

### AT GLENDALE HIGH

**NOTED LECTURER TO APPEAR IN GLENDALE TUESDAY— BAND PRACTICES**

Dr. Lincoln Wirt, noted explorer, lecturer, war correspondent and publicist, has been secured for a lecture in the high school auditorium next Tuesday. He will speak under the auspices of the newly organized Girls' League of Glendale High School on the subject, "In the Wake of the War."

Early in 1915 Dr. Wirt sailed for Europe to study at first hand the effects of war upon modern civilization. As a bearer of personal letters from the secretary of state, he was given access to the jealously-guarded military zones, receiving many courtesies from the authorities in five of the warring countries. He visited many lines of trenches, among others those near Ypres, and the tragic "Hell Sixty," where the fiercest fighting was witnessed.

Another day was spent at a field hospital back of the lines near Soissons. The scientific organization of this military hospital is described by him in an interesting manner.

Arriving at Rome the day before Italy unfurled the battle flag, he was an eye witness of the historic scene enacted before the Royal Palace when Queen Helena kissed the national flag and King Victor Emmanuel took personal command of his Roman legions.

In his lecture, "In the Wake of the War," Dr. Wirt tells the story of his thrilling adventures as a war correspondent; of the day the Lusitania was torpedoed not far from his own ship; of his journeys over a large part of Europe, and his life in the American ambulance corps. He vividly describes the construction of trenches, redoubts and entanglements; he tells of the engagements witnessed, and the part played in them by shrapnel bombs, hand grenades, mines, liquid fire and asphyxiating gases.

Dr. Wirt has only recently returned from Europe, and brings a fresh and vital message from eleven exhausted, bankrupt and war-sick peoples to the one great nation that still holds within its grasp the world's hope of peace.

Indeed, the people of Glendale are to be congratulated upon having this chance to hear Dr. Wirt. The lecture will start at 1:30 o'clock next Tuesday.

The first rehearsal of the Glendale high school band was enacted yesterday in the auditorium. B. Martin, with his telephone, formed the centerpiece. Those who heard are wondering why it was named the "melo-phone." It reminded one of Blackie Daw and his saxophone.

It was a strange sight to see the band on the stage without Mrs. Gibson leading. Mrs. Gibson, however, is very happy to see a successful band started after so many years' effort.

The second congress convened yesterday with the speaker, Herbert Scheuner, in the chair. The uninteresting business of considering budgets was taken up. The following budgets were adopted: Debating, \$50; athletic, \$426.05; honor pin, \$80; miscellaneous, \$25.

In one of the hardest fought tennis matches ever played on the school courts, R. Puffer beat W. Beldin yesterday afternoon for the fourth place on the school tennis team. The team now consists of William Balthis, Lehman Crandall, Carleton West and Roscoe Puffer.

The varsity basketball team went down to defeat before the alumni squad yesterday in the best practice game of the year. As the game was not given publicity by the coach or manager, it was witnessed by only a few scattered spectators. A great deal of practice will be necessary before the school team is in shape.

The younger social set centering about the high school is looking forward with bright anticipation to the F. A. C. dance to be held Thanksgiving at the Masonic temple. The F. A. C. is cutting a swath in society as well as in athletics.

### RED CROSS PARTY

The Glendale branch of the British Red Cross society will hold a five hundred party at the home of Mr. and Mrs. Arthur D. Smith, 110 South Louise street, Friday evening. Mrs. Smith will be assisted in receiving by Mrs. H. H. Faries, Mrs. Reginald Whittaker, Mrs. Helen I. Campbell, Miss Ina Whittaker and others. All who are interested in the Red Cross work are asked to lend their presence on this occasion, when a very happy time is anticipated.

### A MODEL DAIRY

**A. L. BLAKE PURCHASES HOME DAIRY AND LEASES IDEAL JAMES CONNOR RANCH**

Few have the opportunity to start in business in a town under as auspicious circumstances as does A. L. Blake, formerly of Los Angeles, who on Wednesday of this week purchased the Home Dairy of James Connor of North Glendale. For the past nine years Mr. Connor has ably conducted the dairy at his ranch on Kenneth road, and like all men in business with an ideal planned to ultimately own a well-nigh perfect dairy. In furtherance of these plans some years ago he purchased a five acre ranch fronting on Sixth street, Casa Verdugo, on which he has recently finished the construction of a modern dwelling, new barns and cow stations, milk houses, etc. Recently, however, Mr. Connor, who in addition to his dairy business conducted a successful lemon ranch, was given an important position by the California Fruit Exchange, which necessitates his disposing of the Home Dairy which has just been moved to its new location.

A. P. Blake, the purchaser of the Home Dairy, is a man of many years' experience in the business, having been connected with the Los Angeles Creamery company for a number of years. Mr. Blake, with his wife and small son, has moved into the modern residence on the ranch, and a representative of the News was greatly interested in the inspection of the dairy Wednesday.

A full hundred feet from the dwelling is located the cow barn and stanchions. The floors of this building are of cement, with cement feed troughs, galvanized iron roof with air vents along side, insuring perfect ventilation. The stanchions, twenty-eight in number, are of the latest model; the drainage is perfect and the feed troughs, floors, etc., are thoroughly scrubbed twice daily. From the barns a long runway of 700 feet leads to a large eucalyptus grove of over an acre, where was found the large herd of Brown Swiss and Jersey cows, all young stock, all free from tuberculosis and contented in their new quarters. At a convenient distance from the barns is the new milk house, built of concrete, tightly screened as well as light and airy. This building is divided into two rooms, one for the washing of bottles and in the other room is found the aerator and large refrigerator. The buildings are connected with each other and the dwelling by cement walks, reducing the carrying of dirt by the feet to a minimum, and in the residence are found shower baths and every convenience for the milkers.

This new dairy more than fills every requirement of the state and local boards of health, and it is Mr. Blake's intention as soon as arrangements can be made not only to serve his patrons with the best milk possible from a sanitary dairy but to deliver certified milk.

### TRIP TO HAWAII

The art and travel section of the Thursday Afternoon club held an interesting meeting at the home of Mrs. C. W. Kimberly, 345 South San Fernando road, Tropico, Wednesday, there being a good attendance of members. The day's travels were to the Hawaiian Islands, and Mrs. Kimberly gave a very entertaining and instructive paper on the history and industries of the islands. Miss Eula Richardson took the members on an imaginary trip to the islands, illustrating the journey with stereopticon views. The trip began at San Francisco, and all the interesting points en route dwelt upon, and all the points of interest in the islands visited, Miss Richardson making the journey a very enjoyable one. A number of souvenirs and pictures of the islands were also exhibited. The refreshments were in keeping with the day, Hawaiian fruit being served.

The December meeting of the club will be omitted on account of the holidays, the next meeting being on the second Wednesday of January, when the travels will continue through Japan, and the art of that country taken up.

### FOOTBALL SATURDAY

As a prelude to the big Thanksgiving fete of the Foothill Athletic club, the club football team will meet St. Vincent college Saturday afternoon on the Glendale intermediate grounds. A large crowd is expected.

On Thanksgiving afternoon the F. A. C. team will play the fast squad from South Pasadena. In the evening the club will entertain the visitors with a "feed," and the day will be concluded 'midst the whirl of the F. A. C. prom, which is expected to be the best dance of the year.

The young Kaiser and Koenig is said to be amiable and commonplace with the old Kaiser's direct ways.

### THE CITY DIRECTORY

**EDITION NOW ON THE PRESS TO HAVE VALUABLE NEW FEATURES**

Considerable has been said in these columns about the official directory being compiled and published by the Evening News. In the past the directories published in Glendale, Tropico and Casa Verdugo have been very valuable reference works, but there has been a sameness to all of these publications, from which the Evening News is trying to break away from in the make-up of the 1917 edition. The householders' department, in which the names of residents and the numbers of residences will be given under the names of the streets alphabetically arranged will be very valuable. There are also other features that will be added to the new directory that will make it a work worth owning. Subscribe now.

### GET UP AND DUST

A local merchant who has spent very little for newspaper publicity wonders why Glendale papers do not encourage her citizens to trade at home. There are many worthy business concerns in the Glendale community. There are concerns that have real life and push, and keep things moving—they are on duty early—they are courteous to their patrons, employ wide awake and deserving clerks, and these same merchants do not hesitate to let the public know what they have for sale. Wake up and do something for the community in which you reside and then people will take a pleasure to call and inspect your wares. Use newspaper space and inform prospective buyers concerning what you have for sale. It is impossible for anyone to see through a brick wall and thus learn what you are offering for sale.

### HOT SUPPER AND BAZAAR

The ladies of the Central Christian church are holding their annual bazaar at the church bungalow today. They have on display in prettily decorated booths fancy articles of all kinds suitable for Christmas gifts, useful things such as aprons, rugs, bedding, etc., toilet articles and toilet preparations and home-made candy. In addition the ladies served a delicious hot meal this noon and have more good things in the process of preparation for the large crowd expected this evening. It is a pleasure to look over the array of pretty hand-made things so nicely displayed, and the delicious odors from the kitchen give promise that the inner man may be satisfied.

### AVOID DEALING WITH STRANGERS

The smooth-tongued canvasser and solicitor often induces people to give an order for that which they do not need and if they do need what is ordered the goods ordered are likely to prove of inferior quality. A very good rule is never to give orders to strangers. The man who is desirous of building up an established and reliable business always finds it to his interests to remain in one community until he becomes well known. The solicitor or canvasser who hurries from one community to another usually plays his cheap game so hard that he finds it easier to continue business by removing to a new field. It is a very safe plan never to sign your name to an order or agreement which is presented to you by a stranger and it is likewise a very safe plan never to pay money to a stranger for merchandise to be delivered at a later date.

Beware of the solicitor who has great bargains to offer you. Real bargains now-a-days, when offered by strangers, should be shunned. The wise way to make purchases of articles you need is from a local and reliable dealer, and if the article presented for sale by the solicitor is something you do not need, such an article is dear at any price.

### MUST HAVE LARGER TIPS

(By United Press.)  
ST. PAUL, Minn., Nov. 23.—The ten cent tip in St. Paul was officially tabooed, by resolutions of the Hotel Bellmen of St. Paul today. At the intermission between the icewater glide and the suitcase shuffle, at the annual bellmen's ball, resolutions were passed urging that tips be raised to 15 cents on account of the war. During the ball, the orchestra director was under orders to ring no bells with the music, and no water pitchers were allowed in sight. "What's the use of taking the joy out of life," E. J. Ryan, president of the club, said.

### COMMON PROBLEMS

**TWENTY MEMBERS ATTEND MUTUAL BENEFIT READING CIRCLE**

Twenty members attended the regular weekly meeting of the Mutual Benefit Reading circle at the home of Mrs. Charles H. Toll Wednesday. The discussion of such common problems as quarrelling, boastfulness, cruelty, bad language and fighting among children occupied an hour of the time allotted. The experiences of successful efforts in dealing with these habits, as cited by various members, proved valuable and interesting.

Advance work included a report of the standard measurements in height, weight and chest girth of children between the ages of 7 and 12, the need of correct posture and carriage, and how to obtain them, proper kinds of clothing, parties, late hours, cigarettes and kindred topics.

Mrs. R. T. Burr gave a very interesting sketch of the life and accomplishment of G. Stanley Hall, the foremost educational writer in the United States at the present time. This sketch included a list of books by this author, helpful to parents of young children.

There will be no meeting on next Wednesday, as the day following that date will be Thanksgiving day.

### MUSICAL TEA

Miss Melicent Virden of 235 Mira Loma avenue, Tropico, entertained with a musical tea Sunday in honor of Mrs. Norma Dorliac, daughter of Mrs. J. J. Martin of Rapahoe street, Los Angeles, who has just returned from a three-years' residence in Petrograd, Russia, and is visiting her mother for the holidays. Miss Virden entertained her guests with a number of Russian compositions. Those present, besides the guest of honor, were Mr. and Mrs. J. L. Murphey, Miss Elfa Schroeder, Miss Ella Gardiner, Mr. and Mrs. James Henry Balgagh, and Mrs. J. J. Martin of Los Angeles and Miss Lenore Allen of Tropico.

### DEATH OF CHARLES EDWIN COLTON

Charles Edwin Colton, aged 82 years passed away at his home in Burbank early this morning. Mr. Colton closely associated with the early days of California and is well known to many of the older settlers here. He had lived in Burbank the past fifteen years. Mr. Colton helped to raise the first American flag ever floated aloft in Los Angeles, at old Fort Moore. He leaves a widow, two daughters and four sons. Scovern-Letton-Frey are in charge of the funeral which will be held at his late home at 10 o'clock tomorrow morning. Interment will be in Evergreen cemetery.

### HONOR CONGRESSMAN RANDALL

Mr. and Mrs. James L. Anderson of 431 East Colorado boulevard attended the banquet given on Monday evening by the railway postal clerks of Los Angeles and vicinity at Hotel Clark in honor of Hon. Charles H. Randall and wife. Nearly one hundred clerks and their wives were there to greet their congressman, who for nearly fifteen years was numbered among them as a railway postal clerk. Mr. Randall gave them a very instructive talk on legislative measures passed, and those up for consideration which affected that department of the service. All felt it was an evening well spent and look forward to more such profitable gatherings in the future.

### RED CROSS CHRISTMAS CAMPAIGN

(By United Press.)  
NEW YORK, Nov. 23.—The annual Christmas campaign of the Committee on Prevention of Tuberculosis of the National Red Cross, to raise funds for use in stamping out the White Plague is under way today. Nine million of the little "seals" for adornment of Christmas packages are now available at the New York headquarters. It is expected that at least three and one-half millions will be sold in New York. Out of experience of former years warning has been issued that the "seals" are not postage. They are merely decorations. Persons using them on mailed packages are cautioned not to forget to put on the required number of postage stamps as well.

## PROPOSED BOND ELECTION

The Board of Trustees having had their attention called to the fact that the city of Glendale should be provided with better fire protection they have decided to put the question up to the people in the form of a bond election which will be held in December. The members of the board have carefully gone over the approximate cost of an auto truck equipped with pump and the cost of other apparatus necessary to bring the fire fighting equipment up to standard in a city the population of Glendale and they have decided that the bond election should be called for \$15,000.

This is a matter in which the people of Glendale in both the business and residence sections are vitally interested and it is up to them to inquire as to the necessity of better fire equipment and if they determine that it is good business to have the fire equipment increased then it is their place to favor the bond election. This is a question like many others. So long as there are no fires there is no need of fire auto trucks and fire-extinguishing apparatus, but should the business section of Glendale be visited by a big fire the present fire-fighting equipment is inadequate and there is a chance of an entire business block being swept out which might mean a loss of \$75,000 or \$100,000. The city of Glendale has indeed been very fortunate in not being visited by destructive fires. The question of better fire protection is placed before you by the Board of Trustees and it is up to you to act upon the question in an intelligent manner. All citizens of Glendale are equally interested in the city's welfare. The interests of those who approve of the bond election are the same as those who oppose it and the interests of those who oppose it are the same as those who approve of it, so consider the question in all phases and decide what stand you wish to take.

## BORDER TRAINING BENEFICIAL.

Statisticians, always busy, have figured that 150,000 years is being added to the aggregate life of the people of the United States by the Mexican "situation." The claim is made that the campaign in Mexico and the mobilization of the national guard is adding from a few months to years to the life of every civilian soldier. The average added to the life of every soldier will be nearly a year. After four to six months of training like an athlete, working in the open air, sleeping in a tent and eating simple food a hundred thousand guardsmen are going back to civil life with a new lease on life. Major James E. Edwards of the medical corps of the Pennsylvania militia has been making a close study of the general effects of the intensive training upon these men drawn from the office, factory and farm. In civil life Major Edwards is director of Public Health for the city of Pittsburgh. "Nearly every man on the border will be benefited immeasurably by the training he is undergoing," he said. In most cases the instruction in personal hygiene and right living will influence the militiamen for years, it is claimed. Undoubtedly several months of daily exercise, military discipline, living in the open air and partaking of a simple and course diet is beneficial. Major Edwards says that the most important is the effect of the army diet. "Most civilians eat too much and intemperance in eating is more dangerous than any other form of intemperance." Some of the militiamen are said to deride the idea that their service on the border was a vacation and would add a year to their lives. One of them said, "Well, I'll give three years off the other end of my life to go home right now."

## INLAND NAVIES

"The Swiss Navy" has long been a joke but it is not impossible that inland navies will soon figure largely in the war news. Constant pressure on the German front by the Anglo-French according to British war experts must mean a withdrawal of the German line lying across Northern France and Flanders. This would throw the Allies' line near and across various canals and rivers and bring a new branch of warfare into play. This condition would demand river and canal cruisers mounting fairly heavy guns and manned by experienced men. In fact, Gen. Foch's canal navy has already been in action against heavy German guns mounted on Mt. St. Quentin, according to dispatches from a United Press correspondent on the French front. These cruisers operate silently and slowly on the canals skirting the crooked course of the river Somme. In the extreme north of France and south of Belgium rivers and canals are more spacious and afford real opportunities for maneuvering. These waterways also interlock so that separate units and fleets may extend their activity to many areas. It is very likely that inland fleets and their activities will figure very largely in the news dispatches from the front.

## BUSINESS OUT OF BALANCE.

The recent marked increase in price of foodstuffs and manufactured products has been the means of putting business out of balance to a noticeable degree. Many business concerns that are employing help are unable to get higher prices for the work they do and are thus not in a position to pay employees higher salaries notwithstanding these employees are required to pay higher prices for what they buy. For example, the man who operates a garage finds it difficult to charge more for repair work now than he did a year ago and thus is unable to pay higher wages to those whom he employs.

If the price of foodstuffs and manufactured products continue to remain thirty or forty per cent higher than they were a year ago, in course of time business conditions will adjust themselves. Concerns employing help will be compelled to charge more for material and work turned out, thus enabling them to pay better wages to employees.

A committee was appointed by the council to take the matter up with the chamber of commerce committee.

Secretary William G. McAdoo and wife made a two-hour stopover in Los Angeles on their way to San Francisco. He predicted a great future for Los Angeles, expressing the belief that an immigration station will be constructed at this port, and announced that plans have already been completed for a new custom house at the harbor.

## REST

Rest is not quitting  
 The busy career;  
 Rest is the fitting  
 Of self to one's sphere.

'Tis the brook's motion  
 Clear without strife,  
 Fleeting to ocean  
 After its life.

'Tis loving and serving  
 The highest and best,  
 'Tis onward, unswerving—  
 And that is true rest.

As a result of two years careful consideration given the question the Forest Service has decided to increase the rate charged for grazing livestock on the national forest ranges of California. According to Forester DuBois the present rates will be increased to about 66 per cent of the average charge made for similar range on privately owned lands. The change is to be made gradually in order to give stockmen time to adjust their business. Investigation revealed the fact that the average charges made for grazing stock on private lands is 3.6 cents a head for sheep per month and 11.7 cents per head for cattle per month.

## HAMMER AND ANVIL

"Hammer away, ye hostile hands;  
 Your hammers break, God's anvil stands."

Look forth and tell me what they do  
 On life's broad field. Oh, still they fight,

The false forever with the true,  
 The wrong forever with the right.  
 And still God's faithful ones, as men  
 Who hold a fortress strong and high,

Cry out in confidence again,  
 And find a comfort in the cry:  
 "Hammer away, he hostile hands,  
 Your hammers break, God's anvil stands."

Thou knowest that thy cause is just?  
 Then rest in that; thy cause is sure.

The word is true? Oh, then it must,  
 In spite of slanderous tongues, endure

As toward the crag the billow rides,  
 Then falls back, shattered, to its place;

As fans the breeze the mountain sides,  
 Nor fans the mountain from its base;

So, in all times and in all lands,  
 Men's hammers break, God's anvil stands.

—Samuel Valentine Cox.

"Please, kind lady," said the tramp, "I ain't had a bite to eat for two days."

"You are just the man I'm looking for," replied the lady of the house. "The children gathered a mess of mushrooms this morning and I want to make sure they are not toadstools. Just wait a moment and I'll bring you a dish of them."

"Every man should sit down at least once a year and figure up the sum total of his ignorance."

When a man says life is not worth living that is because he is living a life that is not worth while.

**WOMEN'S HOURS OF LABOR**

(By United Press.)  
PORTLAND, Ore., Nov. 23.—A 48-hour labor law for women will be placed before the Oregon state legislature when it meets the second Monday in January, by the Consumers league of Portland.

This act provides that women may not work for wages more than 48 hours a week. It does NOT, however, limit their labor to eight hours a day. The idea is that women may work more than eight hours five days a week so they may have a half-holiday on Saturdays.

The law is modeled generally after the California law. Father O'Hara, a prominent member of the Consumers league, says a bill similar to this will probably be submitted to all the state legislatures assembling this year.

Another bill to be presented to the Oregon legislature provides that owners of cold storage warehouses must make monthly reports to certain designated government officials, giving a detailed inventory of all goods in their plants. This law is intended to halt the practice of storing perishables, such as butter, during a low price period, and keeping them until the prices go up.

**THE FINAL STAR**

Men, holding mastery over steel and stone,  
Dreaming of gain alone,  
Raise giant towers in challenge to the sky,  
And set proud lights on high.  
Beauty they seek not; but her royal sway  
Returns like conquering day.

On cold, dark shafts, where shrouding vapor clings,  
Her iris veil she flings,  
Giving them tender outlines, many-hued,  
In the air's solitude.

Those mighty temples, set for sordid power,  
Wait on her changing hour,  
And wear, in pageants of the day and night,  
Her variant robes of light;

They worship, as at heaven's very bars,  
Her priestly, marching stars;  
And in her velvet darkness musing stand  
To guard her magic wand.

Time is her friend, and wills not to destroy  
Her morning gleam of joy.  
Ruin itself reads laughter in her eyes,  
And finds a fairer guise.

All crafts, all projects, but her vassals are,  
And she their final star.  
—Harper's Magazine.

In an address on Y. M. C. A. publicity at the conference of Y. M. C. A. officials of Southern California held at Pasadena recently, Marc N. Goodnow, publicity director of the Y. M. C. **CARD OF THANKS**

Our heartfelt gratitude goes out to our many friends who in so many ways expressed their love and sympathy for us during the illness and death of our dear little son, Louis. Mr. and Mrs. W. R. Middleworth.

Choice and service will determine the size of your life.

Life is short, but waste of time makes it shorter.

Give your friends and neighbors a chance. Do your trading at home.

**THE CLOUDS BLOW BY**

They'll all blow by, those clouds that seem  
To hide the splendor of your dream.  
They'll fade and fly before the light  
That follows as the day the night.  
'Twill not be dark for long, for long,  
While love decks life with light and song.

They'll soon blow by, soon disappear,  
And when they float the skies will clear,  
The sun shine out, the day be sweet,  
And forth we'll go with dancing feet,  
To find life's yoke of good and ill  
Is measured fair to all men still.

The gloom will lift that haunts your heart,  
We have our dreams; the dreams depart,  
Our ups and downs, our griefs and cares,  
But he hives best who plucks and shares  
From life's blest service hope to make  
The world seem blest for dear love's sake.

You're feeling blue; you must not mind,  
The world, with all it does that's blind,  
Still treats us well; we should not lose  
Our faith and trust or get the blues.  
The tempest roars a little while,  
And then the sunbeams sweetly smile.

They'll all blow by, those clouds that gray  
The ambient beauty of your day,  
The shadows fall, but not for long;  
Behind them lurks the sunlit song,  
The bloom, the cheer, the love God gives  
Through which the whole creation lives.  
—Polger McKinsey, in the Baltimore Sun.

A number of La Crescenta families attended the races at Santa Monica Saturday.

A beautiful and simple wedding took place at the Scheuner home last Saturday evening, November 18, at 3:30 o'clock, when Miss Meta Scheuner became the bride of Paul M. Krauter.

The ceremony was performed on the front lawn and numerous Japanese lanterns hanging in the live oak trees lent a delightful color to the scene. Miss Bertha Zehms acted as the bridesmaid and Herbert Scheuner as best man. Justice of the Peace Miller of Glendale officiated.

The hidden guests were: Mr. and Mrs. F. Grebel and son of Pasadena; Miss Bertha Zehms of Pasadena; Mr. and Mrs. Max Krauter, Mrs. G. Wessman and Mrs. Fred Cleveland of Los Angeles, all of whom are relatives of the bride and groom. After the wedding supper was served, a large number of friends and neighbors came to offer their congratulations. Many beautiful gifts were received. Mr. and Mrs. P. Krauter will make their home in Los Angeles.

La Crescenta is proud of the fact that one of our local boys is achieving fame at the Glendale high school. Herbert Scheuner, as one of the four representatives of the junior class, is one of the champion debaters in the high school, as a result of that class defeating the sophomores. The fact that country boys have ability is attested by the fact that one of the other champions is a La Canada boy, Harlan Durand. The question debated was: "Resolved, that the United States should restrict immigration."

The next club dance of the La Crescenta Dancing club will be held Saturday evening, December 2. The officers of the club wish to announce that membership tickets must be presented at the door. Not every pasture contains deposits of gold and silver, neither oil nor granite, nor even coal. But beneath the surface of every man there must be, in the nature of things, a latent capacity greater than has yet been discovered. And one discovery must lead to another until the man finds the deep wealth of his own possibilities. History is full of the acts of men who discovered somewhat of their own capacity; but history has yet to record the man who fully discovered all that he might have been.

TUJUNGA

P. J. Blake, president of the board of trade, received notice from the highway commission to meet with them last Wednesday morning at Sunland for a conference as to whether a change in the route is advisable.

Alex Meyer of Los Angeles was the guest over Sunday of his sister, Miss Meyer, of Pine street and other friends in Tujunga. Alex has been appointed to a position in the First National bank of Los Angeles.

Mr. and Mrs. A. H. Hubbard of Stephen's way left very unexpectedly last Wednesday morning for a trip to their old home in Mitchell, S. D. They received word of the serious illness of their daughter and felt that their place was with her.

Lyman Maxwell was a visitor here from Los Angeles last Saturday.

At a stockholders' meeting on Wednesday evening of last week it was decided to sell the Little Landers' store (Inc.) The sale includes the contents of the store, groceries, meat market and fixtures. The building and two lots will be leased for a term of not less than three years. D. H. Johnson of Glendale is the purchaser. Tuesday the store was closed from 8:30 o'clock a. m. till 4 p. m., in order that the management might have a chance to invoice. Thus ends the last chapter of the co-operative scheme of the Littleland colony, which had its inception, so far as this particular community is concerned, less than four years ago, when the office of the Little Landers was opened at 920 South Figueroa street, Los Angeles, for the sale of lots in the Los Terrenitos tract, now known as the village of Tujunga. Many of the first comers have moved away, some have died, others are still living here and many new people have come in. But so far as the Little Landers co-operative colony is concerned the last link in the chain has been broken. To some the experience has been an expensive one, and while the project has been a failure in respect to the co-operative scheme, yet those who have held on to their property feel that there is a bright future for the town and the whole valley. Should there be any further plans of co-operation it would be upon an altogether different basis. The people are beginning to know each other and know what to expect of each other; then all were strangers and when plans and promises failed to materialize, those who had bought property were not organized and none knew what to expect nor whom to trust. The kind of co-operation we need now is that of friend and neighbor; and the different communities in the valley, in plans and projects that will be for the benefit and welfare of all concerned without any exploitation.

The manager, J. T. Ward, and his able assistant, Charles Thayer, aided by an efficient board of directors, have done exceedingly well.

They have succeeded in placing the store upon a paying basis and have given general satisfaction, and the new owner and manager may feel sure that the business is a good one and will continue to be a success so long as the interests of the community are served.

J. T. Ward was in Los Angeles Monday on business connected with the winding up of the affairs of the store.

Mr. and Mrs. Lloyd of Hollywood, who own property on Cedar street, came to Tujunga last Saturday. They were accompanied by the two little grandchildren of Mr. and Mrs. E. Chapp of San Ysidro road, who came to visit their grandparents for the day.

Mrs. Mendenhall of the Zachau ranch has entirely recovered from a serious attack of tonsillitis.

Mrs. Leo Lang was hostess to the Friday Morning Round Table at her home on Haines Canyon road and Monte Vista boulevard Friday of last week. The day was a perfect one and the session was held on the front veranda of their very pleasant home. The meeting was both interesting and profitable.

Mr. Kanst of the Kanst Art Galleries of Los Angeles and his bride, Mrs. Dora James Clark, of the Women's Symphony orchestra, also of Los Angeles. Wayne Clark and Dorothy Kanst were the guests last Sunday of Mr. and Mrs. J. H. Lamson of Greeley avenue. This was the first visit of Mr. Kanst here, and he was very much impressed with the beauty of the valley.

D. H. Johnson, the new owner of the store, has rented the Mehards property on Stephen's way for the winter. The Mehards go to Los Angeles to live for several months. Mr. and Mrs. Ludeke will make their home with Mr. Johnson. Mrs. Ludeke is Mr. Johnson's daughter. They come from Glendale to this place, but their home, until recently, was at San Diego.

Annual Meeting Board of Trade

Monday evening occurred the annual meeting of the board of trade. The meeting was called to order by the president P. J. Blake. The secretary-treasurer, Fred M. Ashby, read the minutes of the previous meeting and gave the report of the yearly expenditures and the balance on hand in the treasury, which amounts to \$19.95. There are 68 members in good standing. Mr. Blake gave a summary of the work of the organization for the year. He said in part that the board of trade, through its committees, had been instrumental in securing the repair on Honolulu avenue and had helped to secure from the highway people the sum of \$1800 for repair on roads here; had also helped to establish an efficient rural mail route. In speaking of the costs and expenditures for conservation of water, Mr. Blake said if we are taxed, and we are, to conserve the water then we should have cheap water.

Mr. Barkley, chairman of the railroad committee, reported that Mr. Beatty has been looking over the territory as to the right of way and bonus. Mr. Bohan has signified his intention to appear on the ground and aiding in the work. There seems to be a prospect of the road being in running order by the first of June. Mr. Buck called attention to the fact that the name of our town does not appear on the automobile routes. Measures should be taken to remedy this defect. Mr. Blake received letters from a number of non-residents making query about the proposed new railroad. Thanks of the board of trade was extended to the committee who acted as aides to get the people to the polls at the recent election, for their efficient service in this respect. Messrs. Darlington, Blake, Barkley, Buck and Dean were active in this respect. The meeting proceeded to the nomination of names for a new board of directors. The following members were elected: P. J. Blake, G. J. Fischer, Fred M. Ashby, J. B. Green, Ensign Woodruff, J. T. Ward, E. Darlington, S. Haverstick, G. C. Buck, C. C. Buck. Immediately after the adjournment of the meeting, the directors met in session to elect their officers for the ensuing year, with the following result: P. J. Blake re-elected president; G. J. Fischer, vice-president, and Fred M. Ashby re-elected secretary-treasurer. The election of all officers was unanimous.

Town Meeting

The moderator, Fred M. Ashby, announced several interesting matters for the calendar of the week. Among them the entertainment to be given by the Orpheum club on Friday evening, for the benefit of the hall. An address on "Universal Peace," by a man whose name was

not given, was announced to be given sometime soon.

There was some discussion concerning the clearing of the stones from the streets by the school house. The clerk of the school board announced there was no money in the school funds available for such work. The work, if performed, will have to be done by voluntary effort. There was also discussion pro and con as to the advisability of doing away with the electoral college and electing the president by popular vote. The majority of the audience seemed to favor the popular vote. The recent automobile races held at Santa Monica came in for a share of the evening's discussion. It was remarked that the races are after the order of bull fights, prize fights and other forms of gambling and dissipation. There was also interesting talks on the high cost of living.

THE HABIT OF INTERRUPTING.

Can we not learn a little more self-restraint when others are talking, so that we may cure what is really a national habit: that of interrupting? Watch any group and see how rare is a good listener; how rare is that supreme of all courtesies: to let another talk without interrupting. Most of us are utterly unconscious of the manner in which we refuse to allow another to talk and to finish what is being said without interruption. And yet there is not a more beautiful form of courtesy: that which permits another to speak and to finish before we begin. And by the same token is there nothing more inconsiderate, more distinctly rude, than to break into another's talk and take from another the opportunity which is his or hers. Next to what we wear, we show our inmost selves more truly by our behavior in conversation than in any other contract in life. It is the man or woman of fine instinct, of a regard for the nicety of an occasion, who permits another to finish what he has started to say, who exercises that self-control that stamps the person of gentle birth and does not interrupt.—Ladies Home Journal.

The Florida grapefruit crop is estimated at 1,900,000 boxes, against 2,000,000 last year.

"The old, old story!" exclaimed the husband, with a long drawn sigh, as he laid down his paper. "Another man committed suicide because his home was unhappy."

"And did that make his home any happier," asked the wife, "or doesn't the paper say?"

RISE TO UNIVERSALS
Rise to principles—to universals. Do not scorn truth because men have obscured it. Strive rather to free it from the errors which envelop it, and the prejudices which corrupt it. Do not dash to pieces what has always been the instrument of great deeds because some fanatic has misconceived its omnipotent action. We are on the threshold of a great age. The age of the peoples. Learn to understand the vast, sublime, religious meaning of these words. Rise to the height of your mission as men and citizens. The co-operation of all can alone achieve the work of all. Seek such co-operation in all possible ways with that sincerity... that wills the good. There must be no revenge, no premeditated hostility, no blind invectives against a whole order of persons. All general invectives are unjust. Grieve for those who stray from the right path, but do not persecute them. Do not embitter your resentment with useless recrimination. The past is nothing. Open your minds to our words: we begin a new work... Let the spirit of love proceed, not only from your lips, but from your hearts. Trust in God, in the goodness of your cause, and in the power of truth. Be faithful, and you will conquer.—From "The Patriots and the Clergy" by Mazzini.

Too Delicate—A man traveling in Maine met a middle-aged farmer, who said his father, ninety years old, was still on the farm where he was born.
"Ninety years old, eh?"
"Yes, pop is close to ninety."
"Is his health good?"
"Tain't much now. He's been complainin' for a few months back."
"What's the matter with him?"
"I dunno; sometimes I think farmin' don't agree with him."—Western Christian Advocate.

Selfishness is poverty. It is the most utter destitution of the human being. It can bring nothing to his relief; it adds soreness to his sorrows; it sharpens his pains; it aggravates all the losses he is liable to endure and when goaded to extremes often turns destroyer and strikes its last blows on himself.

PRECINCT MAP OF GLENDALE

The accompanying map was published in the Evening News almost daily several weeks prior to the election, and notwithstanding this on election day many voters called the Evening News office by phone, asking the location of certain voting precincts.

Today we give space to the map for the purpose of allowing those who wish to become familiar with the location of their voting precinct to do so.
