INTRODUCTION.

WITH the Catalogue in their hands, the admirers of good Coins and Medals, will hardly look to the preface for information concerning its contents: yet, rather in conformity to custom, than for any useful purpose, the writer begs to offer a few suggestions.

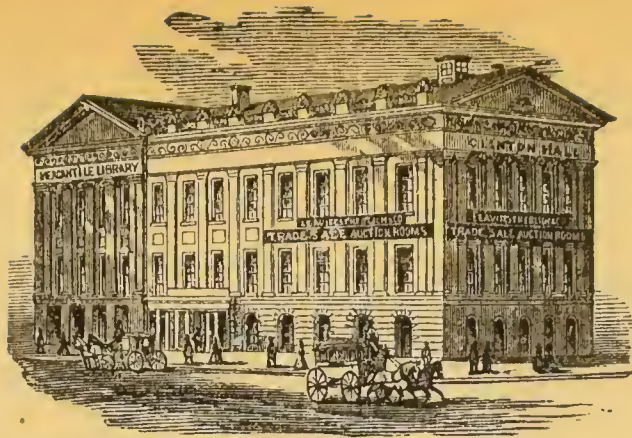

The large number of Fine Crowns, will attract the attention of the reader, as well as the extraordinary fullness and quality of the Medals in the American Department of the Collection. The Colonials are not wanting in fine and rare examples, and the same may be said of the Mint Series, in which the Half-Cent of 1796 appears with several rare patterns.

The number of English Coins is not large, but the Cromwell Series, and Crown of Elizabeth, are unusually fine.

In a word, it is an interesting collection, the sale of which will afford amateurs another opportunity for the exercise of their favorite pursuit, and a pleasant exchange of greetings at CLINTON HALL.

(Note.) In highly unfavorable contrast with this copious reverse is the general character of the Continental coins in regard to perspicuity. They give us too often only a string of single letters, leaving us to

infer, according to our leisure or skill, the name of the Prince, the value of the coin, the nation for whose convenience it was issued, and the date; but most of all, in the dark concerning the signification of the mass of symbols with which the metal is enriched.

moved and *firmly fixed* in any part of the drawers.
It is furnished with Sargent's Combination Lock,
and painted to suit the black-walnut book-case that
surmounts it. This has mirror panels, and is as

elegant as it could be made; the whole forming a splendid piece of furniture. Made to suit my own order, and upon honor, by George Jones & Sons, Buffalo.

NOTE. It is understood that this safe is to be sent to Clinton Hall; but as it has not yet arrived, no further particulars can be given here.

There has hitherto been no comprehensive English work on this extremely attractive subject — "The Jewish Coinage" — which forms a very important Pillar of the Historical Truth of the Bible. Orthodox Christians and Sceptics alike, will do well to read and refer to this unbiassed work, which states and illustrates numerous Biblical Events with the utmost impartiality. The Designs of the Coins were made by Mr. Fairholt from the Coins themselves, chiefly in the British Museum.
