Jail Pastor, Age 40, On Honeymoon With Girl Wife, Age 14

BALLINGER, Texas, Sept. 29.—Asserting that his marriage had been legally performed but declining to reveal where the wedding had taken place, Rev. Joseph E. Yates, 40-year-old pastor of Nowata, Okla., was being held in jail here on charges of abduction today following his elopement with 14-year-old Georgia Fields. The pastor was taken into custody at his father's home near here where he had been spending his honeymoon with his girl wife since last Saturday.

Ezra Meeker, Trail Blazer In Pioneer Days, Tries Clouds

WASHINGTON, Sept. 29.—One of the distinguished visitors to attend the international air races at Dayton, Ohio, this week, will be Ezra Meeker, the famous pioneer trail blazer. Acting Secretary of War Davis today telegraphed permission for the veteran plainsman to make the trip by air from Seattle to Dayton, taking an army airplane that is going to make the journey. Meeker recently had his first ride in a plane and liked it so well that, despite his advanced years, he asked the war department for permission to take a longer flight.

Bridegroom, Age 84, Kidnaped at Altar As Services Start

RENO, Nev., Sept. 29.—At the request of his bride-to-be, Margaret Nicholson, 60, a nurse, police today were searching for Francis A. Robb, 84, wealthy Reno business man, alleged to have been kidnaped at the altar as he was about to make Mrs. Nicholson his bride. Robb had entered the church and the priest was just commencing the ceremony when, according to witnesses, two men entered the church, grabbed the bridegroom by the shoulders and feet and dragged him, screaming for help, to a waiting automobile.

Japanese Seek to Evade Responsibility If War Arises Over Immigration Issue; French Cabinet Supports Pact

GENEVA, Sept. 29.—Japan's refusal to accept the League of Nations arbitration protocol—a dispute which may lead to a grave international situation—remained an unbroken deadlock this evening. The sub-commission which met at 3 o'clock in an effort to smooth out the differences in the Anglo-Japanese viewpoint failed to reach a decision. Leaders of the foremost powers attempted to persuade the Japanese not to vote against the arbitration protocol because one adverse vote would prevent its adoption and automatically prevent the conference from being summoned. The league's covenant requirement for unanimity is threatening to smash the entire disarmament conference project. It is understood the premiers are now willing that Japan shall abstain from voting if she does not vote against the arbitration protocol. Those taking part in the conference were Viscount Ishii of Japan; M. Hymans of Belgium; M. Briand of France; Signor Salandra of Italy; M. Politis of Greece and Lord Parmore of England. The meeting took place in the office of Sir Eric Drummond, permanent secretary of the league. Proposal Limited Japan's original proposal was limited to a protocol amendment requiring an attempt at reconciliation after the world court at The Hague had given a decision upon an international issue. Now the Japanese are demanding definition of the term aggressor worked in such a manner as to exclude Japan from responsibility if war arises over the immigration issue. Pessimism of the league leaders was increased by the new demand of the Japanese.

WINDS FAN FLAMES

Winds off the Mojave desert fanned the flames of a new outbreak of the San Gabriel canyon fire, burning out of control in the Pine Flats region, into a raging fury along a 15-mile front today. Truck loads of men were being rushed from here to fight the flames. The fire was reported burning big timber in Angeles forest near Mount Waterman.

OFFICERS ARRESTED

TOKIO, Sept. 29.—A number of Japanese, including former Admiral Fujii, who was discharged from the navy for bribery, were arrested today at Sasebo. It is alleged they were attempting to smuggle forty tons of powder out of the country for Chang Tso Lin, Manchurian war lord.

SHIP PASSENGERS SEEK TO LYNCH ONE OF CREW

HOBOKEN, N. J., Sept. 29.—Stewards flourishing pistols drove back passengers of the S. S. George Washington today when they tried to lynch Christopher C. Dunne, one of the liner's crew. Miss Ottilio Urban, 22, one of the passengers whom the George Washington was waiting to land, said that Dunne, while drunk, broke into her stateroom and, despite the presence there of four other women, grappled with her and tried to strangle her with a bit of rope. Her screams aroused other passengers who came flocking to her help. Stewards had succeeded in overpowering Dunne when the passengers rushed him. The stewards then drew pistols and herded the passengers out of the stateroom.

San Domingo Admitted To League of Nations

GENEVA, Sept. 29.—The League of Nations assembly, by unanimous vote of 43, admitted San Domingo to membership. A San Domingo delegate was present and thanked the assembly, saying: "We are happy to enter the League of Nations because it establishes recognition of San Domingo sovereignty."

ARMY AVIATORS REACH OFFICIAL END OF TRIP

SEATTLE, Sept. 29.—The round-the-world flyers arrived here yesterday, officially completing their historical flight of circling the globe. Reunited with Major Frederick L. Martin, original commander of the air adventure, who was forced out of the round-the-world derby by misfortune in Alaska, Lieutenants Lowell Smith, Erik Nelson and Leigh Wade participated in the ceremonies today as the last act of their mastery of the air. The three flyers were frankly glad that their task is over. Worn by the privations of the trip, wearied by the unending round of welcome accorded them on their flight across the United States, and a bit unnerved, now that their success is complete, the birdmen were anxious today to rest. Major Martin was the first to greet the flyers on their arrival at Sand Point. The completion of the air voyage was an international event.

EXPECT IRISH BOUNDARY BILL TO PASS

LONDON, Sept. 29.—The Irish boundary bill, giving Ulster indirect representation despite the Ulsterites' opposition to participation, is expected to pass in the session of parliament opening tomorrow. The government's procedure in handling the bill in commons was considered at a cabinet meeting today. Tory members of commons are opposing the measure on the ground that it would detach territory from Ulster and give it to the Free State.

TOKIO, Sept. 29.—For the third time in thirty days the Hondo district of Tokio was under water today, following torrential rains of the past twenty-four hours.

SEEK MURDERERS

PORT DUCHESNE, Utah, Sept. 29.—Continuous search for more than thirty-six hours in the mountains of eastern Utah and southern Wyoming by a posse of Pinta basin farmers, has failed to reveal the murderers of Thomas Rhodes, 60, reputed wealthy ranchman, whose mutilated body was found in a canyon fifteen miles from his home late Saturday afternoon. Search for the ranchman began Saturday morning when a neighbor went to his cabin, found him gone and the bedroom bespattered with blood.

ATTENDS FUNERAL

WASHINGTON, Sept. 29.—President Coolidge, Secretary of State Hughes and representatives of the Persian government this afternoon attended the funeral services of Major Robert W. Imbrie, American vice-consul, who was killed by a mob at Teheran, Persia.

GERMANY GIVES STAND ON MILITARY QUESTION

PARIS, Sept. 29.—Germany, in a note to France today, is reported to take the stand that the Germans cannot participate in any military, aerial or naval sanctions if they join the League of Nations because the country already has been completely disarmed. The Germans wish to emphasize the fact that they have met in detail the disarmament clauses of the Versailles treaty. The note was presented to the foreign office by Herr Von Hoersch, the German ambassador. Germany desires assurance of a permanent seat on the League of Nations council if she enters.

MOTHER BELIEVES SON WAS MURDERED

LOS ANGELES, Sept. 29.—Believing he was murdered, Mrs. Anna Warner of Los Angeles today demanded authorities examine the body of her son, Stanley Defield, officer of a company, received at Santa Barbara from South America, where he died.

SAVINGS INCREASE

Charles H. Depp, Cincinnati, reporting to the savings bank division, showed that there were approximately 24,000,000 more savings accounts in the United States in 1923 than in 1912 and that in these accounts was deposited approximately \$10,000,000 more in 1923 than in 1912. The per capita savings of the country had increased from \$89 to \$166 in the ten years, Depp said. These figures, he pointed out, were based on returns from 5,838 banks in 1912 and from 21,385 in 1923. He gave statistics to show that the population of the United States had increased 14 per cent since 1912, while the individual bank deposits increased 88 per cent and savings deposits 108 per cent.

WITNESSES CALLED

TACOMA, Sept. 29.—Military and civilian witnesses from widely scattered points throughout the nation were arriving here today to testify tomorrow in the trial of Roland Pothier, charged with the murder of Major Alexander Cronkhite at Camp Lewis in 1918.

STEAMER SUNK

SAVANNAH, Ga., Sept. 29.—The steamship Santa Theresa, British freighter, has been sunk off the coast from Tybee, about 100 miles, according to radio advice picked up here today. The crew was said to have been rescued.

Mass Meeting To Get Information On Bonds

Seven speakers will be on the program at the mass meeting of Glendale citizens tonight at the Tuesday Afternoon club, when questions on the bond issue election will be discussed. Each issue of the proposed election will be discussed by men thoroughly qualified to explain the necessity for such to the welfare of this city, the committee declares. P. J. Hayselden will open the meeting with a discussion of proposition No. 1, that of additional fire equipment and stations; W. L. Twining will talk on the modern fire alarm system and the police alarm system; Peter Hanson on the civic center; Oscar M. Newby on bridges over the Verdugo Wash; Peter Diederich on water system improvements and water parking land; L. H. Wilson on city parks and W. A. Hall on the garbage disposal plant. Tonight's meeting will be in the form of a general mass meeting, with those present given the

**C. BERGER WRITES
ON CIVIC CENTER**

Takes Issue With Views
As Recently Expressed
By C. W. Ingledue

Editor The Evening News—
Once again I would beg the privi-
lege of using the columns of the
fastest growing newspaper in the
fastest growing city in the United
States, to express my views on
one of the main issues which will
come before the people of this
city in the bond election of Tues-
day, September 30, proposition
No. 4, the civic center measure.
But in so doing, as space is lim-
ited and valuable, would feel in-
clined to confine myself to an-
swering a few charges made by
C. W. Ingledue, president of the
Glendale Advancement associa-
tion, made September 18. The
name of this association may be
somewhat misleading to the un-
initiated as it is recognized as an
association working for the ad-
vancement of the eastern section
of the city and outside of the
sewer question and resolutions of
endorsements, have confined
themselves to that section, and it
is indeed unfortunate the prop-
erty involved in this question is
located a little too far west of
their activities to meet with their
approval.

Denies Statement
The president of the Glendale
Advancement Association states
that any builder will tell us the
structures on this site cannot be
altered or remodeled to meet the
needs of the city. Such a state-
ment is preposterous. Any build-
er or architect who is affiliated
with the association may have so
stated, but the very opposite is
the truth. If it were not, why
are the officials of the city, the
planning commission—whose
chairman, Thomas Watson, former
manager of the City of Glendale,
and a man who, I am safe in say-
ing, has interested himself in the
affairs of our city more than any
one man—given this measure their
sanction?

The statement is made that
the present buildings are obsolete,
of very poor construction, and
could never be made safe against
fire, etc. In answer, would state
that all but one of the present
buildings were constructed by
one of the best and most con-
scientious builders in Southern
California, C. W. Kent & Son, of
concrete, stone and brick and that
fact alone should refute any ques-
tion of inferiority.

Question of Fire
As to the fire hazard, the au-
thor of the said statement, it
seems, puts the safety of the ma-
terial things pertaining to the
city's welfare above and before
the welfare and the very lives of
nearly 2,000 of the young people
of our city, his own included, who

have been and still are gathering
every day in these same buildings
to acquire the essentials of a
higher education. And then I
notice the terms, outlandish archi-
tecture, and hideous, as descrip-
tions applied. For shame for any-
one to apply such terms to that
which has been a source of pride
to the citizens of Glendale for
eighteen years. In summing up
the writer would like to impress
the facts, that the buildings are
not obsolete or unalterable, but
on the contrary are very well
adapted to the uses to which the
city would put them, with slight
alterations. And the massive,
stately external appearance would
still continue to be a source of
pride to all.

The fire hazard is no greater
than in any buildings Glendale
will ever construct. Los Angeles
has, and is spending millions in
civic improvements and still the
danger from fire is always im-
minent.

If Glendale does not take this
chance to secure its long and
much needed requirements along
the lines as planned it undoubt-
edly will never have a similar op-
portunity. If this property were
in the hands of private parties
instead of the Glendale school dis-
trict the land alone could not be
purchased for the price asked. And
last, but not least the Glendale
High School officials will have
the necessary funds available to
construct and equip a new Junior
High School as planned to meet
the growing demands of the young
people of our city. All registered
voters should cast their ballots
tomorrow for Measure No. 4.

403 E. Lomita Ave.

**Stereopticon Views
Shown by Evangelist**

The people who thronged the
Gospel Tabernacle last night saw
the most beautiful colored stere-
opticon views ever shown in Cali-
fornia. Dr. J. J. Sims, English
evangelist, gave an illustrated ser-
mon on "The prodigal Son" that
will not soon be forgotten. It was
an old story of wilfulness and
waywardness with the pleasures
of sin for a season, and then the
reaping of misery and the return
to the father's house.

Mr. Sims, Mrs. Sims and their
son, Wickfield Sims, sang several
beautiful trios, both words and
music being new in this country.
The subject tonight will be
"The Book of Revelation." This
will be preceded by "Views of
Japan."

The party will be at the Taber-
nacle, corner of Louise and Chest-
nut streets, tonight and Tuesday
night and all day Wednesday. It
is free and everybody is invited.

FIRST ANNIVERSARY

readings will be features.

Welcomes All To Fair

DELLA GRESMER of Riverside invites all of Southern Cali-
fornia to attend the great date exposition which will be held in
Riverside October 7 to 11, as one of the many features of the
annual Southern California fair.

An entirely new idea in county
fairs will be presented this season
by the Southern California fair at
Riverside October 7 to 11, with
indications that it will be the
crowning achievement in a long
list of successful undertakings by
the fair management.

For the first time in the history
of the organization there will be
no livestock exhibits. Instead
there will be an agricultural ex-
position, international date show,
cotton show, auto, truck and tractor
show, Indian vocational ex-
hibit, drills and games, auto
fashion show, horse races and
many other features.

For the first time at any fair a
decorative scheme has been
worked out which will make the
fair a beautiful spectacle. Rich
hangings, panels, imposing en-
trances to the date, cotton and
agricultural shows with a pavilion
like effect connecting, will be a
part of the decorative idea.
The date show is twice as large
as last year. The United States
department of agriculture will
have an old world date display,
contrasting with the modern
methods in use in the date indus-

**NEED OF CENTRAL
PARK EXPLAINED**

Mrs. C. E. Hutchinson Replies
To Letter Written by
C. W. Ingledue

Editor The Evening News—If
you will allow me I should like
to say a few words in regard to
the proposed civic center. There
are many things to consider in
this question. First: Price of
land on Colorado boulevard is
being quoted at \$750 per front
foot. The property in view has
486 1/2 feet frontage on Colorado
boulevard and a total frontage of
1561 1/2 feet. That price makes
it makes the investment a conserva-
tive one. The land is no longer
practical for school use. Schools
should be where the homes of
children are, and not in the busi-
ness district. Since the com-
pletion of the Broadway High
school it has been conceded best
to sell the Harvard school and
buy a school site where needed.
The property will be sold to the
highest bidder. Some sagacious
business men will recognize its
value and the last and only piece
of land for a central park will
be forever lost to Glendale.

Mr. Ingledue, in his article of
Friday night, refers to the "out-
landish architecture" of the
Harvard school. If the property
is sold to a wise investor we must
still tolerate the architecture,
and if he can afford to demolish
the present buildings, then we
can afford to do so.

City Hall Inadequate
The present city hall is entirely
inadequate for our use. The city
officials advise that the efficiency
of the various departments is
only from twenty-five to forty
per cent, because of crowded
conditions, notwithstanding the
fact that we are renting from
Mr. Ingledue, president of the
Advancement association, rooms
in a fire trap of a building,
for which we are paying him
\$215 per month.

It has always been a blot on
our fair city that we have no
central park or breathing space
for passers-by. In that respect
cities of from five to eight thou-
sand inhabitants have had a
greater vision for the future.
Some people feel that sufficient
unto today is the need thereof,
but can we not look back to some
of our mistakes and have a vision
for the future? A few years ago
we refused the block bounded by
Maryland, Louise, Broadway and
Harvard for a central park. That
square was available at that time
for \$40,000. Later we refused
the Sanitarium property at \$75-
000. Now the property is gone.
Trees of many years growth have
been destroyed, and one lot is
worth more than the price of the
entire square at the time it was
offered to the City. At that time
we were going to dedicate it to

our soldier boys, as a memorial
park, having a museum, band
stand, etc. We have forgotten
all about the memorial now, and
I fear we have even forgotten the
soldier boys.

Members of the Advancement
association might feel different-
ly about this civic center if it
were located on Glendale avenue.
Let us not repeat the mistakes
of the past and thus lose the op-
portunity to give our children
this rich heritage. Let us vote
bonds to purchase the Harvard
school property, and let us make
a park on the Colorado street
frontage that will attract the
passer-by. Let us have public
comfort stations, a band stand,
and other attractions, and toler-
ate the buildings until we can
afford to tear them down. We
can never be the city we boast of
being until we recognize some of
our great civic needs.
If we have these things we must
pay for them. No one is going
to give them to us. Citizens of
Glendale, can we afford, for the
small sum of 11 cents per \$100
that it will add to our taxes, to
lose this wonderful opportunity to
present this gift to our city? Let
us go to the polls on Tuesday,
and even against the united effort
of the Glendale Advancement as-
sociation, place Greater Glendale
on the map.
MRS. C. E. HUTCHINSON.

FACTS and FIGURES REGARDING the BOND ISSUES

Next Tuesday, September 30, the voters of Glendale must decide whether to involve themselves in a bonded indebtedness of \$1,705,500 or not. Examine each item carefully before putting your X beside it. Most of these issues are for needed improvements; but two or three of them call for Conveniences rather than Necessities. **THE CITY OF GLENDALE NEEDS SCHOOLS WORSE THAN IT NEEDS A CIVIC CENTER.**

**Reasons Why You Should VOTE NO on Proposition No. 4
No. 4—CIVIC CENTER BONDS—\$650,000**

- Citizens Asked to Purchase Obsolete Buildings for Civic Center**
 - The old High School buildings on Harvard Street, for which the voters are asked to pay \$650,000, are of Class C construction—or worse.
 - It would be impossible to remodel these old, grimy, cheap buildings into suitable places to keep the City's maps and records.
- This Proposition Recklessly Disposes of Present Civic Property**

In case the Harvard Street High School site is purchased for a Civic Center, it will mean a ruthless waste of the City's property and money by—

 - The dismantling and sale of the present City Hall;
 - The dismantling and sale of the Broadway Fire Station;
 - The dismantling and sale of the Harvard Street Public Library.

There is an important complication involved in the Public Library that many persons seem to have overlooked. This institution is partially supported by the Carnegie Foundation. In case this site were rejected, the library funds provided by the Carnegie Foundation WOULD HAVE TO BE RETURNED.
- Citizens' Money to Be Spent by Unknown Persons**
 - The purchase of the proposed Civic Center cannot be consummated for some time—not until after four of our present trustees will be out of office. That simply means that the people are asked to vote \$650,000, to be spent by unknown persons in the purchasing and remodeling of the old High School site. Nobody knows how much we shall have to pay for the site, and nobody knows how much it is going to cost to remodel the buildings.

It will cost \$650,000 to purchase the old High School site.
It will cost \$140,000 (at the most) to build a new City Hall.
SAVE THE DIFFERENCE between these two amounts and apply it on the school bonds that are sure to come.

b. The statement has been made that the purchase of the proposed site is merely an exchange among the people—no money being represented in the transaction. This can hardly be considered as such for the reason that the School Boards at the present time are planning to ask for ONE MILLION DOLLARS for school extensions, EVEN IF THE MONEY FROM THE PROPOSED SALE OF THE HARVARD STREET PROPERTY IS TURNED OVER TO THEM.

**A Few Things to Think About Before Voting on
Propositions 8a and 8b**

No. 8a—CITY PARK SITE, NORTH—\$122,500

- Another Park Wanted in Rossmoyne Tract**
 - This proposition especially provides that thirty-five acres of the Rossmoyne tract must be purchased for a city park site. The fact has been overlooked that a small park is already located in this particular tract at the present time.
 - Just a little reflection will disclose the fact that the amount specified—\$122,500—would not purchase and improve thirty-five acres in this or any other tract. It would take much more money than that to make a suitable pleasure ground.

No. 8b—CITY PARK SITE, SOUTH—\$35,000

- Only the First Installment on the Park**

This proposition provides \$35,000 for a park on the south side of town—"site to be determined later." This amount is totally inadequate to purchase, improve, and maintain a recreation park.
IF desirable park property could be purchased anywhere on the south side of town for \$35,000, there wouldn't be enough left to buy a "Keep Off the Grass" sign.

2. Northwest School Proposition

- Some citizens in the Northwest district called on our School Board and urged and insisted that they pass a resolution to the effect that in case the Civic Center proposition went through, that the School Board would appropriate and spend \$200,000 of the money for the purchase of a school site in the Northwest district.
- The School Board cannot appropriate this money. In the first place, the Board hasn't the authority to sell the Harvard Street site without first calling a mass meeting. Furthermore, it is a question whether they have the right even to appropriate money for a school site out of the money obtained from the sale of the old High School buildings. The High School is not merely a civic institution. Many of its constituents reside in the county, and these individuals would probably object to the appropriation of any such funds for a school in which they had no part.
- Some people are of the opinion that these citizens in the Northwest district are not thinking of the merits of the school proposition. They simply intend to vote for the Civic Center bonds for the purpose of getting this \$200,000 for a school site over on their side of town.

DIRECT ACTION GAS RANGE FEATURE FOR TUESDAY**FOUR BURNED BY BLAZING GASOLINE**

Motorist Lights Match Near Tank and Fire Follows, According to Report

A disastrous fire that injured four people, completely destroyed a large automobile and did \$500 damage to the service station at the southeast corner of San Fernando road and Colorado boulevard, was caused at 7 o'clock last night when, according to eye-witnesses, C. E. Doll of Pennsylvania, lit a match to see how much gas he needed.

There was a blinding flash as the volatile vapors ignited, a dull rumble—and suddenly Victor Peterson of 300 South San Fernando road, proprietor of the station, found himself holding a hose that poured forth a deadly stream of liquid fire, while the man's arms and legs were torched.

Pumps Explode
 In agony he dropped the hose and rolled on the ground, while two or three other cars at the station got away in safety. Someone had the presence of mind to call the fire department. Mrs. Doll, wife of the car owner whose match, it was said, caused the

Suspect Makes Escape In Rain of Bullets

A man skulking along the street at San Fernando road and Justin avenue at 4:30 o'clock this morning, with a suspicious looking sack over his shoulder, caused Lieutenant Louis Nunn of the Glendale police department to fire, calling on him to halt. The man ran off and, though several more shots were fired, he made good his escape. In the excitement, however, he dropped the sack he had been carrying. This Lieutenant Nunn brought to police headquarters, where it was opened and found to contain groceries. This is the second time this man has been seen in the neighborhood, the police say.

Register at News Office From 4 to 9 o'Clock Daily

In order that those who have not registered for the general election in November may do so at once, The Glendale Evening News has arranged to have Mrs. Grace E. Holman at the office of this newspaper, 139 South Brand, between the hours of 4 p. m. and 9 p. m. Registration closes at midnight, Saturday, October 4. If you have not already done so, register immediately.

TEN PROJECTS ARE UP FOR DECISION

Total Bond Issue \$1,705,500 Comes Before Voters for Verdict on Tuesday

There are in the city of Glendale 13,500 registered voters eligible to ballot at the special municipal bond election of Tuesday, September 30, according to William M. Kerr, Los Angeles county registrar of voters. How many of these will exercise their electoral prerogative on that day?

At the special library bond election of July 8, only 1003 votes were cast, less than 8 per cent of the qualified voters! Of these, 608 favored the proposed library as against 395 who opposed it—but this sanction of the issue did not constitute the necessary two-thirds majority required by law, so the bonds lost.

There are ten propositions to be voted upon next Tuesday. They total \$1,705,500. They are, as outlined on the sample ballot, as follows:
 1. Shall the city of Glendale incur a bonded debt of \$60,000 for the purpose of acquiring, constructing and completing the following municipal improvement, to-wit: The expansion of the fire department of the city

20 PRECINCTS FOR BOND ELECTION

Total of 13,500 Voters in City Eligible to Cast Ballots on Projects

There will be twenty voting precincts in the city of Glendale for the special bond election of Tuesday, September 30. It is announced by A. J. Van Wie, city clerk, the thirty-eight regular municipal precincts, as revised by the Los Angeles county board of supervisors on May 26, 1924, having been consolidated for this particular election.

The polls will be open from 6 o'clock in the morning until 7 o'clock at night and all voters are eligible who have registered thirty days previous to September 30 and since January 1 of this year. Mr. Van Wie states. Maps of all precincts may be seen at the City Hall and each precinct will have its own map, together with a complete list of registered voters.

List of Precincts
 There are now in the city of Glendale exactly 13,500 registered voters eligible for this election. Mr. Van Wie has been informed by the Los Angeles county registrar of voters, and to each of these has been mailed a sample ballot and a card bearing his or her precinct number and address. A two-thirds vote of the qualified voters voting is required for the bonds to carry.

A complete list of the twenty precincts and the election officers assigned to each follows:
 Precinct No. 1—All that part of the city of Glendale contained in Glendale city precincts Nos. 1 and 33.

Polling Place: Garage, rear of 1540 Glenwood road.
 Inspector: Mrs. Myrtle B. Buckman.
 Judge: Mrs. Elizabeth Stanton.
 Clerks: Eugene H. Learned, Wm. Malcom.

Discover Body of Man Lying Near Highway

A dead man found off the highway near La Rosemont avenue, Montrose, brought deputies from the Los Angeles sheriff's office to the scene. They discovered the body to be that of John Grizovich. The remains were in an advanced state of disintegration, indicating that death had occurred at least six months ago. In a pocket was found a wallet containing \$15. The man had a watch and other papers, among them a Masonic receipt from Ionic lodge, No. 374 A. F. & A. M., of Louisiana.

A bank book and other documents have led the sheriff to believe that the man was a substantial temporary resident of Los Angeles, possibly a tourist, and the suspicion of foul play is entertained. A thorough investigation is reported under way.

Watchman Surprises Man Leaving Building

A volley of seven shots fired by Private Patrolman Wise last night at a heavyset man emerging from a window of the paint shop at the rear of the Buffet cafe, 235 South Brand boulevard, all went wide of the mark. Running around to Brand boulevard, Wise called a passing patrolman of the Glendale police department, and they gave chase, but the man vanished. Investigation failed to show that anything had been stolen.

Gives Instructions On Calling City Hall

Those calling the City Hall after 5 o'clock tomorrow afternoon, on election matters, are requested by A. J. Van Wie, city clerk, to call either Glendale 1301 or Glendale 1303 and not disturb the police department by calling Glendale 1300. The office of the city clerk will be open tomorrow night until all returns are in. Mr. Van Wie states, and the above numbers may be called until midnight.

Local Hunters Return From Trip to Sierras

W. F. Knox, 305 North Jackson street, accompanied by A. F. Witesman, president of the Chowchilla Colonization Co., and John D. Carson, head of the trust department of the Pacific Southwest Trust & Savings bank of Los Angeles, have just returned from a very successful hunting and fishing trip, having spent three weeks in the High Sierras. The party traveled by pack train and succeeded in bringing back a quantity of venison.

Police Hold Alleged Deserter From Navy

Wallace Gorski, who admits he is a navy deserter, according to police, is being held at local police headquarters pending advices from the naval training station at San Diego, whence a telegram has been sent by Chief John D. STOVE ATTRACTIONS TO BE OUTLINED AT SCHOOL

The Glendale Evening News Better Homes and Better Foods Exhibition Is Now Under Way; Every Woman Invited

Tuesday will be Direct Action gas range day at The Glendale Evening News Better Homes, Better Foods school, now being conducted by Mrs. Florence Austin Chase at Hahn's Auditorium, 109-A North Brand boulevard.

According to B. P. Fisher, manager of the stove department for Coker & Taylor, 209 South Brand boulevard, Glendale, distributors for this range, a 316-X model range equipped with the Lorain oven heat regulator, and having a semi-porcelain finish, with broiler above the oven will be used. Other features of this stove are no bottom in oven to burn or rust out and, therefore, impossible to warp, and the fact that no pre-heating of the oven is necessary before baking.

Elastic Oven
 This range is also equipped with the new elastic oven. Every family at certain times during the year requires greater roasting or baking capacity in its ranges. This is accomplished by simply pulling out the sections or divisions between the oven and the broiler. This enlarges the oven by converting the broiler to form the upper part of the baking oven, thereby greatly increasing the baking or roasting capacity of these ranges.

The Direct Action baking oven burner is placed directly in the oven. It is "U" shaped, extending across the front and around the two sides. The oven is scientifically designed whereby the

ATHLETIC TRAINING

It is charged with some reason that American athletic training methods are not of the best. We made splendid records in the Olympic games, but some of our entrants, it is said, were burned out; all of their training had as the objective the making of a record in some particular event. With some of the other countries participation was more a matter of course. In Finland, for instance, the people as a whole take a great interest in sports. Athletics is not so much a profession in that country as an every-day affair. The Finns live simple, natural, clean lives. They are physically strong and mentally alert as a result of their long fight against inclement natural forces. The great runners of Finland run as a matter of daily exercise, not merely to train for some competitive event. They live and eat simply all their lives, not just for a few weeks prior to an athletic contest.

If there is a criticism of the system of athletic training in vogue in schools and colleges in this country, it is the tendency to give special attention to the one who shows a special aptitude in some line of sport. This works to the detriment of his studies and to the neglect of the rank and file of students.

Boys have gone through high school, taking what might be termed an athletic course. While certain grades are required for participation in athletics, a bright boy does not find it difficult to meet the requirements with very little study. In this way a few are over trained for a limited time and the great mass is undertrained.

Of course the competitive element in games between teams and between schools is a splendid thing for those who participate, and it also fosters a spirit of school loyalty in those who do not take part.

After all, physical training is so involved with the manner of living that it is more a matter for the home than the school.

ELECTION FORECASTS

If one had no interest in the outcome it would be very amusing to listen to the comments on the political situation and the forecasts of the result of the November election.

The first man you meet is sure that La Follette is going to get a great many Republican votes and that he is pleasing to a large wing of that party that is inclined to be radical. The next man is sure that La Follette will get his largest following from the same type of Democrats who do not favor Davis because he is a Wall Street man. Again you hear that large numbers of Democrats are going to vote for Coolidge, for they recognize that Davis has no chance since he was not the choice of his party, and they want to see La Follette defeated. The next fellow is deploring the possibility that the election may be thrown into Congress and that C. W. Bryan may be the choice of that body. One man tells you that La Follette will get the labor vote and the next one says that since Davis defended Debs free of charge the Socialists are very friendly to him, entirely discounting the charge that he is the "tool of big business." This one says La Follette will get the farmer vote and the next one says the farmers are all for the administration. Still another complains that he would like to vote for La Follette were he not so popular with the Wisconsin wet element. There are almost as many opinions as there are voters. Take your choice, but vote for the best men.

ADVERTISING BOON TO BUYER

Many people make a practice of reading advertisements either in search of bargains or merely to acquire the merchandising information that is essential to the careful buyer. But very few really know the importance of advertising and what it has done and is doing for the buyer. There is a feeling that advertising benefits the advertiser only. Advertising is necessary to business, of course, but it is of equal benefit to the buyer and the seller.

Try to visualize, if you can, what would happen if all advertising should be discontinued today. Business would come to a standstill. You would not know where to go to buy the thing you wanted and you would fear to buy an article you had not proved. Advertising is a tremendous guarantee of the worth of any article. You would have to spend valuable time going from store to store in order to compare merchandise and prices.

Advertising is a boon to the buyer as well as a business builder for the advertiser. It means comfort, convenience and speed for the public. It tells you where you can get what you want and it tells you what you are getting. You find all sorts of interesting things in the advertisements. They tell you of new discoveries and new inventions and of things that are going on in the world. You will find real information and real human interest in the advertisements. Do you read them?

SCHOOL ATTENDANCE BUSINESS GAUGE

Not only in Glendale and Southern California is increased registration at public schools reported. In nearly every city in the United States the same condition is revealed, although, of course, the increase is much greater in a city like Glendale where the population is growing so rapidly.

This widespread increase in school attendance is taken by some as an indication of business prosperity, statistics showing that the attendance at schools and universities is sensitive to the trend of business conditions and is a gauge of business stability.

"Increased registration in the schools," says the Christian Science Monitor, "may certainly be taken to mean something more than an added interest in education." That these figures indicate, with no little certainty, a firm economic situation for the ensuing year is probably undoubted.

THE SOURCE OF BOLSHEVISM

A well known divine declares it is foolish and futile to denounce bomb manufacturers and soap box orators who denounce the government. They are not the source, but the result of the condition that menaces the land. Colleges that teach socialism, syndicalism and communism are at fault and the people of wealth who open their homes to the agents of Russian Bolshevism are to blame. Some of the rich whose intellectual ability and moral stamina have not kept pace with the accumulation of their material possessions are easy prey for the Russian revolutionists who gain entry to their drawing rooms and thus encourage conspiracy against our government.

OUR GREATEST ADVERTISEMENT

Cold

By DR. FRANK CRANE

It used to be a saying, out west where I come from: "Heat is life and cold is death."
As far as my own experience goes I should be inclined to look favorably upon this statement.
Heat is expansion. On a warm summer day full of sunshine, when the air is vibrant with heat, and you look out from under the shade of a tree, it seems easy to send your soul into the Infinite, for it seems as if you were a brother to all things.
Cold drives you into the house. It makes you shut the windows and doors, to defend yourself against the universe. It makes you hug the stove. Its influence upon one's ideas is similar. Cold is the friend of narrowness and littleness and egotism and all things that contract one. Whereas brotherhood and fellowship, if all these exist, can hardly endure except in a state of warmth.
My notion of nowhere to go is the North and

South poles, high mountain tops and cold and remote places. Their atmosphere is unfriendly. You cannot exist in them unless you take your own little world with you.
My vote is for "the good old summer time." To be sure, winter may have its pleasures, but they are all, in a measure, artificial and are not for a moment to be compared with the happiness that comes to us with the long, warm, sunny days. There is no doubt that there is no more to be gained from the universe is too crowded for us and bugs and insects and all sorts of small deer contend with us for a place. But, to the hospitable soul this is no drawback. Himself feeling the pleasures of warmth, he is willing to share them with other forms of life. He usually has to, whether he will or not.

Making Presidents

By H. Irving King

IN 1804—
THOMAS JEFFERSON
RE-ELECTED
By the time the election of 1804 came around a change had been made in the method of voting in the electoral college. Mindful of the Jefferson-Burr complication, an amendment to the Constitution had been adopted which required the electors to vote direct for president and vice-president, thus doing away with the "next highest" plan. It was the final blow to the non-partisan government idea of the framers of the Constitution.

Also now, for the first time, a "congressional caucus" was openly called, by the Republicans, and candidates formally put in nomination—Jefferson for president and George Clinton of New York for vice-president. There is no record of the Federalists having called a caucus; but it was clearly understood that their candidates would be Charles C. Pinckney and Rufus King. Clinton belonged to a distinguished New York family, had been a general in the Revolutionary war and governor of his native state, where he wielded great influence. King had been a member of the Continental Congress and of the Constitutional Convention, senator from New York and minister to the court of St. James.

The result of the election was never in doubt, though in the few states where the electors were chosen by popular vote the contests were waged with the old-time bitterness. When it came to the electoral college, Jefferson received 172 votes to Pinckney's 14. For vice-president Clinton received the same number of votes as Jefferson and King the same as Pinckney. Connecticut and Delaware alone had remained faithful to the Federalist cause—though Maryland gave two of her eleven votes to Pinckney and King.

George H. Seal Gives Views on Bond Issue
Editor, The Evening News—South Glendale should feel highly honored that the Park Commission would even consider letting them have \$35,000 for a park, and should swallow all the stuff that is on the pamphlet they mailed to us, when the taxation shows in many cases to be 50 per cent higher in 1924-25 than in 1923-24. This fact I obtained from the county tax office.

South Glendale has never had one dollar spent for it since it went into Glendale, notwithstanding the fact that we turned over several thousand dollars to the city when we annexed. Now why not give South Glendale \$122,500 for a park and give the north \$35,000—is it not as fair one way as another. We do not feed it and I hope we know enough not to vote such a burden on the people of Glendale.

Propositions 1, 2, 4, 5 and 10 we need, but the rest is absurd. While Glendale is the fastest growing city in America, we must remember there is a pay day coming for all these bonds and it is easy to get in debt, but hard to get out. This election is called before you get your 1924-25 Tax bill, so be careful when you go to the polls and vote "no" on all this stuff we do not need.

Bath tubs are provided in most public schools in Sweden. In Stockholm, Sweden, people live almost exclusively in flats. Swedish ladies have two birthdays, a name day and a birthday. First lessons in polo are learned on wooden horses at West Point. Girls of Eastern High school, Washington, D. C., are taught automobile repairing.

During the wet season, which is from April to November, in West Africa, flour must be protected from dampness by waxed paper placed inside the barrels.

A hen in Wisconsin recently stole three kittens that were 10 days old at the time, from the mother cat and successfully watched over them. The mother cat was allowed to come near the kittens only at meal time and when they had fed, the hen drove the cat away.

Horoscope

Many good influences have power today, according to astrology. Jupiter, the Sun, Mercury and Venus are all in benefic aspect. This is a day in which to employ all one's best energies in pushing new plans and forwarding well established projects. There is a promising sign for all initiative and again bankers appear to be in places in the Sun. The seers predict that economic policies will transcend all others in deciding the welfare of the world at this time.

Warning is given of secret plots and far-reaching intrigues against the United States, which will have a period of such prosperity as to accent world envy. Manufacturers in certain lines are to have much unexpected activity in which the government will be a big purchaser. Persons in search of employment should be lucky in getting just what they want.

While there will be discontent in certain quarters among workers there will be less unemployment at this time than there has been.

In eastern cities the poor will suffer much in the coming winter, astrologers predict, because of the prevalence of some epidemic. This is held to be an extraordinarily fortunate date for presenting new plays or for making theatrical contracts of any sort. Fame for new actors and added honors for old ones are forecast for the winter.

Under the planetary government at this time there should be a great interest in all lines of artistic endeavor. Persons whose birthdate it is should cultivate a calm and philosophic attitude during the year which may bring many severe character tests. There should be great prosperity.

Children born on this day probably will command the greatest respect for they should be talented. These subjects of Libra may be rather obstinate and inclined to sarcasm, but they usually win great success.

THE LAST RESORT
Jones had returned from the seashore with the same tired expression he wore when he started his vacation.
"What's the matter Bill?" asked a friend. "I thought you went away for a change and a rest."
"I did, but the waiters got all the change and the landlady got the rest."

WHEN SHE REBELLED
"I bet," remarked Hank Peters, "that by the time Bill Tibbal's wife got through with him for takin' that \$3000 out of the savin' in his bank an' goin' an' spendin' it for them 40,000 shares of fake oil stock, poor ol' Bill wished he hadn't tried to be a high financier."
"Oh, Bill's wife didn't raise any rumpus over that transaction," said young George Haskins, who is a distant relative of the Tibbals and lodges in their home.
"But my wife heard her!" asserted Hank. "She went to call on her last evenin', and while she was standin' in the vestibule waitin' to ring the bell she heard Bill gettin' the jawin' of his life!"
"But that jawin' wasn't being given because Bill had bought the oil stock," explained young George. "It was because Bill was payin' \$5 a year for a box in a safe deposit vault to keep the oil stock in."

Who's Who

Sans campaign manager, headquarters and all the other "usual machinery" of candidates, William Allen White is running for governor of Kansas on an independent ticket.

He has adopted for his chief campaign slogan: "Free Kansas from the Ku Klux Klan."

White, newspaper man and author, is one of the outstanding figures in Kansas politics. He drew national attention by the prominent part he took in the "Bull Moose" campaign of 1912 and continued an important figure in the progressive movement up to 1916.

His closest friend is ex-governor Henry T. Allen and the two have entwined Kansas politics many times. While Governor Allen had White ordered jailed when the latter posted a placard in the window of his Emporia newspaper expressing sympathy with striking railroad workers.

The two worked together in welfare projects during the war years. White later wrote a book on their experiences, calling it: "The Martial Adventures of Henry and Me."

White is now a trustee of the Rockefeller Foundation. He was a member of the committee which awarded the prize in the Bok peace award contest. He is also the author of the prize winning editorial in the Pulitzer contest for 1923.

He first attracted attention as a writer with his editorial, "What's the Matter With Kansas." He is 56 and married.

CONVENTION OPENS

SACRAMENTO, Sept. 29.—The American Mining congress opened its convention here today. Thirteen hundred delegates had registered for the convention at noon, including President Harry Seaman, and many other mining men of national renown. The opening day of the big confab was given over to a dramatic picturization of the California gold rush, with more than 3,000 men and women in costumes of the early days participating. Officials of the mining congress were welcomed to the state by Governor Friend W. Richardson and United States Senator Samuel M. Shortridge.

A series known as the Cognac prizes are awarded to the largest families in France.

Verdugo Hills Post Will Help Veterans

Former service men and women living in the La Crescenta valley who have not sent in their applications for adjusted compensation, will be given an opportunity to obtain assistance this week when members of Verdugo Hills Post No. 288, American Legion, will maintain headquarters nightly, from 7 to 9 o'clock, in the Montrose hotel building on Honolulu avenue.

The regular meeting of the post will be held Wednesday night, starting at 8 o'clock, at these headquarters. Commander E. L. Sullivan will preside at the meeting. One of the important topics to be brought up for discussion will be the purchase of a site for a permanent home for the post and auxiliary.

Thursday night the members of the auxiliary will meet at the temporary headquarters and will complete plans for forming a unit, and on Friday night the Boy Scout troop, sponsored by the post, will meet. A. P. McCarton is scoutmaster of the troop.

LARGEST WAREHOUSE

The largest warehouse in the United States has just been completed in Cincinnati. It stretches over two blocks, is 614 feet long and 175 feet wide, has seven floors and contains over 9,100,000 cubic feet of floor space. It has 280 concrete pillars and cost \$3,500,000.

Heads Order

FRED H. HUESMAN, who will be installed Thursday night as grand knight of Glendale Council, Knights of Columbus.

Knights of Columbus of Glendale are to celebrate the sixth anniversary of the founding of the local council by installation of officers-elect Thursday night in the clubhouse at 330 East Lomita avenue. Of special significance is the fact that the grand knight elect, Fred H. Huesman is a charter member of the council and has held the office of financial secretary since the organization in 1918.

The real anniversary date is today, for just six years ago the Glendale council, No. 1920 came into being. There were between thirty and forty men gathered together under the banner of Columbianism, with Peter L. Ferry as the first grand knight. Other officers serving with him were A. M. Doll, deputy grand knight; M. J. Brennan, chancellor; F. H. Huesman, financial secretary; J. W. Andre, treasurer; E. L. McMahon, warden and J. Will Blackman, advocate.

First Mass Held

On that day of organization the Knights marched to the Harvard High school grounds, where mass was solemnized by Rev. James O'Neil, the first pastor of the Holy Family Catholic church. After mass the company marched to the old Elks club, located at 111 East Broadway, known now as the Central building, where the major degrees were exemplified with Joseph Scott in charge. A banquet followed, with prominent guests from Glendale and Los Angeles.

Anniversary memories are emphasized today for on that day in 1918 the thermometer registered 107 degrees in the shade.

Since organization the council has grown from thirty to 250 members. The Knights have taken active part in community welfare and athletic activity. It is the intention of newly elected officers to promote still greater activity in sports such as baseball, bowling, basketball, hand ball and other sports.

It was two years ago that the Knights bought their clubhouse and property at 330 East Lomita avenue. They added an auditorium to the building.

List of Officers

Officers serving with Mr. Huesman will be J. G. Monahan, deputy grand knight; George Killinger, chancellor; John De Ferie, recorder; E. L. McMahon, financial secretary; A. J. Mailloux, treasurer; John A. Coleman, advocate; Thomas Rattigan, warden; Capt. Francis Lawler, inside guard; John Richter, E. J. Brennan, outside guards; Peter L. Ferry, Jesse Smith, E. J. Albright, trustees; Rev. M. J. Galvin, chaplain.

Retiring officers are Jesse Smith, grand knight; E. J. Albright, deputy grand knight; E. J. Brehme, chancellor; Fred Albright, recorder; Fred H. Huesman, financial secretary; R. F. Doll, treasurer; T. J. Keleher, advocate; P. J. Mulcahey, warden; J. O'Neill Farrell, inside guard; J. J. Penner, Jr., E. Wallace, outside guard; Jesse Chappliss, E. L. McMahon, trustees.

Returns After Eight Months Spent Abroad

Travel abroad has featured the past eight months for Mr. and Mrs. Charles H. Meadows, who arrived in Glendale yesterday. They returned from abroad some weeks ago, but have been enjoying visits in Montreal, Toronto and other Canadian cities, and then purchased a car in Detroit, Michigan, and made the trip west by motor.

Crossing the Atlantic on the Canadian liner Mont Clare, Mr. and Mrs. Meadows visited England, Scotland, Italy, Switzerland and France. They spent the most time in England, where they had the pleasure of a motor trip through the lake country. When in Kent county they had lunch with Mrs. Prosser Penn, formerly Miss Whittaker, a Glendale resident.

Of special delight to them was Southern France, Scotland and the English lake district. The return across the Atlantic was made on the liner Mont Calm.

Mrs. Meadows, who is one of Glendale's talented vocalists, is prominent in Tuesday Afternoon, Glendale Music and Madrigal club affairs, and her many friends will be happy to learn that she and Mr. Meadows are to again make their home in Glendale.

Members of Tent Show Cast Guests at Party

Honoring Murphy's Comedians Granville Forbes Sturgis, director of Community Service players last season in Glendale, and Louis Sargent of the Fox studio, entertained a merry company last night in the former's home, 8224 De Longpre avenue, Los Angeles.

An informal program included readings by Mr. Sturgis, piano solo by Mrs. Lester Y. Bruner, reading by Bernie Richardson, specialty dancing by Arthur Lake, of the Universal studio, reading by Mrs. John Minard, violin solo by Sol Pardner, and a

reading "A Fool There Was," by Violet Neltz, Al Stabell, Mrs. Al Stabell. Dancing was enjoyed during the evening and a buffet luncheon was served.

Members of Murphy's Comedians attending the party were Horace Murphy, Mr. and Mrs. John Minard, Miss Florence Silverlake, Joseph Bell, Jack Phipp, Mildred Brenaman, Leslie DeJolancy, Bernie Richardson, and Miss Mae Richardson. Other guests were Mrs. Edith Silverlake, Miss Doris Barnard, Mr. and Mrs. Pollock, Mr. and Mrs. Lester Y. Bruner, Mrs. Neal, Mr. and Mrs. Fred Hotchkiss and Sol Pardner.

Bowen Club In Big Picnic at Brookside

Glendale and Long Beach are keen rivals when it comes to claiming former residents of Bowen, Illinois, 119 of whom picnicked yesterday in Brookside park, Pasadena. Glendale won first place yesterday, for the majority of those present are now residents of "The Fastest Growing City in America." Officers of the Bowen Southern California club are J. A. Robinson, president; Henry Stevens, secretary; Ralph Cannon, treasurer, all of Glendale.

Mattison B. Jones to Reach City Tomorrow

Mr. and Mrs. Mattison B. Jones and daughter, Miss Winnifred, who were to have arrived home today after a trip east and abroad, were delayed en route and will not reach Glendale until 7:35 o'clock tomorrow morning. With the Jones family is Mrs. Jones' mother, Mrs. M. Ewell Smith, who went east to meet them.

COMMUNITY LOYALTY—COMMUNITY LOYALTY—COMMUNITY LOYALTY—COMMUNITY SERVICE—COMMUNITY SERVICE—COMMUNITY LOYALTY—COMMUNITY LOYALTY—COMMUNITY LOYALTY

Glendale's unusual advantages insure a loyal citizenship.

COMMUNITY CO-OPERATION

True Community loyalty is more than a feeling—it impels to deeds.

Realizing the Great Community Development Truth that a City Grows exactly as its Business and Merchandising Institutions Grow, these firms have given their hearty endorsement to the movement for co-operation between Glendale merchants and Glendale consumers

Glendale Greatly Favored; Glendalians Logical Boosters

Developing naturally from California soil and climate are many unusual products, and chief among them is Community boosting. It seems that every California city and village is conducting a Community loyalty campaign, and this is not only in Southern California but also in the North, where advantages are neither so numerous nor so well-known.

As far north as the Oregon border the Communities of California are enlisting their citizens in the work of boosting the home town and working for its growth. Of course all these places have some advantages, and there are people everywhere to whom the spirit of Community Loyalty is natural, yet Glendalians might find it difficult to foster the spirit of Community pride in some of the places in California where citizens are making a valiant effort to boost their communities. We have become so accustomed to unusual advantages that we do not prize them as we should.

The people of Glendale have good reason for civic loyalty. Our city has made such wonderful progress and our future seems so assured. And so it is only natural and logical that Glendalians should be Community boosters.

But to be of any benefit to Glendale our Loyalty must be more than an emotion. It must be practical and workable. Loyalty to Glendale includes speaking well of Glendale and being courteous and friendly to visitors and strangers. It means keeping our dollars in Glendale where they will help Glendale institutions. The really loyal Glendalians do these things almost without volition.

The advertisers on this page have entered upon a campaign to promote Community Loyalty. They are not selfish in working for a Greater Glendale. The movement is too big to embrace personal selfishness. Community growth is assured when all citizens are loyal. These advertisers ask you to help.

Delusion Dispelled

A century old delusion has been dispelled by the U. S. Government; Federal medical experts and courts have officially decided that the healthfulness of water is not improved and no medicinal qualities added by the presence of so-called "minerals" which are simply impurities gathered by rain or snow water.

Dr. John Harvey Kellogg states that water containing minerals such as spring waters, "are simply rain water which has been contaminated by coming in contact with various mineral substances while percolating through the earth." Naval surgeons have found that the most wholesome water is water from which all inorganic substances have been removed—mineral-free water.

State and county health boards have issued warnings about water from unsafe, unknown or questionable sources.

Puritas is mineral-free, wholesome, absolutely safe, always dependable; Puritas is health insurance; for a quarter of a century Puritas has brought strength, health and vim to thousands.

Phone TRinity 1861 for an iceless cooler; no charge or deposit. The Puritas Health Club, Box 10, Arcade Sta., Los Angeles, will answer all questions regarding the use of Puritas to restore health.

NEWS OF VALLEY

LANKERSHIM, Sept. 29.—To the industries of this community is to be added that of ladder making, if present plans carry. The name of the new corporation will be the Lankershim Ladder Co., it is announced.

C. J. Rediger is now constructing a factory building on West Fourth street near Palm avenue, and the new corporation expects to be ready to manufacture ladders as soon as the building is ready and machinery installed.

The stockholders are Harry Ross, Harry Bankston, Fred Scharold and E. F. Givens, all residents of Lankershim.

The ladders will be manufactured principally under a patent owned by Mr. Givens, who will be manager.

The company anticipates being in full operation by October 15, as the machinery is ordered and will be on the ground the first of next week for installation it is said. The factory will start with about fifteen men and will have a capacity of about 3000 feet daily and the output will be increased with the demand.

The Women's club of Lankershim is preparing to resume its program after an adjournment of several months. The first meeting will be held at Community church, on Friday, October 3, and it will be in the form of a "pot luck" luncheon, which will be served at noon.

Mrs. Kelly, president, is urging all members to be present and bring their friends. Every woman interested in the welfare of Lankershim is requested to make a special effort to be at the dinner and assist in putting over the club in worthwhile shape.

At this meeting Mrs. Kelly will outline the work for the year. Several subjects will be open for discussion and suggestions asked.

HANDBAG PETS LATEST

Pets that can be carried around in a woman's handbag are becoming the vogue in Europe and among these pets are found lizards and marmosets. These pets are owned by women who are prominent in various walks of life and they thrive, though some of their owners carry them for hours in their bags.

As one of the schemes for relief of unemployment in England during the winter, it now is proposed that a road tunnel be constructed under the Thames river to connect Kent and Essex.

FROM EAGLE ROCK

EAGLE ROCK, Sept. 29.—A \$30,000 parochial school is to be built by St. Dominic's church, within a few months, at the corner of Maywood and Merton avenues. This is the first private religious educational institution in the community.

The sisters of the Dominican order from the California mother house, San Rafael, will take charge of the teaching. An active drive for funds to erect the building is in progress. The district embraced is large, covering the northeast highlands, it is announced, and a great many children will be enrolled as soon as the school is completed.

The building will be of Spanish type, Ross Montgomery of Los Angeles having been chosen as architect. There will be eight rooms in the completed structure, finished in stucco outside, with a tile roof. Beside academic subjects, special stress will be laid on training in art and music.

Again Conrad Buff, well-known Eagle Rock artist, has gained recognition for his work. Word has been received that Mr. Buff was awarded a prize at the state fair of Sacramento for the best display of paintings. One of Mr. Buff's subjects that received highly favorable comment was a scene taken in the High Sierras. Mr. and Mrs. Buff are at the present time enjoying a vacation.

Mr. and Mrs. C. A. McClintic of LaRoda avenue, who have been on an extended trip through the East for the past two months, returned home. They visited friends in Chicago, Port Wayne, Parkersburg and Bedford Springs, Pa. They report excellent weather conditions, with occasional rain, making the country beautifully green.

W. F. Benjamin of Windermere avenue, who has been treated for blood poison in a local hospital has improved enough so that he is now home. His many friends are hoping for a complete recovery in the near future.

BURBANK NEWS

BURBANK, Sept. 29.—A total of \$405,000 in school bonds is needed to put the educational facilities of this city on a par with its present population, according to School Superintendent L. F. Collins and the city and high school boards of education.

Figures announced at a recent dinner held at the high school will show that the high school will need \$280,000 and the grammar schools \$125,000 of the proposed bonds to supply the funds they require. The district can issue \$302,000 worth of bonds for the high school before the limit allowed by law has been reached, and \$260,343 for the grammar grades it was revealed. The consensus of opinion was that the district should ask for an amount well up toward the limit.

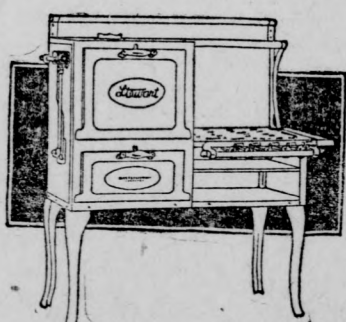

The meeting ended with the understanding that the school officials are to go into the matter more fully, so as to determine the amount that will be needed to meet the situation during the next few years, on the assumption that the district continues to grow as it has been growing.

Mr. and Mrs. Wallace Johnson and children left yesterday for Fresno, where they will remain for a week and will visit at the home of Mrs. Johnson's sister, Mrs. J. H. Carter. They will also attend the county fair which is an attraction of the northern city next week. The journey will be made by automobile.

James Mayberry of Pasadena was a recent luncheon guest at the home of Mr. and Mrs. J. H. Kiddoo of Palm avenue.

Four Injured In Fire At Filling Station

(Continued From Page 3)

baze, had meanwhile fainted and was carried from the flaming auto by a bystander.

In a matter of minutes the firemen from Station No. 1, led by Chief A. H. Lankford and Captain Ralph Dodsworth, were on the scene. They had scarcely opened their attack on the stubborn flames when a gasoline pump exploded, badly cutting H. M. Hastings of the department, as a shower of blazing vapor and red-hot glass flew in every direction. Robert Bassett, another fireman, was injured about the knees.

Two to Hospital

Shortly afterward another pump exploded, and then the third, each sending its shrapnel-like shower to the four points of the compass. It was 7:30 o'clock before the fire was pronounced out by Chief Lankford.

Meanwhile an ambulance arrived and took Mr. Peterson and Mrs. Doll to the hospital, where they were treated. Firemen Hastings and Bassett were taken to their homes by their fellow fire-fighters at Station No. 1. Mr. Peterson is reported to be in a serious condition.

Pure Water Is Great Factor in Good Health

By ELMER E. CAREY
Written for The Evening News
Scientists and physicians are at last recognizing the fact that in addition to pure food and pure air, pure water is of vital importance. The average adult should drink about two quarts of pure water daily. Many ills may be traced to the use of water containing lime, earthy material, quartz, gypsum, etc., in solution. These various cement-like compounds may be noticed in the bottom of a tea-kettle.

VALUE OF GOSPEL IS SERMON TOPIC

Rev. C. M. Calderwood Takes Society as Theme for Sunday Address

Rev. C. M. Calderwood, pastor of the First Congregational church spoke on the subject, "Can the Gospel Save Society?" yesterday. Rev. Calderwood said in part: "The gospel is not identical with orthodoxy. Orthodoxy is an authoritative formulation of what a previous age believed the gospel to be. Sometimes this is far removed from New Testament teachings. The gospel is not a message of doctrinal precision, but of life. It is a message that God is love and that the supreme good of life is to be loving like God; that God can be trusted and that he will help those who trust him. "Each age must apply to its own conditions and problems the principles contained in this message. "The hope of the world lies in a rigid application of the principles of the gospel to our social difficulties and problems. The love of Jesus as taught in our gospel has won more victories for world order than any other power in the world. "If we would save the world in which we live, we must live the gospel of Jesus, we must proclaim it, we must apply it. The gospel will not save society if we have so little faith in it that we will not bring it to bear upon the burning problems of our day."

EARLY RELIGION TOLD BY PASTOR

Rev. Clifford Cole Speaks on Subject of 'Church That Will Take World'

With his theme that of "The Church That Will Take the World," Rev. Clifford Cole delivered a forceful sermon at the Central Christian church yesterday morning. Rev. Cole outlined some of the main features of the early church, taking the listeners back into the early ages and describing the workings of religion. He also emphasized the matter of steadfastness in the church and the importance of such. At the evening service the pastor related some of his experiences in Europe, giving a very vivid detail of many of his unusual incidents which he encountered while across the water. Special music was prepared by the choir under the direction of Harry S. Larkin and a delightful program given.

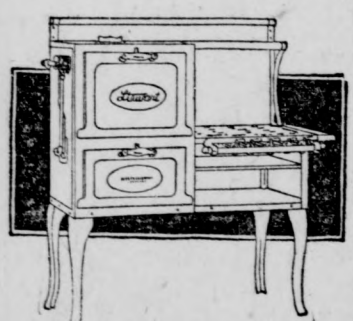

INSTALL ELDER

Following the sermon at the Zion Evangelical Lutheran church yesterday two more elders were installed. Albert Hofstetter and William Heydeurich, Sr., were the men installed.

HOLD MEETING

An important meeting of members of the advisory board of the Baptist church will be held at the church tonight at 7:30 o'clock. Members of the board are requested to attend.

SPIRITUAL POWER MESSAGE GIVEN

Rev. W. E. Edmonds Delivers Helpful Sermon at Presbyterian Church

Rev. W. E. Edmonds of the Glendale Presbyterian Church brought a message of especial spiritual power on Sunday morning on the subject "The Lord of Glory." The Scripture on which the sermon was based was John 17:24. He said in part: "In this, the Lord's prayer as recorded in the 17th Chapter of John, He gives us a three-fold glimpse of His Glory. 1st—The Glory that was His before the world began, 2nd—His glory in the days of His flesh, and 3rd, the glory into which He went at His ascension. "To these, let me link a verse Matthew 25:31. "When the Son of Man shall come in His glory and all the holy angels with Him, then shall He sit upon the Throne of His glory." Glory yet to come. Here we see—glory before the world was, glory in the world, His greatest glory and glory which is to come. Notice first His pre-world glory. "The glory which I had before the world was." What it was, we cannot fully know. Enough for us to remember that He was not a creature of time, but eternal. The apostles traced His lineage back to God Himself—not merely to Bethany. That was merely His First Advent. He brought all the Beginnings to pass. He said: "Before Adam was, I am." He was the One Who spoke to Adam out of the bush, "Go to Pharaoh and say I am hath sent thee." To the woman at the well of Samaria, the original is "I Am That speaks to thee." "I am the Bread of Life." "I Am the Door." "I Am Light." "I am the True Vine." "I am is Deity." "In His flesh, the glory of Heaven's forgiveness was seen. He showed His Deity and His eternal glory in His forgiving power. "Neither do I condemn thee." "Father forgive them." "Go thy way, thy sins are all forgiven thee." "Then His present glory. "That those whom Thou hast given Me may be with Me, that they may behold My glory." He is now at the Father's right hand, clothed with glory and wisdom and power and might. That great High-priestly prayer was answered when He ascended on high. It was that glory that was seen by Stephen and John in their great visions. The church ought to get that vision today, and live in the light of it day by day. "Concerning His future glory: When the Son of Man shall come in His glory and all the holy angels with Him, then shall He sit upon the throne of His glory." This glory is beyond description; there is nothing in all the world to illustrate that glory. The unseen glory of the Lord and the Unseen Lord of Glory will some day, be visible to His Own and they will share in it. For He will bring many sons to glory with Him. We who have shared with Him in His rejection, will joy with Him in His glory. "The age of victory is before us. The mist will soon clear away and this shall behold His glory. In this age of grace, we must not sit idly by. Let us walk worthily before Him, 'holding as in a mirror the glory of the Lord,' and changed thereby from glory to glory. To Him be glory forevermore. When the Kingdom of grace shall look on His Face, that will be glory for me."

Plans for Week

The Lookout department of the society, headed by Mildred Thompson, held a conference at 5 o'clock at the church, previous to the meeting, to plan for advertising during the coming term, and especially for the "High School" meeting planned for October 12. The prayer meeting department, directed by Alice Huston, will meet tonight, at her home, 312-A North Isabel street, and the social departments, old and new, under supervision of Dorothy Schenk and James Littell, will convene on the following Sunday afternoon, at the church for the purpose of planning for similar branches of the organization's work for the following month. Special announcement was made in reference to the meeting of the executive committee, composed of the new officers of the society, which is to be held Saturday evening, October 4, at 7:30 o'clock at H. L. Brown's residence, 406 North Maryland avenue at which time the "Friends of Christ Campaign," a national institution of annual duration, and other important matters will be brought up. All the Endeavorers of the city and vicinity, are invited to attend the District Union rally, which will take place Friday, October 3, at 7:30 o'clock in the Presbyterian church.

Organization Founded at St. Mark's Church

Young people of St. Mark's Episcopal parish were organized last night into a Young People's Fellowship by Rev. David R. Covert, secretary of religious education for the Los Angeles diocese. There were twenty young people present. Miss Gladys Kattelman was chosen president. Every Sunday night the young people are to meet for a light supper, followed by a meeting. This is the first young people's organization at St. Mark's and the pastor, Rev. Philip K. Kemp, is most happy over its formation.

VESPER PROGRAM

The vesper hour program was given at the First Congregational church yesterday, by the Music Teachers' Roundtable of Glendale music club, women's quartet, consisting of Mesdames Gladys Gibb, Sherman, Frank Arnold, Albert M. Draper, Florence C. Parker, bass; Glenn Dolberg; organists, Miss Lilla E. Litch and Wesley Kuhnle.

RALLY PROGRAM

The rally day program was featured at the service of the Atwater Baptist church, with the pastor, Rev. M. Grant Nelson, delivering the sermon. The program was given at 9:30. "Laymen's Night" address was given by Judge Robert H. Scott.

BIBLE SUBJECT

Rev. C. H. Chrisman, pastor of the Gospel Tabernacle, preached on the subject, "The Inspiration of the Bible," yesterday.

GIVE READING

Readings by Mrs. Mabel Moore and Guy E. Moore followed the evening services at the Occult Science church yesterday.

CHURCH SOCIETY HONORS OFFICERS

Installation Held Sunday by Members of Christian Endeavor Order

"Organizing to get things done," was the topic of the meeting of the Intermediate Christian Endeavor society, last night, at the Presbyterian church, the meeting being conducted by Fred Falls.

Due to its being the last meeting of the term, many important matters were brought up. Graduation exercises were at this time held for the following five members, who pass automatically into the Young People's group of the church: Paul Edmonds, Jessie Gaskin, Louise Dougherty, Marguerite Naughton and Ruth Jaekel. Neal E. Sooy, one of the organization's well-known members, was given a special send off by Superintendent Howard L. Brown, in view of his leaving later in the evening for Stanford university.

The Intermediate and Young People's organizations had a joint session at 6:45 o'clock for the semi-installation of new officers of the societies. Rev. Edmonds officiating. The following officers were installed: Young People, Duane Terry, president; Daryl Parker, vice president; Ruth Jaekel, secretary; Percy Jewell, treasurer; Mary Simpson, prayer meeting chairman; Reta Levy, lookout chairman; Louise Jewell, missionary chairman; Mira Rhodes, social chairman.

Intermediate—Harold Parker, president; John L. Simpson, vice president; Dorothy Schenk, secretary; Spencer Jewell, treasurer; Alice Huston, prayer meeting director; Mildred Thompson, lookout director; Wilbur Lemon, missionary director; James Littell, social director; Mildred Sooy, director of girls; Ronald West, director of boys.

Damage Is Slight at Garage Fire Sunday

The garage of Mrs. G. Howe at 328 West Colorado boulevard was damaged by fire at 11:30 o'clock Sunday morning. Prompt arrival of firemen and apparatus from Station No. 1 prevented the destruction of the garage and the spreading of the flames to the house, reports Chief A. H. Lankford.

TO GIVE TRAVELOGUE

Rev. Clifford Cole, pastor of the Central Christian church, will give a travelogue of Switzerland at the Wednesday evening prayer service at the parsonage. Having traveled over Europe and especially through Switzerland, Rev. Cole will undoubtedly have an interesting talk to give those who attend.

BIBLE LECTURES

A series of four Bible lectures will be given at the Gospel Tabernacle church, starting Monday night and continuing through to Wednesday morning at night by Dr. J. J. Sims, well-known English Bible lecturer. The subject for the first night will be "The Prodigal Son."

LECTURE ON BIBLE

Mrs. Adeline Becker gave an interesting lecture on Bible interpretation at the New Thought Center yesterday. The speaker dealt with allegories and tracing the symbolical meaning of words and phrases used throughout the Bible.

SPECIAL GUESTS

Members of the Highland Park Christian Endeavor society were special guests of the same organization at the Central Christian church last night when a special musical program was given.

ANNUAL MEETING

The annual meeting of the First Baptist church will be held Wednesday night at 7:30 o'clock at the corner of East Wilson avenue and South Louise street.

PASTORS ATTEND ANNUAL MEETING

Glendale Well Represented At Big Conference in Santa Barbara

Glendale was well represented at the annual conference of Methodist churches which opened Wednesday at Santa Barbara and will close today. Ministers from local churches who attended the conference included Rev. L. C. Kline, of the Central Avenue Methodist church; Rev. H. C. Mullen of Pacific Methodist-Episcopal church; Rev. J. C. Livingston, of the Casa Verdugo Methodist-Episcopal church; Dr. and Mrs. H. T. Rasmus, Sr., and Rev. and Mrs. H. T. Rasmus, Jr., of the First Methodist-Episcopal church.

About three hundred ministers from various portions of the southwest were present at the conference and a most beneficial meeting reported. The first few days of the meeting was given over to a business session and a meeting of the Women's Foreign Missionary society and the Women's Home missionary society was held. The Layman's associations met on Thursday and Friday. Today, the last day, will be given over to reading of the new appointment for the new year. Bishop Charles W. Burns of San Francisco, presiding.

HOLD FAMILY DAY AS ANNUAL EVENT

Annual Event at Presbyterian Church Proving More Popular Yearly

The annual "family day" was held at the Tropic Presbyterian church yesterday, with the morning services given over to Rev. James F. Winnard, who delivered a sermon on the subject, "Working Capital of the Church" and the night services being given over to the young people. A number of the younger set spoke on the subject "Getting Ready." Yesterday was also annual rally day in addition to family day. On the latter day an attempt is made to have every member of every family present and it has come to be an annual event that is looked forward to with interest. Attendance is growing larger each year as the interest increases.

Special music featured both the morning and evening services.

Special music featured both the morning and evening services.

Aged Pastor Gives Interesting Sermon

Rev. W. G. Cowan, a member of The Glendale Evening News Sunset club, delivered the sermon at the services of the Pacific Avenue church yesterday. Although nearly 90 years old, Rev. Cowan is an active member of the church and devotes his time teaching Sunday school and delivering sermons, not only in his own church but in others.

Rev. Cowan carries the distinction of having his name on the bronze tablet of the Pennsylvania monument on the site of the battle of Gettysburg. He was a member of the Civil war forces then. For thirty-eight years Rev. Cowan has served Methodist churches, and, although his parents were Presbyterian, he holds firmly to the Methodist church.

'Paths of Life' Used As Theme for Sermon

Rev. Ernest E. Ford, pastor of the First Baptist church, delivered the sermon at that church Sunday, using as his theme in the morning, "Life Preservers." The main points touched by the pastor were that salt is a preserver of decay and that human nature has a tendency to be destructive. Christ started the church in order to preserve humans, he stated, and everyone should take advantage of the opportunity of worshipping the church.

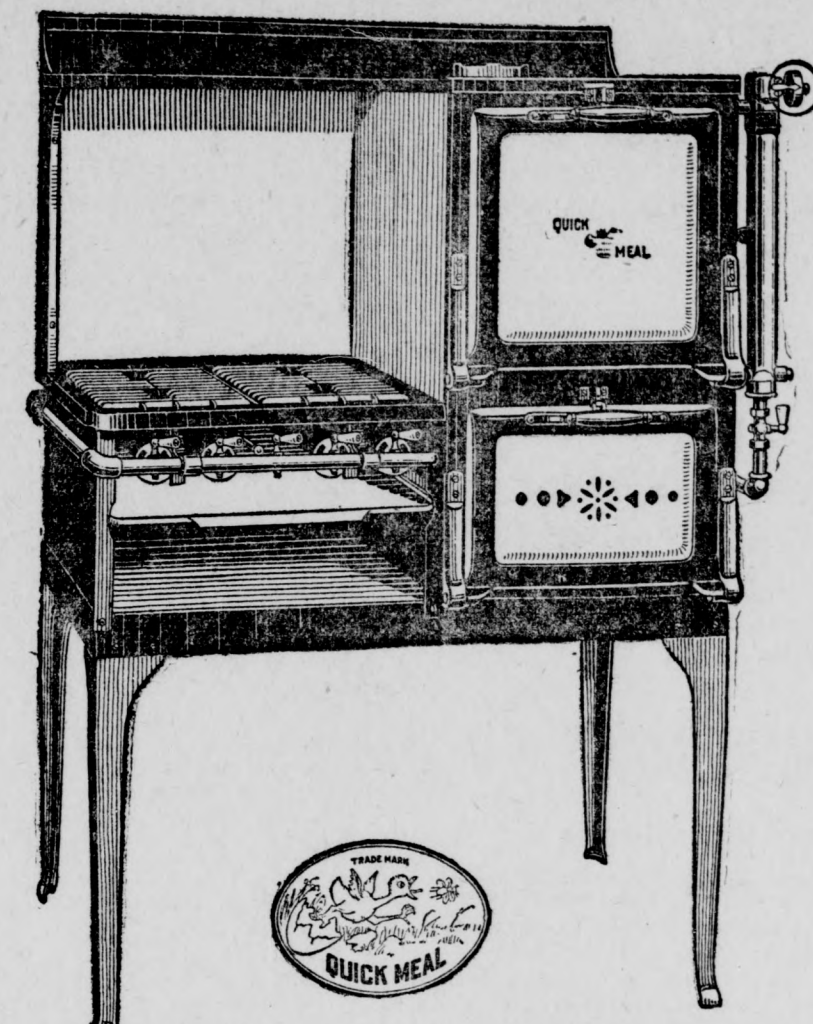

In the night services the pastor spoke on "The Two Paths of Life," using as an example the broad and smooth path of destruction and the narrow and rough path which leads up. The latter is representative of Christ-choir.

the housewives of this city.

In her opening talk Mrs. Chase struck the keynote of the reason for the Better Foods Better Homes exposition and explained that equipping themselves to make better homes, mothers are exerting an influence on the times that extend far beyond the confines of their own homes.

Mrs. Chase discussed in a general way the principles of home-making in her opening lecture. She explained that comfort in the home meant well regulated household machinery and that efficiency in housekeeping in these modern times, means doing things the best they can be done in the easiest way.

"When you are choosing colors for your room of your home do you choose them because you are fond of those particular colors or because the type of room you are furnishing needs them? A dark room, for instance, needs sunshine. Yellow is the color nearest to sunshine. Yellow lightens a room, and wallpaper with a touch of gold or yellow in it, or much gold or yellow in it, is very good for a dark hall or a north room. Then there are some colors that make a room look larger," she said.

This question of color will be taken up more in detail tomorrow and Wednesday when Mrs. Chase will discuss rugs, drapes and the furnishing of the living room.

Mrs. Chase gave salad dressing recipes. Virtually every woman in the hall had notebook and pen and when the salads were completed and passed about by Mrs. Chase's maids for inspection there was a multitudinous clink of silver against china as scores of "pupils" took from bags their saucers and spoons for testing.

Mrs. Chase gave recipes for mock chicken salad in molded vegetable ring, ambrosia salad, frozen fruit, clover leaf salad and for several salad dressings. She also made and baked quick salad rolls.

Tomorrow Mrs. Chase will discuss the things that make luncheons and dinners a success, and as a special she will demonstrate chop suey for the special benefit of those who entertain with mah jong parties. The Evening News is inviting all its readers to come to Hahn's hall for the five days of The Evening News Better Foods Better Homes exposition this week to hear Mrs. Chase.

SQUARE DEAL FOR COMEDIANS ASKED

Evening News Reader Thinks Action of City Council Is Not Just

Editor, The Evening News:—I am a reader of your paper and, if I am any judge, you are an advocate of a square deal and an ardent backer of Glendale. For a considerable period of time I have been an interested observer of the attempt to deny the Murphy Comedians the right to put on their plays in Glendale. The only objection that I have heard urged against them is the fact that they were playing in a tent and had no regular theatre, obtaining an advantage over moving picture theatres that have invested in permanent buildings or pay high rentals. This objection, if it has any merit, is being met, and the Play-ers are now going ahead to build a permanent playhouse of their own. They have asked for permission of our "city fathers" the right to erect their tent in another location until their building is completed, which has been denied.

Admires Comedians The writer has never attended a performance of Murphy's Comedians, but is reliably informed that they are putting on a clean, wholesome show which drives away care and trouble, at a price that everyone can pay, and apparently nearly everyone except those running or owning moving picture theatres are attending. Their only offense is that they are getting the business on the merit of their plays and acting. No doubt they have reduced quite a bit the income of the owners of the movies who are trying to put them out of business, and the "said owners" have sufficient prestige and power to have succeeded in influencing the "city fathers" to perform the necessary act by denying them the temporary permit or license.

The last few months the press has been filled with articles about the constitution, and the duty to uphold and preserve it.

Orators have thundered from the platform of the nefarious schemes that have been advocated to undermine and destroy it. All good citizens agree on maintaining and upholding the constitution and law and order, but it is just such actions of the City Council, the duly constituted municipal authorities of our fair city, who are doing more to undermine respect for law and constituted authority and create unrest than all the advocates of an amendment to the constitution, giving Congress by a two-thirds vote the right to override the decision of the Supreme court of the United States will ever do. It appears to the average citizen that special interests are still powerful enough to crush and destroy those who interfere with their profits by virtue of the power of money alone and that so-called vested interests can get what they want regardless of the justice of the action. What is the constitution between friends? As long as they control the City Council, the rights of Murphy or the people be damned.

Shades of Roosevelt! What are we coming to? We need another Roosevelt to advocate the square deal in Glendale. If they can drive out or destroy another legitimate business, it is time for the moving picture producers to learn that if they cannot compete with the spoken drama, which seems to be coming back into favor, that they had better improve their pictures and give the public something besides sex appeal, a pretty face and figure. The people want and appreciate MERIT, but are getting surfeited on the stuff advertised and shown in the movies, as is well confirmed by the attendance at Murphey's tent. Glendale is getting some mighty poor advertising out of this unfair and puerile action of some of our councilmen. All praise to the two who had the courage to stand against the decision denying Murphy the permit. It is time that the citizens of Glendale take a hand in the fight and take action, both by going into the courts and again by using every effort to see that every official connected in any way in trying to drive Murphy out of town does not hold any official position in the state, county or municipality. This is the time "to go to the mat" with these officials who DENY the people clean, wholesome amusement at a minimum price. Create a fund by public subscription to go to the limit and help preserve the things that are right and just, and that those principles advocated by those who fought for and wrote the Constitution are still worth fighting for. I will contribute my part to such a fund. G. B. HARRISON, 1259 Boynton, Glendale.

Shades of Roosevelt! What are we coming to? We need another Roosevelt to advocate the square deal in Glendale. If they can drive out or destroy another legitimate business, it is time for the moving picture producers to learn that if they cannot compete with the spoken drama, which seems to be coming back into favor, that they had better improve their pictures and give the public something besides sex appeal, a pretty face and figure. The people want and appreciate MERIT, but are getting surfeited on the stuff advertised and shown in the movies, as is well confirmed by the attendance at Murphey's tent. Glendale is getting some mighty poor advertising out of this unfair and puerile action of some of our councilmen. All praise to the two who had the courage to stand against the decision denying Murphy the permit. It is time that the citizens of Glendale take a hand in the fight and take action, both by going into the courts and again by using every effort to see that every official connected in any way in trying to drive Murphy out of town does not hold any official position in the state, county or municipality. This is the time "to go to the mat" with these officials who DENY the people clean, wholesome amusement at a minimum price. Create a fund by public subscription to go to the limit and help preserve the things that are right and just, and that those principles advocated by those who fought for and wrote the Constitution are still worth fighting for. I will contribute my part to such a fund. G. B. HARRISON, 1259 Boynton, Glendale.

Los Angeles

By Southland News Service.

LOS ANGELES, Sept. 29.—Unusually low humidity was reported throughout Southern California today. At an early hour today the humidity had dropped to 12 degrees, the lowest it has registered this year. Yesterday's temperature reached a maximum of 94 degrees, breaking all heat records for the year. Today's high mark promised to equal yesterday's. The Board of Supervisors today instructed the county tax collector to refuse to renew the

license of Murphy's Comedians, a tent show. Los Angeles week-end traffic took a toll of four lives, with the result that one motorist today faced arraignment on a charge of failing to render aid after an accident, and another is being sought on a similar charge. Six out of 15 others injured in automobile accidents were seriously hurt and may die, it was reported. The dead are: Mrs. Anna Kenton, 73, Los Angeles; Mrs. Margaret Campbell, 70, Santa Paula; Mrs. Creola Zina, 75, Los Angeles; the 10-year old son of Mr. and Mrs. J. S. Barritt, Los Angeles. Two days in advance, the U. S. S. Procyon, flagship of the base force, United States Battle Fleet, was in harbor at San Pedro, hav-

ing arrived from San Francisco early this morning. The ship will prepare anchorage location for the remainder of the Pacific Fleet which is scheduled to return here Wednesday after an absence of three months spent on the island waters of Puget Sound. Guards placed in the mountains near here to guard against the hoof-and mouth disease have been removed, it was announced here today, and all danger of infection from the plague is past. Funeral services were being planned here today for John L. Shields, telephone company employe, drowned at Manhattan Beach while his wife, Edna and a party of friends were bathing.

Japan's Refusal May Break Up Conference

(Continued From Page 1)

tin of exclusion of Japanese immigration from America, prompted an open discussion today in the Paris press on the danger of war between the United States and Japan.

The situation, which threatens the life of the arbitration court, if not of the league itself, resulted from Japan's declaration that article six of the protocol must be stricken out. The article designates as aggressor in war any state refusing to abide by a decision of the league council. Goddess of War "It seemed at last night's meeting as if the hideous goddess of war had suddenly loomed up in

the council room," Le Matin commented. "The fatal causes which apparently are making war inevitable are the necessity of a prolific race to find work and a place to live, coupled with a sentiment of honor in refusing to accept terms considered humiliating — the conditions on one hand, confronting on the other a country's right to be master of its own soil. "One side is crying: 'I'm hungry.' The other quotes the eternal

commandment: "Thou shalt not steal!" Echo de Paris took a similar outlook: "Whatever solution the council at Geneva adopts won't suppress the danger of an American-Japanese war. As a matter of fact, that danger is not even hidden any more. In wishing to dress sores which can't heal, the Geneva peace doctors have only succeeded in irritating the wounds."

READ THIS LETTER!

Editor: I have secured these facts through the courtesy of the county tax office for the benefit of those who are not giving the tax situation in Glendale their immediate attention.

This data is on property that has not had one dollar's worth of improvements made in front of it in the past eight years:

Valuation for 1922-23...\$1100.00

Valuation for 1923-24... 2500.00

Valuation for 1924-25... 4100.00

Taxes for 1922-23... 50.05

Taxes for 1923-24... 100.00

Taxes for 1924-25... 156.62

You will notice the 1924-25 taxes are \$56.62 higher than 1923-24. After the 18-cent reduction is made from our rates which was \$4 in 1923-24 and \$3.82 in 1924-25 it is true our taxes are cut but in order to get the money our valuations are raised from 30 per cent to 200 per cent.

This bond election has been called before you have had a chance to see your 1924-25 tax bill. I would like someone to tell what our 1925-26 taxes will be if we load up with another million and a half of bonds on top of our sewer bonds which we have to pay 18 cents on this year.

I have investigated many other properties in the past week and they are all from 6 per cent to 200 per cent higher than last year, regardless of the 18-cent reduction in our taxes.

I would advise every voter in Glendale to look up his next year's taxes before he goes to the polls on September 30th.

It is true we need a civic center, garbage incinerator and additional fire equipment—and I am for these issues—and I know of no element in Glendale that would refuse a seat in Heaven, but there seems to be an element that would exploit the entire city for the sake of their selfish interest; or, in other words, to unload a lot of undesirable land on the taxpayers at \$3500 per acre.

G. H. SEAL, 1312 South Central Avenue.

Taxes! BONDS!! Bonds! TAXES!!

An Appeal to Reason Based on Facts and Figures

The following are fair examples of the EXCESSIVE INCREASE of this year's Tax Valuation over last year and are taken from OFFICIAL TAX RECORDS.

Over 54% Increase

That means your tax bill for 1924, THIS YEAR, will be more than one-half as much again than you paid last year. The joker is that while the rate is the same, the valuation has been increased on an average of

54%

For instance, you paid \$100.00 taxes on your home in 1923, this year you will pay over \$154.00.

Every Bond Issue you vote means an increased burden, EXCEPT THE CIVIC CENTER BONDS, which is merely a transfer of funds for improved facilities, AND THEREFORE WORTHY OF SUPPORT.

NO BONDS are needed for Fire Department, Police Alarm and garbage incinerator, as over \$200,000.00 excess tax money to be collected by the city this year will more than cover these items.

WATER AND WATER BEARING LANDS

The element of FEAR is undoubtedly going to influence some voters into supporting the Bonds for water bearing lands and water development. Let us reassure you on that question. Supt. Diederich assured us only recently, before the purchase of this land was put forward, that: We were amply provided with water for a population of 100,000—and we are now using only one-quarter of the water bearing land owned by the city. Beyond that, every thinking person in Glendale realizes full well that we must, if we are to continue as a separate municipality, assist in bringing in Colorado River water in harmonious co-operation with our neighbor cities.

Future political alignments, density of population and local option must enter into the consideration of any large expenditure in developing our future water supply, as nearly all of the cities of Southern California as well as those of adjoining states are now engaged in the undertaking of developing the Colorado River project for the purpose of securing equal distribution adequate to all their future needs. Vote NO on water development No. 6 and NO on water bearing land No. 7.

MR. VOTER

Have you examined your Tax Bills for this year? If not, study the following, taken from Official Tax Records:

Portion of lot 19, blk W, Glendale Valleyview Tract.

Year	Valuation
1922	\$ 960.00
1923	2880.00
1924	5410.00

Not \$1 of improvements were added to this property.

PARK CAMOUFLAGE

Promotion of park in the northeast (Rossmoyne Tract) purely a real estate scheme. It is much easier and more profitable to wholesale undesirable building lots to the city at retail prices than it is to induce buyers to hang fine homes in the rock crevices.

But even though this park were offered as an OUTRIGHT GIFT, it would still be undesirable and foolish for the city to take it over with the idea of improving it as a park. The cost would be enormously out of proportion to the benefits derived, and it would become a WHITE ELEPHANT on account of the prohibitive cost of placing sufficient water on it for proper maintenance in view of the high elevation in a district that is already becoming a heavy drain on the water resources of our city.

It is at best a very poor substitute for the park on Verdugo road, already decisively rejected by the people, as it contains only about one-half the area and at more than double the price.

VOTE NO on this proposition and show the people with GOOD THINGS to sell to the city "WHERE TO HEAD IN."

WAKE UP!

Go to the Polls and Vote No on All Issues Except Civic Center

GOAT TONIC LEADS MAN INTO COURT

Aged Eagle Rock Resident Seeks to Collect Price From Druggist

Goat tonic as an aid to age reduction only caused John H. Wimbledon, 84, of Eagle Rock, to mistake the "wider" he was seeking and instead pick the wider's 20-year-old daughter, according to testimony offered before Judge Russell in the course of a suit started by Wimbledon in which he sought to recover the \$4.50 paid out for the alleged tonic.

According to the pitiful story told the justice by the aged man, when he thought he saw a widow he had known years before in his home town. She was more beautiful than ever, he averred and himself being a widower, he wanted to brush up and renew the veins of love. Accordingly he purchased three packages of the youth preserver at \$1.50 a package.

Didn't Get Result

"Did you get the desired result?" asked Justice Russell. "Well, I took the three boxes in twenty-four hours but the only thing I found out was that the "wider" was her 20 year old daughter."

The justice considered the case and warned Wimbledon to think twice before he indulges in such remedies after this.

HALTS INSURGENT GROUP

SANTA ANA, Sept. 29.—Ambitions of the "insurgent" group of the Santa Ana High school met a sudden death recently when "The Poly Panther," another weekly school paper, was nipped in the bud. Principal Hammond virtually forced suspension of plans at a conference with the promoters. A complete staff had been organized, advertisements received and plans in working operation before Hammond was informed of the new publication.

TASTE OF KEROSINE

NEWPORT BEACH, Sept. 29.—The limited demand for smelt and mackerel is due to an alleged taste of kerosene in the meat of the fish, attributed to a certain weed in northern waters. This is the opinion of local fish dealers, who assert that though the recent catches of these fish have been running high, more than half the catch has been put back in the sea for lack of market.

GAS WAR LOOMS IN SOUTH AGAIN

Independent Stations Cut Price; May Cause Big Companies to Cut

With the retail price of gasoline now ranging from 19 cents a gallon to as low as six gallons for \$1, there is evidence of another gasoline war in Southern California similar to the one of last year, when independent stations started the cut that brought reductions by the larger companies.

Many of the independent stations are offering gas at 17 cents, some knocking off 4 cents when charging the straight price, which includes the 2 cents state tax. Even though the independent stations have cut, the larger companies, including Standard, Shell, Union, Pan-American and Associated are still charging 19 cents including the tax.

The gasoline war a year ago was caused by the independents cutting the price, according to those familiar with the oil and gasoline trade and the "big" companies may again try to force out the independents.

FIRE MAKES HIM FORGET

GOOSE GETS BLUE RIBBON

RIVERSIDE, Sept. 29.—What makes a tame goose wild? Usually a goose is an outstanding example of docility, but when a person offers a pair of seatless trousers in proof of the contrary there must be a bit of heat in the bird. A Riverside chap made the discovery recently when a lake goose disregarded his spoken request to move along. The young lad insisting that the bird be up and doing, gave it a kick with his toe. A foot race followed. The boy won, but the goose got the "blue ribbon"—a piece of blue serge taken from the seat of the boy's trousers.

J. R. GREY GIVES VIEWS ON ISSUES

Independent Stations Cut Price; May Cause Big Companies to Cut

Editor The Evening News—The bond issues to be voted on Tuesday have been presented to the voters by a committee chosen for the purpose of putting the bonds over.

Will you through your splendid publication permit me to present briefly as possible the other side of the question?

There is a division of opinion on the civic center proposition among many of our citizens, chiefly brought about by the attitude of the high school trustees in failing to state officially that the money derived from the sale of the Harvard street buildings will be used for providing a high school in the northwest. If the money is used for any other purpose, it will be against the city's interest and wholly unfair to the residents of that section, but as a civic center is almost as much a necessity as another high school, our advice is vote yes on No. 4.

Urges Opposition

Less than one year ago we had the authoritative statement of the superintendent of plant and production, Mr. Diederich, that there was an ample supply of high school buildings for many years to come; and we now have the statement of Mr. Sausberry, comptroller, that the revenue of the water department, is fully ample for its upkeep and maintenance. Therefore, propositions 6 and 7 should be defeated.

Equally we are opposed to spending \$157,500 for parks under propositions 8 and 9, as being wholly unnecessary. Griffith Park was donated to the use of ALL the people. Glendale as well as Los Angeles. The sum named would give Glendale an entrance to this, the second largest park in the world, fully equipped in every way and as near to the mass of Glendale population as the proposed park. Further than this, several hundred thousand dollars and many years would be required before the proposed Rossmore park would afford half the facilities now obtainable at Griffith park without the expenditure of one dollar by the taxpayers of Glendale.

Question of Parks

The city now owns and controls over sixty-five acres of small parks in the northeast section just as good, but wholly unimproved and of no beneficial use. It would therefore be gross folly to add the proposed additional thirty-five-acre hole in the hills at such an enormous cost.

As to the south end, the residents there are entitled to a suitable park. It would appear that the grounds around the Southern Pacific depot would be the most practical and profitable for the purpose. It would in addition to affording park facilities, beautify this extremely ugly eyesore right at the very entrance to our city seen and commented upon by hundreds of thousands annually. I do not own one foot of real estate south of Broadway, but I will make the following proposition: I will give towards the acquiring and improving of this park, the sum of \$2500 on behalf of the Taxpayers League, provided, each of the improvement associations, service clubs, Tuesday Afternoon Club, Chamber of Commerce, and Realty Board subscribe a like amount. The balance necessary could be raised as follows: One-third by the county board of supervisors, one-third by the Southern Pacific Co., and one-third by the city of Glendale. When accomplished such an improvement would not only meet the requirements for a park at the south end but would be a distinct benefit to the city as a whole.

Council Not Unanimous

Increased taxes by reason of the increased valuation this year over last year will provide an additional sum of nearly \$200,000 which should be fully applied to take care of additional requirements of the fire and police departments, garbage incinerator, bridges, etc., under economical administration.

This was evidently fully recognized by Councilman Davis when he voted against all of the bond issues in the city council. Remember, Councilman Davis is pledged equally with all other members of the council in the proper and efficient handling of the city's business, and he has declared by his vote that there is no pressing necessity for a bond issue to take care of these matters of business administration at this time!

With this statement of the issues we leave it to the voters, but strongly urge upon them to go to the polls and VOTE.

Very truly yours,
J. R. GREY,
667 West Doran Street.

\$13,893,095 in Building permits last month . . .

-- is your bank account sharing in this growth?

The phenomenal building activity of Los Angeles County has been the talk of the nation. \$13,893,095 in building permits were issued—alone in Los Angeles last month, and for the past three years it has maintained third place (exceeded only by New York and Chicago) among all cities in the United States in volume of permits issued. This tremendous development and demand for homes has created an equal demand for mortgage money—greater than the supply.

The Company is managed by men of long experience, with a thorough knowledge of real estate values, with skill in the selection of investments. **Your Money Rigidly Safeguarded** Every dollar of yours invested in the Gibraltar Finance Corporation will be secured by the tangible assets of the company, including the First Mortgages and Trust Deeds themselves. All of our mortgages will be loans made on highly improved properties, not exceeding 60% of our conservative appraisal—and will be in relatively small amounts, to be paid back in regular monthly payments like rent. This type of investment is known as one of the safest ever developed.

Do you know that--

- one-third of the homes in Los Angeles are owned by their occupants, which is a national record?
- only New York and Chicago have exceeded Los Angeles in the number of building permits issued in the past three years?
- you can assist in this development and profit in it, too—with SAFETY and 8% PLUS in the Gibraltar Finance Corporation.

A Demand for More Mortgage Companies

The requirements for mortgages in Los Angeles County alone are estimated to be \$1,000,000 daily. The Gibraltar Finance Corporation has been organized to help meet this great demand, and invites the co-operation of investors to assist this development and to share in its profits.

ARE YOU MAKING LAXATIVE ADDICTS' of Your Family?

Well-intentioned parents often commit the error of dosing their offspring with habit-forming laxatives which are a positive menace to the child's future health, because they weaken the system. A means of correcting faulty elimination without hazard is now available in a TONIC LAXATIVE called

"RED MIXTURE"

THE NON-HABIT-FORMING REMEDY

This is a product that strengthens while giving relief; contains no narcotics, does not grip or irritate the intestinal tract, but acts smoothly and easily, cleansing the bowels without weakening. Expectant mothers who so often need this tonic effect in a laxative will find RED MIXTURE very beneficial. Sufferers from gaseous stomach, loss of appetite, nervousness and other ailments caused by torpor of the liver and bowels, should try this remedy. Sold in 7c and \$1.50 bottles. If your druggist cannot supply you at once, send his name and 7c (enough for sufficient quantity to prove efficiency), and we will see that you are supplied. Money back if not satisfied.

Coolidge Continues to Lead in Digest Poll

Coolidge again leads in the second week's returns of the Literary Digest's huge presidential poll with La Follette second and Davis third. Of a total of 272,299 votes tabulated, Coolidge has 162,472, La Follette, 63,534 and Davis, 42,611.

In California, La Follette is running Coolidge a strong second, having 19,829 tallies to the president's 22,848. Davis is leading the field in Texas and Virginia and is also ahead of La Follette in Ohio, Kansas and West Virginia. In all other states the senator from Wisconsin is leading the Democratic candidate.

"The poll at first blush," the Digest states, "may not seem very cheering to the Democrats, but a slight inspection will show the fact that, with two exceptions, the Democratic states are still to be heard from and when they begin to flood in their ballots, the figures may have another story to tell."

Burglars Get Suit of Men's Clothes, Gloves

Burglars entered the house of Mrs. J. G. Bessinger at 506 North Howard street last night and made off with a suit of men's clothes, several pairs of women's gloves and a number of bed clothes and other articles. The police are investigating. Herbert Stromberg, whose car was stolen Saturday night, has recovered the same, through the efforts of the Los Angeles police, who located it in Eagle Rock Sunday afternoon.

Phonograph Record Is Sent Through Window

A phonograph record hurled through the rear window of Robinson's Men's shop, 114 South Brand boulevard, some time last night, failed to sever the burglar alarm ribbon and consequently went awry. On entering the store this morning, J. A. Robinson, proprietor, was greeted by a litter of broken glass and the fragments of the record that had served as the missile. He at once reported the occurrence to the police, and Lieutenant W. J. Royle investigated, but found no evidence of robbery.

TUJUNGA NOTES

TUJUNGA, Sept. 29.—A school bond issue of \$15,500 was approved by a large majority of Tujunga voters at an election held last week. The money will be spent by the trustees for a playground at the Palm avenue school. A drinking fountain has been installed in front of the office of the Haines Canyon Water company on Sunset boulevard for public use.

Thomas Munson of the Munson Land Co. has taken the agency for the National Automobile club, which provides members with various services on the road.

J. C. "Jake" Whitesell, former employe of Dan Warnick, has bought the barber shop on Sunset boulevard owned by the latter. Mr. Warnick plans to devote his time to his kennel of prize-winning dogs.

BUTTERFLY

CHAPTER LXIV

Craig, breathless from the climb, as they had all been, did not seem to see either Hilary or his wife. He went straight to Konrad; his handsome face pale and set, and his words gritted through set teeth.

"I demand an explanation, Kronski, of my wife's visit here at this hour," he said.

Then for a long, dreadful moment there was absolute silence in the studio. Butterfly had turned, and shrunk up against Konrad; Hilary had moved swiftly, and had laid a restraining hand upon Craig's arm. The shaded lamp over the chair where Konrad had been reading burned softly and clearly; a tongue of flame caught at the end of a half-charred log, and burned up with a sudden sucking noise. But the men and women who stood facing each other did not speak; Hilary could hear Craig's violent breathing and her own terrified heart.

Presently Konrad moved, and gently shaking Dora free, went to Craig, and laid his long fingers upon Craig's shoulder.

"No, my friend, no, my friend, I have done you no wrong," he said, mildly. Craig, looking into his serene but bewildered face, showed a change to his own face. Even against his will he felt himself somewhat reassured.

"Butterfly and I were just going back, Craig," Hilary said, in as casual a manner as she could muster. But Craig roughly pushed her aside, and addressed Butterfly, beyond her.

"Did Hilary come here with you?" he asked her, flatly.

"Why, of course, Craig!" Butterfly stared, her eyes for one moment wavering toward Hilary's.

"We came here after the bazaar," Hilary began again. But Craig, whose usually handsome, dignified aspect was transfigured now by anger and suspicion, interrupted her dispassionately, without a glance toward her.

"You lie," Hilary, he said, quietly, with a sort of ugly triumph. "I saw a woman hiding against the wall of the house as I drove up. It was you. Don't try to shield your sister!"

"Ah, but, Craig, Craig!" Hilary cried, abandoning her ground. "Butterfly meant nothing. She's only a child—"

"She's child enough to come to a man's studio at midnight," Craig said, briefly. She's child enough to be my wife, in the eyes

MURPHY'S COMEDIANS

"Bought and Paid For" started last night at the theatre of Mahurin's Players (Murphy's Comedians), corner of Central avenue and Stocker street, Casa Verdugo. The audience, one of the largest that has ever packed this popular and much mooted tent, greeted the tense drama of the play with rapt attention and hailed its hilarious comedy with thunderous applause.

Here is a play popular the world over, a play that in the New York since it first opened in favor and has been presented on stages in many lands. It tells a story so vividly, grippingly true

THE GATEWAY

"Between Friends," which is showing at the Gateway Theatre today and tomorrow with Lou Tellegen, Norman Kerry, Anna Calhoun and Anna Q. Nilsson in the principal roles, comes from the pen of Robert W. Chambers, who is one of America's most admired and prolific writers of fiction and has contributed much to its literary standing in all its phases—novels, short stories and the screen.

In "Between Friends," Mr. Chambers has written a story of unusual interest in which suspense rules to the final scene. His leading character, played by Lou Tellegen, turned bitter against all women through the unfaithfulness of one, is made by Chambers to find his revenge plan too terrible to carry to a conclusion, and the means of accomplishing this furnishes a theme such as might be expected of one so versatile as Chambers.

"A feature of the program for tonight at the Gateway which will be received with a great deal of pleasure, is the Roisman Orchestra of Selma, which will take a prominent part in the program. This orchestra played in Marion at the Victory Loan meeting, and won great praise. It is considered the most wonderful orchestra in the world, as it is composed of six small children of Mr. and Mrs. H. Roisman of Selma. The children, who are all under fifteen years of age, are Morris, Isidore, Max, Rosie, Bessie and Harper Roisman. To see five year-old Harper Roisman beat a drum is worth the price of a first-class show, but the entire orchestra is giving its services free to help along the cause."

UNCLE WIGGILY AND THE TOMATOES

The Lady Mouse Teacher was sitting quietly at her desk in the Hollow Stump School one morning, waiting for the animal boys and girls to come to their lessons, when, all of a sudden, she heard a sound like—

"Thumpity — ump — tump — bump!"

"Goodness me! What's that?" cried the Lady Mouse, jumping out of her chair, for she was as nervous as a cat—one might say she was nervous of a cat, or over a cat or for a cat, since the Lady Mouse didn't—not to put too fine a point upon it as Mr. Snagsby would say—she didn't like cats.

However, it wasn't a cat that was thumping its way into the school room. The Lady Mouse looked and saw a green tomato rooting over the floor.

"Is this a joke?" she asked in her regular school room voice, somewhat severe like and intimidating.

"No'm if you please, it's a tomato," was the answer. And then came again that sound of thump — ity — ump — tump — bump!"

This time a second tomato that was rather more red and ripe than the other rolled across the school room floor. But still this tomato was partly green.

"What does all this mean?" cried the Lady Mouse for, as yet, she had seen nothing but tomatoes and had heard nothing but a voice.

"If you please, Lady Mouse Teacher," went on the voice, "I thought you would like some tomatoes to make into chili sauce and ketchup, so I brought you some," and into the school hopped Baby Bunty. Her apron was filled with green tomatoes, and as she hopped the tomatoes fell out on the floor—plop—plop—plopity plop!

"Oh, look, Baby Bunty brought teacher green tomatoes!" cried Sammie Littletail, just then hopping along. "She didn't know any better than to bring half ripe tomatoes! Oh, ho! Oh, ho!"

Baby Bunty looked sad and ashamed, but the Lady Mouse Teacher said, quickly and kindly: "It was very good of Bunty to bring me the tomatoes. No matter if they are partly green. Bunty, I shall put them on the window sill in the sun, and before night they will be quite ripe, I am sure."

So the tomatoes were placed on the sill of the open window in the sun, and soon the green part began to turn red. And then it was time for the Lady Mouse to hear the animal children's lessons.

Now while Baby Bunty was spelling "c-a-t," all of a sudden a voice outside the hollow stump school cried:

"I'm a cat! I'm a cat!" and in bounced the bad old Bob Cat!

"Oh, dear!" screamed the Lady Mouse, and she was going to faint, but all of a sudden Uncle Wiggily happened to pass by. He heard the Bob Cat meowling and quickly taking some of Baby Bunty's tomatoes from the window sill, the bunny threw them at the bad chap.

"Plop! Plop! Plop!" went the tomatoes all over the face and nose of the Bob Cat. Squelky-squashy! went the tomatoes, covering the Bob Cat with juice, seeds and skins.

"Oh, I guess I'm not a cat after

Diet And Health

By LULU HUNT PETERS, M. D.

DO YOU BELIEVE IN VACCINATION?

It would not surprise me in the least if you did not believe in vaccination.

The medical profession as a class is too prone to be impatient with people who disbelieve in vaccination and diphtheria anti-toxin, and other absolutely tried and true medical means of combating terrible diseases and epidemics. They forget that the layman's education on these subjects has been acquired through his reading of the lay magazines and newspapers; and that a large percentage of the things he reads are written by those who oppose anything that is sanctioned by the regular medical profession. Such opposition is the result of the writers' belief that by pulling the "regulators" down they can pull themselves and their methods up. So I don't blame you for not believing in vaccination. How could any intelligent layman believe in anything that has been pictured as being so revolting, so pernicious and so deadly?

I am positive that, if I did not have access to both sides of the question, if I did not know that the reports and propaganda given out in the anti-vaccination literature are half truths and distortions of the truths, I would be an ardent disbeliever in vaccination and an opposer of it myself.

I do not believe, however, that the anti-vaccinationists are insincere in their belief that vaccination is harmful. To them smallpox does not exist or there is no possibility of an epidemic. The large majority of them have never seen a case.

No one should be censured for trying to convert another person to his view when it is done in a fair manner. It is not fair, however, to give evidence from a certain source that supports one's own side and to withhold evidence which shows one's conclusions are wrong. In other words, to give half-truths. It is a well-known fact that a half-truth is more pernicious than a lie.

I am going to give two evidences that anti-vaccinationists do this unfair thing. I heard a leader in the anti-vaccinationist movement in Los Angeles (a man who is a practitioner in a system of therapeutics that is not licensed to vaccinate), quote Osler and quote him correctly to the effect that a terrible disease could be transmitted through vaccination. He looked up in triumph. "This," he said, "is what one of their own authorities says about it!"

Now, had he been honest, he would have given the rest of the paragraph in Osler. This anti-vaccinationist leader was not honest and he did not quote the rest of the paragraph because in that portion Osler said that this ter-

Surprise Honor

Miss Lucile Beach was the honored guest at an informal party Saturday night, when Miss Alice Hill, of 333 Riverdale drive entertained a group of young people as a surprise celebration of Miss Beach's birthday. Comical toys were brought by the guests for birthday presents and a very merry evening ensued. Invited guests were Misses Marjorie Temple, Carolyn Hart, Wilma Gossard, Elizabeth Walker, Fredricka Browne, and Robert Eastman, Robert Hatch, Richard Hodder, Richard Johnson, Richard Gierce, Arthur Barton, Carlton Walker, Miss Hill's aunt, Mrs. Gilbert assisted her as hostess.

Miss Beach was honored again on Sunday afternoon, when her mother, Mrs. F. A. Beach, was hostess at tea. The guests were Alice Hill, Marjorie Temple, Carolyn Ayars, Fredericka Browne, Lucile Harris, Emily Torchia, Martha Fleming and Miss Gladys Sharpe.

Officers Guests

Officers of rank were special guests at the meeting and card party Saturday night of Omar Shrine, White Shrine of Jerusalem in the Masonic Temple on South Brand boulevard. They were Edna M. Orme of Pasadena, deputy supreme worthy high priestess; Emma Belle Kuttler of Hollywood, deputy supreme watchman of the shepherds. Sidney Orme, worthy watchman of the shepherds of Arctean Shrine, Pasadena.

Mrs. Warren Roberts, worthy high priestess, directed the business meeting the early part of the evening. Announcement was made of a Halloween dance and entertainment October 25. Libbie Cutting is to be general chairman. Her assistants will be Evelyn G. Pierce, program; Marie Smith, tickets; Alvah Leland, music; Constance Bourne, decorations; Libbie Cutting, favors. Women of the Shrine are to meet at 1 o'clock Friday afternoon at the home of Mrs. Luella Emerick, 464 West Elk street, to work on decorations for the Knights Templar affair in October.

Mrs. Roberts makes special announcement to the officers that a dress rehearsal will be held at 9:30 o'clock, Sunday morning, October 5, in the temple. This will be in preparation for the initiation October 19. Following the meeting games of five hundred were played. Edith Richardson and Maude Evans were in charge of the cards, and Florence Rice and Irma Kaiser were in charge of refreshments. Sarah Carroll and A. L. Carroll won first prizes; Edna M. Orme, Warren Roberts, second; Libbie Cutting and George Kuttler, consolation.

Informal Dance

Dr. C. A. Brandstater entertained a congenial company at a party given at his home at 401 West Wilson avenue Saturday night. The evening passed pleasantly with music and games as the diversion. Dainty refreshments were served by Mrs. Liltjan at the close of the evening. Included in the company present were: Mrs. Gilliland and daughters, Mr. and Mrs. Myott and daughter, Miss Lillian, Mrs. Thompson, of Louisville, Kentucky, Mr. and Mrs. Clanch and family, Bill Brandstater, Dr. Brandstater and three sons, Oliver, Glen and Kenneth.

Morning Wedding

The marriage of Miss Vivian S. Ingram, of Modesto, to Clyde H. Scott, of Glendale was solemnized at the Baptist church parsonage, 326 Fairview avenue, Sunday, September 28, 1924, the ring ceremony being performed by the Rev. Ernest E. Ford, Mr. and Mrs. Ernest W. Jacobson, of Los Angeles and a sister of the groom witnessed the ceremony. The bride and groom attended school together in Modesto and the romance which started at that time culminated in their marriage yesterday morning. Following the ceremony, Mr. and Mrs. Scott left on a honeymoon trip.

Swimming Party

Helene Mrs. W. H. Diggle and George Burrows, of Portland, and George Pratt for two weeks of women entertained last night at a swimming party on the Riverside. The party included lunch and spent a most enjoyable day swimming. LICENSED TO WED

Fifty-four countries are now operating in the fight against health.

Colorado P-T. A.

Much of interest is in store for patrons of the Colorado club, who affiliate during the coming year with the Parent-Teacher association, for Mrs. Frank Parr, president, has some splendid plans, which she will tell of at the association meeting at 2:45 o'clock Thursday afternoon at the school. There will be greetings from the principal, Mrs. Ida D. Waite, and a talk by Richardson D. White. Mrs. S. L. Gillan and Mrs. R. Ernest Tucker will have charge of the social hour later.

Mrs. Parr has planned to devote fifteen minutes at each meeting to a reading and discussion from Angelo Patri's book, "Talks to Mothers." The room mothers of the school are to be prominent in the P-T. A. activities and according to Mrs. Parr will have charge of the various committees and meetings. Plans are under way for four fathers' nights for the year in addition to the afternoon meetings of the associations.

Announcement

Announcement is made of the marriage of Miss Connie Crumpler, daughter of W. H. Crumpler of 316 North Belmont street, and Elmer Heck of Burbank, Friday night, September 26, 1924, at the First Nazarene church, South Glendale and East Park avenues. Rev. Henry Schuman, pastor of the church, officiated, assisted by the bride's uncle, Rev. L. C. Yeoman. Attendants were Miss Ollie Crumpler as maid of honor, and Elvie Heck as best man. Vernon Wilcox of Lankership played the wedding march. Following the church service a reception for 100 relatives and friends was held at the Scheidegan home at 417 East Acacia street. Mr. and Mrs. Heck are to be at home after October 3 at 1118 Thompson street.

Dinner Dance

Complimenting Mr. and Mrs. A. M. Andersen, of Hollywood and formerly of Pittsburgh, Pennsylvania, Mr. and Mrs. O. W. Andersen of 360 West Myrtle avenue, entertained a party at a dinner dance at the Oakmont Country club Saturday night. Unique favors were found at the place of each guest, the place cards having been attached with a ribbon. The guests were: Mr. and Mrs. A. M. Andersen, Mr. and Mrs. W. L. Hyde, Mr. and Mrs. Owen C. Emery, Mr. and Mrs. H. Menk, Mr. and Mrs. F. E. Searle, Dr. and Mrs. R. F. Gartley.

Picnic Wednesday

Informality will mark the gathering of the literature department of the Tuesday Afternoon club, Wednesday, at the Oakmont Country club as a get-together time before the serious work of the club year is begun. Club women belonging to the club last year and those anticipating taking part in the department during the coming year are invited. Luncheon will be served in the parlors at 12:30 o'clock. Those attending are to bring table service for themselves. Anyone not having means of transportation is to call Mrs. J. A. Bolton at Glendale 246-J.

Inaugurate Year

Affairs of the Glendale College Women's club for the coming year will be inaugurated tomorrow afternoon at the home of the president, Mrs. Frank Parr, 224 South Orange street. A number of chairmanships have been created by the new president, and officers and directors are to have a busy afternoon acting upon routine business and discussing plans for the year. Detailed plans will be made for the first club meeting Saturday afternoon, October 11.

Opening Meeting

Patrons of the Doran Street school are urged to be present at the school at 3 o'clock Wednesday afternoon for the first meeting of the Parent-Teacher association. Mrs. Clark Johnson, president, states that it will be a get-together and get-acquainted meeting and is anxious for a large attendance. It is possible that Richardson D. White, superintendent of schools, and Mrs. O. H. Spradling, president of the Glendale Federation, Parent-Teacher associations, will speak.

Electa Hostess

Mrs. Myrtle Ware of 1010 Raymond avenue is to be hostess on Wednesday at the all day meeting of the Electa Social club. There will be a meeting beginning at 10 o'clock in the morning. Luncheon will be served at noon and reservations can be made by calling Glendale 1757-W. Assisting hostesses will be Mrs. Maude Watrous and Mrs. Fannie Groutage.

Benefit For Club

Mrs. R. W. Cleghorn entertains thirty women recently elected to the club, 31 Mira Loma avenue, the affair being given for the building fund of the Wednesday Morning club of Los Angeles, by the Shakespeare section of the club. The luncheon was served cafeteria style and in the afternoon the company played the American Revolution for the new year. Miss Ida D. Myers, regent, issues a call to all Daughters in Glendale, whether members or not, to be at the church for the meeting beginning at 2 o'clock. Mrs. Isabel Franklin Ocker, second vice regent, is to have charge of the program on "Lafayette."

The Gorhams were accompanied home by Mrs. Elizabeth Davis, a cousin, who has been the house guest at the Jones home during the past week. Mrs. Davis was formerly of Lindsey, but will make her future home in Los Angeles.

Word of the passing away of her sister, Mrs. Vanden Berg, of Grand Rapids, Michigan, was received by Mrs. G. Broene of 322 Patterson avenue Saturday. Mrs. Broene just returned a week ago from the bedside of her sister, where she had been assisting to care for her. She was apparently on the road to recovery. Mrs. Berg is survived by her husband, her mother, Mrs. Rosenbom, one brother and two sisters in Grand Rapids, one sister in Detroit, Michigan, and Mrs. Broene of Glendale.

Wilson avenues, will be the scene Wednesday afternoon of the first meeting of the General Richard Gridley chapter, Daughters of the American Revolution, for the new year. Miss Ida D. Myers, regent, issues a call to all Daughters in Glendale, whether members or not, to be at the church for the meeting beginning at 2 o'clock. Mrs. Isabel Franklin Ocker, second vice regent, is to have charge of the program on "Lafayette."

Mrs. Caroline L. Putnam died Saturday, September 27, 1924, at the home of her son, Claude G. Putnam, 424 North Glendale avenue at the age of 74 years. Besides her son she leaves a sister, Mrs. Mac Goodwin of Palms, and other sisters in Indiana. Funeral services will be held at 2 o'clock Tuesday afternoon in the Little Church of the Flowers in Forest Lawn Memorial park. L. G. Scovern, director.

Mrs. Anna Seacrest of 240 North Louise street, who recently had the misfortune to break her arm, is recovering satisfactorily.

Mrs. L. F. Drake of Melrose avenue left recently for South Dakota where she will enjoy an extended visit with relatives and friends.

Mrs. Leta Campbell and mother, Mrs. Farmer, of Rockford, Ill., are visiting Mr. and Mrs. R. E. Wolcott and family, of 545 West Elk street. They plan to spend the winter in Glendale. Both families formerly lived in Rockford.

Mrs. B. Fairbrother and family of Englewood, Colorado, left a few days ago after visiting Mrs. Fairbrother's parents, Mr. and Mrs. C. S. Draper, of 721 North Kenwood street and mother, Mrs. M. M. Draper of 534 North Kenwood street.

Friends of Mrs. C. E. Hutchinson of 246 North Orange street, will be glad to hear that her brother, M. T. White, who was seriously ill in Hollywood, is reported better. He has come to Glendale to spend some time at the Hutchinson home.

Teacher Enters Plea For Assault Charge

Amer Petty, physical education instructor at the Glendale Intermediate school, pleaded guilty this morning before Judge Frank H. Lowe of the Glendale police court to a charge of battery brought by William F. Creighton of 205-A West Acacia avenue, who in the complaint averred that violence was used by the defendant on the person of his 13 year old son, William F. Creighton.

Sentence will be passed by Judge Lowe at 9 o'clock tomorrow morning. The witnesses whose names appeared on the complaint are: Dr. A. W. Tiel of Burbank, Lawson Taylor of 712 Porter street and Donald Rose of 619 East Acacia avenue.

Miss Annie L. McIntyre, assistant superintendent of city schools was reached at the Board of Education offices, 107 1/2 South Brand boulevard, and stated that she had not been informed of Mr. Petty's difficulty and had no comment to make. Richardson D. White, superintendent, is in San Francisco attending the annual Superintendents' convention.

Planning Commission Is Considering Route

The City Planning commission went over the proposed route of the truck highway again this morning, with particular regard to the controversy as to whether the artery should follow Lake street or Flower street in the northwest part of the city. T. W. Watson, chairman, was absent from the meeting, which was attended by S. C. Kitchin, P. J. Hayselden, J. H. Randall and Harry Hague.

The Lake street route has been approved by the Regional, Los Angeles and Burbank Planning commissions. Mr. Hague stated, following this morning's survey, adding that the Glendale commission will make a report to the City Council with recommendations, when a decision has been reached with regard to the matter.

WHITE SOX ROSE TO ISLAND TEAM

Cruze Holds Catalina Cubs To Five Hits But Locals Nosed Out 2 to 1

Two errors enabled Fred Doran's Catalina Cubs to take a hard-fought game from the Glendale White Sox yesterday at our White Sox park by a close score of 2 to 1. Both of the visitors' runs were scored on errors, which checked Cecil Cruze out of a well-earned victory. Cruze allowed five hits, while his team mates gathered four off the two opposing pitchers, Didier and Hughes.

In the second inning the Cubs put over their first marker with the aid of a hit, "Chief" Cruze got himself in deep water by passing Thompson and dusting Hawkins. With men on first and second Callen hit to Hawks, who threw to "Pop" Young, in an effort to force Hawkins at second. Young took the ball and fired it back in Hawks' direction, but the ball went high over "Chicken's" head and into the crowd. In his haste to make the wild throw Young failed to touch second. All runners advanced on base on the misplay, Thompson scoring.

The Cubs were lucky in the next inning and Pfahler got around with the winning run when he was safe at second after "Pop" Young took the ground ball to short and again threw over Hawks' head into the crowd. Pfahler went to third on Murphy's infield out to Emerson to Hawks and home on Samis's single to left field.

Sox Score One The Sox had three men on in the fifth, but were able to score only one marker. After Tellez had fled to Hawkins, Didier gave Cruze a pass. Didier passed "Cy" Young for the third time. Doran came through with a single to left, which scored Cruze. Young was held at second by Samis's throw to Thompson. Didier fanned Hawkins, but issued his seventh and last pass of the day by walking Emerson. At this stage of the game Doran called for Hughes to officiate on the mound and sent Didier to the showers. The excitement ended when Shellenbach fled to Samis.

The Sox had the tying and winning runs on bases in the ninth, but lacked the punch to put them over. "Pop" Young singled to left and stretched the hit into a double by beating Samis' throw to Thompson. Didier tumbled upon the plate and all hands were declared safe. Young got third and Tellez at first. Cruze struck out. The watchful Catalina backstop, Cullen, saved the day for the Cubs by picking Young off at third with a rapid fire throw to Doran, who flagged the Glendale shortstop as he dove head-first for the cushion. "Cy" Young missed three perfectly good pitches and the game was over.

Frank Kerwin, manager of the White Sox, is trying to arrange a Sunday game with the Cubs here next Sunday.

Mickey Cochrane May Go on Market Block That Mickey Cochrane, the crack young catcher of the Portland Beavers, is being fattened up for sale on the market block is evincing in the way Manager Frank Brazil keeps him working. Cochrane did virtually all of the catching for Portland last week, the idea being to give him as much experience in Coast league baseball as possible so that if he is sent out on a "make good" sale next spring, he would know something about how to handle a pitcher.

The kid, who was in a class D league last year, has developed wonderfully, and with three more weeks of steady catching may be ripe for the majors, provided Bill Klepper can negotiate a sale. Bill is able to point to the fact that in catching all of Portland's games, Cochrane is thus considered the first string catcher and ready for advancement. A foxy guy is W. H. Klepper.

GIANT CRIPPLES MAY OPEN SERIES

Groh and Frisch Thought on Hospital List Expected To Get In Game

By DAVIS J. WALSH For International News Service. NEW YORK, Sept. 29.—From a source no further away from our Mr. McGraw than his most immediate heel prints, came the information today that Heinie Groh and Frank Frisch would be in the lineup of the New York Giants for the opening game of the world series on Saturday. At the moment Groh is sporting a demountable knee and Frisch is wearing a balloon tire in lieu of the middle finger on his throwing hand, the result of injuries during the late stages of the National league race.

Alleged interviews have McGraw quoted to the effect that he is certain both infielders will be on the field when the bell rings for the first number of the annual fall nuisance. McGraw has made no such prediction and will make none until such time as it pleases him to do so.

Keep Lineup Secret The writer is given to understand that McGraw hopes to disconcert the Senators by keeping his lineup an official secret until the last moment. That also sounds like a bedtime story, but it is offered for what it may be worth, if anything.

Around headquarters it is the general belief that the Giants will take the field as follows: Groh, third base; Frisch, second; Kelly, center; Terry, first; Wilson, left field; Young, center and Jackson, shortstop, batting in that order. Either Gowdy or Snyder will be behind the plate with the former favored.

Nehf May Hurl Arthur Nehf is the existing choice to pitch the opener, if any choice can be made at this premature hour. He is being rested with this end in view, but even a bat boy knows that pitching selections are an eleven-hour business.

With five days remaining, Groh still was getting around with the aid of a cane today. But the general idea is that Groh is using the cane to prevent further strain, rather than as an accessory means of locomotion.

Study of Grid Rules Helps Henderson Lads

"Guard your football rules book and study it at least one hour a day." That is the creed of "Gus" Henderson of the University of Southern California, and he preaches it to every member of his grid team. As a result Henderson's aggregations have a thorough understanding of the why and whereof of this grid-iron game, and oftentimes put the referee to thinking over some of their protests or actions.

In last Saturday's game Quarterback Green walked boldly past a group of Cal Tech men on the ball still in play through a technically and asked the referee if he had blown the whistle, and when the official shook his head negatively Green trotted 100 yards to his own goal line in a play that proved to be legal. That comes from knowing your football.

Babe Ruth Is Again Leader In Home Runs

Babe Ruth, stellar slugger of the New York Yankees, has regained the home run crown that he shared last year with Cy Williams of the Philadelphia Nationals.

With the season virtually ended the Babe has 46, while his nearest competitors, Joe Hauser, Philadelphia Americans, and Jacques Fournier, Brooklyn Nationals, have 27 each. Rogers Hornsby and Cy Williams are next with 25 apiece. Players with 19 or more home runs are: American: Ruth, New York, 46; Hauser, Philadelphia, 27; Jacobson, St. Louis, 19; Williams, St. Louis, 17; Boone, Boston, 13; Goelin, Washington, 12; Muesel, New York, 11; Hooper, Chicago, 10; Hollman, Detroit, 10.

National: Fournier, Brooklyn, 27; Hornsby, St. Louis, 25; Williams, Philadelphia, 25; Kelly, New York, 21; Hartnett, Chicago, 16; Harper, Philadelphia, 16; Wheat, Brooklyn, 14.

Football Player Has Heart Pierced by Rib HARRISBURG, Ill., Sept. 29.—His heart pierced by a rib during tackle in a game Sunday between the Harrisburg and Gaskins City independent teams, Max Lancaster, 23, former star football player of the local high school, was dead here today. Regarded as one of the best football players ever produced in Southern Illinois, young Lancaster was carrying the ball in the second quarter of the game when he was tackled in such a manner that he fell with the tackle's knee pressing on his stomach. He continued to play for a few minutes, then staggered to the side lines and died at his mother's feet.

Lip reading is now being taught by the aid of moving pictures.

FOOTBALL QUESTION BOX

If you have some question to ask about football, send it to the editor. If you want a rule interpreted—If you want to know anything about a play—Write Lawrence Perry, for the subject says (the ball should go back to the two yard line, or wherever first tackled. Rule 6, Section 2, of the National League rule book states that the referee cannot see that it applies. In other words, when the referee is the referee, he would feel the scoring line was rightfully in the center of the field, and the referee's ruling of the Rules Committee and not the referee's personal opinion is the thing that stands.

QUESTION—In a football game played with the fence behind the goal, the referee should not allow the ball to be carried back to the two yard line, and then fumbles it. In the scramble to get it, the ball bounces over the fence and back to the team which had carried the ball back of the line, scales the fence and gets on the ball. Is this a touchdown?

ANSWER—Yes, unless there has been a ground rule to some other effect.

QUESTION—In a high school game, a player from one team is in their goal in danger, rushed the field and pulled down the goal post. The referee gave the advancing team a touchdown. Was he correct?

ANSWER—He was. It was a career foul, and that is what the referee was the man for the job.

QUESTION—Suppose a defensive back signals for a free catch and the wind stops the ball and he advances the ball to the line of scrimmage. What shall be the ruling?

ANSWER—The catch is not allowed if the ball is not touched more than two steps after making the fair catch, his team must put the ball in play. If he touches the spot where the catch was made, first down.

QUESTION—A team having made a fair catch within proximity to opponents' goal, elect to make a free kick. The ball held by a player is permitted to touch the ground. The defending team swarms to the ball and secures it. Can the defending team retain possession?

ANSWER—No. Ball not in play. Kicking team set five yards back.

QUESTION—A halfback ploughing through the line for a touchdown brings up against one of the goal posts, the ball coming to a stop. The referee should not allow the ball to be kicked down there. B says it depends upon whether the post is in the field of play or several inches into the field of play.

ANSWER—B is right. For the purposes of the rule, the post is not supposed to encroach upon the field of play. A player, therefore, who is brought to a stop with the ball resting against the padding is adjudged to have made a touchdown. Looks like an unjust rule.

QUESTION—After a fair catch, the intention being to follow it by a free place kick for goal, the catcher sets the ball upon the ground immediately while preparing for the place kick is made. Shall the team be penalized five yards for the ball touching the ground?

ANSWER—No.

GRIDIRON JOTTINGS

BERKELEY—Stung by the narrow escape from defeat at the hands of Santa Clara, the Bruin squad took the field for hard practice today with Andy Smith determined to eliminate the glaring fumbling noticeable Saturday.

STANFORD—Physicians at the infirmary today believe Ernie Nevers', Stanford's powerful back, would be back in the game in two weeks. He was carried from the field Saturday with a badly wrenched knee.

SAN FRANCISCO—St. Ignatus turned in a 46 to 0 win over Mare Island Marines.

EUGENE—Oregon not only was forced to a tie with Willamette Saturday but nearly tasted defeat in several periods. The ball was in Oregon's territory three-quarters of the time. The playing of Shields was the feature of the battle. The big guards opened hole after hole for his teammates in the backfield. The work of Hemphill, a former Berkeley high school grid star, in Saturday's game, was another feature.

LOS ANGELES—Despite the "Trojans" angling defeat of California Tech, Coach Elmer Henderson finds himself without reserve punting power and has launched a campaign to develop an understudy for Captain Hawkins.

GIRL NOVELIST SUCCESSFUL Mollis Panter-Downes, a young English girl only 16 years old, has written a successful and accepted novel, "Shoreless Seas." The initial book was so well received that her second book was contracted for before she had started writing it.

WASHINGTON MAY LAND FLAG TODAY

Victory Over Sox Would Give Senators Pennant; Team Is Fighting Hard

NEW YORK, Sept. 29.—The Senators can clinch the American league pennant by beating the Red Sox in Boston today. The Yankees, two games behind, can tie for the lead by defeating the Athletics twice, should Washington lose two games to Boston.

Brooklyn finished in second place in the National league by beating Boston while Pittsburgh was losing to the Cubs.

By LOUIS A. DOUGHER Sporting Editor of the Washington Times and International News. Special Correspondent.

BOSTON, Sept. 29.—Bucky Harris and his gang of fighting Griffis, feeling certain of facing the New York Giants for the world's title of 1924, expect to step into that series at the same heading pace which has carried them from nowhere to the top of the American league, in the hottest struggle in that league since 1918.

It's the only kind of baseball they know—"the Bucky Harris brand," produced by the 27-year-old leader of Washington's first pennant hopes.

In May the Griffins were six weeks behind, at the expense of the Tigers and Yanks, they were first. A cruel series of double-headers shoved them back to third, but Bucky Harris never stops fighting. He is baseball's Stanley Ketchel. His team is a horde of Ketchels.

Back in Lead The Griffis would not be stopped. Late in August they climbed once more into first place over the Yanks. Facing the stiffest opposition in the final three weeks, they have delivered blow for blow, asked no quarter and held their grip on first place. They will enter the world's series prepared for anything and everything. They are ready to fight.

Four cardinal points may be seen in the work of the Washington club: 1—Bucky Harris, as manager and second baseman par excellence, is a human dynamo. He has put fight into the same players who had a hard time to take fourth place last year.

2—The battery work has been uniformly smooth. Muddy Ruel has shown marvelous skill in handling a capable, hard working pitching staff.

3—The infield is practically air-tight.

4—The outfield has speed and punch.

It is difficult to single out individuals among the Griffins. The players have been so welded into a fighting machine that the real praise goes to the organization rather than to this player or that Bucky Harris rightly gets credit for that.

World series usually are decided by pitching. Washington has the great Walter Johnson, at his best in cool weather; George Mogridge, a heady, clever curve ball southpaw; Tecumseh Zachary, a southpaw with a good bag of tricks, and Fred Marberry, the best relief pitcher in the league. This quartet will do most of the work.

In the infield there is Judge, a first sacker of speed, and experience and a 300 hitter and a fast base runner. B'ne Ruth calls him the league's best. Harris has not fallen off in his playing because of managerial duties—a fast and smart fielder, dangerous hitter in pinches and an excellent base runner. Roger Peckinpaugh, veteran shortstop, has never been better. He is the steady influence of the infield. Ossie Bluege, 23-year-old third baseman, is finishing the campaign as a .500 hitter. It is doubtful if Joe Judge of the Yanks or Willie Kamm of the White Sox surpasses him in the field.

Rice High Class Speed characterizes the outfield. Sam Rice has been a high class player for years. He has outdone himself all season. Goose Goslin, slugging left fielder, is the team's big punch. He is a danger at bat, is a steady and fair runner.

Earl McNeely, the California flash, in center field, distinguishes himself in the field. He is hitting above .300, fielding as well as Rice and running bases like another Bill Lange.

Behind the bat, working every day, is little Muddy. Ruel, the catcher in the majors out of any of them and hits soundly.

ATTACK SWIMMER A German swimmer who was attempting to cross the Frisian sea was attacked by a school of porpoises and was so badly stung, that he had to give up his effort to swim across the sea.

BOBBY HAIR EXPENSIVE Statistics considered reasonable and accurate show that bobbed hair costs the average woman groomed woman between \$60 and \$175 a year. A permanent wave will cost between \$25 and \$35, a marcel from \$1.25 to \$1.50, a round curl from \$1 to \$2.

Certain dolls originated in the country have been imitated and stamped with a "made in Germany" label.

BASEBALL QUESTION BOX

If you have some question to ask about baseball, send it to the editor. If you want a rule interpreted—If you want to know anything about a play or player—Write John B. Foster, the man who helps me with the rules under which the game is played today. If you want a personal reply, enclose a stamped, self-addressed envelope. Otherwise your question will be answered in this column.

QUESTION—A is at bat. B is on first and C is on second. A gets hit on third strike and is out by jumping across the plate on third strike. Catcher picks up the ball and holds same while umpire and others argue. While the argument is going on C steals third base and the umpire sends him back to second. Was he out on third or not on second?

ANSWER—The umpire presumably had called time and even if he had not, the runner could not advance if the batter had been called out for interference as the ball was not in play.

QUESTION—Would you please tell me the largest ball grounds in both the American and National leagues? Is the Polo Grounds largest? Redland field?

ANSWER—I have not the exact dimensions of the Polo Grounds and Redland field, but the latter is the largest ground in that of the National league in Boston.

QUESTION—What is the weight of Adams of the Chicago Nationals and of Liebold of Washington?

ANSWER—Adams weighs 160 and Liebold 157. Of course that is with street clothes and weights vary when the playing season is on.

QUESTION—Which team finished second in the American league in 1923?

ANSWER—Detroit.

QUESTION—Runner is on first base. Batter raps an easy fly to center-fielder. The latter drops the ball and throws to second, forcing the runner out. What is the ruling? Would you score this as an error?

ANSWER—No. Give the center-fielder an assist. Nothing was gained or lost by the muff.

QUESTION—Bases are full. Batter hits a grounder and the runner on third touches home before the ball goes outside of the foul line because it was a foul strike. Man on third touches home before the ball goes outside. Should he be a run or should he go back to third base?

ANSWER—The runner goes back to third. It was a foul ball and a runner cannot score upon a foul ball of that kind.

QUESTION—How many home runs had been made in the National league this year? Who made the most of them and who did he make? What club is he in?

ANSWER—The total number of home runs is about 145. It varies from day to day. Fournier of Brooklyn led June 12 with twelve.

QUESTION—In what state was Jackie May born?

ANSWER—North Carolina.

QUESTION—What is the batting average of Wilson, outfielder for the Athletics?

ANSWER—He was batting about .390 June 15.

QUESTION—Runners are on first and third bases and one out. Batter hits a grounder to the outfield. Runner on first does not think the ball will be caught and continues around the bases. Manager thinks the ball will be caught and holds his base but as soon as it is caught he orders the runner to touch home. Does the run count?

ANSWER—The run counts.

QUESTION—Does a runner have to touch all of the bases when he is going around them?

ANSWER—Yes, he must touch every one if he expects his run to count.

QUESTION—Does Jones of the Yankees ever call all of his players off the field except the catcher and first all the men out on the other team?

ANSWER—Jones never has been known to do that. Rube Waddell is credited with being the only pitcher who could play the game with the assistance of his catcher only.

QUESTION—Who do you think will play in the world series of 1924?

ANSWER—If that could be answered definitely the races for the major league pennants might as well terminate now.

TAGGING THE BASES

The Dodgers clinched second place by trimming the Braves 5 to 1 in their last game of the season. Vance allowed only five over his, fanned nine and hung up his 28th victory.

The Giants, with the pennant stowed away, let the Phillies have their fun in a batting spree. Score, Philadelphia, 11; New York, 6.

The Pirates finished the season in third place by losing to the Cubs, 7 to 2. Jacobs outpitched Meadows and Morrison.

The Cards ended the season in a blaze of glory, getting an even break by trimming the Reds in the first game of a double bill, 3 to 3. The Reds won the nightcap, 3 to 2.

Detroit and the White Sox fought to a draw, darkness halting the game with the score tied tenth.

Ladkin and Epinard Meet Again Saturday NEW YORK, Sept. 29.—Ladkin and Epinard, who ran one-two in the second race of the international series at Aqueduct on Saturday, will hobnob on their trip to Laguna, Ky., where the third race will be held on October 11. The thoroughbreds will be shipped on the same train on Wednesday, accompanied by Wise, Counsellor, which ran third in the big race.

ANGELS MAKE BID FOR LEAGUE FLAG

Twelve Straight Victories Rolled Up as Ducks Drop Series

By THREE STRIKES For Southland News Service. LOS ANGELES, Sept. 29.—Marty Krug seems to have made up his mind to give someone a hot chase for the coast league flag. Yesterday his Angels grabbed off a double bill from the Portland Ducks, making a clean sweep of the series—seven straight games. The opener was a 4 to 1 victory and the second, a ten inning fracas, ended 5 to 4.

To talk about Los Angeles in connection with the pennant seems almost absurd, considering that only a comparatively short time ago they were sitting in the cellar position. But such talk is not as idle as it might seem. The Angels are just one and a half games behind Oakland and six games out of the top position now held by San Francisco. And it must be admitted that the Seals are tottering. The largest argument is going on C steals third base and the umpire sends him back to second. Was he out on third or not on second?

ANSWER—The umpire presumably had called time and even if he had not, the runner could not advance if the batter had been called out for interference as the ball was not in play.

QUESTION—Would you please tell me the largest ball grounds in both the American and National leagues? Is the Polo Grounds largest? Redland field?

ANSWER—I have not the exact dimensions of the Polo Grounds and Redland field, but the latter is the largest ground in that of the National league in Boston.

QUESTION—What is the weight of Adams of the Chicago Nationals and of Liebold of Washington?

held to the Red Sox scoreless for the rest of the game. Good base running by Rice gave Washington its first run in the opening frame. With two gone, Sammy singled and came all the way home when O'Neill's peg to catch him at second went into center field.

Senators Big Inning
Boston came right back in the same inning, however, when three hits netted a run. Washington's big inning was the second, when two tallies scored proved sufficient to win the game. Judge and Bluege went out easily to start the inning, but Peck singled to center. Ruel followed with a hit and when Zachary drove a single to left, Peck scored and Ruel pulled up at third base from where he counted a moment later on Liebold's single to right. Liebold, however, was out trying to reach second on the hit.

First Inning
Washington—Liebold fouled to O'Neill. Harris rolled to Wamby. Rice singled, stole second and scored on O'Neill's wild throw. Goslin grounded to Lee. One run, one hit, one error.
Boston—Williams singled, Wamby singled. Veach singled, Williams scoring. Boone walked filling the bases. J. Harris fanned. Ezzell hit into a double play, Peck to Harris to Judge. One run, three hits.

Second Inning
Washington—Judge grounded to Harris. Ezzell threw out Bluege. Peck singled and went to third on Ruel's single. Zachary singled scoring Peck. Liebold singled, scoring Ruel, but was out trying to reach second. Two runs, four hits.
Boston—Lee singled. O'Neill walked. Heving batted for Fullerton and was safe on Bluege's wild throw. Williams lined to Zachary, who doubled up Lee at third. Peck threw out Wamby. No runs, one hit, one error.

Third Inning
Washington—Quinn pitching for Boston. Lee threw out Harris. Rice rolled to Lee. Goslin singled. Judge popped to Lee. No runs, one hit.
Boston—Veach singled, Boone was hit by a pitched ball. J. Harris sacrificed. Zachary threw out Ezzell, Veach scoring. S. Harris tossed out Lee. One run, one hit.

Fourth Inning
Washington—Bluege flied to Lee. Peck beat out a bunt. Ruel popped to Ezzell. Zachary singled, Taylor running for him. Liebold fouled to O'Neill. No runs, two hits.
Boston—Marberry pitching for Washington. O'Neill flied to Harris. Quinn fanned. Williams lined to Goslin. No runs, no hits.

Fifth Inning
Washington—S. Harris flied to J. Harris. Rice lined to Lee. Goslin flied to Boone. No runs, no hits.
Boston—Wamby fouled to Ruel. Peck threw out Veach. Boone singled to center. J. Harris singled to center, Boone going to third. Ezzell flied to Liebold. No runs, no hits.

Sixth Inning
Washington—Lee tossed out Judge and Bluege. Peck flied to Boone. No runs, no hits.
Boston—Lee flied to Liebold. O'Neill fanned. Peck tossed out Quinn. No runs, no hits.

Seventh Inning
Washington—Ruel singled. Quinn picked up Marberry's bunt and forced Ruel at second. Liebold forced Marberry. Lee unassisted. Liebold died stealing. O'Neill to Wamby. No runs, one hit.
Boston—Williams singled, Wamby sacrificed, Ruel to Harris, who covered first. Marberry tossed out Veach. Williams going to third. Boone popped to Judge. No runs, one hit.

Eighth Inning
Washington—Harris doubled. Rice singled, scoring Harris. Goslin forced Rice, Wamby to Lee. Judge singled, sending Goslin to third. Bluege lined to Wamby, who double judged off first. One run, three hits.
Boston—Peck threw out J. Harris. Ezzell rolled to Peck. Lee flied to Liebold. No runs, no hits.

Ninth Inning
Washington—Peck singled to left. Ruel flied to Peck, Wamby to Lee. Marberry sacrificed to J. Harris unassisted. Liebold flied to Boone. No runs, one hit, no errors.
Boston—S. Harris threw out O'Neill. Clark batted for Quinn and singled. Williams hit into a double play, Harris to Judge. No runs, one hit.

Federal Men Occupy Noted Indian Gardens

FLAGSTAFF, Ariz., Sept. 29.—Occupation by federal authorities today of the famous Indian gardens on Bright Angel trail, descending from Grand canyon rim to the Colorado river, was believed to mark the beginning of the end in contempt proceedings against Senator Ralph H. Cameron and his associates. Cameron, cited to appear tomorrow to show cause why he should not be punished for contempt of court in disobeying a court order that the Indian gardens be vacated by its occupants, is expected to be dismissed without penalty, following the vacating of the trail and its occupation by employees of the national park service.

OUTLINES NEEDS OF CIVIC CENTER

H. M. Butts Gives Reasons Why Proposition No. 4 Should Be Passed

Editor, The Evening News:—I wish, through the medium of your paper, to make a final appeal to the voters of Glendale that they vote for the civic center bonds. In making this last effort toward securing their passage I will also refer to, and answer in part, my friend Mr. Ingledue's open letter to me, published in The Glendale Evening News of the 26th inst. Mr. Ingledue said: "I am not boastful, but I am willing to list my record, both as a business man and a greater Glendale citizen, and yours in Glendale. I am a great believer in schools, churches, Y. M. C. A.'s and other institutions which contribute to the fine social atmosphere of Glendale, and contribute to the best of my ability to their support."

Mr. Ingledue is absolutely correct in his autobiography, and he always richly deserves the penance he so frequently wins. In fact, he is altogether too modest. He is equally prominent as a realtor and hotel promoter. Mr. Ingledue's Advancement association singles out the civic center as the main issue in this election. This may be true in the sense that we either have or lose our last opportunity now to raise our last chance to have the modern civic center idea a reality in Glendale.

"Cat Out of Bag"
Mr. Ingledue says: "This organization, I am glad to state to you, has gone on record as being unopposedly against the wasteful use of taxpayers' money in the purchase of the Harvard High school property, to be used as a civic center, and I want to assure you that this action was taken without any feeling of selfishness or sectionalism."
I would gladly agree with Mr. Ingledue if any of the above statements were based on fact. I believe I am safe in saying that there is not a realtor outside the Glendale Advancement association and those having similar interests, who will hesitate a moment in supporting the statement I now make: That the price to be paid (not over \$500,000, the remainder being for improvements) for the Harvard High school site is cheap for the land alone—buildings thrown in. In other words, a first-class realty deal, and not a "wasteful use of taxpayers' money" in the slightest sense.

Is it not true, my readers, that there is always a certain pleasure in finding "a cat in the bag," especially when you expected to find one there? Well, the cat's out of the bag, and here's the cat. You will note they are against the use of the taxpayers' money in the purchase of the Harvard High school property to be used "as a civic center." "As a civic center," that's the cat, friends, and it's a City Hall cat, and it would come at the call of either "selfishness" or "sectionalism."

Oppose Acquisition
In plain words, those of the Advancement association whose interests radiate from the intersection of Broadway and Glendale avenue and whose civic spirit is clearly circumscribed, would stand in the way and oppose the acquisition by the people of Glendale of the one and only site for a civic center park, simply because the City Hall offices would eventually be moved from where they now are to commodious quarters in the Harvard High school buildings.

I make this statement unreservedly, for I sincerely believe there are only two classes of people who will vote against the civic center bonds, and they are the selfish, unprogressive element who vote against all bonds and the people I have above referred to, who seem to be afflicted with a sort of canker which might be termed jealous sectionalism. All splendid people, but just a little out of tune.

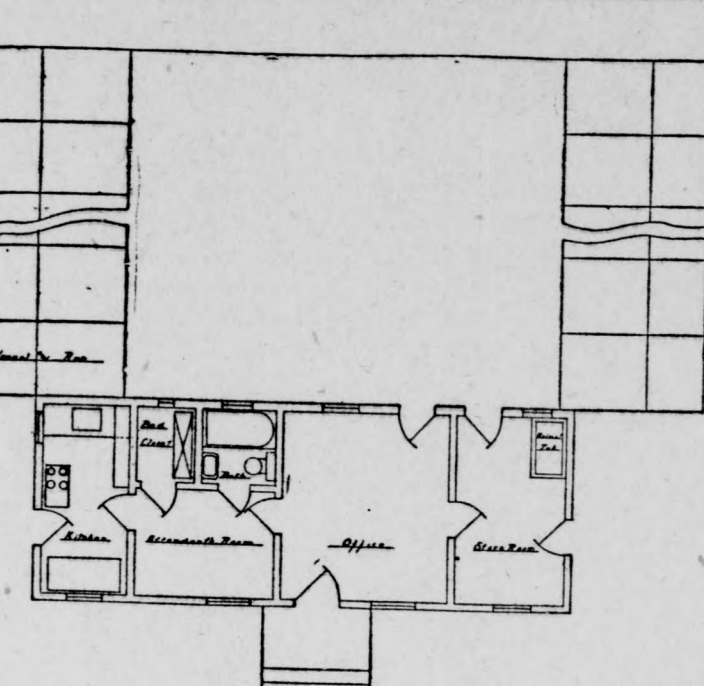

In Own Light
Oftentimes we human beings stand in our own light. I feel that this is now the case with these good eastside folks. Have they ever stopped to think that public buildings are universally considered a detriment to business? The site on which the City Hall now stands would be a far greater asset to that district were it built up as business blocks. I am interested in property at Brand and Harvard and from a financial standpoint I would much prefer to see the school buildings removed, Maryland street again built through and the whole devoted to business.

However, I will wait another picture—a picture showing the wooden buildings removed, the grounds appropriately parked, having walks, benches, band stand, refreshment booths and the trees we are removing from the streets planted there. Let us add to this the fact that we have on the southeast the Christian church, on the northeast the Presbyterian and Episcopal churches, and on the remaining corner of Harvard and Louise we have probably the finest corner in Glendale for the proposed Y. M. C. A. building. Cannot all the people of Glendale see what we have to gain, and vote Yes? Even if we are ever forced to join Los Angeles, we would still have this central park as a breathing spot. Isn't it worth a vote?

Says Cost Is Low
Two more points and I am through: Mr. Ingledue refers to the Harvard school buildings as "hideous" and "outlandish architecture." That is too bad. Broth-er Ingledue! Guess again. No architect who is worth his salt would say as much. Study the classics a trifle and you, too, will change your mind. The new high school buildings may be far more

Plan Home For Animals

Front elevation of the proposed home to be erected by the Glendale Humane Society is shown at top, while the floor plan, showing large runway, kennels and office arrangement appear below. The project will be built by donations and will cost approximately \$4000.

In the cause of Glendale's dumb animals the Glendale Humane society was organized a year ago and now to further that cause, plans are under way for the erection of an animal shelter home and kennel on Ivy street near San Fernando Road at an approximate cost of \$4000. To make the project one of wide humanitarian interest in Glendale and nearby communities, the executive board members of the society have already pledged \$1000 and are now soliciting donations from others.

SELECT SPEAKERS ON BOND ISSUES
Tuesday Afternoon Club to Hold Mass Meeting for Voters Tonight

Enlightenment on the various bond issues that will be considered tomorrow by Glendale voters, will be offered at 7:30 o'clock tonight at the Tuesday Afternoon clubhouse, North Central avenue and West Lexington drive, where a mass meeting of Glendale men and women will be held under the auspices of the civics committee of the club.

Announce Speakers
Speakers and their subjects are announced as: W. L. Twining, Hayselden, police alarm; Peter Hanson, civic center; O. M. Newby, bridges; Peter Diederich, water; L. H. Wilson, parks; W. A. Hale, garbage disposal plant. After each speaker has presented his subject three minutes will be allowed for questions.

Admits Conspiracy to Take Life of Husband
MARION, Ill., Sept. 29.—Only the determination of circumstances surrounding the purchase of the arsenic which, police believe, may bring a third person into the crime, remained unsolved today in Williamson county's "love poison" mystery. A confession by Robert Tate, after hours of grilling yesterday, brought corroboration of the earlier confession of his wife, Ruby, that he and she conspired to poison her husband, Jodie Herrington, to remove him as an obstacle to their marriage.

Dr. Truman Speaks at San Diego Sanitarium
Dr. A. W. Truman, medical superintendent of the Glendale Sanitarium and Hospital, delivered the address last night at the commencement exercises held at the Paradise Valley sanitarium near San Diego. Mrs. J. A. Burden, matron of the Glendale institution, went south for the affair.

Hospital Attendant Undergoes Operation
Mrs. H. F. Fuller of the Glendale Sanitarium and Hospital underwent minor surgery this morning at the hospital. Tonsilectomy operations were performed at the same institution on William Brandstater, of 401 West Wilson avenue and F. G. Bates of 633 North Kenwood street.

Replenish Your Blood

Stream with the 16 Vital Elements Necessary to Health

WHOLE GRAIN WHEAT

is the Only Food Containing Them.

Whole Grain Wheat is not to be used merely as a remedy or as a cure for a present condition, or to be used until the individual gets well and then abandoned and resorted to again when sickness occurs. It is so foolish that anyone should ever become sick after they understand the principles of why they eat and what constitutes food and the relationship that food bears to disease.

Man assumes to think he can juggle with the law of life and not be punished. He needs but to open his mouth to prove his punishment evidenced by his decayed and decaying teeth. The dental offices are filled with suffering humanity having teeth extracted because their rotting presence fills the body with aches and pains, but taking out the teeth is not dealing with the fundamental cause. It is merely removing one effect to relieve another, and the cause of the decaying teeth goes on with its deadly work. Diseased tonsils, nasal obstructions, adenoids, impaired vision, irritability, stomach ulcer, constipation, cancer, tuberculosis, palsy, gall-stones, pneumonia, typhoid, high blood pressure, low blood pressure, rheumatism, neuritis, asthma and all the other named manifestations of altered function are traceable directly or indirectly to this fundamental cause—failure to implicitly obey the law of life, the immutable decree of the Creator.

Whole Grain Wheat, the health first in foods will reduce your food cost 25% to 50% besides building and maintaining health as no other known food can do when used regularly twice every day.

We are maintaining a booth at Mrs. Chase's better food and homes school at Hahn's Auditorium, where we hope we may be of service to you. We are not merely selling food, but building health and saving lives. Talk with us about what you are eating and what you should eat.

We now have more than 2500 enthusiastic users of Whole Grain Wheat in Glendale.

Winning Tickets
Ticket 607 won a bath towel and ticket 378 won pillow cases. Holders of these tickets are asked to get in touch with Mrs. Fellows at Glendale 2277-J.

Roy Biddecom directed the Keltie Shrine club orchestra furnishing the music. Mr. Biddecom and George King assisted with the announcing. Stanley Long and Mr. Theobald conducted the soft drink stand. On the reception committee were Mesdames Mabel King, C. C. Coghlin, Florence Johnson and Blanch Willett. During the evening cards were

In her artistic and delightfully arranged new studio in the O. M. Newby building at 109-A South Central, at the intersection with Broadway, Pearl Keller formally opened her school of dancing and dramatic art, Saturday afternoon, when she received pupils for registration.

It was a pleasure for patrons and pupils to visit the new studio, which was arranged specially to carry out Miss Keller's ideas. Miss Keller has enjoyed ten years of success in Glendale and she has never had such an ideal studio as now. Arrangements, furnishings and furnishings are both artistic and practical.

The Keller studio occupies the entire second floor, where there are reception hall, office, personal living quarters and a small, but adequate ball room, with fine views of the northern foothills. Convenient dressing and rest rooms are added features.

Lovely baskets of flowers were received Saturday by Miss Keller in compliment of the opening of her new studio. Assisting her was her secretary, Clara Louise Brown.

Miss Keller's classes are open for pupils from 2 1/2 years of age up to high school age. She emphasizes in her announcement of fall classes that rates remain the same.

Mrs. Gertrude Champlain Erb is to serve as accompanist. Mr. and Mrs. Jules Swart will have charge of ball room classes for adults, high school pupils and children.

MEET WEDNESDAY
The annual Baptist church meeting will be held in the church Wednesday night at 7:30 o'clock. All members of the congregation may attend this meeting when reports of the past year's work will be heard.

played, the winners being Mrs. A. K. Jenkins, Miss Brinkmeyer, F. J. Peters and L. E. Johnson, all receiving tickets on the prizes.

LARGE ENTRY LIST FOR BOND PARADE

Those Taking Part Urged to Display Banner for Election Cause

With practically every luncheon and service club in Glendale represented and business firms and citizens declaring they will form in line to make the event the largest ever, the bond election parade, scheduled to start at 3:30 o'clock this afternoon is expected to be the largest parade ever attempted by local citizens, according to G. O. Russell, chairman of the committee in charge of refreshments.

Final plans of arrangements were completed Saturday and the line of march and the route to be taken announced in The Evening News. Starting from Birchett street the line will be led by motorcycle officers down Brand to Broadway, east to Verdugo, south to Colorado, west to Glendale, south to Cerritos, west to Brand, north to Broadway, west to Central and north to the point of beginning.

Give Line of March
The line of march was also outlined by the parade committee and each organization will be given its place. The citizenry will follow the organizations. Requests are made by Mr. Russell that all those taking part in the parade display signs not only of the firms they represent but also something along the line of the bond election. In parades heretofore many machines have been entered with just the name of the firm on banners.

Included in the list of entrants in the parade this afternoon will be two bands, providing music for entertainment of those taking part and to attract the local residents. The line of march is such that the machines will travel well through the residential and business district of Glendale and inform the people that it is their duty to get out and support the propositions.

L. A. EXCHANGE

By Southland News Service

LOS ANGELES, Sept. 29.—Los Angeles Investment, which was unusually quiet during last week's sessions, was the heavy trader at the morning session at the Los Angeles Stock Exchange. 2890 shares changed hands and a steady rise marked the activity of the issue, opening at \$3.66 and closing at \$3.82.

Julian issues continued active, both common and preferred dropped a half point during the trading. Preferred opened at \$13.50 and receded to the low figure of \$13.00, while common dropped from \$9.00 to \$8.50.

Bond issues were more quiet than at the close of last week.

MERCHANTS HEAR ZONING PROBLEMS

H. M. Butts Speaks Relative To Commercial District Near High School

The Glendale Merchants' association held their regular weekly luncheon this noon at The Alley Inn. After quickly disposing of the regular business, W. A. Anderson, newly appointed president of the Verdugo Hills Merchants' association, comprised of business men of La Canada, Montrose, La Crescenta, Verdugo City and Tujunga, made a short talk in which he explained the plans of the new neighboring merchants' association and cordially invited the members of the Glendale Merchants' association to be present at their first meeting, which will be Wednesday of this week.

H. M. Butts, vice president, brought up the question of the indiscriminate action of the Glendale City Council in zoning different sections of Glendale for business, giving as an illustration how Glendale's business section was scattered and how compact a business district most cities had, naming Santa Ana as an example. The latest petition being signed for a new business zone, he stated, was in the vicinity of East Broadway and Verdugo Road in close proximity to the new High School.

Discuss Bonds
The bond election to be held tomorrow was also discussed, H. M. Butts and Thos. G. Watson making short talks in favor of Glendale voting for the bonds. The subject of bad checks was also brought up, H. W. McGuire of The Glendale Shopping News reading information in regard to the prevalence of bogus checks, and Frank H. Pilling, the secretary, proposed to furnish news of bad checks to Glendale newspapers in order to warn local merchants. Ed Nisile, the clothier, who had been absent from the meetings of the association for nearly a year, made a few remarks stating he was glad to report he would again be a regular attendant at the luncheons.

W. P. Potter, credit manager for the Bentley Lumber Co., suggested a change in the weekly credit reports, but the matter was not taken up at today's meeting. After reading and discussing the credit reports, the session adjourned.

Actress Will Appear In First Light Role

Mary Isabelle Alpaugh will appear in "A Prince There Was," Wednesday night at the Tuesday Afternoon clubhouse, in her first character role and bobbed hair. She is having great fun with the part of Gladys Prouty, the daughter of the boarding house keeper, where the real drama takes place. Miss Alpaugh has so often played in classic roles and serious legitimate drama that her friends are offering condolences that she should make her first appearance in Glendale in a minor comedy role, but the Dobinson policy is no favorites and it is not so much the part as how it is played.

The role of Gladys Prouty fell to Miss Alpaugh's lot in the casting and she is determined to play it for all it is worth. Her costumes are supposed to be the latest thing on her home street, and, assisted by Richard Ehlers, the "movie extra" who will be garbed in striped shirt and fancy vest, she hopes to be remembered as a bright spot in this delightful play.

Park Avenue P.-T. A. Planning Food Sale

The first regular meeting of the Park Avenue Parent-Teachers' association was held at the school Tuesday afternoon, September 23. At the business session it was decided to hold meetings on the fourth Tuesday of each month. A food sale will be held at the school Wednesday, October 1. The next meeting will be held October 27.

300 pounds pressure at a finger touch!

THE "finger flick" control of the new Thor 75 Automatic Electric Ironer brings the shoe against the piece being ironed at a pressure of 300 pounds! Is it any wonder that things ironed on the Thor are marvels of lustrous finish and smoothness?

Yet the pressure that gives this finish is applied without effort on your part. And this feature is only one of many that make ironing with Thor real fun.

See Thor demonstrated at The Glendale Evening News Cooking School this week at Hahn's auditorium.

C. C. Secretary Back From Whittier Meet

Eighty secretaries attended the meeting of the Commercial Secretaries' Association of Southern California at Whittier Saturday, where a luncheon was held at noon followed by talks by Los Angeles men and a general discussion of Chamber of Commerce work. Secretary Howard L. Wood and Laurence H. Grady, of the Glendale body attended the meeting. Talks by A. C. Arnoll, manager of the industrial department and assistant secretary of the Los Angeles Chamber of Commerce, and Oscar A. Herman, president of the school factories, were the main features. Afterwards the members discussed membership work.

Arrest Two In Raid On Glendale Tavern

The Glendale Tavern at 1120 South San Fernando road was raided for the fourth time at 3:30 o'clock Sunday morning by Chief John D. Fraser of the Glendale police department and a squad headed by Lieutenants W. J. Royle and Louis Nunn. Liquor was found on the premises, Chief Fraser states, and R. A. Etie, Jr. and F. Gabelle, both of Los Angeles, were arrested on charges of possessing intoxicants. They were brought to headquarters and released on \$200 bail each.

Mr. Etie was later released by Chief Fraser because of insufficient evidence. Mr. Gabelle failed to appear in court and forfeited his \$200 bail.
