

5 easy steps to make an entry in Igbo Wiktionary test project.

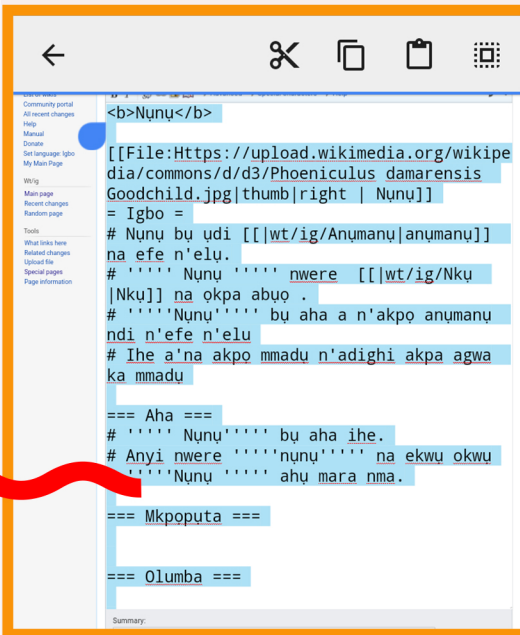

STEP 1
GO TO THE MAIN PAGE:
https://incubator.wikimedia.org/wiki/Wt/ig/Ih%0C3%BC_Mbu

3
OPEN ANOTHER WEB PAGE AND REPEAT STEP 1

2
*CLICK INSIDE THE INPUTBOX HIGHLIGHTED IN RED TO MAKE NEW ENTRIES.
*DELETE THE WORD "Odide" AND REPLACE IT WITH NEW ENTRIE.
*THEN CLICK ON THE BOX "Odide oghuru" HIGHLIGHTED IN RED.
*IT OPENS TO THE PAGE BELOW.

4
*CLICK ON SHOW ARROW AS HIGHLIGHTED IN RED
*IT OPENS A DROP-DOWN BOX OF EXISTING ENTRIES
*CLICK ON AN ENTRY AS SHOWN (it will take you to the entry page)
*AT THE TOP RIGHT AS HIGHLIGHTED CLICK ON "EDIT" ICON

5
*ON THE EDIT PAGE, COPY THE ENTRY, THEN GO TO THE CREATED PAGE AND PASTE IT AS ILLUSTRATED ABOVE.
*THEN START EDITING..

Please note:
When you copy and paste, don't forget to:-
1. check the part of speech, eg. if your entry is an adjective which is "Nkọwa aha" in Igbo, you have to change the sub heading "=== Aha ===" to "Nkọwa aha".
2. Check the category, eg. if your entry is an adjective your category will be "[[category:wt/ig/Nkọwa aha]]" instead of "[[category:wt/ig/aha]]."

Finally, always input category in all your entries.
Thank you.
