

ABBREVIATIONS table listing symbols for various navigational and geographical features such as buoys, lights, and structures.

HEIGHTS section detailing how heights are measured relative to Mean High Water and other datums.

AUTHORITIES section listing the U.S. Coast Guard and other relevant agencies.

HORIZONTAL DATUM section explaining the datum used for the chart's coordinates.

CAUTION section providing important safety notices for mariners.

RESTRICTED AREA section detailing specific navigational restrictions.

TRAFFIC SEPARATION SCHEME section describing the organized traffic lanes.

LOCAL MAGNETIC DISTURBANCE section providing information on magnetic anomalies.

CAUTION section regarding the use of radio signals.

CAUTION section regarding the use of radar.

CAUTION section regarding the use of VHF radio.

CAUTION section regarding the use of AIS.

CAUTION section regarding the use of ECDIS.

CAUTION section regarding the use of GPS.

CAUTION section regarding the use of depth soundings.

CAUTION section regarding the use of tide gauges.

CAUTION section regarding the use of weather forecasts.

CAUTION section regarding the use of current information.

TOTAL DEVIATIONS table listing magnetic deviation values for various locations.

NOTE 1 section providing additional information about the chart's data.

NOTE 2 section providing additional information about the chart's data.

NOTE 3 section providing additional information about the chart's data.

NOTE 4 section providing additional information about the chart's data.

NOTE 5 section providing additional information about the chart's data.

NOTE 6 section providing additional information about the chart's data.

NOTE 7 section providing additional information about the chart's data.

NOTE 8 section providing additional information about the chart's data.

NOTE 9 section providing additional information about the chart's data.

NOTE 10 section providing additional information about the chart's data.

NOTE 11 section providing additional information about the chart's data.

NOTE 12 section providing additional information about the chart's data.

NOTE 13 section providing additional information about the chart's data.

NOTE 14 section providing additional information about the chart's data.

NOTE 15 section providing additional information about the chart's data.

NOTE 16 section providing additional information about the chart's data.

NOTE 17 section providing additional information about the chart's data.

SOURCE table listing the origins of the chart's data, including various NOAA and USCG surveys.

NOTE 18 section providing additional information about the chart's data.

NOTE 19 section providing additional information about the chart's data.

NOTE 20 section providing additional information about the chart's data.

NOTE 21 section providing additional information about the chart's data.

NOTE 22 section providing additional information about the chart's data.

NOTE 23 section providing additional information about the chart's data.

NOTE 24 section providing additional information about the chart's data.

NOTE 25 section providing additional information about the chart's data.

NOTE 26 section providing additional information about the chart's data.

NOTE 27 section providing additional information about the chart's data.

NOTE 28 section providing additional information about the chart's data.

NOTE 29 section providing additional information about the chart's data.

NOTE 30 section providing additional information about the chart's data.

NOTE 31 section providing additional information about the chart's data.

NOTE 32 section providing additional information about the chart's data.

NOTE 33 section providing additional information about the chart's data.

NOTE 34 section providing additional information about the chart's data.

RESTRICTED AREA table listing specific restricted zones and their details.

NOTE 35 section providing additional information about the chart's data.

NOTE 36 section providing additional information about the chart's data.

NOTE 37 section providing additional information about the chart's data.

NOTE 38 section providing additional information about the chart's data.

NOTE 39 section providing additional information about the chart's data.

NOTE 40 section providing additional information about the chart's data.

NOTE 41 section providing additional information about the chart's data.

NOTE 42 section providing additional information about the chart's data.

NOTE 43 section providing additional information about the chart's data.

NOTE 44 section providing additional information about the chart's data.

NOTE 45 section providing additional information about the chart's data.

NOTE 46 section providing additional information about the chart's data.

NOTE 47 section providing additional information about the chart's data.

NOTE 48 section providing additional information about the chart's data.

NOTE 49 section providing additional information about the chart's data.

NOTE 50 section providing additional information about the chart's data.

NOTE 51 section providing additional information about the chart's data.

RESTRICTED AREA table listing specific restricted zones and their details.

NOTE 52 section providing additional information about the chart's data.

NOTE 53 section providing additional information about the chart's data.

NOTE 54 section providing additional information about the chart's data.

NOTE 55 section providing additional information about the chart's data.

NOTE 56 section providing additional information about the chart's data.

NOTE 57 section providing additional information about the chart's data.

NOTE 58 section providing additional information about the chart's data.

NOTE 59 section providing additional information about the chart's data.

NOTE 60 section providing additional information about the chart's data.

NOTE 61 section providing additional information about the chart's data.

NOTE 62 section providing additional information about the chart's data.

NOTE 63 section providing additional information about the chart's data.

NOTE 64 section providing additional information about the chart's data.

NOTE 65 section providing additional information about the chart's data.

NOTE 66 section providing additional information about the chart's data.

NOTE 67 section providing additional information about the chart's data.

NOTE 68 section providing additional information about the chart's data.

RESTRICTED AREA table listing specific restricted zones and their details.

NOTE 69 section providing additional information about the chart's data.

NOTE 70 section providing additional information about the chart's data.

NOTE 71 section providing additional information about the chart's data.

NOTE 72 section providing additional information about the chart's data.

NOTE 73 section providing additional information about the chart's data.

NOTE 74 section providing additional information about the chart's data.

NOTE 75 section providing additional information about the chart's data.

NOTE 76 section providing additional information about the chart's data.

NOTE 77 section providing additional information about the chart's data.

NOTE 78 section providing additional information about the chart's data.

NOTE 79 section providing additional information about the chart's data.

NOTE 80 section providing additional information about the chart's data.

NOTE 81 section providing additional information about the chart's data.

NOTE 82 section providing additional information about the chart's data.

NOTE 83 section providing additional information about the chart's data.

NOTE 84 section providing additional information about the chart's data.

NOTE 85 section providing additional information about the chart's data.

RESTRICTED AREA table listing specific restricted zones and their details.

NOTE 86 section providing additional information about the chart's data.

NOTE 87 section providing additional information about the chart's data.

NOTE 88 section providing additional information about the chart's data.

NOTE 89 section providing additional information about the chart's data.

NOTE 90 section providing additional information about the chart's data.

NOTE 91 section providing additional information about the chart's data.

NOTE 92 section providing additional information about the chart's data.

NOTE 93 section providing additional information about the chart's data.

NOTE 94 section providing additional information about the chart's data.

NOTE 95 section providing additional information about the chart's data.

NOTE 96 section providing additional information about the chart's data.

NOTE 97 section providing additional information about the chart's data.

NOTE 98 section providing additional information about the chart's data.

NOTE 99 section providing additional information about the chart's data.

NOTE 100 section providing additional information about the chart's data.

NOTE 101 section providing additional information about the chart's data.

NOTE 102 section providing additional information about the chart's data.

RESTRICTED AREA table listing specific restricted zones and their details.

NOTE 103 section providing additional information about the chart's data.

NOTE 104 section providing additional information about the chart's data.

NOTE 105 section providing additional information about the chart's data.

NOTE 106 section providing additional information about the chart's data.

NOTE 107 section providing additional information about the chart's data.

NOTE 108 section providing additional information about the chart's data.

NOTE 109 section providing additional information about the chart's data.

NOTE 110 section providing additional information about the chart's data.

NOTE 111 section providing additional information about the chart's data.

NOTE 112 section providing additional information about the chart's data.

NOTE 113 section providing additional information about the chart's data.

NOTE 114 section providing additional information about the chart's data.

NOTE 115 section providing additional information about the chart's data.

NOTE 116 section providing additional information about the chart's data.

NOTE 117 section providing additional information about the chart's data.

NOTE 118 section providing additional information about the chart's data.

NOTE 119 section providing additional information about the chart's data.

RESTRICTED AREA table listing specific restricted zones and their details.

NOTE 120 section providing additional information about the chart's data.

NOTE 121 section providing additional information about the chart's data.

NOTE 122 section providing additional information about the chart's data.

NOTE 123 section providing additional information about the chart's data.

NOTE 124 section providing additional information about the chart's data.

NOTE 125 section providing additional information about the chart's data.

NOTE 126 section providing additional information about the chart's data.

NOTE 127 section providing additional information about the chart's data.

NOTE 128 section providing additional information about the chart's data.

NOTE 129 section providing additional information about the chart's data.

NOTE 130 section providing additional information about the chart's data.

NOTE 131 section providing additional information about the chart's data.

NOTE 132 section providing additional information about the chart's data.

NOTE 133 section providing additional information about the chart's data.

NOTE 134 section providing additional information about the chart's data.

NOTE 135 section providing additional information about the chart's data.

NOTE 136 section providing additional information about the chart's data.
