112 Clarence Street, Victoria, died suddenly yesterday afternoon. While superintending pavement work on Third Avenue, he collapsed, and died before a physician could be reached. He had been here several months looking after a paving contract.

TO PARLIAMENT.
London, March 15.—Questioned in the House of Commons as to whether the constitution of the Irish Free State when drafted by the Provisional Government would be immediately submitted to the British Parliament for approval, and if necessary for amendment, before the Irish electorate votes on it, Winston Spencer Churchill yesterday replied: "No. The constitution must necessarily be submitted to Parliament before the Free State is established, but I cannot undertake that it will be submitted before it is submitted to the Irish electorate."

Victoria Daily Times

THURSDAY, MARCH 16, 1922. Published every afternoon (except Sunday) by THE TIMES PRINTING & PUBLISHING COMPANY, LIMITED.

Subscription Rates: City Delivery \$1.00 per month. By mail (exclusive of postage) Canada and U.S.A. \$6.00 per annum.

CHEER UP!

If the average individual would make up his mind to the fact that general conditions in Canada are not so bad after all and certainly nothing to be compared with the chaotic mess in the Old World there would be fewer disciples of blue ruin in our midst.

AN ELECTION MACHINE.

One of the most certain developments to be expected as an early outcome of the Dail Eireann's ratification of the Anglo-Irish Treaty was the formation of an organization by Eamonn de Valera to discredit its provisions in the minds of the people of Southern Ireland.

PERU—A CUSTOMER.

British Columbia should be a considerable gainer by the concession which has been recently obtained from the Government of Peru by a former Victorian in the person of Mr. R. W. Dunsuir.

NOTE AND COMMENT

We are told that the Irish situation is improving every hour. That's a lot better than saying every year.

One gentleman of the nobility has informed us that the arrest of Gandhi will not precipitate a crisis in India.

Now that Spring has come it would be just as well for people to cheer up generally and not worry unduly about every misnamed crisis they hear about.

Anti-Tobacco League workers will have to revise their stock arguments after learning of the death of a Michigan resident who smoked every day and died at the age of 119.

Foot and mouth disease has cost Great Britain one million pounds during the last few weeks. Were it not so serious it would almost make a horse laugh at the existing embargo against Canadian cattle.

APPEALS WITHOUT SECURITY FOR COSTS

Winipeg, March 16.—The judgment rendered at Manitoba court by Mr. Justice E. Prendergast in the McColl vs. Canadian Pacific Railway case was of far-reaching importance.

P. E. I. WOMEN WANT FRANCHISE

Charlottetown, P. E. I., March 16.—A petition signed by 300 women from all parts of the province was presented to the Legislature yesterday asking that a woman suffrage bill be introduced this session.

LETTERS

Letters addressed to the Editor and intended for publication must be short and legibly written. The longer an article the more likely it is to be omitted.

RAVAGES OF TUBERCULOSIS.

To the Editor:—After reading the report of a special committee of the Victoria Medical Society, which appeared in last Saturday's issue of the Times, and being one of the many who are interested in the treatment and after care of the ever increasing T. B. cases in our midst, I would like to claim a portion of your valuable space for the purpose of commenting on the subject.

TAXATION OF LAND.

To the Editor:—When William the Norman partitioned the land of England among his henchmen, he laid it down that ownership of the land carried with it the entire responsibility for the country's adequate protection and administration.

VICTORIA GIRL ON WAY HOME FROM TURKEY

Miss Ethel Clark, Former V. A. D., Has Been With Armenian Relief Commission

Miss Ethel Clark, daughter of Mr. and Mrs. Girling Clark, of Hollywood Crescent, is on her way home to Victoria after an adventurous experience in Cyprus, Turkey, and the Holy Land. Miss Clark who served with distinction as a V. A. D. in many of the fighting areas during the late war has been for some time assisting with the Armenian Relief Commission among the Armenian refugees, and is returning home for a well-earned rest after her harrowing experiences.

While in Toronto last week she was interviewed by a representative of the press in which she said that tens of thousands of Armenian children are compelled to live in Turkish homes because relief resources are inadequate to take care of them. Many of the little Armenians so placed cannot speak their native tongue. The orphanage of which Miss Clark had had charge for a time at Cyprus was eventually removed to Constantinople, one of the principal considerations leading up to the change in location being to give the children the advantage of a permanent Armenian atmosphere among their own people in Constantinople.

Some 600 children could be accommodated at the temporary orphanage camp at Cyprus, the orphanage being a former military camp. During the months following the Turkish massacres of March, 1920, in Cilicia, the camp was fixed to capacity to care for the great numbers of little fugitives—wasted and stricken with disease.

At first there was an average of 200 patients in the hospital suffering from diseases, but when the orphanage was moved to Constantinople this average was reduced to about 35 and most of the children were then suffering from minor complaints. The evacuation of Cilicia by the French last October struck a blow to the hearts of Armenians who had resumed residence there under protection, said Miss Clark, and there had been a marked immigration to more secure districts, but these Armenians, for the most part, were sufficiently well off to look after themselves and did not have much effect on relief work. Their leaving the district, however, was a severe blow to the promise of prosperity which was taking up again agricultural work had held forth.

Last year Miss Clark visited the Holy Land and her impressions of the various sites sacred to the Jews were recorded in a letter to her parents, which appeared in these columns.

METCHOSIN FALL FAIR IS PLANNED

Preliminary Arrangements Being Made for Event
(Metropolitan Correspondence)
Metchosin.—Preliminary details have been settled for holding a Fall Fair in Metchosin. It is announced by R. I. Van der Byl, secretary of the Metchosin Fall Fair Committee. This proposal was introduced by the directors of the Farmers' Institute and heartily endorsed by the members at the last public meeting held at Metchosin January 17. The Women's Institute was approached and signified its willingness to cooperate.

Social & Personal

WOMEN'S CANADIAN CLUB.
Miss M. L. Bollert, M.A., Dean of Women at the University of British Columbia, will be the speaker at next Tuesday's meeting of the Women's Canadian Club at the Empress Hotel at 3.15. Her address will be on the subject of education, particularly as it concerns women. An excellent speaker, Miss Bollert has a wealth of experience which should make her address one of the most attractive yet given before the club. Mrs. Godson will contribute the musical part of the programme.

Accommodation Insufficient at Capitol Theatre for Campbell's "Parade"
For the first time in the history of Victoria a fashion parade was staged in a theatre last night when Messrs. Angus Campbell & Co., Ltd., introduced their Spring opening in conjunction with the regular "movie" show at the Capitol Theatre. So strongly did the novelty appeal to the public—both men and women—that the theatre was literally besieged by huge crowds, many of whom had to be turned away owing to lack of accommodation, and at times the presence of the police was necessary to keep the road clear for the passing traffic.

Beautiful stage settings, effective lighting and appropriate music placed the audience in rapport for the attractive display of the latest wear for midday.
"Spring Is Here."
The note of Spring was introduced by three-year-old Gloria Wilson who, attired as a snowdrop emerged from a huge basket of pussy willows and advanced to the front of the stage announcing "Spring Is Here" and scattering snowdrops over the footlights to the soft music of Mendelssohn's Spring Song. Later she exemplified the latest modes for children appearing in an adorable parrot frock of orchid crepe de Chine much befringed on the skirt and sleeves, with embroidered orchid ribbons hanging from each shoulder, and in her hair a wreath of silver leaves.

According to word received by Mr. Slavik, Mrs. Frank Slavik, who has been seriously ill at San Anselmo, Cal., is making satisfactory progress towards recovery. Her youngest daughter is with her.

The many friends of Mrs. G. J. Cook, of Esquimalt, will be pleased to hear that she has recovered from her illness and will be glad to welcome visitors at her home.

HOTEL ARRIVALS
Mr. H. B. Cosgrove, of Toronto, has arrived at the Empress Hotel.
Mrs. Fred. E. Harrison, of Saskatoon, Sask., is a guest at the Strathcona Hotel.

Registered at the Strathcona Hotel are Mr. J. A. McDonald, Vancouver; George Bartlett, Cowichan Station, and Mr. H. O. Harwell, Seattle.

Smith, Mr. F. R. James and Mrs. James, Mrs. F. Crammond, Mr. James McPherson and Mrs. McPherson, of Vancouver, are new arrivals at the Dominion Hotel.

At St. Paul's Church, Vancouver, yesterday afternoon the marriage was solemnized by the Rev. Harold King of Miss Agnes McPhee, youngest daughter of Mrs. C. E. McPhee, of Kistilano, to Mr. Norman W. Lightfoot, son of Mr. W. H. Lightfoot, of Kent, England, and Mrs. W. H. Lightfoot, now residing in Victoria. The bride, who was attired in a traveling suit of polo grey, was given away by her mother, and was attended by her sister, Mrs. Ray Orr, while Mr. J. V. Scrivener supported the groom. Mr. and Mrs. Lightfoot left by the afternoon train for the south.

At "Breadalbane" yesterday afternoon in the presence of intimate friends of the principals, the Rev. Dr. Campbell officiated at the marriage of Mr. Ernest Bennett, of the city fire brigade, and Miss Emily Jane Henly, both natives of Victoria. The bride looked handsome in a traveling suit of dark blue serge with hat to match, and was attended as bridesmaid by Miss W. Henly, her sister. Mrs. M. Christopher, becomingly gowned in satin was matron of honor. The bridegroom was accompanied by Mr. E. Bennett and Mr. Albert E. Oatley. The marriage was left by the afternoon boat on honeymoon at Vancouver, and on their return will make their home here.

NOVEL FASHION SHOW AT CAPTOL THEATRE BIG CROWDS

surprised him at his home on Oliphant Street. Dancing was the chief pastime, the music being supplied by Mr. Hunt. Among those present were the Mesdames Florence Challenger, Winifred Lee, Marjorie Cullum, Muriel Bartholomew, Dorothy Greaves, Marjorie Ballard, Muriel Wormald, Joyce Wormald, I. Mr. and Mrs. J. G. Anderson, of Vancouver, have arrived at the Empress Hotel.
Mr. J. P. Dougherty, of Vancouver, was in the city yesterday on official business.

Mr. A. L. Johnson, of Port Angeles; Mrs. Charles Pell and Mr. C. R. Brimcombe, of Seattle; Mr. Tom Cox and Mrs. Cox, of Truro, N.S.; Mr. D. McLeod, of Mount Olive, B.C.; Mr. T. Richards and Mrs. Richards, of Nanaimo; Mr. J. H. Macdonald, of Kootenai; Mr. W. T. Forbisher, of Victoria; Mr. H. A. Skene, of Victoria; Mr. J. Gibson and Mr. E. W. Blake, of Shawinigan Lake; Mr. Dunbar Milligan, of Scarf, registered at the Dominion Hotel yesterday.

Mr. Charles Harris, of Banff; Dr. P. H. Barker, of Happy Valley; Mr. A. McVill, of J. W. Watson, Mr. W. McVill, Mr. W. W. Trotter, Mr. W. C. Burrows, Mr. H. A. Skene, Mr. H. Beach, Mr. V. A. Smith, Mr. F. R. James and Mrs. James, Mrs. F. Crammond, Mr. James McPherson and Mrs. McPherson, of Vancouver, are new arrivals at the Dominion Hotel.

At St. Paul's Church, Vancouver, yesterday afternoon the marriage was solemnized by the Rev. Harold King of Miss Agnes McPhee, youngest daughter of Mrs. C. E. McPhee, of Kistilano, to Mr. Norman W. Lightfoot, son of Mr. W. H. Lightfoot, of Kent, England, and Mrs. W. H. Lightfoot, now residing in Victoria. The bride, who was attired in a traveling suit of polo grey, was given away by her mother, and was attended by her sister, Mrs. Ray Orr, while Mr. J. V. Scrivener supported the groom. Mr. and Mrs. Lightfoot left by the afternoon train for the south.

At "Breadalbane" yesterday afternoon in the presence of intimate friends of the principals, the Rev. Dr. Campbell officiated at the marriage of Mr. Ernest Bennett, of the city fire brigade, and Miss Emily Jane Henly, both natives of Victoria. The bride looked handsome in a traveling suit of dark blue serge with hat to match, and was attended as bridesmaid by Miss W. Henly, her sister. Mrs. M. Christopher, becomingly gowned in satin was matron of honor. The bridegroom was accompanied by Mr. E. Bennett and Mr. Albert E. Oatley. The marriage was left by the afternoon boat on honeymoon at Vancouver, and on their return will make their home here.

A pretty wedding took place on Wednesday afternoon at "Breadalbane," 1185 Fort Street, when the Rev. Dr. Campbell celebrated the marriage of Mr. Jacob George Saul, druggist, and Miss Mary Finley Cross, both of Victoria. The bride who was given away by her mother, was charming in a traveling suit of navy blue gaberdine with hat to match, and was attended as bridesmaid by her sister, Mrs. Saul, in a gown of dark satin, her mother becomingly gowned in brown serge, was matron of honor. The bride carried a beautiful bouquet of pink and white roses. Mr. and Mrs. Saul left by the evening boat for Seattle, and on their return will reside in this city. He is a native of Victoria and she is a native of Scotland.

MARY SPEAKS
Martha's house is swept and garnished
Full of treasures rare—
Through drawn shades the daylight scarcely
Dares to enter there.
(Mine's a simple home with sunshine streaming everywhere!)
Prim and dainty, Martha's children,
Reared by rote and rule.
(My strong sun-browned brood are pupils
At Dame Nature's school;
Lesson rooms, the fields, the orchards
And the swimming pool);
Martha's husband thinks in terms
Of stocks and motor cars.
(Mine—God bless him!—often falls
To lock the pasture bars—
Comes in late to supper, nights, for
Gazing at the stars!)

PARCEL POST SOCIAL HELD LAST EVENING
A pleasant time was spent last evening at the home of Mr. and Mrs. T. F. R. Oliver, 2177 Oak Bay Avenue, when a Parcel Post Social, under the auspices of the Ladies' Aid Society of the Hampshire House Methodist Church, was held at the home. An hour was spent on guessing contests, the winners being Mrs. Johnson, Mrs. Krelling, Mrs. Hiberson and Mr. Seaton.

SALE OF WORK.
Tofino, March 14.—A most successful sale of work was held recently in the Great War Memorial Hall, at Tofino, B. C., the takings amounted to \$245, leaving a net profit of \$218.35, which was handed to the parish church committee to help pay for the new vicarage erected last Summer. This is the first sale of work ever held in Tofino and proved such a success that a ladies' guild has been formed with the object of working up a Christmas bazaar and sale of work.

WOMEN'S PROGRESSIVE CONSERVATIVE ASSOCIATION—The military 500 held last evening at the home of Mrs. T. F. R. Oliver, 2177 Oak Bay Avenue, when a Parcel Post Social, under the auspices of the Ladies' Aid Society of the Hampshire House Methodist Church, was held at the home. An hour was spent on guessing contests, the winners being Mrs. Johnson, Mrs. Krelling, Mrs. Hiberson and Mr. Seaton.

AT THE END OF THE RAINBOW

By Nancibelle Hale

Another Fascinating Romance by the Author of "A Gamble in Beauty."

During the taxi ride downtown he again launched out on the subject he wished to avoid.

"I'll tell you, Margaret, we're going to have a limousine all our own before many years. That stock of mine is going to make us independent as the mischief. Whenever I get dividends, and believe me they've been worth while lately, I just put the money right back into more stock. And in the meantime, let me tell you, I hustle."

He plunged headlong into more details of business. Margaret looked up to catch the old flash and glow. Again, as in the old days, it fired her with its heat of enthusiasm.

"Paul, you certainly feed on business and factory smoke. You paw and neigh and gallop at every whiff of it."

"Yes, I know. And I'm full of it, up to my eyebrows. Yet it isn't customary for me to entertain my lady friends with minute details, such as I've been handing you. It's your business, too, Margaret. I guess I want you to know what the future has in store for you because—well, as I haven't much to give right now, as I wrote you. And, gee, old girl, you deserve the best! I'm just crazy about you as I was years ago, and believe me that's some speed in crazydom. You're such a dandy sport, Margaret. It was bulky of you to write me as you did after that long silence. I even have a hunch I read you a letter. Now, why in the world didn't we stay home, where I could kiss you? Oh, I don't care who sees us. He caught her, almost roughly, in his arms.

"Oh, Paul," weakly protested she. "Don't—before all these people!"

"Ladies of the world go by. I've got you, haven't I? And I don't care who knows it."

"Perhaps I care. You hadn't thought of that, I suppose. But if I care and you don't—well, I imagine I'll just have to stop caring. You gave me!"

So this was the very businesslike Paul who had written that practical letter in answer to her proposal!

It was a gay evening. They danced and ate and drank ginger ale at Prohibition prices.

Not until Margaret was again home and alone could she think with any degree of clearness. Paul had positively taken her off her feet. In appearance, he was a tall, clean-limbed fellow, with straight brows, firm mouth, square jaw—the kind of man to whom one could give a life to be saved or a secret to be kept—the sort of man with whom one could trust a fortune or a reputation. He had the look of a rock, Margaret thought as she remembered the details of his hair she prescribed one hundred strokes in front of a mirror before accidently not the result of habit. The action was slow and prompted by absentmindedness.

As a child Margaret had recognized that stubborn will Paul's without actually understanding it. Now she realized how greatly it had been developed. He would succeed. She was sure of it. But even if this were not a foregone conclusion, she loved him enough to be poor with him had it been necessary. From his conversation that evening she learned that with which she has been associated for some time, and Mrs. Schofield and Mrs. Hallam contributed much interesting information culled from their long experience with the local Social Service Committee.

When Freddy came home from school he was crying.

"Teacher whipped me because I was the only boy who could answer a question she asked the class," he wailed.

Freddy's mother was angry. "I'll see the teacher about that! What was the question she asked you?"

"She wanted to know who put the glue in her ink bottle."

terful way, taking their marriage for granted without hinting at the confession he had promised. She knew absolutely nothing of those thirteen years he had been away from her except of his business affairs. And while she couldn't ask him to go into the details of his life, she wished he would, since he had suggested it. Would it be safe to marry him in two weeks as he had planned without this knowledge? She thought so. His fine, strong face that inspired confidence seemed a sufficient guarantee.

Yet in spite of this reassurance, she found it difficult to get to sleep that night. This question kept continually coming up to be answered.

"I wonder if women are so very intuitive, after all, or if they are just cautious?" she asked herself just before falling into a troubled sleep.

The next day she gave her employer two weeks' notice, explaining the circumstances. He was annoyed, as he had a perfect right to be. He had been very patient with her changes and plans up to this time, and it was considerably more than trying to have her leave, just as the work on the new magazine was getting under way.

"There was a woman who applied for the job at the time I hired you—a plain woman, hardly the marrying kind. I should have taken her on," he grumbled.

"Perhaps you can get her now," suggested Margaret.

"Perhaps," snapped he. "If I can, you needn't stay longer than to show her the work."

Margaret didn't reply. She understood his position too well to blame him for his changed attitude toward her.

Fortunately the woman was not employed and she went to the office that day in response to a telephone call. She was not only alert but had some experience along the line of trade journals.

Paul was delighted when Margaret announced that evening that she was out of a job.

"You'll be married to-morrow," he promptly said.

"Good gracious, isn't it my wedding too? We'll wait a week anyway—or at least until next Tuesday."

He showed that decision to stand. This pleased Margaret, who sometimes wondered just how far he would carry his habit of wanting to run the party.

After that events happened rapidly. Margaret received a wireless from Judith saying she's land on Thursday.

"Why, that's to-morrow! Oh, things are working out wonderfully," she cried happily.

(To be continued.)

DOCTORS TO TELL OF WORST DISEASES

Will Deal With One a Day During Health Week

Days on which the various diseases will be taken up during health week which commences next Monday have been decided on by the Victoria Medical Society, which has charge of the week here for the British Columbia Medical Association, which is putting on an educational campaign in Vancouver and other parts of the Province next week.

Three doctors who are experts in the various diseases will speak each night.

The campaign is for healthy parents as well as for healthy children.

The public meetings will be held in St. Lawrence Church, Portland, and interment was made in Riverview Cemetery on the 10th inst., the casket being smothered with a profusion of beautiful flowers in evidence of the esteem in which she was held by a large circle of friends.

A native of this city, where she spent her childhood days, she has been a frequent visitor to Victoria since taking up her home in Portland. She was a sister-in-law to Mr. Fred Shakespeare, of Victoria West, and sister of Mr. Frank Riedl, of Shawinigan Lake. She also leaves to mourn her departure a widowed mother and three brothers in Portland.

NATIVE DAUGHTER DIES AT PORTLAND

Word has been received of the death at Portland, Oregon, on March 8, of Miss Elizabeth Riedl, after a painful illness of several weeks' duration. Funeral services were held in St. Lawrence Church, Portland, and interment was made in Riverview Cemetery on the 10th inst., the casket being smothered with a profusion of beautiful flowers in evidence of the esteem in which she was held by a large circle of friends.

FOR CHILDREN THE SANDMAN STORY FOR TONIGHT

BUNNY AND PETER PLAY A TRICK.

Bunny Rabbit and his brother Peter, watched their mother make deep suds in the tub as she rubbed the clothes one morning. "It looks like frosting on a cake," said Peter, and then Bunny thought of something. "We will fool old Mr. Fox," he whispered.

Old Mr. Fox had a few days before been the cause of the Rabbit brothers having a very narrow escape from being caught by Mr. Dog and Bunny could hardly wait to learn how Peter was to fool him.

"We will take him a big bowl of suds, nice and frothy looking and tell him it is frosted pudding," said Peter. "He has a headache. I saw him through the curtains this morning with his head tied up."

As soon as their mother was busy Peter Rabbit got a deep bowl from the pantry, and a piece of soap, and with some warm water they soon made a thick suds that looked good enough to eat.

"It is hard when we get to old Mr. Fox's door," said Peter. "and he will be sure to think it is something good to eat."

Mr. Fox did have a headache, just as Peter Rabbit had said, and when the Rabbit brothers knocked at the door he was dozing in a chair with the curtains drawn to keep out the light. "Come in," he called.

"We have brought you some nice frosted pudding because you are sick Mr. Fox," said Peter Rabbit in his best company voice. "You must eat it right off because it is very frothy and won't keep."

"Well now, that is kind of you," said Mr. Fox, who had not eaten a bit that day. "I do believe I can relish some dainty bit like that. Bring it here. I will not bother with a spoon. Manners are all very well when you are well, but when I am sick I do not mind how I eat."

Peter Rabbit gave the suds a hard stir with a spoon behind Mr. Fox's back and when he gave the bowl it looked so tempting in the dim light that Mr. Fox raised it to his mouth and swallowed a big mouthful of the suds before he found out it was not frosted pudding.

Bunny and Peter Rabbit were safe outside the door when Mr. Fox jumped up and dropping the bowl ran to the door, crying, "I am poisoned, I'm poisoned," and then he sat down on the doorstep too sick to hold up his head.

Then the Rabbit brothers laughing but they stopped to speak to Mr. Fox. "Next time we are up in Mr. Man's garden I guess you will not lead Mr. Dog through there so he will chase us and let you get away."

"Such revengeful natures as Mrs. Rabbit's children show," sighed Mr. Fox, holding his head with his paws. "If I ever feel well again I will catch those youngsters if I never catch a chicken again. Oh, my poor head."

But he did not catch them for Bunny and Peter Rabbit were wise and kept out of his way and besides they knew that all rabbits looked alike to Mr. Fox though they hoped that no other bunnies would be punished for their tricks.

K. OF P. MASQUERADE DANCE ON FRIDAY

Handsome Prizes for Costumes and Tombola; Parade of Knights

The Knights of Pythias grand masquerade ball will be held in the Knights of Pythias Hall, North Park Street, to-morrow, at 9 p.m. Special arrangements have been made to make this event one of the season. The members of the Island Temple No. 8, Pythian Sisters have full charge of the supper arrangements, and they will provide a sit-down supper and special table decorations will be made.

The Dramatic Order of the Knights of Rhosarans, by special permit of the Deputy, will parade in full costumes of magnificent Eastern type. These costumes will not compete for prizes and are barred for competition. Ferry's orchestra will supply the music of the latest dances. All masks must be raised at the door at the request of the committee, and all competitors for prizes must be dancing. Competitors for prizes must not lift masks until after the awarding of the prizes. Special cloak room arrangements have been made for ladies with a lady checker.

Tickets must be secured on account of the Tombola prize, which consists of a "Fuler Prizes" must. There will be ten good prizes given as follows:

Best comic gentleman, leather suit case; best comic lady, two bronze statues; best advertised goods, gent, thermos outfit; best advertised goods lady, Fuller crumb brush and tray; best sustained character, gent, leather club bag; best sustained character, lady, brass jardiniere; best dressed gentleman, field glasses with case; best dressed lady, silver fruit bowl; best Irish gentleman, flash light; best

dressed, lady, cut glass flower basket.

Tombola prize which will be drawn after the judging, will be a Fuller friction shaver. Prizes are on view at 708 Yates Street, Clarence French Dry Cleaners and Dyers.

Tickets on sale at and can be obtained from Mrs. R. E. Glover, Secretary of the Friendship Club, K. of P. Hall; Clarence Cleaners, 708 Yates Street; Royal Dairy, and the Committee, who consist of A. G. H. Harding, 16 Promis Block, L. J. Levy, and Benj. Crooks.

This is the annual dance of the local Lodge and every effort is being made to make it attractive and to make the dance meet with the approval of the patrons. As the tickets are being limited, those who wish to make sure of being there should immediately purchase them from any of the above. Tickets will also be on sale at the Hall on the evening of the event. The judging for the prizes will be from the opening and will be awarded at about 10.15 p.m. A serpentine dance will be one of the features of the evening.

DISCUSSED PLAN TO EXTEND SOCIAL SERVICE WORK

Representatives Consider Correlation of Charitable Effort
Whether a special survey of social service conditions in Victoria is necessary and if so how the money should be raised to permit of the best results being obtained were two questions which occupied the attention of a meeting representative of the public organizations of the city and held in the Y. M. C. A. last evening. The gathering was called together by the Committee on Social Welfare recently organized, and Dr. Thos. Miller presided in the unavoidable absence of the chairman, Rev. J. L. Batty.

While the general consensus of opinion was that the work of the various philanthropic organizations in the city needed co-ordinating and correlating to effect the best results and avoid overlapping, a number of those present hesitated to express an opinion as to the advisability of bringing a trained social service worker here to undertake a survey with a view to the expansion of the work, in the absence of definite information as to the cost of such an undertaking.

It was finally resolved on the motion of Mrs. R. W. Mayhew, of the Rotary Club, seconded by H. T. Ravenhill, that a committee be named to go more fully into the question of cost of securing a trained worker and ways and means of raising funds, such committee to report back at a subsequent meeting. This committee was named as follows: Mr. Ravenhill (convener), Mrs. Hallam, Mrs. Schofield, Miss De Wolfe, Capt. Allan and Dr. Miller.

Prolonged discussion elicited the views from a number of those present and Miss Herbert spoke of the splendid results achieved by the Associated Charities in San Francisco, with which she has been associated for some time, and Mrs. Schofield and Mrs. Hallam contributed much interesting information culled from their long experience with the local Social Service Committee.

When Freddy came home from school he was crying.

"Teacher whipped me because I was the only boy who could answer a question she asked the class," he wailed.

Freddy's mother was angry. "I'll see the teacher about that! What was the question she asked you?"

"She wanted to know who put the glue in her ink bottle."

SCHOOL DAYS By DWIG

Copyright, 1921, by The McClure Newspaper Syndicate. THE SOCIAL REGISTER

"You Are Working Too Hard, John"

"WELL, I cannot help that. I am trying to figure out how the business is going to pull through and meet the liabilities with prices falling the way they have been lately."

"But, John, if anything happens to the business your health will be more necessary to you than ever, and you cannot afford to take chances of putting such a strain on your nerves. You are looking so worried and nervous, and you do not half sleep."

"What am I to do? You know I have got to keep plugging along and try to see things through."

me around when my nerves gave out and I was so miserable."

Mr. Charles E. How, R. R. No. 5, Aylmer, Ont., writes: "My system became generally run down, and I suffered from dull, heavy headaches. I was nervous, could not sleep at night, and my muscles used to twitch. My appetite became poor. I had indigestion and weak spells. I consulted a doctor, who gave me a tonic, but it did no good. I used other remedies, too, before finally trying Dr. Chase's Nerve Food. I found that this did me more good than anything I had ever taken."

Dr. Chase's Nerve Food, 50 cents a box, all dealers, or Edmanson, Bates & Co., Ltd., Toronto.

KEATINGS KILLS

HUGS FLEAS KILLS

Package 10c, 50c, 1.00.

University Military School at Mount Tomlie were among those who assisted, and representatives of the Rotary, Gyros and Kiwanis Clubs and other local organizations took part in the tree planting.

NERVOUS BREAKDOWN COULDN'T SLEEP NIGHTS

To those on the verge of a nervous breakdown the following symptoms present themselves: nervous headaches, a feeling of depression, fitful, disturbed, restless and unrefreshing sleep, often troubled with frightful dreams, avoidance of crowded places, dread of being alone, horror of society, etc.

When the nerves become affected in this way the heart generally becomes affected too, and on the first signs of any weakness of the heart or nerves, flagging energy or physical breakdown do not wait until your case becomes hopeless, but get a remedy that will at once quieten the nerves, strengthen the heart and build up the entire system.

MILBURN'S HEART AND NERVE PILLS
Mrs. M. Damgard, Young's Cove Road, N. B., writes: "I was bothered very much with my heart and nerves, had nervous headaches and dizzy spells, could not sleep at night, and my appetite was all gone. I was on a nervous breakdown when a neighbor told me to try Milburn's Heart and Nerve Pills. This I did, and before I had the second box used I was better and would advise anyone who has nervous trouble to take them."

LABOR WANTS CASE OF SHIP CARPENTER FULLY CLEARED UP

Is the Government Protecting Merchant Marine? Is Query

The Trades and Labor Council, of Victoria, will endeavor to get the full facts about the case of Hugh McGill, former ship's carpenter of the Canadian Government Merchant Marine...

"Information in the hands of the Trades and Labor Council is to the effect that Capt. Bisset, of the Importer, took McGill to St. Joseph's Hospital after the Importer's accident. It is understood by the Trades Council further that since a month after McGill reached the Hospital he has received no medical attention because the doctor in charge of his case declared that he does not require it.

"The doctor, we learn, has so informed the Mother Superior of the Hospital, who intends to get this statement in writing from the doctor immediately. The Mother Superior, we understand, wishes to clear the matter up as McGill, without medical attention, is rapidly getting weaker by reason of his long period in bed.

"The Trades and Labor Council, in addition, is interested in the fact that McGill is being allowed to remain in hospital, at the expense of the public, and under the suspicion of shamming illness. The Government has been made aware of this fact and has, as yet, taken no action. What influences are behind the apathy of the Government in vindicating McGill's claim?

"At the Trades and Labor Council's meeting last night one delegate ventured the opinion that the Federal authorities did not wish to re-open the Importer's investigation because they desire to save the face of the Canadian Government Merchant Marine. It was felt by the Council that the whole question should be cleared up—either McGill should be vindicated from the charge that he is a malingerer or his deception proved by medical authority.

"Wreck Commissioner MacPherson, of Victoria, we understand, has passed the buck to Ottawa in connection with the possible re-opening of the investigation, but has not recommended a re-opening of the enquiry. Why?"

"I would be very loath to interfere with the progress of the trial," continued His Lordship, "having regard to the simple fact that, on a certificate such as this."

Mr. Henderson rose in protest, but was silenced by Mr. Justice Morrison resuming. You have succeeded in interrupting the trend of my remarks, Mr. Henderson. However, apparently you wish to say something, and I do not wish to give you any ground for saying that you have had unfair treatment," terminated the judge, breaking off his summing up of the submissions before the court.

Mr. Henderson here submitted some further references on the Jury Act, and the selection of Grand Jurors. "The main point, I think, is the incapacity or otherwise of the defendant to attend on Monday. You have some time to raise any technical objections long ago, Mr. Henderson, and I think it would be no miscarriage of justice to go on with the same jury list. For matters of this kind in Victoria is not familiar with the material in these cases?"

"As regards the certificate of Dr. Holmes, I don't know Doctor Holmes, but he should have gone further, or said nothing. I cannot accept his certificate."

Mr. Henderson rose to object, speaking with no little acidity. "You are losing your temper, Mr. Henderson," resumed the Court. "I am not losing my temper, my Lord, I am just righteously indignant," stated Mr. Henderson. "Indignant, yes, but not righteously," replied His Lordship. "But, my Lord, I will have to appeal against this order to the Court of Appeal, it is the last opportunity I can take," proceeded Mr. Henderson, who submitted that the court was "unfair."

Remarks Uncalled For. Mr. Justice Morrison replied briefly that the remarks of counsel were uncalled for. Mr. Henderson resumed his argument in connection with an appeal on the order to the Appeal Court, but was stopped by the Court. "When you have finished, Mr. Henderson, and your indignation has subsided, the trial will proceed on March 20. I would like to remark on my disappointment of the remarks of counsel for the defendant. These scenes should not occur. Counsel has no right to make use of unprofessional conduct or to be insulting and disrespectful in his language to the Court."

CALDWELL'S CAMEL IS NOW MEMBER OF WOODLAND PARK ZOO

Seattle, March 16.—Nile, the young camel which Mayor Hugh M. Caldwell brought to Seattle from Peking, China, yesterday, formerly became a member of Woodland Park's zoological family. She was officially accepted as a resident by Nile Temple, Ancient Arabic Order, Nobles of the Mystic Shrine, by the Park Board.

"At the same time it became known that Nile may soon have a companion, the Mayor informing the Board in a letter that it is the intention of Nile Temple to purchase, if possible, another camel, also for presentation to the park zoo.

with the possible re-opening of the investigation, but has not recommended a re-opening of the enquiry. Why?"

REFUSES POSTPONEMENT OF TRIALS IN SECOND GROUP OF POLICE SLANDER SUITS

(Continued from page 1.) set, and struck the jury after the defendant had left. "It says," interposed His Lordship, "that he took his usual tone and health. Now I do not know what his usual tone and health may be, but I do know from eighteen years' experience on the bench, and nearly as much before it, that certificates are obtained with too much facility, and having regard to the fact that doctor's certificates should be taken very carefully."

"I would be very loath to interfere with the progress of the trial," continued His Lordship, "having regard to the simple fact that, on a certificate such as this."

Mr. Henderson rose in protest, but was silenced by Mr. Justice Morrison resuming. You have succeeded in interrupting the trend of my remarks, Mr. Henderson. However, apparently you wish to say something, and I do not wish to give you any ground for saying that you have had unfair treatment," terminated the judge, breaking off his summing up of the submissions before the court.

Mr. Henderson here submitted some further references on the Jury Act, and the selection of Grand Jurors. "The main point, I think, is the incapacity or otherwise of the defendant to attend on Monday. You have some time to raise any technical objections long ago, Mr. Henderson, and I think it would be no miscarriage of justice to go on with the same jury list. For matters of this kind in Victoria is not familiar with the material in these cases?"

"As regards the certificate of Dr. Holmes, I don't know Doctor Holmes, but he should have gone further, or said nothing. I cannot accept his certificate."

Mr. Henderson rose to object, speaking with no little acidity. "You are losing your temper, Mr. Henderson," resumed the Court. "I am not losing my temper, my Lord, I am just righteously indignant," stated Mr. Henderson. "Indignant, yes, but not righteously," replied His Lordship. "But, my Lord, I will have to appeal against this order to the Court of Appeal, it is the last opportunity I can take," proceeded Mr. Henderson, who submitted that the court was "unfair."

Remarks Uncalled For. Mr. Justice Morrison replied briefly that the remarks of counsel were uncalled for. Mr. Henderson resumed his argument in connection with an appeal on the order to the Appeal Court, but was stopped by the Court. "When you have finished, Mr. Henderson, and your indignation has subsided, the trial will proceed on March 20. I would like to remark on my disappointment of the remarks of counsel for the defendant. These scenes should not occur. Counsel has no right to make use of unprofessional conduct or to be insulting and disrespectful in his language to the Court."

Mr. Henderson was rising in a last protest when His Lordship left the Bench.

KINGSTON VESSEL OWNERS TO REDUCE RATES ON FREIGHT

ADMIRAL LINE WILL OPEN NEW OFFICES HERE

Wm. Allan, of Rithet Firm, Reported to Have Been Appointed Agent

New offices will be opened in the near future by the Admiral Line in this city with William Allan, steamship manager for Rithet Consolidated, Ltd., in complete charge of the new local establishment, it is generally reported in transportation circles here.

Official confirmation of the decision of the company to establish central offices here and the appointment of Mr. Allan as manager, is expected with the arrival here of E. G. Micklen, general passenger agent for the Admiral Line, who will reach port on Saturday in connection with the arrival of the new steamship Ruth Alexander from San Francisco.

Popular Official. The appointment of William Allan as local agent for the Admiral Line will be welcomed in shipping circles, not only in Victoria, but all along the Pacific coast, Mr. Allan being well known and highly respected in the transportation business.

For many years Mr. Allan has been associated with R. P. Rithet & Co., now known as Rithet Consolidated, Ltd., which has been in sole charge of the steamship department, and is well posted on all questions and problems of the transportation business. His business capabilities, general disposition and winning smile will be a big asset to the Admiral Line.

Central Location. The location of the new offices of the Admiral Line, as far as is known at present, has not been decided upon, but will be central. The Admiral Line now operates two steamship services to the port of Victoria. The California service has been established many years with fast passenger vessels plying between Seattle, Victoria and San Francisco.

A year ago the Admiral Line inaugurated a first class passenger and freight service between Seattle and the Orient and, satisfied that it could build up Canadian business, included Victoria as the first inward port of call from the Orient.

The liner Wenatchee inaugurated the service last April, and since then the five big liners of this fleet have been making regular calls here. A semi-monthly passenger and freight service is now operated by the company between this coast and the Far East.

In the past the Admiral Line Oriental liners have been docking at the Rithet piers, but it is now strongly rumored that the ships of this fleet may dock regularly at the Ogden Point piers.

CADETS HAD MOST ENJOYABLE CRUISE ON SIMON F. TOLMIE

Wallace Owen and Tom Burch, Victoria cadets on the Victoria-built barquentine Simon F. Tolmie, had a wonderful experience on the maiden voyage of the sailing vessel, according to word received at the local offices of the Navy League. The boys participated in the handling of a shark and hugely enjoyed the sport.

Survivors Recover. Capt. F. Warren, master of the Des Brisay, who was picked up by the Canadian Pacific Railway steamer Otter and taken to Sidney, and Chief Engineer A. Worth, Mate Brownlie and Second Engineer Mills, have recovered from their terrible experience.

Chief Engineer Worth left last night on the tug Respond for Genoa Bay, the Respond having been chartered by the Genoa Lumber Company.

Along the Waterfront SHIPPING NEWS FROM DAY TO DAY

Will Be Operated in Halifax-Hamburg Service

from Capt. W. E. Gardner to replace the Des Brisay in the lumber towage service. The Des Brisay's scow of lumber was brought to port last night after the storm had subsided.

CARONIA WILL BE SENT TO GERMANY

The Cunarder Caronia, touching at Halifax, N. S., and sailing eastbound from New York, April 8, will make calls at ports of three European countries, Plymouth, England, Cherbourg, France, and Hamburg, Germany. This will be the Caronia's first trip into Germany since the war. During the winter the Caronia was chartered by Cook's and the American Express for two excursions to the Mediterranean.

The Laconia of the Cunard Line, will sail from New York, May 2, carrying a large number of Poles returning to Poland. The Laconia will sail from New York May 31 and June 28, with special Irish excursions and will be personally conducted by James A. Burns, of Boston.

The Carmania will leave New York June 14, calling at Boston, to take on passengers for Queenstown en route to Liverpool.

TANKER HERE. The tanker Calgarotte has arrived at Esquimalt to take in tow the tanker Talarait. The Talarait is overhauling and undergoing survey at Yarrows, Ltd., and is being sent back to the Atlantic coast.

VESSEL MOVEMENTS

La Lorraine at Havre from New York. Zealand at Plymouth from New York. United States at Copenhagen from New York.

Seattle, March 15.—Arrived: Northland, San Francisco; Victoria, Tacoma; Port Angeles, San Pedro; Curacao, San Francisco; Manila, Maru, Tacoma; Fulton, B.C. ports. Sailed: Usuri Maru, Kobe; Queen, Southeastern Alaska; Rosalie Mahoney, San Francisco.

Portland, March 15.—Arrived: Hejlin Maru, Yokohama. Sailed: Coxet, Yokohama, via Seattle; Victoria, Seward, via Seattle; barge Louisiana, towing for Vancouver.

TIDES AT VICTORIA

March 16: High water, 4.32 a.m., 8.6 ft. Low water, 11.24 a.m., 3.2 ft. High water, 5.55 p.m., 7.3 ft. Low water, 11.18 p.m., 5.6 ft.

RUTH ALEXANDER MAKES BOW HERE ON SATURDAY NEXT

Splendid Passenger Boat for Admiral Line Coast Service Clear San Francisco

Sailing from San Francisco today, the new steamship Ruth Alexander, purchased by the Admiral Line from the United States Shipping Board for the Puget Sound-California service, will arrive at Victoria on Saturday afternoon.

The Ruth Alexander, commanded by Capt. C. E. Cousins, is coming from San Francisco on regular schedule, and will bring passengers to Victoria. Considerable interest is being evinced in the new steamship at this port as she will be regularly operated opposite the steamship President in a weekly service to California ports.

The new liner left New York February 19 with a party of intercoastal tourists for Los Angeles, San Francisco and Puget Sound points, and is scheduled to arrive Saturday afternoon.

NEGOTIATIONS MAY LEAD TO SETTLEMENT OF BRITISH DISPUTE

London, March 16.—(Canadian Press Cable).—As a result of intervention by the Minister of Labor, negotiations looking to a settlement of the dispute in the shipbuilding industry have been resumed and the reduction of wages suspended.

John Bull's Shop-windows Wonders of the British Industries Fair.

Everybody began to ask everybody else the question early in the New Year, when letters that had passed through head post offices bore on their post marks an announcement that it would open at the end of February. The two great exhibitions in London and in Birmingham, are John Bull's shop window display to the merchants of the rest of the world.

Combs Made from Skimmed Milk. In 1914 we made hardly any lenses for cameras, telescopes, or microscopes, and the few that we did produce were not as a rule so good as those that came from Central Europe.

What is the British Industries Fair? The question is asked every day by those who have not had the opportunity of seeing the exhibition. It is a fair in which we are turning out lenses as fine as can be made anywhere. But we have not yet a big enough market for our wares.

Much the same state of affairs existed with regard to the number of things we spent money on buying them instead of making it by selling them. Dyes, chemicals, toys, surgical instruments, cheap cutlery, and a thousand and one other things we used to import on a wholesale scale. Now we wish to revive our trade and bring about good times by exporting them on a still larger scale.

"Unconscious for Hours In a Puddle of Water"

"I had a very bad accident last summer," writes Mrs. S. of New Brunswick. "While out driving my horse swerved suddenly and I remember nothing more until I recovered consciousness, finding the most agonizing pain in my back and my body. A doctor was working over me and I soon lost consciousness again. Finally I did wake up suffering intense pain and then they told me that I had lain unconscious at the side of the road in a puddle of water for hours before I was finally picked up. They told me that I had my forearm broken, my leg dislocated and two ribs fractured and that I was not to be moved for at least a month or six weeks. Being of an active athletic build and accustomed to a lot of exercise, I soon became nervous and restless and suffered intense pains with headaches. I was as thoroughly run down as anyone could possibly be. Fortunately I was young and had a wonderful constitution and I was not suffering any longer from the effects of my accident. It was the reaction from an active out door life and lying in bed in the hot weather which had affected me. You must remember also that before my accident, I was still weak from a former illness. Before my illness, my weight was usually 155 lbs. and I must have lost about 60 lbs. The trouble with me was that I couldn't seem to get any strength. I couldn't eat because I had no appetite. I tried several preparations but without any effect. A niece was visiting one day and told me how her young brother had become strong and well by taking Carnol. She said, 'Auntie, why don't you try it. I am sure it will do you good?' Those were the most prophetic words that child ever uttered, because from the first bottle of Carnol I noticed a decided improvement and today I am well and strong, entirely free from Carnol. I now weigh 100 lbs. and have again got back my old energy and energy. I can now be on the go from morning until night without feeling the least fatigue."

Carnol is sold by your druggist and if you can conscientiously say, after you have tried it, that it hasn't done you any good return the empty bottle to him and he will refund your money. 122

turning out scents as fine as any that he can distill.

Miles and Stands Stalls. Forty-eight thousand buyers from abroad have been invited to inspect Britain's shop windows. Those who are interested chiefly in metals, machinery, and heavy goods will make for the Aerodrome at Birmingham.

The smaller articles, ranging from watches to chocolate and from toys to scientific instruments, are displayed in London's White City.

The White City is almost its old self again, with three and a half miles of stands and stalls roofed with over twelve miles of muslin and other gay materials. When John Bull dresses his windows he does not do things by halves. The floor space of his huge shop is many acres in extent, and in setting up his counters he has been lavish in material.

Twenty tons of paint, 200 tons of wood, and no less than 15 tons of nails were required. For decoration he has used 80,000 yards of cloth—nearly 46 miles—and the electricity for the 8,000 lamps that will illuminate his show travels over rather more than 25 miles of wires.

Foreigners are expected from every civilized country in the world, and his show travels over rather more than 25 miles of wires.

Ice Cream by New Method

Frozen With Sterile Atmosphere, Not in Air, "Royal Dairy" Products Are Unique in Purity.

The entire ice cream industry has been revolutionized by a new manufacturing process invented by Prof. W. W. Hoar, a food scientist. Simple in practice, the method is radically new, comprising the application of an old principle to an entirely new use. Ice Cream made by this system is of certain purity, with flavor, aroma, and lasting qualities unequalled in products made by any other method.

Nearly everyone is familiar with the fact that in freezing ice cream the "milk" practically doubles in volume. In ordinary ice cream, this increase in bulk is due to the accumulation of multitudinous tiny air cells within a mass. The air comes from the room where the product is being made. Practically no air is pure, and the air of a workshop is contaminated by the breath of the employees and dust particles. So in ordinary ice cream whatever is in the air enters the product, stays there, and tends to affect the purity.

Under the new process, no air enters the freezing cream, a sterile atmosphere being substituted. Ice cream which is carbonated is more healthful and pure than any other. Furthermore, it is more tasty and aromatic and retains its solidity longer.

Manufacturers all over the country are negotiating with Prof. Hoar for the privilege of using his patented process. He is granting this right with conscientious discretion, however, and only firms with the most scrupulously sanitary conditions within their plants are granted the privilege.

The exclusive Victoria rights for using this new system has been granted to

LIVES LOST WHEN TUG TURNED TURTLE

Master Drowned and Two Others Believed Lost at Cincinnati To-day

Cincinnati, Ohio, March 16.—The towboat Helper, belonging to the fleet of the Campbell's Creek Coal Company of this city, early to-day (turned turtle in the harbor here, crushed against the piers of the Southern Railroad bridge and was smashed into fragments. Captain E. Burnside, superintendent of transportation of the company, was piloting the boat, was drowned.

It is believed also that two others of the crew lost their lives. The remainder were rescued. The sinking of the boat was witnessed by passengers on a Baltimore and Ohio train. Government boats were sent to the scene from the Fernbank Dam.

"I hear you are working in a shirt factory now." "Yes." "Why aren't you working to-day?" "Oh, we are making night shirts this week."

NEWS IN BRIEF

Amputations' Association—The regular bi-monthly business meeting of the Amputations' Association of the Great War, will be held at the club rooms in the Belmont Building this evening at 8 o'clock.

Gordon Head W. I.—A most successful afternoon was spent on Wednesday by the members of the Gordon Head Woman's Institute when Miss Mercer of Miss Livingston's establishment, Victoria, gave her first lesson in the art of millinery.

Acted as Mannequin—In the absence of Mrs. W. D. Rochford, Miss Bobbie Simmons acted with much success as a mannequin at the fashion parade at David Spencer's, Ltd., on Monday and Tuesday afternoon.

Rule of Road Book—Publication has been authorized of a book containing the revised rules of the road under the new rule of "Keep to the Right." A copy of this book may be obtained at the Provincial motor license department.

Two Fires Yesterday—An alarm at 8 o'clock last night called the fire brigade to a grass fire at Dallas Road and Douglas Street, where the blaze was soon checked. At 10.50 p. m. a small fire at 633 Oliver Street, Oak Bay, occasioned another run. Little damage was done.

Public School Magazine—The March issue of the Public School Magazine is just off the press and is replete with attractive features suitable for a publication of its class. Results in the Prize Letter contest are given and there are a good number of interesting little stories written by school children.

In Police Court—In a short hearing in the city police court today, Sam Mon Goue was fined \$20 and \$2.50 costs for permitting a chimney fire to take place at his residence. Albert Emley was fined \$10, being the owner of a car driven by his son over the legal limit of fifteen miles an hour.

For Amputation Club—The Tag Day for the Amputation Club, composed of veterans who lost limbs in the war, will be held Saturday. Volunteer helpers are needed and they are requested to communicate with the convener at telephone number 6495. Taggers will get their boxes from the I.O.D.E. rooms on Friday, between the hours of 11 and 5 o'clock.

Action is Dismissed—In the County Court yesterday His Honor Judge Laupman dismissed the suit of the plaintiff in the hearing of Dunford's Ltd. versus the Wilcox Hat Company. Plaintiff's claim was for \$250, alleged to be due on the unexpired portion of a lease, and for store fixtures. D. McCuan appeared for the plaintiff, with H. H. Shandley for the defendant.

Mr. Newton Speaks—The Victoria Farmers' institute last night was addressed at Royal Oak by W. Newton, Chief Instructor of the Soil and Crops Division of the Provincial Department of Agriculture, upon the latest methods of producing low cost food-stuffs for live stock. Over fifty farmers of the district were present, evincing much interest and asking many questions.

Lecture on Fauna—F. Kermode, curator of the Natural History Museum, gave an interesting address on the Fauna of the Alpine Regions of British Columbia at the meeting of the Alpine Club held Tuesday evening at the speaker's residence, Moss Street, by invitation of Miss Sara Spencer. The lecture was illustrated. R. D. McCall presided, and it was announced that the annual dinner would be held at the Empress Hotel on Tuesday, March 23.

Successful Concert—Over three hundred attended the social gathering held last evening in the Caledonia Hall, View Street, under the auspices of the St. Andrew's and Caledonian Societies. Mr. McClellan acted as chairman. Among the assisting artists were Mrs. D. W. Ogilvy, Mrs. E. Patterson, Mrs. D. Fyfe, Miss M. Sturrock, Robert Morrison and D. W. Ogilvy. A. and E. Wallace played bagpipe selections, while dances were assisted by Miss Cameron and Miss McGregor.

St. Patrick's Tea—Mrs. W. McCall presided on Wednesday afternoon at her home, 30 Cambridge Street, at a delightful St. Patrick's tea. The reception rooms were tastefully decorated in green and white, the color scheme was carried out also in the daintily served refreshments. The guests included Mrs. G. Armstrong, Mrs. H. Bentley, Mrs. Catterall, Mrs. Dawson, Mrs. Hibberd, Miss Hossie, Mrs. C. Hopper, Mrs. Lawson, Mrs. Mathison, Mrs. McVie, Mrs. Hennell, Mrs. J. McCallister, Mrs. W. North, Mrs. Hingshaw, Mrs. Sylvester, Mrs. Switzer and Miss Hollie Wellburn. A pleasing feature of the afternoon was the presentation by the hostess of a Paddy hat made in crochet-trimmed with a band of Paddy ribbon, for each lady.

LOCAL ASTRONOMER HONORED.

USE GAS MASKS IN CITY BUILDING

honor thus bestowed upon him, Dr. Young may be unable to attend the gathering.

Tank of Ammonia Explodes; Firemen Work in Difficulties

The basement of the Campbell Building was transformed into a lethal chamber yesterday afternoon by the explosion of a tank of ammonia. For a few moments excitement reigned, and then someone thought of the fire department.

Firemen Phil Guy, and Robert Brindle donned "gas masks," and entered the basement, rectified the trouble.

For a short while the basement resembled a smoky trench in Flanders, and without the masks, the firemen would have been unable to enter the place.

Order was restored, and the noxious fumes checked, without any serious consequences. The tank, it is understood, was the property of the drug firm on the ground floor.

ROTARIANS PREPARE FOR BIG CONVENTION

Get Ready Songs For Conference in Vancouver

Victoria Rotarians, at their weekly luncheon in the Empress Hotel today, commenced to prepare for the big Rotary convention in Vancouver this April. And before the luncheon was over it became clear that the Victoria delegation would make its presence known on the Mainland in no uncertain fashion.

Several rousing songs, written by Rotarian E. J. Down, of Victoria, were practised to-day when the Rotarians' wives attended the luncheon. These ditties are expected to make a big hit when the clubs of the Northwest District assemble in the Terminal City. The purpose of to-day's luncheon, in fact, was to familiarize the Rotarians, and particularly the Rotariennes, with these conference songs.

The Victoria Club will send over a big delegation to the convention, elaborate plans for which have been made by the Vancouver Club. Nearly all the Victoria Rotarians are planning to attend the gathering and most of them will be accompanied by their families. As a result of the deliberations of the convention, it was announced at to-day's luncheon, the next convention may be held here.

Talks on Seed Growing.
The Saanich Peninsula should some day be one of the chief seed growing centres of the world. Rotarian Thomas Walker told the Rotarians to-day in a short talk on Seed Growing. He said that the advantages of the southern portions of the Island as a seed-producing area were widely known abroad and he looked forward to the day when the Peninsula would be supplying huge quantities of seed to markets all over the continent.

"The seed growers are moving slowly in order that they may maintain the present high standard of seed but the industry is growing and will continue to grow," he said.

The Rotary Club is encouraging the seed-growing among school children through the work of a committee under Rotarian Ray Hallwright. This committee each year presents a handsome silver cup to the school the pupils of which are most successful in seed-growing.

Two Irishmen were standing in the stern of a Channel steamer. Said Mike:
"O' can't see how the captain finds his way across the channel at all. Now, if we was goin' the other way, he'd only have to follow that white streak o' foam there. But if ye go up the other end o' the boat, ye'll find there's niver a mark to go by."

REPORTS DISCLOSE SPLENDID RESULTS

Victoria Presbyterian Society Holds Meetings

Commencing its eighth annual session with a crowded meeting at St. Andrew's Church last evening, the Victoria Presbyterian Society concluded its programme late this afternoon. There was a good attendance throughout, and a great deal of interest was taken in the various reports.

At last night's meeting Dr. Clay, of St. Andrew's, presided, and Provincial greetings were extended by Mrs. Pillar. A very excellent and entertaining address was given by Rev. George Fringle, known with his brother, Rev. John Pringle as one of the fighting "Sourdoough Padres" of the Far North in the early Klondike Days.

At 9 o'clock this morning the registration of delegates was held, followed by a devotional by the Ladies' Auxiliary. Mrs. Clay in a few well-chosen words extended the address of welcome, which was responded to by Mrs. Henderson on behalf of the Duncan Auxiliary.

The reports of the various officers showed that good work had been done during the past year, and the outlook was very promising for the work which the organization was carrying on.

Mrs. James A. McIntosh, president of the society, gave an address at this morning's session, pointing out the value of the society's work in the community.

At 12.15 an adjournment was taken for luncheon in Spencer's private Lunch Room, and the society continued again at 2 o'clock, when further reports and addresses were read.

A widower was to be married for the third time, and his bride had chosen words married once before. The groom-elect wrote across the bottom of the wedding invitation sent to a particular friend:—"Be sure to come; this is no amateur performance."

OBITUARY RECORD

There passed away at her home 3241 Market Street, Mrs. Katherine Wilkinson, beloved wife of Frank Wilkinson, aged 1 year. Born in Birmingham, England, she had been a resident of this city for the past 22 years. The deceased is survived by four daughters, Mrs. E. Carter and Mrs. J. E. Gilbert, of Salt Spring Island, Mrs. F. Verdier, of Saanich, and Mrs. F. Ferguson, of this city; also one son, Mr. Alfred Wilkinson of Nanaimo; and fourteen grandchildren. The funeral will take place on Saturday at 11 o'clock, from the Sands Funeral Chapel, Rev. Bishop Black will officiate, and interment will be made at Ross Bay Cemetery.

There passed away at an early hour this morning, at the Royal Jubilee Hospital, Mrs. Margaret Scott Corkie, beloved wife of James C. Corkie, of 718 Esquimalt Road, aged 61 years. She was born in Scotland and had been a resident of this city for the past 22 years. She is survived by her husband, four sons and five daughters. The funeral will take place on Monday at 2 o'clock from the Sands Funeral Chapel and interment will be made at Ross Bay Cemetery.

William Scott, of 738 Pembroke Street, died this morning at the Jubilee Hospital, B. C. He was formerly a sea captain, retiring some years ago. He is survived by six daughters, Mrs. A. E. Gilbert, of Oakland, Cal.; Mrs. H. L. Kineman, Mrs. F. S. Grimm, the Misses Annie and Nellie Scott, of Victoria. He was a member of Vancouver Quaders F. & A. M. and of the A. O. U. W. The funeral will be held from the B. C. Funeral Chapel on Saturday at 3.30. Rev. F. A. P. Chadwick officiating. Interment will be made at Ross Bay Cemetery.

James Henry Fawcett, a resident of this city, for the past fourteen years, died this morning at the Jubilee Hospital after an illness of five weeks. He was born at Peterboro, Ont., 37 years ago and leaves his widow, one son, W. S. Fawcett, two daughters, the Misses V. F. and Bertha B. Fawcett to mourn their loss. The funeral will take place on Saturday at 1 o'clock, Rev. Dr. Sippell officiating. It is requested that no flowers be sent.

A pioneer of the city, Allen Jeeves, Sr., passed away last night at St. Joseph's Hospital after an illness of two weeks. Mr. Jeeves, who was born in Bedfordshire, England, came to Victoria 35 years ago, and has been an employee of the city during the whole of that period. He leaves to mourn his loss a widow, six sons and two daughters, viz., John, Allen, Frank, William, Erny, Edmund and Percy, and Mrs. McN. Rolfe and Mrs. W. Richards.

The funeral of the late Arthur Hillier, who passed away last Monday at his home, 1298 Clover Avenue, took place yesterday afternoon at 3.30 o'clock at the Sands Funeral Chapel. Rev. F. A. P. Chadwick officiated. The services were largely attended by friends, and many beautiful flowers covered the casket. The following act-

FEARS SNAP SHOTS ON IMPROVEMENT LEVY

Sponsors to Attend All Council Meetings to Block Sudden Action

With improvement taxation the dominant issue in city politics, aldermen who are determined to tax improvements here this year, have decided that they must attend all Council meetings from now on, in case single taxpayers suddenly bring the improvement tax question up and kill the proposed levy.

Improvement taxes, in fact, will take no chances. They realize that they can count only on a majority of one vote. If that one vote were lacking it would be impossible to get through a resolution bringing the improvement tax into effect. Thus if one of the improvement taxers were called out of town or were absent on account of illness the whole scheme might fall flat. If the improvement taxers' motion was defeated on a tie vote it could not be revived again unless one of the aldermen who voted against it asked for reconsideration.

Aldermen who are arranging trips out of the city in the near future are now laying plans to bring the tax issue to a vote with as little delay as possible. It will be necessary, of course, to finish consideration of estimates before the issue can be discussed, but the estimates probably will be polished off within two weeks. The Council will meet Friday afternoon to go on with the estimates and other meetings for the same purpose probably will be called next week.

PREMIER, CONFIDENT, NOW ON WAY HOME

Liquor Board Affairs Await Manson's Return

Premier Oliver, who thought he would have to stay in the Nelson by-election campaign until the end next Wednesday, will return to Victoria on Saturday, according to word he telegraphed to his offices in the Parliament Buildings to-day. He has found the campaign progressing even better than he had hoped for. The Hon. John Hart, Minister of Finance, may return from Nelson this afternoon. Other members of the Government are not expected back until next week.

The Hon. William Sloan, Minister of Mines, is expected to return to the Parliament Buildings to-day after a short holiday in preparation for the winding up of the Nelson campaign, which he will undertake for the Government next week.

To-day, however, Mr. Sloan is the only Cabinet Minister here. Yesterday afternoon there were none.

Still in Ottawa.
The Hon. A. M. Manson, Attorney-General, will stay in Ottawa until the Hon. J. H. King, Federal Minister of Public Works, arrives there from the by-election he won in East Kootenay Tuesday, according to the latest word to reach the Parliament Buildings. Mr. Manson has a number of British Columbia matters to take up with the Public Works Department.

The return of Mr. Manson is being awaited in Victoria because of Liquor Control Board affairs which he will have to pass on.

Expect Another Store Here.
At the Liquor Board offices officials said that plans were being discussed for the opening of another Government liquor store in Victoria to take care of the rush of business which will result from the advent of the tourist season and the influx of tourists and also as a result of the victory of the Government before the courts in having its right confirmed to impose an import tax on liquor imported and not bought from Government stores. In Vancouver there are now seven stores under Commission. Mr. Falconer and members of the Board are busy cutting down unnecessary overhead expenses and increasing the efficiency of the Board's service to the public. Mr. Falconer has left on a tour of the stores in the interior in order to bring them up to the standard of the stores in the city. A liquor store has been established in the Vancouver resort.

MOTOR TRAVEL HAS COMMENCED

Nine Cars Even Before Malahat Is Open

The beginning of the 1922 automobile tourist season appears. Nine cars have been registered in the last few days for temporary provincial permits. Six of the tourists two weeks from the prairie provinces while the remainder are from across the line.

Among the list of cars registered on the books, there are three from Winnipeg, while Regina, Saskatoon and Calgary are also represented in the tourist travel.

The early start promises an encouraging tourist year to Victoria as March is an early date for the commencement of this season.

Information from the Public Works Department to-day states that the Malahat Drive is still risky for travel, but on receipt of a permit from the Department, travelling may be taken along this route. Traffic on this highway is expected soon.

Three cars were registered from the United States—two from Seattle and one from San Francisco.

SHOWS HOW WORK OF BUREAU GROWS

How the work of the Victoria and Island Publicity Bureau takes effect is demonstrated in a letter from James W. Little, of Winnipeg, to Publicity Commissioner George I. Warren, in which he says: "Some little time ago, I received some pamphlets from you, dealing with the possibilities of farming on small acreages on Vancouver Island, in the districts best suited for fruit and poultry-raising. Would be interested in plans or maps of districts, where improved farms are available."

Mr. Warren is going right after all the conventions in sight for Victoria this Summer and indications are favorable that a record number of gatherings will be held in the capital City of the Province in 1922.

"WHITE OAK" IS COLUMBIA FEATURE

W. S. Hart Appears in Attractive Film

Why "White Oak"? This is why: The chief character in this new Paramount picture produced by William S. Hart which will be seen at the Columbia Theatre to-day, Friday and Saturday, is Oak Miller, a gambler, and a man with a heart of gold. He is white by nature, in the colloquial sense. White as the oak whose name he bears—that better cognomen than "White" Oak? Thus the reason for the title of one of the most vivid pictures of pioneer days that has ever been produced. It is by Mr. Hart, Bennett Musson wrote the scenario and Lambert Hillier was director. Vola Vale make a very sympathetic heroine.

Like Frederick Remington paintings are some of the scenes showing the long wagon train making its arduous way across the desert, the attacks of the Indians on the emigrants, the scenes in the compound formed by the surrounding prairie schooners and some of the types of old scouts, trappers and plainsmen.

It is a historical document with a wonderful story of hardship, privation, fighting, villainy, love, honor and justice, with a plot that is filled with vitality and mystery—an entertainment that thrills and sets the blood surging through your veins.

"White Oak" is one of the finest things dealing with the early west, that Mr. Hart has done for the screen.

Royal—"The Sign on the Door."
Dominion—"A Fool's Paradise."
Cait—"Nancy From Nowhere."
Variety—"Without Benefit of Clergy."

Hot, famous society beauty, has a prominent part, in "The Sign on the Door." Miss Talmadge is supported by Charles Richman, Lew Cody, David Frotter, Helen Weir, Paul McAllister and other well known players. The production will conclude its engagement at the Royal Victoria Theatre Saturday.

DOMINION

Siam, mystery-land of the Far East, has been transferred to the screen in all its oriental magnificence in Cecil B. De Mille's Paramount production, "Fool's Paradise," at the Dominion Theatre all this week. A technically perfect and artistically beautiful production of a portion of this little-known country has been reproduced as a background for a portion of the action of this story. The plot includes a wide range of Siamese equipment ranging from incense burners, dancing girls, jewels, lead pieces and costumes, to many armed idols and crocodiles. The story of "Fool's Paradise" is the joint product of Buehler Marie Dix and Sada Cowan and it is a historical document with a wonderful story of hardship, privation, fighting, villainy, love, honor and justice, with a plot that is filled with vitality and mystery—an entertainment that thrills and sets the blood surging through your veins.

A splendid cast which includes Dorothy Dalton, Mildred Harris, Conrad Nagel, Theodore Kosioff, John Davidson and Julia Faye present the principal roles.

CAPITOL

People who have seen Bebe Daniels in "Nancy From Nowhere," which is now showing at the Capitol Theatre, will appreciate this story.

In one scene in the picture the star is seen stealing a ride on the back of an automobile. In the next scene she appears looking more like a little feminine coal miner than her own fair self.

When the picture was first shown in the Hollywood Studio Miss Daniels got many laughs for her dumpy make-up. At the close of the showing a visitor to the show, who was looking at the picture and gushing said, "Oh, Miss Daniels, you were perfectly wonderful! But how in the world did you ever make your face look so dumpy?"

"With dust," replied Miss Bebe demurely.

"Oh, I just slapped it on with a powder puff, the same way you've seen girls slapping powder at their noses."

The visitor expressed her admiration of Miss Daniels' resourcefulness, and presently took herself and her inane questions off. Miss Daniels darted after her and overtook her at the studio door.

"But not with my regular powder puff, you know," she confided earnestly.

"Oh," said the visitor, evidently much relieved.

VARIETY

Having witnessed a projection of "Without Benefit of Clergy," Paul Brunet, President of Pathe, issued an order which sets a precedent containing much encouragement for an author to adopt the screen medium in accordance with that order all prints of the Kipling picture will carry the credit line "Supervised by Rudyard Kipling by Randolph Lewis."

So far as is known, this is the first time anybody has supervised for Rudyard Kipling the Kipling himself. "Production supervised by the author," is not unfamiliar credit, but for an author to supervise in the next with recognition given to both, is something new which emphasized the current tendency to enlarge the screen author's authority during the process of production.

In the case of Rudyard Kipling and Randolph Lewis some such arrangement was obviously desirable. If ever an author's production supervision was particularly needed, that author appears to be the celebrated English novelist of "atmosphere" and treatment peculiar to himself. But the Brunet "Lot" was some 6,000 miles from London and Kipling had other engagements. Randolph Lewis, however, as scenario and technical expert commissioned by Paul Brunet had co-operated with Mr. Kipling throughout the preparation of the continuity of "Without Benefit of Clergy." He was familiar with all plans of the picture on the subject of Kipling's him all the details of sets, costumes, properties and accessories, and brought back with him to this country everything possible for an author to contribute to the finished product of his creation—except personal supervision of the process of filming. The latter responsibility, so it is learned, Mr. Kipling confidently placed on Randolph Lewis's shoulders.

Blake—"Don't you think that Mrs. Young and her daughter are more like sisters than parent and child?" Sid—"Yes. And they say that they borrow each other's hair so often that it isn't safe to say that Miss Young has father's eyes and her mother's hair."

VETERANS CONSIDER GENERAL BUSINESS

Busy Session Held at New Headquarters

The Amalgamated Veterans' Association held their first regular meeting in the new club premises in the Burns Block, at the corner of Douglas and Johnson Streets last evening with a large gathering in attendance. A number of items of general business were discussed and passed upon. The Association received a donation of \$100 from the Lieutenant-Governor, and received the announcement of the gift with hearty applause. The thanks of the Association are expressed to the Hon. W. C. Nichol, Comrade W. C. Warren occupied the chair.

An interesting report on the progress made by the Canadian Legion was received and passed to the executive committee with Messrs. Chaire, Bowden, Pearson, Reade, Winsby and Leighton for report at the next gathering.

Mrs. F. Ricketts, president, and Mrs. G. Sutton, secretary, respectively of the Ladies' Auxiliary, addressed the gathering, and were assured of the hearty backing of the membership. The Ladies' Auxiliary was thanked for its efforts to date, which it was stated, proved a great encouragement to the men. Comrade H. D. Twigg was appointed as delegate to the labor conference to be held at the Empress Hotel to-day, which it was stated, proved a great encouragement to the men. Comrade H. D. Twigg was appointed as delegate to the labor conference to be held at the Empress Hotel to-day, which it was stated, proved a great encouragement to the men.

CONCERT AT EMPRESS

In the Irish concert at the Empress Hotel, under the patronage of His Honor the Lieutenant-Governor and Mrs. Nichol, the members expressed the firm conviction that Comrade Berry was clearly entitled to a pension, and would work to see that he got it.

The committee under Comrade Leighton, at work on the project of the advisability of a system of small lot cultivation brought in a report. The assistance of the Mayor and many prominent citizens has been promised to the project, it was stated.

STUDENTS TO PRODUCE "AS YOU LIKE IT"

Shakespearean Play to Be Staged at High School March 30 and 31

Production of Shakespearean plays will be revived at the High School March 30 and 31 when the Matriculation Organization presents "As You Like It." The most delightful of Shakespearean comedies. The custom of producing Shakespearean plays annually was observed at the High School for many years, but has not been maintained of late. Announcement that these annual productions are to be resumed, therefore, will be welcomed news to lovers of the English drama in its highest form.

Matriculation students who will form the cast of "As You Like It" are as follows:

The cast of the new production is as follows:

Duke, living in Exile . . . Chas. Ballard
Frederick, his brother, usurper of his Dominions . . . Ivor Farfitt
Amenius, lord attending banished duke . . . Fred Maywood
Jacques, lord attending banished duke . . . Balfour Strath
Le Beau, a courier . . . Donald Sinclair
Charles, a wrestler . . . Thos. Sturgess
Oliver, son of Sir Rowland de Boys . . . Chisholm Fraser
Orlando, son of Sir Rowland de Boys . . . Wellwood Marchbank
Adam, an old man . . . William Brakes
Touchstone, a clown . . . Ben McMillan
Sir Oliver Martext, a vicar . . . Arthur Plover
Corin, shepherd . . . Ben Silvert
Silvert, shepherd . . . Joseph Gosse
William, a country fellow . . . Lorna Jones
Lords and Foresters.

A WOMAN'S RIGHT TO GOOD HEALTH

Most Troubles Afflicting Women Are Due to Poor Blood.

To every woman belongs the right to enjoy a healthy, active life; yet unduly few are able to honor all men, because of some form of bloodlessness. That is why one sees on every side pale, thin cheeks, dull eyes and drooping figures, and signs of headaches, weak backs, aching limbs and uncertain health. All weak women should win the right to be well by refreshing their weary bodies with the new, rich, red blood that promptly transforms them into healthy attractive women. This new, red blood is supplied by Dr. Williams' Pink Pills, which reaches every organ and every nerve in the body. It is the only medicine that has been shown to benefit women suffering from anaemia, indigestion, general weakness and those ailments from which women alone suffer. Among the many women who tell of the good Dr. Williams' Pink Pills have done them is Mrs. L. Hicks, Round Hill, N.S., who says: "I had become very much run down in health; my blood seemed weak and watery, my strength failed, and I was so easily tired that my work was a burden. I had often read about Dr. Williams' Pink Pills and decided to try them, and I can truly say that after using three boxes I found myself gaining; and under the further use of the pills all my old-time energy and vitality were restored. Out of my own experience I can strongly recommend this medicine."

You can get Dr. Williams' Pink Pills through any dealer in medicine or by mail at 50 cents a box or six boxes for \$2.50 from The Dr. Williams' Medicine Co., Brockville, Ont. (Adv.)

St. Patrick's Day

Victoria To-morrow to Celebrate Irish Saint

This city has a bountiful supply of musical talent. This is emphasized in the fact that there will have taken part in concert and entertainment up to Sunday evening next—including the G. W. V. A. band concert—no less than 150 singers and instrumentalists. This is a very large number to participate in concert in so short a period, and it is worth while to point this out to the citizens of Victoria. Among this number there are contained the names of many of the "younger set," that is, the enthusiastic and ambitious student, who shows unusual gifts in the realm of music. Some are appearing for the first time in the many programmes of the week.

Two Notable Events.

Two of these events under observation are the First Presbyterian Church lecture and concert and the Irish concert at the Empress Hotel to-morrow evening, both events being held in celebration of St. Patrick's Day.

In the former, which is a particularly interesting affair, J. G. Brown, a long time and very active reciter under the auspices of the Ladies' Aid, will give an illustrated lecture on "Ireland in Song and Story," the 163 pictures to be shown being in the capable hands of Mrs. Small. Noted in the musical part of the evening are the names of Miss Knight, Mrs. Edmunds, Mrs. Lock, Harold Beckwith and Robert Morris. Mr. J. H. Guy, who has been heard on many former occasions, is also contributing a solo.

Concert at Empress.

In the Irish concert at the Empress Hotel, under the patronage of His Honor the Lieutenant-Governor and Mrs. Nichol, the members expressed the firm conviction that Comrade Berry was clearly entitled to a pension, and would work to see that he got it.

COWICHAN WOMEN'S INSTITUTE MET

Duncan—At the monthly meeting of the Cowichan Women's Institute, the president, Mrs. F. Leather, being in the chair, Mrs. Gibson gave an excellent report on immigration.

Miss Hadwen, who had promised to give an address on "Institution Work and the assistance of the Mayor and many prominent citizens has been promised to the project, it was stated.

Settler Here From Finlay Forks Section

Two hundred miles to the nearest town! That will be admitted to be a true pioneer condition, and it is not surprising that those who live in a remote section of the Province should desire to enjoy some of the benefits of Government recognition and service.

At the Dominion Hotel yesterday was a trapper and prospector from Finlay Forks—who asked to have his name withheld—to whom the initial remark of this article may correctly be attributed, for the nearest supply centre for the inhabitants of the area where the Peace and Finlay Rivers meet in Northern British Columbia is Prince George. From that centre two hundred miles South, freight has to be brought up. There is access via Hudson's Hope, up to which point steamers on the Peace River from Peace River Landing.

It will surprise the people of Victoria to learn that strawberries rivaling the fine fruit of the Spanish peninsula, raspberries, and other soft fruits will grow to perfection, and the Times informant stated that in the post office garden at Finlay Forks fine potatoes grow abundantly. The settlers who were in ahead of development were chiefly those who expected early construction of a railway, when the matter was mooted to isolation little development has taken place. There are no roads, and the river is the channel by which the outer world is reached. Naturally under these circumstances, no export business is possible, the people producing for own consumption.

There is stated to be a valuable stretch of valley land, ten miles wide extending five miles on each side of the Finlay River, clothed with natural grass, and free from timber. Some of the few prospectors in the country expect early development of the placers of the Liard and other rivers, if outside capital can be induced to go so far from sources of supply. Trapping, it is stated, is an important means of livelihood, but the scattered settlers who have built their log cabins convenient to the river.

The speaker spoke highly of the silent places where he with other is pioneering, and where first aid work has to supply the place of the doctor when casualties of the wilderness strike down or injure the inhabitants.

To frost windows, dissolve some Epsom salt in hot water and make it as strong as possible. Brush it over the glass while hot.

St. Patrick's Day

In the newer names also are Enid Riddoch, Irene Burnett, Bernice Fenner, I. Burnett, Adeline Grant, the Misses Zarell and Pont, R. Melville, Miss Matthews, Barbara Parkes, Adeline Crossley, Jean Wallace, F. McLellan, Miss Florence and Master Gordon Hambley.

The more familiar names taking part are Dan Wallace, Mr. Sehl, Mildred Hambley, Thomas Kelway, Mrs. H. Nesbit, Miss Belle Eilers, Robert R. Webb and Mamie Fraser.

St. Patrick's Day.

To-morrow afternoon a St. Patrick's tea and social home cooking and candy will be held in the lecture hall of St. Andrew's Church from 3 to 6 o'clock. The tables will be prettily decorated with sham rocks and a charming recital of Irish songs, by Mrs. R. G. Morrison, Mrs. Styles Sehl, Miss Ann Wright and readings by Miss Estlin should prove a most enjoyable program. The tea will be served during the afternoon.

An Irish Evening.

To-morrow night in the Congregational Church, St. Patrick's Day will be observed by an Irish concert under the auspices of the Ladies' Aid. A splendid programme has been arranged, consisting of Irish songs, recitations and duets. H. M. Digson, and Mrs. G. Goodall. Comedy recitation, act, will Mr. McCready will dance an Irish jig in costume.

At Colwood.

A St. Patrick's concert will be held at Colwood Hall to-morrow at 8 o'clock. An amusing dialogue will be presented by Mr. and Mrs. L. L. Phillips, and songs and recitations will be given by the school children. A dance will follow the entertainment, music to be supplied by Mrs. E. Shields and Mr. J. Goodall. Comedy recitation, act, will Mr. McCready will dance an Irish jig in costume.

To frost windows, dissolve some Epsom salt in hot water and make it as strong as possible. Brush it over the glass while hot.

St. Patrick's Day Grand Irish Concert

Under the Distinguished Patronage of His Honor the Lieutenant-Governor and Mrs. Nichol. In Aid of the Poor of Victoria. EMPRESS HOTEL BALLROOM, FRIDAY, MARCH 17, 8 P. M. Tickets, \$1.00 and 50c.

MONTHLY RECITAL

The fourth of the series of monthly recitals will take place in the St. Andrew's Presbyterian Church on Monday evening, March 20, commencing at 8:15 p.m.

The programme will consist of Irish numbers, and a sketch which will be put on under the directorship of Miss Belle Eilers of the B. C. Academy of Music. The artists taking part in the programme are Mrs. Jesse Longfield, Mrs. Styles Sehl, Miss Ruth Melville, Miss Ann Wright, Miss Eilers and Miss Edith Eilers, Messrs. Kenneth Angus, J. McCallum, F. Francis, Jimmy Walker and Wm. Melville.

Tickets may be obtained from the members of the choir, or from Little & Taylor's, Fort Street.

"You see that stout old chap in the corner?"
"Yes. What about him?"
"He's a wonderful scrotat."
"Go on! He looks like a stock-broker."
"So he is."
"But I thought you said he was an acrobat."
"He's both. I asked him yesterday whether he was busy, and he said, 'My boy, I just hang on from day to day, keeping my nose above water by the skin of my teeth.'"

New Life and "Pep" for Tired, Nervous Worn-out Women!

Let This Amazing Free Test Prove How Quickly Ironized Yeast Increases Strength, Energy and Endurance

Free!

Are you a victim of that dreaded "tired feeling"? Does ordinary physical or mental exertion leave you "in" in? Are you nervous, irritable, thin or run down? If so, mail the coupon below for the famous Three Day Trial Treatment of IRONIZED YEAST. Take these remarkable tablets—two with each meal. Then watch the quick results!

The Three Day Trial Treatment of IRONIZED YEAST will be a revelation to you! Every day thousands send for it. And from all sides come reports of the splendid results secured!

Learn—entirely without cost—of the benefits this great new tonic holds for you! Simply fill in and mail the coupon. Your Trial Treatment of IRONIZED YEAST will be sent you by return mail.

Why Ironized Yeast Is Superior

The reason IRONIZED YEAST brings such amazing results in so many cases is because it not only contains a proper amount of all three essential vitamins, but also a type of yeast which is admittedly unequalled as a reconstructive agent. This yeast is entirely different from the yeast found in ordinary "yeast tablets" in that it is cultured expressly for medicinal purposes.

Results Twice as Quickly

Yet even more important is the fact that this yeast has been ironized, or treated through an exclusive scientific process with a special form of easily assimilated iron, similar to the iron found in spinach, raisins, etc. When yeast is ironized in this manner, results in practically every case are secured in just half the usual time!

Thus, is it any wonder that IRONIZED YEAST is recognized by hundreds of thousands of people as the one perfect vitaminic tonic treatment?

Make This Startling Test!

You simply will not believe what wonderful benefits IRONIZED YEAST holds for you until you try it. Mail the coupon NOW! Note how IRONIZED YEAST brings an almost immediate increase in your energy, appetite and vitality. See how quickly your complexion begins to take on a new freshness and charm. Note how it fills you with a new buoyancy—how it gives you a new enthusiasm—how it just seems to completely "youthify" you, and make you glad that you are alive!

Don't lose another moment in sending for this amazing test. Mail coupon at once!

IRONIZED YEAST Tablets

THE ONLY YEAST THAT IS GENUINELY IRONIZED

MONEY BACK GUARANTEE!

IRONIZED YEAST is sold at all drug stores on a positive guarantee of satisfactory results from the first package—or your money instantly refunded.

WARNING: Due to its marked superiority, IRONIZED YEAST is being widely imitated. IRONIZED YEAST is the only yeast that is genuinely ironized. Insist upon it always for nothing else can be like it.

The Times Latest Sporting News

WOULD CERTAINLY BE A NOVELTY.
If Jack Dempsey and "Strangler" Lewis are turned loose inside the ring there will be some real old-time smashing. Neither man is to wear gloves.

BOTH TEAMS AWAITING THE GONG.
Vancouver and Toronto are resting up for their game to-morrow night. Toronto has been greatly impressed by the work of the Millionaires.

SCHOOL TEAMS PLAY FOR FRAGMENT CUP

Annual Soccer Competition Will Open on Friday; Fast Games Expected

Saanich Will Meet Esquimalt and Victoria and Oak Bay Play Other Game

Friday afternoon will see the start of the play-off for the Fragment Cup, emblematic of the school soccer championship of Victoria and adjoining municipalities. Four teams have entered and the play-off finds Saanich and Esquimalt opposed to one another at the Cranmore Road Grounds, Willows, and Victoria and Oak Bay eleven will settle the battle at Oak Bay Park. The games will start at 3.30 o'clock.

The games for the Fragment Cup always produced some splendid play. Last year Oak Bay and Victoria were the finalists, and they had a very spirited argument before the game was decided.

All-star teams are picked in each of the municipalities, none of the boys being over 16 years of age. All must attend the schools of the district they play for. The juniors are capable of some good football, and they will provide plenty of good material for the First and Second Division teams of the future.

The Oak Bay team will be as follows:
Goal, Muir (St. Michael's); backs, Irvings (Monteury) and Willis (High); halves, Goodacre (Monteury) Hayes (Cranleigh) and Robertson (St. Michael's); forwards, Bell (High), Woods (St. Michael's), Costerton (Cranleigh), MacDonald (Willows), and Forbes (Monteury). Reserve, Laundry (Monteury).

Play For Wilson Cup.
The private schools competition for the Wilson Cup starts on Saturday, March 18, when St. Michael's and Collegiate will meet at Oak Bay in the morning. Cranleigh House, a new entry, will play Shawinigan in the afternoon.

Boys to be eligible must have been under 15 years on September 1st.

"GIDDY" GOWARD TO CAPTAIN VICTORIA

Last Year's Cricket Champions Going After New Players and Look for Good Year

Stewart Williams was elected president of the Victoria Cricket Club and "Giddy" Goward captain at a well-attended meeting held last evening. The club took a look over its resources for the season and decided to look about for more capable players to take the place of those lost during the winter.

The Jubilee Hospital ground will again be the club's home and with Verrall engaged as groundsman and professional, there should be little fear of the ground not being kept in the best possible condition for play. Improvements are also to be effected, not only in the playing condition of the field, but also in the accommodation for spectators.

Messrs. McAdam and D. L. Gillespie reported to the meeting as to the possibility of financing the ground for the ensuing year. Capt. Coley was appointed general secretary to make all arrangements regarding sub-letting of the pitch.

The election of officers resulted as follows: President, Stewart Williams; vice-president, Alderman Perry; hon. secretary, Joseph Wallace; hon. treasurer, Captain Coley; Captain, H. A. Goward; vice-captain, Captain Coley; committee, Stewart Williams, H. A. Goward, D. L. Gillespie, W. A. McAdam, J. Wallace and Captain Coley.

A hearty vote of thanks was extended to H. Lethaby for his efforts in behalf of the club, and good wishes extended to him with his new club.

EIGHT AMATEUR BALL TEAMS IN VANCOUVER

Baseball Commission Looks Forward to a Fine Season With So Many Clubs

Vancouver, March 16.—Eight clubs will comprise the Vancouver Senior Amateur Baseball League, which started into being last night at a meeting of the City Amateur Baseball Commission. In accepting the eight clubs and granting a franchise to each, the commission reminded them of the power to cancel the franchise of any club, providing such club was not showing sufficient class to warrant it holding down a place in the league.

The eight clubs that registered last night included the Centrals, Arnold & Quigley, Missions, Elks, Collingwood, B. C. Electric, Olive, more capable players to take the place of those lost during the winter.

Watson Wants B. C. To Be Given Square Shake

President of Provincial Amateur Hockey Association Leaves for Toronto to Argue Strongly on Behalf of Many Recommendations He Is Carrying

Percy Watson, of this city, president of the British Columbia Amateur Ice Hockey Association, is now on his way East to attend the annual meeting of the Canadian Amateur Ice Hockey Association, which will be held in Toronto and he is carrying a gripful of pointed recommendations to which he intends to see that the parent organization gives careful consideration. Prior to pulling out for the East, Percy held a conference with other B. C. amateur hockey officials, and they prepared a list of things that they wanted taken up in connection with the matter of allowing teams to play in the Allan Cup series when they bear names that are obviously adopted for commercial purposes, such as the Fourx, of Calgary.

B. C. Wants a Square Shake.
With regard to B. C. participation in the play-offs, it was determined to press for one of three changes; either that home and home games should be played between the Alberta and B. C. champions; that the Albertans should come to the coast; or that the coast winners should go direct to Winnipeg, and receive a bye in the preliminary rounds. This attitude was taken because the distance which the local team has to travel under present arrangements is considered impossible for them to "roll the stone" all the way.

It was also decided to recommend the adoption of a 40' or 60-foot pass-line area in front of the goal, instead of the 20-foot provision now obtaining. Mr. Watson will also ask for the abolition of the goalkeeper's area, substituting a rule against charging the custodian.

Free Shot in Too.
The adoption of the free shot penalty as worked this season in the P. C. H. A. is another of the improvements which the local authorities desire to see incorporated in the C. A. H. A. rules.

It is being further recommended that either the Allan cup trustees of the Canadian association take direct charge of the present financial arrangements in connection with the championship series, paying each participant a pro rata amount of the proceeds, so that the eastern teams will not have their present financial advantage over the westerners, upon whom the cost of traveling at present falls with almost prohibitive weight.

Montreal, March 16.—Officials of the Quebec Amateur Hockey Association will advocate the adoption of the forward pass inside the 20-foot line at a meeting of the C. A. H. A. here last night.

GAME ASSOCIATION IS MEETING THIS EVENING
Sportsmen are reminded that the Victoria and District Fish and Game Association is holding a general meeting this evening in the board room of the Belmont, Building, at 8.20 o'clock, at which business of the utmost importance to all interested in game matters will be discussed. All hunters and fishermen will be welcome.

WITH THE BOWLERS
Toledo, Ohio, March 16.—The presence on the alleys of last year's individual champion, F. S. Spith, of Detroit, endeavored to some extent the interest in the American Bowling Congress tournament here to-day.

Smith, who bowled a low score with the Woodward Five last night, is on the schedule for one of the late afternoon shifts.

Paired with the champion in the doubles is J. Gilbo, also of the Woodward Five. Smith won his title at Buffalo with a 702 score, which is 27 points below the present A. B. C. record mark set several days ago by W. Lundgren, of Chicago.

ROTARIANS WERE BIT TOO FAST FOR THEIR SERVICE BRETHREN
Coming through with a wonderful burst of speed that had their opponents bewildered, the Rotarians defeated the Kiwanians 2-1 in a fast and slow football game at Beacon Hill Park yesterday afternoon. The Kiwanians tried with commendable courage to upset the sturdy opposition, but they were not quite good enough.

The teams were as follows: Rotarians—Alex. Peden and Kroeger; Bob Peden, Gibbon and Kind; Edgar, W. Peden, Patterson and the Greaves brothers.

Kiwanians—Stuart; Braiwood and Ravenscomb; Cross Campbell and McGuire; Allan, Curtis, Moriyson, Spence and Melness.

MISS SAYWARD WINS
Miss Sayward was the winner of the monthly competition played on Tuesday by the ladies of the Colwood Golf and Country Club. Mrs. Abel and Mrs. Pocock tied for second place. The competition was match play against bogey.

VANCOUVER RUGGERS HERE ON SATURDAY

Centrals, Intermediate Champions, Will Meet Locals for B. C. Championship

Victoria to Be Represented by Strong Team, Which Has College Boys On It.

Absolutely the last rugby game to be played in Victoria this season will be in the Oak Bay Park on Saturday afternoon when the Centrals, intermediate champions of Vancouver, will meet the second rep. team of Victoria in a sudden-death game for the intermediate rugby championship of the Province.

The Centrals have a splendid rugby club and it is reputed to be of almost equal ability to the regular senior fifteens.

Victoria has no intermediates that would be capable of giving the Mainlanders a good battle so it has selected a team of senior players who did not figure in any of the McKenzie Cup series. Vancouver gave its sanction to this move.

College Well Represented.
The Royal Naval College, which at the close of the regular schedule of the Victoria Rugby Union had the smoothest fifteen in the city, will have a fair representation on the field of play on Saturday.

The team selected is as follows: Full-back, Goodacre (Wanderers); three-quarters, Mitchell (Naval College), Chantler (Old Boys), Walls (Wanderers), and McKenzie (Bays); half-backs, Beech, captain, and Taylor (College); five-eighths, Adams (College); forwards, Kinch, Loosmore and McCullagh (College); Traves and Johnson (Bays), McCallum (Wanderers), and Milligan (Old Boys).

This game is attracting much interest and will undoubtedly be witnessed by a good crowd. The kick-off is scheduled for three o'clock.

REGINA WINS RIGHT TO REPRESENT WEST

Vics Came Through With Fine Win Over Fort William in Elimination Series

Team Will Journey to Toronto to Meet Eastern Winners in Allan Cup Final

Winnipeg, March 16.—By administering a 4 to 2 defeat to the Fort William Maple Leafs here last night, the Regina Victorias, champions of the Saskatchewan Senior Hockey League, won the amateur championship of Western Canada and the right to represent the West in the Allan Cup finals in Toronto.

The Victorias also won the first game of the series, Monday night, 3 to 1, making the aggregate score for the two games 6 to 2.

Regina won last night's conflict under ideal conditions, the ice being fast from start to finish. The Regina lads adopted the same system last night which proved so successful the first night against the Thunder Bay champions, by crowding their own goal and inflicting fast breaks away for two-man dashes. They counted nearly all their goals in this manner and had the opposition all at sea trying to fathom their strategy.

McCusker, in goal for Regina, again turned in a marvellous exhibition of goal-tending and it was his performance in the opening period which was chiefly responsible for turning aside the Forts without a score, while Cecil Browne, the Regina ace, had netted once for the westerners and the defense had a three-goal lead on the round when the second period opened. Fast play predominated throughout, the ice being in excellent shape and the athletes traveled their very fastest clip. Two men rushes by the Regina attack proved the undoing of the Forts, and the defense wilted before combination play.

Had a Fighting Defence.
The Regina lads added two goals in the middle frame after having much the worst of the play as far as possession of the puck was concerned. But they kept up a fighting defence and had the score 3 to 0 at the end of the session and only twenty minutes to go. The elusive Armstrong, who was the most brilliant performer on the ice, finally shook the Regina curtains with a low shot through the defence, but Regina came back with another score and the defense again held the Forts and the best was another tally by Armstrong just before time.

McCusker, Browne and Lindsay were the pick of the winners. They figured in stopping the attack and Young Lindsay's rushes were features of the game.

Winnipeg, March 16.—The Regina Victorias, conquerors of the Fort William team, left here this morning over the Canadian National for Toronto to prepare for the Allan Cup finals against the easterners next week. They proved a real surprise to local fans and are expected to do well in the east.

Firsts Are Crowned the S. S. Hoop Champions

Belmonts Were Completely Outclassed in Final Game For Senior Basketball Championship Last Night—Firsts Will Now Play Vancouver King-pins

Belmonts Lost the Senior Sunday School League championship last night at the Y. M. C. A., being outclassed by the speedy First Presbyterian five. The result was never in doubt throughout the game, and the score at the close was 43-15.

Belmonts failed to show any of the speed and team play which won the championship for them last season. Vernon Jones slipped in some nice shots, but Stan Moore and John Brindley, both usually running to double figures, could only register one basket apiece.

Moore missed several open shots at the basket, while Brindley was too tight to make much of a showing against Bob Whyte, Cal Little and the other heavier players on the First's line-up.

Is a Speedy Team.
The new champions are about the speediest five on the Island at present and should make the Vancouver winners hustle on April 1, when the B. C. championship game takes place.

The First's victory is the result of hard practice and exceptionally fast team work. Every man on the team is a good shot and fast. The first position, McKinnon, playing guard last night, scored ten points, besides holding his check down to three points.

Art Webster exhibited his usual speed, scoring eleven points. Cal Little at center was fast and well up in the scoring list.

Bob Whyte and Norm Forbes each scored six points, the new champions. Ed. Cobley refereed.

Senior "B" Game.
In Senior "B" Men's League last night at the "Y" gymnasium, the Elks beat the Onwegos 43-13, and the James Bays won from Oaklands by 45-6.

The teams were: Elks—Swimming, Norm Forbes, Cal Little, Bob Whyte, Gus McKinnon. Onwegos—Bell, Stewart, Willoughby, De Carteret, Ereckendrick. James Bays—Ryan, Kenny, Hartley, Watson, McMillan. Oaklands—Crowe, Flenderleith, Essler, Headley, Crowe.

A. T. WEIGHT AGAIN TO LEAD THE E.S.C.

Elks Away to Good Start This Year; Will Have Basketball Court at Gorge

The annual general meeting of the Elks Swimming Club, held last night at the home of the President, 354 Arcadia Street, was unquestionably the largest of the kind ever held in the history of the club. The enthusiasm shown by the fifty odd members present was most gratifying to the newly elected officers and spoke well for the future success of the club.

A. T. Weight, the President, submitted a very comprehensive report on the activities of the club during the past season and stated that during the two years of its existence the Elks Swimming Club has had a membership of 150 members and that of its officers to always promote elite sport. The report traced the growth of the club from a "baby" organization of a few members two years ago to its present state as one of the leading swimming organizations on the coast. The report was most unanimously received.

Dances Well Patronized.
Ernie Stocks, as chairman of the Tennis and Dance Committees, gave brief reports on the workings of these two important branches of the organization and made special mention of the success which attended the Elks Swimming Club dances which have been held monthly throughout the winter, which have been instrumental in keeping the membership of the club intact during the non-swimming period.

A lengthy report was read from the swimming captain, R. C. Ross, showing that the club had had a very successful swimming year and that several members had made creditable showings in the various inter-club galas; Norman Purser, of the E.S.C., gaining third position in the Through Victoria Swim last August. Mr. Ross stated his intention of donating a cup for the lady of the club making the most points in the year-end swim from club handicap races. Mr. Ross expressed his regret that owing to pressure of business he would be unable to continue his duties as swimming captain and the meeting accepted his resignation with regret and thanked him for his past valuable services.

The Secretary-Treasurer submitted a financial statement showing that the club was also in a healthy position financially.

The Officers.
The election of officers resulted as follows: Hon. President, Ken Ferguson. Exalted Ruler, R. P. O. E., President, A. T. Weight (re-elected for third term); Vice-President, J. R. Rutter; Secretary-Treasurer, J. Stewart (re-elected third term);

and the National Hockey League took up the officials of the Western Canada Hockey Association the necessity of having a separate room for the referee. Up until a few years ago it was customary for referees to spend the interval in the dressing-room of the home team. Frank Patrick, president of the P. C. H. A., introduced the "referee's room" and the National Hockey League took up the innovation. It is only right that the referee should be kept away from the players, who during a game are at a high nervous tension and easily fly off the handle, especially if the referee has given a call against them which they did not think justified.

RIDE A BICYCLE
And Pay for It as You Ride—You Can Do This if You Take Advantage of Our Easy Payment Plan

\$5.00 PER MONTH

Come to-day and see the big display of "Perfect" Bicycles at this store. This bicycle is exceptionally high grade and very reasonably priced at \$55 cash or \$42 on terms.

Baseball
Miller Huggins, manager of the New York Yankees, yesterday put through its paces the infield considered most likely to start the season for the American League champions Pipp, Ward, Scott and McNulty put in a strenuous session and acted like the best defensive infield the Yankees have ever had. Hinkley Haines, former Penn State star, and Camp Skinner, Dallas outfielder, look as though they may fill the places left open by Ruth and Meusel.

CLAIM PADDOCK IS NEGLECTING CLASS
Sprinting Sensation to Be Barred From Running for University of California

Los Angeles, March 16.—Charles W. Paddock, termed "the fastest man" and holder of a number of world's records, will never enter another competition as a representative of the University of Southern California, according to a story, the Los Angeles Times published to-day.

The Times, quoting Gwynn Wilson, graduate manager of U. S. C., will state the Faculty Athletic Committee of the University decided that Paddock, "because of his continued absence from classes, was ineligible" to represent the institution in future meets.

FOURTEEN NATIONS AFTER DAVIS CUP
Widest Entry List Ever Recorded in Any International Athletic Contest

New York, March 16.—Fourteen nations, including the United States, will compete this year in the Davis Cup tennis tournament, entered for which closed to-day. This is said to be the widest entry list ever recorded in an international athletic contest, not excepting the Olympic games.

Challenges have been received from Australia, Belgium, British Isles, Canada, Czechoslovakia, Denmark, France, Hawaii, India, Italy, Japan, Roumania, Spain and the Philippines. The draw will be made public Friday noon at the office of the United States Lawn Tennis Association. Each of the competing countries then will be cabled the name of its opponent and the date on which the first round match must be finished.

Sammy Bohne reached the Cincinnati camp and signed for the season. The Reds' Coast League infield, consisting of Ponceca, Bohne, Cavency and Pinelli, is now in line.

Farm hand hours were the rule for the Chicago Cubs following their defeats at the hands of the Portland and Vernon teams in the week-end. The sun was all but disappearing in the sea off Catalina Island before Manager Bill Killefer let them quit practice.

Connie Mack isn't claiming any pennant but he does say he's well pleased with the way his team is shaping up.

Manager Gleason, of the White Sox, has a real job in trying to develop a capable pitcher to help out Faber and Kerr.

Jack Smith, the Cardinals' star outfielder, has to wear glasses when reading, but has no use for the "specs" on the ball field.

The Cincinnati Reds will perform on the Polo grounds today the championship pennant next June.

The first of the Spring wonders is claiming the title of "Lobbs" in the person of Heine Meine, who swings a wicked stick in practice games.

San Antonio, Texas, March 16.—Long George Kelly got his first homer of the season while the Giants were beating a soldier team from Camp Travis, 18 to 1, yesterday.

ENGLISH FOOTBALL
London, March 16.—(Canadian Press)—In a cup replay match yesterday Aberdeen defeated Hamilton 2 to 0.

RUSSIAN CHESS KING AFTER CAPABLANCA
Marvellous Youngster Started Paris Last Night by Playing Twelve Games

Paris, March 16.—Twelve games of chess were played simultaneously last night by A. A. Alechine, the young Russian marvel, without looking at the board, the moves being called. He won eleven. The other resulted in a draw. Alechine will challenge Jose Capablanca, of Havana, the world's champion.

Birth Notices, 10c per insertion. Marriage, Card of Thanks and In Memoriam, \$1.00 per insertion. Death and Funeral Notices, \$2.00 for 1, 2 or 3 insertions.

BIRTHS, MARRIAGES AND DEATHS

DEATHS
BAHR—On the 14th inst., at Resthaven, occurred the death of Curtis Bahr, aged 70 years and 10 months, son of Mrs. Sarah Bahr, of 821 Kingston Street. He is survived by his widowed mother, two brothers, Elsworth and Alvin; and six sisters, Nellie, Alice, Echo, Hazel, Stella and Muriel.
The remains are resting at the residence until Friday morning, March 17, when they will be removed to the Thomson Funeral Home, from where the funeral will take place at 2.30 o'clock, Rev. F. A. Chadwick officiating. Interment will be in the family plot in Ross Bay Cemetery.
SHOTBOLT—On March 15, 1922, at the residence, 1901 Fairfield Road, corner Poul Bay Road, Thomas Shotbolt, pioneer druggist of Victoria, and a resident of this city since 1862, aged 73 years and 8 months; born at Pinchbeck, Spalding, England.
The remains are resting at the B. C. Funeral Chapel and will be conveyed to the late residence of his widowed mother, when they will be removed to the Thomson Funeral Home, from where the funeral will take place at 2.30 o'clock, Rev. F. A. Chadwick officiating. Interment will be in the family plot in Ross Bay Cemetery.
VINCENT—On March 15, 1922, at 1514 Belmont Avenue, Eliza Ann Vincent, aged 84 years, born in Ireland, died at Yokohama.
The remains are resting at the B. C. Funeral Chapel, and will be shipped to Yokohama for interment.
WILKINSON—On the 15th inst., at her home, 2541 Market Street, Katherine Wilkinson, beloved wife of Mr. Frank Wilkinson, aged 71 years, born in Birmingham, England, and a resident of this city for the past thirty years. She is survived by, besides her husband, four daughters and one son, also fourteen grandchildren.
The funeral will take place on Saturday, the 18th inst., at 2 o'clock, at the Sandford Funeral Chapel. Rev. Bishop Black will officiate and interment will be made at Ross Bay Cemetery.

CARD OF THANKS

Mrs. MacNab and daughter return sincere thanks to the many friends, officers and members of the Masonic Order, for the many kind expressions of sympathy and the beautiful floral offerings received in their recent sad and sudden bereavement.

Housewives Reveal
In Furnishings that are New and Pretty
The attractive home is the home of HAPPINESS.
Merchants who have a stock of new and attractive furnishings will do well to tell the young housewives all about that stock. The just-been-marrieds and the going-to-be-marrieds are interested. They must be told, and as 100 per cent. of them read this newspaper, this newspaper is the logical medium through which to tell them.
Phone 1090 Times Advt. Dept.

SICILIANO STARTS FURTHER ACTION AGAINST NORTH

Will Ask Court to Rule North Property Liable to Execution

of actions pending against the commissioner to four; two outstanding by former Detectives Carlow and Macdonald, and one by former Detective Inspector George M. Perdue.

In the one action tried and decided before Mr. Justice Morrison, Police Commissioner North was faced with a judgment for \$1,000 against him, and costs amounting to a further \$554.45. The object of the latest additions to the actions, it is stated, is for a ruling of the court that the North property, lot 1054, on Johnson Street, is subject to execution in the sum of \$1,554.45.

The self-made man stalked into the office of a great financier with whom he had an appointment.

"I don't suppose you remember me," he began, "but twenty years ago, when I was a poor messenger boy, you gave me a message to carry—'Yes, yes' cried the financier, 'Where's the answer?'"

MEET Brought From VANCOUVER FOR DOCK JOB, LABOR CHARGES

Pile Drivers' Strike, Blaming Sub-contractors

Contractors who are driving piles in connection with the construction of the new Esquimalt drydock are bringing in workers from Vancouver and paying them the wages demanded by local labor and refused, according to information laid before the Trades and Labor Council last night. The action of local pile drivers in declaring pile driving at the drydock 'unfair' is the subject of a statement which will, in addition, take the question up with the Chamber of Commerce. So that the public may know the complete facts of the case, a detailed statement on the subject will be prepared and handed to the Press.

Union's Attitude.

"In consequence of the sub-contractor, McDonald, Watson & Wither refusing to pay the scale as posted at the drydock relating to pile drivers, viz. \$6.50, we, the members of the Pile Drivers, Bridge, Wharf and Dock Builders Local, have posted the job unfair until the matter is settled to our satisfaction," the Council was informed in a letter from the pile drivers.

Straight time wages only are paid for overtime on the drydock work the Council was further informed by delegates.

Pile driving contractors, Delegate Goldsmith stated, having refused to pay Victoria pile drivers the proper wage of \$6.50, had brought Vancouver laborers here and paid them the \$5.50 wage. The idea was to start the Victoria men out, he said. He suggested that the Chamber of Commerce should take the matter up with the idea of preventing the importation of outside labor.

"The whole drydock job should be declared unfair," said Delegate Macleod. "Any job that's worth while on the dock is held by a Vancouver man."

New Wage Scale.

In connection with the drydock work a communication was received from J. P. Forde, district engineer of public works, in which he set forth the following schedule of wages which has been decreed by the Department of Labor for the several classes of labor, and effective as from January 22 last, a schedule against which strong objection is taken by local labor: Steel sharpener helpers, \$4; brakemen, \$4.40; scowmen and deckhands, \$4.40; pumpmen, \$4.40; mechanic's helpers, \$4.40; dredge firemen, \$4.50; rock drillers, \$4.50; oilers, \$4.50; signalmen, \$5; powdermen, \$5.25; compressors, \$5.25; steel sharpeners, \$5.50; air line men, \$6; machinists, \$6; blacksmiths, \$6; carpenters, \$6; stonecutters, \$7; laborers, \$3.80; riggers, \$5.80; pile drivers, \$6.50, all the above for an eight-hour day. On a nine-hour day basis the following rates were stated: Teamsters, \$4.25; watchman, \$1.00 per month; steam shovel crane men, \$140; steam shovel engineers, \$190; steam shovel firemen, \$100; locomotive engineers, \$8 per day; hoist and derrick engineers, \$8; linemen, \$6 a day.

WANT NO OUTSIDE SETTLERS WHILE MANY UNEMPLOYED HERE

Labor Asks Government to Scrap Immigration Scheme For the Present

Immigrants should not be brought from Europe to settle in British Columbia while there are large numbers of unemployed in British Columbia cities, many of them eager to get back to the land, the Trades and Labor Council agreed last night, endorsing a lengthy resolution prepared by a mass meeting of employed and unemployed of Victoria, the Council called upon the Provincial Government to abandon "any scheme of land settlement which includes bringing settlers from outside this Province while we have an unemployed problem of such magnitude here at home as is now involved."

"While such a scheme might help the British authorities, its only effect in B. C. would be to further aggravate the problem now confronting us," said the unemployed men's resolution.

"Many of our unemployed workers would be only too glad to get on the land were a scheme made possible by the Provincial Government and decent living conditions for themselves and families assured," the resolution added, and it urged the Government to select settlers from the ranks of British Columbia unemployed, to aid transportation for men and their families to the land, to aid new communities in their initial stage of development and encourage "co-operative effort in community building, rather than wasteful individual activity."

No "Top Heavy Government."

Another resolution from the unemployed, asking the Federal Government to take over the management of unemployment relief and to base this relief on union wage rates was rejected.

Secretary E. S. Woodward declared that no Government could possibly hope to supply jobs at union wages to all workers, and added that organized labor did not desire top-heavy government, but merely asked the Government "to get off the back of the country and let it develop naturally."

"The solution of the problem is the speeding up of industry," Mr. Woodward asserted. His amendment to the resolution from the unemployed urging the Federal, provincial and municipal governments to get together to restore the industrial life of Canada, thus creating employment, was carried.

The Council turned down the request of the unemployed for representation in the Council's deliberation on the ground that this plan was unconstitutional.

AUTHORITIES GAIN MORE CONTROL OF HEALTH CENTRE

Each to Have Two Members on Victorian Order

Maternity Service May Soon Be Instituted

As a result of a joint session of the Saanich Council, School Board, Victorian Order of Nurses directorate and the War Memorial Health Centre Auxiliary, held last night at the Saanich Municipal Hall at Royal Oak, an extraordinary meeting of the Saanich branch of the Victorian Order of Nurses will be held on March 31 at the Municipal Council Chamber, to increase the Board of Directors from six to eight, in order that the Council and School Board representation may be two each instead of one, as at present. As a result of the joint session, acceptance of maternity cases at the Centre has been hastened.

The meeting was called by the Saanich Council to discuss how the Health Centre can be conducted better during the coming year. Councillor McWilliam acted as chairman.

Delegates present were: Council, Reeve Watson and Councillors McWilliam, Fin, Sewell and W. O. Raper; School Board, Brookes and Vantreight; School Trustees, Holloway, Oldfield, Hobbs and Hull; Victorian Order, President Miss K. R. P. Sewell and W. O. Raper; Green; Health Centre Auxiliary, Mrs. T. T. Hutchison and Mrs. W. Foster.

Miss Oldfield briefly outlined work in connection with the Victorian Order, and objected to criticisms by Medical Health Officer Dr. Vye as unfounded. She believed maternity cases could not be handled at this time, chiefly on grounds that the equipment at the Centre is required for clinic cases in connection with the school children work, and is not sufficient for nursing purposes. Councillor Dooley praised the work of the Victorian Order, but demanded admission of maternity cases.

Suggests New Use.

Trustee Holloway suggested the use of the Centre as a High School, and agreed with Reeve Watson's comment that unless a great improvement in results took place, greater advantage would accrue to Saanich if the money required for the Centre were used to provide a nurse in each ward, with an entire closing of the Centre.

Councillor Brookes favored addition of a little special equipment, and an immediate maternity service.

Asks More Time.

Trustee Oldfield declared most of the nurses' time to be taken up with attention to the school children of Saanich, and pointed out that the Centre had only been open a few months, not sufficient to get in such working order as would allow of maternity cases; he advocated giving the present management more time to show results.

Secretary Green, of the Order, read official documents showing a plan to accept maternity cases eventually, but protested against taking them until proper equipment is in readiness. He pointed out that, during the time funds were not available, this lack of maternity service by the Centre was offset by the fact that vacant beds were in readiness for such patients at the Royal Jubilee Hospital.

Ward Nurses.

Reeve Watson stressed his point that the Centre would now cost \$12,000 yearly, and if the plan of operation now effective did not give as good results to the rate-payers for the money as would accrue by employing ward nurses at the same cost, it would be good business to "lock the door."

He recalled the general promise of maternity services and supported such a change in operation as justifying the expense in some measure.

In common with all the Councillors and Trustees present, Reeve Watson highly lauded the work done in Saanich by the nurses of the Order, but insisted that a change in Health Centre operation methods must be made immediately if the Centre was to continue providing such a large fund.

The Victorian Order will supply the Council immediately with an estimate of the cost of the essential maternity ward equipment declared to be lacking, in order that this may be included in the estimates.

Plain Facts for Stomach Sufferers

Digested food makes us strong, vigorous, healthy. Dyspeptics are invariably weak and ailing. All they need to make them strong and well is the power to digest food, and that is just what **WATERBURY'S SYRUP** gives. It helps the stomach, liver and bowels to do their work efficiently. Sold in 50c. and \$1.00 bottles in drug stores.

MILK PRODUCERS AIR GRIEVANCES

Island Producers' Association Appeals to Independents

No Resolution, However, Carried

Over a hundred men interested in milk production last night gathered at the Royal Oak Hall to discuss low prices and try to discover a remedy. Personalities and recriminations were a marked feature of the discussions, but no decisions were made.

Reeve Watson acted as chairman, and often had to intervene. F. G. White, one of those calling the meeting, opening discussion with the assertion that milk was worth only fifteen cents per gallon, out of which freight had to be paid, offered no remedy, but asked for suggestions.

The quality of milk sold in the city was much discussed, assertions being made that a butterfat content of 2.7 means some being distributed. Owen Lloyd charged the Vancouver Island Milk Producers' Association with supporting one concern selling 22 pints for \$1, but supplying 4 per cent. milk for 20 cents per gallon, while maintaining prices at an eight quarts for the dollar level to other distributors. Refusing to answer this charge, as being untrue, Mr. Raper vigorously replied, maintaining that, if those calling the meeting had joined the Association and got all other producers on the same footing, the cooperative would be able to secure a better price for the farmers.

Mr. Lloyd told of withdrawing from the Association because of a price of 20 cents per gallon for 4 per cent. milk. He had commenced peddling himself, and had secured a doubled price of \$24 daily, "now that is a good price," he said.

He declared the pasteurization of milk "only made it go rotten in a baby's stomach," protested against an association investment of \$10,000 in a new plant and suggested that \$5,000 would provide "an ice cream plant making three times the profit."

Reeve Watson, as Chairman, brought the discussion back to remedies of the present price to producers, while H. H. Grist declared the Association was working for the retailers' interest rather than that of the producer. He asked for a clear statement of conditions by Mr. Raper.

The Real Issue.

"The whole point is this, Mister Independent man has cut in on the Association," Mr. Raper said. "If he would come in with the Association, instead of crying for a public meeting, we all would get 26 cents. We have been carrying you independently of us, and riding on our barrow, and so long as Mister Raper and the other co-operators would push you, fellows benefited. We are tired of holding prices up for you people," he said. "The public is getting tired of paying twelve or fourteen cents for milk, now they can get it for nine. The remedy is to get in and co-operate," he said.

The meeting again became a medley of crossfire, which Reeve Watson calmed with the remark that Victorian Order people have been reducing too much milk for local consumption, and that matters would have been worse if the co-operative association had not consorted a huge quantity into butter in the past year.

All in Association.

Asked for a remedy, Mr. Raper said "the only thing is to grin and bear it for a few months until these independent cases work with us. We have got tired of carrying the burden by converting milk surplus into thirty-five cent butter and pocketing the loss of outsiders."

President Harrop, of the Victoria Farmers' Institute, reminded the meeting that the market in Victoria has only a small limit and advised a general retreat.

S. W. Raven declared that, in Eastern Canada milk had over long periods secured a price of 12 or 14 cents per gallon. He showed that butter only paid 12 cents per gallon, while fresh milk was worth 18 cents for distribution, resulting in an average of 15 cents, while outsiders' milk got the higher price because they carried no share of disposal of surplus.

E. Raper declared milk production cost to men buying their feed, worked out at 27 cents per gallon, while men with pasturage and home grown feed could pay costs at 21 cents per gallon.

Asked as to evaporation of milk, Mr. Raper declared "so long as chicken men will come along and pay us 5 cents a gallon for skim milk, we shall do better than evaporating."

Reeve Watson said he had seen this situation developing for three years past, as the Council had had a vast number of requests for permits to erect barns. "Mr. Raper has shown you a barn if you do not get together, I fear some are going to fall by the wayside," he said.

Mr. Raper then said, "now is the time for fellows to go into this business, you can get your cows cheap, if everyone pulls together we will all start to go up hill again." He declared that peddling is a serious and costly business, costing 15 or 16 cents per gallon if bottled, even on routes distributing 70 gallons daily.

Want Other Solution.

"Those calling this meeting should show us what they want, the Association has offered one solution

A Splendid Range of Children's Umbrellas, with fancy handles for girls and neat cork handles for boys. Price, \$1.95 to \$4.50

they should show us another, if there is one," he said. Mr. White, one of those calling the meeting, said a better price was wanted, as they could get along better without the Association.

R. Mercer retorted, "yes, so long as the Association continues to push the barrow."

P. D. Hillis said the solution of the problem was an individual matter "we must all go home and farm better, if we cannot produce milk for twenty cents we must go out of business, as the price of butter is beyond control by the Association, being set by New Zealand butter," he said.

A heated discussion took place as to whether G. J. Cook, leader of the Esquimalt unemployed, should address the Board, and it was finally decided to permit Mr. Cook to speak for three minutes. When this permission was granted it was found that Mr. Cook was not present to take advantage of the honor. Mr. Cook had complained in a letter to the Board that the constable in relief for Constable Andrews, in the illness of the latter, was not an Esquimalt man. It transpired that the relief man was a resident of the district.

Some twenty members of the public watched the proceedings of the Board. Applications for the vacancy on the police force will be considered at a meeting of the Board on Monday next, the estimates to be taken up at the same time.

ESQUIMALT STILL HAS TWO SOLICITORS

Police Board Lock Horns With Council Over Appointment

The Esquimalt Council and the Esquimalt Police Commission, after some preliminary engagements, are now at arms length over the question of a solicitor. At the Council meeting, held in a stormy session on Tuesday evening last, that body voted to accept the application of Gerald H. Sedger as municipal solicitor. The Council further voted, on a motion from Councillor Pomeroy, to inform the Police Commission that Mr. Sedger would act for that body.

The Police Commission in session, with Reeve Lockley in the chair,

HEALING CREAM STOPS CATARRH

Clogged Air Passages Open at Once—Nostrils Cleared.

If your nostrils are clogged and your head stuffed because of catarrh or a cold, get **By's Cream Balm** at any drug store. Apply a little of this pure, antiseptic, germ destroying cream into your nostrils and let it penetrate through every air passage of your head and membranes. Instant relief.

How good it feels. Your head is clear. Your nostrils are open. You breathe freely. No more hawking or sneezing. Head colds and catarrh yield like magic. Don't stay stuffed up, choked up and miserable. Relief is sure. (Advt.)
