## ORDERLY CONDITIONS REPORTED IN STRIKE AREA IN NOVA SCOTIA

### More Than 10,000 Steel and Coal Workers Now Idle; Company Says Trouble Is Between Men and Federal and Provincial Governments.

Sydney, N.S., July 4.—With over 10,000 men on strike in the Cape Breton industrial area, the hours have passed without serious disturbance so far as the police and municipal officials have been able to ascertain. In the coalfield relays of pickets organized on a military basis are closely guarding the twenty-two collieries of the British Empire Steel Corporation, but no attempt is being made to work the mines, and company officials bringing out horses and trying to keep the pits pumped have not so far been interfered with.

Semi-official information from British Empire Steel Corporation sources indicates that the company regards the trouble as between the men and the Federal and Provincial Governments rather than between the men and the company, inasmuch as their avowed demand is for the removal of the militia and provincial police who were sent here by the two Governments respectively.

The strikers have abandoned the fight to save the big coal bank at New Aberdeen, where a huge heap of over 250,000 tons of coal has been on fire for the last 14 days. No disturbances have occurred at the steel plant or the coal mines, and no move toward settlement has been made by either side since the informal conference between Hon. D. A. Cameron and the strike leaders here yesterday afternoon.

### Collieries Affected

Sydney, July 4.—The present joint steel and coal strike in Cape Breton affects seventeen collieries at widely scattered points on the south side of Sydney Harbor, five major collieries on the north side and the Sydney steel plant. These are all held by the British Empire Steel Corporation. It is not anticipated that the miners in the small independent mines on the north side, such as the Indian Cove, Toronto and Little Bras d'Or mines, will come out.

### No Strike There

Halifax, July 4.—Joseph Moss, of the executive of the Spring Hill, Cumberland County, coal mines, stated by long distance telephone today that no consideration had been given to a sympathetic strike at Spring Hill. He said the miners there had not been asked to strike.

### Spring Hill Is a Big Mining District on the Nova Scotia mainland in Cumberland County.

### Act Violated

Ottawa, July 4.—That the \$300 coal miners of Cape Breton who went on strike because troops and provincial police in the Sydney strike area were not withdrawn have violated the Industrial Disputes Act was the opinion expressed by Hon. James Murdock, Minister of Labor, this morning.

"The provincial authorities of Nova Scotia," said Mr. Murdock, "are responsible for the preservation of order and the enforcement of Federal laws. They must deal with the situation."

Mr. Murdock believed that most people were under a misapprehension regarding the presence of troops in the district.

### By Commanding Officers

"It is the popular opinion," said the Minister, "that the Dominion Government act the troops to Sydney. Under the Militia Act, commanding officers of military districts are bound to furnish protection in areas where the local civil authorities call upon them to do so. That is what happened in Sydney. The first troops were sent from Halifax in response to an order of the Sydney authorities before the Federal Government knew anything about the matter."

### Officials at the Department of National Defense supported the opinion of the Minister of Labor that the troops must remain in the strike area until the local authorities should express a desire for their recall.

## BERRY SHIPMENTS TO PRAIRIES END

### 43 Carloads Have Gone to Mainland, or 86 Per Cent of Original Estimates

It was announced at the shipping depot today that the last carload of strawberries had rolled to the Prairies. There are no more shipments to leave the Island this season. Up to the present 43 carloads of fruit have been exported from the Island. The original estimate as to the number which would be shipped was fifty cars. In 1922, 65 of the original expected number of cars have left loaded with fruit for the Prairie markets. The berry crop this year was in every way up to the average, and many of the farms on which the crops were marked to such a degree as to be worthy of notice. Next season irrigation will be more general on the Island. Several new systems have been developed lately, and others are under the consideration of the farmers. It is certain that irrigation aids the berry production in many ways, and is a very great benefit.

## SHIP IS LOST

Halifax, July 4.—The Royal Mail Steam Packet Caraquez, which went ashore on June 25 on a reef near Hamilton, Bermuda, will be a total loss.

## OBJECT TO NAVAL TREATY DELAY ARE CENSURED

### Japanese Suggest Tri-Partite Agreement on Washington Terms

Tokyo, July 4.—The Japanese Navy Department has instructed its attaches to sound out Great Britain and the United States with a view to reaching a triple agreement for the enforcement of the Washington Naval Treaty pending ratification of the treaty by France and Italy, the Admiralty announced today.

Japanese newspapers yesterday predicted the announcement of the proposal would be made because of the heavy expenditure involved in maintaining warships listed to be scrapped under the Washington agreement, and also because of the serious inconvenience entailed in formulating naval estimates.

### No Comments.

Washington, July 4.—Word that Japanese naval attaches had been instructed to sound out the United States and Great Britain on the availability of entering into a tripartite agreement for making effective the Washington Naval Treaty program here today and it was said that inasmuch as the instructions had not reached the Japanese Embassy, any official discussion would be premature.

Just how active the proposal will be pressed immediately is a matter of speculation in some circles in view of recent despatches from Paris that progress toward French ratification of the treaty is looked for within the next two weeks. It is regarded as probable that these advances had not reached Tokyo when the instructions were issued the attaches, although at the same time it is admitted that they were not of sufficient detail to make entirely clear what steps are contemplated—Premier-Baldwin.

### Japan Embarrassed.

It has been known for some time that the situation created by the delay in final ratification has been a most serious discussion of a specialist program toward French ratification because of the uncertainty it has given her naval programme.

It has been understood for months that discussion of such a step could be ultimately expected among the three major naval powers in the event that the French Chamber of Deputies failed to give its assent to the treaty. Discussion of such a step consistently declined to discuss this possibility and have at all times reiterated their confidence that France would in due time complete the ratification. There have been indications that at least Japan, the United States and Great Britain would not permit the treaty to die without a most serious discussion of a specialist program to place it in effect as between themselves.

### NOTE TO ABOLISH LAND REGISTRATION

British House of Commons Divided 260 to 18 Present System Unnecessary Expense, Says Baldwin

London, July 4.—(Canadian Press Cable)—The House of Commons, by a vote of 260 to 18, agreed to the abolition of the registration of land sales and leases after this step had been opposed by Austen Chamberlain, Lloyd George, H. H. Asquith and Ramsay MacDonald.

### Boy Seriously Hurt in Accident

Richard Shiner Struck by Car at Patricia Bay Life Hangs in Balance; Was Crossing Road

Richard Shiner, aged ten, received painful injuries at Patricia Bay last evening, and is now lying in a critical condition at Resthaven Sanitarium. The Provincial police have received a report from W. B. Lambert on the matter.

In his report Mr. Lambert states that while driving along the Saanich road near Patricia Bay on the way to Deep Bay at eight o'clock when unexpectedly from the thick brush at the roadside sprang three boys. The first of the boys hit the driver, the second hit the car and the third was struck by the car. The car at the time was traveling at a moderate rate of speed.

The boy was picked up unconscious. One leg is fractured and he is suffering from concussion of the brain. It is feared that the face was lacerated and other injuries received. Shiner was rushed by Mr. Lambert to Resthaven Sanitarium, where he received medical attention. His condition was cited as "very critical" today.

The victim of the accident is the son of Mrs. Shiner, Cadboro Bay, and was attending the Hughes School at the Gorge. He went with school companions to a Summer camp at Patricia Bay. His father is in the Orient, at Hongkong on business.

Dr. Barrett, of Resthaven, and Dr. Beale, of Sidney, were called at once to the bedside of the lad. A consultant physician was called in today, and every effort is being made to save the boy's life.

## MONTREAL MAY HAVE STRIKE OF HOTEL CHEFS

Montreal, July 4.—An organized strike of chefs in leading Montreal hotels is a possibility, indicated by a letter said to be a virtual ultimatum sent a week ago to the hotel managers demanding a weekly pay day strike adherence to the eight-hour working day and a day off every week.

## U. S. PROPOSAL BEFORE COMMONS

### British M. P.'s Probably Will Read Ship Seizure Plan

### U. S. Officials Wish to Take Craft Found Smuggling

London, July 4.—Premier Baldwin told a question in the House of Commons today that he was perfectly willing to lay on the table the terms of the United States proposal asking for power to seize outside the three-mile limit ships suspected to be engaged in smuggling intoxicating liquor, provided the consent of the United States could be obtained.

### Only for Illness

Liverpool, July 4.—The White Star liner Baltic, which arrived today from New York, made the homeward trip in a very good condition, her 480 passengers finding the ship's doctors unresponsive to appeals for liquor, suffering from seasickness or other bona fide illness.

### HONOR MEMORY OF WALTER H. PAGE

### British and U. S. Officials at Westminster Abbey Ceremony

London, July 4.—Walter Hines Page, who held the post of United States Ambassador to Great Britain during the Great War, received a place yesterday among the illustrious dead of the ages in Westminster Abbey. A marble tablet commemorating his friendship and sympathy in Great Britain's hour of testing was unveiled by Viscount Grey, of Faldo.

### Tablet Commemorates Work of Late Ambassador

The British Government was represented by the Suffolk division of Battersea, intersected: "In His Majesty's Government to be understood to give the United States Government an absolute free hand in this matter to do whatever it likes."

Paris, July 4.—The Journal des Debats yesterday contained a full frank answer by the French Government in writing, if requested, to the British questionnaire of three weeks ago on the subject of the reparations policy, the issuance of which is being anxiously awaited in London.

### Reform of Currency.

The Temps advances the opinion that the present conversation had such a decisive bearing on French relations that only harm would result from the undue stressing in the public press of the obvious divergencies which exist among the Allies.

### Not Put on Market

Berlin, July 4.—The finished products, worth millions of dollars and consisting chiefly of machinery and electrical goods, manufactured in the Ruhr under German supervision, which have been seized by the French authorities in the Ruhr under General Degoutte's decree, are to remain under guard for the present.

### Ontario Election.

Asked as to prohibition being a success in Ontario, he was non-committal but conveyed the impression that the thirty-year-old could have his first assuaged. When asked for his version of the cause of the defeat of the Farmers' Government in Ontario, he replied that he was convinced that the two party system was the best.

Atlantic City, N.J., July 4.—Two board walk chair pushers were fined \$2.50 each yesterday for "speeding" and endangering the lives of pedestrians. They promised not to try for any sprint records despite the desire of joy-riding clients.

## BRITISH MINISTERS RENEW DISCUSSION OF REPARATIONS TANGLE

### Hear Report From Curzon on Verbal Replies of France and Belgium; Written Explanations of Certain Points May Be Sent By France.

London, July 4.—The British Cabinet today attempted to find some ray of light in the ever-thickening fog of the reparations situation, Lord Curzon presenting his colleagues with the substance of yesterday's verbal replies of France and Belgium, explaining the points on which those countries showed any tendency to meet the British views.

The Cabinet's deliberations were shrouded with more than the usual secrecy which marks its meetings. No one identified with the Government could be found who would give any hint regarding what had happened.

### DR. MACLEAN FINDS

The Times explained this silence by saying the whole reparations problem was one of such extraordinary delicacy and the present conversation had such a decisive bearing on French relations that only harm would result from the undue stressing in the public press of the obvious divergencies which exist among the Allies.

**GASOLINE TAX SUGGESTED TO BUILD TRANS-B.C. HIGHWAY**

The great transprovincial highway across British Columbia linking up with the Pacific Highway down the coast and giving the means for thousands of motorists to holiday here, can be readily completed if motorists would have a gasoline tax brought into effect here.  
 This was made clear at the Parliament Buildings today on the return of Premier Oliver from the Interior where he took part in the opening of the new Banff-Windermere Highway.  
 "Harvey M. Toy, chairman of the California State Highway Commission, who was at the ceremony at Kootenay Landing, advised me that they had one million motor cars in their state and that they collected from a tax of two cents a gallon on gasoline \$9,000,000 a year," the Premier said. "I think we have in B. C. about 100,000 motorists and if they would say to us that they were willing to carry a two or three cent a gallon gasoline tax we would then be prepared to recommend the building of the road."  
 The Premier said that on his visit to the Interior he was besieged by people urging that the missing link in the Provincial highway should be constructed. He explained to them that it was largely a matter of finance.  
 The Premier spoke at Golden Friday night on the freight rates issue. Saturday morning he motored 25 miles to Kootenay Crossing. There were 100 cars and 500 persons, many from California, at the ceremony, at which Hon. J. H. King, Minister of Public Works, presided. The Premier yesterday went over the University of B. C. work at Point Grey. He was the guest of the G. W. V. A. in Vancouver at their luncheon yesterday.  
 The Premier will leave Victoria next week to speak at Merritt on July 10, and at Ashcroft on July 11. To-day he received a formal invitation to the ceremony at St. Julien, near Ypres, on July 8, for unveiling the St. Julien Memorial erected by the Canadian Battlefields Memorial Commission. The Duke of Connaught and Lieut.-General Sir Richard Turner, V.C., will perform the ceremony.

 Incess in financing highways of an inter-provincial or international character, Dr. MacLean said.  
 Asked as to his opinion as to the value of such meetings, he stated that he thought that an annual conference of engineers of the various provinces where problems connected with road construction and maintenance were discussed, would be of greater benefit. He also commented favorably on the suggestion that the Dominion Roads Department should carry out experiments in road building materials for the benefit of the Highways Department in each of the Provinces.  
**Fine Technical School**  
 During his stay in Hamilton, the Minister visited the Hamilton technical school—one of the finest in Canada. The building cost \$1,000,000—the principal is Professor Gill, lately of the engineering faculty of the University of B. C. Here he has a staff of sixty-five teachers, with 1,500 pupils in daily attendance, while part time classes and night classes bring up the total to 4,000 students. The building was erected and equipped by the city of Hamilton, the cost of \$250,000 annually.  
 "This institution demonstrates fully the value of adapting education to industry," pursued here the natural tendencies of the student are observed and he is directed in the proper line," Dr. MacLean said. "The school is managed by a committee made up of an equal number of representatives from the school board of Hamilton, also manufacturers and industrial workers."  
 "This school is open to both sexes,

**THREE KILLED IN RAILWAY SMASH**

Two Probably Fatally Injured in New Mexico  
 Train Plunged Over Thirty-Foot Embankment  
 Albuquerque, N.M., July 4.—Three persons were killed, two probably fatally injured and a score of others more or less seriously hurt shortly before midnight last night when Santa Fe passenger train No. 2, known as the Navajo, plunged over a thirty-foot embankment on a sharp curve, one mile and a quarter west of Domingo, N.M.  
 Both engines and the baggage car went over the embankment and the chair car and a smoking car turned over, but six sleeping cars remained on the track.  
 Engineer J. J. Roberts and Fireman Kruse of the forward engine were buried beneath the wreckage. Kruse was removed and was still alive when the train reached Albuquerque, although his condition is said to be critical. Roberts' body was seen but could not be reached by rescuers.  
 Engineer Joseph Hlevens and Fireman Earl Hall, of the second engine, were thrown seventy feet from the track and both were killed. Conductor Eastman was seriously injured.  
 The newsboy of the train is missing.

**CROWN AFFIRMS RIGHT TO DEPORT**

Chinaman Let Out On Habeas Corpus Proceedings; Respondent to Appeal  
 The right of the Crown to appeal from the release of a prisoner by habeas corpus proceedings, when held for deportation as an inmate of a jail is the main point at issue in the hearing of Rex versus Pong Fook Wing (respondent). It opened before Chief Justice Macdonald and their Lordships of the Court of Appeal this morning. Elmore Meredith appears for the Crown, and H. R. Bray for the respondent. The hearing follows clearly on the lines of that of Rex versus Mah Shin Shong, decided by the Court of Appeal in the Fall of last year.  
 Pong Fook Wing, a resident of the Vancouver Chinatown was convicted in the police court of smoking opium and fined \$35 and \$4.50 costs by Magistrate South. In default of payment the accused served one month at Oakalla, at hard labor. He was then handed over to the immigration authorities, and an order for his deportation back to the land of his birth issued.  
 Appealing by way of habeas corpus, Wing obtained his release on an order of Chief Justice Hunter, and from this the Crown now appeals.  
 The respondent was wrongfully released by the lower court, held Mr. Meredith to the Court today. The Crown had no right of appeal if the matter were a criminal one, and if held to be civil the Provincial courts could not proceed on provincial statutes to deal with a matter for which the Federal Statute had been provided, argued Mr. Bray.  
 The peremptory list includes: Rex versus Pong Fook Wing (at bar); G. T. P. Development Co. re Municipal Act; and Lee Shek versus the Attorney-General.

**TRACKS BEING REPAIRED**

Calgary, July 4.—With four trains delayed in Calgary and six trains waiting in Banff on Wednesday morning, the Canadian Pacific Railway officials were making desperate efforts to finish repairing the track at the big washout fifteen miles west of Calgary. They were confident that the track would be in shape by noon and expected the first trains to get across shortly after that time.

GRAIN INQUIRY HELD AT CALGARY

Commission Hears Evidence and Goes On to Vulcan, Alberta

Calgary, Alta., July 4.—More rigid inspection by the Dominion Grain Commission houses was urged at the concluding session of the Grain Inquiry Commission here yesterday afternoon by F. E. Smith, former Edmonton grain dealer.

Failure of the Ross Alger firm to continue operating as a grain dealing organization might have been prevented had the Grain Commission provided more rigid inspection, Mr. Smith said.

Mr. Smith, who formerly was employed in the Ross Fargo grain commission firm in Edmonton, was the only witness called before the commission during the afternoon.

Announcement was made yesterday of the schedule of meetings of the Inquiry Commission in Saskatchewan and Manitoba commencing Monday, July 16, as follows:

OTTAWA ORDER ON FREIGHT RATES

Ottawa, July 4.—The Government has continued the suspension of the Crow's Nest Pass Agreement, which would expire July 6, for another year.

DR. G. A. WINTERS DIED IN TORONTO

Toronto, July 4.—Dr. George Arthur Winters, a widely known medical and military man of Montreal, on his arrival here yesterday was taken from the train to a hospital, where he died within two hours.

KILLED BY GAS

Superb, Sask., July 4.—Leonard Idington was asphyxiated by gas yesterday afternoon in a well 140 feet deep on the farm of D. Hume, near Superb.

OUR MOTOR CENSUS.

How the use of the motor car has become a tremendous factor in modern Canadian travel is reflected in the fact that there were last year in this country no fewer than 531,821 motor vehicles—or an average of 5.7 to every one hundred persons.

This is not only an indication of the importance of the automobile industry itself, it gives a new status to the highways of the country and becomes a question in which governments must take as great an interest as that demonstrated by the administrations of twenty years ago in the construction of the roughest kind of a wagon road.

The growth in the number of motor cars similarly will reach the point at which the great railway transportation companies will have to consider the rubber tired vehicle in the light of a serious competitor. In countries like Canada some time must elapse before the competitive element will be noticed in any except those localities where intense development has taken place and large populations are found.

The number of motor cars in Canada, of course, is of especial interest to us because of the tremendous value of the tourist trade. In a few years the revenue which this country has derived from this one source alone has passed a mark that would have been considered impossible twenty years ago.

PEACE IN IRELAND.

Some time ago President Cosgrave issued a statement to the people of the Irish Free State to the effect that the Government was gradually bringing order out of chaos and that the rebel campaign was rapidly spending the last vestige of its fury.

Following closely upon this quite remarkable incident Eamonn de Valera issued an appeal to his dwindling army of followers to throw down their arms and cease to hinder the administration of the affairs of the country.

Such a decision will be welcomed by the Free Staters if only for the reason that it will give the electorate a fair chance to pronounce upon its present status under the operation of the Anglo-Irish Treaty in contrast with the very unsatisfactory bargain that de Valera would have given them if separation had been permitted.

With these disconcerting considerations no longer worrying the people it can be assumed that the Free State Government will get another mandate that will effectively write a happy finis to Ireland's major troubles.

AN AMERICAN PEACE AWARD.

To the first American citizen who presents the best practical plan by which the United States may keep peace with other nations for the achievement and preservation of world peace an award of \$100,000 will be given.

in order to tour the country in the cause of peace and the League in particular. Mr. Bok's plan is quite a different course towards the desired objective; but it should be effective enough to encourage its emulation in other lands.

After all even its opponents should be honest with themselves and admit that the League of Nations is the only agency in existence that is actively working and striving to save the world's industry and its social fabric from the dislocation and devastation of war.

ASK THE ELECTORATE INFORMALLY.

Between now and the time that must elapse before the Legislature will meet for its next session it ought to be possible for its members to get an expression of opinion from a large body of the electorate on the subject of private importation of liquor.

DOUBLE ASSURANCE.

It was not necessary for the Prime Minister to assure the House of Commons last Friday that the Parliament of Canada would reach a final decision upon such matters of Imperial and international importance as may be discussed by the delegates of the British Dominions at the imperial and economic conference that will convene in London next October.

This is obviously the attitude of every Dominion and thoroughly understood by the British Government. A conference of Empire representatives is purely consultative and its main object is the provision of an opportunity for the British family to talk over matters of importance and interest to its several members.

NOTE AND COMMENT

Nearly all the transportation officials who visit Victoria tell us that holiday travel is coming this way this year in a greater volume than ever before.

The Soviet Government has formulated a colonization scheme and is inviting immigrants. Finlanders from British Columbia are already on their way to the Bolshevik Utopia.

The businessman and the ordinary citizen should realize that the Chamber of Commerce can perform all the more useful service if it can depend upon more active support and co-operation.

Peter Verigin has gone to inspect the Niagara Peninsula to see if there is sufficient land available for the Doukhobors of this Province.

"THE PEOPLE'S BUSINESS"

To the Editor:—On receipt of my copy of your issue of June 27 I read with considerable interest your editorial, "The People's Business."

I presume that what you are trying to prophesy is what would follow if the Dominion Government would prohibit private importation of liquor into British Columbia as desired by our Attorney-General.

The question is, if private importation were stopped, would bootlegging cease? In Quebec there is Government sale of liquor but no export liquor warehouses supplying bootleggers.

On February 12, 1923, Rev. Dr. Hart, in an address before the Ministerial Association at Montreal on the Quebec liquor situation, had this to say of bootlegging: "In the city of Hull last Fall the commission rounded up fifty-five persons in one clean-up who were engaged in this business."

Now if in all the prohibition provinces it is illegal for anyone to import liquor for beverage purposes and yet bootlegging exists, what right have you to conclude that under a system of Government control that must permit breweries and distilleries to operate and where the Government itself is a source of supply for the bootlegger...

### IRIGATORS RAISE LEAD PROTESTS OVER DEAR WATER

Councillor Vantreight Wins Further Delay On Saanich Water By-law

By arguing for over an hour, Councillor Vantreight, of Ward Three, last night secured unanimous silence of accord from the Saanich Council, when he voted "aye" to his own motion for a seven-day holiday to the much debated Consolidated Waterworks by-law.

Councillor Vantreight explained that only the urgent complaint of Ward Three berrygrowers against the proposed increase in irrigation water charges, caused his presence at the session.

He presented copies of documents from Victoria City Hall, dealing with the city's offer to Saanich of special discounts on water consumed in Gordon Head, if metered and charged users at rates effective in other parts of Saanich.

This dossier was considered by the meeting and most of the councillors to be of no value in view of the fact that the offer had never been accepted and put into effect.

Mr. Vantreight tried earnestly to secure a proposal as to a better way of avoiding a deficit of \$10,000 or more at the year's end.

### Has Big Views

Councillor Vantreight also opposed meter rentals and asserted that, if water were available in sufficient volume, berry growers could consume 500,000 gallons per acre per season, if the price was low enough to encourage such a consumption. Equipment on the plantations.

He protested the proposed elimination of the seven cent per thousand gallon rate and substitution of a cent basis, as being too much in line with Government liquor store practice, "making this comparable with liquor supplies, pretty precious stuff," he said.

### Reeve Touches Core Spot

Before the Council decided to allow one more week of delay on the by-law, Reeve Watson pointed out that the last waterworks extension by-law authorized a loan of \$150,000, chiefly for domestic supply to Gordon Head. This has been borrowed and expended, but \$15,000 has gone into unproductive meters, while the real investment in water frontage or other actual revenue producing work is equivalent to only \$5,000. This was one of the causes of the impending deficit, combined with the lessened revenue from the drastic reduction in frontage charges, from eight cents per foot last year on new construction to six cents adjusted, averaging 2 1/2 cents per foot on the same agricultural frontages this year.

The Reeve further pointed out that, unless water metering and free meters are abolished, there would be no funds wherewith to make service extensions and so earn high frontage charges and sell more water to households at profitable rates.

### SAANICH SUFFERS LOSS OF PROFITS THROUGH HONESTY

A special committee of the Saanich Council will wait on the Provincial Government, or the Minister of Finance, and endeavor to secure a larger appropriation—honorariums.

Reeve Watson last night asserted that, on the basis of school population, Saanich was being unfairly treated and that the conservative population estimate presented by Saanich when the first division of profits had been made, had proven an unhappy move.

Councillor Robertson remarked, "It does not pay to be honest with those fellows," and Reeve Watson recalled, "That is what I told the Deputy Minister when making a protest recently."

### INVITATION TO VETERANS.

The secretary of the Victoria Branch of the Grand Army of United Veterans has this morning received word from the Provincial Secretary of the organization that, in honor of the ex-service men attending the great re-union to be held in Vancouver next week, a grand smoking concert will be held in the quarters of the G. A. U. in Vancouver on Friday evening, July 4. The principal executive extends a most hearty invitation to all members of the Grand Army on the Island who intend to be present at the re-union to attend the social event referred to. The re-union will mark one of the most important occasions in the annals of ex-service men, and will be attended by delegates from all points in the East and Middle West, as well as from various parts of the Province.

### 1ST BATT. CANADIAN SCOTTISH (16TH BATT. C.E.F.)

Battalion Orders, July 3, 1923

Lieut.-Col. H. M. Urquhart, D.S.O., M.C., A.D.C., commanding.

Parades  
The battalion will parade as strong as possible at the drill hall on Thursday next, July 5, for the purpose of discussing the question of the annual excursion, and other matters of regimental importance. The commanding officer asks that every member put forth a special effort to attend.

Hour of parade, 3 p.m.  
Dress: Plain clothes.

The regular monthly meeting of the sergeants' mess will be held on Monday, July 9, at 8 p.m. All members are requested to attend.

There will be a meeting of the corporals' mess on Monday, July 9, at 8 p.m. All members are requested to attend.

Attestations  
The undermentioned men having been duly attested, are taken on the strength of the battalion from the dates stated against their names, and posted to companies as under:  
No. 287, Bandman—J. E. Jones, H.M., May 17, 1923; No. 288, Private J. Marks, No. 3, May 25, 1923; No. 289, Private J. Murrant, No. 4 May 31, 1923.

### TALKS OF CANADA'S GRIP ON THE EMPIRE

Rev. W. P. Goard Contradicts McCrossan's Statements Urges Canadians to Think of Britain's Past As a Mother Land

Rev. William Pascoe Goard, F.R.G.S., last night, before a large audience in the Chamber of Commerce auditorium, gave a clear-visioned and keen-minded address on the relationship of Canada and the Empire, the connection of a youthful land and an aged mother country. The speaker took exception to George McCrossan's remarks which were made some time ago to the local assembly of the Native Sons of Canada, and jocularly mentioned that the Vancouver speaker's arguments were indicative of the youth's immaturity of thought. Last night's speaker stated, regarding the allegation of domination of Canada by Downing street, that during the war, and even when Prussian guns were heard across the English Channel, the people of the "Old Land" sent their ships to protect the farthest shores of the Empire on the Pacific, with the result that they wiped out the German fleet in those waters, and consequently made the British lives on the Pacific seaboard safe from a ruthless foe.

Mr. Goard was not slow to criticize Mr. McCrossan's remarks, and it had been said that certain laws in Canada could not be altered without the consent of the British Parliament. This, the speaker stated, was generally untrue, and that laws which, if changed, might affect the Empire as a whole, which Canada had no right to alter, but for the laws which govern the Dominion, there was always a process whereby Canada could do what she would with them. The Dominion is governed by the British, and the Dominion is not a part of the Empire.

### CAPITOL

"The Heart Raider," a Paramount picture, started Tuesday at the Capitol Theatre last night. The picture opens with the birth of two boys in 1537, one the son of a thief; the other a Prince of Wales. Their separate lives are shown in detail—the Prince burdened with court etiquette while yearning for freedom from restraint, and Tom, the beggar, driven from pillar to post by his cruel father. Not till Tom, fired by a desire to see the world, and to see the palace, scales the walls and sees the Prince face to face is their resemblance to each other made to advance the story. But when the Prince notes it a daring plan is put into execution. The boys change clothes and the Prince leaves the palace supposedly the beggar that entered it.

The remainder of the story is given over to the Prince's attempts to convince people of his identity and to regain his position, while Tom has equal difficulty in trying to make the persons of the court believe that he is not the Prince. Both boys are thought to be mad. Their adventures are many and thrilling before the wrong is righted and the Prince at the moment that Tom is about to be crowned, mounts the throne in his beggar's rags.

As will be seen, this is not a simple story, nor is the picture spun out to include a lot of irrelevant details. On the contrary, Mark Twain's narrative is packed with incident, novelty and irresistible appeal to the heart. More than this a remarkable Polish boy, Tibi Lubin, plays both prince and pauper.

### PANTAGES BILL EARNS FULL HOUSE

Showing This Week Recalls Successes of Past

That faded brow-wrinkled creature—the tired butler—such as exists—would have lost all his furrows of time-worn care and broken out into long forgotten laughter if he were offered to witness the Pantages bill on the last night. Thirty artists and artists combined to reproduce for Victorians the Pantages show such as it was in the height of its greatest success here. From the opening number until the audience in reluctance parts with the last performer, the bill for to-night and tomorrow is beyond cavil or fault.

### DOMINION

The biggest plum of the cinematic year went to Richard Dix when he cast in the role of John Storm, Goldwyn's big production of "The Christian," directed by Maurice Tourneur in England, in the role of the Goldwyn studios which comes to the Dominion Theatre.

Strangely enough, "The Christian" was the first play which Richard ever witnessed. His parents are of religious trend and frowned on his early interest in the theatre. Because of the theme of this story they relaxed their attitude, leaving the kernel of the first time when the play was performed by a stock company in Minneapolis.

Dix signed a contract with the Goldwyn company two years ago, after having made an enviable name for himself on the legitimate stage in New York and Los Angeles. He gained immediate popularity on the screen not only because of his manly appearance but because of his finished acting. Among the photoplays in which he has appeared are "Dangerous Curve Ahead," "The Glorious Fool," "Foxy of Fiches" and "The Blue Blood."

The actor was born in Minneapolis and was educated at the University of Minnesota. He was leading man in motion pictures in Dallas, Richmond, Pittsburgh and Los Angeles.

In New York he appeared in "The Little Brother," "I Love You," "First is Last," "Stand Firm Under" and "The Home of the Brave," a memorable production of "Night's Lodging."

### STREET NAMES TO BE CHANGED IN SAANICH

The Saanich Council last night approved of over fifty street name changes within the municipality, and instructed Clerk Sewell to draw up a by-law to give effect to the changes.

Councillor Kirkham said he considered the proposed changes should be made available to public criticism. This, it was feared, would indefinitely delay action.

### DOMINION ORGANIST PLEASES AUDIENCE

An added attraction is being offered by the major patrons of the Dominion Theatre this week in the form of songs being rendered by the popular and well-known organist, Handley Wells. He also accompanies himself on the organ, which makes the songs exceedingly delightful to the enthusiastic audience.

The first song rendered by the talented artist was that well-known selection, "Calm as the Night," by Bohu. After considerable applause by the audience he proffered his second selection, "O Dry Those Tears," by Riego. This song was also greatly applauded.

It is to be hoped that this entertainment will be continued by Mr. Wells, as his singing of the classic songs are very pleasing to the patrons of the evening's entertainment more delightful.

### COLUMBIA

An unusual Western melodrama, "The Buster," the William Fox production with Dustin Farnum, is in the starring role, which came to the Columbia Theatre yesterday.

Immediately after the opening scenes the action begins, and the suspense and absorbing interest is manifested through the entire length of the feature. "The Buster" is one of the most engrossing stories laid in the Western atmosphere that has come to this city in many months. The photography is superb, and all the richness and beauty of the wide stretches of open country are reproduced with an elegance of workmanship.

Colin Campbell, the director, has brought out all the qualities of Farnum in their finest array. The story, by William Patterson, while the noted author concerns the many difficulties of a handsome ranch foreman in his task of taming the temperamental niece (Doris Fawn), of the owner. The picture is a brilliant one—performs admirably.

he pleaded that his black face would lose its greasy paint and turn white if he waited any longer.

Herman Ulis and Minerva Clark appear in a song and dance number with unusual twists and lively patter; the Pantagescope, filled with a comedy of enterprise and action, and finally the Pantages orchestra, complete a bill that requires only to be seen to be appreciated as the best in Panta-Land. A full house brought managerial smiles to the face of Mr. Jamieson last night. It may be that Jack Strouse's conscience tickled him, or it may have been pleasure at the return of the "Pan" bill as in its best.

### RADIO BOYS PLAN MANY NOVELTIES

Showing at Gorge for Season With Increased Cast

The Radio Boys, showing in "The Fancies of 1923" at the Gorge, have added several new artists to their cast. The new production has been the centre of considerable effort, and the Radio boys hope to see result of their labors appreciated by bumper attendance throughout the coming season.

There will be a weekly change of offering. Many new comedy sketches are under way and rapidly approaching the point where they will graduate from the rehearsal stage to the open platform. Wholesome comedy with plenty of action is the motto of the Fancies; and to this end they have kept their showings free from anything that might be received in any other light.

Plan "Amateur Nights."  
Presently the company intends to start novelty nights, with amateur performances for boys and girls up to sixteen years of age. Other nights will be set aside for adult amateurs, and prizes will be offered for all events. The Fancies are appearing daily at eight in the evening, with matinees on Wednesdays and Saturdays, at 3 p. m. Admission is free, the Fancies depending upon voluntary offerings for their support from the public.

SMART WEDDING AT ST. JOHN'S TO-DAY

Beautiful Ceremony Unites Clarence H. Pitts and Miss Doris Wilson

Two leading pioneer families, well-known throughout the Province, were united by the marriage to-day of Doris Louise, second daughter of Mr. and Mrs. Joseph E. Wilson, of 311 St. Charles Street, and granddaughter of the late William Wilson, to Clarence Harold Pitts, second son of Sidney J. Pitts, of 1586 Rockland Avenue, and the late Mrs. Pitts. The ceremony took place in St. John's Church at 2.30, the Rev. F. A. P. Chadwick officiating in the presence of a large and fashionable congregation.

Girl friends of the bride were responsible for the beautiful decorations in the church. Delphinium, marguerites and campanula were lavishly employed in the decoration of the chancel and altar rails. At the entrance to the chancel an archway of white-syringa and roses, flanked by stately blue delphinium, formed a beautiful background for the bridal party during the service.

The organist, G. Jennings Burnett, played the Wedding March as the bride entered the church on her father's arm. She was a charming figure in her wedding gown of ivory brocade crepe, with its draped skirt caught on the hip with trailing blouses lace, lined with palest pink georgette fell from the shoulders. A veil of tulle confined to the hair with a coronet of orange blossoms, and a nosegay bouquet of Madonna lilies completed the lovely bridal toilette.

Four bridesmaids were in attendance. The Misses Isabelle, Helen and Nora Wilson, sisters of the bride, and Miss David Ker were gowned alike in delphinium blue georgette, with long-waisted sleeveless bodices, the flowing panels of the skirt falling from each hip to the floor in double train effect, while Parma violet ribbons encircled the hip-line and were caught in front beneath a huge corsage of multi-colored French silk flowers. Picture hats to match the gowns were worn, and each bridesmaid carried a sheaf of delphinium. The bridegroom was supported by his brother, Arthur Pitts. The ushers were Messrs. R. B. Wilson, Ross Wilson, W. P. D. Pemberton and Nairn Robertson.

Following the ceremony a reception was held at the home of the bride's parents. The young couple received the congratulations of their many friends on the verandah of the house which was transformed into a floral bower for the occasion. Mrs. J. E. Wilson, mother of the bride, assisted in receiving the guests, attired in a striking gown of grey Canton crepe and smart black hat. The wedding breakfast was served in a marquee on the lawn, where the bride cut the wedding cake and the customary toasts were honored.

The many handsome gifts received by the young couple were viewed by the guests. The bridegroom's gift to the bride was a diamond and pearl brooch, to the bridesmaids an iridescent butterfly brooch, to the best man pearl waistcoat buttons, and to the ushers gold safety pins. Mr. and Mrs. Pitts left later on a honeymoon trip. The bride is traveling in a smart knitted suit of petunia and gold with hat en suite. Later they will make their home at Ashcroft, B. C. where Mr. Pitts is opening a legal practice.

ESQUIMALT CHAPTER. The Esquimalt community concert which was held in the Canteen Grounds, last evening, proved so enjoyable that it was decided to repeat this form of entertainment in the near future. The audience welcomed "Hot" Webb as an old friend, and his repeated admission to "sing" met with a cordial response, especially among the ladies.

SOCIETY AND BEVERLY HILLS

Mrs. Norma Rant and Miss Peggy McBride left last night to spend a month's holiday at B.C. Col. Homer-Dixon, Moss Street, left on Friday night on a business trip to Toronto. Mrs. Routledge and family, of Hampshire Road, have gone to Shawanigan Lake for some weeks. Miss Dorothy Thompson, teacher at Telkwa, is spending the holiday in Victoria.

Mr. and Mrs. R. J. Sullivan, of Cincinnati, are guests at the Empress Hotel. Mr. C. Jones, of the Royal Bank staff, Ladysmith, has been transferred to the Victoria office. Mr. and Mrs. Arnold Ivey, of Toronto, are staying at the Empress Hotel. Professor Ashton, of the University of British Columbia staff, has arrived at the Empress Hotel.

Miss Morphy, of Los Angeles, Cal., is a visitor in the city, the guest of her cousin, Miss Wigley, at The Angela. Miss Sara Spencer, accompanied by Miss Mary Gordon, of Toronto, left on Saturday on the C. P. S. S. Princess Louise for the Alaskan trip. Colonel and Mrs. J. M. Rolston left today for their home in Vancouver after spending the week-end in Victoria as guests at the Oak Bay Hotel.

Mrs. Ray Green, Victoria Avenue, is leaving to-day for Vancouver, where for a short time she will be the guest of Mrs. Hoskin. Mrs. J. E. Wark, of Sprout Lake, Mrs. C. F. Bogaert, and Miss Bogaert, of Port Alberni, are registered at the Empress Hotel. Seed Commissioner G. H. Clark, of Ottawa, who is making an inspection of the seed-growing situation in the Province, was a visitor to the city during the week-end.

Mrs. H. E. Grant and Miss Loraine Grant, of Prince Rupert, who will make an extended tour this summer, will visit this city before returning home. Miss Beckwith, who is returning to reside here from Cumberland, has been presented with a fountain pen by the Ladies Aid and choir of the Presbyterian Church. Mrs. W. W. Baines, accompanied by her daughters, the Misses Alys and Marie Baines, is spending a week's holiday in Vancouver as the guest of relatives.

During the re-building of their home recently destroyed by fire, Mr. Justice Eberts and Mrs. D. M. Eberts are residing at the home of Mrs. Whillans, Gorge Road. Mr. and Mrs. F. H. Wills, of 44 Howe Street, left yesterday afternoon on a trip to Calgary, to visit their son and daughter-in-law, Rev. and Mrs. Percy E. Wills. Mr. and Mrs. Lorne Cameron, who have been spending the week-end in Victoria at the guests of the former's sister, Mrs. Homer-Dixon, Moss Street, are leaving to-day for their home in Vancouver.

Miss Katharine Bradshaw entertained the members of the Kumtka Club at a delightful picnic gathering at her summer home at Cordova Bay last evening. The weather proving ideal for such an outing, Mrs. Bradshaw opened the picnic with a lunch at the veranda, from which a magnificent view was obtained of sea and mountain. At the conclusion of supper, a short program of music was given by Miss Lottie Bowron in the chair, when plans were made to welcome the large delegations who will be passing through the city during the week-end on their way to the Business Women's convention at Portland. The remainder of the evening was spent at various pastimes, canoeing and tennis being enjoyed, followed by a delicious lunch on the beach. Miss Bradshaw and her parents, Mr. and Mrs. C. W. Bradshaw, were warmly thanked for their cordial hospitality.

YOUR HOME AND YOU. Home-Made "Sundaes". I am making myself most popular this Summer by my home-made "Sundaes". Mrs. J. M. Rolston remarked a vivacious matron whose two daughters have a perpetual merry following of young chaps and girl friends who mother, ride, play tennis or golf and swim. "I noticed that every time these young things go into a soda fountain which is in favor of the order some sort of 'sundae'." Plain ice-cream, or even ice-cream soda, seems to have dropped out of popularity in favor of the dozens of novel sundaes with fanciful names listed in every drug store. "So I decided that I, too, could make sundaes, and would, if the youngsters were, so fond of them, why shouldn't all my guests be? So now, when we have a big freezer of cream made, I pour over each portion some one of the many combinations that are so simple, when you keep the 'makings' on hand. It is easy to keep, on a special pantry shelf, chopped nut meats, marshmallow paste, chocolate syrup, candied cherries, canned pineapple, small jars of preserved figs, strawberry jam, and the various conserves. Each of these makes a luscious 'pour' when blended with some rich syrup.

ASK ENFORCEMENT OF CURFEW LAW. Friendly Help Interested in Child Welfare; 95 Families Assisted. A request for the enforcement of the Curfew law will be sent to the mayor from the Friendly Help Society. This decision was reached at the monthly meeting held yesterday afternoon, when attention was called to a number of cases of delinquent children. Members of the society expressed the opinion that children of tender years should not be allowed on the streets or in the picture shows after 9 p.m., without their parents or other responsible adults. The children enjoyed Dominion Day in the usual way as guests of Mr. and Mrs. Newton, Oak Bay. For eighteen years Mr. and Mrs. Newton have entertained the children of the home on July 1. Mrs. R. T. Elliott, Mr. Smith and Mr. Newton conveyed the children to and from Oak Bay. Col. Lorne Ross was in charge of the sports. There were all kinds of good things to eat, including ice cream, strawberries and cream, and bottles of soft drinks donated by Fairall Bros. A very pleasing feature of the day was the presentation of a watch and chain kindly given by Mr. Duncan, of Mitchell & Duncan, to the boy who was most helpful to the matron, most courteous and polite. Theodore Gibson was chosen by all to be most worthy of the gift.

In a D. E. in anticipation of her departure to Victoria next month. As a slight token of their appreciation of her devoted services, the members yesterday decided to confer on Mrs. Young an honorary membership in the Chapter. The announcement that the recent garden party at Hatley Park had netted \$400 for Chapter funds, was received with much satisfaction. The meeting voted \$50 as its annual quota to the Soldiers' Graves Fund, earmarking \$22.50 for a pasteurized grave. A donation of \$10 was given to a committee in charge of the hospital work to enable this work to be carried on during the summer. Mrs. Porter reported the luncheon served every Friday afternoon in the T. B. Ward, and a letter of thanks will be sent to Mrs. J. S. Reid, Royal Oak, for a generous donation of strawberries for the patients. A donation of \$5 was also voted for the Navy League garden fete at Government House. The Chapter is undertaking the arrangements for the tag day in aid of tuberculous veterans to be held on Saturday, July 14. Anyone willing to assist is requested to notify Mrs. H. K. Prior, 497 B. At the conclusion of the session the meeting adjourned until September.

## CRUISER CURLEW WITH PATRICIA AS CONVOY WILL ARRIVE ON SUNDAY

British Warship at Portland To-day Thundered Presidential Salute When President Warren Harding Entered Rose City On U. S. National Holiday

On Sunday next the British light cruiser Curlew, sister ship to the Capetown here last Summer, will enter Esquimalt naval harbor from Portland. To-day the Curlew, accompanied by the Canadian destroyer Patricia, is swinging at anchor in the Willamette River and fired the presidential salute as President Warren Harding crossed the Willamette River bridge by train into Portland. The idea of a British warship thundering a greeting to the American chief administrator was conceived by Capt. Stanley L. Holbrook, commander of the Curlew, and it was promptly seized upon by the Portland celebration committee.

engined with Parsons geared turbines of 40,000 horse power. She has six Yarrow boilers and is oil fired. Her maximum speed is 28 knots, but on her present cruise she is steaming leisurely at not much more than 12 knots.

The Curlew belongs to the Ceres class of light cruisers and was completed in 1917, having been built by Vickers at Barrow-in-Furness, Lancashire, England. Other cruisers of her class are the Cardiff, Capetown, Ceres, Coventry and Curacoa. The ship was commissioned in 1917, and was on active service in the North Canal during the last year of the Great War, having been attached to the Harwich force under Rear Admiral Tyrwhitt. She was in the action of November 17, 1917, with German light cruisers.

Following the war, the Curlew was for three years in the China squadron. She was commissioned for the North American-West Indies squadron to which she now belongs, on November 24, 1922, at Devonport, England, and sailed for the West Indies on December 9, 1922. She will remain in the West Indies until the Autumn of 1925. The flagship of the North America-West Indies squadron is the Calcutta and other ships in the squadron are the Capetown and Constance. Vice-Admiral Sir Michael Colme-Seymour is in command of the squadron.

The Curlew left Bermuda on May 20, and passed through the Panama Canal calling at Cristobal and Balboa. The next port was San Pedro, Cal. where six days was spent before leaving for Prince Rupert. Off Quatsino, Vancouver Island, she met the Patricia and after a visit to Prince Rupert with the Patricia she proceeded to Portland.

Lying low in the water with high raised forecastle, the Curlew looks more like a battleship than a cruiser. Of the usual gray steel color, she has one large mainmast equipped with turret and look-out cage. Immediately below is the quarter deck and navigation rooms. Her guns and torpedo tubes are to be found in the usual positions. The captain has an elaborate suite and the officers' quarters are located below and aft. She has all the devices and fittings of a modern warship.

From an athletic point of view it may be noted that the ship has seven football teams and it is understood that a team from the ship will meet a local team while the boat is in port. There are also seven water polo teams, one cricket team and one rugby team.

Holds Marine Trophies. The Curlew holds all the prizes of the year.

The Curlew and Patricia at sea.

The North Atlantic-Bermuda squadron for water sports including the Pacific Station challenge rowing cup won at Bermuda last April. The ship also won two sailing races this year and holds the Bermuda Yacht Club cup and the squadron challenge cup for sailing.

Captain L. S. Holbrook, M. V. O. of the Curlew, is a brother of Commander Holbrook, V. C. who won distinction at the Dardanelles during the Great War, being in command of the first submarine to go under the Turkish net defences in 1915 when a Turkish transport was torpedoed.

All the officers of the Curlew are permanent navy men and all served during the Great War.

List of Officers. The list of officers is as follows: Captain L. S. Holbrook, M. V. O. Lieut.-Commander, T. G. Harrison. Lieut.-Commander, J. M. Scott. Lieut. R. F. Swinley. Lieut. E. R. Milner. Lieut. A. M. Knapp. Lieut. H. F. Layman. Lieut. H. J. Oatway-Ruttiven. Engineer-Commander A. F. Wild. Engineer Lieut. W. Ward. Paymaster Lieut. Commander H. F. Hewetson. Surgeon Lieut.-Commander G. Ferguson.

Lieut. G. H. Morris, R. M. L. L. Paymaster Lieut. R. W. Ashton. Gunner F. Hicks. Torpedo-Gunner G. Wheeler. Gunner J. Pergelley. Warrant Engineer L. Lucas. Warrant Engineer J. Wilson. Warrant Shipwright S. Chiswell. Warrant Schoolmaster C. Page. Monkey Mascot.

The ship's mascot is a Mar-moset monkey "Joey," which was taken on board at Demerara, British Guiana in the early part of the year.

On the four Cunarders there were 4,340 passengers. Of these 3,435 were immigrants, 2,442 of them arriving from the United Kingdom. There were 445 citizens of the United States on the lists.

The number of passengers coming in on the Cunarders was as follows: Aquitania, 1,376; Franconia, 1,650; Columbia, 902; Albania, 412. The quotas for the fiscal year commencing July 1 totaled 357,802. The unchanged allotment for the United Kingdom of Great Britain and Ireland is 77,342; Germany, 67,697; Italy, 42,957; and France, 5,729.

The corrected quotas for other European countries give Austria, 7,342; Hungary, 5,747; Greece, 3,063; Poland, 29,277; Russia, 24,408. Saturday of this week will find every quota exhausted with the exception of Germany and Estonia. Germany will fall short 29,000; Estonia 1,000.

NEW COMMANDER ON STEAMER BORDEN IN WEST INDIES TRADE. Capt. George H. Simpson was on the bridge of the steamship Borden when she sailed June 26 from Montreal for the West Indies via Sydney, N. S.

The new captain has had continued service with the Allan Line and with the Canadian Pacific Railway since 1909 when he joined the S.S. Orca-lean as fourth officer. Prior to receiving the command of the Borden, Capt. Simpson was chief officer of the S.S. Empress of Britain. In addition to a new commander, the Borden carried a new chief engineer and purser, T. W. Westmeil, who has just received promotion to chief engineer and transferred from the Empress of Britain to the Borden is a veteran of three navies. The Chilean navy attracted Mr. Whitmill at an early age, and after a number of years under the flag of Chile, he wandered to the Argentine and entered the navy there, serving under various presidents. Service in the British navy from August, 1914, onwards in the World War, was completed Chief Engineer. Whitmill's naval records. The Borden's new purser is Edgar Waller.

SEATTLE SHIPPING. Seattle, July 4.—Figures furnished to-day by Paul Edwards, Seattle port warden, indicated that water borne commerce in and out of here totaled 2,441,927 tons for the first five months of 1923. This was a gain of 596,234 tons over the same period in 1922, when the total for the year went to 5,471,262. Marine men predicted that the total for 1923, which they said would be boosted by unusual activity in apples and salmon this Fall, would pass that for 1918, 5,948,225, which went on record as the peak at this port.

George Desdrinos, first assistant engineer on the Winniebag, was arrested yesterday on accusation by Fred Jensen, of the Winniebag's crew, that Desdrinos had beaten him severely. Jensen said that Desdrinos charged him with putting salt water on engine bearings.

Claude C. Barber, refrigerator manager for the Royal Mail Steam Packet Company, and F. M. Volk, assistant general manager at New York, who are here, predicted to-day that their vessel this season would take to North Oregon 800,000 more boxes of Washington and Oregon apples than last. Such shipments last season totaled 3,300,000 boxes.

A meeting has been called for Monday to perfect organization of a local branch of the Pacific inter-coastal conference.

COQUITLAM ON WAYS. The Berquist steamer Coquitlam has been floated out on the marine ways at Yarrow for overhaul and the drawing of her tail-shaft.

## RESTORER WILL ENTER DOCK HERE FOR COMPLETE UNDERWATER OVERHAUL

Cables Is To-day Gay With Flags in Celebration of Fourth of July; Will Go Into Drydock at Esquimalt After Work is Completed On S.S. Canadian Highlander

To-day the Restorer, swinging at her buoy in Esquimalt harbor, is gay with color. Being under the American flag the ship is fittingly celebrating the Fourth of July, being dressed with flags for the occasion.

Although she is now under the American flag, and has been since the early part of the Great War, the Restorer is still manned by British officers and cable experts.

Capt. Sparks recently arrived out from his home near Portsmouth to take over the command of the ship while Capt. Basil Combe is recovering from an illness contracted while on the last trip to Midway Island. The Restorer is owned and operated by the Commercial Cable Company, being one of the fleet of cableships maintained by the Mackay interests.

Dempsey Was Picked To Land Early K. O.

Majority of Speculators Anticipated Heavyweight Champion Would Put Challenger Out In Fourth, Fifth or Sixth Round

Shelby, Mont., July 4.—While little or no betting was reported on the heavyweight battle, the sentiment of the various fight pools in operation here was unanimously in favor of Dempsey as the winner.

Contrary to most of the world's championship fights, on which many thousands of dollars were wagered, little speculative interest seems to have been taken in the Dempsey-Gibbons match.

One Shelby sporting man said that up to date only \$500 in Gibbons money had appeared. He said it had been offered at one to three.

Auto Camp Filled. Virtually all the trains arriving today were crowded and several private cars were switched on to side tracks.

While the town seems rather congested on the day before the battle, Shelby citizens are disappointed in the attendance. While Main Street, on the shady side, seems like Broadway on a busy Saturday night, the sunny side of the thoroughfare is deserted.

And the concessionaires are still bemoaning their luck. Most of the sidewalk stands are not doing enough business to warrant retaining their concessions.

In Charge of Tickets. Collector of internal revenue of Montana Charles A. Rasmussen assumed charge of tickets, accounts and receipts yesterday morning.

Ruth's Homer Brings Victory In Fifteenth

Two New York Teams Are Together in Winning Stride

New York, July 4.—The two league-leading New York baseball teams are together again in the winning stride, the Giants snapping into the victory column by defeating Philadelphia, the Yankees continued to add to their victory column when after 15 grueling innings, Ruth drove out his 16th homer of the season and brought defeat to Washington, 2-1.

In the American League, Ruth drove out his 16th homer of the season and brought defeat to Washington, 2-1. In the National League, Cincinnati bunched hits and defeated Chicago 4-5, while Pittsburgh continued to press the world's champions for first place honors by taking their game with St. Louis 4-2.

### NEWS IN BRIEF

For the first time for some years, a group photograph of the Saanich Council will be made, a motion to that effect by Councillor Macnicheol last night passing unanimously.

**Elks' Twilight Dance.**—The Elks Swimming Club will hold the second of its series of twilight dances this evening at the Gorge. Ozard's three-piece orchestra has been secured and dancing will be from 8.30 until 11.30.

**Well-Baby Clinic.**—A well-baby clinic will be held at the Cloverdale School on Friday afternoon at 2.30 under the auspices of the Saanich V. O. N. Mothers intending to bring their babies are requested to get in touch with Mrs. Lucas, superintendent of the War Memorial Health Centre.

The Saanich Council last night named Councillors Robertshaw and Brooks, of Wards Four and Six, as delegates to the Chamber of Commerce committee inquiring into means of aiding the prosperity and popularity of the interurban service of the B. C. E. Railway from Victoria to Deep Bay.

### DEATH WAS NATURAL

Death from natural causes was the verdict found by a coroner's jury at the inquest on the remains of the late Harry W. Clark, at the Thomson Funeral Parlors this morning. Coroner E. C. Hart presided. The late Mr. Clark was little known here, but he had been in the East, and his body was found in bed there yesterday morning. Relatives are thought to reside in the East, and efforts are now being directed to ascertaining the whereabouts of them.

### JOINT FIELD MEETING.

A joint field meeting of the National History Society and the B. C. Historical Association will be held on Saturday at Whitty's Lagoon, Hart. The party will leave from Yates Street, opposite the Dominion Hotel, at 1.45 p. m. Those members and friends desirous of attending will kindly telephone to Major Nation, honorary secretary.

### TRADE COMMISSIONER FOR BRITAIN TO VISIT HERE SOON

R. W. Dalton, senior British trade commissioner in Canada and Newfoundland, with headquarters in Montreal, will arrive in Vancouver on Friday, July 13, on his first official trip through Western Canada. Mr. Dalton is spending five weeks in the West, visiting all important points and conferring with provincial governments and leaders in industry and finance. He will spend a few days in Vancouver and will be an interested student of the basic industries of the province.

### CURFEW MAY RING AGAIN HERE SOON, WOMEN DEMAND IT

Council Warned By Friendly Help Association to Protect Children

Parents Losing Control of Children, Says Hayward

The old-fashioned curfew bell, relic of the "Norman Conquest," may soon ring again in Victoria.

Advisability of enforcing the Curfew By-Law, at present reposing peacefully in a City Hall pigeon hole, will be considered by the City Council at its next meeting, Mayor Reginald Hayward announced today.

Discussion of the curfew and its need will centre around a letter received by the Mayor this morning from the Friendly Help Society, which demands that the curfew law be enforced immediately. "Too many young boys and girls wander about the streets of Victoria after 9 o'clock at night without parents and grown-up companions, the Mayor is told in his letter from the Friendly Help Society. No child should be allowed out of the streets nor in motion picture shows after nine in the evening, it is asserted.

### REGRET TRAGIC LOSS.

Sincere regret at the tragic death of Albert Rumsby, Jr., was expressed by his friends and business associates in Vancouver when the news became known yesterday.

Mr. Rumsby was a returned man, and for six months had held a responsible position as freight traffic officer with the Vancouver Board of Trade. He was deeply attached to his wife, and her sudden death on May 29 left him almost prostrated with grief. He endeavored to continue his work, but with no success, and was himself under medical treatment for acute melancholia, which he could not remain in Vancouver, where he must be buried. Despite efforts of his friends to assuage his grief and loneliness, his grief increased, and he disappeared a few days ago.

Since that time he haunted the scene of his wife's grave at Ross Bay Cemetery, where his actions were remarked by the very violence of his grief. He was found sobbing bitterly in the cemetery on several occasions, and despite all efforts by his friends to be kept away from the scene. The inquest will take place at the B. C. Funeral Company premises to-morrow.

### HEARING REMANDED

Charged on remand in the city police court to-day Clarence E. Carver was further remanded for hearing on Wednesday. The accused is charged with theft from Miss Edna Masters. A counter charge in the Esquimalt court is laid against the complainant over the same matter. James A. Aikman acts for the accused and T. M. Miller for the complainant. To the court to-day Mr. Aikman described the affair as a boy and girl quarrel in which it was hoped settlement would be reached out of court. The remand was granted, both cases being set for Wednesday next.

### RADIO AMATEURS TUNE UP FOR FIGHT NEWS

Victoria radio fans tuned up to-day to receive the news of the heavy-weight championship fight at Shelby. Radio amateurs were notified from Calgary that a long distance telephone would be received from the scene of the big battle, and the result would be relayed to the Coast. By 3 o'clock scores of radio sets in the city were being adjusted ready to receive the news.

### CITY FORBIDS BANKS TO PAY IN U. S. MONEY

Issues Instructions That Interest Must Be Met Only in Sterling

Controversy Over Loans Regarded As at End With Bond Men Defeated

Banks in all parts of Canada with which the city does business have been instructed to refuse to pay July interest in American funds on Victoria bonds floated for re-payment in Britain, it was announced at the City Hall to-day.

This formal instruction to city banks, it was thought, will bring to an end the controversy which has been raging since the beginning of this year over the question of interest on a number of city securities which were floated for re-payment in British but on which city officials promised later to make interest payments in American funds.

For some years the city paid interest on these loans in American funds illegally. When the present Council discovered this it decided to pay interest exactly as provided on the face of the bonds themselves. This decision was reached in the face of strong protest from bond dealers, who demanded that the city make good the promise of officials to pay in American funds.

Will Get Less Money.

Holders of the bonds in question will receive less interest this year than previously as a result of the formal instructions forwarded by City Treasurer E. C. Smith to the banks. The difference between their current payments and those made in the past, of course, will depend upon the conditions of the bonds themselves. It is expected that this year's interest will be paid in sterling.

Unless the city secures legislation at the Fall session of the Legislature to permit it to continue to pay interest in American money the instructions forwarded by Mr. Smith to the banks will stand. The City Council will urge the Legislature to change its law so that the interest conditions of a loan issue could be altered by provincial legislation.

### AMMUNITION HELD, BUT MEN FREED

Chinese Released in Connection With Mauser Ammunition Seizure

Charged with illegal possession of ammunition, being aliens, Lee Kim and Toy were produced on remand in the city police court this morning by James A. Aikman for the defence. As soon as the case was called on, Harrison for the Crown stated he wished to withdraw the charge.

The result of investigation, said the Crown prosecutor, had put the authorities in possession of information which led them to believe this would be the wisest course. The ammunition would be confiscated, he would urge. The court concurred.

The ammunition comprised a case of 1,000 rounds of Mauser pistol ammunition seized by the police in premises at Piquard Street recently. One shipment was seized concealed in orange boxes at the Outer Wharf, consigned apparently for shipment to China. That China is not the ultimate destination of the small shipments seized from time to time, it is understood, is now the belief held in some quarters.

### 16 PASS COAL MINES EXAMS

Sixteen men have won certificates in the examinations for coal mine officials conducted recently at Nanaimo, Fernie, Merritt and Cumberland, Hon. William Sloan, Minister of Mines, announced to-day.

The Board of Examiners has recommended that certificates be granted to the following candidates, who have obtained the necessary number of marks:

Second Class—Edward Morrison, Fernie; Daniel Morgan, Nanaimo; James Duncan, Fernie.

Third Class—Albert Bastian, Ladysmith; Henry C. Beard, Natal; William M. Frew, Nanaimo; John Chapman, Ladysmith; John B. MacLarnie, Michel; Peter Hindmarch, Ladysmith; William Gregory, Natal; J. J. Eccleston, Coal Creek; John Smellie, Michel; James Rallison, Nanaimo; John-Follock, Ladysmith.

Mine Surveyors—James S. Crosscombe, Coal Creek; Joseph Sandiland, Nanaimo.

### WATCHED THIS FRIEND

The actions of a friend for whom he went bail in the sum of \$300 occasioned anxiety on the part of a bondsman in the Saanich court to-day. The bondsman arrived breathless in the office of the provincial police to state that his friend had entered the Belmont Building, the home of the U.S. immigration office here. The accused was on bail and might be thinking about leaving, urged the bondsman. The police took the matter up.

### EVENTS TO COME

Victoria Lodge, No. 53, Daughters of St. George, will give a social at the Sailors' Club, Esquimalt, on Thursday at 8 p. m. in honor of Sister White, who will shortly leave the city. Members and their friends are cordially invited.

St. Paul's Presbyterian Sunday School will hold its annual picnic at Mount Douglas Park on Wednesday afternoon, July 13. Conveyances will be provided for the members of the school, which will leave the Church at 2 o'clock sharp. Parents and friends wishing to attend will also be accommodated. It is requested that they be present at the Church not later than 1.45 o'clock.

### TO SPEAK TO-NIGHT

Rev. W. Pascoe Goad will speak to-night at 8 o'clock in the Reformed Church on "The European Situation and Its Sequel."

### B. C. HISTORICAL ASSOCIATION.

A field meeting and basket picnic will be held at Whitty's Lagoon Albert Head on Saturday.

A night-sewing car will leave the Public Library at 1.45. Tickets may be obtained from the secretary, Provincial Library.

### COMMUNITY SING

The result of Esquimalt Municipality's first community sing was so outstanding last night, when held at the canteen grounds, that its promoters are now considering the advisability of extending the happy idea to banded concerts and regular features. The Lampson street school choir excelled itself in a fine programme. Led by Bob Webb, the community singing discovered many a graceful voice in the township. Mesdames Joffie and MacDonough, with Miss Davis, rendered equally attractive numbers, while Johnny Davies contributed two whistling solos that won him repeated calls for "more." The event was attended by some 200 people.

### EXCURSIONISTS ARRIVE FROM PORT ANGELES

With excursion fares offering between here and Port Angeles a large number of Americans, from the city which twinkles at night behind Edis Hook, and from Strathairne, were visitors in the city to-day.

The Puget Sound Navigation Company to-day operated steamer Sol Duc on her regular schedule, and the steamer Comanche, with passengers only, on two special trips.

The Sol Duc arrived here with a good list from Port Angeles at 10.15 a. m. and left on schedule at 11.15 a. m.

The Comanche arrived at noon and left at 1 p. m. She will arrive back again at 6 p. m. and leave at 7 p. m. for Port Angeles.

The arrivals and sailings are on standard time.

### INQUEST TO-MORROW

Inquest on the body of the late Albert Rumsby, Jr., 331 Niagara St., will be held at the B. C. Funeral Company Ltd., to-morrow at 11 a. m. Coroner E. C. Hart will preside. The inquest is under the care of the city police.

### BAND CONCERTS

The Chamber of Commerce announced this morning that despite the fact that a lacrosse game will be in progress part of the time, the band concert will be conducted as was planned at the Stadium at 7.30 Friday evening. At the same time, the band will play at the Central Park. Both these concerts will cover a period of two hours.

daughters have left for Crescent Beach, where they will spend the next two months.

Mr. and Mrs. Kaplansky, and Miss Hicks motored down to Victoria from Nanaimo during the week end, to meet friends.

Mrs. C. T. Marshall and Mrs. C. J. B. Hadow and daughter Audrey will leave on Thursday for the Sol Duc hot springs, where they will spend two or three weeks' holiday.

Miss Helen Bolton, of the staff of the Bank of Montreal, Yates Street branch, has been transferred to the Granville and Pender Streets branch, Vancouver, B. C.

Miss Josephine O'Donohoe, of Ottawa, who accompanied Hon. Dr. Aikman, and Mrs. C. F. Hamington, Mr. and Mrs. J. R. King to Vancouver, has arrived in the city on a visit to her brother-in-law and sister, Hon. W. H. Sutherland and Mrs. Sutherland, 1399 St. James Street. Miss O'Donohoe will remain here for some time.

The arrivals from Canada by the Montclair recently at Liverspool included Mr. and Mrs. H. Andrews, Mr. and Mrs. A. T. Cameron, Mr. J. B. Richardson (Winnipeg), Mr. and Mrs. K. J. M. Baldwin, Mr. and Mrs. W. M. Blitchford, Misses C. R. and H. K. Drayton, Mr. C. H. Pennefather, Mr. G. R. Woods, Mrs. A. W. Wrong (Toronto), Mr. and Mrs. W. Clapper (Toronto), Mr. and Mrs. W. McLaughlin, Mrs. C. F. Hamington, Mr. A. C. Bradley, Mr. and Mrs. F. W. Beer (Ottawa), and Mr. Robert and Lady Baden-Powell, Mr. and Mrs. S. H. Robbins, Victoria.

Many friends of the bridegroom, who was formerly on the staff of the Bank of Montreal in this city, will be interested in the following marriage announcement from the Vancouver Daily Province of yesterday's date: "St. Paul's Church was the scene of a pretty wedding on Saturday evening, when Miss Edith Louise Johnson, only daughter of the late Mr. and Mrs. Johnstone, of Dover, England, was united in marriage to Mr. Reginald Harbottle-Meadus, youngest son of Captain H. H. Meadus, C.B.E., R.N., of Sutton, England. The bride was given in marriage by Mr. C. A. Butler, of Kerrisdale, and was sup-

# THE TIMES DAILY PICTURE PAGE

**THE FINISH OF THE GREAT ENGLISH DERBY, WON BY PAPHYRUS.**—Photo shows the finish of the famous English Derby at Epsom Downs, "Papyrus" with S. Donoghue up, winning the race from "Pharos" and "Parth." This was Donoghue's third successive winning of the classic. Note Donoghue whipping with the left hand as Pharos was running close on the right side.

**W. R. ALLAN**, president of Union Bank of Canada, whose action in cutting dividend rate from ten to eight per cent. and in transferring \$4,250,000 from rest account to contingent reserve account has been the feature in the financial world.

**AT THE HOLY NAME SOCIETY PARADE IN TORONTO.**—Twenty-five thousand men and boys participated in the annual Sunday Holy Name procession from Queen's Park to the House of Providence grounds in Toronto.

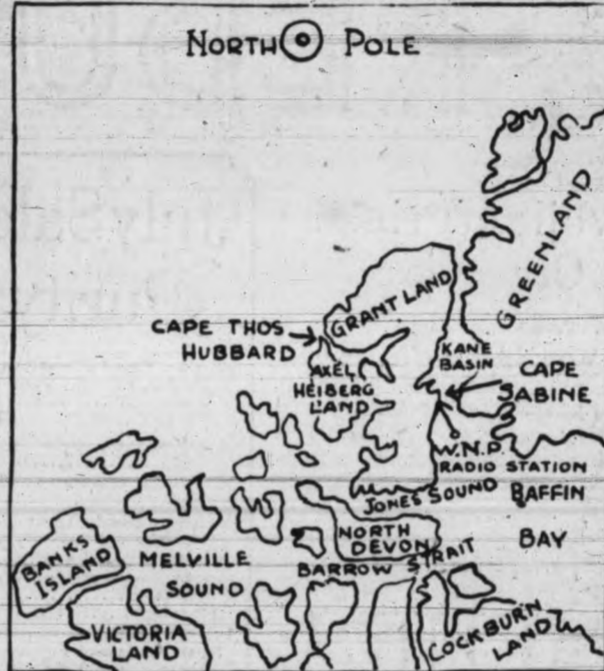

**ALAS, POOR YORICK!**—Reminds you of the old home town back East, doesn't it? Remember how you used to fear the cigar store wooden Indian when you were a kid? But he's passed out like many other things. This is the last of his line. Julia Kearns is trying to pacify him in a Public Museum.

**TIGERS' TIGER**—Princeton has a real tiger mascot, presented by John F. Howard to the Tigers for beating Yale at football last year. His son, a member of last year's team, is shown here with the live mascot.

**GEORGE KEATES**, cashier of a Toronto departmental store, who drew the winning ticket on a world-wide sweepstake for the English Derby won by "Papyrus." The expected winnings, however, dwindled from \$35,000 to \$700, owing to action of the British Government in withholding delivery of letters containing subscriptions. The prize was one offered by an Austrian sporting club. The delay in delivery of the prize money coincided with a drastic shrinkage in Austrian exchange.

**EXPLORER TO OPERATE RADIO STATION IN ARCTIC.**—Away up along the coast of Greenland is to be the winter quarters of Dr. Donald Macmillan, the Arctic explorer, who sailed in the Bowdoin from Wiscasset, Maine. He expected to lock his ship in the ice at Cape Sabine, 79 degrees north latitude, or failing that, in Jones Sound. From here he will send out messages by radio for fans all over the continent to pick up.

**MILLION-DOLLAR OIL FIRE**—A mere whim of the wind prevented the burning oil which swept into the Allegheny River during a \$1,000,000 oil blaze at Pittsburgh from destroying one of the main bridges connecting Pittsburgh with the north side industrial section. After a stubborn thirty-hour fight, the fire, which was started by lightning, was finally put under control.

**NEW YORK IS STILL VERY ARCHAIC!**—With all her modernism, New York still clings to century-old methods—such as mounted flagmen, known as "dummy boys." Here's a "dummy boy" halting a train on Tenth Ave., which still has surface railroad tracks; these boys ride up and down the avenue warning motorists and truckmen, and when it's necessary to stop a train they station themselves in the middle of the track.

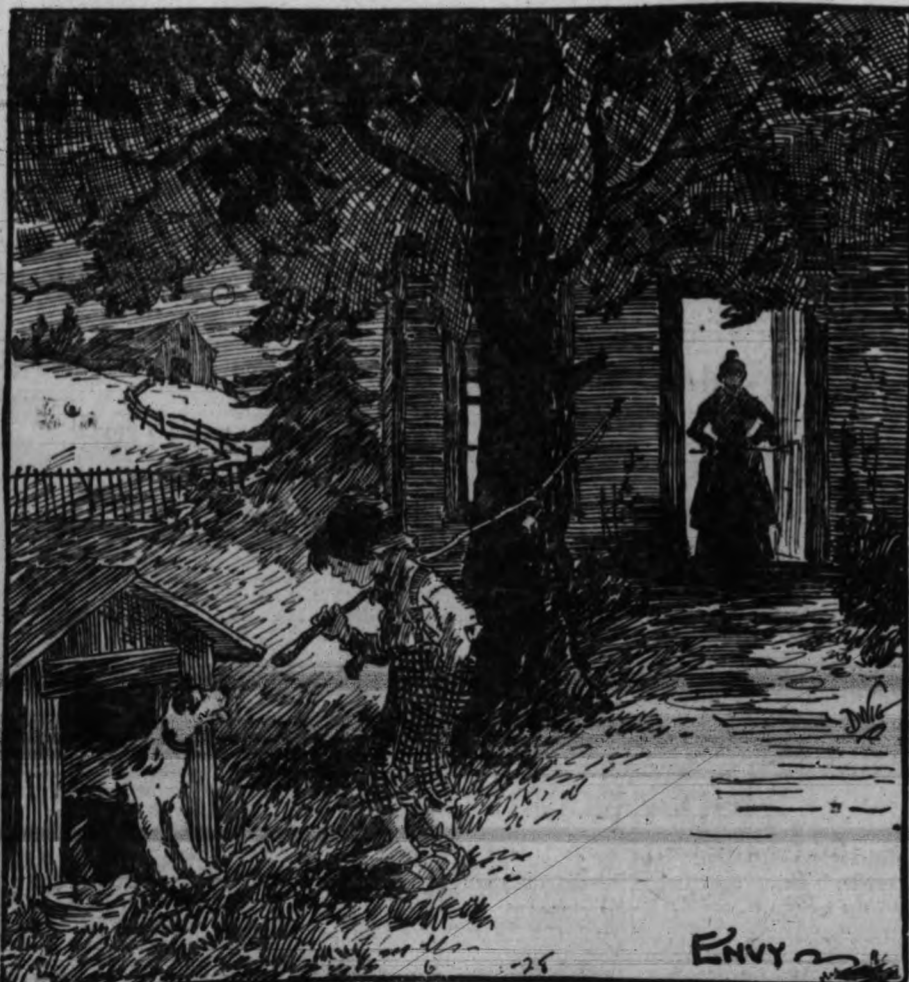

**F. M. BELL-SMITH**, R. C. A., dean of Canadian artists, who passed away on Saturday in Wellesley Hospital, Toronto, in his 77th year. Mr. Bell-Smith suffered an accident about a month away, which hastened his death.

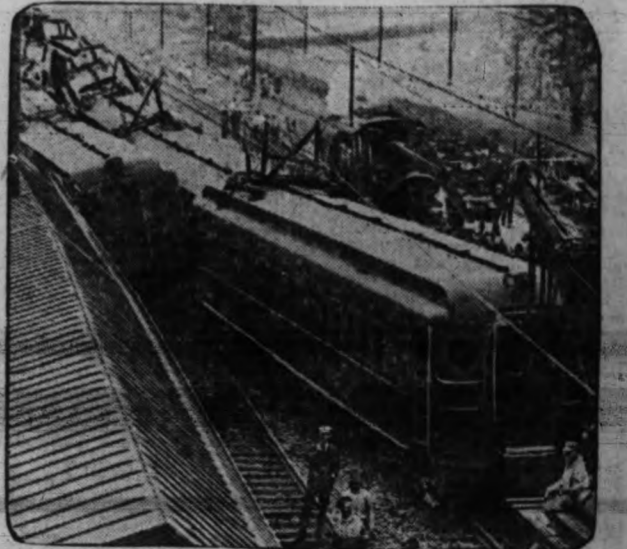

**GENERAL SIR EDWARD BULFIN** making an informal inspection during the King's levee at St. James's Palace.

## SCHOOL DAYS By DWIG

**TWO OF THESE ARE WHITE; ONE A CHINESE.**—Father Lenfers, German priest (left), is reported to have been prominent in negotiations between Chinese bandits and foreign diplomats for release of foreigners captured recently. Centre shows Father Bues, a Dutch missionary, talking with a Chinese official at Tsoochuang. Note that the two missionaries wear Chinese native costumes. This is done in the interior to get closer to the inhabitants.

**IT NEVER RAINS BUT IT POURS.**—A day after the Broad Street Station at Philadelphia was burned down, a train wreck at Villa Nova, a Philadelphia suburb, further clogged railroad traffic. Nine persons were injured when one electric train side-swiped another, derailing coaches of both trains and tearing up the rails for 500 feet.

MONEY TRANSACTIONS CURBED IN GERMANY

Berlin, July 4.—The Government has issued a decree prohibiting term transactions in currency or in demand for foreign money and precious metals, in exchange for the Reichsmark.

TWO MEN FACE MURDER CHARGE

Shanawana, Sask., July 4.—Caught in a net of evidence submitted to two official inquiries yesterday in the slaying of Gih Hollenbeck, a Dollard pool roomkeeper, early last Thursday morning, two men are now in the Regina jail awaiting trial on a charge of murder.

LIGHTWEIGHTS MEET IN CHICAGO TO-DAY

Chicago, July 4.—The outcome of the match between Sailor Freedman and Lew Tender, lightweights, matched at Michigan City to-night in a ten-round no-decision fight will have a direct bearing on the lightweight situation, it was declared here to-day as the two fighters were reported set for the fray.

OVER 115 MILES AN HOUR HIT UP IN TEST

Kansas City, July 4.—Harry Hartz, averaging 115.8 miles an hour, made the fastest time among the qualifiers yesterday for to-day's 250-mile race at Earl Cooper. Eddie Hearne and Earl Cooper were next, both averaging 115.3 miles an hour.

HANG THE HOT SPICE

It was during those hot days we had—when was it?—it seems very ago. But anyhow, it was hot, very hot, and Mr. and Mrs. Warbulion wandered into an ice cream parlor, where the elite places of course, where they present you with an elaborate if diffused menu.

HOW TO PRODUCE PERFECT BOOMS

Having brought your flowering plants to the blooming stage, they still require constant attention. The roots must be judiciously fed with a good fertilizer, and it is most important to see that the foliage and buds are kept free from the various insect pests that are particularly numerous just now.

DEMPESEY BEATS GIBBONS CHAMPIONSHIP

ORDERLY CONDITIONS REPORTED IN STRIKE AREA IN NOVA SCOTIA

More Than 10,000 Steel and Coal Workers Now Idle; Company Says Trouble Is Between Men and Federal and Provincial Governments.

Sydney, N.S., July 4.—With over 10,000 men on strike in the Cape Breton industrial area, the hours have passed without serious disturbance so far as the police and municipal officials have been able to ascertain.

Semi-official information from British Empire Steel Corporation sources indicates that the company regards the trouble as between the men and the Federal and Provincial Governments

rather than between the men and the company, inasmuch as their avowed demand is for the removal of the militia and provincial police who were sent here by the two Governments respectively.

The strikers have abandoned the fight to save the big coal bank at New Aberdeen, where a huge heap of over 250,000 tons of coal has been on fire for the last ten days.

No disturbances have occurred at the steel plant or the coal mines, and no move toward settlement has been made by either side since the informal conference between Hon. D. A. Cameron and the strike leaders here yesterday afternoon.

Ceiliers Affected Sydney, N.S., July 4.—The present joint steel and coal strike in Cape Breton affects seventeen ceiliers at widely scattered points on the south side of Sydney Harbor, five major ceiliers on the north side and the Sydney steel plant. These are all held by the British Empire Steel Corporation.

It is not anticipated that the miners in the small independent mines on the north side, such as the Indian Cove, Toronto and Little Bras d'Or mines, will come out.

No Strike There Halifax, July 4.—Joseph Moss, of the executive of the Spring Hill, Cumberland County, coal mines, stated by long distance telephone to-day that no consideration had been given to a sympathetic strike at Spring Hill. He said the miners there had not been asked to strike.

Spring Hill is a big mining district on the Nova Scotia mainland in Cumberland County.

Act Violated Ottawa, July 4.—That the \$300 coal miners of Cape Breton who went on strike at 12 o'clock last night being troops and provincial police in the Sydney strike area were not withdrawn from the Sydney Industrial Disputes Act was the opinion expressed by Hon. James Murdock, Minister of Labor, this morning.

"That provincial authorities of Nova Scotia," said Mr. Murdock, "are responsible for the preservation of order and the enforcement of Federal laws. They must deal with the situation."

Mr. Murdock believed that most people were under a misapprehension regarding the presence of troops in the district.

By Commanding Officers "It is the popular opinion," said the Minister, "that the Dominion Government sent the troops to Sydney. Under the Militia Act, commanding officers of military districts are bound to furnish protection in areas where the local civil authorities are unable to do so. That is what happened in Sydney. The first troops were sent from Halifax in response to an order of the Sydney authorities before the Federal Government knew anything about the matter."

Officials at the Department of National Defence supported the opinion of the Minister of Labor that the troops must remain in the strike area until the local authorities should express a desire for their recall.

Nicaragua Editor Was Murdered Citizen Objected to Articles Published in Paper Another Editor Shot But Not Seriously Hurt

Managua, Nicaragua, July 4.—Dr. Santos Abella, editor of the Bluefields newspaper, La Informacion, was shot and killed yesterday by Adolfo Ortega Diaz. Defamatory articles are said to have led to the shooting.

Dr. Abella was a nephew of former President Zelaya.

For similar reasons, Augustin Sanchez, editor of El Radical, published at Leon, was shot four times by Dr. Rafael Ayon. Sanchez was not seriously hurt.

GEORGE W. YARKER DIED IN TORONTO Toronto, July 4.—George W. Yarker, a prominent figure in financial circles, died here yesterday.

HEAVYWEIGHT FIGHT AT SHELBY GOES FULL FIFTEEN ROUNDS TO A DECISION

Gibbons Forces Champion to Fight All the Way to Retain His Crown; Only 7,000 People See World's Title Battle in Big Montana Stadium.

Ringside, Shelby, Montana, July 4.—Jack Dempsey, world's heavyweight champion, was awarded a fifteen-round decision over Tommy Gibbons, St. Paul challenger, in one of the most surprising upsets in a heavyweight match in years.

Gibbons was on his feet, apparently very tired and holding on desperately, when the fifteen-round battle ended.

The Fight by Rounds Round One—They shook hands in the center of the ring and clinched after Dempsey landed a left to the body. Gibbons landed three lefts to the body and a right to the head. Dempsey shot a straight left to the face as he backed away. Dempsey swung to the jaw, forcing Gibbons to duck. Gibbons landed a light left to the head and repeated. Dempsey hammered Gibbons about the body with short rights and lefts in the clinches. Gibbons' mouth was bleeding. Gibbons hooked left to the jaw and shot over a right in a clinch. Dempsey jarred him with a right uppercut. The referee broke them and Dempsey missed a right to the head.

Cut Dempsey's Eye Round Two—Gibbons was short with a left and they clinched. On the breakaway Dempsey tried a left to the head and Gibbons clinched. Dempsey landed a left to the head and a right to the body and a left to the head. Gibbons landed a left to the head and Tom backed into the ropes and hooked Dempsey high on the jaw with a left. Gibbons held Dempsey's arms in the clinch to protect his body. Gibbons swung a left to the chin, cutting Dempsey's right eye. Dempsey brought his right into Tom's mid-section and backed away. Dempsey missed a right. Gibbons hooked a solid left to the head and Dempsey retaliated with the same punch. Gibbons backed away from two lefts and clinched. They were locked in a clinch pounding each other at the going.

Give and Take Round Three—Dempsey drove a right and left to the body and Tom clinched. Dempsey repeated with the same punches and then nailed Gibbons on the jaw with a left hook, forcing him to clinch. Gibbons landed a left to the head and Tom was short with a left, but connected with a right. He battered Tom's body with a right. Gibbons landed two lefts and swung a right to the jaw. Dempsey swung short with a left. He attempted to swing Gibbons off his feet, but Gibbons clinched. Dempsey landed a right and a left to the body. Tom pounded the champion's mid-section as they came together. Jack dug a hard right into Tom's stomach. He landed another right to the same spot. Gibbons swung a right to the jaw at the bell.

Gibbons' Head Target Round Four—Dempsey hooked a left to the stomach and Tom clinched. The champion punched him around the head with rights and lefts in close quarters. Gibbons backed away to a corner to avoid two lefts. When he came out they clinched and Dempsey hurt him with body punches. Dempsey kept hammering Gibbons on the back of the head in the clinches. Dempsey took a left hook back of the ear. The champion sank his right into the body. Gibbons took a hook on the forehead and clinched. Dempsey landed a left hook and Tom landed a solid left in return. Gibbons hooked a left to the jaw and a right to the head. Dempsey was punishing his adversary severely with short body punches at the bell. Dempsey was bleeding from the old wound over the left eye.

A Chess for Gibbons Round Five—Dempsey missed a left to the body as they fell into a clinch. Gibbons poked two light lefts to the head. Dempsey missed a left and Tom clinched. Gibbons hooked two lefts to the head and the crowd cheered. Gibbons landed a third left without a return. Dempsey rocked the challenger with a right and left to the head and nailed him with a solid right to the jaw, forcing him to clinch. Gibbons danced away, forcing Dempsey to follow him. Tom poked a left to Dempsey's face. Dempsey was rushed by Mr. Lamb and Gibbons a left to the ribs. Dempsey shot a left to the head and Gibbons did the same thing. Gibbons hooked a left to Dempsey's eye.

Pulled Back Round Six—Dempsey's left was shot in a clinch and referee Dougherty was forced to go between them. Gibbons danced away from Dempsey's leads. In the clinch Jack hit Tom on the chin with short rights. Tom ducked a left and his head went through the top rope of the ring. Dempsey pulled him back and the crowd cheered. They traded lefts to the body. Gibbons hooked a left and a right and a left and in the clinch pounded his foe on the back of the head with rabbit punches. Dempsey hooked a right and left to the body. Jack shot a left to the jaw on his shift and shot a left to the body. Gibbons nailed the champion with a left hook to the chin when the round ended.

Gibbons Weakened Round Seven—Dempsey drove a right to the body and a left to the jaw. As Gibbons came in the cham-

pion hooked him with a right to the chin. Gibbons hung on and backed away after the breakaway. Dempsey swung another right to the jaw high on the forehead. Gibbons hooked a left to the challenger's body and at close quarters. Gibbons hooked a left to the head. He backed away from a hard right swing. In the clinch Dempsey kept hooking rights and lefts to the challenger's body and head. Gibbons backed into the ropes to escape punishment. He appeared to be weakening under Dempsey's savage body attacks.

A Round for Gibbons Round Eight—Gibbons missed two lefts and Dempsey hooked a left to the chin. In the clinch they exchanged punches to the head. Gibbons whipped over two lefts to the head. Dempsey hooked a left to the body and a left to the head. Gibbons landed a left to the head and Gibbons smashed the champion with a left to the chin. He nailed Jack on the same spot in a clinch. Dempsey smashed Gibbons with a left jab. Tom backed into the ropes and hooked Dempsey high on the jaw with a left. Gibbons held Dempsey's arms in the clinch to protect his body. Gibbons swung a left to the chin, cutting Dempsey's right eye. Dempsey brought his right into Tom's mid-section and backed away. Dempsey missed a right. Gibbons hooked a solid left to the head and Dempsey retaliated with the same punch. Gibbons backed away from two lefts and clinched. They were locked in a clinch pounding each other at the going.

An Even Round Round Ten—Gibbons landed a light left to the head. Dempsey hooked his left to Tom's jaw, forcing him to back away. Jack drove him into the ropes and threw punches to the head. Dempsey's head hit the head. Dempsey's left jab and a right hook, but crashed home a right to Tom's body, making Tom clinch. Gibbons sank a right into the champion's stomach. Tom landed two lefts to the head. A third left jabbed Tom's chin. Dempsey swung a right, but landed with a left to the head. Gibbons was short with a left and had the champion backed into the ropes ready for a right swing when the bell rang.

Round for Dempsey Round Eleven—Gibbons ducked a left to the head. He swung a light right to the head. Gibbons hooked Jack with a left hook to the chin and received three lefts to the body and head in return. Gibbons backed away from Dempsey's left jab and swung three light lefts to the head. Dempsey hooked him with two left uppercuts. The champion missed a right and brought over with a left to the head. Dempsey missed a right and received a left to the head. Gibbons shot two light lefts to the head as they clinched.

Both Landed Round Twelve—Tom tried to feint with a left and they clinched. They exchanged punches to the body at close range. Gibbons danced away from a left hook. Dempsey missed a right to the head, but hooked over a left to the head. Gibbons backed away from a left and in the clinch Dempsey hammered him on the back of the neck with rabbit punches. Dempsey drove a right and left to the body and hooked the challenger with a left to the head as they clinched. Dempsey missed a left to the chin, but landed a right to the body. A sharp left to the jaw. Breaking away from a clinch, Gibbons swung a right and left to the champion's jaw.

Punished in Clinch Round Thirteen—Gibbons backed away from Jack's head as they clinched. Jack drove two lefts to the head and Tom received a left in return. Dempsey held Gibbons in a clinch, punishing him with short rights and lefts to the head. Jack missed a right, but hooked Tom with a right to the chin. Gibbons swung a left to the head. Dempsey missed a right and left to the body. Dempsey nailed Gibbons with a right to the jaw. Dempsey's right was short to the head and Gibbons missed a right to the body. Gibbons hooked a right and left to the body. He fanned Dempsey's nose with a right and left and backed away.

Drove Gibbons About Ring Round Fourteen—Dempsey came in with his crouch and they clinched. Gibbons ducked a left and the champion drove a right to the body. Jack chased Gibbons around the ring

JACK DEMPESEY

without landing a punch. Dempsey hooked sharply to the jaw, but missed his second left hook to the same spot. Jack continued forcing the fighting with Gibbons clinching at every opportunity. Gibbons hooked his left to the head and Jack jarred him with a swinging left to the chin. Gibbons beat Dempsey to the punch, hooked over a right and a left to the head. Dempsey backed into a corner momentarily, but came out fighting and fell into a clinch in the center of the ring.

Round Fifteen—The crowd began throwing cushions in the air. The fighters shook hands in the middle of the ring. Dempsey missed a left to the body. They clinched. Gibbons backed away from Dempsey's onslaught. Dempsey hooked a left high to the head and backed Gibbons into the ropes in a clinch. Dempsey missed a right swing to the head. Gibbons persisted in clinching and when free ran into the wire fence against which Dempsey swung two lefts and a right to the head. Gibbons was hanging on. Gibbons was tiring quickly and seeking protection of clinches from Dempsey's vicious rights and lefts to the head. The bell sounded, ending the round and the fight.

Uncertainty The start of the fight came after a period of uncertainty and much negotiation before Dempsey and the challenger entered the ring. The sun-baked arena, built to seat 40,000 contained fewer than 7,000 spectators, with the receipts probably not sufficient to pay Dempsey's \$300,000 guarantee.

Gibbons, boxing on a percentage, probably will receive nothing for his services except a chance to win the title. The challenger was to receive fifty per cent of the second \$300,000 to come into the box office.

While several thousand persons waited outside the two main gates of the arena Kearns decided to sell all tickets on hand for \$10 each. Several deputy sheriffs were given piles of tickets and bags and stationed along the wire fence against which the crowd surged. Ten dollar bills by the dozens were pushed through the netting and stuffed into the hand bags.

Gorman Won Ringside, July 4.—Bud Gorman, of Kenosha, Wis., sparring partner from Gibbons' training camp, defeated Harry Draake of London, Eng., one of Dempsey's sparring partners in an eight-round semi-final. Gorman won every one of the eight rounds, having Draake groggy and bleeding in the first three rounds, but was unable to finish him. In the fifth Gorman's lip was split from a left hook and the wound bled until the finish. Draake's naked chest was also smeared from punches in the nose. The Englishman weighed 187 pounds, conceding 13 pounds to his opponent.

The semi-windup, considered the star preliminary bout of the afternoon, between Jimmy Delaney, contender for the light heavyweight title, and Jack Burke, one of Dempsey's sparring partners, was called off shortly before 9 o'clock.

The main event was to go on immediately after the rest of us who are burning up also," Major Lane replied with some asperity. "There are some of the rest of us who are burning up also," Major Lane replied with some asperity. "There are some of the rest of us who are burning up also," Major Lane replied with some asperity.

What about the \$4,500 in the fight account that was withdrawn and turned over to someone?" asked Bobby Johnson, son of Mayor Johnson and an employee of the bank of which his father is president. "I never received it," Major Lane said.

Collins said the promoters could not be found and that he, personally, would not be responsible for putting on the preliminary bouts and the payment of the referee.

"I understand the promoters have sufficient money on hand," said Collins. "but they have not come to me with sufficient to pay the preliminaries."

The crowd was becoming impatient and cries for action responded from all quarters of the arena. Vendors of green paper eyeshades were doing a brisk business around the arena, the sun causing great discomfort to the assemblage.

It was also reported that Kearns had himself paid \$500 to the Internal Revenue collectors as ticket tax in order that the gates could be opened. The trouble was settled when Jack Kearns himself offered to pay Bud Gorman and Harry Draake if they would go ahead with the second preliminary and his offer was accepted by Collins.

TENDLER-FRIEDMAN BOUT NOT FOUGHT Michigan City, Ind., July 4.—The scheduled ten-round contest between Lew Tandler of Philadelphia and Sullor Friedman of Chicago did not take place here to-day. Tandler refused to put in an appearance in the ring after three of the preliminaries had been called off. It was reported at the ringside that financial arrangements with Tandler had not been fulfilled.

DUISBURG IS HEAVILY FINED BY BELGIANS Brussels, July 4.—The Minister of Defence has imposed a fine of 20,000,000 paper marks on the town of Duisburg on account of recent crimes there.

BRITISH MINISTERS RENEW DISCUSSION OF REPARATIONS TANGLE

Hear Report From Curzon on Verbal Replies of France and Belgium; Written Explanations of Certain Points May Be Sent By France.

London, July 4.—The British Cabinet to-day attempted to find some ray of light in the ever-thickening fog of the reparations situation, Lord Curzon presenting his colleagues with the substance of yesterday's verbal replies of France and Belgium, explaining the points on which those countries showed any tendency to meet the British views.

The Cabinet's deliberations were shrouded with more than the usual secrecy which marks its meetings. No one identified with the Government could be found who would give any hint regarding what had happened.

British officials explained this silence by saying the whole reparations problem was one of such extraordinary delicacy and the present conversations had such a decisive bearing on French relations that only harm would result from the undue stressing in the public press of the obvious divergencies which exist among the Allies.

No further meeting has been arranged between Lord Curzon and Count de St. Aulaire, the French Ambassador, but it is understood the conversations started yesterday will continue before the weekend and that there is possibility that Franco may supplement her oral explanations by written expositions of certain points which Lord Curzon does not regard as sufficiently clear now.

French Papers' Views Paris, July 4.—The Journal des Debats yesterday advocated a full frank answer by the French Government in writing. If requested, to the British questionnaire of three weeks ago on the Franco-Belgian reparations policy, the issuance of which is being anxiously awaited in London. This newspaper says that the great deficiency of the successive French Governments since 1918 has been the absence of a clearly defined policy.

The Temps advances the opinion that reports that negotiations for a cessation of German resistance subsequent to agreement on the firm continuance of the occupation of the Ruhr will take place are premature. It declares that the Franco-Belgian pariers stand a chance of bearing fruit only if they deal with the reform of German currency, finance and the effects which have upon the economic life of Great Britain. The first problem to be tackled is the facilitation of Germany's return to solvency and Great Britain's return to prosperity, the newspaper says.

Not Put on Market Berlin, July 4.—The finished products, worth millions of dollars and consisting chiefly of machinery and other iron and steel manufactured articles, which have been seized in the Ruhr under General Degoutte's decree, are to remain under guard for the present in the plants where they were requisitioned, it was announced by the French authorities to-day.

The French take the view that if the products were thrown on the open international market a slump in prices on the British and American markets would immediately result. The stocks seized represent practically the entire output of the Ruhr industries since the French occupation.

**GASOLINE TAX SUGGESTED TO BUILD TRANS-B.C. HIGHWAY**

The great transprovincial highway across British Columbia linking up with the Pacific Highway down the coast and giving the motorist thousands of motorists to holiday here, can be readily completed if motorists would have a gasoline tax brought into effect here.

This was made clear at the Parliament Buildings to-day on the return of Premier Oliver from the Interior where he took part in the opening of the new Banff-Windermere Highway.

Harvey M. Toy, chairman of the California State Highway Commission, who was at the ceremony at Kootenay Landing, advised me that they had one million motor cars in their state and that they collected from a tax of two cents a gallon on gasoline \$3,000,000 a year," the Premier said. "I think we have in B. C. about 100,000 motorists and if they would say to us that they were willing to carry a two or three cent a gallon gasoline tax we would then be prepared to recommend the building of the road."

The Premier said that on his visit to the Interior he was benefited by the people urging that the missing link in the Provincial highway should be constructed. He explained to them that it was largely a matter of finance.

The Premier spoke at Golden Friday night on the freight rates issue, Saturday morning he motored 95 miles to Kootenay Crossing. There were 100 cars and 500 persons, many from California, at the ceremony, at which Hon. J. H. King, Minister of Public Works, presided. The Premier yesterday went over the University of B. C. work at Point Grey. He was the guest of the G. W. V. A. in Vancouver at their luncheon yesterday.

The Premier will leave Victoria next week to speak at Merritt on July 19, and at Ashcroft on July 21. To-day he received a formal invitation to the ceremony at St. Julien, near Ypres, on July 8, for unveiling the St. Julien Memorial erected by the Canadian Battlefields Memorial Commission. The Duke of Connaught and Lieut.-General Sir Richard Turner, V.C., will perform the ceremony.

inces in financing highways of an interprovincial or international character," Dr. MacLean said.

Asked as to his opinion as to the value of such meetings, he stated that he thought that an annual conference of engineers of the various provinces, where problems connected with road construction and maintenance were discussed, would be of greater benefit. He also commended favourably on the suggestion that the Dominion Roads Department should carry out experiments in road building materials for the benefit of the Highway Department in each of the Provinces.

**FINIS TECHNICAL SCHOOL**

During his stay in Hamilton, the Minister visited the Hamilton technical school—one of the finest in Canada. The building cost \$1,000,000—the principal is Professor Gill, lately of the engineering faculty of the University of B. C. Here he has a staff of sixty-five teachers, with 1,500 pupils in daily attendance, while part time classes and night classes bring up the total to 4,000 students. The building was erected and equipped by the city of Hamilton, the cost of maintenance and salaries amounts to \$250,000 annually.

The institution demonstrates fully the value of adapting education to industrial pursuits; here the natural tendencies of the student are observed and he is directed in the proper line," Dr. MacLean said. "The school is managed by a committee made up of an equal number of representatives from the school board of Hamilton, also manufacturers and industrial workers."

"This school is open to both sexes.

This morning Hon. Wm. Sloan, Minister of Mines, who had charge on behalf of the Provincial Government of the entertainment of the distinguished visitors during their stay on the Pacific Coast, received the following message:

S.S. Makura, July 3, 1923.  
 Hon. W. Sloan, Victoria.

Please convey to your Government our gratitude for its kindly reception of us and its generous hospitality. For your personal thoughtfulness and attention—no expression of thanks can be adequate. Our stay in British Columbia has been most enjoyable and instructive. Best wishes.

**MAKE PLANS FOR HARDING'S B. C. VISIT**

Arrangements for the reception to President Harding when he comes to this Province on his way to Alaska were discussed by Premier Oliver in Vancouver yesterday with Hon. J. H. King, Minister of Public Works, who has come out from Ottawa to represent the Dominion Government during the President's visit.

Dr. King went to Tacoma to-day to meet President Harding, the Premier said, and will cross to Victoria from Seattle or Anacortes. He will stay in Victoria until Sunday.

First of the four big 1,250-horse-power electrical pumps at Sumas where the government has reclaimed 30,000 acres of the most fertile land in the Province, was started late yesterday, it was announced to-day by Col. R. D. Davies, head of the Land Settlement Board.

Col. Davies has been at Sumas for the last year in charge of the work for the government.

This big pump is just one of four units, which will have a capacity of 1,000 cubic feet a second. In a couple of weeks the other three pumps will be in operation. They lift the water from the Sumas River in the low land protected by the big cement dykes and lift it into the Fraser.

**THREE KILLED IN RAILWAY SMASH**

Two Probably Fatally Injured in New Mexico  
 Train Plunged Over Thirty-Foot Embankment

Albuquerque, N.M., July 4.—Three persons were killed, two probably fatally injured and a score of others more or less seriously hurt shortly before midnight last night when Santa Fe passenger train No. 2, known as the Navajo, plunged over a thirty-foot embankment on a sharp curve a mile and a quarter west of Domingo, N.M.

Both engine and the baggage car went over the embankment and the chair car and a smoking car turned over, but six sleeping cars remained on the track.

Engineer J. J. Roberts and Fireman Kruse of the forward engine were buried beneath the wreckage. Kruse was removed and was still alive when the train reached Albuquerque, although his condition is said to be critical. Roberts' body was seen but could not be reached by rescuers.

Engineer Joseph Stevens and Fireman Earl Hall, of the second engine, were thrown seventy feet from the track and both were killed. Conductor Eastman was seriously injured.

The newboy of the train is missing.

**CROWN AFFIRMS RIGHT TO DEPORT**

Chinaman Let Out On Habeas Corpus Proceedings; Respondent to Appeal

The right of the Crown to appeal from the release of a prisoner on habeas corpus proceedings, when held for deportation, as an inmate of a jail is the main point at issue in the hearing of Rex versus Pong Fook Wing (respondent). It opened before Chief Justice Macdonald and Their Lordships of the Court of Appeal this morning. Elmore Meredith appears for the Crown, and H. R. Bray for the respondent. The hearing follows clearly on the lines of that of Rex versus Mah Shin Shong, decided by the Court of Appeal in the Fall of last year.

Pong Fook Wing, a resident of the Vancouver Chinatown, was convicted in the police court of smoking opium and fined \$35 and \$4.50 costs by Magistrate South. In default of payment the accused served one month at Oakalla, at hard labor. He was then handed over to the immigration authorities, and an order for his deportation back to the land of his birth issued.

Appealing by way of habeas corpus, Wing obtained his release on an order of Chief Justice Hunter, and from this the Crown now appeals.

The respondent was wrongfully released by the lower court, held Mr. Meredith to the Court to-day. The Crown had right of appeal if the matter were a criminal one, and if held to be civil the Provincial courts could not proceed on provincial statutes to deal with a matter for which a Federal Statute had been provided, argued Mr. Bray. The argument by counsel proceeds.

The peremptory list includes: Rex versus Pong Fook Wing (at bar); G. T. P. Development Co. re Municipal Act; and Lee Sheek versus the Attorney-General.

conjunction with tests of a quantity of blood sufficient to obtain a solution constituted positive proof of the existence of human blood on the cloth. If the stains were of tears, perspiration, spitte, or mucous deposits from the organs, the tests would be incomplete. Dr. MacTaggart also stated that the test necessary to determine whether the blood was human or animal was not an extremely definite test to carry out, but it was one that demanded extreme care.

Dr. Derome, whose cross-examination by counsel for the defence took up practically the whole afternoon, declared that the stains found on three cushions and the leather seat in the back of the priest's automobile had been subjected to chemical microscopic, biological, spectroscopic and precipitation tests and that he had found the stains to be human blood and grease spots.

**Time an Element.**

Mr. Cahau sought to show that the stains on the automobile cushions and seats which had figured in the evidence might have been due to animal fluids other than human blood, such as spitte or perspiration, or to human fluids which had figured in the evidence. He further argued and obtained an admission from the witness that the validity of the tests employed by him depends on the length of time within which the test had been made.

Mr. Cahau went on to the question of the precipitation test and ascertained that before undertaking this method Dr. Derome had taken a piece of the cloth apart from the stains in order to find out whether that piece had in itself an acid or alkaline reaction. It was neither acid nor alkaline.

GRAIN INQUIRY HELD AT CALGARY

Commission Hears Evidence and Goes on to Vulcan, Alberta

Calgary, Alta., July 4.—More rigid inspection by the Dominion Grain Commission houses was urged at the concluding session of the Grain Inquiry Commission here yesterday afternoon by F. E. Smith, former Ed. Wood's grain dealer.

Mr. Smith, who formerly was employed in the Ross Fargo grain commission firm in Edmonton, was the only witness called before the commission during the afternoon.

Failure of the Ross Fargo firm to continue operating as a grain dealing organization might have been prevented had the Grain Commission provided more rigid inspection, Mr. Smith said.

Grain inspectors should keep a closer check on the business of the commission firms, Mr. Smith said. "In this way they could ascertain if a firm was doing business beyond the amount of its bonds. This was not done in the case of the Ross-Fargo Co."

OUR MOTOR CENSUS.

How the use of the motor car has become a tremendous factor in modern Canadian travel is reflected in the fact that there were last year in this country no fewer than 531,821 motor vehicles—or an average of 5.7 to every one hundred persons.

This is not only an indication of the importance of the automobile industry itself, it gives a new status to the highways of the country and becomes a question in which governments must take as great an interest as that demonstrated by the administrations of twenty years ago in the construction of the roughest kind of a wagon road.

The growth in the number of motor cars similarly will reach the point at which the great railway transportation companies will have to consider the rubber tired vehicle in the light of a serious competitor. In countries like Canada some time must elapse before the competitive element will be noticed in any except those localities where intense development has taken place and large populations are found. But in some of the European countries the commercial vehicle that rides the broad highway is already taking its toll of business formerly monopolized by the railways.

The number of motor cars in Canada, of course, is of especial interest to us because of the tremendous value of the tourist trade. In a few years the revenue which this country has derived from this one source alone has passed a mark that would have been considered "impossible" twenty years ago. Here is the justification for still more expenditures on good roads—one of the country's best investments.

PEACE IN IRELAND.

Some time ago President Cosgrave issued a statement to the people of the Irish Free State to the effect that the Government was gradually bringing order out of chaos and that the rebel campaign was rapidly spending the last vestige of its fury. Two or three weeks after this optimistic declaration he appeared in the streets of a former republican stronghold and delivered an address from the vehicle in which he was traveling. His remarks were enthusiastically greeted and he went his way without a disturbing incident. This was taken as the justification of his prophesy of a month or two previous.

Following closely upon this quite remarkable incident Eamonn de Valera issued an appeal to his dwindling army of followers to throw down their arms and cease to hinder the administration of the affairs of the country. Since publicity was given to this memorable document news from Ireland has been extremely scarce and the almost daily record of shootings and killings seems to be now no more. In fact the latest indication of the state of the relations existing between the supporters of the Government and the adherents of the republican cause is an announcement from de Valera which suggests that the republican political party "might possibly put forward one candidate in each constituency" when the next election comes round "to give the people an opportunity of demonstrating what their choice would have been if England's war threat had been removed."

Such a decision will be welcomed by the Free Staters if only for the reason that it will give the electorate a fair chance to pronounce upon its present status under the operation of the Anglo-Irish Treaty in contrast with the very unsatisfactory bargain that de Valera would have given them if separation had been permitted. On the occasion of the first election this was not possible because the semi-coalition panel agreed upon between the Griffith-Collins faction and the republican leader, to say nothing of a widespread policy of intimidation carried on by the de Valerites, prevented anything approaching a genuine expression of public sentiment.

With these disconcerting considerations no longer worrying the people it can be assumed that the Free State Government will get another mandate that will effectively write a happy finis to Ireland's major troubles. And in the fulness of time it may be that de Valera himself will recognize the benefits of partnership in the British Empire. His cause was always a lost one; he had better make the best of it.

AN AMERICAN PEACE AWARD.

To the first American citizen who presents the best practical plan by which the United States may keep peace with other nations for the achievement and preservation of world peace an award of \$100,000 will be given. It will be known as the American Peace Award and half of it will go to the winner for the idea itself and the other half when its practicability shall have been proved. The originator of the plan and donor of the fund is a Mr. Edward Bok of Philadelphia.

Although the United States is not a member of the League of Nations it is noteworthy that quite a number of her most influential public men are devoting a very great deal of time to the creation of a sentiment that will eventually obtain in majority. One of the most distinguished members of the Supreme Court resigned his important post five years short of the age at which he might have ended his days upon a full pension

in order to tour the country in the cause of peace and the League in particular. Mr. Bok's plan is quite a different course towards the desired objective; but it should be effective enough to encourage its emulation in other lands. It should be one way of making peace and the discussion of peace as popular as politics. And until that condition obtains in every country wars and rumors of wars will continue to disturb the world and its work.

After all even its opponents should be honest with themselves and admit that the League of Nations is the only agency in existence that is actively working and striving to save the world's industry and its social fabric from the dislocation and devastation of war. It may not have accomplished much to date; but as long as it exists and functions it must gain strength. When it has reached the robust stage that the peoples of its member states hope to make it it will be remarkable if our neighbor remains on the outside. In any case Mr. Bok's award should support the work that many public men are doing at their own expense.

ASK THE ELECTORATE INFORMALLY.

Between now and the time that must elapse before the Legislature will meet for its next session it ought to be possible for its members to get an expression of opinion from a large body of the electorate on the subject of private importation of liquor. One or two public meetings in the more populous sections of each riding ought to furnish enough evidence to satisfy the Conservative members of the Senate that the people of this Province asked for Government control when they defeated an Act which permitted private importation. If this means of giving public sentiment another outlet on the subject should not be sufficiently conclusive for the Upper Chamber the plebiscite plan will have to follow the Attorney-General's next appeal for the legislation with the \$100,000 amendment.

DOUBLE ASSURANCE.

It was not necessary for the Prime Minister to assure the House of Commons last Friday that the Parliament of Canada would reach a final decision upon such matters of Imperial and international importance as may be discussed by the delegates of the British Dominions at the imperial and economic conference that will convene in London next October. Mr. Mackenzie King moved a resolution previous to the last conference which firmly enunciated the principle that whatever commitments might be made by delegates there attendant, the ultimate decision in all important matters must rest with Parliament. The Premier still stands by the provisions of that resolution.

This is obviously the attitude of every Dominion and thoroughly understood by the British Government. A conference of Empire representatives is purely consultative and its main object is the provision of an opportunity for the British family to talk over matters of importance and interest to its several members. Constitutionally it cannot be anything else. Were such a gathering legislative in character and its decisions binding upon the attending representatives its usefulness would disappear, and the whole Imperial fabric would soon be plunged into chaos. Its chief value lies in the frankness of the discussion which it affords. Did it in any way commit delegates the conference would hear only these proposals that would be likely to find favor—tantamount to the reduction of its significance to that of a gathering of political friends.

NOTE AND COMMENT

Nearly all the transportation officials who visit Victoria tell us that holiday travel is coming this way this year in a greater volume than ever before. We say in our best and most cordial manner: Let it all come!

The Soviet Government has formulated a colonization scheme and is inviting immigrants. Finlanders from British Columbia are already on their way to the Bolshevik Utopia. We shall now expect to see a rush from the "reds" on this and on the other side of the border.

The businessman and the ordinary citizen should realize that the Chamber of Commerce can perform all the more useful service if it can depend upon more active support and co-operation. But everybody should remember that an organization of such importance cannot be run without funds. The executive staff has not discovered a new way of obtaining food and raiment without paying for it.

Peter Verigin has gone to inspect the Niagara Peninsula to see if there is sufficient land available for the Doukhobors of this Province. If there is he contemplates something in the nature of a wholesale exodus. This is a matter for the sect itself to decide; but it can be said that if there is to be a continued violation of the laws of this Province this part of the country will be better without these citizens.

OUR CONTEMPORARIES

PARLOR BOLSHEVISTS ASTRAY.

San Francisco Journal:—The parlor Bolshevik makes a bad job of trying to change one or another of the social customs which have passed into the mores, without realizing the virtual impossibility of what he attempts to do. His most frequent point of attack is the institution of private property. That institution is almost as old and as firmly rooted as the one of marriage. The theory of communism and socialism may be beautiful enough in some aspects, but it cannot expect to succeed by any sudden reform from the top down. The trend of individualism has been too long established and has been too successful in the formation of character and the evolution of civilization to be displaced, except by slow degrees, and by something which better serves man's purpose. Whether or not that something will ever be found cannot be determined in advance.

"THE PEOPLE'S BUSINESS"

To the Editor:—On receipt of my copy of your issue of June 27 I read with considerable interest your editorial, "The People's Business." After quoting The Manitoba Free Press' interpretation of the vote on June 22 you state: "British Columbia is on trial in a similar fashion. With the advent of Government control the bootlegger would go; abuses of which complaint has been made under the old Prohibition Act would vanish into thin air; conditions would improve and justify the more liberal distribution of liquor." I presume that what you are trying to prophesy is what would follow if the Dominion Government would prohibit private importation of liquor into British Columbia as desired by our Attorney-General. I very much wish you had stated your reasons for this most remarkable prediction. May I remind you of the following facts: In the Fall of 1920 our moderation friends prophesied that under Government control "the trade known as bootlegging would automatically cease because it will be profitable no longer. It will be unnecessary for anyone, under a system of Government control, to attempt to evade the law." We got the so-called Government control, but the bootlegger is still very much with us. The question is, if private importation were stopped, would bootlegging cease? In Quebec there is Government sale of liquor but no export liquor warehouses supplying bootleggers. Last year the Hon. Mr. Pope in the Senate stated: "We never had any bootlegging in Quebec nor cause for any until we had the present law. It is useless to say it has gone away with bootlegging; it has created it. We have more illicit stills in the province of Quebec than you gentlemen had hair on your heads before you began to shed any. As to the statement that the Government of Quebec has made a success of its liquor Act, I regret to say, exceedingly to say it is not correct." On February 12, 1923, Rev. Dr. Hart, in an address before the Ministerial Association at Montreal on the Quebec liquor situation, had this to say of bootlegging: "In the city of Hull last Fall the commission rounded up 185-five persons in one clearing-up who were engaged in this business. Every day we read of arrests of bootleggers. The bootlegger's chief source of supply is the Government store, where, notwithstanding the law that only one bottle can be sold to an individual at one time, he can get as many bottles as he desires in one day and resell them at large profit. In Manitoba you will please remember that for some time it has been illegal for anyone to import liquor, and yet the Moderationists claimed that bootlegging was very prevalent. In their advertisement in The Free Press of April 16 they stated: "If the Government Control Liquor Act will be carried the bootlegger will be relegated to limbo and our oppressive taxation will be reduced," etc. Now if in all the prohibition provinces it is illegal for anyone to import liquor for beverage purposes and yet bootlegging exists, what right have you to conclude that under a system of Government control that must permit breweries and distilleries to operate and where the Government itself is a source of supply for the bootlegger, that "the bootlegger would go, abuses of which complaint has been made under the old Prohibition Act would vanish into thin air, conditions would improve and justify the more liberal distribution of liquor?" Personally, I hope that prohibition of private importation into British Columbia may be granted, not because I think it will stop bootlegging, but do not believe that it will—but because one more claim for the continuance of present conditions will be shown to be valueless and will hasten the time when the Government sees that there is no method of controlling the liquor traffic—that the only sane method is to prohibit just as far as possible—and then a little more.

WANT SAW MILL AT HILLIER'S

Need of Lumber for Building Purposes in New East Coast Village

The Victoria and Island Publicity Bureau has received a communication from Hillier's Crossing, Vancouver Island, stating that a small sawmill would in all probability prove a financially successful undertaking, for residents have timber close at hand. The price of lumber at the present time is very high, and only the big plants handle the demand of the district for building material. If a small mill were in operation there was no doubt but that the prices of dressed lumber would fall, and building would increase proportionately. Thus the mill would prove a benefit to owner and farmer alike.

WEEKLY ATHLETIC MEET

Y. M. C. A. Has Track and Field Stars at Work To-night at Willows

To-morrow at 7 p.m. the Y.M.C.A. members who are entering the competitions at the Willows every week will run the hundred-yard sprint, the mile, ride the mile bicycle race and try-the-shot put. This is the third of a weekly series of events, and results will be ready for publication Friday. Four events are run each week, and up to the present the athletes have made remarkably fine showing. It is expected that the association will develop some very valuable material with the programme of sport it has arranged.

### IRRIGATORS RAISE LOUD PROTESTS OVER DEAR WATER

Councillor Vantreight Wins Further Delay On Saanich Water By-law

By arguing for over an hour, Councillor Vantreight, of Ward Three, last night secured unanimous silence of the Saanich Council, when he voted "aye" to his own motion for a seven-day hold to the much debated Consolidated Waterworks by-law.

Councillor Vantreight explained that only the urgent complaint of Ward Three irrigators, against the proposed increase in irrigation water charges, caused his presence at the session.

He presented copies of documents from Victoria City Hall, dealing with the city's offer to Saanich of special discounts on water consumed in Gordon Head, if metered and charged users' rates effective in other parts of Saanich.

This dossier was considered by the rest and most of the councillors to be of no value, in view of the fact that the offer had never been accepted and put into effect.

Reeve Watson tried earnestly to secure a proposal to a better way of avoiding a deficit of \$10,000 or more at the year's end.

Has Big Views

Councillor Vantreight also opposed meter rentals, and asserted that, if water were available in sufficient volume, berry growers could consume 500,000 gallons per acre per season, if the price was low enough to encourage such a distribution equipment on the plantations.

He protested the proposed elimination of the seven cent per thousand gallon rate and substitution of a ten cent basis, as being too much in line with Government liquor store practice, "making this comparable with liquor supplies, pretty precious stuff," he said.

Reeve Touches Sore Spot

Before the Council decided to allow one more week of delay on the by-law, Reeve Watson pointed out that the last waterworks extension by-law authorized a loan of \$150,000, chiefly for domestic supply to Gordon Head. This has been borrowed at 10 per cent, and the interest is now being paid into unproductive meters, while the real investment in water frontage or other actual revenue producing work is equivalent to only \$35,000. This was one of the causes of the impending deficit, combined with the lessened revenue from the drastic reduction in frontage charges, from eight cents per foot last year to now construction to six cent adjusted, averaging 2 1/2 cents per foot, on the same agricultural frontages this year.

The Reeve further pointed out that, unless water at cost and free meters are abolished, there would be no funds wherewith to make service extensions and so on right through the year, and that the water works would be a loss at profitable rates.

### TAKES OF CANADA'S GRIP WITH EMPIRE

Rev. W. P. Goard Contradicts McCrossan's Statements

Urges Canadians to Think of Britain's Past As a Mother Land

Rev. William Pascoe Goard, F.R.G.S., last night, before a large audience in the Chamber of Commerce auditorium, gave a clear-visioned and open-minded address on the subject of "The Grip of Canada with the Empire." The speaker stated that the connection of a youthful land and an aged mother country, the speaker took exception to George McCrossan's remarks which were made some time ago to the local assembly of the Native Sons of Canada, and jocularly mentioned that the Vancouver speaker's arguments were "in the line of youthful immaturity of thought. Last night's speaker stated, regarding the allegation of the domination of Canada by Downing Street, that during the war, and even when Prussian guns were heard across the English Channel, the people of the "Old Land" sent their ships to protect the farthest shores of the Empire on the Pacific, with the result that they wiped out the German fleet in those waters, and consequently made the British lives on the Pacific seaboard safe from a ruthless foe.

Mr. Goard was not slow to criticize Mr. McCrossan's statement, and he said that it had been said that certain laws in Canada could not be altered without the consent of the British Parliament. This, the speaker stated, was generally by the Dominion itself, and which, if changed, might affect the Empire as a whole, while Canada had no right to alter, but for the laws of the British Empire. He also mentioned that there was always a process whereby Canada could do what she would with the Empire, the Dominion is governed by the British North America Act, and this was drawn up by the Fathers of Confederation.

There is in the minds of some, said the speaker, the impression that the common law of England is the basis of Canadian law. It is. And it is also the basis of the law of the United States and the United States is innocent until he is found guilty. Roman jurisprudence, upon which the present-day laws of France, Spain, Italy, Germany, and other countries are based, require that a man be guilty until such time as he be found innocent. There is a vast difference between these two systems. The speaker stated that some of the Bible which, he stated, actually described the British Empire as it is today. He spoke of Canada's "Old Land" and the future of the British flag. He also mentioned the geological trees which have been preserved in England, tracing the heirs to the British throne back to the time of the Israelites and actually proving them to be descendants of King David.

Concluding his address, the speaker warned the audience that there were those who bore ill-will against Britishers, and that the fights of the insidious and rascally rebels might some day be the future of the British Empire. It was well, the speaker thought, that the people of the present day be warned that at some time it might be the duty of every loyal Britisher to fight in dreadful warfare for the good of the Empire and the safe-keeping of a throne that through the ages had withstood the shock of war, revolution and rebellion, and which was founded under the shadow of heavenly protection. He asserted that the lands which were the scene of his history and his destiny was necessary for its defence.

### SAANICH SUFFERS LOSS OF PROFITS THROUGH HONESTY

A special committee of the Saanich Council will wait on the Provincial Government, or the Minister of Finance, and endeavor to secure a larger apportionment of liquor profits.

Reeve Watson last night asserted that, on the basis of school population, Saanich is being unfairly treated, and that the conservative population estimate presented by Saanich when the first division of profits had been made, had proven an unhappy move.

Councillor Robertson remarked, "It does not pay to be honest with those fellows," and Reeve Watson recalled, "That is what I told the Deputation, when making a protest recently."

### INVITATION TO VETERANS.

The secretary of the Victoria Branch of the Grand Army of United Veterans has, this morning, received word from the Provincial Secretary of an organization that, in honor of the ex-service men attending the great re-union to be held in Vancouver next week, a grand smoking concert will be held in the quarters of the U. V. in Vancouver on Friday evening, July 6. The provincial executive extends a most hearty invitation to all members of the Grand Army on the Island who intend to be present at the re-union, to attend the social event referred to. The re-union will mark one of the most important occasions in the annual calendar of the organization, and will be attended by delegates from all points in the East and Middle West, as well as from various parts of the Province.

### STREET NAMES TO BE CHANGED IN SAANICH

The Saanich Council last night approved of over fifty street name changes within the municipality, and instructed Clerk Sewell to draw up a by-law to give effect to the changes.

Councillor Kirkham said he considered the proposed changes should be made available to public criticism. This, it was feared, would indefinitely delay action.

### DOMINION ORGANIST PLEASES AUDIENCE

An added attraction is being offered the many patrons of the Dominion Theatre this week in the form of songs being rendered by the popular and well-known organist, Hubert Wells. He also accompanies himself on the organ, which makes the songs exceedingly delightful to the enthusiastic audience.

The first song rendered by the talented artist was that well-known selection, "Calm as the Night," by John. After considerable applause by the audience he proffered his second selection, "O Dry Those Tears," by Riego. This song was also greatly applauded.

It is to be hoped that this entertainment will be continued by Mr. Wells as his singing of the classic songs are very pleasing to the patrons, and makes the evening's entertainment more delightful.

### PLAYHOUSE HAS NOBLE FEATURE

"A Marriage of Convenience" Will Start To-night

To-night's offering at the Playhouse will be that charming and graceful old-world comedy, "A Marriage of Convenience," by the late Lewis Waller. It made a great appeal by its delicate and fine attention, and would be a matter of congratulation that Victoria possesses a stock company equal to the demands made on it in attempting a production of this kind.

"A Marriage of Convenience" shows a husband and wife married by wish of their parents, and hardly acquainted with each other, and finally fall in love, and the breaking off of their former attachments, she with a cavalier, and he with a marquise, forms the main item of the play.

Mr. Compton as the Comte de Candale, and Miss Peggy Dundas as the Comtesse, have two roles well suited to them, and certain to be done full justice to. Two amusing characterizations, a maid, Marton, and a valet, Jasmin, will be furnished by Miss Burton and Miss Street, that Herbert Leslie will be seen as a peppy old general, and Bruce Bradstreet as a young officer.

The production will be given a handsome setting in the period of Louis XV., while the costumes are receiving the same attention, and are really believed, cause some agreeable astonishment to the Playhouse patrons. "David Garrick," proved such a success and was so universally appreciated, that the "A Marriage of Convenience" should more than justify its presentation and ensure a large attendance at the Playhouse for the balance of this week.

### CAPITOL

"The Heart Raider," a Paramount picture starring Agnes Ayres, with Mahlon Hamilton in the leading man's role, caught on in great shape at its premier presentation at the Capitol Theatre last night.

Things must come to a fine state of affairs when a man is forced to take out an insurance policy to protect himself from possible damage suits due to the exploits of his ultramodern daughter in her search for some thing novel in the way of entertainment. This is the last resort of Reginald Gray, father of Maurice (Miss Ayres). The policy holds good until the girl marries, and the insurance company, discovering that they are likely to lose a fortune on the marriage, is determined to sue. Gaspard McMahon, on Murrie's trail, with instructions to marry the girl as quickly as possible. But Murrie has other plans, and how she duels her father makes a worth while picture.

The story was adapted by Jack Cunningham. The strong supporting cast includes Charles Ruggles, Charles Coulter, Marie Burke, and Charles Riegal. Wesley Ruggles directed.

### DOMINION

The biggest plum of the cinematic year went to Richard Dix, when he was cast in the role of John Storm, the title part in "The Christian," Goldwyn's big production of Hall Caine's novel, directed by Maurice Tourneur in England, in the Isle of Man and at the Goldwyn studios, which comes to the Dominion Theatre.

Strangely enough, "The Christian" was the first play which Richard ever witnessed. His parents are of religious trend and frowned on his early interest in the theatre. But they relaxed their strict parental control for the first time when the play was performed by a stock company in Minneapolis.

Richard signed a contract with the Goldwyn company two years ago, after having made an enviable name for himself on the legitimate stage in New York and Los Angeles. His immediate popularity on the screen is not only because of his manly appearance but because of his finished acting. Among the photoplays in which he has appeared are "The Little Boat," "I Love You," "First in Last," "Stand From Under" and Arthur Hopkins' memorable production of "Night's Lodging."

### COLUMBIA

An unusual Western melodrama is "The Buster," the William Fox production with Dustin Farnum in the starring role, which came to the Columbia Theatre yesterday.

Immediately after the opening scenes the action begins, and the suspense and absorbing interest is manifested through the entire length of the feature.

"The Buster" is one of the most engrossing stories laid in the Western atmosphere that has come to this city in many months. The photography is superb, and all the richness and beauty of the wide stretches of open country are reproduced with an elegance of workmanship.

Colin Campbell, the director, has brought out all the qualities of Farnum in his finest array. The story, by William Patterson White, the noted author, concerns the many difficulties of a handsome man trying to make a home for his temperamental niece (Doris Pavy) of the one—performs admirably.

### BULL DOG SOLE LEATHER

### ROYAL VICTORIA

That a picture in which the hero is a boy can be made as interesting to adults as it is to children will be demonstrated in "The Prince and the Pauper," Mark Twain's romantic idyll when it is shown again today at the Royal Theatre.

The master humorist created his characters with such cunning that the strange story which involves the beggar boy of London Town and Henry VIII's heir to the throne, is of such high quality that it has al-

he pleaded that his black face would lose its grease paint and turn white if he waited any longer.

Herman Ulis and Minerva Clark appear in a song and dance number with unusual twists and lively patter; the Pantagescope, filled with a comedy of enterprise and action, and finally the Pantages orchestra, complete a bill that requires only to be seen to be appreciated as the best in Panta-Land. A full house brought managerial smiles to the face of Mr. Jamieson last night. It may be that Jack Strouse's conscience tickled him, or it may have been pleasure at the return of the "Pan" bill as in its best.

### RADIO BOYS PLAN MANY NOVELTIES

Showing at Gorge for Season With Increased Cast

The Radio Boys, showing in "The Fancies of 1923" at the Gorge, have added several new artists to their cast. The new production has been the centre of considerable effort, and the Radio hope to see result of their labors appreciated by bumper attendance throughout the coming season.

There will be a weekly change of offering. Many new comedy sketches are under way and rapidly approaching the point where they will graduate from the rehearsal stage to the open platform. Wholesome comedy with plenty of action is the motto of the Fancies, and to this end they have kept their showings free from anything that might be received in any other light.

Plan "Amateur Nights."

Presently the company intends to start novelty nights, with amateur performances for boys and girls up to sixteen years of age. Other nights will be set aside for adult amateurs, and prizes will be offered for all events. The Fancies are appearing daily at eight in the evening, with matinees on Wednesdays and Saturdays, at 3 p. m. Admission is free, the Fancies depending upon voluntary offerings for their support from the public.

Now that dad has finished working his boy's way through college, he hasn't much to worry about, except the price of gas.

## SMART WEDDING AT ST. JOHN'S TO-DAY

Beautiful Ceremony Unites Clarence H. Pitts and Miss Doris Wilson

Two leading pioneer families, well-known throughout the Province, were united by the marriage to-day of Doris Louise, second daughter of Mr. and Mrs. Joseph E. Wilson, of 511 St. Charles Street, and granddaughter of the late William Wilson, to Clarence Harold Pitts, second son of Sidney J. Pitts, of 1586 Rockland Avenue, and the late Mrs. Pitts. The ceremony took place in St. John's Church at 2:30, the Rev. F. A. P. Chadwick officiating in the presence of a large and fashionable congregation.

Girl friends of the bride were responsible for the beautiful decorations in the church. Delphiniums, marguerites and campanulas were lavishly employed in the decoration of the chancel and altar rails. At the entrance to the chancel an archway of white delphiniums and roses, flanked by stately blue delphiniums, formed a beautiful background for the bridal party during the service.

The organist, G. Jennings Burnett, played the Wedding March as the bride entered the church on her father's arm. She was a charming girlish figure in her wedding gown of ivory brocade crepe, with its draped skirt caught on the hip with orange blossoms. A handsome train of exquisite Brussels lace, lined with palest pink georgette fell from the shoulders. A veil of tulle confined to the hair with coronet of orange blossoms, and a sheaf bouquet of Madonna lilies completed the lovely bridal toilette.

The bridesmaids were in attendance. The Misses Isabelle, Helen and Nora Wilson, sisters of the bride, and Miss David Ker were gowned alike in delphinium blue georgette, with one-waisted sleeves, bodices of flowing panels of the skirt falling from each hip to the floor in double train effect, while Parma violet ribbons encircled the hip-line and were caught in front beneath a huge cabochon of many-colored French silk flowers. Picture hats to match the gowns were worn, and each bridesmaid carried a bouquet of delphinium. The bridegroom was supported by his brother, Arthur Pitts. The ushers were Messrs. R. B. Wilson, Ross Wilson, W. P. D. Pemberton and Nairn Robertson.

Following the ceremony a reception was held at the home of the bride's parents. The young couple received the congratulations of their many friends on the verandah of the house, which was transformed into a floral bower for the occasion. Mrs. J. E. Wilson, mother of the bride, assisted in receiving the guests, attended in striking gown of delphinium Canton crepe and smart black hat. The wedding breakfast was served in a marquee on the lawn, where the bride cut the wedding cake and the customary toasts were honored.

The many handsome gifts received by the young couple were viewed by the guests. The bride's gift to the bride was a diamond and pearl bar pin, to the bridesmaids an iridescent butterfly brooch, to the best man pearl waistcoat buttons, and to the ushers gold safety pins. Mr. and Mrs. Pitts left later on a honeymoon trip, the bride traveling in a smart knitted suit of putonia and gold with hat en suite. Later they will make their home at Ashcroft, B. C., where Mr. Pitts is opening a legal practice.

## ESQUIMALT COMMUNITY CONCERT BIG SUCCESS

The Esquimalt community concert which was held in the Canteen Grounds, last evening, proved so enjoyable that it was decided to repeat this form of entertainment in the near future. The audience welcomed "Bob" Webb as an old friend, and his repeated admonition to "sing" met with a cordial response, especially from the ladies.

Although, as Mr. F. Waddington stated, the repertoire of the Lamson Street School Choir has few numbers that are suitable for an open air concert, the sustained applause which greeted them was well deserved.

Mrs. McDonald's rendering of "The Carnival" seemed to touch the sentiment of the audience and her choice of "Humins" as an encore was very appropriate. Mrs. Joliffe sang "Keep on Hoping" and "Comin' Through the Rye" with that fine voice and charm of expression which Esquimalt audiences have learned to expect when her name appears upon the program.

Miss Kathleen Davis, a young singer, whose progress is being watched with interest, sang "Smilin' and a comin'" acceptably and as an encore gave "Spring is in My Garden."

## ESQUIMALT CHAPTER

The Esquimalt Chapter, I. O. D. E., met yesterday afternoon at the residence of the secretary, Mrs. McTavish, Lamson St., the Vice-Regent, Mrs. R. S. Ross, presiding in the absence of Mrs. Croft.

General business was discussed, and a committee formed to arrange for an ice cream stall at the garden fête to be held at Government House on Saturday in aid of the funds of the Navy League. Mrs. Sloman gave an interesting report of the recent meeting of educational secretaries, called by Miss Cooke, of the Municipal Chapter, to discuss secondary education scholarships. Five children are already benefiting under this fund, and provision for more may be necessary when the examination results are announced. One honorary holder has also won the War Memorial University Bursary, and it is encouraging to note that thirty-six I. O. D. E. scholars will attend Canadian universities this year.

## ORPHANS HAVE FINE SCHOOL REPORTS

Annual Gift of Watch Presented to Protestant Orphanage Boy

The monthly meeting of the ladies' committee of the Protestant Orphan Home was held at the home, Hillside Avenue, on Tuesday afternoon, the president, Mrs. Hiscock, in the chair, and the following members present: Mesdames Sherwood, Shepherd, Brown, Hammond, Elliott, Beard, Dorman, Boyd, Lang, Fraser, Hughes, Griffith, the Misses Denny, Newbury and Tolmie.

The visiting ladies, Mesdames Sherwood and Jenkinson, reported weekly visits to the home and found the children all in good health and everything about the institution beautifully clean and well kept. Another donation of carpet had been sent, which the children were most helpful in making the rooms very comfortable and cheerful. Splendid yearly reports from the schools have been brought by the children, and the children's honor rolls have been won, some for proficiency, others for deportment, regularly and punctually.

The children enjoyed Dominion Day in the usual way as guests of Mr. and Mrs. Newton, Oak Bay. For eighteen years Mr. and Mrs. Newton have entertained the children at the home on July 1. Mrs. R. P. Elliott, Mr. Smith and Mr. Newton conveyed the children to and from Oak Bay. Col. Lorne Ross was in charge of the sports. There were all kinds of good things to eat, including ice cream, strawberries and cream, and 100 bottles of soft drinks donated by Fairall Bros. A very pleasing feature of the day was the presentation of a watch and chain, kindly given by Mr. Duncan, of Mitchell & Duncan, to the boy who was most helpful to the matron, most courteous and polite. Theodore Gibson was chosen by all to be most worthy of the gift.

The thanks of the committee are due to the Kiwanis Club for taking the children to and from church during the month, and to the following for donations received: The Kiwanis Club, Mrs. H. J. Scott, cash \$2; Queen City Chapter No. 5, Order Eastern Star, Employees of B.A. Paint Co. and Victoria Amateur Swimming Club, cake, sandwiches and candies; Maple Leaf Legion No. 58, Loyal Order of Moose, Holywood Sunday School of R. F. Thetford-Consolidated, David Spencer, Ltd., Victoria Hall and St. Columba Sunday School, cake and sandwiches; Cloverdale, 100 pounds of sugar; Small's Bakery, cake and sandwiches; Mrs. Higgins, two gallons of ice cream; Mrs. C. Todd, carpet; Mrs. Guy N. Pell, two crates of strawberries; the Kiwanis Club, K. of P. Hall, two crates of strawberries; a friend, one crate of strawberries; a friend, two crates.

Mr. Bryant and Dr. Lewis Hall, professional services, and The Daily Times and Colonist.

## MAKE T. B. VETERANS AN ESPECIAL CARE

Florence Nightingale Chapter to Carry On Good Work During Summer

After acting as convener of the maternity committee and working untiringly in the Chapter's service for some years, Mrs. Seabrook Young resigned from membership in the Florence Nightingale Chapter, I. O. D. E., in anticipation of her departure from the city next month. As a slight token of their appreciation of her devoted services, the members yesterday decided to confer on Mrs. Young an honorary membership in the Chapter.

The announcement that the recent garden party at Hatley Park had netted \$100 for Chapter funds, was received with much satisfaction. The meeting voted \$50 as its annual quota to the Soldiers' Grave Fund, earmarking \$25.00 for a particular grave. A donation of \$10 was given to the committee in charge of the hospital work to enable this work to be carried on during the Summer. Mrs. Porter reported that tea had been served every Friday afternoon in the T. B. Ward, and a letter of thanks will be sent to Mrs. S. B. Beal, Oak, for a generous donation of strawberries for the patients. A donation of \$5 was also voted for the Navy League garden fete at Government House.

The Chapter is undertaking the arrangements for the tag day in aid of tuberculous veterans to be held on Saturday, July 14. Anyone willing to assist is requested to notify Mrs. H. K. Prior, 4097R. At the conclusion of the session the meeting adjourned until September.

## YOUR HOME AND YOU

By HELEN KENDALL  
Home-Made "Sundaes"

"I am making myself most popular this Summer by my home-made 'Sundaes,'" remarked a vivacious matron whose daughters have a perpetual merry following of young chaps and girl friends who mother, ride, play tennis, or goit and swim.

"I noticed that every time these young things go into a soda fountain which is every time they pass one) they order some sort of sundae. Plain vanilla ice-cream or even ice-cream soda seems to have dropped out of popularity in favor of the dozens of novel sundaes with fanciful names listed in every drug store.

"So I decided that I would make sundaes, and would, if the youngsters were so fond of them, why shouldn't all my guests be? So now, when we have a big freezer of cream made, I pour over each portion some one of the many combinations that are so simple, when you keep

the 'makins' on hand. It is easy to keep, on a special pantry shelf, chopped meat, marshmallow paste, chocolate syrup, candied cherries, canned pineapple, small jars of preserved figs, strawberry jam, and the various conserves. Each of these makes a luscious 'pour' when blended with some rich syrup.

"Of course, too, there are the fresh fruit 'pours.' The chocolate syrup, which is good and available all Winter, is abandoned now in favor of fresh strawberry syrup, red raspberry juice, fresh cherry smash and fresh peach sauce. I have found that mint jelly, slightly melted, makes a delicious blend when poured over vanilla ice cream. Rhubarb syrup is delicious with pineapple juice. In fact, you may make up your own 'sundaes' as you go along, using whatever fruits, berries, or syrups you have at hand. Prunes, too, make a good 'pour'."

"These sundaes make super-desserts for a dinner party, or to serve at a luncheon, bridge party, or buffet meal. They make it unnecessary to go to the trouble of making the ice cream itself elaborate. Plain vanilla, chocolate, or frozen custard may be sufficient base for the meltingly good sauce that is poured over it."

## BEACON HILL NURSERY

Gardeners' Association Appreciates Value of Institution

For the purpose of gaining practical knowledge, the Victoria and District Gardeners' Association paid a visit to the Beacon Hill nursery last evening, instead of their usual meeting at the city hall. Under the guidance of George Attwood, nurseryman in charge, the members were conducted around the nursery, where the various kinds of shade trees, shrubs, and beautiful perennials were explained to them. A visit to the greenhouse was much appreciated, and the mass of bloom and foliage was very favorably commented upon.

The association members were delighted with their visit. The business session took place immediately after viewing the nursery. The president congratulated the association upon the success of their visit to the Experimental Farm, which took the form of a basket picnic.

It was decided to visit Butchart's Gardens July 14, arrangements for this being left in the hands of the president and secretary. Quite a good showing of flowers, fruit and vegetables were displayed for the monthly meeting.

## ASK ENFORCEMENT OF CURFEW LAW

Friendly Help Interested in Child Welfare; 95 Families Assisted

A request for the enforcement of the curfew law will be sent to the mayor from the Friendly Help Society. This decision was reached at the monthly meeting held yesterday afternoon, when attention was called to a number of cases of delinquent children. Members of the society expressed the opinion that children of tender years should not be allowed on the streets or in the picture shows after 9 p.m. without their parents or other responsible adults.

Lady McBride presided at the meeting in the absence of the president, Miss Sara Spencer. The secretary reported that ninety-five families were assisted during June, representing 238 persons. Mrs. Wood, of Vancouver, a former member of the Society, and Miss Wiswell, of Halifax, Nova Scotia, a visitor in the city, were welcomed at the meeting.

The association acknowledges with grateful thanks the following donations received during the month of June:

## CRUISER CURLEW WITH PATRICIA AS CONVOY WILL ARRIVE ON SUNDAY

### British Warship at Portland To-day Thunders Presidential Salute When President Warren Harding Entered Rose City On U. S. National Holiday

On Sunday next the British light cruiser Curlew, sister ship to the Capetown here last summer, will enter Esquimalt harbor from Portland. To-day the Curlew, accompanied by the Canadian destroyer Patricia, is swinging at anchor in the Willamette River and fired the presidential salute as President Warren Harding crossed the Willamette River bridge by train into Portland. The idea of a British warship thundering a greeting to the American chief administrator was conceived by Capt. Stanley L. Holbrook, commander of the Curlew, and it was promptly seized upon by the Portland celebration committee.

The Curlew will remain here from July 8 to July 21, when she will go to Vancouver and remain at the main port for a week. On July 27 the Curlew will steam for Honolulu.

The Curlew carries 405 officers and men including 40 Royal Marines. Her length over all is 450 feet, beam 13 1/2 feet and draught, 15 1/2 feet. She has five 6-inch guns, two 3-inch guns, four 3-pounders and four double torpedo tubes. Ammunition she has 3-inch armor tapering off to 2 1/2 and 2 inches at bow and stern. On the upper decks amidships she has 1-inch armor.

Oil Burning Engines. She is a twin screw vessel and is

engined with Parsons geared turbines of 40,000 horse power. She has six Yarrow boilers and is oil fired. Her maximum speed is 28 knots, but on her present cruise she is steaming leisurely at not much more than 12 knots.

The Curlew belongs to the Ceres class of light cruisers and was completed in 1917, having been built by Vickers at Barrow-in-Furness, Lancashire, England. Other cruisers of her class are the Cardiff, Capetown, Ceres, Coventry and Curacoa. The ship was commissioned for the North American-West Indies squadron, to which she now belongs, on November 24, 1922, at Devonport, England, and sailed for the West Indies on December 9, 1922. She will remain in the West Indies squadron until the autumn of 1923. The flagship of the North America-West Indies squadron is the cruiser Capetown and Constance. Vice-Admiral Sir Michael Colme-Seymour is in command of the squadron.

The Curlew left Bermuda on May 26 and passed through the Panama Canal calling at Cristobal and Balboa. The next port was San Pedro, Cal., where six days ago she was under the Turkish net defenses in 1915 when a Turkish transport was torpedoed.

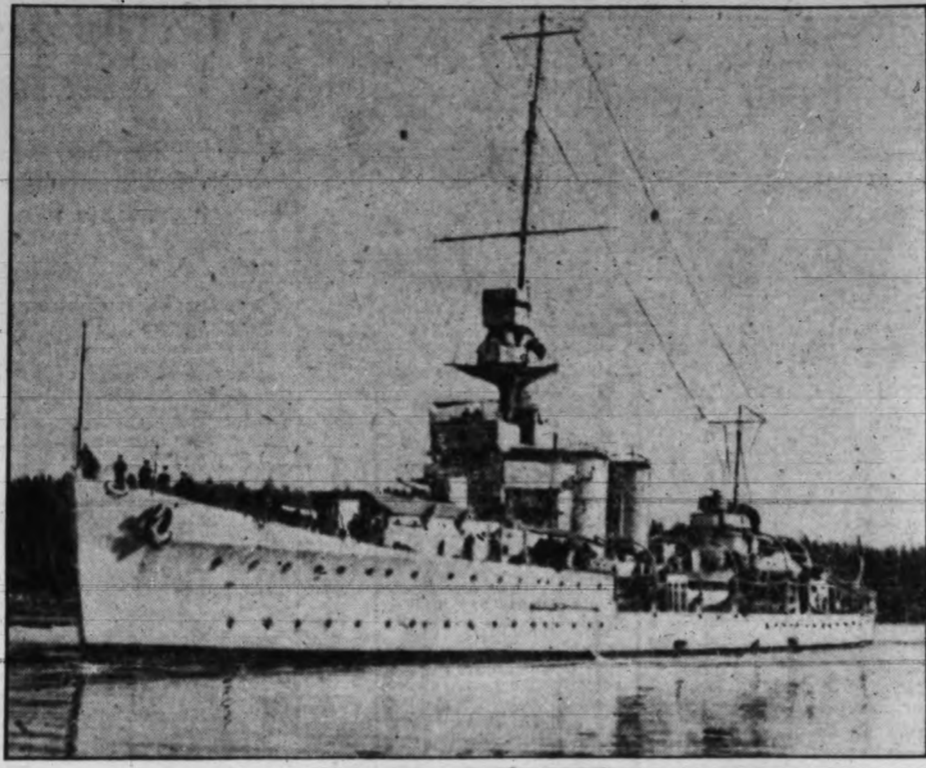

All the officers of the Curlew are permanent navy men and all served during the Great War.

The list of officers is as follows: Captain L. S. Holbrook, M. V. O. of the Curlew, is a brother of Commander Holbrook, V. C., who won distinction at the Dardanelles during the Great War, being in command of the first submarine to go under the Turkish net defenses in 1915 when a Turkish transport was torpedoed.

From an athletic point of view it may be stated that the ship has seven football teams and it is understood that a team from the ship will meet a local team while the boat is in port. There are also seven water polo teams, one cricket team and one rugby team.

### MIGRATORY QUOTAS QUICKLY EXHAUSTED

#### First of Large Batch From Britain to States Landed By Cunard Ships

In the first rush of European migrants to the United States for the new fiscal year beginning July 1, the exodus from Great Britain was particularly marked. On the Cunard liners Aquitania, Franconia, Albania and Columbia, which arrived at New York on Sunday last, Great Britain in the matter of migrants, led all the rest of Europe by more than two to one.

On the four Cunarders there were 4,340 passengers. Of these 2,425 were immigrants, 2,442 of them arriving from the United Kingdom. There were 645 citizens of the United States on the lists.

The number of passengers coming in on the Cunarders was as follows: Aquitania, 1,276; Franconia, 1,559; Columbia, 992; Albania, 412.

The quotas for the fiscal year commencing July 1 totaled 257,803. The unchanged allotment for the United Kingdom of Great Britain and Ireland is 77,342; Germany, 87,607; Italy, 42,957; and France, 5,729.

The corrected quotas for other European countries give Austria, 7,342; Hungary, 5,747; Greece, 3,063; Poland, 30,977; Russia, 24,406.

Saturday of this week will find every quota exhausted with the exception of Germany and Estonia. Germany will fall short 20,000, Estonia 1,000.

### Cablesheet Is To-day Gay With Flags in Celebration of Fourth of July; Will Go Into Drydock at Esquimalt After Work Is Completed On S.S. Canadian Highlander

To be ready for any cable eventuality and the ever-present possibility of another cruise across the Pacific to Midway Island, the cablesheet Restorer, Capt. V. Sparks, will replace the S. S. Canadian Highlander in the Government graving basin at Esquimalt for a complete underwater overhaul.

Yarrow, Ltd., of Esquimalt, have secured a contract to thoroughly overhaul the American-flag cablesheet which is making her base here. The Canadian Highlander is being floated from the Esquimalt dock to night and the Restorer will take her place on the keel blocks.

That the overhaul will be a thorough one is indicated by the fact that the cablesheet will remain in the dock until the end of the week.

Gay With Flags. To-day the Restorer, swinging at her buoy in Esquimalt harbor, is gay with color. Being under the American flag the ship is fittingly celebrating the Fourth of July, being dressed with flags for the occasion.

Although she is now under the American flag, and has been since the early part of the Great War, the Restorer is still manned by British officers and cable experts.

Capt. Sparks recently arrived out from his home near Portsmouth to take over the command of the ship while Capt. Basil Combe is recovering from an illness contracted while on the last trip to Midway Island.

The Restorer is owned and operated by the Commercial Cable Company, being one of the fleet of cablesheets maintained by the Mackay interests.

### NEW COMMANDER ON STEAMER BORDEN IN WEST INDIES TRADE

Capt. George H. Simpson was on the bridge of the steamship Borden when she sailed June 26 from Montreal for the West Indies via Sydney, N. S.

The new captain has had continued service with the Allan Line and with the Canadian Pacific Railway since 1900 when he joined the S.S. Orcaidon as fourth officer. Prior to receiving the command of the Borden, Capt. Simpson was chief officer of the S.S. Empress of Britain.

In addition to a new commander, the Borden carried a new chief engineer and purser, T. W. Westmell, who has just received promotion to chief engineer and transferred from the Empress of Britain to the Borden. He is a veteran of three navies. The Chilean navy attracted Mr. Westmell at an early age, and after a number of years under the flag of Chile, he wandered to the Argentine and entered the navy there, serving under various presidents.

Service in the British navy from August, 1914, onwards in the World War completes Chief Engineer Westmell's naval record.

The Borden's new purser is Edgar Waller.

### SEATTLE SHIPPING

Seattle, July 4.—Figures furnished to-day by Paul Edwards, Seattle port warden, indicated that water borne commerce in and out of here totalled 2,411,927 tons for the first five months of 1923. This was a gain of 596,234 tons over the same period in 1922, when the total for the year went to 5,471,262. Marine men predicted that the total for 1923, which they said would be boosted by unusual activity in apples and salmon this Fall, would pass that for 1922, 5,948,328, which went on record as the peak at this port.

George Desdrinos, first assistant engineer on the Winnebago, was arrested yesterday on accusation by Fred Jensen, of the Winnebago's crew, that Desdrinos had beaten him severely. Jensen said that Desdrinos charged him with putting salt water on engine bearings.

Claude C. Barber, refrigerator manager for the Royal Mail Steam Packet Company, and F. M. Volk, assistant general manager at New York, who are here, predicted to-day that their vessel this season would take to North Europe 200,000 more boxes of Washington and Oregon apples than last. Such shipments last season totalled 1,300,000 boxes.

No cargo is being worked here to-day, and but one vessel, the Queen, for Alaska, scheduled to depart.

A meeting has been called for Monday to perfect organization of a local branch of the Pacific inter-coastal conference.

Dempsey Was Picked To Land Early K. O.

Majority of Speculators Anticipated Heavyweight Champion Would Put Challenger Out In Fourth, Fifth or Sixth Round

Shelby, Mont., July 4.—While little or no betting was reported on the heavyweight battle, the sentiment of the various fight pools in operation here was unanimously in favor of Dempsey as the winner.

Contrary to most of the world's championship fights, on which many thousands of dollars were wagered, little speculative interest seems to have been taken in the Dempsey-Gibbons match.

One Shelby sporting man said that up to date only \$500 in Gibbons money had appeared. He said it had been offered at one to three.

Auto Camp Filled. Virtually all the trains arriving today were crowded and several private cars were switched on to side tracks.

In addition to those arriving on trains many hundreds came in during the day in automobiles. The big automobile camp, provided by Shelby for the accommodation of visitors, was well filled before breakfast.

There were fight tickets for sale in every store in Shelby, and at a late hour last night the tickets were reported to be in poor demand.

While the town seems rather congested on the day before the battle, Shelby citizens are disappointed in the attendance. While Main Street on the shady side seems like Broadway on a busy Saturday night, the sunny side of the thoroughfare is deserted.

And the concessionaires are still bemoaning their luck. Most of the sidewalk stands are not doing enough business to warrant retaining concessions. Their constant plaint is that everyone seems to be "broke."

The financial affairs of the fight were placed in the hands of a committee of the merchants who took the tickets for cash advances they made to promote the fight, are declared to be selling their admissions at a much lower rate than advertised.

No Money Around. While the town seems rather congested on the day before the battle, Shelby citizens are disappointed in the attendance. While Main Street on the shady side seems like Broadway on a busy Saturday night, the sunny side of the thoroughfare is deserted.

Collector of internal revenue of Montana, Charles A. Rasmussen, assumed charge of tickets, accounts and receipts this morning, after an attempt had been made to tie them up through service of a writ of attachment on the tickets.

In Charge of Tickets. Collector of internal revenue of Montana, Charles A. Rasmussen, assumed charge of tickets, accounts and receipts this morning, after an attempt had been made to tie them up through service of a writ of attachment on the tickets.

Most of the members of a party of eighteen of the Victoria Amateur Swimming Club arrived at the Empress Hotel landing minus a good portion of the week's more fortunate following an exciting journey on the 30-foot launch Merva from Witty's Lagoon, where the club held a picnic Sunday.

The Merva had in tow Dick Dunn's punt and a dinghy and ran into rough weather after passing William Head. The main party were on board the launch in swimming suits with their grips containing shoes and part of their clothing piled on the punt, a dinghy trailed along behind the punt.

The punt which lies deep in the water took on water at an alarming rate when the rough weather was encountered and Dick Dunn, who is in charge of the party, and George Silburn, who was with him on the punt, were kept busy bailing out the water to prevent the punt going down.

So heavy did the seas become that Dunn and Silburn bailed the launch to lighten the low line. They then clambered aboard along the line. They were none too soon as ten gallon milk cans was the first to go overboard from the punt.

After the exciting experience of the mariners the club staged an enjoyable picnic. About eighty went to the Lagoon by trolley. Swimming and impromptu sports were held.

Lower Leaders' Colors By 7-5 in Senior League Game at Stadium

The Automotives nine sure upset the dope last night when they trounced the league-leading Eagles to the tune of seven to five in a senior amateur league fixture at the stadium.

Pitched Good Game

McDonald pitched a fine game for the Automotives and well deserved to win, but he was given poor support in the field by his teammates.

The next game will be on Thursday evening, when the Eagles and the C.P.R. will hook up in a vitally important game, as the league leadership hinges on the result.

Victoria Boats Nosed Out in Cruiser Race

Triumphant Finishes Third and Intrepid Fourth in Coast Regatta Event

Of the Royal Victoria Yacht Club's fleet competing in the Pacific Coast international regatta proceeding at English Bay, Truant was in this class.

The Star Class. As predicted, the star class sloops provided the real feature of the regatta. Mala, owned by Capt. J. Churchill, of the Southern California Yacht Club, proved the winner by a margin of one minute and thirteen seconds.

Close Finishes. All the other finishes in the star class boats were very close, a matter of a few seconds only, according to the official timer, the remainder of the finishing line.

### NEWS IN BRIEF

For the first time for some years, a group photograph of the Saanich Council will be made, a motion for that effect by Councillor Macnicol last night passing unanimously.

**Elks' Twilight Dance**—The Elks' Swimming Club will hold the second of its series of twilight dances this evening at the Gorge. Osard's three-piece orchestra has been secured and dancing will be from 8.30 until 11.30.

**Well-Baby Clinic**—A well-baby clinic will be held at the Cloverdale School on Friday afternoon at 2.30 under the auspices of the Saanich V. O. M. Mothers intending to bring their babies are requested to get in touch with Mrs. Lucas, superintendent of the War Memorial Health Centre.

The Saanich Council last night named Councillors Robertshaw and Brooks, of Wards Four and Six, as delegates to the Chamber of Commerce committee inquiring into means of aiding the prosperity and popularity of the interurban service of the B. C. E. Railway from Victoria to Deep Bay.

As a result of Alexandra Rose Day held in the city on Saturday, the child welfare and maternity work of the Municipal Chapter, I. O. E. L., will benefit to the extent of about \$425. Alexandra Rose Day is observed throughout the Empire and the roses used for the purpose are made by crippled children in England.

The Boys' Naval Brigade camp is now opened at Rodd Hill, and the youthful seamen are in training for a few days. The strictest of attention is being paid to their training in nautical, physical, and industrial and progress in the knowledge of the sea. They are under canvas, and are leading the most healthful of lives.

### DEATH WAS NATURAL

Death from natural causes was the verdict found by a coroner's jury at the inquest on the remains of the late Harry W. Clark, at the Thomson Funeral Parlors this morning. Coroner E. C. Hart presided. The late Mr. Clark was little known here. Rooming at the Douglas Hotel for the past few weeks, his body was found in bed there yesterday morning. Relatives are thought to reside in the East, and efforts are now being directed to ascertaining the whereabouts of them.

### JOINT FIELD MEETING.

A joint field meeting of the National History Society and the B. C. Historical Association will be held on Saturday, Mr. Whitty's Logbo, through permission of Mrs. E. C. Hart. The party will leave from Yates Street, opposite the Dominion Hotel, at 1.45 p. m. Those members and friends desirous of attending will kindly telephone to Major Nation, honorary secretary.

### TRADE COMMISSIONER FOR BRITAIN TO VISIT HERE SOON

R. W. Dalton, senior British trade commissioner in Canada and Newfoundland, with headquarters in Montreal, will arrive in Vancouver on Friday, July 13, on his first official trip through Western Canada. Mr. Dalton is spending five weeks in the West, visiting all important points and conferring with provincial governments and leaders in industry and finance. He will spend a few days in Vancouver and Victoria as an interested student of the basic industries of the province.

### CURFEW MAY BE RIGID AGAIN HERE SOON; WOMEN DEMAND IT

Council Warned by Friendly Help Association to Protect Children

Parents Losing Control of Children, Says Hayward

The old-fashioned curfew bell, relic of the Norman Conquest, may soon ring again in Victoria.

Advisability of enforcing the Curfew By-Law, at present resting peacefully in a City Hall pigeon hole, will be considered by the City Council at its next meeting. Mayor Reginald Hayward announced to-day, "Discussion of the curfew and its need will centre around a letter received by the Mayor this morning from the Friendly Help Society, which demands that the curfew law be enforced immediately. Too many young boys and girls wander about the streets of Victoria after 9 o'clock at night without parents and grown-up companions to protect them. I have written to the Mayor this morning, and he has agreed to look out on the streets nor in motion picture shows after nine in the evening, it is asserted."

### REGRET TRAGIC LOSS.

Sincere regret at the tragic death of Albert Rumsby, Jr., was expressed by his friends and business associates in Vancouver when the news became known yesterday.

Mr. Rumsby was a returned man, and for six months had held a responsible position as freight traffic officer with the Vancouver Board of Trade. He was deeply attached to his wife, and her sudden death on May 29 left him almost prostrated with grief. He endeavored to continue his work, but without success, and was himself under medical treatment for acute melancholia. So marked was his distraction that he could not remain in Vancouver, insisting that he must be in Victoria where his wife was buried. Despite efforts of his friends to assuage his grief and loneliness, he gave in his resignation, and disappeared a few days ago.

Since that time he haunted the scene of his wife's grave at Ross Bay Cemetery, where his actions were remarked by the violence of his grief. He was found in the cemetery on several occasions, and despite all efforts by his friends could not be kept away from the scene. The inquest will take place at the B. C. Funeral Company premises to-morrow.

### HEARING REMANDED

Charged on remand in the city police court to-day Clarence E. Carver was further remanded for hearing on Wednesday. The accused is charged with theft from Miss Edna Masters. A counter charge in the Esquimalt court is laid against the complainant over the same matter. James A. Alkman acts for the accused and T. M. Miller for the complainant. To the court to-day Mr. Alkman described the affair as a boy and girl quarrel in which the hoped settlement would be reached out of court. The remand was granted, both cases being set for Wednesday next.

### RED CROSS WORKSHOP SCENE OF OUTBREAK

Fire breaking out from an unknown cause in the Red Cross workshop on Johnson Street at 7 a. m. this morning did considerable damage to the upstairs workroom. A quantity of sack and grasses, used by the crippled service men for basket and furniture making, was destroyed. Responding to the alarm the fire department quelled the flames. The cause of the fire is yet unknown.

### RADIO AMATEURS TUNE UP FOR FIGHT NEWS

Victoria radio fans tuned up to-day to receive the news of the heavy-weight championship fight at Shelby, Radio amateurs were notified from Calgary that a long distance telephone would be received from the scene of the big battle, and the result would be relayed to the Coast. By 6 o'clock scores of radio sets in the city were being adjusted ready to receive the news.

### CUT FORBIDS BANKS TO PAY IN U. S. MONEY

Issues Instructions That Interest Must Be Met Only in Sterling

Controversy Over Loans Regarded As at End With Bond Men Defeated

Banks in all parts of Canada with which the city does business have been instructed to refuse to pay July interest in American funds on Victoria bonds floated for re-payment in Britain, it was announced at the City Hall to-day.

This formal instruction to city banks, it was thought, will bring to an end the controversy which has been raging since the beginning of this year over the question of interest on the number of city securities which were floated for re-payment in Britain but on which city officials promised later to make interest payments in American funds.

For several years the city paid interest on these loans in American funds illegally. When the present Council discovered this it decided to pay interest in sterling on the face of the bonds themselves. This decision was reached in the face of strong protest from bond dealers, who demanded that the city give good promise of officials to pay in American funds.

Will Get Less Money.

Holder of the bonds in question will receive less interest this year than previously as a result of the formal instructions forwarded by City Treasurer E. C. Smith to banks. The difference between their current payments and those made in the past, of course, will have to be made in the form of British and American exchange as this year's interest will be paid in sterling.

Unless the city secures legislation at the Fall session of the Legislature to permit it to continue to pay interest in American money the instructions forwarded by Mr. Smith to the banks will have to be carried out. The Legislature will not pass any such legislation anyway, and that interest on the bonds will have to be paid in English money. It is doubted, in fact, whether the interest conditions of a loan issue could be altered by provincial legislation.

### AMMUNITION HELD, BUT MEN FREED

Chinese Released in Connection With Mouser Ammunition Seizure

Charged with illegal possession of ammunition, being seized by James A. Alkman for the defence of Harrison for the Crown stated he wished to withdraw the charge.

The result of investigation, said the Crown prosecutor, had put the authorities in possession of information which led them to believe this would be the wisest course. The ammunition would be confiscated, he would urge. The court concurred.

The ammunition comprised a case of 1,000 rounds of Mouser pistol ammunition seized by the police in premises at Fisgard Street recently.

The finding of the ammunition was the second similar discovery made in recent weeks and turned the attention of the authorities to the situation. One shipment was seized concealed in orange boxes at the Outer Wharf, consisted apparently of 100 rounds of ammunition. This is not the ultimate destination of the small shipments seized from time to time, it is understood, is now the belief held in some quarters.

### AUTOMOBILE MEN PROTEST SCALE OF LICENSE FEES

Dealers Declare 1,000 Per Cent Increase in Few Years

The automobile dealers' section of the Victoria Chamber of Commerce considered the matter regarding the increase and decrease of Trades licenses among city business men as planned by the City Council distinctively in this respect.

Since 1919 the automobile dealers' licenses have been increased 1,000 per cent. The population of the city of Victoria is not sufficient to support so many dealers in the first place, and business does not justify such tremendous increases on the fees, so dealers say. The City Hall is under great impression, dealers stated at the meeting to-day, and the result will be to force some of the dealers in the city out of business.

The year 1919 was a prosperous one for the automobile dealers, they declare. But they say at present circumstances are entirely different. As the City Council sees fit to reduce fees in some cases, or at least to lower them below the suggested level which the Chamber of Commerce presented, to the Council for consideration, the dealers attending to-day considered that the actions which had been taken in the matter of an increase unfair and injurious.

Dealers wished to remind the City Council that the solution of the oil dealers which were so thickly sprinkled over the city limits took a great amount of business away from the garages. There was a good profit in this line before the large companies began their building operations here and elsewhere, but now they assert there is loss. The garages cannot afford to operate a gas station and oil delivery in many instances. And in every case the sale of gas does not pay for the wages of the station operators, according to statements made to-day.

### TO SPEAK TO-NIGHT.

Rev. W. Pascoe Goad will speak to-night at 8 o'clock in the Reformed Episcopal Church on "The European Situation and Its Sequel."

### B. C. HISTORICAL ASSOCIATION.

A field meeting and basket picnic will be held at Witty's Lagoon Albert Head on Saturday.

A sight-seeing car will leave the Public Library at 1.45. Tickets may be obtained from the secretary, Provincial Library.

### COMMUNITY SING

The result of Esquimalt Municipality's first community sing was no outstanding last night, when held at a pleasant grounds, that its promoters are now considering the advisability of extending the happy idea to band concerts and regular features. The Lampson street school choir excelled itself in a fine programme. Led by Bob Webb the community singing discovered many a graceful voice in the township. Mesdames Joffe and MacDonough, with Miss Davis, rendered equally attractive numbers, while Johnny Davies contributed two whistling solos that won him repeated calls for "more." The event was attended by some 200 people.

### EVENTS TO COME

Victoria Lodge, No. 83, Daughters of St. George, will give a social at the Sailors' Club, Esquimalt, on Thursday at 8 p. m. in honor of Sister White, who will shortly leave the city. Members and their friends are cordially invited.

St. Paul's Presbyterian Sunday School will hold its annual picnic at Mount Douglas Park on Wednesday afternoon, July 18. Concessions will be provided for the members of the school, which will leave the Church at 2 o'clock sharp. Parents and friends wishing to attend will also be accommodated. It is requested that they be present at the Church not later than 1.45 o'clock.

Many friends of the bridegroom, who was formerly on the staff of the Bank of Montreal in this city, will be interested in the following marriage announcement from the Vancouver Daily Province of yesterday's date: "St. Paul's Church was the scene of a pretty wedding on Saturday evening, when Miss Edith Louise Johnston, only daughter of the late Mr. and Mrs. Johnstone, of Dover, England, was united in marriage to Mr. Reginald Harold Meadus, youngest son of Captain H. H. Meadus, C.B.E., R.N., of Sutton, England. The bride was given in marriage by Mr. C. A. Butler, of Kerrisdale, and was sup-

# THE TIMES DAILY PICTURE PAGE

**THE FINISH OF THE GREAT ENGLISH DERBY, WON BY PAPHYRUS.**—Photo shows the finish of the famous English Derby at Epsom Downs, "Papyrus," with S. Donoghue up, winning the race from "Pharos" and "Parth." This was Donoghue's third successive winning of the classic. Note Donoghue whipping with the left hand as Pharos was running close on the right side.

**W. R. ALLAN**, president of Union Bank of Canada, whose action in cutting dividend rate from ten to eight per cent. and in transferring \$4,250,000 from rest account to contingent reserve account has been the feature in the financial world.

**AT THE HOLY NAME SOCIETY PARADE IN TORONTO.**—Twenty-five thousand men and boys participated in the annual Sunday Holy Name procession from Queen's Park to the House of Providence grounds in Toronto.

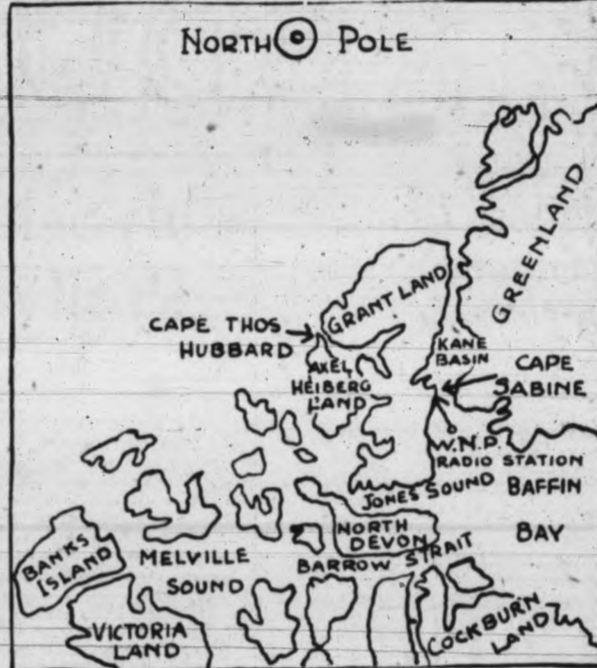

**ALAS, POOR YORICK!**—Reminds you of the old home town back East, doesn't it? Remember how you used to fear the cigar store wooden Indian when you were a kid?—But he's passed out like many other things. This is the last of his line. Julia Kearns is trying to pacify him in a Public Museum.

**TIGERS' TIGER**—Princeton has a real tiger mascot, presented by John F. Howard to the Tigers for beating Yale at football last year.—His son, a member of last year's team, is shown here with the live mascot.

**GEORGE KEATES**, cashier of a Toronto departmental store, who drew the winning ticket on a world-wide sweepstake for the English Derby won by "Papyrus." The expected winnings, however, dwindled from \$35,000 to \$700, owing to action of the British Government in withholding delivery of letters containing subscriptions. The prize was one offered by an Austrian sporting club. The delay in delivery of the prize money coincided with a drastic shrinkage in Austrian exchange.

**EXPLORER TO OPERATE RADIO STATION IN ARCTIC.**—Away up along the coast of Greenland is to be the Winter quarters of Dr. Donald Macmillan, the Arctic explorer, who sailed in the Bowdoin from Wiscasset, Maine. He expected to lock his ship in the ice at Cape Sabine, 70 degrees north latitude, or failing that, in Jones's Sound. From here he will send out messages by radio for fans all over the continent to pick up.

**MILLION-DOLLAR OIL FIRE.**—A mere whim of the wind prevented the burning oil which swept into the Allegheny River during a \$1,000,000 oil blaze at Pittsburgh from destroying one of the main bridges connecting Pittsburgh with the north side industrial section. After a stubborn thirty-hour fight, the fire, which was started by lightning, was finally put under control.

**NEW YORK IS STILL VERY ARCHAIC.**—With all her modernism, New York still clings to century-old methods—such as mounted flagmen, known as "dummy boys." Here's a "dummy boy" halting a train on Tenth Ave., which still has surface railroad tracks; these boys ride up and down the avenue warning autoists and truckmen, and when it's necessary to stop a train they station themselves in the middle of the track.

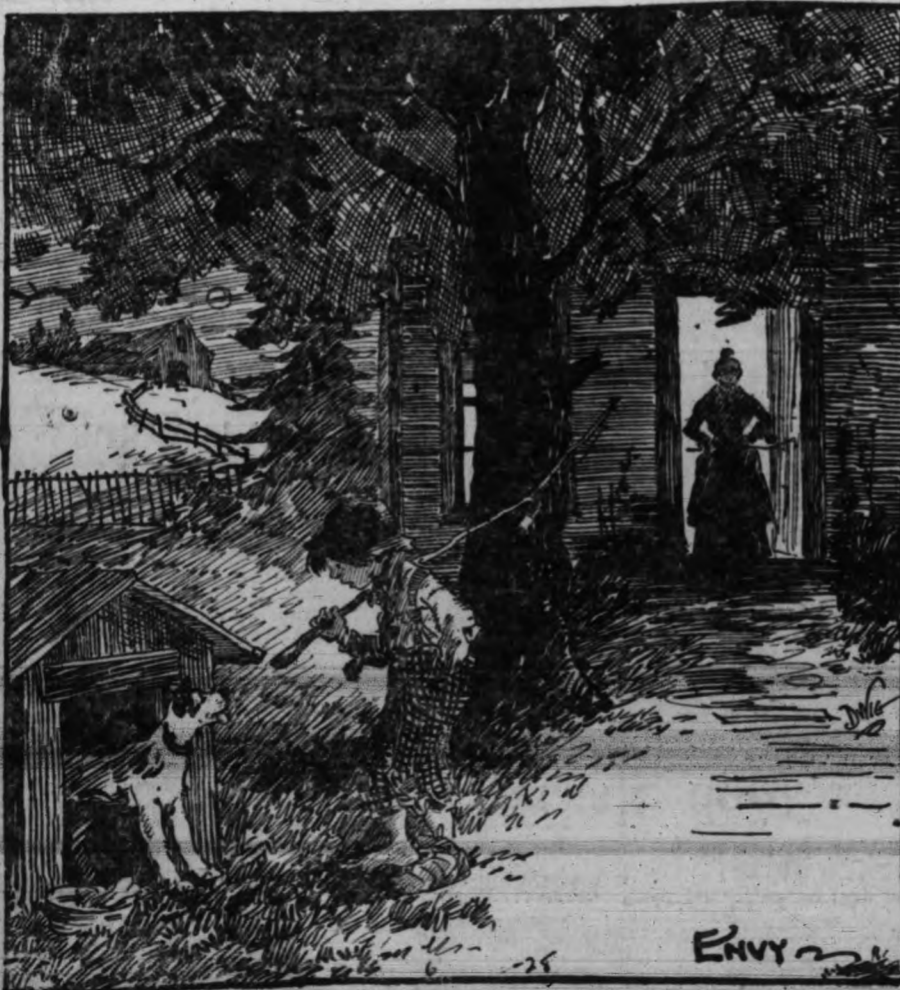

**F. M. BELL-SMITH**, R. C. A., dean of Canadian artists, who passed away on Saturday in Wellesley Hospital, Toronto, in his 77th year. Mr. Bell-Smith suffered an accident about a month away, which hastened his death.

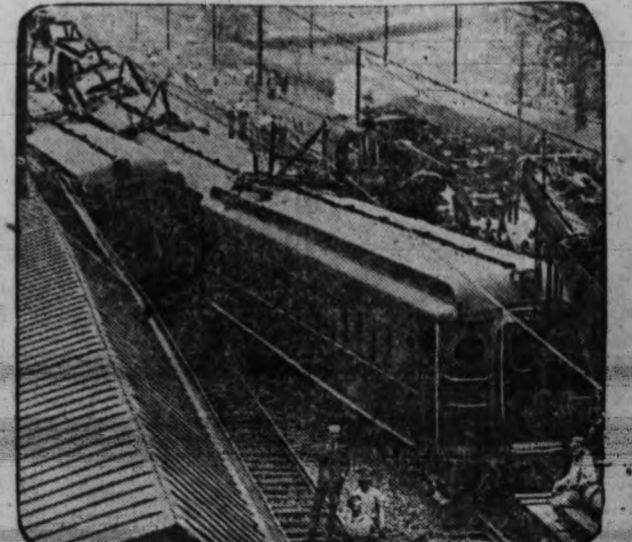

**GENERAL SIR EDWARD BULFIN** making an informal inspection during the King's levee at St. James's Palace.

## SCHOOL DAYS By DWIG

**TWO OF THESE ARE WHITE; ONE IS CHINESE.**—Father Lenfers, German priest (left), is reported to have been prominent in negotiations between Chinese bandits and foreign diplomats for release of foreigners captured recently. Centre shows Father Bues, a Dutch missionary, talking with a Chinese official at Tsaochuang. Note that the two missionaries wear Chinese native costumes. This is done in the interior to get closer to the inhabitants.

**IT NEVER RAINS BUT IT POURS.**—A day after the Broad Street Station at Philadelphia was burned down, a train wreck at Villa Nova, a Philadelphia suburb, further clogged railroad traffic. Nine persons were injured when one electric train side-swiped another, derailing coaches of both trains and tearing up the rails for 500 feet.
