IMPORTANT.—Do you appreciate the importance of the location of St. Joseph, Mo., as a shipping point? Not only on account of its central location but more especially because of its being a Missouri river terminal making a great saving in tariff rates over all inland towns far and near, in whatever direction and whether with or without competing lines.

SHIPMENTS FROM ST. LOUIS
At One Day's Notice.

→SURPLUS STOCK←

—FROM—

The Huntsville Wholesale Nurseries,
HUNTSVILLE, ALABAMA.

We have for the past sixteen years offered in assorted lots, at St. Louis, in Spring, such stock as we had in surplus. The plan has been satisfactory to our customers and ourselves. Herein is a schedule of what we now have in St. Louis for immediate shipment. The stock is exclusively our own growing at Huntsville, Alabama, fresh dug this Spring, and packed in the best manner, in moss, and warranted in fine condition. Everything is fine of the grade, with full fibrous roots, and not culled, as we adhere to a strict system of grading.

Below the Blizzard Line.

Our Nurseries are far enough south to escape the severe freezing weather. Everything is bright, green and fresh—sound to the tips. Nearly all the sorts offered are standard sorts, such as most nurserymen can use in assortment with their own growing. Orders should be sent in as early as possible; but the stock need not be shipped until wanted, as we are prepared to hold it here in good condition. We have nothing for sale not offered on this list.

It will be noticed by some of our correspondents that we have refused orders the past season for several articles listed. Our fear of overselling, and some countermands, account for this. We ask attention to the small-sized trees offered, for transplanting into nursery rows. All of the small trees, as well as the large ones, are very nicely rooted, and everything is young, smooth and bright.

We can refer to nurserymen who have bought of us in nearly every State and Territory. We have given satisfaction, and guarantee it for these shipments.

Terms—Cash with order, or 30 to 60 days from date of shipment to responsible prompt-paying parties. Address W. F. HEIKES, Manager, 2018 Chouteau Ave., St. Louis, Mo., until May 1st.

For convenience in telegraphing for assorted lots, a cipher is given. The cipher word stands only for one box in cases where there are more than one in the same assortment.

Address **W. F. HEIKES, Manager,**

THE HUNTSVILLE WHOLESALE NURSERIES PRICE LIST.

ASSORTED LOTS.

We offer the following assortments, in box lots, at very low prices, to insure quick sales, as we do not open or repack anything in St. Louis. The stock is of the same quality as that sent out by us heretofore. Each box contains an assortment as shown. In ordering one or more boxes, should the particular lots desired be sold, state what substitution will be allowed. The prices quoted include the cost of boxes and the freight from Huntsville to St. Louis—the transfer charges at this point are to be paid by the purchaser. When the post office address and railroad station differ, always give explicit marks for the boxes when ordering.

PERFECT DORMANT CONDITION.

This spring has been very favorable for digging and shipping, and everything is in fine dormant condition. The cold storage plants here have been greatly extended and improved, and the new system of refrigeration enables us to hold our trees in a low temperature. This will insure a perfect dormant condition until the close of the season. We have brought to St. Louis this spring fifty two car loads, including packed orders and surplus stock.

STANDARD PEARS, TWO YEARS.

KEIFFER PEARS, TWO YEARS, Root Grafts—Own Roots

These are very handsome trees, with good roots, but not as well distributed as budded trees. We have sold large numbers of these trees the past Fall and this Spring, and they have given good satisfaction

SMALL TREES FOR TRANSPLANTING.

We ask particular attention to our quotations on small trees, which we recommend for transplanting into nursery rows. They should make saleable trees in the Fall of 1896 and Spring of 1897. We will sell for this purpose any of the trees offered in this list of the following sizes: Standard Pears, ½ to 9-16, and 3 to 4 ft.; Dwarf Pears, 1 year, 3 to 4 ft., and under; Plums, Cherries and Peaches, 1 to 2 ft., 2 to 3 ft. and 3 to 4 ft.—and take note bearing the maximum legal rate of interest from date of shipment, payable May 1st, 1896, from parties in good commercial standing.

Boxes for transplanting may be ordered at any time, but not to be shipped before April 15th.

TREES FOR FALL OF 1896.

We are always ready to make prices. We have over 800 acres covered with nursery stock, one and two years old, and nothing older. Large stocks of Standard Pear, one and two years old; Plums and Cherries, one and two years old; Peaches, Apricots, Quinces, Roses, Mulberries and Figs, one year old.
