In this connection, I enclose for your information a copy of a press release issued by this Department with regard to the assumption by the Swiss Government on July 21 of the protection of Japanese interests in the United States, with the exception of Hawaii.

For the present, however, it is requested that information concerning deceased Japanese and Japanese nationals in American custody outside the United States, with the exception of Hawaii, be forwarded only to the International Red Cross Committee at Geneva, since the Swiss Legation has informed this Department that it does not wish to receive death certificates and information regarding Japanese in American custody outside the United
