MEMORANDUM FOR: Osaka Prefectural Government
ATTN: Chief, Reparations Section

THROUGH: Kinki Liaison Office

SUBJECT: Evaluation Reports

1. Japanese Evaluating Committees were directed to exclude from evaluation reports equipment meeting the following criteria:

a. Items released from reparations custody by written authorization from this headquarters, and which had been physically removed from the area under custody prior to the time of evaluation.

b. Raw materials, including non-installed supplies, such as steel bar stock, pipe, wire, etc.

2. It is desired that reports of evaluation be reviewed to determine if any items meeting the above cited criteria were improperly included in the evaluation report. Discrepancies discovered should be reported, through Japanese channels, to General Headquarters, Supreme Commander for the Allied Powers. An information copy of the report will be submitted to this headquarters.

3. The criteria cite paragraph 1 above should be used as a guide in subsequent plant evaluations.
